ON MEMORIAL DAY

Mayor H. McIlvain Biddle, of Riverton and Mayor John F. Ward, of Palmyra, led members of the borough councils of the two communities in the Memorial Day parade. Several hundred members of military and civic organizations participated in the affair, together with a large number of grammar school and high school pupils. The procession followed the usual route of former years, the program being culminated by exercises at the Grove, Palmyra.

MEMORIAL DAY ROTARY PROGRAM

Rev. Francis B. Downs Speaks
To Members of Palmyra-
Riverton Club

A new and thought provoking angle of Memorial Day observance was voiced last week at the Rotary Club when the Rev. Francis B. Downs addressed that group at its annual Memorial Day program.

Four years ago, Mr. Downs gave the club a stirring talk on this program, glorifying the men who laid down their lives for their country. This year, he turned to another phase of their sacrifice.

Many Forget Cause

With all honor to those who made the supreme sacrifice, it is easy, said Mr. Downs, to become emotional over these men who died in battle and, in our emotion, to forget the cause for which they died; to forget the sufferings of those they left behind and to forget the agonies of those whom war has left shattered in mind and body.

The loss of a few years, the quick snuffing of the candle of life, is not to be compared with long years of waiting and yearning that wives and mothers endure—the pitiless drip of sorrow that wears and pierces and finally breaks hearts—nor is it to be compared with the endless torment of mind and body that survival so often brings.

Do Something About It

To these people, the empty plati-
(continued on page 11)

Sees Crash At Nearby Airport

Dr. Merwin A. Todd, of Riverton, was among the first to arrive at the scene of the crash which occurred shortly after eight o'clock, at the Moorestown airport, when Murrel Morgan, of Gloucester and Joseph Spada, of Camden were critically injured.

Dr. Todd, who was watching planes flying about the port, said that the ship believed to have been piloted by Morgan, started to dive toward the ground from an altitude of about 200 feet.

Both men were unconscious when taken from the wreck and were rushed to Zurburg Memorial Hospital, Riverside.

The ship was owned by the airport and rented to licensed fliers.

NO ADDITIONAL CASES OF RABIES

Following the death of a dog from out of town here last week, and the pronouncement of state health officials that the canine had rabies, local owners of dogs have kept their pets under careful observation for the past several days.

Up to the present, however, no additional symptoms of the disease have been noted and Riverton officials are hopeful that no other animals have been infected.

SIXTEEN TAKEN IN RAID SATURDAY

Police Arrest Crowd at Home
Of Charles Payne in
East Riverton

Last Sunday morning, State and Riverton police, under the direction of Chief George Dorworth, of Cinnaminson, raided the home of Charles Payne, Bellevue avenue, East Riverton and took 16 people into custody.

The Payne home had been under observation for some time by Chief Dorworth and the owner was suspected of a number of offenses, which included gambling, illegal possession of liquor, etc.

From Several Places

Those captured in the police net included men from Camden, Lawnside and Cinnaminson. They were taken to the Riverton jail and later given a hearing before Recorder Bowers, who disposed of the various cases.

Due to the efficient work of the officers the occupants were taken completely by surprise and none were able to make a getaway.

DESTROYER HERE FOR JULY FOURTH

Councilman Robert Knight, chairman of the Riverton Fourth of July Committee has just received a communication from D. Lane Powers, Congressman from this district, that he has succeeded in receiving assurance from the Navy Department that a U. S. destroyer will come to Riverton for the local celebration on July 4.

The Congressman stated that Mr. Knight would soon receive further details regarding the name of the ship, time of arrival, etc.

MEMORIAL DAY EXERCISES HERE

Parade and Program at Two
Cemeteries and Grove in
Honor of Heroes

Fair skies and a brisk wind whipping the flags along the line of march marked the annual observance of Memorial Day in Riverton and Palmyra.

The parade, which started from the Riverton Fire House, at one o'clock, began the ceremonies of the afternoon, with several hundred members of military and civic units participating.

In the van of the procession were Palmer L. Adams, chairman of the Memorial Day committee and J. Russell Musser, commander of Post Rodgers and master of ceremonies.

Cars Follow

Next in line were several cars with widows of GAR veterans and Gold Star Mothers.

Mayor John F. Ward, of Palmyra, and Mayor H. McIlvain Biddle, of Riverton led the members of their respective councils and they were followed by Company K, 113th Infantry, New Jersey National Guard, under the command of Captain Fred Shober.

The Drum and Bugle Corps of Post Rodgers was the next unit and this colorful musical organization was followed by members of the local post.

High School Band

The band of Palmyra High School, with the members clad in red and white led the second division. Units following included a large delegation of Boy and Girl Scouts, the Drum and Bugle Corps of Sacred Heart School, Riverton, in blue and gold regalia and a girls' brigade from the same school clad in red and gold. Rev. John P. Welsh, pastor of the church, led this unit.

Scores of pupils from the Riverton and Palmyra public schools, carrying flags and flowers brought up the rear.

At Cemeteries

At the Methodist and Morgan cemeteries, the graves of veterans were decorated and a salute to the honored dead fired in their honor. The Rev. George Lockett, pastor of the Central Baptist Church, Palmyra, gave the Invocation and pronounced the Benediction at the cemeteries.

After this phase of the program
(continued on page 3)

TRAFFIC HEAVY MONDAY EVENING

According to C. Morris Beck, chief of the Palmyra police, traffic was very heavy on S-41 during Monday afternoon and evening, despite the fact that weekend crowds at the shore fell far below expectation, due to the cold weather.

The influx of homeward-bound motorists began early in the afternoon and the traffic light at S-41 and River road was kept in operation until after 11 o'clock.

FIELD DAY WILL BE HELD JUNE 7

Annual Event By Pupils of
Riverton Public School:
Supper as Usual

Next Tuesday, June 7th, Memorial Park will be the scene of one of Riverton's outstanding annual events when the pupils of the local school will re-enact a pageant depicting the history of Riverton.

This pageant was originally presented in 1936 and attracted so much widespread and favorable comment that the school is again presenting the same program with added features suggested from the original entertainment.

Ranges Through Years

The event ranges back through the years and includes such happenings as shad-fishing in the Delaware, the founding of the Porch Club, the establishment of the first church in Riverton, the arrival of the first railroad train in the town, the early steamboat days and other historical events in the history of the community.

Practically the entire program has a foundation of actual facts learned through exhaustive research of available material by scholars and the faculty.

All Invited

Everyone in the community is cordially invited to attend and see what capable actors the younger generation can be. Supper will be served on the grounds at five o'clock and the program will begin at six. The ladies of the P.T.A. have arranged all the details of the attractive supper which will be served at a very nominal cost.

In the event of rain, the pageant will be held the following day, Wednesday.

FREEHOLDERS IN QUIET MEETING

Board Holds Most Tranquil
Session of Year: Transacts
Routine Business

The Burlington County Board of Freeholders met last Friday afternoon and the session proved to be the most peaceful held thus far this year. The affair was also very brief, compared with others held recently, the affair being adjourned shortly after 4.30.

A query was received from the regional office of PWA regarding the present status of the almshouse project, especially whether construction had actually started.

Ground Broken

The clerk of the board was instructed to reply that the location had been staked out, machinery placed in position and that ground was to have been broken on that day (Friday).

A resolution was passed recommending that the state construct an institution to take care of indigent cancer cases and that counties be relieved of responsibility in this respect.

Copies of the resolution were ordered sent to Governor A. Harry Moore, William Ellis, state director of institutions and agencies and others.

Letter to Jones

The clerk was instructed to write a letter to Freeholder Albert C. Jones, expressing the sympathy of the Board, in respect to his recent injury, and wishing him a speedy recovery.

A resolution was passed authorizing the signing of agreements with the state highway department in regard to lighting of a number of intersections of state and county highways. The state is to assume one-half of the cost.

Additional lights are to be installed at the intersections of Stiles avenue-S-41 and Fellowship road-S-41. Both locations are in Chester township and are in addition to
(continued on page 10)

Closed Bank To Pay Dividend

According to an announcement posted on the bulletin board in front of the Palmyra police station, the defunct Palmyra Bank will pay a dividend of 10 per cent starting today (Thursday).

The office of the receiver in the bank building will be open during the hours of 9 a.m. to 5 p.m., daily, except Saturday, when the hours will be from 9 until noon.

For the convenience of depositors, the office will be open on Thursday and Friday evenings of this week from seven to nine o'clock.

The announcement is signed by Charles J. Long, receiver.

LEADING TEAMS TRIM OPPONENTS

Broadway Downs Fortnum as
Oakwood Hands Reverse
To Banker Ten

Two of the leaders in the Memorial Park Softball League came through according to expectations, on Tuesday night. The Oakwood Chevies took the Bankers to the tune of 9-4, while Broadway measured Fortnum for a 7-3 verdict.

The Movie Men tabbed a run in the initial stanza, but Fortnum evened the count in the same frame. Things went along in rather mild fashion until the third, when Broadway staged a five-run uprising, which put the fracas on ice.

Foulke Pitches

Foulke hurled for the winners and allowed nine hits. His control deserted him temporarily in the ninth, as he passed two batters in a row. After Manager Bill Anderson came in from right field to talk over the situation, the Movie ace regained his stuff and Fortnum was unable to score.

Fortnum 1 0 0 0 1 0 0 1 0-3
Broadway 1 0 5 0 0 0 0 1 1-7
Umpires—Rotenbury, Richman.

Fifteen Hits

Blasting out an assortment of 15 safeties, Oakwood was never pressed by the Bankers.

Two homers were produced in this engagement. Yearly driving one into deep center for the winners, while Shieble lifted one into the right garden for the Financiers.

Hubbs and Knight, Oakwood hurlers, allowed seven hits, these being well scattered with the exception of the seventh, when the losing aggregation combined three blows to load the sacks. With the stage thus set, Scheible poled out his four-master.

Fourth Win

The victory was the fourth of the season for Oakwood. This team, along with Broadway and the A's are the only unbeaten outfits to date.

Score by innings:
Oakwood 1 0 0 0 4 2 1 0-9
Bankers 0 0 0 0 0 4 0 0-4
Umpires, Johnson, Carhart, Alloy.

LOCAL NET TEAM LOSES TO DELANCO

The Riverton junior tennis team lost the first match of the season on Memorial Day, Delanco winning 9-0. The local singles players, were: Vile, Kline, Hullings, Wallace, Jones and Middleton. All lost in straight sets, although Vile, Kline and Wallace gave their respective opponents a hard battle in the second set of their matches.

The Riverton doubles players were: Vile and Hullings, Kline and Wallace, Jones and Middleton. They also lost in straight sets.

On Sunday, June 5, the locals will engage Delanco on the Memorial Park courts.

MERRILL TAKES ANOTHER RACE

E. K. Merrill took first place in the race for Comets held at the Riverton Yacht Club, last Saturday afternoon, with P. A. Beugless, of Beverly coming in second.

Owen Merrill, sailing the Hatch boat annexed third position. There were seven starters.

In the Duster race on Monday, William Shoemaker was first over the line, winning a hard race, especially against the elements. The stiff wind gave the skippers plenty of trouble. There was one upset and bailing operations were a strict necessity.

GETTING READY FOR THE GUN

Pre-race activity at the Riverton Yacht Club last Saturday afternoon where Dusters and Comets competed in the second races of the season. Several skippers are shown making last-minute preparations for the event.

Riverton Yacht Club

Came a Nor' Easter and boy did she blow! But despite wind, water and such, when all decent people should be home huddled around a fire, the Suicide Squad took off Saturday—started off with a bang-up Duster race, which was captured by Bob Lippincott.

Successive positions were as follows: Howard Lippincott, 2nd; Bert Shoemaker, 3rd; Charlie Knight, sailing T. Coe's boat, 4th; Stan Lippincott sailing B. Parsons' boat, 5th, and Bill Shoemaker brought up the rear. The regular Comet series race was sailed with Ed Merrill winning by a goodly margin, over Jack Wright's "Fantasy," and Mike Fuller at the helm of Lynn Hendrickson's craft.

Entertainment

The entertainment committee did a swell job Saturday night, with much of the credit going to Bill Shoemaker as chairman. The opening dinner was considered a success by all those present, in fact such a gay time was had that we plan to announce similar activities in the near future.

We have heard: That Bert Shoemaker is the official A-1 Horizontal Club member of the year; that everyone except Bob Lippincott seems to be able to win a Starboat race; that Howard Lippincott's boat was stricken with a severe case of the wonderlust Sunday night. Result: one cracked up boat; Tough luck "Legs." That "Dunk" Knight really intends to launch the "May-go" sometime this season (we hope); that someone intends to tie a bucket on Ed Merrill's "Shuffly"—but we ain't sayin' who; that someone suggested we inaugurate a Dunkers Club, membership open only to those skippers who "dunk" their crew during a race.

By
Knute and Mike.

ATTEND THEIR SCHOOL REUNION

Several local residents, graduates of Claghorn Public School, Philadelphia, attended reunions of their graduating classes last week in connection with reunions of Claghorn girls who graduated during the period from 1884 to 1920.

Those from this vicinity at the affair were: Mrs. L. M. Verkes, Mrs. Florence Shaner, Mrs. Frank Snowden and Mrs. Louise M. Hodson. A total of 375 graduates were present, Mrs. L. H. Wait coming all the way from Evanston, Ill.

Future affairs of this nature will be held every two years, with the next scheduled for 1940.

SCHOOL EXHIBIT

The annual school exhibit at the Cinnaminson Avenue and Spring Garden Street Schools will be held on Friday evening, June 3, between the hours of seven and nine o'clock.

Rose Show At Woman's Club

The Garden Department of the Palmyra Woman's Club will hold a Rose Show, in the club rooms, Society Hall, on Monday, June 6, entries being limited to club members.

Exhibits will be judged in nine classes, as follows: white, pink, yellow, red and tinted blooms, one bud and one bloom; arrangement—blooms not to exceed nine in number; any color, white container; combination—bud and bloom, not to exceed 12 flowers; rose spray—one spray, not to exceed 18 inches in length, any color, in any container; arrangement—roses with any other one flower, roses predominating, any container.

Rules

No charge for entries; all exhibits must have been grown by exhibitor; exhibitors will be required to furnish own receptacles; where only one exhibit is made in any class, no award will be made unless the judge considers it meritorious.

The hall will be open Monday, June 6, from 10 to 12 o'clock, no exhibits will be received after noon. No exhibitor will be allowed to make more than one entry in each class.

The display will be open during the club session and the judge is to be Mrs. Nina E. Weston.

GARDEN PARTY

Plans are being made by the officers of the Palmyra Branch of the American Red Cross for a garden party, consisting of luncheon and cards, to be held at the home of Mrs. Conrad Friday, 1100 Highland avenue, on Thursday, June 9, at one o'clock.

Tickets will be 50 cents.

MEMORIAL DAY EXERCISES HERE

(continued from page 1)

had been concluded, the procession marched into the Grove, where Rev. Welsh gave the invocation.

This was followed by the Singing of America by the assemblage and a musical number by the Post Rodgers corps.

Mayors Speak

Mayors Biddle and Ward then addressed the large crowd with well chosen words. A selection by the high school band followed.

The principal address was given by Raymond Dunn, of Moorestown, who spoke on "The Unknown Soldier."

Rev. Welsh then pronounced the Benediction and the program was brought to a close by the playing of the National Anthem.

WESTERFIELD-PARRY

On Friday afternoon, the twentieth of May, at the Westfield Friends Meeting House, Laetitia Penn Parry, daughter of Mr. and Mrs. T. Morrell Parry, became the bride of William Rogers Westerfield, in the simple but beautiful ceremony of the Friends. Mr. Westerfield is the son of Jason Westerfield, of Montclair, N. J.

The bride, who entered the Meeting House on the arm of her father, wore a gown of ivory Duchess satin and a veil of ivory tulle, and carried a bouquet of white rosebuds and lilies-of-the-valley.

Mrs. Charles H. Lake, of Montclair, sister of the groom, and Mrs. Thomas Z. Minehart, of Germantown, Pennsylvania, were matrons of honor and wore gowns of silver blue sheer crepe over darker blue taffeta. The bridesmaids were Miss Jean Crittenden, of Mincola, Long Island, and Miss Mary F. Stover, of Chestnut Hill, cousins of the bride. They wore apple-blossom pink crepe over pink taffeta, and all four attendants carried old fashioned bouquets of spring garden flowers.

John R. Parry, brother of the bride, acted as best man. The ushers were Howard Parry, 2nd, also a brother, Kenneth Davis, of Lawrenceville, N. J., and Larry B. Miller, of Kew Gardens, Long Island.

Following the ceremony an informal reception was held on the Meeting House Lawn after which the wedding party, overseers and parents returned to the bride's home for the wedding supper.

After July 1, Mr. and Mrs. Westerfield will reside in Port Arthur, Texas.

PALMYRA SCHOOL NOTES

Students Honored

Four members of the music department of the Palmyra High School qualified for the All-State Chorus and the All-State Orchestra. Selections for these two organizations were made from the entire state and their annual concert will be given in Atlantic City next fall.

Mary Blomstrom, Ethel Phil Lester Feldman and J. Edmund Turnock were selected to participate in this event. This concert will mark the tenth anniversary of the All-State Orchestra and the fifth anniversary of the All-State Chorus. Jose Hurbi will again be the guest conductor.

Visitors' Day

Palmyra High School completed its second annual Visitors' Day, May 27. At that time, approximately 820 high school students ran through their complete schedule for next year's classes.

During the class period the students met their new teachers and provided the necessary registration data for the office. With the exception of a very few changes, these students will again enter Palmyra High School next September, and follow the schedule as it was assigned on Visitors' Day.

Advantages

The advantage of Visitors' Day is that it enables the school officials to know exactly how many people they will have in all classes, so that an order of text-books and supplies may be on hand the first day of school and also, it helps the new students to become accustomed to a new school, classes and teachers.

The Visitors' Day plan includes complete scheduling for all freshmen, sophomores, juniors and seniors. The Guidance Department and the school officials began preparing for Visitors' Day several months ago and finally completed the preparations necessary to run over 800 students through new schedules with practically no conflicts in schedule. Although many schools organize a Visitors' Day when new students visit the schools, yet, very few schools schedule their students completely and run them all through their new program before the end of the school year.

Half from Sending Districts

Approximately half of the over 800 students who attended Palmyra High School on Visitors' Day are from the sending districts of Cinnaminson, Delanco, Delran, Riverton and Pennsauken.

The freshmen class for the next school year totals 240 students, while the sophomore, junior and senior classes will run very close to 200. These are probably the largest classes in the history of the school.

The extensive building alterations which were made in the high school last summer allow this large increase in students to be cared for in the high school without congestion.

Attending

Several principals of the sending districts attended the Visitors' Day and followed their students through the new classes. They were Aaronson Bell, principal of Delran Township, Mrs. Mildred Magowan, supervising principal of Cinnaminson Township, Mrs. Eleanor Young, principal, Cinnaminson Township, and Miss Lillian Parker, eighth grade teacher, Cinnaminson Township.

PETITION FOR PALMYRA COUNCIL

Howard Powell is circulating a petition which he intends to present at the next meeting of Palmyra Borough Council. The document which, at present, has nearly 300 signatures, reads as follows:

"We, the undersigned voters in the borough of Palmyra, do hereby appeal to the members of the Borough Council for a referendum in the general election for the voters to elect their respective councilmen in their own separate districts.

"If accepted by Council, referred to the voters and passed, present councilmen will be allowed to finish out their terms, being assigned districts by lot."

According to Mr. Powell's plan, each district in Palmyra will elect its own members of council, with one being named at large.

RIVERTON

The Girls Friendly Society of Christ Church, will hold a rummage sale on June 16 at the building owned by Miss Ada Price, on Broad street. Anyone having rummage to donate call Riverton 783.

Miss Catherine Longacre, of Collingswood, and Walter Stevens, of Hammonton, were guests of Mrs. Florence Evald, of Harrison street, on Saturday.

Master Joseph Dietrich, of Riverton, who has been in Cooper Hospital for seven weeks, has returned home and is improving nicely.

Miss Lillian Greiner, of Philadelphia, spent Saturday with Mr. and Mrs. Edwin Evans.

Mr. and Mrs. Robert Hullings, of Thomas avenue, entertained a number of friends at cards on Saturday.

Mr. and Mrs. Walter Michel and family, of East Orange, spent the holidays with Mr. Michel's parents, Mr. and Mrs. Eugene H. Michel, of Thomas avenue.

Mr. and Mrs. W. L. Caskey, of Norfolk, Virginia, spent several days with Mrs. Caskey's sister, Mrs. Ross Evans, of Thomas avenue.

Mr. and Mrs. Nelson Harris and family, of Philadelphia, spent Saturday with Mr. Harris' brother, George, of Harrison street.

BIRTH

Mr. and Mrs. Raymond Foster, of 612 Highland avenue, Palmyra, are receiving congratulations on the birth of a daughter Sandra Lee, on Friday, May 27, at the Zuerbrugg Memorial Hospital.

Every year, British automatic machines receive 2,500,000,000 pennies, 900,000,000, six pences and 300,000,000 shillings. French coins found in them are traded across the channel for British coins found in French machines.

Buy At Home

Last week, we stated that local business was at a low ebb, even lower than present "recession" conditions seemed to warrant.

We also stated that, while in some cases our merchants might be at fault, many of our local citizens do NOT buy at home, even when they could do so to advantage.

Merchants in our communities pay taxes which support our municipal governments, and our stores are a vital part of our municipal structure. Every dollar spent locally helps them to continue to stay in business.

On the other hand, what do out-of-town firms contribute to Riverton, Palmyra and Cinnaminson? Exactly nothing, except in isolated cases, where local citizens may be employed. When contributions are needed for Boy Scouts, Y.M.C.A., Community Chest, Visiting Nurses, etc., etc., who makes donations here? Not the Philadelphia or Camden stores, you may be certain of that.

In brief, we are all too prone to take our local business houses for granted and buy from them mainly of necessity or convenience.

If such an attitude continues, the situation in this vicinity will steadily get worse. What's the answer? BUY AT HOME.

PALMYRA

Miss Estelle Billard, on vacation from Presbyterian Hospital, Newark, is spending two weeks with her parents, Mr. and Mrs. Clayton G. Billard, of 315 Horace avenue, Palmyra.

The winner of the OES Miscellaneous Club this week was Mrs. George Spencer, of Pennsylvania avenue.

A strawberry festival will be held in the parish house of Christ Church, Palmyra, and on the church lawn, Saturday, June 4, from 2.30 to 5 p.m. Admission is 20 cents. The public is cordially invited.

The Girl Scout Mothers Association, of Troop 1, will hold their regular meeting on Tuesday evening, June 14, at 8 o'clock, in the home of Mrs. H. Anders, 331 Leconey avenue.

The Girl Scouts of Troop 1, will camp for the weekend at Mahalala, leaving the Methodist Church on Friday, at 4 p.m.

Mr. and Mrs. John H. Baker, of California, spent the holidays with Mr. and Mrs. Curtis Staveland, of Charles street.

Miss Mary Kemmerle and Jack Coyle, of Ventnor, visited the Kemmerle home on Friday.

Holmes Thompson, age 91, an old resident of Palmyra, was among the visitors in town on Memorial Day.

Mrs. Sara Darnell, Mrs. Corella Cann, Mr. and Mrs. Edward A. King and William Powell, spent the weekend at the cottage in Avalon.

Mr. and Mrs. Wilson Nein, of Reading, spent the holidays with Mrs. Nein's mother, Mrs. John Evald, of Vine street.

Mr. and Mrs. Nevin Klesge and

son Wayne, of Lansdowne, Pa., were holiday guests of Mr. and Mrs. C. W. Rudolph, of Washington avenue.

Mr. and Mrs. George J. Seel, 3rd, and daughter Mitzi, of Maplewood, left for Washington, D. C., to spend their vacation after visiting Mr. Seel's parents, Mr. and Mrs. George Seel, of Cinnaminson avenue on Friday.

Clifton Seel, of New York, spent the holidays with his parents Mr. and Mrs. George J. Seel, of Cinnaminson avenue.

SPEAKERS FOR COMMENCEMENT

Announcement was made this week of the student speakers for the Commencement exercises at Palmyra High School, on Thursday, June 16.

Esther Roberts and Frank Applegate have been chosen by the entire senior class; Anne Smith and Robert Snover were selected by the commencement committee while Helen Wood and George Bonnal were elected by the honor students.

The six speakers have chosen "The Art of Living" as their theme and are now working on individual topics.

Dramatic presentations will be given by Betty Parker and Earl Rowe.

S. J. AMATEUR

The South Jersey Amateur Golf Tournament will be held on Thursday, June 9, at the Woodcrest Country Club, Haddonfield.

Local golfers are requested to get in touch with Walter Brickley, Riverton Country Club pro, for further details.

CARD OF THANKS

I wish to express my sincere appreciation to all those who were so kind during my recent bereavement, especially those who sent cards and flowers to the funeral.

Mrs. William H. Minks.

OBITUARIES

WALTER R. EAGENS

Walter R. Eagens, of Bellevue avenue, East Riverton, died at his home on Tuesday, May 31.

Funeral services will be held on Friday, June 2, 2 p.m., from the Snover Funeral Home, Rev. Milton McCann, of Bridgeboro officiating.

Interment will be made in Asbury M. E. Cemetery.

The deceased made his home with Mrs. L. Sterling.

PETER KUHN

Peter Kuhn, of 617 Warrington avenue, East Riverton, died on Sunday, May 29.

Funeral services will be held today (Thursday) at 2 p.m., from the Snover Funeral Home.

Interment will be made in Asbury M. E. Cemetery.

MRS. ELIZABETH H. PARRY

Mrs. Elizabeth H. Parry, widow of the late Howard Parry, died at Miami, Florida, on Saturday May 28.

Funeral services were held on Tuesday at 2 p.m. from her late residence at 809 Main street, Riverton.

Interment was made in the Westfield Friends' Burying Ground.

The deceased is survived by two daughters, Susanna H. and Beulah H. Parry and a sister, Mrs. Susanna W. Haines.

WILLIAM H. MINKS

William H. Minks, of 705 Lincoln avenue, died at his home on Wednesday, May 25.

Funeral services were held from the Snover Funeral Home on Tuesday at 2 p.m., Rev. W. A. Boyd, officiating.

Interment was made in Morgan Cemetery.

The deceased is survived by his wife Mabel and his mother Mrs. Edmund Minks.

Mr. Minks was a member of the P.O.S. of A., the local Assembly of Artisans and the Junior O.U.A.M.

DELRAN YACHT CLUB

RUMMAGE SALE JUNE 4

The Ladies of Delran Yacht Club will offer a large and attractive selection of home furnishings and summer wearing apparel at their Spring Rummage Sale, 217 West Broad street, Palmyra, Saturday, June 4.

The doors will open at 9.30 a.m. It will be advisable to come early and stay as long as you can, in order to catch the special surprise offerings to be set out at intervals during the sale—as they come in. A good time with good values is promised.

Plants have a nervous system which is affected by strong emotions, just as in the case of the higher animals, according to a famous Indian scientist.

Fort Christian, built in 1671, now serves as a police station in Charlotte Amalie, capital of St. Thomas island.

An antelope can run at 60 miles an hour. The cheetah is said to be faster.

7.45 p.m. Evening worship. The Young People of the Church and Sunday School will conduct the services for the evening under the chairmanship of Fred Freeman. The theme for the evening will be "The Church." George Bonnell will speak on "A Shelter House." Miss May Swayne on "A Light House." while "A Power House" will be emphasized by George Chaburn. Announcements will be made by George Mack. Miss Doris Woodcock will have the ushering in her charge.

Everyone welcomed. This is the night for youth and old age.

CHRISTIAN SCIENCE CHURCH

"God the Only Cause and Creator"

is the Lesson-Sermon subject for Sunday, June 5, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created." (Revelation 4:11)

Among the Lesson-Sermon citations is the following from the Bible: "Have we not all one Father, hath not one God created us?" (Malachi 2:10)

The Lesson-Sermon also includes this passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the parent Mind, and man is God's spiritual offspring." (p. 336)

The Lesson-Sermon also includes this passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the parent Mind, and man is God's spiritual offspring." (p. 336)

The Lesson-Sermon also includes this passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the parent Mind, and man is God's spiritual offspring." (p. 336)

The Lesson-Sermon also includes this passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the parent Mind, and man is God's spiritual offspring." (p. 336)

The Lesson-Sermon also includes this passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the parent Mind, and man is God's spiritual offspring." (p. 336)

Buy At Home

Last week, we stated that local business was at a low ebb, even lower than present "recession" conditions seemed to warrant.

We also stated that, while in some cases our merchants might be at fault, many of our local citizens do NOT buy at home, even when they could do so to advantage.

Merchants in our communities pay taxes which support our municipal governments, and our stores are a vital part of our municipal structure. Every dollar spent locally helps them to continue to stay in business.

On the other hand, what do out-of-town firms contribute to Riverton, Palmyra and Cinnaminson? Exactly nothing, except in isolated cases, where local citizens may be employed.

When contributions are needed for Boy Scouts, Y.M.C.A., Community Chest, Visiting Nurses, etc., etc., who makes donations here? Not the Philadelphia or Camden stores, you may be certain of that.

In brief, we are all too prone to take our local business houses for granted and buy from them mainly of necessity or convenience.

If such an attitude continues, the situation in this vicinity will steadily get worse.

What's the answer?

BUY AT HOME.

PALMYRA

Miss Estelle Billard, on vacation from Presbyterian Hospital, Newark, is spending two weeks with her parents, Mr. and Mrs. Clayton G. Billard, of 315 Horace avenue, Palmyra.

The winner of the OES Miscellaneous Club this week was Mrs. George Spencer, of Pennsylvania avenue.

A strawberry festival will be held in the parish house of Christ Church, Palmyra, and on the church lawn, Saturday, June 4, from 2.30 to 5 p.m. Admission is 20 cents. The public is cordially invited.

The Girl Scout Mothers Association, of Troop 1, will hold their regular meeting on Tuesday evening, June 14, at 8 o'clock, in the home of Mrs. H. Anders, 331 Leconey avenue.

The Girl Scouts of Troop 1, will camp for the weekend at Mahalala, leaving the Methodist Church on Friday, at 4 p.m.

Mr. and Mrs. John H. Baker, of California, spent the holidays with Mr. and Mrs. Curtis Stavely, of Charles street.

Miss Mary Kemmerle and Jack Coyle, of Ventnor, visited the Kemmerle home on Friday.

Holmes Thompson, age 91, an old resident of Palmyra, was among the visitors in town on Memorial Day.

Mrs. Sara Darnell, Mrs. Corella Cann, Mr. and Mrs. Edward A. King and William Powell, spent the weekend at the cottage in Avalon.

Mr. and Mrs. Wilson Nein, of Reading, spent the holidays with Mrs. Nein's mother, Mrs. John Evald, of Vine street.

Mr. and Mrs. Nevin Klesge and

son Wayne, of Lansdowne, Pa., were holiday guests of Mr. and Mrs. C. W. Rudolph, of Washington avenue.

Mr. and Mrs. George J. Seel, 3rd, and daughter Mitzel, of Maplewood, left for Washington, D. C., to spend the holidays after visiting Mr. Seel's parents, Mr. and Mrs. George Seel, of Cinnaminson avenue on Friday.

Clifton Seel, of New York, spent the holidays with his parents Mr. and Mrs. George J. Seel, of Cinnaminson avenue.

SPEAKERS FOR COMMENCEMENT

Announcement was made this week of the student speakers for the Commencement exercises at Palmyra High School, on Thursday, June 16.

Esther Roberts and Frank Applegate have been chosen by the entire senior class; Anne Smith and Robert Snover were selected by the commencement committee while Helen Wood and George Bonsal were elected by the honor students.

The six speakers have chosen "The Art of Living" as their theme and are now working on individual topics.

Dramatic presentations will be given by Betty Parker and Earl Rowe.

S. J. AMATEUR

The South Jersey Amateur Golf Tournament will be held on Thursday, June 9, at the Woodcrest Country Club, Haddonfield.

Local golfers are requested to get in touch with Walter Brickley, Riverton Country Club pro, for further details.

CARD OF THANKS

I wish to express my sincere appreciation to all those who were so kind during my recent bereavement, especially those who sent cards and flowers to the funeral.

Mrs. William H. Minks.

IN MEMORIAM

WILLIAM H. MINKS

For twenty-three years a valued and trusted employee of The New Era. He was always ready to do his part with a smile, and rough going failed to disturb his calm and even temperament—a sterling quality which made it a real pleasure to work with him.

His untimely passing is an irreplaceable loss.

The New Era, Inc.

Wesleyan Men's Bible Class

The Wesleyan Class will bring to you more joy and contentment than can be expressed in words. Life has a mathematical rule of certainty as to result. In this Class you will find the best of fellowship—good music and hear a message that will make you THINK.

To be one of a hundred or more men of every denomination who are trying to do something worthwhile, makes you feel when you turn out the light at night, that you can say to the whole world "Good-night." It helps you forget your troubles of the day and the threatening things of tomorrow.

It helps you get right with your Maker, who is your changeless friend.

We will be looking for all you old members and don't forget to bring a friend. Time 9.50 a.m.—every Sunday.

MARJORIE WILSON

IN PHILA. CONCERT

Marjorie C. Wilson, of Morgan avenue, Palmyra, is one of the artist-students who will perform at the twenty-eighth annual Spring Concert of the YMCA School of Music, 1421 Arch street, Philadelphia, Wednesday evening, June 8, at 8.30 o'clock.

Part of the program will present Miss Wilson in a group of piano solos; among them will be the Sonata Op. 27, No. 2, also known as the Moonlight Sonata, by Beethoven, to be performed in its entirety. All piano soloists appearing on the program are students of B. Lord Kneeder, dean of the school.

This concert is open to the public.

ADVISES USE OF
BLACK HORSE PIKE

To avoid traffic congestion delays and curtail the present high accident toll on the White Horse Pike, State Highway Commissioner E. Donald Sterner today recommended that motorists take the Black Horse Pike in driving from Philadelphia and Camden to Atlantic City and other southern seashore resorts.

The distance over the two routes is practically the same but the Black Horse Pike, Route 42, is of later construction and is partly of the safety island divided roadway type, the safety factor that prevents the head-on crashes that takes the worst toll in dead and injured. The White Horse Pike is a three lane highway built over 20 years ago. Insufficient funds prevent its reconstruction.

Few Delays

Another advantage of the Black Horse Pike is that it passes through sparsely settled areas practically free of pedestrian traffic and traffic lights with resulting delays.

From the Camden airport circle both the White Horse Pike, Route 43, and the Black Horse Pike, Route 42, are reached by traveling over Route 45.

The Black Horse Pike begins at the traffic junction with Route 45 at a distance of two and three-tenths miles from the Camden airport.

One tenth of all the food raised in the United States year after year goes to feed destructive insects, the country's total loss from insects of all kinds amounting to \$3,000,000,000 a year.

COMMENT

The illuminated stretch of the White Horse Pike, near Absecon, certainly makes night driving as easy as that during daylight hours. The amber-colored lights are easy on the eyes, eliminate objectionable glare and permit complete vision of the shoulders of the road, even when cars are approaching in the opposite direction. It is to be hoped that funds will soon permit such installations on the main arteries of traffic.

Many Memorial Day parades were held as usual this year, but in many communities, the first time since this holiday was established, no member of the Grand Army of the Republic participated. The time will soon be at hand when no veterans of '61 will be alive to honor this holiday with their presence.

A sign on the grandstand at Memorial Park reads, "No children under 16 allowed in this stand unless accompanied by an adult." A fine idea and the ruling should be enforced.

BIRTH

Mr. and Mrs. Allan Taylor, of Cinnaminson avenue, Palmyra, are receiving congratulations on the birth of a son, James Morgan Taylor, at Zurburg Memorial Hospital, Riverside, on May 26.

George Rogers Clark, American "frontiersman," began his career at 19, when he left home to become a surveyor of lands along the Ohio river.

NELSON EDDY IN
CONCERT HERE—'29

In view of the present popularity of the individual concerned, the following article from the 1929 files of The New Era may be of interest: "On November 19, at two-thirty p.m., a Musical Tea will be given by the Music Section of the Riverton Porch Club, at the home of the Misses Biddle, Lippincott and Bank avenue.

"Nelson Eddy, a baritone of high standing, who has appeared with the Philadelphia Civic Opera, and who is very well known on the concert stage, has been engaged for the event.

"His beautiful voice and his charming personality have won for him a large number of admirers. Theodore Paxon is the pianist and his talent alone is well worth going to hear."

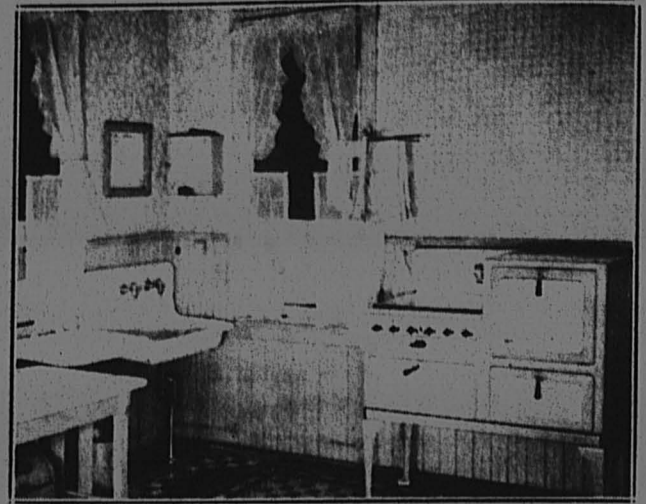

NEW LOCATION
OF VOTING PLACE

Subject to the approval of the county election board, the building at 607 Main street, will be used as a voting place for the next election, according to an announcement made this week by Daniel M. Clifton, borough clerk of Riverton.

The change was made necessary due to the fact that Dreers will occupy the store in the Collins building, which has been used for this purpose over a number of years.

With the Collins building no longer available, there are few locations in the district that could be utilized for this purpose.

THE SAME KITCHEN!

These two pictures of the same kitchen were taken by a New Era photographer. The first was taken before alteration and the second taken after remodeling and the installation of L.H. & H. Steel Kitchen-Unit Cabinets, by George Friday, Jr.

Here is proof positive of what a few dollars can do for the appearance and workability of your kitchen.

George Friday, Jr., is the exclusive dealer for L.H. & H. Steel Kitchen-Unit Cabinets in this vicinity and he cordially invites your inspection of this and other installations. Telephone, Riverton 937 for full particulars—no obligation.

Semi-Final Round
A. P. Gregg beat R. J. Woods 2 and 1, in the semi-final round of the Walter H. Lippincott Trophy Tournament. Mr. Gregg will play the winner of the Wallace-Lamon match in the other half of the bracket in the finals.

The winners in the Flag Tournament held on May 30 were: L. B. Jackson, first; Dr. E. A. Meyer, second; W. D. Lamon, Jr., third.

In the Costume Tournament on May 29, Mr. and Mrs. Richard Lippincott won first prize for low gross, with C. Brook Wallace and Mrs. J. C. Anderson taking second.

Low net honors were taken by Mr. and Mrs. J. E. Lippincott, first, and Mr. and Mrs. R. S. Charlton, second.

ABOUT THE COUNTY

Attorney Alex Denbo, of Burlington, was recently appointed commissioner of the Supreme Court of New Jersey.

Beginning June 1, Browns Mills and Juliestown are to be made non-agency stations of the Pennsylvania Railroad.

The twelfth motor fatality this year in Burlington county occurred last week, when Frank Wojieszack, of Trenton, was killed while walking along the highway, at Bordentown.

No decision has been reached regarding the proposed legislation for the purchase of the Rancocas Stock Farm, at Jobstown, as a site for a state insane hospital.

