49th Year No. 31

RIVERTON-PALMYRA, N. J., THURSDAY, AUGUST 5, 1937

PRICE FIVE CENTS

552 DEATHS IN MOTOR ACCIDENTS

Figure for First Six Months Of 1937 Shows Increase Of 126 Over 1936

Traffic fatalities in New Jersey at the end of the first half of this year totaled 552, an increase of 126 over the corresponding period of last year, Motor Vehicle Commissioner Arthur W. Magee announced late last week.

201 or 38 per cent of the casualties occurred on state highways, a six per cent increase over last year when the percentage at the first half was 32 per cent of the total. Fatalities on the four major state highways this year show 24 on the Brunswick Pike as against 22 last year; White Horse Pike 12 as against 9; Black Horse Pike, 7 as against 9, and Route 29, 12 as against 14.

Fatalities by Counties

The following table shows the fatalities by counties at the end of the first half as compared with last year; Burlington showing a decrease of two. (+ indicates increase and - indicates decrease.)

	1937	1936	Change
Atlantic	27	19	8+
Bergen	43	32	11+
Burlington	14	16	2-
Camden	46	28	18+
Cape May	4	8	4-
Cumberland	8	8

LOCAL SPAN RECORD AGAIN BROKEN ON SUNDAY, AUGUST 1

For the second time this summer, motor traffic over the Tacony-Palmyra bridge broke all previous records for a 24-hour period, as 22,920 cars crossed the span on that day.

The previous high was established on Sunday, July 17, when a total of 22,869 cars crossed the river at this point. This broke the earlier all-time record of 21,384 cars, which was made during the summer of 1936.

The record traffic on S-41 and River Road during the evening was handled by C. Morris Beck, chief of the Palmyra Police, assisted by two members of his force.

The unbroken record of no accidents was continued, reflecting additional credit upon the work of the local officers.

BETTER THAN DEGRADATION

If the Supreme Court should be degraded it were better abolished. The new Supreme Court Building could perhaps be sold to a moving picture syndicate in Washington.—Charleston News and Courier.

NOTICE

See Page 12 of this issue for Important Announcement

SMITHVILLE DAM BEING REPAIRED

Of interest to a number of local residents is the fact that the dam at Smithville, across the Rancocas, is being repaired and that the work is expected to be completed in time to restore a full head water by Labor Day.

The finances for the undertaking have been contributed by cottagers along the stream who have been solicited by members of the Ewansville Park Association.

Since the dam went out early in the summer, conditions above the structure have been very bad due to low water and the stagnant pools which have afforded breeding places for hordes of mosquitos.

DRIVING CLINIC SHOWS DEFECTS

Being Conducted at Trenton Under Supervision of Arthur W. Magee

A driving clinic that shows up the defects in drivers, particularly those inclined to blame the other fellow in accidents and close calls, is being conducted in the State House, Trenton, under the auspices of Harvard University, in cooperation with Motor Vehicle Commissioner Arthur W. Magee. The clinic will remain at the Capital for about a month and the public is invited to look it over and take the tests.

In a general way the tests show how quickly the driver reacts when trouble looms ahead, how good his eyesight and hearing are and how well he estimates time and distance in passing other cars. These tests have already been taken by Harvard in California, New York, Maine, New Hampshire and Rhode Island, and when the research is completed, data will be passed on to the state motor vehicle departments.

Violators Take Tests

Since the clinic opened a week ago, all the habitual violators, who have been given hearings by Deputy Motor Vehicle Commissioner William J. Dearden, have been put through the clinic. There was no compulsion connected with the examination, but to date, not one of these habituals, even those whose licenses have been revoked, has refused to take the tests.

The equipment at the clinic is not being used yet in determining the fitness of an applicant for a driver's license, but experts in the field of traffic feel that it, or similar equipment eventually will be used.

The clinic and its devices were prepared by Professor Harry R. De Silva who is in charge of the research work in the States. He is being assisted in its operation here by Raymond Channel.

Learns Much

Already in his research in this and other States, Professor DeSilva has found out many interesting things about drivers. Little sons and daughters of the rich are the most careless, for to them a smash-up means sending only the car to a garage for repair. This is also true of boys who never owned cars and who drive delivery wagons and other light commercial vehicles, drifting from one job to another. Boys of the middle economic class have the fewest accidents.

Commissioner Magee is anxious to have as many drivers as possible submit to the tests during the operation of the clinic in New Jersey. He invites the general public. There is no charge and the clinic is in the basement of the State House.

ENGAGEMENT

Announcement has been made of the engagement of Miss Verna D. Winpenny, daughter of Mr. and Mrs. W. Winpenny, of Oak Lane, Pa., to Eugene Atkinson, son of Mr. and Mrs. Bert Atkinson, of 419 Leconey avenue, Palmyra.

The wedding will take place this fall.

BLAZE DAMAGES PALMYRA HOME

Loss is Estimated at Several Hundred Dollars; Firemen Work Efficiently

Fire, last Wednesday afternoon, caused damage amounting to several hundred dollars to one side of a double house located at 323 Cinnaminson avenue, Palmyra.

The blaze was discovered by the daughter of Mr. and Mrs. M. J. Griffin, occupants of the dwelling. She notified her mother who was at the house next door. When Mrs. Griffin arrived on the scene the blaze, which had originated in the rear kitchen, had spread so rapidly that the Palmyra fire department was summoned at once.

Water Line laid

When the firemen arrived after a quick run, the entire kitchen was ablaze with flames shooting out the rear door. A 2½ inch hose was laid, from which two 1½ inch lines were directed on the fire. Efficient work on the part of the firemen soon had the flames under control, but a squad of men remained at the scene until after six o'clock to extinguish the last burning embers.

Cause Unknown

Mrs. Griffin was unable to state what caused the fire as everything was all right when she left the dwelling a few minutes before.

The residence is owned by the Twin City Building and Loan Association. Damage to the structure and to the furniture is covered by insurance.

THIRD NEW ERA AWARD CLAIMED

Miss Madeline Rice, of 627 Lippincott Avenue is Prize Winner

The third New Era award, in connection with the special advertising page now running in this paper, went to Miss Madeline Rice, of 627 Lippincott avenue, Riverton.

Miss Rice, whose picture appeared in last week's issue of The New Era, received a five dollar credit order at the store of John H. Etris, Palmyra.

See Page 9

Turn to page nine of this issue. The picture of another local resident appears there. If it's your, a five dollar award awaits you at The New Era office.

This special feature, which will continue for several additional weeks, is being sponsored by The New Era and the following local merchants:

Carlson's Pharmacy
L. L. Keating
John H. Etris
Clinton B. Woolston
Palmyra 5 and 10
Joseph T. Evans
Shulman's Department Store
Riverton Market House

By patronizing any of these stores and taking advantage of the special summer values advertised on page 9, you have an opportunity of having your picture snapped by the photographer. Watch this page every week.

"There's lots of favoritism in our house."

"Why, Tommy, what do you mean?"

"Well, I get punished if I bite my fingernails, and when baby puts his whole foot in his mouth they think it's cute."—Powergrams.

If you're a street cleaner, sweep around the lamp-posts; if a prime minister spend your week-ends reducing taxation. The longer I live, the more I am convinced a whole man's life depends on his attitude toward his job.—Herbert M. Casson.

SEWER PROJECT NEARLY FINISHED

The Riverton sewer extension which included sections of Thomas avenue, Front street, Morgan avenue and Second street, is nearing completion, the excavating having been finished on Tuesday of this week.

The Thomas avenue extension was laid last week and the work on Front street and Morgan avenue was done next. Only a small section on Second street remains to receive the finishing touches, and it is expected that the project will be completed by the end of the week.

ANOTHER RECORD MONTH AT HOME

Fifty-five Adults and Two Children Cinnaminson Guests in July

Miss Edith Coale, of Riverton, presided at a meeting of the Board of Managers, of the Cinnaminson Home, held last Monday morning. At this session it was revealed that, for the second successive month, the institution had operated at practically full capacity.

During July, 33 adults and two children became new guests at the home and the daily average number of guests was 24. As only 26 can be accommodated at one time, it will be readily seen that the home operated practically at full capacity during the entire month.

Service Committee

Those at the home during the month came from the states of New Jersey, Pennsylvania, New York and Maryland, with the greater number being from those first mentioned. One guest was from Riverton.

During July, the members of the service committee have been most active in taking the guests out for automobile rides daily. These trips have been arranged in such a way that all those at the home have had an opportunity to enjoy at least one such occasion.

The members of this committee have also been supplying fresh vegetables to the home daily.

Weight Correction

One of the important achievements of the home during the month has been the bringing up to normal weight of five guests who were considerably underweight at the time of their admission to the home.

This fact reflects the excellent care taken of guests while they are at the institution.

TEAMS BOOKED TO PLAY HERE

On Saturday afternoon the Riverton baseball team will play the Olympian Club, of West Philadelphia. This outfit has won decisions from Belfield and Germantown, both opponents of the locals earlier in the season.

Riverton took Belfield into camp by a 4-0 count and played a tie contest with Germantown, the score being deadlocked at 5 all.

Next Wednesday evening, Pennsauken will again cavort on the local pastures. This club trimmed Riverton by the score of 4-1 in a recent engagement.

The opponent booked for next Saturday, August 14, is none other than the fast Westmont aggregation which appeared here previously and handed Riverton a rather sound lacing.

The locals will go out to avenge this blot on their record, and a lively encounter can be anticipated.

TRAILERS

New traffic legislation for trailers impends. One law, already in force, is that the front porch of one's traveling home must not be nearer than four feet to a fireplug.—Columbus Dispatch.

IMPROVEMENTS AT PALMYRA SCHOOL

Changes Provide Much Needed Facilities at Low Cost; Seven New Rooms

A splendid example of how existing facilities can be altered to provide enlarged classroom space and several new rooms, is now in progress at the Palmyra High School and grade school buildings, located on Delaware avenue.

After a careful survey of the situation by members of the board of education and Paul R. Jones, supervising principal, plans were made to provide seven additional rooms, free two rooms for special use and make available greater office and conference room facilities. The alterations which are now in progress will cost approximately \$13,000, including repainting the auditorium and floors. This figure is compared with an estimated cost of \$90,000 needed to erect an addition to the building which would include the features made possible by the alteration.

Work Now in Progress

All this sounds rather incredible, but a member of The New Era staff was privileged to go through the building last week with Mr. Jones, who pointed out just how the improvements were made possible. At that time the work was in full swing and it is expected that everything will be in readiness for the opening of school on September 14.

Music Room

On the first floor of the high school building, a former classroom will be devoted entirely to musical activities. Storage space for band and orchestral equipment has been provided, and rehearsals can take place without interference with other activities. This special room has been made possible by the creation of additional classrooms in another section of the building.

An art room has been provided by the same means.

(continued on page 3)

PECULIAR ACCIDENT SENDS CAR OVER RAILROAD TRACKS

A peculiar accident occurred in Palmyra on Tuesday morning when a Chevrolet car attempted to cross the railroad without a driver.

It all came about when a local resident tried to crank the machine which was standing in a driveway on Broad street, with the rear heading toward the highway. The machine, unknown to the cranker, happened to be in reverse. The motor started and the car proceeded down the slight grade into Broad street and across this busy thoroughfare at a lively clip, with the owner in hot pursuit.

It struck a Plymouth parked on the opposite side of the street a glancing blow, crossed one track, but failed to negotiate the other and the engine then expired.

Meanwhile, a train about to pull out of the Riverton station was flagged in time to keep it from crashing into the runaway.

The Plymouth, which belonged to a Pennsylvania salesman, was damaged slightly.

Palmyra police investigated the affair.

IMPORTANT DAY AT N. J. STATION

Program Arranged for Vegetable Growers of State at New Brunswick

Progress made by the New Jersey Agricultural Experiment Station, Rutgers University, in the development of better vegetable varieties and in research on soil management will be displayed before farmers from all parts of the state at New Brunswick, Saturday, August 14th, during the annual Vegetable Growers' Day activities.

According to the program announced by Professor L. G. Schermerhorn, Experiment Station horticulturist, there will be a tour of the vegetable experimental plots in the morning, beginning at 11 o'clock, and another in the afternoon at 2:15. At these times, growers will have the opportunity of seeing 115 varieties and strains of tomatoes, 600 plants of the Rutgers variety of tomatoes on which records are being kept, asparagus plant selections from the breeding plots, experiments with lima beans, the effect of over-liming vegetable crops, varieties of spinach, rhubarb, carrots and beets and numerous other research undertakings.

Machinery on Display
Garden tractors, dusters, transplanters, fertilizers, distributors and other machinery will be on display, and members of the department of plant pathology, entomology, agricultural engineering, agricultural economics, soils and vegetable gardening will be present to answer questions and to discuss individual problems of the growers. Another feature of the day will be contests for the best carrots, celery and Rutgers tomatoes raised by vegetable farmers.

The day's program will begin at 10 a.m., D.S.T., and extend throughout the day. Visitors will assemble at the horticultural farm at the corner of State Highway Route No. 25 and Ryder's Lane.

INGRAM-MERVINE

Miss Lydia Elizabeth Mervine and George Williams Ingram were married in Epworth M. E. Church, Palmyra, the Rev. William A. Boyd officiating, on Saturday, July 31, at 4 o'clock.

Miss Mervine is the daughter of Mr. and Mrs. Charles K. Mervine, of Lecony avenue, and Mrs. Ingram is the son of Mr. and Mrs. C. Y. Ingram, of Rowland street, Palmyra. Miss Mervine, who was given in marriage by her father, wore a gown of white satin, with a rolled collar and sunburst effect waist and a net veil held in place with lilies of the valley and rosebuds. She carried a spray bouquet of lilies of the valley and rosebuds.

The maid of honor, Miss Meredith Ruth Runyan, of Union, was dressed in blue chiffon and carried a bouquet of tallman roses.

The bridesmaids were: Miss Ida Trout, of Palmyra, Miss Doris Hampton, of Riverton, Miss Evelyn Seibert, of Collingswood, and Miss Alberta Henderson, of Trenton. They were dressed in rainbow hues of chiffon and carried bouquets of roses to match.

J. Houston Ingram, brother of the groom, was best man.

The ushers were Jean P. Mervine, of Palmyra, J. Horace Finney, Jr., of Riverton, George Saylor, of Palmyra, and Allen Osmond, of Palmyra.

Mrs. Rachel P. Lord played the wedding march and Alfred Van Osten sang, accompanied by Fred Schroeffer, Jr., playing the violin. The church was tastefully decorated in palms and white gladioli.

Following a wedding trip to Lock Haven, Pa., Mr. and Mrs. Ingram will be at home at 139 North 36th street, Camden, after August 15th.

COVERED DISH LUNCHEON

The Cinnaminson P.T.A. will hold a covered dish luncheon on Wednesday, August 11 at 1 p.m., at the home of Mrs. Benjamin Lippincott, on Burlington Pike.

Bring a covered dish and 25c. P.T.A. members and friends are all welcome.

FEAR

The ever increasing use of the lie detector has raised the fear that a household unit will be perfected and put on the market.—New York Sun.

QUARTER-FINALS IN TOURNAMENT

Quarter-final matches will be played tonight in the Burlington County newspapermen's tennis tournament, in which scribes from eleven county newspapers are competing for the Powell cup, the award of Clifford R. Powell, state senator from Burlington county.

In the upper bracket, Dick Praul, of the Burlington Enterprise, will play James J. Tomes, of the Moorestown News, in a preliminary round and the winner will play Karl Latch, The New Era. Latch defeated Frank Chambers, Riverside Press, 6-1, 6-4. Jack McNulty, Riverside Tribune, will play Leslie Peak, Mt. Holly Mirror. Peak had drawn a bye and McNulty eliminated Glenn Chambers, Burlington Press, 7-5, 6-3, in an earlier round.

In the lower bracket Mike Bernie, Riverside Press, and Frank Gerkins, Maple Shade Progress, will finish their match in which Gerkins was leading 6-3, 3-all when darkness overtook them Monday night. The winner will play Godfrey Boehm, Riverside Press.

Lou Tomafsky, Riverside Tribune, will cross racquets with Ellsworth Coates, Burlington Enterprise, in another lower bracket quarter-final match. Coates drew a bye and Tomafsky won by default from Ben Cramer, Pemberton Times-Advertiser.

The semi-finals will be played on Saturday afternoon at the Rose Valley courts, Burlington, as a side attraction to the exhibition match between Paul Mueller, Riverside, winner of the Triple Towns championship and Beverly Kingston, Edgewater Park, who copped the Rose Valley Membership tourney title.

RADIO GARDEN CLUB PROGRAM

What a few harmless snakes can do to help solve garden problems will be described by Carl Kauffeld, curator of reptiles at the Staten Island Zoo, during the Radio Garden Club program to be broadcast Friday, August 6, at 3:15 p.m., over station WOR and other stations of the Mutual Broadcasting System.

The Radio Garden Club is a regular presentation of the Agricultural Extension Service, Rutgers University. Dr. Kauffeld's talk, "Friendly Snakes in Eden," will be heard through the cooperation of the Federated Garden Clubs of New York State, Inc.

Tuesday, August 10, at the same hour, the Radio Garden Club will present Mr. and Mrs. E. W. Griffiths, Allendale, who will tell how to transform a bog into a garden. Mr. and Mrs. Griffiths will be the guest speakers of the Federation of Garden Clubs of Bergen County, N. J., one of the organizations cooperating with the Extension Service in arranging these 15-minute programs for amateur gardeners.

August Schedule

The complete program schedule for August follows:
Tuesday, August 10—"A Bog Becomes a Garden," Mr. and Mrs. E. W. Griffiths, Allendale. Program of the Federation of Garden Clubs of Bergen County.

Friday, August 13—"Midsummer Gardening," Dr. Forman A. McLean, New York Botanical Garden. Program of the New York Botanical Garden.

Tuesday, August 17—"Revamping Your Perennial Border," Marian Baldwin, landscape gardener. Program of the Garden Club of New Jersey.

Friday, August 20—"Pity the Sun-tanned Lawn," John A. Fiesler, Peter Henderson and Company, New York City.

Tuesday, August 24—"The Conifers Are Coming!," Montague Free, Brooklyn Botanic Garden. Program of the Brooklyn Botanic Garden.

Friday, August 27—"The Rock Garden in Summer," Marcel LePinec, Bergenfield.

Tuesday, August 31—"The Garden Hegira," Prof. R. B. Farnham, N. J. Agricultural Experiment Station.

NOTICE

Mrs. Leona Hunt, who operates a beauty shop at Broad and Garfield avenue, wishes to announce that her shop will be closed from August 1 to September 7.

Of England's 42,000 doctors, 2,000 are women.

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College
of Agriculture

Growing Grape Hyacinths

Springtime seems in the distant future, nevertheless it's the proper time to plant Grape-hyacinths. Muscari botryoides, one of the first bulbous plants to push up through the ground and herald the coming of a new growing season.

Muscari is a large genus of plants; many of the species and varieties are being offered by European plant growers. Fanciers of spring-blooming bulb consider a collection of them one of the most interesting garden assets and not expensive to acquire.

Many of the species make full top growth and the sooner they are put into the ground now, the finer the blooms will be next spring. This is particularly true of the Grape-hyacinth known as Heavenly Blue and the newer variety armeniacum, which is similar to Heavenly Blue but has larger flowers and makes a more imposing showing.

Amethystinum Good Variety

Hyacinthus aureus, often listed as a Muscari, blooms in very early spring, as soon as the frost is out of the ground, and continues to bloom until June. Amethystinum, another good variety, produces pale blue flowers in June. Between the time the first blossoms appear on these two there are others which bloom in white and in all tones of blue and pink, as well as some which have two colors—purple flowers and yellow flowers, for instance, on the same stalk. Muscari comosum has sterile flowers of blue and also fertile blooms in greenish yellow.

Flowers of Muscari moschatum, the Musk-hyacinth, are a purple hue when they first open and become yellow as they fade. This plant, a native of Asia Minor, has the odor of musk. Plant some of these bulbs now for extra color in the garden next spring.

They will do well in almost any soil which is well drained and not too poor. But for good results, plant early.

PALMYRA

IMPROVEMENTS AT PALMYRA SCHOOL

(continued from page 1)

Biology

The quarters of the biology section have been enlarged to meet existing needs by tearing out the partition of a large classroom, which provided space not required.

In the basement, facilities have been secured for a new agricultural room, with necessary laboratory quarters, by a more efficient arrangement of the space occupied by the cafeteria.

New Rooms on Each Floor

In the section of the grade school building which faces on Delaware avenue, existing partitions are being torn out and replaced, so that the present three classrooms will become five on each floor, thus actually creating four new rooms. According to Mr. Jones, the new rooms will be of ample size to accommodate the number of pupils that will use them.

Library-Study Hall

On the third floor, the old library has been divided so that it is now a library and study hall. The present quarters of the library are ample for this purpose and the provision of the study hall will, according to Mr. Jones, release the auditorium, formerly employed as a study hall, for use by the grades. Such an arrangement has been impossible in the past.

On the third floor, former waste space and an unused stage have been converted into two offices and two conference rooms for teachers. One of the offices will be occupied by the school publications.

Commercial Room

The commercial room on the second floor has been greatly increased in size by removing partitions from cloakrooms and will, when alterations have been completed, form a dual classroom, with a removable partition between the two sections.

Fire Escape

An additional fire escape from the library and study hall will be provided by bringing an existing stairwell to the roof under a penthouse which is to be constructed. This additional exit can easily be reached from the center of the building by means of a stairway which, at present leads only to the roof.

New Color Scheme

The rooms will be painted in a new color scheme of egg-shell white and Nela Park light green. This color combination has been discovered to be least tiring on the eyes and offers the best reflective qualities, according to exhaustive tests conducted by the General Electric laboratories.

Among the numerous other improvements are the attractive linoleum-covered counters in the cafeteria and the board room which now occupies the space where the nurse's activities were centered. The old board room provides the necessary facilities for the school nurse.

All in all, the alterations, when completed, will provide the high school with facilities which have been badly needed at a minimum cost, without sacrificing anything in the way of efficiency.

The entire project is an example of careful planning by people who completely understood the problem and who have succeeded in accomplishing a lot by utilizing existing space to the best advantage.

The work is being done entirely by local labor.

CENTRAL BAPTIST CHURCH

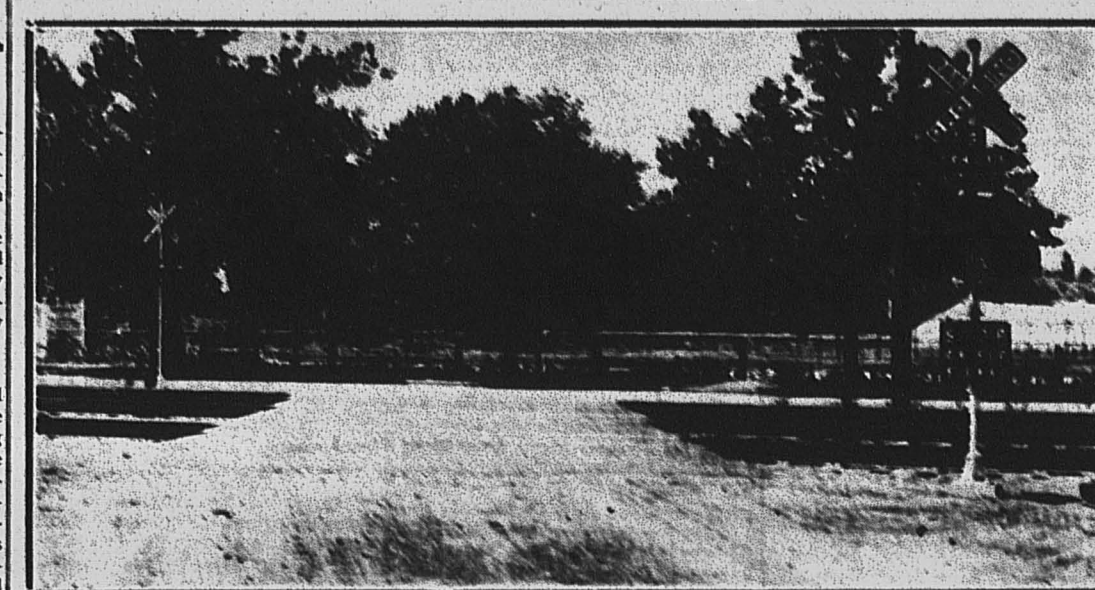

Rev. George Lockett, B.D., Pastor
Services, Sunday, August 8th
While vacations seem to be in full away, the Bible School is attracting seasonable attendances. Many visitors were welcomed last Sunday. To a stranger in our communities, Central Baptist extends a cordial invitation to attend all services at the Bible School which convenes at 10 o'clock, and the morning service following at 11:15.

Pastor Lockett will have as his subject at the morning service, "Unseen Power."

In the evening at 7 o'clock in the Grove, Rev. Lockett will address the combined Twilight Services. "The Religion for the Present Day" will be the subject.

The Central Baptist choir, under the baton of Claude Barto, will render selections at their offering to the musical part of the evening service. This service is open to the public

A BIG IMPROVEMENT

New Era Staff Photo

The new crossing at Cedar street, Riverton, with its flashing warning lights, widened roadway and improved pavement offers a greatly improved entrance to, or exit from Memorial Park. The lights were installed after considerable work on the part of Earl Shrader, member of the Riverton Borough Council, who was appointed a special committee of one to secure adequate protection at this hazardous location. The Pennsylvania Railroad has cooperated to the fullest extent in making this thoroughfare as safe as possible to motorists.

CHRISTIAN SCIENCE CHURCH

"Spirit" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August eighth.

The Golden Text is: "No man hath seen God at any time... Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit." (1 John 4:12,13)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Now there are diversities of gifts, but the same Spirit. For by one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit." (1 Corinthians 12:13)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This scientific sense of being, forsaking matter for Spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought and action, a more expansive love, a higher and more permanent peace. When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness." (pp. 265,264)

When the cork oak, an evergreen species that is cultivated chiefly in Portugal and Spain, is stripped of its bark not more than once every eight to ten years, the quality of the cork improves with each stripping and the tree may thrive for 150 years or more.

and a most cordial welcome awaits all, irrespective of their particular church affiliations.

What Other Editors Say

COURT PACKING AIM

Time and again it has been admitted and clearly shown that the real purpose back of the court bill has been to obtain certain interpretations of the Constitution which will fit in with the legislation demanded by the President. Once that kind of judicial functioning has been in operation there is no limit to the distance it may go.

The public now looks upon the compromise bill either as a face-saving device to protect the President or as the President's bill merely in another form, with the packing power intact. The administration will insist that the new measure is no face-saving proposition, merely. Obviously it regards the compromise as calculated to achieve the very end intended. Senators who have opposed the original bill as a matter of principle cannot support the compromise without compromising with principle.—Washington Star.

KILLING THE GOOSE

The suspension of the Fall River Line is a perfect answer to a labor policy which assumes that all employers are chiselers. Here was an old and famous steamship service which had fallen on evil days. A plan to abandon it at the end of summer had already been announced. Did it occur to its employees that with forbearance and cooperation they might nurse it over the crisis and keep it alive for the sake of the hundreds of jobs it supplied? Not at all. Thanks to the inspiration of the C.I.O. they either ignored the financial condition of the company or refused to give it credence. In any event they staged a sit-down strike on its two vessels with the result that their meal ticket, which seemed good at least until the close of the season, has been cut off in midsummer. The Commonwealth tied up at Fall River Sunday night, the Priscilla at Newport, and from each, according to report, there filed ashore about two hundred men, some of whom had served on Fall River Line boats for from twenty-five to thirty years. They were discharged. Their quest for the pot of gold at the end of the Lewis rainbow was over.—New York Herald-Tribune.

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, Pastor

During the vacation of the pastor, the Rev. Charles Bates, during the month of August, the pulpit will be occupied by a different minister each Sunday.

On Sunday, August 8, Robert W. Kirkpatrick, of Palmyra, a student at the Princeton Theological Seminary, will have charge of the services. The following Sunday, Alex. Christie, of Philadelphia, also a student at the Princeton Theological Seminary, will preach.

KENTUCKY RIFLE WAS MADE IN PENNSYLVANIA

The Kentucky rifle, which played such a vital part in the existence of American pioneer, did not originate in the South, but came from the early forges of eastern Pennsylvania. The American rifle, developed because the frontiersmen were dissatisfied with the cumbersome rifles made in Europe, was perfected in the gunshops of Lancaster and York counties, according to a Lancaster (Pa.) United Press Correspondent. Daniel Boone used the newly developed American rifle on many of his exploits in Kentucky. Thus it became known as the Kentucky rifle. He obtained the rifle, which bore the name of a Lancaster county gunsmith, through his family home in Berks county.

Why Accidents Occur

Four out of every five automobile accidents occur on dry roads in clear weather. Four out of every five automobile accidents involve cars driving straight ahead.

Here is the statistical proof of the disregard for every rule of courtesy and safety that characterizes the reckless or incompetent motorist. He constantly overestimates the "safety factors" of good roads and modern cars. A straight highway and a clear day act as bait to make him "open her up"—with the result that the undertaker gets about 37,000 new accounts each year.

A National Safety Council survey lists the seven most important causes of fatal accidents, in order, as follows: Exceeding speed limit or driving too fast for road and weather conditions; driving on the wrong side of the road; disregarding stop signs and signals; usurping right of way; cutting in; passing on hills and curves; failure to signal for stopping and turning.

These driving errors cause the great bulk of all serious accidents, and the first is by far the worst. Every one of them is a human error—and every accident they produce could be prevented if individual drivers would observe the most elementary rules of caution and proper driving.

In conclusion, here is one more fact you might think over next time you feel the urge to step on it: At 20 miles per hour, one accident in 61 is fatal, while at 50 or more miles per hour, one accident in every 11 produces a corpse.

111,000 Killed Annually

A generation has passed since the sinking of the Titanic, yet that great disaster is still well remembered. Fifteen hundred persons died.

The Johnstown flood will never be forgotten—the world was aghast when the death total of 2209 was tabulated.

The World War was the most sanguinary conflict in history. In it, 50,000 Americans lost their lives, and they are still mourned.

The recent Texas school explosion, which killed 294 children, brought universal sympathy and horror.

Yet last year 111,000 Americans met accidental death—more than twice as many as were killed in the great war—and it caused hardly a ripple in the flow of news. We read of some of those accidents in our paper—"John Jones, aged 45, died in emergency hospital after being struck by an automobile"—turned the page, and forgot them. This astounding callousness—this attitude of "Accidents always happen to the other fellow, not to me or mine"—is death's greatest ally.

Among men, heart disease is the only thing which kills more men than accidents. Such plagues as cancer, tuberculosis, pneumonia—plagues which are being fought by all the resources of science—are down the list. Recklessly driven automobiles, burns, falls, drownings, and so on—these are the great killers.

Practically every accident is preventable—and this is especially true of the motor car, greatest of all the great killers. Care, competence, courtesy—these make up the accident prevention triumvirate. It's up to you—to all of us.

"No great figure rose out of the depression," according to one of our well known art critics. Wonder if he ever heard of the Forgotten Man?

Lost, yesterday, somewhere between sunrise and sunset, two golden hours, each set with sixty diamond minutes. No reward is offered, for they are gone forever.—Mann.

Life is too short for us to waste its moments in deploring bad luck. We must go after success, since it will not come to us, and we have no time to spare.—Dewey.

Look not mournfully into the past; it comes not back again. Wisely improve the present, it is thine. Go forth to meet the shadowy future without fear, and with a manly heart.—Longfellow.

YWCA NOTES

Water Sports

Camp Shining Arrow, the day camp of the Burlington County YWCA, brought to a close its 1937 season with a program of water sports, craft exhibit and a charming nature play written by Mrs. Robert Sim, of Riverton, and directed by Sam Evans, of Riverton.

Parents and friends had been invited for the day and several groups came in time to enjoy a picnic lunch.

The program began at 1:30 with a swimming exhibition under the direction of the swimming staff: Miss Dorothy Wolcott, Blanche Kuensell, Margaret Mount, Mary Lee, Riverton, and Dorothea Reeder, Columbus. The craft exhibit under the auspices of the craft staff: Miss Sutton, Bordentown; Miss Mary Giannetto, Beverly; Mrs. Margaret Peters, Lumberton; Miss Louise Burley, Burlington, and Miss Helen Furgess, Roeboling, was much admired.

Successful Play

The newly selected camp theatre was the scene of much enthusiasm as the fifty-five members of the cast presented their interpretation of Woodland Ways, the climax of a most successful season with Nature Study and Dramatics. Included in the cast were: Mrs. Florence Stream, Betty Lippincott, Mt. Holly; Little Sands of the Bank, Mary Albertson, Burlington; Mrs. River Birch, Alice Bruce, New Lisbon; Mrs. Black Willow, Jane Black, Hainesport; Mrs. Syconora, Mary Alice Thompson, Mt. Holly; Mr. Gray Squirrel, Polly Roberts, Marlton; Mrs. Hornbeam, Elizabeth Bingham, Hainesport; Mr. Barred Owl, Nellie Sasa, Mr. Crow, Delores Wilkinson, Burlington; Mr. and Mrs. Raccoon, Catherine Phillips, Florence and Ruth Greenwood, Moorestown; Mrs. Green Heron, Alice Johnson, New Lisbon; Mrs. Molly Cottontail, Irene Rodman, Moorestown; Mrs. Mollymore Cottontail, Marian Dahnen, Burlington; their ten young cotton-tails were: Anne Cooper, Riverton; Mary Jane Abdill, Palmyra; Alice Bishop, Burlington; Ruth Kimble, Delanco; Gladys Johnson, Medford; Carol Roberts, Marlton; Patsy Phillips, Florence; Ruth Love, Moorestown; Evelyn Woodard, Riverton; Mr. and Mrs. Wood Duck, Marian Lippincott, Mt. Holly, and Elaine Zerbe, Riverton; Butterfly, Ruby Kuensell, Riverton; Mr. and Mrs. Deer Mouse, Madeline Hendricks and Margaret Seawell, Pemberton; Mr. Bull Frog, Alice Roberts, Moorestown; Mrs. Bull Frog, Betsy Cashion, Riverton; Mr. and Mrs. Cricket Frog, Anita Estman, Bordentown, Bernadine Gustin, Bordentown; Mr. and Mrs. Hyla Peepers, Mary Anne Lippincott, Marlton; Virginia Abdill, Palmyra; Mr. and Mrs. Wood Frog, Patsy Magee, Bordentown, Ruth Hubbs, Marlton. Mr. and Mrs. Leopard Frog, Jean Gowell, Riverton, Catherine Hart, Moorestown; Mrs. Gray Squirrel, Kathryn Gideon, Moorestown; Mr. Shunk, Evelyn Little, Marlton; Mr. Goldfinch, Eleanor Sauerwine, Riverton; Mr. Woodpecker, Althea Angell, Palmyra; Mr. Kingfisher, Lillian Seawell, Pemberton; Mr. Chickadee, Ruth Donacker, Mt. Holly; Mr. and Mrs. Box Turtle, Virginia Woodward and Ruth Coe, Riverton; Mr. and Mrs. Painted Turtle, Susan Thompson, Mt. Holly, and Irene Southwick, Moorestown; Mrs. Spotted Turtle, Elizabeth Sleeper, Mt. Holly, and Margaret Myers, Riverton; Girl Camper, Jean Hardy, Palmyra.

