CANDIDATES FOR LOCAL ELECTION

Contests for County Committee Posts in Palmyra and Riverton Districts

With the date for filing of peti-tions past, the complete slate of lo-cal candidates in the primary election, on September 20, is now avail-

The most important contests will be staged in the election of members to the Republican County Commit-tee, a battle being indicated in four of the five Palmyra districts and in one at Riverton.

There is no opposition to any of the local candidates in Cinnaminson.

Riverton

The complete roster of candidates in Riverton is as follows: For member of the Borough Council: Earl A. Shrader, R.; Robert W. Knight,

County Committee: First dictrict: Samuel MacMullin, R.; Miss Katherine Steedle, R.; Miss May Laverty,

erine Steedle, R.; Miss May Laverty, D.; William J. McDermott, D. Second district: Mary Goodwin Krantz, R.; James J. Goodwin, R.; Mrs. Alma M. Evans, R.; Richard M. Woodward, R.; Charles Shannon, D.; Mrs. Lucy E. Kenny, D. Third district: Hilton M. Smith, R.; Mrs. Emma A. Elliott, R.; Mrs. Certrude E. Hamlin, D.; Christopher I. Davis, D.

J. Davis, D.

Palmyra

The following petitions have been

Flor Council: Republican, Wesley
P. Huyett, T. Curtis Flynn, Charles
Hahn; Democratic, Vernon W.

Stone, George Smith.

Justice of the Peace, Democratic,

Fleetwood Holmes.

The following have filed in the (continued on page 2)

Parry House Is Ruined By Fire

Fire, of unknown origin, practically wrecked a one-story dwelling on Adams street, between Webster and Clay, near Five Points, shortly after 3.15, Monday afternoon.

The blaze had gained considerable headway before an alarm was sent in to the Parry Fire Company, which responded and was forced to lay several hundred feet of two and one-half inch hose in order to reach the fire. By this time, the front of the building was a mass of flames.

The blaze was brought under control within a few series of the series

trol within a few minutes, but fire-men remained on the scene over an hour extinguishing the remnants of the fire. Houses on either side were undamaged. The wires carrying electric current into the structure were burned completely away, causing an added hazard until removed.

Mrs. John Schuck, Miss Mildred Grant and Miss Margaret Schuck. Practically all of the furniture was completely destroyed.

ANOTHER QUAKE FELT

number of local residents no ticed the light earth tremor that occurred last Saturday evening, shortly after 6.30 o'clock.

The shake was about the same in tensity of those experienced earlier in the week. It rattled windows and shook dishes, but no damage was ex-

TO DISPERSE ROAD FUND

The county treasurer, Joseph C. Bright, was recently authorized to disperse the 1938 dirt road fund to the various municipalities through-

out the county.

Each municipality will receive the sum of \$1,315.79.

ENROLLMENT AT RIVERTON SCHOOL

According to an announcement made this week, the office of the Riverton Public School will be open between the hours of 9 a.m. and 4 p.m., on September 7, 8 and 9 for the enrollment of new pupils, who must present a vaccination certifi-

In the case of kindergarten en trants, or those who have not at-tended school before, a birth certifi-

cate will be necessary in addition to evidence of successful vaccination. The fall term opens on Monday,

DATA PRESENTED

Freeholder Charles R. Stout ANY INCLUDED? Compares Expenditures in '38 with 1937

As agreed at the last meeting of the Freeholders of Burlington county, comparative costs of the highway department for the years 1937 and 1938 were submitted for consideration at the meeting held last Friday afternoon, which was again

attended by a large audience.

The report submitted by Charles R. Stout, director of the highway division, showed that, up to August 1, his department had expended \$173,467,42 as compared with \$173,-836.68 during a similar period last year, a difference of \$369.26 less than

The total appropriations for roads during the years in question were, according to Mr. Stout, \$323,099.75 for 1938 and \$307,355.00 in 1937.

Number Employed

The report went on to show that 101 persons were employed in 1937 and 130 in 1938. Of this number, eight are assigned to the W.P.A.

projects as supervisors.

The 1938 payroll has amounted to \$92,871.78, while the amount expended for wages in 1937 over the same period was \$77,656.17. Flood damage, according to Mr. Stout, has cost \$20,536.28, which has accounted for a large portion of the extra wages in the current year.

The report went on to state that the total mileage of county roads was 462, including 33 miles that were added this year. The document also stated that conditions at the county garage were disorderly when the present administration took over and that many of the roads were in bad condition.

Pictures

This statement was backed up by pictures taken before and after repairs were made.

The report concluded with the ndamaged. The wires carrying electric current into the structure were urned completely away, causing an dded hazard until removed.

Delaware Fire Co. No. 2, of East tiverton was called to the scene, but here the port bravely started to go through this summary, but was relieved of his task after about twenty projects

Not True Picture

Freeholder Adams stated that the Freeholder Adams stated that the figures he wanted were a monthly comparison of the expenditures for the two years in question. He said that the breakdown offered by Mr. Stout was not sufficiently complete and did not tell the whole story.

Mr. Jones questioned a number of statements made regarding the condition of the garage and also that of the roads.

of the roads.

The discussion ended with a lengthy wrangle over the use that could be made of W.P.A. labor and whether or not the eight supervisor, were needed.

Renovations have been started at the Palmyra sewage disposal plant, with a considerable force of workmen being engaged on the project.

What Will South Jersey Get? FRACAS FINISHES

State Highway Commissioner E. Donald Sterner recently cited ten reasons why he considers the proposed sixty million dollar road program as being "economically sound." He also urged immediate action by the Legislature in order that necessary steps be taken for a referendum by the people at the General Election on November 8.

The Federal Government will not consider applications unless the sponsor's share is legally authorized by October 1. It is expected the Government allotment will amount to \$27,000,000, while the balance of \$33,000,000 will be amortized through a state bond issue over a period of 20 years. Commissioner Sterner says that amortization costs will average less than five per cent of the funds now collected from New Jersey motorists.

He goes on to say that the proposed road projects have been selected on the basis of actual need, "especially in the North ON ROAD COSTS Jersey metropolitan area . . . where traffic congestion exists, thereby stifling industrial development."

WHAT ARE THE PROJECTS for South Jersey? ARE

Every resident in this section should know the answer to these questions. Traffic congestion is stifling industrial develop-

Do the projects include a solution to the hazardous task of driving to the shore or returning each week end? Do they provide a better route to certain points, such as Ocean City, for had the party remained in their example? Are they intended to remove existing bottle-necks that slow down motorists in South Jersey?

Or-will most of the money be spent at other points where New Yorkers and residents in the northern part of the state will benefit chiefly?

If the proposed projects are not designed to materially remedy traffic conditions in South Jersey, every effort should be made to bring sufficient pressure to bear to have them included in the

Failing in this, residents of southern New Jersey should unite to defeat the referendum.

If most of this vast sum is spent in the northern part of the state, it will probably be many years before funds are available to near the dugout and proceeded to tell his story all over again, with undertake major projects in South Jersey.

The time to act is NOW, before the opportunity has passed.

CRASH CUTS OFF

Part of Parry was without elec-trical current on Monday ofternoon, when a large truck collided with a power line pole at Five Points on

The pole was broken off at the base and the wires severed.

base and the wires severed.

The driver of the vehicle told Chief George Dorworth, of Cinnaminson that he swerved from the pavement to avoid an accident.

Repairs were made by Public Service an hour after the crash and service restored.

ELECTRIC CURRENT MANY IN RACE FOR SHERIFF POST

ht Candidates File For Republican Nomination : Four for Freeholder

Midnight on last Thursday was the deadline for the filing of petitions for the primary election on September 20 and a goodly number have entered the lists to battle it out with ballots.

The contest for sheriff has a crowded field, eight Republicans crowded field, eight Republicans having placed their hat in the ring. The candidates come from all parts of the county, with Burlington having two representatives, while one each are entered from Palmyra, Moorestown, Mt. Holly, Florence, Riverside and Medford.

There are three Democratic aspir-

Freeholder

There are four starters in the Re-publican freeholder race, while the Democrats have only one candidate.
Three Republican candidates are

out for the auditor's post and the same party has six men who aspire to be coroner. The Democrats have one and two in the field, respectively, for these positions.

The complete slate follows:

Republican

Assembly-S. Emlen Stokes, of

Assembly—S. Emlen Stores,
Moorestown,
Sheriff—F. George Furth, Moorestown; Nelson G. Myers, Mount
Holly; F. Donald Green, Florence;
William P. Young, Burlington; J.
Lloyd Wright, Medford; Jerome J.
Horton, Jr., Riverside; George A.
Whomsley, Burlington; George N.
Wimer, Palmyra.
Freeholder—Walter D. Lamon,
Palmyra; Romulus Campana, Burlington; Willard R. Greenwald,

DRIVE FOR FUNDS

ALUMNI PLAN

The regular meeting of the Palmyra High School Alumni Association was held this week, the main topic of discussion being the forthcoming Fall dance.

The affair, which will be held Saturday evening, September 10th at Medford Lakes, will feature the music of Bob Horton and his 14-piece band, South Jersey's most popular aggregation. The price is \$2.20 per couple, tax included, and dress is optional.

Also brought before the committee was a plan to hold an Alumni Day, which would take place on a forth-coming Saturday. Features of the day would be a high school football game, entertainment, and a tour of the high school—a full day of general fun for all alumni of Palmyra High School. Action in this direction will be taken later by the assovill be taken later by the asso

What's Fair About It?

Two shipments of produce are about to leave Cape Charles on the eastern shore of Virginia. One is to go via the Pennsyl vania Railroad and is destined for New York City. The other bound for the same place, will be transported by a huge motor van that bears a Virginia license plate.

In Virginia, as in other states within whose boundaries is operates, the railroad must pay taxes on its real estate and assess ments for various other items. It must properly maintain its right of way. The equipment must stand regular and rigid inspection. Its employees must be physically fit in every respect and undergo regular examinations. It must protect highway crossings with a watchman, gates or costly signal lights. There is a definite requirement regarding the number of men that shall operate a train and the number of hours that they may work.

The trucker, however, is bound by no such restrictions. He pays a registration fee in Virginia, but outside of that commonwealth he is free from levies of any sort. The roads of Maryland, Delaware, Pennsylvania and New Jersey are open to him without

Thus, while the overhead and maintenance costs of the railroad follow the shipment throughout its journey, the trucker takes advantage of facilities offered to him by the taxpayers of

In addition, many other advantages are afforded to him. His equipment is not compelled to stand the rigid inspections that are required of the railroad. His employees merely have to produce a driver's license in order to be qualified. He is under no obligation to repair or maintain the right of way over which he travels.

In the face of such unfair competition, is it any wonder that the railroads find themselves reeling under the load that is saddled upon them? If railroads are to remain financially sound, some relief must be afforded them from the type of competition with Church of the Sacred Heart at 9.30.

A. E. Warnick, choir director, requests that members of the choir be present for both services on Sunday. Church of the Sacred Heart at 9.30.

A great many die-hards feel that our rail systems should be able to carry on without relief from the present situation or subsidy of any sort. This doubtless would be true if their competition were not afforded the greatest subsidy that exists today, namely, that of the public highway.

maintain their own right of way and see what a loud howl goes up! This probably is not the solution to the difficulty but it up! This probably is not the solution to the difficulty, but it | Funeral services were held from certainly would place the two types of competition on a fair basis. the Snover Funeral Home on Sat-

Are You a Hypocrite?

Are You a Hypocrite?

The average motorist is an unconscious hypocrite. That's a strong characterization—but a little impersonal analysis will substantiate it.

Cemetery.

The deceased is survived by his wife, Lydia B. McCuen and three sons, Earle, Warren and Nelson, all of Palmyra.

Wesleyan Men's

How often have you roundly criticized some driver for an BAND CONCERT offense which you commit periodically yourself? How often have you taken comfort in the thought that accidents are caused by some reckless breed of motorists with whom you have nothing in common, thus dodging the fact that only pure fool's luck has saved you from a crash on a dozen occasions? Have you ever attempted to get a ticket "fixed"-even though you pay lip service to the cause of aggressive, impartial law enforcement?

It is a fact that a large proportion of accidents are caused by the reckless ten per cent, but the other ninety per cent periodically take chances and are responsible for many of our annual auto deaths.

Who, for example, doesn't sometimes pass a car when the stretch of empty road that can be seen is too short for safety? Who doesn't occasionally succumb to the lure of excessive speed—

Who, for example, doesn't sometimes pass a car when the stretch of empty road that can be seen is too short for safety? Who doesn't occasionally succumb to the lure of excessive speed—even though he has little or nothing to do when his destination is reached? Who doesn't periodically neglect necessary repairs to brakes, lights or steering mechanisms, on the theory that he will get around to it when more convenient?

We'll go a good way toward reducing accidents when the average driver begins asking himself such questions and returning honest answers. Accident prevention, so far as it concerns the human element, is a personal, individual matter—and each individual has to really want to drive safely at all times before he can analyze his driving errors and correct them.

Three songs: "To a Wild Rose," "In which is the can be seen is too short for safety? Who desn't periodically neglect necessive speed—even though he has little or nothing to do when his destination is Selections from Robin Hood, De-Koven.

E. F. Kohman won the Sweep-stake tournament last Saturday af-ternoon, with J. S. Collins annexing second honors and J. K. Hiltner, third.

A field will start competition on Saturday afternoon of this week in the President's Cup Tournament. Play will be continued on September 5 and 10 with the two honors. The had died away, the Farmers proved themselves the better team, winning 10.4, although it took them 10 in-nings to do the trick. scores winning top honors. The tournament will be a medal score af-fair, with full handicap governing. For nine frames the fracas was one of those affairs which appeared

WAGNER MAKING

the Oakwood cause for the evening Harold Wagner, of Riverton, had Both Score Early

The Farmers tabbed a brace of runs in their first turn at bat, but this performance was matched by the Chevrolet aggregation in the lower half of the same canto.

The Oakwoodites went ahead in lower half of the same canto.

The Oakwoodites went ahead in the third as R. Wallace singled. G. Sutters followed suit and Wallace Sutters followed suit to short when Yearly's hit to short showing in the big time.

showing in the big time.

Wagner's record in games played recently is as follows

was booted around.

The A's evened the count in the upper half of the fifth when Shaeffer tripled into center on what should have been a home run. Terrill brough him home with his third hit of the evening. Thursday

Oakwood having passed up these opportunities, the A's went out and tied things up in the ninth, when Phelan deposited one of Knight's slants in the outer pasture for a Applegate, p 50 10 20 30 Totals As the affair went into extra insings, Oakwood was credited with 10 hits, while the A's had secured 13.