ABOUT TOWN

A five year lease has been signed by the post office department for the building now occupied by the Riverton office, on Main street.

Workmen have already started operations in preparing the Collins building for occupancy by the Dress organization. Only the J. S. Collins store will not be used by the nursery firm. Several organizations are looking about for a new meeting place, since the hall in the building will no longer be available.

In addition to the street flags, there was a goodly display of the National Colors by local residents, on Memorial Day.

The three large fuel oil tanks in the rear of the Joseph T. Evans property, Riverton, have been placed on steel uprights.

Chief C. Morris Beck, of the Palmyra police reported that shore-bound traffic was heavy on Friday evening and Saturday of last week.

FOOD FACTS

Do You Know That—
When 2 tablespoons of milk and 1 teaspoon of butter are added to a potato of medium size, the mixture resembles the imaginary "perfect food," furnishing elements essential to health.

Most of the 20,000,000 pounds of garlic consumed in the United States is grown in California.

14 year old popcorn retained its popping quality when stored on the cob at the New York Agricultural Experiment Station at Geneva. These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.

Westfield Friends'
School

Gretchen Kieckhefer and Joan Anderson were in charge of an interesting and well attended assembly on Friday, May 27. This is to be the last of this school year. The second grade gave an original play entitled, "Talking Skyscrapers." The third and fourth grades presented a scene from the life of Columbus. Following an interesting and educational trip to historic points of interest in Philadelphia, the fifth and sixth grades presented talks by individuals.

The annual fair and supper was held on Wednesday, June 1. This was followed by an address by George Walton, principal of George School in the Meeting House for the adults and parents. The children were entertained in the school by a magician show.

The Commencement Exercises for the sixth class will be held in the

THE NATION'S NEWS ENGRAVERS

FREEHOLDERS IN QUIET MEETING

(continued from page 1)

the previous schedule that was adopted.

New Road Scraper

The highway department was authorized to obtain bids on a new road scraper to replace the 10 year old Austin-Western outfit which, according to Freeholder Charles R. Stout, has outlived its usefulness. The new machine, with the trade in allowance on the old one, will cost about \$5500.

The Board received notice that the township and borough aid road schedule for 1938 had been approved by the state highway department. This calls for an expenditure of \$11,516.30, 90 per cent of which will be met by the state.

Cesspool

William Yoos, of the Rancocas Textile Co., appeared before the Board to complain about highway department employees pumping out a cesspool in such a manner that the odor was obnoxious.

Although there was some controversy over the exact nature of the complaint between Mr. Yoos and Louis A. McFarland, road supervisor, a motion was passed which ordered Mr. McFarland to investigate the situation and abate the nuisance, if any existed.

Mr. Laurel requested the county to take over Springdale road. The proper officials will be notified that the request cannot be granted this year.

The following department bills were approved and ordered paid: public affairs, \$9124.80; roads, \$11,630.42; bridges, \$4024.85; revenue and finance, \$2187.46; buildings, \$12,930.65; a total of \$39,898.19.

PHILATELIC NEWSBITS

By S. E. Griffith

Fifteen more plates have been announced as having been used for printing the centers of the new bi-centennials—21846 to 21854, 21918 to 21922 and 21933 added to the numbers announced last week brings the total to 35 central subject plates. With these additions, 280 plate number combinations are available.

Plates 21903-4 and 21909 to 21922 are electrolytic plates and bear the letters EL at the top.

Speaking of plate numbers, the Constitution Ratification stamps to appear on June 21st at Philadelphia, have been printed from four plates 21905-6-7-8.

Last week I mentioned the stamps appearing from the British and Portuguese Colonies. This week the parade has increased for many of the French Colonies are issuing new values as well as changing colors and designs on several of the current stamps. The Netherlands and its colonies are commemorating the 40th anniversary of the Coronation of Queen Wilhelmina with special stamps.

The parade goes on endlessly, but let us consider the United States march of stamps this week. Probably never in the history of the U. S. Post Office Department have so many new stamps been scheduled.

Collectors desiring first day covers of the new Constitution stamp should send no more than ten covers to the Postmaster at Philadelphia who will apply the new stamp and cancel it on June 21, 1938. The covers should be no smaller than 3 x 6 inches and should bear a penciled notation in the upper right corner as to whether a single, pair, or block of stamps should be applied. Cash or money order for stamps should be enclosed.

The same instructions should be followed for obtaining first day covers of the new Delaware Swartham stamp on June 27th except that they should be sent to the Postmaster at Wilmington, Del. This stamp will be a square stamp, printed in purple ink and from advance illustrations should be one of the best looking commemorative stamps since the George Roger Clark issue of 1929.

The new regular 3 cent stamp to

MEMORIAL SERVICE

Plans for the third annual memorial service by the American Legion, Department of New Jersey, which will be held Sunday, June 5, at 2:30 p.m., are rapidly being whipped into shape.

The exercises will be held in Locustwood Memorial Park on Marlton Pike, Route 840, near Hadonfield, where the American Legion has a permanent memorial and a plot of 400 graves.

Facing the plot is a beautiful court of honor of stone and tile base with a 60 foot flag pole on which a large American flag is reverently raised every day. At the base of the flag pole is a handsome replica of the American Legion emblem, in honor of the Legionnaires resting in that section.

Preceding the exercises, there will be a military parade, with army and navy units and Legion posts with their auxiliaries.

Representatives are expected from all of the 275 Legion posts in the state.

be issued on June 16th at Washington, D. C., will be printed in a purple color and bear a reproduction of the bust of Thomas Jefferson, by Jean Antoine Houdon.

From several dependable sources comes the news that a new stamp will be printed for the Northwest Territory celebration this year. It was believed that last year's stamp would be overprinted, but now it is almost certain that the stamp will bear a reproduction of the Gutzon Borglum statue "The March Westward," mentioned in this column last week.

A new stamp, not reported before, is to be issued sometime this year to commemorate the Centennial of the establishment of the Iowa Territory. This stamp is definitely scheduled to appear but as yet the P. O. Dept., has not released any information as to date of issue, etc.

At least one new stamp, and more likely two stamps, has been scheduled for the first of the year to be issued in connection with the New York Worlds Fair.

A group of prominent American musicians, headed by none other than Walter Damrosch, has petitioned Postmaster General Farley, to issue a stamp in tribute to Francis Scott Key, author of the Star Spangled Banner.

The P. O. Dept., has been swamped, for some time and from many sources, with letters requesting a stamp in 1939 in commemoration of the 100th anniversary of baseball. With the President and Postmaster General both having weaknesses for baseball and stamps the issue seems to be a certainty.

Linn's Weekly announced several weeks ago that Congress had approved a set of stamps to be issued in connection with the International Poultry Conference to be held in this country next year. Not much has been said about such an issue lately but again it is almost a certainty that at least one stamp will appear. Mr. Farley has had to settle things diplomatically before so we shall just sit back and wait to see whether the stamp honors the chicken or the egg.

1,483,750 copies of the ½ cent Franklin stamps were sold and 224,901 first day covers were cancelled at Philadelphia on May 19.

Legal Notices

NOTICE OF SETTLEMENT

Executors Account
Estate of Ellen M. Everingham, Dec'd.
Notice is hereby given that the First and Final Account of the subscriber, Cinnaminson Bank and Trust Company, will be audited and stated by the Surrogate and reported for settlement and allowance to the Orphans' Court of the County of Burlington, at a session to be held Thursday, June 23, 1938, at 10 o'clock in the forenoon, U.S.T.

CINNAMINSON BANK AND TRUST COMPANY, Executor.

Proctor: Joseph S. Low. 5-19—6-16-38
Dated: May 13, 1938.

RULE TO BAR CREDITORS

Executors Notice
Estate of Lillian A. Thomas, dec'd.
Notice is hereby given that an order has been made by George B. Hitting, Surrogate of the County of Burlington, bearing date the 14th day of May, 1938, upon application of the subscriber, Executor, requiring the creditors of Lillian A. Thomas, late of the County of Burlington, deceased, to bring in their claims against the estate of the said decedent, under oath or affirmation, on or before Nov. 14, 1938, or they will be barred of any action therefor against the said Executor.

JOSEPH L. THOMAS, Executor.

Proctor: Joseph L. Thomas. 5-19—6-16-38
Dated: May 13, 1938.

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias to me directed, issued out of Burlington County Common Pleas Court I will sell at public sale on

THURSDAY, JUNE 23, 1938

between the hours of 12 and 5 o'clock in the afternoon of said day (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey:
ALL that certain tract or parcel of land and premises situate at East Riverton, in the Township of Cinnaminson, County of Burlington and State of New Jersey, bounded and described as follows:
BEGINNING at a point in the Northernly line of Broad Street at the distance of fifty feet Eastwardly from the intersection of the Northernly line of Broad Street with the

Easterly line of North Bellevue Avenue, and extends thence Eastwardly along the Northernly line of Broad Street forty feet in front or width to a point corner to land conveyed by William M. Johnson, Jr., to Ella Kayside, and extends thence Northwardly between parallel lines of that width or frontage at right angles to Broad Street thirty feet to the building line; then continuing on in the same direction the further distance of one hundred twenty feet, BEING Lot No. 42 and the Westernly fifteen feet of Lot No. 40, in Section No. 4, on Charles E. Price's Map or Plan of East Riverton.

Levy Debt approximately \$100.00 besides interest, costs and fees.
Seized as the property of Pyramid Beneficial Ass'n. of the State of New Jersey, a corporation, defendant; taken in execution at the suit of George W. Moore, plaintiff, and to be sold by

JOHN M. CHANT, Sheriff.

Attorney: Nathan Blank. Dated: May 25, 1938.

5-26 to 6-16-38
Printer's Fee \$18.00.

Objections, if any, should be made immediately in writing to George C. Frank of Cinnaminson, N. J.
JOHN B. KEATING, 1 Broad Street, East Riverton, Cinnaminson Township.

PORCH CLUB

A meeting was held on May 31, at 11 a.m., when the yearly reports of all departments, the Welfare and Visiting Nurse, were read and reports were given by the delegates to the General Convention, at Atlantic City.

After a box luncheon and dessert were served, the meeting was entertained by tableaux arranged by the program committee. Those presented were amusing burlesques of the bridge, art, garden, exercising and cooking departments. Each living picture was accompanied by a clever verse suitable to the setting. A soft piano accompaniment was played throughout this program by Mrs. C. S. Mears.

Congratulations . . .

to the many young men and women who are about to graduate from our local High Schools and Colleges both near and far.

To you the portals of the Cinnaminson Bank and Trust Company are always open. As you are about to take your places in business or profession we extend a cordial invitation to avail yourselves of any of the many services this Bank offers.

The experience that is ours, gained from over thirty years of uninterrupted banking service, is yours to command.

Cinnaminson Bank and Trust Co.

Riverton, N. J.

MEMORIAL DAY ROTARY PROGRAM

(continued from page 1)

tude of "I am sorry" falls on ears dulled and unresponsive. Can we not instead richly resolve to do something about it? Resolve to take a militant stand against war and all its cruelty and suffering—resolve that the peace which is the will of god shall also be the will of man.

Such a resolve would memorialize the dead in a way that the suffering living would find reimbursement in priceless coin, matching their sacrifice. Instead of narrowing ourselves in a petty nationalism when we think of our dead, would their memory not be better served by a high resolve to resist every situation which will lead to added rows of graves, new horrors, new pain and new suffering?

MUSICALE BY SCHOOL PUPILS

A musicale was given in the Palmyra High School auditorium on Wednesday evening, May 25. A large audience attended the affair.

Included on the program were numbers rendered by the toy orchestra of first grade pupils, a group of songs by the third and fourth grade chorus, rhythms presented by the second grade, vocal selections given by the fifth, sixth, seventh and eighth grades.

The harmonica band under the leadership of Arthur Seethorst, also rendered several numbers. Soloists were: violin, Eileen Rae; piano, Virginia Miles and Lillian Wells.

The accompanist was Martha Bradway and the affair was given under the direction of Dorothy M. Diener, music supervisor.

JUNIOR WOMAN'S CLUB TO MEET

The regular business meeting of the Palmyra Junior Woman's Club will be held Monday evening, at 8 o'clock, in the club room. Plans for the annual picnic will be made. Let's have a 100 per cent attendance for the final business session of the year.

Publicity Chairman,
F. V. Stephens.

ONE OF FASTEST

The "Nellie Bly" crack New York-Atlantic City flier is shown roaring through Riverton at a speed of about sixty miles per hour. This train makes no stops between Burlington and Atlantic City and averages over a mile a minute in the 82 miles between the former city and Absecon. The run is one of the fastest in the east, although other trains make higher speeds for shorter distances.

DESSERT LUNCHEON AND CARD PARTY

The Ladies' Auxiliary of the Palmyra-Riverton YMCA will hold a dessert luncheon and card party on Thursday, June 2, at 1 o'clock, at the YMCA.

If unable to attend the luncheon, plan to come to the card party. There will be door prizes. Admission is 25c and the proceeds are to be used to send worthy boys and girls to summer camp.

BLOCK SIGNALS NOT OPERATED

The block signals located on standards along the tracks of the Pennsylvania Railroad to the east and west of the Riverton station have been covered over and, under ordinary circumstances, will no longer be operated.

When traffic is heavy on the local line, however, as the case on Memorial Day, the covering was removed so that the lights could be employed to control train traffic. When the signals were first discontinued the light targets were turned at an angle parallel to the tracks.

THAT'S ROMANCE IN THEM HILLS!

Sweetheart-y Tony Martin and Marjorie Weaver romance to the tunes of Pollock and Mitchell's latest song hits and lend attractive contrast to the mad antics of the Ritz Brothers in their new 20th Century-Fox comedy, "Kentucky Moonshine," now showing at the Savar theatre.

FOOD FACTS

Do You Know That—
Studies made by the U. S. Department of Agriculture for 1935 show the cut of each dollar spent by the consumer, producers get the follow-

ing number of cents: Eggs, 66c; hens 57c; dairy products 45c; potatoes 42c; rolled oats 29c; oranges 27c; cabbage 18c; white bread 17c. Commercial saccharin is 300 times as sweet as cane sugar.
The world's most hunted fish is the herring—the most important food fish to man.

These "food facts" are compiled by the Division of Consumer Information, New Jersey State Department of Agriculture.
It isn't age that slows men up—it's lessening ambition. So long as the will to win holds out, the years will make little difference.

MANY GRADUATING
AT HIGH SCHOOL

Class of 144 Members Will Receive Diplomas Next Thursday Night

One hundred and forty-four members of the senior class at Palmyra High School will receive diplomas at the Commencement exercises to be held in the school auditorium on Thursday evening of next week, at 8 o'clock.

The Baccalaureate Service will be held on Sunday, June 12, at 3 o'clock, in the Calvary Presbyterian Church, Riverton. Rev. Charles T. Bates, pastor.

Sunday Program

The program on Sunday follows: Processional, "Grand Processional March," Gounod.
Doxology.
Call to Worship.
Invocation, followed by The Lord's Prayer.
Gloria Patri.
Response, "Psalter Selection 5 (12-25), Psalm 19.
Hymn 139 ("Coronation"; verses 1, 2, 3, 4).
The Scripture, Selections from Nehemiah.
Prayer, Choir Response.
Hymn 118 ("Son of My Soul"; omit verse 3).
Choir, "Build These More Stately Mansions," Andrews.
Sermon, "Building the City Walls," Nehemiah 4:6.
Hymn 533 ("Adeste Fideles"; omit verses 3 and 4).
Benediction, Choir, Sevenfold Amen.
Organ, "Finale, Sonata in G Minor," Storck.

Commencement Program

The Commencement program on Thursday evening is:
The Art of Living
Senior Processional, "Priests" (continued from page 10)

Fine Program
On July Fourth

At a meeting of the Riverton Fourth of July committee held last Thursday night, Councilman Robert Knight, general chairman for the day's program, announced that arrangements had been completed to have the same American Legion junior drum and bugle corps present this year that made such a hit locally last Independence Day.

These are the Robert W. Bracken Corp. of Bristol, Pa. George L. Imhoff Corp. of Philadelphia and the Howard C. McCall Corp. also of Philadelphia.

Features of the day will include the morning parade, athletic events, a prominent speaker, softball and hardball games, exhibition drill, yacht races, aquatic events, opportunity to inspect a U. S. Destroyer and fireworks in the evening.

Events will follow in rapid succession from 10 a.m. until the last piece of pyrotechnic display has died away.

Hospital Auxiliary
Membership Drive

It costs only fifty cents to become a member of the Riverton Auxiliary of the Zabrugg Memorial Hospital, an institution which is rapidly widening its sphere of service to this community.

During this week, present members will be asked to renew their membership and those not affiliated with the organization will be asked to join.

Last year, the Riverton Auxiliary was able to add an oxygen tent to the equipment of the hospital. This year, a new microscope for the laboratory is the objective. Your membership will help to realize this goal.

BANK TRANSACTS
BIG BUSINESS

The Palmyra National Bank did a huge volume of business during the latter part of last week, but the transactions were all at the payment window as the closed institution disbursed a ten per cent dividend to depositors.

On Thursday and Friday evenings, there was a long line of pass book holders that extended, on several occasions, from the teller's window out to Broad street.

Few, if any, complained about standing in line.

A. E. HARGETT IS
VICE PRESIDENT

Named to Position on County YMCA Board; Howard Taylor Retires

Relinquishing the duties of the trusteeship of the County YMCA after a period of thirty-two years, Frank W. Thacher was specially honored at the 1938 annual dinner meeting of the County YMCA Board, when he was presented a wrist watch by his fellow members. This was suitably engraved to convey appreciation for his splendid record of service. The dinner was held at the Community House, Moorestown, May 31. Singularly thirty-two fellow board members were present. Mr. Thacher, however, was the only man there whose County YMCA Board membership dated back to 1905, the organization year of the YMCA on a county basis.

Thacher Gets Token

After the regular YMCA business of the County Board had been transacted and the new officers elected, Henry F. Stockwell presented the watch to Mr. Thacher as a token of affection and esteem, which came as a surprise to the retiring treasurer.

Following Mr. Stockwell's remarks and presentation, Mr. Thacher, with apparent difficulty with his emotions, thanked the men, and in doing so again voiced his belief in this work, telling of his knowledge of the great good accomplished by the YMCA in the lives of thousands of Burlington county boys and young men, and the satisfaction he has had in the investment of his time and means.

Roberts New President

This same evening Howard G. Taylor, Jr., of Riverton, retired from the presidency of the County Board. Benjamin J. Roberts, of Marlton, vice president for the past five years, succeeded him as president. Robert C. B. Parker, of Mount Holly, and A. E. Hargett, of Riverton, were elected vice presidents. Walter P. Stokes, of Moorestown, was succeeded as recording secretary by Louis B. Forsythe, of Bordentown. Howard C. Darnell, of Moorestown, is the new treasurer.

Closing Exercises
At Riverton School

The closing exercises of the Riverton Public School will be held in the school auditorium, Wednesday evening, June 18, at 8 o'clock, when a class of 32 members will receive certificates from Hilton M. Smith, president of the local Board of Education.

The affair will also be the final meeting of the Eighth Grade Civic Club.

The invocation will be given by Rev. Charles T. Bates, pastor of the Calvary Presbyterian Church. Included among the events on the program are the presentation of a play entitled "The Listener," a debate on the subject "Resolved That Motion Pictures Have a Worthwhile Influence on Our Lives," presentation of the class gift, reading the class will, musical selections and final reports of the Club.

The graduation address will be given by the Rev. J. F. Welsh, rector of the church, who will also present the diplomas.

The first Stars and Stripes substantially in the present form is the Fillmore Bennington Flag of August 1777, preserved at Bennington, Vt. It has 13 alternate white and red stripes, large blue canton numerals 76 in semi-circle of 11 7-pointed stars and a twelfth and thirteenth larger star one in upper right and one in upper left of the canton.

Several hundred people attended the annual Field Day program given at Memorial Park, on Tuesday evening, by the pupils of the Riverton Public School.

The P.T.A. served supper at 5 o'clock and a large number of parents and friends came early to enjoy a bountiful repast at tables set under the trees along the west side of the Park.

The theme of the program was "Riverton of Yore" and various important events in the history of that community were depicted by the pupils, costumes and scenery portraying the various periods with skill and accuracy.

The first event was the Processional, led by the May Queen, Gerry Metzger, her attendants, Jeanne Werner and Harriet Smalley, accompanied by her attendants, seventh and eighth grade girls. After the crowning of the Queen, the first episode was enacted by the second grade, the members being attired as Indians. They performed a tribal dance and were followed by the first settlers, boys and girls of the first grade.

The settlers cut down trees, cleared the land, erected houses and planted crops. After this, the houses of the summer residents were erected by members of the Kindergarten.

The next event was the arrival of a steamboat from Philadelphia at the Riverton wharf. This craft was (continued on page 3)

The Commencement exercises of the Sacred Heart School will be held on Tuesday, June 14, at 8 p.m., in the school auditorium.

Sixteen members of the graduating class will receive diplomas that night. They are Frances Arndt, Rose M. Cannone, Carmela R. Cuzupe, Regina Groome, Jeanne A. Haws, James E. Hickey, Eleanor V. Kavanagh, Mary J. Kemmerle, Thomas A. Lane, Edward P. McNulty, Andrew J. Pfaff, Jr., Raymond G. Stroblin, James J. Venuto, Mary M. Villari, John A. Wallace and William J. Wallace.

The program will consist of entertainment by the primary and intermediate boys and girls and a play entitled "The Heart of France."

The graduation address will be given by the Rev. J. F. Welsh, rector of the church, who will also present the diplomas.

On recommendation of the supplies committee, of which John L. Metzgar is chairman, other awards were made as follows: Supplies—general, office, art and kindergarten, Milton Bradley, for \$200 net; domestic science, Strawbridge & Clothier, \$41.43; manual training, John H. Matlack, \$192.76.

On supplies for the janitors and athletic supplies the committee was authorized to divide the contracts, with a limit of \$135 for janitors and \$30 for athletics.

On recommendation of the supplies committee the board decided to purchase a Compton's Pictured Encyclopedia at a cost of \$61.32.

Interest Payment
Authorization was made for the payment of interest on bonds due August 1, and to retire bonds Nos. 57 and 58, due on that date. The bonds are for \$500 each. Payment of interest on new bonds due July 1, in the amount of \$1080 was also authorized.

Charles S. Rockey & Co., was appointed auditors for the books for the years 1937-38.

Miss Staman, supervising principal, who was absent owing to illness, reported by letter that she had kept in touch with school affairs and that plans for graduation and the field day exercises were being completed satisfactorily.

After authorizing the payment of the following bills, the board adjourned until June 27.

DRIVE FOR FUNDS
SECURES \$1,524

The Board of Managers of the Cinnaminson Home, at their meeting on Tuesday morning, reported 15 guests remaining from May 1. Twenty-eight guests arrived during the month and 25 were present on June 1.

During the month of May 2730 meals were served, the largest number in 1938.

The appeal for funds has netted \$1524.50 to date. However, your contribution will still be thankfully received by the Board of Managers.

In Honduras and Guatemala airplanes are now employed in spraying banana plantations.

U. S. S. DUNLAP
ARRIVES JULY 2

New Destroyer Assigned to
Riverton for Fourth
Of July Weekend

Councilman Robert W. Knight,
chairman of the Fourth of July Com-
mittee, in Riverton, has received
a communication from Lieutenant
Commander R. J. Townshend, com-
manding the U. S. S. Dunlap, that
this destroyer has been assigned to
Riverton for the local Independence
Day celebration.

According to Commander Town-
shend, the Dunlap will arrive here
some time on Saturday, July 2, and
will not depart until July 5. He
states that the ship will be open to
visitors during the stay here and
that he will be glad to welcome citi-
zens on board.

In Parade
A detail from the destroyer will
also march in the morning parade
and, as the ship has an excellent
softball team, the navy men will
probably compete with the Riverton
County League team in the
game scheduled for 1 o'clock in the
afternoon, at Memorial Park.

As soon as the Dunlap arrives at
Riverton, Commander Townshend
will pay a call on Mayor H. McIl-
vain Biddle, who will return the
courtesy with an official welcome.

About the Ship

The business of the Riverton
Board of Education Monday night
consisted largely of awarding con-
tracts for supplies for next year.

Joseph T. Evans, Inc., Riverton,
received the order for 100 tons of
Buckwheat coal, more or less, at
\$6.01 per ton. Other bidders were,
R. McAllister, Camden, \$6.26; J. S.
Collins & Son, Inc., \$6.50; H. B.
William, Palmyra, \$6.69.

Supplies

On recommendation of the sup-
plies committee, of which John L.
Metzgar is chairman, other awards
were made as follows: Supplies—
general, office, art and kindergarten,
Milton Bradley, for \$200 net; do-
mestic science, Strawbridge & Cloth-
ier, \$41.43; manual training, John
H. Matlack, \$192.76.

On supplies for the janitors and
athletic supplies the committee was
authorized to divide the contracts,
with a limit of \$135 for janitors and
\$30 for athletics.

On recommendation of the sup-
plies committee the board decided to
purchase a Compton's Pictured En-
cyclopedia at a cost of \$61.32.

Interest Payment

Authorization was made for the
payment of interest on bonds due
August 1, and to retire bonds Nos.
57 and 58, due on that date. The
bonds are for \$500 each. Payment
of interest on new bonds due July 1,
in the amount of \$1080 was also
authorized.

Charles S. Rockey & Co., was ap-
pointed auditors for the books for
the years 1937-38.

Miss Staman, supervising principal,
who was absent owing to illness,
reported by letter that she had kept
in touch with school affairs and
that plans for graduation and the
field day exercises were being com-
pleted satisfactorily.

After authorizing the payment of
the following bills, the board ad-
journed until June 27.

PALMYRA HIGH LOSES CONTEST

Locals Drop Final of Season
To Moorestown: Affair
Loosely Played

The torrid weather of Tuesday afternoon evidently was too much for the Palmyra High School ball tossers, who dropped the final engagement of the season to Moorestown. The score of the loosely played engagement was 8-7 in favor of the enemy.

The locals got away to a 3-2 lead after Metucci had been relieved by Carhart. Baker replaced the latter with the score reading in favor of the Quakers.

Local Rally

Two more runs were tabbed by the enemy during his term of office on the mound, but, in the meantime, Palmyra had knotted the count, largely through a nice rally in the fifth. In this stanza, Rothbaum and Turner doubled, while Freeman and Cole connected for singles, the latter's hit being his third of the fracas. Gibson ascended the hill in the seventh and the winning run was made while he was in action.

The affair rang down the curtain on a successful season, the Red and White dropping only two other tilts in a long and difficult schedule. Wallace, Prisco and Freeman played their last contest for Palmyra, being members of the graduating class.

PALMYRA BLANKS MAPLE SHADE

Altadonna, Palmyra's ace hurler, limited Maple Shade to a brace of hits on Monday night of this week and the locals won handily by the score of 4-0, for their third win of the season.

Ed Humes, Palmyra first sacker, proved to be the chief factor on the offense, poling out a round-tripper in the sixth frame with two men on the paths.

The local hurler fanned 10 of the opposition and did not issue a pass.

STOLEN CAR IN SMASHUP HERE

Early Saturday morning, Officer John Robinson, of the Riverton police discovered an auto, with the front end smashed in, at the intersection of Main and Eighth streets. The car had rammed a tree at the intersection with terrific force, but the driver and any people who may have been with him were nowhere in sight, nor could they be located.

It was soon learned that the machine had been stolen from Albert Freicas, of Woodbury Grove, shortly before 2 a.m.

Stolen Plates

The car had Gloucester county license plates, but these were covered with another set which had been removed from a car owned by a resident at the Riverton Country Club.

Police believe that the driver of the car must have sustained injuries, but he has not been apprehended to date, although police are conducting an extensive investigation.

JURY ACQUITS CLARENCE HUBBS

Clarence C. Hubbs, of Palmyra, was acquitted by a jury on the charge of selling goods under a chattel mortgage without the consent of the mortgagee, the trial being held on Tuesday of this week, at Mt. Holly.

The defendant was represented by Christopher N. Peditto, Palmyra attorney.

DO YOU KNOW THAT

More workers were involved in WPA and relief strikes during 1937 than were involved in strikes in either the chemical, paper and printing, tobacco, leather, stone, clay and glass or non-ferrous metal industries.

The use of cigarettes has cut cigar production from seven billion in 1919 to only 4,685,000,000 in 1935.

There are approximately 43 rail road freight cars in service for each passenger car in service.

Westfield Friends' School

Commencement

Very delightful Commencement Exercises were rendered Friday, June 3, in the Meeting House by the outgoing class of Seniors.

Members of the student body marched into the Meeting House by the rear door and sat in the facing benches. The program consisted of the following numbers:

Hear Our Merry Voices Ring—Chorus.

Scripture Reading—Richard Gid-
con.

Essay on Washington Irving—
James Marshall.

Essay on Robert Louis Stevenson—
Biddle Atlee, Jr.

Essay on Mark Twain—David
Pittenger.

Piano Solo, The Juggler—George
Conover, Jr.

Essay on James Russell Lowell—
Margaret Meyer.

Essay on Oliver Wendell Holmes—
June Rodman.

Essay on Rudyard Kipling—
George Conover, Jr.

Song, O'er the River—Fifth and
Sixth Grades.

Address to Graduates—Miss Char-
lotte Bickerton.

Awarding of Diplomas—E. New-
bold Cooper.

Richard Hollerith, who was unable to attend on account of illness, had prepared his essay on Henry W. Longfellow.

Founded 150 Years Ago

Miss Bickerton, in her remarks, gave an interesting resume of Westfield Friends' School, since its founding, one hundred and fifty years ago.

The previous Wednesday, June 1, the annual fair and supper were held on the Meeting grounds. May Dances on the green opened the events. There were attractive booths of various kinds and most appetizing supper tables. The fair was headed by Mrs. Victor Ritschard and Mrs. Howard Coe from the school committee and the mothers of the sixth class. One hundred and eight dollars was cleared. This was considered an excellent reward for the efforts put forth by the different committees.

Address

After the supper, the adults were invited into the Meeting House to hear George Walton, of George School. His address was most enlightening and given in his usual charming style.

The children were entertained in the school house by the magician, Paul Isenberg, of Moorestown.

The Garnets are pleased to announce that they came out ahead of the Blues by four points.

ABOUT TOWN

The crimson ramblers in front of Steele's Nurseries, on the Burlington Pike, present as colorful an appearance as may be found along any of the highways in this part of the state. The score of bushes are a mass of color, being at their best over the weekend.

The cold damp weather has proved ideal for aphids, especially on the maple trees in this section. This small pest has been very active and the damage has now reached a point where dead leaves are commencing to flutter down from the injured trees.

A large number of spectators assembled along the river bank, Sunday afternoon to observe the Riverton Yacht Club races and general boating activity on the river. Several canoes equipped with sails rode out the brief squall.

Fourth of July promises to be a day full of activities in Riverton and many local residents have already invited guests from out-of-town to be here for the festivities.

One of the most beautiful rose gardens in this section is that of Dr. Charles S. Mills, adjoining his residence at Lippincott avenue and Second street, Riverton.

Good temper, like a sunny day, sheds a brightness over everything. It is the sweetener of toil and the soothing of disquietude.—Washington Irving.

Health Question: Is it un- safe to eat oysters during months which do not have "R" in their names?

Doc Says:

It is not unsafe to eat oysters during the summer months, the months without an R in their names, if the oysters are fresh. Because the months from May through August include the spawning season of the oyster, the quality of the oysters is likely to be inferior to what it is during the other months of the year.

The widespread belief that oysters can not safely be used as food during months without an R in their names probably started before efficient refrigeration was made possible. Naturally during the warm months oysters would be more likely to spoil.

The federal government certifies oysters for interstate shipment. They may be eaten with safety in any month of the year.

This feature is prepared by The Medical Society of New Jersey, an organization of physicians of the state.

Sometimes when you examine an impressive looking person you find that most of his brains have run to impressiveness.—Detroit Free Press.

The Great Barrier reef, fronting the coast of North Australia, is the largest coral reef in the world. It is more than 1000 miles long and 30 miles wide.

ODD BUSINESS

Horse racing has given an unusual business to a company in Baltimore. The company makes more than 50,000 aluminum horseshoes a year. Because of their light weight—about half that of iron shoes—aluminum horseshoes take a real load from a horse's feet. Napoleon III, it is said, was the first to tinker with aluminum shoes, but was unable to acquire enough of the metal

A law giving citizenship to all native-born Indians was passed by Congress in 1924.

Sugar cane was introduced into Europe by the Moors in the eighth century.

NEW DINER OPEN AT FIVE POINTS

Finest Equipment of Its Kind
Ready for Business on
24 Hour Basis

James G. Ashby, owner of the new Empire Diner on Route 25 at Five Points, Palmyra, announces that the new establishment will be open for business today (Thursday).

The Empire Diner, the finest of its kind, is equipped for counter and booth service. It is thoroughly modern and sanitary in every respect. All foods will be kept in two big electric refrigerators. The interior will be air conditioned in the summer and heated by oil in the winter months.

New Feature

A new feature is the latest development in coffee urns, the Toast-master. This expensive thermostatically controlled unit keeps the coffee in constant circulation and is made fresh every half-hour in new paper bags instead of the old cloth bag style.

Mr. Ashby has purchased the whole corner and has built his home at the rear of the Dining Car. Ample parking space for autos is provided on all sides. The car is equipped with sanitary wash rooms for men and women.

The Empire Diner will remain open 24-hours a day, every day, and good food, courtesy and service will reign supreme.

Local Communities Get Wide Publicity

People all over the United States will learn about Riverton, Palmyra and Cinnaminson through the medium of several thousand booklets which will be distributed nationally by the Polmer-Graflex Corp., of Rochester, N. Y.

The booklets contain numerous pictures of local events and the cover is a reproduction of the front page of a recent issue of The New Era.

In addition to the booklets, 1000 copies of last week's issue of The New Era will be distributed in the same manner.

The booklets are being sent out by the Polmer-Graflex firm, manufacturers of camera equipment, to illustrate the value of a photographic department for small newspapers, based on the actual experience of The New Era.

TRIM HEDGES, ETC. AT INTERSECTIONS

A seasonal danger to motorists is the subject of a bulletin issued by the Keystone Automobile Club of New Jersey, calling upon property owners and the authorities to aid in accident prevention by trimming trees, hedges and other growths which obscure vision at intersections.

"In past years," said Trevor B. Mathews, manager of the Camden division of the club, "our warning of this danger has resulted in appreciable improvement of highway conditions. In many cases, property owners do not fully realize the hazard motorists are subjected to, and are quick to take remedial action when the matter is brought to their attention."

The club official said the danger is particularly serious at points where "slow" and "stop" signs are obscured. "Motorists on the 'stop' street," he said, "enter intersections without warning of danger or knowledge of law violation. At the same time, drivers on highways which the obscured signs are supposed to protect are placed in peril because they are expecting cross traffic to give them right of way and are unprepared for the emergency when vehicles from the cross road loom before them."

"We believe motorists should take cognizance of these conditions and approach intersections at greatly reduced speed."

"Well, he's not feeling so well today," comes answer to our telephone inquiry as to a friend's state of health. "He had a recession last night and went back to bed."—Clay Center, Kan. Dispatch.

YWCA NOTES

County Y Activities

A successful Girl Reserve Rally was held recently at the Williams Farm at Marlinton, with 144 girls from many county towns attending. Games and group singing were enjoyed, with choral selections by the YWCA club of the Bordentown Industrial School. A ceremonial of fellowship closed the program. This was the final rally of the Girl Reserve program year. Most clubs will carry informal programs during the summer. The advisers and club officers will meet to organize for the 1938-39 program year at a leadership conference at Ockanickon October 1 and 2.

The Girls Work Committee of the Burlington County YWCA board met Tuesday, Public Law office, Mt. Holly, to discuss plans for the fall program. It was voted to recommend to the clubs a program of folk music and folk dancing during the coming year as a step toward international understanding. Plans for the senior council were discussed and approved for recommendation to the clubs in the fall.

NOTICE

Blood Tests Before Marriage

Miss Emma B. Rudderow, registrar of vital statistics in Riverton desires to call attention to the new state law concerning blood tests before marriage.

The following is a summary of Chapter 126, Public Laws of 1938. Beginning July 1, 1938, each applicant for a Marriage License in New Jersey, must present a Certificate from a qualified physician, stating that the applicant has submitted to a standard Laboratory blood test for syphilis and that in the opinion of such physician, the person either is not infected with syphilis, or is not in a stage of that disease which may become communicable.

A penalty is provided for any person who misrepresents any of the facts called for on the Certificate or who otherwise fails to comply with the requirements of this act.

First—Call on a physician, give him the information he needs and have the blood samples taken; be sure to tell him to make each blood sample for "Marriage Certificate." After securing the certificates from your physician, call at the office of the Registrar of Vital Statistics of the proper municipality with the person you are going to marry, and one local witness of full age who knows you both. Be sure to have both the Certificates with you. Here you make your application for Marriage License. Each applicant must sign the Physician's Certificate in the presence of the Registrar.

The test should be made not more than thirty days before the Marriage License is to be issued, then, since a License is good only for thirty days, the maximum time is sixty days in all.

Application for Marriage License should be made not less than seventy-two hours prior to intended date of Marriage.

While this law does not become effective until July 1, 1938, it applies to all Marriage License applications made on and after June 29, 1938.

BLOWN FUSES SIGNS OF OVERLOADED WIRING

The electric current in your home is a willing servant, responding to the turn of a switch or button. But it has its peculiarities. It is always trying to get back to the place from which it started; it tries to get back over the easiest and shortest way; and it wants an unbroken path back to its source. If that path or circuit is broken, the current will not flow.

The amount of current a copper wire will carry depends on its size. That is the reason for fuses, says the New Jersey Public Utility Information Committee. These fuses are so made that they will melt and break the path or circuit of the current if the wires are overloaded to the danger point. If you are troubled by fuses blowing out, it is very likely your wires are being overloaded. The fuses are the watch-dogs of your electric wiring but it is wise to call up the electric company's service department and find out the reason for their blowing.

PUPILS PRESENT RIVERTON HISTORY

(continued from page 1)

of goodly tonnage and discharged passengers and freight. The second grade furnished the boat, freight wagon, crew and passengers.

The third grade depicted the first church service, even to a real organ. Following this, the first train arrived at the Riverton station, the rolling stock being almost the same size as engine and cars of that period. The fourth grade had charge of this episode.

Boat Races

Boat races on the Delaware were the next feature, with several sailing craft going rapidly around the course. The skippers were boys from the seventh grade.

One of the oldest industries, Dreers, was shown in active operation by nurserymen of the third and fourth grades and the school of 1870 was presented by the sixth grade.

A realistic shad fishing scene was given by the fifth grade, the nets being hauled from the boat before a large crowd of spectators, who shared in the large catch. The fishermen, wives and audience were members of the fifth grade.

The Porch Club

Girls of the fourth grade enacted one of the early meetings of The Porch Club, while the opening of the Riverton Library was also portrayed by pupils of the same class.

Boys of the seventh and eighth grades had a sports parade, and performed several gymnastic features. The girls of the same class went through the colorful evolutions of the May Pole Dance and the Recessional brought the program to a close.

Each number was received with enthusiastic applause by the large number present, who lingered at the Park until dark to enjoy a social hour.

The whole affair was conducted in a splendid manner that reflected much credit to pupils and members of the school faculty.

"Ladies and gentlemen," shouted the street corner salesman, "I have here a flexible comb that will stand any kind of treatment. You can bend it double, you can hit it with a hammer, you can twist it, you can—"

"Can you comb your hair with it?" inquired an interested listener. —Windsor Star.