The play and the camp season came to an end as all campers joined in singing "Dear Mother Earth."

At Atlantic City

The following counsellors were the guests of the Burlington County YWCA Board of Directors at the Steel Pier, Atlantic City: Peggy Palmer, Mary Lee, of Moorestown; Mrs. Margaret Peters, Lumberton; Dot Rouser, Medford; Margaret Mount, Blanche Kuensell, Dot Wolcott, Mrs. Robert Sim, Nan Evans, Riverton; Helen Hensler, Palmyra; Dot Reeder, Columbus; Betty Sutton, Bordentown; Helen Furgess, and Betty McGrath, Roeboling; Phyllis Shinn, Rancocas; Doris Brower, Bordentown; Mary Ginetto, Beverly; Mildred McIlwaine, Edgewater Park; Miss Katherine Lucchial, Camp Director, and Mrs. Constance Rogers, Business Manager.

The CAT

The young wife was in tears when she opened the door for her husband. "I've been insulted," she sobbed. "Your mother insulted me." "My mother," he exclaimed. "But she is a hundred miles away." "I know, but a letter came for you this morning and I opened it." He looked stern. "I see, but where does the insult come in?" "In the postscript," she answered. "It said: 'Dear Alice, don't forget to give this letter to George.'—B. C. Electric Employees Magazine.

BAND CONCERT IN GROVE ON FRIDAY

Tomorrow (Friday) night, the first of series of band concerts will be given in the Grove, Palmyra, with the program beginning at 7:30 o'clock.

These musical events have been arranged by T. Curtis Flynn, member of Palmyra Borough Council with the cooperation of the WPA. The band is composed of very capable musicians and considerable care has been taken in the selection of the numbers which will be rendered.

There is no charge for the concerts and a cordial invitation is extended to all local residents to attend the affairs and hear really good band music.

Program

The following program will be given under the direction of Gustav Hagedorn, conductor:
1. March, The Purple Carneval, Alford
2. Overture, I'l Guarany, Gomez.
3. Waltz, Stories from the Vienna Woods, Strauss.
4. Piccolo Solo, Through the Air, Cor-L. Abramson.
5. Selection from Babes in Toyland, Herbert.
Intermission.
6. Three Dances from Henry the VIII, German.
7. The Forge in the Forest, Michaelis.
8. Chinese Wedding Procession, Hoamer.
9. Slavonic Rhapsody, Friedman.

K. OF C. PLANNING ANNUAL CARNIVAL

The Rev. John F. Welsh, new rector of the Sacred Heart Church, Riverton, presided at an enthusiastic meeting held last week, at which time plans were made for the annual carnival of St. Joseph's Council, Knights of Columbus, which will be held Friday, August 27, and Saturday, August 28, on the grounds of the K. of C. home, Broad street and Elm avenue.

Numerous innovations are being planned for the affair and there will be special prizes and features, the main award being a Ford V-8 automobile.

The general committee, which is hard at work making arrangements for the carnival is composed of the following: Frank Stroblein, chairman; Elizabeth Downs, Herbert Kennerle and Harry Bradshaw.

MEETING OF CLUB GARDEN SECTION

An all-day meeting for members of the Garden Department of the Palmyra Woman's Club will be held on Monday, August 9, at the home of Mrs. Harry Kennedy, Washington avenue, Palmyra.

Those attending the affair are requested to bring a box lunch. The purpose of the session is to make final arrangements for the Eighth Annual Flower Show of the organization which will be held in Society Hall, Palmyra, on September 17 and 18.

This affair will be open to the public and there will be a special class this year for men.

Further details regarding the show will be announced in the near future.

FRISHMUTH-PALMER

The Rev. and Mrs. Leighton S. Palmer, of Landisville, announce the marriage of their daughter, Miss Lois Ogden Palmer, to Mr. Robert Biddle Frishmuth, of Riverton, son of the late Robert Biddle Frishmuth, and grandson of the late Mr. and Mrs. John C. W. Frishmuth, of Riverton and Monticello, Fla., which took place on Friday, July 16, in Landisville.

Mr. Frishmuth is a nephew of Mrs. C. Cecil Fitter, of Bryn Mawr, and Mrs. Percy A. Ransome, of Riverton.

WORK STARTS ON PALMYRA SEWER

Work was started this week on the new sewer extension project in Palmyra; operations being begun on the No. 2 section which includes Pennsylvania avenue, New Jersey avenue, Hilton road and the south side of Broad street.

The new line will go under the railroad tracks to connect with the present sewer system.

The following contracts for supplies have been awarded: Terra cotta pipe, J. S. Collins, Riverton; iron pipe and fittings, R. D. Wood, Florence, lumber, Franklin Lumber Co., Newark; cement, H. B. Williams, Palmyra; stone, Robert Young, Palmyra; bricks and tile, Brick and Tile Corp., Newark; manholes and covers, Palmyra Foundry; Armo pipe, Charles Myers, Maple Shade, representing the Shelt Co.

PENNSAUKEN EKES OUT 4-1 VICTORY

Gibson Pitches Well for Seven Innings But Weakens in Eighth Frame

Pennsauken handed Riverton a 4-1 setback last Wednesday evening, at Memorial Park, in an engagement which was called at the end of the eighth on account of darkness.

Gibson hurled for the locals and pitched an excellent game for seven innings, during which term he allowed the opposition seven hits and one run.

Three in Eighth
He appeared to lose his stuff in the eighth frame, however, and issued his first pass to Davidson, first man to face him. Freeman and Schwartz both singled and the bases were crammed with none out. At this crucial juncture, Manager Weikman waved Thomas into action from the bull pen.

Broderon was an easy out, but Watson singled to admit two runners, and the third counter came as Chiossa skied out to Baker, who captured the ball in the fielding gem of the evening.

Rally Fails
The locals staged a mild threat in their last turn at bat as Baker singled after Windish had grounded out. Harper then got his second hit of the evening. Foulke flied out to left and Easley forced Harper at second to end the affair.

Riverton scored its lone counter in the fifth on a single by Gibson and a two-bagger by Terrill.

Harper and Foulke each collected a brace of hits out of four excursions to the rubber.

Cole, Riverton shortstop, made a sweet play in the fourth as he raced over second to appear Watson's grounder with one hand, tramp on the base to retire Broderon coming down from first, and then rise a throw to Windish to complete a snappy double-killing.

The Giants came appropriately attired, to say the least. Their nether portions were enclosed in grass skirts of multicolored shades. These, combined with bright orange shirts and orange and black caps, rounded out a very colorful ensemble.

In addition, the Giants, with the exception of the battery, had smeared white paint liberally over their faces, giving an effect of great ferocity.

Start Early
The Zulus started their scoring activities in the second frame by annexing three runs off Weikman's local hurler. This advantage was short-lived, however, as Riverton came back in the lower half of the same session to duplicate this performance. A homer by Jack Easley, a single by Thomas and a double by Sutters figured largely in the scoring of the home club.

Zulus Attack Again
The denizens of the jungle struck again in the fourth canto and this time drove Weikman to cover. He was replaced by Diefenbaugh who, after a rather shaky start, pulled himself together and preventing further scoring raids on the part of the enemy.

Riverton managed to tab single markers in each of the third and fourth frames and went scoreless in the fifth. The locals made the count read 8-7 at the end of the sixth as a result of a single by Terrill, a double by Diefenbaugh and two miscues in the Zulu infield.

Score by Innings:
Pennsauken 0 1 0 0 0 3—4
Riverton 0 0 0 0 1 0 0—1
Errors—Cole, Welsh, Broderon.
Two base hits—Foulke, Terrill.
Stolen base—Harper. Sacrifice hit—McElliott. Double play—Cole to Windish. Struck out—by Hagerman, 6; Gibson, 1; Base on balls—off Gibson, 1; off Hagerman, 1. Left on bases—Riverton, 8; Pennsauken, 8. Umpires—Johnson and Swain.

Without going into the question of "wet" or "dry" we are still waiting for the promised day when the repeal of prohibition will bring in enough revenue to balance the budget and reduce taxes.

CAR INSPECTION TO START IN N. J.

Definite plans for the inauguration of semi-annual compulsory inspection of all New Jersey registered automobiles at 28 stations throughout the state were announced last Thursday by Arthur W. Magee, state motor vehicle commissioner.

James J. Shanley, of Elizabeth, chief inspector has been promoted to supervisor of the new inspection service and will be in charge of installing \$188,072.22 worth of inspection equipment. George Ziegler, Trenton, secretary to Commissioner Magee, was named chief inspector.

Inspection of publicly-owned vehicles will get under way on September 1, according to present plans. Invitations will be issued to various state, county and municipal officials to send all public cars to the inspection stations equipped for service after September 1, Commissioner Magee said, in order to start the service.

Riverton Tames Jungle Giants

Zulus, in Colorful Attire Are Sent Back to Bushes with 9 to 8 Reverse

The Zulu Jungle Giants emerged from the wilds of Philadelphia last Saturday to do battle with the Riverton A.A. at Memorial Park and, after the hostilities were over, returned to their lair on the short end of a 9-8 decision.

The Giants came appropriately attired, to say the least. Their nether portions were enclosed in grass skirts of multicolored shades. These, combined with bright orange shirts and orange and black caps, rounded out a very colorful ensemble.

In addition, the Giants, with the exception of the battery, had smeared white paint liberally over their faces, giving an effect of great ferocity.

Start Early
The Zulus started their scoring activities in the second frame by annexing three runs off Weikman's local hurler. This advantage was short-lived, however, as Riverton came back in the lower half of the same session to duplicate this performance. A homer by Jack Easley, a single by Thomas and a double by Sutters figured largely in the scoring of the home club.

Zulus Attack Again
The denizens of the jungle struck again in the fourth canto and this time drove Weikman to cover. He was replaced by Diefenbaugh who, after a rather shaky start, pulled himself together and preventing further scoring raids on the part of the enemy.

Riverton managed to tab single markers in each of the third and fourth frames and went scoreless in the fifth. The locals made the count read 8-7 at the end of the sixth as a result of a single by Terrill, a double by Diefenbaugh and two miscues in the Zulu infield.

Score by Innings:
Pennsauken 0 1 0 0 0 3—4
Riverton 0 0 0 0 1 0 0—1
Errors—Cole, Welsh, Broderon.
Two base hits—Foulke, Terrill.
Stolen base—Harper. Sacrifice hit—McElliott. Double play—Cole to Windish. Struck out—by Hagerman, 6; Gibson, 1; Base on balls—off Gibson, 1; off Hagerman, 1. Left on bases—Riverton, 8; Pennsauken, 8. Umpires—Johnson and Swain.

Without going into the question of "wet" or "dry" we are still waiting for the promised day when the repeal of prohibition will bring in enough revenue to balance the budget and reduce taxes.

DISPUTED GAME TO BE REPLAYED

Athletics-Millside Contest Not Legal According to League Decision

At a meeting of team managers and league officials held last Thursday night, it was voted to declare the recent Millside-Athletics tilt "no contest" and the game will be replayed at a date to be decided upon by the respective managers.

Joseph Yearly, president of the Softball League, presided at the meeting and took statements from Edson Carhart, chief umpire; George Swain, manager of the Athletics, and Raymond Zink, Millside manager.

Team Not on Field
Swain stated that his team played what he thought was an exhibition contest on the night in question, since Millside used three men who were not on the regular roster. He made no protest at that time because he felt that the game was not a legal one.

Mr. Zink declared that, although his team won the contest, he was willing to replay, despite the fact that no protest was registered.

Lists Not In
It later developed that the eligible list of players for either team had not been received by Lawton J. Steedle, chairman of the registration committee, although the roster of the A's had been turned over to one of the umpires.

In view of the unusual and extenuating circumstances surrounding the contest in question, President Yearly announced that a vote would be taken to determine whether the game would be replayed or awarded to Millside.

With only one dissenting ballot, it was decided to erase the tilt from the records and to replay it at a later date.

Teams represented at the session were Broadway, Burke & Easley, Millside, Athletics and the Merchants.

Palmyra Quoit Wants Matches

Courts in Rear of Society Hall In Excellent Condition, Ready for Use

The Palmyra Community Quoit Team is desirous of booking matches with any team in Burlington county. For further information, interested parties are requested to communicate with Thomas Schwink by calling Riverton 191.

Matches already scheduled include one with Riverside during the latter part of this week, one at Medford on August 13, and a home match with the same organization on August 21.

Courts Available
The courts in the rear of Society Hall, Palmyra, are available for use during the day and evening. They have been placed in first class condition and offer the best facilities in South Jersey for quoit pitching.

Local citizens are invited to visit the courts and avail themselves of this opportunity of engaging in a popular summer pastime free of charge.

The score became eight-all in the following stanza, the tying marker resulting from Sutter's second hit of the day, an infield out, and a timely one-baser by Cole.

Riverton went ahead in the eighth session by the narrow margin of (continued on page 6)

Sports Continued on Page 6

Small Profit for Local Ball Club

Management Hopes for Funds To Purchase Jackets at End of Season

The financial report of the Riverton baseball team, as of July 28, as released by the treasurer of the organization last week, shows that receipts to date from all sources have amounted to \$418.70.

Expenses total \$358.40, leaving a net profit of \$60.30. The average collection per home game has been approximately \$20.00. Against this are the following expenditures: Guarantee, \$12.00; umpire, \$2.00; ball boys, 65 cents; balls, \$3.00. This leaves a net profit of about \$32.25.

Not Out for Profit
The management of the local club wishes to express its appreciation for the support given by fans this year, and to state that the club is not out to accumulate a large profit at the end of the season.

It is the desire of those in charge of the financial end of the organization to pay all expenses and to have sufficient left over to purchase jackets for the squad, which numbers over 20 men.

LOSS FOR LOCAL GIRLS' TENNIS TEAM

The Riverton girls' tennis team lost to the Haddonfield team, last Friday afternoon by the score of 4-2, four singles matches and two doubles being played.

Doris Steedle defeated her opponent, J. Carey, 6-1, 6-2, to account for one of the local points, while the other Riverton victory was secured by Doris Mullen who won from B. Van Hart 7-5, 6-4.

The scores:
D. Steedle (R) beat J. Carey (H) 6-1, 6-2.

A. Bailey (H) beat H. Naylor (R) 6-4, 6-4.

A. Pettitt (H) beat B. Baker (R) 4-6, 9-7, 6-1.

D. Mullen (R) beat B. Van Hart (H) 7-5, 6-4.

J. Carey and A. Pettitt (H) beat G. Stover and H. Vile (R) 6-3, 6-3.

A. Bailey and B. Van Hart (H) beat B. Baker and D. Reiger (R) 9-7, 6-0.

The Riverton team is desirous of obtaining matches with other girls' teams in this vicinity. For information call Wilton E. Mount, local YMCA secretary.

Big Inning Gives Win to Broadway

Merchants Battle Gently for Seven Frames But Movie Men Show Power

Merchants, 3; Broadway, 2; that's the way the score read at the end of the sixth inning in the engagement between these two teams at Memorial Park, last Thursday evening.

Then came the seventh, and it proved to be the turning point of the fracas, for Broadway pushed 10 big runs over the plate and finally won by the count of 13-3.

Hit Two Homers
The movie rally was started by the tail end of the batting order as Bill Anderson showed his henchmen how to do things by ramming a home run into deep center. Gonteski then followed this excellent example by duplicating this feat, choosing right field for his clout, just for the sake of variety.

From then on Broadway hits splashed all over the lot and the rally came to an end only after Landgraf was summoned into action to replace Lezenby who, up to this time, had given the Broadwayites the well-known batter's cramp.

For six innings, the business men looked like real champs, but after the Broadway rally they were forced to play with only nine men and this further handicapped any attempt at a rally as the lineup at this stage presented a very makeshift appearance.

Score by Innings:
Broadway 0 0 1 0 0 10 2 0—13
Merchants 0 0 0 1 0 2 0 0—3
Batteries—Broadway: Gonteski and Buchholz; Merchants: Lezenby, Landgraf and C. Morris. Umpires—Carhart and Bell.

B. & E. Downs Millside
Burke & Easley got back into the swing of things and, incidentally, the win column, by downing Millside 2-1 in the other encounter of the evening. This was a hard-fought affair, with the outcome result being in doubt until the final ball was thrown in the ninth canto.

COLLINS BOWLS OVER ATHLETICS

Occupants of Loop Cellar Hand
A's 3-1 Reverse to Send
Them to Third

The Collins entry in the local Softball League sprung something of an upset last Monday night, when they took the hard-hitting Athletics into camp by the score of 3-1.

All of the eventual runs were tabbed in the fourth frame when three markers trickled over the rubber, all resulting from solid base blows.

A's Try Hard

The A's, who have considerable ability along the line of being able to produce a knock-out scoring punch when needed, appeared to be set for action in their half of the seventh. Williams, Shea, Haines and Swain all connected safely, and the Farmers were in full cry. The final out came too soon, however, and the Athletics had to be satisfied with a single tally.

Long Holds Lead

George Long, Collins pitcher, having weathered the storm in the seventh, held the A's in check during the last two frames, although his opponents succeeded in getting a man on base during each inning. The reverse was the first during the second half for the Farmers, since the contest with Millside was expunged from the records.

Score by innings:
Athletics 0 0 0 0 1 0 0—1 8
Collins 0 0 0 0 0 0 0—3 11
Batteries—Athletics: Shivers and Lynch; Collins: Long and Pfaff. Umpires—Carhart, Johnson and Alloway.

ASKEW WINS

The other engagement of the evening saw the Askev entry trample Tak-About by the score of 7-0, with Knight, Motor hurler limiting the opposition to three hits.

Dick Woodward, twirler for the Beveragers and was touched for 16 blows, but many of these hits would have been easy outs had Tak-About been able to take the field with a full team. As it was, they had only three men patrolling the outer garden, a practice akin to playing with dynamite when engaging a hard-hitting club like Askev.

Knight in Form

Knight was in the pink, only 32 men facing him during the nine innings. In addition to the three hits, he walked two Tak-About batters.

Sacca connected for two of the Boaters' bingles, while the other was racked up by Woodward.

All of the Askev cast, with the exception of C. Wallace, hit safely on one or more occasions.

Score by innings:
Tak-About 0 0 0 0 0 0 0—0
Askev 0 1 0 1 0 3 1—7

Batteries—Askev: Knight and McDermott; Tak-About: Woodward and Hensen. Umpires—Rotenbury and Richman.

Sidelights

Shea, roving fielder for the A's, turned in a beautiful fielding performance. He seemed to possess an uncanny knowledge of where Collins' batters would place the ball and captured many drives that were labeled for extra bases.

Williams, Farmer leftfielder, also covered a lot of ground and proved a genuine headache to Collins.

Collins, a team which really looks a lot stronger than their standing would indicate, finally managed to keep their usual one bad inning safely out of sight during the fracas.

RIVERTON SOFTBALL League Standing

	W	L
Askev	4	1
Broadway	3	1
Athletics	2	1
Millside	1	2
Tak-About	2	3
Merchants	2	3
Burke & Easley	1	4
Collins	1	4

EASY GUESS

Senator Robinson, Democratic floor leader, told his colleagues that they will have to reduce governmental expenses or impose new taxes. Everyone is entitled to a guess as to which course will be followed and, having guessed, can start digging down in his pocket—Cleveland Plain Dealer.

Country Club Notes

The only activity over the weekend was a match play vs. par tournament held Saturday and Sunday. H. F. Jones won the event with a score of 6 up. W. J. Hahl was second with 4 up, and third honors went to J. F. Hackett with 2 up.

Next Sunday a Tombstone Tournament is scheduled as the main event of the day.

TRAFFIC SURVEY AT INTERSECTIONS

The traffic survey conducted by the county Board of Freeholders got under way over the last weekend when inspectors were stationed at intersections on Route 25, near Bordentown.

This survey is being conducted to determine the most hazardous points where county roads intersect with state highways.

When the work has been completed a report will be presented to the state highway department, the purpose being to share in funds which may be available for traffic control signals at the most dangerous intersections.

Local crossings to be included in the survey are Five Points and the intersection of the Moorestown-Riverton road with Route 25, also in Cinnaminson.

ASKEW LEADS BY NARROW MARGIN

Tops Broadway by Half Game
As Season Nears Close;
Playoff Certain

With the second half of the Softball League season drawing to a close, the Askev entry is out in first place by the narrow margin of half a game. Broadway is resting in second position, while the Athletics hold down third.

Askev has a slight edge over the other leaders in that this outfit has only two games remaining to play, these contests being with Collins and Millside.

Hard for Athletics

The Athletics have much the toughest going in store for them as they must meet Broadway, Burke & Easley, Millside and the Merchants. Broadway, in order to stay in the running, must dispose of Millside, the A's and the Oilers.

A series between B. & E., the first-half winners, and the victors in the second-half seems almost certain, since Askev would have to lose both of their remaining games and Burke & Easley win all of their to produce even a tie.

Series Dates

In case a tie results in the second half, a single game will be played on August 20 to determine the winner.

The "world's series" will start on Monday of the following week, with games being played every night until one of the contestants has secured the necessary number of wins to be crowned champion of the year.

FOOD FACTS

Do You Know That:
California furnishes Canada and the United States with 85 per cent of the lemons consumed. The balance is imported from Italy.

The word "Roquefort" can be applied only to the original Roquefort cheese made in Roquefort, France, according to a number of recent court decisions.

Meat should be cut across the grain when carving. This shortens the meat fibres and makes the meat more tender.

A daily portion of salt given as pay to Roman soldiers was often computed for money which was called "salarium." Hence the modern word "salary."

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

THE REAL WINNER

A Vienna barber won a contest by shaving a man in eighteen seconds. The customer should get a medal for bravery.—Williamsport Sun.

RIVERTON TAMES JUNGLE GIANTS

(continued from page 5)

one run, which proved to be the deciding tally of the afternoon.

Very Cheap

This marker was entirely unearned and came about in the following manner: Windish walked and was instructed to steal by the local board of strategy. Smith, Zulu catcher, heaved the horseshoe into centerfield attempting to catch Windish. The latter, being waved on by the coach at third, continued his sprint around the bases and sped over the rubber as the throw from the outer garden was both late and wide.

The Giants managed to get one man on base in their half of the ninth, with one away. Brown grounded out and Thorver expired on strikes to end the fracas.

Totals	41	8	10	24	12

Score by innings:
Giants 0 3 1 0 2 1 1—9
Riverton 0 3 1 0 2 1 1—9

Errors—Cole, Sutters, Smith, Thorver, Towns. Home run—Easley. Three base hit—Carrington. Two base hits—Carrington, Diffenbaugh. Stolen base—Windish. Double play—McDermott to Windish. Struck out—by Weikman, 2; by Diffenbaugh, 5; Carrington, 3; by Sands, 1. Base on balls—off Carrington, 1; off Sands, 1; off Weikman, 1; off Diffenbaugh, 3. Wild pitch—Diffenbaugh, Carrington. Passed ball—McDermott. Left on bases—Riverton, 8; Giants, 8. Umpires—Johnson and Swain.

Observations

Easley's four-master must have rolled almost to the river, judging from the time the Zulu outfielders took to relay the ball back to the playing field.

There was considerable conjecture among the fans as to what would happen to the Zulu skirts, should the wearers be compelled to slide into a base. Sliding activity on the part of the Giants was practically null and void, however, and the spinach remained intact.

All in all, the affair was an interesting engagement and appeared to be thoroughly enjoyed by the large crowd which had assembled to watch the fracas.

Sutters continued to slap the apple in a savage manner, getting two hits out of four trips. Terrill converted for three out of five, while Diffenbaugh boosted his average with two out of three.

CIVIL SERVICE EXAMINATIONS
The United States Civil Service Commission has announced open competitive examinations for the following positions:
Associate naval architect, \$3200 a year; assistant naval architect, \$2600 a year.
Dental laboratory mechanic, \$2000 a year; assistant dental laboratory mechanic, \$1440 a year; dental hygienist, \$1620 a year; Public Health Service, Treasury Department and Veterans' Administration.
Full information may be obtained at the Riverton post office.

INCURABLE

Women own 70 per cent of the nation's wealth and will soon get all of it, figures a statistician. This looks suspiciously like pessimism born of an early marriage.—Asheville Times.

CHECK HIGHWAYS BEFORE LEAVING

"Look before you leap" is changed to "check before you leave" in a touring bulletin just issued by the Keystone Automobile Club of New Jersey.

Because of numerous construction projects now under way throughout the country, the club advises local motorists to make careful check of routes before starting on vacation trips.

In recent weeks, the Keystone Touring Bureau has received many requests for road information, indicating that summer travel this year is much heavier than usual. Trevor B. Mathews, manager of the club's Camden division, said the volume of

long-distance touring exceeds that of last year by a good margin. It is particularly heavy through New England and Canada.

"Many motorists mar their vacation trips," he continued, "by marking out a route on an old map and picking destinations they hope to reach at the end of each day's travel, only to find soon after starting that the schedule is disrupted by highway conditions of which they were in total ignorance. They also discover that route numbers have been changed since the map was published, making impossible to follow the plans originally outlined."

"Another factor often overlooked by the vacationist is the oiling schedule. An extensive program of road oiling now is under way, and the prudent motorist will check carefully on this phase of travel before starting out."

SPRINGTIME, SUMMER-TIME, ANY TIME'S THE TIME to change to Atlantic Products and get "More Miles for Your Money." They are the products that kept six stock automobiles in new-car condition for 100,000 miles apiece—without carbon removal or repairs to any lubricated engine parts. You'll like all three!

THERE are reasons for that happy, untired smile which is mirrored in the smooth ironing surface of an American Beauty iron. The ironing task has been made more comfortable as a result of improved iron design, and clothes are neater as a result of the automatically controlled ironing temperature. The price of the 1937 American Beauty iron is only \$7.95 if you trade in your old iron. A liberal deferred payment plan with small carrying charge makes it easy to own.

MANY ACTIVITIES AT YMCA CAMPS

New Flag Pole Erected; "New Year's Eve" Celebrated at Matollionequay

A new flag pole has just been erected at a commanding position in the junior area of the girls' camp, Matollionequay, on the upper lake portion of the five hundred and thirty acres of the YMCA Camp Ockanickon property at Medford. The pole, a fifty foot cedar, was prepared, painted, and placed in position by the firm of Joseph H. Haines and Sons, Medford. The new American flag was the gift of John H. Levering, of Haddon Heights. On the high bank across "Squaw" Lake another flag waves above the tree tops in friendly salute. This shows visitors the location of the girls' senior area, which they call Sherwood Forest.

Horse Show

A horse show at Camp Matollionequay, Monday evening, celebrated the completion of the riding ring. The actual work of building this ring was performed by campers and counselors, under the direction of Miss Carolyn Nice, horsemanship instructor. Three classes competed: beginners, intermediates and advanced riders. The advanced group included in their performance a musical ride, on the order of musical chairs, which proved highly entertaining to the two hundred camper spectators.

The fifth week began August 4th with a capacity enrollment. The sixth and last week commences August 11th, with only a very few places still available, and a waiting list of girls already at camp who want to stay over if possible.

At Chapel Service

William F. Overman, of Moorestown, was the speaker at the girls' Sunday morning chapel service August 1st. His message centered on the greatest word of the English language. With appropriate illustrations, he revealed that he considered "become" that word.

A special guest at Matollionequay last Sunday was Miss Katherine Lucchini, County YMCA Secretary. Sunday, July 25th, which was observed as Summer Christmas, was followed Saturday night, July 31st, with a New Year's Mask Ball. The "New Year" arrived promptly at 8:15 o'clock, and was greeted with such an array of costumes. Prizes made those with unusually fine costumes, masks and make-up well repaid for all the work entailed.

Signs on Road

A project to which campers are now turning their attention is that of appropriate signs at their entrance on the Medford-Indian Mills road. A banquet Tuesday evening was given in honor of those whose stay at Matollionequay was up the next day. Honors were awarded in swimming, tent and cabin inspection, horsemanship and for contributions to evening entertainments. A dramatic presentation wound up the evening festivities.

Thursday is weekly stunt night, and what a night in a girls' camp, where the various area and tent groups compete.

An outside feature scheduled for this week is the motion picture presentation of the safety program of the State Department of Motor Vehicles.

Ockanickon

Judge William Tullis Porch, of Pitman, was the Sunday morning chapel speaker August 1st, at YMCA Camp Ockanickon, Medford. Walter Johnson, counselor for craft activities, reports the 1937 season way ahead of other years in the number of articles produced by campers. Last year's total output was eleven hundred. To date this year, more than 1500 things have been made—belts, Indian jackets, moccasins, articles of wood, brass, leather, iron, and (new this year) felt banners.

Make Pilgrimage

During the past week a dozen campers made a pilgrimage by canoe from Lumberton around Delanco to Burlington and return. At Burlington, the pilgrimage paid a visit to the grave of Chief Ockanickon, marked some years ago by Ockanickon campers, with an appropriate bronze tablet fastened to a boulder taken from the camp property at

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

It's planting season again in the garden—this time for the fall-blooming crocuses and some lilies—Madonna, Nankeen and Scarlet or Chalcidonian.

These lilies make fall growth, and the best time to put them into the ground is early August. Fall-blooming crocuses especially need early planting, for they bloom from September on into autumn. Corms of these are now offered by American dealers. Colchicums are called Autumn-crocuses although a better name, perhaps, is Meadow Saffrons. Many gardeners prefer the true crocus species because of the narrow foliage they produce. Colchicums make a strong heavy foliage growth in the spring which is out of place in the rock garden. Their flowers are larger and more showy than the regular fall-blooming crocuses, however.

Sow Pansy Seed

Gardeners who wish to grow their own pansies and English Daisies should sow the seeds now. Be sure to shade the seed beds and keep them slightly moist, for pansies will not germinate well at a temperature higher than 75 degrees Fahrenheit. English Daisies do not do their best in very hot weather, either. By keeping the seed beds moist, the evaporation of water will reduce soil temperature enough so that satisfactory germination will take place. Daily sprinkling is a good way to get seed up during hot weather, but take care not to get the seed beds too wet.

BURNING RUBBISH CAUSES ALARM

At 3:10 last Thursday afternoon, the Palmyra fire department responded to an alarm for a fire in the lot adjoining 500 Leconey avenue, where burning rubbish threatened a garage owned by G. Ellsworth Hall.

The firemen extinguished the flames in quick order and rolled back to the station before the usual crowd of spectators had time to find out what the excitement was all about.

There was no damage. Medford. It was "Stone Mount" that yielded the boulder, which is now on the site of the new girls' camp, being used for the first time this summer.

Six week campers this week are enjoying an exchange visit with similar period campers from Camp Morris, the Morris County YMCA Camp, at Budd Lake.

A fine set of camp activities pictures are on display at the camp headquarters showing scenes in connection with swimming, instruction, horsemanship, craft activities, daily routine, games, entertainments, boating and canoeing and a number of other things that make up the fun of camping at Ockanickon.

The sixth and last week begins Wednesday, August 11th, closing August 18th. Boys' enrollments for this last week are still being accepted at the County YMCA Office, Mount Holly.

DELAWARE RIVER ON BANNED LIST

State Department of Health
Declares Stream Unfit
For Swimming

The small boy in vacation time is a difficult problem for most parents. He seems to gravitate toward trouble as certainly as day follows night. Every healthy boy likes to swim, and it doesn't make any difference to him whether the water is fit for swimming or not. But swimming in polluted water is an almost sure method of acquiring disease that may prove fatal. Certain rivers and streams in this state are marked by the State Health Department as unfit for bathing.

Unsafe Streams

Bathing or swimming in the following streams is unsafe, reports the New Jersey Public Utility Information Committee. The Passaic and Hackensack rivers, which contain disease germs in abundance. The Hudson and Delaware rivers, which are also polluted, especially in the lower reaches. The Raritan and Rahway rivers, though not as badly polluted as the former, are not safe streams for swimming.

TWO MORE OBTAIN DRIVER'S AWARD

Two more automobile drivers have been presented with honor awards for their fine safe-driving records it was reported Tuesday by the New Jersey Safe Drivers Committee. Walter Sippel, of Riverton, is credited with 100,000 miles without a reportable accident, while William J. LeCates, of Palmyra, has 70,000 miles to his credit.

The committee is now working on a newly-designed award for drivers over 100,000 and the privilege of exchanging their present insignia for the new ones will be granted when the new awards are ready for release.

BIG LEAGUERS AT MEMORIAL PARK

Crowd of 2500 on Hand Sees Exhibition of Long Range Hitting Power

A crowd, estimated at 2500, jammed Memorial Park, Riverton, on Tuesday night to see big league ball players in action as the members of the Riverton A. A. entertained stars of the Philadelphia Athletics and Detroit Tigers.

With Lena Blackburne, coach for the A's on the mound, the fans in the big league smote the apple far and wide to show the fans what home runs would look like if they were playing here.