Terrill opened the last frame with his fourth hit, but Conway skied

L. Yearly, I. L. Yearly, I. Wallace, the his fourth hit, but Conway skied to G. Sutters. Yearly and Regan singled, but Williams hoisted one to Hubbs for the second out. At this point Knight evidently lost his stuff, for Phelan doubled, Shea got a single, Lynch tripled and Shaeffer got a one-baser. Hubbs was called in from field to get the side out.

L. Yearly, If E. Wallace, 1b E. Wallace, 1b E. Sutters, 3b Hubbs, rf, p McDermott, c Knight, p Fries, rf Cole, ss R. Wallace, 2b

Sparkling Plays

The game was replete with sparkling plays by the members of both teams. The double-killing combination of Oakwood performed on two occasions, while the Yearly boys in left field snared some nice ones. Phelan and Terrill shared hitting honors for the winners, each getting four out of five, while E. Sutters got three out of three for Oakwood.

OAKWOOD EVENS UP LOCAL SERIES

Hubbs Limits Hard Hitting Athletic Cast to Six Bingles; Score 3-1

The Oakwood Chevroleers evened up the softball championship last Friday evening, when they turned in a 3-1 verdict over the A's winners of

After Oakwood expired meekly in the first, Oakwood started off well as Terrill greeted Hubbs with a rousing double. Conway brought him home with a one base smash and, with one away, Regan punched out a single. Hubbs pitched himself out of this hole without further damage and collared the A's during the remainder of the game, retiring the side of the game, retiring the s hole without further damage and collared the A's during the remainder of the game, retiring the side Comets, numerous Crickets, Moths, Dusters, Perine Sneakboxes, and Yansick getting two each.

der of the game, retiring the side in order in four frames.

Knight, of Oakwood, evened the count in the second, when he clouted a metal one past Yearly in left for a homer.

Cole then connected for a double and Oakwood went out in front when he scored on the single by Hubbs.

Dusters, Perine Sneakboxes, and fourteen upsets the first day, this regatta turned out to be a honey. As things progressed into the second day, (after a swell dance at the club-house Saturday night) competition became keener and the wind stronger, totaling up, after two days racing we found: E. K. Merrill second by the first day.

The latter performed mound duty for the homesters and limited the opposition to nine hits.

AND

MIKE No action was created this past week, as everybody messed around

The fracas was extremely well Ayres managed to throw his "Little blayed and took but 50 minutes to complete the regulation nine innings.

Hubbs, a new addition to the Oakpeople tried to obtain "squatters last Saturday, the Riverton board Hubbs, a new addition to the Oakwood hurling corps, went the route and allowed the Farmers only six hits, three of these coming in the first frame. Applegate, his rival gave up eight, three of which were for extra bases.

Terrill Starts It

After Oakwood expired meekly in

Hubbs, a new addition to the Oakwood in the first or join our unofficial but quite popular "Rockin' Chair Fleet."

Time waned on through the week without even so much as a night sailor cropping up. But with little for extra bases.

FOR PALMYRA

FOR PALMYRA

Ahead Again

This advantage was only temporary, however, as Oakwood evened the count in the same stanza, an error, a wild pitch and a one-baser by C. Wallace being the contributing factors.

The A's collected a hit in each of the next three frames, but could not score.

Oakwood had a chance in the ixth, when E. Sutters doubled but was stranded at third. Another opportunity was presented in the seventh, when R. Wallace connected and C. Wallace strolled. Three singles in the eighth were also unproductive.

Tied Up

Oakwood having passed up these Oakwood having passed up the Oakwo 33 3 9 24 13 Palmyra

want to say it was one swell regatta. More power to The Yacht Club of Stone Harbor.

Remark of the Week for Landlubbers: The Dog Watch, is not that period of time donated to Fido by henpecked husbands, but a nautical method of winding the ships clocks. To become technical, the "Dog Watch" is merely a means of changing the period of duty of the various watches. Hence—To Dog the Watches. Arf! Arf!

Almost of the Week: E. K. Mer-

a rill by one-quarter point.
Question of the Week: We wonder what the Lippincott boys will be calling their boats by the time of the Labor Day Regatta at Beverly?

FOOTBALL PRACTICE

Coach C. Kenneth Dimond, of Palmyra High School, has announced that football practice will begin on Thursday, September 1, at 2.30 p.m., on the high school field.
All candidates should report in shorts, sweat shirts and shoes.
The coach is desirous of having a large turnout for these early sessions, and all men are asked to be on time.

R. Wallace to E. Wallace, 2. Lynch to Phelan. Base on balls—off Applegate, 4. Struck out—by Knight, 2. Left on bases—Oakwood, 10; Athletics, 9. Umpires—Rotenbury, Alloway and Richman.

SPORTS JOTTINGS

Evidently little fault could be found with Bill Anderson's All-Star softball team, since no other selections have been received by The New Era for publication.

OAKWOOD TAKES THIRD CONTEST

Oakwood landed on Applegate, A's hurler, with great ferocity, during the early innings of the third game of the championship series, on Monday night of this week, at Memorial Park, the result being that the Motor Boys took the fracas by the

The affair was not as one-sided as the count might indicate and the large crowd that attended was kept on edge until the final out.

Seven in Three

Oakwood bunched 10 hits in the first three frames for a total of seven runs. These bingles includes handsome doubles by E. Sutters and

Applegate finally retired at the end of the fourth and Haines, who succeeded him, allowed only two infield singles during his term of office, but both of these did no damage.

The final Oakwood runs came in the eighth, all being caused by er-

rors, as the A's cast perpetrated hree in a row.

All in all, the winners co

safely on 13 occasions, with McDer-mott leading with three. The A's got the same number off Hubbs, but were unable to convert them into

Hubbs held the Athletics in check Headman during the first six stanzas, allowing only five scattered singles. The streak of scoreless innings ended in the seventh, when Willams, the first batter poled out a triple. He scored on a fly to right and Shea and Swain both poled out one-basers.

The former with the score of t

on a fly to right and Shea and Swain both poled out one-basers.

The former attempted to score on a short hoist and was doubled at the plate.

The following canto brought the real threat of the losers, with all the fireworks happening after two were out.

Bases Loaded

Haines singled, but Terrill and Conway went out in order. Yearly then clouted one safely, as did Regan and Williams. These were third for both Yearly and Williams. Two runs clattered in and Phelan was purposely passed to cram the sacks.

With the count 3 and 0, Umpire Rotenbury ruled that Hubbs committed a balk and another tally was

With the count 3 and 0, Umpire Rotenbury ruled that Hubbs committed a balk and another tally was

sacks.

With the count 3 and 0, Umpire
Rotenbury ruled that Hubbs committed a balk and another tally was
forced over. The score was 7-4 at
this juncture and a hit would have
changed the aspect of things considerably, but Hubbs bore down and
forced Swain to hoist to G. Sutters
for the final out.

Serves and no serves and no serves are
done, but the ball game was over.

The Ball Game

But, back to the ball game itself—
a wild and wooly affair. The lure
of pleasure, or the requirements of
work, played havoc with the local
cast and it is only fitting and proper
to pay tribute to the group of 10
faithful souls that clustered 'round
to take on the opposition.

Left on bases—Athletics, 10; Oakwood, 7. Umpires—Rotenbury, Alloway and Richman.

Despite the makeshift lineup, it may be said most emphatically that the locals kept plugging and had boosted their total to eight with one out at the time the riot occurred. Freeman brought in the last two with a double along the right field foul line.

Riverton made 13 hits from the offering of two Point Breeze hurlers

Harper and Knight

Harper got three out of three and George Knight duplicated this performance. Broderson got a pair of singles.

The game served to prove one thing, namely, that baseball here is at a very low ebb, probably the lowest in the history of the community. Therefore, all the more credit to the band of faithfuls who took the field.

COOKING SCHOOL **BROADWAY THEATRE**

THE BROADWAY THEATRE again brings to its patrons the famous Spry Cooking School presided over by Miss Isabel McGovern, Special Representative of the Spry Research Kitchen. The School will be held on

Tuesday, Sept. 6, Thursday, Sept. 8 and Friday, Sept. 9, 1938 at the Broadway Theatre, Palmyra, N. J.

The Theatre will be opened on the days of the School at 1:15 p.m. and the instruction will begin at 1:30 p.m. in a Westinghouse Electric Kitchen set up on the stage where all can easily follow every step of the way in preparing new tempting dishes.

MISS ISABEL McGOVERN

15 Baskets of Groceries Given Daily

All Dishes Prepared by Miss McGovern

Each of the fifteen gift baskets that will be given away daily during the school will contain the following grocery packages: Spry, Lux Toilet Soap, Lux Flakes, Lifebuoy Soap, Rinso, Contadino Tomato Paste, Gerber's Baby Food, Phillips Soups, Worcester Salt, Force, Pillsbury Flour, B. & M. Baked Beans, Davis Baking Powder, Bog-Sweet Cranberry Sauce, Eveready Fruit Cocktail, 6 O'Clock Tapioca, Brillo, Sunny Cane Sugar Cubes, and Kellogg's All Bran.

The following stores can readily supply you with any of the above popular brands

Stamp Jamboree at Westmont

The present forecast would indicate that the stamp jamboree will be one of the greatest stamp events South Jersey has ever witnessed. Local collectors are serving on several of the committees. C. R. Beegle and C. P. Mayfield, of Riverton, are members of the reception committee. S. I. Handle, of Palmyra, is a member of the United States exchange group. Frank Haley and your columnist, of Palmyra, have been appointed to the registration committee.

committee.

There will be prizes for the person coming the greatest distance, the club making the best showing, door prizes, etc. Collectors will have an opportunity to talk stamps, exchange stamps, buy stamps, or sell stamps. Local collectors who have no way to go to the Lorrann House on Crystal Lake avenue, in Westmont, should communicate with the New Era. The jamboree is planned for September 18th from one p. m. until midnight.

New 11 Cent Stamp

The new 11 cent stamp will be issued on September B at Washington, D. C. The stamp was designed by Robert L. Miller, Jr., and will show a portrait of James K. Polk taken from a presidential medal prepared by the U. C. Mint. Blue will be the solar ward for this stamp. the color used for this stamp.

Panama has changed the original plans of the stamp issue in honor of the U. S. Constitution. Originally 16 stamps were planned with two or three miniature sheets. The revised plan for a six postage values and five air mail. Miniature sheets have been abandoned and the stamps printed in two colors will appear during the December.

revised plan for a six postage values and five air mail. Miniature sheets have been abandoned and the stamps printed in two colors will appear during the December.

J. N. Nuff Dies

J. N. Nuff Dies

J. N. Nuff died last week in New York City. He could readily be called the daddy of stamp collecting. He started the famous reference collection of stamps now the property of Scotts Publications, Inc. This collection is not in superb condition but it is the most authentic and complete general collection of stamps through comparison.

His book "Postage Stamps of the United States," published in 1902, is used as a standard reference for collectors of 19th century U. S. postage stamps.

Teau Precancels by Stephen G. Rich, Verona, N. J.

Cover Collecting—Cover Collecting spread trap or has an accident, or is arrested for unintentionally violating a traffic law? Are these inconveniences any less annoying than a tire going bad?

Protect yourself against ALL these hazards—at less than the cost of a good tire! Thousands of motorists have learned that, when the med arises, the benefits are worth many times the small cost. YOU can enjoy this COMPLETE protection the convenient, money-saving AAA-WAY.

FHA Mortgage Funds for refinancing or building homes.

Sir Rowland Hill Honored

Sir Rowland Hill Honored

Brazil will issue a most interesting stamp in October. A portrait of Sir Rowland Hill, the originator of postage stamps, will grace the central portion of the stamp. In the upper left corner will be a reproduction of the first postage stamp, Great Britain's famous "Penny Black" and in the lower right corner a reproduction of Brazil's first stamp, the famous "Bull's Eye." It will be a very appropriate issue coming so near the centenary of the first postage stamp to be honored next year.

This stamp will be issued at Rio de Janeiro from October 22 to 30, in connection with the "Brapex" philatelic exhibition. 500,000 of these stamps will be issued in sheets of ten.

sheet of four stamps commemorating the third philatelic exhibition held at Vaduz. The stamps are printed in gray black and each show a portrait of Josef Rheinberger, organist and composer.

Stamp Catalogues

Anyone collecting stamps should have a stamp catalogue for classifying his stamps. We publish here a list of the outstanding catalogues and price lists for collectors in the United States.

United States and General Foreign—Standard Postage Stamp Catalogue by Scott Publications, Inc., New York City.

United States Specialized—United States Stamp Catalogue by Scott Publications, Inc., Retail Price List of U. S. Stamps—Stanley Gibbons, Inc., New York City.

Precancels-Mitchell Hoover of-ficial catalogue of United States Bu-

occupancy, following extensive repairs that have required several months, the work being necessitated by a disasterous fire late last year. If rom of a covered dish luncheon, will be held at the home of Mrs. Fred Henzler, 14 West Charles street, Palmyra.

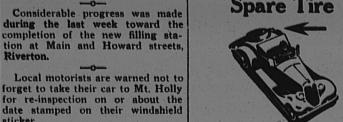

The high growth of weeds in various vacant lots in Riverton certainly adds nothing to the appearance of the community in general.

GIRL SCOUT MOTHERS TO MEET ON SEPT. 13

Municipal Topics

The Municipal Attorney

In one way or another, the mur In one way or another, the municipal attorney has a part in almost every phase of local government. His title varies and so does the volume of his work, depending upon the size of the municipality, but whether he is known as corporation counsel, a designation used by the larger municipalities, or city solicitor, city or town attorney, there is little difference in his basic duties. Whatever the designation, he is the municipal legal representative and adviser.

It is his function to handle all legal affairs of the city, to represent it in all court cases and before all regulatory bodies before which the community may have business, to advise the governing authorities on their legal rights and limitations, and to prepare all necessary legal papers the operation of the city.

Large Staff in Cities

Often the work requires several lawyers. Newark, for example, practically a billion dollar corporation, has a large legal staff. In addition to a corporation counsel, the staff includes seven assistant counsels, two legal assistants, a title examiner and, of course, the necessary clerks and stenographers. Even this force of workers is small compared to the daughter of Mr. and Mrs. James J.

and stendgraphers. Even this down and the legal staff of any private corporation of comparable scope and investment. Recent years have brought an increased amount of municipal legal work. An illustration is the growth of tax appeals, a reflection of the burden real estate is called to carry under the present tax system. Once a matter of a few hundred cases, the number of appeals now runs to thousands. Again citing Newark as an example, tax appeals there total as many as 12,000 in a single year. And each time a hearing is held before the county tax board or the State Board of Tax Appeals a member of the legal staff must attend to represent the city.

And the state of the final staff of any private corporation of the legal staff may a five final so the content staged at the Pox Theatre, Riverside, on Thursday night of last week.

