RIVERTON—PALMYRA, N. J., THURSDAY, MAY 5, 1938

PRICE FIVE CENTS

JUNIORS GOVERN HERE SATURDAY

Municipal Posts are Held by
Youth Week Officials;
Hobby Show Tonight

The local observance of Youth Week opened here on Saturday afternoon, when the government of Riverton and Palmyra was taken over by officials who had been elected by the student body at Palmyra High School.

In Palmyra, Mayor John F. Ward welcomed those who had been named to the various posts and explained several matters which concerned local government.

The oath of office was then administered, after which a formal business session was held and various matters of business transacted.

Members of Council

Douglas Mickle assumed the duties of Mayor, while the members of his council were George Snyder, Harold Frech, Frank Applegate, William McCamy and Garwood Bacon.

Heads of the various departments in the borough were also present and outlined the functions of their organizations to the respective Youth Week office holders.

After the meeting, a trip was made to the fire house, sewage disposal plant, clerk's office and police station.

Other Palmyra Officials

Other Palmyra officials were: Treasurer and collector, G. Chatburn; assessor, E. Rowe; director or relief, J. Hoare; solicitor, A. Thiel; health officer, Ruth Nudd; road supervisor, W. Kitchen; fire chief, R. Snover; chief of police, Tom Fowler; president of board of education, T. Chamberlain; school supervisor, Martha Masterson.

Same in Riverton

The same procedure was followed in Riverton, where Mayor H. McIlvain Biddle extended greetings to Mayor Fred Freeman and the following (continued on page 3)

Attend District Rotary Meeting

A number of the members of the Palmyra-Riverton Rotary Club, accompanied by their wives attended the meetings of the 184th District Conference of Rotary International, which was held in the Hotel Dennis, Atlantic City, on Monday and Tuesday of this week.

Those from Riverton and Palmyra who were present include: Mr. and Mrs. Robert G. Adams, Mr. and Mrs. Nathan Lane, Mr. and Mrs. E. Newbold Cooper, Mr. and Mrs. C. P. Mayfield.

A. E. Hargett, Joseph Seel, Morris Joyce, Joseph T. Evans and Rev. George Lockett.

Mr. Hargett served as chairman of the election committee at the conference, while Mr. Cooper was a member of the program committee.

A knot, or sea mile, is 6,028.66 feet, or little more than one and one-sixteenth land mile. The statute mile is 5,280 feet.

Over 500 city and country police departments are equipped with radio of a one or two way variety.

JOSEPH STOW TO FLY AIR MAIL

Joseph Stow, of East Riverton, will take off from the Moorestown airport, on Thursday morning, May 19, with air mail from the Riverton and Palmyra post offices. This event is scheduled as part of the national observance of Air Mail Week.

After arriving at the Camden airport, it is expected that Stow will fly a batch of mail back to Moorestown and this will be delivered locally.

An attractive cachet for the week has been prepared for use at the local offices.

GOOTEE BREAKS ROBBERY CASE

Servant in Jail on Larceny
Charge Due to Efforts of
Riverton Chief

Chief William Gootee, of the Riverton police recently broke a baffling larceny case which seemed destined to go into the records as an unsolved mystery.

On March 28, Dr. T. Bruce Dickson reported that two rings belonging to Mrs. Dickson had disappeared from his residence. Chief Gootee conducted an investigation, but could find no evidence that the house had been broken into.

Police Notified

He immediately notified all police departments concerning the theft and sent out a description of the stolen property over the teletype.

On April 25, a Philadelphia pawnbroker notified police of the Second Detective Division that a negro had attempted to pawn a ring which answered the description of one of those that was stolen here.

Being suspicious that the ring had been stolen, he asked the person who presented it for identification. The man furnished a work card which stated that he was Charles McElroy, of Cincinnati, Ohio.

Never Returned

McElroy, becoming alarmed, beat a hasty retreat from the store, leaving the ring. The Philadelphia police notified Chief Gootee and he accompanied Dr. and Mrs. Dickson to Philadelphia, where they identified the ring as their property.

At the time of the theft, the Dicksons employed a maid, one Ida Caldwell, who was questioned at length by Chief Gootee after the Philadelphia incident. She admitted at that time, that she formerly lived in Cincinnati.

Denied at First

She was then asked when she had last seen McElroy, but at first denied knowing him. When advised that he had attempted to pawn the ring, she then admitted that he had visited her in East Riverton on several occasions, one trip being near the date on which the jewelry was missing.

With this connection established between the pair, Chief Gootee placed her under arrest and she is now lodged in Mt. Holly jail awaiting trial on the charge of larceny.

The apparent solution of the case marks the conclusion of a fine bit of deductive reasoning by the local police.

BICYCLE OWNERS ATTENTION

Although four stolen bicycles have been identified, it is possible that some of the remaining machines recovered in Philadelphia may belong to local owners. All those who have lost wheels are requested to give a full description of their property to local police.

Chief C. Morris Beck, of Palmyra, asks that all cycle owners register their wheels with him, starting Saturday afternoon of this week. There will be no charge for this service and it will be of great value to officers in recovering stolen property.

PRELIMINARIES TO BE THIS MORNING

Testimony to Be Taken at Mt.
Holly on Almshouse
Bond Issue Case

An open hearing is scheduled to take place in the court house, Mount Holly, at 11 o'clock, this (Thursday) morning, in respect to the writ of certiorari filed last week by William Ford, of Mount Holly, to show cause why the proposed bond issue for the almshouse should not be rescinded.

Testimony will be taken by Supreme Court Commissioner Berry, of Camden, and the affair is preliminary to a further hearing that is scheduled to be held before Judge Perskie, at Atlantic City, on Saturday morning of this week.

Many Subpoenaed

Subpoenas have been issued to the members of the Board of Freeholders, clerk of the board and Harold Cooper, director of County Welfare.

It is expected that taking of testimony will require several hours, since there are many legal angles which will probably be discussed at length.

Ford, the appellant, is represented by James M. Davis, Jr., of Mt. Holly, while Christopher N. Peditto, solicitor of the Board of Freeholders will handle the situation for the county.

MRS. R. J. SIM TO SUCCEED MATTIS

Appointed Relief Director of
Riverton, Cinnaminson
To Fill Vacancy

Mrs. Robert J. Sim, executive secretary of the Riverton-Cinnaminson Welfare Association since the resignation of Mrs. Catherine Blair, on April 12, has been appointed director of relief for both Riverton and Cinnaminson.

The new appointment necessitates a slightly different method of organization in the administration of relief, but no change is involved in the method of application, or in the responsibility of the Welfare Association for its conduct.

Mattis Resigns

New business connections, recently acquired in Atlantic City, necessitated continued absence from town, and in consequence, Ross E. Mattis, for many years active in welfare and relief work in the two communities, felt obliged to tender his resignation to the Township Committee and the Riverton Council, as director of relief. Mr. Mattis was one of the founders of the Welfare Association and served for some time as its president.

Representing the association in this official capacity, he gave unstintingly of his time in the interest of a relief administration which, through the executive secretary of the association, provided both communities with an enviable record for economy and efficiency.

Under the New Jersey Financial Assistance Act, whereby communities which meet certain requirements are eligible for state financial assistance in meeting their relief problems, the director of relief is appointed by a local assistance board which is, in turn, appointed by the governing body of the community. The present organization is a direct outcome of that requirement.

In Cinnaminson

On April 25, in a special session of the Township Committee, a local assistance board was appointed to conform to FAC requirements. Those named were Mrs. Joseph Thomas, Howard Taylor and Charles Evans.

The board met on the same day and organized, with Mr. Evans as chairman, appointing Mrs. Sim as director of relief for Cinnaminson. (continued on page 9)

TWO ALARMS FOR WOODPILE FIRE

The Riverton and Palmyra Fire Departments both responded to an alarm for a blazing pile of cordwood located in a lot to the rear of the Tyler property, Park avenue, at 11.30 Friday morning of last week.

The Palmyra firemen were misinformed that the fire was on Columbia avenue, but it developed that the call was sent in for the woodpile blaze.

The Riverton company laid a line of 2½ inch hose and soon extinguished the fire from which flames were shooting high into the air at the time the company arrived.

PAINTING CLASS HOLDS EXHIBIT

Pupils of Mrs. Murray C. Boyer
Show 160 Canvases
In Porch Club

On Tuesday of this week, the members of the painting class taught by Mrs. Murray C. Boyer held an exhibition of their work in The Porch Club, Riverton.

One hundred and sixty subjects were on display and there was a large attendance.

The class was inaugurated as one of the activities of The Porch Club and eight lessons were given. At the conclusion of the first course, the members were so enthusiastic about the work that Mrs. Boyer was requested to give eight additional lessons.

Variety of Subjects

During the winter months a number of still life paintings were made and, later, the members devoted much time to landscapes.

The subjects covered a wide range and included several paintings of river scenes, woodland settings, interesting portrayals of a number of residences during the spring season.

Individuality

At a pre-showing held on Monday afternoon, Claude J. K. Anderson, prominent artist of Riverton, said that the exhibit was most interesting. He also stated that the most amazing part of the display was that each member of the class showed such individuality, a quality which many instructors fail to instill in their pupils.

Mr. Anderson also said that the members of the class had made a tremendous achievement within a short time, since many had had no training in this respect before starting the course with Mrs. Boyer.

Members

The class was composed of the following members: Mrs. Richard D. Barclay, Mrs. Stewart A. Berger, Mrs. J. Douglas Clark, Mrs. T. Bruce Dickson, Mrs. W. Wallace Early, Mrs. Francis B. Elwell, Mrs. J. C. Harper, Jr., Mrs. Richard Hollerith, Mrs. G. Elliott Krusen, Mrs. Edward Ochs, Miss Alice G. Parrish, Mrs. William G. Porter, Mrs. Gorham P. Sargent, Mrs. Robert Robertson and Miss Emily Robertson, all of Riverton.

Mrs. Ralph S. Charlton, Mrs. Lloyd Cross and Mrs. G. C. Krusen, of Delanco.

Mrs. A. B. Harding and Mrs. Otto Mann, of Beverly.

TWO DRIVERS ARRESTED

Arrests made in Riverton during the past week include that of Joseph Fisher, 102 Broad street, Beverly, on the charge of driving without a license. He was apprehended by Officer Horner and fined \$3.50 and costs by Recorder Frank Probsting.

Officer Carhart arrested Melvin Fox, Rittenhouse Plaza, Philadelphia, on the charge of passing an amber light. He received a fine of \$3.00 and costs.

TEACHERS NAMED FOR NEXT YEAR

Four Elected by Riverton Board
Appointments Made and
Improvements Planned

At the May meeting of the Riverton Board of Education Monday night, Mrs. Charles H. Yost, chairman of the education committee, presented a letter from Edgar Virenc, seventh grade teacher, stating that he would not be an applicant for reappointment for next year. The clerk was instructed to acknowledge the letter.

On recommendation of the education committee, the following teachers were elected for the ensuing year: Milton H. Hutt, manual training, two days a week; Florence L. D. Heal, domestic science, two days a week; Grace C. Duer, art, two days a week; Velma L. Comes, music, two days a week. Eleanor Williams was elected office clerk, to be on call during July and August.

Appointments

Other positions were filled as follows: School physician, Dr. Harry L. Rogers; dental inspector, Dr. George J. White; attendance officers and school nurses, Miss Catherine Cook and Miss Helen Blair; custodian of school funds, C. Kenneth Davis; broker of record for insurance, Clarence T. Yerkes; janitor, Walter Armstrong; assistant janitor, George Carney.

The education committee, together with Miss Staman, were authorized to look into securing a physical education teacher for two days a week and report to the board at the next meeting.

Committee Reports

John Metzgar, chairman of the supplies committee, submitted a list of text books, reference books, work books and other supplies, which was accepted and the clerk instructed to advertise for bids. After some discussion about a new set of reference books, the committee, in conjunction with Miss Staman, were authorized (continued on page 2)

Much Activity On Broad Street

Hundreds of thousands of tomato plants are being distributed daily on the south side of Broad street, near the Thomas avenue siding, where Railway Express cars are spotted daily to take care of the demand of growers for plants from the south.

On Monday morning trucks were lined up for several blocks and 11 cars were being emptied of their contents.

The scope of the local distribution center can be pictured by the fact that trucks were observed from such points as Bristol and Newtown, Pa., Cream Ridge, Hurlville and numerous other points in South Jersey.

The total number of plants shipped here runs well into the millions and provides a considerable volume of business for the local express office.

POWERS MAY SPEAK HERE

Efforts are being made by the Riverton Fourth of July committee to have Congressman D. Lane Powers speak at the exercises to be held on that day.

Sample Party

Don't forget that the women's Guild of Christ Church is giving a Sample Party this (Thursday) afternoon at 3.30 in the Parish House. There will be many attractive door prizes, in addition to the large and varied collection of samples.

Come and bring the children for ice cream and cake. Tickets are 25 cents, and the refreshments only 10 cents. Christ Church Parish House, this afternoon at 3.30.

POST-MUSIC WEEK CHORAL PROGRAM

Musical Festival Will Be Held
In Methodist Church
Thursday, May 12

Following the Music Week celebration in these communities there will be a Choral Festival presented by a chorus of 50 voices, on Thursday, May 12, at 8:15 p.m. in the Epworth M. E. Church.

The chorus will be under the direction of Eric Warnick, assisted by Mrs. Rachel Lord at the organ and Lee Mitton at the piano.

The program is as follows:
Adagio—Moonlight Sonata, Beethoven—Rachel Lord, organ; Lee Mitton, piano.

Festival Te Deum, No. 7, Buck—Full chorus with quartette.

I Will Call Upon the Lord, 12th Mass, Mozart—Full chorus with quartette.

Dedication, Franz—Beatrice Collins.

Festival Prelude and Choral, Bach.

Oh God, When Thou Appearest, Mozart—Full chorus with quartette.

Jesu, Joy of Man's Desiring, Bach. The Lotus Flower, Schumann—Double trio with soprano solo.

I Will Not Leave You Comfortless, Tintomb.

Worthy Is The Lamb: Amen, Messiah, Handel—The Choralists.

Hallelujah, Messiah, Handel—Full chorus.

The soloists are: sopranos, Mary Miller Bair, Elva A. Dunning, Anne McConnell; contraltos, Beatrice Collins, Elizabeth T. Lippincott; Clara E. Rivers; tenors, Edward N. Hoyt, Elvin I. Powell; basses, Stanley Gilbert, Prescott Herr.

The double trio is composed of Denise Johnson, soloist; Marion Lenker, Norma Greenig, Anna Jean Kercher and Carrie Bates, sopranos; Charlotte Voss and Beatrice Mattison, contraltos.

Miss Charlotte R. Bickerton is the narrator.

SENIORS LEAVE ON CAPITAL TRIP

Ninety-nine members of the senior class of Palmyra High School left on Monday of this week for a three-day trip to Washington.

The students visited Lee's Mansion, Arlington Cemetery, Mt. Vernon and the United States Naval Academy at Annapolis in addition to the national capital.

The chaperones are Miss Elizabeth C. McDonnell and Marie Wolfe, class advisors, Miss Dorothy Diener, music supervisor, and Robert Patchel from the French department.

The executive board of the class comprises Douglas Mickle, vice president; Frank Applegate, vice president; Lorraine Myers, secretary, and Samuel Rothbaum, treasurer.

RESERVE OFFICERS TO CONVENE IN CAMDEN

Reserve officers of New Jersey will hold their annual convention in Camden, May 7, according to announcement by Major Frank B. Chapman of Jersey City, department president. All arrangements for the convention, to be held at the Walt Whitman Hotel, have been made by the South Jersey Chapter.

An informal program has been scheduled for officers arriving May 6, and the formal session will open at 9:00 a.m. Saturday. Committee action on state and national resolutions, legislation, and national defense, and election of officers, will be the main work of the business session.

LOCAL TEMPLE ALUMNI TO ATTEND DINNER

Dr. Charles E. Beury, president of Temple University, will be the guest of honor of the Temple University Club of Burlington and Mercer counties at a testimonial dinner to be held on Saturday, April 30, at the Trenton Country Club.

The dinner, to which many prominent residents of Burlington and Mercer counties have been invited, will be tendered Dr. Beury in recognition of his "unfailing efforts and faithful service in furthering the interests of Temple University."

Fog often seeps into London movie houses and gives the "silver screen" a yellowy tint.

Westfield Friends School

The third and fourth grades, having developed a background in their studies on paper making, culminated their study by a trip to the West Jersey Paper Company, in Camden, on Monday, May 2. The expedition was planned and arranged for by Mrs. C. S. Mears. The tour through the plant was so conducted that each child had an excellent opportunity of seeing and hearing how each process in executed. The trip was a very valuable experience from many angles.

Thursday, May 5, at 2:45 p.m., the Garnet and Blue baseball nine will meet Frankford Friends on the Westfield grounds. Great enthusiasm and much hard work is putting our team in fine shape to meet their opponents.

The regular assembly will be held on Friday morning as usual. An interesting program is being planned.

Home Conducts Fund Campaign

At the regular meeting of the board of managers of the Cinnaminson Home, held on Monday, a daily average of 25 guests were reported for the month of April.

There were 857 quarts of milk used during the month and 2625 meals served.

The Girls' Friendly Society, of Riverton, made Easter baskets for the guests.

Over 300 letters were sent out in the campaign for funds and if, in some way, your name was overlooked and you would like to contribute to this cause, Miss Edith Coale, treasurer of the board, will be glad to accept your contribution.

Quoting from the letter, this appeal is sent:

"You have always been among our loyal supporters, and we hope you may be willing to substitute a money contribution in place of your usual expenditures of the day of the Fete. The price of your cake, or your chicken or your candy, or the money usually spent for supper would help us carry on our work for the coming year."

"The Fete has involved a tremendous amount of physical work and also a great anxiety on account of the weather. This year seems to be an opportune time to try another method."

"The Cinnaminson Home takes care of about 25 convalescent women daily, and many young mothers with tiny babies, the average visit being from 2 to 4 weeks. Many of them cannot pay board. In most cases the change of environment brings them back to health and to a realization that there is something to live for."

PALMYRA HANDED INITIAL REVERSE

After winning five in a row, Palmyra High School's ball tossers came to the end of the line, on Tuesday afternoon, when they journeyed to Camden and received a 6-2 reverse at the hands of Camden Catholic.

Gibson was on the mound for the locals and allowed eight hits and walked three. Three boots by his support aided the enemy cause materially.

Palmyra connected for six safeties off the offerings of Clark, freshman hurler for the Irish, Rothbaum banging out a pair. He was the only member of the Red and White cast who solved the pitching of the youngster with any degree of success.

The Camden boys avenged a 5-4 defeat which the Irish sustained on the local field two weeks ago.

GOLFERS LOSE TO CAMDEN CATHOLIC

The Palmyra High School golfers lost a close match to Camden Catholic on Monday afternoon, at Moorestown, the locals being on the short end of a 9½-8½ score.

C. Randall and Leddon, of Palmyra, blanked their opponents.

The match was the second of the season in the Suburban Golf League.

TEACHERS NAMED FOR NEXT YEAR

(continued from page 1)

to select a suitable reference work for use in the school and report at the next meeting.

Richard M. Woodward, chairman of the property committee, submitted recommendations for painting to be done by the janitors during the summer, reconditioning the floors in the classrooms and auditorium, and other improvements of a minor nature. The report was received and its recommendations adopted.

Post Rodgers, No. 156, American Legion, of Palmyra, requested permission to present awards to outstanding pupils as was done last year, which was granted.

Miss Staman's Report

Attendance has improved somewhat with better weather but we are still excluding every suspicious cough, percentages are still low. Some children have been excluded for long periods even though the cold was not diagnosed whooping cough. Cooperation of the parents in keeping children home who have had fresh colds has helped keep us in good condition.

Forty-five children were examined by the school physician, 28 of whom were excluded. Thirty-four pupils attended four dental clinics.

The P.T.A. plans for the annual "Summer Round-Up" are complete and will help prepare next year's kindergarten class.

Curricula for Palmyra High School have been revised in a most interesting and up-to-date manner, showing nine different prescribed courses of study from which the prospective student may choose. Copies of these have been given to our eighth grade pupils and Mr. Jones, supervising principal of Palmyra schools, will come into the school to meet with the parents of these children on Wednesday morning.

This conference will be preliminary to the guidance meeting with the students themselves which will be held at a later date and should be a valuable help.

Looking forward to next year, the following calendar is proposed.

1938-39

Opening day, September 12.

Holidays—October 12, Columbus Day; November 11, Armistice Day; November 14, State Teachers Convention.

FIRE DAMAGES E. RIVERTON HOME

Shortly before 2 o'clock, on Wednesday morning, fire caused extensive damage to the two-story stucco dwelling located on Broad street, East Riverton, adjoining the Tri-angle Building.

Neighbors stated that there was a definite explosion, after which the entire interior burst into flames. As the structure was unoccupied, firemen were at a loss to determine the cause of the fire.

The East Riverton Company laid a line of 2½ inch hose and soon had the blaze under control. As the fire had eaten into the partitions, it was necessary to tear away much of the interior to extinguish the flames.

The explosion was of sufficient force to shake loose most of the stucco on the east side of the structure.

The building is owned by Mrs. Ella Johnson.

The Riverton and Parry Fire Departments also responded to the alarm.

Health Question: Does infection from poison ivy recur each year without new exposure?

Doc Says:

Ivy poisoning does not return each year to a person who has had it unless there is a new exposure each year. The second or subsequent exposures are sometimes unsuspected and this has given rise to the belief that ivy poisoning recurs spontaneously from year to year.

Ivy poisoning may spread from one part of the body to another through contact with the infected area.

Inoculation against ivy poisoning is now possible. Persons whose work or hobbies expose them to poison ivy each year might profitably be inoculated against the infection.

The material contained in this feature is prepared by the Medical Society of New Jersey, an organization of physicians of the state.

NOTICE TO BIDDERS

The Board of Education of Cinnaminson Township will receive bids for one hundred (100) tons of Pea Coal (with the privilege of purchasing twenty-five (25) tons additional) at a meeting to be held May 11, 1938, at 7:30 p.m., D.S.T., at the school. The Board reserves the right to reject any and all bids.

EMMA D. FRANK, District Clerk.

ROUND-UP PLANS ARE COMPLETED

Riverton P.T.A. Will Conduct
Annual Event During
May 10 to 14

The annual Summer Round-Up of the children to the homes of all pre-school children on the list. The purpose of the Round-Up is to send to the kindergarten a class of children as free as possible from remediable defects. It is an educational activity to teach parents the value of periodic health examinations.

The Round-Up group includes all children from two years of age to those eligible for school in September.

Visits are being made, by the committee, to the homes of all pre-school children on the list. The purpose of the visits is to notify parents of the Round-Up and to distribute the health record forms. The forms should be taken to the doctor when the children are taken for the health examination.

The list of children in this age group is not complete and for this reason some children may be missed by the committee. Anyone omitted may secure information and health record forms from any member of the committee.

Local Doctors

Since people accept corrective suggestions from their family physician more readily than from a public agent the local doctors have cooperated with us and will examine the children in their offices on the following days:

Dr. H. P. Landis, Jr., Tuesday, May 10, 1 to 2 p.m.

Dr. H. B. Mark, Tuesday, May 10, 10 to 11 a.m.

Dr. C. S. Mills, Tuesday, May 10, 3 to 4 p.m.

Dr. H. W. Bauer, Wednesday, May 11, 12 to 3 p.m.

Dr. D. H. LeFavor, Wednesday, May 11, 8:45 a.m.

Dr. T. B. Dickson, Thursday, May 12, 2 to 3 p.m.

Dr. H. L. Rogers, Thursday, May 12, 2 to 3 p.m.

Dr. C. F. Voorhis, Thursday, May 12, 12 to 2 p.m.

Dr. J. C. Voss, daily except Wednesday, 4 p.m.

The doctors are giving their time without remuneration. Will you not make an effort to take your pre-school children to your family doctor for a health examination?

Summer Round-Up Committee, Mrs. M. H. DeCoursey, Chairman.

Mrs. A. J. Reeves, Mrs. J. H. Werners, Mrs. A. H. Burns, Mrs. J. L. King.

FOURTH OF JULY COMMITTEE PLANS

Councilman Robert W. Knight, chairman of the Riverton Fourth of July Committee appointed by Mayor H. McIlvain Biddle, presided at the first meeting of this group on Tuesday night of this week.

Preliminary plans were made for the day's celebration and all indications point to a program of even greater interest than the one last year, which was voted by many citizens to be one of the most successful in many years.

It was suggested that local citizens plan to invite former residents back to Riverton for the day in order that they, too, might enjoy the festivities.

Those present at the meeting, in addition to Mr. Knight, were Mayor Biddle, Charles Knight, Clarence Mattis, David G. Gould, John Strohm, E. M. Carhart, Jr., Giles Knight, Hilton M. Smith, John Ruppert and F. W. Metzger.

SCOUT MOTHERS

The regular monthly meeting of the Boy Scout Mothers Association will be held on Thursday evening, May 5, at 7:30 at the home of Mrs. Wilbur Evald, of 410 Garfield avenue. There will be cards after the meeting in place of the annual card party. There will be prizes and refreshments.

All members and friends are cordially invited to attend. The charge will be 25 cents.

There is one physician in New Jersey for every 818 persons.

STOLEN BICYCLES ARE RECOVERED

On Tuesday night of this week, Chiefs Gootee, Dorworth and Beck took several residents of Palmyra, Riverton and Cinnaminson to the Dauphin street police station, Philadelphia, to identify a number of bicycles which were believed to have been stolen here during the past several months.

The Philadelphia officers had taken into custody a pair who have been engaged in purloining bikes from various communities. These men were John Mock and Joseph McCombs, both of Philadelphia.

Three Palmyra bicycles were identified and returned to their owners, but the others that were taken here were not in the lot that had been recovered.

These groupings were arranged by Mrs. Murray C. Boyer, Mrs. George C. Krusen, Mrs. Herbert Kieckhefer, Miss Edith Cole, Miss Alice Parrish, Mrs. E. C. Hughes, Mrs. Douglas Clark, Mrs. Lynn Hendrickson, Mrs. Charles Carpenter, Mrs. Stuart Clark, Mrs. Gardner Crowell and Mrs. William Porter.

The studies of the Art Class numbering 160 paintings were on exhibition.

It was served during the exhibit. A business meeting was held at 2:30 p.m.

The Club held open house Tuesday evening, to give those who were unable to attend in the afternoon an opportunity to see the Garden Calendar and the paintings.

PLANS FOR HOME
TALENT NIGHT

Thursday, May 12 at 8 o'clock will be known as Home Talent Night at the YMCA.

Any boy or girl wishing to participate may do so by calling Mrs. A. E. Hargett, Riverton 1127.

Parents and friends are cordially invited to attend. A pleasant program has been planned.

Guy Hendry, county YMCA secretary, will be master of ceremonies. Refreshments will be served.

EPWORTH LEAGUE

On Sunday, May 8, the Young People's League and the Epworth Church League will join in a service for Mother's Day. The service will have for its theme "Famous Mothers." We will meet at 7 p.m. in the Wesleyan room. All members are urged to attend and, if possible, to bring their mothers.

Saturday afternoon, May 14, the Blue team will entertain the Red team. We will have election of officers at that meeting. Save the time and plan to attend.

PROPOSALS

Sealed proposals will be received by the Board of Education of the Borough of Riverton, N. J., at the regular meeting to be held June 6, 1938, at 8 o'clock, Daylight Saving Time, for 100 tons of Anthracite Coal, or more if required, No. 1 Buckwheat size, white ash, to be delivered as needed. Coal to be put in coal bin in the school building.

An approximate analysis of the coal to be furnished by the bidder is to accompany each bid.

The board reserves the right to reject any or all bids.

By order of the Board at a meeting held May 2, 1938.

WILLIAM H. BOTTGER, District Clerk.

NOTICE TO BIDDERS

Bids for school supplies will be received by the Riverton Board of Education of the Borough of Riverton, N. J., at the regular meeting to be held May 23, 1938, at 8 o'clock, Daylight Saving Time. Bids must be received for supplies for office, art, kindergarten and general. The board reserves the right to reject any or all bids.

Specifications may be secured from the District Clerk.

WILLIAM H. BOTTGER, District Clerk.

Hold Pet Show

As a conclusion to the observance of "Kindness to Animals" Week, the Fifth grade classes of the Spring Garden Street School held a pet show at the playground, on Friday afternoon. Twenty-two children exhibited their pets. Some of the entrants were in costume while others were trained to perform unusual tricks. Each pet entered was awarded a blue ribbon while a star was added to the gold seal for those that displayed some special feature.

What About It?

On various and sundry occasions, members of the citizenry of Riverton have inquired in general and, at The New Era office in particular, as to why the Riverton Town Meeting does not swing into action once more.

We are not in a position to give the answer to that question, but in case any one might be interested, here are a few of the topics that have been suggested during the past few weeks, for consideration by that organization.

A swimming pool at Memorial Park.

A sewage disposal plant.

Better train service.

Better mail service to points out of town.

Beautification of the creek to provide a park similar to that at Strawbridge Lake, Moorestown.

Widening Main street between Broad and Seventh.

All of these appear to be important matters for deliberation. Whether or not the Town Meeting is interested in considering them collectively or individually remains to be seen. We are merely passing along the information to those who may be concerned.