Bob Johnson

Bob Johnson, popular member of the A's, was the first to do his stuff. His loftiest clout appeared to land in the tennis courts in deep center field, and some of the skyscrapers went so high that an altitude record must have been made.

Wally Moses

Wally Moses, another Athletic Luminary, batted left-handed and showed what could be done in the way of slugging in the direction of the creek. Several of his drives gained the far reaches of the road which runs well beyond the scoreboard in that sector of the park.

Hank Greenberg

The Tigers had one of their stellar players at the festivities in the person of Hank Greenberg, who needed no introduction to the fans. Hank, in the opinion of many, topped the laurel wreath for the evening, as one of his swats actually cleared the tops of several of the trees along the foul line in deep left field. (This is no stuff.)

The hitting exhibition continued until the supply of five dozen balls was exhausted, which was all too soon since those which went beyond the range of the players drawn up back of the infield, failed to return. These spheroids were the spoils of the several hundred youngsters who scrambled frantically for possession of each and every one.

Play Victor A.A.

The program of the evening was opened shortly after six o'clock as Riverton engaged the six-o'clock A.A. of Camden, the latter winning a 5-4 decision in a seven inning contest.

As practically all the members of the local cast were in uniform for the occasion, the management inserted many substitutions in order to give all the lads an opportunity to perform before the capacity audience. The affair really went 7½ innings, but Riverton had no chance to bat in the eighth, so the score reverted to the prior canto.

Victor Takes Lead

Victor tabbed three runs in the fifth with two away. Dyjak doubled and Janney was safe on an error which should have made the third out. Elvert then poked one to deep left for the circuit, Bakers attempt to catch the ball being hampered by the ropes stretched in that section of the park.

The winning marker was tabbed in the following frame as a result of two hits and a sacrifice.

ANNOUNCEMENT BY JOSEPH A. DALY

Joseph A. Daly, of Beverly, former Democratic candidate for Congress in the Fourth District today (Thursday) announced his candidacy for the position of State Committeeman from Burlington county, espousing the cause of the New Deal.

Mr. Daly is a graduate of St. Joseph's College, Philadelphia, and is a lifelong resident of Beverly. He is 34 years of age, married, and has two children, Alvina, 13, and Joseph, Jr., 11. At the last election, Mr. Daly secured 53,000 votes as the Democratic Congressional candidate in Burlington and Mercer counties, which comprise the Fourth District. He is engaged in the insurance business.

COMMENT

For the second time within a comparatively brief period, several thousand truck drivers in Philadelphia declared a general strike this week. From all accounts, losses incurred by innocent victims of these strikes have amounted to hundreds of thousands of dollars.

Not only the drivers from New Jersey going about their routine business and not involved in the squabble in any way, have been warned to stay out of the city—or else. Most of them chose to stay out, and local merchants were unable to obtain goods which were urgently needed.

Such a high-handed piece of business cannot fail to reflect adversely upon those who are responsible. Indeed, it appears that by far the majority of the citizens are so disgusted with the labor situation that it is only a question of time before sufficient pressure is brought to bear upon the powers-that-be to compel them to take measures to prevent such purposeless disturbances.

In many cases the question of hours or wages is not even an issue—only what organization the men shall be affiliated with.

It's high time it was stopped.

INDIVIDUALIST

John L. Lewis may not believe in rugged individualism for the other fellow, but personally he isn't in favor of letting even the Constitution tell him what he shall do.—Detroit Free Press.

Score by innings:

Victor A.A.	0	0	1	3	1	0	—3
Riverton	0	0	2	2	0	0	—4
Errors—Sutters, Foulke, Diffenbaugh, Nowak, Higgins. Home run—Elvert. Two base hit—Dyjak. Sacrifice hits—Elvert, Matera, Harper, Windish. Stolen base—Baker. Struck out—By Gibson, 3; by Diffenbaugh, 1; by Higgins, 1. Base on balls—Off Higgins, 3. Left on bases—Riverton, 7; Victor, 6. Umpires—Johnson and Swain.							

Seen at the Game

The police arrangements were capably handled by William Goote, chief of the Riverton police; C. Morris Beck, chief of the Palmyra police, and George Dorworth, chief of Cinnaminson. They were assisted by the following officers: John Carhart, John Robinson and William Thomas, of Riverton, and Lawrence Betty and J. Nelson Wallace, of Palmyra.

The big leaguers were besieged by a horde of autograph hunters and several hundred books, balls and other impedimenta received their signatures.

Lena Blackburne, with whose cooperation the successful affair was arranged, was presented with a traveling kit after the game and Mrs. Blackburne received a handsome bouquet. The presentation was made by Ed Williams, of Riverton.

Other baseball guests included Del Baker, Detroit coach, and Mrs. Baker, Mrs. "Bob" Johnson, and Dave Keefe, practice pitcher of the A's.

Blackburne was greeted by a host of his local friends during the evening, who lingered long after the game was over.

Fans were present from all over the county, many prominent local and county officials being visible in the throng.

RIVERTON

Mr. and Mrs. Brooks Evert and family are spending the month of August in Beach Haven.

Dr. Frances Janney Stoddard is spending the summer in Stoddardsville, Pa.

Miss Charlotte Rogers is spending the summer at the Queen Ann Hotel, in Ocean Grove.

Mrs. Robert Biddle, 2nd, of Bank avenue, is spending the balance of the summer in Buck Hills Falls.

C. Singleton Meers is spending several days at Camp Cedar Lake, Old Forge, N. Y., where he is visiting his son Larry, who is there for the summer.

Robert Hahn, of Westfield, son of former Mayor J. Elmer Hahn, spent the weekend in Riverton visiting friends.

Dr. Lee H. Sherwin has returned to Bermuda after spending a week with Mr. and Mrs. Gorham P. Sargent at their Bass Rocks cottage. Dr. Sherwin is the surgeon on the "Monarch of Bermuda."

Mr. and Mrs. Everett Gest, Mr. and Mrs. William Frank and Miss Hilda Israel have just returned from a 2100 mile trip through Canada, which included a visit to the home of the Quintuplets, and all principal cities. Their route back was by way of the New England States.

Miss Joan Conover, of Wellsboro, Pa., is spending two weeks as the guest of Miss Marilyn Yost, of Thomas avenue.

Miss Valerie Dey, daughter of Dr. and Mrs. J. Rowland Dey, is spending the week in Dayton, visiting her grandmother.

Miss Doris Hampton is spending the week in Ocean City.

Mrs. Edward Moorhouse, of Main street, is confined to Zurrugg Memorial Hospital, Riverside, for observation.

Mr. and Mrs. W. W. Chalmers and daughter are spending two weeks in Walpole, N. H.

Mrs. Henry W. Shreve is spending the month of August with Mr. and Mrs. Gorham P. Sargent at their Bass Rocks, Mass., home, "The Blue Spruce."

Mr. and Mrs. Charles Delaney, Sr., and niece, of Camden, and Mr. and Mrs. Charles Delaney, Jr., and son Buddy, of Riverton, spent Sunday in Asbury Park.

Mr. and Mrs. Carl Roberts returned on Saturday from a two weeks' trip through the New England States.

Mrs. George Weigel has returned from a two weeks motor trip thru the south.

Mr. and Mrs. Edwin Ochs and daughter Irene, of Thomas avenue, have returned from Ocean Grove, where they spent the month of July.

Mr. and Mrs. Walter Moyer and daughter Virginia, of Fulton street, have returned after spending the month of July at their cottage in Somers Point.

Paul Frank and Miss Roberta Leedom were the winners this week in the stocking club run by Mrs. Lewis Bell.

Mr. and Mrs. Howard Schuck spent Wednesday in Ocean City.

Mrs. William McCormack and family are enjoying the week in Ocean City.

Robert Hullings and son "Bob" and William Evans, Sr., spent the weekend fishing at Beach Haven.

Mrs. Florence Evald, of Riverton, and Mrs. Catherine Longenecker, of Collingswood, spent Thursday with Mrs. Etta Clark, of Bridgeton.

Miss Grace Dietrich, of Harrison street, has returned from the Burlington County Hospital, Mt. Holly, following an operation for the removal of the tonsils.

PALMYRA

Mr. and Mrs. William E. Murgatroyd, of Lincoln avenue, have returned from a three weeks camping trip in the Adirondacks.

Mrs. M. J. McDermott, of Lecony avenue, is enjoying a pleasant stay at Wildwood.

A number of friends of Edward Hughes, of Garfield avenue, gave him a surprise party in honor of his birthday Monday evening.

Mr. and Mrs. R. E. Sanford and Jane Ann and Merritt have just returned from a two weeks' tour of Virginia, West Virginia, Kentucky and Indiana.

Mrs. Albert Smith left Tuesday for Atlantic City, where she will spend several days with her sister.

Miss Virginia Way, of Baltimore, is visiting her aunt, Mrs. Elvin Powell for some time.

Mrs. Caroline Hirsch, of Highland avenue, is entertaining her sister.

Ice Cream Since Colonial Days Has Been America's Favorite Dessert

Popular Food Endorsed by Nutrition Authorities Is Made Principally of Milk Products

By FRED W. JACKSON
New Jersey Department of Agriculture

ICE CREAM is admittedly America's favorite dessert. It is definitely associated with Americans no matter where they may be located in the world. The early history of ice cream dates back to Nero who was fond of fruit leas; these leas became increasingly popular down through the Middle Ages. In time, ice cream crossed the Atlantic with the British and soon attained top rank. The New York Gazette of May 19, 1777, contains an advertisement which is strikingly similar to those appearing in the newspapers of today.

Ready to Serve
Only a generation ago, many mothers had misgivings about permitting their children to eat such a cold, chilling dessert. But today ice cream is freely served and has become a favorite food.

Ice cream is truly a dairy product. Made in sanitary factories with modern equipment and from ingredients of highest quality, ice cream brings to the home an easily served and attractive dessert. When warm weather meals are a problem, the housewife can always find in ice cream a convenient dessert available in a wide variety of flavors.

Rank of Flavors
Fifty-six per cent of all ice cream made in vanilla. Chocolate comes next, representing 10 per cent of the output, and strawberry ranks third with an 8 per cent portion of the market. Other fruit flavors are in great demand during their seasons.

In many localities, the demand for certain fruit flavors during their season is greater than the sales of the all-year-round favorite, vanilla ice cream. The demand for different flavors shows a tendency toward sectionalism. An outstanding example is the priority rank of coffee ice cream in New England. Pennsylvanians show a preference for burnt almond.

BOY SCOUT NEWS

Legend of Totem Pole

The Legend of the Totem Pole was presented at the Ceremonial Camp-Fire last Tuesday evening at Camp Mahalala. The Thunder Bird was illuminated as part of the ceremony. Many new campers were introduced to the mysteries of Indian Lore. Those who had never slept in the camp before were initiated by the well known "Charcoal Touch." The ashes and embers of the preceding Camp-Fire are used, by touching each candidate with these ashes on both right and left shoulders.

One outstanding feature of last week's camp was Troop 19 of Delanco. Every member of the troop was passed on first aid. At the water carnival held last Saturday afternoon Scoutmaster Tom Perkins' Troop carried off the first honors. The final results were: Troop 19, Delanco, 37½ points; Troop 29, Maple Shade, 22 points, and the Provisional Troop, 16½ points.

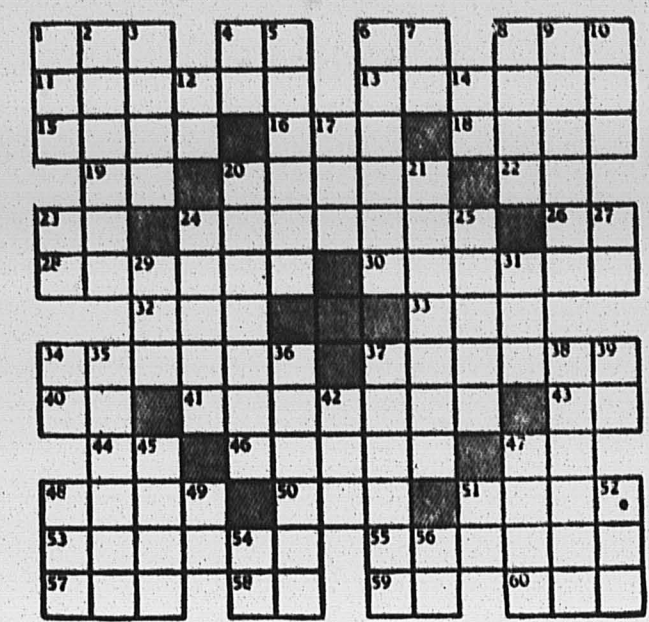

93 in Camp
There were 93 scouts in camp for the third week of the camp season. More scout tests were passed than in any week since the camp was started twelve years ago. "Chief" Darlington said today that all indications point to a most successful camp season.

Both President J. Aubrey Sutton and Camp Committee Chairman F. Wallis Armstrong, Jr., spent part of last weekend at Mahalala. Both expressed their pleasure for the manner in which the camp is being run. Eagle Scout John B. Stokes, of Moorestown, is Director of Program and is doing a most efficient job.

Meeting of Board
There will be a meeting of the advisory board and executive board and the camp committee on Thursday afternoon to make an official inspection of the camp. Last Sunday afternoon the camp was officially inspected by Lorne W. Barclay, Director of the National Council Camp Department. Mr. Barclay was well pleased with the troop camp program that was being run at the camp and with the general set-up and arrangements of the camp property.

OFFER TO NEW SUBSCRIBERS

For a limited time, The New Era is Offering Your Choice of Any One of the Gifts Illustrated in the Left Hand Column on This Page

With Each New Paid-in-Advance Subscription for One Year at \$1.50. Simply fill out the form at the right and mail with your remittance to The New Era. Or phone Riverton 712 and place your order. Your gift will be delivered promptly.

Here is an opportunity to obtain a really worthwhile article and, at the same time, receive regularly through the mail each Thursday morning, your local newspaper that gives Full Coverage of News concerning Palmyra, Riverton and Cinnaminson.

SUBSCRIPTION BLANK

Send The New Era for one year and _____ to _____ (Indicate choice of gift)

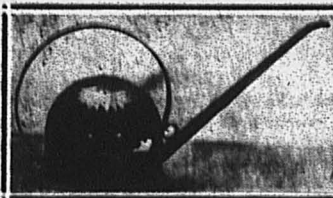

Name _____

No. and Street _____

City _____

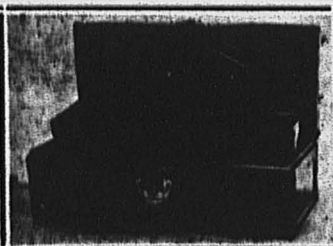

\$1.50 enclosed to cover subscription and merchandise.

YOUR CHOICE

WATERING CAN

This attractively enamelled watering can in the one-quart size and long spout is just the thing for watering house plants and window boxes. You get the water on the plant and not on the floor.

TOOL BOX

This convenient metal box is what every man needs for tools, fishing tackle, etc. It measures 6 x 14 inches and is 5 inches deep. Compartment for tools and handy five-sectioned tray in top for nails, screws, etc. Tray slides back as lid is raised. Complete with handle, lock and key.

FLASHLIGHT

A genuine Winchester flashlight with solid bronze case and focusing beam. A handy article in any household. Convenient hook enables light to be attached to belt for out-door work. It is equipped with signalling button for Scout use. Complete with battery and bulb.

When your silverware becomes tarnished, place it in an aluminum saucepan and cover with hot water in which potatoes have been boiled. Leave for an hour, then rinse and it will look like new, without the usual cleaning.

A Tragic Anniversary

By RAYMOND PITCAIRN

National Chairman
Sentinels of the Republic

Recently the world noted, with a sort of shocked surprise, that the war in Spain had entered upon its second year.

During those tragic twelve months, terrific losses in life have been suffered. During them, whatever freedom the people of Spain may have enjoyed has been grievously threatened.

For into the conflict have entered the rival influences and forces of the two great enemies of individual freedom—Communism and Dictatorship. And whichever of the two may win in the end, the people themselves will lose.

Both those political products of a distraught and frightened Europe are the enemies of that democracy which we of America revere. Both preach the subjection of the individual man and woman to a dominant state or dictator. Both are repugnant to the basic principle on which our own nation was founded.

And whichever side wins faces a hollow victory. America can prove that. So can those other nations where democracy stands secure, and, with it, government dedicated to freedom of speech, freedom of the press, freedom of religion and freedom of opportunity.

While Europe endures the tragic conflict, America celebrates this summer the 150th anniversary of a Constitution which announced the principle that "We, the people," would control our government.

What that principle can mean is demonstrated in our established record of national achievement and individual well-being—a record which no Fascist or Communist state has even remotely approached.

RIVERTON WOMAN INJURED IN CRASH

Mrs. Harriet E. Kirby, 39, of 631 Linden avenue, Riverton, was seriously injured Wednesday when her automobile crashed into a truck at Crescent boulevard and Burlington pike, Pennsauken.

She is in West Jersey Homeopathic Hospital with a possible fractured skull, brain concussion, and severe lacerations. The truck was overturned in the collision but its driver, Raymond Jones, 20, of Parry road, Moorestown, was unhurt. Police arrested Jones.

FORMER PRESIDENT OF THE N. Y. SHIP CO. BURIED AT LAKEVIEW

Clinton L. Bardo, former head of the New York Shipbuilding Co., of Camden, who died early this week in New York, was buried this (Thursday) morning at Lakeview Memorial Park, Cinnaminson.

Mr. Bardo, who held a number of important positions during his life, was one of the directors of Lakeview.

He resigned his post as president of the shipbuilding company in 1934.

RIVERTON WINS IN FIRE CONTEST

Extinguishes Blaze in Short Order; Frank Geddes is Burned on Face

As a part of the celebration of their fifth anniversary the Palmyra Fire Company staged a contest last Saturday afternoon at the foot of Cinnaminson avenue, Palmyra, to determine which of three companies could extinguish a set fire first.

Delaware, East Riverton; Parry and Riverton were the competing companies, the runs being made singly and against time.

Riverton was first with a time of 2 minutes and 20 seconds, Parry second with 2 minutes and 30 seconds, and Delaware Company third with 3 minutes and 16 seconds. Riverton and Parry received hand-some cups as their awards.

Geddes Injured

After the fire was set, each company started at Broad and Cinnaminson, proceeded down Cinnaminson to the River Bank, coupled their hose to the fire plug and proceeded to extinguish the blaze.

All went well until the second blaze had been set. In a very few seconds after the fire started a loud explosion was heard and debris was strewn over a large area. Frank Geddes, chief of the Palmyra company was badly burned about the face, arms and hands. According to latest reports, the condition of Chief Geddes is satisfactory. The cause of the explosion is attributed to a pocket of gasoline fumes forming at the center of the pile of wood which was drunched with gas long before the fire was touched off.

A large crowd was present to watch the competition.

RESIDENCE IN EAST RIVERTON STRUCK IN SATURDAY SHOWER

The severe electrical storm late Saturday afternoon set fire to the home of Mrs. Grace Dorsey, in East Riverton.

The lightning entered the third floor, followed the water pipes down through the house into the basement and ignited a pile of papers which had been stored there.

The wiring in the house was completely ruined, and the plaster torn off in three rooms.

The damage was estimated at \$500. Parry, Delaware and Riverton companies all answered the call and soon had the fire under control.

The storm was of great intensity hereabouts and several other bolts evidently came to earth locally, but without damage.

EAST RIVERTON FIREMEN INJURED

Clifford Bell, member of the Delaware Fire Company, of East Riverton, received a painful leg injury while at a fire which damaged the Dorsey residence last Saturday afternoon.

Bell, who was struck by a hose coupling, was taken to Zuercher Memorial Hospital, Riverside.

The parachute was conceived by the artist Leonardo da Vinci, who described it in 1495.

NOTICE
See Page 10 of this issue for Important Announcement

LIGHTNING HITS PALMYRA HOMES

During the electrical storm last Saturday afternoon, two Palmyra homes were struck by lightning. Damage in both cases was slight and no fires started.

One of the bolts entered the living room of the residence of Frank King, 112 Pear street. The lightning ran around the base of the room and made an exit through the wall, tearing out a large piece of stucco. No one was home at the time and the presence of the unwelcome visitor was not discovered until later.

The house occupied by Edwin P. Day, 200 Cinnaminson avenue, also was struck. In this case the lightning entered the dining room after striking a tree outside the residence. The only damage was the dislodging of a piece of plaster in the ceiling.

The effects of this electrical discharge were felt over a considerable area, many people several blocks away believing that their own home had been hit.

BANQUET MARKS 50th ANNIVERSARY

150 Members and Guests of Independence Fire Co. Gather at Affair

The banquet held last Saturday night in P.O.S. of A. Hall as part of the celebration of the 50th anniversary of the founding of Independence Fire Company, of Palmyra, was attended by over 150 members of the organization, their wives and invited guests.

An excellent dinner was provided for the occasion and the entertainment which followed was adjudged one of the best ever seen locally.

Wimer Toastmaster

George N. Wimer, second oldest member of the company present, acted as toastmaster for the evening. The address of welcome was given by Addison Chandler, president of the organization. The principal address was made by the Reverend George Lockett, pastor of the Central Baptist Church, Palmyra, and chaplain of the Independence Company.

Mayor Speaks

John F. Ward, who with Mrs. Ward, were among the guests, spoke briefly as did other members of the Palmyra Council. Members of council present included C. Nevins, E. H. Kelly, Mr. and Mrs. T. Curtis, Mr. and Mrs. Charles E. Marvin, Mr. and Mrs. Arthur Wright, and Mr. and Mrs. William F. Engle.

Ex-Chiefs Present

Several ex-chiefs attended the affair and were called on for remarks by Mr. Wimer. Those who responded in a fitting manner were C. Morris Beck, Joseph Stack, Edward Roberts and Harry Bar.

John P. Bar was the only charter member at the affair, Lewis Wallace, another charter member and treasurer of the organization for 50 years, being unable to be present.

Other Chiefs

Other guests of honor included Chief E. Carhart and Mr. Carhart, of Riverton; Chief George Adams and Mrs. Adams, of Parry and Chief John Adams and Mrs. Adams, of East Riverton.

The committee in charge of the successful affair was headed by Vernon Adams.

The present officers of the organization are: President, Addison Chandler; vice president, Joseph Gallagher; secretary, Norman Moore; treasurer, Lewis Wallace, active treasurer, Vernon Adams; chief, Frank Geddes; assistant chief, Edwin Grubb; foreman, John Dietz; assistant foreman, Walter Gennett; chief engineer, Branson Cook; assistant chief engineer, Carl Wilcox.

FORTY MEN ON SEWER PROJECT

Force to Be Increased to 60 by Next Week; Work is Progressing Fast

At the present time 40 men are engaged on the Palmyra sewer extension project, according to Peter P. Dougherty, WPA foreman in charge of the work.

Mr. Dougherty, who is under the supervision of E. B. Burgess, WPA district supervisor, of Burlington, also remarked that the force will probably be increased to 60 by another week.

From Palmyra

According to Mr. Dougherty, all available men in Palmyra who have been previously employed on WPA projects will be given an opportunity for work. He particularly emphasized the point that this applies only to individuals who have worked for the WPA on previous occasions.

The work being done at present consists chiefly of digging a deep ditch on the south side of Broad street which will lead into the pumping station to be located at Broad street and New Jersey avenue. The sewer will go under the tracks of the Pennsylvania Railroad near Market street. The pumping station will be necessary in order to get material from the north side of Broad street up to the existing level of the present system in the eastern portion of Palmyra.

Fourteen Feet Deep

At and near the point where the new sewer will go under the railroad, the excavation will go to a depth of 14 feet, and already considerable progress has been made in the work at this point.

The project on which work is being done now is known as the No. 2 section and includes New Jersey avenue, Pennsylvania avenue, and Hynton road, in addition to the south side of Broad street. Erection of the pumping station is also included in this division of the work.

FOURTH NEW ERA AWARD CLAIMED

Mrs. Rowland S. Price, of 825 Columbia Ave., Palmyra, Is Latest Winner

The fourth New Era weekly award of five dollars went to Mrs. Rowland S. Price, of 825 Columbia avenue, Palmyra. The picture of Mrs. Price appeared on the special advertising page of last week's issue of The New Era, and she received a credit order at the Riverton Market House.

This novel feature, which will continue for four more weeks, is being sponsored by The New Era and the following merchants:

Carlson's Pharmacy
L. L. Keating
John H. Etris
Clinton B. Woolston
Palmyra 5 and 10
Joseph T. Evans
Shulman's Department Store
Riverton Market House

See Page 9

Turn to page 9 of this issue. If your picture is there it means five dollars to you. Just notify The New Era. No strings, no red tape. And while you're looking at page 9, it will pay you to note the timely summer specials which are being advertised by the local merchants. All of them are genuine bargains, attractively priced for quick sale.

One pretty sure way to keep from getting old is to drink a couple of highballs and take your car down the road to see whether or not it can do ninety.

Wife of defeated pugilist: "Don't count up to ten any more, Bobby. It makes your father's head ache."

TEN-TON TOMATO CLUB NOW OPEN

Registration for membership in the New Jersey Ten-Ton Canhouse Tomato Club is now open and applications will be received until September 1, announces S. H. Nisley, extension professor of vegetable gardening at the State College of Agriculture, Rutgers University.

To be eligible for membership, a farmer must grow at least five acres of tomatoes, all of which must be contracted to a New Jersey can-house, and he must have a yield of 10 tons or more per acre. If a grower sells any tomatoes on the open market before the contract season opens, the amount will be credited toward the total acre tonnage.

Application blanks are available from county agricultural agents. They should be returned either to the county agent's office or mailed to Mr. Nisley at the New Jersey College of Agriculture, New Brunswick.

All those desiring to have special numbers played are requested to communicate their wishes to T. Curtis Flynn or DeWitt Morris.

The program to be presented on Friday evening of this week at 7:30 o'clock, under the baton of Gustav Hagedorn, conductor, is as follows:

1. March: Men of Ohio, Fillmore.

2. Overture: Poet and Peasant, Suppe.

3. Waltz: The Beautiful Blue Danube, Strauss.

4. Berceuse and Preludium, Jarnefelt.

5. Old Folks at Home and in Foreign Lands, Foster-Roberts.

6. Pan-American, Herbert.

7. Trumpet solo: The Rosary, Nevin-J. Esposito.

8. The American Patrol, Meacham.

9. a. Tango in D, Albeniz.
b. The Parade of the Wooden Soldiers, Jessell.

10. Selections from The Firefly, Priml.

BLAZE DESTROYED OLD BARN IN WEST PALMYRA, FRIDAY

Fire, of undetermined origin, destroyed a barn located on the old Wallace property, Broad street near 8-41, last Friday evening, shortly after 11 o'clock.

The blaze, which had evidently been smoldering for some time, burst out with great intensity and the structure was completely enveloped in flames when the Palmyra fire department arrived.

Within three minutes after the alarm was sounded, the local firemen had two lines of hose directed on the flaming structure, and the fire was quickly extinguished. The charred framework was later raised by the fire fighters.

Prompt work on the part of the Palmyra company prevented the blaze from igniting the dwelling located on the property only a short distance from the ruined barn.

A large crowd of spectators was attracted to the scene by the reflection in the sky which was plainly visible from all parts of Riverton and Palmyra.

The structure was in poor condition and had been slated for demolition by the borough.

Instead of putting food into the oven to keep hot for late comers, cover it closely with a tin or basin, and set it over a saucuppan of hot water. It will keep hot without drying.

SECOND CONCERT FRIDAY EVENING

Many Attend First Affair in Grove, Palmyra; Request Numbers Listed

The first band concert of the season, which was held last Friday night in the Grove, Palmyra, was well attended by local citizens who greeted the various numbers with enthusiastic applause.

Mayor John F. Ward, of Palmyra, gave a short address of welcome. The concert is being presented by the WPA, of which Dr. Nicholas Sokoloff is national director, and Frederick Roche is state director.

Request Numbers

All those desiring to have special numbers played are requested to communicate their wishes to T. Curtis Flynn or DeWitt Morris.

The program to be presented on Friday evening of this week at 7:30 o'clock, under the baton of Gustav Hagedorn, conductor, is as follows:

1. March: Men of Ohio, Fillmore.

2. Overture: Poet and Peasant, Suppe.

3. Waltz: The Beautiful Blue Danube, Strauss.

HOOVER APPROVES BILL OF POWERS

Chief of F.B.I. Expresses His Appreciation for Efforts To Get Pension

The Chief G-Man has put his stamp of approval on Congressman D. Lane Powers' bill to provide a permanent pension system for dependents of G-Men killed in action. The Congressman is in receipt of a letter from J. Edgar Hoover, Director of the Federal Bureau of Investigation, which not only gives his approval but expresses his personal gratitude for the interest the measure exhibits.

Powers' Bill

Congressman Powers' bill, which is now in the House Committee on the Judiciary, would pay dependents of G-Men slain in action a straight compensation of \$10,000 upon application to the Attorney General of the United States. Powers, who represents Burlington and Mercer counties, introduced his bill to remedy the present hit-and-miss system of pensions, which are paid by private bills introduced in and passed by Congress each time an FBI operative is killed. Because of the crowded Congressional calendars, it sometimes takes many months for such bills to be passed.

Mr. Hoover's Letter

In his letter to the Congressman Mr. Hoover expressed also the gratitude of all men in the Bureau. The letter follows:

I did want to write to you to express not only officially but personally my deep appreciation as well as the appreciation of all agents of the FBI for your action in introducing on July 19, 1937, House Bill 7911 recommending adequate compensation for the dependents of Special Agents and Inspectors of the FBI killed in the line of official duty.

It is such an act as this which really lightens the burden placed on the Special Agents of the FBI. It gives them that courage vitally necessary to perform honest and efficient law enforcement work. I have always felt that the Special Agents of this service are our peace-time heroes. Inasmuch as they are constantly facing danger, it has always been my belief that adequate compensation should be provided for their dependents in case they are called upon to make the supreme sacrifice.

On behalf of the entire service I wish you would, therefore, accept my sincere thanks for the action you have taken in introducing this bill on July 19th.

With expressions of my highest esteem and best personal regards, I am,

Sincerely yours,
(Signed) J. Edgar Hoover.

SWITCHBOARD AT COUNTY OFFICES

The new central switchboard system, embracing all Burlington county departments and institutions, was opened last Monday morning. All telephone calls to county phones in Mt. Holly will go through the switchboard in the Freeholders' Administration Building.

County officials estimate the system will increase expenses but slightly in the beginning, and eventually will begin to show a saving.

Four regular telephone exchanges in the county will have county exchange call numbers as follows: Burlington 460, Mt. Holly 920, Moorestown 291, and Pemberton 282. Those having telephones not combined with the above exchanges will call the new numbers of regular exchanges nearest to them.

MENTAL HYGIENE IS NEW HEALTH FIELD

Experimenting in a new field of health endeavor, mental hygiene, Dr. J. Lynn Mahaffey, State Health Director, recently announced plans for development of this venture as it affects parent-child relationships.

A supervisor in parent-child relationships has been appointed to the staff of the Bureau of Maternal and Child Health, to develop plans for helping the 175 child hygiene nurses better to understand the issues involved and to transmit this information and guidance to mothers.

TENNIS AT MEMORIAL PARK

New Era Staff Photo

Despite the torrid weather this summer, the ardor of local tennis enthusiasts has been unchecked and, each day, the five splendid courts at the park are used by devotees of this popular pastime. The scene is a far cry from that of a few years past when only one court was available for use.

FOR FREEHOLDER

JAMES J. GOODWIN

James J. Goodwin, of 614 Thomas avenue, Riverton formally announces his candidacy for the Freeholder post on the Republican ticket at the primary election in Burlington county on Tuesday, September 21.

Goodwin, a native of Burlington county, has been active in the political field for the past fifteen years. He was a candidate for coroner last year. For the past two years Goodwin has been employed at New Lisbon as laundry supervisor in the Burlington County Hospital for the Insane. He is an active Young Republican, secretary of the Riverton Fire Company, and former secretary of the Burlington County Fire Police Association.

Goodwin's Statement

Goodwin issued the following statement:

"My experience and observation in being closely affiliated with the various branches of county business, including the road department, the County Hospital for the Insane and the Fairview Sanatorium, I feel confident that if I am nominated and elected, my services will prove to be beneficial to the taxpayers of Burlington county."

"In conclusion, I wish to thank the eleven thousand Republican voters of Burlington county who voted for me at the last primary election. I propose to continue the present principles of economy where they should be exercised, keeping in mind that the taxpayers always pay the bill."

BOY SCOUT NEWS

Camp Closes

Under the supervision of George A. Darlington, camp director, Camp Mahalala closed a successful four weeks of Scouting activities on Sunday, August 8. John B. Stokes had charge of the program, while nature lore, including botany and zoology, was in charge of Howard Mardin. Albert Lee, assisted by James L. Moore, Jr., was counselor in water front activities.

William E. Fields, the chef, made a great reputation for himself with his hot biscuits. He reported that during the four week's period 1000 pounds of fresh meat were used, also 40 chickens, 800 eggs, and 300 pounds of fish. Sugar and butter were served at every meal, and each scout consumed 1 1/2 quarts of milk per day. Roy Van Ness, the quartermaster, checked all incoming food and supplies. John Burns and Thomas Tillinghast were the chef's helpers. Robert Russell was bugler and attended the staff table at meal times.

The craft shop was in charge of Herbert Dalton, who also ably assisted with the entertainment in the evening campfires. Clifford Meeks was Scout-craft director and William Bown in charge of first aid. George Kennedy very ably assisted Mr. Meeks.

Lieut. Daniel T. O'Connell and Capt. Robert J. Morton, of the Officers Reserve Corps at Camp Dix, visited Camp Mahalala on Thursday and Saturday evening. Both men are interested in Scouting. Lieut. O'Connell has been scoutmaster of Troop 109, Bronx, N. Y., for the past 15 years. He expressed great enthusiasm at the way Camp Mahalala is operated.