Miss Powers, who will represent Riverside at the national competition to be held in Atlantic City, in the near future, is entering her senior year at Palmyra High School. She carned the right to the title by obtaining the verdict of the judges over six other maids who advanced to the final round in the competition.

SLOW DOWN AT SLOW DOWN AT resent the city.

Every Court

Cases of municipal interest are

Cases of municipal interest are tried in almost every court from the police and small cause courts to the highest State tribunals and frequently the Federal courts. Hearings before such bodies as the Board of Public Utility Commissioners, State Board of Health, Civil Service Commission, Interstate Commerce Commission and similar regulatory agencies are other important matters calling for legal representation.

Extensive and diverse as it is, court and special agency work constitutes probably no more than a third of the demands upon the municipal attorney. A great deal of time must be spent in the preparation of cases, examination of laws and drafting of briefs, giving opinions to various department heads, each of which call for exhaustive search both as to the facts and the statutes governing the circumstances, and the drawing of resolutions and ordinances for action by the governing body.

INTERSECTIONS

Continuing his list of safety tips for drivers, H. E. Moyer, district manager for Burlington county of the American Automobile Association stresses the need for carefulness at intersections.

The timely advice continues:
SLOW AT CROSS ROADS.

"Keep your eyes peeled" for intersections and slow down, expecting most anything to happen there. Always THINK AHEAD. It is poor satisfaction to know you had the "right-of-way" if you crash.

KEEP "JOHN BARLEYCORN"
OUT OF YOUR CAR. It goes hard these days with a driver in trouble who has alcohol on his breath.

GIVE HAND SIGNALS. Let other drivers know well in advance when you are going to stop, change lanes, or turn. A friendly hand signal is part of the game— it's the "sporting" thing to do. And always get into the proper lane some distance before your turn.

TAKE CARE OF YOUR CAR. TAKE CARE OF YOUR CAR.

The mass of new laws enacted each year changing practices and procedure of government imposes

TAKE CARE OF FOUR CAR.

Be fair to that good ol' car. Replace badly worn "shoes"—a tire worn to the fabric is mighty expensive if it "blows out." Keep best tires in

procedure of government imposes another vast task. Thus far the 1938 Legislature has adopted more than 400 chapters and more are in prospect. Not all relate to municipalities, it is true, but all must be scanned for a possible hearing.

New Jersey is fortunate in many of the men who occupy municipal legal posts. It is a specialized field. Without their services and advice, the problems of government, which are much more complex than a mere decade or two ago, would lead in a short time to hopeless confusion.

Since water expands with both heat and cold, it occupies the least

SAMUEL TOMAR

Since water expands with both heat and cold, it occupies the least space at about thirty-nine degrees

ACCIDENTS DROP THE WINNER ON SHORE ROAD

Continuing his drive to make 1938
a year of fewer accidents on the New Jersey state highway system, State Highway Commissioner E. Donald Sterner reported today that the number of accidents and fatalities on the White Horse Pike from Philadelphia and Camden to Atlantic City has been drastically reduced, due to his program of erecting signs advising motorists to avoid congestion by using the Black Horse Pike, for which business interests along the White Horse Pike severely censured him.

"Our figures show," said Com-

sured him.

"Our figures show," said Commissioner Sterner, "a reduction of 33½ per cent in accidents and over 80 per cent in deaths through our action of diverting this traffic. Seventy-two accidents and three deaths occurred in the two and one-half month period between June 1 and August 15 this year, as compared with 107 accidents and 16 deaths for the same period last year. leaths for the same period last year.

Millside MILK

IN HER TEMPTING, TESTED RECIPES AT THE

BROADWAY THEATRE COOKING SCHOOL

HOMOGENIZATION EXPLAINED

Nothing is added, nothing taken away, in the homogenization process. It is a purely mechanical process by which the wholesome pasteurized milk is actually torn apart under tremendous pressure, thus breaking the butter fat globules into very tiny particles. Instead of a cream line at the top of the bottle, the cream is distributed evenly from the cap down to the very bottom.

The natural goodness of milk is increased because homogenized milk is more easily digested. The curd that forms in the stomach is softer, more readily assimilated. This is especially important for baby feeding. Baby's bottle will always be uniform.

Everyone likes the improved flavor. From the top to the last drop, it tastes more creamy—is just right for drinking, for cereals and fruits, for cooking. It is an all-purpose milk that is economical, improves meals, and is delightful to drink.

Oakwood Wins Softball Title

Knight Hurls Chevrolet Team To 11-4 Verdict in Last Games of Series

For the second year in succession, Oakwood won the softball cham-pionship of the Memorial Park league, the second title coming as a result of an 11-4 verdict over the Athletics in the fourth game of the series played on Tuesday night. The champs had previously taken the second and third engagements.

The A's scored in the initial frame, but Knight silenced their bats after one run was in, the losers failing to cross the plate again until the ninth, when the game was already in the bag. sult of an 11-4 verdict over

Start in Second

Oakwood started their run-making operations in the second session, get-ting three tallies as a result of three

hits and a damaging error.

They added singletons in the third, sixth and seventh, with three more in the eighth. Two additional tallies in the ninth completed the

Prominent roles in the scoring were played by R. Wallace, who knocked a brace of doubles, three hits by E. Sutters, four by his brother George and a round tripper by E. Wallace.

Get Nine Off Knight

The A's were able to get only nine bingles off Knight and three these came when darkness was falling in the ninth.

Yearly and Regan singled, after which Williams cleared the sacks with a four-ply clout.

REQUEST NUMBERS FOR NEXT CONCERT

Only One Application at Riverton for Physical Education
Vacancy on Staff

Councilman T. Curtis Flynn, of Palmyra, has announced that the band concert program that is scheduled for Friday evening of this week, in the Grove, Palmyra, will consist of request.

Action on the appointment of a part-time teacher in physical education to the staff of the Riverton Public School was deferred at the meeting of the Board of Education held on Tuesday night of this week.

Miss Caroline M. Staman, supervising principal reported that one application had been received earlier in the year, but had later been withdrawn due to the fact that the applicant had obtained a full time position.

Miss Staman stated that an additional concerts will be held provided attendance and weather conditions appear to warrant a continuation of these popular affairs.

Audiences larger than last year have turned out each week to hear the band music and music lovers have been most enthusiastic over the

Don't Be Stampeded

On September 20, the Primary Election will be held and andidates nominated for a number of offices, including several mportant posts in Burlington county.

Factional groups within the Republican party are striving to ominate the members of their respective slates, and all indications oint to a torrid campaign between now and election.

The usual tactics of last-minute charges and counter-charges vill be employed, lurid tales about the character of so-and-so will be broadcast and the layman may well be confounded as to what andidate is best qualified for any office.

The intelligent voter will do well to disregard COMPLETE-LY all of this home-stretch smoke screen and ballyhoo.

If a candidate has borne an excellent reputation for many years, don't put faith in the smooth tales of paid rumor-mongers be average youngsters. Some will be careful at all times. Others will be careful at all times. hat he is a crook.

On the other hand, if an obscure candidate suddenly receives be careful part of the time. And still others will be careful none of the time. of it has no substantial foundation.

In the matter of deciding for whom to vote, the important thing to consider is the record of a candidate over a period of YEARS and not what you hear or read just a FEW DAYS hefore election.

Ask yourself, "What jobs has he held?" "If he has occupied to bring home to its school children the lessons of safety, but we all know that safety education has its limitations. A child at play usually doesn't stop Starts On 19th

Applications Approved

The board approved the applications of two graduates to attend Moorestown High School. As seven are already enrolled there and prior permission having been given to another student, 10 from Riverton will be enrolled at Moorestown this year.

Riverton students at Palmyra High School will number considerably over 100, there being 84 in the upper classes and 27 freshmen in addition to the graduates of the Sacred Heart school. The Riverton Board has not as yet been advised of the number that will attend from this institution.

The members of Post Frederick M. Rodgers, 156, American Legion, of Palmyra, have announced that the second carnival of the season will be held during the entire week starting Monday, September 19, on the Palmyra High School grounds. Due to the fact that many were disappointed because of the fact that the rides did not arrive at the affair held earlier in the summer, those in charge of the affair state that these features will positively be present at the second carnival, including a ferris wheel and chair swing.

Another headliner will be a Punch of the season of the RIGHT MAN for any office. a similar office before," "What was his record?" "What is his record?" "What is his reputation in his own community?" "How does he conduct his own business?" This last question is of great of "G-Men and Robbers." We have importance, for the administration of county affairs requires considerable real business ability, far more than many people realize.

"What are his qualifications for the office, in respect to dren are going to place themselves

ing hours during July and August worked out satisfactorily with complaints by customers at a minimum.

Mr. Coate said 98 per cent of the

banks throughout the state observed the Saturday closings. New Jersey was the first state to make such a move and inquiries have been re-ceived from bankers in other states

400 HOMES will BURN tonight

One in Texas perhaps, six in Pennsylvania, nine in Georgia, seven in New Jersey, and so on throughout the forty-eight states. It's all a guess how many will be in each state . . . BUT it is a FACT that they will burn somewhere in the United States TONIGHT... and TOMORROW NIGHT . . . and the NEXT NIGHT and each night for the next 365

Why take a chance that your home will escape the destruction that follows in the wake of fire?

Why not make a list of our household furnishings, and, together, with your in-surance policies put them in a Safety Deposit Box at this Bank? Then if fire does strike your home, there can be no argument about what was lost and what was damaged. The saving from this one act on your part would pay for the small rental for

many years to come.

Less than 1c per day is all that it costs. So why not take the next free evening and prepare such a list and put them safely away in one of our Safety Deposit Boxes?

THE INSTALLATION OF

Two New CHAMBERS Gas Ranges

Two new Chambers Gas Ranges have been installed kitchen. By so doing, we bring to our patrons delicious meals with all the natural flavor and tenderness scientifically conserved. We are sure you will notice and appreciate the improvement in the foods now cooked on Chambers ranges.

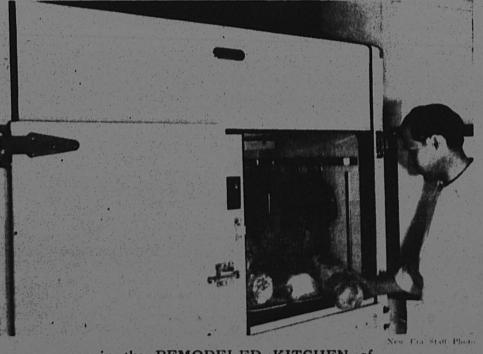

Chambers Gas Ranges cook with the gas turned off. In other words, the heavy insulated and heat circulating ovens permit cooking to con-tinue slowly after the gas has been turned off. This process produces delicious roasts of meat, and fowl cooked to a tenderness that appeals to every appetite.
Other tempting and delicious dishes, too, are possible with this, the most modern of cooking appliances. You save enough in gas to buy this range.

—C. Ward Lowden

Fires Take 7,500 Lives

This year, if past precedent holds, some 1,500 people will be cremated in burning buildings. Six thousand more will die as the results of burns and scalds.

When an airplane crashes and a dozen people burn to death, the news makes international headlines and the world is horrified. Yet the public at large is callous to the fact that our annual total of deaths from fires is greater than the toll would be from 600 airplanes carrying to flaming doom 12 persons each.

Practically every one of those thousands of fire deaths could be easily prevented. Due to the carclessness of adults, children are among the principal sufferers. Unprotected stoves, matches left about, steam and hot water-these are major causes of death and suffering among the very young. Death takes no holiday when those things which may cause fires and scalds are within reach of a child's untaught, exploring fingers.

Equally dangerous, particularly in the case of adults, is the practice of starting stoves and furnaces with kerosene, gasoline or other inflammable liquids. You may get away with it a thousand times. But the thousandth and first time may mean a job for the undertaker-with you and possibly others as the

Next time you read of a spectacular disaster, reflect that this before you stir up a balky fire with kerosene. Think of it again when children are about. It is easy to prevent a fire—but it is impossible to ever make up for the consequences of a but it is impossible to ever make up for the consequences of a classes. something equally horrible can occur in your home. Think of from the summer convention of the fire that takes a life.

It's Time Something Was Done

Are trucks and busses paying their way on public highways? The answer to this question was recently given in testimony at a hearing on railroad reorganization, conducted in June of this year, before a special committee of the House of Representatives. Testimony at this hearing revealed the startling fact that the national deficit in respect to highway expenses over receipts amounted to approximately \$900,000,000.

Pro-rating truck and bus travel with that of private vehicles, we find that commercial carriers are deriving a most substantial subsidy from the taxpayers at the expense of the railroads.

The affect of this subsidy is far reaching. It has gone so far that one railroad, the Rutland, is faced with the necessity of going that one railroad, the Rutland, is faced with the necessity of going that one railroad, the Rutland, is faced with the necessity of going that the post of the railroads and thus encourage the pastor.

The Broadway Theatre Cooking School which opened Tuesday afternoon for the first of its 3-day schedule, was attended by over 500 women. Even larger attendance is expected for the Thursday and Friday sessions. out of business entirely. This common carrier, during a recent year, paid a total of \$313,864 in taxes, this sum amounting to siddles will need clothing, supplies, nearly ONE TENTH of its GROSS OPERATING REVENUE.

If no relief from this burden is granted the Rutland, or if gestions. the truck and bus subsidy is continued, not only will all the the truck and bus subsidy is continued, not only will all the taxes be lost, but the state of Vermont will have to provide new featuring new kitchen equipment in from a Summer Vacation" will be featuring new kitchen equipment in full page advertisement this week. hways to care for approximately 45,000,000 additional truck a full page advertisement this week. New Chambers Gas Ranges and a Norge Refrigerator purchased from C. Ward Lowden constitute the imhighways to care for approxi miles in a year or 150,000 truck miles per day.

the plight of many other roads.

Are we, as citizens, going to stand idly by while our rail road transportation is ruined? Should this happen, we will be called upon to foot the bill for even a greater truck and bus subsidy than at present.

What Other Editors Say

It is said that over in England they have developed a seed wheat that will increase the yield per acre ten per cent. We presume that Secretary Wallace will see that none of it is smuggled into the United States.

President Roosevelt says that Senator George is his good friend. Wonder if he is thinking about the same kind of friends

friend. Wonder if he is thinking about the same kind of friends when over the radio he calls us "my friends."

A Lon Angeles couple recently returned from a 4,600 mile; and wearing apparel, to help parents outfit their children for school. Consult their advertisement in this issue.

Do you think sitting with your back to the future and your face to the past is turning the possibilities of success the wrong way? Don't you think the Wesleyan Class has wonderful possibilities for doing you would like it to be? We will be something worth while, not only looking for you 9.50 Sunday. Corrigan isn't the nation's only hero.

non. This, no doubt, will be most interesting. It is hoped that the membership will attend these services and also invite visitors.