Transportation Again

The South Jersey Transit Authority has applied for a \$13,000,000 loan from the United States Government to finance the construction of high speed lines in several sections of South Jersey. If the loan is granted, there appears to be no doubt that construction will be started in the not too far distant future.

Incidentally, riverfront towns are not included in the project, as it stands at present.

It may well be true that communities along the Delaware do not desire the high speed type of transportation. On the other hand, if such a system is inaugurated, there is every reason to expect an influx of Pennsylvanians to the sections served by the new line. It is quite possible that many who move across the river would be desirable fellow citizens. But—what have we to offer in the way of more modern transportation?

It seems high time that some concerted efforts were made by representatives from riverfront towns to improve this situation.

Tax Sanity

It is interesting to compare the tax policy pursued by the federal government in a previous depression with that pursued now. According to Godfrey N. Nelson of the New York Times, "The depression of 1921 was not only effectively checkmated but, wholly overcome by repealing the post-war excess profits tax, by adopting the privilege of carrying forward net business losses as deductions from income of two succeeding taxable years, by limiting the tax on capital gains to 12½ per cent, without limitation of deductions as to capital losses, and by reducing the individual surtax rates."

It's a far cry from that program of tax sanity to the program of tax insanity that is plaguing the country now. Instead of helping business to combat depression by wise tax reform, we have steadily weakened business' capacity to fight bad times, by heaping it with new and increasingly punitive levies. Is that the reason the depression of 1921 was short-lived—while the current depression, after nine long years, grows steadily more severe?

What Other Editors Say

The toy railroads in this section have streamlined rolling stock, block signals, electric eyes and everything, in fact, but the holding company and a receiver.—Detroit News.

A fellow says walking is a lost art in this country. Is that so? How does he think most of us get from where we park to where we're going?—Memphis Commercial Appeal.

At Flint, Michigan, the Buick works were blockaded. No member was allowed to enter until he had paid his union dues.—Jewell County, Kan., Republican.

"The depression exists only in the minds of the people," Jesse Jones. Don't you believe it. The minds of the people aren't anything like that deep.—Washington Post.

"It is just about impossible to get the modern child to believe fairy tales," declares an educator. When last seen, however, the voter was swallowing them whole by the dozen.—Washington Post.

Our richest oil field wastes 120,000 feet of gas to bring up one barrel of oil. This seems incredible till you visit the Senate.—Buffalo News.

"We are all on the spot," said Henry Ford in his thirty-word speech. One of the 1500 listeners rose to inquire: "Who put us in the spot?"
Everybody knew.—New York Sun.

Church Notices

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

"Children's Day" will be observed in our church this Sunday.

In the morning, at 11 o'clock, the Sacrament of Baptism will be administered and an appropriate sermon will be given by the pastor. Music will be furnished by the senior chorus choir.

In the evening at 7 o'clock, the entire service will be given over to the exercises by the children of the Church School. All parents and friends of the children and members of the church are invited to attend this service.

The last quarterly conference of this church year will be held Wednesday evening, June 15. This will be a supper conference beginning at 6.30. Immediately after the supper, the midweek church service group will unite with the quarterly conference of the Trenton district, will address the combined group and preside over the conference at 7.45. The men of the board will bring their wives and the women of the board will bring their husbands. All officers of all church organizations will make their reports in writing at this meeting.

The church and Bible school picnic is to be on Saturday, June 25. The place—Clementon.

Members and friends of the church and school are invited to enjoy this outing together.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services, Sunday, June 12th.

10.00 a.m., Bible School. The place where you may come, bring your friends and week-end house guests and rest assured that they will be well received and will enjoy an hour of good Christian fellowship.

Whether old or young, there is always a place for them.

11.15 a.m., Morning worship. As is the custom on the morning of Children's Day, there will be dedication of children before the worship service. All parents so desiring to have their children dedicated are invited to enter into this service.

Pastor Lockett's subject for his sermon will be "The Terms of Entrance Into the Kingdom."

As the summer months are upon us, the meetings of the BYPU, both Senior and High School groups, have been discontinued until fall.

7.30 p.m., Evening service. This service will be held in the Sunday School room and will consist of a program arranged for and conducted by the primary, junior and beginners' departments.

The usual mid-week prayer service is still being held on Wednesday evenings at 8.00 o'clock.

CHRIST EPISCOPAL CHURCH

Palmyra

Rev. John H. Chapman, Rector

Sunday, June 12—Trinity.

8 a.m.—Holy Eucharist. Corporate Communion for all men and boys of the parish.

10 a.m.—Church School.

11 a.m.—Choral Eucharist and sermon.

Monday, June 13—St. Barnabas Day.

10 a.m.—Holy Eucharist.

8 p.m.—Class of instruction for all people who wish to know the doctrinal and historical position of the Episcopal Church.

On June 14 there will be a bus ride and outing for the members of the parish, to Ocean City. The trip is sponsored by the St. Agnes Guild and the fee will be \$1.00. There are a few seats in the bus still to be sold. Phone Mrs. Rudolph Grob, Riverton 1077.

MUSICAL PROGRAM

AT SACRED HEART

An extensive musical program was presented by the music pupils of the Sacred Heart School, on Sunday of last week.

The program included a wide variety of instrumental and vocal, as well as several dance numbers.

Over 40 children took part in the musicale, a number of them doing difficult selections.

BAITTINGER-HOEHN

The Moravian Church, at Cinnamon, was the scene of a very pretty wedding last Saturday afternoon, when Miss Elsie Lillian Hoehn, daughter of Mr. and Mrs. Edward L. Hoehn, Sr., of Palmyra, became the bride of Kenneth Frederick Baittinger, son of Mr. and Mrs. Frederick Baittinger, of 1106 Parry avenue, Palmyra.

The ceremony was performed by the Rev. Albert J. Harke, pastor of the church. Miss Sylvia MacDonald gave several vocal selections, accompanied by Miss Verna Harke, who also played the wedding march.

The bride was given in marriage by her father and wore a gown of the traditional white satin made en train, with a tulle veil. She carried a bouquet of white roses and lilies of the valley.

Miss Ruth Hoehn was her sister's maid of honor and selected a gown of aqua blue chiffon with matching halo hat and face veil. She carried Talisman roses.

Miss Violet Baittinger, sister of the bridegroom, and Miss Kathryn Lickfield, of Maple Shade were bridesmaids. Their costumes were similar to that of the maid of honor, Miss Baittinger wearing poudre blue chiffon and Miss Lickfield, peach chiffon. The bridesmaid carried bouquets of Johanna roses.

Caroline Hoehn, flower girl, wore a pink silk dress and carried a basket of sweetheart roses.

Jack Baittinger, of Philadelphia, was best man and ushers were George Hoehn, of Maple Shade and Edward L. Hoehn, Jr., of Camden.

A reception was held at the home of the bride's parents, following the ceremony. After June 13, Mr. and Mrs. Baittinger will be at home at 1106 Parry avenue.

Miss Evelyn Kathryn Seibert, daughter of Mr. and Mrs. Henry F. Seibert, of 17 Lees avenue, Collingswood, was the bride of Jean Pennington Mervine, son of Mr. and Mrs. Charles Mervine, of Lecony, at a very pretty wedding which took place on Saturday, at four o'clock, in the First Baptist Church, of Collingswood.

Rev. Eric Osterle, pastor of the church, performed the ceremony.

The bride was given in marriage by her father and wore a gown of white chiffon with a leghorn picture hat and pink accessories. She carried a colonial bouquet.

Miss Grace V. Bold, of Camden, the bride's only attendant, wore peach chiffon with orchid accessories and a leghorn picture hat. She also carried a colonial bouquet.

Albert Seither, of Palmyra, was best man and ushers were William Seibert, of Collingswood and William VanSant, of Palmyra.

A reception was held at the home of the bride's parents immediately following the ceremony.

Mr. Mervine and his bride will be at home at 205 Willow street, Delanco, after June 15.

MECHLING-BURGER

The marriage of Miss Josephine Terry Burger, daughter of Mr. and Mrs. Louis John Burger, of Roland Park, Baltimore, to William Harrison Mechling, of Moorestown, will take place Saturday, June 18, in Roland Park Presbyterian Church.

Owing to the recent death of Edward A. Mechling, father of the bridegroom, the reception immediately after the ceremony will be very small.

LOCAL GRADUATES

AT GEORGE SCHOOL

Among those who will be graduated from George School on June 13th are the following from this vicinity:

James and Richard Coe, sons of Mr. and Mrs. Howard S. Coe, of Riverton.

Eileen E. Mattis, daughter of Mr. and Mrs. Ross E. Mattis, also of Riverton.

VISITATION DAY

AT "THE SPRINGS"

The Girls' Friendly Society Holiday House, "The Springs," at Island Heights, will have visitation day on June 25. Everyone is invited to come and see the house that day.

Lunch will be served at 35 cents. Make your reservations now for a vacation at the Holiday House.

COMING EVENTS

Friday, June 10

Softball game, Memorial Park Parry vs. Fortnum

Saturday, June 11

Baseball, Memorial Park, Riverton vs. Philadelphia Red Men.

Sunday, June 12

Baccalaureate service, Class of 1938, Palmyra High School, Calvary Presbyterian Church, Riverton, 3 p.m.

Monday, June 13

Fashion Review, Palmyra Woman's Club, Society Hall, 2 p.m.

Monday, June 13

Softball games, Memorial Park Dodgers vs. Parry Bankers vs. Cardinals

Tuesday, June 14

Graduation exercises, Sacred Heart School

Wednesday, June 15

Closing exercises, Riverton Public School, 8 o'clock

Thursday, June 16

Commencement exercises, Palmyra High School auditorium, 8 o'clock

11.00 a.m.—Morning Prayer and Sermon. Special preacher, Rev. Dr. J. Ogle Warfield, rector of St. David's, Philadelphia.

The Sunday School picnic will be held on Wednesday, June 22, leaving the church at 9.30 a.m.

CHRISTIAN SCIENCE CHURCH

"God the Preserver of Man" is the Lesson-Sermon subject for Sunday, June 12, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "As birds flying, so will the Lord of hosts defend Jerusalem; defending also he will deliver it; and passing over he will preserve it." (Isaiah 31:5)

Among the Lesson-Sermon citations is the following from the Bible: "For the Lord God is a sun and shield; the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly." (Psalms 84:11)

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man, made in his likeness, possesses and reflects God's dominion over all the earth." (p. 516)

Wesleyan Men's Bible Class

There are people who can see nothing remarkable in the radiant heavens because the stars are so uneven. They must have everything uniform or the thing to them is imperfect. Each and every undertaking must tally with their own ideas or it will not be tolerated.

Such people lose lots of opportunities for really knowing some very good people and all because they will not progress beyond the point of their own personal antagonism. Acquaintance is often a great asset when others have ideas of their own.

Perhaps if you knew the Wesleyan Class better you would find that it has many virtues that conform to your ideas of something worth trying to do. We will be looking for you—9.50 a.m. Sunday.

Government is a contrivance of human wisdom to provide for human wants. Men have a right that these wants should be provided by this wisdom.—Edmund Burke

The Father of Henry Wadsworth Longfellow disapproved of his son becoming a man of letters.

PENNHURST WINS WEIRD CONTEST

Riverton Stages Seven Run Rally, But Drops Third Tilt This Season

Pennhurst A. C., of the Philadelphia Fairmount Park League, came to town Saturday afternoon and hung a 12-9 reverse on Riverton, the locals taking the count for their third reverse of the current campaign.

The fracas was one of those free-hitting affairs in which anything is likely to happen and generally does. The enemy tabbed a run in the first frame and Riverton got a pair in the third. These came as a result of Freeman's single, two errors, a walk to Harper and Sutters' timely one-baser.

Errors Help

Errors helped the Pennhurst cause in the fourth, when the invaders crossed the rubber three times, with only one hit being produced. Three infield boots and a pair of free tickets helped the cause along.

This ended the scoring until the eighth, when Pennhurst finally drove Gibson, local hurler, to cover. He was relieved by Chick Foulke.

In this torrid frame, 12 men came to bat; six scored and the sacks were still crowded when the third out came to pass.

Six ringing blows, one a triple, and two passes did the trick.

Come to Life

This rally seemed to inspire the locals to new heights for, after toying with the pitching of B. Corbi (who appeared to have nothing on the ball but saliva) for several sessions, Riverton got back into the game with a crash.

Broderston started with a single, but Harper struck to center. Baker punched out a double to admit Broderston, while McDermott and Sutters stroled. Cole jostled a one-baser to score another and, after Gibson grounded out, Leon Coles pushed over two more with his second hit. A double by Terrill and Broderston's second clout of the session saw the end of Corbi and Smith squelched the uprising.

Add Two More

The Riverton cause did not remain bright for long, however, as Pennhurst had a final shot left. In the ninth, the second man singled with one away and two more safeties after the second out pushed over the 11th and 12th runs.

The locals could not match this performance, expiring in order during their last turn at bat.

Neifer, ss	4	2	1	3	8
Cerulli, c	5	0	2	2	0
Smith, p	1	0	1	0	0

Harper's juggling act of a fly ball in the eighth caused a roar of laughter from the fans. After having apparently speared the horsehide, the ball popped out of his glove at least half a dozen times before finally becoming snared for keeps.

Paul McDermott amote what appeared to be a three-bagger in the fourth, but the opposition noted that he had neglected the important duty of tagging second base and he was called out by Umpire Swain.

Many of Pennhurst's hits were loopy affairs which persistently eluded the Riverton fielders. When the locals connected, one of the enemy always seemed to be in the right place to handle it with the greatest of ease.

Clear, sparkling ice cubes may be made by freezing water which has been boiled rather than freezing cold water as it comes from the faucet.

ALLEY GOSSIP

Mixed Bowling No. 1

In games bowled last week, the Wings took a pair from the Kools, the Pins won three by default from the Hooks, the Camels blanked the No Marks and the Luckies did the same thing to the Needles.

High singles: Small, Wings, 235; Malone, Camels, 219; Haines, Luckies, 212; Mrs. Haines, Luckies, 200.

Mixed Bowling No. 2

The Thieves and Buccaneers are tied for first place with a record of 8 and 4, while the Demons and Highwaymen are in the cellar with a standing of 4 and 8.

SIGMA KAPPA IN FIRST VICTORY

Sigma Kappa annexed its first victory in the Memorial Park Softball Loop, last Friday night, when the fraternity boys administered an 11-7 defeat to the Millside Milkmen.

The game was really decided in the third frame, when Sigma Kappa staged a rally of tremendous proportions, pushing over 10 markers, something of a record this season.

Included among the assortment of base hits was a four-ply clout by Clarence Hubbs with a full house cramming the bases. Friberg also slammed one for the circuit in the same canto.

Cut Lead

Millside played the string out to the bitter end, however, and scored four times in the last two innings, threatening to at least tie the score, when the S.K. team began to take things too much for granted.

Score by innings:

Sigma Kappa	0	0	10	0	0	0	0	11
Millside	2	0	0	1	0	2	2	7

Batteries—Millside, Stafford and Freund. Sigma Kappa, Coles and McDermott. Umpires—Lezenby and Richman.

B. Corbi, p 4 1 1 0 1

Totals 43 12 14 27 14

Score by innings:

Pennhurst	1	0	0	3	0	0	6	12
Riverton	0	0	2	0	0	0	0	2

Errors—Freeman, Cole, Gibson, Coduto, Ruff. Two base hits—Baker, Terrill. Three base hit—Greenberg. Double play—Sutters to Freeman to Baker. Struck out—By Gibson, 4; by Smith, 1. Base on balls—Off Corbi, 4; off Gibson, 4. Hit by pitched ball—Coduto, Left on bases—Riverton, 5; Pennhurst, 9. Umpires—Johnson and Swain.

From the Bench

Harper's juggling act of a fly ball in the eighth caused a roar of laughter from the fans. After having apparently speared the horsehide, the ball popped out of his glove at least half a dozen times before finally becoming snared for keeps.

Paul McDermott amote what appeared to be a three-bagger in the fourth, but the opposition noted that he had neglected the important duty of tagging second base and he was called out by Umpire Swain.

Many of Pennhurst's hits were loopy affairs which persistently eluded the Riverton fielders. When the locals connected, one of the enemy always seemed to be in the right place to handle it with the greatest of ease.

Clear, sparkling ice cubes may be made by freezing water which has been boiled rather than freezing cold water as it comes from the faucet.

ATHLETICS BEAT PARRY FIREMEN

Flareup in Second Inning Gives Farmers Edge; Cardinals Win

The Parry Firemen, who appeared to be strong pennant contenders until they met Broadway, suffered another

DODGERS ANNEX THIRD DECISION

Brey Fireballs Millside to 7-1
Reverse: Cardinals Top
Sigma Kappa

The Dodgers, with the help of Brey's cannonball hurling, crashed into the win column again on Monday night, at Memorial Park, when they registered a 7-1 victory over Millside.

The win pushed the Dodgers up into a tie for third place with Parry and sent the Millmen back into a four-way tie for the cellar berth, the other occupants being Sigma Kappa, Bankers and Fortnum.

Close Until End

Millside did not subside without a struggle, however, as the score read 3-1 in favor of the Dodgers as late as the sixth frame. Timely hitting, interspersed with a few errors, gave the winners a brace of markers in each of the seventh and eighth frames to settle the affair.

Score by innings—
Millside 1 0 0 0 0 0 0—1
Dodgers 1 1 0 1 0 2 2 x—7
Batteries—Millside, Freund and Griffith; Dodgers, Brey and Menke-lich. Umpires—Carhart and Alway.

Easy for Cardinals

Sigma Kappa got off to a four run lead in their game with the Cardinals, but the latter came back with a terrific onslaught in the following stanza to push seven large runs over the rubber. From then on the game was in the bag for the Red Birds as they barged out a total of 16 hits and tallied four more times in the fourth.

The fraternity boys connected with the offerings of Long, Card hurler on numerous occasions, but he was stingy with hits when they meant runs. Two singletons in the fifth and seventh were all the losers could produce in the matter of scoring.

Score by innings—
Cardinals 0 7 0 4 0 0 0—11
Sigma Kappa 4 0 0 0 1 0 0—5
Batteries—Cardinals, Long and W. McCann; Sigma Kappa, Baker and McDermott. Umpires—Rottenbury and Richman.

Riverton Blanks Beverly Outfit

A smooth-working Riverton team handed Beverly a 9-0 defeat, at Memorial Park, on Friday night, the game being the fifth win of the locals in the Burlington County Softball League.

Tony Gonteski polished off the opposition in fine style, allowing only three scattered hits. The homesters pounded out 12 safeties, bunching most of these bingles in the first two stanzas to cross the rubber on seven occasions.

As the season advances, it appears certain that Riverton will give the other contenders a hard race for the championship. The local outfit has everything necessary to annex the crown—a wealth of pitching material including Pouke, Knight, Gonteski and Anderson, a fast infield, hard hitting outfield and, most important of all, ample reserve strength.

Only Two Losses

To date, Riverton has lost only two games, both being away from home where, according to reports, the playing fields resemble sand dunes or overgrown pastures. Return engagements will probably tell another story.

Score by innings—
Beverly 0 0 0 0 0 0 0—0
Riverton 5 2 0 0 1 0 0 x—9
Batteries—Beverly, Morgan and Sedgley; Riverton, Gonteski and Shaeffer.

POSTMASTERS TO CONVENE JUNE 10

The annual convention of the New Jersey Chapter of the National Association of Postmasters of the United States will be held in the Madison Hotel, Atlantic City, on June 10-11. Those in charge of the affair expect that nearly the entire membership of 500 will be in attendance.

Postmaster General Farley will be the principal speaker at the banquet, on Saturday evening.

YACHT CLUB YARNS

BY NUTE
AND
MIKE

Wednesday evening drifted in to bring us a closely contested Comet race for a change. Ed Merrill slipping from his usual form, was greatly annoyed with Lynn Hendrickson taking an early lead. This lead was never the less, gradually chopped down by Merrill who succeeded in crossing the line a boat length ahead.

The tournament will be opened by an outstanding figure in big league baseball, probably Tris Speaker or George Sisler. Officials and scouts from several clubs in the major leagues will be present.

First Game

Florence and Burlington or Beverly are scheduled to take the field, following the ceremonies at 6:15 p.m. The schedule of games will continue the following day, Saturday, June 18, with a double header, first game called at 1:30 p.m.; Sunday, June 19, double header, first game at 1:30 p.m.; Friday, June 24, single game, called at 6:15 p.m.; Saturday, June 25, double header, semi-finals, first game called at 1:30 p.m.; Sunday, June 26, finals to decide district championship. Admission will be 25 cents.

Duster Series

Saturday's Duster series race again found Bob Lippincott the winner, outlasting the other boats by 20 minutes. Howard Lippincott just managed to nose out Bert Shoemaker for second honors. Gladney, T. Coe and Bill Shoemaker had a "private" fight for the next three positions and finished in that order. Last, but not least, came Buck Parsons as anchor man. Totalling the points after the fourth race of this series, Bob Lippincott leads with 23 points, Howard Lippincott 19 points, William Shoemaker 17 points, T. Coe and Bert Shoemaker 15 points, L. Gladney 10 points and William Parsons 9 points.

Comets

Whether or not anyone made good our recent threat to tie a bucket to Ed Merrill's "Shuffly" we couldn't say; but—Saturday afternoon, bucket or no bucket, Merrill won again. Second honors here were taken by Mike Fuller in the "Hendrickson" boat. Third position went to the "Hatch" boat with Ted Hume at the helm. The ratings at the middle of this series stand: Ed Merrill 13 points, Jack Wright 7 points, Lynn Hendrickson 6 points, Phill Sommerville 3 points and Jerry Hatch 2 points.

Sunday Upsets

Sunday was a calm day; that is, up till it started to blow. Then the major sport of the day was betting who's boat would upset next. First honors went to Stetson's "Hat." The No. 2 position was captured by Parsons' "To-Mater." Third place went to Bill Shoemaker's "Zephyr." Fourth in the upsetting events went to Tom Coe's "Ginger." Immediately the sport of the day changed to donning "Sou' Weasters" etc. and righting unrighted boats. Among the notables seen in this activity were Alan Ransom, Fritz Steiner, and Mike Elliott under the expert supervision of Mrs. T. Coe.

It couldn't have been my colleague "Mike," that cracked up the good ship "Claraclena."

ABOUT THE COUNTY

Burlington merchants are incensed over the fact that the City Council purchased a new ambulance from a Philadelphia concern after five local dealers had submitted bids on the equipment.

Frederick Reagers pleaded non vult to a charge of breaking and entering the Jensen Mig. Co., of Palmyra, upon being arraigned before Judge Hendrickson last week. Reagers is alleged to have stolen a quantity of brass sheets and bolts.

The new date for the trial of the Parkers has been announced as September 7. The affair is to be held in Brooklyn.

A large demand for tickets is reported for the testimonial dinner planned for Clarence G. Price, at Log Cabin Lodge, Saturday, June 18.

RED CROSS MEETING

The regular meeting of Burlington County Chapter American Red Cross will be held in St. Mary's Guild House, Burlington, on Tuesday, June 14, at 2 p.m.

All members of the Red Cross are asked to attend, as Charles L. McFarland, newly appointed field representative, will be present.

COUNTY BASEBALL TOURNEY JUNE 17

Opens at R. D. Wood Park,
Florence: High Honors
For Winners

Burlington County's District Semi-Pro Baseball Tournament under the auspices of the National Semi-Pro Baseball Congress, will be officially opened on Friday, June 17, at R. D. Wood Ball Park, Florence, N. J., according to announcement made by Lawrence G. Mingin, District Commissioner, in charge of the tournament.

The tournament will be opened by an outstanding figure in big league baseball, probably Tris Speaker or George Sisler. Officials and scouts from several clubs in the major leagues will be present.

First Game

Florence and Burlington or Beverly are scheduled to take the field, following the ceremonies at 6:15 p.m. The schedule of games will continue the following day, Saturday, June 18, with a double header, first game called at 1:30 p.m.; Sunday, June 19, double header, first game at 1:30 p.m.; Friday, June 24, single game, called at 6:15 p.m.; Saturday, June 25, double header, semi-finals, first game called at 1:30 p.m.; Sunday, June 26, finals to decide district championship. Admission will be 25 cents.

Teams Entered

Teams entered in the tournament are, Beverly, Florence, Burlington, Riverside, Vincentown and Medford in the American Division of the County Baseball League and Burlington in the National Division of the same league.

The team that is crowned the champions of the tournament, will receive a beautiful gold trophy, will represent Burlington county in the New Jersey State Tournament, which will open at Dunn Field, Trenton, July 24 and continue to July 27, and on August 1 to 5 inclusive, to decide the New Jersey champions, the winner of which will receive an appropriate trophy emblematic of the honor and \$1000 in cash.

PALMYRA DROPS CLOSE CONTEST

Palmyra dropped another close tilt in the National Division of the county league, Sunday afternoon, at Riverside, the locals coming out on the short end of a 5-4 tally.

After jumping into a 3-0 lead in the initial stanza, the locals were unable to hold the opposition and Riverside compiled what proved to be the winning markers in the eighth.

Yanick, Palmyra hurler, allowed only five hits and pitched a brand of ball that should have earned him the decision.

PHILATELIC NEWSBITS

By S. E. Griffith

This week our column is shrouded with sadness over the most untimely death of our friend "Herb" Shatz. Death came suddenly on Tuesday of last week, in Philadelphia, following an appendectomy. Unfortunately, the news reached us one day late for announcement last week.

Herb's friends in Palmyra and Riverton were many and his passing will be felt by the junior collector as well as the adult. For many months as "Uncle Herb" he had conducted a Junior Club over the radio. He started the international stamp exchange known as the "Four Corners" which reached into every stamp issuing country of the world. Although he was but a young man, he was an accepted authority on stamps. In 1937 and 1938 he was a judge of the National Stamp Exhibitions held at Atlantic City. He aided in starting the Palmyra-Riverton Stamp Club season this past year by being their first speaker in September 1937.

The passing of Herbert Shatz has been felt wherever stamps are collected and it is hard to think this personal friend to many of us has closed his albums for eternity.

I want to thank E. C. Pratt of the Courier-Post for his congratulatory article in his stamp column, and also the compliment paid by quoting my item concerning the status of the Spanish Constitution Stamp. E. C. is an up-to-the-minute stamp columnist and last week when I was describing the future U. S. stamps he was predicting a Gettysburg commemorative for July 3rd.

The Post Office Department has planned a schedule for releasing the new stamp issues for the balance of this year. During June, the Constitution Ratification stamp, the Delaware Swedish stamp, and the 3 cent value of the Presidential series will be issued.

Starting with July, and continuing until the end of the year, five new stamps will be issued each month. The stamps included in this schedule are: the Iowa and Northwest Territory commemorative stamps, and 27 more values comprising the Presidential Series. The regular postage will be issued in the sequence of their values except for the \$1, \$2 and \$5 stamps. These will be interspersed with the other values for the benefit of first day cover collectors.

With at least one new stamp promised for 1939 to be issued in connection with the New York World's Fair, we naturally ask, "What about the San Francisco World's Fair being held next year also?"

Sol Bloom, Congressional Representative from New York, has announced that 40 countries will issue, or have all ready issued stamps in honor of the U. S. Constitution.

New British Colonial Issues

The ever popular British colonial stamps have been favored by many collectors. The stamps are well engraved and well deserving of their popularity. New stamps are appearing daily with the portrait of King George VI replacing the portrait of King George V. Some of the colonies are issuing new pictorial sets.

Colonies issuing stamps portraying King George VI are as follows: Antigua (10 stamps) 1/2 to 5s; Australia (1 stamp) 1/2; Bahamas (4 stamps) 1/2 to 5s; Basutoland (11 stamps) 1/2 to 10s; Gibraltar (6 stamps) 1/2 to 10s; Hongkong (5 stamps) 10c to \$1; Kenya (10 stamps) 1c to 10s, and Nigeria (10 stamps) 1/2 to 5s.

Colonies issuing new King George VI pictorial stamps are: Bechuanaland (11 stamps) 1/2 to 10s; British Solomon Islands (12 stamps) 1/2 to 5s; Cayman Islands (12 stamps) 1/2 to 10s; Ceylon (1 stamp) 50c; Fiji (11 stamps) 1/2 to 5s; Kenya and Uganda (1 stamp) 5c; Sierra Leone (5 stamps) 1/2 to 3p, and Trinidad-Tobago (9 stamps) 1c to 60c.

SUCH IS FAME

Five thousand years of civilization and still the most famous are those who can hit, swim, swim, kick, or carry a ball.—Buffalo News.

LOCAL GRADUATES FROM SWARTHMORE

Edwin Evans Moore, of 417 Linden avenue, and Margaret Jane Heisler, of 410 Midway, graduated from Swarthmore College on June 6, in a class of 150. Mr. Moore received his degree in engineering while Miss Heisler was awarded a degree in English. Professor Einstein of Princeton University was the main speaker at the graduation exercises.

While at Swarthmore Mr. Moore has been active aside from his scholastic work, being soccer manager. He is also a member of the Society of Kwink, managers' society. Miss Heisler has also been engaged in extra-curricular activities, including the circulation staff of "Manuscript." She intends to study at business school after graduation.

CARELESSNESS IS CAUSE OF INJURIES

Driver and Pedestrian Must
Share Blame Asserts
A. W. Magee

While the drunken driver, the speed demon, and the irresponsibility of youth, cause a fair share of accidents, the element of plain everyday carelessness on the part of both driver and pedestrians exists in the majority of traffic mishaps, Motor Vehicle Commissioner Arthur W. Magee contends.

A few samples of carelessness as disclosed on reports of persons involved and expressed in forms filed with the Motor Vehicle Department bear out Commissioner Magee's opinion:

1. "Going west on Shore Road and came upon parked vehicle without lights, and in swerving to avoid collision with parked vehicle, struck vehicle going in opposite direction." (It is unlawful to park in a traffic lane at any time.)
2. "Boy on roller skates ran directly in front of car." (Drivers should take extra allowance for children playing on curb or in roadway.)
3. "Woman stepped from behind parked car into path of my car." (A common act of carelessness.)
4. "While momentarily blinded by headlights, I saw pair of legs, jammed on the brakes but couldn't stop before striking pedestrian." (Improperly adjusted headlights and speed to fast for conditions caused this accident.)
5. "From investigation, the operator was alone and while proceeding at a fast rate of speed, evidently fell asleep and crashed into highway fence, killing him instantly." (This factor was responsible for 30 deaths in 1937.)
6. "My brakes failed to hold." (Allowing for youthful impulsiveness driver who is legally required to have car in safe condition at all times.)
7. "I saw three small children playing at the side of the road. I blew my horn but while passing, one of them stepped in front of my car." (Allowing for youthful impulsiveness would have prevented this accident.)
8. "Door opened while rounding curve, causing child to fall out, landing under wheels of passing car." (Speed and utter carelessness figured here.)
9. "When I stopped to make left turn, passenger jumped off right side of truck in front of passing car." (Passengers should alight from motor vehicle only when car is at extreme right side of roadway.)
10. "Driver ahead stopped suddenly at intersection without signalling. I wasn't warned in time enough to prevent crashing." (Hand signals should be given before leaving curb, before turning and before stopping.)
11. "Driver stepped on accelerator instead of brake. Car shot through red light into another car, killing one of occupants." (A clear example of carelessness and inattention.)
12. "Was walking on highway while drunk." (112 intoxicated pedestrians were killed and 469 were injured by automobiles in 1937.)

THINGS TO WATCH FOR

Combination porch lamp and mosquito "electric chair."

A new photographic printer which makes enlargements of 35 mm. negatives at the speed of contact printing.

A new commercial method of treating eggs for storage which places them in a vacuum chamber and then dips them in carbon-dioxide oil.

A handy pump unit for campers which purifies drinking water.

Moisture-proof window curtains made of cellophane. Synthetic wool made from coffee grounds.

Street and home lamps with no filaments, but lit by radio waves.

Neon traffic lights which can be seen for greater distances than the present lights.

EVERY HAND OUT

America is a great, wide, rich continent where everybody who wants something from the government besides government.—Dallas News.

THE PEOPLE'S COLUMN

COMMUNITY HOUSE

Editor The New Era

Dear Sir,

Feeling like many others who have the welfare and civic interests of their community at heart I am endeavoring to band together a committee to obtain pledges towards a greater Palmyra-Riverton Community House.

At present the plans are no more than in their infancy, but with the full support of those who deem this a worthy undertaking and are willing to cooperate with financial support towards this memorial to youth I offer the following thumb-nail sketch.

A two story red brick building is to be erected in the town contributing the most toward the estimated goal. In it will be, a first-class dining room serving the finest foods to an appreciative public. A lecture hall where folks may gather to enjoy discourses on their favorite hobbies, a gymnasium for the athletically minded, fraternities and societies are offered its use for their social affairs and musicals. And to those who find delight in water sports—a tile swimming pool where young and old alike may splash un-mindful of the torrid heat of summer. Then for those who find happiness in silent reading, a library open to lovers of good books.

I personally feel that this plan holds possibilities, if those who have always wanted these things make some effort to break the bonds of restraint which has kept from us the full measurement of enjoyment we all so rightfully deserve.

Clifford Heywood,
112 Pear Street,
Palmyra, N. J.

WILL GRADUATE FROM MIDDLEBURY

Emily M. Barclay, daughter of Mr. and Mrs. Richard D. Barclay, of 205 Lippincott avenue, Riverton, will receive the degree of Bachelor of Arts at the 138th Commencement of Middlebury College on June 13th. Miss Barclay is a graduate of the Moorestown High School.

While in college she has been particularly active in athletics, belonging to the Women's Athletic Association for three years. She was on both the All-Middle Hockey and Volleyball teams, and captained the latter this year. She has also belonged to the Mountain Club, the French Club and the Women's Forum.

For the first time since 1899 Commencement exercises at Middlebury this June will not be held in the historic Congregational meeting house on the village green. Increased enrollment necessitates the breaking of the century old college tradition and the service will be held on the campus in Mead Chapel. Senior Week activities will also include the Class Day exercises and Alumni Day on the morning and afternoon of June 11th, and the Commencement play that night; the Baccalaureate service on June 12th. Robert L. Duffus, author and journalist, will give the Commencement address the following morning.

"The Most Beautiful Rose in France"

So that exquisitely lovely Mme. Joseph Perraud Rose was adjudged in '34. It might claim this honor in America, now in 1938, were it not rivaled by the gorgeously colored Glowing Sunset, Countess Vandal, R. M. S. Queen Mary, Victoria Adelheid, Texas Centennial and those Reddest of Red Roses—Dicksons Centennial and Crimson Glory.

Plant in your Rose border now.

RIVERTON

Mr. and Mrs. J. R. Jermon, of Seventh street, entertained a number of friends on Saturday in honor of their 15th wedding anniversary.

Miss Dorothy Wolcott, a student at Duke University, has returned home to spend the summer vacation with her parents, Mr. and Mrs. E. O. Wolcott, of Linden avenue.

Mrs. Sadie W. Perkins and Mrs. E. R. Dodge, of Riverton, are spending the month at Chalfonte-Haddon Hall, Atlantic City.

The Sacred Heart School Picnic will be held on Thursday, June 16, at Clementon Park. Bus fare will be 20 cents for children and 35 cents for adults. More details will be announced later.

The first winner in the new Miscellaneous Club run by the Sacred Heart P.T.A. was Miss Frances Smith, of Philadelphia.

The winners for the last four weeks in the stocking club run by Mrs. Lewis Bell were Mrs. Jumbler, Mrs. Roy Bowers, Mrs. Edna Oliver and Mrs. Elmer Buck, of Riverton.

Mrs. Ezra M. Carhart, Jr., of Lippincott avenue, was this week's winner in The Agnes Shop dress club.

Know Your Government

Hidden Taxes
 Don't be fooled by your tax bill because the taxes you are billed for are only a part, and sometimes just a small part of the taxes you pay. Hidden taxes—the ones you never get a bill for but just the same, every time you make a purchase—they are the taxes that cut deeply into your income. They are the taxes that most people know little or nothing about.

The following information has been compiled by the New Jersey Taxpayers Association from reliable sources and is given here for the purpose of focusing public attention upon a source of consumer expense which is "much too much" and which is the greatest factor in the high cost of the things we all use in every-day living. Space permits of listing only these few items.

Insurance Taxes
 157 Indirect taxes are hidden in funeral directors fees. When you die if you have anything of value to leave, the more it is the more your kins pay.

American life insurance companies paid enough taxes last year to cover the premium for 12 months on three billion of life insurance.

On medicine you pay 94 taxes hidden in the manufacturers price and 78 buried in that of the druggist. Luxury taxes now amount for example, to 10 per cent on radios, pianos, jewelry; 5 per cent on electric refrigerators and automobiles. More than 30 per cent of your rent bill goes for hidden taxes that the landlord must pass directly on to the tax collector.

Each telephone in New Jersey represents a yearly tax of \$6.75. In all, shoes carry 112 hidden taxes. The tax, it is claimed, equals the cost of soles and heels.

You pay \$6.95 for a \$5.00 hat, all because of taxes.

Two cents of a six-cent loaf of bread goes for taxes. In all you pay fifty-three taxes in every loaf you buy.

Taxes now amount to about \$12,000,000,000 yearly—more than either our \$11,500,000,000 annual food bill, or our \$10,000,000,000 rent bill, or our \$6,000,000,000 clothing bill.

One-half the price of a twenty-cent pack of playing cards goes for taxes.

You pay a tax of 6 cents on each package of any of the five popular brands of cigarettes you buy.

State Employment Service
 Did you know that the New Jersey State Employment Service which is affiliated with the United States Employment Service, is maintained by the Federal and State government to serve employers and applicants for employment in New Jersey? The service is free of charge to both employer and employee and brings together the employer and persons

BROADWAY THEATRE FRIDAY & SATURDAY

Alice Faye, Don Ameche and Tyrone Power in the season's hit, "In Old Chicago."

PALMYRA

Mrs. M. Wood and Mrs. Elizabeth Haughey, of Philadelphia, Miss Mary Kemmerle and Mrs. Margaret Weber, of Ventnor, spent the weekend at the Kemmerle home, Broad street.

The winner of the O.E.S. Miscellaneous Club this week was Miss Florence Stephens, of Cinnaminson avenue.

Mr. and Mrs. Reinhold Wagner, of Lawrenceville, N. J., visited Mrs. Wagner's aunt, Mrs. A. B. Powell, on Monday.

The Women's Society, of Central Baptist Church held its final meeting for the season, in the form of a covered dish luncheon and social, in the church, on Wednesday.

Mrs. Raymond Foster, of Highland avenue, has returned home from the Zurrugg Memorial Hospital with her daughter, Sandra Lee.

The Girl Scout Mothers Association, of Troop 1, will hold their regular meeting on Tuesday evening, June 14, at 8 o'clock, at the home of Mrs. H. Anders, 331 Leconey avenue.

seeking employment such as engineers, artists, teachers, commercial workers, beauticians, waitresses, mechanics, salesmen, printers, stone cutters, nurses, clerks, laborers, etc. The New Jersey State Employment Service is a division of the New Jersey Unemployment Compensation Commission and the former maintains 17 branch offices. In addition the United States Employment Service maintains 6 branch offices in this State. If you are an employer and need professional, technical, skilled or unskilled help, or if you are seeking employment, contact the New Jersey State Employment Service Division of the New Jersey Unemployment Compensation Commission, or the United States Employment Service in your locality, the addresses of which are in your local telephone directory.

Local Tax Levies
 Citizens interested in knowing the amount of taxes levied in their municipality, the amount collected and the percentage the amount collected bears to the levy, may obtain the information by writing the New Jersey Taxpayers Association, Trenton. A post card will do.