Mausolus, ruler of Halicarnassus, died about 370 B. C., and his wife built a superb tomb. From it came our word mausoleum.

TO BE CANDIDATE FOR ASSESSOR

Robinet Cole, of 108 Midway, Riverton, has announced that he will be a candidate for the Republican nomination to the position of assessor, in Riverton, at the primary election on Tuesday, September 21.

Mr. Cole is the present incumbent of this office.

ANNUAL OX-ROAST AT RIVERSIDE, SEPTEMBER 11

The Riverside Fire Company, No. 1, will hold their fifth annual ox-roast and dance at their building on September 11.

The dinner is served from three in the afternoon until nine in the evening. Dancing is from nine until one in the morning, music furnished by one of the popular orchestras.

Last year as well as years before over 800 dinners were served, and counting the people who dance and others who come to join the festivities over fifteen hundred people attended this affair.

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College
of Agriculture

Gasplant

A flower from the old-fashioned garden is the Gasplant, or Dictamnus, a long-lived perennial related to the Peony. While this plant is generally propagated by seed sown in the fall, taking three years to germinate, most nurserymen offer roots which, if planted, will last for a number of years and bloom very well annually.

There are several varieties of the Gasplant which include colors of white, various shades of pink and rosy purple. The blooms are produced in spike form and are very lovely, generally flowering in June. The plant derives its name from the fact that its flowers emit a volatile oil in the evening which can sometimes be lighted with a match to make a blue flame.

The Gasplant may be planted in the border and is not particular as to soil conditions. It usually reaches a height of two or three feet.

RADIO GARDEN CLUB PROGRAM

Pointers on "Midsummer Gardening" will be given by Dr. Forman T. McLean, supervisor of public education at the New York Botanical Garden, when he speaks for the Radio Garden Club of The Agricultural Extension Service, Rutgers University, over station WOR and other stations of the Mutual Broadcasting System, Friday, August 13, at 3.15 p.m. Dr. McLean's talk will be presented by the New York Botanical Garden, one of the organizations cooperating with the Extension Service in presenting the Radio Garden Club.

On Tuesday, August 17, at the same hour, Marian Baldwin, landscape gardener, will speak on "Revamping Your Perennial Border," as a guest of the Garden Club of New Jersey, another co-sponsor of these programs.

CHECK-UP MADE ON SECURITY TAX

According to recent information from the Collector of Internal Revenue, Camden, an intensive effort is being made by federal agents to discover employers who are not paying the social security old age pension levy.

Ignorance of the law, which was the reason given by a number of employers, is not accepted as an excuse, and these individuals or firms have been assessed severe penalties.

Title VIII of the Social Security Act imposes a tax on employers of one or more persons, with certain exceptions. The fact that the worker may be a temporary employee has no bearing on the situation.

Although no check-up has apparently been made in this vicinity, it will be only a question of time before agents reach here. The number of employers paying the tax has been increased from 3,944 in January, to 16,141 in June, and many of the new payees have been brought into line by the work of the agents.

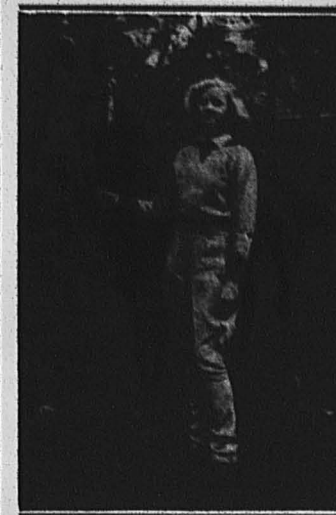

F.S.C.C. MAY PURCHASE SURPLUS N. J. POTATOES

Jersey potato growers, worried over falling prices for their crop, were told last Saturday by an AAA official that the Government expects to be ready, "in the near future, to buy Jersey potatoes for relief distribution as a means of reducing price-breaking surpluses."

A. E. Mercer, of the AAA marketing section, said "the Agricultural Adjustment Administration wants to help insofar as it is practicable under existing legislation," adding that, in his opinion, the Government could soon start buying Jersey potatoes if the industry could effect means of cooperating in a suitable purchase program. His remarks, made at the College of Agriculture, Rutgers University, were heard by a group of thirty potato growers, potato dealers and county agents.

In executions Soviet Russia seems well ahead of the second five-year plan.—New York Sun.

WINS AWARD

MISS NAN WILLITS
daughter of Mr. and Mrs. Oliver G. Willits, of 109 Bank avenue, Riverton, who was awarded a Blue Ribbon at the July Horse Show held recently at Moss Lake Camp, near Eagle Bay, New York.

YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

With the summer floral display at the height of its bloom the gardener should now make plans for fall garden. Remember that certain plants do better when planted early and among them are the Madonna's and Nankeen Lily bulbs.

Late blooming golden glow, sunflowers and chrysanthemums are susceptible to plant lice, and at this time of year infestations often are quite bad. A good spraying now will kill the lice before they have had a chance to do much damage.

Control Red Spider
Red spider, too, is present in the garden now. Look on the undersides of leaves. Because the spiders are tiny and hard to see, it is necessary to examine the leaves carefully. Their presence usually can be detected by a noticeable speckled yellowing of the leaves and by a reddish cast on the under surfaces. A sulphur spray applied either as a dust or in wet sulphur form will help control red spider infestations.

Next year's garden should come in for some consideration at this time. Pansies, English Daisies and Forget-me-nots will all produce larger plants next year if the seed is sown now, although it is possible to delay this chore until around September. Sow the seed in a well prepared bed, not too deeply, and cover with burlap until it starts to germinate. Keep the bed moist but not wet. Transplant the young plants in late September or October to the place where they are to bloom next year. Pansies and Forget-me-nots are practically hardy in all climates and need little protection, but English Daisies are better wintered in a cold frame.

The narcissus is becoming very popular in modern gardens and will also do well if planted early. Planted now, root growth will be started by September. Another bulb that should be planted now is Fritillaria.

PARISH CARNIVAL ON AUGUST 27-28

The carnival of the Sacred Heart Church parish will be held on Friday, August 27, and Saturday, August 28, on the grounds of the K. of C. home, Broad street and Elm avenue.

The affair will not be given under the auspices of St. Joseph's Council, Knights of Columbus, as was incorrectly stated in last week's issue of The New Era.

The committee in charge is hard at work planning many new and entertaining features, and advance plans indicate that the carnival will be one of the most successful held for years in this vicinity.

There will be an imposing array of prizes to be awarded, with a Ford V-8 topping the list.

NEW STAMPS TO BE ISSUED SOON

The post office department recently announced the dates for first day sales of two new stamps, namely, the Virginia Dare and Constitution issues.

The former, of five cent denomination, will be first placed on sale August 18, at Manteo, N. C. The central design of this stamp depicts Virginia Dare in the arms of her mother who is seated in front of a cabin. The father, holding a musket, stands nearby. This stamp will be light blue in color and one inch square in size.

The initial order for the Dare issue is 50,000,000 and the stamps will be printed on flat presses.

Constitution Stamp

The Constitution stamp will make its first appearance on September 17, and Philadelphia has been awarded the exclusive first day sale.

Seventy-five million stamps of this issue will be printed on rotary presses. The color will be the conventional purple.

A third stamp, the Hawaiian commemorative, will depict a likeness of the first of five kings of the islands. The color, date and place of issue of this stamp will be announced later.

"Janitor, you could cool our apartment if you would run ice-water through the radiators."
"Can't be done, madam."
"What did you have in them last winter?"—Clipped.

Fifty Years of Service

Last Saturday, the Independence Fire Company, of Palmyra, celebrated its fiftieth anniversary, thus rounding out half a century of valuable service to Palmyra and, on numerous occasions, to other nearby communities.

The New Era joins with residents of this section of the state in offering most hearty congratulations to the members of this organization who have devoted their time and energy and exposed themselves to hazards of all sorts, to protect our home from the ravages of fire.

Serving without remuneration, the firemen are on call twenty-four hours of the day, for 365 days each year.

We are, perhaps, too prone to take such service for granted, without a true appreciation of the contribution to our welfare which volunteer firemen make. Next time the siren blows about 3 a.m. and YOU hear the apparatus respond to extinguish the blaze in some one's home, remember that the men on the trucks are citizens just like yourself, only they are out working for you, while others sleep.

May the Independence Fire Company continue to prosper and render the same valuable aid to our community for many more years to come.

RIVERTON

Edward Smith, Jr., of 610 Linden avenue, will leave this Friday for an extended trip through the southwestern states with Charles Preis, of Philadelphia, whose parents have a ranch near Houston, Texas.

Miss Grace Gravenor, of Highland Park, Philadelphia, is spending the week at the home of Mrs. Charles Shannon.

Mr. and Mrs. Dewees Showell and son of Milford, Delaware, are spending several weeks in Riverton visiting relatives.

Mrs. J. N. Menefee, and Mr. and Mrs. James T. Menefee, of Louisville, Kentucky, spent the weekend with Mr. and Mrs. Leroy Carpenter. Mrs. Menefee is spending some time with her daughter.

Mr. and Mrs. Arthur H. Burns and family, of 701 Thomas avenue, have returned after spending two weeks at Knollwood Beach, Huntington, on the north shore of Long Island.

Mrs. Carl A. Price and children, Donald and Barbara, of Kalamazoo, Michigan, are spending some time at the home of Mr. and Mrs. Walter Drew. Mrs. Price is Mrs. Drew's sister.

Miss Helen Walburn has returned after spending several weeks at Old Forge, New York.

"Bud" Delaney entertained a number of "Hans" at his home Monday evening. Fifteen boys were present from Philadelphia, Merchantville, Delanco, Delair, Riverton and Palmyra.

Walter Drew, Jr., has returned to his home after spending six weeks in Detroit and Kalamazoo, Michigan.

Mr. and Mrs. Robert A. Conover and daughter Joan, of Wellsboro, Pa., have returned to their home after spending the week at the home of Mr. and Mrs. Charles Yost.

Mrs. Albert Rogers is entertaining her mother, Mrs. Taylor, of Franklinville, this week.

Mr. and Mrs. C. C. Miller are spending the balance of the summer at Brant Beach.

Mrs. J. Rowland Day is spending the week with her mother, Mrs. James N. Galey, of Philadelphia.

Mrs. Elizabeth Evans, of Thomas avenue, and Mrs. William Foulke were the winners in the stocking club run by Mrs. Lewis Bell.

Mr. and Mrs. Clifford Nesbitt, of Thomas avenue, and Mr. and Mrs. George Mount, of Beverly, spent Sunday in Beach Haven.

Mrs. Clara Hehn, of Connecticut, is visiting her sister-in-law, Mrs. Otto Sauers, of Howard street.

Mrs. Leo Wallace, of Public Road, was the winner in the Sacred Heart P.T.A. blanket club this week.

The Rev. and Mrs. Francis B. Downes are spending a week at Gloucester, Massachusetts, with Mr. and Mrs. Gorham P. Sargent.

50TH WEDDING ANNIVERSARY

Mr. and Mrs. John D. Clark, of 205 South Lexington avenue, Merchantville, celebrated their golden wedding anniversary last Friday, when they were guests of honor at a dinner tendered them at the Merchantville Country Club.

The hosts at the affair were the three children of the couple, Douglas Clark, of Riverton; Everett R. Clark and Walter T. Clark, both of Merchantville.

Mr. and Mrs. Clark were married at Fitchburg, Mass., on August 6, 1887. They resided for a number of years in Springfield, Mass., and came to Merchantville in 1929.

In the near future, Mr. and Mrs. Clark plan an extended trip to Minnesota, where they will visit Mrs. Clark's sister, Mrs. A. C. Hacke.

It is said that the modern trailer was invented by a man who was getting tired of back seat drivers.

PALMYRA

Curtis Staveley and sons, William, Wesley and Robert, spent the weekend in Littleton, Pa., visiting Mr. Staveley's father, William Staveley.

The Girl Scout Mothers and their daughters of Troop No. 1 of the Methodist Church are planning a picnic for Tuesday, August 17. All those wishing to attend are requested to be at the Palmyra station at 9:30. The picnic will be held at Mountwell Pool in Haddonfield.

Mrs. William Hare, Mrs. Curtis E. Staveley, Mrs. William Engle and son William, Jr., are spending the week at Ocean City.

Mr. and Mrs. Allen Taylor, Mr. and Mrs. Elias Toy and family, Mr. and Mrs. Fred Seiber and Tony Trout are enjoying ten days at Lake George, New York. Mr. Taylor is a member of the Taylor-Mathers firm in Palmyra.

Mrs. Howard Beauchamp and daughter Jane, spent last week in the Poconos.

Among Palmyra residents seen in Wildwood last week were: Mrs. Ida Chandler and son George, and Mrs. J. M. Wilcox.

Harry Riddle, Jr., and Earl Riddle are spending two weeks in Ocean City.

Several members of the Girl Scout Troop of the Methodist Church enjoyed a swim in Mountwell Pool, at Haddonfield, Tuesday of this week. Among those who went were Clara and Naomi Swayne, Florence and Helen Hensler, Mrs. Ashmore, the captain, and her two sons, Robert and Marvin.

Henry Mathers and James B. Taylor attended the Judson C. Burns outing at the Rita-Carlton in Atlantic City on Tuesday of this week. Mr. Taylor received the trip and \$3 as a prize for setting a sales record in this district during a two month period. Mr. Taylor is now working on a trip to Bermuda.

Mrs. Margaret Weber, of Florance, spent Tuesday at the home of Harry Kemmerle.

Miss Sarah Messenger has returned to her home after spending last week in Wildwood.

Mrs. Albert Smith spent Tuesday in West Philadelphia visiting relatives.

Little Virginia Way, of Baltimore, returned to her home on Sunday after spending a week with Mr. and Mrs. Elvin Powell.

Mrs. A. Gaskill, of Beverly, spent Monday with Mrs. Rockhill, of Delaware avenue.

Church Notices

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, Pastor

The pulpit will be occupied this Sunday by Alex Christie, of Philadelphia, a student at the Princeton Theological Seminary.

On Sunday, August 22, Warren Walton Warman, of Princeton, also a student, at the Princeton Seminary, will have charge of the services.

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

The Rev. Carl Reamer, of Audubon, will occupy the pulpit this Sunday while the Rev. Boyd is on his vacation. The following Sunday Rev. R. A. Conover, of Swedesboro, will be the speaker.

CHRISTIAN SCIENCE CHURCH

"Soul" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 15.

The Golden Text is: "My soul thirsteth for God, for the living God: when shall I come and appear before God?" (Psalms 42:2)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "One thing have I desired of the Lord, that will I seek after: that I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to enquire in his temple." (Psalms 27:4)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Immortal Mind feels the body with supernatural freshness and fairness, supplying it with beautiful images of thought and destroying the worst of sense, which each day brings to a nearer tomb. Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness." (pp. 248, 249)

BIRTHS

Mr. and Mrs. William Schneider, of Cleveland avenue, Riverside, are receiving congratulations on the birth of a daughter, Mary Lou, in the West Jersey Hospital, Camden, on Monday, August 9. Mrs. Schneider will be remembered as Miss Marie Brennan, of Riverton.

Mr. and Mrs. Philip Shulman visited their son Leon at Camp Onirab, Lakewood, Pa., on Sunday.

OBITUARIES

MRS. JOHN A. RUPPERT

Mrs. John A. Ruppert, wife of John A. Ruppert, of Fulton street, Riverton, died suddenly at her home Monday morning.

Requiem High Mass was offered at the Church of the Sacred Heart (Thursday) morning at nine o'clock.

Interment was made in the Most Holy Redeemer Cemetery, Philadelphia, Jerome J. Ziak, funeral director.

Mrs. Ruppert is survived by her husband, John, one son, John Jr., and three daughters, Mrs. Lawrence Volz, of Frankford, and Anna and Catherine, of Riverton.

Miss Dorothy Wolcott, Miss Margaret Mount, Miss Blanche Kuensell and Miss Helen Hensler received their Senior Life Saving Awards last week. The tests were taken at the Moorestown Community House pool.

INVITATION TO FIELD DAY

Tomato growers and all others interested are cordially invited to come to our Field Meeting at Vincentown, Burlington County, New Jersey, Tuesday afternoon, August 17. The 23 acres of proving ground will be open to inspection with full identification of varieties and sources. Other exhibits of interest to tomato growers will be placed at our Vincentown factory which also will be open for inspection. Light refreshments will be served.

LOCALS WIN GAME BY SCORE OF 3-2

Riverton Averages Defeat at Hands of Franklinville Early in Season

Franklinville attempted to make it two in a row over Riverton but instead, the locals evened the count by taking the second engagement between the two clubs in a game played last Wednesday night, at Memorial Park, the score being 3-2. Diffenbaugh assumed the hurling obligations for Riverton and limited the opposition to six hits. He fanned three and walked a similar number, two of the passes coming in the sixth frame.

Riverton Tallies Early
The local scoring started in the third frame, when hits by Reeves, Windish, Baker and Parker accounted for a pair of markers.

The final Riverton tally came in the fifth as Windish doubled and was sent home by Harper's brisk single to center.

Reeves, Windish and Harper each collected two timely hits and accounted for six out of the nine safeties credited to the locals.

Two Double Plays
Two snappy twin killings were by the Riverton inner cordon. In the sixth, a Franklinville rally was slowed down considerably as Cole snaggled the sizzler off the bat of Ermsich and threw to Bartley who touched second to double B. Garrison who had strayed too far in the direction of third base.

Diffenbaugh started the other double-play as he collected B. Garrison's pop-fly bunt and threw to Windish. The latter scuppered Hugo, who had previously singled, as he made a frantic attempt to get back to first.

The win was the sixteenth of the season for Riverton. The locals have played three tie games and lost 12.

Score by innings:
Franklinville 0 0 0 1 1 0 0—3
Riverton 0 0 2 0 1 0 0—3

Errors — Baker, Bartley, Hugo. Two base hit—Windish. Double plays—Cole to Bartley; Diffenbaugh to Windish. Struck out—by Diffenbaugh, 3; by Hensel, 4. Base on balls—off Diffenbaugh, 2. Left on bases—Franklinville, 5; Riverton, 4. Umpires—Johnson and Ewain.

Every bench was filled and there were many standees at the first band concert of the season held in Palmyra last Friday night.

The largest bell ever made was the 220-ton Tsar Kolokol of Moscow. This bell was never rung because of its completion, an eleven ton piece fell from its side.

In a recent statement, B. E. Kaufman, president of the Trenton Automobile Club said, "Although there is on the average about one filling station for every mile of surfaced highway in the state systems, approximately 1,500,000 motorists ran out of gas last year, an increase of 50 percent over 1935.

RAIN WASHES OUT SATURDAY GAME

For the first time this season, a Saturday baseball game at Memorial Park was annulled on account of the rain.

The intensive thunder shower last Saturday caused a postponement of the tilt scheduled between Riverton and the Olympian Club of Philadelphia.

RIVERTON OUTFIT HAS GOOD RECORD

Locals Have Won Majority of Games So Far During 1937 Season

A recapitulation of the record of the Riverton baseball team thus far this season, including the fracas of last Wednesday night, shows that the club has participated in 31 engagements.

Of this number, 16 are on the right side of the ledger, 12 were reverses, while three were deadlocked on account of darkness.

Outscore Opponents
Riverton has piled up a total of 186 runs in the 31 tilts, an average of an even six per game. Their opponents have crossed the rubber 145 times for an average of 4.6 runs per encounter.

In hitting, a number of the regulars are clouting the apple well above the 300 mark.

Harper Leads
The local batters have been paced all season by Harper, veteran catcher. At present, Harper has participated in 13 encounters, has had 46 official trips to the plate and has connected safely on 21 occasions for a healthy average of .456.Sutters Second
Elmer Sutters, who holds down the hot corner, is second on the list of sluggers. He has played in 19 engagements, during which time he has been at bat 75 times. Sutters has banged out 52 bingles to make his average read .426. In his last 19 trips to the rubber he has jolted out 11 hits.

Saturday's rain, which was the first downpour of any proportions for a considerable period, did much to revive the parched lawns and gardens.

The present up-to-date motor equipment of the Palmyra Fire Department is a far cry from that of 50 years ago when the company was founded.

Considering the area and population of Palmyra, Riverton and Cinnaminson, this section is well-protected in respect to fire equipment. There are five pumpers, two hose trucks and one city-service ladder truck.

Every bench was filled and there were many standees at the first band concert of the season held in Palmyra last Friday night.

The largest bell ever made was the 220-ton Tsar Kolokol of Moscow. This bell was never rung because of its completion, an eleven ton piece fell from its side.

The rain over the weekend was of decided assistance in improving the fairways which had begun to suffer from the continued dry weather, although about 20 players who were out on the course Saturday afternoon and received a wrench which may have failed to appreciate the occasion.

The caddies at the club have an official regalia which consists of a green and white cap bearing the letters R.C.C.

The rain over the weekend was of decided assistance in improving the fairways which had begun to suffer from the continued dry weather, although about 20 players who were out on the course Saturday afternoon and received a wrench which may have failed to appreciate the occasion.

ASKEWITES MOVE NEARER TO FLAG

Defeat Collins 5-2, Have One More Game to Play: Win For Burke-Easley

Askew moved one notch nearer the second-half crown in the local softball league by defeating the ever-dangerous Collins entry last Monday night, by the count of 5-2. In the other engagement, Burke & Easley gained a 10-5 decision at the expense of Tak-About. Askew swung into a four-run lead in their initial turn at bat, converting five hits into four runs. Errors on the part of the Collins clan materially assisted the cause of the Motor Boys at this stage of the game.

Settle Down
After this session was over, the Collins players went to work in earnest and Askew tabbed only a single marker during the remainder of the fracas.

The advantage of Askew proved to be a trifle too much for Collins to overcome, however, and their only scoring spree came in the third canto when they managed to push over a brace of markers.

Get 13 Hits
The losers outlit the motor outfit by the count of 13-10, but Knight seemed to acquire additional talent with men on the sacks. The wearers of the blue shirts pested out a pair of singles in each of the fourth, sixth and ninth innings without the semblance of a score.

West, Collins third-sacker, connected safely on three out of four trips to the rubber. E. Wallace, of (continued on page 6)

Y CAMPERS HAVE SEVERAL EVENTS

Horse Show, Swimming Meet and Barn Dance are Popular; Vespers Impress

Howard G. Taylor, Jr., of River-ton, president of the Burlington County YMCA Board, was the speaker at the Camp Ockanickon Sunday morning service at the out-door chapel, while at the girls' camp out-door chapel at Matollonequay, Benjamin J. Roberts, of Marlton, vice-president of the County "Y" Board, was the speaker.

Horseman's play has a large place in the program of both camps. The girls' riding ring is completed and extensively used. They staged a horse show by way of dedication. The boys are making use of an area near the athletic field and their show Tuesday afternoon was a real display of the skill acquired by riders under the direction of Frank Titman. It's a busy summer season for the horses of Tip Top stables at Medford Lakes. The many inviting trails on and near the Ockanickon property make this a delightful part of camp life.

Swimming Team Wins

Swimming contests at the girls' camp always produce a flock of entrants. Last week a team was selected which won over Medford Lakes 35 to 28. A contest this week is being arranged between Counselors and campers by Miss Emma Keith, director of aquatics.

Miss Fern McCracken, of the Moorestown High School faculty, who is director of the Matollonequay senior area, also has charge of camp dramatics. Her group presented the play Hansel and Gretel at the girls' camp out-door "bowling" Tuesday evening, August 10th.

A "barn" dance was held by the girls Saturday night, August 7th. Enough corn stalks were found to appropriately decorate Matollonequay Lodge. There was great viewing among the campers to see who could look most appropriate for such an affair, and the variety of rustic effect costumes made it an evening which will be long remembered.

Watermelons!

One thinks of boys as certainly being able to win over girls in watermelon eating contests. There was no contest, but after rest period, and before the hour of the Sunday afternoon swim, it didn't take long for the girls of each tent and cabin in each of the three areas at Matollonequay to make a large melon disappear. And was the swimming period welcome after that!

Sunday evening vesper services are occasions which remain long in the memory of boy campers. Various settings add to the impressiveness of these services, sometimes on the lake shore, in the heart of the woods, at the out-door chapel in the twilight hour, and now and then around a camp fire. Campers of other years frequently relate how vivid in their memories are such services of worship. Herbert Brown of Collingswood, one of the Counselors, was the speaker Sunday evening, August 8th, at the service held in the out-door chapel.

Interesting Talk

The visit of Henry C. Beck, of the Courier staff, to camp last week, to tell about lost villages of New Jersey, stirred up the imaginations of many Ockanickon campers, so much so that on overnight hike is "on" this week to such a village in the vicinity of Batstow.

The sixth and last week for both Ockanickon and Matollonequay began Wednesday, August 11th. Immediately following the closing date, August 18th, both camp sites will be used by conference groups.

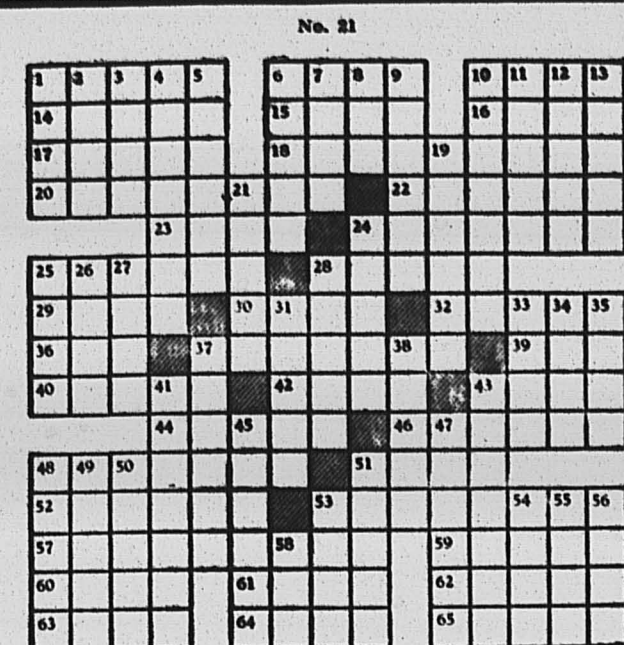

NEW X-RAY MACHINE AT ZURBRUGG HOSPITAL

A new deep X-ray therapy machine has been installed at the Zurbrugg Memorial Hospital, at River-side.

This equipment is believed to be the most effective means of combating cancer. The apparatus, with the necessary radium, cost over \$10,000.

Only two other machines of this type are available in South Jersey, both being located in Camden hospitals.

YOUR CHOICE

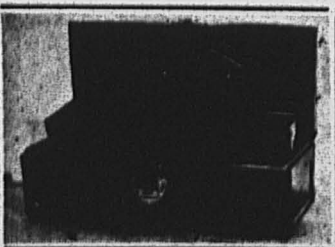

FISHING REEL

All metal, capacity 80 yards. This reel has a level winding attachment, balanced handle and adjustable click. An article of worth while value to every fisherman.

WATERING CAN

This attractively enamelled watering can in the one-quart size and long spout is just the thing for watering house plants and window boxes. You get the water on the plant and not on the floor.

TOOL BOX

This convenient metal box is what every man needs for tools, fishing tackle, etc. It measures 6 x 14 inches and is 5 inches deep. Compartment for tools and handy five-sectioned tray in top for nails, screws, etc. Tray slides back as lid is raised. Complete with handle, lock and key.

VACANT LOTS ARE BEING CUT OVER

Under the supervision of Wilton E. Mount, recreation director at Memorial Park, members of the highway department in Riverton are engaged in cutting over vacant lots on property owned by the borough. This work has shown to considerable advantage in front of the two

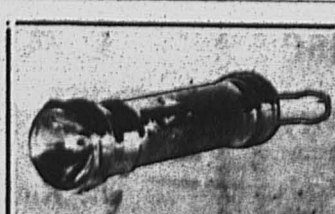

SKILLET

Made of the famous Pyrex Flame-ware. It is 7 1/4 inches in diameter and 1 1/2 inches deep and comes with removable metal handle. The skillet is made of clear, transparent heat-resistant glass developed for top-of-stove cooking by a formula different than that used in the regular Pyrex ovenware.

WALLET

Genuine leather. Size, 3 1/4 x 8 1/4 inches. "Zipper" attachment over bill compartment. Coin container for cards, driving license, etc. A quality, article needed by all men. Even if you have one already, a spare will come in handy when your present wallet wears out—or it would make an ideal gift.

FLASHLIGHT

A genuine Winchester flashlight with solid bronze case and focusing beam. A handy article in any household. Convenient hook enables light to be attached to belt for out-door work. It is equipped with signalling button for Scout use. Complete with battery and bulb.

properties located on the River bank, near Linden avenue. With the tall grass and weeds cut down, the pleasant aspect of the bank will no longer be marred by this heretofore unsightly section. Although the grass was cut earlier in the season, rapid growth has made a second visit necessary. The Gravelly motor mower is employed to good advantage in this work.

BLUE EAGLES GET EASY DECISION

Altadonna on Mound for Palmyra Allows Opposition Only Two Safe Hits

The Palmyra Blue Eagles easily defeated the Pennsauken Pirates by a score of 5 to 1 in a game played at the Municipal Ball Park last Friday evening.

Altadonna was on the mound for Palmyra and held the opposition hitless and scoreless for six sessions. Pennsauken garnered their lone run in the seventh inning, when Davies was safe at first on a fielder's choice, stole second and scored on Waldron's single, one of the two hits Altadonna allowed.

Palmyra Scores

Palmyra scored one in the first, three in the third and one in the fourth inning. Contributing to these runs were two hits by J. Prisco who also tallied two runs to lead the Blue Eagles on the offense.

On Friday evening the Blue Eagles will play the strong Crescent A.C. of Gloucester. Sunday the team will travel to Sea Isle City where they will play the shore nine.

CONTROVERSY OVER MILK PRICE RAISE

The State Milk Control Board will meet later this week to consider protest by the State Milk Producers Association against the method of spreading a 1-cent increase in the price of milk between the producer and distributor, it was announced.

Previously, the dairymen contended they received 3/4 of a cent and dealers 1/4 of a cent per hundred weight. Under the new increase, each would receive 1/2 cent which would amount to a loss of \$800,000 a year for the farmers. A definite date for the hearing has not been set.

A COMMON GROUND

FROM THE COOL DEPTHS of the Electrolux gas refrigerator come foods and drinks to meet the tastes of every member of the family. Baby's bottle and formula are kept at their proper temperatures. Mother's fruits and vegetables are always fresh. Father can count on a cooling drink when he gets home—and even the family pup feels pretty sure that his bottle of sour cream (soured, of course, before it was put in the Electrolux) will be ready when he wants it.

The quiet competence of an Electrolux makes it the hot weather gathering place in many homes. A proper size for your own family is on display at our showroom so why not come and see it?

PUBLIC SERVICE

COMMENT

As the years pass, the need for a swimming pool in the vicinity of Riverton, Palmyra and Cinnaminson becomes more and more apparent.

The only places available nearby are the Delaware River and Pennsauken Creek, both far from satisfactory.

Many suggestions to remedy this situation have been made, including a pool adjacent to the river at the Riverton Yacht Club, a municipal pool at Palmyra, and one along the creek near Memorial Park, in Riverton.

All of the projects have been abandoned or postponed until some future date, for good and sufficient reasons.

Perhaps there is no solution that can be worked out in a satisfactory manner at this time.

On the other hand, if a group of public-spirited citizens would consider the problem from all angles it is quite possible that some worthwhile and practical idea might be the result.

A number of local residents have expressed themselves as being most interested along this line. Why not get together and talk it over?

ABOUT TOWN

Who will secure the tennis championship at Memorial Park this season? A more pertinent question might be, "Will there be a tournament?"

There are already two candidates in the field for the Republican nomination to the position of assessor, in Riverton. Despite a number of rumors, there have been no announcements as to who will run for the two posts on the borough council.

With several townships yet to be heard from, the field of candidates for freeholder has now increased to six. Unfortunately for some, there are only two vacancies.

Extensive improvements are in progress at the Standard Service Station, Broad street and Morgan avenue, Palmyra.

Two teaspoonsful of marmalade stirred into a ground rice pudding just before it is cooked will give it the delightful flavor of fresh orange, without the bother of grating peel. The kiddies will love it.

Congress—And Its Responsibilities

By RAYMOND PITCAIRN

National Chairman
Sentinels of the Republic

Recent events at Washington indicate a renewed and encouraging recognition of our American demand for Government by the People.

For within the next few weeks many members of Congress have shown a fresh sense of responsibility to the great body of American citizens whom they were elected to represent.

Measures deeply affecting our form of government and our methods of life have received careful consideration and serious discussion in Congressional halls—in marked contrast to earlier habits of rush and jam.

The voice of the public—as expressed in the press and in appeals to individual members—has been heeded to a degree too seldom attained during the past few years.

The wishes of constituents have, in a number of recent cases, made their influence felt over the insistent voice of expediency.

All this is cheering to American citizens who regard Congress as their voice in government. And, undoubtedly, the names of those members who showed their sense of responsibility to the men and women they represent will be remembered at the polling places.

Blind and unquestioning enactment of measures prepared and written by heads of appointed boards, bureaus, and commissions to perpetuate their own temporary power, constitutes, in fact, a surrender of the authority vested in the American citizen through the principle of representation.

Careful and considered legislation enacted by a Congress elected under the provisions of our fundamental law, constitutes the American method of Government by the People.

New Jersey Potato Harvest Brings First Fully Matured Crop

With Prices Attractive and Quality High, Housewives Find Potatoes Prove a Boon to Family Food Budget

By FRED W. JACKSON
New Jersey Department of Agriculture

THIS year, potatoes are one of the few foods that can be bought for less than a year ago.

The matter of cost makes them a popular item in the family menu at a time when most food prices are advancing.

Housewives recognize that actually there are no substitutes for potatoes. They serve well as the basis of many meals (the addition of milk and butter to potatoes produces a well-balanced dish); they are sustaining and economical; they are easily prepared and lend themselves to more than 100 different tasty and nutritious dishes. But the factor of low cost is the outstanding factor this year.