The monthly railies of the south ern group of the Trenton district Epworth League will resume this coming Saturday, September 10th and will be held in the Tabernacle

M. E. Church.

The recreation program at 4 p.m., under the direction of Samuel Bentley, district 4th vice president, will be an outdoor track meet with representatives from each league participating. Supper will be served at 6 p.m. in the school building.

The evening service at 7.30 will be held in the church with Rev. E.. W. Palmer, pastor of Highland Park M. E. Church as the speaker.

The first fall rally in the northern group will be held on Saturday, September 17th, in the Pennington M. E. Church.

Brazil's area is greater than that if the continental United States by 50,000 square miles.

PALMYRA FIREMEN LOCAL OUTFITS SPLIT TWIN BILL

Labor Day Attraction Draws Large Crowd of Fans To Memorial Park

There was a large turnout of base-ball enthusiasts on Labor Day afternoon, at Memorial Park, when Riverton A. A. and Palmyra divided a twin bill, the former winning the initial contest by the score of 3-2, while the latter took the nightcap by a 9-4 count.

In the first tilt, Riverton took the

lead in the second stanza, when three errors and a single were converted into a brace of tallies.

Deciding Run

What proved to be the deciding tally was produced in the following tally was produced in the following stanza when Sloan walked and was advanced to second on a sacrifice by Broderson. He took third on a passed ball and scored as Harper cracked out a timely one baser.

Palmyra also counted in the upper half of the same canto on singles by Zimmer, Mick and E. Humes.

Calm Until Ninth

Calm Until Ninth

Diffenbaugh and Zimmer, hurlers for Riverton and Palmyra respectively held the batters very much in check until the former weakened slightly in the ninth and Palmyra staged a serious bid for the decision. Diff passed Williams to open the stanza, this being his first and last free ticket during hostilities. Rothbaum punched out a single, but Williams was forced at third when J. Prisco rolled to Foulke.

Zimmer got his second bingle to bring Rothbaum over the rubber. Prisco advanced to third as Freeman and Terrill cooperated into handling Rivers' grounder that forced Zimmer at second. Rivers pilfered the keystone sack to put runners on second and third, but T. Prisco was out, Foulke to Bottger for the final out.

Sloan, II Broderson, rf Harper, c

Palmyra, N. J. Editor,
The New Era:

I wish to answer the editorial that has appeared in several county newspapers recently.

I desire to state that I have not been, neither will I be a yes man for any group or person.

My decisions as a member of the Board of Chosen Freeholders for the past two and one-half years were made after careful conscientious thought.

The editorial state that I have not been, neither will I be a yes man for any group or person.

My decisions as a member of the Board of Chosen Freeholders for the past two and one-half years were made after careful conscientious thought.

The editorial stated "In eight months the Stout-Lamon -Church Old Guard combination has increased the tax rate, put the county in debt again to the tune of \$300,000 and has spent nearly all of the \$420,000. Saving Fund."

The facts are as follows: Lamon and Stout were just as responsible for the tax reductions from \$1.06 to .89 in 1936 as any other member of the Board.

During the year 1937, Lamon,

SPEEDY DRIVING MANY DRIVERS IN AMBULANCES

nmissioner Magee Frowns On Such Practices; Says Risk Unnecessary

Three deaths in recent months and several accidents in which serious personal injury resulted have caused Motor Vehicle Commissioner Arthur W. Magee to condemn the unnecessary risks taken by ambulance drivers. He threatens a wholesale revocation of licenses unless the practice is stopped.

"I have been advised by sible physicians," said Com er Magee, that "except in of a hemorrhage where eve of a hemorrhage where evute counts getting the path hospital, nothing is to be ambulance drivers speeding or eighty miles an hour it through red lights and engother unnecessary and driving practices. In the bone fracture, high speed a traveling can do the paticharm than good."

No Need for Risk

In none of the three fatal accidents referred to was there any need for unnecessary risk, said the commissioner. In one case two ambulances met head-on at an intersection controlled by a traffic signal. The second instance was that of an

With Labor Day over, and the

school term opening next Monday, the 12th, P.T.A. activities will be starting very soon thereafter. Committees have been busy all summer, and a very full and interesting program is outlined.

The first regular meeting of the season, which includes the reception to the teachers and the board of education, will be held on Wednesday evening, September 21st, at 8 o'clock, in the school. Refreshments and music for dancing will follow the business meeting. All parents and friends are urged to attend.

given later.

The very successful summer covered dish luncheons came to a close with the one held at the home of Mrs. Hotchkiss on Thursday, August 25. There will be other luncheons to follow, but the plans are not definite as yet.

Rare Air-Mail Stamps Discovered

About thirty sheets of fifty stamps of the recently issued bicolored occur air-mail were discovered without horizontal perforations and were purchased by a collector. The defective sheets were all in one lot of Perry Wharf Riverton 718-J

Municipal Topics

Trailer Tourists

Municipalities have a new problem in the increasing number of trailer tourists. A novelty only a few years ago, the trailer has become a popular mode of conveyance and living, New Jersey can expect an influx of such visitors next year with the opening of the New York World's Fair. Communities not prepared for the invasion, and few are, should not delay in planning for it.

In the past, the trend of trailer travel has been largely toward the South and West. The mild climate, national parks and vast areas of open space explain this tendency. Next year, however, the tide of the travel will turn eastward. The Chicago Exposition demonstrated the attraction offered by such events for motorists traveling at minimum cost and New Jersey will be called to play host to a number running well into thousands.

In conformity with the provisions of Title 19, Revised Statutes, and the amendments thereto an supplements thereto. NOTICE is hereby given that the District Board of Registry and Election in the BOROUGH OF RIVERTON

In the County of Burlington, will meet on the designated for the place hereinafter designated for the purpose of adding to and revising the Registry List:

TUESDAY, SEPTEMBER 20, 1938 between the hours of seven o'clock p.m. AT

FIRST DISTRICT

All that portion situate East and West of the Pennsylvania railroad and bounded by the following streets: Borough line from Main street, to Penn street, to Third street, to Church lane to Broad street, thence East of the Pennsylvania railroad on both sides of Main street, excluding the Collins building, to the point of starting at the Borough line, containing therein the following streets: Bank avenue, to Penn street, to Third street, to Church lane to Broad street, thence East of the Pennsylvania railroad on both sides of Main street, excluding the Collins building, to the point of starting at the Borough line, containing therein the following streets: Borough line, containing therein the following streets: Borough line for the pennsylvania railroad for motorists traveling at minimum cost and New Jersey will be called to play host to a number running

cost and New Jersey will be called to play host to a number running well into thousands.

Statistics

A few statistics on trailer sales give an inkling of the growth of the industry. In 1935 there were some 25,000 house trailers on American highways. At the end of 1936 it is estimated that total leaped to 300,000 arid factory production for the current year is variously put at 85,000 to 100,000 units. The American Automobile Association is authority for the statement that approximately 1,000,000 people make use of trailers for vacation purposes. With many they constitute an allyear manner of living.

Because of New York traffic conditions and the difficulties of park.

Because of New York traffic conditions and the difficulties of parking, North Jersey counties will no doubt be favorite spots for World's Fair visitors to uncouple their trailers and make camp. After daily trips to the Fair by bus or their detached auto. The shore resorts and historic shrines for which the State is famous will be their probable next points of interest and there will be a trailer invasion of the coast counties and other sections.

202 Broad Street

AND NOTICE is further given that a PRIMARY ELECTION for making the following nominations:

(Unexpired Term).

Member of the House of Representatives.

(Fourth Congressional District).

Member of the General Assembly.

Member of the Board of Chosen Freeholders.

Ounty Auditor.

Two (2) Conneilmen (Full Term).

And for electing:

Members of the Peace (Full Term).

And for electing:

Members of the County Committee (one male and one female from each unit of representation or each election district).

While the revenue the visitors will bring promises to be a considerable

While the revenue the visitors will bring promises to be a considerable amount in the aggregate, there are undesirable aspects for communities failing to adopt regulations. The menace of unsupervised trailer camps to the general health of the municipality is paramount among the evils against which safeguards should be enacted. The use of municipal facilities without adequate compensation is another phase that calls for consideration as a matter of simple justice to the taxpayers.

In municipalities where the problem has been recognized and received thought, there seems to be two methods of approach. Some have prohibited the placing or parking of trailers on any streets or premises within the community limits, but unless there is cooperation and a unity of action the effect of such ordinances is to drive the trailers just outside the municipal boundaries, where camps are established under conditions worse that if they were segregated in supervised locations.

Other Method

The other method of treatment,

legal horiges

NOTICE OF REGISTRY AND

The other method of treatment, viewed by many authorities as far the preferable, is to designate areas where trailers are permitted to remain for a stated period, subject to definite regulations upon payment of a fee to compensate for the services enjoyed. In this way control is established.

Whichever is adopted, the matter is one that should not be neglected and calls for thorough and careful study. Otherwise, conditions may arise having a lasting effect upon the community health, welfare and attractiveness as a place of permanent residence.

All that portion of Cinnaminson Township line, the intersection of Route 25 and the Delran township line, beginning at a point in the intersection of Route 25 to the Pompeston Creek, thence North along the west side of Route 25 to the borough lines of Riverton and Palmyra to the intersection of Riverton and Palmyra to the intersection of Cinnaminson avenue, thence South along the East side of Cinnaminson avenue, crossing Route 25 to the Intersection of Church Road, thence continuing along the East side of Cinnaminson avenue, thence South along the East side of Cinnaminson avenue, there were along the East side of Cinnaminson avenue, the community avenue, thence South along the East side of Cinnaminson avenue, the community avenue, thence South along the East side of Cinnaminson avenue, the community avenue, thence South along the East side of Cinnaminson avenue, the community avenue, thence South along the East side of Cinnaminson avenue, the community avenue, thence South along the East side of Cinnaminson avenue, the community avenue, th

Evil habits soil a fine dress more than mud; good manners, by their deeds, easily set off a lowly garb.—Plautus.

"When a man keeps complainin' dat he ain' had no opportunity in life," said Uncle Eben, "you kind o' wonder whether he ain't too busy kickin' to notice an opportunity if it comes along."

According to the opinion of one prominent local citizen, lack of adequate transportation is the factor that is of greatest importance in preventing proper development of riverfront towns.

Another season has passed with-out much being done in the way of organized tennis at Memorial Park. Only a few years ago, the tourna-ment for the park championship was ment for the park championship was one of the big events in September.

YACHT CLUB YARNS

BY NUTE AND MIKE

Labor Day Regatta

A large number of local skippers sailed to Beverly on Labor Day, where a regatta for several classes of boats was held under the auspices of the Delaware River Yacht Racing Association.

The crowning feature of the day was the victory of Howard Lippincot in the free-for-all event for boats under 16 feet. He beat the field, which consisted of Crickets, Comets and Dusters, coming ahead of Ed Merrill and Phil Somerville, both of whom were sailing Comets.

Dusters Fast

The win, although surprising, was not entirely unexpected, in view of the fact that, in an earlier race this season, at Riverton, leading Comet and Duster boats sailed over the course in practically the same time. Riverton skippers annexed first ponors in three out of the five events on the program and finished second in a fourth.

Off to Skaneateles

The local club will be well represented at the National Comet races, at Skaneateles, on Friday, Saturday and Sunday, when the veterans skipper, Edward K. Merrill, will compete in this blue ribbon event. A number of members are also planning to attend the competition.

The regatta for several classes of peony which derives its name from its finely divided leaf. Gardeners who wish to add something different to their hardy perennial borders would do well to try this species of peony, for its requirements are the same as those of other peonies—rich soil that is well drained and not too acid.

A Paeonia tenuifolia is one of the earlier blooming species, producing flowers about the first or second week of May in Central Jersey.

There are varieties with single and double flowers in bright red, dark crimson and pink, and although they are but three to four inches in diameter, the blossoms are very attractive.

This species of peony, for its requirements are the same as those of other peonies—rich soil that is well drained and not too acid.

I have met with the leaders of both factions, I have argued strenuously with both sides endeavoring to find some plan through which harmony could be restored.

There has never been a time in our history when a strong, united Republican Party was so needed to combat the extravagant waste, the piling up of unbearable taxes, the threat of inflation, and the bureaucratic control being built up by the New Deal group in Washington.

I believe that in my endeavor to find some solution to our own County problem I have received the respect and support of both sides. I say this in all modesty but with the full realization that this year my name appars on the slates of both factions. From the fact that both factions, From the fact that both factions have endorsed my candidacy I am in the position of being questioned as to just where I stand.

It is for this reason that I feel I owe the public a statement. I first wish to say very frankly that I was the fact where the public as statement. I first wish to say very frankly that I was the fact wish to say very frankly that I was the fact wish to say very frankly that I was the fact wish to say very frankly that I was the fact wish to say very frankly that I was the fact wish to say very frankly that I was the fact wish to say very frankly that I was the fact when the fact were frankly that I was to fact that both fact has been in politics. I have been informed that Dr. Steedle for Auditor.

The County:

The County:

The contest for the office of Sherific, Clarence G. Price for Freeholder and DeWitt H. Steedle for Auditor.

Fred Norcross, chairman of the dinner-dance committee, announced this week that the principal address will be made by Howard Shaw, chairman of the New Jersey Young Preparation of the Steedle for Auditor.

The contest for the office of Sweet that Dr. S. Candidates, F. Geo. Furth, has seen fit to align himself with fact to ali

mr. Lamon has served this county well for the past three years. He was supported and had the endorsement of the Adams-Jones group, Because he had sufficient individual initiative and honesty to disagree with some of the methods and actions of that group, he now is opposed and every effort is being made to oust him. This is certainly no way to produce harmony. I believe our whole Republican Party should stand back of Mr. Lamon. His record is excellent.

stand back of Mr. Lamon. His record is excellent.

Mrs. Pearl M. Bridegum, who has announced her candidacy for the office of Auditor, is one of the outstanding women Republican leaders of our State. She is at present vice chairwoman of the State Republican Committee. She has been an ardent Republican worker for years. Respected throughout the State and our own County for her work, she also should be supported by all. If more people of her type were active workers, we would have no factions. The contest for the office of Sheriff is confused by the presence of six candidates in the field. I regret exceedingly that one of these candidates, Mr. F. Geo. Furth, has seen fit to align himself with that faction with whom, I feel sure, he is not in sympathy.

Everythis reason I wish to endorse

For this reason I wish to endorse the name of Mr. Nelson G. Myers for Sheriff.

I make this statement to the Re-

publican voters of our county in order that it might guide them in se-lecting those officials who I know will give their best service in the

Mr. Myers has been active in the work of the Republican Party for many years. He is well known and respected throughout the county. He is young, energetic, full of enthusiasm for the right principles of government, and above all would fill the office of Sheriff in an honest way, unhampered by obligations to anyone. I urge his whole-hearted support.

will give their best service in the interest of all the citizens, who are not dominated by selfish ambitions, who are not vindictive and who will not mislead the people through the publication of half truths.