Irish Foreman—"None of you men must leave the yard till you've been searched. The boss says the engine of his car is missing."

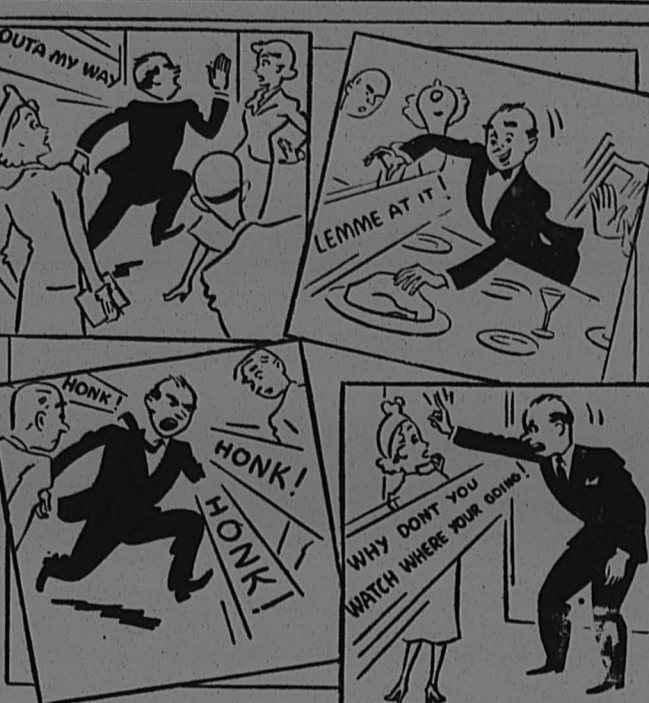

"We offer an excellent course in foreign relations?"

"Not interested! All my folks live right here in the U.S.A."—Furrow.

Japan is now threatening a 1,000-mile drive into the interior of China. The Japs should remember that the trip home is just as long and the roads aren't any too good.

Thomas Randolph, 17th century poet, wrote an elegy for a finger which had been sliced off in a duel.

If Mr. Goop Lived as He Drives

Ralph Waldo Emerson wrote: "Life is not so short but that there is always time for courtesy." There is more need for this sage philosophy now, than when he wrote it before the motor car was invented. The automobile, according to a new booklet entitled "Death Be-

gins at 40" just published by The Travelers Insurance Company, has made many of us into selfish bores. If drivers behaved as considerably when behind the wheel as they do in the drawing room, the death rate soon would be sliced to a fraction of its present appalling proportions.

OBITUARIES

ALFRED E. FOWLER

Alfred E. Fowler, 77, died on Monday, June 6, at his home, 608 Lincoln avenue. He was the husband of Martha D. Harper Fowler.

Funeral services were held on Wednesday evening at 8.30 from the Snover Funeral Home, Rev. William A. Boyd officiating.

Interment will be made today (Thursday) in the Odd Fellows Cemetery, Delaware.

The deceased is survived by his wife and daughter.

Mr. Fowler was for many years an employee of the Curtis Publishing Company.

BOY SCOUT NEWS

Annual Picnic

This Saturday Scouts and their parents will gather at Camp Mahalala for the Annual Picnic. The program which will start at 3 o'clock with a water sports program. During the remainder of the afternoon the parents will make an inspection of the camp and the work that has been done in the past spring by the camp committee. A new cabin, 20' x 20', of a new type has been constructed and will be ready for the Scouts this summer. A new type canvas cot center will be used on the cots. All of the cabins have had fresh stain put on them and the kitchen has been replenished with sheet rock sheathing and paint. Following the inspection of the camp, families will gather at various points where hungry appetites will be taken care of from family picnic baskets. In the evening there will be a sports program and as dusk falls everyone will gather at the Council Ring for the Camp-fire ceremonies.

Camp to Open July 3

The regular summer camp period will open at Camp Mahalala on Sunday, July 3. According to estimates there will be approximately 100 boys in camp each week for the four week period. To date the following Troops have signed up for Camp: Troop 3, Roebeling; Troop 4, Moore; Troop 9, Palmyra; Troop 19, Maple Shade. Most of these Troops have signed up 100 per cent of their membership.

On Monday, June 13, Troop 12, of Mt. Holly, under Scoutmaster Charles R. Smith, will hold a parade and Court of Honor at which time an award will be made to the outstanding Scout of Troop 12. Several of the musical corps will be there. An address will be made by County Commissioner Reginald H. Gill, of Beverly.

Camporees

At a meeting of the Commissioner's Staff, that was held this past week at Boy Scout Headquarters the camporee locations and judges were announced. District Commissioner D. Walter Hopkins, of the Beverly District, reported that their group would have all troops participating, and that the patrols would camp at the meeting grounds in Delanco. Judges will be Scoutmasters William B. Gibson, George B. Weigand, Dr. H. B. Brady and A. B. Branson, Sr., all of Palmyra.

TRAFFIC DEATHS SHOW BIG DROP

111 Fewer People Killed in First Four Months Than Same Period in 1937

New Jersey's traffic accident death toll during the first four months of this year was 269, a saving of 111 lives as compared with the same period last year, Motor Vehicle Commissioner Arthur W. Magee announces. The decrease is 29 per cent.

At the same time, total accidents have fallen off twelve per cent. Only one county, rural Hunterdon, had more fatalities this year than last. There the toll was eight as compared with seven last year. Four counties, Bergen, Cape May, Salem and Sussex, reported no change, while in the other sixteen counties deaths were less numerous than a year ago.

Following is a comparative four-months record of traffic deaths, together with the numerical changes:

	1938	1937
Atlantic	12	18
Bergen	29	29
Burlington	10	11
Camden	18	34
Cape May	3	3
Cumberland	3	5
Essex	41	62
Gloucester	5	11
Hudson	18	30
Hunterdon	8	7
Mercer	12	14
Middlesex	34	39
Monmouth	18	11
Morris	3	4
Ocean	3	4
Passaic	18	21
Salem	8	8
Somerset	5	20
Sussex	1	1
Union	21	35
Warren	1	3
Total	269	380

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

More About the Poppy Family

One of the most bizarre and brilliant of the garden's inhabitants is the Oriental Poppy, now blooming in all its splendor in many New Jersey gardens. Less spectacular counts are apt to be overshadowed by its glory, however, unless the gardener has taken time to become better acquainted with some of them. Several of these perennial poppies are charming additions to the garden, in spite of the fact that they cannot vie in color with the exotic Oriental.

Papaver rupifragum is an interesting member of the Poppy Family from Spain, its long-stemmed apricot flowers springing up from almost stemless bunches of finely cut leaves. It is not permitted to seed, the plant is practically ever-blooming. P. Pileosum, with brick-colored flowers, and P. atlanticum, with scarlet blooms, are both hardy and very satisfactory. The former from Mount Olympus, is known as the Olympic Poppy; the latter is from Morocco.

Iceland Poppy

There are, of course, perennial forms of the Iceland Poppy which are now highly developed and available in a wide range of colors. In most cases the older forms of this poppy are biennials, although some live for more than two years when they are not allowed to seed. The newer varieties make attractive cut flower material, but they must be cut in the bud stage. Many gardeners prefer these small, daisy-like poppies to the larger Oriental forms for use in house decoration. There are several strains on the market which vary from white to pink and from yellow to orange red, with a large number of delicate intermediate tones.

Perennials

Perennial poppies will grow well in any well drained soil, but the Iceland varieties must be provided with partial shade or a cool exposure if they are to persist. Iceland Poppies are accustomed to a northern climate and are apt to die from excessive heat rather than from

AT FOX, RIVERSIDE, FRIDAY AND SATURDAY

Alice Faye, Tyrone Power and Don Ameche "In Old Chicago."

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

The gardener's chief concern at this time of year is maintenance. He must see that shrub borders and flower beds are kept free of weeds; indeed, the early removal of weeds is the main reason for cultivating. Deep cultivation probably does more harm than good. Once germinating weed seeds have been destroyed, the only advantage of further cultivation lies in keeping the soil loosened.

Garden maintenance at this season also calls for strenuous exercise with the spray gun. Insects and fungous diseases are a constant menace to roses, chrysanthemums, delphiniums and many other plants, and it is always important to control these troubles in their early stages. As soon as the first signs of insect life appear, start spraying; otherwise, a large insect infestation extremely difficult to control may result. Particularly is this true of aphids. Recommendations for sprays may be obtained from county agricultural agents.

Roses

Roses must be covered with a spray solution or dust containing sulphur from now on in order to control black spot. The same spray is also valuable in combating mildew, and it should be applied according to the directions given by the manufacturer on the package. Most of the commercial sprays and dusts vary somewhat in strength and killing power, hence no standardized table of directions for their use can be given.

Tulips, narcissi, crocuses and other bulbs will give much better results next year if their foliage is allowed to ripen before they are dug. This is the period when bulbous plants are developing their buds for next spring, and if they are dug now they will dry off too early, with a resultant loss of flowers next season. However, if the beds in which they have been growing are to be replanted, the bulbs may be dug carefully with all of their foliage intact, and heeled in for ripening in some spot where they will not be in the way.

In a cool position, where they may have all the moisture they need, they sometimes give good results the third year. They are easily raised from seed, however, and generally bloom the first year if sown early. Many gardeners prefer to sow seeds of Iceland Poppies late in August or early in September, thus assuring a good stand of plants the following year. These plants will produce an abundance of bloom, but the importance of providing them with adequate moisture conditions cannot be over-emphasized.

FASHION REVIEW AT WOMAN'S CLUB

On Monday afternoon June 13, the Palmyra Woman's Club will sponsor a fashion review at two o'clock in the club room, Society Hall.

Mrs. Laura McCamy will show models to demonstrate her founded opinion on "The Art of Figure Grooming." Tony's Beauty Salon will be represented and one of his beauticians will speak on "The Proper Coiffure at the Proper Time."

Models of "Milady's Summer Wardrobe" will be shown by the Agnes Shop.

Refreshments will be served. Admission 25 cents. Everyone invited. Mrs. E. H. Weart, Publicity Chairman.

Two novelties are expected to grow out of the White House consultations on installment buying—the uneasy payment and the low-pressure salesman. — Milwaukee Journal.

Over 6000 persons have been killed as a result of the recent bombing raids by the Japanese over Canton. Several nations have registered protests over this atrocity. So What? A more effective protest would have been a Chinese air force strong enough to repel the raiders. In such a case, one such foray would probably have been rather sickening to the Japs.

Norman Thomas may have an important message to deliver, but evidently the citizens of certain sections of North Jersey aren't especially interested in hearing what it's all about.

COUNCIL ACTS ON FIRE APPARATUS

(continued from page 1)

LaFrance apparatus, and also the records of similar trucks in adjacent communities.

"We feel that, if this apparatus should be purchased, we would be assured of having a standard piece of equipment that would be of great service to Riverton for a number of years."

High Grass

Mr. and Mrs. J. W. Atlee appeared before council at the same session to complain about the terrible condition of the sidewalk, or lack of it, between their property on Linden avenue and Fourth street, this space being a vacant lot. They stated that grass was knee high and that roots of trees made walking impossible except in the street. Councilman David Gould made the same complaint about vacant lots near his house.

After a lengthy discussion, Mayor H. McIlvain Biddle advised that Council would try to have the situation remedied.

Lighting Resolution

A resolution was passed requesting that the Burlington County Board of Freeholders take over the lighting of county streets within the borough. This would cover electric and four gas lights on Main street and 17 electric lights on Broad street, the cost of this illumination being about \$1,850 annually.

The move was made at the request of the Burlington County Association of Municipalities.

Reports

Councilman J. W. Sylvester, reporting for the highway committee, stated that amicus was being laid on Linden avenue, between Harrison and Broad and that the next location to be included would be of Eighth street, between Lippincott and Thomas. He also stated that the gutters were being oiled on several streets.

Councilman Robert Knight reviewed the plans for the Fourth July activities.

The appointment of four special officers by the Mayor for a term of six months was ratified. Those named were William Thomason, Hobart Wright, George Horner and Roy Bowers.

Apartment

Chief Carhart reported that he, together with the county fire marshal William Smith, had examined the proposed apartment in the Evans building and that decision about issuing a permit had been reserved until further investigation had been made by Mr. Smith.

The following bills were approved and ordered paid:

The New Era, tax bills and envelopes	\$ 70.25

AT RIVERTON SCHOOL FIELD DAY

Girls of the seventh and eighth grades going through the colorful evolutions of the May Pole Dance, while the May Queen, Geraldine Metzgar and her attendants, together with hundreds of spectators view the terpsichorean performance.

KIEME McCURDY

Epworth M. E. Church, Palmyra, will be the scene of a very pretty wedding on Saturday, June 18, at 4 o'clock, when Miss Helen B. McCurdy, daughter of Mr. and Mrs. Robert McCurdy, of 1109 Cinnaminson avenue, becomes the bride of William H. Kieme, of 330 Leconey avenue.

The bride-elect has selected a gown of white marquisette and a tulle veil, held in place with orange blossoms. She will carry white roses, white snapdragons and baby's breath.

Mrs. Jefferson Edwards, of Palmyra, will be matron of honor and

will wear blue, carrying pink roses and baby's breath.

The bridesmaids are Miss Thelma Cromwell, of Palmyra; and Miss Lorena McCurdy, of Philadelphia, a cousin of the bride. They will be gowned in pink carrying Talisman roses and baby's breath.

Jefferson Edwards, of Palmyra, will serve as best man and ushers will include Robert McCurdy, brother of the bride, Thomas Himmelsbach, of Philadelphia, a cousin, Roy Lester, of Palmyra, and Wallace Zeller, of Pitman.

Mrs. Rachel Lord will play the wedding march.

After a trip to Florida, the couple will reside on Long Island. They

will be at home after July 15.

BIRTH

Mr. and Mrs. Philip Roy Dennis, Jr., formerly of 620 Lippincott avenue, Riverton, and now of Delanco, are receiving congratulations on the birth of a son, Philip Roy, 3rd, on June 7, at Jefferson Hospital, Philadelphia.

A smile calls upon only 13 muscles of the face, while a frown requires the use of 50.

Weddings take place in the United States on an average of one every five seconds.

PROPERTY OWNERS ASK ABOUT DEEDS

Lot Restrictions at Palmyra Extension Are Questioned At Township Session

At the meeting of the Cinnaminson Township Committee, held on Tuesday night, property owners in the Palmyra extension of the community requested information regarding deed restrictions in that area.

In the subsequent discussion it developed that deeds acquired from the Palmyra Extension Company contained certain restrictions. After this firm went out of business, however, title to certain lots was acquired by another organization. Some doubt existed as to whether the later deeds contained similar restrictions.

Property May Be Erected

It was alleged that a house might be erected on one of the lots that would not enhance the value of adjacent residences.

After a lengthy discussion, a course of action was suggested by the committee and further developments will await the result of a conference to be held in the near future.

Renewal of three liquor licenses was authorized, these being those of the Fork Landing Yearly Beneficiary Association, George B. Hathaway and John B. Keating.

New Application

It was decided to make a new application that the state take over Church road, from Five Points to the Moorestown township line. A similar move had no results last year, because of lack of funds.

The report of the chief of police, George C. Dorworth, showed considerable activity during the past month.

The highway committee reported that oiling of roads would be started in the near future.

DEMOCRATIC CLUB WILL MEET HERE

The Burlington County Democratic Woman's Club will hold its June meeting at the Riverton Firehouse on Tuesday evening, June 21, at 8:15 o'clock. The Hon. Joseph Sickler, of Salem, a noted speaker on historical and political subjects, will address the group. His talk is entitled, "Literary heroes of New Jersey."

The local Palmyra and Riverton groups will furnish music and refreshments. Everyone is welcome and it is anticipated that the meeting will be a large one as there will be no meetings during the summer months.

FUNGICIDES FOR FLOWERS

Whether one dusts or sprays his flowers to protect them from disease, the protective mixture is very likely to contain sulphur or copper, the two most commonly used chemicals for plant disease control.

Bordeaux mixture, commonly used to control blights and many leaf spot diseases, is an effective copper fungicide and can easily be made by the gardener himself. The directions follow: Dissolve two ounces of copper sulphate (blue stone) in a gallon of water and one ounce of hydrated lime in two gallons of water. Then pour the gallon of copper sulphate solution into the two gallons of lime solution. This will make three gallons of a 3-1-1-50 Bordeaux mixture. Three teaspoonsful of nicotine sulphate may be added to this material to destroy sucking insects. Bordeaux may also be obtained in dry form for those who prefer to dust.

Sulphur Dust

When buying sulphur dust to control rust, mildew and certain leaf spot diseases such as black spot on roses, be sure to obtain a fine dust.

A good dusting sulphur should be so fine that most of it will pass through a sieve with 300 meshes to the inch. The chemical, flowers of sulphur, available in drugstores is too coarse to adhere to the foliage readily.

Gardeners who object to the yellowish residue on the plant leaves after using sulphur may obtain green-dyed sulphur which is less noticeable.

PLAN "BOWL OF RICE" PARTIES

The Burlington County Woman's Auxiliary of the Episcopal Church met on Tuesday afternoon of this week, in the chapel of the Redeemer, at Shedaker.

A large delegation from Riverton was present at the affair.

The speaker was Mrs. William Vaughn, of Mt. Holly, who recently returned after a lengthy stay in China.

Plans were made for "Bowl of Rice" parties to be held throughout the county, in connection with a nation-wide movement to aid war sufferers in China.

Contract For Oil Is Awarded

(continued from page 1)

regarding material that had been advertised as needed last year, but never purchased.

It developed that the letter had been turned over to the highway department for investigation and Freeholder Charles R. Stout stated that the paving material had not been purchased because it had not been needed. He said that an investigation was being made as to whether it would be necessary to make the purchase.

Laid Over

The matter was ordered laid over until a report from the highway department could be made at the next meeting. Freeholder Adams voted against this, stating that action should be taken at that time.

The following departmental bills were approved and ordered paid: Roads, \$12,310.82; bridges, \$4,496.02; buildings, \$20,037.91; revenue and finance, \$2,384.64; public affairs, \$14,885.38, a total of \$54,114.76.

FOOD PRICES ARE STILL GOING UP

Retail food prices continued their upward trend during May for the second consecutive month, according to the New Jersey State Department of Agriculture. The average price of 83 food articles in New Jersey increased 1.52 per cent above the April, 1938, price. Despite this increase, the May, 1938, price was still 7.49 per cent below the price a year ago.

All meats advanced in price 1.29 per cent. This rise is due to an increase in the price of beef and poultry meats. Pork, veal and lamb were lower in price. Eggs showed an upward trend over the preceding month and all fruits and vegetables registered a 5.87 per cent increase. Sugar and sweets advanced 0.11 per cent.

Dairy products, fats and oils declined slightly and cereals, bakery products and fish as well as beverages and chocolate remained unchanged.

Health Question: What methods are used to prevent malaria?

Doc Says:

Most malaria prevention methods are aimed at the extermination of the anopheles mosquito, the carrier of the disease. These methods include:

Drainage of swamp and marsh lands, the breeding places of mosquitoes. Pouring oil on pools of stagnant water. This kills the mosquito eggs. Occasionally, certain fish that thrive on mosquitoes are planted in mosquito infested ponds.

In 1935 there were 155 cases of malaria in the state of New Jersey. Six persons died from the disease.

The material contained in this feature is prepared by The Medical Society of New Jersey, an organization of physicians of the state.

The hull of a modern 40-foot motor boat contains more than 1,000,000 brass screws.

BURGLAR SUSPECT IS CAUGHT HERE

Joseph E. Simmons of Jacksonville, Fla., was taken into custody last week by Officer John Robinson, of the Riverton police on the charge of attempted burglary. The culprit tried to gain entrance to the home of C. A. Peterson, Fourth and Thomas, by means of a second story window, but was frightened away by Mrs. Wallin, sister-in-law of Mr. Peterson.

Officer John Carhart, upon being notified of the attempt, was unable to leave his post immediately because of the school children traffic, but he notified Officer Robinson of the situation. Robinson, who was off duty, located Simmons on Route 25 a short time later.

The marauder, who is alleged to have a record in Florida, was sentenced to 60 days in jail, on a vagrancy charge, by Recorder Frank Probsting.

COUNCIL ACTS ON
FIRE APPARATUS

(continued from page 1)

LaFrance apparatus, and also the records of similar trucks in adjacent communities.

"We feel that, if this apparatus should be purchased, we would be assured of having a standard piece of equipment that would be of great service to Riverton for a number of years."

High Grass

Mr. and Mrs. J. W. Atlee appeared before council at the same session to complain about the terrible condition of the sidewalk, or lack of it, between their property on Linden avenue and Fourth street, this space being a vacant lot. They stated that grass was knee high and that roots of trees made walking impossible except in the street. Councilman David Gould made the same complaint about vacant lots near his house.

After a lengthy discussion, Mayor H. McIlvaine Biddle advised that Council would try to have the situation remedied.

Lighting Resolution

A resolution was passed requesting that the Burlington County Board of Freeholders take over the lighting of county streets within the borough. This would cover electric and four gas lights on Main street and 17 electric lights on Broad street, the cost of this illumination being about \$1,850 annually.

The move was made at the request of the Burlington County Association of Municipalities.

Reports

Councilman J. W. Sylvester, reporting for the highway committee, stated that amesite was being laid on Linden avenue, between Harrison and Broad and that the next location to be included would be of Eighth street, between Lippincott and Thomas. He also stated that the gutters were being oiled on several streets.

Councilman Robert Knight reviewed the plans for the Fourth July activities.

The appointment of four special officers by the Mayor for a term of six months was ratified. Those named were William Thomason, Hobart Wright, George Horner and Roy Bowers.

Apartment

Chief Carhart reported that he, together with the county fire marshal William Smith, had examined the proposed apartment in the Evans building and that decision about issuing a permit had been reserved until further investigation had been made by Mr. Smith.

Leaders Needed

In these dark days of 1938 when the recession has reached a new low point, when relief necessities are growing greater, business is stagnant, and grave doubts are expressed even as to the temporary efficacy of another pump-priming program, when Congress is torn by dissention and political strife seems to be increasing on every front, a great many people are asking again, what is the matter with America?

Have we become another people?

In the early days of the republic hardy pioneers crossed the plains, cleared the forests, cultivated the land and made possible the building of thousands of busy cities and prosperous villages. They dreamed of the great empire which we now have. We suffer from drought, want and depression. But so did they, and they had not, as a cornerstone, the material wealth which now surrounds us, unused and undistributed. Yet they founded a great nation, left us a heritage which we should now enjoy in abundance.

Then what has happened?

The President once said that the one thing we had to fear was fear.

Well, fear is still abroad in the land and it should be dispelled. But to banish fear and restore certainty we must have leadership, not the visionary kind, but that which can be furnished only by men of sound and established principle—builders, not theorists, men firmly grounded in traditional American doctrine rather than Oriental political mysticism.

We need break the ice jam rather than prime the pump.

What Other Editors Say

Speaking of "pump priming," what could be more horse-and-buggy?

The kind of pump that called for priming came into the world after the old oaken bucket would no longer serve.

Modern pumps are operated by steam, electric or internal combustion power.

They cannot be operated efficiently by politicians, either.—Chicago Daily News.

The trouble with a lot of these mushroom New Deal ideas is that after we have swallowed them they turn out to be just toadstools.—A Rural Ruhe.

Old timers remember when only the rich ate grapefruit. Now it's what the relief clients get. Times do change!—Rooks County, Kan., Record.

If we are told from Washington when to sow and when to reap, we shall soon want bread.—Thomas Jefferson.

A prime cause of much of the turmoil that exists today is due to man having invented so many machines that can run faster than he can think.—Oklahoma World-Herald.

They laughed at Coolidge for pitching hay in a double-breasted serge. They didn't know the time would come when the farmer would need an auditor and a natty business suit.—Detroit News.

It might be economy if the administration would go into the red ink business as a manufacturer.—Detroit Free Press.

We spend a million for a book on how to influence people, and seventy millions for a battleship to make sure.—Chicago Daily News.

While demand has fallen off for certain luxury and semi-luxury goods this year, the American public has not curtailed its buying of sporting goods and pianos.

Church Notices

CENTRAL BAPTIST CHURCH

Services, Sunday, June 19, 10:00 a. m. Bible School.

11:15 a. m. Morning worship. Pastor Lockett has selected as the subject for his sermon, "Be Natural." The choir, under the direction of their usual contributions to the service in anthems and solos.

At 3:30 p. m. the pastor has been asked to participate in the baptismal service to be held in the Evergreen Baptist Church, of West Palmyra. A number of the members of the choir will accompany the Rev. Lockett and will render vocal selections during the service.

The first of the Twilight Services for the summer months will be held in the Grove this Sunday evening from 7 until 8 o'clock. Rev. Albert J. Harke, pastor of the Moravian church will preach the opening sermon.

An hour spent at these twilight services will mean much to you. Everyone is cordially invited to join in these meetings.

CHRISTIAN SCIENCE CHURCH

"Is the Universe Including Man, Evolved by Atomic Force?" is the Lesson-Sermon subject for Sunday, June 19, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Our help is in the name of the Lord, who made heaven and earth" (Psalms 124:8). Among the Lesson-Sermon citations is the following from the Bible: "The Lord hath brought forth our righteousness: come, and let us declare in Zion the work of the Lord our God." (Jeremiah 51:10).

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary B. Clark, of Rutherford, last week. Mrs. and Mrs. Breckenridge Clark, of Danielson, Connecticut, were weekend guests of Mr. and Mrs. Clark.

THALBERG KING, OF 415 THOMAS AVENUE, WILL ENTERTAIN AT A COVERED DISH LUNCHEON AND LAWN PARTY ON JUNE 23 AT 12:30 FOR THE MEMBERS OF THE RIVERTON BRANCH OF THE ZURBRUGG MEMORIAL HOSPITAL AUXILIARY.

Rev. and Mrs. William H. Cumpston, of Long Island, visited Mrs. Cumpston's parents, Mr. and Mrs. George S. Washington this week, on their return trip from England.

Mr. and Mrs. Claude E. Anderson, of Riverton, have gone to their ranch in Montana to remain until September.

Mrs. Frank Mathews, Sr., of Riverton, and Mrs. George R. Pancoast, of Palmyra, are spending the week at the Mathews cottage in Seaside Park.

Everyone interested in the county political situation is invited to attend a meeting at the home of Mrs. Alexander C. Ward, Jr., Moorestown-Riverton Road, on Monday afternoon, June 27, at 3:30. Freeholder Walter D. Lamont will be the speaker and it is hoped that Dr. Stokes will add a few words.

The winners for the week of June 8 in the Sacred Heart Miscellaneous Club were Mrs. D. Presker, of Highland avenue, and Mrs. Hilton Smith, of Linden avenue.

The members of Delaware Fish Company No. 2, East Riverton, wish to thank all those who so generously donated and helped in any way to make their annual drive for funds a success.

Mrs. Lillian Moore, of Linden avenue, will entertain the Philathea Class at their final meeting of the season, June 23.

ENGAGED

Mrs. Betty Jane Longfield, of 533 Cinnaminson avenue, announces the engagement of her daughter, Miss Betty Jane Longfield, to Alfred B. Branson, son of Mr. and Mrs. Alfred B. Branson, of Palmyra.

A fall wedding is being planned.

The six New England States cover 66,424 square miles.

Lake Vener in Sweden is the third largest in Europe.

COMING EVENTS

Thursday, June 16
Commencement exercises, Palmyra High School auditorium, 8 o'clock.

Saturday, June 18
Baseball, Riverton vs. North Phillips. Memorial Park, 3:15 o'clock.

Sunday, May 8
Union Church services, the Grove, Palmyra, 8 o'clock. Rev. Albert J. Harke, presiding.

Tuesday, June 21
Meeting, Burlington County Democratic Woman's Club, Riverton Fire House, 8:15 o'clock.

Wednesday, June 22
Baseball, Riverton vs. Roebeling. Memorial Park, 6:30 p. m.

Wednesday, June 22
Picnic of Christ Church Episcopal of Riverton, leave church at 9:30 a. m.

Saturday, June 25
Picnic of Epworth M. E. Church, Clementon.

CHURCH NOTICES

CHRISTIAN SCIENCE

First Church of Christ, Scientist, Thomas Ave. and Seventh St., Riverton, N. J.

Sunday School, 11 a. m.

Wednesday, 8:00 p. m.

Reading Room in Church Building, Thomas Ave. and Seventh St., Riverton, open Tuesday and Friday, 2:30 to 4:30.

Wesleyan Men's Bible Class

Last Sunday the services were carried on by some of the younger men who are showing a keen interest in the class.

The Trumpeters were present and played in their usual splendid style. Keep up the good work, fellows. John A. Judd directed the scripture reading in a most sincere manner and Bender V. Hallgren brought a message of helpfulness in our every day living.

This Sunday is Father's Day. Dr. J. G. Bickerton will be the speaker. You surely will want to hear his message.

Charlie Hogg, the boy soprano, will be there—and can sing! Don't miss hearing this unusual young man.

Remember to honor your Dad Sunday. If he is still with you, send him a card, phone him, or better still, bring him with you. If he has passed to the Great Beyond, you may be sure he is waiting at Heaven's open door to welcome his boy—when he comes home.

We will be expecting you 9:50 a. m. Sunday.

MRS. HAAS FIRST VICE PRESIDENT

The New Jersey Chapter of the National Association of Postmasters, meeting in annual convention in Atlantic City, honored Burlington county by the advancement of Mrs. Merrill E. Haas, Riverton Postmaster, to the office of first vice president. The convention, held on June 10 and 11, in the Hotel Madison, was attended by ten postmasters from this county: Mrs. Haas, who served last year as second vice president; Joseph Wolfmont, of Mount Holly, member of the executive committee; George Gibson, of Moorestown, president of the Burlington County Association; James D. Magee, of Bordentown; Richard P. Hughes, of Burlington; Mrs. Elizabeth Lippincott, of Pemberton; William Cowperthwaite, of Medford; Thomas Wagner, of Marlton; Thomas Boyle, of Florence, and Miss Helen Elbert, of Vincentown.

400 Attend Banquet

Nearly two hundred postmasters heard interesting talks on the postal service and methods of improving it, at the business sessions, which were presided over by Michael H. Connelly, of Bloomfield, retiring president. Over four hundred postmasters and guests attended the banquet which brought the convention to a close Saturday evening, when the Hon. William W. Hewes, first assistant Postmaster General delivered the principal address which was broadcast from the local station.

Score by innings: 000 000 000-0 Athletics 100 000 001-1 Umpires—Carhart and Alloway.

Broadway Wins

The other engagement, which received scant attention from the fans, saw Broadway winning 3-0 over the Bankers, the Movie Men scoring singletons only in each of the last three innings.

Gonteski held the Flanders to five hits and was never in danger of being scored on.

Annex 15

Broadway covered safely on 15 occasions, but failed to develop in the way of runs.

Score by innings: 000 000 000-0 Bankers 000 001 11-3 Batteries—Broadway: Gonteski and Bartley; Bankers: Morris, Landgraf and fielder. Umpires—Rotenbury and Richman.

Observations

Jack Dawley, Oakwood executive, was noted among the spectators.

The next important game amongst the leaders is slated for Friday, June 24, when the dashing A's meet Broadway. A victory for the former will just about guarantee the first-half championship.

Diffenbaugh pitched his first game this year and hurled well enough to win most ball games, fanning 12 of the enemy.

Harper and McDermott hit timely for Riverton, but could not pull the game out of the fire.

OAKWOOD MEETS INITIAL REVERSE

Athletics Win From Champs By 1-0 Count; Game Fastest This Year

The Oakwood Cheviots were dropped from the undefeated ranks last Thursday night, when the hustling Athletics annexed a 1-0 decision in the fastest softball game played this year, the elapsed time being slightly under three-quarters of an hour.

The A's produced their only run in the initial stanza, when Headman singled into right field and took second when the ball bounced away from the fielder. He crossed the rubber on a pair of long flies to the outfield.

Only Four Hits

This appeared to be a modest beginning, but as the game progressed, the marker began to loom larger and larger. As a matter of fact, the winners connected with only three more hits during the balance of hostilities, these being produced by Swain, Phelan and Yearly. The latter played a hustling game in center, cutting off many blows that seemed earmarked for hits.

Applegate, Farmer hurler, allowed seven bingles, all being singles. E. Wallace and E. Sutters got a brace each.

Men on Bases

Oakwood had men on bases during several stanzas, but could not connect in the pinches and never seriously threatened the Farmers.

The lineup—Athletics: Applegate, p; Shaeffer, c; Phelan, 1b; Headman, 2b; Swain, 3b; Terrill, ss; Williams, lf; Yearly, cf; Conway, rf; Shea, r; Oakwood: Knight, p; McDermott, c; E. Wallace, 1b; R. Wallace, 2b; Cole, ss; E. Sutters, 3b; Yearly, lf; C. Wallace; Gibson, rf; G. Sutters, r.

Score by innings: 000 000 000-0 Athletics 100 000 001-1 Umpires—Carhart and Alloway.

Broadway Wins

The other engagement, which received scant attention from the fans, saw Broadway winning 3-0 over the Bankers, the Movie Men scoring singletons only in each of the last three innings.

Gonteski held the Flanders to five hits and was never in danger of being scored on.

Annex 15

Broadway covered safely on 15 occasions, but failed to develop in the way of runs.

Score by innings: 000 000 000-0 Bankers 000 001 11-3 Batteries—Broadway: Gonteski and Bartley; Bankers: Morris, Landgraf and fielder. Umpires—Rotenbury and Richman.

Diffenbaugh pitched his first game this year and hurled well enough to win most ball games, fanning 12 of the enemy.

Harper and McDermott hit timely for Riverton, but could not pull the game out of the fire.

Country Club Notes

South Jersey Amateur

Local golfers fared none too well in the South Jersey Amateur Tournament held last week, at Woodcrest. C. Brook Wallace, title holder last year, could do no better than 85 and surrendered his crown to Billy Goldthorpe, youthful Woodcrest star, who spun a neat 73 to romp off with the honors.

Dr. E. A. Meyer and Walter Lamont compiled the best records for Riverton, turning in cards of 80. They were followed by W. L. Hempill and Edward Lippincott with 82. H. N. Sheble and V. D. Hackett with 83 and Richard Lippincott with 84. About twenty members of the local club entered the competition.

Club Championship

The following are results in the first round matches played last week for the club championship:

First Sixteen—Wallace beat Coe, 6 and 5; Sheble beat Colwell, 2 up; Lamont beat Meyer, 1 up; Charlton beat Hiltner, 3 and 2; Hemphill beat Clark, 5 and 4; Kieckhefer beat Woodman, 4 and 3; Durgin beat Lorenz, 4 and 3; Hahl beat Tyler, 1 up; Vilasack won from Scott by default.

Second Sixteen—Kohnman won by default from Geary; Morgan beat Rutherford, 3 and 2; Tyler beat Blyler, 7 and 6; Geis beat Allen, 3 and 2; Woods won from Cooper by default; Gregg beat Chalmers, 1 up; Hollingshead beat Jones, 3 and 2; Walburn beat Hackett, 6 and 5.

Third Sixteen—Rogers won from Moore by default; Carpenter beat Peterson, 5 and 4; Fair beat Sylvester, 2 and 1; Arnett won from Moffitt by default; Bartlett beat Woolman, 4 and 3; Durgin beat Lorenz, 4 and 3; Hahl beat Tyler, 1 up; Vilasack won from Scott by default.

Wins Trophy

C. Brook Wallace retained possession of the Walter H. Lippincott Trophy for another year by defeating Walter D. Lamont, Jr., other finalist, 3 and 2, in a match played last week.

On Sunday, June 19, the local team will meet Merchantville in the Interclub Match. The event is scheduled for the Riverton course.

RIVERSIDE TOPS PALMYRA NINE

Palmyra went down to a 10-2 defeat, Saturday afternoon, at the local park, as Riverside handed the locals their seventh reverse in the National Division of the Burlington County League.

The locals have won four times and, at present, are in a tie for fifth place with Maple Shade. Burlington leads the circuit with a record of 8 and 2.

Score by innings: 000 000 000-0 Bankers 000 001 11-3 Batteries—Broadway: Gonteski and Bartley; Bankers: Morris, Landgraf and fielder. Umpires—Rotenbury and Richman.

BAKER TURNS IN NICE EXHIBITION

Hurls Shutout as Riverton Scores 2-0 Decision Over Red Men

Len Baker applied the whitewash brush to the Philadelphia Red Men, last Saturday afternoon, at Memorial Park, as Riverton A.A. won a 2-0 verdict.

Baker allowed only five hits, the last, which was made in the ninth, hardly being worthy of such a designation. His control was excellent, the only free ticket issued also coming in the final session.

Ronnenberg, Red Man pitcher, also turned in a nice performance, limiting the locals to five safeties and passing two.

Score Early

The scoring began and ended during the initial frame. Sloan, leadoff man, had a slow roller beat out, but to make it certain, the first baseman dropped the ball.

W. Baker then hit an easy double-play ball to second, but the throw to get Sloan went into left field and he continued on to third, Baker pulling up at second.

Both runners crossed the platter as Bartley's hit to short was badly handled at both ends.

Four More Hits

After this the opposition hurled was accorded better support and men on bases became a rarity.

Harper, Cole, W. Baker connected for singles, widely scattered and Sloan got his second hit late in the game, being the only player on both teams to get two bingles.

Baker was never in serious trouble, the five hits he allowed being limited to one per inning.

SPORTS CONTINUED ON PAGE SIX

YACHT CLUB YARNS

BY NUTE AND MIKE

Wednesday evening brought about the beginning of our Duster Wednesday evening series. This turned into a terrific drifting match, which was called on account of no wind.

The Comets never got started. Thursday night gave no scheduled activity, but someone started an impromptu Star boat sailing party.

Friday morning, at 1:00 o'clock, said party returned. Friday night, same procedure, time, 4:30 a. m. Saturday, Whatzis, a nite club or Yacht club?

Saturday crowned a new king of the Horizontal Club. Bill Parsons not satisfied with merely filing membership for the year, succeeding in demonstrating his unnatural ability by: upsetting not once, but twice in one day. Buck would pick a spot like the end of the "Wharf" in each race to do his act. (Plenty of witnesses).

Could it be that Buck is challenging Bert or last year's king, "The Mighty Atom" Gladney for top honors.

Shoemaker Wins

Sailing the regular race and one "makeup" race the Dusters wound up—First race: Bert Shoemaker, Bob Lippincott, Tom Coe, John Lane, Bill Shoemaker, Nute Hunn, sailing Gladney's boat, Bill Parsons upset, Howard Lippincott with drawn. Second race: Rod Merrill sailing Bill Shoemaker's "Zephyr," tallied up a beautiful victory only to be disqualified. Behind Rod came, Bob Lippincott, Tom Coe.

Bert Shoemaker, Howard Lippincott, John Lane, Nute Hunn, and Buck Parsons upset, drifting across the finish line for a smashing finish.

SOFTBALL TEAM WINS TWIN BILL

Local Entry in County League Wins from Lakano

Riverton won its seventh and eighth victories in the Burlington County Softball League, on Friday night, at Memorial Park, when Lakano, of Burlington, was defeated in a double-header.

Both contests were slated for seven innings, but the first went one frame longer, due to the fact that the teams were deadlocked at 2-all when the stretch inning rolled around.

This situation was broken in the following frame as Paul Burke smote a timely double to bring in the winning tally.

Two Homers

The second fracas started with three scoreless innings, but Riverton broke the ice in the fourth. Knight opening the session with a double. A pass to Cahill and a deliberate walk to Weikman crammed the sacks. Shea drove in one run and the Lakano hurler passed in another.

In the following stanza, Elmer Sutters drove one into deep center which rolled across Cedar street, permitting Sutters to complete a round-tripper. Tom Cahill duplicated this performance a few minutes later.