Fix The Pump

After five years of pump priming, the water seems to have gone back into the well. It doesn't do much good to prime a pump unless the mechanism is right to hold the water.

We might as well face the fact that it looks as if too much political meddling with business has just about wrecked the pump.

Walter Lippman, one of the most fearless and realistic writers in the nation, in a recent syndicated article, shows that mere government spending will never solve the question of depression as long as business incentive is discouraged. Easy credit will only put business deeper in the hole, unless it is permitted to make a profit. On the possibility of business expansion under such conditions, Mr. Lippman says:

"With capital gains and undistributed profits taxes piled on top of enormous surtaxes, all the risks remain but the prospect of profit is virtually gone." In addition to necessity for correcting such a killing tax system, Mr. Lippman adds that "business will have to be assured that the sit-down strike is not going to be permitted and that there is going to be an end of tolerated violence and of government favoritism in collective bargaining. There will have to be peace with the utilities. There will have to be peace with the railroads and some end to the arrangement by which rates are fixed by one government board and wages by another." And he might have added, a cessation of legislative proposals in Congress to destroy business and drive up the cost of living.

How can pump priming do any permanent good with rotten valves to hold the water after it is raised from the bottom of the well?

What Other Editors Say

Mexico is so appreciative of our buying her silver for more than it is worth that she turned right around and expropriated American owned oil wells.

7:45 p.m. Evening worship. "Love

Never Fails" will be the subject

of the evening's sermon. In this

day when there seems to have spread

a spirit of hatred, especially between

classes, this service will be wel-

comed by every peace-loving citizen.

Everyone is especially invited.

On Monday evening, May 9th, in

the church, the newly organized

Alpha Gamma Class, which is being

sponsored by the Philaetha Class,

will hold its first installation of of-

Rev. William A. Lloyd, Pastor

This Sunday will be observed as

"Mother's Day" in our church.

"Mother" will be the title of the

sermon to be delivered at 11 o'clock

by the minister, Rev. W. A. Lloyd.

The junior and senior choirs will

furnish special music.

In the evening at 7:45 there will

be a "Tribute" service in honor of

the Mothers of us all. Mrs. Arthur

Mandeville will be the speaker. The

subject of her discourse will be

"Challenge of the Christian Home."

Mothers of the church and Bible

School will participate in the ser-

vice. Special music will be given

by the choir and Mrs. Rachel Lord

at the organ.

The mid-week church service on

Wednesday evening at 8 o'clock is

a meeting of great inspiration and

helpfulness. It is a meeting of pray-

direction of the minister. All per-

sons are welcome to attend.

CHRISTIAN SCIENCE CHURCH

"Adam and Fallen Man" is the

Lesson-Sermon subject for Sunday,

May 8, in all Christian Science

Churches and Societies throughout

the world.

The Golden Text is: "The Re-

deemer shall come to Zion, and unto

them that turn from transgression

in Jacob, saith the Lord." (Isaiah

59:20)

Among the Lesson-Sermon cita-

tions is the following from the Bible:

"I will arise and go to my father,

and will say unto him, Father, I

have sinned against Heaven and be-

fore thee." (Luke 15:18)

The Lesson-Sermon also includes

this passage from the Christian Sci-

ence textbook, "Science and Health

with Key to the Scriptures by Mary

Baker Eddy: "Rise in the strength

of Spirit to resist all that is unlike

good. God has made man capable

of this, and nothing can vitiate the

ability and power divinely bestowed

on man." (p. 293)

Know Your Government

Pay For Highways

A survey recently made and reported on by the New Jersey Chamber of Commerce discloses among many other important facts, that motorists are the only group of taxpayers in New Jersey who get more than one dollar in service for every dollar they pay. It also uncovers the startling fact that for every dollar diverted from highway funds for relief for the last eight years, four dollars has been diverted from property taxes for highway uses.

Institutions and Agencies

These facts pertain to the Department of Institutions and Agencies, covering the years 1931, 1932, 1933, 1934 and 1935. Since the past inevitably determines the future, we may visualize now what the taxpayers of New Jersey may face in another 10-15 years.

In 1921 there were 9,500 inmates in our penal and mental institutions. The cost was \$2,185,100.

On June 30, 1935, there were 820 juveniles in our penal institutions, and on June 30, 1936, there were 2,314, almost three times as many.

In 1936 State wards in all institutions numbered 19,319, and the appropriation for that year amounted to \$8,000,000.

For the fiscal year 1937-38 the Department received \$16,422,503.41, out of total appropriations for all state purposes (except for the highway department) of approximately \$40,475,000. Thus it will be seen that State wards take over 40% of the total.

On December 1, 1937, there were 20,096 persons—men, women and children—in the State penal and mental institutions. There were, at the same time over 4,000 persons on the payrolls of the Department, showing one employee for every five inmates. The cost per inmate per year, including payrolls, is \$803.82.

On June 30, 1937, there were 2,314 juveniles in custody of the State, kept at Annandale, Jamesburg, Rahway and Trenton. The cost of maintaining our juvenile delinquents at State institutions per year is \$1,860,032.48.

According to the most recent report by the Department, the number of discharged wards during the year ending June 30, 1936, from the above named four penal institutions for juvenile delinquents reached the figure of 1,593. Those paroled to homes numbered 1,432.

Teachers Pensions

As of June 30, 1937, there were 1,953 allowances being paid by the Teachers Pension and Annuity Fund, totaling \$2,672,243 or an average of \$1,360 each.

Municipal Financial Statistics

The New Jersey Taxpayers Association has compiled a 40 page book on "Municipal Financial Statistics" which covers the broad field of public, fire, exempt property, net valuation taxable, local levy, tax rates, total budget for 1930 and 1937, amount to be raised by taxation, total expenditures, debt service, bonded debt, current debt, etc.

This book contains complete information about New Jersey's 565 municipalities on these subjects. Taxpayers who are interested enough to want to know the cost of various departments of their local government and to compare costs with those of other communities of comparable size and conditions will find in this book a valuable source of reliable information. It will be mailed on request to the New Jersey Taxpayers Association, Trenton, for 25c, in coin or stamps, to cover the cost of handling and postage.

Questions and Answers

Readers of this column are requested to direct any questions they may have about the functions and costs of government to the editor of this paper or to the New Jersey Taxpayers Association, Trenton. Questions of general interest will be answered in this column; others, direct by mail.

According to police officials in England, school teachers, social workers, nurses and college graduates make the best policemen.

The Riverton officials joined the Palmyra group later in the afternoon, for a joint discussion.

Due to the inclement weather, the fire drill was postponed.

Riverton officials

Other office holders in Riverton included the following: Collector and treasurer, W. White; overseer of poor and recorder, Margaret Mount; building inspector, G. Vinci; chairman of board of health, E. Brouse; chief of police, David Gould; fire chief, G. Mattis; president of board of education, R. Dunlap; school supervisor, E. Smith.

Church Service

There was a large attendance at the Youth Week Church service held on Sunday evening, in the Central Baptist Church, Palmyra.

Rev. George Lockett delivered a sermon appropriate to the occasion and musicians from the high school rendered several musical numbers.

Hobby Show

One of the big events of the week will take place this (Thursday) evening in the gymnasium of the Palmyra High School, when the Pet and Hobby Show is scheduled to open at 7 o'clock.

This affair is being held under the supervision of the Palmyra Fraternity and members of this organization will act as judges.

All exhibits must be on the floor and arranged before opening time. Due to the fact that a large number of classes have been arranged, those in charge of the show anticipate one of the most successful affairs of this nature ever held in this vicinity.

Trips Saturday

The program will close Saturday afternoon with trips to the Philadelphia Navy Yard and the Planetarium.

These will leave from the YMCA building, Palmyra, promptly at 1.15, and are limited to boys between the ages of 12 and 18.

Any boy interested in going on either excursion is requested to register at his school immediately in order that adequate transportation can be provided.

There is no cost for the navy yard trip and it is expected that the visit to the Planetarium will not involve an expenditure of more than 30 cents.

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

The Popular Montbretia

Among the summer blooming bulbs in which gardeners seem to be particularly interested at this season is the ever-popular Montbretia. Although the plant has been in cultivation for a number of years, its history and development are known to comparatively few garden lovers. Montbretia is actually the common and trade name for hybrids of *Trionia*. Montbretias have been highly developed and are now available in many good varieties. There are few differences to be found in the named varieties other than in the size of the flowers and growth developments. The flowers resemble a small gladiolus, in shades of red and tawny yellow.

The culture of Montbretias is similar to that of gladiolus, but the corns resent drying out and it is quite difficult to keep them over winter. They may be left in the open ground provided the ground is mulched deeply enough to prevent freezing, or they may be stored in sand and peat-moss in a cool cellar. They further resemble the gladiolus in requiring practically the same type of soil and culture, and it will be necessary to treat them for the ever-menacing thrips so familiar to all gladiolus enthusiasts. Montbretias are excellent border material, and their graceful spikes of flowers make artistic and lovely cut flower material.

ROAD FUNDS ARE GIVEN COUNTIES

Distribution of \$400,000 in state motor vehicle funds to nine counties for the maintenance and repair of unimproved or "dirt roads" in townships and boroughs was authorized this week by State Highway Commissioner E. Donald Sterner.

The different counties have announced plans to partly supplement their regular forces with labor for the projects provided through men selected by WPA from local relief rolls.

Under the statute, which became effective this year, the total of the "dirt road" funds for the boroughs and townships of each county was increased from \$25,000 to \$50,000.

The freeholders determine how much of the \$50,000 is to be devoted to the more permanent construction of thoroughfares and how much to the "dirt roads."

Seven of the counties asked that the entire \$50,000 be set aside for the "unimproved roads." They are: Camden, Cape May, Essex, Mercer, Middlesex, Warren and Burlington.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

One of the most important tasks in this week's garden schedule is the final transplanting of all hardy annuals and perennials. Although plants may be moved at any time of the year provided they are given careful treatment, conditions are at their best for this work in early spring when the sun is still not warm enough to wilt the young plants. There is generally more moisture present in the soil at this season—another factor favorable to transplanting in the spring. Nothing is sacrificed in cutting back part of the top of the plant when it is moved. As a result of this pruning, growth will be stimulated and the plant will be less readily.

Most important in transplanting annuals and newly set out garden flowers is the encouragement of the development of a good root system, for the top of the plant will grow quickly enough of its own accord. More successful results are apt to be obtained if approximately half the top of the plant is removed; it is almost impossible to dig up and move a plant without destroying a good percentage of its root system, and too strong top growth is a tax upon the roots at this time.

TENNIS TEAM GETS DECISION

Palmyra High School girl's tennis team defeated Moorestown Friends' School, 5-2, in a match played at Moorestown Field Club on Friday afternoon, April 29.

The girls have been playing off a Round Robin tournament and at its finish the positions on the team were given as follows: Singles—Doris Steedle, Helen Naylor, Betty Baker, Ellen Smith, Doris Mullen; Doubles—Helen Vile, Ruth Baker, Dorothy Rieger, Mildred Cook. Substitutes are: Betty Haines and Emma Rotenbury.

The girls' next match will be on May 6 with Upper Darby.

FOOD FACTS

Do You Know That—The average American spends one-quarter of his income on the food which he eats each year. Milk impedes the effect of caffeine, according to two German investigators in nutrition, whose findings confirm the popular serving of "half milk and half coffee."

A 15 to 20 per cent increase in the total supply of canned vegetables for the early 1938 season is estimated by the U. S. Bureau of Agricultural Economics. These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

YOU may be busy housecleaning right now or you may have finished that task and be eager to spend every possible minute putting your garden in order. Certainly you will not want to spend much time preparing meals. There are any number of delicious dishes which may be prepared the night before, stored in the refrigerator and cooked the next day with little attention. These dishes can simmer away on the stove for hours while you are busy cleaning or gardening. The deep well cooker, which some of the ranges have, was designed for cooking dishes such as these.

Swiss Steak

3 lbs. round steak, cut 1 1/2 inches thick
1 cup flour
3 tbsp. shortening
1 clove garlic
1 onion, sliced
1 tsp. salt
1/2 cup pepper
2 to 3 cups boiling water

Put steak on a board and pound as much flour as possible into it. Sprinkle with salt and pepper. Cut garlic in half and rub over the steak. Melt shortening in a heavy skillet and brown meat slightly on both sides. Add sliced onion. Add boiling water to cover meat and let simmer for two to three hours until tender. Serves eight.

Veal Pot Roast

4 lbs. shoulder of veal
1 tbsp. salt
1/2 cup pepper
3 tbsp. flour
3 tbsp. shortening
1 1/2 cups water
8 small potatoes
2 tbsp. chopped onion
1 tbsp. chopped parsley
1 bay leaf
1 1/2 cups water
8 small potatoes

Rub meat with salt and pepper. Dredge with flour. Melt shortening and brown meat on all sides. Add onion, parsley, bay leaf and water. Cover tightly and let simmer for two to three hours. Add vegetables, three-quarters of an hour before meat has finished cooking.

Turpentine and lemon juice mixed equally make a good polish for furniture.

FEWER TRAFFIC DEATHS TO DATE

Drop of 87 Fatalities in First Quarter Compared With Last Year

Eighty-seven fewer lives were lost in traffic accidents on New Jersey streets and highways during the first quarter of 1938 than in the corresponding period of last year, according to Motor Vehicle Commissioner Arthur W. Magee. The decrease is approximately 30 per cent.

Total casualties for the period were 205 as against 292 last year. One third of the deaths occurred in accidents on state highways.

The Brunswick Pike and Route 29 showed substantial reductions in fatalities during the quarter. On the Brunswick Pike deaths dropped from 14 to nine, and on Route 29 from nine to two. The White Horse Pike casualties totaled four as compared with six last year.

Four Increases

Fifteen counties reported reduced death tolls during the quarter. Four counties, Bergen, Burlington, Hunterdon and Salem, had increases, while in Cape May and Sussex counties there was no change.

Among the more populous counties, Union had the biggest numerical decrease with 17 fewer deaths. In Hudson there were 14 less and Camden 11 less.

County Statistics

Following is a comparison of the quarterly traffic fatalities in the counties, showing the numerical changes:

County	1938	1937
Atlantic	8	15
Bergen	24	23
Burlington	8	6
Camden	15	26
Cape May	3	3
Cumberland	2	4
Essex	31	40

NORMAN F. S. RUSSELL WINS INSTITUTE AWARD

The list of recipients in 1938 of the various medals awarded annually by The Franklin Institute, Philadelphia, as recommended by the Institute's Committee on Science and the Arts, contains the following:

The Longstreth Medal will be awarded jointly to Norman F. S. Russell, president, United States Pipe and Foundry Company, Burlington, N. J., and Dr. Frederick C. Langenberg (deceased) "in consideration of the development of means for reducing the rate of cooling of iron pipe cast by the centrifugal process in externally cooled metal molds" to Clarence W. Balke, Director of Research, Fansteel Metallurgical Corporation, Chicago, Ill. "In consideration of his scientific work in chemistry and metallurgy which resulted in the development of processes for the production and commercial utilization of Columbium and Tantalum."

TEAMS LOSE IN CUP MATCHES

Both Riverton Country Club teams lost their opening match in the Interclub Tournament, on Tuesday afternoon of this week.

Playing at Llanerch, Riverton 1 was defeated by the home contingent 5-2. Mrs. Lippincott and Mrs. Curtis annexed the points for the locals.

Riverton 2 engaged Sunnybrook 2 at Riverton and also met a 5-2 reverse. Mrs. Downs and Mrs. Krusen defeated their respective opponents.

EXHIBIT POSTPONED

Owing to the prevalence of mumps in the community it was decided to postpone the exhibit which had been scheduled for this Friday evening in the Spring Garden and Cinnaminson avenue schools.

BIKES BECOME HIGHWAY PROBLEM

Bicycles are fast becoming one of the major highway safety problems, in the view of Keystone Automobile Club of New Jersey officials. Popularity of the "bike" is shown by the tremendous numbers of new cycles on streets and highways with many in the hands of children under the age of twelve. The age factor in bicycle operation is considered by the Club to be the most disquieting feature of the situation.

Even under the most careful and competent operation, it is pointed out, the bicycle is a serious highway problem. When "bikes" are ridden by immature children, the hazard is measurably increased. Parents who permit ownership and use of cycles by young boys and girls are assuming a burden or responsibility disproportionate to the benefits derived from the sport. Club officials think.

Emphasis on Speed

"A feature of present-day promotion of bicycles is emphasis on speed," said Trevor B. Mathews, Manager of the Camden Division of the Club. "Speedometers are provided with a range up to 50 miles per hour. Obviously, nobody wants youngsters to travel at such great speed and probably few, if any, of them do, but with a 50 mph mark to shoot at it is practically certain that 'speed tests' will be the rule rather than the exception."

"We sincerely hope that the summer of 1938 will not set up a new record in bicycle fatalities and casualties. It can be prevented only by the exercise of utmost care on the part of cyclists and motorists. We appeal to motor vehicle drivers to be on the lookout for the unexpected so far as 'bike' riders are concerned. Skill and good judgment will be required as never before in coping with the newest highway hazard."

Know Your Government

By A. R. Everson
N. J. Taxpayers Association

Better Municipal Reporting
Have you ever tried to find out how much it costs to operate any particular department of local government? If you are interested in knowing the details of management and cost of your local government and if you have examined a published budget or a report of the expenditures of your municipality you probably gave up in disgust because you could not understand what it was all about.

Have you ever tried to learn how many employees there are in certain departments, how much they are paid and what it costs for materials, supplies, equipment and all the many other things for which you as a taxpayer are paying?

How Dollar Is Spent

It is the right of every citizen to know how and for what his tax dollar is spent. This information should be available so that you may be in a position to judge as to whether or not you are getting a dollar in value for the dollar you are required to pay to support the functions of government.

You will never be able to exercise your rights as a taxpayer until you are given a fair opportunity to understand details of the receipts and expenditures of public monies and thus be put in a position to voice intelligent opinions.

Not Readable

With few exceptions, New Jersey municipal reports are not easily readable and therefore not clearly understandable because they are not prepared for the purpose of fully informing the taxpayer. Now all you are able to glean from a budget or a report of revenue and expenditures is that a certain amount of money was received from certain sources and certain sums were spent for different departments. In most cases where there is a breakdown of the expenditures is simply doesn't mean a thing to the taxpayer because he is not given enough information to get a complete picture of the operation and costs of different departments.

Where exceptions to this condition are found it is usually a certainty that the public officials of such municipalities are more alert and more economy minded and this is so because the citizen, being informed, is also alert to seeing that he gets the best possible value for his dollar.

Too Little Known

One of the reasons that taxes are high is that the taxpayer knows too little about the business of government. One way to know more is to insist upon the publication of understandable municipal reports. Such a report will be so prepared as to state clearly the functions of each department of local government. It will tell the number of employees, salaries paid and the services rendered. Such a report will not only be informative but it will be interesting reading.

Best Reports

The New Jersey Taxpayers Association started a contest last year among municipalities of New Jersey offering awards of certificates of merit for the best municipal reports. Through this contest it was discovered that there were surprisingly few really good reports.

When you read your local financial report that you understand it? Does it give you all the information you should have? If it does, then you have a good report. If it doesn't, however, it is your right and privilege as a taxpayer to demand one that you can read and understand.

RUMMAGE SALE

The Riverton-Cinnaminson Welfare Association will hold a summer rummage sale on Thursday, May 26, in the rear of the welfare office. In case of rain the sale will be held on June 2.

Anyone having summer rummage to donate may leave it at the welfare office or call 284 and it will be collected.

RUMORS CURRENT

Persistent rumors were in circulation Wednesday afternoon that William Ford would withdraw his writ which would restrain the freeholders from issuing bonds for the new almshouse.

Director Walter Lamson stated that he had no knowledge of such a situation and said he welcomed the opportunity of a hearing. At 2 o'clock a representative of James M. Davis, Jr., attorney for the appellant said he had no knowledge of the rumored withdrawal.

TWO THIRDS WORLD'S POPULATION WORSHIP MOON, WINDS, THUNDER

Seven hundred million people, about a third of the whole population of the earth, follow the Christian religion. But the other two-thirds worship a tremendous variety of gods.

In Europe there are 455,000,000 Christians, and it is interesting to note how they are made up, observes a writer in London Answers Magazine. Roman Catholics account for the largest proportion by far—220,000,000—with Orthodox Catholics a good second at 120,000,000.

Next to Christianity in the number of adherents comes the Chinese Confucianism, with 360,000,000 followers. Then comes Hinduism with 250,000,000, followed by Islam and Buddhism, both with about 200,000,000 of the Jews, is upheld by 20,000,000.

In Africa, Borneo, New Guinea, and other parts there are still altogether 100,000,000 people, one-twentieth of mankind, worshipping primitive gods, such as the sun, the moon, the winds, thunder and lightning. Thunder represents warrior-strength to most savages, and is usually invoked on the eve of battle.

In North America there remain 45,000 Red Indians who still worship their tribal gods, though their brethren have been converted to Christianity by zealous missionary work. Christianity keeps gaining adherents steadily year after year. But there are occasional set-backs, as in Hungary, where there is a revival of pagan worship.

Last year scores of people were married according to the rites of the ancient war-god Hadur. A white horse was slain and burnt on the altar. Veins in the arms of bride and groom were cut so that their blood might mingle and seal their troth.

Man is the most intelligent animal. The horse ranks fifth.

STORM SEWER ON SPRING GARDEN

Funds to Be Requested from State; Wimer Asks Grove Be Preserved

Permission was given Remington & Goff, borough engineers, to apply for additional funds from the state for the improvement of Spring Garden street, at the regular meeting of the Palmyra Borough Council held in the council chamber on Tuesday night.

Following a survey of the street, the engineers recommended the installation of a storm sewer 18" in diameter and 2400 feet long, draining into the creek at S-41. The engineers stated that such a sewer is needed in order to prevent flooding of the highway. If the necessary \$2000 additional is secured from the state, the cost to the borough would be but \$200 extra. The sewer will provide for 10 corner inlets along the street.

No Billboard

Council denied permission to erect a double sign 12 feet high by 25 feet wide along the S-41 to the Outdoor Advertising Company. The sign was removed from its original position to make way for a gasoline service station.

George N. Wimer made a plea before council for the preservation of the Grove. Mr. Wimer stated that his reason was based purely on sentiment and he felt that many Palmyra citizens, particularly the older residents would appreciate preservation of that spot.

Meeting Place for Years

He said that the Grove had been used as the public meeting place for citizens for years for all sorts of functions and he added that Society Hall, a 100 year old building would not be suitable for a town hall. He stated that the police station and the two properties adjoining it would be the logical site for such a place. Mayor Ward stated that nothing would be done about the town hall situation without previous deliberation and, in any event, nothing would be done that would involve a serious expenditure of money. He said that Council does not feel that they want a monument of their term of (continued on page 9)

Ford Withdraws Restrainer Writ

William H. Ford, of Mt. Holly, who filed a writ to prevent the Burlington County Board of Freeholders from issuing bonds for the new almshouse, withdrew his action last week and the whole affair became null and void.

Ford is reported to have said that the affair was instituted hurriedly and, after more deliberate consideration, felt that his action was unsound.

A preliminary hearing was scheduled to take place on Thursday of last week, in Mt. Holly, and Judge Perskie was to have heard the arguments on Saturday, in Atlantic City. The seemingly everlasting discussion about the almshouse will probably be continued at length, when the Board of Freeholders convenes at a regular meeting on Friday afternoon of this week.

JAILED ON WET DRIVING CHARGE

William Boardley, 624 Jefferson street, Palmyra, was arrested by Palmyra police shortly after one o'clock last Sunday morning and charged with drunken driving. He was taken to Dr. Dean H. LeFavor who pronounced him to be under the influence of intoxicating liquor. Boardley was given a hearing before Mayor John F. Ward on Sunday and sentenced to Mt. Holly jail for 30 days.

ANNIVERSARY OF FIRST AIR MAIL

Special Cachet Arranged Here For Twentieth Birthday; Stow to Fly Mail

Twenty years ago—May 15, 1918—headlines and front page stories heralded establishment of the first air mail route. It was only 200 miles long, from New York City to Washington, D. C. Now new works of air mail routes extend from coast to coast and border to border. With the marvelous extension abroad of our air mail service, which joins 30 nations and three continents and reaches toward a fourth, we have established our best ambassador for promoting friendly intercourse. We, of the service, invite your study and your patronage of the benefits to be derived from this service.

Special Cover

I am asking the cooperation of the patrons of our office during National Air Mail Week, May 15 to May 21—for, during this week, a special cachet has been prepared. It is hoped that all patrons will avail themselves of the opportunity to send at least one letter by air mail during this period. The Cinnaminson Bank and Trust Company has kindly consented to cooperate with the Post Office and the special cover will be given at the bank free of charge, to anyone wishing one. Cachets will also be available at the post office. The new air mail stamp will be on sale at that time.

Mail Flown from Here

On May 19, I have arranged a special flight from the Moorestown airport. At this time, all air mail from Riverton, Palmyra and Cinnaminson will be taken from Moorestown airport to the Central airport at Camden. Commercial Pilot Joseph W. Stow, of East Riverton, who is well known throughout this vicinity, will be commissioned by the Department, to carry the mail. Mr. Stow is donating his services for the occasion. All air mail, on this flight, will be cancelled on the front of the letter at Riverton and on the back at the Camden airport.

Any person wishing to have a flight cover to place in their collection may send a self-addressed one and it will be returned to them from the Camden airport.

All air mail to be sent on the special flight should be in the Riverton post office on May 18.

Schedule and flight covers from other offices will be on display in the lobby beginning May 15.

I will sincerely appreciate your cooperation, on this occasion, as I have had it in the past and wish to express, at this time, my gratitude for that cooperation.

Mervil E. Haas, Postmaster.

Woodward Appoints Division Leaders; Sixty Workers To Aid Campaign

Plans are well under way for the part which the YMCA of Palmyra-Riverton will have in the annual budget campaign of the county association, of which the Young Men's Christian Association here is now a part.

Richard M. Woodward, named by his fellow YMCA board members, to be general campaign chairman, has appointed three division leaders, Carl H. Thomas, A. Gene Hargett and John L. Metzgar, each of whom, in turn, has selected five captains. The captains of Carl Thomas' division are: Edward W. Fry, Mayor John F. Ward, Lawrence Parker, Grover F. Fox and C. B. Mapple.

Those of Gene Hargett's division are: Howard B. Conover, William Homan, Dr. Hayes Brady, Lindsay Little and Fred Lippincott.

Jack Metzgar's division captains are: Victor Ritschard, E. Newbold Cooper, David S. Little, Porter B. Caldwell and Robert Adams.

Meet on Monday

Division leaders and captains met at the YMCA building, Palmyra, Tuesday evening, May 10th to clear on the selection of their workers. General Chairman Woodward is planning for an organization of 60 men to be together for the opening dinner for workers at the Porch Club, Riverton, Monday evening, May 16. The first report meeting will be in conjunction with the Rotary Club meeting, Thursday, the 19th, and the final meeting will be Monday, May 23, a dinner at the YMCA, to be served by the women's auxiliary, of which Mrs. Robert E. Gowell is president.

CAMPBELL FARM WORKERS STRIKE

Workers at the Campbell Soap Co. farms, in Cinnaminson, went on strike Tuesday morning of this week. The number out varied considerably according to reports from the strikers and company officials.

About twenty strikers were on picket duty at No. 1 Farm, Branch Pike, and a similar number at Farm No. 2. Many of these were younger employees.

The strike was called, it is understood, in an attempt to force the company to pay higher wages.

The majority of the workers have been employed in spotting tomato plants, a job that provides work for about two months.

According to latest reports, no progress has been made toward settlement of the disagreement.

LOCAL SPEAKER AT SCOUT AFFAIR

Richard Hollerith, of Riverton, Outlines Future Plans For County Camp

Last Tuesday night, the Annual Scoutmasters' Dinner was held at Camp Mahalala. Forty men were present from all parts of the county, who are actively taking part in the camping program for the 1938 season. J. A. Sutton, of Moorestown, president of the Council, presided at the meeting, which followed a very excellent dinner.

Mr. Sutton called on Richard Hollerith, of Riverton, who with his committee, has charge of the planning and development of the camp. Mr. Hollerith thanked Mr. Armstrong, chairman of the camp committee for the gift of 100 trees which range from eight to ten feet in height and greatly add to the beauty of the camp. He further outlined the plans for building a new unit, which will be made ready for this camping season.

Work at Camp

Dr. L. P. Hall, of Moorestown, who with his committee, has charge of maintenance, told the men that the new roofs had been put on all of the cabins and that the kitchen and mess hall were in the process of being renovated for the camp season. He further stated that all the cabins were to be stained, and that work is in progress on freshening up the big house.

The last speaker was Reg Gill, of Beverly, Commissioner of the Council, who outlined the work that is being done by the commissioner's staff on the promotion of camp. Mr. Gill also gave an outline of the camporee program that is to be held on the 17 and 18 of June.

To Be One of Best

F. Wallis Armstrong, Jr., chairman of the camp committee, told the men present that his group was doing everything in its power to make Camp Mahalala one of the best camps in the State of New Jersey, and that he was depending on their help to aid him to put the camping program over in Burlington county. A check-up of the Scoutmasters present showed that there would be over 260 scouts in camp and more would be heard from, as several of the Scoutmasters could not be present at the meeting.