If they do not give good service then I will be the first to look for

S. EMLEN STOKES.

LADIES' CLUB HAS LAWN PARTY

I am in the position of being questioned as to just where I stand.

It is for this reason that I feel I owe the public a statement. I first wish to say very frankly that I was endorsed by the Adams-Jones faction, before my return from my vacation, without my consent.

After all the candidates had filed, and after seeing the alignments that were being made, I realized full well another unfortunate fight was on. If harmony was to exist I saw no reason why the Adams-Jones group should inject a candidate in the field against Mr. Walter Lamon, our present Freeholder.

Mr. Lamon has served this county well for the past three years. He was supported and had the endorsement of the Adams-Jones group. Bement of the Adams-Jones

FINAL PLANS FOR DINNER-DANCE

COLUMN

Members of the Riverfront Ladies' Club held a lawn party Wednesday afternoon on the lawn of the home of Mrs. Gertrude Lynch, 421 Lippin-cott avenue, Riverton.

As a life-long Republican and one who is tremendously interested in the welfare of the Republican Party, I have given a great deal of thought to the situation which exists in our Mrs. Anna Denneler, of Cinna.

Members of the Riverfront Ladies' Club held a lawn party Wednesday actively, rapid progress is being actively, rapid progress is being made in the arrangements for the pre-election dinner-dance to be held at the Log Cabin Lodge, Medford Lakes, on Saturday night, September 17, under the sponsorship of the Burlington County Unit of Young Republicans.

Interest in the affair is showing actively, rapid progress is being actively.

the welfare of the Republican Party,
I have given a great deal of thought
to the situation which exists in our
county today.

When I first became active in the
political field two years ago, I was
well aware that the strength of our
party was handicaped by an unfortunate division into two factions.

During these two years I have endeavored to find some way by which
these factional differences might be
eradicated.

I have met with the leaders of for Freeholder and DeWitt H. Steedle for Auditor.

reports. A large delegation from each local is expected.

RIVERTON : CINNAMINSON :: PALMYRA

RIVERTON-PALMYRA, N. J., SEPTEMBER 15, 1938

APPLICATION ON DISPOSAL PLANT

49th Year No. 35

To Be Filed in Near Future Tentative Location
Is Determined

At the meeting of the Riverton Borough Council held last Thursday evening, David F. Gould, chairman of the sewer committee of that organization, reported that the application for a P.W.A. grant to construct a sewage disposal plant was practically complete and would be filed in the very near future.

Authorization for filing was granted by a unanimous vote, The cost of the project has not been definitely determined, but the location will probably be at the northeast corner of Memorial Park.

MERRILL WINS

Study of Sites

Mr. Gould reported that considerable time had been spent in going over possible locations for the plant and that the park site appeared to

that various property owners had been negligent in the matter of cutting down high grass and weeds on vacant lots. He remarked that the

latter part of August.

caused them to walk out during the latter part of August.

The strike was called because Harry Knecht, of Merchantville, the plumbing and heating contractor, did not operate a closed shop, union men with the exception of masons and bricklayers refusing to continue as long as this situation existed.

After a number of conferences were held between the building committee of the Board of Freeholders, representatives of the unions and the Knecht firm, a settlement was finally reached when the heating company agreed to hire union men.

The strike was called four days before the steel workers would have completed the framework of the building.

Regatta Next Year

As winner of the national title, Mr. Merrill is accorded the privilege of bringing the regata to Riverton next year, but whether or not conditions on the Delaware are sufficiently favorable is a matter that Mr. Merrill is giving serious consideration.

At a meeting of the Riverton Borough Council held on Monday night of this week, a resolution of congratulations to Mr. Merrill was unanimously passed. He is a former member of the local governing body.

Are You Going To Vote?

The Primary Election is next Tuesday, September 20, and the polls in the various districts will be open from 7 a.m. until 8 .m., eastern standard time.

That's when YOU should go and cast your ballot for the andidates of YOUR choice: the operation only takes about five

The sentence came after the accused pleaded non vault to a larceny charge involving the theft of two diamond rings from her employer, Mrs. Elizabeth Dickson, of Main street, Riverton. One of the rings large the fact that such and such a place gave Mr. Doe a big majority. All very fine, indeed, but Doe's majority really doesn't mean a large that the has not been recovered to date.

The jail term will run from the time of her commitment on April 27.

All very fine, indeed, but Doe's majority really doesn't mean a probably half of the citizens didn't take the trouble to even vote. Actually, elections are won or lost by the

people who stay at home, not by those who register their decision.

Just a reminder—at the Primaries last year, when a number of important nominations were to be made, the highest perperturbed to read abstracts of the report rendered at the last meeting by NATIONAL TITLE centage of votes cast in this section was in the second Riverton district, where 67.3 per cent of those registered went to the polls—highway department. bout two-thirds of the total number of voters.

Furthermore, in two of the 11 districts that are located in Riverton, Palmyra and Cinnaminson, the figure dropped as low as 38 per cent. In five, it was less than 50 per cent.

In this respect, it appears that here is a wonderful opportunity for the citizens in these communities to really gain distinction. Why not make it a matter of record that Riverton, Palmyra and Cinnaminson polled the highest percentage of registered votes in Burlington County?

Why not make a habit of voting regularly and start the habit next Tuesday? For most of us there doesn't appear to be press to go over the books with him my good reason for not doing this, except sheer indifference. Every registered voter can help-DO YOUR PART.

PALMYRA PLANS LAWS ON ZONING

Committee Appointed to Survey Situation; Welfare Report

Is Commended Plans are under way to create a zoning ordinance for the Borough of Palmyra, according to an announcement made by Mayor John F. Ward, at the regular meeting of the Borough Council held in the council chamber, Tuesday night.

The Mayor stated that there is a growing seed for such an ordinance.

owing need for such an ordinance the community and appointed a make a survey of the situation and report at a later meeting. Councilmen Wright, Huyett and Mervine

Serve Many Purposes

Mayor Ward stated that he had already written to the secretary of the League' of Municipalities for copies of ordinances considered to be good and which would be comparable with a community of Palmyra's characteristics. A zoning ordinance, according to Councilman Wright, should include two classifications for residential properties, one for merchants, and one for industries such as fertilizer plants, auto junk yards, etc.

A motion was passed authorizing the payment of \$25 to Frank A (continued on page 12)

BRIEF ITEMS

from

ABOUT TOWN

ng held on Monday evening of this

The new officers were then i

Councilman Archibald Bush in quired about the parking situation on Main street, asking whether any-thing had been done about cutting down the size of the sidewalks in order to permit cars being parked diagonally with the curb. He was advised by Mayor Biddle

that negotiations were being conducted with the Burlington County
Board of Freeholders in order to ascertain to what extent the county would cooperate in such a project would cooperate in such a project, the highway in question being a county road.

The insurance committee of which Nathan Lane is chairman, was instructed to investigate the situation in respect to public liability coverage for various contingencies.

Closely related to this matter was the club house followed the cruise.

a request of William A. Fox, of Springfield, Mass., for payment of \$18, this sum being for damage to a tire alleged to have been incurred on July 9 when the claimant drove his car into the gutter at the corner of Linden avenue and the south side of Broad street. Mr. Fox stated that the situation there was a hazard and the corner was poorly lighted.

The matter was referred to the borough solicitor, Walter Carson.

Purchase of Lot

Another matter discussed at length was the advisability of the borough purchasing the L-shaped lot adjacent to the fire house, this plot being the property of Robert Clelland.

It was stated that the municipality had had the use of this property for 20 years, while the owner had paid the taxes. The ground is largely utilized as a parking space on the south side of the fire house.

ber that have taken out book it reopened.

LOCAL PHALANX

CHAPTER ME

Mayor Biddle stated that he did not want to spend any more money than was necessary, but that he felt now would be an advantageous time to acquire the lot. The matter was held over for further investigation.

The following bills were approved and ordered paid:

ditorium next Monday afternoo September 19th, at 3.30. Miss Carothe school will welcome the mothers after which, Miss Helen Blair, one of the local visiting nurses will conduct an informal discussion on sex education and the prevention of social diseases. Miss Blair conducted a similar discussion before the Child Study Group last April, and those who attended that meeting felt that a similar discussion should be held at this time, so that every mother might have an opportunity mother might have an opportunity of learning how to handle these per plexing problems.

plexing problems.

It is hoped there will be a large attendance on Monday afternoon. It will be an excellent opportunity for mothers to meet Miss Staman and their children's new teachers, and also for new mothers in the school to find new friends. Refreshments will be served at the conclusion of the meeting by Mrs. Thomas Tay-for, and her hospitality committee.

Speakers at later meetings include Dr. Chester I. Ulmer, who will give his humorous talk on "How to Get his humorous talk on "How to Get Sick" at the annual reception in October, and Dr. Mary Roberts, principal of Moorestown High School will speak at the November meeting. Wilbour E. Saunders, headmaster at Peddie School for Boys, will be here in January, and Mrs. P. B. Davis, assistant extension specialist in child training and parent education at Rutgers, is on the program for April. The final meeting, which will be held on May 15th, will have as the speaker, Miss Eloise Bryan, Burlington County helping teacher.

Other Affairs

In addition to the meetings mentioned above, there will be the usual Christmas party for the school children, founders day and talent day, with the food sale and play in February, and the exhibition of children's work and play in March.

Mrs. Robert G. Adams is the chairman of the child study group this year, and will be the leader in the discussions to be held on November 21st, April 17th and May

vember 21st. April 17th and May

PLANS ACTIVITIES

BIDS RECEIVED At the regular meeting of the Palmyra High School Alumni Associ-ation held this week, a report was fans thought that baseball here had the greatest damage to sub-grade and surface.

The trials were decided upon af-

au La France apparatus, believing that it was the best adapted to the fixed of the community.

Mr. Knight stated that the difference in cost between the highest bid and the lowest amounted to only \$25 per year when spread over a 20-year period, the estimated life of the equipment.

After a brief discussion concerning the proposals, Councilman Earl Shrader moved that the contract be awarded to the American La France Co. This was seconded by Councilman David F, Gould and passed with a few fire Bush.

A resolution on the same matter

Mr. Knight stated that the difference in cost between the highest bid and the lowest amounted to only \$25 per year when spread over a 20-year period, the estimated life of the equipment.

After a brief discussion concerning the proposals, Councilman Earl Shrader moved that the contract be awarded to the American La France Co. This was seconded by Councilman David F, Gould and passed with a few fire Bush.

A resolution on the same matter

Mr. Knight stated that the difference in cost between the highest bid and passed with a fire field success, to which those that were present will attest. The association wishes at this time to extend its thanks for the splendid cooperation of the contract be awarded to the American La France Co. This was seconded by Councilman David F, Gould and passed with a fire field success.

A twin bill had been scheduled for the success, to which those that were present will attest. The association wishes at this time to extend its thanks for the splendid cooperation of the construction cost for an 18 foot road, close observations between the ling was federal Government donated a car load of the wowen cotton to winter, an announcement was made to the first the Federal Government donated a car load of the wowen cotton to winter, an announcement was made to the first the Federal Government donated a car load of the wowen cotton to winter, and surface.

The trials were decided upon after the them thet the bead and surface.

The trials were decided upon after the th

man David F. Gould and passed with the possible.

Also brought under discussion was of Mr. Bush.

A resolution on the same matter offered by Mr. Knight was passed tive. Anyone interested is urged to the proposed Alumni Day, although the propose After the vote was taken, Chief Carhart thanked the members of council for their consideration in Watch for further announcements cerning Alumni Day.

Republican Voters of Burlington County

We plead for honesty and straightforward action within our Party. These virtues carry with them:

- 1. Absolute party loyalty.
- Clean handling of County business. 3. Kindly and honorable administration in our County Institutions.

Deals with Boss Hague are intolerable. Persecution of faithful County officials is intolerable. Misrepresentation of the facts of government is intolerable.

HERE IS THE RECORD!

	County Tax Rate	Funds Raised by Taxation	General Budget
1935	1.06	\$648,043	\$1,348,54
1936	89	544,904	1,389,48
1937	.661/2	401,087	1,646,17
1938	.671/2*	379,560	1,333,05

* In March, 1938, the Board of Freeholders fixed the tax rate at .64½c. A month later the County Tax Board reduced ratables by approximately \$3,000,000. The tax rate was thus automatically raised three cents to .67½c.

POWERS DENIES ANY

Efforts to embroil him in Republican factional strife was charged this week to Democratic Party leaders by Congressman D. Lane Powers.

The Congressman asserted the Democratic high command was spreading rumors in Burlington county that he had taken sides in the Primary campaign differences there. From fifteen to twenty men are being detailed to spread false rumors about him throughout Burrumors about him throughout Burrumors about him throughout Burrumors about him throughout Burrumors are invited and urged to attend.

Although she did not win the title of "Miss America," Dorothy K. Powers, who was "Miss Riverside" at the recent national beauty contests held in Atlantic City, the local entry reported that the whole affair was "the thrill of a lifetime."

Miss Powers stated that she felt she had already won a lot in being selected to enter the contest. Her picture appeared in several metropolitan newspapers during the course of the pageant.

The first regular meeting of the Cinnaminson P.T.A. will be the reception to the teachers and Board of Education, at the school, Wednesday evening, September 21st, at 8 o'clock.

There is no business meeting planned and the evening will be entirely a social affair. There will be refreshments and music for dancing following the reception. All parents and friends of the association are invited and urged to attend.

ccunty that he had taken sides in the Primary campaign differences there. From fifteen to twenty men are being detailed to spread false rumors about him throughout Burlington county, according to Powers.

The plan of the undercover campaign of his opponents, the Congressman charged, was to get to meeting places of factions in Burlington county and to tell each faction the Congressman was giving support to the rival group. The purpose of the Democratic strategy, Powers declared, was to put him "in the middle" in Burlington county.

The Congressman blasted such tactics as "cowardly, malicious and despicable" in a statement issued Monday. He asserted he is taking no sides in any factional battles and declared it is his opinion no Federal

declared it is his opinion no Federa officer should interfere in any loca political family disputes, in either of the two major parties.

YOUR GARDEN

WHAT TO DO THIS WEEK By A. C. McLean on Service, N. J. College of Agriculture

Amateur gardeners would do well to take a tip from the nurserymen and do some transplanting at this season of the year. This is the best season to move evergreens, and many deciduous shrubs can also be moved. The nurserymen can give good service in the fall, too. If there are perennial seedlings to be shifted the moist soil conditions prevalent now make this a most appropriate time for doing the work.