Pitch Effectively

Both Riverton hurlers, Knight and Anderson pitched fine ball and were accorded splendid support by the remainder of the team.

Score by innings:

Lakano 000 002 00—2
Riverton 002 000 01—3

Batteries—Riverton: Anderson and Shaeffer. Lakano: Martin and Smith.

Score by innings, 2nd:

Riverton 000 220 0—4
Lakano 000 000 0—0

Batteries—Lakano: Smith and Smith. Riverton: Knight and Shaeffer.

CAMDEN RODEO OPENS JUNE 19

Sports of the Old West will be revived when a hundred or more cowboys and cowgirls gallop into Camden for the first annual championship rodeo which will be staged at the Camden Dog Track from June 19 to 26 inclusive.

Eddie Otto, Sports promoter of Paterson having secured a franchise on the Eastern circuit of championship rodeos has broadened invitations to the larger ranches of the west to send their crack riders, ropers and bulldoggers to enter the contest in which several thousands of dollars will be divided into daily and final purses and awarded to the winners.

Performances will start at 8.30 each evening with three matinee shows which will be staged at 3 p. m. on Sunday, June 19th, Saturday, June 25th, and Sunday 26th.

WEDNESDAY TILTS FOR HOME TEAM

Thomas Cahill, business manager of Riverton A. A. has announced the opposition for the next two Wednesday games at Memorial Park.

On June 22, Roebeling will furnish the opposition, while on June 29, the locals will engage Haddonfield.

Both contests are slated for 6.30 o'clock.

JUDGE LIPPINCOTT IS NAMED PRESIDENT

Former Judge William D. Lippincott, of East Main street, Moorestown, was elected president of the New Jersey State Bar Association at its annual meeting in Atlantic City held recently.

Judge Lippincott was judge of the Common Pleas Court of Burlington County from 1914 to 1919, establishing an enviable reputation as an eminent jurist while serving on the bench at Mount Holly. His law offices are in Camden.

SOFTBALL LOOP CONTEST HERE

On Friday, June 17, Mt. Holly will invade Memorial Park for a County Softball League game. This will be the final home contest of the first half.

According to Jack Williams, secretary of the league, the following is the official standing up to June 10.

Team	W	L
Roebeling	9	2
Riverton	8	2
Burlington	5	4
Maple Shade	4	6
Florence	3	5
Mt. Holly	3	5
Lakano	2	7
Beverly	3	7

PARRY ANNEXES ANOTHER GAME

Firemen Trim Dodgers 6-5; Cardinals Stage 15-Run Rally Over Bankers

After getting away to a late start because of a sudden downpour, the Parry Firemen pounded out a 6-5 win over the Dodgers, at Memorial Park, on Monday night.

Both teams scored four markers in the initial frame, the Dodgers getting theirs on one hit, a pair of boots and sundry passes. In this canto, Tanner, starting pitcher for Parry was relieved by Jack Windish, who blanked the Dodgers until the eighth.

Not to be outdone, the Firemen staged a brisk rally in the lower half of the same inning.

Homer Helps

After two of his mates had connected with the offerings of Ike Hylton, Dodge pitcher, Windish smote one along the right field foul line for a grand slam. These markers, with one scored previously, tied up the fracas.

In the eighth, an error and a wild heave to first put a member of the Dodge cast on second and Flannigan sent him home with a brisk single.

Parry again proved equal to the emergency, first tying the scoring and then tabbing what proved to be the winning marker. Hits by Frenzel, Winters and McKee proved to be the deciding factors.

Score by innings:

Dodgers 400 00010—5
Parry 400 000 020—6

Batteries—Parry: Tanner, Windish and Bonnatelli. Dodgers: Hylton and Fratin. Umpires—Rotenbury and Richman.

The Bankers Fold Up
The Banker-Cardinal game started off in a mild fashion, with neither team coining a run in the opening frame. The Bankers were also blanked in the second, but the deluge (and not rain either) started when the Cards took their second turn at bat.

During this session, 15 runs swirled over the rubber, some coming singly and others in large gobs. Base hits were not especially abundant, but errors played a most conspicuous role.

Cast Fades

At the end of the inning, the Cards finally being retired without the aid of the firemen, several members of the Banker team found that they had important engagements elsewhere. This necessitated calling upon the reserves, but the subs could not fill the many gaps in the lineup and the game was officially over.

After holding Broadway to a 3-0 win last week, the collapse of the Bankers was a rude jolt to those who felt that this outfit was about to go places.

QUOT COURTS READY FOR USE

The fine quilt courts, located in the rear of Society Hall, Palmyra, are now ready for use and an invitation is extended to residents of Palmyra and Riverton to take advantage of the opportunity to engage in this popular pastime.

The courts are available any afternoon and evening and there is no charge for their use.

Those in charge of teams, or who may be interested in forming a team are requested to advise Thomas Schwink, at the police headquarters, Palmyra.

FIRST CONTEST IN BALL TOURNEY

Florence and Beverly are scheduled to meet in the opening baseball game of Burlington County's District Semi-Pro Baseball Tournament at R. D. Wood Ball Park, Florence, N. J., Friday, June 17, at 6.15 p.m., daylight time.

An outstanding figure in big league baseball will officially open the tournament followed by brief program of ceremonies, including introduction of officials and scouts from major leagues, music and flag raising.

The following day, Saturday, June 18, a double-header is listed, the first game between Burlington-Niagara and Medford at 1.30 p. m., and the second between Riverside and Vincentown. Two games are scheduled for Sunday, June 19, in which Burlington and winner of Florence-Beverly game will participate in the first game, starting at 1.30 p. m., and the second game between winner of Burlington-Niagara and Medford game and winner of Riverside and Vincentown game, the first game called at 1.35 p. m.

ABOUT THE COUNTY

Riverside has \$94 in its ambulance fund and \$1235 in the pumper fund.

The "Buy at Home" campaign, in Mt. Holly, got off to a fine start last week.

Bordentown is holding a tag day to raise funds for the Fourth of July celebration in that community.

Freeholder Albert C. Jones is recuperating at Lake Forting from his recent injury and according to the latest reports, is getting along nicely.

Burlington City Council has approved plans for a \$150,000 annex to Wilbur Watts High School. Application will be made for a federal grant to aid in financing construction.

BASS SEASON OPENED IN N. J. ON JUNE 15

Opening of the bass season on June 15 will bring new joys to thousands of New Jersey anglers who have been active during the past two months along the trout streams of the state. George C. Warren, Jr., president of the State Fish and Game Commission, announced this week. The season remains open until November 30.

Game warden are instructing anglers to note bag limits for bass and the legal size of the fish to be taken. The Black, Oswego or large mouth bass must be at least nine inches long to be retained. The minimum size for Calico bass and Croppie is six inches. The daily bag limits permitted in the state are ten in all of Oswego and Black bass; twenty rock bass; twenty in all of Calico bass and Croppie.

PEDITTO GIVES TALK

Christopher N. Peditto, of Palmyra, County Solicitor, gave an address on "Americanism" at the meeting of the Mt. Holly Republican Club Tuesday night at the Court-house there.

A wind-blown seed produced in Prospect Park, Brooklyn, three trees in one. Oak, gum and chestnut grow from a single tree.

DAD'S DAY

(Sunday, June 19th)

Perhaps you've forgotten next Sunday is Father's Day. Usually Ma and the kids get all the breaks, Pa's everyday loving kindness being taken for granted. The men who don't like red are mighty scarce, so why not give him a beautiful red-flowering rose—say a Crimson Glory—for his garden. Or any of the many other charming varieties that we have in fine sturdy plants.

HENRY A. DREER, Inc.

If his Rose garden is complete he may want a new tool or garden gadget. Remember Dreer's are Headquarters for all garden-material, Insecticides, Fungicides, Tools, etc.

Open weekdays from 8 a.m. until 5 p.m. and on Sunday (but not for business) from 1 until 5 p.m.

THOUSANDS- of New Jersey People Know the Joys of an Unfailing Hot Water Supply

QUOTING testimonials from people throughout the state speak eloquently of the advantage which a gas automatic water heater brings to the home. Abundant hot water at the turn of a faucet is an invaluable aid to the business of housekeeping—and this economical feature costs little more than the old steam-heating light-and-wat method.

Of durable tested construction and maximum operating economy, the 1938 gas automatic water heater is worth your careful consideration. Ask your plumber-dealer or our representative to call and tell you about this member of the gas appliance family.

PHILATELIC NEWSBITS

By S. E. Griffith

A letter this week from E. M. Hawes, Executive Director of the Northwest Territory Celebration Commission, contained the following information concerning the new stamp to be issued on July 15:

"This will not be a surcharged Ordinance of 1787 stamp as has been discussed and variously rumored, but will be a new 3 cent stamp of the regular size (not special delivery size). The main motif will be taken from the sculptured memorial group to the 'Star Westward of the Nation' which is now being carved by sculptor Gutzon Borglum, and which will be dedicated at Marietta by President Roosevelt on July 8th."

Other stamps to be issued during the month of July, aside from the Northwest Territory commemorative, are as follows:

4 cent James Madison at Washington, D. C., on July 1.
4 1/2 cent White House at Washington, D. C., on July 11.
5 cent James Monroe at Washington, D. C., on July 21.
6 cent John Quincy Adams at Washington, D. C., on July 28.

The SEPAD National Stamp Exhibition, being sponsored by the associated stamp clubs of Southeastern Pennsylvania and Delaware, will open on June 21 and close on June 28. This show will be held in the Philadelphia Convention Hall, and although it starts on the day the new Constitution Ratification stamp goes on sale in Philadelphia, it is held in connection with the Delaware Swedish Tercentenary Celebration.

This will be the second great stamp exhibition at Philadelphia within a single month. While the Franklin Institute show contained more real philatelic treasures than had probably ever been assembled together in one place, the SEPAD will exhibit more frames of stamps with the educational side of philately being stressed. Collectors from all parts of the world have arranged to exhibit material in this stamp show.

It seems to be a popular sport these days for stamp columnists to write an article about John Adams and John Quincy Adams appearing for the first time on U. S. Stamps. This statement is only partially true for it only applies to adhesive postage. John Adams' portrait appeared on the 1 cent postal card of 1898 and John Quincy Adams portrait appears on the current Tobacco Tax Paid Revenue stamps.

Panama has placed an order with the American Bank Note Company for postage and air mail stamps in honor of the U. S. Constitution. There will be eight stamps in each set and will probably be available in September or October.

A stamp dealer in Racine, Wis., is advertising a set of two U. S. Constitution stamps from Finland. These stamps have never been reported in the usual channels so now we must appeal for help. Does any reader of this column have any information concerning such an issue?

Eleven sheets of the new bicolor air mail stamp have been found with inverted centers. Who found them? Government inspectors. What happened to them? All destroyed. This information came from Alvin W. Hall, Director of the Bureau of Printing and Engraving, when he spoke at Philadelphia recently.

A few more George VI stamps are appearing from colonies not announced last week. Those reported are: Ascension (10 stamps) 1/2p to 10sh, Cyprus (13 stamps) 1/2p to 1P, St. Helena (10 stamps) 1/2p to 10sh, Somaliland Protectorate (12 stamps) 1/2p to 5R, and Swaziland (11 stamps) 1/2p to 10s.

Two stamp collectors, within a short space of time, have made the remark to me, "When I die, my stamps go with me." Now I know a lot of collectors and that certainly is not the attitude of the majority. I am firmly convinced that the average person enjoying the hobby does spend money for his stamps and wants to be assured that if something should happen, the collection

THE PEOPLE'S COLUMN

Riverton, N. J.
June 13, 1938

Gentlemen:
C. A. Peterson and family of 400 Thomas avenue would like to acknowledge, with many thanks, the heroic capture last Wednesday afternoon at 3 o'clock of a negro convict, James Simmons, 22 years of age, from the Florida State Penitentiary, by Officers John Robinson and John Carhart, of the Riverton Police.

Attempting a second story entry through a window by breaking out a pane of glass, the negro caught leaving his entrance to room clear only to find Mrs. Wallin, 90 year old sister-in-law of Mr. Peterson standing facing this brute, 6 foot 2 inch tall, ready to leap like a panther over a desk.

Screaming "police" and calling for help, Mrs. Wallin saw the negro back out of window and drop to ground.

Officer Carhart was called by telephone while directing traffic but could not leave his post of duty, while Officer Robinson, who was off duty, rushed to the scene, got a fair description of his man and caught him on Burlington Pike, at the Millside Farms, three quarters of an hour later. Too much credit cannot be given Officer Robinson as he was unarmed at the time, borrowing a black jack from another officer in his haste. When he confronted the man he denied all knowledge of being in Riverton, and only when Robinson insisted he was the man, he said, "I guess you got me."

Justice Frank Probsting sentenced him to Mt. Holly for sixty days for the Grand Jury.

Signed,
Frank A. Bell.

GRADUATED AT OBERLIN COLLEGE

J. Reece Lewis, senior at Oberlin College from Riverton, was among the 265 students in the College of Arts and Sciences who were graduated with the class of 1938 with an A. B. degree.

Formal activities of the 105th annual Commencement which began Friday were concluded this Tuesday with the Commencement exercises in Finney Chapel by Dr. Alan Valentine, president of the University of Rochester.

Lewis, who has a major in Art, is the son of Mr. and Mrs. Clement B. Lewis, of 301 Park avenue, Riverton. He has held various offices on the campus, including Social Chairman of his class and of his dormitory, and treasurer of his class. He has been active in the Dramatic Club, and the Men's Glee Club.

IN GRADUATING CLASS AT PENN

Thomas B. Brunt, Jr., son of Mr. and Mrs. T. B. Brunt of 405 Eighth street, Riverton, was among the 1500 members of the graduating class of the University of Pennsylvania when the 1938 Commencement Exercises were held on Wednesday morning, at Convention Hall. Approximately 150 students from New Jersey were members of the Class of 1938.

will not represent a loss.

During the past few years I have spoken to a number of junior stamp clubs and I have always preached a consistent idea. Every collector should have some source of supply for stamps, an album in which the stamps may be protected, a catalogue for classifying the stamps, a source of stamp information, and an acquaintance with other collectors. These thoughts certainly are the backbone of collecting and may apply to the adult collector as well. As time goes on I hope to be able to bring to you, through the medium of this column, concrete information on each of these topics.

Next week I shall discuss the topic of obtaining stamps for your collection. If in the course of this series of articles, a question should arise on any of the topics, I should be pleased to hear from you. Address all communications to me in care of the New Era.

ORDINANCE ON SELF-SERVE STORE

(continued from page 1)

The solicitor, Albert McCay, stated that, in his opinion, any ordinance prohibiting this type of any type of business to operate in Palmyra would not stand litigation, but that he would draw up such an ordinance if council desired it.

Ask County Aid

Councilman T. Curtis Flynn offered a resolution asking that 42 electric lights along County highways within the borough limits be lighted at the expense of Burlington County. If this is accomplished it will result in an annual saving of \$1,700.

Mr. Flynn stated that the parks are in full swing and announced that outdoor church services will start in the grove next Sunday.

Councilman Flynn and De Witt Morris were appointed by the Mayor to head a committee to consider an offer this year from the W.P.A. concerning band concerts during the summer.

Councilman Wright asked that notices of demolition or repair be sent to owners of properties at 235-37 West Broad street, chimney repair; 411 West Third street, barn; 224 Delaware avenue, barn; and 521 Front street, a garage. The motion passed unanimously.

Miscellaneous Business

The building inspector reported improvements totaling \$10,928, and submitted fees amounting to \$52.

A motion was passed authorizing the purchase of a sludge pump from the Carter Pump Co. on their low bid of \$435.

Permission was granted the General Outdoor Advertising Co. to erect a sign at the intersection of S-41 Highway and Jefferson street.

The matter of a service station being constructed by William R. S. Fluck came up for discussion and it was voted that the building inspector should stop construction immediately and see to it that the building conform to the plans submitted at the time application was made.

The Welfare report at the end of May included 14 cases covering 56 persons and bills amounting to \$220.26 were ordered paid.

Powell Petition

The normal orderly business of council was interrupted by the appearance of Howard Powell who presented a petition with 300 signatures proposing the election of councilmen from the various voting districts. The meeting soon developed into a heated discussion, with the mayor and C. Nevin Buchholz on the one side and Howard Powell on the other.

The subject of the petition was quickly lost and the least bit touched upon, water company bonds, fire hazards, transportation, public utilities, welfare clients, dog catchers and what not.

This lasted for almost an hour with fancy and uncomplimentary adjectives flying thick and fast. The subject of the petition was finally reached and the solicitor informed, Mr. Powell that there was no statutory basis for such a petition and that the population of Palmyra would have to reach 10,000 before the election of councilmen by wards could be considered.

Palmyra, according to the solicitor has a population of 5,000 at the present time. And as a final thrust, Mr. Powell was informed that if the petition was submitted as a public question on the ballot it would take but 15 percent of the voters to upset it. He was, therefore, advised by the Mayor to take his petition and go home.

Ellsworth Hall was present and registered a complaint about surface drainage at the intersection of Fifth and Leconey avenues. The matter was referred to the highway department for consideration.

The Mayor appointed Albert McCay, C. Nevin Buchholz and Wesley P. Huyett as a committee of three to meet with the merchants concerning the new ordinance.

It was voted to continue the sewing room project on a month-to-month basis for the present.

The new dog ordinance passed final reading by a unanimous vote.

Liquor Licenses

New liquor licenses were authorized renewed to the present holders with Councilman Huyett and Engle voting in the negative.

YWCA NOTES

Director's Meeting

The June meeting of the board of directors, of the Burlington County Y.W.C.A., will be held at the summer home of Mrs. Richard Eckman, 40 Tenth avenue, Seaside Park, on Tuesday, June 21st. Most important business will be decisions to be made regarding the Fall Fete and the semi-annual reports. Members will bring box lunches, coffee will be served by Mrs. Eckman. The afternoon will be given to swimming and enjoyment of the beach.

Miss Virginia Slim, newly appointed Girls' Work Secretary, will leave on June 24th for Oberlin, Ohio, where she will attend the annual summer institute for secretaries just beginning Y.W.C.A. work. She will return on July 23rd.

Miss Katherine Lucchini, general secretary, will be taking courses in Adult Education at Teachers' College, Columbia, during the regular summer session of the college.

Miss Jean Lee, office secretary, will be in the office on Mondays, Wednesdays, Thursdays, and Fridays from 8.30 to 5.00 during July and at other times by appointment. She will be at the Day Camp on Tuesdays.

Appointments with Miss Grace Whitelock, director of Day Camp, may be made by calling Mount Holly 138. Registrations are now being received. The bus route will be determined by the registrations received prior to June 27th.

A meeting of the committee to prepare a study on the Federal Equalization Bill for women's groups will meet on Wednesday, June 15th, at the county Y.W.C.A. office. The committee is chaired by Dorothy B. Sholl members of the National Public Affairs Committee of the Y.W.C.A.

A meeting of the committee to plan for a fall fete will be held at the office on Thursday morning at 10.00 o'clock. Mrs. Richard Eckman is chairman of the committee.

POSTPONED GAMES PLAYED TODAY

Two postponed games in the Memorial Softball League were played on Tuesday evening.

Oakwood got back into the win column by administering a 9-0 defeat to Millside, while Fortnum won by a score of 7-3 over Millside.

These were the only games annulled thus far this year on account of rain.

SOFTBALL LEAGUE

THINGS TO WATCH FOR

A new treatment for cloth which will enable designs to retain their sharpness and original luster on fabrics even after repeated washing. An apparatus which permits a patient to administer anesthetic to himself while having a tooth filled, a bone set or while undergoing a minor operation; as long as he feels pain he squeezes on a bulb similar to those used on atomizers.

A vending machine that sells flashlight batteries . . . a rear view vanity mirror for women interested in seeing what is going on behind their backs without being observed . . . a method of freezing bread so that it can be kept in storage six to eight months.

The complaint of Louis Bettinger, a W.P.A. workman in the Borough was heard and action promised. Bettinger claimed that he was docked three hours by the W.P.A. time-keeper, John Cavanaugh, because Cavanaugh did not see him on the job on a certain day. Bettinger stated that the timekeeper never shows up for work until 10.00 a. m. or after, while the regular workmen go on the job at 8.00 a. m.

Roosevelt Appeals for Waifs of War

THE frightened cry of millions of sick, hungry little children who are unable to understand why they have been driven from their homes and why they cannot have the daily bowl of rice which represents sustenance is one of the most horrifying results of the Japanese invasion of China, declares Colonel Theodore Roosevelt, Jr., national chairman of the United Council for Civilian Relief in China.

Directing a nation-wide appeal to Americans throughout the country to support the Bowl of

Rice parties to be held on June 17th in more than 1,500 cities and towns throughout the country. Colonel Roosevelt said the funds will be used for relief of the millions of women and children who have been left homeless and starving in the wake of the Japanese aggression.

Approximately 5,000,000 children like these pictured here are without shelter, adequate food or medical care, Colonel Roosevelt said. In the Shanghai area alone 1,800 babies born in refugee camps during the past four

months are close to death. "Every dollar contributed through the National Bowl of Rice parties on June 17th will help to save the lives of these women and helpless children," Colonel Roosevelt said in his appeal.

Funds raised through the Bowl of Rice parties will be allocated to accredited relief agencies in China through the American Advisory Committee, an internationally known group composed of nine American leaders in Shanghai, he concluded.

PLANTS FOR YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

Sow Hollyhocks Now

Few gardens of grandmother's day were complete without their charming array of stately hollyhocks. Today the hollyhock has become almost a garden exile, however, because so much difficulty has been experienced in controlling the rust disease which attacks the plants. Spraying has never proved particularly satisfactory in combating hollyhock rust, but it has been found that if the plants are renewed from seed each year, excellent bloom is obtained the second year with little or no trouble from rust.

Time To Sow

This is an excellent time to sow seed for the next year's stock. It is available in a wide variety of colors and in mixtures, and the adventurous gardener will undoubtedly wish to try some of the newer varieties such as Imperator or the Allegheny Hybrid, those that have fringed blossoms, and even the singles. He will probably accompany these with some of the reliable double hollyhocks that have proved their worth over a period of years.

Fertilize Liberally

One of the easiest of all plants to grow, the hollyhock germinates quickly and produces a strong growth if fertilizer is applied fairly liberally and if the soil is not too acid. It is advisable to sow the seed wherever the plants are to bloom. Some gardeners prefer to transplant the seedling in the late fall, and successful results can be obtained providing ordinary care is taken in moving them.

In the old days someone used the jawbone of an ass to end a war but nowadays it's the jawbone of an ass that usually starts one. — Bogue, Kans. Messenger.

Lime, cement and plaster are made from oyster shells. Cracked shells are fed to hens; powdered, to livestock. Oyster shells are also used to surface roads.

Tennis balls used in tournaments at Wimbledon are kept in a refrigerator so that their "bounce" will not be affected by exposure to the sun.

The aggregate output of raw silk in China is estimated at 25 percent of the world's supply.

BOY SCOUT NEWS

Annual Picnic

Over 150 parents enjoyed their picnic lunches at Camp Mahalan, on Saturday afternoon, at the Annual Scouts and Parents Picnic. Threatening rain did not daunt them, and it was not long before the sun came out and dried things thoroughly. A feature event of the afternoon program was water front activities. Albert Lee, Water Front Counselor, and Larry Hall, his assistant, conducted the events, being assisted by Jim Moore, Nature Counselor.

Troop 50, of Riverton placed second in the water sports contest.

Evening Program

The evening program included an informal baseball game, and an inspection of the camp by Parents and Scouts. The bugle sounded about dusk, calling all present to the Council Ring.

The Scouts, as is the custom, marched down the hill to the Ring, silently, and sat in their places. The opening remarks were given by John Stokes, Jr., Assistant Scoutmaster of Troop 4, Moorestown; and the fire was lighted by William Phile, Troop 19, Delanco, who is president of the Order of the Arrow. Jack Dalton, who will be program director of the camp this summer lead some of the old camp songs, and then called on Scout Executive Darlington, who introduced the members of the camp staff who were present and members of the camp committee. Dr. Lawrence P. Hall, a member of the camp committee, talked of the work that had been done this past winter and spring by the camp committee to improve the camp, and of the splendid program that is being arranged for this summer.

Several Troops have already signed up for camp, they are: Troop 1, Burlington; Troop 3, Roelinton; Troop 4, Moorestown; Troop 9, Palmyra; Troop 5, Beverly; Troop 19, Delanco; Troop 29, Maple Shade.

YMCA BRIEFS

Next week, Hi-Y delegates from all sections of America will be setting out for Berea, Kentucky, for the second National Hi-Y Congress. From Burlington County, T. Paul Reader, assistant county YMCA secretary, will accompany four delegates, William Raff, Beverly; Thomas Bradlock, Palmyra; Robert Foster, Moorestown; and Stuart Chant, Willingboro. The Burlington county delegation will make the trip by auto in one car, leaving June 23.

Committee Meets

The women who are responsible for the operation of the Girls' Camp at Ockanickon, known as the Matollonequay Committee, met at the home of Miss Carolyn Gauntt, Friday, June 10th, for an all day session. Other counties represented besides Burlington, were Monmouth, Camden and Gloucester. Mrs. S. Roger Oliver, of Burlington; Mrs. Charles S. Beckwith, of Pennington; and Miss Gauntt, were Burlington county representatives at this meeting.

Trustees Hold Meeting

Henry R. Dwight, of Everett, N. J., a member of the Camp Ockanickon Trustees from Monmouth county, will entertain his associates on this Board, at his country home, Saturday afternoon and evening, June 18th. The Burlington County representatives on the Ockanickon Board, are Henry F. Stockwell and John W. Thacher, Moorestown; Everett H. Haines, Medford, and Secretary Guy C. Hendry, Mount Holly; all of whom expect to attend this meeting.

4-H Club Camp Opens

Some 300 4-H Club members, counsellors and staff, will arrive at

IN MANY GEORGE SCHOOL ACTIVITIES

James Huston Coe and Richard Sheppard Coe, members of this year's graduating class at George School were both prominent in undergraduate activities.

James was a member of the varsity track team for two years and captain his senior year; he also played varsity basketball for a like period and was captain this year. Included among his other activities were: vice president of the athletic association, member of the junior dance committee, member of the radio club, member of the track team for two years and a member of the varsity club for a similar term.

Richard was also prominent in athletics, being a three letter man. He figured prominently in soccer, wrestling and tennis and was captain of the tennis team this year. He was also a member of the chess club.

Both are sons of Mr. and Mrs. Howard Coe, Burlington Pike, Riverton.

Five thousand of the 112,000 resident aliens in London are Americans.

Camp Ockanickon June 19th. The first week campers will remain through until Friday afternoon, June 24th. Another enrollment will arrive June 26th and leave July 1st.

CAMP DIRECTOR

HAZEL A. METCALF

Who will direct Camp Matollonequay this summer, the camp for girls on the upper lake portion of the 530 acres of YMCA Camp Ockanickon, at Medford, N. J., which opens July 9, for six weeks. Miss Metcalf is on the faculty of the Burlington, N. J., High School. She has had extensive experience in camping, having served as counselor, aquatic and sports supervisor, program executive and camp directors.

DARTS MUST GO AFTER JULY 1

D. Frederick Burnett, state alcohol beverage commissioner, has ruled that the popular taproom game of darts must cease on July 1.

Mr. Burnett states that the sharp-pointed missiles might cause serious injury if a person were struck by one of them.

The decision has not been particular with the taproom owners, who aver that the customers demand dart boards and that trade would suffer by their absence. In addition, they state that no one was ever impaled by a dart.

The dealers are contemplating an appeal from the ruling.

GRADUATION THIS (THURSDAY) NIGHT

Graduation exercises will be heard this (Thursday) evening, at 8 o'clock, in the auditorium of Palmyra High School, when 144 members of the senior class will receive their diplomas.

The program and complete list of graduates was published in last week's issue of The New Era.

Telephone operators in London are so popular with Master Cupid that the English government has a standing order for 120 new girls every month.

GRADUATION AT RIVERTON SCHOOL

(continued from page 1)

School song by the club and chorus.

Names of Graduates

The graduates were:
David John Atkinson
Frances Borden

PARK OFFICIAL ROTARY SPEAKER

Maurice Joyce, Superintendent At Lakeview, Reviews History of Plan

Twenty years ago Hubert C. Eaton, a retired chemist and metallurgist, moved to California with the expectation of retiring. Instead he became interested in banking and, one morning in 1917, found his institution was the owner of a country cemetery. So begins the story of the development of the park plan cemetery, as related at the last meeting of the local Rotary Club, by Maurice Joyce, superintendent of the Lakeview Memorial Park.

Mr. Eaton went to look at the property. Surveying its fifty-five acres from a nearby hilltop, he was depressed with the scene. Everywhere were rotting trees, unkempt lawns, dilapidated tomb stones of all shapes and sizes. Everything spoke of death and the thought came to him, "Can this be the sacred ground of a Christian people—over every grave of which has been uttered words of hope and promise of eternal life. Where was any sign of faith here?"

"Builders Creed" Arriving home, Eaton wrote down his "Builder's Creed," resolving to make over this forlorn place of the dead. In this Creed he said, "I believe in a happy eternal life. I, therefore, know the cemeteries of today are wrong, because they depict an end, not a beginning. I shall endeavor to build Forest Lawn as unlike other cemeteries as sunshine is unlike darkness, as Eternal Life is unlike Death."

Thus was born the famous Forest Lawn Memorial Park in California—the ideal upon which memorial parks the country over have been designed. Statuary, flowers and music take the place of tombstones. People come for marriage and for baptisms as well as for the last rites over those who have passed on.

The California park idea was not consummated without a great deal of prejudice being overcome but in the end this was not only met but one hundred and fifty additional acres were added. The idea took hold and now in every section of the country these beautiful parks are to be found, including a very beautiful development right in our own community—Lakeview Memorial Park.

History of Lakeview Lakeview has been built on what is locally known as the Jessup Farm. It consists of one hundred acres, 18 of which are on the north side of the Burlington Pike. The rolling contour of the land lends itself ideally to the purpose. It is interesting to know that a chapel is planned for the terminus of the mall and an artistic fountain in the fountain circle. Since that mall, The Masonic Memorial in the Masonic section is now under construction.

Each year shows an increased use of Lakeview for interments, which now number four hundred and fifty. Here we find evidence of its future as a Garden of Memory, not of gloom, and depicting the beginning rather than the end, in accord with the true Christian conception of a happy eternal life.

MANY EXPECTED AT PRICE DINNER

Preparations to accommodate 500 are being made for the testimonial dinner to be given to Clarence G. Price, Mount Holly, at Medford Lakes on Saturday night of this week. At this time Mr. Price is expected to make formal announcement of his candidacy for the Republican Freeholder nomination at the September primary election.

Speakers on the program will be Senator Clifford R. Powell, Sheriff John M. Chant, Surrogate George B. Bittling and County Clerk Lawrence G. Mingin. Former U. S. Senator W. Warren Barbour and Congressman D. Lane Powers have been asked to speak if they can make arrangements to attend. For the dance that will follow the dinner music will be furnished by Jack Wright and his Penn Troubadours.

One coal miner is killed in the United States for about every 338,000 tons of coal mined.

BING CROSBY and BEATRICE LILLIE in "DOCTOR RHYTHM"

YOUR GARDEN

WHAT TO DO THIS WEEK
By A. C. McLean
Extension Service, N. J. College of Agriculture

Maintenance is the chief problem in gardens at this time of year. With seed sowing out of the way and with little transplanting left to do, the gardener's task is largely one of keeping insect and disease troubles under control.

The wise gardener does not let insects get ahead of him, and if a plant shows signs of disease, he knows that it is often better to remove it from the flower bed or shrub border than to try to cure it. With the exception of sulphur mixtures to control mildew, fungicide dusts and sprays are designed to prevent diseases, not cure them. Thus the control of black spot on roses means spraying regularly with some form of sulphur before the black spot organism starts. Since this is a common disease, it is well to use a preventative even if the garden is disease-free at present.

Sucking Insects

The control of sucking insects calls for nicotine sulphate or sprays containing pyrethrum or rotenone. Be sure to follow directions on the package carefully. Arsenate of lead is probably the best spray for chewing insects, with rotenone a second choice.

Important to the health of root cuttings is a soil temperature warmer than the surrounding air. The cuttings should not be permitted to wilt and the wood should not be too old nor too hard or they will root too slowly. Do not remove too many leaves, for leaves are necessary to carry on the life process. Probably the easiest way to handle cuttings is to put about four inches of sand on top of the soil in a frame. Give the plants plenty of fresh air and devise some way of shading them. On very hot days remove the sash and sprinkle the cuttings two or three times.

ANNUAL PICNIC AT CLEMENTON

Sacred Heart Church of Riverton, is holding its annual picnic and outing at Clementon Lake Park today. Between 250 and 300 members and friends of the church are expected to attend the affair. Rev. John F. Welsh is in charge of the arrangements.

ABOUT TOWN

A large delegation, arriving in a chartered bus inspected the Dreer Gardens, on Saturday afternoon.

Workmen on the Palmyra sewer extension project are still engaged near the site of the pumping station, near Broad and Market streets.

Many driveways were badly eroded by the heavy rains on Saturday and Sunday.

Contributors of new events to The New Era are reminded that 12 noon, Wednesday, is the deadline for all copy intended for publication in the issue of that week.

Gates have been installed at all the tennis courts at Memorial Park. This has been necessary due to the fact that certain irresponsible persons have insisted upon playing too soon after rain has fallen, warning signs to the contrary.

CORRECTION

Due to a misunderstanding the advertisement of the Empire Diner was inserted in last week's issue of The New Era.

The new diner opened for business on Monday of this week. See advertisement on page 2 of this issue.

SACRED HEART GRADUATION

(continued from page 1)

Selected Orchestra.
Play—The Heart of France.
The list of graduates was published in last week's issue of The New Era.

Awards

The award for general excellence, donated by Rev. Father Welsh, was awarded to Andrew J. Pfaff, Jr.
The medal for Religion was awarded to Eleanor V. Kavanagh. The medal was also donated by Father Welsh.
The Mathematics medal, awarded by the school, was given to Regina S. Groome.
The English award, donated by the Parent-Teacher Association, was won by Jeanne A. Haws.
Eleanor V. Kavanagh was also awarded the History medal, donated by St. Joseph's Council of the Knights of Columbus.
The two medals awarded by Post Frederick M. Rodgers, American Legion, were given to Raymond G. Strohl and Frances R. Arndt.

Know Your Government

New Jersey Tax Policy

The New Jersey Taxpayers Association has continuously pointed out for the past eight years that the history of new governmental revenues is that they always become additional tax burdens, by so-called temporary taxes invariably become permanent levies and that because of these two facts new sources of taxation do not afford relief to real estate.

The fight in this state has not been so much against new taxes as it has been against additional taxes. Proposals for new taxes have been resisted and consistently defeated because there has been no guarantee that any of the new taxes proposed would not become additional tax burdens.

Thirty-Four Taxes

New Jersey state, county and local governments already levy 34 different taxes, not to mention numerous special fees, licenses, etc. But New Jersey does not levy any of the oppressive taxes which in most other states have been salient to business enterprises against public interest. Business cannot thrive under oppressive tax loads and when business does not thrive the effect is felt by every citizen.

The fact that New Jersey does not levy a corporate income tax, a personal income tax, a general sales tax and an intangible property tax is responsible for the large influx of new manufacturing plants into New Jersey from tax ridden states.

Not Overtaxed

As long as New Jersey continues its policy of refusing to overtax the goose that lays the golden egg it will not have the bitter experience of so many states where industry, overburdened with taxes of every conceivable nature, has had to pick up and move out, "lock, stock and barrel" into states which have the wisdom to see that large payrolls are of greater value to the state than excessive taxes upon industry.

Our neighboring state of Pennsylvania is a good example of what happens when advocates of new taxes rise to power. Pennsylvania is in a serious difficulty because of the policy of overtaxing. Conversely, in New Jersey thousands of new jobs have been made available to workers, hundreds of thousands of dollars have been added to the payrolls of industry and the purchasing power of our citizens has increased proportionately.

Costs of Highways

The construction and maintenance costs of New Jersey highways is a subject of importance to taxpayers because of the outlays involved. Few persons realize the costs of building our highways, nor do they realize that maintenance costs vary with the type of road. Ordinary annual maintenance costs per mile for the road bed proper of our highways in 1936 was as follows: Concrete, \$106.36; Bituminous concrete with concrete base, \$357.92; Bituminous macadam, \$785.00. Construction costs per mile,

HEALTH HINTS FOR SUMMER

With summer just around the corner, the Medical Society of New Jersey offers a few suggestions for a more healthful enjoyment of the season.

More liberal use of salt as a food seasoning or taken in a glass of water is desirable for the person who is active on hot days. The saline solution within the body is used in the functioning of the body's cooling system. In hot weather the body loses a great deal of salt through perspiration. Unless the supply is replenished, the individual may be more susceptible to heat prostration. Summer clothing should be light both in weight and in color. Light colors reflect the sun's rays; dark colors absorb them.

Sunburn Unnecessary
The direct rays of the sun are beneficial to the body. But like all good things, sun baths should be taken in moderation. Sunburn is both painful and unnecessary. Gradual exposure to the beneficial rays of old Doc Sol makes possible the acquisition of the desired tan without discomfort.

Swimming too soon after eating is a predisposing cause of cramps because activity of the body diverts part of the blood supply from the digestive system to the muscular system. It is advisable to wait two hours after eating before swimming. Beware of Typhoid

The hiker who pauses by the rippling stream of unknown purity to quench his thirst is inviting disaster. Carrying a canteen or thermos bottle filled with water eliminates the risk. The travelling patron of the tourist camps might well boil water used for drinking purposes.

Children should be taught to recognize and avoid poison ivy and to distinguish between edible and poisonous berries.

Summer activities frequently mean mingling in crowds at celebrations, outings, and sporting events. Immunization against preventable disease is a sensible and economical precaution. For children it is also a needed preparation for their return to school in the fall.

Silver sheets have been rolled as thin as a millionth of an inch.

However, based on a twenty foot pavement, were \$29,000 for concrete, \$33,000 for bituminous concrete with concrete base, and \$14,000 for a bituminous macadam road.

INSPECTING ELM TREES IN STATE

The army of Dutch elm disease eradicators have begun their attack for the summer on this continued menace to the elm trees of the state, the New Jersey Department of Agriculture announced this week.

Awaiting the full development of elm foliage and a completion of the spring growth of the elm trees, workmen will begin their annual effort to save America's most beautiful shade tree.

The United States Department of Agriculture, cooperating with the New Jersey Department of Agriculture, was able to show a decrease in the total number of diseased elms found last year for the first time in four years.

Scattered north from Trenton and across the upper half of the state, some 3,000,000 elm trees of landscape value, and 10,000,000 elms in swamps and wooded areas will be inspected twice during the summer for the initial symptoms of this disease.

Wilted A Symptom
Wilted of the foliage and unnatural yellowing of the leaves give the first evidence that an elm may have the disease. Samples from the tree which show typical discoloration under the bark are sent to the federal laboratory for scientific determination since these same symptoms may occur in a number of other minor diseases that are transient and not fatal in their effect on the tree.

The New Jersey Department of Agriculture at Trenton, and members of the staff at its field office in Bloomfield, will supply detailed information regarding any particular conditions that may not be fully understood by any tree owner in the state.

COMMITTEES FOR RIVERTON FOURTH

Announced by Councilman R. W. Knight, Chairman of Day's Program

Councilman Robert W. Knight, general chairman of the Riverton Fourth of July Celebration Committee, announced this week that the various sub-committees had been appointed and that the leaders of the various groups had named their assistants who will aid in carrying out the various events planned for the day.