Senior Scouting

On Tuesday, May 17, there will be a meeting of the Scoutmasters of Burlington county in the Presbyterian Sunday School in Beverly, to discuss and take up plans on the Senior Scouting program. Dean Harold M. Smith, of Bordentown Military Institute, chairman of the senior Scouting committee, will preside at this meeting. He will be assisted by members of his committee who are: J. Allen Minnich, principal of the Riverside High School, and E. R. Fenimore Johnson, of Moorestown.

Camporees

Many of the troops in Burlington county are making preparations to take part in the Annual Camporees that are to be held by districts. The troops will have their own camporees to determine which patrol will compete in the District Camporees. There has been a slight change in the plans this year, in the judges. These will be Scoutmasters in the various districts, will be interchanged with other Scoutmasters from other districts. The District Camporees are to be held in prominent places in each district in the county, on June 17-18.

CALENDAR TEA IN M. E. CHURCH

There will be no meeting of the Shining Hour Class this month, because of the Calendar Tea to be given by them on Friday, May 20, in the Epworth M. E. Church.

There will be entertainment as well as refreshments and the proceeds of the affair will go to the teacher training fund of the church school.

NOTICE TO ALIEN WORLD WAR VETERANS

The attention of all aliens who served in any of the armed branches of this Government, and all aliens lawfully admitted into the United States for permanent residence who departed therefrom between August 1914 and April 5, 1917, or who departed therefrom subsequent to April 5, 1917, for the purpose of serving, and actually served prior to November 11, 1918, in the military or naval forces of any of the countries allied with the United States in the World War and was discharged from such service under honorable circumstances, is called to the fact that an Act of Congress extends until May 24, 1938, certain exemptions to such alien war veterans in naturalization proceedings.

Each alien war veteran as aforesaid who wishes to take advantage of these exemptions, is urged to submit his certificate of discharge to the District Director of Naturalization, New Customhouse, Second and Chestnut streets, Philadelphia, Pa., with a letter indicating he desires naturalization by reason of his service.

The certificate of discharge and letter should be submitted on or before May 24, 1938, when the Act of Congress becomes inoperative. No fee for naturalization is required under the provisions of the act.

AWARDS ROAD CONTRACT

State Highway Commissioner E. Donald Sterner recently authorized the use of State motor vehicle funds by Riverside Township, Burlington county, in the awarding of the contract for the construction of Delaware avenue by the low bidder.

The work, which will provide 44 man weeks of employment by the South Jersey Construction Company of Riverside, for the lump sum of \$2,290.

Gravel at a depth of six inches and a width of 20 feet will be laid on sixth-tenths of a mile of the thoroughfare.

To provide a more durable surface the gravel will be covered with bituminous materials.

YWCA NOTES

County Activities

The annual Mother and Daughter banquet of the Indian Mills Girls Reserve Club will be held on Thursday, May 12.

Mrs. Frederic M. Paist, of Wayne, Pa., who is serving her sixth term as president of the National Board of the YWCA, will be the speaker at the Mother and Daughter banquet to be held Thursday evening, May 12, in the Broad Street M. E. Church, Burlington, under the auspices of the Burlington City YWCA.

Health Question: What is the Summer Round-Up for the Children?

Doc Says:

The Summer Roundup of the children is an annual activity designed to send children to the entering grade of school or kindergarten as free as possible from remediable physical defects. It is promoted in this state by the New Jersey Congress of Parents and Teachers and by the Medical Society of New Jersey.

The program includes a canvass of the community to locate children who will enter school; a visit with the parents by lay persons to inform the parents of the need for examination; an examination in the spring to determine each child's physical condition; follow-up visits to the home to urge that the advice of the examining physician and dentist be followed and to make arrangements for the treatment of indigent cases; and a checkup in the fall to learn whether remediable defects have been corrected.

The aim of this activity is to send a healthy group of children to school. Parents should cooperate with the sponsors of this movement in order to give their children the right start on their long road of education.

This feature is prepared by The Medical Society of New Jersey, an organization of physicians of the state.

COUNTY BANKERS HOLD BANQUET

Howard B. Conover Presides
At Seventeenth Annual
Affair of Group

There was a large attendance at the seventeenth annual banquet of the Burlington County Bankers Association at Log Cabin Lodge, Medford Lakes, on Thursday evening of last week.

Howard B. Conover, of the Cinnaminson Bank and Trust Co., president of the association, presided at the affair.

Included among those present were E. L. Williams, president of the local banking institution, Fernand I. Collins, president of the New Jersey Bankers Association, and Armit H. Coate, secretary of the state organization.

Program

The affair was opened when Rev. Charles T. Bates, pastor of the Calvary Presbyterian Church, of Riverton, gave the invocation. After a plentiful repast, Mr. Conover introduced the guests of honor, who were Mr. Collins, and John B. Sinclair, president of the Federal Reserve Bank, of Philadelphia.

The principal speaker of the evening was Count Ernesto Russo, of Milan, Italy, who talked on the subject "America as I Find It."

The Count, who has given over 1,000 addresses, before many nationally famous organizations in all parts of the United States delivered a talk that will be long remembered by those who were present.

Officers

Mr. Conover will be succeeded in the presidency by William Wilson, of Roebling. Other officers are: Clarence E. Smith, vice president; Jonathan W. Powell, treasurer, and S. Erwin Sharp, secretary.

The members of the executive committee are Howard B. Conover, chairman; Albert W. Walters, Armit H. Coate, William B. Ross and Horace C. Wills.

The evening was brought to a close with entertainment furnished by the Ladies Trio and dancing, with Elwood Weidman and his Royal Commodores supplying the music.

CONSTRUCTION ON COUNTY ROADS

Gravel construction under State-Township Aid on Moorestown and Centerton Road, Mt. Laurel Township, Burlington county, was authorized this week by the State Highway W.P.A. program upon the application of State Highway Commissioner E. Donald Sterner. Labor will be provided thru men selected by W.P.A. from local relief rolls.

For the entire State authorization was obtained for 68 projects in the program, 64 of these being for counties, boroughs and townships and four State Highway projects, at a total cost of \$1,986,312 to give work to 4,578 men.

The construction on the Moorestown-Centerton Road is estimated to cost \$5,400.

ANNUAL MEETING OF WOMAN'S CLUB

The annual meeting of the Woman's Club of Palmyra will be held in the club room in Society Hall on Monday afternoon, May 16 at 2:30, when the new officers will be installed. This meeting will be preceded by a covered dish luncheon, fee twenty-five cents, at 1 o'clock. Please make reservations with Mrs. Clarence Yerkes, Riverton 170-J, not later than Friday, May 13. Coffee, rolls and butter will be supplied by the committee in charge. E. H. Weart, Publicity Chairman.

COUNCIL MEETS TONIGHT

The Riverton Borough Council will hold a regular meeting tonight (Thursday) in their chambers at the Riverton Fire House.

It is expected that the committee appointed to investigate the purchase of a new fire truck will render a report at this time.

YWCA OFFICIAL

MISS VIRGINIA SLIM

of Merchantville, has been appointed assistant secretary of the Burlington County Young Women's Christian Association, and has assumed her new duties, which will be concerned chiefly with work with younger girls. Appointment of Miss Slim was in response to increasing demands from all parts of the county for an expansion of the Girl Reserve program of the County YWCA and the development of work with older girls and adults.

Miss Slim is a graduate of Trenton State Teachers' College, in the class of 1933, having a degree of B.S. in music. She is organist and director of the junior choir at Grace Episcopal Church in Merchantville.

Know Your Government

Institutions and Agencies

Last week's article dealing with the cost of Institutions and Agencies which is one of the most important departments of the State government, stated a figure as the amount received by the department for the fiscal year 1937-38 of \$16,422,503.14. However, in order to give a more accurate and comprehensive picture of how this money is spent and to give the department due credit for the allowances that have to be made by reason of a large portion of this money being allocated to counties and old age and dependent children, it is necessary to give a further breakdown than that in the previous article.

Giving consideration to sums allocated to counties for the care of the aged, for dependent children and to county institutions for the tuberculous reduces the per capita inmate costs in institutions to \$384.24. This will be higher in the present year on account of increased cost of food, fuel, clothing, and payroll adjustments which were approved by the Legislature.

Distribution

In last week's article the per capita inmate cost was stated as much more than this sum as it was based upon the total amount received by the department for all purposes. This correction is made in fairness to the department and because it is the aim of this column to be accurate in all statements.

Of the \$16,422,503.14 received from the state by the department of Institutions and Agencies, \$2,704,716 is turned over to the counties for old age assistance, \$2,103,869 for dependent children, \$876,200 for the tuberculous and \$1,037,000 to county institutions for mental patients.

New Jersey laws require the state to share in the cost of county tuberculous and mental hospitals, but the expenditures are actually made by the county institutions, the department, however, keeping a close check on the individual patients for whom subsidy is claimed.

One important matter that should be given consideration is that while the institutional populations have increased, so has the population of the state increased, and while total institutional costs are greater now than in other years the inmate per capita cost has actually decreased in the last ten years from \$466.01 in 1927 to \$384.24 in 1937.

892 in Homes

Actual population in the State Home for Boys and the State Home

for Girls (the only two state institutions for juveniles) was 892 children on June 30, 1937. The cost of maintaining the juvenile delinquents in these two institutions was \$463,505. As age daily population of all other institutions on the same date was \$18,704.

To further clarify the statement concerning parolees there must be a distinction made between those discharged and those paroled. Actually, during the year 1936, there were 30 discharged but the total paroled from the two institutions was 500. The discharged is simply that group who have successfully completed their parole. There are a total of approximately 5,000 wards of the state on parole under the supervision of the central division of parole at all times.

The care of the wards of the state

merits the thought and interest of every thinking citizen. It is unfortunate that more people cannot visit these institutions and learn by personal contact with this important department of government the magnitude of the state's task and the many factors involved in caring for the unfortunate.

Newspaper Plays Part

Citizens reading such a column as this and other news about the activities of government little realize the real part their weekly newspaper plays in helping to create public interest in the affairs of government, which after all are the people's affairs and the newspaper as a rule gets no credit at all for its contribution to the cause of better government.

The writer of this column takes

this occasion to remind the readers of The New Era of the invaluable contribution this paper is making to the taxpayers of this community and to thank the editor for his generous and hearty cooperation in the cause of good government.

Recovery Program

Oswald Garrison Villard, former editor of The Nation and one of America's most distinguished liberals, has made a number of specific suggestions that he believes this government must follow if the depression is to be ended. Chief among his proposals are: A suspension of "reforms" in order that business may know where it stands and not be continually battered from pillar to post by unstable policies; the establishment of a fixed and definite policy toward the public utilities, so that this great industry may unleash the billions in spending power that have been dammed up because of fear of confiscation and unmetable government competition; tax revision, and the assurance that thereafter there will be no more tax tinkering so long as the present Administration remains in power.

There can be hardly any question of the results of such a program. The doubts that have been so greatly responsible for the slackening of industrial expansion would be largely dispelled. Business and industry would feel a new surge of confidence that would be immediately reflected in reemployment. The investor, driven into financial hiding by well-justified fears of mad tax policies and a vacillating general policy on the part of government in its relation with business, would reappear with funds for progress.

Mr. Villard's program, in brief, is a recovery program, which calls for a return to fundamentals essential to prosperity in any nation.

Parade Route

From its inception, the route of the Fourth of July parade in Riverton has been down Main street to the river bank. This course was entirely proper before Memorial Park was constructed and when the activities of the day were centered at the river.

The present committee is considering a reversal of the former procedure—to have the procession start at the river and finish at the park.

This proposal appears to have considerable merit. The facilities at the park are much better for the races, etc. there is much more room for the crowd to spread out and observe the various events, the grandstand offers an excellent rostrum for a speaker.

In addition, the only aquatic events planned are sailing races in the morning and tilting at night.

The committee is desirous of hearing from citizens regarding the proposed change. On the surface, we fail to see any objections, except that tradition will be violated.

The fireworks display will take place at the river as heretofore.

What Other Editors Say

It is of no moment to be called a quack. The calamity consists in being one. The greatest deterrent to progress is the fact that the credulous believe too much and the skeptics too little.

MORAVIANS WILL HOLD JUBILEE HERE

Special Services in Honor of Seventy-fifth Anniversary of Palmyra Church

The Moravian Church at Five Points will observe the Diamond Jubilee of its organization with special services from May 15 to May 22. Seventy-five years ago, on May 17th, 1663, a happy group of people met to dedicate their house of worship, a stone chapel, newly completed, free of all debt and with still a balance in the building treasury. On that day of dedication, under the leadership of the Moravian home missionary, the Rev. Philip Gapp, they were organized into a Moravian congregation with 19 charter communicant members.

Congregation Increased

Such was the beginning, and since then the congregation has slowly but steadily increased so that today it numbers 240 communicant members. Without interruption it has ministered the gospel to the community these 75 years. In these years, twelve pastors have served. The present pastor, Rev. Albert J. Harke has just completed his thirtieth year on May 1st.

Extensive repairs and improvements to the church and parsonage have been underway for several months at a cost of more than \$2200, when altogether completed. Pastor and congregation are now ready to begin Jubilee services.

Services

The following services are announced: Sunday, May 15, 10:45 a.m.; Opening Jubilee Service. Pastor's message, "By Way of Remembrance." Followed by Jubilee Anniversary Communion Service.

8:00 p.m., Church Family Night. All the organizations sponsored by the church have been invited to attend in a body. This will be a get-together service of the official family and organizations of the congregation. Roll call of organizations and presentation of their gifts to Jubilee Fund will be a feature of this service.

Tuesday, May 17, 8:00 p.m., Anniversary Night. This service marks the exact date of organization seventy-five years ago. Two of the former pastors, Rev. Paul S. Meinert, of Nazareth, pastor from November 1900 to January 1914, and Rev. Reinhold Riemer, of Upper Darby, pastor from October 1917 to April, 1921, will bring a message. A service recalling the past blessings is anticipated. Our friends of the community are specially invited to this service.

Sunday, May 22, will be observed as the final day of the Jubilee celebration, with three special services. Dr. S. H. Gapp, of Bethlehem, Pa., president of the governing board of the Moravian Church, North, and son of the founder of the congregation, will be the festival speaker of the day.

10:45 a.m., Anniversary sermon. 1:30 p.m., Lovefeast service. Delegations will attend from Moravian churches from other and their pastors bring greetings.

7:30 p.m., Closing service with sermon by Dr. S. H. Gapp.

To all these services the public is cordially invited.

MAY RALLY OF EPWORTH LEAGUE

The May rally of the Trenton District Epworth League will be an all-district rally including both northern and southern groups. It will be held in the Mt. Holly M. E. Church on Saturday afternoon and evening, May 14, 1938.

The afternoon session will be in the form of an amateur program under the direction of Sam Bentley, the district fourth vice president.

The recreational awards will be presented to the winning League in both the northern and southern group. Supper will be served at 8 p.m.

The evening service will begin at 7:30 p.m. and the speaker will be the Rev. J. T. Edwards, pastor of the Browns Mills M. E. Church who will bring an inspiring address climaxing "Fellowship Week."

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services, Sunday, May 15th

10:00 a.m. Bible School. The opening exercises were most capably conducted by the young members of the school last Sunday in keeping with the plan of Youth Week. They made such a success of it that a suggestion has been offered that the school have a number of "Youth Week" Sundays during the year.

11:15 a.m. Morning worship. The pastor will have as his subject, "Three Visions of the Church." The choir will contribute to the service by rendering their anthems under the direction of Claude Barto.

6:45 p.m. B.Y.P.U. The High School Group which meets in the Sunday School room will have Mrs. Lillian Moore as their speaker. Her subject will be "Keeping Our Friendships Christian." Quite a number of the group attended the May Rally held in Haddonfield last week, at which time Miss Mae Swain, of the local group, was elected corresponding secretary of the Camden County Federation of the B.Y.P.U.

The High School Group is proud to announce that their average attendance for the past two months was thirty-eight.

The Senior Group meets in the junior department of the Sunday School and always has a fine program. This newly formed organization, which is growing nicely, extends an invitation to all those above the high school age, to meet with them to enjoy an hour of spiritual helpfulness.

7:45 p.m. Evening worship. Washington Camp No. 23, P. O. S. of A. will celebrate another birthday anniversary by attending Divine Service, as has been their custom. Members of the church are especially urged to be present to welcome the visitors. The pastor will have an appropriate subject, "The Price of Liberty." The choir will also render selections apropos to the occasion.

On Monday evening the newly organized Alpha Gamma Phi Chapter held a public installation of officers in the church when the following members were selected to fill the respective offices: President, Miss Ruth Horner; vice president, Miss Doris Vaughn; secretary, Miss Effie Malone; treasurer, Miss Janet Barber. Mrs. Carl Frank will have the honor of teaching the class.

CHRISTIAN SCIENCE CHURCH

"Mortals and Immortals" is the Lesson-Sermon subject for Sunday, May 15, in all Christian Science Churches and Societies throughout the world.

The Golden Text is "As is the earth, such are they also that are earthly; and as is the heavenly, such are they also that are heavenly." (1 Corinthians 15:48)

Among the Lesson-Sermon citations is the following from the Bible: "What is man, that thou art mindful of him? and the son of man, that thou visitest him?" (Psalms 8:4)

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Science man is the offspring of Spirit. Spirit is his primitive and ultimate source of being. God is his Father, and Life is the law of his being." (p. 63)

1738-1938 ALDERSGATE ANNIVERSARY SERVICES

NEW PLANTING AT CHRIST CHURCH

The grounds of Christ Church in Riverton have been recently beautified by the planting of nearly fifty evergreens and flowering shrubs. The plants are a gift from William Doyle, of the Doyle Nurseries at Berwyn, Pa.

The types of growth and their arrangement have been so planned that they will add beauty to the spacious lawns at all seasons of the year. Mugos pines and Japanese holly will give a touch of green to bare brown expanses in winter, maples and weeping willow will add their welcome shade in summer, while flowering crab, pear, and other blossoming trees will vie with other shrubs of numerous sorts to make the grounds a fairy bower in spring.

Mr. Doyle's gift brings to pass a hope of the congregation that in due time they would be able to enhance the property. This gift will go far to making the church grounds one of the show places in town in the years to come and Rev. Francis Downs, pastor of the church, feels that the whole town will join the congregation in rejoicing over this bit of community beautification.

Rev. William A. Boyd, Pastor

"The Unforgettable Christ" is the subject of a very important and illuminating sermon to be delivered in the Methodist Church this Sunday morning, at 11 o'clock, by the Rev. W. A. Boyd. Music will be given by the senior and junior choirs.

"Fighting with Stones" is the title of the evening sermon, at 7:45. The Young Men's Bible School Orchestra will be present and assist in the song service. The senior choir will sing and Rachel Lord will be at the organ. We especially invite all the people who do not attend any other church to come to this meeting.

The Men's Fellowship Club meeting this Thursday evening, at 8 o'clock, will be of very great interest to all men in our community. A motion picture and lecture on the Development of the Telephone, Telegraph and Wireless will be given by the advertising department of the Bell Telephone Company. All men of the community are invited to attend. Do not forget the date—Thursday evening, May 19. An evening of entertainment, education, fun and refreshments.

EPWORTH LEAGUE

The speaker on Sunday, May 15, will be Edmund Turnock.

This Saturday the blue team will contest the red team. A picnic supper will be held at Taylor's cabin. The group will meet at the church at 2 p.m.

There will be election of officers at this meeting.

PARRY WINS IN ELEVEN INNINGS

Firemen Take 3-2 Verdict from Cardinals; Dodgers Beat Bankers 11-6

Thursday night's games in the Memorial Park Softball Loop saw the Parry Firemen nose out the Cardinals in a 3-2 eleven inning engagement, while the Dodgers trimmed the Bankers 10-6 in the other encounter of the evening.

The Parry-Cardinal affair was a closely-fought battle from start to finish, with both teams playing a stellar brand of ball.

The Cards jumped into an early lead by tabbing a brace of markers in the first inning. This scoring foray also marked the end of their endeavors along that line, as J. McKee, Parry pitcher applied the whitewash brush during the remainder of the game.

Score in Sixth

The Firemen annexed their first counter in the sixth and knotted the score in the ninth on successive singles by E. Menkevich, Frenzel and R. McKee. Long, Cardinal pitcher, had allowed only six safeties up to this point.

The Cards had men on bases in both the tenth and eleventh stanzas, but failed to push over a run.

Two Hits Win Game

E. Menkevich opened the Parry half of the eleventh with a single and was safe on a close play at the plate as B. Menkevich doubled to center.

The winning lineup was: H. Schuck r, Coles 3b, Windish 2b, E. Menkevich rf, B. Menkevich cf, Tanner ss, Prenzel rf, R. McKee c, Winters 3b, J. McKee p.

The roster of the Cardinals was: J. West 3b, Leiber ss, Kline 2b, W. Oliver c, Hunter rf, A. Oliver cf, Bruce r, Mutchler 1b, Hunter rf, Long p.

Cardinals 2 0 0 0 0 0 0 0 0 0 2
Parry 0 0 0 0 1 0 1 0 1 3
Umpires—Johnson, Carhart.

Dodgers vs. Bankers

This fracas was of the wild and woolly type, with base hits and errors raining all over the landscape.

Verner, Banker pitcher, displayed a nice fast ball, but his support faltered at times, particularly in the sixth, when the Dodgers scored seven times to put the game in the refrigerator.

Up to this point the affair was fairly close, with the monied men holding a 4-3 advantage.

Shuffle Cast

The Banker manager shifted his lineup on numerous and sundry occasions, in order to locate the winning combination, but failed to find it, if the outcome of the game is any criterion.

The Dodgers appeared to have a well-balanced team, but the pitching department was rather weak until Ike Hyllton, former B. & E. star entered the fracas and fanned the last two men to face him.

Lineups

Dodgers: Malozzi r, Glass lf, Sexton ss, Flagg 3b, Johns 2b, Bonatelli c, Menkovich cf, Schaible rf, Goody 1b, Tuholski p, Hyllton p.

Bankers: Morris r, Brennan cf, Gooter 1b, Wallace lf, Gibson rf, Goldman lf, Henson c, Lezenby ss, Verner p, Perkins 3b.

Score by innings:

Bankers 0 0 0 2 1 1 0 2—6
Dodgers 1 0 0 2 0 7 0—10

Maple Shade is EASY OPPONENT

Displaying a wealth of power in all departments, the Riverton entry in the County Softball Loop easily defeated Maple Shade in the opening game of the season last week.

The affair, which was played on the gravel pile of the opposition, resulted in a 12-2 decision for the locals.

Foulke, Knight and Gonteski hurled for Riverton and held the enemy in check at all stages.

The Riverton batters had a jolly time at the expense of the enemy hurlers, with Paul Burke leading the way with a four-matter.

First round matches will be played before May 16. Three quarters difference in handicap will govern.

Riverton To Open Season On Saturday

Riverton A. A., under the leadership of Leon Sloane, will open the baseball season at Memorial Park, on Saturday afternoon of this week, against the strong East Phillies. The affair is slated to get under way at 3:15.

With a rather promising array of young talent available for duty, the local outfit should display a fast brand of ball for the fans.

Practice sessions have been held for several weeks and the team has been pronounced in fine shape for the inaugural.

Sloane has had considerable experience in coaching and everything appears to auger well for a successful season.

JOINS FLEET

The fleet at the Riverton Yacht Club was augmented last week by the arrival of the Pearl S., the handsome cruiser that was acquired last season by Frank Snover.

Country Club Notes

On Wednesday of next week, the local team will meet Paxon Hollow in a match in the Suburban Cup Tournament. This will be the second engagement of the season for Riverton.

On Saturday and Sunday of this week there will be a match play vs. par tournament.

Walter Brickley, club pro and secretary of the PGA, is busy making plans for the qualifying round tournament of that organization. The year this year will be held at Shawnee, which will also be the scene of the national tournament.

On Friday of this week, Riverton 2 will meet Brookside on the local course, while Riverton 1 will engage Merion 4, at Merion. Both matches are affairs in the Interclub Tournament.

PALMYRA DROPS SECOND CONTEST

Palmyra dropped its second game in the National division of the Burlington County League last Saturday afternoon, on the home lot, as Medford romped off with a 17-10 verdict. The opposition rounded three local hurlers for 16 hits, scored all their runs in groups of five or six. After seeing Medford push over 11 tallies in the first two frames, Palmyra scored singletons in each of the first five innings. They picked up three in the sixth and added another pair in the eighth to cut the enemy to a single maker.

Big Inning

Medford had something left, however, and went on another scoring spree in the ninth to clinch the verdict.

SECOND SHUTOUT IN LOCAL LOOP

Parry Blanks Bankers 5-0;
Broadway Scores Win
Over Cardinals

The second shutout of the season was registered on Monday night at Memorial Park, when J. McKee, Parry pitcher applied the whitewash brush to the Bankers, the Firemen winning 5-0.

In the other skirmish of the evening, Broadway racked up its second win by downing the Cardinals 6-4. McKee was in rare form, allowing his opponents only three hits during the encounter. For five frames the Bankers were hitless, but Smith connected in the sixth for their first single. Wallace and Carey connected in the seventh with one away, but McKee pulled out of danger when he fanned the next two batters.

Winners Get 11

Parry connected with the offerings of Landgraf, Banker pitcher on 11 occasions, scoring singletons in the fourth and fifth and three more for good measure in the eighth.

Windish, Tanner and R. McKee led the attack with two hits each.

The lineup:
Parry: Schuck r, Coles 3b, Windish 2b, E. Menkevich lf, D. Menkevich cf, Tanner ss, Frenzel rf, Winters lb, R. McKee c, J. McKee p.
Bankers: Brennan r, Morris cf, Gibson lf, Wallace rf, Carey lb, McDermott c, Lezenby ss, Perkins 3b, Smith 2b, Landgraf p.

Score by innings:
Parry 0 0 1 1 0 0 3 0—5
Bankers 0 0 0 0 0 0 0 0—0
Umpires—Rotenbury and Richman.

Outfit By Losers

Although outfit 10-7 by the losers, Broadway made the most of their scoring opportunities to hand the Cards their second reverse.

Butts Carhart made his first appearance in a Card uniform and allowed the hard-hitting Moviemens only seven safeties. He issued eight walks, however, and two of these figured prominently in the scoring. Broadway staged their biggest offensive in the second stanza, when Foulke singled, after which B. Anderson and Cahill stroked.

Gonteski then singled sharply admitting two tallies. The third resulted on an infield out.

Cardinal Rally

The Cards nearly deadlocked the count in the seventh when, with one away Bruce and Kline connected. Carhart scored them both, but was out on a close play at third.

The game was fast and well played throughout, with several fielding gems being turned in by members of each team.

The lineup:
Broadway: Sloane c, Baker lb, Easley cf, Weikman ss, Burke rf, H. Anderson rf, Foulke cf, B. Anderson r, Cahill 2b, Gonteski p.
Cardinals: West 3b, Hunter lf, W. Oliver c, Bruce r, Kline ss, Carhart p, Mutchler lb, Gootee 2b, A. Oliver cf, King rf.

Score by innings:
Cardinals 1 0 0 1 0 2 0 0—4
Broadway 1 3 0 0 1 0 1 0 x—6
Umpires—Carhart, Johnson and Alloway.

PALMYRA PLAYS MAPLE SHADE HERE

Palmyra expects to crash into the win column of the National division of the Burlington County League tonight (Thursday), when Maple Shade invades the local recreation park.

The locals have lost two tough decisions and Manager Jim Rapp feels that his cast is about due to annex the verdict.

Next Wednesday Palmyra will engage Burlington on the field of the opposition.

PALMYRA DOWNS MERCHANTVILLE

Locals Rally in Eighth to
Win 4-2; Baker Goes
Entire Route

Palmyra High registered its second win of the season over Merchantville on Monday afternoon, the locals staging a two run uprising in the eighth to annex a 4-2 verdict. Baker hurled for the Red and White, allowing 10 scattered hits and fanning 12 of the enemy.

Gibson Leads

"Hoot" Gibson, member of the hurling corps, who patrols the garden when not on the mound, led the local offensive with three bingles out of four trips to the rubber. Straub, enemy pitcher, limited the locals to eight safeties, but weakened in the latter part of the engagement.

GOLFERS LOSE IN CUP TOURNAMENT

Both the Riverton Country Club teams lost their second matches of the season, last Friday afternoon, in the ladies' Interclub Cup Tournament.

Playing for the Fourth Cup, Riverton 1st suffered a 6-1 reverse at the hands of the Old York Road team. Mrs. F. C. Langenberg was the only local representative to defeat her opponent, winning 2 and 1. Riverton 2nd lost a 5-2 decision to Philmont 2nd, this being a match for the Seventh Cup. Mrs. R. S. Charlton won her match 1 up and Mrs. L. C. Krusen accounted for the other point, winning 6 and 4. Riverton 1st is composed of Mrs. W. L. Hendrickson, Mrs. Richard Lippincott, Mrs. H. M. Kieckhefer, Mrs. F. C. Langenberg, Mrs. Curtis and Mrs. J. C. Anderson. The players on Riverton 2nd are Mrs. R. S. Charlton, Mrs. Earl Shrader, Mrs. L. C. Krusen, Mrs. Lloyd Cross, Mrs. G. F. Krusen, Mrs. E. B. Humphreys and Mrs. J. W. Fawcett.