Now that the matter of a new fire truck for the Riverton firemen has finally been settled, the members of the company will eagerly await the additional equipment, which should do much to facilitate their work at a fire. The apparatus, with the addition of the new truck, will form a well-balanced layout.

prevalent now make this a most appropriate time for doing the work.

When young seedlings are transplanted, give them slight shade for a day or two, or until the roots become established. Then, with good care, they will make strong plants for next year's bloom. Older clumps should be divided and the foliage reduced somewhat so that the roots may become well established.

taken root. In order to get the best bloom, do not bring the plants into the house and force them until the pots are well filled with roots. This applies to practically all fall bulbs except freesias and Oxalis, which should be brought in when they make top growth. Do not let any of the hardy bulbs freeze, for although, they may survive freeze. although they may survive, finer blooms will be obtained if the plants

blooms will be obtained if the plants are given some protection.

The "singing tower" was given to the people of America by Edward William Bok. It contains the largest and finest carillon in the world consisting of seventy-one bells. It is located at Lake Wales, Fla.

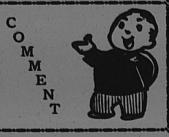

BUILDING OPERATIONS Building permits recently issued in Riverton include the following: 426-28 Thomas avenue, stucco and cinder block residence at an approxi-

mate cost of \$4,000.

607 Linden avenue, enlarged 630 Elm Terrace, general repairs and alterations, cost \$847.

Spiders are kept alert with eight

Milady's chapeaux this fall is likely to reach heights never attempted before. One of the stunning models displayed-recently had all the graceful lines of a cold pancake; another was described as being "whipped tornado fashion"—the results certainly looked like a cyclone; a third was fashioned with the graceful symetry of a snare drum, while the most exotic of all resembled an inverted ice cream cone that had been caught in a hard shower. aught in a hard shower.

Only a little over three months until Christmas.

Palmyra P.T.A. Meets Sept. 20

The Palmyra P.T.A. will hold its

Peony Clumps

If there are any peony clumps in the garden which are not doing well, divide and replant them now, after fertilizing the soil and applying lime, if necessary. September is also a good time to increase peony plantings. Placed in the ground now, newly purchased divisions, provided they are not too small, will build up a good root system and may bloom well next year.

Order bulbs for house blooming and pot them as soon as possible. Gardeners who are experienced in house plant growing probably have their freesias and paper-white narcissus already potted and realize that other plants benefit by an early start, too. As soon as the roots are placed in the soil, bury the pots in some cool place until the bulbs have taken root. In order to get the lest bloom, do not bring the plants.

The Palmyra P.T.A. will hold its first meeting of the year on Tuesday evening, September 20, in the high school auditorium at 8.15 o'clock.

Paul R. Jones, supervising principal will deliver the welcome address. The brief session will include installation of officers, after which a reception will be given the teachers in the gymnasium.

Officers for the year are: Mrs. George W. Luce, president; Mrs. James B. Miccle, vice president; Mrs. James B. Miccle, vice president; Mrs. Maurice Sandoz, secretary and Mrs. Karl Frank, treasurer. The program committee has planned many interesting events for the coming year with the intention of bringing out inactive members and adding new members to its roster.

Claims Cellar Flooded.

A communication from a Camden attorney was read that dealt with the flooding of the property of Mrs. Emma Kuntz, of Fork Landing road

and Pennsauken Creek.

This condition, it was stated, occurred whenever there was a heavy rain and was believed to have been caused by filling up of the creek bed under the bridge that spans S-41 near the residence in question.

Although it was felt that the town-ship had no jurisdiction in the mat-ter, the matter was referred to the

borough attorney for investigation.

The report of the police department, submitted by Chief George
Dorworth, showed considerable activity during the past month.

PEOPLE'S

Palmyra, New Jersey September 14, 1938

On Tuesday, September 20, 1938, there will be held in Burlington County, one of the most important elections in recent years. To my mind, in spite of all the hokum that is being broadcast, the real issue is "Good Old-Fashioned Republicanism" as against Hague allied Republicans, and that goes not only for the leader of the so-called Good Government League but all of his fell.

The most important office to be filled this year in the County of Burlington is a membership on the Board of Chosen Freeholders.

Winkle, Joseph Charles and David Sloan.

Elvin I. Powell, of Palmyra, rencause," and Oh, Promise Me," accompanied by G. Lincoln Ridley at the organ. Rev. Francis B. Downs, rector of the church, performed the ceremony.

A reception followed the ceremony at the Riverton Country Club, after which the couple left for a trip to the Poconos. Mr. and Mrs.

Dr. S. Emlen Stokes was the speaker at the Moorestown Y's Men's regular weekly luncheon, Wednesday noon.

Wednesday noon.

To me Men's regular weekly luncheon, Wednesday noon.

Wednesday noon.

At a meeting of the trustees of Camp Ockanickon, Mount Holly, last Monday evening, Charles L. Black came on from New York to present his report, as director for the 1938 camping season at Ockan
1 am not at all interested in all of Mr. Adams' propaganda that he reduced the county tax. Of course he did, with the assistance of Walter D. Lamon and all the others on the Board, but Mr. Adams neglects to give credit to Almighty providence. If my recollection serves me aright the Dorrance wind-fall of \$670.000 paid to the county in the

A letter was read from the W.P.A. housekeeping aid project, which described the wonderful results achieved and advised how the township might obtain benefits. The county is sponsoring this work.

The township was advised that the hearing on the tax appeal of Palmer L. Adams, which was to have been held on Wednesday of this week, had been postponed indefinitely.

A petition from twelve property owners on Melrose avenue asked that the street be repaired. They

that the street be repaired. They said it had been in poor condition for 17 years.

This thorofare, it is understood will be taken care of in the W.P.A. project.

In the old axiom "Credit where credit is due."

I would like it distinctly understood that Walter and myself have often crossed swords politically, but as each of us respected the opinions of the other we have always retained or Thursday, September 22, at eight of the other we have always retained or clock.

YACHT CLUB YARNS

BY NUTE AND

This week end saw racing attenion divided between two localities, tion divided between two localities, Skaneateles, N. Y., and R.Y.C. Nevertheless, where ever attention was, it was focused on the older skippers of our club. At home we found Og Mattis trimming some of these "younger sailing marvels," we have around the club. As we got the story, Og ripped out a mainsail on his boat, therefore borrowed the starboat "Nimbus" and taught the boys how one should be sailed. Not content here he reaved in a new main sail on his "Bob" and once again put it all over the "local" again put it all over the "local

Also Saturday saw the close of No. 2 series of Duster races, which Tom Coe succeeded in capturing Tom Coe succeeded in capturing with 56 points, his nearest competitor, H. Lippincott, finishing with 52. As Coe won this series and Bob Lippincott, the first, early in the summer, the two skippers will compete in a three race series to decide the championship of the R.Y.C. Duster Fleet for the season of 1938. The loser shall be considered "Runner Up." The points, which were awarded, one for starting; one for finishing; and one for every boat beaten in every race, came out as follows.

Summaries

Series No. 1. Seven races. Bob Lippincott, "Wipper Snapper," 50 points, boat No. 15.

Bert Shoemaker, "Cobler," 38 points, boat No. 6.

Tom Coe, "Ginger," 35 points, boat H. Prescott Herr, of Song leader H. Prescott Herr, of Management The invocation will be song leader to the song leader H. Prescott Herr, of Management The invocation will be song leader to the song leader to the

Remark of the week for Landlubbers: The mainsheet on a sailboat is not the bottom sheet of one's bed or bunk (not related to the stuff Bob Burns dishes out) which incidentally is used to keep off dirt, cockroaches, and other vermin firmiliar to boats; but the rope or line which controls the main sail.

Hence to slack or trim in the main. Hence to slack or trim in the mai eet. Absolutely no wear or tear

CURZIE SAYS HE IS STILL IN RACE

the Republican nomination for County Auditor have been emphatically denied by William D. Curzie, publisher of the Riverside Tribune.

Curzie issued a statement in which he declares. "The controlled factions within the county, in order to strengthen their respective candidate's position in the contest, have begun rumors that I am no longer seeking support in the primary elections, and each faction has implied that I wish my friends to support their candidate.

"This is absolutely untrue," continued the Riverside publisher, and I wish to make it clear that I am in the race until all votes are counted.

The trouble with a girl who is too desperately in love is that the interval of types permitted; supproved types permitted; hitch-hiking, prohibited; rear reflectors (amended) not now required; wind-shield stickers, prohibited; dimming headlights, (amended) not now required; wind-shield stickers, prohibited; dimming headlights, (amended) not now required; wind-shield stickers, prohibited; dimming headlights, (amended) not now required.

The trouble with a girl who is too desperately in love is that she is always so busy trying to make a grandstand play shat she never makes a home-run.

PLANTS FOR YOUR GARDEN

By A. C. McLean Extension Service, N. J. College of Agriculture

A Shrub for Fall Planting
Gardeners now shopping for shrubs to be planted this fall in order to have abundant bloom in early spring will find daphne mezereum, or February daphne, a good choice. Unlike daphne cneorum, this species is not an evergreen, but it grows as tall as four feet and produces fragrant, lilac-purple flowers before the leaves appear in the spring. Sometimes this shrub does bloom in February in our climate.

Fairly Hardy
The deciduous daphne is fairly hardy and makes a lovely addition to the foreground of the shrub border.

In the smaller nurseries usually do not carry them.

Since the plant forms its blossom buds in summer, a bush purchased now will have already set its buds and be ready for bloomin fearly pear. Another point in favor of this plant is the bright scarlet fruits which it produces in late summer.

Light, well drained soil which contains plenty of humus and is somewhat acid is best for daphne mezereum.

The earliest codification of the Roman law was engraved or painted on tables of wood. These were originally ten in number, but two others were afterward added, containing supplemental matter, and the whole code was termed the Lex XII Tabularum (Law of the Twelve Tables).

RIVERTON-PALMYRA, N. J., SEPTEMBER 22, 1938

PRICE FIVE CENTS

FIRE CARNIVAL **QUIET ELECTION** CLOSED SATURDAY FOR RIVERTON

Evans defeated James J. Goodwin and Mary Krantz for election as members of the Republican County distributed to the success of the un-Committee, in the second district.

Earl A. Shrader and Robert W. Knight, present members of the Borough Council, were unopposed ACCIDENTS ON Knight, present members of the for the Republican nominations for two posts. They poled 648 and 623 votes respectively.

No Opposition

Other nominees for male and female members of both the Demo cratic and Republican committees

for the Republican nomination for Member of the House of Repre-

Dr. S. Emlen Stokes obtained 668 for the Assembly nomination.

William J. Ely, for Senate; Richard J. Hughes, for the House and William F. Fraser, for Assembly, were the leading Democratic candia.

Second at 12.30

The second affair took place at 12.30, near Taylor's lane, also on the westbound lane, when Miss Vera A. Hill, 1106 Dukeland street, Bal-

Several Hurt In Car Crashes

Two cars were badly damaged, and several people injured in a brace of auto accidents that occurred late last Wednesday evening and ealry Thursday morning, in Cinnaminson

The first took place at 11 p.m. on River road, near Union Landing road, when the car driven by John Aadms, 46, of Sycamore street, Camden, hit a pole. With him at the time were his wife, Eva, 40, who

suffered a broken arm and abrasions, Edith Pratt, of 309 Arch street, Palmyra, Joseph Pratt, of Palmyra, who sustained bruises and Willard Ingram, 11, of 1043 Mt. Ephraim avenue. Camden.

The Palmyra ambulance took the injured to Zurbrugg Memorial Hospital, Riverside.

The second accident occurred on Route 25, near Lakeview Memorial Park, at 3.30 a. m., during a heavy shower. It was caused when the machine driven by James O'Hara, 4101 Spruce street, Philadelphia, struck a pole on the safety island which divides east and west-bound traffic.

I liver suffered body bruises, Palmyra Locals Peoples Column P. O. S. of A.

The driver suffered body bruises, while a passsenger, Renee March, of the same address sustained a possible fractured skull. The occupants of the car were taken to Zurpants of brugg Hospital by Byron Denning.

were unopposed and all polled sizeable votes.

There were scattering votes in all districts for justice of the peace, with no one, person receiving as

districts for justice of the peace, with no one, person receiving as many as five writein votes.

The summary of the vote for local candidates is as follows:

In Riverton

W. Warren Barbour received 678 votes for the Republican nomination for United States Senator, while D. Lane Powers polled a total of 709 for the Republican nomination for Member of the House of Representations of the state of the House of Representations of the House of Representations of the state of the House of Representations of the House of the Hous Inited States Senate-House of Representatives— Richard J. Hughes Joseph A. Daly

His father sustained lacerations of the scalp and neck injuries. Second at 12.30

were the leading Democratic candidates.

County Offices

Walter D. Lamon secured a majority of 48 over Clarence G. Price in the Republican Freeholder race and carried the first and second districts.

George N. Wimer outdistanced the field in the race for the Republican sheriff nomination, with F. George Furth running second.

Jerome J. Zisak polled a fine vote of 516 and easily led in the coroner (continued on page 11)

A. Hill, 1106 Dukeland street, Baltimore lost control of her car.

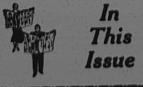

The machine ran into the ditch along the side of the road and turned over. A passenger, Thelma Dorsey, suffered a bruised ankle and was treated by Dr. T. Bruce Dickson, of Riverton, to whose office she was taken by Chief George Dorworth, of Cinnaminson.

Two other passengers and the driver were uninjured.

The car, after being turned right side dp was practically undamaged. Chief Dorworth investigated both crashes, putting in a busy morning. **BOY SCOUTS PLAN**

County Scout Commissioner, R. H. Gill, of Beverly, announced at the executive board meeting held recently that one of the largest Scout activities that has ever been county would

held in Burlington county would take place on Saturday, October 15, at the athletic field, in Palmyra. In the afternoon Field Day events will take place under the direction of William C. Many residents braved the precipitation in the evening, however, to finance, Mrs. Charles F. Stant. nance, Mrs. Charles F. Stewart: storian, Mrs. Ezra Carhart.

> Summary Of Election Page 9

MANY MOTORISTS LACK GOOD SENSE

Excessive Speed During Rainy Weather Is Cause of Many Accidents

during wet weather was made recently on Route 25, not far from here, by a member of The New Era staff and the results clearly indicated o'clock and every evening from 7 that many of the accidents which to 9 o'clock; Saturday mornings, 10 that many of the accidents which happen under such conditions are clearly the result of lack of plain common sense.

to 12 o'clock.

The students' reading lists are now available, both for the elementary

Driving, in a downpour, at the rate of 40 miles per hour is certainly sufficiently fast, when vision is more or less obscured and the pavement slippery from the rain. Many persons will even agree that this Mysteries peed is excessive.