The organization is as follows: Mr. Knight is chairman of the committee composed of members of the borough council. The members are Archibald Bush and David G. Gould, with Daniel M. Clifton, secretary-treasurer.

Parade Committee
The parade committee is headed by Clarence Mattis, who will be assisted by Robert C. Ayres, Paul Barnhart, B. G. Cook, J. Gardner Crowell, Harry E. Davis, Ross T. Elliott, Herbert Evans, Albert C. Farrow, John M. Hughes, John Hullings, Ogden H. Mattis, H. B. Marshall, F. W. Metzger, G. Lincoln Ridley, Hilton M. Smith, John L. Strohl, J. W. Sylvester, John H. Werner, Richard M. Woodward, R. F. White and Walter C. Wright.

Baseball
Thomas F. Cahill is chairman of the baseball committee, with Leon Sloan and Harold Foulke.

Joseph Yerler, assisted by William Anderson and Walter C. Wright, comprise the group taking care of the softball game.

The firemen's committee is headed by E. M. Carhart, Jr., with Edson Carhart, Walter C. Wright, Henry Borden and Albert Yerler. The aquatic events are being handled by Charles W. Knight, chairman, assisted by Ogden H. Mattis and John Ayres.

Athletics
Dr. J. Rowland Dey is chairman of the children's athletic program. (continued on page 3)

Severe Penalty For Motorist

William Myers, 33, of 7900 Day avenue, Delair, was arrested by Palmyra police, at River road and S-41, Sunday evening, at 6 o'clock. He was arraigned before Mayor John F. Ward, acting police recorder, on the charge of driving without a license and fined \$25 and \$250 in costs. Being unable to pay, he was committed to the Mt. Holly jail.

William Watson, 60, of 121 Fern avenue, Collingswood, owner of the car, was also brought into court on the charge of allowing an unlicensed operator to drive his machine. He was assessed \$50 and \$250 in costs upon being found guilty of this offense by the recorder.

Program Given At Graduation

The following program was conducted in connection with the graduation exercises of the Eighth Grade, Palmyra Public School, the affair being held last Friday morning, when 95 members of the class received certificates.

Flag Salute.
Bible Reading.
Prayer.
Song by the assembly, America.
Piano Solo, Susie Sacchetti.
Awarding of reading certificates.
Selection—"Nanon Waltz." "Sing Along." 8th grade girls.

Prizes

RIVERTON LIBRARY SUMMER SCHEDULE

Following the custom established last summer, the Riverton Free Library will, beginning June 27th, be closed every afternoon. It will be opened instead from 10 a.m. to 12 noon every weekday, and from 7 to 9 o'clock as usual, in the evenings.

This schedule will prevail during the summer until further notice, except during the month of August, when the library will be closed for the regular vacation period.

BOARD RECEIVES BIDS FOR SUPPLIES

To Be Tabulated and Reported At July 1 Meeting; School Will Be Painted

The Cinnaminson Board of Education received bids for school supplies, at the regular meeting held Tuesday night, in the school. In the absence of the president, Howard Taylor, Leslie W. Reeves presided.

B. R. Leach moved that the clerk tabulate the bids and order from low bidders where the quality is standard. He later advanced the thought that it might be better to award the bid to the lowest bidder.

The board's decision was followed, the board would receive better service and the possibility of better adjustments, should any of the materials in the bid prove unsatisfactory. This suggestion met with the approval of the board and the clerk was instructed to tabulate the bids and report them at an adjourned meeting to be held on July 1.

Book Purchase
The amount of \$585.37 was approved for the purchase of books as per schedule submitted by the supervising principal.

A letter was read from the Palmyra Board of Education stating that they would accept the freshman class for the school year of 1938-39. The board's decision was followed, the board would receive better service and the possibility of better adjustments, should any of the materials in the bid prove unsatisfactory.

The bid of Milton Bradley Company for general supplies amounting to \$400 was accepted by a unanimous vote of the board. The report of the custodian, William Schmieder was read and ordered received and filed.

A plan to remodel the manual training room during the first half of the school term, followed by routine work for the second half, was approved by the board. Material for the manual training room was awarded to the Broadhead-Garrett Company on their low bid of \$33.65. The machinery for the manual training room amounted to \$119.30 and was awarded to the Matlack Company on their low bid.

AWARDS MADE TO LOCAL STUDENTS

Presented at Commencement Exercises, Last Week At High School

At the Commencement Exercises held at Palmyra High School, last week, the following awards were made:

Theta Sigma (Honor Society) award presented to Lorraine A. Meyers. (Presented to the student who belonged to the Honor Society the greatest number of times since the Society was organized, participated in the greatest number of activities, and had the highest scholastic standing). Presented by Miss Marjorie Frick, faculty adviser.

Sigma Kappa award presented to Earl Eugene Rowe. (Presented to the graduate having done the most outstanding work along dramatic lines). Presented by Walter D. Lamon, Jr.

Alumni Association awards to outstanding athletes: Gertrude Messenger and James Douglas Mickle, presented by Russell Rivers.

American Legion
American Legion awards to Lorraine A. Meyers and Albert N. Thiel. (Based on honor, courage, scholarship, leadership, service). Presented by Alfred H. Lippincott.

Literature Department of Palmyra Woman's Club award to Earl Eugene Rowe. (Presented to outstanding student). Presented by P. R. Jones, supervising principal.

Rensselaer Medal to Robert P. Gowell. (Presented to student having highest average in mathematics and science). Presented by P. R. Jones, supervising principal.

Palmyra Teacher Association award to Lorraine A. Meyers. (Presented to Palmyra student having highest scholastic average). Presented by P. R. Jones, supervising principal.

No Fire Near Candles
Upon extinguishing the candles, the firemen found that the fire was in an entirely different part of the cellar, evidently being caused from papers being ignited by spontaneous combustion. A space, several feet square, was scorched on the ceiling and the flames got into the partition under the first floor.

A chemical line was used to squelch the fire and damage was slight.

The firemen were compelled to don gas masks to get into the basement, so dense were the fumes from the sulphur and the blaze itself.

The summer band concerts, in the Grove, Palmyra, will probably start on the first Friday evening in July, according to an announcement made this week by Councilman T. Curtis Flynn, of Palmyra.

The same Mercer County W.P.A. Band, that rendered such enjoyable programs last year will furnish the music again this season.

Further details will be announced at a later date.

Old Churches of Interest
The old churches of Belgium and the ruins of the fighting lines there were sources of great interest to Mr. Kuensell, as were the fishing industries of Norway, and the inspection of the world's largest Diesel motor. This motor is said to supply the electricity for all of Denmark.

Much of his travel on the continent was by air. Mr. Kuensell arrived in Italy in the early morning, the stop being made to refuel the plane on which he was traveling.

Mr. Kuensell visited sisters in Stockholm and a brother in Ljungby, Sweden.

He arrived home on Monday evening of last week.

PLAYGROUND OPEN
The children's playground, at Palmyra Municipal Park is now open for the summer, under the direction of the W.P.A. recreational division, with Mrs. Hunt in charge.

Mrs. Hunt was also in charge of the playground last season.

WORK AT SACRED HEART CHURCH

The entire exterior of the Sacred Heart Church, Riverton, is being repainted, a considerable force of artisans being engaged on the project. In addition to the painting, a number of other improvements have been made recently on the church property. The front lawn of both church and rectory has been reseeded and graded on the terrace adjoining the sidewalk, with a concrete facing to prevent erosion.

DENSE SMOKE AT BASEMENT FIRE

Riverton Fireman Compelled To Don Gas Masks To Fight Blaze on Tuesday

Shortly before one o'clock, Tuesday, the Riverton Fire Department answered a call for a fire at the home of J. E. Bonner, 606 Linden avenue.

When the firemen arrived, dense clouds of smoke were pouring from cellar windows and Mrs. Bonner told Chief E. M. Carhart, Jr., upon his arrival, that she had been burning sulphur candles in the cellar, but that, after they had been burning for some time, an odor of burning wood began to permeate the house.

No Fire Near Candles
Upon extinguishing the candles, the firemen found that the fire was in an entirely different part of the cellar, evidently being caused from papers being ignited by spontaneous combustion. A space, several feet square, was scorched on the ceiling and the flames got into the partition under the first floor.

A chemical line was used to squelch the fire and damage was slight.

The firemen were compelled to don gas masks to get into the basement, so dense were the fumes from the sulphur and the blaze itself.

BAND CONCERTS THIS SUMMER

LARGE NUMBER OF BOATS HERE

Delaware River Yacht Racing Association Holds Open Regatta on Sunday

Riverton Yacht Club was the scene of much activity last Sunday afternoon, being the location of the Open Regatta of the Delaware River Yacht Racing Association.

The pier and balcony at the club house were thronged with spectators, while hundreds watched the races from points of vantage along the river bank and from the many boats that came here for the affair.

Nearly forty sailing craft, in four classes, competed for honors in the various races.

Stars First
Two boats got away in the first race, that for Stars, but the event was easily won by the Syndicate, of Riverton, as John Ayres was forced to withdraw, due to a mishap.

Six Crickets, from the Beverly Yacht Club, got away to a fine start in the second race for boats of this class. Ingo Stephen was first over the line, his time for the three laps being exactly one hour. Other finishers were: James Stokes, second; David Grimes, third; Harry Horner, fourth; B. Cain, Jr., fifth and B. Cain, Sr., sixth.

SCOUT CAMPOREES HELD LAST WEEK

Troop 21, of Parry, Wins First Honors in Local Area With 791 Points

Over 180 Boy Scouts of Burlington county camped out over Friday night, at six points in the county in the district camporees. These scouts represented patrols of eight Scouts each, from 21 troops in the Burlington County Council. Each patrol was given 1000 points when they went into camp on Friday evening, and were judged on their camping efficiency and initiative.

Three patrols of Palmyra Scouts camped on Broad street in front of the Lutheran Church. Points that were awarded these patrols are as follows: Troop 21, Parry, 791 points; Troop 9, Palmyra, 759 points, and Troop 5, Palmyra, 548 points. A fine program of Scouting projects was carried out by this group during Saturday. Judges were: Scoutmasters Tom Perkins, Delanco, and Robert Commons, of Beverly.

Moorestown

Patrols from Moorestown, Maple Shade, and Marlton camped in the parking area in Maple Shade. Final points that were awarded the patrols are as follows Troop 4, Moorestown, 898; Troop 11, Maple Shade, 829; Troop 7, Lenola, 811; Troop 29, Maple Shade, 796; Troop 30, Moorestown, 691; and Troop 14, Marlton, 549. Judges were: Scoutmasters Charles R. Smith, Arch Grieve, and Emile Girard of Mt. Holly.

Mt. Holly

Mt. Holly patrols camped at Bartram Manor. Final points that were awarded these patrols were: Troop 17, 666 points; Troop 10, 525 points; and Troop 12, 517 points. Judges were: Scoutmaster Herbert Bloomer, Maple Shade; Assistant Scoutmaster James Moore, and Eagle Scout Richard Walker, of Moorestown.

Two patrols of Burlington Scouts camped along the banks of the Assunpink Creek near the General Hospital. Troop 32 had 803 points and Troop 1 had 749 points. Judges were: Scoutmasters, Calvin Snyder, Bordentown; James McGinnis, Florence, and Elmer Leaver, Roebling.

Beverly

Three patrols of the Beverly district camped at the Camp Meeting grounds in Delanco. Points were awarded as follows: Troop 19, Delanco, 874 points; Troop 5, Beverly, 710 points, and Troop 25, Beverly, 636 points. Judges were: Scoutmasters A. B. Branson and George Weiland, of Palmyra; and Florence Bordentown, Roebling, and Florence Scouts camped on the Knights of Columbus grounds in Bordentown. Points that were awarded these patrols are as follows: Troop 3, Roebling, 785 points; Troop 33, Florence, and Troop 13, Bordentown, 741 points. Judges were: Scoutmasters Richard Devereux, and Robert Butterfield and Assistant Scoutmaster Amos Hope, all of Burlington.

Final Competition

Patrols from Troop 4, Moorestown, Troop 17, Mt. Holly, and Troop 32 Burlington, Troop 19, Delanco, Troop 21, Parry, and Troop 3, Roebling, will meet over at Camp Mahalala on the third weekend of camp for the final competition.

The Camporees were run under the supervision of the commissioner's staff of the council, which are: Commissioner Reginald H. Gill, Beverly; D. Walter Hopkins, Beverly; Clarence O. Verner, Palmyra; William T. Walker, Jr., Moorestown; Clarence B. Davenport and J. B. Hallett, Mt. Holly; E. R. Keller, Florence; David Goldstein, Burlington, and Scout Executive George A. Darlington.

RIVERTON GOLFERS IN S. J. TOURNEY

Mrs. R. I. Downs, of the Riverton Country Club, finished fourth in Class B, at Merchantville, Tuesday, with a score of 98, in the South Jersey Women's Golf Tournament. The title in this group was won by Mrs. Betty Goldthorp, of Woodcrest, with 98.

New Books at Riverton Library

Summer Reading

Some like it light, some like it not so light. In any event, there are new books for every preference at the Riverton Free Library. Please check with notice elsewhere in this paper for summer schedule of Library hours.

Westerns, Light Fiction, Mysteries

Revolt on the Border, Vestal. Raiders of Spiniola Pealzo, Zane Gray. Gray Sage, Hilton. Sleepy Horse Range, MacDonald. Parade of the Empty Boots, Seltzer.

White Silence, Marsh. The Two-Gun Quaker, Moore. On the Dodge, Raine. Lisa Vale, Prouty. Let X Equal Marjorie, Hope. Summer Half, Thirkell. Light of Other Days, Corbett. Hasty Wedding, Eberhart. Infamous Army, Heyer. High Tension, Haines. Parts Unknown, Keyes. Miss Dean's Dilemma, Stevenson. Mortal Storm, Bottoms. Corpse with the Blue Cravat, Walting.

CANDIDATE

Clarence G. Price, who has been pledged the support of Republican leaders, County Clerk Lawrence G. Mingin, Sheriff John M. Chant and Surrogate George B. Biting in his candidacy for the Republican nomination for Freeholder at the Primary election in September.

These pledges were made and received with great enthusiasm at the testimonial dinner given to Mr. Price at Medford Lakes, on Saturday night, when he made his first formal announcement of his candidacy. He was very forceful in his statement that his campaign will be carried through on Good Government principles, with a hope that he will be able to restore county business to the Good Government basis that for three years prior to this year brought to the taxpayers a reduction in the county tax rate, which in that period dropped from \$1.21 to 65 cents.

Former Clerk

Following the three mentioned, Freeholders Palmer L. Adams and Albert C. Jones, both Young Republican and Good Government leaders, pledged themselves to Mr. Price as the best man to represent the principles that they injected into county business when they had an opportunity at the beginning of 1935. They referred to the honesty, dependability and capability shown by Mr. Price while he was Clerk of the Board of Freeholders for three years prior to this year. They felt that they were able to pass such judgment after having been his closest associates in county business.

Dinner

The dinner was sponsored by the Burlington County Unit of Young Republicans and attended by about 450. President Fred Norcross, Jr., formally welcomed the banqueters after there had been an invocation by the Rev. Millard O. Peirce, of Burlington, and the singing of America

DO YOU KNOW THAT

Fifty million false teeth are exported from the U. S. annually. 68,000,000 telephone calls are made daily or 3 1/2 for each telephone in the Bell system.

Mrs. American housewife washes three miles of clothes every year. Hidden taxes add five cents to the price of a tube of toothpaste.

In the last six years Australia has sold three times as much wheat in world markets as the U. S. A piano is owned by one out of every six American families, and 40 per cent of the pianos are between 15 and 60 years old.

Enough eggs are produced in this country to supply 236 a year to each man, woman and child.

Large Number Of Boats Here

(continued from page 1)

end of the second lap, Edward K. Merrill had a fine lead and looked to be an easy winner. The local skipper did cross the finish in the van, but Phil Somerville came from nowhere to cross 25 seconds behind the leader. Mr. Merrill's time was one hour. Boat No. 69 was third, W. L. Hendrickson, fourth and Gerald Hatch, fifth.

The final race was a free-for-all, craft 16 feet and under being eligible. There were twenty-two starters in the following classes: Eight Comets, six Crickets and eight Dust-ers.

First Lap

This event was slated for two laps and the wind held nicely during the first time around. W. L. Hendrickson's Comet led the field over the initial lap, but the wind dropped as the leaders crossed. Some of the skippers elected to beat across the river directly in front of the club, while others decided to go down stream and beat across the old ferry slip.

Several boats, closely grouped, rounded the up-river marker on the last lap and it became evident that the finish would be close. Phil Somerville sailed his Comet close inshore to take advantage of a stray puff and was followed by Bob Lippincott in his Duster. B. Cain, Sr., in a Cricket, and W. L. Hendrickson's Comet pointed straight for the mark.

Somerville First

Somerville came about in the shadow of the pier, made a short beat and swung over the line just ahead of Cain, who was followed by Hendrickson and Lippincott in that order.

A striking coincidence of the Duster, Cricket and Comet races was that the winner in each class completed the three laps in identical time, all being clocked in exactly one hour.

Course

The course for the races was a triangular one, with the starting line at the club pier. The second mark was opposite the Keystone Yacht Club, on the Pennsylvania shore, while the third mark was a buoy about half a mile upstream from the Riverton pier. During most of the afternoon a brisk northwest wind was blowing, which necessitated a long beat across the river, a run before the wind to the second marker and a short reach to the third.

RIVERTON SCHOOL NOTES

Special Awards

Jeanne Werner, of the eighth grade social studies group, was awarded a medal in a county contest for the best essay entitled "What the Constitution Means to Me." This award was made by the U. S. Constitution Contest Commission.

Ruth Henry, president of the eighth grade civic club received the American Legion Medal for girls and Lester Friday, treasurer of the same group, was awarded the medal for boys.

Last October, Riverton School became a member of the New Jersey State Police School Safety Patrol. The following boys and girls received certificates of honorable discharge during assembly the last day of school.

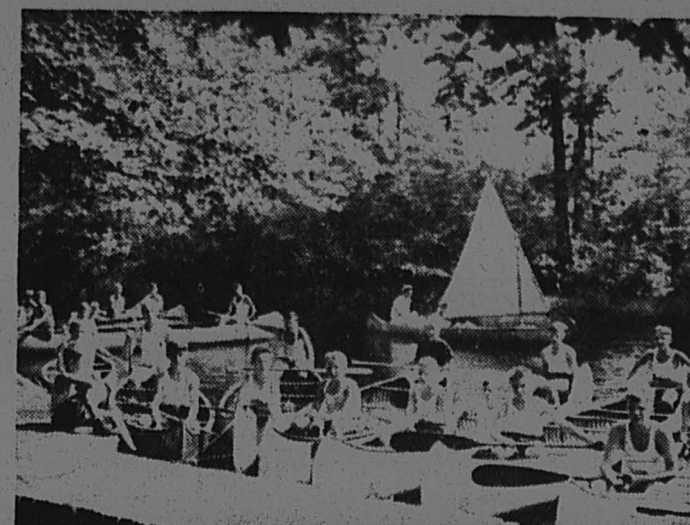

The captain, Katharine Elwell, made the presentations. P. Haberern, and R. Willis, lieutenants; R. Sims, J. Moorehouse, 2nd lieutenant; A. J. Showell, sergeant; K. Elwell, captain; W. Lezenby, D. Robinson, C. Elwell, L. Friday, K. Davis, C. Robinson, S. Rielly, R. Farrow.

A surprise number at the last day assembly was a presentation made by Ruth Henry, president of student council, when beautiful gifts were given each of the departmental teachers. The gifts were accompanied with kind thoughts and words of appreciation from the eighth grade civic club.

Nancy J. Bush.

More girls than boys in England want to go to sea.

THE NAVY

A part of the "fleet" at Y.M.C.A. Camp Ockanickon, Medford, N. J. The camp's 33rd season opens Saturday, July 9, for six weeks. Water sports are a popular part of the program. Enrollment forms may be had from the Burlington County Y.M.C.A. office, Mount Holly.

DELEGATE

THOMAS BRADDOCK, JR.

of 516 LeConey avenue, Palmyra, who leaves this week for the National Hi-Y Congress, Berea, Kentucky, which opens for a four day session Saturday noon, June 25. He is one of five delegates from Burlington county, another of whom is T. Paul Reeder, assistant county YMCA secretary. Braddock attended the first congress of Hi-Y members, also at Berea, in 1936. Some seven hundred delegates will attend this year's congress, from all over America. The facilities of Berea College will be used for the congress. The delegates will make the trip in the car of Stuart Chant, of Beverly, president of the county Hi-Y council. William Raff, of Willingboro, and Robert Foster, of Moorestown, complete the delegation.

Committees For Riverton Fourth

(continued from page 1)

Dr. Dey is aided by Albert Farrow, Walter Armstrong, Eleanor Williams and Richard M. Woodward. William J. LeCates is in charge of the committee that will provide lunch for the junior drum and bugle corps.

Mrs. Robert E. Gould is chairman of the committee to judge the Children's Flag Parade. She will be aided by Mrs. David G. Gould, Mrs. G. Lincoln Ridley, Mrs. J. Gardner Crowell, and Mrs. Charles E. Sims. The program this year will follow the style formerly used by the Riverton Yacht Club, years ago. This will be triangular in shape, with a red, white and blue cover.

The River Jordan has never been navigable.

CONTROL OF GRUBS IN YOUR GARDEN

Many lawns in the state, especially those in Japanese beetle areas, were infested during the past year with grubs of one or more kinds. Where these insects have been particularly abundant, lawn grass may be badly damaged by the grubs feeding upon the root. If you suspect grub injury in your turf, you may diagnose the trouble now by cutting a piece of the sod and rolling it back. If you find more than 10 grubs per square foot near the surface of the soil or among the grass roots, you may be sure they have been responsible for damage to your grass.

Treating lawns with powdered arsenate of lead has been found to be effective against grubs. Since this material works down slowly into the soil, it cannot be expected to be effective against the present generation of insects which will soon emerge from the soil as adults. The coming generation, however, hatched from eggs laid in the ground by the

adults during the summer, will get the full effect of the arsenate treatment if made during the next month or two.

Application
The chemical may be evenly applied at the rate of from 10 to 15 pounds to 1,000 square feet either by means of a lawn fertilizer distributor or by hand. If it is to be put on by hand, it is best to mix the chemical thoroughly with from five to 10 times the volume of sand, sifted soil or other convenient carrier. The mixture is then spread uniformly over the surface of the lawn and watered in. Areas of grass which have been killed out by these pests may be dug up and reseeded in the late summer, after such applications of lime and fertilizer have been made as are needed.

Lead arsenate is very poisonous if taken internally. It is well to keep children and pet animals off the treated lawn until the chemical has been well washed in by rains or by sprinkling. There is no evidence to prove that birds feeding on a treated lawn are injured by the chemical.

We Go Down Hill Alone

The depression that began in 1930 affected the entire world with almost equal force. Recovery began in 1936 in the U.S. following an earlier recovery in other nations. Our country then registered a substantial rise in its business activity until the summer of 1937. Since that time the United States has been blanketed by a new depression that has steadily grown more severe, and has brought us ominously close to the abyssal lows of 1932. But the rest of the world is in a happier business state.

U.S. government figures tell the story. Using 100 as an average for the years 1923-25, German business stood at 195 in the summer of 1937 and at 180 in 1938; Italian business at 142 and 150, and British business at 130 and 125. Japan stood at 245 in 1937 and is at the same level now. So it goes, down a long list of nations. But where the U.S. touched 118 in 1937, it has now dropped to 77.

Why is that? Well, no country has so inflated its debt. No country, aside from the dictatorships, has pursued so punitive a policy toward private business. And in no country has the confidence of investors been so severely shaken by political persecution of business.

All of Europe is in imminent fear of a major war—yet European business goes on about as usual. And here in America, where our geographical advantages alone make us safe from invasion, and where we possess the greatest natural and industrial resources the world has ever known, we are going steadily downhill economically because, as William B. Warner, chairman of the National Association of Manufacturers, said, we have government competition with business, government policies of shiftlessness, thriftlessness, spendthriftness and politicians coaching the public to distrust business. That's something for the American people to think about.

Our Railroads Lead - But!

At the request of the French railroads, packing and shipping experts of the American railroads are showing Europe how to pack fragile and valuable articles in an economical and efficient manner. Outstanding examples of packing and shipping methods, as developed by the Association of American Railroads, are now being displayed at the Paris Trade Fair, and will shortly start on tour in a special train.

This is one more example of how American railroads lead the world in service and efficiency. That leadership is a fine testimonial to the work of railway managements, both past and present, and it is all the more remarkable in the light of the grave problems the industry has had to face.

We have steadily laden the industry with increased labor, tax and other costs, all of which have inflated the expense of operation. We have forbidden them to charge adequate rates. We have regulated them in every phase of operation. We have subsidized some of their competitors, and let others go unregulated or half-regulated. We have hamstringed them with a maze of laws and administrative rulings so that managements in many cases have become mere figureheads, and we have turned a deaf ear to their requests for relief, no matter how necessary or reasonable.

And in spite of all that, the American railroad industry is giving us the best rail service in the world! That is a fine achievement—but it must be pointed out that if the current trend continues it will become impossible for the industry to exist, much less go forward. We can't refuse it a living wage and expect it to serve us with maximum efficiency. We can't punish it with legislation and regulation while we pamper its competitors, and expect it to keep going as if all were well. The government must take decisive action if America's tremendous stake in rail transportation is to be protected.

Evidently the circus that recently went broke in Washington couldn't compete successfully with Congress.—Cleveland Plain Dealer.

TURNER-BURR

The wedding of Miss Katherine Ann Burr of Collingswood, formerly of Riverton, and Dr. William Boyd Turner of Carlisle, Pa., will take place on Saturday, July 9, in the First Baptist Church of Collingswood, with a small reception following for the members of the immediate families and wedding party. The bride is a sister to Melvin H. Burr, of 621 Stokes avenue, Collingswood, with whom she makes her home. Mr. Burr will give his sister in marriage.

Following their wedding journey, Dr. Turner and his bride will make their home in Carlisle, Pa. where he is practicing medicine.

MYERS-CONNOR

The marriage of Miss Ruth Lillian Connor, daughter of Mr. and Mrs. A. Elmer Connor, of 828 Velde avenue, Delair, and Philip D. Myers, son of Mrs. Stella Myers, of Bellmawr, took place at six o'clock on Saturday evening, June 18, in the Central Baptist Church, Palmyra, with the Rev. George Lockett, pastor of the church, officiating.

The bride, who was given in marriage by her father, wore a princess gown in the traditional white satin, made en train, and a long tulle veil which was held by a coronet fashioned of the same material and trimmed with lilies of the valley. She carried a shower bouquet of white roses and lilies of the valley.

Mrs. Thomas Saccamano, of West Collingswood, as her cousin's maid of honor and only attendant, was gown in turquoise blue chiffon. She wore a peach tulle shoulder length veil and carried a bouquet of matching roses. Stokely C. Ramsey, of Woodbury, served as best man.

Following a reception at the home of the bride's parents, Mr. and Mrs. Myers left by motor for a tour of the South. They will be at home, after July 15, at 330 Horace avenue, Palmyra.

GUEST-DOWNING

Christ Church, Riverton, was the scene of a very pretty wedding on Saturday, June 18, when Miss Martha Downing, daughter of Mr. and Mrs. E. A. Downing, of Cinnaminson, became the bride of Leon C. Guest, Jr., son of Mr. and Mrs. Leon C. Guest, of Erlton, formerly of Riverton. Rev. Francis B. Downs performed the ceremony.

The bride was given in marriage by her brother and wore a gown of red, with a face veil and carried a bouquet of lilies-of-the-valley.

Mrs. Frederick T. Seward, of Goshen, N. Y., sister of the bride, was matron of honor and Miss Katherine Downing, niece of the bride, of Swarthmore, was maid of honor. Both wore gowns of pink net, with leghorn hats trimmed with blue velvet streamers. Their bouquets were of delphinium.

The bridesmaids, Mrs. Howard Waddell, of Swarthmore, Mrs. Robert Bennett, of Palmyra; Miss Janet Koenig, of Palmyra, and Mrs. Robert Finney, of Riverton, wore gowns of blue net, with leghorn hats trimmed with pink velvet streamers. They carried bouquets similar to those of the matron and maid of honor.

Frederick T. Seward, Jr., nephew of the bride, was ring bearer. Paul Guest was his brother's best man.

The ushers included Robert Guest, brother of the groom, Dr. Hayes B. Brady, of Palmyra, Robert Finney, of Riverton and Ralston McClain, of Swarthmore.

A reception at the Porch Club followed the ceremony. The couple left for an extended motor trip, and on return, they will be at home at 407 Cinnaminson avenue, Palmyra.

MCALLISTER-JACQUOT

Miss Adele Jacquot, daughter of A. J. Jacquot, of Collingswood, became the bride of Walter T. McAllister, son of Mrs. William T. McAllister, of Palmyra, on Saturday, June 18.

Miss Eleanor Jacquot, sister of the bride, and Carl McAllister, the groom's brother, were the only attendants.

A reception for the immediate families, at the Hotel Walt Whitman, followed the ceremony, after which the couple left for a honeymoon in New England.

Upon their return, they will be at home at 503 Main street, Riverton.

Church Notices

CHRISTIAN SCIENCE CHURCH

"Christian Science" is the lesson-sermon subject for Sunday, June 26, in all Christian Science Churches and Societies throughout the world. The Golden Text is: "The ransom of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away." (Isaiah 35:10).

Among the lesson-sermon citations is the following from the Bible: "And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever." (John 14:15).

The lesson-sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science, rightly understood, leads to eternal harmony" (p. 338).

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

"Living Waters for Thirsty Souls" is the title of the sermon to be delivered by the Rev. W. A. Boyd, this Sunday morning, at eleven o'clock. The Bible school under the leadership of Albert McCay assembles at 9:45 a.m. Every department has its teacher this year. The adult classes, the young people's classes, and the senior classes will be taught separately. By this method of summer teaching, no scholar need stay away from the summer sessions for fear of not having a teacher.

The young people's societies will not meet on Sunday evenings during the summer. Their meetings will be held on Thursday evening, at 7 o'clock.

The Grove meeting will be in charge of the Methodist Church this Sunday evening. "Christ—the door of Hope" will be the subject of the sermon to be given by the Rev. Boyd. The music will be supplied by the Methodist chorus choir.

The annual church and Bible school picnic will be held this Saturday, at Clementon Park. All members and friends of the Church and school are invited to go along and enjoy this outing together.

It's a long step from Sunday to Sunday without the help of the Church. Persons who do not have the opportunity of attending the Sunday meetings should attend the Wednesday evening Church meeting in charge of the minister.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services, Sunday, June 26th, 10:00 a.m. Bible school. An open session will be held in the school this Sunday which promises to be most interesting. The newly organized Alpha Gamma Class will have charge of the program for the morning, in which representatives from every class will participate.

11:15 a.m. Morning worship. Pastor Lockett has announced the subject for his sermon to be "Perfect Trust." Immediately following the service, the ordinance of baptism will be conferred upon several new members.

7:00 p.m. Community Twilight service will be held in the Municipal Grove. Rev. William A. Boyd, pastor of the Epworth M. E. Church, will deliver the sermon and the music will be furnished by the choir of that church. Here is offered an hour of helpful spiritual worship to all who will avail themselves of this privilege. An hour spent here will help you solve your problems of the week. Come out and enjoy them with us.

In the event of rain, the service will be held on the first floor of Society Hall, adjoining the Grove.

YOUNG PEOPLE'S

EPWORTH LEAGUE

The Young People's Epworth League, of Epworth M. E. Church, will discontinue their Sunday meetings during the summer.

However, league meetings in the same form as those on Sunday night, will be held on Thursdays at 7 p.m. beginning June 23, (tonight). Special plans for the summer will be discussed at this meeting.

There are men who can think no deeper than a fact.—Voltaire.

COMING EVENTS

Tuesday, June 21
Meeting, Burlington County Democratic Woman's Club, Riverton Fire House, 3:15 o'clock.

Friday, June 24
Soccer game, Memorial Park, Riverton. Athletics vs. Broadway.

Saturday, June 25
Picnic, Junior Department, Central Baptist Sunday School at Sunshine Lakes. Busses leave church at 10 a.m.

Saturday, June 25
Baseball, Memorial Park, 3:15 o'clock. Riverton A. A. vs. Light-house A. C.

Saturday, June 25
Picnic of Epworth M. E. Church, Clementon.

Wednesday, June 29
Baseball, Memorial Park, 6:30 o'clock. Riverton vs. Haddonfield.

Thursday, June 30
Covered dish luncheon, Mrs. Samuel Hunter, Parry road, benefit Asbury M. E. Church.

Wesleyan Men's Bible Class

We are sure that every one of the hundred and ten men that were out Sunday, left with a consciousness that you get from the Wesleyan Class, that something, that is not explainable with the printed word.

Charlie Hogg's inspiring singing was most enjoyable and added much to the Father's Day program.

Dr. Bickerton's message was a master piece. It was a most wonderful demonstration of just what the human mind and tongue can do when backed by a superlative understanding of the subject.

CHURCH HEAD

RALPH H. KNAPP

Incoming President of the First Church of Christ, Scientist, in Boston, Massachusetts.

THINGS TO WATCH FOR

A new carbonated coffee drink... an automatic map indicator for an automobile which tells the driver how far he has gone on the tour... air-conditioning for autos using the exhaust to operate a refrigerating system... dial phones for long distance calls... a fish hook with folding barb which makes it easy to remove the hook from the fish or from clothing... a beer can with a collapsed handle which automatically opens the top of the can when snapped into position... a spurt in sale of men's straw hats, with Sennets and Panama predominating and straw... a large volume of business in costume jewelry, such as lapel pins, Mexican bead jewelry, hair combs and ornaments... growing popularity of elastic swimming suits for women... a predominance of wide straw hats in midday's summer wardrobe.

RIVERTON DROPS ANOTHER GAME

North Phillies Nose Out Locals
By 2-1 Verdict: Gibson Strong in Pinches

The North Phillies downed Riverton A. A. by a 2-1 margin, last Saturday afternoon, at Memorial Park, in a closely contested fracas.

Gibson, who hurled for the home-esters until the ninth, was touched for 13 of the 14 hits made by the opposition. "Hoot" was strong in the pinches, however, and confined the enemy scorers to singletons in each of the first and fifth stanzas.

Baker pitched the final frame. The Phillies tabbed a run in the first by virtue of a walk and a double. The last marker was brought about by two singles and an error.

Feeble Attack

The Riverton attack was nothing to boast about, as Hetrick, North Philly southpaw, limited the local stickers to four blows, the only one for extra bases being a double by Cole. This hit also scored the only tally for Riverton, sending Sutters hustling over the rubber.

Thomas, Sutters and Broderson accounted for the other bingles made by the locals.

LOOP MEETING NEXT MONDAY

There will be an important meeting of managers and officials of the Memorial Park Softball League, in the Riverton Fire House, next Monday evening, immediately after the ball games have been finished.

Important matters, pertaining to the second half schedule will be discussed and President Walter C. Wright is desirous of having a full attendance.

Two hundred widows and spinsters are to live rent free in flats in a new building in Sheffield, England. All they will pay is 6 cents a week for taxes.

Country Club Notes

Championship Matches

Second round, semi-final and final matches, in three sixteens of the Club Championship Tournament occupied many of the local golfers over the weekend.

In the championship flight, C. Brook Wallace advanced to the semi-final round by disposing of Walter D. Lamon, Jr., the score being 8 and 7. Wallace was in fine form, having a medal score of 69 for the 18 holes.

He will meet the winner of the Henry-Memphill match in the final.

Second Round

The results in the second round matches of the first sixteen were: Wallace beat Sheble, 2 up; Lamon beat Charlton, 2 up; Hemphill beat Kieckhefer, 4 and 3; Conroy beat Jamison, 6 and 5.

Second round matches in the second sixteen resulted as follows: Morgan won from Kohman by default; Tyler beat Geiss, 1 up; Woods beat Gregg, 2 and 1; Hollingshead beat Walburn, 4 and 2.

Third Sixteen

In the third sixteen, all matches have been played, with J. G. Vilsack taking first honors.

The scores:
Second Round—Carpenter beat Rogers, 1 up; Fair won from Ames by default; Durgin beat Bartlett, 2 and 1; Vilsack beat Hahl, 4 and 3.

Semi-finals—Vilsack beat Durgin, 3 and 2; Carpenter beat Fair, 1 up.
Finals—Vilsack beat Carpenter, 6 and 5.

Teams Wins

Riverton downed Merchantville, in an interclub match played last Sunday over the local course, the score being 53½-47½.

A return match will be played at Merchantville, next Sunday afternoon.

The winners in the 18-hole medal play tournament, last Saturday, are as follows: Robert Conroy, first; J. G. Vilsack, second; W. L. Rogers and H. M. Kieckhefer, tied for third.

CRUCIAL GAME FRIDAY NIGHT

What promises to be the crucial game of the first half, in the Memorial Park Softball League, is slated for Friday night of this week, when the Athletics and Broadway tangle.

A win for the A's will practically assure this outfit the first-half title. Should the Farmers lose to Broadway, the latter needs only a win over Oakwood to be certain of finishing on top of the league. If, however, Broadway beats the A's and then loses to Oakwood, a three-cornered tie would then exist, assuming, of course, that none of the three teams bows to any other opponent.

Big Crowd Assured

Both teams are taking the coming game seriously and will present their strongest array of talent. Haines or Applegate will hurl for the Farmers, while Manager Anderson, of Broadway, will use either Gonteski or Foulke.

A capacity crowd is expected to be on hand for the hostilities as interest among the followers of both teams is approaching a torrid pitch.

SPORTS CONTINUED ON PAGE SIX

OAKWOOD MEETS SECOND REVERSE

Dodgers Get off to Big Lead: Losers Fight Gamely But Bow 7-6

The Dodgers jumped on Oakwood for a four run lead in the initial stanza, last Friday night, at Memorial Park and, although the Chevy boys battled gamely, the poor start proved to be too much of a handicap and they lost their second game, the score being 7-6.

Bauer, first batter for the Dodgers, smote a triple and scored on Lohman's one-baser. The next man was same on one of the numerous errors perpetrated by the Oakwood cast and the stage was set for Saxton's four-master, which brought the Dodger total to four.

Get Two Back

Oakwood came back strong in the lower half of the same canto and scored a brace of tallies on two passes combined with singles by Yearly and E. Wallace.

Nothing further happened in the scoring line until the fifth, when the Dodgers tabbed another tainted run. Cole kept his team in the running when he hit for the circuit with the bases bare.

Oakwood picked up another in the seventh, but the Dodgers tallied their sixth, when a miscue put a man on first and Sexton connected for a double.

Tie Score

Oakwood finally succeeded in knotting the count in the same inning, two runs being produced on three safeties in a row, these being from the bats of McDermott, Hubbs and Knight. This situation was short-lived, however, as the Dodgers scored what proved to be the winning run in their half of the ninth.

Knight passed the first man, the second batter hit a single advancing the runner to third. He scored from this station on a long fly to center.

Oakwood expired in order in their last turn.

Barring a miracle, the reverse eliminated the Chevy outfit from any chance of annexing the title for the first half of the season.

The rival hurlers, Brey and Knight, both pitched fine ball.

Score by innings:

Dodgers 400010011—7
Oakwood 200010120—6
Batteries—Oakwood: Knight and McDermott; Dodgers: Brey and Lohman. Umpires—Rotenbury and Richman.

Fortnum Wins

A greatly improved Fortnum team took the Parry Firemen into camp in another game played on Friday, the score of this affair being 6-4.