BROADWAY WINNER, 7-0

Playing airtight ball behind the faultless pitching of Chick Foulke, Manager Bill Anderson's Broadway Moviemens subdued Sigma Kappa by the score of 7-0 in a softball game, last Friday night, at Memorial Park.

The winning pitcher allowed only five hits, fanned six and did not issue a single pass. Moffitt, who hurled for the fraternity lads, gave nine safeties, but was wild at times and issued seven free tickets. He held Broadway in check, however, with the exception of the third, when the victors notched up six markers.

Two Doubles

In this frame Cahill and Foulke stroked. Sloan singled and Baker poled out a double. Jack Easley matched this feat, while Burke and Buchholz contributed with one basers each.

Allen, who obtained two of the SK bingles was the only man of the losing aggregation who got as far as third base.

The shutout was the first of the infant season.

Broadway lineup: Sloan r, Baker lb, Easley cf, Weikman ss, Burke 3b, Beddow lf, Buchholz c, Anderson rf, Cahill 2b, Foulke p.

Sigma Kappa: Coles ss, Allen lf, Moffitt p, Sacca rf, Hubbs r, Baker lb, McDermott c, Smith 3b, Reynolds cf, Sherman 2b.

Score by innings:
Broadway 1 0 6 0 0 0 0 0—7

DELTRAN YACHT CLUB

Eighty members and guests attended an open house supper-dance held at the club, on Saturday evening of last week, the affair marking the opening of the spring season. The newly constructed float is expected to be placed in position during the week and pile driving operations for the pier will be started in the near future. Only finishing touches are necessary on the tennis court and the playing surface will be available for use within a few days. Several skippers have their craft nearly ready for the season and mooring anchors are being placed in position.

NORMAN THOMAS TO BE LEAGUE SPEAKER

Norman Thomas, author and lecturer, will be the guest speaker at the annual luncheon of the New Jersey Branch of the Women's International League for Peace and Freedom, to be held Wednesday, May 11th, in Asbury Park. Mr. Thomas, renowned as a leader who has been in the forefront of every progressive and liberal and peace movement, and who is now one of the motivating forces of the "Keep America Out of War" Committee, will address the delegates on "How to Keep America Out of War." The luncheon will be preceded by a business meeting at the North Solarium which will convene at 10:30 a.m. when all annual reports of work done during the past year will be given by the state officers and chairmen.

ABOUT TOWN

The rain on Monday was a boon to local farmers and gardeners, the precipitation being the first that has fallen in any quantity for over two weeks. Crops and lawns were beginning to show the affect of the drought.

Judging from the number of houses that are being repainted in this vicinity, artisans engaged in this occupation appear to be having a profitable season.

Tent caterpillars have started their work in outlying sections.

Work on the Palmyra sewer extension is still being carried on near the site of the pumping station, at Broad and Market streets.

COUNTY DEMOCRATIC COMMITTEE MEETING

A regular meeting of the Burlington County Democratic Committee will be held at the Court House, Mt. Holly, Tuesday evening, May 17, at 8 o'clock, D.S.T. All members are urged to be present.

More N.J. Cachets for Airmail Week
The following New Jersey cities and towns will have cachets applied to air mail letters passing through their post offices during National Air Mail Week: Bordentown, East Orange, Haddonfield, Long Branch, Maple Shade, Millville, Ocean City, Red Bank, and Trenton. These are in addition to those published last week.

124,037 first day covers of the new 1 cent Washington stamps were cancelled at the Washington, D. C., post office on April 25.

One million more 15 cent Airmail Map stamps have been ordered.

The new regular issue, 2 cent stamp, bearing a likeness of John Adams will be placed on sale for the first time at Washington, D. C., on June 3, 1938. Post offices throughout the country will receive a stock of these stamps as soon after that date as distribution will permit.

The Delaware Swedish commemorative stamp will be issued on June 27, 1938, at Wilmington, Del. The stamp will be of the same size as the recent Virginia Dare stamp. The central subject will show a reproduction of the painting "Landing of the Swedes and Finns" by Stanley Arthurs.

Abraham Lincoln's portrait appears on a recent 5 Lire stamp of San Marino. The portrait is from a bust of Lincoln by an American sculptor, Raymond Barger. The bust is in a niche at the San Marino Government Palace.

The Association of South Jersey Stamp Clubs will hold a stamp auction on Friday evening, May 20th, at the Camera Club, in Bridgeton. Inasmuch as I am a member of the committee in charge of the auction and have aided in preparing the 200 lots to be offered, I can say that the U. S. and Foreign items are very fine in both condition and selection.

The United States has honored most of its Presidents and historically famous men, but do you know what country has featured on its stamps, pictures of an elephant, oil palm, Kru woman, star, hippopotamus, egret, chimpanzee, lizard, pepper plant, palm civet, antelope, vulture, mud skipper, Mandingos, coffee plant, golden cat, hornbill, buffalo, and pineapple?

This question will be answered next week along with information as to where all of these interesting stamps may be seen.

The coil stamp with the 3mm spacing reported here last week is of the regular series of 1922 issue perforated 10 vertically.

Four more stamps have made their appearance in honor of the United States Constitution.

Poland printed one million copies of the 1 zloty stamp, showing the Statue of Liberty at the right and at the left under a rainbow appears Washington holding an American flag, Thomas Paine holding some papers, and Thaddeus Kosciuszko. The stamp is blue gray in color.

The Spanish Republic honored the Constitution by issuing one stamp on a souvenir sheet portraying the Statue of Liberty against draped flags of the United States and Spain.

The stamp is a 1 peseta value. The Constitution set of two stamps of Salvador have just arrived. The values are 8 centavos and 30 centavos and are the largest honor stamps to appear thus far. The stamp is printed in five colors with a map of the Americas in the center flanked with the flags of the U. S. and Salvador.

BARCLAY OBTAINS IMPORTANT POST

Richard M. Barclay, son of Mr. and Mrs. Richard D. Barclay, of 205 Lippincott avenue, Riverton, a sophomore at Middlebury College, will be co-chairman with Mary L. Race, Belvidere, N. STORM SEWER ON SPRING GARDEN

(continued from page 1)

service at a great expense to the taxpayers.

Tree Project
Councilman Huyett gave a very interesting report for the tree project for the period February 1, 1937 to April 1, 1938. The report included the following: 1485 pruned, 447 felled, 1218 planted, 693 loads of wood hauled, 1463 loads of brush hauled, 353 cords of wood split, 2127 square yards of earth graded, 463 stumps grubbed and 332 loads of wood dumped through the welfare director to needy clients for fuel. The total cost per tree including tools, watering, fertilizer, truck, oil and gas was \$1.16. Mr. Huyett thanked Baden Reynolds, foreman, for his interest and the businesslike manner in which he handled the entire job. The Federal government spent \$13,350 on the project, the borough's share being \$1424.97.

Chasing Fire Trucks
Action will be taken by the officials in respect to autos chasing fire trucks to fires. Offenders will be arrested and dealt with as the law prescribes.

The press has been asked to invite the cooperation of Palmyra residents in taking care of the young trees planted by the tree committee. They are asked to water them regularly and cut suckers springing from the trunks.

The application of John Horan for dog catcher was approved by a unanimous vote of council.

Lighting on S-41
Councilman Flynn stated that he expects to receive county money for lighting along S-41. He is sure of getting one light and possibly two. If allowance for two is made, the saving to the borough for current will amount to \$100 per year. The donation of a flag pole for the park, has been secured through the efforts of Mr. Flynn.

Authorization was given to the building committee to send notices to owners at 600 Arch street and Broad and Arch street to repair two chimneys reported to be in an unsafe condition. The building inspectors report included improvements amounting to \$6685 and fees amounting to \$30.

Councilman Engle stated that Clean-Up Week would be from the 16th to the 20th of this month and that two days would be set aside for the rubbish collection. They are May 17 for the south side and May 19 for the north side.

Relief Work
Relief bills amounting to \$280.85 for the month of April were ordered paid. The relief director's report for the period ending April 30 included 14 cases covering 59 persons. This is the smallest since last November. According to the director, George N. Wimer, WPA employment is responsible for this reduction.

Considerable discussion was held concerning present legislation handling the administration of relief in the state. Conferences will be held and it may be possible that Palmyra will find it cheaper to divorce itself from state aid and run its own welfare department.

Palmyra's costs in the past have been lower by far than any state or county figures per individual.

PALMYRA A. O. M. P.
Several members of Palmyra Assembly attended the meeting of the Lakewood Assembly on Tuesday evening of last week.

The regular meeting of Palmyra Assembly will be held on next Tuesday evening, May 17. A number of candidates are expected to be present for initiation.

FIRE IN EAST RIVERTON HOME
Shortly after 10:30, on Wednesday morning, the Riverton and Delaware No. 2 fire companies responded to an alarm for a fire in the home of Elwood Ricketts, 103 Union Landing Road, East Riverton. The living room was in flames when the apparatus arrived, the fire having evidently originated in a sofa.

GOLFERS LOSE CLOSE MATCH

Riverton lost a close match to Aronimink, on Tuesday afternoon, at Riverton, the score being 4-3. The local winners were Mrs. Lippincott, Mrs. Curtis and Mrs. Anderson. This affair was for the Fourth Cup in the Interclub Tournament.

Playing in a match for the Seventh Cup, at Merion, Riverton 2nd was defeated by Merion 5, the score was 6-1, with Mrs. Humphreys being the only member of the local contingent to defeat her opponent.

HOUSEKEEPING HINTS

From The HOUSE PRACTICAL OF PUBLIC SERVICE

Baked Lamb Ring
2 lbs. ground lamb 2 tbsp. minced uncooked lamb 1 pint tomato stock 1 cup milk or 1 tsp. minced stock 2 green pepper 1 egg 2 tsp. minced parsley 1 cup bread 2½ tsp. salt 2 tbsp. minced onion ¼ tsp. pepper

Place the lamb in the lower part of a double boiler. Invert the top part of the boiler over the tips of the asparagus and cook for twenty to twenty-five minutes, depending upon the tenderness of the asparagus. Remove with a fork inserted through the strings, on to a platter, then drain off any water that may drip from the asparagus. Serve with drawn butter or Hollandaise sauce.

Caper Sauce
4 tbsp. butter 1½ cups boiling water 3 tbsp. flour ¼ cup capers 1 tsp. salt ¼ cup lemon juice

Melt half the butter, add flour with seasonings. Add boiling water gradually and cook gently until thickened. Add remaining butter, remove from heat and add capers and lemon juice. Serve hot.

Strawberry Shortcake
One quart strawberries, washed, hulled, sliced.

Mix with one cup sugar, allow to stand for two hours at least, in a cool place. Serve on biscuit short-cake with plain or whipped cream

2 cups flour ¼ cup milk or 4 tsp. baking powder 1 tsp. salt 2 tsp. shortening 4 tsp. sugar

Sift together all dry ingredients. Cut in shortening with two knives. Add milk or water gradually, making a soft dough. Turn onto slightly floured board, roll out to one inch thickness, cut with biscuit cutter and bake in quick oven, 450 degrees fifteen minutes, or bake in a large cake, split in half before using, both halves used crust side down. When thoroughly chilled add remaining fruit and serve.

Asparagus is always a popular vegetable and there is an art to preparing it.

P-T. A. MEETING MONDAY, MAY 16

Child Study Group at 2.30.
Play at 3.30; Plans for
Annual Field Day

The last Child Study Group and Parent-Teacher meeting of the season is to be held in the Riverton Public School next Monday afternoon, May 16th. The Child Study Group will meet in the kindergarten room at 2.30. The topic will be "How Mothers and Teachers Can Help Each Other and Help the Children." Mrs. Francis B. Elwell will lead an informal discussion, with everyone invited to join in the program.

To Present Play

At 3.30, the regular P-T.A. meeting will be held in the auditorium, where the children of the first grade are to present a dramatization of "The Three Little Pigs."

Mrs. Henry W. Shreve will entertain the audience with a reading, in her own inimitable style.

A plant is to be awarded to the class having the highest percentage of mothers present, and refreshments will be served.

Mothers may leave their small children in the school library, where a capable attendant will look after the youngsters.

Field Day

On Monday afternoon of this week, an executive board meeting was held at the home of the president, Mrs. C. H. Yost, where plans were made, and committees appointed to take charge of the picnic supper to be held on Field Day, Tuesday, May 24th, at Memorial Park. Members of the board are communicating with all members of the association, soliciting contributions of food and money for the supper. The profits from this supper will be used for the Milk Fund and other helpful projects of the association.

The school children are busy rehearsing their respective parts for this year's pageant, and the committee expects a large number of parents and friends to have supper at the park, and watch the children perform.

ABOUT THE COUNTY

Ivins G. Wright, former steward of the county almshouse, will operate a gas station at Mt. Holly, in the near future.

The body of an unidentified man was found floating on Mirror lake, Browns Mills, on Thursday of last week.

A Burlington resident was convicted of drunken driving last week. The unusual feature about the case was that he was operating a horse and wagon instead of the more common auto.

Bordentown will have a new athletic field, a WPA project for this work having been approved last week. The estimated cost is about \$80,000.

FOOD COST DROP CHECKED IN APRIL

The steady decline in the New Jersey average retail food price which began in October, 1937, was definitely checked in April, when the average cost of 83 leading food articles was 1.01 per cent higher than the preceding month.

The survey by the State Department of Agriculture indicated that the April, 1938, food price was still 8.58 per cent lower than a year ago, although it was nearly 30 per cent above the average price in April, 1933.

LEGION SERVICES

Several thousand people from all parts of New Jersey are expected to attend the statewide memorial services of the American Legion which will be held near Haddonfield on Sunday, June 5.

The services, which will be preceded by a military parade, will be held in Locustwood Memorial Park, on Marlton Pike, Route 8-40. The Legion has a plot of 300 graves at the Park.

Blue chows were bred in the Chinese Buddhist monasteries.

FLOWER MART IN OLD BOND MARKET

The annual flower mart and bazaar being held by the Philanthropic Class of the Central Baptist Church, on Saturday of this week, will take place in the store formerly occupied by the Bond Market, Broad street, Palmyra, instead of the location announced previously.

The mart will open at 9 a.m. and close at 5 in the afternoon. Articles for sale will include garden and fancy goods, candies, delicatessen, ice cream, fresh homemade cakes, rolls, etc.

Those in charge of the affair expect to have a wide selection of delectable items and urge early purchases while the stock is complete.

STATE SCHOLARSHIP DEADLINE IS JUNE 1

Applications for state scholarships in the next entering class at Rutgers University must be filed by June 1, according to announcement by Dean Fraser Metzger, chairman of the scholarship committee. These scholarships, open to students wishing to enter college next September, cover all tuition and fees except certain minor fees, but not living expenses and are allocated to counties numerically according to the number of legislators representing each county. Requests for application blanks and for additional information may be obtained from Dean Fraser Metzger, Rutgers University, New Brunswick, N. J.

INVITATION TO RECREATION NITE

The Official Board of Epworth M. E. Church invites the young men and women of the community to a Spring Evening of Recreation and Entertainment at the church, on Saturday, May 21.

The program, starting at 8.00 p.m., will consist of games, including indoor baseball, a table tennis tournament, and several surprise features. Refreshments will be served. An hour of music with Ruth Fry, pianist; Pat Northrop, organ, and George Dugan, Jr., violin, will conclude the evening. Rachel M. Lord will direct the music.

There is no charge for the evening. Young people of Palmyra and Riverton, and their friends, are cordially invited to be present.

RIVERTON LOSES LEAGUE CONTEST

Riverton lost its first game in two starts on Tuesday night, the locals dropping a County Softball League engagement to Florence by the score of 7-3.

Riverton compiled a total of 11 safeties during the fracas, this being one more than the opposition could secure. The chief difficulty of the homesters was in hitting with men on bases, numerous and sundry being stranded on the paths.

Four in Second

Florence scored what proved to be the winning runs in the second stanza, when they bunched three hits. These, with a walk, an error and an infield out enabled the winner to cross the rubber on four occasions.

The fracas was a tough one for Riverton to lose, but such things happen to the best of them. Riverton lineup: Sexton rf, Lynch 2b, Yearly cf, Weikman 3b, Williams cf, Burke ss, Baker 1b, Schaeffer c, Shea r, Foulke p, Anderson p.

"I want to be excused," said the worried-looking jurymen addressing the judge. "I owe a man \$25 and as he is leaving town for some years I want to catch him before he reaches the train and pay him the money." "You're excused," replied the judge in icy tones. "I don't want anybody on the jury who can lie like that."—Buffalo Blade.

Size and Weight of Fresh Eggs Determine Value of Purchase

Consumers Should Consider Weight Per Dozen. Size Depends Upon Age of Hen, Poultry Breeds and Season

By Fred W. Jackson
New Jersey Department of Agriculture

BESIDES quality standards for fresh eggs, weight and size are important factors. Weight should be considered in buying eggs. Some may weigh only 20 ounces to the dozen and others as much as 26 ounces or more to the dozen. Why should the consumer be expected to pay the same price for 20 to 22 ounce eggs as compared to those weighing 24 to 26 ounces?

Most eggs are purchased from New Jersey producers on the basis of weights as well as of quality and freshness. In trade circles, both wholesale and retail, most transactions allow for weight standards, but in many cases designations as to size and weight disappear when the eggs are offered to consumers.

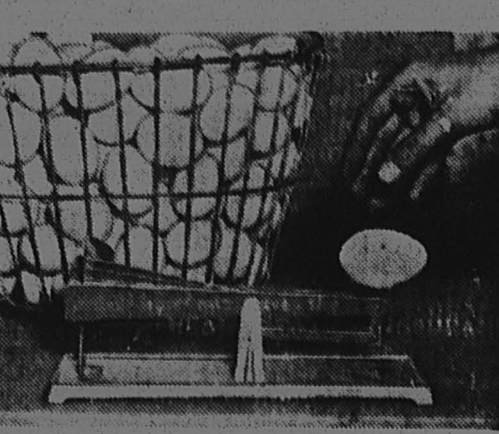

Weight Your Eggs

Consumers are urged to weigh their eggs to determine the size they are purchasing.

The regular size classifications used in the trade are "Large," "Medium," "Pullet," and "Pewee."

"Large" eggs are those which average to weigh 24 ounces or more to the dozen. This means that a dozen of large eggs will weigh at least one and one-half pounds. Eggs of this size are plentiful at this season and are available at attractive prices.

"Medium" eggs are generally sorted to weigh an average of not less than 21 ounces to the dozen. When graded to this weight, the eggs are noticeably smaller than those weighing an average of 24 ounces or more per dozen.

Large Eggs Weigh 24 to 26 Ounces to the Dozen

The term "Pullet" eggs refers to those eggs which average to weigh between 17 and 20 ounces to the dozen. These generally are produced by young birds when they commence laying in the fall months and are most likely to be offered for sale during September, October and November.

"Pewee" eggs are those eggs which average to weigh less than 17 ounces to the dozen. They are usually not offered in quantity in the regular retail trade, but are used for large scale cooking and baking purposes.

Price according to size according to the size as well as to freshness and interior quality. Similarly, to sell eggs on a weight basis without reference to the interior quality of the eggs would be unfair to the buyer.

The state grades for eggs as developed by the Department of Agriculture indicate the weight of the eggs. All labels used by the Department definitely state whether the eggs are of "Large," "Medium," or "Pullet" weight.

the meeting. Mr. Mayfield assured the committee that Mrs. Sim can do the kind of a job that they want in the manner it should be performed. He said that he believed the present arrangement would be most satisfactory.

He further remarked that the work would be carried out in a strictly impartial and non-political manner and would be characterized by efficiency in every respect.

Application Denied

Lester H. Drenk, representing the Forest Hill Boat Club, submitted a request asking that the club be granted a license to sell liquor at their club house, on June 19, September 10 and October 15.

The communication stated that the organization is building a new home on Randolph street, East Riverton, and that, on the days in question, would entertain the Delaware Yachtman's League.

The application was denied on the grounds that it was not considered good policy to issue permits of this type.

Bridge Repair

It was reported that a plank was broken on the floor of the bridge over the creek on Parry Road. The clerk was authorized to communicate immediately with the county bridge department notifying them of the dangerous condition of the structure.

A resolution was passed requesting continuous aid from the F.A.C. for relief purposes during the current year.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

The entire month of May can be devoted advantageously to planting. It is not too late to complete the work of planting and transplanting bulbs, but it is a mistake to set out cannas, tuberous begonias, zinnias and most bedding plants until the latter part of the month. Cold weather may still be encountered and it will prove disastrous to the normal growth of plants which have been started too early.

All hardy plants should be set out as soon as possible, however, before the days become too warm. In working with them, watch constantly for lice, particularly on roses. Most of the hardy shrubs will require a contact insecticide spray to kill early lice infestations. These pests will increase very rapidly and soon over-run the plants if precautionary measures are neglected.

A fungicide should be applied to delphiniums as a control measure for mildew and to lilies for botrytis blight. This familiar blight is extremely severe on practically all early blooming lilies, and it also attacks some of the later blooming groups such as *Tilium auratum* and *L. speciosum rubrum*. A timely spray of Bordeaux mixture is an excellent preventive measure for attacks of the fungus. Incidentally, it is this same fungus which causes fire on tulips, and an application of Bordeaux will be beneficial to any tulip leaves that are found suffering. Roses that have been attacked by black spot should also be treated with a fungicide, and for this purpose sulphur will be found just as efficient as Bordeaux.

Prune lilacs and other early blooming shrubs as soon as they have finished flowering. If they are pruned at this time, their symmetry can be maintained without jeopardizing any of their buds for next season, for it is during the summer that buds for the following spring are made. The more promptly the pruning is done after blooming has ceased, the better the chance of obtaining a strong crop of buds for the next year.

It is still possible to sow seeds in the open ground, but those seed beds in which particularly fine seed is sown should be covered with burlap, paper, or some similar protective material which will hold moisture

PALMYRA SCHOOL NOTES

Theta Sigma Entertains

The Theta Sigma, honor society of Palmyra High School, entertained the high school in assembly recently, with a one act play entitled "Elmer" written by Beatrice McNeil.

The play was under the direction of Miss Marjorie Fricke, advisor of the society. When the cast was chosen, an attempt was made to include as much as possible, only those students who had little or no previous dramatic experience. The cast was as follows: Elmer Collier, Arthur Gowell; Susan Collier, Louise Raher; Jeanie Collier, Doris M. Mullen; Janie Collier, Ruth Stevens; Miss Louise Pinney, Anne Smith; Mrs. Collier, Charlotte Anderson; Fannie Belle, Beatrice Weiner; Hubert Brown, James Brown; and Russell Jameson, Robert Yerkes.

Westfield Friends School

Assembly Program

The Friday assembly was in charge of Margaret Meyer. Each class made interesting contributions to the program. Bobby Jamison made a report on the planting of the first and second grades garden.

The kindergarten gave an imitation of the Highland Fling which had been danced by the older girls several weeks before.

The second grade pantomimed the story of "The Shoemaker and the Elves," while the text was read by Gretchen Kieckhefer.

The third and fourth classes made a report on their trip to the West Jersey Paper Co., in Camden. They also showed and explained their posters done in art class which illustrated the destructive and constructive forces of fire.

Baseball Game

The baseball game played with Frankford Friends last Thursday had a happy ending for Westfield. The Garnet and Blue nine won by a score of 7-5. A return game will be played at Frankford Friends School next Tuesday, May 17.

HELP SAVE N. J. WOODS FROM FIRES

This is the time of year when the "ounce of prevention" should be applied toward conserving New Jersey's forests. An open winter without much rain has dried the State's wooded areas to such an extent that forest fires can be started very easily and extinguished with great difficulty. Three million acres of woodland in this State have to be guarded constantly to prevent a repetition of 1930, when 1,620 forest fires occurred.

Motorists, campers, hikers, and fishermen from other states are urged by the New Jersey Public Utility Information Committee to join with our residents in preventing forest fires. It may save much property and even human lives if you will see that all camp fires are quenched and covered with damp earth. Do not throw lighted matches, cigars, cigarettes, or pipe ashes out of your car unless you are sure they are extinguished. Conditions are right for the most disastrous season in the State's history. Help us avert it.

close to the surface of the ground. The warm spring sun dries the ground out quickly, and alternate conditions of dryness and moisture frequently prove fatal to many seeds. By covering the seed beds, it is a simple matter to keep moisture close to the surface of the ground, but it is essential to examine each bed carefully and to remove the covering as soon as germination starts. If seedlings are permitted to grow under their protective covering, they will become yellow and die when they are finally exposed to the sun.

There is no grief which time does not lessen and soften.—Cicero.

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

With finely divided foliage and dainty yellow flowers resembling those of bleeding-heart, the *Corydalis* are more of the dwarf plants particularly well adapted for use in the rock garden. They belong to the *Fumitri* family and are quite free-flowering and grow well in partial shade.

Corydalis are a familiar sight in many parts of Europe and Asia, and several kinds have been cultivated in European gardens for many years. Two of the best, *Corydalis cheilanthifolia* and *C. thalictrifolia*, produce their yellow flowers in early summer and are a colorful addition to the garden. The gardener will have little difficulty in raising either of them from seed. The species *bulbosus* and *nobilis* are tuberous-rooted and quite spectacular members of the genus.

A well-drained soil, not too acid, and partial shade are the essential requirements of the *Corydalis*. Seeds may be purchased from rock garden specialists or from dealers who carry an extensive array of perennials.

R. M. HOLLINGSHEAD TENDERED DINNER

Richard M. Hollingshead, Sr., of Riverton, who is head of the R. M. Hollingshead Corporation of Camden, was honored at a testimonial dinner held last week, at Silver Lake Inn.

The affair was tendered by over 400 employees, business associates and friends, and was on the occasion of the seventieth birthday and the fiftieth anniversary of his business career.

R. M. Hollingshead, Jr., acted as toastmaster.

FOOD FACTS

Do You Know That—
The fondness for color in foods, especially yellow and green, is considered desirable by food authorities because such colors usually show richness in vitamin A.

"Show me the man who does not love cheese, and I will show you a man whose soul is dead to the joys of living," is one version of an aphorism concerning cheese.

Turkey roll, a new product, is made of skinned and boned turkey. Orange butter is a new fruit preserve containing no peel and is made from orange hearts.

PALMYRA P.-T. A. MEETS MAY 17

The final meeting of the Palmyra Parent-Teacher Association will be held in the High School Auditorium, Tuesday, May 17 at 8:00 p.m. (Please note the earlier starting time.)

The business meeting will be followed by a forty minute comedy entitled "Elmer," under the direction of Miss Fricke.

At the conclusion of the play, the band, orchestra and the boys' and girls' glee clubs will render several musical numbers. Over 250 students will participate in this part of the program.

All classes in the High School will have class exhibits of projects developed during the school term. The place of the exhibits will be announced at the meeting.

This promises to be a very interesting and instructive meeting and should warrant the attendance of all parents in the several communities attending the High School.

ALMSHOUSE STILL OCCUPIES BOARD

Adams Criticizes Action of
Solicitor Peditto; Welfare
Report Discussed

At a lengthy and acrimonious session of the Burlington County Board of Freeholders held last Friday afternoon, Palmer L. Adams, member of the board criticized the action of the solicitor, Christopher N. Peditto, in respect to a certain paragraph of a letter written by Mr. Peditto to Colonel Gilmore, PWA official.

The communication in question recited a history of the almshouse situation and was written, according to Mr. Peditto, to enable him to prepare the defense of the writ instigated by William Ford.

Point Questioned

The point questioned by Mr. Adams was in regard to a statement in the letter that the board had awarded the contracts and had authorized a bond issue. Mr. Adams stated that in asking for information it was not necessary that certain data be divulged. He further added that he felt Mr. Peditto had exceeded his authority and had committed an imprudent act.

To this Mr. Peditto answered that he felt it was necessary to give true facts in order to obtain true information. He said that the county had gone through certain proceedings and that these were a matter of a record.

He further remarked that the information was necessary and essential in defending the suit.

Peditto also said that he intended to adhere to the oath that he took when he assumed office and he did not feel that he would be doing this if he misrepresented the situation.

Reply to Letter

Colonel Gilmore's reply to the letter in question stated that any PWA grant would be entirely dependent upon the passage of pending legislation. He asserted that the terms of such allotments would

Palmyra Firemen Out For Members

Starting on Monday, June 6, Independence Fire Company, of Palmyra, will conduct its annual drive for contributing members. This will continue for the remainder of the week.

Cards will be distributed to all residents before the starting date of the campaign and the firemen trust that as many citizens as possible will have these filled out when members of the company call.

Chief Frank Geddes states that the response last year was excellent and that the firemen were greatly appreciative of the support given them.

The committee in charge of the drive trusts that the fine record of last year will be continued during the coming campaign.

ROTARY HEARS INSURANCE TALK

Appropriately choosing the week of the Annual Message of Life Insurance for an educational program in that important field of thrift, the local Rotary Club, last Thursday, enjoyed a well organized presentation of the theme by Alfred H. Cooper, of the Home Office staff of the Provident Mutual Life Insurance Company.

Mr. Cooper pointed out very forcibly that the same needs for which we devote our lives in work to meet, are needs which our families must face when we pass on.