Far Greater

Many motorists do not subscribe to this fact. This was evidenced by the fact that more cars passed the one going at 40 than were passed by it. A conservative estimate placed the speed of many drivers at 50 or

sixty miles per hour.

The survey clearly indicated that many motorists have little or no regard as to the hazards of driving under such conditions, or they would have reduced their speed accordingly. Self preservation is natural instinct, but, when many individuals apparently have no concern for their own safety, it may be asked what consideration can they be expected

Dangers

The dangers of speedy driving in wet weather are clearly evidenced by the great increase in the number of accidents when such conditions exist, three occurring within a com-paratively brief period of time last Sunday morning.

Law enforcement activities are

evidently not the answer to the question, apparently, since statistics indicate that the habitual speeder is rarely deterred by a mere fine.

Many authorities agree that the only cure is to prohibit such individuals to drive.

Local Taxpayers' Associations

To know your government it is important to understand how or-ganized action on the part of tax-

dividuals to drive.

WAYMAN—RICHMAN

Miss Dorothy M. Richman, of 144
East Third street, Moorestown, daughter of Herbert W. Richman, of Riverton, and the Reverend Harold P. Wayman, son of Mr. and Mrs. Harry P. Wayman, of Trenton, were married at 4 o'clock, on Saturday, September 17, in the Moorestown, M. E. Church, with the Rev. Dr. Thomas S. Brock, of Trenton, assisted by the Rev. E. J. Sayre, pastor of the church, officiating.

Miss Lilah M. Mason, the aunt of the bride, played the wedding march and accompanied vocal selections rendered by Mrs. R. B. Hutten, of Trenton.

The bride was given in marriage by her father. She wore a gown of white taffets and a tulle veil, falling from a cap effect. She carried a bouquet of white roses.

Mrs. Bender V. Hallgreen, of Trenton, was her sister's matron of honor, selecting a frock of periwinkle blue taffets and her bouquet was of pink roses.

The bridesmaids were Miss Elizahlow to form these groups of citizens. The bridesmaids were Miss Elizahlow to select the leaders; what tempting about an improvement of tax payers brings about an improvement in municipal managemanum improvement in municipal managemanum in municipal government. It is the result of information gives a proposed budget procedure, a detailed study of every department in municipal government. It is the result of information gives a proposed budget procedure, a detailed study of every department in municipal government. It is the result of information gives a proposed budget procedure, a detailed study of every department in municipal government. It is the result of information gathered from municipal governments of a municipal government. It is the result of information gathered from municipal governments over a wide a trappers associations have developed primarily because of a need for mutual understanding between tax payers and State and Local government tax payers and State and Local government tax payers and State and Local government tax proposed budget procedure, a detailed study of every department i

honor, selecting a frock of periwinkle blue taffeta and her bouquet
was of pink roses.

The bridesmaids were Miss Elizabeth and Miss Roberta Richman, of
Moorestown, also sisters of the
bride. They were gowned alike in
rose taffeta and carried pink roses.

Conser O Wayman, of Trenton,

The manual tells how to form
these groups of citizens. It tells
how to select the leaders; what temporary committees to appoint and
how to select the members for committees. In general, it lays the
groundwork for a successful organi-

bride. They were gowned alike in rose taffeta and carried pink roses. Cooper O. Wayman, of Trenton, was the best man and ushers included Bender V. Hallgreen and the Rev. Howard Scarborough, both of Trenton.

Following the ceremony, a reception was held at the home of the bride's grandmother, Mrs. Eleanor Mason, with whom she resided:

The bridegroom is a graduate of Temple University and is now attending the Theological School of that institution.

WHEN HOUSECLEANING

The Riverton-Cinnaminson Welfare Association is planning a Rummage Sale in October and all donations of clothing for the affair will be gratefully received.

When conducting housecleaning operations this fall, local housewives are asked to set aside any suitable articles and leave them at the Welfare office, rear 609 Main street, or phone Riverton 284 and they will be called for.

A Drag On The Country

A short time ago the Interstate Commerce Commission increased the freight rates charged by motor trucks in New England and the East Central states. In an editorial praising this as a constructive step in dealing with the general transportation situation, the New York Times said: "The problem of rail-motor competition is far from peculiar to the United States, and most of the countries of the world are having to contend with it. The problem is not one of favoring one form of transportation at the cost of another, but rather of preserving the advantages of each in a national transportation system in which each is an integrated after a vacation at Manahawkin. and coordinated part."

During the past eighteen or twenty years the motor carriers have been in the nature of "teacher's pets" so far as our transportation policy is concerned. Until comparatively recently, they were subjected to no central regulation, and even today they are not regulated as stringently or thoroughly as the railroads. While not regulated as stringently or thoroughly as the railroads. While not regulated as stringently or thoroughly as the railroads. While they pay considerable in taxes, their rights of way—the public highways—are provided by government, for which all the taxpayers help pay. Railroads, on the other hand, buy and build their rights of way and track, and are then heavily taxed on them in addition to taxes on equipment, earnings, etc.

The ICC has for several years been studying the question of unjustified rate-cutting by motor carriers, and has done excellent.

The Philathea Class of Central Baptist Church will hold a covered dish luncheon on Thursday (today), at 1 p. m., in connection with their annual meeting. The luncheon will be held in the social hall of the church and will be followed by the business meeting at 2.30.

The Philathea Class of Central Baptist Church will hold a covered dish luncheon on Thursday (today), at 1 p. m., in connection with their attend the evening service at which time they will hold their very impressive installation services. The newly elected officers will assume their duties at this time and receive the admonitions which are connectively with the responsibilities of their

whole, to be fair and equitable and in consonance with condition The railroads, for example, have been going into receiverships by the score-because of a rate-making law that, as construed, prevents them from having a rate structure that will pay expenses, much less return a profit.

The integrated and coordinated transportation system o which the Times speaks is a thing greatly to be desired. To achieve it, all carriers must be given a fair break. None must be favored or penalized. The needs of the carriers, as well as the needs of labor and the shipper, must be considered. Chaos in transportation, with its adverse effects on employment, investmen and purchasing power, is a drag on the country.

What Other Editors Say

The other day the papers printed a picture of a chicken from which a tornado had stripped every feather. We remember a landslide that did the same thing to a taxpayer.-Washington

The worst thing that can be said of the Roosevelt administration is that it has encouraged large numbers of the American people to believe that they can grow richer by working less.— New York Times.

Whatever became of that old personal line: "He resig accept a more lucrative position"?-Toledo Blade.

The modern home, we read, is a place where a switch regu lates everything but the children.—Thief River Falls Times.

The New Jersey Retail Grocers' Association has recently brought suit against Packard, Bamberger & Co., Hackensack super market, for violation of recently enacted New Jersey "Fair Sales Act."

The legislation in question, which

Jersey "Fair Sales Act."

The legislation in question, which was passed over the veto of Governor Moore, was intended as a curb on "loss leader" competition, but may have a bearing on the sale of all merchandise below cost plus over-The chain store deliberately violated the act in order to test its constitutionality.

Many merchants, as a matter of fact, are definitely in favor of such a law, since it tends to prevent price

wars which, in turn, are usually dis-astrous to many enterprises. "PRICE LEADER" ACT ATTACKED

Many Services

The Snover Funeral Home in the performance of its duty renders many different kinds of services. Some are the same as rendered by other competent Funeral Directors, and others that are exclusively a part of the Snover Service.

These are the ones that seem to be most appreciated, and the ones that make the Snover Service really different.

The Snover Funeral Home

CLEAR THE DECKS SALE THIS MONTH

Every Used Car Unit to Be Offered by Lester S. Fortnum, Pamyra

"Units over three years old will be sold under a thirty-day 50-50 warranty. Under this agreement we promise the purchaser that we will

Fruits and Vegetables

All fruits and vegetables declined 12.78 per cent in August as compared with July, and fresh fruits and vegetables showed a seasonal decline of 14.71 per cent. As early fall varieties arrived on the local markets, apples dropped from 6.15 cents per pound in July to 4.4 cents in August. Green beans took an unexpected leap from 4.63 cents the preceding month to 9.63 cents in August. Other vegetables remaining excellent economy buys were: cabbage, declined from 4.38 cents per pound in July to 2.13 cents in August; carrots, from 5 cents a bunch to 4.5 cents; celery, from 9.5 cents a stalk to 7.5 cents; lettuce, from 13.75 cents a head to 10 cents; white potatoes, from 1.63 cents in August; carrots, from 1.65 cents; white potatoes, from 1.63 cents in August; carrots, from 1.65 cents; lettuce, from 13.75 cents a head to 10 cents; white potatoes, from 1.63 cents and form the form of the form the form of the form 1.63 cents in August; carrots, from 1.65 cents; lettuce, from 13.75 cents a head to 10 cents; white potatoes, from 1.63 cents and form the form of the form 1.63 cents and form 1.63 cents and form 1.64 cents and form 1.65 cents All fruits and vegetables decline 10 cents: white potatoes, from 1.65 cents per pound to 1.43 cents; and sweet potatoes, from 5.9 cents to 5.33 cents. Spinach, less plentiful as the season advances, increases more than 1 cent, climbing from 6.37 cents per pound in July to 7.38 cents in August.

Feeding principally on field mice and house mice (if the birds nest around a barn or other farm building), the screech owl goes to work at night to help the farmer. It has been estimated that one of these little birds will save about twenty dollars a year for a farmer by killing the rodents which eat his crops and foodstuffs.

ASKS AID FOR YOUR GARDEN TOMATO GROWERS

WHAT TO DO THIS WEEK

"Units over three years old will be sold under a thirty-day 50-50 warranty. Under this agreement we promise the purchaser that we will stand 50 per cent of the cost of all materials and labor for any mechanical repairs, except those applying to glass and tires, which may be required within 30 days of the purchase of the car, and which are not made necessary by accident or neglect.

Certificate

"In addition, we guarantee that in case the buyer is not entirely satisfied with the car covered by the guarantee, he may return it to us within 48 hours after delivery, where-upon we will apply the purchase price of the car to any other car in our stock of equal or greater value. We give the buyer a signed certificate covering these guarantees."

FOOD PRICES DROP

DURING AUGUST

The beginning of another period of decline in food prices is anticipated for New Jersey by the State Department of Agriculture at Trender of the content of

The beginning of another period of decline in food prices is anticipated for New Jersey by the State Department of Agriculture at Trenton, reporting a drop of 2.45 per cent for 83 leading food products in August as compared with prices for the same food items the preceding month, and a 12.37 per cent reduction as compared with August, 1937.

Meats, fish and fruits and vegetables showed noticeable price reductions and accounted for the lower costs last month. Dairy products remained unchanged, and eggs registered a slight seasonal increase.

Fruits and Vegetables

SIXTEEN MILLION

from the mechanized end. Burners have been developed to a point of amazing efficiency and economy. It is now possible to do fifteen or twenty per cent more cooking with the same amount of gas than was possible twenty years ago.

In twenty-five states in the Union, persons under sixteen years of age are permitted to drive motor cars.

D. & H. COAL Jones: The report says the man was shot by his wife at close range. James: Then there must have been powder marks on him.

Jones: Yes. That's why she shot

A strong plea for Government aid for distressed tomato growers of South Jersey has been sent the Department of Agriculture in Washington by Congressman D. Lane Powers, Fourth District, New Jersey. Beery unit of the used car and truck stock of Lester S. Fortnum, local Ford dealers, will be offered for sale with a bona fide guarantee during a September "Clear the Decks" Sale announced today by Lester S. Fortnum, Ford dealer.
"Not only will all units be sold with a guarantee, but they will be offered at reduced prices which we are establishing in order to move an much of our used car inventory as possible before fall," said Mr. Fortnum.

All Renewed

"Many of the cars and trucks on sale are less than three years old, and we have renewed them to factory specifications to sell under the nationally-recognized R & G symbol, with a written, money-back guarantee.

"Units over three years old will be sold under a thirty-day 50-50 "Spanish and Japanese Iris may"

"It's Folks Like You and I, Jimmy, Who Profit Most By The New Era"

"Some people have a lot of money, an awful big lot; they don't have to worry about the rent or how to get new clothes. But people like you and I do. Getting the things we need on a small income isn't as easy as just buying whatever and wherever you please. That's why we take The New Era; we can find the best buys through the ads it carries and besides that, it carries all the news that anyone could want to read. So you see, it's folks like you and I, Jimmy, who profit most by The New

PROPOSED CINNAMINSON SCHOOL

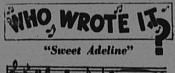

On this (Thursday) evening, the voters of Cinnaminson Township will vote on the question of an addition to School No. 4. The architect's drawing of the new construction is shown above. An application has been made for a P.W.A. grant covering 45 per cent of the entire cost of the work. The Township's share of the addition, in the case of a Federal allotment, will amount to \$13,750.00. CHURCH CHOIR

The Epworth Methodist Episcopal Church Choir, of Palmyra, has increased its membership and under the direction of Eric Warnick is arranging an ambitious program for the winter season.

Roscoe Conkling in his speech nominating General Grant for a third time at the National Republican convention in Chicago, June 5, and 1808, said: "He will hew to the line of tight, let the chips fall where they may."

Sunday evening, October 2, will inaugurate the new musical programs. Rachel Lord at the organ and Eric Warnick at the piano will play the Second Movement marked Allegro Con Grazia of Tschaikovsky's Symphony Pathetique.

Houses will be counted in Jnited States 1940 census.

become a great planist; but he preferred to "rag" the scale and was always improvising on the old upright in Cambridge, Mass., where the family had moved from Som-

Harmonizing with the boys on street, corners was a pastime of his youth; he became a prizefighter in Boston; he went to New York with \$2.65 in his jeans after a year of leather-pushing. In his pocket was the ms. of a song he had written at seventeen called "My Old New England Home."

ism was at a low ebb in the

congwriters, politicians and per corment and tried to sell his opus A poster showing Adelina Patti reigning opera star and beauty of her day, inspired the youth to rer day, inspired the youth to change the title of his song to "Sweet Adeline" and a set of new lyrics was written by Dick Gerard. After publication the song lay dormant till the Quaker City Quartet took it up and it became the close harmony song of the world. The composer, meanwhile, had found his livelihood in vaudeville.

To-day, a member of the American Society of Composers, Authors and Publishers, he still makes personal appearances in stage shows, flestas, etc., but relies largely on his royalties from protective ASCAP. His name is

Harry Armetrong.

Miss Staman Speaks

Miss Staman Speaks

Miss Caroline M. Staman, supervising principal of the school, extended greetings to all, and welcomed the new mothers to the school. She spoke briefly to the mothers of kindergarten children and urged them to let the small children develop self-reliance, by letting them "go on their own" as soon as they can attend kindergarten. She said they should be allowed to grow and take responsibilities, and let their horizons broaden.