The engagement was a postponed tilt, being occasioned by the fact that the same teams battled a week ago to a 2-2 deadlock after 14 frames.

Menkevich, Parry leftfielder, kept his team in the running by poling out two drives that went for the circuit.

COE GETS ACE ON LOCAL COURSE

Howard Coe, of Riverton, joined the Hole-in-One Club, last week, when he secured an ace while playing the local course with two of his sons.

Mr. Coe secured his singleton on No. 2 hole, when his tee shot from a new building in Sheffield, England, landed a few feet from the cup and went in on the first bounce.

YACHT CLUB YARNS

BY NUTE AND MIKE

Wednesday Races

With light airs prevailing through the week there was little actual sailing around the club, all spare time and odd moments being spent in timing up boats in preparation for the Delaware River Yacht Racing Association races that were held Sunday at the R. Y. C. Although these were the most important races of the week the skippers took out time to sail the regular series races Saturday, p. m. Due to favorable weather the Dusters also "made up" last Wednesday evening's race.

Wednesday evening series winners: (sailed Saturday) Bob Lippincott, Bert Shoemaker. The rest got there later, except the Hon. Buck Parsons, who came in with red paint on his boom, (not collected at a buoy by chance

ABOUT THE COUNTY

The Mt. Holly Republican Club has gone on record as advising that the Board of Freeholders change the name of the almshouse to the Burlington County Home.

The new building at Deborah Sanatorium, Browns Mills, was dedicated with appropriate ceremonies, last Sunday.

Mt. Holly merchants report that the "Buy at Home" campaign in that community is proceeding in a satisfactory manner.

Frank Woodington, 78, of Riverside, was instantly killed by a train, Thursday morning of last week, while walking along the tracks. Walter Pike, of Palmyra, witnessed the unfortunate affair.

EMPLOYMENT ON W.P.A. ROAD WORK

Employment for 3,352 men weeks on road projects in Burlington county townships was authorized this week by State Highway Commissioner E. Donald Sterner.

In Springfield township, state and township funds will be combined with W.P.A. labor in placing gravel on two and three-tenths miles of the Columbus-Jobstown road and the Juliettown road.

The W.P.A. labor will also be used by Tabernacle township in the surfacing of five miles of the Tabernacle-Chatsworth road with gravel.

These projects were arranged as part of the state highway department W.P.A. work-relief program.

Willingboro township will place gravel at a width of 20 feet on Park Road at an estimated cost of \$3,500.

LIGHTNING PROTECTION

Experience and statistics agree that lightning protection is effective and worthwhile. Correctly rodded buildings are rarely damaged and losses of them through fire caused by lightning are extremely infrequent.

Qualified agents back their installations with Master Label of approval of the Underwriter's Laboratories an assurance to the buyer that his lightning rod installation is scientifically correct as to materials and application.

All extensive metal parts in buildings, such as litter carrier and iron structural members should be separately grounded to moist earth or inter-connected with the rodding system. Lightning rods are our most effective insurance against fire or death caused by lightning.

Cinnaminson Bank and Trust Co. Riverton, N. J.

June 21, 1938

The Board of Directors this day declared a dividend of 2% payable July 1, 1938 to stockholders of record June 15, 1938.

Howard B. Conover Secretary

Germany consumes more than a million and a half yards of sausages every year.

K. of C. NOTES

St. Joseph's Council, Knights of Columbus will award a Bendix washer, on July 4th, at their hall, Broad street and Elm avenue.

The washer is now on display in the show window of the Schwering store. Any member of the council will be glad to admit any one to participate in the award.

PALMYRA

Mrs. F. Clark, of 733 Garfield avenue, entertained the members of the Palmyra Branch of the Needlework Guild, at their monthly meeting on Tuesday. The meeting was followed by a luncheon.

Miss Jane Hulse, of Highland avenue, is improving nicely after an operation for appendicitis, in West Jersey Hospital on Monday.

Mrs. Paul Farrow, of 111 Leconey Circle, entertained Mrs. James Pearson, Mrs. Wilson Croft and Mrs. Walter Graham and son, all of Philadelphia, last Thursday.

The Junior Department of Central Baptist Church will hold its annual picnic at Sunshine Lakes, on Saturday June 25. Busses will leave the church at 10 a. m.

The winner of the O.E.S. Miscellaneous Club for this week was Mrs. Myra Winn, of Highland avenue.

The Girl Scouts of the Methodist Church Troop are planning a straw ride on Tuesday evening. The party will leave the station at 5 o'clock. Miss Elizabeth Hassell and Miss Virginia Schweizer will chaperone the group.

MEXICAN BEAN BEETLE CONTROL

Mexican bean beetles have already appeared in the early-planted bean fields. This adult beetle, which winters over in protected places, eats the leaves and lays eggs on the undersides of the leaves. To control the Mexican bean beetles successfully, it is important that the right materials be used and still more important that the undersides of the leaves where the insects may come in contact with it.

The materials recommended are either magnesium arsenate or a derris dust. Before the plants have started to make their pods, magnesium arsenate, a poison used either in the dust or the liquid form, will kill the adults and the newly hatched larvae. For spraying purposes, one pound of magnesium arsenate to 50 gallons of water is recommended.

For dusting purposes, a mixture of one pound of magnesium arsenate and three pounds of a good grade of high calcium hydrated lime is recommended.

Derris Dust

When a derris dust is used, it must contain not less than eight-tenths of one per cent rotenone and 2.8 per cent total actone extractives. In extreme cases, two or three applications of either dust or liquid may be necessary to hold the beetles in check.

The use of single-row hoods six feet long, 18 inches wide, and 18 inches high has proved very effective in confining the dust around the bean plants. Hoods not only make the dusting much more effective, but complete control has also been obtained with as little as 10 to 12 pounds of dust to the acre when hoods have been used. The material must be applied on the undersides of the leaves.

GIRL SCOUTS TO HAVE STRAW RIDE

The Girl Scouts of Troop 1, are planning a straw ride, on Tuesday evening. The group will leave the station at 5 o'clock in a truck loaned by H. B. Williams.

Girls are asked to bring supper, a bathing suit and 5c. Every girl must bring a note releasing the Williams driver from responsibility in case of accident and a note with permission to go swimming. Miss Elizabeth Hassell and Miss Virginia Schweizer will chaperone the group.

RIVERTON

Mr. and Mrs. William Vile and family, of 301 Seventh street, have moved to the property at 408 Main street, formerly occupied by the Mary Haas Robbins Maternity Home.

Arthur Burns, Jr., of Thomas avenue, is recovering from an injury to his right foot, received several weeks ago.

Joseph Laverty and daughter Anne, of Cinnaminson street, visited Mr. and Mrs. Jerry Galvin, of New York City, over the weekend. While there, they inspected the World's Fair grounds, which cover an area of 1745 acres and saw some of the mammoth buildings in process of construction.

Mr. and Mrs. William W. McEntee, of the Stiles Apartment, 608 Main street, have moved to Philadelphia.

The winners for June 15, in the Sacred Heart Miscellaneous Club were Mrs. Anna Joseph and Mrs. Laura Rieger, both of Riverton.

Charles M. Biddle, Jr., has returned home after a business trip to Canada.

Mr. and Mrs. Phillip Flack, of Seventh street, have returned home after a vacation at Lavalette.

Mr. and Mrs. Brooks Evert and family, of Thomas avenue, are spending the week at Brant Beach. Charles G. Cook, of Seventh street, is in the Willa Eye Hospital where he will undergo an operation.

OBITUARIES

ELMER J. SEMPLE

Elmer J. Semple, 24, of 453 Horace avenue, was killed while riding his bicycle, when struck by a car, on Wednesday June 15.

Funeral services were held from his late residence on Monday at 2 p. m., the Rev. Charles T. Bates officiating.

Interment was made in North Cedar Hill Cemetery, Philadelphia, under the direction of Frank A. Snover.

The deceased is survived by his parents, Mr. and Mrs. Joseph Semple and three brothers.

JOHN B. HORTON

John B. Horton, of 716 Park avenue, died at his home on Sunday June 19.

Funeral services were held on Wednesday at 2 p. m. from the Snover Funeral Home, the Rev. George Lockett officiating.

Interment was made in the Palmyra M. E. Cemetery.

Several children survive.

PUBLIC SERVICE STOCK DIVIDENDS

The board of directors of Public Service Corporation of New Jersey on June 21 declared the regular quarterly dividends on its common and preferred stock. The dividends are: Fifty cents a share on the outstanding no par value common stock payable September 30 to stockholders of record September 1; \$2 per share on the eight per cent cumulative preferred stock; \$1.75 on the seven per cent cumulative preferred stock and \$1.25 on the par value \$5 cumulative preferred stock, all payable September 15 to stockholders of record August 15. The regular monthly dividend of fifty cents a share was also declared on the six per cent cumulative preferred stock for August, September and October payable on the fifteenth of those months, the record dates being July 15, August 15 and September 15.

When the committee on maternal welfare was established by the Medical Society of New Jersey in 1931, the maternal mortality rate in the state was 59 per 10,000 live births. In the next six years, 1931 to 1937, it was reduced to 33 per 10,000.

My brother is a friend given by nature.—J. B. Legouve.

Know Your Government

Gasoline Taxes

In February, nineteen years ago the first state gasoline tax became effective in the State of Oregon. By the end of the year 1919, Colorado, New Mexico and North Dakota had enacted gas laws. These all provided one cent per gallon taxes, except New Mexico which provided a 2-cent tax. Within a 10 years period every state and the District of Columbia had imposed the gasoline tax, Massachusetts and New York being the last to do so in 1929. The Federal gasoline tax of one cent per gallon became effective June 21, 1932. During the period from June 17, 1933, to December 31, 1933, the Federal tax was 1½¢ per gallon and since that time the one cent tax has been restored.

Federal Taxes

During the first year in which the Federal tax was in operation, the Federal revenue from this source amounted to about 125 million dollars and constituted approximately 8 per cent of the total Federal tax revenue. In 1937 the revenue produced by this tax increased to \$196,500,000, but due to the increased revenue from other sources the proportion raised by the gasoline tax had dropped to slightly less than 4 per cent.

The rates in the various states ranged in 1937 from 2 cents to 7 cents per gallon, averaging 4.3 cents as compared with an average of 3.8 cents in 1930.

The increase in state revenue from this source is due both to an increase in the tax rates and also in the amount of gasoline purchased. In 1930 the total of all state gas tax revenues amounted to \$493,865,000 and was derived from the purchase of about 16 billion gallons of gasoline. In 1936 the total revenue had jumped to \$686,631,000, based on the purchase of about 20 billion gallons of gasoline.

Original Purpose

While the gasoline tax was originally collected for the purpose of improving public roads and highways, many states since the depression have diverted a part of the income from this source to other purposes. In 1926 only 6 of the 45 states which were levying the tax diverted any of this income from highways, whereas, in 1936, 36 of the states were following this practice. The income from the Federal gasoline tax goes into the general funds of the national government.

PLANTS FOR YOUR GARDEN

By A. C. McLean

Extension Service, N. J. College of Agriculture

Two Handsome Lilies

Although they have been in cultivation for a number of years, St. Bernard and St. Bruno lilies have not found their way to many home flower gardens. Unlike most lily-like plants, both these produce roots. They are easy to grow and bear spikes of small white, wide open flowers which are very handsome during early June.

The St. Bernard, or Anthericum, and the St. Bruno lily, or Paradisea, are very closely related, the only difference being in the way the stamens are attached. They resemble Madonna lilies, although they generally open wider than the true Madonna lily and are considerably smaller. The individual flowers do not measure more than an inch or an inch and a half across.

These lilies like plenty of sunshine and a well drained soil that is not too acid. They may be raised from seed, but this process is rather slow. Plants may be bought and propagated by root division.

Although daylilies and lemon lilies are coming back into popularity, gardeners would do well to grow some St. Bernard lilies and St. Bruno lilies or some of the other closely related plants which are more satisfactory for house decoration than day lilies. Asphodels, with their impressive yellow flowers, are one of these related plants well worth growing.

AT FOX RIVERSIDE, SUNDAY AND MONDAY

Ginger Rogers, James Stewart in "Vivacious Lady"

The Westfield Friends School

By a Casual Observer

Seated with others in the quaint, yet impressive, simplicity of the Westfield Friends Meeting House, your observer was interested in the Commencement Exercises of the School and the added fact of the 150th anniversary of this highly accredited school.

The building is in the midst of spacious grounds, cultivated and attractive. Said an educator, "I wonder if the people of the surrounding neighborhood see the beauty of this location and its rare opportunities?"

150 Years of History

According to the principal's address, the Friends, seeing the need of educational privileges for children, with commendable enterprise, liberally established the Westfield Friends School.

From the classes, pupils have gone forth taking their places in institutions of higher education and, later in various professions in life.

With increased purpose the Friends are loyally committed to the maintenance of this school for years to come.

Graduating Exercises

It was with unusual interest that the audience saw the classes led by the principal, Charlotte Bickerton, Professor E. Newbold Cooper, of Girard College, and the teachers, take their places for the exercises.

After singing by the school and reading of the scriptures, the senior class, in order, gave their addresses on the Masters of Modern Literature in concise statements, their talks being interspersed with singing and piano selections.

The principal in her address to the graduates and audience, gave an informative and impressive statement concerning the founding of the institution, together with interesting facts of its various epochs in its unique history.

Tribute to Founders

The address was a fitting tribute to the founders and present-day supporters of this institution.

The graduating class felt, as did the audience, that the hour was of inspirational advantage.

Mr. Cooper, who is a member of the school committee, after an appropriate address, gave the graduates their well-earned diplomas. To your observer, a college graduate said, "the addresses of the class would be appropriate to students of advanced schools."

TENNIS TOURNAMENT PALMYRA COURTS

A tennis tournament will be held at the Municipal Tennis Courts, Palmyra, on Saturday, June 25, at 2 o'clock. The affair will be open only to residents of Palmyra.

A handsome loving cup will be awarded as the prize. Entries will be accepted daily at the courts, until Friday, June 24. The entrance fee is 25 cents. For further information inquire of Mr. Harker, at the courts.

COMMENT

We wonder what a number of the members of Congress are going to use for materials in their "fence-repairing" activities before the next election.

Princeton made the front page last week in earnest what with the flunking of the son of the Japanese Premier and the discussion about awarding an honorary degree to Governor A. Harry Moore.

The opening gun in the coming political campaign was fired last Saturday evening, when Clarence G. Price announced his candidacy for the Republican nomination for Freeholder. It is expected that other announcements for the various other posts will come thick and fast, now that the initial one has been made.

The practical jokers who handcuffed a newly-married Riverside couple last Saturday and then lost the key certainly had a "fine" sense of humor.

Since 1920 there have been 18 per cent more men teachers and only 6 per cent more women teachers in the public elementary schools of the United States.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

This is the time for gardeners to be thinking about the harvesting of spring-flowering bulbs. It will soon be time to dig tulips, to move narcissi if the plants have become overcrowded, and to make plans for replacing these bulbs with annuals or other bedding plants. As soon as tulip foliage yellows or the bulb skin starts to turn brown, the bulbs may be dug and dried in the shade. They should be kept in a sheltered corner of the garden, well protected from the sun, until they are replanted in September.

Digging and storing during the summer months generally proves beneficial to tulips. They require a fairly rich soil and easily become crowded; should there be a wet summer, many of the bulbs would be lost due to the setting in of decay or rot. Botrytis and similar diseases also menace bulbs left in the ground for the summer.

Narcissi need not be moved unless the gardener deems it necessary. When they become crowded—usually after the bulbs have been in the ground four or five years—it is well to separate and replant them, however, giving fresh soil and a generous amount of fertilizer. The best time to dig narcissus bulbs is when their foliage becomes yellow, for then they may be considered mature.

German Iris may be moved and divided from now until the time fall growth starts. Generally, the earlier the roots are moved the better the results will be. It is advisable to cut the leaf fans halfway back in replanting. Watch for borers in moving and separating iris, for they are readily discovered and destroyed. Plants moved now and given good care should bloom next summer from buds formed in the fall. If they are moved later in the season, the chances of attaining good bloom next year are not particularly good.

Move perennial poppies as soon as the foliage dies, which should be in approximately a month or six weeks. This is the best time for gardeners who wish to plant any of the named varieties to order the roots, for if they are secured early they may be planted when dormant. If transplanting is delayed until the roots are in growth, they generally fail.

Dusting and spraying should be continued in the garden. A watchful eye kept on plants where aphids and disease are apt to be prevalent. Roses are especially in need of watching at this time, and plenty of sulphur in dust or spray form will be needed to keep mildew in check as long as wet weather continues.

Health Question: A person who has been bitten by a dog should take what precautions?

Doc Says:

A physician should be seen immediately to enable him to treat the wound without delay.

The health officer should be notified promptly. If the dog has an owner it will be a simple matter to have the animal placed under observation. If the dog is a stray the health authorities will put the dog catcher on its trail. If the report on the dog's condition discloses that it is rabid, the physician will institute anti-rabic treatment on the person who has been bitten.

Loose dogs feed on all sorts of refuse and are often carriers of other germs besides those which cause rabies.

Don't take chances with a dog bite. See a physician without delay to have the injury properly treated.

Material contained in this feature is prepared by The Medical Society of New Jersey, an organization of physicians of the state.

Know Your Government

(continued from page 9)

The tax on gasoline levied by New Jersey is 3 cents per gallon, in New York and Pennsylvania it is 4 cents.

Method of Collecting

Thirty-four different taxes are collected annually in New Jersey. Of these, twenty are collected by the State Tax Commissioner, seven by local collectors, three by the Commissioner of Motor Vehicles, three by the State Treasurer, and one by the State Athletic Commission.

Of all these taxes the State uses solely for its own revenue those from eighteen sources; revenues from seven of these taxes are used solely for local purposes in the county and municipality; the state also collects for local uses three taxes, all of which are paid to county or municipal governments after the cost of state administration has been deducted; and the proceeds from the remaining six taxes are divided between state and local purposes.

With the exception of railroad taxes, the taxes directly affecting real estate are: State school tax, collected by the state for local use; state soldiers' bonus tax, to retire \$12,000,000 of bonds issued in 1921, and the general property tax for local municipal purposes, including counties and local school tax.

Cube root, cultivated in Peru, is used in an insecticide.

If it is printing that should be particularly well done—

FIGHT AT BOARD MEETING FRIDAY

Freeholder Adams and Charles Mundorff Come to Blows In Lively Tilt

The meetings of the Burlington County Board of Freeholders have been rather tame affairs for the past several weeks, but the proceedings were enlivened in a rather startling manner, last Friday afternoon, when Palmer L. Adams, Board member and Charles Mundorff, of Riverside, engaged in a brief, but spirited, encounter with bare fists. Each scored a knockdown, but the press representatives agreed that the verdict was "no decision."

The affair began when Mundorff, seated among the spectators began a tirade directed against Adams, upon whom he directed numerous epithets, none of them complimentary.

Issues Challenge

This lasted for several minutes, during which time, Director Lamont rapped for order and advised Mundorff to stop. The latter paid not the slightest attention and wound up by saying that he would welcome the opportunity of taking Adams apart—or words to that effect.

At this challenge, Adams jumped up, doffed his coat and glasses and started out through the gate that opens into the Freeholder inclosure. He was met there by Mundorff and a brief exchange of blows followed. During this time, Freeholder Albert C. Jones, Director Lamont and others were attempting to restrain the two men. The challenger first went to the floor, being on the receiving end of a right hook to the jaw. Shaking off the peacemakers, he again rushed at Adams and plant-

Crash At River Road Monday

Shortly after 9:30, Monday morning, a car driven by W. E. Janney, 1035 Waking street, Philadelphia, was badly damaged in a crash at S-41 and River road, Palmyra.

Janney was going toward the bridge, on S-41, when a southbound bus pulled across the highway. Believing that he could not avoid hitting the bus, Janney made a turn into Broad street and collided with the car of Charles Schmidt, 329 Middle street, Riverside.

Glancing off the Schmidt machine, the Janney auto then struck a light standard, damaging it considerably.

The affair was investigated by Chief C. Morris Beck and Officer William Stack, of the Palmyra police.

Neither driver was injured.

Little Damage From Storm Here

Local communities suffered little damage from the severe storm, on Monday and Tuesday of this week, although other communities in the county, especially Burlington, bore the brunt of the disturbance.

Although over five inches of rain fell on Monday, the Delaware river and the various small streams in this section did not reach flood stage. At high tide, Tuesday afternoon, the river reached a level about a foot under the Riverton Yacht Club pier.

Pompeston and Pennsauken creeks were high, but did not go over the banks to any appreciable extent. There were numerous reports of washouts on various county and state roads, especially in the upper section of the county.

Although one person in 15 goes to a hospital each year, hospital expenses account for about one-third of all medical costs.

THE NEW ERA

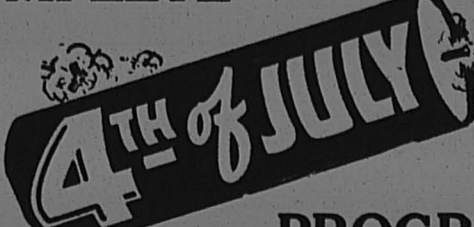

RIVERTON :: CINNAMINSON :: PALMYRA

RIVERTON—PALMYRA, N. J., THURSDAY, JUNE 30, 1938

PRICE FIVE CENTS

COMPLETE

PROGRAM

The complete 4th of July program will be found on pages 6 and 7 of this issue.

Read all of the advertisements in The New Era. During the three shopping days before the 4th, and, in some cases, on the 4th itself, many merchants are offering special bargains in all types of merchandise . . . at prices to start the Summer season off with a BANG!

PALMYRA PLANS FOURTH PROGRAM

Several Events Listed by T. Curtis Flynn, Chairman Of Committee

The program for the celebration of Independence Day, in Palmyra, was announced this week, by T. Curtis Flynn, chairman of the committee in charge of the events for the day. Mr. Flynn is being assisted by Mayor John F. Ward and other members of Palmyra Borough Council.

There will be a quito tournament at the municipal courts, in the rear of Society hall, this event getting under way at 9:00 o'clock. The affair will be open to all, but contestants are required to register not later than Saturday. Thomas Schwink is in charge of this activity.

Prizes

Cash prizes will be awarded as follows: men's doubles, first award, \$5.00; men's singles, first award, \$2.50; junior doubles, first prize, \$1.50; second prize, \$1.00.

Two baseball games have also been scheduled for Palmyra Recreation Park. In the morning, at 10:30 o'clock, the local team will oppose Burlington, in a National Division, Burlington County League contest.

Two other fast teams have been booked for the afternoon engagement at 3:00 o'clock, these being Palmyra W.P.A. and the Palmyra Giants.

Entertainment

A two-hour surprise variety entertainment for young and old has been arranged for the afternoon. This will be held in The Grove, at 2:00 o'clock. Refreshments will be served at the conclusion of the program to children of school age.

No parade has been planned for this year and there will be no dancing in the evening.

WILLIAMS WINS RIFLE HONORS

First Lieutenant Joseph M. Williams, Troop "C," 103rd Cavalry, Indianapolis, Pa., won the individual state championship for having the highest individual score, 219 out of 250, in all rifle matches during the regimental match held June 19th, at Indianapolis. Lieutenant Williams received a handsome gold cup. He also received a gold medal, being a member of the regimental pistol team, which won first place in the matches held at Indianapolis. The regimental rifle team of which the Lieutenant is coach won third place in the regimental matches.

Entered in the competition, were representatives from all regiments of the Pennsylvania National Guard.

JULY FOURTH TO BE BIG DAY HERE

Long Schedule of Events on Program in Riverton: Parade at 10 a.m.

All roads in this section will lead to Riverton next Monday, when the local Fourth of July program gets under way at 10 o'clock, with a huge parade which will feature military and naval units, junior drum and bugle corps, fire companies and children's sections.

From then, until late in the evening, a full schedule of events has been planned by the committee headed by Robert W. Knight, member of Riverton council.

Arrival of Dunlap

In connection with the arrival of the Dunlap, Mr. Knight received the following letter from the command-

U.S.S. Dunlap (384)
Navy Yard, New York
22 June, 1938

Hon. Robert K. Knight
Chairman,
Fourth of July Committee
Riverton, New Jersey
Dear Sir:

This will acknowledge with thanks your letter of June twentieth. Since last writing to you, I have been ordered to proceed from the Philadelphia Navy Yard, to anchor at Riverton on July second. As slack water at Philadelphia Navy Yard is about 6 a. m., in the morning, I will probably leave at that time and arrive at Riverton about one hour later, or about 7 a. m., which will be 8 a. m. (DST) in case you are keeping that time. I realize that it is a rather early hour to arrive, but would not arrive at this (continued on page 3)

Drowned Near Here On Sunday

George J. Bloomquest, 20, of 2717 Gillingham street, Philadelphia, was drowned Sunday afternoon, in the Delaware river, at a location between Riverton and Riverside, where considerable dredging work has been done of late, the shore at this point being used as a bathing beach by many.

The victim came across the river in a boat and, with several companions started to swim toward the shore from a distance of about 100 feet out. He became exhausted and sank before noticed by those who accompanied him.

Riverside police were notified and located the body about an hour later. Artificial respiration was tried, but efforts were abandoned after an hour's work.

Coroner John N. Swartz, of Palmyra, issued a certificate of death caused by accidental drowning.

TRACES HISTORY OF THIS SECTION

George DeCou, Widely Known Historian Speaks at Rotary Club

George DeCou, widely known as a Burlington county historian, gave an entertaining and informative talk last week before the Palmyra-Riverton Rotary Club. Mr. DeCou, who is a resident of Moorestown, N. J., has made the study of New Jersey history in general, and that of Burlington county in particular, his hobby.

Tracing the history of the state from 1609, when Henry Hudson first dropped anchor at Sandy Hook and thereby inaugurated an era of Dutch influence in the New World which extended, and later centered, in New York. Mr. DeCou covered the subsequent history of the state under the flags, Dutch, Swedish and English.

Penn's Interest

The quarrel between John Fenwick and Edward Billing 1677 over the purchase of most of New Jersey from Lord Berkley resulted in William Penn being asked to act as mediator. This led to Penn's interest in America and his Pennsylvania experiment. A direct outgrowth was the founding of Burlington City in 1677.

The first ship with settlers was the "Kent" carrying 230 passengers, mostly of the Society of Friends. This group and three from two subsequently arriving ships settled Burlington and along the streams between Trenton and Pennsauken Creek.

English Version

Cinnaminson—the English version of an Indian name, meaning sweet water—was doubtless so called because of the sweet maples which grew along the banks. In this area Isaac Toy and Griffith Morgan were probably the first settlers. Toy had 500 acres from Pennsauken creek along the river embracing the present site of Palmyra.

Joseph Stokes settled near Westfield—the Evans and Woods properties today being part of his 200 acre farm. Thomas Lippincott took up more than a thousand acres between Pompton and Rancocas creeks. Westfield was settled before the riverfront area and derived its name from being in the west field of the Lippincott farm.

Established 1788

The school there was established, in the home of Abraham Warrington, in 1788. In 1791, land was bought for the school and a building erected. In 1797, the Meeting House was built.

Riverton and Palmyra, therefore, are not old towns as Burlington county history goes. Palmyra was a community of sufficient importance, however, to appear on a map in 1836 and Riverton some ten or twelve years later.

COMMENT

Riverton employes are busy cutting off high grass on vacant lots in order to give the community a spick and span appearance for the fourth. In connection with this, there are several unoccupied houses where the grass has been uncut for and these situations present a most unkempt appearance. Some arrangement should be made with the property owners to have these places put in order before next Monday.

Councilman Robert W. Knight, chairman of the Fourth of July Celebration Committee, in Riverton, has done a fine job in arranging for the extensive program that will be carried out on that day.

Palmyra seems not to be interested in a joint sewage disposal plant for the two communities. At the rate P.W.A. funds are being allotted, Riverton officials should move rapidly if they expect to get a share of the largess that is being distributed.

CCC APPLICANTS

George N. Wimer, director of welfare, in Palmyra, has announced that applications for enrollment in the CCC will be accepted at his office until the close of business today (Thursday).

POWERS LAUDED FOR HIS STAND

Gratitude for his assistance with the anti-lynching bill, has been expressed to Representative D. Lane Powers, 4th District, New Jersey, by Joseph A. Gavanagh, Democratic Congressman of the 21st New York Congressional District.

It was Gavanagh's anti-lynching bill which was moved and passed in the House with Powers' support. The measure was killed in the Senate by a filibuster of Southern Senators.

Congressman Powers, who represents Burlington and Mercer counties, had also introduced an anti-lynching bill, companion to the Gavanagh measure.

COLONIAL EXHIBIT AT LOCAL THEATRE

An authentic colonial exhibit will be on display in the lobby of the Broadway Theatre, Palmyra, on Independence Day, Monday, July 4, between the hours of one and nine p. m.

The colonial exhibit contains many articles of the period of 1776; some used by Washington, and others by the famed continental army under his command. Among the various treasures there will be:

The hat of John Honeyman, the first "spy" of the continental army. It was he who made possible the capture of the city of Trenton, and the actual "turning point in the war of Revolution."

A large, odd appearing key, carried by General Washington and which fitted into his personal chest. Also, his candle holder (from the personal chest) which he undoubtedly used to illuminate the writing of his dispatches and the letters home to Mt. Vernon.

The sword of Capt. John Daniells, one of the outstanding leaders of the Jersey Blues.

A coat from the actual crossing of the Delaware on Christmas night of '76, remarkably preserved, and left at the headquarters of the army during its short few hours stay at McKone's Ferry, (now Washington's Crossing, N. J.).

Many other interesting relics appear in the free exhibit.

NO FIRECRACKERS

Local residents are reminded of the state law that prohibits the sale, possession or use of firecrackers, etc., on Independence Day, except those displays that are given by municipalities.

This is the second year that this ruling has been in effect.

CHANGE IN OFFICE HOURS

Dr. Dean H. LeFavor, of Morgan avenue, Palmyra, wishes to announce that during the month of July he will be in Palmyra on Mondays and Thursdays only, on which days he will make calls as usual, in the morning and have office hours at 2 o'clock, in the afternoon and 7 o'clock in the evening. There will be no evening office hours on Thursday, June 30.

It is the chin and jowls that reveal a man's nature more than his eyes.

YMCA BRIEFS

Camp Notes

With the opening of the Y.M.C.A. Camps Ockanickon and Matollonequay, set for Saturday, July 9 the staff and counsellors will convene at their respective camps at Medford (the preceding Wednesday, July 6, for a conference with Charles Lee Black, directing the Ockanickon training, and Miss Hazel A. Metcalf, in charge of the pre-camp get-together of her Matollonequay staff.

At Ockanickon, the one outstanding innovation this year is the change of location of the senior area, from across the lake to this side, using Pomona Cabin as headquarters and the shore along the lake to the east for their tents, thus giving them their own special beach and swimming area, and closer access to the dining hall, headquarters, craft shop, council ring, and the out-door camp.

New Tent Houses

When last year campers at Matollonequay return, they will discover eight new tent houses. More open spaces will be apparent, because of additional clearing. Tennis courts will be ready. A few changes at Matollonequay Lodge will make that even more attractive. In the kitchen a new dish washer will revolutionize that whole procedure.

Both Mr. Black and Miss Metcalf come to their respective positions here as camp directors for the first time this summer, but each has had very extensive training and experience in this field. Their qualities of leadership and the kind of staff members and counsellors they have selected gives promise for the summer of 1938 being as fine as any of thirty-two years which have made up the history of this Y.M.C.A. camping enterprise for the youth of Burlington, Camden, Gloucester and Monmouth counties.

Additional employment for 1,822 man weeks will be given in Burlington county through a combination of state aid with W.P.A. labor on work approved last week by State Highway Commissioner E. Donald Sterner, as part of the state highway department-W.P.A. work relief program.

ABOUT THE COUNTY

Moorestown has been granted a PWA grant of over \$70,000 for construction of a new high school gymnasium and cafeteria, according to a recent announcement from Washington.

A Moorestown resident was bitten last week by a black widow spider. The victim was in considerable pain for several days, but recovered from the effects of the bite.

Bank night in a Burlington theatre has been brought to an end by a suit charging that the "game" is a lottery.

Coroner Clarence S. Roberts, Jr., of Moorestown, recently accepted an appointment as an investigator in the State Department of Alcoholic Beverage Control.

Two democratic candidates for sheriff have already entered the field.

B. E. Blankenbush, formerly of Riverton, was recently elected director of the West Jersey Pharmaceutical Society.

MORE EMPLOYMENT ON COUNTY ROADS

In Delran township, construction on Hartford road and work on various other streets will include bituminous surface treatment, grading, graveling and reconstruction of street sewers.

In Chester township the construction will be done on Coles avenue, North Forkland road and Maple avenue.

BETTY RE-ELECTED TO POLICE POST

Officer Lawrence Betty, of Palmyra, was re-elected president of the Burlington County Patrolmen's Benevolent Association, at a meeting of that body held last week, in Florence.

John W. Carhart, of Riverton, was named recording secretary, while Nelson Wallace, of Palmyra, and John Robinson, of Riverton, were elected as trustees.

TO DEEPEN RIVER

Announcement was made last week, by the Water Department, of the allotment of \$63,000 to the project of deepening the Delaware river, between Philadelphia and Trenton.

JUST THINK BACK TO JULY 4th IN 1776

WHAT A DAY THAT MUST HAVE BEEN... a day of climax for an independence-minded group of colonies... and in Philadelphia, the solemn and fateful Congress in session in what is now Independence Hall! What a joyous scene must have taken place when the Liberty Bell tolled its glad message!

At that time and during the Revolution that followed, Banks played their important part in finance, industry and commerce... a part that in the succeeding years has become increasingly important and of far greater scope. Today, as a modern descendant of those original financial pioneers, The Cinnaminson Bank and Trust Company salutes the past with a deep feeling of reverence for those who so securely founded our democratic institutions.

Cinnaminson Bank and Trust Co.
Riverton, N. J.

JULY FOURTH TO BE BIG DAY HERE

(continued from page 1)

hour except for the condition of the tide. I hope the early hour of arrival will enable me to take soundings about the ship before coming ashore. We can arrange the details at our meeting in Philadelphia.

The careful arrangements you have made are greatly appreciated by myself, the officers and crew of the Dunlap, and we look forward with great pleasure to our visit with you. I am,

Respectfully yours,
R. J. TOWNSEND,
Lieut. Commander, U. S. Navy
Commanding U.S.S. Dunlap (384)

Children's Section

According to advance indications, the committee in charge of the children's section of the parade expects that a large number of juniors will be in line.

Mrs. Robert E. Gowell, chairman of this phase of the program has announced that prizes will be awarded in the following classes:

Baby Coaches

First and second prizes for coach; first and second prizes for children pushing coach.

Velocipedes

First and second prizes for boys; first and second prizes for girls.

Bicycles

First, second and third prizes for best decorated (boys); first, second and third prizes for best decorated (girls).

Wagons

First and second prizes for decorations, etc.

Miscellaneous

Prizes for most patriotic costume; prize for most attractively dressed child; prize for most original costume; prize for best comic costume. The prizes have been chosen and are on display at Smith's store, Main street, Riverton.

Prizes for the athletic events are on display in the store of Frank P. Coddington, while the aquatic awards are being shown by L. L. Keating.

Events

In addition to the parade, there will be sailing races, athletic events at Memorial Park, an exhibition drill by the drum and bugle corps, aquatic events and fireworks, at the river, during the evening.

The complete program is given in another section of this issue of The New Era.

Many former residents are planning to return for the day and numerous citizens expect to have out-of-town guests over the weekend. The police department will have a large force of special officers on duty to handle the great influx of motorists that will descend upon Riverton during the day.

Postponement

In the event of postponement, due to rain, the events will be held at Memorial Park on the following Saturday afternoon, starting at 1.30 o'clock. The fireworks will be held the evening of the same day at the River bank, if postponed on account of rain.

ABOUT TOWN

Local skippers put in a busy session at the pumps after the heavy rains on Sunday and Monday.

C. G. Rhoads, who was recently arrested in Riverton, for attempted extortion, and given a 10-day sentence in Mt. Holly jail, was arrested in Philadelphia, on June 14, on the charge of breaking and entering and larceny.

With so much going on here Fourth of July, youngsters will have little opportunity to miss the firecrackers of yore.

Many local residents are planning to entertain out-of-town guests over the coming weekend.

Less than 30 per cent of the total cost of medical care goes to physicians in private practice. The other 70 per cent is divided among hospitals, dentists, pharmacists, nurses, public health agencies, patent medicines, and quacks.

HEAR TALK ON COUNTY SITUATION

Over fifty women from Palmyra, Riverton and Cinnaminson assembled at the home of Mrs. Alexander C. Wood, Jr., Riverton-Moorestown road, on Monday afternoon of this week to hear an informal discussion of county affairs by Walter D. Lamm, director of the Burlington County Board of Freeholders.

Mrs. Wood acting as chairman of the affair, explained the purpose of the gathering and introduced the speakers, Dr. S. Emlen Stokes, assemblyman from Burlington county, being on the program, in addition to Mr. Lamm.

County Finance

Mr. Lamm covered, in detail, the various steps taken toward the construction of a new almshouse and presented a complete resume of the financing of the structure. He also covered the county budget question and presented the financial picture in a clear and concise manner.

At the conclusion of his talk, Mr. Lamm answered numerous questions that were propounded by the ladies that composed the gathering.

PHILATELIC NEWSBITS

By S. E. Griffith

The first thing, this week, is to correct an error caused last week when an entire sentence was omitted. The article, as it should have appeared, follows:

The Delaware stamp is being printed by flat bed presses while the new Constitution stamp is being printed by rotary presses. The initial printing order called for 75,000,000 copies of each.

Captain Tim Healy has been placed in charge of the radio program "Calling All Stamp Collectors." This program may be heard locally on each Saturday, at 4 p.m. over station KYW.

A note in the New York Sun answered the query about the Constitution stamps from Finland. A letter from the Finnish Post Office stated that the issue had never been contemplated.

The Post Office Department has announced that there will be no other issues of stamps this year beyond those already scheduled and announced here previously. The only thing left for the department to give their final approval on is the place and date of issue of the Iowa stamp. In all probability this stamp will be issued at Des Moines, on August 24.

Thirteen new stamps have been ordered by Jamaica to comprise their King George VI issue. These will range in value from one half penny to ten shillings. Gilbert and Ellice also have ordered a new King George VI pictorial set of 12 stamps from 1/2p to 5s.

An interesting cachet is being sponsored by Joseph F. Sickler, of Salem, N. J. It will show a picture of Salem Old Oak and is a part of the Swedish celebration at which

the Crown Prince and Princess of Sweden will be present. To receive this cachet send an unstamped envelope with 4 cents to Mr. Sickler.

I attended the SEPAD exhibition on New Jersey Day and was pleased to see many South Jersey stamp collectors present. Many of the displays were based upon studies made of individual issues and just looking at this material with two other collectors consumed two and a quarter hours. I sincerely trust that every local collector will make it their business to attend such important exhibitions for they show so graphically the many interesting phases of the hobby.

The new 4 1/2 cent White House stamp, to be issued on July 11, will be printed in ebony gray ink.

Stamps for Your Collection

This is the second article in the series announced last week, which is appearing each week in The New Era.

I am going to talk, this week, about precancels. Last week I spoke about overprinted foreign issues and inasmuch as precancels in this country are actually overprints, this subject naturally follows. A precancel is a stamp that has had the name of the city and state printed between horizontal lines across its face. These are usually used for bulk mail to facilitate its handling in the post office. The customary type is illustrated.

RIVERTON

When collecting these precancels one finds many town names are very scarce and desirable for his collection. At the SEPAD show, several collections of precancels were on exhibition and not being a collector of these items, I was only passively interested. However, I became very much interested when I saw a precancel block of Harding Memorial imperforate stamps. I immediately recalled those available around these parts some years ago.