He explained why life insurance offers the certainty, denied to other forms of investment, in times of financial disaster, and the steady flow of premium income which, even in the very darkest days of 1932, exceeded all demands from claims.

SIXTY MEN START Y.M.C.A. CAMPAIGN

Opening Meeting Held Monday
Evening; Personnel of
Various Teams

Some sixty men are campaigning this week for funds for the YMCA, under the general chairmanship of Richard Woodward, who has as his three aids Gene Hargett, Carl Thomas and John Metzgar, division leaders.

At the opening meeting for workers at the Porch Club, Monday evening, May 16th, distribution was made of the various cards bearing the names of persons to be called on. Before this took place, Chairman Woodward introduced introduced S. Roger Oliver, of Burlington, county campaign chairman; Edmund R. Tomb, of the state YMCA staff, and Secretaries Guy C. Hendry and T. P. Reeder, of the county YMCA staff, and Howard G. Taylor, Jr., president of the county YMCA board.

Leaders Speak

In his opening remarks to the workers Chairman Woodward called attention to the relation the YMCA of Palmyra-Riverton has to the work throughout the whole county, now making the county a unit. Secretary Hendry spoke of the group work and activities now being carried on here, and said that Secretary Reeder and he had done much preparatory work looking forward to a considerable expansion of work with boys and young men in organized groups, beside more community activities. Camps Ockanickon, for boys, and Matollonequay, for girls—the YMCA camps at Medford, will have quite an enrollment, according to present indications, Mr. Hendry declared.

Sunday Message

Sunday morning, May 15, there were brief statements concerning the YMCA in three churches—Charles L. Black, the Ockanickon camp director, speaking at the Presbyterian (continued on page 2)

DOG CATCHER TO START OPERATING

The newly appointed dog catcher in Palmyra will probably start his operations within the next week.

All dogs running at large on the streets, whether licensed or not, are subject to capture. They will be removed to the pound where owner's may recover them upon payment of \$3.00. Dogs unclaimed within a certain period will be destroyed.

The ruling applies not only to dogs owned in Palmyra, but those from Riverton who may be found on Palmyra streets.

DISCUSSION ON NEW COMMITTEE

Cinnaminson School Board
Defers Action, Collins
Gets Coal Award

The Cinnaminson Board of Education awarded the contract for coal to the J. S. Collins firm, at its regular meeting held at the school, on Tuesday evening.

The bids on 100 tons of pea coal, with the privilege of buying an additional 25 tons at the same price, were as follows: Boulevard Coal Company, Maple Shade, \$6.95; Denner Company, Riverside, \$6.88; and J. S. Collins & Son, Inc., \$6.59 per ton.

The award was made to J. S. Collins & Son on their low bid by the unanimous vote of the board.

Finance Committee

Mr. Reeves submitted a plan for the creation of a finance committee. He outlined the duties of such a committee as set up in the Palmyra and Riverton school boards. Such a committee, he stated, would have a meeting each month prior to the regular meeting, at which time they would carefully check all bills and see that they are properly approved by the persons ordering the materials or services. Other duties would be to set up the annual budget, report monthly on the status of the balances in each of the several school board accounts and present the list of bills for payment at the meeting.

Howard G. Taylor, president, stated that he felt the Cinnaminson Board was too small for such a

LARGE INCREASE IN RELIEF COSTS

Appropriation of \$1800 for 1938
Overdrawn. Statement
By Mr. Mayfield

C. P. Mayfield, president of the Riverton-Cinnaminson Welfare Association, appeared before the Riverton Borough Council last Thursday evening to present to that body Mrs. Robert J. Sim, newly-appointed executive secretary of the welfare association, and to make a statement concerning the rapidly increasing cost of relief in Riverton.

Mr. Mayfield said that Mrs. Sim had also been made director of relief work in addition to her secretaryship of the Riverton association. Her duties in this connection, he said, took so much of her time that she had little opportunity to carry on the social family work, which, under the original setup and intention of the welfare association, should be her chief concern.

Cause of Increase

The increase in the direct relief load, he declared, was in no way connected with the change in administration. Rather, it was caused by complete dependence in a number of families, which heretofore had required only partial support, and that families with higher standards of living were applying for relief. He paid tribute to the cooperation being given the new secretary by Mrs. E. N. Cooper and Mrs. Frederick Blair, former secretaries.

According to Mr. Mayfield's statement, the cost of relief last year from January 1 to May 1, was \$471, while for the same period this year it was \$1115. There had been, he said, an increase of 130 per cent in the number of families on relief. (continued on page 10)

NOTICE

The Riverton School Field Day Program, which was originally scheduled to take place at Memorial Park on Tuesday, May 24th, has been postponed to Tuesday, June 7th. This postponement is due to the illness of Miss Caroline Staman, supervising principal of the school. Miss Staman is in the Lancaster Hospital, Lancaster, Penna. where she underwent an operation on Monday of this week.

MANY BICYCLES ARE REGISTERED

C. Morris Beck, chief of Palmyra police has announced that 161 bicycles have been registered to date, in Palmyra.

The local officers will carry a list of the numbers so they will be able to determine ownership in cases where their suspicions are aroused. Chief Beck requests all wheel owners who have not registered to do so as soon as possible. He estimates that there are about 200 bikes in Palmyra.

BREAK IN MAIN CAUSES TROUBLE

Sections of Riverton Without
Water for Several Hours;
Gas Leak Also

The large main of the Palmyra-Riverton Water Co. broke early Friday morning and a large quantity of water surged to the surface along the curb in front of the J. S. Collins store, on Main street, Riverton.

The water company soon had a force of employees on the job to locate the exact spot of the break. The men were at work between Harrison and Broad street, when a section of the roadway on Main street sagged.

Gas Leak Also

This proved to be the spot where the break occurred, but when excavation was started, it was found that there was also a leak in the gas main at the same point.

Some delay was occasioned, therefore, in making repairs to the water line, because it was necessary for Public Service trouble men to remedy the gas situation before the water company men could start operations.

Repairs Made

As soon as the gas leakage was stopped, the force of the water company commenced work and full service was restored late Friday evening.

Due to the fact that a shutoff valve at Broad and Main streets did not close properly, it was necessary to shut off water service in several sections of East Riverton and Riverton. (continued on page 9)

Church: Howard G. Taylor, Jr., at the Baptist Church; S. Roger Oliver at the Wesleyan Men's Bible Class, and Secretary Hendry at the Methodist Church.

The first report meeting in connection with the campaign will be at the Porch Club Thursday evening, when the workers will be guests of the Rotary Club for dinner. At that time the special speaker will be Dr. J. P. Hendershot, of Haddonfield.

The final report meeting will be at the YMCA building, Palmyra, next Monday evening, May 23, with dinner served by the women's auxiliary. This will be just in time for winding up the campaign here before the county-wide final report meeting in Mount Holly, the next night, May 24th, at the home of Edward H. Lewis. Workers from all sections of Burlington county will convene to learn the final campaign results, enjoy an evening of fellowship, some fine singing by the Octave Club of Delanco, and Mr. Lewis' hospitality. A visit to Mr. Lewis' gardens will precede the reports.

MEDFORD HAS BIG

MEMORIAL DAY PROGRAM
Medford has plans for a big program on Decoration Day. For many years the town has observed the day in a fitting manner, in memory of the heroes of our country. This will again be one of the main features of the day's program, with a parade headed by Mingin's Band, with color bearers, firing squad, organizations, and school children in line. Brief exercises will precede the parade.

Baseball will be the other attraction with a county league game both in the morning and afternoon.

Pro And Con

LETTER TO LAMON

May 4, 1938.

Walter D. Lamon, Director,
Burlington County Board of
Chosen Freeholders.
Mt. Holly, N. J.

Director Lamon:

Being a member of the Welfare Board, you are aware that the survey made by the Welfare Board of Burlington County was completed about April 22, and the results, as you no doubt realize, should decrease the number of inmates to be cared for in the Burlington County Almshouse by approximately 65 (most of whom have signed applications for Old Age Assistance) leaving approximately 60 at the institution. Therefore it is necessary to erect a building to accommodate only a maximum of 75 instead of 176 according to present plans.

Governmental agencies, such as Old Age Relief, Unemployment Insurance and WPA activities, are designed to, and are sure to decrease the number of inmates in institutions such as almshouses. Therefore, you will be neglecting your duty as Director of the Board of Chosen Freeholders of Burlington County if you sign any contracts or issue any bonds or notes for the payment of the erection of said almshouse under the Old resolutions. Before any action is taken this matter should be brought to the attention of the taxpayers and the Board of Freeholders with the object of saving at least \$161,000.

In addition to this saving on the erection of the building, maintenance cost will be reduced from \$34.04 per month per patient (average cost per month in the institution) to a maximum of \$3.75 cost to the county (by placing in private homes) because state and federal governments will pay the balance of the maintenance. This will be a total of yearly maintenance saving of \$27,000.

At the same time this action will be complying with the request of the grand jury by reducing the number housed in the temporary almshouse.

To date the county is not responsible for any contracts as no contracts have been signed.

Yours in the interest of
Burlington County,
PALMER L. ADAMS.

REPLY TO ADAMS

May 12, 1938

Palmer L. Adams,
Board of Chosen Freeholders,
Mount Holly, N. J.
Freeholder Adams:

Replying to your public letter of May 4th, addressed to me, you stated that the Survey made by the Welfare Board was completed on April 22, 1938. This is not true. On May 10th, the Welfare Board informed me that no survey report was completed. The Welfare Board meets today, May 12th, at which time the survey report will be discussed. I, therefore, cannot agree with you that it is only necessary to erect a building to accommodate only 75 inmates instead of 176 inmates, according to present plans.

For your information, Mr. Adams, the present case load of Old Age Assistance is about 1100 and the monthly award to these clients averages approximately \$15.00 per month. Since you have shown so much interest at this time in the activities of the Old Age Assistance, it seems strange to me that, while you were Director and a Member of the Welfare Board during 1936-37, and during the trying moments after the serious fire of last March, you never discussed the matter concerning the reduction of patients from the Almshouse, but, on the contrary, the Welfare Board, of which you were a member, was encouraging applicants to seek admittance to the Almshouse.

Your theory seems to be that inmates of the Almshouse who are eligible should be farmed to private homes wherein the Federal Government and the State will contribute towards their maintenance.

On the surface and, without serious thought, one would be led to believe that your plan is plausible. But those of us who have made a study of this situation, know that the old and indigent require medical and nursing attention and it is very doubtful that private homes would

be willing to board these people for \$20.00 a month.

The County of Burlington is faced with this serious problem and I feel that the program under way is the most satisfactory for all concerned and, as a member of the Welfare Board and as Director of the Board of Chosen Freeholders of Burlington County, I am in accord with the plan that you and the rest of the members of the Board of Freeholders decided was the best course to follow.

You were present at every meeting when the discussion concerning the building of a new Almshouse was before the board. The size of the Almshouse was satisfactory to all and satisfactory to Commissioner Ellis of the State Department of Institutions and Agencies—Why the sudden change of heart?

I have never felt that I have been negligent in my duty as Director of the Board of Chosen Freeholders. I have given every problem that confronted me serious and unprejudiced judgment. I have acted according to the convictions of my conscience and intend to continue to do so.

The request of the last Grand Jury was a reasonable one and I am anxious to comply with their request as soon as possible. The construction of the Almshouse is our problem of political maneuvering.

Assuring you that I have the interests of Burlington County at heart, I am

Very truly yours,
WALTER D. LAMON.

COMMENT

There are some interesting side-lights concerning the aerial war games that are being conducted in the east. The enemy force is accompanied by a force of 800 planes. Against this number, the Army has an actual defense strength of 200—perhaps there are more on paper, but paper planes usually don't get very far off the ground. Doesn't the army have more than 200 planes that can be readily mustered in the east—or is it because the expense of mobilization is too great for current appropriations?

General Hugh Johnson says that the United States defenses are very weak—particularly in the matter of anti-aircraft guns. He suggested that some of the pump-priming money be used to meet this deficiency and this doesn't sound like a bad idea. They don't HAVE to be used and their construction would provide jobs just the same as some of these W.P.A. projects.

The article concerning the success of Democracy in Switzerland, in the May issue of The Reader's Digest, is well worth reading. A congressional committee to study conditions in that country might learn a lot that would be useful here.

EVENTS PLANNED FOR PRESBYTERIAN ASSEMBLY

Two colorful outdoor events have been added to the program of the 150th General Assembly of the Presbyterian Church in the United States of America, it was announced recently. The Assembly, organized in this city a century and a half ago, will meet here May 24 to June 1. The events announced are:

1. Planting of a tree in Independence Square in commemoration of the 150th Assembly. Soil from historic spots in 42 synods scattered throughout the United States and its territories will be deposited at the base of the tree.

2. Rally of 96 Boy Scout Troops from Philadelphia Presbyterian Churches at the statue of John Witherspoon, Presbyterian patriot, in Fairmount Park.

Both events will take place Saturday, May 28. The tree planting is scheduled for 1 p.m. and will be the first event of the historical tour, one of four to be made of the city by commissioners to the General Assembly and other visitors that afternoon.

YACHT CLUB MEETING

There will be a meeting of the members of the Riverton Yacht Club on Friday evening, May 20, at 8 o'clock.

The affair is scheduled to be held at the club house on the pier.

RIVERTON SCHOOL NOTES

Assembly Programs

On Monday, May 9th, Mr. Laurence Hart, who impersonated George Washington, gave a presentation to our school. Dressed in colonial attire of that period, Mr. Hart told many of his thrilling adventures, including the true story of the cherry tree.

The first grade gave a very interesting assembly on Friday morning, May 13. Patty Jessup, a third grade girl, had charge of the opening exercises, after which the first grade took over the program.

A dance was given by the class as a whole. Then the class sang two songs about pigs. After the introductory music, a play "The Three Little Pigs" was announced by Suzanne Warnecke. The characters were: First Pig, John Abell; Second

Pig, Leon Rouse; Third Pig, Lewis Gilbert; Big Bad Wolf, Ronnie Meyers; Mother Pig, Mary Berger; Man with Straw, Bobby Stuart; Man with Sticks, Michael Crowell; Man with Bricks, Leon Foulke. The rest of the class was trees.

The pig masks and the mask and tail of the Big Bad Wolf were made by the children in art class. A garden wall and a gate was made out of orange crates covered with paper.

ANNUAL REPORTS OF LOCAL P.-T. A.

Mrs. Charles H. Yost Reviews
Year's Work at Session
Of Association

The Riverton Parent-Teacher Association conducted an interesting Child Study Group on Monday afternoon, May 16th. Mrs. Francis B. Elwell, president, presided at the affair and the principal speakers were A. Donald Sterner, head of the New Jersey Highway Department, and James C. Logan, state highway engineer.

The affair was attended by over two hundred freeholders and their guests from 19 counties of New Jersey.

The children's work which was on display in the school.

The luncheon and card party in the Porch Club was held on April 6th. We entertained five of the original members of the Congress of Mothers who organized the State P.-T.A. in Riverton in 1898. They were: Mrs. Robert Biddle, Mrs. J. L. Lippincott, Mrs. Joseph Roberts, Mrs. Charles Miller, Mrs. G. S. Washington.

On April 25th, a child study group was conducted by Miss Blair, the Visiting Nurse, and Mrs. Elwell, chairman. After the Child Study Group we had a regular meeting, at which time Dr. Elizabeth Love, of Moorestown spoke on "Health."

On May 11th, your president, together with Mrs. A. B. Garwood, and Mrs. Charles Stewart, attended the County Council at Riverside.

On May 16th, Study Group, and regular meeting in the auditorium with Mrs. Henry W. Shreve entertaining. The first grade presented "The Three Little Pigs."

Field Day
On June 7th we will have Field Day, at which time we will serve supper.

Our association furnished 738 bottles of free milk to date to needy children.

Membership committee reports 141 members: 12 teachers (1 life), 30 fathers, 90 mothers, 3 friends.

The hospitality committee served delicious refreshments, and the music committee furnished delightful music at all meetings, while the decoration committee provided plants, and decorated the Christmas tree.

The publicity committee had advance notices of all regular meetings, study groups, and county councils in The New Era, and interesting write-ups of all P.-T.A. events.

The child study group held three meetings, with capable leaders.

The entertainment committee arranged for the Christmas party and the play on Talent Day.

"Summer Round-Up"
The "Summer Round-Up" committee have completed their spring examinations with the kind cooperation of all the doctors of Palmyra and Riverton and the Visiting Nurses.

The Christmas stocking committee cut material, distributed 850 stockings for making and filling by neighbors and groups, and delivered them to the boys of the Four Mile Colony, at New Lisbon.

The publication committee has taken subscriptions for the "National Parent-Teacher" and the "New Jersey Parent-Teacher."

The local life membership committee called on mothers who no longer have children in the school.

The association sent two delegates to the Atlantic City convention, Mrs. C. P. Mayfield and your president.

Several members and your president have also attended all county council meetings and conferences.

Our county and state dues have been paid and a Founders Day gift was sent to the State in February. I wish at this time to express my sincere appreciation to Miss Staman, the faculty and the children of the school for the splendid cooperation given the P.-T.A. Without this cooperation the P.-T.A. could not have carried on.

Respectfully submitted,
Grace M. Yost,
President.

AT FREEHOLDERS' ANNUAL DINNER

Director Walter D. Lamon, Freeholder Charles R. Stout and Christopher N. Peditto, solicitor of the Board, were among the representatives from Burlington county who attended the annual shad dinner of the New Jersey State Association of Chosen Freeholders, at the Salem Country Club, on Tuesday.

Stanley Martin, of Gloucester county, presided at the affair and the principal speakers were A. Donald Sterner, head of the New Jersey Highway Department, and James C. Logan, state highway engineer.

DOING NICELY

Latest reports from the Lancaster Hospital revealed that Miss Caroline M. Staman, supervising principal of the Riverton Public Schools is doing nicely following an operation, on Monday of this week.

Fathers' Night
March 21st was Fathers' Night. Alexander B. Garwood was in charge. The play "A Woman's Privilege" was repeated, and Miss Staman summarized the highlights of

"Y" CAMPS WILL OPEN ON JULY 6

Enrollments Already Received
For Matolliouequay
And Ockanickon

Boys and girls will be interested to learn that plans are being made for a fine camping season this summer at the YMCA camps at Matolliouequay for boys and Matolliouequay for girls, which open Saturday, July 9th, for a season of six weeks.

The registration fee, up to June 1st, is a dollar a week, and after that two dollars a week. The board rate remains the same, namely ten dollars a week.

Enrollments already received at the County YMCA Office, Mount Holly, and inquiries from many boys and girls and parents indicate that 1938 will be a fine summer for both camps.

Director on Duty

Charles L. Black, who will direct Camp Ockanickon, is giving his full time these days to the matter of selecting counselors and staff members and other necessary details. At present he is making his headquarters at the Burlington County YMCA Office, Mount Holly.

Miss Hazel A. Metcalf, who will direct Matolliouequay, is having frequent conferences with the girls' camp committee, getting plans in shape for the summer. At the girls' camp site, on the upper lake portion of the Ockanickon property, workmen are constructing additional tent houses. Fire lines are being cut, and the whole general appearance of the camp is being improved. Plans have been made to install a new dish washing system there.

Illustrated camp folders, with application form, may be had by addressing your request to Secretary Guy C. Hendry, County YMCA Office, Mount Holly. Save a dollar a week by enrolling before June 1st.

Home Talent Night

A very entertaining program was enjoyed at the YMCA building, Palmyra, Thursday evening, May 12, advertised as home talent night, and arranged by the Women's Auxiliary of the YMCA. Secretary Guy C. Hendry, of the county YMCA staff, acted as master of ceremonies. Mrs. A. E. Hargett, wife of YMCA President Gene Hargett, had much to do with the fine array of talent which appeared on this program.

Among the numbers announced by Secretary Hendry were these: Arthur Hoyt, piano solo; a trumpet solo by Yvonne Pennington; a reading by Richard Schreiner; a dancing team of three young ladies—the Misses Berger, Cashin and Teeple; vocal solo by Grace Horner, accompanied by Ann Magowan; readings by Buddy Parker; a trumpet solo by Edmund Turnock, accompanied at the piano by his father; and a song by Jean Hardy and Betty Nash.

The evidence of much of the good work done by Mrs. Albert B. Parker in training boys and girls in reading and public speaking was very apparent. Mrs. Parker responded to a spontaneous request to recite by giving two original numbers.

At the conclusion of the program Secretary Hendry directed games for younger members of the audience, after which refreshments were served by members of the auxiliary.

LOCAL STUDENTS
IN PLAY CONTEST

Several members of Palmyra High School's Dramatic Forum will participate in the state-wide play contest at Newark, May 21.

The group will present a one-act play, "The Valiant," by Holworthy Hall and Robert Middlemass, the story of a slayer who refuses to reveal his identity so as to protect his family.

Students in the cast are David Gould, Robert Snover, Earl Rowe, Betty Parker, Douglas Mickle and Thomas Braddock. Miss Edna K. Ziegler, dramatic coach, will direct the play. The contest is sponsored by the New Jersey State Forensic League.

Enthusiasm is the genius of sincerity, and truth accomplishes no victories without it.—Bulwer-Lytton.

Westfield Friends' School

Larry Mears and Shirley Cook conducted the Friday assembly.

The second grade in their study of community life became interested in New York City. Each child made a model skyscraper and used it to describe the contribution of tall buildings to our modern life.

An original two-act play was presented by the fifth and sixth grades. The scene of act one was a frontiersman's cabin in Pittsburgh during the year 1780's. Act two was laid in an iron factory in Pittsburgh during the year 1938. The theme of the play pointed out that the people of the frontier had their problems just as do the present-day industrialists.

On Thursday, at sports period, there will be tennis and horseback riding.

The baseball game played at Frankford Friends' Westfield, with a score of 17-12.

There will be the usual assembly on Friday, at 11:20. Closing events for the school year are as follows: Final May Day Assembly Friday, May 27 at 11:20 a.m.

The date for the school supper and fair will be announced later.

PALMYRA SNARES THIRD LOOP WIN

Palmyra scored its third win in the Burlington County Scholastic League, on Tuesday afternoon, by defeating Pemberton 14-7 on the home lot.

The locals sewed up the game during the early frames and the only markers tabbed by the opposition came in the last two sessions.

Baker and Gibson connected for doubles, Turner poled out a three-bagger and Prisco belted one for the circuit.

Police Responsibility

Several times a day during the school year, several hundred children in Riverton and Palmyra cross the busy pavements of Broad street. This procedure has been followed day after day and year after year without mishap.

The fact that none of the children have been injured by motorists is not a mere coincidence, nor can it be entirely attributed to the carefulness of the driver, or even to the boys and girls themselves.

The credit for this performance is largely due to the efficient work on the part of police in both communities, who direct the children to use the sidewalks and crossing streets at the proper places and passing times as well.

The safety record established here is a distinct tribute to the ability of the local police.

Watch them in action the next time school is dismissed and then determine how willing you might be to assume such a grave responsibility.

Use Electricity Safely

You have a giant ready to do your work at the push of a button. But don't ever forget that this giant is not always friendly.

Electricity, properly controlled, is safe, but there is a very real danger of shock if electrical appliances or lamps are defective or if proper precautions are not followed. Safeguard your home with reference to the most careless person who may enter it. Appliances or lamps should not be placed near metal objects that are grounded, because if someone touches both at the same time, the result may be disastrous. Most adults appreciate this fact but Children cannot be expected to know.

Numerous fires are caused by electric pressing irons, toasters, curlers, etc., left attached and unattended until they over-heat. Many such appliances are now equipped with automatic shut-offs, which break the circuit before the temperature goes too high, but an extra measure of precaution is easy and worth while. Always detach all heating appliances when leaving the room.

Another word of precaution: Ask an electrician how many lamps and appliances may be plugged in safely to one outlet and do not use more. Use the correct size fuse and don't put pennies behind blown fuses.

All wiring should be done by an expert electrician and in accordance with the specifications of the National Electrical Code. Householders should watch for frayed and worn cords and have them replaced with new. Avoid hanging wires over nails and running them under rugs as this sometimes causes short circuits.

Many an amateur electrician has sown the seeds for a serious fire. Play safe and leave all wiring work to those who know the game.

MORAVIAN CHURCH
Palmyra, N. J.Rev. Albert J. Harke, B.D., Pastor
Jubilee Services

The Diamond Jubilee services of the Palmyra Moravian Church began last Sunday morning with a Communion service attended by a large congregation. Sunday evening was observed as Church Family Night, with the organizations of the congregation attending. Large groups were present and a happy fellowship service was held closing with the pastor's message "Building with God."

Tuesday evening of this week marked the exact date of organization and an anniversary service with former pastors as the speakers was held. Rev. R. Riemer, of Upper Darby, Pa., pastor from 1917 to 1922 was the first speaker. The second speaker was Rev. P. S. Meinert, pastor of the Moravian Church at Nazareth, Pa., pastor here from 1900 to 1914, during whose pastorate the present church and parsonage were built.

During the seventy-five years the congregation has been served by twelve pastors. Rev. Philip Gapp, 1863-1870, founder of the congregation had conducted preaching services ten years preceding. Rev. P. F. Rommel, 1870-1877; Rev. J. C. Israel, 1877-1880; Rev. J. J. Detterer, 1880-1888; Rev. J. D. Hillman, 1888-1890; Rev. O. E. Reidenbach, 1890-1900; Rev. P. S. Meinert, 1900-1914; Rev. W. H. Vogler, 1914-1915; Rev. A. E. Abel, 1915-1917; Rev. R. Riemer, 1917-1922; Rev. C. N. Sperling, 1922-1925; Rev. A. J. Harke, the present pastor, 1925-.

Sunday Program

Next Sunday, May 22, will be observed as festival day of the Jubilee with three services.

10:45 a.m. "Te Deum Laudamus," and Anniversary sermon by Dr. Samuel H. Gapp, of Bethlehem, Pa., president of the governing board of the Moravian Church.

3:00 p.m. Traditional Anniversary Moravian Lovelace. Delegations from other Moravian churches will be present and their pastors will bring brief messages. Dr. Gapp will make the closing address. The choir will be heard in several anthems.

7:30 p.m. Closing service of the Jubilee. Visiting pastors will take part in the service. The choir will offer several anthems. Dr. S. H. Gapp will preach the sermon.

A cordial invitation to our friends and the public is herewith extended to attend these Jubilee services.

SerVICES, Sunday, May 22
10:00 a.m. Bible School. The quarantine has been lifted for the mumps, permitting the Cradle Roll and Beginners' Department to function again. It will only be a couple weeks before these departments will be able to meet in their own hall, as could be seen by the enthusiastic attendance last Sunday.

Of course, mumps does not affect those above the ages of these departments and there should be no hesitancy to attend. The secretary is looking for a large attendance next Sunday. At "Central Baptist" there is always room for one more.

11:15 a.m. Morning worship. Sermon by Pastor Lockett. "What Think Ye of Christ?" Anthems and solos will be presented by the choir. 6:45 p.m. B.Y.P.U. The High School group, which is now averaging an attendance of 38 or more, meets in the Sunday School room. The Senior Group convenes at this hour in the junior department. This group will hold a covered dish supper next Tuesday evening, at 6:30 in the Social Hall. Everyone is invited. All you have to bring is a covered dish.

7:45 p.m. Evening worship. "Jesus, Lord and Master" will be the subject of the sermon, with special selections by the choir. Come out and enjoy this service which now convenes in the evening's twilight.

In the evening at 7:45, "The Man of the Hour" will be the subject of the sermon to be delivered by the Rev. W. A. Boyd, minister of the church. Some of the hymns of Charles Wesley and his brother John, will be used in this service.

CHRISTIAN SCIENCE CHURCH

"Soul and Body" is the Lesson-Sermon subject for Sunday, May 22.

The Golden Text is: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God." (Psalm 42:11)

Among the Lesson-Sermon citations is the following from the Bible: "When the even was come, they brought unto him many that were possessed with devils; and he cast out the spirits with his word, and healed all that were sick." (Matthew 8:16)

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To fear and admit the power of disease, is to paralyze mental and scientific demonstration." (p. 376)

Next Sunday, May 22, will be observed as festival day of the Jubilee with three services.

OBITUARIES

CHARLES B. DURBOROW

Charles B. Durborow, aged 56, died suddenly at his home in Edgewater Park, last Thursday morning. Mr. Durborow had just finished breakfast when he complained of not feeling well and lay down on a sofa. Mrs. Durborow called a physician, but her husband passed away before he arrived. He had suffered no previous illness.

Mr. Durborow was the son of Mr. and Mrs. Myers Durborow, of Philadelphia.

The Durborows were former residents of Riverton, having come here in 1907, when Mr. Durborow married Miss Louise Shinn, daughter of Mr. and Mrs. Howard Shinn, of near Pemberton. They remained here until 11 years ago when they moved to Edgewater Park.

Mr. Durborow was paying teller at the First National Bank, of Philadelphia, for twenty years, after which he engaged in business for himself as a broker. His hobby was swimming, at which he excelled and won distinction in several national events. He came in second in the National Amateur swim to Sandy Hook in 1914, and finished in the Boston Light National Amateur Long Distance Race. In 1913 he swam across Delaware Bay, a distance of 43.42 miles in 14 hours and 15 minutes.

It was through Mr. Durborow that the National Swimming Races for Men were held at Riverton in 1919 and 1920.