These are some of the reasons which women have begun to recognize as outweighing the dictates of passing fashions. The "slenderizing" fads of recent years are giving way to more sensible attitudes and the much maligned potato is regaining its popularity.

Most Important Vegetable

Actually more money is spent on potatoes than on any other vegetable but less care is observed in buying them. That there are real differences among potatoes is recognized by every housewife and just now they are noting that the first mature, full flavored potatoes of the season are appearing on the market. They are from the central New Jersey counties and are mostly of the well-known Irish Cobbler variety. Other popular varieties are the Katahdin and Chippewa. Later, the Green Mountains will follow.

Until now, nearly all of the southern potatoes have been dug while the plants were green and immature. This means that the tubers from such vines are also immature, watery and seldom cook to that dry,

Federal-State Inspection of Potatoes. Are They U. S. No. 1 Grade?

mealy consistency which is the principal characteristic of good potatoes. In fact, until the New Jersey crop appears on the market, most potatoes can be shipped only in wooden barrels because of their immature condition.

How To Buy

When buying potatoes, select those which are clean, firm, smooth, free from bruises and scars, and of uniform size. The amount of waste involved and the ease in peeling are true quality tests. Avoid those showing green. There is little economy in small sizes at present prices. The New Jersey potatoes have exceptionally high mineral content and their full maturity insures a dry, mealy product.

The quality of potatoes offered at retail this year is certain to be improved because of the fact that a large percentage will be purchased from the growers and distributed by dealers under the official grades. Look for the "United States No. 1" grade designation on all sacks from which your purchases are made.

SPEAKER

CHRISTOPHER PEDITTO who has been named as one of the speakers on the program to be conducted during the exercises commemorating the 150th anniversary of the adoption of the Constitution of the United States.

NO FUNDS FROM N. J. ON PROJECT

(continued from page 1)

orized to write a letter to the WPA offices, commending them for the good work accomplished and expressing appreciation for the hearty cooperation given the borough. It was also decided to ask for another project covering two more miles of streets.

Mr. Engle reported at length on the Highland avenue situation. He stated that the New Jersey State Highway Department turned down the successful bid on July 6, after all the necessary preparations had been made and the bid properly advertised. Freeholder Albert C. Jones wrote the borough stating that the bid was turned down, and offered to let the highway as a state aid project for \$360, the borough's share of which would be \$36.

Street Oiled
On July 27, the borough engineers Remington and Goff, recommended that the borough accept the county offer, thus the borough was advised to accept the \$360 oiling job in lieu of a bituminous surface as originally contemplated. In order to settle the dust until this is completed, the borough recently coated the street with a surface of light oil.

The motion was passed authorizing \$15,000 to be paid to Burlington County on the first half taxes for the year 1937. An expenditure of \$3500 was authorized for the board of education.

Sympathy to Geddes
On motion of council, the clerk was instructed to write a letter to Fire Chief Geddes, expressing the council's regrets and hope for a speedy recovery from his accident last Saturday afternoon.

The report of the police department for the month showed six traffic violations, one disorderly conduct, one assault and battery, one drunk and disorderly, 23 calls and complaints, 40 night lodgers and 19 ambulance calls.

A letter was read from the township committee of Cinnaminson, in which they agreed to cooperate with the boroughs of Palmyra and Riverton in establishing a clinic for the treatment of venereal diseases. They also appropriated funds to become available for their share. It was decided to write a letter to the Cinnaminson body acknowledging their letter and also to write a letter to the Riverton borough council asking them what they intend to do about the matter.

Welfare Report
The report of the welfare director showed 11 cases at the end of July, covering 38 people and expenses amounting to \$95.77. The sanitary inspector submitted his report including \$8.00 in fees.

The clerk was instructed to write the Palmyra Board of Education asking them for information concerning the disposition of the child hygiene nurse question which was considered during the summer.

Councilman Huyett was instructed to report at the next meeting on information he had secured concerning a peddlers' license for the borough.

New typist (following rapid-fire dictation): "Now, Mr. Jones, what did you say between 'Dear Sir' and 'Sincerely yours'?"—Exchange.

FIELD MEETING AT STOKES FARM

Tomato Growers Are Invited to Affair at Vincentown on Friday, August 17

Francis C. Stokes & Company is inviting tomato growers and all others interested to attend a Field Meeting at their establishment at Vincentown, Tuesday afternoon, August 17th.

Besides an inspection of the plant, which has a capacity for handling tomatoes double that of the past year, there will be an inspection of Stokesdale Proving Grounds, which are located within one-half mile of the plant. This experimental plant covers 23 acres, and in addition to the breeding plots where foundation stocks are developed, competing strains from all over the United States will be shown with full variety and source identification. In addition to these there will be tomatoes on exhibit from the West Indies and South America.

Two New Varieties
Perhaps the most interesting exhibits will be the plots of Valiant and Stokesdale, two new and very promising varieties which may replace the older varieties Earliana and Bonny Best.

Other exhibits will include Vitamin C determinations, re-rooting with Hormodin A, and a new disinfecting process with a Ceresan. Light refreshments will be served.

PLANS ADVANCE FOR CLUB SHOW

At an all day meeting held on Monday, at the home of Mrs. Harry Kennedy, of Palmyra, further plans were made by the Garden Section of the Palmyra Woman's Club for the Eighth Annual Flower Show of that organization, which will be held in Society Hall on September 17 and 18.

Arrangements were made for a total of 51 classes, three of these being for men and a similar number for children.

Committee
Miss Helen B. Wolcott, who is chairman of the committee in charge of the affair will be assisted by the following: Mrs. Herman F. Anders, Mrs. Raymond Anderson, Mrs. Ida Bonnell, Mrs. A. J. Brooks, Mrs. Julius J. Caprano, Mrs. Frank Clark, Mrs. Joseph T. Evans, Mrs. Emmet R. Finn, Mrs. Grover P. Fox, Mrs. A. C. Giberson, Mrs. Sidney Headington, Mrs. Harry A. Kennedy, Mrs. Walter S. Keene, Mrs. Edward King, Mrs. J. Edgar Liming, Mrs. A. L. Martin, Mrs. A. B. Parker, Mrs. Mary Patterson, Mrs. Frederick W. Rohland, Mrs. C. F. Shaw, Mrs. Robert K. Snow, Mrs. Elias Toy, Mrs. Lewis H. Wallace and Mrs. Clarence T. Yerkes.

The department will hold its next meeting on September 13 at Mrs. Finn's home with a covered dish luncheon preceding.

HARD RAIN HERE WEDNESDAY P. M.

A sudden shower descended upon Riverton and Palmyra at one p.m. Wednesday. During a half-hour period the rain descended in torrents but the skies were clear by 1.45.

The storm added somewhat in relieving the oppressive high humidity which has caused considerable discomfort during the past week.

RIVERTON SCHOOL OPENS SEPT. 13th

In reply to a number of requests, the following information in respect to the age of children who are to enter the Riverton Public School, in September, has been received from Miss Caroline M. Staman, supervising principal.

Children are admitted to the kindergarten when they have an age status of four and one-half years.

This year it will mean that a child who is four years and three months by September 1, that is, who was born before June 1, 1933, is eligible.

School will open on September 13 and children of proper age will be admitted during the first 10 days (until September 24) on presentation of birth certificate and certificate of successful vaccination.

PALMYRA LAWYER IS NAMED TO SPEAK ON U. S. CONSTITUTION

Judge Harold B. Wells, chairman of the speakers division of the New Jersey United States Constitution Commission, has appointed Christopher Peditto, well known Palmyra lawyer, as one of the speakers well qualified to expound the principles of the Constitution during the re-dedication exercises. They will be conducted by the Commission during the period from September 17th to December 18th.

Appropriate exercises throughout the state, to acquaint the public with the Constitution of the United States, and to have all true Americans re-dedicate themselves to the admonition contained in this great document, will be the sole object of this movement.

The commission is composed of a non-partisan group of highly respected citizens representing every county in New Jersey, whose eagerness to celebrate the 150th anniversary of the adoption of the Constitution has culminated in this method to promote a sense of obligation on the part of every individual to uphold and defend this immortal document.

FRANCHISE TAX TO BE DISCUSSED

Meeting in Mt. Holly Tonight Is Called by Mayor John F. Ward, of Palmyra

A meeting called by Mayor John F. Ward, of Palmyra, will be held tonight (Thursday) in the courthouse, Mt. Holly, to consider ways means of recovering money lost to many municipalities by the greatly decreased allotments of the gross receipts and franchise taxes.

All municipal officials are invited to attend this important session.

Amounts Lost
An idea of the amount lost this year to nearby communities is shown in the following:

	Taxes Received 1936	1937
Palmyra	\$11,198.51	\$6,943.35
Decrease		4,056.35
Riverton	6,334.21	4,685.90
Decrease		1,648.31
Cinnaminson	11,356.86	3,922.30
Decrease		7,434.56

According to Mayor Ward, 487 municipalities received a smaller amount this year than in 1936, while there are 177 increases, most of these being in 11 of the larger cities of the state. These eleven communities, in 1936, received 32 per cent of the total tax. In 1937, they received 60 per cent, although the franchise gross receipts taxes increased only three per cent.

Mayor Ward, who has made a very thorough study of the situation, was able to explain the various phases of the matter in a most understandable manner. As the situation vitally concerns every citizen a brief summary of the matter is presented.

Utilities on Sideline
In the first place, the utility companies are not concerned in the matter. The taxes they pay are based on five per cent of the gross income and for the various street franchises. (continued on page 3)

BURNING OIL MAKES TREMENDOUS BLAZE IN PALMYRA FRIDAY

With all the appearance of a blazing oil well in action, a spectacular fire in a vacant lot next to the property of Edman Thomas, 118 Oxford road, Palmyra, was the cause for an alarm to the Parry and Palmyra fire departments shortly after eight o'clock, on Friday evening.

A considerable quantity of used crankcase oil had been poured into an old cellar hole on the property. This was ignited with a result which made local residents believe that a conflagration was in progress.

A billowing column of inky black smoke rose high into the air and this was shot through with flames which roared upward to a height of at least 75 feet. Fortunately no wind was blowing at the time.

A line of chemical was laid to protect a nearby dwelling, but was not needed. After the blaze had burned steadily for about half an hour, it was extinguished by a line from the booster tank of the Parry pumper. The Palmyra firemen extinguished burning grass in the vicinity of the blaze.

Hundreds of spectators were attracted to the scene.

NOTICE

See Page 10 of this issue for Important Announcement

KERSEY-RAE

Miss Margaret Rae, of Palmyra, and Douglas J. Kersey, also of Palmyra, will be married in Epworth M. E. Church, Saturday, August 28. Miss Rae is the daughter of Mr. and Mrs. James Rae, and Mr. Kersey is the son of Mr. and Mrs. Douglas Kersey.

THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

49th Year No. 33

RIVERTON—PALMYRA, N. J., THURSDAY, AUGUST 19, 1937

PRICE FIVE CENTS

FARM LABOR IS BELOW DEMAND

Only 78 of every 100 needed farm laborers were available for employment in New Jersey this year according to a statement by William B. Duryee, Secretary of the State Department of Agriculture.

Although farm laborers in New Jersey are receiving 62 per cent higher wages than during the pre-war period from 1910-14, and farmers were paying 19 per cent more for labor this year than was paid a year ago, the present increase in living costs indicates that farm wages will be forced still higher. Between 1910-14 wages per month, with board, averaged \$20.66, and without board, \$34.02. Today the average wage per month with board is \$33.75 and without board, \$55.50. The rates per day, with and without board, between 1910-14 averaged \$1.20 and \$1.60; today they average \$1.95 and \$2.55.

INSPECTION OF OIL MEASURES

Work to Be Done by County Department; Dealers to Need License

Recent legislation, together with the constantly changing and advancing business methods of today, have necessitated a new set-up of the Burlington County Weights and Measures Department to meet these new demands. In the future, the distribution of fuel oils will be subject to the same degree of control and oversight as is true of its competitor, the coal trade. This will demand continual check-up of meters and the calibration of delivery trucks by a specially constructed apparatus for this purpose.

All licensing of dealers in fuels and their delivery trucks will be transferred to the county office, also the issuing of license plates for their trucks.

Measuring Devices
The rule requiring inspection, testing and approval of all measuring devices before use, is being rigidly enforced. With the ceaselessly changing types of devices, the burden of this is self-evident. The routine duties of the department must continue with unabated attention if the interests of both tradesmen and the public are to be maintained.

Viewing the facts, the New Jersey State Department of Weights and Measures regarded as imperative the appointment by the county superintendent of an assistant.

To meet the cost the new legislation provides that half the fees collected for licensing be returned periodically to the county treasurer by the state.

The board of freeholders has created the office as provided by statute, and the county superintendent has appointed Clarence C. Mattis, of Riverton, to the position, subject to the approval of the State Department.

Continue Mt. Holly Office
For the present the office will continue at 34 Brainard street, Mount Holly, and all clerical work will center there.

All dealers in coal should take notice that licenses and license plates for their trucks must be procured when announcement is made of their availability.

Further, dealers in fuel oils are informed that all trucks must be provided with oil meters of approved type, and be ready for inspection, test and approval.

CITIZENS PROTEST ON FIRE HAZARD

Residence at 516 Cinnaminson Street Riverton Denounced As Eye-sore

A group of citizens, who reside on Cinnaminson street, Riverton, attended the meeting of the borough council held last Thursday night and presented a petition asking for action concerning the double house at 516-518 Cinnaminson street, which was described as an eye-sore, a fire hazard and a public nuisance.

Era Carhart, Jr., chief of the Riverton Fire Company, was also present and stated that he had inspected the property and found that a hazardous condition existed. The matter was ordered to be referred to the borough solicitor to determine what action can be taken by the borough in respect to remedying the situation.

Police Pension

William Gootee, chief of police, brought up the matter of pensions for police officers who have served for a period of 20 years. This matter is provided for in a state law dated 1920 and amended in 1935, to the effect that an officer with 20 years' service may retire upon reaching the age of 65, with half pay. Retirement after this period of active duty is optional before reaching 65, but compulsory upon attaining that age.

Each member of the force contributes four per cent of his salary to the pension fund, and this amount is matched by the municipality.

In order to bring the matter up for definite action it is necessary that a petition be signed by 10 per cent of the voters and be presented to council. The proposition is then decided by the voters at the next election.

Chief Gootee plans to start the petitions circulating at once.

Many other municipalities in the state already have the pension plan in force.

The chief stated that the pension fund might also be augmented by the proceeds from benefits, etc.

NEW ERA AWARD FOR FIFTH WEEK

Claimed by Mrs. Paul Musso, Of 209 Cinnaminson Street, Riverton

The New Era five dollar award in connection with its weekly feature advertising page, was claimed last week by Mrs. Paul Musso, of 209 Cinnaminson street, Riverton. Mrs. Musso was given the credit at Clinton B. Woolston's, Riverton.

This popular feature, which will continue for three more weeks, is being sponsored by The New Era and the following eight merchants in Riverton and Palmyra: Carlson's Pharmacy, L. L. Keating, John H. Etris, Clinton B. Woolston, Palmyra 5 and 10, Joseph T. Evans, Shulman's Department Store, Riverton Market House.

See Page 9

On page 9 of this issue appears the photograph of a local resident, taken while this person was patronizing one of the merchants listed above. This picture will mean five dollars in merchandise to the owner. Just tell The New Era who you are. In connection with this page, may we offer a bit of timely advice: examine the summer specials offered by local merchants on this page. Why go into Philadelphia to shop when you can do so conveniently and economically at home?

REV. STOCKETT TO LEAVE PALMYRA

The Reverend Norman Stockett, Jr., priest-in-charge, of Christ Church, Palmyra, has resigned from his present work to take up missionary work in the northern part of the diocese, which consists in setting up an "Associate Mission" in Hunterdon County. Rev. Stockett will live in Lambertville, which will be one center from which he will work. Calvary Church, Flemington, will be the other. His last service here will be the first Sunday in September.

Rev. Stockett plans to move on the eighth. It is not expected that a successor to Rev. Stockett will be appointed until after November 1.

In the interim, the pulpit will be occupied by the Rev. George Boate, of Philadelphia.

RIVERTON P.T.A. PLANS FOR YEAR

Committee Chairmen Named by President, Mrs. C. H. Yost; Program Later

With the renewal of activities at the Riverton Public School on September 13th, the Parent-Teacher Association is fast completing its plans for another of its usual active seasons.

Officers for the ensuing year are as follows: President, Mrs. Charles H. Yost; first vice president, Mrs. Henry P. Orlmann, Jr.; second vice president, Miss Carolyn Staman; secretary, Mrs. J. Rowland Dey; treasurer, Mrs. Charles J. Stewart.

Chairman of Committees

Membership, Mrs. Charles Sims; hospitality, Mrs. David J. Symon; publicity, Mrs. Alexander B. Garwood; child study, Mrs. Francis B. Elwell; entertainment, Mrs. G. E. Howell; music, Mrs. C. V. Devery; decoration, Mrs. Robert G. Adams; program, Mrs. John P. Abel; "Summer Round-Up," Mrs. Morris H. DeCoursey; Christmas stockings, Mrs. Thelberg King; publications, Mrs. Edward H. Blackwell; local life membership, Mrs. Porter B. Caldwell; finance, Mrs. Charles F. Stewart; adult education, to be announced later.

Program for the Season
The season's program will be announced later, and the P.T.A. and its officers take this opportunity of cordially inviting new residents, whose children will attend the school, to participate in the activities of the association.

Details about the organization's programs may be obtained by interested parents, by phoning the president, Mrs. Charles H. Yost, at Riverton 51-M.

NEW BAKERY TO OPEN IN PALMYRA

W. H. Koerner to Have Store at 307 E. Broad, 25 Years In Business

Palmyra will have a new business establishment when Koerner's open their new bakery, confectionery and ice cream store at 307 East Broad street, next Thursday, August 26th.

The new and modern store, next to the Taylor-Mathers General-Electric store, has been completely renovated and is being fitted with new fixtures throughout.

25 Years in Business

William H. Koerner, proprietor, has been in the business at 3623 Westfield avenue, Camden, for the past twenty-five years and has established an enviable reputation there. The bakery and ice cream manufacturing plant is located at that address. Mr. Koerner states that fresh goods will be supplied to the Palmyra store twice daily from the Camden plant where a schedule of continuous baking is maintained to assure absolutely fresh products.

Mr. Koerner invites the public to visit his Camden plant as well as his new store in Palmyra. At both establishments and in the plant strict sanitary conditions are rigidly maintained at all times.

Soda Fountain

The new store in Palmyra is being equipped with tables and a new soda fountain where refreshments may be had at all times. The home-made ice cream is made from fresh fruits and flavors and wholesome cream, and is available in many delightful kinds for both store consumption or for package trade.

Koerner's will feature fancy baked goods, appetizing pastries, hot bread and rolls, holiday confectionery and ice cream.

The store will be open every day and evening including Sundays. Delivery of special orders will be made.

SACRED HEART CHURCH CARNIVAL

Father John F. Welsh, of the Sacred Heart Parish, Riverton, has everything well organized for the church carnival that will be held on the Knights of Columbus grounds on Friday and Saturday, August 27 and 28. All the parish organizations have combined to make this the biggest affair of its kind held in the parish. Father Welsh has had wide experience in conducting carnivals in the upper part of the state, and several new ideas will be introduced that are certain to be popular with those in attendance.

The major prize will be a 1937 Ford V-8. Ground prizes will be awarded each night, and many other valuable prizes will be given away.

Frank N. Stroblein is general chairman, with a large number of able assistants.

PRAUL IS SCRIBE TOURNAMENT WINNER

Displaying a consistent, smooth brand of tennis, Dick Praul, of the Daily Enterprise, Burlington, defeated Godfrey Boehm, of the Riverside Press, 6-3, 6-3, to win the championship of the Burlington County Newspapermen's tournament and the silver cup awarded by State Senator Clifford R. Powell, of Delanco, at the Rose Valley courts, Burlington, Monday evening.

Praul's power at the net and his placement shooting proved to be too much for Boehm, who depended on a baseline game. The match was well played, however, and several times Boehm scored points by passing his opponent at the net. Praul entered the finals by defeating Jack McNulty of the Riverside Tribune, in a three set match, 4-6, 6-1, 9-7. Ellsworth Coates, of the Enterprise, defaulted to Boehm.

The tournament proved to be a real success with 17 scribes from 11 county newspapers being entered. Next year it is planned to have a tournament with at least 32 newspapermen taking part.

New York, like the interior parts of the country, has been afflicted with high temperatures. It was so hot here last week that two statesmen were observed walking for Mayor—New Yorker.

RESIGNED

REV. NORMAN STOCKETT, JR., who will leave Christ Church, Palmyra, on September 8, to assume a new charge in Lambertville, N. J.

CITIZENS PROTEST ON FIRE HAZARD

(continued from page 1)

establishment of a clinic at Zurbrugg Memorial Hospital, Riverside, for the treatment of venereal diseases. He stated that Cinnaminson and Palmyra had already signed their intention of paying \$100 each for the support of the clinic and felt that Riverton should contribute an equal amount. The state matches the municipal contributions and pays for the supplies. Mr. Knight was instructed to inform the Palmyra authorities that Riverton would cooperate in the matter, but desired to obtain more data in respect to the state law governing the situation.

Sewer Project

Daniel M. Clifton, inspector for the recent sewer project, reported that the work had been completed according to specifications. Councilman Merrill, reporting for the fire committee, stated that members of this group had attended a recent meeting of the Riverton Fire Company, at which time the firemen requested information regarding the purchase of a service truck which the members of the company is a much needed piece of equipment.

Mr. Merrill stated he had advised the firemen that \$1,000 was appropriated for the apparatus in 1937, and that a similar sum would be allotted in 1938. It was originally thought that the truck could be obtained during the current year, but extensive repairs and replacements to the older trucks had made this impossible.

Next Year

Mr. Merrill added that he and the members of the fire committee believed that council should make definite plans to obtain the apparatus next year.

In reporting for the highway committee, Councilman Sylvester stated that the work on the streets of the borough had been taken care of according to schedule and was nearing completion.

No Claim

A letter from the borough solicitor stated that he believed Frank Goodwin, Jr., of 612 Lippincott avenue, had no claim against the borough for a dog which was run over by a truck of the highway department on July 2.

It was stated that the canine had a habit of sleeping in the gutter of the driveway where the truck is garaged. Upon the approach of the machine the animal apparently removed itself from the path of the truck, but returned to its resting place just before the rear wheels passed over it. Witnesses agreed that the driver was in no way at fault.

The following bills were approved and ordered paid:

BROADWAY TAKES MEASURE OF A'S

Win Crucial Contest 5-4 and Send Farmers Out of Second Half Scramble

After going through the second half with only a single defeat, the fighting Farmers were eliminated from the race last Monday night at Memorial Park by Broadway, the score of the fracas being 5-4.

The affair was hotly contested throughout and was viewed by a large crowd of rabid fans.

Broadway Breaks Ice

After three scoreless frames, Broadway broke the ice in their half of the fourth, when three markers skinned over the rubber. Foulke stroled to start the frame, this being the only pass issued by Haines, Athletics pitcher, during the engagement. Baker singled and Foulke went to third as the former's hit was badly handled.

Daly then connected for a one-baser, Foulke scoring. After two outs followed, Baker tallied on a long fly to center field. Cahill then smote a single to push Daly over the plate with the third run.

A's Come Back

The A's staged a scoring feat of their own in the sixth canto, three runs which tied the score being produced as follows: Headman, Phelan and Williams singled in quick succession. Headman tallied as Flagg hit to deep short and was safe as the play was made at home with negative results.

The second marker came on an infield out. Shea then jostled out a bingle to push over the marker that knotted the count.

Broadway went ahead in their half of the inning as Buchholz tagged one for three bases—B. Anderson then got himself his second hit of the pastime and Buchholz jogged over the plate.

Another Run

The Movie Magnates added another in the following session, Terrill was safe on a bobbie and a second on a poor throw. An infield out advanced him to third and he easily made home as a long fly went to the outfield. This ended the scoring for Broadway.

The A's were not done, however, and staged a rally of their own that had the Broadway board of strategy going about the field with knitted brows.

Load Bases

Phelan got a free ticket from Foulke, who had relieved Gonteski. This started the eighth frame. Williams got a life on an error and Flagg forced Phelan at third. A wild pitch advanced both runners and Lynch was safe as the attempt to nip Williams at the plate failed. Shea then got a pass and the sacks were crammed.

Swain and Rothbaum were easy outs, however, and the Athletic offensive was done for the evening.

Score by Innings:

Athletics 0 0 0 0 3 0 1 0—4
Broadway 0 0 0 3 1 1 0 x—5

Batteries—Broadway:

Gonteski; Foulke and Buchholz; Athletics: Haines and Shaeffer. Umpires—Carhart, Johnson and Alloway.

Observations

The Athletics had 12 men stranded on the paths as compared with nine for Broadway.

A total of 10 hits were barged by the Farmers, while Broadway annexed one more.

Errors were even, each team committing three miscues.

"It is easy to know what sort of God a man worships by his treatment of his fellow human beings. If he believes in a God whose chief joy is found in punishing people for their sins, in robbing people of happiness, he will act like a punitive god in all his dealings."

"Each man is an advertisement of the religion he professes. It isn't what he says he believes but what he acts in life that tells the truth about his belief."

When most people are willing to work only eight hours a day, the opportunity of the young man who has no aversion to work, must be apparent.—Henry L. Doherty.

Whatever you start, start it by knowing the facts.—Henry L. Doherty.

ON THE THIRTEENTH

Friday, the thirteenth, may be unlucky for some people, but not for Paul Burke, one of the genial proprietors of the Burke & Easley Service Station, Riverton. Paul and a party of friends set out last Friday from Beach Haven Terrace with Capt. George Clover and his boat "Angler." They are shown with the day's catch which included five tuna, seven blues and a dolphin. The largest tuna tipped the scales at 38 pounds.

Those in the picture, left to right, are Paul Burke, B. M. Snellbark, of Woodbury; Frank C. Bird, of Camden, and L. W. Taylor, of Woodbury.

FRANCHISE TAX TO BE DISCUSSED

(continued from page 1)

The amount actually paid does not fluctuate materially from year to year. What becomes of the money after it is paid is not determined by any utility, but by the state tax commissioner.

System Used

For many years the tax was apportioned by the tax commissioner according to a system developed by Osgood, on a basis of unity production. All went along nicely until the city of Hoboken decided that this was not according to law, and the case went through the courts, which returned a verdict for the plaintiff. This judgment was sustained by the New Jersey Supreme Court and the Court of Errors and Appeals.

New Apportionment

After this was done, the apportionment was made on the following basis: the local assessor certifies ratables to the county tax board which, in turn, certifies to the state board. In many cases, such as Newark and others, the assessed valuation took a tremendous jump between 1936 and 1937. The result of all this was a greatly increased apportionment of the utility taxes.

As there is only so much money to be apportioned, it is obvious that if certain municipalities get a greatly increased amount, based on their assessed valuation, others must, of necessity, be given a smaller share. This is exactly what has happened.

Hopes to Get Back Money

Mayor Ward feels that a concerted action on the part of the many municipalities affected will do much to influence action by the legislature at the next session, which will restore the apportionment to the former basis.

The Mayor, who is a member of the executive board of the New Jersey League of Municipalities, is being assisted in arranging for the meeting by Alexander Denbo, borough solicitor for Burlington township.

About the only difference between the old dime novel and one of today is \$1.90—Ohio State Journal.

STOP, LOOK, LISTEN IS GOOD ADVICE

1,786 Lives Lost at Railroad Crossings in 1936; Much Money Being Spent

Although more than \$70,000,000 has been spent in the federal program of grade crossing elimination and protection, fatalities at rail-highway crossings continue to mount, S. E. Kaufman, president of the Trenton Automobile Club, the Central New Jersey unit of the American Automobile Association declared last week.

"During 1936," he said, "a total of 1,786 lives were lost in grade crossing crashes, while nearly 5,000 persons were injured. The greater volume of highway traffic and the greater speeds of both trains and automobiles during the past year undoubtedly were primarily responsible for the increase. However, last year's total was still far below the record of 2,568 grade crossing fatalities registered in 1928."

"At the present time, a total of nearly \$100,000,000 has been apportioned to grade crossing projects which are now under construction. These include 797 new separations, 138 reconstruction jobs and 345 protection projects."

"With appropriations for grade crossing elimination and protection now included in the regular federal aid bills, the outlook for eventually bringing the number of grade crossing fatalities down to the very minimum is extremely good."

"This, of course, is a long-range program. In the meantime, it behooves every motorist to exercise the utmost care and caution at all grade crossings. The records continue to show a surprising number of motorists who crash into the sides of trains sometimes even when the crossing is protected by lights, bells and gates. The time-tested slogan of 'Stop! Look! and Listen!' is still as important as ever."

Both camps ended their season with special recognition ceremonies Tuesday evening, August 17.

Secretary Guy C. Hendry will leave on his vacation today, going to his farm boyhood home on the sea coast of New Hampshire at North Hampton. Sword fish and steaming clams beware! He and his family plan to be there about ten days.

The President says a government employee has no right to strike or bargain collectively. John Lewis always looks better in somebody else's yard.—New Yorker.

YMCA BRIEFS

Camp Closes

Registrations for Camp Oceanick on thru Burlington county reached a new high this summer, totalling 202. During the six weeks there were 1253 camp weeks, enjoyed by approximately 600 different boys, the balance being registered thru Monmouth, Camden and Gloucester counties.

The number of campers at Matol-honequey, the girls' own camp at Oceanick, averaged 154 a week.

Fine cooperation on the part of a number of organizations, service clubs and churches considerably increased the number of boy campers. Those from Burlington county thus cooperating were: Christ Church, Bordentown; Trinity Church, Moorestown; Social Service Department, County Hospital; Columbus YMCA Board; Young Men's Club, Burlington; Young Men's Club of Pemberton; Mount Holly, Moorestown; Y's Men Club; Locust Lane Dairy, Medford and Moorestown. A number of individuals also contributed camp scholarships.

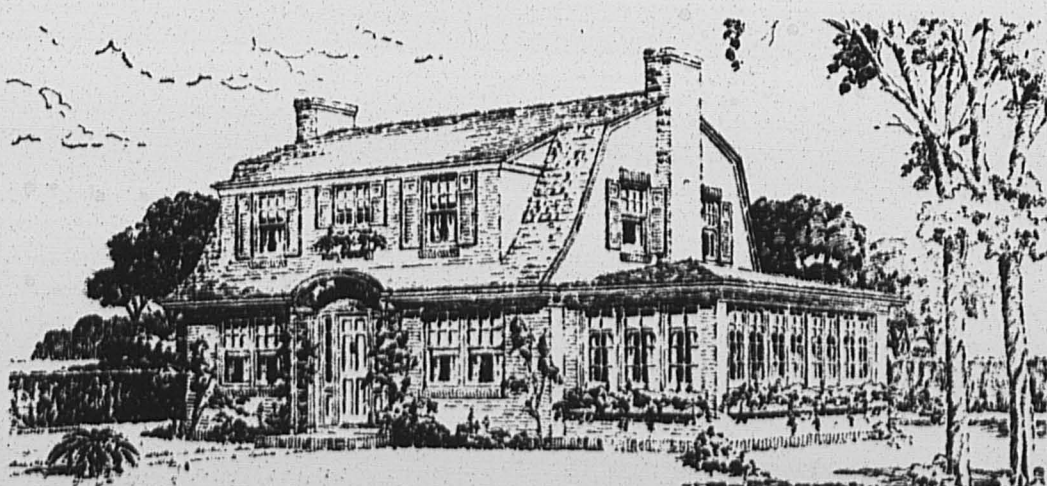

Special Ceremonies

Both camps ended their season with special recognition ceremonies Tuesday evening, August 17.

Police Pension Fund

A movement is being started in Riverton to have the matter of pensions for local police officers brought up for public vote at the coming election in November.

Officers, to be eligible for retirement at half pay, must have 20 years' service on the force. The men contribute four percent of the salary and this sum will be matched by the borough if the plan goes through.

A large number of municipalities throughout the state have already put this system into operation.

Police officers do not come under the benefits of the Federal old age pension fund and unless this, or a similar plan, is adopted there is no provision made for any pay after retirement for men who have served in a most hazardous occupation.

None of the officers in Riverton will be eligible for retirement for a number of years. Right now appears to be an excellent time for such a plan to be put into operation, since a sizable sum will accumulate before any payments are necessary.

AIR CONDITIONING
UNIT INSTALLED AT
LOCAL FUNERAL HOME

The Snover Funeral Home, Inc., at 313 East Broad street, Palmyra, in keeping with its policy of maintaining a thoroughly modern establishment, has recently installed an air conditioning unit.

The unit, known as "Chrysler's Airtemp," is a product of the Chrysler Corporation, Dayton, Ohio. It is installed in the basement of the Funeral Home and operates to cool and air condition the entire first floor of the establishment.

The unit purifies, humidifies and cools the air, bringing the inside temperature from 15 to 20 degrees below that of the outside temperature.

The conditioned air is admitted to the various rooms from ducts at ceiling level, thus avoiding noticeable drafts. The grilles are adjustable for direction, allowing for an equal distribution throughout the room.

The unit is entirely silent in operation.

The rooms served by the unit are the funeral parlors, the office and preparation room.

CANDIDATES FOR
BOROUGH COUNCIL

During the past week two candidates have announced their intention of running for the Republican nomination for members of the Riverton Borough Council, at the coming primary election.

Those who have announced are Raymond M. Fuller, of 216 Fulton street, and David P. Gould, of 6 Seventh street.

Two vacancies will exist, as the terms of Councilmen E. K. Merrill and Gorham P. Sargent expire at the end of the year.

Mr. Merrill, after a long period of faithful service in the local governing body, has decided not to run for re-election. No final word of Mr. Sargent's decision has been received, although it is understood that he will not be a candidate.

Both Mr. Gould and Mr. Fuller have resided in Riverton for many years. The former is a chemist with the Barrett Co., of Philadelphia, while the latter is a consulting engineer.