The Harding Memorial imperforate stamps were not available to post offices therefore could not exist with a legitimate precancel. They were issued for private coil manu-

facturers and could be purchased only at Washington, D. C. Now the moral to this story is just this—if anyone ever offers you Harding Memorial imperforate stamps precancelled, just be on your guard.

Independence Day

To a large number of the citizens of this country, the Fourth of July means a vacation from work which, in turn, may provide opportunity for a trip to the shore or mountains, a chance to engage in a couple of rounds of golf, or any one of numerous kindred diversions. It is, in short, a day for relaxation and enjoyment.

How many, we wonder, appreciate, or realize, the more serious aspects of this national holiday? Why do we celebrate Independence Day?

Because, many years ago, the leaders of the Colonies dared to declare their independence from the injustices that they had suffered from the unjust rule of a mother country. It took a lot of courage for any one, at that time, to defy the might of England, but these pioneers did just that and carried through with their purpose until an independent nation was established.

Their deeds should spur the present generation to greater things. We all know that the United States is bigger than any depression or recession—such conditions can be defeated, but only with the whole-hearted support of all our citizens.

Let us, therefore, on this anniversary of Independence Day, dedicate ourselves toward the creation of a new independence from these vexing conditions which so restrict and hamper the proper pursuit of happiness. The difficulty can be overcome, if we all work together in a common cause.

The Legislature's Step-Child

To the average New Jersey motorist, it is plain to see that South Jersey is the step-child of the New Jersey Legislature. One needs but half an eye and a motor trip into North Jersey to ascertain where the highway dollars are spent.

North Jersey has its fine new five-lane super highways, its sky-way roads, its tunnels and bridges . . . and, by comparison, what does South Jersey have? The White Horse Pike and the Black Horse Pike . . . both of which are veritable death traps. One has but to read the newspapers following any summer weekend in South Jersey and big headlines pronounce the death toll with all the gruesome details.

Right now, the South Jersey seashore resorts are suffering what is probably the biggest depression, recession or whatever you wish to call it, in their history. Millions of dollars have been invested in palatial hotels, huge amusement piers, and allied business enterprises of every description. South Jersey, famous as a summer resort section, famous for its convention facilities, and famous for weekend patronage, accessible only by two grossly inadequate and highly dangerous highways. Is it any wonder that patronage has fallen off? How many people have you heard say, "I'd rather stay home and read the Sunday paper than risk the lives of my family on the White Horse Pike."

Only last week, the Commissioner of Motor Vehicles of New Jersey sent out a newspaper release urging people to use the Black Horse Pike going to the seashore and to return by the White Horse Pike. Does he recognize the difficulty of such a proposal as that?

Why not construct one or two super highways with three lanes of traffic proceeding in one direction and another three lanes, separated by a sizeable island, proceeding in another direction? Let one lane be used exclusively for commercial vehicles and busses, another for passenger vehicles, with a speed limit of 40 miles per hour, and the third for passenger vehicles with a speed limit of 50 miles per hour? Why not use the new lighting system now in use at Absecon for the entire distance and police the entire stretch adequately?

This sounds like a big order . . . but it would still be nothing in comparison to North Jersey's highway facilities.

If you agree . . . and think something should be done about it . . . you know the old axiom — "It's the wheel that does the squeakin' that gets the grease."

PRESENTED TO SOCIETY

Mr. and Mrs. C. Emory McMichael, of Knoll House, Devon, entertained at a tea on Saturday, where Miss Anne Glendinning Clark, daughter of Mr. and Mrs. Stuart B. Clark, of Riverton, was presented to society.

Mr. and Mrs. Clark had as their weekend guests, Miss Elsie Cunningham, of Dedham, Massachusetts; Miss Susan Plummer, of Boston; Miss Sally Walker, of Baltimore and Miss Theodora Lannon, of New York City, who assisted Miss Clark in receiving at the tea.

Mr. and Mrs. Herbert M. Kieckhefer, of Riverton, entertained at a swimming party and luncheon in honor of Miss Clark and Miss Margaret Willis, debutante daughter of Mr. and Mrs. Oliver G. Willis.

Mr. and Mrs. Clark and their daughter, will leave this week for Matapoisett, Massachusetts.

SIMPSON—KERCHER

Mr. and Mrs. Robert E. Kercher, of 10 Garfield avenue, announce the marriage of their daughter, Sarah Ruth, to Orlando D. Simpson, son of Mr. and Mrs. LaForrest Simpson, of Hartford, Connecticut, which took place on Sunday, June 26 at 2:30 in the Pennsauken M. E. Church. Rev. A. L. Glogoff, pastor of the church performed the ceremony.

Miss Mary L. Kercher was her sister's only attendant and William B. Kercher, brother of the bride, served as best man.

Mrs. Katharine Bodine, sister of the bride, played the wedding march and accompanied Miss Anna Jean Kercher, another sister, in a vocal selection.

Mr. and Mrs. Simpson will make their residence, temporarily, in Hartford.

WELLS—BOYER

Mr. and Mrs. Joseph Boyer, of Moorestown, announce the marriage of their daughter Mildred, to Frederick H. Wells, son of Mrs. Jean Wells, of Morgan avenue, Palmyra, which took place on Saturday, June 25, in the Valley Forge Memorial Chapel.

The couple were attended by Miss Helen Steele, of Delanco and Herbert Parsons, Jr., of Palmyra. They will reside at the Morgan avenue address.

TAYLOR—EVANS

The marriage of Miss Sylvia Hathaway Evans, daughter of Mr. and Mrs. Harold Evans, of "Aubury," Germantown, to Joseph Hooton Taylor, son of Mr. and Mrs. Howard G. Taylor, of Riverton, took place on Wednesday afternoon, June 22, at the Friends Meeting House, in Germantown.

Miss Margaret Evans was her sister's maid of honor, and the bridesmaids include Miss Margaret Taylor, Miss Faith Evans, Miss Rebecca Taylor and Miss Mary Taylor.

Nathaniel H. Evans, brother of the bride, was best man. The ushers were Samuel McNary, Ben Cowles, Thomas Evans, another brother of the bride; C. John Allen, Jr., Thomas Roberts and M. Albert Linton, Jr.

A reception followed the ceremony at the home of the bride's parents.

Wesleyan Men's Bible Class

Do you feel that the man who invests in human happiness and human helpfulness does not have to wait for the "by and by" to know what the true and lasting joys of immortality are?

Isn't it a fact that we all like a word of cheer? Why not drop in at the Wesleyan Class and help make the old world brighter for the other fellow. Cheer costs nothing and how it bounds back.

We will be looking for you 9:50 a.m. Sunday.

A number of girls from Riverton attended the opening of the Girls Friendly House at Island Heights on Saturday, among them being Mary Jane DeCoursey, Miriam Gorman, Anna May Wolfshmidt and Emma Rotenbury.

What really flatters a man is that you think him worth flattering.—Shaw.

CHRIST EPISCOPAL CHURCH

Palmyra
Rev. John H. Chapman, Rector
Sunday, July 3, 3rd Sunday after Trinity.
8 a.m.—Holy Eucharist.
10 a.m.—Church School.
11 a.m.—Choral Eucharist and Sermon.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services, Sunday, July 3, 1938.
10:00 a.m., Bible School. The regular classes will convene next Sunday and it is hoped that the attendance for the Summer months will continue as it has been. A suggestion to members—bring your Summer guests along with you.

11:15 a.m., Morning Worship, followed by Communion, when new members will be received into the church. Music by the choir. The pastor's subject will be "Jesus, the Master of Men."

7:00 p.m., Twilight Service in the Municipal Grove. Rev. Francis B. Downs will deliver the sermon of the evening. Everyone is most cordially invited to these services. In case of rain, as was last Sunday, the service will be conducted in the Society Hall.

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor
The Sacrament of the Lord's Supper will be observed in the Methodist Church this Sunday morning, at 11 o'clock. The Rev. W. A. Boyd will officiate. This will be the last Holy Communion service until the first Sunday in October. All members and friends of the Church are urged to be present. This Church will join with the Churches in this community in a Union Meeting in the community grove, at 7 o'clock, this Sunday evening. The Rev. Francis B. Downs, rector of the Episcopal Church, in Riverton, will conduct the service.

On Wednesday evening, from eight to nine o'clock, the mid-week Church service of praise-prayer and Bible study in charge of the minister. We especially invite to this service those persons who, for one reason or another, were unable to attend the regular worship service on Sunday.

Miss Margaret Evans was her sister's maid of honor, and the bridesmaids include Miss Margaret Taylor, Miss Faith Evans, Miss Rebecca Taylor and Miss Mary Taylor.

Nathaniel H. Evans, brother of the bride, was best man. The ushers were Samuel McNary, Ben Cowles, Thomas Evans, another brother of the bride; C. John Allen, Jr., Thomas Roberts and M. Albert Linton, Jr.

A reception followed the ceremony at the home of the bride's parents.

Wesleyan Men's Bible Class

Do you feel that the man who invests in human happiness and human helpfulness does not have to wait for the "by and by" to know what the true and lasting joys of immortality are?

Isn't it a fact that we all like a word of cheer? Why not drop in at the Wesleyan Class and help make the old world brighter for the other fellow. Cheer costs nothing and how it bounds back.

We will be looking for you 9:50 a.m. Sunday.

A number of girls from Riverton attended the opening of the Girls Friendly House at Island Heights on Saturday, among them being Mary Jane DeCoursey, Miriam Gorman, Anna May Wolfshmidt and Emma Rotenbury.

What really flatters a man is that you think him worth flattering.—Shaw.

NEW ERA

BUSINESS NOTES

Follow the business news at home—It pays big dividends

Smith's Store announces the Matthews Dress line in this issue of The New Era. Miss Edith Smith reports that many women are ordering frocks in this line. The styles are ordered from illustrations in the master catalogue at the store. Measurements are taken at the store and materials selected from actual samples in the catalogue. A small deposit is made at the time of ordering and the balance paid on delivery. Deliveries thus far have reached the customer in less than ten days.

The Cinnaminson Bank and Trust Company is announcing in the advertising columns of this issue their compliance with a recent act of the New Jersey legislature closing banks for the normal transaction of business on Saturday mornings during the months of July and August. Better remember to do your week-end banking on Fridays.

The Broadway Theatre is featuring a FREE lobby display of authentic relics of the continental army brought here from Washington's Crossing. The articles will be on display on July 4th. Complete details elsewhere in this issue.

The Agnes Shop is advertising a big display of Catalina bathing suits at present. These Hollywood swim suits made a hit with visitors at the store. Prices and details in the Agnes Shop ad in this issue.

Peel Poindexter, Riverton tailor, is situated in his new business location on Main street next to Chew's Bakery. Alterations to the property are not quite completed as yet.

Alterations to the Collins Building, preparatory to occupancy by the Henry A. Dreer firm are nearing completion. It is expected that Dreer's will occupy the building during the month of July.

John H. Etris has purchased advertising space in this issue that tells you just enough to keep you up in the air. It has to do with the mystery tuning radio about to be announced shortly. We'll tell you this much. You can go into any room in the house and tune in any station and make the radio louder, softer and in fact you can turn it off with no wires between you and the set. Keep your eye peeled for its arrival in this paper . . . it's a thriller.

Frank P. Coddington is specializing in flags of all sizes and price and patriotic crepe paper for decoration. See his ad for further details.

Lloyd's garage next to The New Era office is offering a most tempting special that looks mighty tempting. Look at his ad and see for yourself.

For you fellows who are fishing fans, C. Ward Lowden is advertising a complete line of fishing tackle on the sport page. Give it a look.

Clinton B. Woolston delivered a new Nash sedan to Miss May T. Shim of 617 Main street, Riverton, this week. It's all that professor Quizz says it is.

Ralph's Patent Medicine Store is now open and in full swing at 535 Cinnaminson avenue, Palmyra. Fountain service and luncheonette is one of the features in this new store.

The Philadelphia Market House is advertising an attractive line of special foods for the Fourth of July holiday. Their store will be open late Friday and Saturday evening and closed all day on the 4th.

This issue of The New Era is especially well filled with picnic, holiday and sporting goods items. Buy at home, shop in comfort and best of all SAVE MONEY.

BATTLE TWELVE INNINGS TO TIE

Broadway-Athletics Tilt Called On Account of Darkness With Score 2-2

The question of whether the Athletics or Broadway is the better softball team remains unanswered, at least for the present, since these two outfits battled for 12 innings, last Friday night, to a 2-2 stalemate, darkness finally ringing the curtain down on the hostilities.

The attendance at the affair was the largest ever seen at Memorial Park for a softball game. Both teams muffed numerous chances to break the deadlock, Broadway, in particular, hitting the apple with great gusto, except when safeties would have meant runs. The Movie Men had 15 stranded on the hassocks.

A's Score First

The Athletics broke into the scoring column in the second, tabbing one run without virtue of a hit. Yearly got to second on a boot, advanced to third on an infield out and scored on Shea's fly to center.

Broadway evened the count in the third, but three singles and a walk could only produce one tally, the bases being crammed when the third out resulted.

The Farmers went ahead in the sixth, an error and three hits being combined for another lone tally.

Another Chance

Broadway had another big chance in the seventh as Foulke, leadoff man, singled. Bartley and Gonteski also bunched out one-basers in rapid succession to fill the bases. Sloan then slapped another safely and Foulke cantered over the pay station. There were still no outs and Applegate, A's hurler, appeared destined for an early shower.

In this crisis, however, Easley drove a short fly to Yearly, whose perfect throw nipped Bartley at the plate, as he attempted to score on the play. Buchholz forced Gonteski at third for the final out.

In Big Trouble

The big opportunity for the Athletics came in the upper half of the tenth, when Williams poked one safely over second. He advanced a station on a wild pitch. This was the end of Gonteski's tenure of office, Foulke coming in to take over the hurling chores. Incidentally, Tony pitched a fine game, the opposition getting only six hits off his delivery.

Foulke forced Shea to fly to Burke, but Swain kept things going with a smashing single. The Broadway board of strategy then decided to walk Phelan to load the bases.

In this crisis, Foulke fanned Shaeffer and Applegate ended the frame with a loop to Burke.

No Further Threats

The farmers got singles in the 11th and 12th, but could not advance a man beyond the initial station. For Broadway, Weikman and Burke connected with two away, but Applegate squelched the rally before any damage was done. Bartley got his third straight in the 11th, but expired on first.

Sloan stroled to start the 12th and Buchholz got his third bingle, but that was all.

Broadway got 16 hits, while the Athletics could acquire only 11. These statistics meant nothing, however, as far as the decision was concerned.

The contest was replete with sparkling plays afield and the entire way. 15 Athletics, 7 Umpires—Carhart, Alloway and Richman.

Country Club Notes

Wallace Defeated

For the first time in five years the club has a new champion, C. Brook Wallace, title holder for that period, being displaced last week by Robert Conroy, youthful contender. In a closely-contested 36-hole final round match, Conroy won 1-up.

R. M. Hollingshead, Jr., defeated J. C. Tyler 3 and 1 to annex top honors in the second sixteen. Four Ball Match Play In the four ball match play tournament held last weekend, J. G. Vilsack and C. H. Carpenter were first honors. There was a multiple deadlock for second place, the contenders being: Dr. E. A. Meyer and H. F. Jones, R. H. Morgan and J. C. Tyler, H. S. Coe and H. N. Sheble.

COUNTY LEAGUE GAME JULY 11

Riverton and Roebling will clash at Burlington on Monday evening, July 11, in a tilt that will decide the winner of the first half, in the Burlington County Softball League.

Both teams finished the regular season with a record of 12 and 2. A large delegation of local rooters is expected to accompany the team and have high hopes of seeing the locals come home with the decision.

TIE PLAYOFF ON TUESDAY NIGHT

The tie game between the Athletics and Broadway will be played on Tuesday evening, July 5. This engagement will be the final contest of the first half, in the local softball league.

On Friday night of this week, Broadway meets Oakwood, in a game that should be another feature attraction.

until the final out.

ROUND TRIPPER RUINS SHUTOUT

Baker Limits Lighthouse A.C. To Seven Hits; Riverton Wins Game 5-1

A home run in the ninth, by Partridge, shortstop for Lighthouse A.C., of Philadelphia, spoiled a shut-out win for Len Baker, Riverton hurler, last Saturday afternoon, at Memorial Park, the locals winning 5-1.

Performing in fine style, under a scorching sun, the Riverton pitcher limited the opposition to seven bingles, two being made in the final stanza. He fanned nine and issued three passes.

Score Early

The homesters started off with a bang and Stringer, Lighthouse twirler, seemed destined for an early ticket to retirement. He weathered the storm in the first two innings, however, and went the limit without much opposition.

Riverton started fast, when Bartley smashed a single with one away. Bill Baker connected for a lusty two-baser, Bartley stopping at third. Both runners scored when Thomas crashed one over second.

Get Three More

The locals added three more in the second and then called it a day. After Cole had fanned, McDermott met a pitch with great gusto, the blow being good enough for a single. Len Baker duplicated this feat and Foulke stroled to cram the bases. McDermott tallied on an infield out and Bill Baker's second drive admitted two more.

Lighthouse loaded the hassocks in the initial stanza, on two one-basers and a hit batter. Baker courageously hurled himself out of this trying situation by fanning the side.

PALMYRA

Isabelle Betty, daughter of Officer and Mrs. Lawrence Betty, is rapidly convalescing at the Pennsylvania Hospital, following an operation for appendicitis, last week. Miss Betty was a member of the graduating class at Palmyra High School this year.

Edward R. Durgin, of Palmyra, has been recommended for promotion in rank from lieutenant to lieutenant commander in the U.S. Navy. The recommendation will take effect when formally approved by Secretary of the Navy, Claude A. Swanson.

Members of the choir of Central Baptist Church enjoyed a picnic at Berlin Park last Saturday.

Mr. and Mrs. Harry Bates, of Highland avenue, are spending the week with Mr. and Mrs. Richard Davis, of Yonkers, N. Y.

Dr. and Mrs. Dean H. LeFavor, of Morgan avenue, will leave today for Montreal, Canada, where they will be registered at the Mt. Royal Hotel.

Dr. and Mrs. W. Roland Dunn and family, of Palmyra, are occupying their summer home at Elsinboro Point, near Salem.

Mrs. Harry Groome, of Washington avenue, was a winner in the Sacred Heart Household Linens Club this week.

The Palmyra Building and Loan Association will hold its meeting on Tuesday of next week owing to Monday being Independence Day.

The winner of the O.E.S. Miscellaneous Club this week is Mrs. Harry Shea, of Cinnaminson.

Mrs. I. Mattison, of Garfield avenue, left Sunday for Ocean City, where she will spend the summer.

Miss Helen Henzler, of Charles street, left Sunday for Camp Look-out, Downingtown, Pa., where she has been appointed counsellor.

Miss Dorothy Stavelly, of Charles street, left Friday for Lake Teddyskong, at Hawley, Pa., to spend the summer.

Miss Beatrice Mattison, of Garfield avenue, left Saturday for Lake Tripp, Poland, Maine, where she has been appointed camp counsellor.

The Girl Scout Mothers of Troop 1, will hold their annual picnic on Tuesday, July 19, leaving the station at 10 a.m. Girls and mothers are requested to bring lunch, bathing suits and 15c for transportation. Make reservations for transportation by calling 551-J.

EPWORTH LEAGUE

J. Edmund Turnock, Jr., will be the speaker at the meeting on Thursday evening, at 7 o'clock.

His topic will be "Ye are my friends." The league will hold a straw ride on Friday July 1, and will leave the church at 6:30 sharp. Bring 10 cents and a note from home allowing you to go and releasing the owner of the truck from any responsibility.

COMING EVENTS

Thursday, June 30
Covered dish luncheon, Mrs. Samuel Hunter, Parry road, benefit Asbury M. E. Church

Saturday, July 2
Baseball, Memorial Park.
1.30—Riverton County League Softball team vs. U.S.S. Dunlap.
3.15—Riverton vs. North Penn.

Sunday, July 3
Union Church Services, The Grove, Palmyra, 7 p. m. Rev. Francis B. Downs will conduct the service.

Monday, July 4
For complete program see other pages of this issue of The New Era.

Tuesday, July 5
Meeting, P.O.S. of A., Palmyra.

The average school teacher in the United States is absent from school only three days a year on account of illness.

ENGAGEMENT

Mr. and Mrs. Ott Thornburg, of Richmond, Ind., announce the engagement of their daughter Nilah, to Walter S. Price, son of Mr. and Mrs. Rowland Price, of Palmyra. Miss Thornburg, who was a student at Earlham College, is now engaged in genealogical research based on records of the Society of Friends. Mr. Price is a graduate of Ursinus College and is now a Senior at Jefferson Medical College.

The wedding will take place sometime in the early fall.

RIVERTON

Miss Edith Jean Kirk, of Riverton, is spending two weeks near Sky Top, in the Poconos.

Mr. and Mrs. George Becker, of Riverton, have as their guests this week, Mr. and Mrs. Evans, of McClellandtown, Pa. Mrs. Evans is a sister of Mrs. Becker.

Dr. F. S. Janney Stoddart, of Riverton, left last Friday for Stoddardsville, Pa., where she will spend the summer.

Mr. and Mrs. George Becker, of Riverton, spent several days at Atlantic City last week.

Mr. and Mrs. Claude Barto, of Thomas avenue, entertained the members of the choir of Central Baptist Church, at their home, last Thursday evening.

Mrs. Richard M. Hollingshead, of Linden avenue, entertained at a luncheon and bridge at her home on Thursday. Guests were present from Haverford, Rydal, Bryn Mawr and Philadelphia.

Mrs. Henry Ashburner, of Fulton street, left Wednesday for West Point Pleasant, where she will spend the summer.

Mrs. Mary McDermott, of Riverton, was a winner in the Sacred Heart Household Linens Club this week.

Miss Caroline M. Staman, supervising principal of the Riverton Public School, who is recuperating at her home in Lancaster, Pa., had a pleasant surprise Wednesday evening, June 15. On that night the closing exercises of the graduating class were held. The members of the class assembled early to put through a telephone call and say "Hello." Miss Staman was deeply touched by this evidence of regard and expressed her regret that she could not be with the class, as she had been for many years.

Dr. and Mrs. J. Rowland Dey, of Linden avenue, entertained at bridge for a number of guests, on Wednesday evening of last week.

Mr. and Mrs. Walter Moyer and daughter, Virginia, with Mr. and Mrs. Porter B. Caldwell and sons, Richard and Porter, Jr., are vacationing at Ocean City.

Harold Bishop, of 601 Linden avenue, is spending a week at St. Bernard School, Gladstone, N. J.

SIGMA KAPPA IN SECOND VICTORY

Bankers, Under New Management, Shuffle Cast, but Bow in 13-10 Affair

Sigma Kappa and the Bankers came to grips last Thursday night, while base hits and runs descended from all sections of the landscape, the first victory team finally winning by a 13-10 count.

The Bankers, playing for the first time under the management of Phil Stills used their entire roster of players, including new talent that had recently been signed, viz: Hubbs, Moorhouse, Gootee and others. Some of the recruits showed promise and, at one stage, the financiers were leading by the score of 9-3.

Big Rally

Sigma Kappa staged a field day in the seventh stanza, however, pushing over seven markers to go out in front. This advantage was nullified in the Bankers' next turn at the plate, when the count became deadlocked at 10-10.

This situation was ended in the following session, as S. K. scored three more to clinch the verdict.

Score by innings—
Bankers 010430110—10
S. K. 20001738—13

Batteries—Sigma Kappa: Allen and McDermott, Bankers: Verner, Moorhouse and Leedom. Umpires—Carhart and Alloway.

Fortnum Wins

Fortnum's outfit won its fourth game of the season, getting a 7-2 verdict over the Dodgers. The affair was close up to the final inning, with the V-8 outfit having a 2-1 edge up to this point.

The two tallies came as a result of a grand slam by Landgraf, with one mate aboard.

Fortnum pounded Tusholski, hurler for the Dodgers, with great gusto in the ninth and boosted their run total to seven.

Fill Bases

Up for their final turn, the Dodgers refused to go down without a struggle staged a mild offensive of their own. One run was in and the sacks crammed to capacity as the final out was made.

Score by innings—
Fortnum 002000005—7
Dodgers 000000011—2

Batteries—Fortnum: Watkins and Miller, Dodgers: Tusholski and Fratten, Umpires—Rotenbury and Richman.

RIVERTON GIRLS LOSE TILT, 6-2

The Roebeling team in the Burlington County Girls' Baseball League takes the game most seriously and displayed this attitude last Thursday night, at Memorial Park, when they annexed a 6-2 verdict from the Riverton ten.

The affair was viewed by a crowd that would put most of the men's affairs to shame and, from all appearances, the spectators enjoyed the contest, with its sidelights, immensely.

Trouble started when a Roebeling rooster (male) objected strenuously to a decision by one of the umpires. He became so vociferous that it was necessary for a member of the constabulary to usher him out of the park.

Darkness Ends It

This incident seemed to inspire a general verbal assault on the ump after each play was made, the game dragging along until the shades of night put an end to hostilities.

The umpire, whoever he was, deserves a medal for his heroism, according to a unanimous vote of the fans.

If the local maidens contemplate a return engagement at Roebeling, suits of armor might be proper attire for the tilt.

P.O.S. of A. NEWS

Due to Monday, July 4th being a national holiday, the regular weekly meeting of Washington Camp No. 23, P.O.S. A. will be held on Tuesday, July 5.

Butterflies exist to within 500 miles of the North Pole.

BASEBALL SCHOOL BEING PLANNED

The Atlantic Kellogg Baseball school will open its first session in Camden, July 21 at 9:30 a.m. it was announced this week by the sponsors and officials of the school. Final selection of a suitable playground awaits the decision of Camden administrative officials.

Connie Mack, owner of the Philadelphia Athletics, is to be the director of the school, which is being sponsored by The Atlantic Refining Company of Philadelphia and the Kellogg Company of Battle Creek, Mich. The school will be open to all boys between the ages of 12 and 18. Application blanks can be secured at any Atlantic service station. There will be no charge, nothing to buy.

Instructors

Two sessions will be held in Camden on July 21. The afternoon class will begin at one o'clock. The school will be in session again in Camden on August 18 when two more classes will be held at the same hours.

Two of baseball's best known veterans will be in active charge of instruction. Ira Thomas, chief scout of the A's will direct coaching activities. They will be assisted by Al Kruezer, former football star and present coach of the University of Pennsylvania's freshman baseball team; John Barker, former pitcher, outfielder and first baseman. Barker has had considerable experience in minor league coaching.

Riverton Wins With Nine Men

Although playing with only nine men, despite the fact that ten comprise a full team, the Riverton entered in the Burlington County Softball League downed Florence, on Thursday night of last week by the score of 7-6.

The game was a crucial one in loop competition, since the locals needed a win to stay in the running, due to the fact that Roebeling, the leaders, have finished their schedule with a record of 12 and 2. The win was the eleventh for Riverton and two defeats have been charged up against their record.

Hit Hard

The locals pounded Florence pitchers for a total of 18 blows, Cahill getting four, while Foulke and Shea connected on three occasions. Paul Burke's double proved an important factor in the win.

Knight and Foulke shared the mound chores for Riverton. The iron-man cast that performed for the local contingent was as follows: Anderson, Beldow, Cahill, Weikman, Shea, Burke, Foulke, Knight and Lynch.

RIVERTON EARNS TIE FOR FIRST

Riverton was assured of at least a tie for first place, last Sunday morning, at Mt. Holly, when the locals annexed an 8-0 decision from Mt. Holly.

The win enabled Riverton to finish the first half with a record of 12 and 2, a similar standing having already been acquired by Roebeling. No date has been set for the playoff. Gonteski assumed the hurling chores and did a fine job, allowing the enemy only four hits.

Anderson Stars

Bill Anderson, local pilot, had a fine day at bat, connecting safely on four trips to the rubber. Joe Yearly smote a round-tripper with one on, to start the scoring activities.

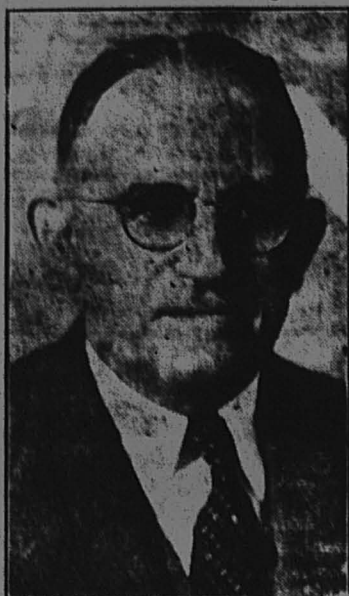

The local cast was as follows: Gonteski, p; Lynch, c; Shea, 1b; E. Sutters, 2b; Weikman, ss; Burke, 3b; William, lf; Yearly, cf; Anderson, rf; G. Sutters, r.

RACES AT YACHT CLUB ON FOURTH

There will be a large contingent of Cricket boats from the Beverly Yacht Club here for the races on the morning of July Fourth.

Charles Knight, chairman of the Riverton Yacht Club committee has announced that there will be a race for the Crickets, in addition to events for Comets, Dusters and a free-for-all.

RETIRED

HARRY E. HACK

Special agent in right-of-way matters for the Bell Telephone Company in southern New Jersey since 1905, has retired. He is one of the most widely known telephone men in the state, both outside and within the telephone organization.

Mr. Hack, whose home is in Trenton, entered the service there as right-of-way agent September 18, 1905. His title was changed to special agent in 1930.

RIVERTON DOWNS ROEBLING TEAM

Riverton won a 6-1 decision over Roebeling, Central Jersey League team, last Wednesday evening, at Memorial Park, as Diffenbaugh limited his opponents to three scattered hits.

Both team tabbed singletons in the first frame, with the locals going ahead in the third with two more. The final scoring was done in the sixth, when three more tallies came over the rubber.

Riverton made 10 hits in the fracas, which was called at the end of the sixth, on account of darkness.

NOTICE

FIGHT AT BOARD MEETING FRIDAY

(Continued from page 1)

ed a haymaker on the Freeholder's chin, the latter apparently believing the fight was over.

Ejected

This ended the scene and Munderoff was forcibly ejected from the building.

After order was restored, the meeting got back to more serious business, but the spirit of peace did not predominate in the discussion that followed, the subject being the improvement of Front street, in Florence.

Freeholder Adams presented a resolution on the subject, this calling for the elimination of the grade-lowering phase, which he stated was extremely expensive and not necessary. Mr. Adams said that the road should be repaired, but that he felt it was not necessary to spend so much money there.

Politics

The work will cost \$40,000 half of the expense being borne by the county. Adams proposed to spend less at Florence and use the balance of the money for other work.

Freeholder Charles R. Stout charged that the resolution of Adams was entirely political. He said that three engineers had gone over the ground and had agreed that the plans, in their present form, represented the proper treatment of the situation.

After a long discussion, during which time neither side convinced the other of anything, the resolution was defeated by the usual 3-2 count.

Road Material

The question about the purchase of 500,000 gallons of H. K. asphalt road oil was again considered by the Board. This material was contracted for last August, from the Barrett Co., but has never been purchased. This situation has resulted from the fact, according to Mr. Stout, that the county has no use for it.

Oil of this grade is employed for surface-treating on stone roads and Mr. Stout asserted that no work of this nature was contemplated or needed. He also said that this kind of oil had a tendency to make roads slippery, but this statement was denied by Mr. Jones.

River Road

Mr. Adams said that the River road was in need of attention and felt that the county could use the oil there. The road supervisor, L. A. MacFarland, remarked that he would not recommend the application of H. K. on that highway.

The matter was settled, for the present, by authorization of a conference between the county engineer and officials of the Barrett Company, in order to determine how to decide the question.

Bridge Repair

Freeholder Jones offered a resolution regarding the repair of three bridges, these being on the Beverly-Rancocas road, Jacksonville-Jobstown road and one near Maple Shade. He said he did this without thought of criticizing the bridge department, but simply because he believed that these bridges needed attention.

Mr. Church, director of that department stated that the Beverly bridge would be repaired in the near future and that the others would be taken care of as soon as possible.

The following departmental bills were approved and ordered paid: roads, \$13,442.97; buildings, \$11,588.05; revenue and finance, \$2,434.23; public affairs, \$10,025.36; bridges, \$11,580.11, a total of \$49,070.72.

REQUEST GRANT FOR NEW BUILDING

County to Ask P.W.A. Aid for Addition, Renovations: Cost to Be \$28,902

At the meeting of the County Board of Freeholders held last week, application was made for a Federal grant to cover 45 per cent of the cost of an addition and improvements to the county office building. Messrs. Jones and Adams voting in the negative.

The project is estimated to cost \$28,902, with the county share being \$13,896. James Cantwell, from Hugh A. Kelly's office, explained that P.W.A. projects for less than \$25,000 are not being considered.

Increase Necessary

Due to this fact, he stated that it had been necessary to increase the amount from the original sum of \$16,000. The county share, he explained, will be no more than the work would cost if no Federal aid were given and, in addition, the county will benefit by getting much-needed improvements done at a figure within the limits of the original cost.

Materials Approved

The Board also approved a list of materials to be used in the plumbing and heating work at the new almshouse. Harry Knecht has both of these contracts.

The appointment of Par-Lock Appenders, Inc., as a sub-contractor, was also ratified. This firm will do the water-proofing and caulking work.

A certificate for payment of \$2,716.78, to the Pelliccia Construction Co., general contractors for the almshouse was passed by a 5-0 vote.

YWCA NOTES

Camp

Overnight camping for older girls will be one of the features of the Day Camp to be sponsored this July, by the Burlington County Young Women's Christian Association.

The camp, which will occupy a site along the Rancocas Creek at New Lisbon, will open July 5, and will be in session each Tuesday, Wednesday and Thursday, during July. Among other features on this year's program will be woodcraft, sketching, trips into the pines, and an evening at camp for every camper.

Bus Schedule

Buses will collect the campers each morning and return them home each afternoon. The bus schedule is as follows: 8:00 a.m. Hainesport, Lumberton Road and Marne Highway; 8:10 Moorestown, Chester avenue and Main street; 8:20 Palmyra Railroad Station; 8:25 Riverton Railroad Station; 8:30 Riverside Railroad Station; 8:35 Delanco School; 8:40 Beverly, Five Points; 8:45, Edgewater Park, dual highway and Woodlane road; 9:00 Mount Holly, court house; 9:10 Pemberton, Hanover street and Elizabeth street; 9:15 Camp.

Registration

Registration for camp should be sent to the county Y.W.C.A. office, in Mt. Holly this week, according to Miss Grace Whitelock, camp director. If registrations warrant it, changes will be made in the bus schedule or arrangements made to have private cars transport children to central points to meet the buses.

Among the counsellors who will serve under Miss Whitelock are: Swimming, Margaret Mount, Palmyra, Betty Reeder, Bordentown, Blanche Kuensel, Riverton, Nora McHugh, Burlington, and Lillian Sewell; games, Minnie Mansfield, Riverton, Mary Bradley, Jobstown; Pioneer Camping, Dorothy Reeder, Columbus, and Betty McGrath, Roebling; crafts, Frances Smythwick, Bordentown, and Helen Burtis.

PEDDLER COMES TO GRIEF HERE

Daniel F. Wells, 40, of 2263 Marlon avenue, Pennsauken, an itinerant peddler of cheap novelties, came within the arm of the law, in Riverton, on Monday night.

Officer John Robinson twice warned Wells during the evening, that it was too late to be plying his trade and advised him to leave town. This Wells agreed to do, but the officer being suspicious of his good intentions followed him to the 500 block, on Howard street, where he got into a car, although he had previously denied owning a machine, saying that a registration card he carried was for an auto he formerly owned.

Do Not Correspond

The car was a 1928 Plymouth, while the registration called for a 1930 Essex. He could not prove ownership of the Plymouth and, upon being arraigned before Recorder Frank Probsting, was fined \$25 on the charge of operating a car without proper registration. Being unable to pay, he was committed to jail.

The man is alleged to have been ordered out of other nearby communities, when he persisted in attempting to sell goods after dark.

NOTICE TO CONTRACTOR

Notice is hereby given that sealed proposals will be received by the Board of Education of the Borough of Riverton, Burlington County, New Jersey, for the Alterations to the Present Riverton Public School, located on the plot of ground on the N.E. Corner of Fifth and Howard Streets, Riverton, Burlington County, New Jersey.

Proposals will be opened and read in public in the present Riverton Public School Building, located at Fifth and Howard Streets, Riverton, New Jersey, July 11, 1938, 7 P.M. Standard Time or 8 P.M. Daylight Saving Time. A Proposal will be received for the General Construction. The right to reject any or all bids is reserved.

Proposal must be sealed and addressed to Mr. William H. Bottger, District Clerk, Board of Education, Fifth and Howard Streets, Riverton, Burlington County, New Jersey, and made out on a standard proposal form similar to that to be furnished by Architect, and in the manner as designated thereon. Each proposal must be accompanied by a certified check drawn to the order of the Board of Education of the Borough of Riverton, Burlington County, New Jersey, for an amount equal to at least ten per centum (10%) of the amount of the proposal.

The successful bidder, after contract is awarded, will be required to furnish a satisfactory surety bond in the full amount of the contract price to guarantee the fulfillment of the conditions of his contract.

Plans and specifications are on file at the office of the Architect, Byron H. Edwards, 708 Federal St., Camden, N. J., and will be loaned to the bidders requesting same, in writing, upon the deposit of either cash or certified check made payable to the Architect in the amount of Ten dollars (\$10.00).

Upon the return of plans and specifications in good order and providing a proposal is submitted, there will be a remittance of Ten dollars (\$10.00). Otherwise, the deposit will be forfeited at the option of the Architect.

By order of the Board of Education of the Borough of Riverton, Burlington County, New Jersey.
WILLIAM H. BOTTGER, District Clerk.
BYRON H. EDWARDS, Architect.

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias to me directed, issued out of Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, JULY 28, 1938,

between the hours of 12 and 5 o'clock in the afternoon of said day (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey:—

ALL of the following tract or parcel of land and premises hereinafter particularly described:

ALL that tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson in the County of Burlington and the State of New Jersey.

BEGINNING at a point in the Northernly line of Public Road leading from Riverton to Riverside, distant eleven hundred forty-eight and fifty one-hundredths (1148.50) feet eastwardly from a stone in the northernly line of said Public Road leading from Riverton to Riverside, corner to land of the estate of Charles E. Price and Annie M. Cooper, and extends thence eastwardly along the northernly line of Public Road leading from Riverton to Riverside, thirty-seven and fifty one-hundredths (37.50) feet, in front or width to a point, thence northwardly between parallel lines of that width or frontage, at right angles to said Public Road, leading from Riverton to Riverside, one hundred twelve and fifty one-hundredths (112.50) feet, in length or depth, to the rear of the lot. Containing within said bounds a rectangular lot of land thirty-seven and fifty one-hundredths (37.50) feet by one hundred twelve and fifty one-hundredths (112.50) feet in depth.

BEING the same lands and premises which J. L. Lippincott Company by deed bearing date August 7, 1923, and of record in the Office of the Clerk of Burlington County at Mount Holly, in Book 623 of Deeds at page 67 granted and conveyed unto the said John Freeman and Ella Freeman, his wife, in fee.

Decree approximately \$1,025.95 besides interest, costs and fees.

Seized as the property of John Freeman, widower, defendant, taken in execution at the suit of Home Owners' Loan Corporation, complainant; and to be sold by JOHN M. CHANT, Sheriff.

Solicitors: Lichtenthal & Turnbull.
Dated: June 29, 1938.
Printer's Fee \$23.94.