Mr. Durborow is survived by his widow and two daughters, Henrietta and Charlotte.

The funeral services were held in Christ Church, Episcopal, Riverton, Saturday afternoon, conducted by the rector, the Rev. Francis B. Downs. Lincoln Ridley, an old friend of the family, played the organ. Cremation took place at the Chelton Abbey, Germantown, and the ashes were placed in the family vault in the cemetery of the Old Baptist Church, Bryn Mawr.

Frank A. Snoyer, funeral director, had charge of the arrangements.

PLAN RECEPTION FOR NEW PASTOR

On Friday, May 20, at 8 p.m. a reception will be given to the Rev. John H. Chapman of Christ Church, Palmyra, in the Parish House. It is hoped that all the parishioners will be present as well as the friends of the Parish.

The committee on arrangements, which in this case is the vestry of the church, is as follows: William G. Munro, Richard K. Hunter, John C. Stevenson, Andrew H. Brown, William Smith, Rudolph Grob, Jr., and William Whiteside.

With the total receipts rapidly approaching the 50-cent mark, the contribution box has disappeared.

Eighty-five per cent of the installed horsepower in the United States is in automobiles.

BROADWAY WINS THIRD DECISION

Dodgers Defeated 6-3 Despite Brey's Fireball Hurling; Athletics Win

Broadway won its third decision of the season on Monday night, at Memorial Park, when the cast managed by Bill Anderson scored a 6-3 verdict over the Dodgers.

The largest crowd of the season was on hand to watch Brey, speedball artist of the Dodgers in action. The game, for the most part, was a hurler's duel between Brey and Foulke of Broadway. The latter allowed only six hits and passed five, while the Dodger pitcher gave nine safeties and issued five free tickets.

Score Early

Foulke was greeted with a single by Bauers and Glass did likewise. He then issued two passes, the second forcing in a run. A third hit brought in two more. After this Chick settled down and was practically invincible during the remainder of the engagement.

The winners went ahead in the third when Brey passed Foulke and Bedlow. Brey then cleared the bases with a triple and scored when two fielders collided while chasing Baker's fly.

Tab Two More

An error and two more singles coined another in the fifth as did a duplicate situation in the seventh. Brey's support was somewhat shabby at times. On the other hand, Foulke was greeted with a single and the entire Broadway team turned in a brilliant exhibition in the field to give him errorless support.

Score by innings:
Broadway 0 0 4 0 1 0 1-6
Dodgers 3 0 0 0 0 0 0-3
Umpires Rotenbury and Richman.

Athletics-Fortnum

The hard-hitting Athletics had little trouble in disposing of Fortnum in the other conflict of the evening, combining the offerings of the V-8 pitchers for numerous and sundry hits, including three round-trippers.

Williams, A's outfielder annexed the first, with two mates aboard, in the initial frame.

He duplicated this performance to score Terrill in the third.

Conway Hits One

Fred Conway also clouted for the circuit in the eighth. All in all, the homers accounted for six of the markers amassed by the Farmers and had these been curtailed, Fortnum might have had a chance.

The losers had little trouble in connecting with the offerings of Haines with none on base, but he became very effective when safeties by the opposition meant runs.

Score by innings:
Athletics 3 2 1 0 0 0 1-8
Fortnum 3 2 1 0 0 0 1-6
Umpires—Carhart and Johnson.

As the season advances there are, at present, four teams that have yet to be defeated, these being Broadway, Athletics, Parry and Oakwood.

Three Dusters staged an informal race on Saturday, but the results will not count in the official standing. There was one upset, due to the high wind which assumed gale-like proportions at times.

Bad weather forced the postponement of the opening races of the season scheduled for Comets and Dusters, last Saturday afternoon, at the Riverton Yacht Club.

Harvey Hirst is the latest member to join the Hole-in-One Club. Mr. Hirst secured an ace last Sunday afternoon on the second hole, using a number 2 iron.

SEASON OPENER THIS SATURDAY

Rain and cold weather combined forces to wash out the opening game of the Riverton A. A., which was scheduled for Memorial Park, on Saturday afternoon of last week.

Weather permitting, the season will get under way this Saturday, at 3:15, with a fast club being booked for the opposition.

Manager Sloan reports that his outfit is raring to go and the locals appear to have what is necessary to provide a stellar exhibition for the benefit of the fans.

COUNTY MEET ON SATURDAY, MAY 21

Palmyra will compete with four other schools at the annual Burlington County Scholastic Track Meet, which will be held this Saturday afternoon, at Burlington. The first event is scheduled for 1:30 o'clock.

The affair is sponsored by the Twin City Bears.

Other contestants in addition to Palmyra are Moorestown, defending champions, Riverside and Bordentown.

OPENING RACES ARE POSTPONED

Bad weather forced the postponement of the opening races of the season scheduled for Comets and Dusters, last Saturday afternoon, at the Riverton Yacht Club.

Three Dusters staged an informal race on Saturday, but the results will not count in the official standing. There was one upset, due to the high wind which assumed gale-like proportions at times.

PALMYRA TAKES SECOND IN MEET

Burlington Annexes Top Honors In Triangular Affair; Riverside Third

Palmyra was able to take second place in a triangular track meet at Burlington last week, obtaining 23½ points to trail Burlington, but easily outdistancing Riverside, which could secure only three.

The winners took seven firsts to amass a total of 53 markers. The Red and White keenly felt the loss of Burns, local star, who is out for the season with an injured foot.

Strong in Dashes

The locals showed to advantage in the dashes, both the 100 and 220 being won by Marshall. Bohus took first in the mile, with Mount second.

The turning point of the meet proved to be the field events, where Burlington had a decided edge in practically all departments.

Summary

The summary of winners in the various events follows:

100-yard dash—Won by Marshall, Palmyra; second, J. Martin, Burlington; third, Ransom, Palmyra. Time, 10.5 seconds.

220-yard dash—Won by Marshall, Palmyra; second, Rodman, Burlington; third, J. Martin, Burlington. Time, 24.6 seconds.

880-yard run—Won by S. Martin, Burlington; second, Brown, Palmyra; third, Fox, Palmyra. Time 2 min. 7.6 sec.

1 mile run—Won by Bohus, Palmyra; second, Mount, Palmyra; third, Stipick, Burlington. Time 5 min. 9.1 sec.

Shot put—Conceded to Burlington.

Discus—Won by Pankiewicz, Burlington; second, Chiemingo, Burlington; third, Applegate, Palmyra. Distance, 108 feet.

Pole vault—Won by Daddino, Burlington; second, Houser, Palmyra; third, tied between Rodman, Burlington, and Bye, Palmyra. Height, 10 ft. 3 in.

High jump—Won by Lukens, Burlington; second, Kelly, Riverside; third, Ott, Palmyra. Height 5 ft. 4 in.

Broad jump—Won by Rodman, Burlington; second, McCarthy, Burlington; third, Applegate, Palmyra. Distance, 18 ft. 9½ in.

Mile relay—Won by Burlington (J. Martin, McCarthy, F. Martin, Littlejohn); second, Palmyra; third, Riverside. Time 3 min. 42.2 sec.

PALMYRA WINS SEVENTH GAME

Palmyra High's baseball team won its seventh victory of the season on Wednesday of last week, at Haddonfield, taking the opposition into camp by the score of 12-9.

The engagement was marked by heavy hitting on the part of both outfits, the locals getting 15 from the offerings of two enemy pitchers,

MILLSIDE DOWNS FORTNUM TEAM

Milkmen Win First Decision:
Oakwood Swamps Sigma
Kappa 10-4

The Milside Milkmen won their first victory in the Memorial Park Softball League, last Thursday night, when they defeated the Fortnum entry by the score of 4-2.

In the other fracas of the evening, Oakwood won from Sigma Kappa 10-4 without being extended.

The Milsideers were outbitted by a 9-8 margin, but used their bingles to good advantage. They scored twice in the initial stanza on two singles, a walk, and a fly to the outfield.

Two more came in during the third, when Griffith made a grand slam, after Lutz had doubled.

Hits Wasted

Fortnum, on the other hand, missed several chances to sew up the game, but failed to connect with men on the paths. They tabbed one run in the first as a result of three one-basers. In the second, they lashed out the same number of safeties, but failed to cross the rubber.

Their final marker came in the fifth frame.

Oakwood-Sigma Kappa

The Oakwood Cheviots found the Sigma Kappa pitchers very generous in the matter of passes, 10 of the batters reaching the initial haddock in this manner.

In addition, the winners annexed an assortment of 14 hits during the engagement.

Knight hurled for the winners, being in complete command of the situation at all times.

The win was the second of the season for the 1937 champions.

MAPLE SHADE IS WINNER 9 TO 7

Maple Shade handed a 9-7 reverse to the Palmyra entry in the National Division of the county baseball loop, last Thursday night at Recreation Park.

The locals got away to a bad start as the enemy crossed the rubber six times in the third frame.

Palmyra made a bold stand in the last two innings, pushing over three runs in the seventh and a like number in the eighth.

Speer Hurt

Speer, second baseman for the locals was painfully injured on the foot, when he was spiked during the game.

The affair was called at the end of the eighth on account of darkness.

The Board of Freeholders has granted permission for C. B. Fisher, superintendent, and Clarence Mattis, assistant superintendent of the county weights and measures department to attend the school of the National Bureau of Weights and Measures.

The affair will be held in Washington, during the period May 30 to June 3.

All men have an inherent ability to make mistakes.

RIVERTON BLANKS ROEBLING OUTFIT

The local entry in the Burlington County Softball League won its second victory of the season last week by blanking Roebling 5-0, in a game played on opponent territory.

Tony Gonteski went the route for Riverton and held the opposition in check at all times.

Joe Yearly made something of a record when he handled 11 chances in left field without a single miscue.

Shea led the Riverton attack with a single and double.

Allows Three Hits But Loses

Brey, speedball pitcher of the Dodgers, limited the hard-hitting Athletics to three hits, on Friday night, but the Farmers walked off with the decision, the count being 3-2.

After Hyton was forced to leave the game on account of an injured ankle, the Dodger hurler went into action. Employing a whirlwind windup, he burned the ball over the rubber with a zip that surpassed anything seen on the local field this year.

Passes Hurt

Brey, however, paved the way for the A's win by passing out eight free tickets. These, combined with a miscue or two on the part of the supporting cast, provided the hustling A's with the necessary impetus to annex the verdict.

After the fourth frame, the Athletics were unable to connect safely. They scored once in the first on a single, a walk and an error.

Two more runs trickled in during the third, when Yearly singled after Headman and Shaeffer had been passed.

Fail to Tie

The Dodgers tabbed a marker in the second as a result of three hits and duplicated this performance in the eighth.

With men on bases, however, Applegate, Farmer pitcher tightened up considerably, forcing his opponents to tap weakly to the infield or go down swinging for the third strike.

The game was one of the best seen at the local park thus far this season.

COUNTY COUNCIL OF P.-T.A. MEETS

More than 200 members of the Burlington County Council's Parent-Teacher Association held an all day meeting at Riverside, on Wednesday, May 11th. Mrs. Charles H. Yost, Mrs. Charles Stewart and Mrs. Alexander E. Garwood, represented the Riverton association at this meeting.

Most of the morning session was devoted to reports of vice chairmen and committee chairmen. David Dubinsky, well known violinist and former member of the Philadelphia Orchestra, presented a musical program at the close of the morning session. Mr. Dubinsky was accompanied by Mrs. Dora B. Klevan, of Riverside, his sister, who is music chairman of the county P.-T.A. council.

The afternoon session was devoted to conferences and instruction classes, including a parliamentary quiz, under the direction of Mrs. Herman Krupnick, of Mt. Holly. Mrs. Morris Foulk, of Woodbury Heights, and Mrs. Philip Davis, a member of the Extension Service of the State Agricultural College were guest speakers. Mrs. Eugene M. Pharo, of Moorestown, the council chairman, presided at both the morning and afternoon sessions.

DALY-SNELSON

A very pretty wedding took place in Central Baptist Church last Saturday afternoon when Miss Eleanor Grace Snelson, daughter of Mr. and Mrs. Sydney G. Snelson, of 510 Cinnaminson avenue, became the bride of Vincent Daly, son of Mrs. Charles E. Heiss, of 919 Lincoln avenue.

Rev. George Lockett, pastor at Central Baptist, performed the ceremony and Mrs. Marcel Haines played the wedding march.

The bride, who was given in marriage by her father, selected a gown of white net with inserts of lace, fashioned with a tight bodice and a full skirt forming a slight train. She wore a long tulle veil, cap effect, held in place with a coronet of seed pearls. She carried a shower bouquet of white roses and lilies of the valley.

Mrs. Edward Herd, of Audubon, was the matron of honor and wore a gown of peach mousseline de soie with light green accessories. She carried a bouquet of spring flowers. Lois Volkman, niece of the bride, was flower girl and her dress was pale blue net. She carried a basket of sweet peas and roses.

William Graham, of Flushing, L. I., was best man and Edward Hooper, of Merchantville and Carl Hansen, of Philadelphia served as ushers.

The bride's mother chose a gown of dusty pink lace with blue accessories while the mother of the bridegroom wore blue lace with matching accessories.

A reception for the bridal party and the immediate families took place at the home of the bride's parents, immediately following the ceremony.

After a wedding trip, Mr. and Mrs. Daly will be at home, temporarily, at the Cinnaminson avenue address.

ABOUT THE COUNTY

Approximately nine miles of roads at the Camp Dix military reservation are being repaved, the work being conducted by W.P.A. workers.

The closed Mt. Holly National Bank paid a third dividend of eight per cent on Monday. Total payments have amounted to 43 per cent.

The Easthampton Township Committee has agreed to consider the sponsorship of a new dam at Smithville, the estimated cost of which is \$8,400 under a W.P.A. project, under the condition that \$3,000 be raised by other sources. The Campers' Association has decided to attempt to raise this sum.

The Burlington County Association of Township Committees held a dinner meeting on Friday of last week, in the Hainesport school. The taking over by the county of the cost of lighting county-owned streets and highways was discussed at length, during the business session.

It's awfully hard for a woman to believe the nice things she tells other women about her husband.

YWCA NOTES

Camp

Camp Shining Arrow, the day camp of the Burlington County Young Women's Christian Association, will be held during July this year along the branch of the Rancocas Creek at New Lisbon. This is the same site occupied by the camp in 1935-36.

Miss Grace Whitelock, of Juliettown, will be the director, and the camp will be open each Tuesday, Wednesday and Thursday during July. Increasing interest among the girls in water sports indicated that emphasis will be placed upon a program of swimming, diving, boating and canoeing. The many woodland trails leading away from the creek also will make it possible to devote considerable attention to woodland lore and outdoor crafts.

It is hoped that every girl who is interested will be able to enjoy some camp experience this summer. Scholarships will be provided for girls who could not attend camp otherwise, and will be made possible through contributions from various sources. Miss Reba Troxell, of Burlington, will serve as chairman for scholarships.

997 Enrolled

At the executive board meeting of the Burlington County Boy Scout Council that was held at the home of Mr. E. Newbold Cooper, of Riverton, County Scout Executive George A. Darlington reported that the Council has nearly reached its objective in membership. There are 997 boys enrolled in the program from the county. He stated that the splendid work that is being done by the organization and extension committee under its chairman, V. Larwood Caldwell, and the excellent work that is being done by the commissioner's staff under Commissioner R. H. Gill, of Beverly, that the Council will very soon reach its objective of 1000 members.

Camp Work

F. Wallis Armstrong, Jr., chairman of the camp committee, reported to the board that work on the camp is progressing very satisfactorily, and new roofs had been put on the cabins, trees planted, and that within the next week or two a new cabin would be erected and the present cabins would be stained and repaired. His report further showed that two troops had already signed up for camp. Troop 3, under Scoutmaster Elmer Leaver, of Roeboling, has registered 100 per cent of their membership; Troop 21, of Parry, under Scoutmaster Bill Gibson, has registered his troop nearly 100 per cent. A check up that was made at the scoutmasters' dinner, from about 60 per cent of the scoutmasters, showed a tentative camp enrollment of 250 Scouts.

Training Course

Walter D. Hopkins, of Beverly, chairman of the leadership training committee, reported to the board that the training course has been running for the past four weeks and has shown an increase in attendance, and that the men have been taking part in the course and putting over the program. He stated that on this coming Tuesday the final meeting of the course would be held on Senior Scouting and that the meeting would be in charge of Dean Smith, chairman of Senior Scouting in the Council. He will be assisted by J. Allen Minnich, Principal of the Riverside High School, E. Newbold Cooper, of Riverton, and E. R. Fenimore Johnson, of Moorestown.

Camporees

Commissioner R. H. Gill, of Beverly, reported to the board that the commissioner's staff now have plans completed for the Council Camporees, that will be held on Friday and Saturday, June 17 and 18. He stated that the purpose of the camporees was to demonstrate Scouting to the citizens of the communities, stimulate an interest and a friendly rivalry between the troops in the Council, and to create a desire to attend summer camp.

WILL GRADUATE FROM HOSPITAL

Among the twelve members of the nurses' graduating class at the Burlington County Hospital is Elizabeth Ross, of Palmyra.

Exercises will be held in the First Presbyterian Church, Mt. Holly, on Monday evening, May 23, at 8 o'clock.

Alexander C. Wood, Jr., first vice president of the Board of Managers of the hospital, will deliver the commencement address.

CLERK OF THE WORKS

At the meeting of the Board of Freeholders, last Friday afternoon, Hugh B. Miller, builder, of Edgewater Park was appointed to the post of clerk of the works for the new almshouse at a salary of \$50 per week.

The position will last until construction has been completed. There were a number of applications submitted for the position.

ANNUAL MEETING WOMEN'S LEAGUE

The New Jersey Branch of the Women's International League for Peace and Freedom held its annual meeting on Wednesday, May 11, in Asbury Park, N. J. Norman Thomas, well-known author and lecturer and member of "Keep America Out of War" Committee, was the guest speaker. The meeting was attended by representatives from all parts of the state.

Resolutions

The executive board passed the following resolutions:

1. Whereas we believe that embargo legislation is absolutely necessary to deter this country from precipitate action and to guard it from economic and diplomatic entanglement such as occurred before our entrance into the World War, therefore, be it resolved that the present neutrality law should be amended to lay an embargo on the export of munitions at all times, and on basic raw materials of war in time of war.

2. Whereas the Neutrality Law is mandatory upon the President, and whereas, by the President's own definition, a state of war exists in China, therefore, be it resolved that the President must and should declare the existence of a state of war in China and apply our Neutrality Law in that instance.

3. Whereas we believe the naval expansion program to be unnecessary for defense and unjustified in its use of the taxpayers' money, we heartily approve Senator Gerald P. Nye's valiant opposition to the naval expansion bill.

4. Whereas the situation in Hudson county is a menace to the civil liberties of every person in New Jersey and a disgrace to the Democratic Party, and whereas we desire an investigation by the LaFollette Civil Liberties Committee, therefore, we approve Senator LaFollette's resolution 3256 to provide a further fund of \$60,000 for the work of the committee.

5. Whereas the Sheppard-May Bill which has been called a "blue print of Fascism" is still not defeated, and whereas we believe that the best way to fight Fascism successfully is to fight it at home, therefore, be it resolved that the Sheppard-May Bill must for the sake of American Democracy be defeated.

DISCUSSION ON NEW COMMITTEE

(continued from page 1)

committee. The committee would have to be at least three people and with but five members on the entire board there would be considerable duplication of effort. Action on this matter was deferred until the next meeting.

Teacher Reappointed

Thomas Jones was reappointed manual training teacher on the same basis as last year for the school year 1938-39 by a 3-2 vote of the board, Messrs. Taylor and Conrow voting in the negative.

Mrs. Mildred Magowan, supervising principal, announced the dates for the closing exercises which are as follows: School No. 4, June 9 at 8 p.m.; School No. 2, June 10 at 8 p.m. The closing day exercises will be entirely different from graduation exercises held in the past.

Authorization was given for the purchase of 39 copies of books for the graduates. These books are copies of the Declaration of Independence, the Constitution of the United States and the Constitution of the State of New Jersey.

Mrs. Anna S. Whitehill, former teacher, with four years experience at the Cinnaminson school, was appointed for the school year 1938-39 to teach first grade and Miss Margaret E. Platt will teach Kindergarten. Mrs. Whitehill will fill the vacancy created by the resignation of Miss Irene Sippel.

No Medals

The offer of Post Frederick M. Rodgers No. 156, American Legion to award medals to eighth grade graduates who fulfill the qualifications set by the Legion was voted down. Mr. Reeves casting the only vote in the affirmative.

The calendar for the school year 1938-39 is as follows: School opens, September 12; Armistice Day, November 11; Thanksgiving, November 24-25; Christmas, December 26 to January 2; Washington's Birthday, February 22; Easter, April 7-14; Memorial Day, May 30; school closes, June 16. This received the unanimous approval of the board.

Application forms for PWA grants for additions to School No. 4 were referred to Alexander Merchant & Sons, architects, New Brunswick, for his attention and report.

Authorization was made for the purchase of books in accordance with a list submitted by the supervising principal.

Mrs. J. L. Young was given permission to take a group from School No. 4 to visit the new post office at Philadelphia, at a cost not to exceed \$15.

The principal submitted a list of minor repairs which were ordered attended to immediately.

Break In Main Causes Trouble

(continued from page 1)

A new valve has been installed at the point of the break and the defective valve at Broad and Main has been repaired.

Large Crowd

A large crowd of spectators watched the observations of the workmen during the day and night, many being residents of the section that was without water.

Main street, between Harrison and Broad was closed to motorists early Friday morning, but was later opened to permit cars to go through. Riverton police did traffic duty all day at the points where the workmen were engaged.

The office of the water company was besieged during the day with calls from residents regarding the situation.

RUMMAGE SALE

Another one of the unusual rummage sales sponsored by the Ladies' Auxiliary of Delran Yacht Club, is scheduled for Saturday, June 4, at 217 West Broad street, Palmyra. Those who attended the Delran sale last fall will remember that the remarkable values listed but a few hours. This year the doors will open at 9:30 a.m. on a large stock of seasonal goods.

Almshouse Still Occupies Board

(continued from page 1)

Freeholder Stout and Director Lamont defended the action of Mr. Peditto.

When questioned by Mr. Adams regarding whether he was going to wait for Federal funds, Director Lamont replied that four members of the board had felt the necessity of building an almshouse as soon as possible. He added that, at the time the action of the board was taken, there was no assurance of the grant being made.

Contracts Out

Mr. Lamont stated that the contracts had been sent to the various successful bidders, but that they had not actually been signed by him.

A telegram from PWA officials in Washington to Colonel Hugh Kelly stated that the government would not pay for work done on a project prior to an allotment being made.

Welfare Report

Also related to the almshouse discussion was the report rendered by Harold Cooper, director of welfare. This concerned a survey of the inmates made upon direction of the Freeholders.

The report stated that 84 inmates had been interviewed. Of this number, 55 had made application for old age assistance.

Fifteen others were aliens or not eligible for such aid. Of fourteen additional eligibles, none were willing to file an application.

Investigation

Mr. Cooper, in his report, stated that the applications would be fully investigated, but that, due to the pressure of other work, it could only be handled in a routine manner.

He added that, as a result of past experiences, about 40 per cent of such applications have been either withdrawn or rejected.

Mr. Cooper's report concluded with the statement that generally speaking, a relatively small percentage of almshouse applicants are able to make satisfactory adjustments outside the institution.

Smaller Building

As a result of the survey, Mr. Adams said that he felt a small institution would be in order, because the number of inmates would get smaller due to old age assistance.

Mr. Lamont countered with a statement that Commissioner Ellis did not subscribe to such a view and that the latter had approved the action of the county in respect to the proposed building.

RFC Loan

Mr. Lamont reported that he had applied to RFC for a loan to cover the cost of the almshouse. He said that he had heard this organization would loan money for such purposes over a period of years without interest.

No reply to his letter had been received from Washington at the time of the meeting.

Departmental bills in the following amounts were approved and ordered paid: Roads, \$15,684.22; bridges, \$4,262.89; revenue and finance, \$2,785.58; public affairs, \$19,253.63; buildings, \$23,154.71, a total of \$65,141.03.

Large Increase In Relief Costs

(continued from page 1)

and 170 per cent increase in the number of individuals. Seventy per cent of the families were of higher standards than those seeking relief last year, and there were more calls for food and shelter from those who had been able to provide themselves with these necessities, only requiring clothing, or help in some extra expense. There had also been great demand for medical services, the recent epidemic among children having added considerably to the cost. Food is higher, and rents are too high.

Appropriation Overdrawn

Councilman Nathan H. Lane, chairman of the borough finance committee, pointed out that the appropriation of \$1800 for relief for the year had already been overdrawn \$196.24 at the end of four months. The appropriation of \$1800 had been made on the recommendation of the previous director of relief, who asked for \$1300 and an additional \$500 for a special case.

An emergency note was authorized to cover the deficit of \$196.24, and council will consider plans for meeting the welfare and relief expenses for the balance of the year.

Owing to the fact that an increasing number of streets are being improved with permanent paving, the matter of fees for opening streets is of growing importance. There was a consensus of opinion that the fee should be large enough to guarantee the return of the surface of the street to as good condition as before it was opened, and after some discussion the matter was referred to the highway committee.

Borough to Cooperate

Drexel Patterson and John L. Metzgar appeared before council in reference to the Memorial Day exercises. Mr. Metzgar was spokesman. He outlined the program, which was similar to previous years, and asked for an appropriation of \$50 toward the expenses. This amount had been given in previous years and his request was granted.

The highway committee reported that the amicable paving on Thomas avenue, between Broad and Fourth streets, had been completed, and that Linden avenue, from Broad to Harrison, would be done next.

Police Chief Commended

Councilman Earl Shrader presented the police report, and commended Chief of Police Gootee on solving three recent robberies and securing the return of a portion of the stolen goods.

The resignation of Dr. Harry L. Rogers as police surgeon was accepted with regret.

Mr. Shrader, reporting on the request of the borough to the freeholders for the lighting of Broad

and Main streets, which are county highways, at county expense, said that Freeholder Charles R. Stout, director of the county road department, had said there was no money available for this purpose. When confronted with the fact that counties in north Jersey pay for lighting their own highways, Mr. Stout replied that this might be possible due to the fact that such counties had a smaller area and higher tax rates, while Burlington county is the largest in the state and, in proportion to its size, has very low rates. Mr. Shrader said he would investigate how the matter is handled in other counties and be prepared to renew his request next year. When Mr. Stout came to Riverton to discuss the matter with the highway committee, Mr. Shrader was out of town, and the conversation was held between Mr. Sylvester and the freeholder. The matter was referred to the police and lighting committees.

The medical inspector submitted a report including fees in the sum of \$10.00.

Offers \$1000

A motion to have the borough attorney prepare the necessary papers to transfer to the borough the Brooksbank property, at 405 Bank avenue, after which it was the intention to demolish the building preparatory to offering the lot for sale, brought to light an offer from John E. McVaugh to purchase the property for \$1000, including the building, which he proposed to convert into an apartment house. The clerk was instructed to advise Mr. McVaugh that no action on his offer could be taken at this time owing to the fact that the property did not yet belong to the borough. This property was bought in by the borough at a tax sale, the amount of taxes due being \$2500.

Sewage Disposal Plant

Councilman David F. Gould reported for the sewer committee that a meeting had been held to consider the construction of a sewage disposal plant. He said the committee had inspected plans drawn in 1925 by the borough engineers, Sherman & Sleeper, for the construction of a plant at Jack's Run, at Memorial Park, and one to empty into Pompton Creek opposite Dreer's Nurseries. At that time the tentative cost for the three locations were as follows: Jack's Run, \$111,000; Memorial Park, \$107,500; Pompton Creek, \$96,000. New plans would now be necessary, Mr. Gould said, owing to the improvements made in the construction of such plants since that time. He said that the committee had considered applying for government assistance in financing the project, either through a WPA grant or a basis of 45 per cent paid by the borough and 55 per cent by the government, or by borrowing the necessary sum for 50 years at no

The Need for Unity

By RAYMOND PITCAIRN

National Chairman

Sentinel of the Republic

In America we observe many anniversaries, commemorating important dates in our history. Many others we forget.

Among the latter is included May 14. Yet that day is well worth recalling. It was the date set early in the year 1787 for the opening of the Convention that wrote our Federal Constitution.

Although the difficulties of travel in that period so delayed many delegates that the formal opening had to be postponed until May 25, Washington and others met at Independence Hall on that day prepared to take the important steps that would unite a disorganized people.

In their great objective lies the significance of those dates. For out of the Convention then assembled evolved a plan and a spirit of national unity and cooperation which has made the United States one of the great nations of the world. As with all historic anniversaries, there lies in this a lesson and an inspiration to our nation. In that convention long enemies were stilling by a readiness to see opponents' points of view, and by a willingness to subordinate certain sectional or group demands to the welfare of the nation as a whole.

Here is an example which America might follow with benefit today. As this is written there are evidences that such thoughts are in the minds of many of our people. At recent meetings, employer and employee groups have spoken of fuller cooperation. At Washington, various leaders have shown a renewed intention to help the nation through the difficulties which now beset it, and to discourage group conflict.

All this is encouraging. America will hope it continues. For what America needs today is a renewed spirit of the teamplay which built a great nation out of thirteen struggling states and made that nation the symbol for liberty, for opportunity and for progress now known over all the world.