CLOSING FESTIVAL
AT PLAYGROUND

Only a few short weeks left now before the school bells will be ringing again, and the playground season of this year will be a thing of the past. The closing festival will be held probably on Tuesday night, August 31, and the long looked for Lantern Night will be the feature of the occasion.

There will be lanterns everywhere and all kinds of gaily decorated floats and bicycles. The climax will be a big hot dog roast.

There have been sell ball contests and hop-scotch contests last week and this week, and the very hot days were taken up with bono parties and handcraft which has been carried on this year more successfully than ever before.

Some of the beautiful things that have been made are: waste baskets, powder boxes, door stops, lawn ornaments, oilcloth belts, oilcloth toy animals, vases with beautiful designs on them, foot-stools, bead-work and willow-work baskets.

When Mrs. Anna Roberts, nature worker of the Recreational Division of the WPA, comes to the playground there is always great interest shown in her talks on small animal and insect life, and her nature folk lore stories. "Uncle Benjie Franklin" has been a popular visitor, too, with his children's theatre group. Tommy D'Agostino with his famous piano-accompaniment always gets a big welcome from the children.

These popular special features have added greatly to the program this year and helped to make the season a success.

ANNOUNCEMENT

Dr. Dean H. LeFavor will not be in his office from Friday to Monday, August 20 to 22 inclusive.

GUESS NUMBER OF
COFFEE BEANS

The Riverton Market House, at Broad and Main streets, Riverton, is offering a \$5 basket of groceries free to the person guessing the nearest number of coffee beans packed in a jar on display in its store.

With each pound of Montico coffee purchased at the store the purchaser is entitled to a free guess. Try this delicious coffee packed in the vacuum jar, 2c refund on each jar.

RIVERTON

Mr. and Mrs. Oliver G. Willis and family are spending ten days at Bretton Woods, New Hampshire.

Mr. and Mrs. E. N. Cooper and family are spending several weeks in Rhode Island.

Mr. and Mrs. A. B. Garwood have returned to Riverton after vacationing in Point Pleasant, Pa.

Mr. and Mrs. John Blandford and family, of Wilkes Barre, are spending the week with her mother, Mrs. John Althouse.

Mr. and Mrs. Alex Cole and family, of Forty Fort, Pa., are spending the week with Mrs. Frank Cole.

Miss Mildred Clelland has returned to her home on Main street after spending the week in Scranton, Pa.

Mrs. Henry Evans, of Rummeneid, spent Saturday with her son, Edwin Evans of Linden avenue.

Joseph V. Landers and daughters, Marcella and Helen, are spending two weeks in New York.

Mr. and Mrs. J. C. Harper, of Main street, are vacationing in Rhode Island.

Mrs. J. J. Siddall is spending several weeks at Prince Edward Islands, Canada.

The many friends of Mrs. Joshua W. Atlee, of Linden avenue, will be sorry to learn that she is seriously ill at the Jewish Hospital, Philadelphia.

Mrs. Alma Evans and Mrs. Mattie Musser attended the harvest home supper at Indian Mills on Wednesday of this week.

Robert Eval, of Harrison street, who has been employed at the Burlington County Almshouse, has accepted a position in the repair department of the Lester S. Fortnum Ford agency, in Palmyra.

Mrs. Harriet Kirby, of Linden avenue, who was seriously injured in an auto crash last week, is slowly improving in the West Jersey hospital, Camden.

Mrs. Alma Evans spent the weekend at the Samuel Briggs cottage in Surf City.

The Burlington County Woman's Republican Club, of which Mrs. Pearl Bridgman is president, will entertain the State Republican Committee at Medford Lakes Lodge on Monday, September 13.

Mr. and Mrs. Ellis Clifton and family, of Mechanicsburg, Pa., are spending several days at the home of Mr. and Mrs. Daniel M. Clifton, of Main street.

Mrs. Jumbult and Mrs. Eula Roach, both of Palmyra, were the winners in the stocking club run by Mrs. Lewis Bell.

Mr. and Mrs. William Evans and family are spending the week at Wildwood Crest.

Miss Betty Bailey has returned to Temple Hospital to resume her training for a nurse after spending ten days with her family in Riverton.

DRIVES 150,000
MILES SAFELY

Earl A. Shrader, of Riverton, has been honored by the New Jersey Safe Drivers' Committee for his outstanding safe driving record. Mr. Shrader has driven 150,000 miles without a reportable accident. The committee announces that new awards will shortly be made to drivers in the 100,000 and over group. These drivers will be notified by mail when to make the exchange.

CARD OF THANKS

We wish to thank our many friends and neighbors who so kindly extended sympathies in our recent bereavement, and who sent cars and flowers to the funeral.

John A. Ruppert and Family.
Canada leads the world in the production of news print paper.

PALMYRA

Miss Kathryn Johnson spent last week in Leonia, New Jersey, as the guest of Miss Barbara Easton.

The Philathea Class of Central Baptist Church are planning a covered dish luncheon on August 26, at 1 o'clock in the social hall of the church. Admission 25 cents and a covered dish.

Mr. and Mrs. T. S. Branson, of Washington avenue, are spending two weeks with their daughter, Mrs. Howard Dingee, in Atlanta, Georgia.

Miss Cammie McCullough spent last weekend in Pottstown, Pa., visiting her brother.

Clifton Seal, of New York, Joseph, Miss Jean and Miss Adeline Seal, all of Palmyra, are enjoying a ten days trip to Quebec and Montreal, Canada.

Mr. and Mrs. Elvin Powell and family are spending the balance of the summer in Lake George, New York.

Mrs. Mary Hamelman, of Pennsauken, spent Sunday with Mrs. Eula Roach, of Delaware avenue.

The officers of Camp No. 3, Patriotic Order of America, were installed by the district president, Mrs. Evelyn Roach, on Thursday evening of last week.

The P.O. of A. card party was held at the home of Mrs. Gertrude Dinn Wednesday evening.

The Misses Marie L. and Virginia McDermott, 407 Leconey avenue, Palmyra, sailed from Philadelphia, August 10, on the S.S. Berghnia of the Merchants and Miners Line, en route to Boston and New England.

Mr. and Mrs. Walter Hanson and family have returned from a cruise on Chesapeake Bay.

Mrs. Albert Young, of Williamson, New York, has returned to her home after spending several days with her daughter, Mrs. Elmer Tretter, of Broad and Vine streets.

Mrs. A. B. Powell spent last Thursday in Medford visiting friends.

Miss Thelma Holmes of Beverly, has returned to her home after spending several weeks with her grandmother, Mrs. Anna Rockhill, of Delaware avenue.

THIRD CONCERT
FRIDAY EVENING

The third WPA Concert of the season under the direction of Gustav Hagedorn, conductor, will be held in the Grove, Palmyra, on Friday, August 20, 1937, at 7:30 o'clock.

The program will be as follows:
1. March—"The Parade of Youth," by Hagedorn.
2. Overture: Phedre, by Massenet.
3. "By the Waters of Minnetonka," by Ljeurane.
4. Euphonium Solo—"Beautiful Colorado," by de Luca, played by Paul Gibilisco.

5. Selection from The Chimes of Normandy, by Planquette.
Intermission.
6. Suite "La Ferie," by Lacomb.
7. Characteristic—"The Whistler and His Dog," by Pryor.
8. Vienna Nights, Waltzes, arrangement by Hagedorn.
9. Selections from The Red Mill, by Herbert.

This concert is presented by the Works Progress Administration, Federal Music Project, Dr. Nicholas Sokoloff, national director, and Frederick Rocke, New Jersey director.

CALVARY PRESBYTERIAN
CHURCH

BAD ACCIDENT
OCCURS ON PIKE

John Gusz, of Robbinsville, N. J., ran into the rear of a truck owned and driven by Abraham Weinstein, of 60 Hatford avenue, Brooklyn, N. Y., at 2:30 Wednesday morning on Route 25, near Hathaway Lodge, while proceeding toward New York.

Gusz was taken to Cooper Hospital, Camden, by H. N. Miller, Jr., of Hightstown, who was immediately in back of the accident. It was found that Gusz suffered from severe lacerations of the head and glass in the right eye from a splintered windshield. Doctors believe that it will be necessary to remove the eye.

The accident was investigated by Chief George Dorworth, of Cinnaminson Township.

A thing that someone doesn't find fault with is seldom worth having.

RIVERTON PLAYS
FOURTH DEADLOCK

Seven Inning Engagement With Pennsauken Ends at 5-5: Homer for Easley

With rain threatening at every stage of the game, Riverton played Pennsauken to a 5-5 tie last Wednesday night at Memorial Park, the engagement being called at the end of the seventh on account of darkness.

The fracas was the fourth deadlock of the season for the locals.

Get 11 Bingles

Riverton touched Hagerman, opposing twirler, for 11 safeties, while the enemy collected nine hits off the combined offerings of Zimmer and Diffebaugh, the latter going in during the sixth after the enemy had climbed into a 5-4 advantage.

The locals crossed the rubber once in the initial frame when Harper tripled to score Reeves who was hit by Hagerman.

Add Another

The second run was manufactured from a double by Harper and a single by Sutters. The next two came as a result of a handsome four-ply belt by Jack Easley. This scored Harper who had previously singled for his third safety of the evening.

The final Riverton score was produced in the fifth frame when Doubtless from the bat of McDermott and a one-baser by Gibson, the latter a pinch hitter for Zimmer.

Rally Falls Short

The home team almost pulled the game out of the fire in the final session. Harper annexed his fourth clout of the fracas and went to second as Easley came through with his second hit. Harper was caught off second on a close play for the first out, but Sutters became the second victim of Hagerman's wildness.

The game came to an end in short order thereafter, as the next two batters were easy outs.

Hit by pitcher—by Hagerman; Reeves, Sutters. Double play—Cole to Foulke to Easley. Left on bases—Riverton, 7; Pennsauken, 8. Umpires—Johnson and Buchholz.

YACHT CLUB YARNS

BY NUTE
AND
MIKE

Hello Joe:
Not having written you in the past three weeks, we answer an asking conscience and commence herewith. The R.Y.C. racing season having been temporarily suspended during the Maryland regattas, we weighed anchor and went south.

Chestertown Regatta

Arriving here Thursday, the 29th of July, we found the R.Y.C. well represented, having five Dusters, one Cricket, and one 16-footer entered in the races. By Saturday night the honors stood: Ted Hunn with one first and one second; Nute Hunn with one second; and Rub Gladney with one second. Incidentally Rub copped the largest trophy. Tain't right. Sunday the gang shoved off for St. Michaels; some sailed and some drove. Leaving the boats there we returned home, to leave immediately for Newport, R. I., to see Mike Vanderbil complete his course "on how to sail a J boat," in four easy lessons.

St. Michaels Regatta

Pulling into St. Mike's the following Thursday, we found such peoples as Commodore Voorhis, Pappy Hanson, and Old Man Lippincott maneuvering their respective yachts around the crowded harbor. Lippincott's "Pathagoras" taking a special beatin', the sailing fleet proceeded to mooch meals and sleeping quarters from the aforementioned yachts. Here final tallies shifted a bit as Bob Lippincott captured two firsts; Howard Lippincott one first; Lynn Hendrickson one second; John Ayres one second, and Rod Merrill one third. 'Snot bad, nine boats won six prizes.

Oxford Regatta

None of the gang ever having been to Oxford before, several of them decided to see what went on there. So Ted and Nute Hunn, Rod Merrill and Howard Lippincott appeared on the scene ready for action. We hope next year that more of our fleet shows up there because it is one of the few regattas devoted entirely to sail boats. We were overjoyed at the absence of the noise and smell of the peaky stink boats. This all came about on Friday and Saturday following St. Mike's. Here Rod Merrill stepped out to grab off a first, followed by Howard Lippincott who snagg'd a second.

Encountering the flukiest alre for three consecutive weekends we have ever met, the gang did quite well. Considering three days of flat calm, two days of medium flat calm, and one day of rain, the fleet came out twelve trophies to the good. This ending our travels we now look forward to the reopening of the R.Y.C. racing season this Saturday.

BURKE & EISLEY

Rain Halts Crucial Contest in Fifth; Other Game to Askev on Forfeit

An abundance of action was witnessed at the softball games in Riverton, last Thursday night, although neither tilt went the full nine innings. The A's beat Burke & Easley 6-0 in a five frame affair, while Askev won a forfeit from Millside as the umpire called the fracas in the first half of the fourth when Millside staged a stalling demonstration. Detailed explanations will be given later.

A's Strike Early

The Athletics, playing a crucial game in their drive toward the second-half flag, jumped into an early lead as a thunder shower loomed in the offing. Shaeffer and Williams were both passed by Hytton. Flagg then socked the apple into deep left and the ball went over the hill for a homer. Bench critics averred that the spheroid should have been caught, but it wasn't and the Farmers had three runs.

Load Bases

The Ollers loaded the bases in their half of the second, but were unable to push over a tally. Thomas singled sharply, Landgraf strolled and Richmond followed with a one-bagger. Bonnatelli then fled out to and to the innings.

The skies kept getting blacker by the minute and a legal contest appeared to become more and more dubious, especially as considerable time was consumed in the A's half of the fifth, when the Farmers added three more runs to their total.

Swain Hits Homer

The first two Athletics were safe on errors and then Swain poled one into the creek to clear the sacks. The contest actually went into the sixth inning, the Farmers pushing over another tally as the rain commenced to fall. The Ollers had no opportunity to bat in their half of the inning, however, as the game was called after one Farmer had been retired. The score thus reverted to the fifth frame.

Score by innings:
R H E
Athletics 3 0 0 0 3—6 4 0
Burke-Easley 3 0 0 0 0—0 5 2
Batteries—Athletics: Haines and Shaeffer; Burke & Easley: Hytton and Bonnatelli. Umpires—Rotenbury and Richman.

The Other Engagement

Askev and Millside got away to a late start, due to the fact that improvised bases had to be furnished by Joe Yearly, the regular sacks being under lock and key with no one present having the key.

FARMERS TO GET TELETYPE REPORTS

First in America to Receive Data on Prices Daily By this Method

New Jersey farmers will be the first in America to receive daily market reports by teletype. Secretary William B. Duryee of the State Department of Agriculture announced late last week.

The teletype system, which is being installed this week, will enable farmers to base their harvesting and marketing activities for each day on the reports received early in the morning from the principal markets, Secretary Duryee explained.

Although a few other states have experimented with teletype service, none have offered such efficient and up-to-the-minute information to the individual producers as that now provided by the New Jersey Department of Agriculture.

Prices Daily

Each morning, prices received from New York and Philadelphia markets will be sent over the wire from the headquarters of the Department of Agriculture in Trenton to several of the South Jersey cooperative auction markets. The first receiving sets are now being installed in Cumberland county at the office of the county agricultural agent in the court house at Bridgeton and Vineland and Cedarville markets. It is expected that most of the auctions will request the service in the near future.

Two-way Service

After reports are forwarded on the teletype system, there is opportunity for a two-way questions and answers service between each of the local markets and with the Department.

It is my belief that the inauguration of the teletype price reporting system in this state will prove a valuable aid to farmers in helping them to market their produce more profitably, at an early hour, with a thorough and accurate knowledge of New York and Philadelphia market prices for the day, as well as those of other large consuming centers," Secretary Duryee stated. "I feel certain that this will mean a more efficient service for the farmers' cooperative auction markets," he concluded.

LEGION CONVENTION AT OCEAN CITY, SEPT 9-12

More special prizes have been added to the constantly growing list of awards to be made during the annual convention of the New Jersey Department, American Legion, in Ocean City, September 9 to 12.

Bing Crosby, radio and screen star, has donated two trophies, one to go to the champion bugler in Sons of the Legion Junior Corps, and the other to the champion drummer in the same organization.

Congressman Elmer H. Wene, of the Second Congressional District, has offered another special trophy for the champion Junior Drum Major among the high-stepping youngsters expected to take part in the annual parade.

A special prize also will go to the best marching unit of the Legion Auxiliary representing a county. The other awards for the juniors include two of \$25 each for the best band and the best bugle corps in line.

The parade will be held on the world's widest boardwalk on Saturday, September 11, the last day of the convalescence.

FOOD FACTS

Do you know that:

Since the dawn of history, sheep have furnished man with food, clothing and religious inspiration. "Blood of the lamb" is a phrase as old as Christianity, and the right foreleg of a lamb has been used as a heraldic symbol since 1241.

Presents of nitrate fertilizers instead of trinkets for country cousins are being urged by the Minister of Agriculture in Latvia to increase food production.

The addition of milk and butter to potatoes produces a well balanced dish.

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

DRIVING FAST AT NIGHT DANGEROUS

Warning against fast night driving is issued by the Keystone Automobile Club of New Jersey, on the basis of tests showing that headlight glare is even more of a menace than has generally been supposed.

Announcing some results of the operation of Keystone's Safety Test Trailer, a trailer equipped with drivers-testing apparatus, Trevor B. Mathews, manager of the Camden Division of the Club, said the inability of drivers to see objects on the highway through the lights of approaching vehicles looms large as a factor in night accidents. Very few of the hundreds of operators examined by the Club's safety engineers were able to make "average" in the glare test, while a majority of those tested were "below average."

Drive Slower

"It is obvious," continued the Club Manager, "that slower night driving is imperative if reduction is to be made in highway casualties. The driver whose vision is limited in the face of approaching headlights should keep the speed of his car within that vision limitation."

BONES THAT BLEACH

Procrastination and hesitation are the twin destroyers of many a success. Some unknown poet put it this way: On the Plains of Hesitation bleach The bones of unnumbered thousands, and, when at last the dawn of victory sat down to wait—and waiting, died.

Winter is a season when you keep the house as hot as it was in summer when you kicked about it. —Los Angeles Times.

REINHART PROVES EASY OPPONENT

Riverton

Rivers, 3b	ab	r	h	o	a
Windish, 1b, lf	5	2	2	3	0
Thomas, cf	4	2	1	1	0
Harper, lf, 1b	5	1	0	5	0

Cole, ss	4	2	2	1	4
Freeman, 2b	2	0	1	1	2
Gibson, p	2	2	0	1	0
Diffenbaugh, rf	1	0	0	0	0
Totals	34	14	10	21	10

Score by innings:
Reinhart 0 1 0 0 1 0 3—5
Riverton 4 2 8 0 0 0 8—15
Errors—Borish, 5; Lechner, 2; Needleman, Cole, Freeman. Three base hit—Lechner. Two base hits—McDermott, Loughlin. Wild pitch—Clapper. Passed ball—Loughlin. Struck out—by Gibson, 6; by Loughlin, 3; by Clapper, 2. Base on balls—off Gibson, 2; off Clapper, 2; off Loughlin, 5. Left on bases—Riverton, 8; Reinhart, 3. Umpires—Johnson and Swain.

From the Dugout
The Riverton management was in no way to be blamed for the poor quality of the opposition, since advance assurances were given that Reinhart was a fast team. The sad part about it was that the only thing they were fast in was the manner in which they booted the ball around.

Base umpire Swain happened to be on the wrong side of a close play at third and called the Reinhart runner out when he apparently was safe, the difference in opinion resulting from what angle the play was viewed. It was just one of those things that happens so often in ball games. The man looked out to the ump, and that's the way he called the play.

The opposition made another beef about a decision on the third base line, when Umpire Johnson called Thomas safe as he did an Australian crawl over the rubber. They claimed that Thomas ducked more than three feet from the base line on the inside of the playing field. As no yardstick was available it appeared that Johnson's decision was sound.

Just as a conjecture, it is quite possible that if the Reinhart cast had devoted themselves to playing as seriously as they did to crabbing the umpires, they might have looked a whole lot better on the field.

FINAL GAME IS IMPORTANT TILT

Broadway Meets Burke-Eisley Tonight: Series Starts Next Monday

A most important game in the Riverton Softball League is scheduled tonight (Thursday) at Memorial Park. This affair will see Broadway and the Burke-Eisley clan cross bats in the final contest on the regular schedule.

If Broadway wins, it will be necessary to stage a playoff on Friday night of this week, since the Movie Men will finish the season with a record of six wins and a single defeat.

As Broadway boasts the same record, the playoff is necessary to decide what outfit will meet the Oilers, first half winners.

If B. & E. wins the engagement, Askew will automatically become their opponent in the final. The series to determine the loop champion will open next Monday, with games being played each night until one of the contestants has annexed three out of five engagements. All players are requested to report promptly so that the games can start by 6.30 at the latest.

"TOUCHSTONE" IS STILL AVAILABLE

According to a recent announcement, copies of "Touchstone," a book of verse by Blanche Chalfant Tucker are still available.

Mrs. Tucker, who is a former resident of Riverton, has also stated that the price of the book is now \$1.25 instead of \$1.50, as formerly.

Copies can be obtained from Mrs. Tucker, whose address is Fourth and Central avenues, Woodbury Heights, N. J. The book can also be purchased at Carlson's Pharmacy, Main street, Riverton.

MAKE YOUR OWN ICE

All you want of it!

Every home can now easily afford the luxury of a new General Electric—America's "first choice" refrigerator. With this champion cold-maker in your kitchen all you do is flip a switch to have all the ice cubes, fast-frozen desserts and extra-cold storage you want during even the most torrid of heat waves.

Save Three Ways!
Choose a new G-E Triple-Thrift Refrigerator and you save three ways—on price, on current and on upkeep.

GAS STATION IS ROBBED AGAIN

Holdup Man Visits United at Public Road and S-41 on Friday Night

A holdup occurred at the United Service Station, S-41 and Public Road, Palmyra, shortly before 11 o'clock last Friday evening, when an unidentified man took possession of the day's receipts from Albert Groff, on duty at the station.

Groff, who was about to close up for the night, had just turned out the lights when the robbery occurred.

Cash in Bag

The cash taken in during the day was in a bag which Groff was ordered to hand over to the thief. Groff immediately ran to the Standard Station located on S-41, where he notified Leo Zink of the robbery. Zink, in turn, called the Palmyra police who made an investigation. Groff was unable to furnish an accurate description of the culprit who, he stated, made a quick escape by dodging into the bushes at the rear of the station.

Amount Not Determined

Until a detailed checkup is made the amount of loot obtained cannot be determined. No arrests have been made to date.

The station was robbed on November 7, of last year, at which time two men held Groff up at the point of a gun and made their escape in an automobile.

PENALTY FOR DIVERSION MAY BE GREATER IN '38

"The penalty of \$250,000 for diverting highway funds, deducted by the Federal Government in certifying New Jersey's share of the 1937 Federal Road Funds, is only a small percentage of the \$1,013,273 which will be deducted next year unless some legislative action is taken to reimburse the motorists' tax fund for the \$7,917,660 diverted by the 1937 Legislature," said Samuel R. Fletcher, chairman of the New Jersey Conference of AAA Clubs.

"We must bear in mind and understand that the \$250,000 deducted this year is action taken by the Federal Government because of legislative misappropriation of highway funds prior to the 1937 session of legislature. This fact should be thoroughly understood by our State governing bodies and motorists of the state. "New Jersey now bears the dubious distinction of being the first state in the Union to be penalized for the mis-use of automotive tax funds. The action of the Federal Government, accompanied with a warning that the full penalty will be imposed upon the state if diversion does not stop, should clearly demonstrate to our Legislators that the motorists of this state are double losers in the shifting of these tax funds."

SHORT COURSES LISTED AT RUTGERS UNIVERSITY

The New Jersey College of Agriculture, Rutgers University, announced on Wednesday that its annual 12-week short courses will begin Monday, November 1.

Courses will be offered in dairy farming, fruit growing, vegetable growing, nursery practice and poultry husbandry. Another course, planned principally for persons with farming experience, will consist of elective subjects to be chosen from any of the agricultural courses. Class lectures will be supplemented by trips to successful farms, manufacturing plants, and agricultural conventions.

The short courses are offered to New Jersey residents without tuition charge. Anyone over 16 years of age may enroll. Additional details on the courses may be obtained by writing to Prof. F. G. Helyar, director of resident instruction, State College of Agriculture, New Brunswick, N. J.

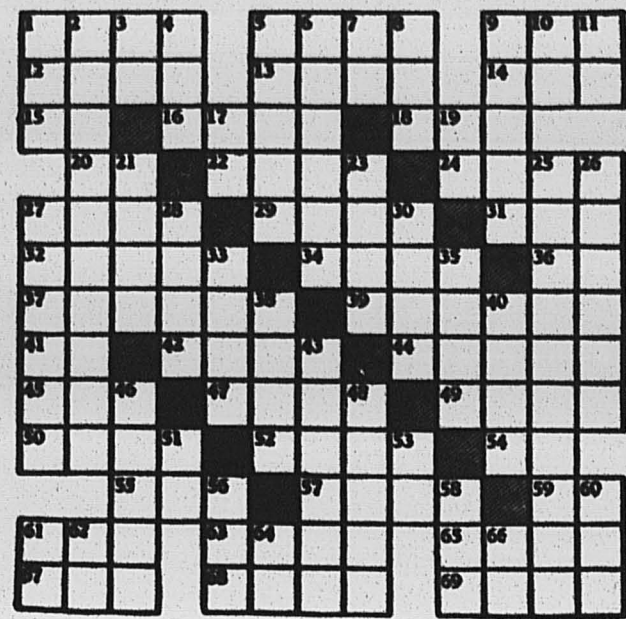

LADIES' AID TO HOLD COVERED DISH SUPPER

The Ladies' Aid of the Asbury M. E. Church will hold a covered dish supper at the home of Mrs. Thomas Perkins, East Riverton, on Tuesday evening, August 26, from five to seven o'clock.

Admission will be a covered dish and 25 cents. All are invited to attend.

If This Is Your Photo You Win \$5 IN MERCHANDISE

THIS informal snapshot was taken at the place of business of one of the advertisers on this page. If it's your picture, bring it to The New Era and we will give you a credit slip good for \$5 in merchandise at one of these stores. Each week a picture will be snapped at any one of these stores—it might be you. Trade with these merchants and maybe you'll be the lucky winner. If the \$5 credit slip is not claimed by the close of business on the Tuesday following each issue, the credit will be passed on to the next winner.

OFFER TO NEW SUBSCRIBERS

For a limited time, The New Era is Offering Your Choice of Any One of the Gifts Illustrated in the Left Hand Column on This Page

With Each New Paid-in-Advance Subscription for One Year at \$1.50. Simply fill out the form at the right and mail with your remittance to The New Era. Or phone Riverton 712 and place your order. Your gift will be delivered promptly.

Here is an opportunity to obtain a really worthwhile article and, at the same time, receive regularly through the mail each Thursday morning, your local newspaper that gives Full Coverage of News concerning Palmyra, Riverton and Cinnaminson.

SUBSCRIPTION BLANK

Send The New Era for one year and (Indicate choice of gift) to

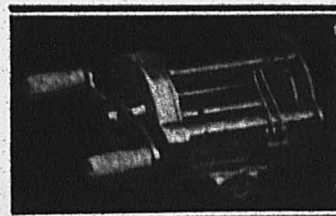

Name _____

No. and Street _____

City _____

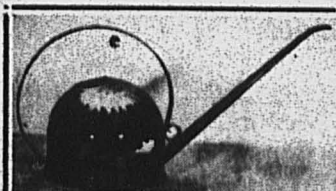

\$1.50 enclosed to cover subscription and merchandise.

YOUR CHOICE

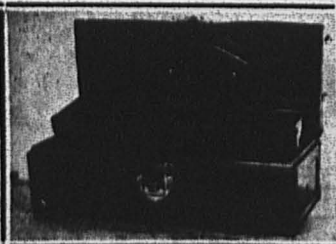

FISHING REEL

All metal, capacity 80 yards. This reel has a level winding attachment, balanced handle and adjustable click. An article of worth while value to every fisherman.

WATERING CAN

This attractively enamelled watering can in the one-quart size and long spout is just the thing for watering house plants and window boxes. You get the water on the plant and not on the floor.

TOOL BOX

This convenient metal box is what every man needs for tools, fishing tackle, etc. It measures 6 x 14 inches and is 5 inches deep. Compartment for tools and handy five-sectioned tray in top for nails, screws, etc. Tray slides back as lid is raised. Complete with handle, lock and key.

WANTED

Energetic young man or woman in Riverton, Palmyra and Cinnaminson to obtain new subscriptions to The New Era. Liberal Commission. Only those genuinely interested need apply. Call at The New Era Office 607 Main street, Riverton on Friday or Saturday morning.

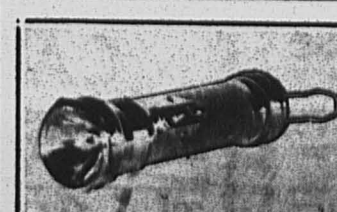

SKILLET

Made of the famous Pyrex Flame-ware. It is 7 1/2 inches in diameter and 1 1/2 inches deep and comes with removable metal handle. The skillet is made of clear, transparent heat-resistant glass developed for top-of-stove cooking by a formula different than that used in the regular Pyrex ovenware.

WALLET

Genuine leather. Size, 3 1/4 x 8 1/2 inches. "Zipper" attachment over bill compartment. Coin container with snap flap, two sections for cards, driving license, etc. A quality, article needed by all men. Even if you have one already, a spare will come in handy when your present wallet wears out—or it would make an ideal gift.

FLASHLIGHT

A genuine Winchester flashlight with solid bronze case and focusing beam. A handy article in any household. Convenient hook enables light to be attached to belt for out-door work. It is equipped with signalling button for Scout use. Complete with battery and bulb.

A REAL HEAT WAVE

Caldwell, on the southern Kansas border, reported an unofficial temperature of 116 degrees last week, highest of the summer. Numerous other Kansas and Oklahoma towns sweltered in 100-degree or higher heat.

Denmark has the largest percentage of twins of any nation.

ABOUT TOWN

The double house located at 516-518 Cinnaminson street needs but a glance to ascertain why nearby residents would like to have it repaired or removed.

With the Palmyra Bowling Alleys reopening next Monday for the season, it begins to look as though summer were drawing to a close. The cessation of softball activities after next week is another symptom.

Regatta activities in the Chesapeake over, the Riverton Yacht Club has resumed its normal summer activity.

Those who have spent the season at the shore and boast delightful coats of tan, are the envy of the stay-at-homes.

ADVICE

Notice to politicians: There's no need to cry over spilled milk, but you needn't giggle and go on spilling some more.—Fort Wayne News-Sentinel.

CROCUS

That Bloom in the Fall

Planted now they will bloom this Autumn. So will the Meadow Saffron (Colchicum) and the Autumn Daffodil (Sternbergia).

DREER'S

Our fall catalogue just issued offers these and a great assortment of Tulips, Daffodils, Hyacinths and other spring-flowering bulbs.

Open weekdays from 8 a.m. until 5 p.m. and on Sunday (but not for business) from 1 until 5 p.m.

CONTRACTS GIVEN BY FREEHOLDERS

(continued from page 1)

delivered to designated locations. 100 tons of 3/4 inch stone and 13,629 tons of 3/4 inch stone, Lambertville Trap Rock Co., on their low bids of \$238 and \$34,632.09 respectively, delivered to designated locations.

1000 tons of pea gravel, contract divided between the Delaware River Sand Dredging Co., and the National Supply Co., of Mt. Holly, on their identical bids of \$1.40 per ton. 1000 tons 3/4 inch slag, National Supply Co., on their low bid of \$1.75.

Assistant for Fisher

C. B. Fisher, county sealer of weights and measures, appeared before the board and requested that, because of the greatly increased volume of work in his department, an assistant be appointed for this work. According to an existing statute, this appointment must be made by the superintendent subject to the approval of the freeholders and the head of the state department of weights and measures.

Mattis Gets Position

A resolution was passed that this position be filled at a salary of \$1200 a year and 6 cents a mile allowance for car use. Mr. Fisher then named Clarence Mattis, of Riverton, to the post, stating that he believed Mr. Mattis was thoroughly capable of doing the work in an efficient manner.

A discussion then followed regarding other candidates for the job. Director Adams and Albert C. Jones stated that they had pledged themselves to support another man for the position.

Walter D. Lamon averred that he had made no promises or pledges. The vote of confirmation of the appointment of Mattis was carried 3-2, Adams and Jones deciding in the negative.

Franchise Tax

Communications were received from Bordentown City and Bordentown Township asking assistance from the board in the matter of restoring reductions in franchise taxes which have been severely sliced. The City of Bordentown will receive \$7000 less and the township gets a cut of \$8400.

The members of the board voted to take up the matter with the state legislature.

No Meeting August 27

The board voted to dispense with the regular meeting of August 27, and the next session will be held on Friday, September 10.

It was reported that the two useable portions of the old almshouse were being moved to Fairview at a cost of \$995.

A letter was received from the Burlington Fire Police Association thanking the members of the board for their cooperation and inviting them to the next meeting of the association which will be held on August 25, at Cookstown.

The following departmental bills were approved and ordered paid: Finance, \$2,704.13; buildings, \$23,400.50; public affairs, \$15,921.18; bridges, \$6,725.54; roads, \$27,963.05, a total of \$76,114.40.

Driveway Again

Freeholder Church brought up the matter of the Bunting driveway again. This driveway was oiled by the county, it was previously stated, to prevent dirt washing down grade onto a county road. Mr. Church averred that he had gone over the location and found that the driveway was practically level from the road to the barn.

Mr. Church also made remarks regarding the amount of private work done at the county garage.

Further discussion along this line was abbreviated by adjournment.

TENTH ANNUAL CANOE CARNIVAL

The tenth annual canoe carnival will be held at Medford Lakes next Saturday night, August 21. About 35 canoes, with their galaxy of color and lights will parade on the Lower Aetna Lake.

The event has been classified as one of the outstanding events of South Jersey, and hundreds come to the Lakes to enjoy this delightful picture.

This year's carnival, plans for which are now being completed, promises to be the best ever.

BROADWAY TO HAVE SPECIAL FEATURE AT SATURDAY MATINEE

Starting with the Saturday matinee, of this week, the Broadway Theatre, Palmyra, has a new treat in store for the youngsters.

Instead of the usual serial pictures and the dancers from the Warrington School, the management has secured a new series of full-length Western Features, one of which will be shown at each Saturday matinee.

The first of these Westerns stars Bob Steel in "Sundown Sounders." Don't forget the date: Saturday, August 21.

BIRTHS

Mr. and Mrs. M. Joseph Long, Jr., 510 Leconey avenue, are receiving congratulations on the birth of a son, Joseph, on Sunday, August 15, at the Mary Haas Robbins Maternity Home. Mrs. Long will be remembered as Miss Betty Zink.

Mr. and Mrs. Elmer Trytcher, of Broad and Vine streets, Palmyra, are receiving congratulations on the birth of a daughter in Hahnemann Hospital, Philadelphia, Tuesday morning, August 17.

There is not a problem—social, religious, national or international—that could not be solved if the ordinary "rank and file" set themselves to think it out.

Trucks Are Covered At this time the trucks were covered with water and Mr. Jensen stated that he thought he had made the proper turn, over the regular crossing. He soon discovered his mistake as the car went over the first track and then stalled. Other motorists and pedestrians who discovered his plight attempted to move the car, but were handicapped by the depth of the water.

Chief Gootee and Officer Robinson, of the Riverton police, arrived on the scene shortly after the accident and summoned a truck of the Riverton Fire Department. An attempt was then made to pull the machine from the tracks. As the first effort failed, William Cook, crossing tender, warned the workers that a train was approaching. Cook then ran up the tracks and set flares above Cedar street, it is understood. James Goodwin also assisted by waving a lantern.

Does Not Stop When the gas-electric car neared Cedar street, it became apparent that the engineer, for some unknown reason, had not seen the signals, and that a crash was inevitable. All those in the immediate vicinity jumped clear and the train hit the auto with a terrific crash, carrying (continued on page 3)

CAR DEMOLISHED AT R.R. CROSSING

Driver Confused by Rain Sends Machine Over Rails, No One Injured

A 1936 Chevrolet sedan driven by John Jensen, of 4119 Markland street, Frankford, was demolished shortly after midnight on Saturday, when it was struck by a Pennsylvania Railroad gas-electric car just west of the Main street crossing, Riverton.

The driver, after asking his way to Route 25, evidently became confused because of the rain that was falling at the time, and attempted to cross the tracks by turning right at the east end of the station and proceeding over the area ordinarily occupied as a parking space for the police car.

Trucks Are Covered At this time the trucks were covered with water and Mr. Jensen stated that he thought he had made the proper turn, over the regular crossing. He soon discovered his mistake as the car went over the first track and then stalled. Other motorists and pedestrians who discovered his plight attempted to move the car, but were handicapped by the depth of the water.

Chief Gootee and Officer Robinson, of the Riverton police, arrived on the scene shortly after the accident and summoned a truck of the Riverton Fire Department. An attempt was then made to pull the machine from the tracks. As the first effort failed, William Cook, crossing tender, warned the workers that a train was approaching. Cook then ran up the tracks and set flares above Cedar street, it is understood. James Goodwin also assisted by waving a lantern.

Does Not Stop When the gas-electric car neared Cedar street, it became apparent that the engineer, for some unknown reason, had not seen the signals, and that a crash was inevitable. All those in the immediate vicinity jumped clear and the train hit the auto with a terrific crash, carrying (continued on page 3)

RIVERTON P.T.A. PLANS PROGRAM FOR COMING SCHOOL YEAR

While many residents of Riverton have been planning and enjoying summer vacations, the program committee of the Riverton Parent-Teacher Association has been most diligent. It has been successful in obtaining speakers of outstanding merit, all of whom will discuss one or more phases of an interesting and timely topic: "Back to the Home."

Among the speakers will be Miss Carolyn M. Staman, supervising principal of the school; A. M. Bean, County Superintendent of Camden Schools; Paul R. Jones, principal of Palmyra High School; Hon. Jay Claud Simon, and Dr. Elizabeth Love.

At each of the monthly meetings a program will be provided by the various committees, in which Riverton school children will take part.

The celluloid campaign button first appeared in the McKinley-Bryan contest in 1896.

THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

49th Year No. 34

RIVERTON—PALMYRA, N. J., THURSDAY, AUGUST 26, 1937

PRICE FIVE CENTS

SCHEDULES FOR RE-EXAMINATIONS

Re-examinations will be held at Palmyra High School on Friday, September 10th, as follows: 9:00 a.m.—Mathematics, English and History. 1:00 p.m.—Latin and Modern Languages, General Science, Biology and Physics, Commercial Subjects. A pupil who received "D" in a subject is eligible to a re-examination, provided he presents written evidence from an approved tutor, of having done twenty hours of work during the summer.

Vae M. Brower, High School Principal.

LARGE FORCE TO PATROL ROUTE 25

Effort Made by Commissioner Magee to Reduce Fatal Accidents on Road

In a move to curtail the heavy death and accident toll on State Highway, Route 25, between Camden and Elizabeth, Motor Vehicle Commissioner Arthur W. Magee has concentrated a large force of inspectors for a 24-hour patrol along this important thoroughfare.

Route 25 today presents the greatest hazard to life and limb in view of the death and injury statistics compiled by Magee's department. Twenty-five men have been assigned to the task of breaking up the traffic violations which have resulted in 26 deaths and 791 injuries in 906 accidents on this highway during the last six months.

Three Shifts Operate This is the largest individual group of departmental inspectors ever to be assembled on a given state highway to compel obedience to the law of the road.

Each shift has a patrol zone of 15 miles and the force is divided into three shifts. This provides constant vigilance at all hours of the day and night in the plan of Commissioner Magee to break up the traffic law infractions on this road and to make it safe for the average motorist to travel.

PROCLAMATION BY GOVERNOR OF N. J.

Governor Harold G. Hoffman, calling the attention of the people of New Jersey to the celebration of the 150th anniversary of the framing of the Constitution of the United States, has issued a Proclamation asking that as many as possible attend the pageant at Princeton on September 17 or some of the many other events scheduled for that day throughout the state.

The Governor's Proclamation follows: Whereas, One hundred and fifty years have elapsed since the framing of the Constitution of the United States by our forefathers, and Whereas, under this Constitution our country has spread from a narrow seaboard line to continental expanse and beyond the seas, and Whereas, under this Constitution we have defended ourselves from all foes, and have written the greatest story of religious, educational, industrial and agricultural progress the world has ever seen, and Whereas, our Constitution is pronounced, accepted and proved as the greatest Charter of Liberty given to mankind save the Ten Commandments, now

Therefore, I, Harold G. Hoffman, Governor of the State of New Jersey, do hereby call attention of the Citizens of New Jersey to this revival of the stirring incidents that helped to make the Nation great, and to urge all that may conveniently do so, to give their presence on this occasion in patriotic observance of the formal beginning of this, the greatest Nation on the Earth.

A lot of fellows who used to pray for their daily bread now vote for it.

MAYOR WARD TO HEAD NEW LEAGUE

Named Chairman of Burlington County Municipal Group At Recent Meeting

Mayor John Ward, of Palmyra, was elected chairman of the Burlington County League of Municipalities at a permanent organization formed last Thursday night in the Court House, Mt. Holly.

Attorney Alex Denbo, of Burlington, was made secretary of the organization.

The meeting was attended by more than 40 officials and solicitors of municipalities in this county.

TWO ACCIDENTS OCCUR ON PIKE

Four Cars Involved, But Riders Escape Serious Injury; Driver Summoned

Two cars were badly damaged in an accident at the intersection of Route 25 and Highland avenue, last Thursday evening, at 8 o'clock.

John Eggie, of 324 Browning Road West Collingswood, ran into a car owned and driven by Richard Woolman, of 825 Highland avenue, Palmyra.

Mrs. Woolman, who was riding in the Woolman car, was taken to Dr. Charles S. Mills for treatment.

The crash occurred as Mr. Woolman was entering Route 25 from Highland avenue.

Method of Assessment A resolution was adopted to the effect that the organization sponsor the plan as submitted previously before the New Jersey Senate by Senator Young of Essex County. This provides that assessment for the purpose of the franchise tax be made only through the state tax commissioner's office.

A copy of this resolution will be drafted by Begley and Denbo and forwarded to the New Jersey League of Municipalities through Attorney Denbo, who was named as a member of the committee of five by Mayor Albert Ellenstein, of Newark, president of the league.

Another resolution passed was that the newly formed league suggest legislation for an amendment to the present Budget Act, if the appeal fails.

Begley spoke at length on the tax subject. He described Tax Commissioner (continued on page 3)

NEW ERA AWARD FOR SIXTH WEEK

Goes to Everett O. Wolcott, of 415 Linden Avenue; \$5 Credit Order

Everett O. Wolcott, of 415 Linden avenue, Riverton, claimed The New Era five dollar credit award last week for having his picture appear on the special advertising page of last week's issue of this paper.

Mr. Wolcott received a credit order at Shulman's Department Store, Palmyra.

This special feature, which has two more weeks to run, is being sponsored by eight merchants of Palmyra and Riverton, in cooperation with The New Era.

Timely Specials On page 9, of this issue of The New Era, you will find that these merchants have advertised real specials, especially selected for their timeliness at this season of the year. By taking advantage of these opportunities to save money, you not only put money in your own pocket, but have an excellent opportunity to receive one of The New Era five dollar awards.

See page 9 for the special advertisements of the following merchants:

Carlson's Pharmacy
L. L. Keating
John H. Etris
Clinton B. Woolston
Palmyra 5 and 10
Joseph T. Evans
Shulman's Department Store
Riverton Market House

PHONE DIRECTORY IS DISTRIBUTED

Distribution of more than 45,000 copies of the new Camden District telephone directory will be completed this week according to the New Jersey Bell Telephone Company. The new book contains about 3,000 new listings, and because of new telephone connections, disconnections of existing service and various changes in listings, a total of over 16,000 alterations have been made to bring the directory up to date.

The new volume has 156 pages in the white alphabetical section and 104 yellow pages of classified listings and indices.

TWO ACCIDENTS OCCUR ON PIKE

Four Cars Involved, But Riders Escape Serious Injury; Driver Summoned

Two cars were badly damaged in an accident at the intersection of Route 25 and Highland avenue, last Thursday evening, at 8 o'clock.

John Eggie, of 324 Browning Road West Collingswood, ran into a car owned and driven by Richard Woolman, of 825 Highland avenue, Palmyra.

Mrs. Woolman, who was riding in the Woolman car, was taken to Dr. Charles S. Mills for treatment.

The crash occurred as Mr. Woolman was entering Route 25 from Highland avenue.

Second Crash About a half hour later, on the same spot, another accident resulted when Leonard Huley, of Extonville Road, Allentown, N. J., crashed into a car owned and driven by Herman Haag, of 123 Edgewood avenue, Columbia, Missouri.

Huley was driving a truck owned by Mount Hutchinson, of Sheridan, Clarksburg Road, Robbinsville, N. J. The Haag car was damaged and Huley was given a summons to appear before Cecil Bowers on August 25, at the Parry Fire House, the charge being reckless driving.

BAND CONCERT FRIDAY EVENING

Another popular band concert will be given in the Grove, Palmyra, on Friday evening, at 7.30, under the direction of Gustav Hagedorn, conductor.

The affair is presented by the Works Progress Administration, of which Dr. Nicholas Solokoff is national director and Frederick Locke is state director.

The program follows:

1. March—Port Trenton, Hagedorn.
2. Morning Journals Waltzes, by J. Strauss.
3. Bandanna Sketches, by White.
4. Overture from Tannhauser, by Wagner.
5. Selection from the Chocolate Soldier, by O. Strauss.
6. Saxophone Solo—Valse Vanite, by Wildhoof, played by Martin Bakum.
7. Humorous Fantasia—The Tearing of the Green, by Douglas.
8. Two Guitars, by Horlick.
9. In der Waldschenke—(In the Tavern), by Jensen.

MANY WASHOUTS ON COUNTY ROADS

During the past several days the Burlington County Road Department has had a large force of men engaged in repairing roads which were washed out during the week-end storms.

The worst condition existed on the Bordertown-Georgetown road where the shoulders on each side were extensively damaged.

STORM CAUSES DAMAGE LOCALLY

Many Streets and Cellars Are Flooded; Lightning Hits Stack Residence

An intense thunder shower descended locally shortly after 9 o'clock Saturday evening, and for about three hours raged with unabated fury.

Rain fell in torrents during this period and the precipitation was the heaviest experienced in several years.

The rain was accompanied by a violent electrical disturbance.

Hits Palmyra Home In addition to several trees and light poles, lightning struck the residence of Joseph L. Stack, 227 West Broad street, Palmyra.

The damage caused there was of a very freakish nature. The bolt descended the side of the house, evidently along a telephone wire. Upon reaching the foundation it knocked a hole in the stonework which extended from a point three feet above the ground to the base of the retaining wall, a depth of several feet.

Debris Into Cellar This hole was opened for a distance of about 15 feet along the foundation and a huge pile of stone and dirt deposited within the cellar. The force of the bolt must have been terrific to dislodge such a quantity of material. The sides of the house showed no evidence of the passage of the lightning, and a bush growing at a point adjacent to the course of the bolt was apparently unharmed.

Streets Flooded The great volume of water could not be carried off by the sewers rapidly enough, and many streets were flooded, particularly in the vicinity of Lecony avenue, Cinnaminson avenue and Broad street, Palmyra, together with Harrison street in Riverton. In addition many cellars in both Riverton and Palmyra were partially or entirely inundated. A bad washout occurred in the south side of Broad street adjacent to the (continued on page 4)

DIVERSION OF N.J. FUNDS PREVENTING GASOLINE TAX CUT

Misuse of automotive tax receipts in New Jersey to purposes other than highway financing is preventing reduction of the state gasoline tax to 2c per gallon, according to E. J. Leary, secretary of the New Jersey Petroleum Industries Committee.

"During the past several years gasoline tax collections have been increasing at the rate of about one million dollars a year. This year receipts will show an increase of almost two million dollars over 1936, according to estimates of Joseph L. McLaughlin, chief of the State Motor Fuel Tax Division. Thus, gasoline tax revenue to the state this year will stand at approximately five million dollars above 1934.

"Under these conditions of rapidly expanding gasoline tax revenue the state would be able to reduce the gasoline tax one cent, and afford the motorists of the state needed, and long overdue, relief," continued Mr. Leary. "But diversion of road funds by the legislature is delaying such a reduction in the rate."

Program

1. March—Port Trenton, Hagedorn.
2. Morning Journals Waltzes, by J. Strauss.
3. Bandanna Sketches, by White.
4. Overture from Tannhauser, by Wagner.

COUNTY FIREMEN RECEIVE 58 ALARMS DURING PAST MONTH

At a meeting of the Burlington County Firemen's Association held last week at Browns Mills, County Fire Marshal William J. Smith reported that there were 58 alarms in this territory during the month of July.

Sixteen of the calls were for the Greenberg Dairy Farm, located between Mt. Holly and Columbus. The calls by districts were as follows:

Beverly 2, Burlington City 5, Burlington Township 2, Bordentown 4, Browns Mills 2, Columbus 3, Delanco 2, Florence 2, Lenola 2, Medford 2, Marlton 3, Mount Holly 9, Moorestown 1, Pennington 4, Palmyra 4, Riverside 1, Vincentown 4, Wrightstown 1. Loss on buildings was estimated at \$14,215, and on contents \$5,215.

There were about 150 firemen present at the meeting, representing 30 companies. The next meeting of the association will be held in the parish house of Christ's Church, Bordentown, Wednesday, September 15, as the guest of the Bordentown Fire Department.

"DIVERSION HURTS FARMERS," POWELL

Diversion of New Jersey highway construction funds, which has caused a delay in plans to improve farm-to-market roads, adds materially to farmers' operating overhead, Senator Clifford R. Powell, of Burlington County declared last week.

He made this statement in an informal interview with a group of South Jersey tomato farmers, while they were waiting in Camden to deliver their crops to the Campbell Soup Co.

Senator Powell, who is a Republican candidate for nomination for Governor, was in Camden to participate in a series of conferences with Republican leaders. He was asked to visit the "tomato delivery section" of the city, to discuss at first hand agricultural problems with South Jersey farmers.

During the informal open air forum, Senator Powell was told by farmers that failure to improve farm-to-market roads was adding to their overhead.

"New Jersey farmers, and particularly those in South Jersey counties, will be forced to bear additional farm-to-market transportation costs for some time to come," he said.

"Disrupted plans prepared by the state for continued and progressive improvement of these important economic arteries known as secondary roads, is due to diversion of \$7,917,660 of State Highway revenues ordered by the 1937 Legislature," he pointed out.

FOOD FACTS

Do You Know That:

About 1500 A.D., at dinners and banquets, bread was baked in round, hard cakes which were used for plates. When dinner was over, guests ate their plates for dessert.

There has been a curious belief that acid fruits when used in combination with milk cause great digestive disturbances. . . . As a matter of fact, the acid fruits, by their curdling action on milk, are positive aids to digestion and should be welcomed rather than spurned.

—J. H. Prandsen, Journal of Home Economics, April, 1937.

Lettuce accounts for 75 per cent of the total number of freight cars of green vegetables unloaded in New York City.

Pepper is widely used in seasoning in hot countries because it stimulates perspiration, thus having a cooling effect on the body.

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

STOLE BRIEF CASE

Caught entering a parked car on Main street Maple Shade, and stealing a brief case containing valuable papers valued at \$75, Joseph Hewitt, of 5226 Chester avenue, West Philadelphia, was held for the grand jury on a charge of larceny, when arraigned before Recorder A. M. Addison, August 17. The car and brief case belonged to Elton Horner, of 314 Harrison street, Riverton.

CANDIDATE FOR RE-ELECTION

Mayor H. McIlvain Biddle, of Riverton, who recently announced his candidacy for the Republican nomination for that office at the primary election to be held in September.

N. J. PEACHES ON SALE THIS WEEK

In view of the abundance of Jersey grown peaches on the market this week, Miss Marie Doermann, extension specialist in nutrition at the State College of Agriculture, Rutgers University, urged home-makers recently to take advantage of special sales which are being held now, and to can a quantity of the fruit for winter use.

"The peaches on the market this week are of fine quality," Miss Doermann reported. "Few fruits retain their flavor and color when canned as long as peaches do," she said, "particularly when the fruit is free-ripened and canned within a day or two after picking."

Canning Directions

To insure success with peach canning, Miss Doermann offers home-makers the following directions:

"Sort the peaches and use only firm, sound, uniform ones for canning. The soft, broken fruit may be used for jam or conserve. Peel and cut the peaches in halves, remove the pits and then pack at once in hot jars to prevent discoloration. Fill the jars with a syrup made of 1 cupful of sugar and 2 cupfuls of water; remove the air bubbles by carefully inserting a silver knife into the jar down the side, and add enough more syrup to have it come to one-half inch from the top. Partially seal and set aside until a sufficient number of jars have been prepared to fill the canner or container. Place a rack in the bottom of the container, put in the jars, and cover them with one inch of water. After the water boils, continue to boil for 15 to 20 minutes, depending upon the ripeness of the peaches. Now remove the jars from the water, tighten the covers, test for leaks, then let stand until cold and store in a cool place."

ENGAGED

Mr. and Mrs. Herbert Evans, of 618 Elm terrace, Riverton, announce the engagement of their daughter, Nan Caroline, to Burton Edward Darrow, son of Mr. and Mrs. Edgar B. Darrow, of Williamsport, Pa.

Both Miss Evans and Mr. Darrow attended Dickinson Seminary. Miss Evans is a graduate of Duke University, class of 1936, and Mr. Darrow received his degree from Syracuse University in 1935.

No date has been set for the wedding.

RAIN POSTPONES PLAYOFF GAMES

After going through the entire season with only one postponement on account of rain, the Riverton Softball League struck a snag in the weather as far as the championship playoffs are concerned.

The series which was scheduled to get under way last Monday evening was annulled on that night, and also on Tuesday, due to the fact that a considerable excess of water both in the air and on the field made the games out of the question.

ABOUT TOWN

The gas-electric car which crashed into an auto here last Saturday night, also damaged a machine in Burlington a week ago.

If you have any inclination to do 70 on Route 25, check the impulse immediately. State motor vehicle inspectors are doing a good job in nabbing speed enthusiasts on that important thoroughfare.

Scenes about Riverton and Palmyra during the storm of Saturday were reminiscent of the flood pictures taken at Louisville, Cincinnati, etc.

The past few rainy days represent the only continuous stormy weather

experienced all summer, precipitation during July and the first part of August being considerably below normal.

With many streets covered with mud and sand as a result of the heavy rain, the street departments of Palmyra and Riverton have had a lot of extra work this week.

Fishing at the shore has been very poor of late, veteran captains believing that the extremely cold water may be a contributing factor. Until conditions change, enthusiasts are warned not to boast too much about the big one they expect to bring home.

If all the economists in the world were laid end to end they would never reach a conclusion.

Air Conditioned

The Snover Funeral Home announces the installation of a modern air conditioning unit in its Funeral Home, in order to provide every possible comfort to those who avail themselves of the use of the Snover Funeral Parlors.

(continued from page 1)

sioner J. Thayer Martin as an efficient and fair person.

New Tax Commission

The Burlington solicitor proposed that a new state tax commission be formed to make new assessment for gross and franchise taxes, and that taxes be distributed according to assessments made by this commission.

It was agreed the group should sponsor legislation to give equality in tax distribution in 1938 and thereafter.

Present at Meeting

Those attending the meeting were Mayor Thomas Johnson, of Burlington; Mayor John Ward, Palmyra; Alex Denbo, solicitor Burlington Township; Councilman Charles R. Hill, chairman of finance, Fieldsboro; Councilman Henry Weaver, finance committee, Fieldsboro; Fetter H. Jones, finance chairman, Florence; William F. Engle, Palmyra Council; E. M. Middleton, Moorestown township committee; Allen B. Nixon, Moorestown township committee; William McFarland, Chester township committee; William Potts, chairman, Mansfield township committee; R. Carty, Mansfield township committee; Catherine Sixberry, Chester township committee; William Kauderer, Delran township committee; Harry Moreland, Delran township committee; Frank Yansic, Delran township committee.

James H. Hartley, Palmyra borough assessor; George N. Wimer, Palmyra welfare director; C. N. Buchholz, Palmyra council; Thomas D. Begley, city solicitor, Burlington; Palmer L. Adams, director of Burlington county Board of Freeholders; Sidney W. Bookbinder, Burlington; Clarence G. Price, clerk of Board of Freeholders; Joseph L. Comerford, Riverside township committee; Jacob B. Klevan, Riverside township committee; Christian Rahn, Chester township committee; Howard R. Yocum, Chester township solicitor; Roy Weidman, Chester township chairman; John D. Marter, Burlington township committee chairman; Benjamin N. Haines, Moorestown township committee chairman; Mayor William Leonard, Fieldsboro; Walter Carson, solicitor Moorestown township; John E. Gilbert, assessor of Burlington township; Walter Billingham, finance committee Fieldsboro council; Arthur Wright, Palmyra councilman; C. S. McNinney, Fieldsboro assessor; Freeholder Albert C. Jones; Walter Cochran, Sr., collector and treasurer, Fieldsboro.

COMMENT

The Public Service Company maintains a section of road with different types of paving where bus drivers are put through a severe test in how to handle equipment on a slippery surface. The road is iced in winter and wet and greased in summer.

A veteran instructor demonstrates just how a car should be handled under these conditions and a new driver must master the art—or else. Such a test should be of great value to the many motorists who speed over our highways regardless of their condition, with only a vague idea of what to do if they were compelled to stop suddenly.

A rather interesting battle for the Republican nomination for assessor in Riverton should develop at the coming primaries, since three candidates have already announced their intention of running for this office.

POWERS TO AID POWELL DRIVE

Congressman D. Lane Powers will shortly tour New Jersey in support of Senator Clifford R. Powell's candidacy for the Republican gubernatorial nomination.

That announcement was made from the Congressman's Washington office on Tuesday, shortly after the Congressman started his return trip to Trenton after adjournment of the first session of the 75th Congress.

The Congressman's plans are to take a brief vacation and then enter actively into Senator Powell's campaign, taking speaking assignments throughout the State in the Senator's behalf.

FOR ASSESSOR

FRANK PROBSTING, JR.

who recently announced his candidacy for the Republican nomination for assessor in Riverton at the coming primary election.

CANDIDATE FOR LOCAL ASSESSOR

Frank Probsting, Jr., of 307 Seventh street, Riverton, has recently announced that he will be a candidate for the Republican nomination for assessor at the primary election which will be held on Tuesday, September 21.

Mr. Probsting, who has been police recorder and overseer of the poor in Riverton since January 1, 1936, has been a resident of this vicinity for almost his entire life. He has been employed for a number of years in the mortgage department of one of the largest life insurance companies in the country.

Mr. Probsting stated that he feels the training received in this business will be a valuable asset in the position for which he is seeking nomination. He has also expressed views that the younger people of the community should interest themselves in the functioning of the governing bodies.

New Books at Riverton Library

LIBRARY RE-OPENS MONDAY
The Riverton Free Library will re-open Monday, August 30th, after having been closed for the usual four weeks mid-summer holiday. Until school-opening date, library hours will be those observed earlier in the season—10 a.m. to 12 noon and 7 to 9 p.m.

Members are urged to return books promptly, in order that the shelves may be filled as expeditiously as possible.

Here is a list of some of the new titles which await selection when the Library opens Monday morning:

Non-Fiction

Essay Annual for 1937.
Family Behavior—Cunningham.
Let Me Show You Vermont—Crane.

Daughter of the Eagle, The Autobiography of an Albanian Girl—Zaimi.

Adult Fiction

Remember the Day—Horan.
Anatomy of Murder.
And So Victoria—Wilkins.

Mott Family in France—Moffit.
Laughter in the Sun—Frankau.
This Side of Regret—Cushman.

Barbed Wire Empire—Errnne.
One Is Beloved—Hauck.
Feathered Water—Holton.

Victoria 4.30—Roberts.
Crime Wave at Blandings—Wodehouse.

This Solid Flesh—Smith.
Juveniles

Little Girl with Seven Names.
Roller Skates.
Ballet Shoes.
Bright Island.

A man who drives a gasoline truck and has lived long enough to retire on a pension naturally attracts some attention.—Topeka State Journal.

CAR DEMOLISHED AT R.R. CROSSING

(continued from page 1)

the machine some distance down the tracks.

When the train came to a stop it was found that wreckage from the machine had become wedged under the trucks. Frank Lloyd was summoned by Chief Gootee and he cut the debris away with an acetylene torch.

Train Disabled

The train remained at Riverton until an engine arrived from Camden to tow it away. The gas-electric car was being run without passengers from Trenton to Camden, this trip not being made according to definite schedule.

Outside of damage to the gas-electric car, auto and several broken windows in the waiting room of the station, there were no casualties.

YMCA AUXILIARY

The first executive board meeting of the Palmyra-Riverton YMCA Auxiliary will be held at the home of Mrs. A. E. Hargett, of Riverton-Moorestown road, on Thursday, September 9, at 2 p.m.

Members and friends of the auxiliary are also requested to keep Thursday, September 16, open for an afternoon bridge in the form of a garden party. This will also be held at the home of Mrs. A. E. Hargett, at 2 p.m. Tickets will be 35c. Make up your table now. Further details will be announced later.

ANNOUNCES FOR COUNCIL POSITION

Archibald G. Bush, of 201 Main street, Riverton, announced on Tuesday that he will be a candidate for the Republican nomination for member of the Riverton Borough Council at the primary election to be held in September.

Mr. Bush, who has been a resident of Riverton all his life, graduated from Swarthmore College in 1926. He was connected with the Supply-Biddle Hardware Co., for a period of two years following his graduation, and since that time has been with the Penn Mutual Life Insurance Co., of Philadelphia.

The commonwealth of Australia's navy consists of four cruisers and ten destroyers.

NEW BAKERY KOERNER'S

On Thursday we will open a new bakery to give some of our customers a more convenient service.

Laws Increase Overhead

In 1917, when producers got one dollar for making goods, overhead people got another dollar for the various services leading up to the sale of goods to the consumer, says Professor Walter Rautenschau, of Columbia. But in 1932, when producers got one dollar, overheads got \$2.30.

Increases in distribution cost occur naturally as an industrial civilization develops, more machine-made products are used, and the system necessary to bringing goods to people scattered about a great nation becomes more involved. But it is essential to the well-being of the people that these increases be restricted as much as possible, and overhead costs between producer and consumer be held to the minimum. Yet there has been a veritable rash of legislation lately whose inevitable result would be to increase the burden of overhead, and widen the cost spread from farm and factory to home and place of business.

This legislation takes various forms. Some penalizes large-scale merchandising practices which reduce overhead charges to the vanishing point, and throws the protection of the law about the middleman, even though in some cases he may be inefficient and serve no necessary purpose. Other laws penalize low-cost retail distribution agencies, such as the chain stores, and thus, in effect, place a premium on waste and a burden on efficiency. Still other laws legalize price-fixing, and enable manufacturers to refuse to sell to retailers who will not charge an arbitrary price for trade-marked products, even though that price entails an excessive profit for the retailer.

High prices mean less spending, less sale for goods, less employment. Fair, competitive prices mean increasing industrial expansion, employment and consumption. If all units of government would adopt a policy designed to keep competition open in all merchandising lines, and to encourage the efficient and economical distributor, every family in the land would reap the benefits—and so would every farmer, and every efficient producer.

BIG CARNIVAL ON FRIDAY-SATURDAY

Sacred Heart Parish Affair
To Be Held on Grounds
Of K. of C. Home

Father John F. Welsh, pastor of the Sacred Heart parish, announces that he is highly pleased with the enthusiasm of the various committees working for the annual carnival that will be held this Friday and Saturday, August 27th and 28th, at the Knights of Columbus grounds, Broad street and Elm avenue.

Preparations have been made for a large crowd, with plenty of valuable prizes to be awarded each night of the carnival.

On Saturday night, the new 1937 Ford V-8 on display at Fortnum's, will be awarded.

More tables have been erected, and some new novelties brought from other sections of the state will be there for added attraction and amusement.

Those in charge will be the following chairmen and their committees: Frank M. Strohm, general chairman; Joseph Dougherty, vice chairman; Harry R. Bradshaw, secretary and books; Betty Downs, assistant secretary; Herbert Kern, treasurer; Leo C. Terrell, assistant treasurer; Mrs. Edw. Kavanaugh, cakes; Miss Catherine Downs, candy; Mrs. Anna Davis, refreshments; Miss Mary Malone, novelties; Mrs. Edw. Steele, ice cream; Mrs. Otis Myers, fish pond; Albert Schuler, line pitch; Joseph Flynn, hit the spots; John L. Strohm, radio; Mrs. Harry Stack and

E. W. Collar, automobile; Dennis Dougherty, booths.

THE PEOPLE'S COLUMN

Riverton, N. J., Aug. 23, 1937.

To the Editor of
The New Era

Sir:

While at the scene of the accident at Riverton station Sunday morning early, I heard this remark, "What the... is the Palmyra Ambulance doing here? We didn't send for them, or need them." (What if we had?)

I, for one, think the Palmyra Ambulance deserves a great deal of credit and thanks, coming to our assistance without being called. They were at the scene of the accident two minutes after hearing the crash. If anyone had been hurt, their lives might have been saved through the quick thinking, quick action on their part.

I think the Palmyra Ambulance Association and their officers deserve the best of praise and thanks for the quick response to her twin city. I think the majority of Riverton people think the same, and sincerely thank them, too.

Mrs. James Fox

"No I found father was planning to move and I didn't know where we'd find him when we got back."—Exchange.

TO RUN AGAIN

DR. S. EMLEN STOKES

of Mooxton, Burlington County's Assemblyman, in a statement addressed to the Republican voters of the county, has announced his candidacy for re-election as follows:

"Having served my one-year term as your representative from Burlington County to the Assembly of the State of New Jersey, I have decided to run for the same position again this year, and I am asking for your support in the coming primary election.

"Along with my feeling of deep appreciation, not only for your support at the last election, but also for your cooperation throughout the year and your expressions of approval of my stand on certain vital issues, goes a feeling of the great responsibility such a representative position carries.

"Many issues of the utmost importance will come before the Legislature at the next session. It is my sincere desire that, if you again elect me to office, I shall be able to see these issues clearly and with unbiased judgment—that I shall be able to take a stand which will meet with your approval, and also that I shall be able to render service to the citizens of Burlington County which will be worthy of the trust placed in me."

CANDIDATE

JAMES MERCER DAVIS, JR.

popular young Mount Holly attorney, has announced his candidacy for the Democratic nomination for the New Jersey Assembly.

He is the son of James Mercer Davis, widely known attorney and former prosecutor of Ocean County, and a nephew of U. S. Circuit Judge, J. Warren Davis, of Philadelphia.

"Believing that there now exists an opportunity to be of real service to the people of Burlington County, I desire to submit myself as a Democratic candidate for the General Assembly," Davis said in announcing his candidacy.

"The burden of taxation has become unbearable; little or nothing has been done to further the interests of the farmer, and the state government has ceased to be subservient to the will of the people.

"It is my purpose to work for drastic economy in government, a substantial decrease in taxes throughout the state, and effective legislation for the protection of both dairy and truck farmers."

GEORGE STEEDLE OUT FOR OFFICE

George D. Steedle, of 304 Seventh street, Riverton, announced on Wednesday that he would be a candidate for the Republican nomination for the office of assessor, in Riverton, at the primary election to be held in September.

Mr. Steedle, who has been a life-long resident of Riverton, has been active in affairs of the Republican party for a number of years and has served as a member of the Board of Education.

Mr. Steedle states that he is well qualified by his experience and training to hold the office for which he is seeking nomination.

AN OPEN LETTER

August 24, 1937.

To the Softball Fans:

Perhaps the memory of the game of last Thursday night lingers in your minds, perhaps not—but anyway, here we go.

Burke & Easley were playing Broadway, score beginning of the ninth inning 2-1, favor of Burke & Easley. The umpire called the game (darkness).

Perhaps Broadway would have lost. Should they have won, they still had Askew Motor to play. Maybe Askew would have eliminated Broadway.