In unity and mutual understanding still lies our strength.

PHILATELIC NEWSBITS

By S. E. Griffith

Good fortune smiles, this week, on all stamp collectors in general, but on the local stamp collectors in particular. Probably many a week will pass when I shall long for the news to fill my column that is available now. That is the one fine thing about stamp collecting, there is always something new to help buoy up the interest and yet even a child can afford this "Hobby of Kings."

With National Air Mail Week in full swing many of the collectors will add attractive covers to their collections. These specially designed air mail envelopes may be obtained during this week at the Riverton and Palmyra Post Offices. The Riverton cachet depicts a Lenape Indian and an Airplane with a short historical sketch. The Palmyra cachet shows a picture of the Tacony-Palmyra bridge. For 6 cents the new bi-colored air mail stamp will be attached to these colorful, historic covers. The new stamp, in my opinion, is the most beautiful stamp yet to be issued by the United States.

There were 729,140 copies of the Martha Washington 1½ cent stamps sold at Washington, D. C., with 128,339 covers cancelled on May 5, 1938.

Have you been trying to solve last week's query? Well the country responsible for all of the unusual stamps described, is Liberia. One of the finest collections of the stamps of this country will be on exhibition at the Palmyra American Legion Home on Friday, May 27th, at 8:30. Mr. Elmer Brion, the owner of this collection, will personally appear and describe the stamps. This program is sponsored by the Palmyra-Riverton Stamp Club and is open to the public without charge. An attractive door prize will be presented to some fortunate person attending this exhibition.

A motion picture entitled "Here Comes the Mail" has been sponsored by the Post Office Dept. The film requires about one hour to show. The story is based upon what happens to your mail from the time the stamp is applied until it is delivered. The Merchantville Stamp Club will present this picture on Thursday evening, May 19, at 8:00 p.m., at 19 East Chestnut ave., Merchantville. The public is cordially invited without charge.

Five new U. S. Stamps have been announced for the near future. The regular ½ cent Franklin stamp will be placed on sale May 19th, at Philadelphia. The regular 2 cent John Adams stamp will be issued on June 3rd, at Washington, D. C. Wilmington, Delaware will have the first day sale of the Delaware Swedish commemorative stamp on June 27th.

The two new ones not previously announced in this column are the regular 3 cent Jefferson stamp to be issued at Washington, D. C., on June 16th, and the 3 cent Constitution Sesquicentennial commemorative stamp to be issued at Philadelphia, Pa., on June 21st.

Rumor has it that the Spanish Constitution Stamp reported last week had its origin in Belgium. At the present we will neither confirm nor deny the rumor. This single stamp, placed in the center of a miniature sheet, is very beautiful despite its status.

Don't forget all of the stamp exhibitions, motion picture, and stamp auction this week that are open to the public without charge. The only thing I can think of for you to spend your money for is a 6 cent air mail stamp and a ½ cent regular postage stamp.

ANNUAL MEETING COUNTY HISTORICAL SOCIETY

The annual meeting of the Burlington County Historical Society will be held in the Cooper House annex, High street, Burlington, on Saturday, May 21, at 2:30 p.m.

Harold E. Pickersgill, of Perth Amboy, will speak on the subject "The Days When There Were Two Jerseys." Friends of members are cordially invited.

W.C.T.U. TO HOLD SPRING INSTITUTE

Mrs. Mary DuBois, of Salem, vice-president of the New Jersey State Women's Christian Temperance Union will be the guest speaker at the Burlington County Spring Institute to be held in the M. E. Church, Medford, on May 26.

Mrs. Martha Kreuger, county president will preside at the sessions, which will be held at 10 a.m. and 2 p.m. There will be a box lunch at noon.

The program is as follows: Bible reading, Mrs. James Morrison.

Greetings, from the churches, Elwood Perkins; from P.T.A., Mrs. Howard Frazier; Women's Club, Mrs. Helen Johnson; W.C.T.U., Alma Brainin.

Response, Mrs. Hamlin. Music, solo, John Morrison.

Department conferences, 11 to 12. Talk on Institutes, Mrs. Mary Coles.

RIVERTON WINS FROM ROEBLING

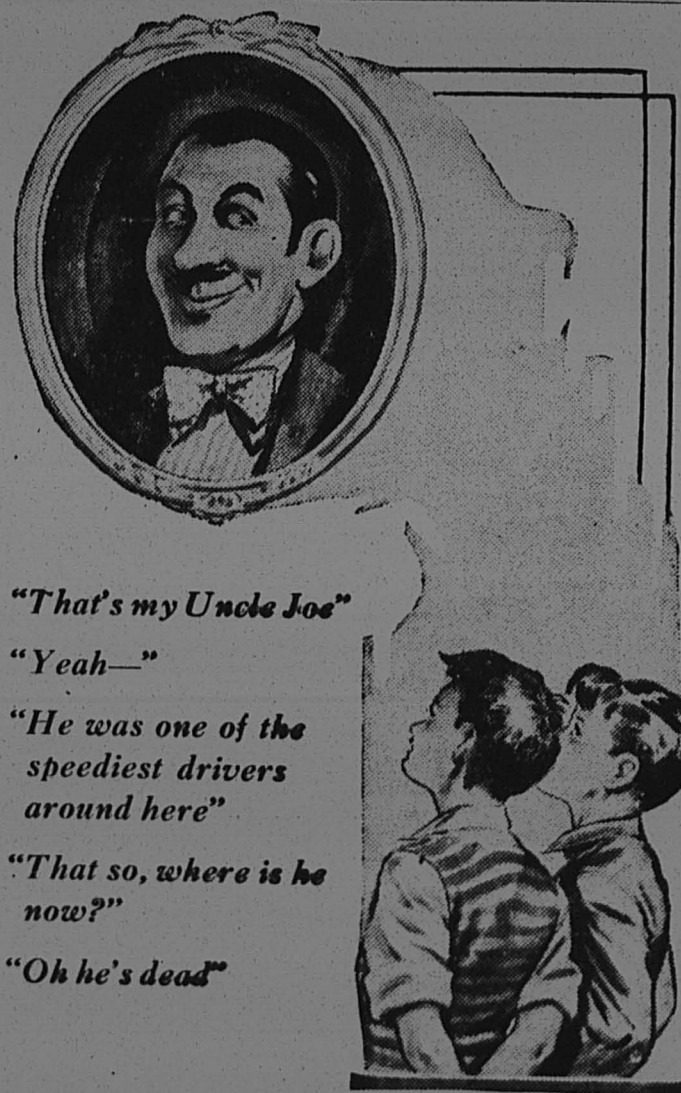

Playing fine ball behind the splendid pitching of Bill Anderson, Riverton won its third decision in the Burico Softball League, at Memorial Park, on Tuesday night, the affair being a 2-1 verdict over Roebling.

The game was fast from beginning to end only nine hits being made by both teams, four by the locals and five by the opposition.

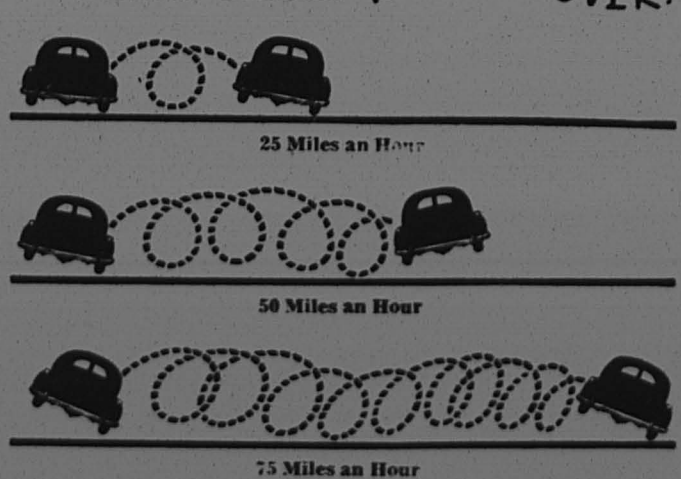

Paul Burke jostled one out of the park to provide the margin of victory.

Roebling scored its only run in the ninth.

There are at least 18 types of color blindness.

When You're ROLLING ALONG Think About ROLLING OVER!

An interesting pictorial conception of speed is offered by The Travelers Insurance Company in its latest highway safety booklet titled "Death Begins at 40." Speed is pictured in terms of "rollability."

For instance, at 25 miles an hour, a moving car has developed about enough energy to roll over once. Your body probably could "take" this.

At 50 miles an hour, however, a moving car has developed not twice, but four times the energy—enough to roll over four times.

LOSE MATCH

The Riverton Country Club golf team lost a match to Parson Hollow on Sunday afternoon. The group that played at Riverton were defeated 14-13, while the contingent that played on the opponent's course lost by the score of 14½-12½.

SCHOOL GOLFERS WIN

The Palmyra High School golfers won a decisive victory on Monday over Camden Catholic, the opponents of the locals being whitewashed 18-0.

The win puts the locals into second place in Class B, 9½ points behind Vocational.

The season ends next week.

County Hospital Auxiliary Session

The spring meeting of the Burlington County Hospital Auxiliary was held on Thursday, May 19th, at the Nurses' Home, Mt. Holly. Mrs. Alexander C. Wood, Jr., county chairman, presided.

Reports from local units showed great accomplishment during the year. The card party given in Beverly made \$300. One hundred of this was given toward a new dental chair, and two hundred for the outpatient department. This group plans to send five members to help the mending group at the hospital one Tuesday each month.

The other Beverly group gave 18 layettes to the hospital during the year, and also \$25 to send a child to camp.

The Burlington unit gave \$25 to Miss Severns for her social service work. At Christmas time they made and sent sixty-three stockings, and in March gave nightgales, diapers and a large number of bedpans.

The Mt. Holly group has been busy refurbishing and decorating the nurses' recreation room. They also provided refreshments for Christmas and graduation.

Fine Standing

Contributions of the Moorestown group included a Christmas party for the children's ward, a portable hot wave diathermy machine, a wheelchair, and several adjustable bed-trays.

There are sewing groups in New Lisbon and Browns Mills. The latter reported a number of other stockings, laparotomy sheets, bandages and aprons. Members had also collected 33 pounds of tinfoil.

Mrs. D'Olier spoke of the fine standing of the Burlington County Hospital. It is one of three recognized in New Jersey for residence in surgery. The hospital has had applicants from Scotland, Germany and Austria as well as nearly every state. Mrs. D'Olier also mentioned the work being done in cooperating with the Crippled Children's Commission, using the new diathermy machine.

Mrs. Emlen Stokes talked on "Lay Responsibility in Public Health" and emphasized the need for individuals to acquaint themselves with health and social needs in the community.

WARNING

The Riverton police wish to call the attention of local citizens to the fact that, on several occasions during the day, eastbound and westbound trains arrive at the local station simultaneously.

On several occasions, persons using the Main street intersection have attempted to cross the tracks after one train had passed and have narrowly missed being struck by the second.

The times of the day that trains pass at Riverton are: 3:59 westbound and 4:00 eastbound; 5:29, both east and westbound; 6:08 eastbound and 6:09 westbound. All of these are afternoon trains.

ABOUT HOLIDAYS

The following is an excerpt of a letter from David T. Wilentz, attorney general, in respect to Saturday holidays for county employees during July and August:

"I have your letter of the 13th instant calling my attention to Assembly Bill No. 609, recently enacted into law, and requesting my opinion whether every Saturday in the months of July and August are legal holidays for county employees.

"In my opinion, the act does not create every Saturday in the months of July and August a legal holiday for county employees.

"The language of the statute is quite clear. It says: 'and the days and half days herein enumerated (that is, the days and half days enumerated in the first paragraph of the bill) except bank holidays and Saturdays in the months of July and August, shall be considered as the first day of the week, commonly called Sunday, and as public holidays or half holidays, for all purposes whatsoever as regards the transaction of business in the public office of this state.

"It is to be observed that bank holidays and Saturdays in the months of July and August are excepted from the days and half days specifically mentioned in the act."

COMET CHALLENGE TROPHY RACES

This Sunday will see the first races in a strange series. In the hope of winning the Delaware River Yacht Racing Association Perpetual Challenge Trophy, the four member clubs of this organization will each enter two Comets in the competition. The two Comets representing their respective clubs will race as "team-mates" and their total points will be their club's rating. Points will be awarded as follows: 1 point for entering; 1 point for finishing; 1 point for each boat beaten. Hence the club getting the greatest number of points with their two boats will be awarded the trophy. This trophy must be defended within two weeks. On the following Sunday, these races will be match races with only the challenging club and the defending club racing. First challenge rights will be given to the club holding second rating after Sunday's race, and so on down the list. The four clubs to be represented in this are: The Beverly Yacht Club, Delaware River Yacht Club, Corinthian Yacht Club and Riverton Yacht Club.

PRE-MARITAL BLOOD TEST LAW EFFECTIVE

New Jersey's pre-marital blood test law, effective July 1, and its pre-natal examination statute which will take effect January 1 next, are looked upon by Dr. J. Lynn Mahaffey, State Health Director, as health laws of exceedingly potential educational value.

The pre-marital law requires that after July 1, applicants for marriage licenses must present certificate from a physician to the effect they have submitted to a standard laboratory blood test for syphilis and that "in the opinion of such physician the person either is not infected with syphilis or is not in a stage of that disease which may become communicable."

FASHION REVIEW IN CLUB ROOMS

On Monday afternoon, June 13 at 2 o'clock, the Woman's Club will hold a fashion review in the club rooms. Gowns from the Agnes Shop and millinery from Miss Verna Guest's shop will be modeled.

Tony D'Amato, of Tony's Beauty Salon will speak on the proper coiffure at the proper time and Mrs. Laura McCamy will demonstrate the art of figure grooming. Everyone is invited to attend and the admission will be 25 cents. Refreshments will be served.

E. H. Weart, Publicity Chairman.

TOMES SCHOOL TO GIVE RECITAL

The annual recital given by the pupils of the Alexine Tomes School of Dancing will be given this year on Saturday, June 11, in the auditorium of the Moorestown High School. "Time to Dance" will combine the usual colorful dances and a musical comedy directed by Mr. Gace, of the John B. Rogers Producing Company.

There are 175 children in the cast from the four adjoining communities. Parts of this show will be given at the Cooper Hospital Flower Mart, on Saturday, June 4. This is the tenth year that the children have contributed their talents to this worthy cause, proof in itself that the Cooper staff has appreciated their work.

"GAS SAVING" GADGETS USELESS—DANGEROUS

Housewives and home owners in New Jersey should beware of door-to-door peddlers of so-called "gas savers." Many gadgets are offered for sale with the bold assertion that they will save gas when affixed to some appliance, and the appeal is a strong one. Investigations made by the testing laboratory of the American Gas Association and by the United States Bureau of Standards reveal that none of these devices can accomplish what is claimed for them, and that many of them are a real menace to safety.

The gas industry has spent millions of dollars in research and testing, says the New Jersey Public Utility Information Committee. Competition is so keen that if any of these "gas savers" had any real merit it would have been built into the gas appliance.

Large Fuel Oil Tanks Installed

The firm of Joseph T. Evans, Inc., is installing three large fuel oil tanks at the rear of their property, adjacent to Cinnaminson street and the railroad siding at their building.

Two of the huge containers, each of 12,000 gallons capacity, have already been brought to their future location, while a third, of 10,000 gallons, will arrive in the near future. The tanks were transported on two enormous trailer trucks which, because of their size, were compelled to back down Cinnaminson street in order to unload their cargo at the desired location.

The trucks were equipped with two rear axles, each with four wheels. There were also dual wheels at the front of the trailer and two on the truck itself, making a total of 14 in all.

The new containers will enable the Evans firm to unload the oil directly from railroad tank cars.

FOOTBALL IN KILTS

A football coach in the West is proposing that kilts be worn by players instead of pants. That would make the forward pass a highland fling.—Watertown Times.

Of course if Mussolini wanted to be real snippy, when the British chastise him verbally for the way he treated the Ethiopians he might say that he learned his stuff from reading about the Boer War.

Health Question: Should parents make any effort to change a normally left-handed child into a right-handed child?

The M.D. Says

No. There seems to be some connection between the speech center of the brain and the hand that is used most effectively. Disturbing this natural coordination in a naturally left-handed person by coercing him to use his right hand may cause defective speech or other disturbances of the nervous system and of the personality.

Occasionally, however, a child that should normally be right-handed becomes left-handed because he or she uses the left hand more than the right for no good reason. The wise parent should therefore consult the family physician if his child exhibits a tendency to left-handedness. By study it can be determined whether the tendency comes from a natural left-handed trait or whether the child should normally develop his right hand more effectively than the left.

Left-handedness, which is hereditary, is sometimes an asset, particularly in sports. Some of the greatest baseball pitchers have been "south-paws."

The normally left-handed child should be taught to shake hands with his right hand to avoid social awkwardness but otherwise he should be allowed to remain left-handed.

HALF RATE DATE FOR TAGS JULY 1

Although 1938 automobile registrations will be valid until March 31 next year as the result of a recent act of the Legislature, this year's half rate date for license plates will be July 1 as in former years, Motor Vehicle Commissioner Arthur W. Magee advised today. Beginning next year the half rate date will be October 1.

The reason for retaining the July 1 date this year is the fact that the recently enacted law does not become effective until October 1 next.

The effect of the law allowing three months' grace will be to give this year's half rate registrations nine months' license to use the highways (July 1 to March 31); while beginning next year, half rate registrations will be good for only six months (October 1 to March 31).

Last year, out of more than a million motor vehicle registrations in New Jersey, 80,088, or about eight per cent, were issued during the half rate period.

OPENING SUPPER

The annual Riverton Yacht Club opening supper will be held at 6:30 p.m., Saturday, May 28, 1938, at the RYC. For the tax of 50 cents those present will be offered a buffet supper, followed by a gala evening of entertainment, including games, prizes and fun-for-all.

I take it to be a principle of life, not to be too much addicted to one thing.—Terence.

HUGE PARADE AT BEVERLY, MONDAY

More Than 3,000 People to Be in Line of March; Cemetery Dedication

More than 3000 persons are expected to be in the line of march for the street parade which will feature the great county-wide Memorial Day celebration, to be held in Beverly on Monday and thousands will witness the exercises, a highlight of which will be the rededication of the enlarged National Cemetery.

In the four divisions of the parade will be seen contingents of Regular Army Troops, National Guard, Naval Militia, Military Academies, Spanish-American War Veterans, Veterans of Foreign Wars, American Legion, Women's Auxiliaries of Veterans Organizations, Boy Scouts, Sea Scouts, Girl Scouts, Camp Fire Girls, school children, Italian-American clubs and all fraternal groups.

County Affair

Officials, not only from Beverly, but from throughout the county, will also participate in the joint Memorial Day and rededication exercises. Brigadier General Clifford R. Powell, of Delanco, is the honorary marshal with John A. Whomsey, of Riverside, as the acting parade marshal.

Speakers

Prosecutor of Burlington County Howard Eastwood will act as master of ceremonies for the exercises at the U. S. National Cemetery and Mayor William C. Keeler, of Beverly, who is general chairman of all the committees in charge of arrangements for the celebration, will deliver the address of welcome. Major D. R. Wolverton, Q.M.C., U. S. Army, will be in charge of the rededication ceremonies of the cemetery.

Speakers will include Dr. J. Iredell Wyckoff, of Merchantville, N. J., Department Commander of the American Legion; Hon. Fred A. Hartley, Jr., and Hon. D. Lane Powers, Congressmen of the Tenth and Fourth Congressional Districts of New Jersey, respectively.

To Place Wreaths

Representatives of veterans' organizations will place wreaths on the historic monument in tribute to the Nation's war dead, and the Rev. Walter T. Doyle, rector of St. Joseph's R. C. Church, will offer the Prayer of Peace. The Rev. James Hawley Rendall, of the Beverly Presbyterian Church, will offer the invocation and benediction respectively.

The organizational chairmen are: Charles H. Yost, Burlington County

WILL ENLARGE COUNTY BUILDING

Freeholders Vote to Apply for \$16,000 PWA Loan; Kelly Architect

At a meeting held Wednesday afternoon, the Burlington County Board of Freeholders voted to apply for a P.W.A. loan of \$16,000, without interest, to cover the cost of constructing an addition to the county office building, High and Union streets, Mt. Holly.

In the event the loan is not granted, the county will be forced to fall back on its original plan of financing, which calls for a down payment of \$1,600 that is included in the current budget. The cost will then be spread over a 10 year period.

—O—
At the same session, it was voted to appoint Colonel Hugh A. Kelly as the architect for the proposed construction.

F. L. Brannin, county engineer, was suggested as the one to prepare the plans, but he objected due to the fact that he is not an architect.

Before taking action concerning the enlargement of the present building, the members of the board inspected the various departments which it houses at present.

—O—
All Crowded
Representatives from various offices were present to explain existing conditions to the Freeholders, including Louis J. Kaser, superintendent of schools; Miss Hazel Clark, county librarian, and Charles Thompson, county agricultural agent.

They found that there was a decided lack of working space throughout the building.

THINGS TO WATCH FOR

Paper cups with handles for serving hot drinks. Bread made with peanut flour. A device which clamps to the kitchen table and makes short work of shelling peas, lima beans and slicing string beans; an aluminum tube which can be inserted in the neck of a milk bottle to draw off the cream; a medicine dropper that also can be used as an atomizer; a combination reading lamp and electric fan; short-wave auto radios to enable motorists to pick up foreign stations; green-colored spray to make golf courses and lawns look natural and healthy in all seasons.

Memorial Day

Once again, on Monday of Next week, the Nation will pause to honor its soldier dead, who lie in thousands of cemeteries, both in this country and abroad.

With faltering step, the few survivors of the Grand Army of the Republic will pass in review, the remnants of the "thin blue line" being augmented by various veteran's organizations, military and civic units.

School children will lay flowers on the graves and flags will flutter bravely over the markers.

Memorial Day should have a tremendous significance to us, the citizens of these United States. We, the living, are enjoying the peace and freedom which those who paid the supreme sacrifice have helped to create.

We have a grave responsibility—to make certain, for all time that, "these honored dead shall not have died in vain."

Local Business Conditions

Local business appears to be at a low ebb, even lower than present "recession" conditions seem to warrant.

During the past few months, two automobile agencies have passed out of the picture, a number of other stores have closed and some that remain, according to the owners, are hanging on by the proverbial eyelash.

In one particular field, statistics show that recent sales to residents of Riverton and Palmyra were of an appreciable volume, but that little of this business was done locally, although several of our merchants were in a position to handle the trade.

What's the answer? Are local prices too high? Don't the merchants make a real effort to get the business? Or—don't local citizens give our business people an opportunity to supply their needs?

The situation has reached a critical stage. Something should be done to give business in this section a new lease on life or we will be soon faced with the spectacle of rows of empty stores.

What Other Editors Say

This happened once at The Atchison Globe's want-ad counter: A man handed in an advertisement offering \$100 reward for the return of his wife's cat. "Isn't that a high reward?" asked the clerk. "Not in this case," said the man. "I drowned the cat."—Greenleaf, Kan., Sentinel.

GROWERS' TOUR

The New Jersey State Vegetable Growers' Association, a section of the New Jersey State Horticultural Society, has arranged an all-day tour to be held on Saturday, June 4, to visit outstanding vegetable farms in eastern Pennsylvania. Charles Hallowell, county agent for Philadelphia County, is completing the detailed arrangements and will lead the tour in Pennsylvania.

Growers from central and southern New Jersey will assemble not later than 9:30 a.m. (D.S.T.) at the New Jersey end of the Tacony-Palmyra bridge.

McCAMY-HULLINGS

Mr. and Mrs. John Hullings, of Riverton, announce the marriage of their daughter Mildred, to Robert McCamy, son of Mr. and Mrs. William McCamy, of 745 Highland avenue, Palmyra, on Saturday, May 21, at the Sacred Heart Church, the Rev. John F. Welsh performing the ceremony.

The couple were attended by Marion Elliott, of Philadelphia, and Robert Lippincott, of Palmyra. The couple will make their home in Harrisburg.

CHURCH ASSEMBLY

More than 6500 persons participated in the sacrament of the Lord's Supper when the Presbyterian Church in the United States of America opened its 150th General Assembly in the Convention Hall at Philadelphia this (Thursday) morning.

The Rev. Dr. William Hiram Foulkes, of Newark, N. J., retiring Moderator of the Assembly, preached the sermon.

Two of the communion cups used during the service of the sacrament were also used during the first General Assembly held in the old Second Presbyterian Church. They remained in constant use by that congregation until only a few years ago when they were locked away as precious relics.

By special permission of the Rev. Dr. Alexander MacColl, now pastor of the Second Presbyterian Church, they were removed for this historic Assembly.

Among the Lesson-Sermon citations is the following from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Meet every adverse circumstance as its master." (p. 419)

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Meet every adverse circumstance as its master." (p. 419)

MOTOR COMPANY OUT OF BUSINESS

Another automobile company in Riverton closed its doors as Dependable Motors, 607 Main street, went out of business on Tuesday of this week.

Frank Lloyd will continue to render service for Dodge, Plymouth and other makes of cars at the same address.

The firm which sold Dodge and Plymouth cars, moved here last fall, occupying the building which formerly housed The New Era. Extensive alterations were made to the structure.

The other concern to close recently was the Askew Motor Co., Chevrolet dealers.

ENTERTAINS BYPU HI SCHOOL GROUP

Twenty-four members of the high school group of the BYPU at Central Baptist Church, Palmyra, were entertained Saturday evening, by Robert Yerkes, at his home, 202 Linden avenue, Riverton.

A crole supper was served outdoors in an attractive setting. Rev. George Lockett, pastor of the church, asked the blessing.

Following supper, many games were played during the remainder of the evening.

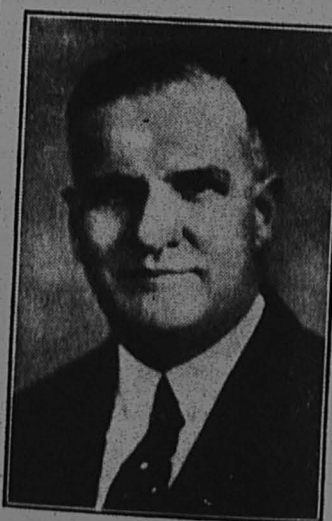

DESSERT LUNCHEON AND CARD PARTY

The Ladies Auxiliary of the Palmyra-Dunellen YMCA will hold a dessert luncheon and card party on Thursday, June 2, at 1 o'clock, at the YMCA.

If unable to attend the luncheon, plan to come to the card party. There will be door prizes. Admission is 25c and the proceeds are to be used to send worthy boys and girls to summer camp.

Plans for Field Day under the direction of Mrs. Thomas Mood are well under way and Wednesday, June 1, is the date set for this event. Buses will run at 3:30. All kinds of good things to eat will be on sale. Baseball games between fathers and sons, mothers and daughters will be featured during the afternoon.

Every one is welcome.

P.O.S. of A. NEWS

On Sunday, May 29, there will be a flag presentation by Camp 23, P.O.S. of A. in conjunction with the dedication of the Memorial National Cemetery at Port Republic.

As this is to be a large affair and other camps enroute, members who are going from Camp 23 must be at the camp rooms with their cars ready to leave promptly at 1:30.

It will be greatly appreciated if members having cars could arrange to go and take some member who does not have a car.

Owing to Memorial Day coming on Monday the regular weekly meeting will be held on Tuesday May 31, at 8 p.m.

RIVERTON BLANKS EAST PHILLY CLUB

Foulke Pitches Fine Ball as Mates Hit Timely to Win Initial Game

Riverton A. A. opened its season on Saturday afternoon, at Memorial Park, in an auspicious manner, by registering a 6-0 win over the East Phillies, Chick Foulke, on the mound for the locals applying the white-wash brush in an effective manner. The Riverton hurler allowed eight scattered hits, none being for extra bases. Two of these were of a decided scratch variety. He fanned 10 opponents and was very stingy with passes, only one of the opposition reaching first in this manner.

Good Support

His supporting cast performed in a creditable manner, turning in several fielding gems, including a brilliant double killing in the initial stanza. A fine stop by Sutters and a perfect throw to McDermott at the plate cut off the only chance of the enemy to cross the rubber. Riverton scored its first tally in the second when Sutters jostled a single and took third on McDermott's savage blow to center. The former centered home when a throw to second in an attempt to catch McDermott went astray.

Two More

Two more markers were added in the fourth when Harper stroled and was sacrificed to second by Foulke. He scored when McDermott got his second hit. Cole got a life on an error and Freddy Freeman's hit brought in McDermott.

Sloan walked in the fifth, stole second and scored the fourth run when Foulke scorched a two-baser into the outer pasture.

The final tallies were produced in the eighth on hits by Sloan and Broderston, an error and a fielder's choice.

Look Good

If the initial performance of the locals is any indication of their ability, they should be in for a most successful season. The entire cast showed plenty of pep and played heads-up ball throughout.

Leon Coles returned to the fold for the first time in two years and Hep Harper's appearance in the outfield was welcomed by the fans.

The locals, playing their first game of the season, at Memorial Park, on Thursday night, soundly trounced the Roebeling entry by the somewhat lopsided score of 33-3.

The affair was turned into a rout when Riverton came to bat in the initial frame, the local lassies battling around nearly twice to cross the rubber on 12 occasions.

After this they eased up a bit, which was rather fortunate, otherwise the game would probably still be going.

The home team showed to advantage in all departments, while the opposition (although rated highly) was woefully weak.

MEMORIAL DAY GAME

Palmyra, local entry in the National Division of the Burtco League, will play Burlington on the home field, Memorial Day afternoon.

Baker Bests Podroza in Mound Dual as Locals Annex 2-1 Decision

Palmyra High won its fourth league game last Friday afternoon, by acquiring a 2-1 verdict over Burlington. The locals are unbeaten to date in county circles and have lost only one game thus far this season. The Burlington encounter was a pitching duel all the way, the opposing hurlers being Baker, for Palmyra and Podroza for the opposition.

The former allowed five hits, fanned 14 and passed no one. The Burlington moundman permitted four bingles, whiffed 13 and walked a pair.

Win in Seventh

Burlington scored a run in the fourth, but the Red and White overruled the point in the following stanza as a result of singles by Freeman and Cole, followed by resounding double. They clinched the affair in the seventh when Wallace made the only other Palmyra hit and reached the pay-off station on a series of errors.

Landreth Here This Saturday

Plenty of action is promised at Memorial Park next Saturday afternoon, when Riverton A. A. crosses bats with the fast Landreth Seed Co. outfit.

Baseball is a hobby with a member of the seed firm and he has spared no effort to provide a winning cast. The locals will have to travel at top speed if they expect to annex their second win of the season.

An idea of the activities of the Landreth nine can be obtained by the fact that they played over 70 games last year, winning a large percentage.

The fracas will get under way at 3:15.

PARRY FIREMEN LOSE FIRST GAME

Broadway Wins 2-1 as Gonteski Allows Only Three Hits
Fortnum Tops Cards

Parry was topped from the unbeaten ranks of the Memorial Park Softball League, on Monday night as the Broadway aggregation took a 2-1 decision in a game played before the largest crowd of the season. A large delegation of Parry fans was on hand to root for their team and, for a while, it looked as though Broadway was in for a bad evening.

The losers scored first, a single marker being coined in the fifth frame. This came about as a result of a double by Ed Menkevich which was followed by an out and a poor throw to third. Winters also singled in this canto and advanced to third on a series of plays, but was thrown out at the plate.

Three Hits

These hits were two of the three made off Gonteski, Broadway hurler, who was in fine form. The Firemen never threatened after this inning.

The single run loomed rather large at this juncture, as Broadway had been able to do little with the offerings of McKee, Parry pitcher.

In this sixth, however, Foulke started things with a one-baser. Elsiey was safe on an error and Welkman stroked. Both runs were made as a result of Paul Burke's timely bingle. W. Anderson was given a pass and this loaded the sacks, but the next two men were easy outs.

Hurts Ankle

Bill Anderson, Broadway pilot, sprained his ankle in the final frame and having no substitutes available, was forced to summon Walter Lezenby, club mascot, to patrol right field while the Firemen took their last turn at bat.

Parry was extinguished in order, however, and the youthful addition to the movie squad did not have an opportunity to display his wares.

The winners, Oakwood and the A's are the only three remaining teams with a perfect record.

Score by innings:
Parry 0 0 0 1 0 0 0—1
Broadway 0 0 0 0 2 0 0 X—2
Umpires—Johnson, Carhart and Alloway.

Fortnum Wins

Fortnum crashed into the win column at the expense of the Cardinals, the V-8 lads taking a 12-2 decision. The game was really much closer than the score might indicate as the losers collected 10 hits, only six less than Fortnum. As usual, however, the Cards failed to hit when safeties meant runs, a large number being stranded on the paths.

Richmond, former B & E hurler, did mound duty for the winners and, with an eight run lead produced during the early stanzas, was never in danger.

The Cardinals made their only tallies in the eighth, the game being called at this point on account of darkness.

Score by innings:
Fortnum 3 0 0 5 3 1 0—12
Cardinals 0 0 0 0 0 2—2
Umpires—Rosenbury, Richman.

OAKWOOD BESTS CARDINALS 13-6

Oakwood won its third game of the season last Friday evening, downing the luckless Cardinals by the count of 13-6.

The winners combined all their scoring in three frames, getting a pair of markers in the second, two more in the sixth and turning the affair into a rout in the seventh, when nine Chevrolet runs came over the rubber.

The Cardinals fought gamely six cantos and actually led 5-4 at one stage of the encounter.

The winners got 17 safe blows during the fracas, Fries lashing out a four-master.

Knight held the Cards to eight hits, Muchler and Bruce getting two each.

Score by innings:
Oakwood 0 2 0 0 4 9 0 0—13
Cardinals 0 0 0 1 4 1 0 0—6

PALMYRA LOSES FIFTH STRAIGHT

Hard luck continued to follow the local entry in the county baseball league and Palmyra lost its fifth straight game, last Saturday afternoon, at Palmyra, as Moorestown won 7-6, the affair going 10 innings.

The affair was deadlocked at 5-all at the end of the ninth and the opposition tabbed a pair in the following stanza. A Palmyra rally produced one marker, but fell short of producing the tallies necessary to earn the decision.

PALMYRA THIRD IN COUNTY MEET

Palmyra took third place in the Burlington County Track Meet, held last Saturday afternoon, at Burlington, under the auspices of the Twin City Bears, of Moorestown, the locals compiling a total of 26½ points.

The affair was won by Burlington as Moorestown, former title holders, had to be content with second honors.

Score for Palmyra

Points for the Red and White were amassed by the following: Marshall, second and Brown, third, in the 100-yard dash.
Bohus, second in the mile; Brown, third in the half-mile.
Applegate took fourth in the shot put.

In the 220, Marshall took second and Seemuller, third.
Pole vault: Bye, second and Houser, fourth. Broad jump: Applegate, third.

The local medley relay team won first in this event, the personnel being Mulvaney, Ransom, Fox and Mount. Palmyra took second in the mile relay.

PALMYRA LOSES FOURTH CONTEST

The Palmyra aggregation in the National Division of the Burcko League met its fourth reverse of the season last week, this being a 11-6 setback at the hands of Burlington.

The opposition smashed 16 hits during the course of the seven inning clash, winning the fracas with a five run rally in the sixth.

Palmyra drove Kotch, Burlington starting pitcher to cover in the same frame, but could not hold their advantage.

BARBOUR REQUESTS INTER-PARTY UNION

"The Republican Party, by a broad liberal program based on fundamentally sound premises and by welcoming within it independent Democratic elements, can provide the leadership for which millions of Americans are seeking," said former United States Senator W. Warren Barbour, speaking at the Annual Convention of the Young Republicans of New Jersey, at Atlantic City, last week.

Former Senator Barbour, a candidate for the United States Senate in the election this November, expressed the hope that the Republican Party would extend a definite invitation to independent Democratic elements in the congressional elections this year and the presidential election in 1940.

CAMDEN RUNAWAYS ARE CAUGHT HERE

Last Thursday evening, Officer John Robinson, of Riverton, noticed two girls attempting to obtain a ride, at Broad and Fulton streets. Being suspicious of their unkempt appearance, he took them into custody for questioning.

It developed that the girls, Minnie, 15 and Ruth, 17, Riggins, of 2901 Pleasant street, Camden, had left their home on Sunday evening. They went to Atlantic City and then headed north, having slept in the woods on several nights. They had no money.

Their previous record was none too good, having had an attack of the wanderlust formerly, this journey taking them to Florida for a five-week period.

The girls were turned over to Camden detectives for further investigation.

PHILATELIC NEWSBITS

By S. E. Griffith

The regular monthly meeting of the Palmyra-Riverton Stamp Club will be held on Friday evening, May 27, at 8.00 o'clock. The main attraction of the evening will be an exhibition of a specialized collection of Liberia, by Elmer Brion, of Haddonfield.

A door prize will be given to some lucky person attending. The prize will be a set of three U. S. Air Mail Special Delivery Stamps.

First day sales of the new bi-color air mail stamp totaled \$9,245 at St. Petersburg, Fla., and \$11,136 at Dayton, Ohio, on May 14. 95,121 first day covers were cancelled at St. Petersburg with 116,443 cancelled at Dayton.

The frames of these stamps were printed from 100 subject plates numbered 21835, 6, 7, 8 and 21855, 6, 7, 8; the central designs were printed from 50 subject plates numbered 21839 to 21845 inclusive, 21901, 2, 3, 4 and 21909 to 21917 inclusive. It is possible to obtain 160 different plate number combinations.

The 3 cent Constitution commemorative stamp to be issued at Philadelphia, on June 21, will be another large size purple stamp arranged horizontally. The design will show a Colonial type courthouse, with two horsemen, one mounting and the other galloping away, carrying news of the ratification of the Constitution.

President Roosevelt will unveil the Gutzon Borglum statue, "The March Westward," at Marietta, Ohio, on July 15, 1938. The Northwest Territory commemorative overprint stamp will very likely appear on that date.

The new 2 cent stamp to be issued on June 3, will be printed in carmine. The picture of John Adams is a reproduction of the bust by Daniel Chester French.

The Spanish Constitution stamp is now appearing in sheets of fifty. The only way to prove that a stamp is from the sheet instead of the miniature pane is to collect it in a block of four. Rather a subtle way for the stamp collectors to support Loyalist Spain. Eh? What?

With the Post Office Department working at record speed to produce all of the new issues, and with Postmaster General Farley asking Congress for additional appropriations to print more of the regular issues, we must not forget the new foreign items.

Newfoundland issued four stamps on May 12, for regular postage. The values, colors, and subjects are as follows: 2 cent, green, King George VI; 3 cent, rose red, Queen Elizabeth; 4 cent, baby blue, Princess Elizabeth; 7 cent, dark blue, Mary, Queen Mother.

Canada will complete its set of regular postage stamps on June 15, when it issues new 10 cent, 20 cent, 50 cent, and \$1.00 stamps. A new 6 cent air mail and a 20 cent Special Delivery stamp will be issued on the same date.

Poland has issued a philatelic exhibition sheet of four stamps showing an old stage coach drawing into a wayside inn. Two stamps are of the 45 gr. value in green with two of the 55 gr. values in steel blue.

New stamps are appearing from the Portuguese and British colonies in substantial quantities. Many of these will be announced when space permits.

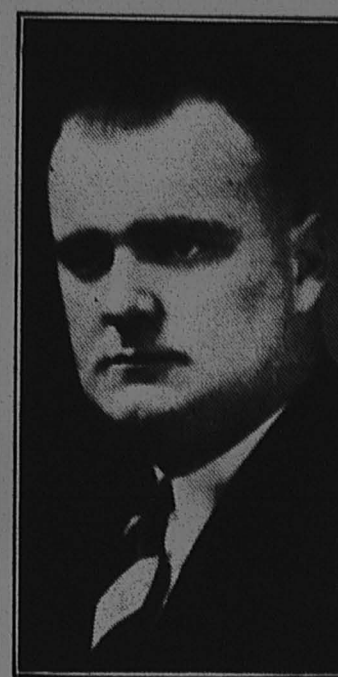

RUNAWAY RETURNED

Chief George Dorworth, of Cinnaminson, picked up Joseph McGettigan, 11, 1836 N. Paney street, Philadelphia, on Route 25, last Thursday. Upon investigation, it was learned that the boy had left home in search of adventure. His parents took him home.

TO BE CANDIDATE

D. LANE POWERS

who recently announced his candidacy for re-election as Representative of the Fourth Congressional District of New Jersey.

"The Congressman in this year completing his third term in office. He was elected in 1932 as the first Representative of the new Fourth District of New Jersey ever had. He was reelected in 1934 and 1936. Powers is a candidate for renomination on the Republican ticket.

Statement

The statement from the Congressman reads:

"In announcing my candidacy for reelection to Congress, I wish to thank all those individuals and clubs who have sent me endorsements and offers of support. One of the finest rewards a man in public life can have is the knowledge that those whom he is trying to serve understand and appreciate his efforts.

"I enjoy working in Congress in the interests of our Fourth District. The opportunity to serve our district and the Nation in these hectic times is a great responsibility and a great privilege. I intend to continue striving for the high ideals of service to which I have pledged myself. I intend also to continue reflecting in the Congress the needs of our district as expressed to me by all my constituents and to interpret those expressions to the best of my ability.

"I appreciate the support the good people of our district have always given me and I hope I can be always worthy of that support."

YWCA NOTES

Rally Girl Reserves

A rally of all Girl Reserves in Burlington county will be held Saturday, May 28, in Masonville. Members of the Masonville club will act as hostesses, with the Pemberton Senior Girl Reserves in charge of games, and the Burlington Blue Star Club providing music. The program will conclude with a ceremonial as the club members separate for the summer.

In preparation for the rally, Miss Virginia Slim, assistant county YWCA secretary, has been meeting with many of the clubs during the past few weeks to teach the girls American folk music and folk dancing, which will be featured on the program.

A meeting of the board of directors of the Burlington County YWCA will be held Tuesday, May 31, at the county office in Mount Holly. Plans will be made at a meeting regarding a fete to be held next fall.

The Girls' Work Committee of the county board will meet in the county office at 10.00 a.m., June 3.

CHICKEN SUPPER

The Mothers' Board of the St. Paul Baptist Church, East Riverton, will give a chicken supper on Saturday, May 28, beginning at 5 o'clock. Tickets may be secured from Mrs. Edgar Murray, sponsor, or any member of the Mothers' Board.

WHO'S WHO IN 1938 CLASS

As a result of a poll of the senior class at Palmyra High School sponsored by the "Tillicum" senior yearbook staff, no one need wonder who is the "best" in a wide variety of categories.

The Who's Who of 1938, which was announced recently is as follows:

Gordon Smith was selected as the cutest boy and the boy who probably will marry first. Lorraine Meyers was voted the most popular girl and the best senior athlete.

Helen Wood was chosen the best student and most dependable girl while Charlotte Moore won the most talkative and peppy girl titles.

Most Popular

Freddy Freeman, student council president, was voted the most popular boy in the class and Robert Dunlap, yearbook editor, received the most dependable boy title. Margaret Dreier and Russell Hunter were selected as the best looking seniors. Ruth Nudd and Frank Applegate carried off the best-natured seniors positions and Barbara Symon was chosen as the cutest girl.

Sam Rothbaum, three-letter athlete and class treasurer, won the best athlete title. Helen Wood was selected as the most dependable girl and Robert Gowell best boy student.

Musicians, Etc.

Anna Smith, first girl to be married; Yvonne Pennington and Garwood Bacon, class musicians; Betty Parker and Earl Rowe, class actors; Mildred Schmidt and George Mattis, most talkative; Helen Naylor and George Villinger, quietest; Crystal Potts and Jack Griffith, best dancers; Grace Lewis and Douglas Mickle, most likely to succeed.

Yvette Nash and George Bonsel, most fickle; Elizabeth Chambers and William Morgenstern, most dignified; Charlotte Anderson and Wesley White, most bashful; Eleanor Holman and Jack Yost, most mischievous; Esther Roberts and Robert Snover, best speakers; Dorothy Bauer and David Gould, gigglers; Pete Anderson, peppiest boy.

NEWS

Sea Scouting

Dean Harold Morrison Smith, who is chairman of Senior Scouting Committee of the Burlington County Council, gave a talk for the scoutmasters of Burlington county last Tuesday evening. Dean Smith outlined to the men the procedure and policy in using Senior Scouting program and gave an outline of the Explorer, Rover, and Sea Scout program. He was assisted in the discussion groups by members of his committee, and W. Hooton Stokes, of Moorestown, on Sea Scouting. Plans will be made in the early Fall to start two of these units.

Camp Mahalala

This past weekend twenty Scout leaders met at Camp Mahalala to add the final touches to the camp before the summer season. Cabins were stained, light poles were put up, as well as a few improvements to the Big House. The physical property of the camp is now in first class condition and will be ready for the Scouts of Burlington county for the first week of camp. Progress is being made on the new cabin, that is of a new type in this camp and will be in great demand this summer.

Order of the Arrow

This past weekend four members of the Order of the Arrow were awarded the second honor of the Brotherhood of the Order of the Arrow at Treasure Island, the Philadelphia Council Scout camp. The men who received this honor were: V. L. Wood Caldwell, of Delanco; James Moore, of Moorestown; William B. Gibson, of Palmyra, and County Scout Executive George A. Darlington.

Big Affair Held At Delran Yacht Club

What was perhaps the most pretentious and unusual gathering in this vicinity for years, took place yesterday (Wednesday) afternoon at the Delran Yacht Club, when a fashion show and dessert bridge was presented under the direction of Mrs. Charles F. Voorhis, president of the club's Ladies' Auxiliary.

Over 200 members, and guests were given the opportunity to preview the latest creations in afternoon and evening gowns by courtesy of The Agnes Shop, 9 East Broad street, Palmyra. Hats by Verna Guest, 511 Garfield avenue, Palmyra, were complete in their variety and up-to-the-minute styling.

Bathing suits and accessories in the modern manner by courtesy of Strawbridge and Clothier, revealed the best of the current trend in beach attire. Lit Brothers sponsored a gay and colorful showing of sports and nautical wear for women.

Bridge

This showing, followed by 51 tables of bridge, completed the program, after which suitable prizes were awarded, one being the service offered by Tony's Beauty Shop, of Palmyra.

Many of the guests were particularly impressed with Delran Yacht Club's unsurpassed river outlook and grounds which have been placed in splendid condition, with the completion of the new tennis court and gardens. The new 130 foot dock is also completed, where members and visiting yachtsmen will be received with the usual courtesies, together with water and gasoline facilities for their boats.

Assisted

The following ladies, in addition to professional models, assisted Mrs. Voorhis in arrangements and in displaying the style creations: Mrs. R. H. Hayes, Mrs. H. H. Watson, Mrs. P. Potts, Mrs. W. L. Rothenberger, Mrs. W. J. Higbee, Mrs. G. Frederick Petry, Mrs. R. Glaeser, Mrs. John Teal, Mrs. John Schwartz, Mrs. James Irwin, Mrs. George E. Cole, Mrs. Frank Horning, Mrs. I. S. Williams, Mrs. Madeline Zeller.

Mrs. Voorhis stated that the success of this gathering in focusing favorable attention on Delran Yacht Club as an outstanding community enterprise, would doubtless lead to similar future gatherings.

The club's official opening ceremony for the season has been announced for Memorial Day.

PLANTS FOR YOUR GARDEN

By A. C. McLean
 Extension Service, N. J. College of Agriculture

The Iris Pageant

The iris pageant is now beginning and the wise gardener will take advantage of every opportunity to see these lovely blooms and to select the varieties he wants for his own garden next year.

Recent breeding experiments have developed some very desirable varieties, particularly the dwarf types which begin blooming around the first of May in central New Jersey. During the latter part of May and until the first of June the larger flowering iris march to the front.

Among the early blooming dwarf iris are forms which are often referred to as fall blooming types. These varieties, blooming at the opening of the season and then again in the fall of the year, may be classified as autumn flowers. They are a lovely addition to the iris border, since they are in flower before the main spring display and strike a bright note again in the fall. Plant them in a well drained place where they will become fairly dry and well ripened during the heat of the summer.

The best time to transplant early blooming iris is in midsummer, since at this time the plants are dormant. All bearded iris like a well fertilized soil with plenty of lime and good drainage.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

Now that the blooming season for such shrubs as forsythias and lilacs is past, gardeners would do well to take care of necessary pruning immediately. Most early flowering shrubs make their buds for next year's bloom during the summer, and timely pruning enables them to produce strong shoots. If pruning is delayed until winter, many buds will be cut off.

The question is often asked if faded lilac blooms should be removed. Although lilacs need only moderate pruning to bloom well, it is beneficial to remove faded flower clusters. This also applies to most other early blooming shrubs and trees which do not produce a display of decorative fruits. Unless a crop of seed is desired for planting or the fruits are showy and interesting, it is better to remove the faded flowers and allow the plant's strength to go toward building up good strong flower buds for next year.

Gladioli
While most flowers should be planted now, delaying the planting of some gladioli until about July 1 will result in a good crop of fall bloom. Bulbs which may be held back include lilies now in cold storage, particularly Regal and Tiger Lilies.

Some gardeners prefer to plant dahlias early and prune them back so that they produce new growth in August or September, but satisfactory bloom can be obtained from them if they are planted around July 1. Delayed planting is desirable if one wishes to place dahlias where spring bulbs have bloomed. Most of the small types of dahlias bloom early and are well adapted to bedding and cutting.

Chrysanthemums may also be planted as late as July 1, especially the garden types. The only disadvantage is that the plants are much shorter than those placed in the ground earlier in the season. If chrysanthemums are used in the border, however, the more dwarf plants may be desirable, for the hardy varieties have a tendency to become too leggy and tall. Gardeners whose plants are already established should pinch them back to prevent excessive growth.

GONE FOR GOOD

Reports from Moscow that several high Soviet officials have disappeared, but it probably isn't worth while to hold their jobs open for them till they get back.—Indianapolis News.

HOW MANY CAN YOU NAME?

The above is a picture of the pupils of Riverton Public School in 1892. As a reward for the person who submits the largest list of correct names of those appearing in the illustration, Frank C. Cole, a former resident of Riverton, now of St. Petersburg, Florida and Wildwood, N. J., has offered a prize of \$500. All lists must be submitted to The New Era Office not later than June 9.

HIGHWAY MARKER

Some time ago a communication was received from William B. Absalom, of Mount Holly, a first lieutenant "over there" during the World War, and speaking for the American Legion posts in the county, inquiring whether anything had ever been done toward marking the four highways dedicated by the Board of Freeholders, and if nothing had been started in that direction, what had the Freeholders in mind.

Cooperate

Director of County Roads Charles R. Stout, and Supervisor of County Roads Louis A. MacFarland immediately started to cooperate with the veterans, feeling that there should be no further inattention to the matter. Accordingly, Ernest Wilf, foreman of the sign painting department at the county garage, was requested to prepare several designs for appropriate road signs. These were submitted to Mr. Absalom and his Legion associates, with the result that the design shown herewith was selected from the four drawn.

In by May 30

These signs are now being prepared and will be placed in good locations along the four highways, probably by Memorial Day, May 30. The design chosen by the Legionnaires and originated by Mr. Wilf, is a shield of four square feet, surmounted by a disk nine inches in diameter. The general ground color is a rich bronze brown edged in black. Shields and scroll containing black lettering are silver.

COMMENT

The Pennsauken Board of Education has adopted a resolution whereby married women teachers, 28 in all will be asked to resign in order to give recent graduates a chance for a job.

Three married women teachers not under tenure will not be given contracts for next year.

Over sixty Mt. Holly merchants are cooperating in an eight week Buy-At-Home campaign. At the rate business is going, a similar campaign might help conditions locally. Certainly it couldn't do a lot of harm.

In reply to a question, "In your opinion, is the United States moving toward dictatorship?" 1204 editors replied in the affirmative. Negative answers numbered 440.

Political candidates for the various county offices that are to be filled at the next election are somewhat reticent about entering the field, no important announcements having been made to date. It is a foregone conclusion, however, that Walter D. Lamont will be a candidate for reelection to the Board of Chosen Freeholders.

On Several Roads

The star and wreath painted on the disk are a reproduction of the center of the service button issued to every man with his discharge, a gold star with silver center and black U. S. initials, framed by a green wreath, shaded with black. The dates of the beginning of the World War and of the signing of the Armistice are in silver bronze.

The roads to be thus marked are as follows:

Argonne highway, Mount Holly, through Pemberton, to Camp Dix, a distance of 14 miles; Marne highway, Mount Holly to Moorestown, nine miles; Meuse highway, Mount Holly to Bordentown, 12 miles; St. Mihiel Drive, Palmyra to Burlington, 10 miles.

These signs are now being prepared and will be placed in good locations along the four highways, probably by Memorial Day, May 30.

The design chosen by the Legionnaires and originated by Mr. Wilf, is a shield of four square feet, surmounted by a disk nine inches in diameter. The general ground color is a rich bronze brown edged in black. Shields and scroll containing black lettering are silver.

ABOUT THE COUNTY

Thirty-one volunteer firemen from all parts of the county were graduated from the Burlington County Firemen's Police School at exercises held last week, in Burlington. No members of the various local companies were students at the school.

Members of the Florence Township Committee deny that the \$40,000 road project in that community is "extravagant," a charge made by Freeholder Palmer L. Adams at a meeting of the Burlington County Association of Township Committees last week.

A recent communication states that the South Jersey Transit Authority will make formal application for a \$13,000,000 PWA loan some time this week. This allotment, if made, will be used to finance construction of the proposed high speed line in certain sections of South Jersey, not including any of the riverfront towns.

Practically all Mt. Holly merchants have signed up for the Buy-At-Home campaign which will be started in that community on June 6 and will continue for eight weeks.

COUNTY BASEBALL TOURNEY PLANNED

To Be Held at R. D. Wood Park, Florence, During June; Rules Listed

Lawrence G. Mingin, district commissioner of the National Semi-Pro Baseball Congress has announced that there will be a county baseball tournament at R. D. Wood Park, Florence, on June 17, 18, 19, 24, 25 and 26, the purpose being to decide what team shall represent the county in the New Jersey State Tournament. This latter event will be held at Dunn Field, Trenton, during the last week of July and the first week of August.

The winner of the state tourney will represent New Jersey in the national event, at Wichita, Kansas.

All District Team

(All-star team of tournament)

A committee has been appointed to select an All-District Team of 16 players. Committee—John A. Sweeney, Florence; Charles Young, Riverside, and William "Wid" Conroy, Moorestown.

All-District Team will consist of 4 infielders, 3 outfielders, 5 pitchers, 2 catchers and 2 utility players.

Ex-professional players are barred from being selected on All-District Team.

National Semi-Pro All-District certificates will be awarded to the players selected by the committee.

Features

Big leagues scouts will be present at tournament games.

Outstanding baseball person will be present at opening game of tournament.

BASEBALL GAME MEMORIAL DAY

Riverton A. A. will play the fast Collingdale team, at Memorial Park, on Decoration Day. The game will be called at 3 o'clock.

Riverton having started the season with a bang, the fans can expect a fast ball game, as the local management is endeavoring to book teams which will provide fast competition.

There will be no morning game at the local field.

SCHOOL GOLFERS LOSE FINAL TO VOCATIONAL

The golf team of Palmyra High School lost the last match of the season, on Monday afternoon, at Camden Vocational, at the Burlington County Country Club, the score being 10-8.

As a result of the loss, the locals finished the season in second place of Class B, the winner in this group being Vocational.

A ship was wrecked. One of the passengers was cast up on an island. There he had nothing to eat but grass. And he thanked the good Lord because his wife was not there to put mayonnaise on the grass.—Atchison Globe.

Relief

New Jersey entered the year 1937 with 172,447 of its 4,041,334 people (1930 census) totally or partly dependent for their existence on financial help from municipal relief offices. July was the "low" month with 47,344 cases representing 141,756 persons receiving relief in the amount of \$1,073,956.

It was not until April 26, that the first reimbursement from a municipality for relief expenditure was made. The Legislature passed a bill on May 4th requiring the municipalities to contribute at least the sum of \$3,000,000 for the year 1937. The act also diverted to relief \$7,917,560 of highway funds and this added to \$1,750,000 appropriated earlier made a total for that fund of \$9,667,560.

Increase in August

In August there occurred the first increase in case load and relief cost when it jumped to 48,118 cases, representing 144,848 persons at a cost of \$1,081,062. From January to September WPA project employees decreased from 77,067 to 58,556, or a 24 per cent drop. The total amount of relief extended for November was \$1,398,032 and the cases aided, 57,573, representing 178,129 persons.

GIBSON BLANKS MOORESTOWN HI

With Gibson hurling in fine form, Palmyra won a 6-0 decision over Moorestown, on Tuesday afternoon. "Hoot" allowed the opposition only three singles and fanned nine. Rothbaum and Wallace of the locals, got a pair of blows each.

Penstons

A total of 39 bills relating to pensions have been introduced in the 1938 Legislature. Fourteen are in the Senate and 25 in the Assembly.

INJURED

ALBERT C. JONES
member of the Burlington County Board of Freeholders, who is a patient at Osteopathic Hospital, Philadelphia, with a broken vertebrae in his neck. The injury was sustained on Sunday, when he dove into a swimming pool.
His condition, while serious, is not considered critical, according to hospital officials.

WORK ON TWELVE MILES OF ROAD

Maintenance work on 12 miles of township and borough roads in Burlington county through a grant of state aid to be expended by the Freeholders was approved this week by State Highway Commissioner E. Donald Sterner.

Scraping and bituminous dressing will be given the thoroughfares with the State to bear 90 per cent of the cost, or \$10,364.

The work will be done in the following townships: Shamong, Evesham, Bass River and Edgewater Park, Florence and Delanco.

An extemporaneous speech is one where the speaker doesn't know what he's going to say before he starts and his audience doesn't know what he said after he finishes.

FOOD FACTS

Do You Know That—

In South American countries, natives always avoid cutting a banana cross-wise, fearing an early death in the family.

Ice cream cones are said to have originated in 1904 at the St. Louis World's Fair and ice cream sodas in 1876 at the Philadelphia Centennial.

Consumers use in its natural state only 40 per cent of the nation's pro-

duction of milk, the balance being utilized in dairy products.

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

For each apple it produces, an apple tree has between 30 and 50 leaves.