Now, as you know, Broadway lost on both sides, so we, the underdogs, think we have not had a fair chance at the title through the league officials, therefore, we challenge the winner of the 1937 Softball series between Askew and Burke-Easley to a three-five-or-seven-game series, whatever they desired to be played, at Riverton, for the championship that Broadway has held for the last two years.

Yours in sport,

Signed by 15 members of the Broadway team.

YACHT CLUB YARNS

BY NUTE
AND
MIKE

The Chesapeake Bay races having sailed into the horizon for another year, activities returned to the R. Y. C. Saturday saw the reopening of our season with the regular Duster series race. Bob Lippincott, seizing advantage of a good fresh air, succeeded in winning with his newly constructed "Scraper." Lippincott winning by a good margin, left the main race to Ayres, Gladney and Hunn who finished in that order. E. Shoemaker, starting several minutes late, closed a great gap but still crossed the line last.

As only one race was scheduled for Saturday, things looked very unpromising. But, it seems a good old fashioned row' Easter blew up, and did that gang ever sail those boats! The highlight of the day was Rub upsettin' with three gals. O, Boy!

Saturday night brought the annual commodore's party celebrating his very honorable birthday. This, despite the rain and wind, waxed merry till the wee hours. Then everybody went out and pumped out their boats. The sailor's life is a merry life(?) Phooey!

Sunday the rain ceased momentarily while the sun had its five minutes of fun. Then it seems that "sow" Easter of ours turned into a "nor" Easter. The sailor's description of a "nor" Easter: "It ain't even rain, it's three days of drizzle, wind, high water, wet blankets, cold food, and... stuff!"

Saturday, the 26th, sees on schedule a sailing regatta at the Admiral Farragut Yacht Club, of Camden. The R.Y.C. fleet will attend the afternoon races and wind up at the evening dance, probably to hold a race to our home club late that night. The usual fall heavy sailing weather setting in, our gang looks forward with interest to our September regatta. These usually supply some of our best races and plenty of excitement. And so, with a parting thought of the "All night race" scheduled for September 4th, we say, "Fair weather."

AT MANAC

"Old friends and old ways ought not to be disused."

27—First petroleum well opened at Tusville, Pa., 1859.

28—Henry Hudson entered Delaware Bay, 1609.

29—New Amsterdam surrendered to the English and became New York, 1664.

30—Natives massacred at Fort Mims, Ala., by the Creek Indians, 1813.

31—Von Hindenburg defeated the Russian forces in the Battle of Tannenberg, 1914.

1—The first electric railway opened at Baltimore, 1885.

2—Frederick Douglass escaped from slavery, 1838.

COMING EVENTS

Thursday, August 26
Championship softball game, at Memorial Park, Riverton, 6.30 p.m. Burke & Easley vs. Askew.

Thursday, August 26

STORM CAUSES DAMAGE LOCALLY

(continued from page 1)

new sewer extension ditch in Palmyra.

One of the most serious situations was experienced in the vicinity of the Broadway Theatre, Palmyra, where the flood rose, in places, to a depth of at least three feet.

Members of the Palmyra police, fire and highway departments were called into action, and the men assisted in rescuing stalled motorists, carrying pedestrians to dry spots and in pumping out cellars.

The storm appeared to be centered locally and, from available reports, did not extend over a great area. On several occasions, the rain and lightning appeared to abate, but returned with renewed intensity.

Cyclists of Vienna are to pay \$240,000 in taxes next year, the money to be spent on bicycle paths.

OPPOSING TEAMS SEASON RECORDS

Each Outfit Annexes 10 Wins
During Season; Askew Has One Hurler

As Askew and Burke-Easley go to bat for the championship of the Riverton Softball League, a perusal of the record of the season on each club shows that both outfits have a record of 10 wins as compared with four reverses.

During the first half, the Oilers were undefeated. In the second half of the season they were beaten by Askew and the A's in regular games, while they lost two decisions by the forfeit route, the reason being that a full team was not available for action.

Askew Record

During the latter part of the schedule, Askew dropped only one game, that being to the Farmers. In the first half they were not so fortunate, bowing to the A's, Broadway and the Oilers.

On the basis of the record for the season, there appears to be little to choose between the teams, with the exception of the pitching staff.

One Pitcher

Knight, one of the best hurlers in the league, comprises the entire list of Askew pitchers and, unless the management of the Motor Boys has a dark horse available, it appears that Burke and Easley has a decided advantage in respect to pitching. With games to be played on successive evenings, it does not appear that Knight can pitch more than three and still retain his effectiveness. To win, Askew must, then, win all three of these engagements.

On the other hand, Manager Paul Burke, of the Oilers, has three veterans ready for action, these being Hubbs, Hylton and Richmond.

If rain should intervene to space out the contests, Askew would have much better prospects. It is rumored that members of the Askew clan tried their hand at this over the weekend. If so, they were extremely successful.

The following is the season's record for both teams:

Burke & Easley	
First Half	
B. & E. 8—Askew 5	
" 4—Broadway 2	
" 3—Athletics 1	
" 3—Millside 1	
" 9—Tak-Aboust 5	
" 17—Merchants 5	
" 8—Collins 3	
Second Half	
B. & E. 2—Askew 12	
" 2—Broadway 1	
" 0—Athletics 6	
" 2—Millside 1	
" 10—Tak-Aboust 5	
" 0—Merchants 9 (F)	
" 3—Collins 4	
Won 10, Lost 4	

Askew	
First Half	
Askew 5—B. & E. 8	
" 2—Broadway 14	
" 2—Athletics 3	
" 7—Millside 2	
" 4—Tak-Aboust 2	
" 7—Merchants 6	
" 6—Collins 4	
Second Half	
Askew 12—B. & E. 2	
" 10—Broadway 7	
" 1—Athletics 5	
" 9—Millside 0 (F)	
" 7—Tak-Aboust 0	
" 12—Merchants 5	
" 5—Collins 2	
Won 10, Lost 4	
(F)—Forfeit.	
x—Loss for both teams, league ruling.	

TAK-ABOOST IS AWARDED GAME

Tak-Aboust was awarded a game on forfeit, last Thursday night, as Millside failed to put in an appearance for their last game on the regular schedule. The forfeit boosted the Beveragers to a tie for third place in the final loop standing.

The cellar position is crowded with three occupants, Millside, Merchants and Collins having a record of two wins as compared with five reverses.

Broadway and the A's finished in a deadlock for the runner-up post. The former took the count from Askew and the Oilers, while the Athletics lost to Broadway and Collins.

DIAMOND DOPE

With Bill Anderson on the sidelines this year, the championship series of the softball league will lose some of the zip and sparkle of other years. Bill could always be counted upon to keep things going in a lively manner.

Ken Dimond, Palmyra High School baseball mentor, should have some extremely fancy talent awaiting him next year as a result of the Riverton ball club's summer activities. Available for duty at the school are Diffebaugh and Gibson, pitchers; McDermott, a catcher; Sutters, who holds down the hot corner; Cole and Freeman who play short and second respectively. All have had considerable experience during the summer months which should make them seasoned veterans in the scholastic league.

In addition to being a hurler of no mean ability, Gibson also swings a wicked bat. He has connected safely on 12 occasions out of 31 official trips to the plate for the very commendable average of .387.

Local odds favor Burke & Easley, the Oilers being quoted at 3 to 1 with little Askew money in sight.

Country Club Notes

The medal 18-hole full handicap tournament played last Saturday, was won by Dr. R. Gary, with C. B. Wallace second. There were three ties for third place, the following having identical scores: H. S. Coe, G. M. Durgin and Dr. E. A. Meyer.

The prize for the least number of putts was won by A. J. Findley.

Rain prevented the completion of the team match with the Merchantville Country Club, last Sunday afternoon. Only about half of the players were able to finish their round before the inundation.

Play for the President's Cup starts on Saturday, September 4, continuing on September 6 and 11.

RIVERTON SOFTBALL LEAGUE

Second Half Final Standing

	W	L	PC

BROADWAY OUT OF LOOP PLAYOFF

Win by Burke & Easley Gives Second Half Title to Askew Motor

Askew became second half champion of the Riverton Softball League by virtue of a 2-1 reverse handed to the runner-up Broadway, by Burke & Easley, last Thursday night. Had Broadway won, a playoff would have been necessary with the motor aggregation, since each team would have finished the season with identical records.

The contest of Thursday was a battle all the way. Burke & Easley staging a rally in the eighth frame to score the deciding markers. The fracas was called at the end of this canto because of darkness.

Only Two Hits

The heavy artillery of the Oilers was almost completely silenced by Chick Foulke, Broadway hurler, who allowed only two hits during the entire encounter. He issued six passes and advanced runners on several occasions by wild pitches, but these did not figure in the scoring and, consequently, did no damage.

Broadway, on the other hand, connected safely on seven occasions, although two of the bingles were of the scratch variety.

Takes Lead

The Movie Magnates went out in front in the third frame, Bill Anderson starting things by poking out a single with one away. Foulke flamed one at Hylton with such force that the pitcher was unable to field the ball. Bartley then singled to drive Anderson over the platter.

In the following stanza, Buchholz singled to start the inning. He was forced at second on a snappy play of Baker's grounder, Weikman to Small. Daly then forced Baker in the same manner. Conway jostled one out for a single, but H. Anderson forced Conway as the Wikman. Small combination functioned perfectly for the third time during the inning.

The B-E clan had runners on third in the third, sixth and seventh stanzas, but were unable to score with Foulke tightening up in the clinches. The eighth frame opened auspiciously for the eventual winners as Glass got the first hit off the Broadway pitcher. Bonatelli followed suit with a snappy one-baser, and both runners advanced a station on a wild pitch.

At this juncture, Richmond was elected to bat for Hylton and he was promptly passed by the Movie board of strategy.

Long Fly

Weikman then hoisted one to deep right and Glass cantered over the rubber with the marker which knotted the count. Thomas then clouted one to left which was nailed by Beddow, but Bonatelli scored on the play.

Clarence Hubbs tossed the rubber for the Oilers as Broadway came up for what proved to be their last stand.

Double Killing
H. Anderson was given a free ticket and W. Anderson birched a hot one at Weikman. This gentleman touched second, which forced H. Anderson, and burned a throw to Easley in time to complete a double play. Foulke then flied out to center.

At this point, the game was called by Umpire Carhart, who averred that the shades of night had fallen too far to permit further pastime.

TWELFTH WARD COLLARS LOCALS

Riverton dropped an 8-0 decision at Memorial Park last Wednesday night to the Twelfth Ward A. C. of Camden.

Thomas and Diffebaugh shared the mound chores for the locals, who were severely handicapped by the absence of several members of the varsity cast.

No box score of the engagement is available, since Scorer Cahill was unable to wield a pencil due to a broken finger sustained in the Broadway-Athletics game of Monday, and The New Era representative was covering another assignment.

This decision was the subject of much debate on the part of the Broadway team, officials and spectators, but the decision stood and the engagement was over.

POWERS FIGHTS FOR LOWER RATE

Congressman D. Lane Powers, of the Fourth District of New Jersey, is one of the five New Jersey Representatives who have become part of the unofficial steering committee for the measure HR-8226, introduced by Congressman Barry, Second District, New York, to reduce the Home Loan Corporation interest rates, and extend the amortization period.

The interest rates, under the measure, would be reduced from five to three-and-one-half percent, and the amortization period extended from 15 to 20 years.

Recently Congress passed a measure reducing the interest rate on farm loans, and to increase the amortization period. Speaking of the new legislation, Congressman Powers said:

"The farm loan amelioration benefit largely only the agricultural West and South. I believe it is only fair and proper that our home owners throughout the country should have the same interest rates and amortization periods as those given the farmers.

"I have in my files numerous cases where residents of my District have lost their homes because the interest rates are too high. In other instances, the enforced amortization period have caused foreclosures.

"The Home Owners Loan Corporation was formed by the Congress for the purpose of saving homes, not to lose them. The Home Owners Loan Corporation has recently become too firm in its demands to its borrowers. If the present rate of foreclosures keep up, our country will be the largest owner of real estate in the world."

PUBLIC SERVICE EARNS MORE THAN YEAR AGO

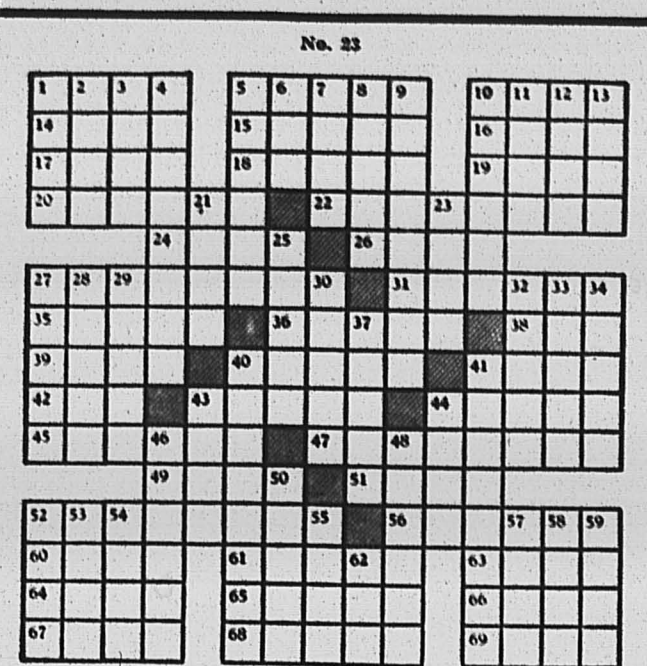

Earnings of Public Service Corporation of New Jersey and subsidiary companies available for dividends and surplus were higher in July than in July 1936, the increase amounting to \$128,042.17. Gross earnings for the month also improved, gaining \$439,532.93 over July a year ago.

Gross earnings for the twelve months ending July 31, 1937, were \$25,630,053.54 as against \$20,030,011.05, an increase of \$5,597,042.49. Operating expenses, maintenance, depreciation and taxes for the period were \$87,063,632.70, an increase of \$4,606,762.71, leaving a net income from operations of \$38,566,420.84, as against \$37,576,141.06 for the twelve months ending July 31, 1936, an increase of \$990,279.78.

Other net income showed an increase of \$783,780.89, compared with the corresponding twelve months period ended a year ago. Income deductions decreased \$557,372.66, the balance for dividends and surplus being \$25,505,542.52, as compared to \$23,174,109.19 for the twelve months ending July 31, 1936, an increase of \$2,331,433.33.

Sour fruit will require much less sugar, and be more digestible, if a dessertspoon of syrup and a pinch of bicarbonate of soda are added after cooking.

BOY SCOUT NEWS

Many Get Merit Badges

When the Boy Scouts left Camp Mahalala on August 8, the Girl Scouts from Palmyra were ready to move in, and enjoyed the privileges of the camp for a week. They were followed by a group of children from the Dobbins Home in Mt. Holly, who tasted the adventure of camp life for a week. This week the Girl Scouts from Five Points will occupy the camp for the balance of the month.

During the four-week period in which the Boy Scouts were at Camp Mahalala some exceptional records in advancement in both merit badges and rank were made. Larry Hall, of Troop 4, Moorestown, passed 11 merit badges. Burd Schoener, of Troop 21, Parry, and George Reis, of Troop 29, Maple Shade, each passed 7. Six were passed by George Leech, of Troop 4. Other scouts who passed merit badges were John Aldridge, 5; Howard Mardin, 4; and Ralph Russell, 2; all of Troop 29. Martin Eckert, of Troop 21, passed 3. The following scouts each passed two: John Hall, Troop 4, Moorestown; Albert Harke and William Eckert, of Troop 21, Parry; Sam Minard and Frank Reed, of Troop 24, Burlington, while William Zimmerman, of Troop 24, passed one.

Advances in Rank

Troop 19, of Delanco, which was a newly organized troop last April, maintained its fine record by advancing 10 of its members to second class rank. Troop 21 made a similar advancement for five of its number. Troop 30, Moorestown, advanced three, while Troop 9, of Palmyra, and Troop 29, of Maple Shade, each advanced two.

Scout Executive George A. Darlington, who has joined his family in Rome, N. Y., was enthusiastic over the success of the 1937 season at Camp Mahalala. There were 297 registrations during the four-week period, as compared with 215 in 1936, and 185 in 1935. It is Mr. Darlington's hope that the camp may be run for a six weeks' period every year. The scout office in Moorestown will be closed from August 23 until September 7.

INFORMATION TO HOME BUILDERS

John E. McLaughlin, state supervisor of the General Housing Information Bureaus, pointed out last week the advantages which the various bureaus throughout the state offer to prospective home buyers and home builders and the persons who wish to refinance their present mortgages or to obtain loans to repair or modernize their property.

"While in existence only slightly more than one month, the General Housing Offices, which succeeded the Better Housing Program, have furnished information to thousands of persons regarding procedure of follow in obtaining a mortgage or modernization loan," Mr. McLaughlin declared.

"Sponsored by the New Jersey State Department of Labor and operated by the Works Progress Administration, the various bureaus are manned by especially trained persons who can offer expert advice and assistance, and while the primary purpose is to supply information, they are equipped to actually assist in securing loans at no charge to the applicant for the services," Mr. McLaughlin continued.

The local bureau located in the post office building, Mt. Holly, is open daily from 1 p.m. to 9 p.m., and from 9 a.m. to 1 p.m. on Saturdays. The activities of the bureau differ slightly from those of the old Better Housing Program in that information regarding all types of mortgage loans will be supplied. Modernization loans are also available as there are many financial institutions that are willing and anxious to lend money for modernization purposes.

Father to young son, sucking his thumb: "Say, son don't bite that thumb off. You'll need it some day when you are old enough to travel. Exchange."

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

The Redhot Poker plant, Kniphofia, makes an excellent addition to the flower border and is becoming quite popular with many gardeners. The genus is a member of the lily family, but the species produce thickened roots rather than bulbs. Their long spikes of bright red to yellow blooms add a brilliant splash of color to the garden in late summer. Most of the flowers open up red at the top of the spike and turn yellow on the lower part later. Florists often use Redhot Pokers as cut flowers.

The common Redhot Poker plant, Kniphofia uvaria, generally has larger spikes and is more easily grown in this state than the earlier kinds, which are often destroyed by Japanese beetles. It has been found best to buy plants of some of the better forms, for seedlings are quite variable and sometimes produce small unattractive flowers. This is often the result of sowing mixed seed of many garden flowers.

Hardy Here

Redhot Pokers are nearly hardy in this part of the country, but need some protection to winter well. The roots can be wintered easily in a cold frame or in the open, if given sufficient protection. Many gardeners in New Jersey dig the roots, pack them in peat moss or in a light soil and store them in a cool cellar. Either of these methods is good, but the roots should not be allowed to dry out during the winter.

Try Redhot Pokers as cut flowers. They make a lovely bouquet and will last well if cut when the first flowers on the spike are opening, allowing the other blooms to open in water. These Redhot Poker plants are also called Torch lilies.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

Every admirer of the large, stately dahlias that will grace many gardens in another month would like to grow such flowers in his garden. To obtain these large dahlias, the Remember that it takes three weeks from the time the bud is first seen and when it is hardly larger than an ordinary shirt button, until the bloom is well open.

For large flowers, not more than three or four buds should be left on a plant at one time. Extra large flowers can be obtained by removing all but one or two buds, but some of the young shoots should be left at the base of the young plant for replacement.

Outdoor chrysanthemums can also be disbudded for larger flowers. One bud to the stem of aster-flowering chrysanthemums is enough. Remove about half of the buds of the small cluster-flowering type. While this may prove a rather tedious practice, it will pay dividends in much finer flowers for cutting. Most of the earlier flowering varieties will start setting their buds in August.

Pull out old wood of roses; give them a dose of fertilizer and keep them sprayed to avoid the black spot disease. Roses do not bloom much in hot weather, but the hybrid teas, if well taken care of, should give an excellent crop of bloom in September and October, lasting until severe frost.

Cut faded blooms from perennials and shrubs unless the seed is to be saved. This practice improves the appearance of a garden, and the plants put their energies to storing up food or forming flower buds for next year. Plants producing ornamental fruits, such as decorative

berries or seeds, should not have the flower clusters removed, of course. Do not overfeed any plants at this time, even though they may not look particularly healthy; feeding might cause late growth, which would tend to make the plants less hardy. Most plants will ripen their growth from now on in order to winter well; roses, dahlias and chrysanthemums being exceptions. These plants are still fed to produce improved flowers, but they will probably ripen better if not fed too heavily.

Albert J. Jacquot, Jr., of 1206 Walnut avenue, West Collingswood, announces the engagement of his daughter, Miss C. Adele Jacquot, to Walter McAllister, son of Mr. and Mrs. W. T. McAllister, of 7 East Broad street, Palmyra.

Miss Jacquot is a graduate of Camden High School and Mr. McAllister of Palmyra High School. He later attended Rutgers University. No date has been set for the wedding.

GOOD LUCK IS USUALLY a matter of good judgment. And it's good judgment to use products that have proved what they can do for you. Atlantic White Flash, Motor Oil and Lubrication kept six stock cars in new-car condition for 100,000 miles apiece, without carbon removal or repairs to any lubricated engine parts. That shows what they can also do for you. Change to Atlantic — and enjoy good luck at all times!

I'll admit I'm lazy

"I want plenty of leisure time for reading, for bridge, and for just plain loafing. Tiresome marketing trips give me no pleasure at all—especially during these torrid summer days. And now, having made my confession, you know why I appreciate my Electrolux gas refrigerator. Fruits, meats, and vegetables can be bought once a week and stored without spoilage. Frozen desserts, salads, and hot weather foods can be prepared with the least possible effort. Most important of all, my food budget shows regular savings and my meals receive more compliments."

The durable, economical Electrolux can do the same for you. Why not stop in at our showroom and see the model which would meet your needs? Prices installed range from \$199.75 up with a small carrying charge added if you elect the 36 months deferred payment plan.

YOUR CHOICE

FISHING REEL

All metal, capacity 80 yards. This reel has a level winding attachment, balanced handle and adjustable click. An article of worth while value to every fisherman.

WATERING CAN

This attractively enamelled watering can in the one-quart size and long spout is just the thing for watering house plants and window boxes. You get the water on the plant and not on the floor.

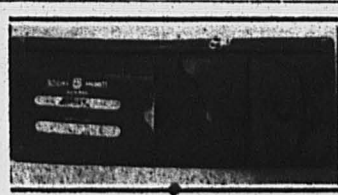

TOOL BOX

This convenient metal box is what every man needs for tools, fishing tackle, etc. It measures 6 x 14 inches and is 5 inches deep. Compartment for tools and handy five-sectioned tray in top for nails, screws, etc. Tray slides back as lid is raised. Complete with handle, lock and key.

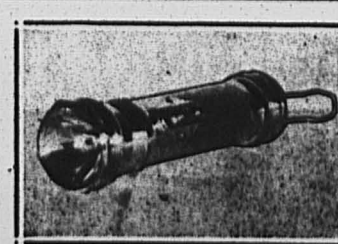

SKILLET

Made of the famous Pyrex Flame-ware. It is 7 1/2 inches in diameter and 1 1/2 inches deep and comes with removable metal handle. The skillet is made of clear, transparent heat-resistant glass developed for top-of-stove cooking by a formula different than that used in the regular Pyrex ovenware.

WALLET

Genuine leather. Size, 3 1/2 x 8 1/2 inches. "Zipper" attachment over bill compartment. Coin container with snap flap, two sections for cards, driving license, etc. A quality, article needed by all men. Even if you have one already, a spare will come in handy when your present wallet wears out—or it would make an ideal gift.

FLASHLIGHT

A genuine Winchester flashlight with solid bronze case and focusing beam. A handy article in any household. Convenient hook enables light to be attached to belt for out-door work. It is equipped with signalling button for Scout use. Complete with battery and bulb.

RIVERTON

The Rev. Norman G. Dunning, L.L.B., of London, England, a distinguished preacher and former professor at Cliff College, has been visiting this week at the home of Dr. J. G. Bickerton, of 200 Park avenue. Dr. Dunning is occupying the pulpit of the Fifth Avenue Church, New York City, on Sundays during the month of August and is on the lecture program at Ocean Grove during the week days of this month.

Among those registered at the Chalfonte-Haddon Hall this week are Mrs. Helyard Stokes, of 622 Thomas avenue and Mrs. W. J. Stokes, also of Thomas avenue.

Miss Marilyn Yost, of Thomas avenue, is the guest of Miss Barbara Berger at Lake Teddysong for two weeks.

Mr. and Mrs. Blandon Cook, of Lippincott avenue, and Mr. and Mrs. George Snyder spent the weekend in New Haven, Connecticut, visiting Mr. and Mrs. James O'Brien.

Mr. and Mrs. Leon Gray and family, and Albert Yeary spent the weekend in Lavallette.

Mrs. Harriet Kirby, who was seriously injured in an automobile accident, returned home Sunday from West Jersey Hospital.

Mr. and Mrs. Edwin Evans had as Sunday visitors, the Misses Snowden, of Granite Valley, and Mr. and Mrs. Gratten, of Philadelphia.

Mrs. Philip A. Weigel, of Midway, is spending some time visiting her sister in Merchantville.

Mr. and Mrs. Walter T. Blyler, of Midway, spent the weekend in Brant Beach.

Mr. and Mrs. Morris H. DeCoursey and family, of Lippincott avenue, returned Saturday from a two weeks' vacation at Brant Beach.

The winners in the Sacred Heart P.T.A. quilt and sheet club for the past three weeks have been: August 11, Mrs. Leo Wallace, of Public Road; August 11, Mrs. Dietrich, of Harrison street, and Mrs. Edward Collier, of 417 Linden avenue.

FAST COLORS

Another reason why romance lasted longer in the old days was that a bride looked much the same after washing her face.

DO NOT USE OIL ON SEVERE BURNS

A warning against the widespread use of ointments and oils in the treatment of burns was recently sounded by a physician who successfully treated several casualties in the Hindenberg dirigible disaster at Lakehurst. Speaking to a medical discussion group at Pt. Pleasant recently, Dr. O. R. Holters, of Asbury Park, warned that "the use of oils and ointments of various kinds, home and proprietary remedies, in the treatment of second and third degree burns, is to be severely condemned."

Asked by one of the doctors in the audience what emergency remedy he would recommend to the laity for the treatment of severe burns, Dr. Holters replied: "The use of sodium bicarbonate as a wet dressing or as a paste probably would be less objectionable than any other home or proprietary remedy and certainly preferable to oils and greases. . . . From a practical standpoint, I know patients who have obtained considerable relief by its use. I do not believe it would seriously interfere with subsequent treatment as the bicarbonate could be easily removed by gentle lavage with warm water and then the other treatment applied thereafter."

Only in the treatment of mild burns did Dr. Holters approve the use of ointments. "For the local treatment of first degree burns, and for first degree burns alone, any mild antiseptic ointment will suffice."

RADIO GARDEN CLUB PROGRAM

The Radio Garden Club of the Agricultural Extension Service, at Rutgers University, will present as its guest speaker on Friday, August 27, Marcel LePiniec, rock garden specialist, of Bergenfield, N. J. Mr. LePiniec will broadcast over WOR and other stations of the Mutual Broadcasting System at 3:45 p.m., and his topic will be "The Rock Garden in Summer."

On Tuesday, August 31, at the same time, Prof. R. B. Farnham, assistant ornamental horticulturist of the New Jersey Agricultural Experiment Station, will speak on "The Garden Hedges."

A Radio Garden Club program will be broadcast every Tuesday and Friday afternoon at 3:45 from now on, instead of at 3:15 as these programs were originally scheduled.

FOOD FACTS

Do you know that: Capers are the flower-buds of the nasturtium-like caper plant. They are dried, pickled in vinegar and used in the preparation of sauces.

Government investigations report oils are superior to lards for frying potato chips.

Chlorophyll is a new German food product developed as a substitute for lettuce and other leafy vegetables serving as Chlorophyll carriers.

Electrical storms have no effect on the souring of milk, but conditions prevailing during storms are favorable for rapid bacterial action.

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

BIRTHS

Mr. and Mrs. Theodore Tartar, of 512 Main street, are receiving congratulations on the birth of a son, Theodore John, Thursday, August 19, at the Mary Haas Robbins Maternity Home.

Who remembers when wearing silk stockings made one an aristocrat?

Get The Doctor

A letter recently addressed to D. Frederick Burnett, Commissioner of Alcoholic Beverage Control, in New Jersey, asked a ruling from Mr. Burnett in respect to a beer drinking contest at a club outing, asking "would you suggest a limitation, a fight-to-the-finish affair, or some other less violent contest?" The reply of Mr. Burnett, which was laconic, but to the point, went as follows: "I have your recent inquiry. I suggest that you consult an alienist."

"CAPTAINS COURAGEOUS"

Playing at the Fox, Riverside, on Thursday, Friday and Saturday, August 26, 27 and 28. A memorable cast brings to the screen Rudyard Kipling's soul-stirring tale of men who go down to the sea in ships.

American Boy Introduces A New Football Game

In the early fall issues of THE AMERICAN BOY there'll be presented the story of a new game—six-man football—fast as professional football, wide open as basketball, thrilling as hockey!

The game came to life through the need of small schools for some substitute for 11-man football, which was too expensive. Stephen Eppler, a Nebraska graduate student in athletics, developed the game of six-man football to meet this need. In six-man football anybody can score, the possibility of injury from mass plays is minimized, and the game is open enough for spectators to follow every exciting development.

The new game is a hit. New schools are taking it up every day. In coming issues THE AMERICAN BOY tell the world about this practical new game. In addition, it presents The American Boy Official

Handbook, which can be obtained from the magazine at 20 cents a copy, or 15 cents when bought in bulk. NOTE: Subscription prices of THE AMERICAN BOY will be raised in the near future. Send your subscription order at once to take advantage of the bargain rates now in effect: one year at \$1.00 or three years at \$2.00. Foreign subscription 50c a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. On newstands the price is 15c a copy. 8-26-9-2

In 16 years the United States Biological survey has banded approximately 2,000,000 birds. IMPROVE YOUR RADIO TUBES TESTED FREE ALL PHILCO TUBES GUARANTEED JOHN H. ETRIS 17 W. Broad Street Palmyra Phone 978

CINNAMINSON P.T.A.

The first Fall meeting of the Cinnaminson P.T.A. will be held some time in September. Watch this paper for announcement.

Parents are requested to ask their children for all notices concerning P.T.A. activities which will be given them at the school from time to time.

Study groups will bring valuable information to parents, and since your children's health and welfare is of first importance to you, you are asked to attend these meetings throughout the winter.

P.T.A. news and information will be published regularly in this paper. Publicity.

The earliest real roads were probably laid in Mesopotamia about 1900 B. C. One route of this ancient system—from Baghdad to Isfahan—is still in use.

WANTED

Energetic young man or woman in Riverton, Palmyra and Cinnaminson to obtain new subscriptions to The New Era.

Liberal Commission Only those genuinely interested, need apply. Call at The New Era Office 607 Main street, Riverton on Friday or Saturday morning.

THEN

Sacred Heart Church, Riverton, as it appeared in 1909, when Father Hendrick was pastor. At that time the rectory had been recently completed and the interior of the church redecored. Houses on Broad street can be seen in the distance.

AND NOW

A view of the Sacred Heart Church taken recently. Although the buildings are the same as those shown in the earlier picture, the entire aspect has been changed by the growth of the trees. Both pictures were taken at the corner of Fourth street and Linden avenue.

OBITUARIES

JOHN C. HAND

John C. Hand, father of Mrs. Harry Saar, died at his home in Port Norris, N. J., at the age of 89, on August 15.

MRS. ELIZABETH QUAST

Mrs. Elizabeth Quast, of 501 Leconey avenue, died Sunday in Philadelphia.

Services will be held today (Thursday) from the Snover Funeral Home, with interment in Monument Cemetery, Beverly.

GUSTAVE A. HAHN

Funeral services for Gustave A. Hahn were held Wednesday from the Snover Funeral Home, the Rev. Harold L. Creager officiating. Interment was private.

Mr. Hahn is survived by his wife, Bertha, and three sons and a daughter, of Palmyra.

ROWLAND W. GILPIN

Rowland W. Gilpin, former resident of Palmyra, died August 20, at the home of his daughter, Mrs. Walter Gibbon, of Cynwyd, at the age of 78.

Mr. Gilpin came to Palmyra in 1894 and resided here until 1914. He was a member of Covenant Lodge No. 161, F. & A. M.

Interment was made in West Laurel Hill Cemetery, Philadelphia, August 24.

Mr. Gilpin is survived by a son, Harold B. Gilpin, of Merchantville, and a daughter, Mrs. Walter Gibbon, with whom he made his home.

Church Notices

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, Pastor

On Sunday, August 29, the pulpit of the church will be occupied by the Rev. William W. Owen, pastor of the Reformed Church, of Harlingen, N. J. The Rev. Owen is the son-in-law of Mr. and Mrs. Harry E. Davis, of 104 Main street, Riverton.

The Rev. J. Clayton Lime, pastor of the Delanco Presbyterian Church, of Delanco, will preach on the following Sunday, September 6.

The pastor, Rev. Charles T. Bates, will return from his vacation and officiate on the second Sunday in September.

CHRISTIAN SCIENCE CHURCH

"Christ Jesus" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, August 29.

The Golden Text is: "The Father judgeth no man, but hath committed all judgment unto the Son: that all men should honour the Son, even as they honour the Father." (John 5:22,23).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And John calling unto him two of his disciples sent them to Jesus, saying, Art thou he that should come? or look we for another? Then Jesus answering said unto them, Go your way, and tell John what things ye have seen and heard; how that the blind see,

the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, to the poor the gospel is preached." (Luke 7:19,22).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus' works establish his claim to the Messiahship. In reply to John's inquiry, 'Art thou he that should come,' Jesus returned an affirmative reply, recounting his works instead of referring to his doctrine, confident that this exhibition of the divine power to heal would fully answer the question" (p.131).

Because America has not reforested her cut timber land as has Canada, we now pay Canada \$170,000,000 a year for news print pulp wood.