Miss Helen Blair, local school nurse, then spoke on "Sex Education." She said that mothers should answer every question truthfully, regardless of the child's age. Miss Blair explained that some children require more detailed explanations than others, but if each question is answered briefly and sympathetically, instead of laughing at the child, or telling it an untruth, the child's Curiosity will not be aroused, and there will be a more confidential relationship between parent and child.

the direction of Eric Warnick is arranging an ambitious program for the winter season.

In addition to the music that will be presented at the regular services, the evening worship on the first Sunday of each month is to be in charge of the choir. Those in charge of this activity feel that their special program at that time will interest all and contribute greatly to the service. Already rehearsals have started on Sir John Stainer's "The Daughter of Jairus" to be performed the first Sunday evening in December.

Scottish grace at mealtimes was a lengthy affair in olden Scotland, especially at a bountiful feast, in contrast to the short form used by the neighboring English. As a Scottish elder once said when present at a great English dinner, "Sicna grace for sicna dinner!"

JIMMY'S

MODERN On Thursday, September 22, there will be an annual cooperative sectional conference of the Parent Education Committee, State Congress of Parents and Teachers, and the New Jersey Home Economics Extension Service. The affair will open at 10.30 a.m., and will be held in the Presbyterian Chapel, Chester avenue, Moorestown. All board

The Riverton Parent-Teacher Association held its first meeting of the season on Monday of this week. The president, Mrs. Charles H. Yost, welcomed all members. She then introduced the chairmen of the various committees, and the teachers. She reminded mothers of young children that they may bring the little ones to all afternoon sessions, and leave them in the school library, where they will be under the supervision of a capable adult. There is no charge for this care.

The attendance at Monday's meeting was excellent, in spite of the neavy rain. Miss Evaul's class won the prize for having the highest percentage of mothers present.

SUNDAY AND MONDAY, FOX, RIVERSIDE

Municipal Topics

The Municipal Engineer

To the average citizen, the municipal engineer is an official having something to do with streets and other public works. Beyond that general impression, few have other than a vague knowledge of the job and the bearing it has upon their daily lives. daily lives, While streets, their construction

While streets, their construction and maintenance, are important among the engineer's duties, his functions in that connection are only one phase of his work. He is responsible to the governing body and the citizens of the community for the planning and building of bridges, drains, sewers, parks and play-grounds. He enters the health field by having a part in garbage collection and sewage disposal. He is a factor in the framing of zoning regulations, thus promoting real estate development and municipal growth, and engages in a variety of other activities.

Scope of Influence

Perhaps the best manner in which to present his relation to the every-day existence, comfort and pleasure of the citizen is to take a sample of the citizen is to take a sample day, any day, and point out the scope of his influence. It is morning and the community dweller is about to begin another round of work and recreation.

He resides in a structurally sound house, located on a proper sized lot with adequate rear or side yard to insure ventilation and light and a fixed setback from the street to enhance the neighborhood appearance

hance the neighborhood appearance—all governed to a large extent by the engineer. A faucet is turned and there is pure water for his use, Years ago an engineer planned the water supply, advocated the pur-chase or other assurance of a source, the construction of a reservoir and the laying of miles of pipe.

Greatest Good

Leaving his home, the citzen walks along the sidewalk under pleasant shade trees or gets into his automobile. The highway traveled by the car is the work of an engineer and is cleared of snow during win-ter months, illuminated at night and rendered safe by traffic lights. Park-ing regulations designed to prevent undesirable traffic conditions may bother him at times, but are for the

bother him at times, but are for the greatest good of the greatest number.

After the day's work, he may go to a recreation center for some form of sport, followed by a swim. Trees, shrubs and flowers add to his relaxation. Later, a motion picture theatre is attended with the knowledge the building is reasonably safe from fire and other hazards, again because of the engineer. And driving home he once more uses the streets.

Many Advantages

Many municipalities would be better today had they included an engineer in their official family long before they did. Examples are numerous. One of two serve to illustrate. Millions of dollars are spent annually to widen and straighten streets and roads originally developed without engineering aid. Separation of industries from home areas is costly once they become mingled and the usual result is the loss of more millions in property values.

and the usual result is the loss of more millions in property values.

The money spent for a good engineer is an investment paying large dividends. By looking forward, envisioning future needs and preparing to meet demands when they arise, and many demands are such that years of preparatory work enter into their fulfillment, the municipal engineer can save by a single accomplishment much more than paid for his services over a period of years.

Lippincott Wins

Wissanoming Regatta

The success of their previous regatta this year has inspired the Wissanoming Yacht Club, of Philadelphia, to throw another one this weekend. Entrants from the Riverton, Beverly, Corinthian, Delaware River, Quaker City and Wissanoming Yacht Clubs are invited to compete in this affair. Here we find scheduled races for Stars, Crickets, Dusters, Comets, and inboard powerboats.

Names of Winners will be published in next week's issue of The New Era office, Saturday mornings.

The second race of the day was for our Duster fleet, wherein Bob Lippincott snagged top place, while John Lane and Howard Lippincott finished close behind. The Comets, starting third, saw Phil Somervell grab a quick lead to hold it all the way and win by one minute over Ralph Swope. Third place in this event went to Mike Fuller with the rest of the fleet far in arrears.

The main event of the day was a free-for-all which was captured by Rub Gladney, Ted Hunn and Fritz Stiner in John Ayres Starboat. Salling a snappy race, Gladney scored his first place over some forty odd entrants. Second position was annexed by one Howard Lippincott; third honors going to George Rhawn, of Beverly; fourth to Bob Lippincott; and fifth to the lone Beverly Duster entry the "Wee Four."

PRICE FIVE CENTS

EMERGENCY NOTE GETS APPROVA

Freeholders Authorize Sum \$35,000 for Work of Bridge Department

appropriation for the operation of the Burlington County bridge de-partment was finally settled at the meeting of the Board of Freehold-ers, last Friday afternoon, when the sum of \$35,000 was authorized by a

The funds will be obtained by the issuance of an emergency provided flood relief funds cannot be obtained from the Federal government. Provision for application for such an allotment was made in the resolution **KILLLED IN CRASH** on the appropriation.

No Delay

Another controversial matter tha was settled was the matter of pro-curing material without delay in ad-vertising for bids. This procedure was authorized with the understanding that three prices were to be ob-

The situation was brought before the board, when Freeholder LeRoy Church stated that the bridge department was practically at a standstill, due to the fact that all funds were exhausted.

Frederick Martinson, 55, of New Jersey avenue, Riverside, died at Zurbrugg Memorial Hospital, Saturday evening, following injuries received when the car he was driving

still, due to the fact that all funds were exhausted.

He said that the last storm was the worst of all, damage having been caused to 40 more bridges, bringing the total of ruined spans up to about 100 for the year.

day evening, following injuries received when the car he was driving struck a pole on River road, near Taylor's lane.

The machine, which was going toward Riverside, is reported to have skidded before striking the pole.

Many families were made homeless for several days and the damage will probably run to several hundred thousands of dollars.

No Question of Emergency

Riding with Martinson were Robmarked that there was no question of an emergency existing at the present time.

Palmer L. Adams, board member, said that he and Mr. Jones had never been against necessary repairs being made, but that he had repeated (continued on page 2)

Freeholders In

Special Session

At a special session of the Board of Freeholders of Freeholders of Freeholders of Freeholders of Freeholders of Freeholders of Burlington Country, held on Monday afternoon of this week, James Logan, state highway engineer, advised the tree members present that he and other state officials would be in Washington during the early part of the week to request funds for storm damage in the hospital requesting the taste. He asked that the board pags a resolution requesting Feeferal aid.

This was done by a unanimous vote of the three Freeholders, Director Walter D. Lamon and Freeholder LeRoy Church being in New York City. Freeholder Albert C. Jones was acting director.

new piece of apparatus.

Due to the length of the additional floor space must be vided and this will be done by inating one of the small root the first floor.

No Appropriation

The resolution pointed out that the county had no regular appropri-ation to do necessary work and that emergency funds would not be suffi-cient to make repairs to more than 100 bridges that were washed away. If funds are alloted, the money will probably come from the W.P.A. on a blanket project. Logan stated that a new project would be necessary in order to obtain government

The session was called at the request of Freeholder Palmer L. Adams.

IMPROVEMENT OF FARM those outside of a municipality but TO MARKET HIGHWAY of community value for connections Improvement of 15 miles of with important highways.

Improvement of 15 miles of "Farm-to-Market Roads," with the Federal Government meeting one half the cost, was urged this week by State Highway Commissioner E. Donald Sterner. The highway funds given the counties in state aid would be used for the balance.

The construction, which will represent a total of about \$223,000 is proposed for Burlington, Hunterdon, Middlesex and Salem counties.

These thoroughfares are designated as "secondary," or "feeder roads," a classification applied to the second of the Middlesex and Salem counties.

These thoroughfares are designated as "secondary," or "feeder roads," a classification applied to the second of the Middlesex and Salem counties.

"Give them a lift-They'll do their bit."

be done.

The highway angle was introduced when Mr. Stout read a report concerning flood damage during the storm of September 17 to 21. He stated that more damage was caused by this than those earlier in the year, but that details were impossible at present. Freeholder Stout remarked that the roads were washed out at practically every crossing. ed out at practically every crossing on both branches of the Rancocas Creek. He concluded with the statement that an estimate of the damage would be submitted as soon as pos-

Crosswicks Delegation

Crosswicks Delegation

A delegation from Crosswicks attended the session and asked when the bridge at that locality would be repaired. Members stated that residents had been put to great inconvenience since the damage was done, many having to go miles out of their way to get to a store.

The delegation was assured that work was stopped only because no more money was available, but now that an emergency appropriation had been made, operations would be resumed immediately.

The request of H. T. Allen, Mt. Holly coal dealer, that opening of bids for coal be postponed 10 days was granted. The application was made because of the fact that the yards of the dealer were under water water the dealer were under water are was more supported to the dealer were under water.

concrete, there being seven proposals. The contract was awarded to the Union Paving Co., of Philadelphia, on their low bid of \$4.04 per ton, or \$6,686.00 for the total

quantity.

The following departmental bills were approved and ordered paid: bridges, \$6,025.84; buildings, \$13,-962.58; revenue and finance, \$3,-524.32; public affairs, \$7,635.89; roads, \$12,271.95, a total of \$45,410.58.

that has been there since early in the summer, still haunts passing motorists. The county highway department is the agency that is responsible for making the repairs.

Local residents who had relatives in the flood and hurricane area of New England report that, as far as can be determined, none were injured. The hole in Main street, Riverton

bridge and highway departments be revised to meet the situation.

He also asked why the W.P.A. labor allotted to the county road project could not be utilized on highway repairs.

Mr. Stout said that he had been advised by state highway officials hat these men were to be employed nly on new work.

General Election Next

Now that the Primary Election is a thing of the past, every

Now that the Primary Election is a thing of the past, every member of the Republican party should get to work to support the ticket for the General Election.

Factional differences at the Primaries are an accepted thing in Burlington county, but when the preliminaries are out of the way, winning candidates deserve the support of all bona fide members of the party.

who must face life today.

"God in a Prodigal World" is the title of the sermon to be given by the Rev. W. A. Boyd, this Sunday morning at 11 o'clock. The indisputable proof of the need and service of the Church of God to the people, is its endurance and its truth.

The evening service at 7.45, meets the vital need of us all. Here the great moral social political and recommendation.

The annual conference of the Methodist Episcopal Church, in New Jersey was held in Atlantic City, on Monday of this week, at which time the Rev. William A. Boyd, pastor of the Palmyra M. E. Church was returned to his present pulpit.

The evening service at 7.45, meets the vital need of us all. Here the great moral social political and recommendation. members of the party.

If this support is given, there is no reason why the Republicans should not win at the General Election by a tremendous ma-

ans should not win at the General Election by a tremendous majority.

In all fairness, it must be said that there has been no indication of a bolt to the Democratic side by the members of the defeated faction. It is to be hoped that such a situation will consist now ready and will appear this is now ready and will appear this ready appear thi

Among Those Present

Approximately 13,000 persons, enough to populate a small city, who would otherwise have died in auto accidents during 1938, will probably live to welcome the New Year next January

is very helpful to those who love to sing. The young people are especially invited to come to this service and to bring their friends.

The church schedule for next week is as follows: Monday evening at 7 o'clock the bazaar committee will meet in the church.

The official board will meet in the theme, "The Workers with God." 7.30 p.m. Young People's rally. thanks, largely, to the tireless efforts of such agencies as the National Institute for Traffic Safety, The National Safety Council, The Automotive Safety Foundation, thousands of newspaper editors, and the casualty insurance industry.

The official board will meet in the guild room Tuesday evening at 8 o'clock.

The mid-week church service will be in charge of the Christian Endeavor society, and different members will take part. A spirited song service is planned. Mr. Spirited song service is planned. Mr. The choir will rehearse on Thursand Mrs. Kenneth Fountain, of Burlington, will be our guest singers.

The men and women who are directly responsible for saving these 13,000 human lives will receive little or no recognition for their tireless services. Their only solace will be found in dry. Rally Day with special services in all statistics. They will not even receive the gratitude they so justly deserve from those whose very lives they have saved, because deserve from those whose very lives they have saved, because providence never labels its victims in advance.

In the first six months of 1938, highway fatalities decreased 22 per cent compared to 1937. And as the New York Times has observed: "Such progress is especially cheering in view of the enormity of the problem." The United States has what has been described as "the most enormous transportation system in the world, with 3,000,000 miles of rights of way, 30,000,000 pieces of rolling stock and an average of 80,000,000 passengers daily.'

There are two things that you can and should do to promote safety on our highways. Observe every safety precaution yourself and encourage others to do the same. Incidentally, next January if you are fortunate enough to be among those present, you might send up a silent prayer of thanks to the nation's traffic safety workers-you just possibly are one of the lucky thirteen

PHILATELIC NEWSBITS

The late King George V of Great Boyer.

Britain once bid nearly \$34,000 for this stamp at a Paris auction.

Bridge,

1939 Commemorative Issue It has been rumored for some It has been rumored for some time, and quite properly so, that a series of stamps would be issued next year to honor ten of the outstanding men or women of this country whose greatness was of a non-military nature. James Waldo Fawcett in the Washington Star recommends ten persons of his choice which include Walt Whitman and James McNeil Whistler.

I feel that everyone in South Ier-

I feel that everyone in South Jersey should support the idea of honoring Walt Whitman for he was a native son whose writings are will-

ed to posterity.

On the other hand, why honor Whistler? Prior to the Civil War he was a cadet at the United States Military Academy. At that time he was not an artist, but with war appearance to be found it most convenient was not an artist, but with war apparent, he found it most convenient to discontinue his studies at West Point and go to Paris to study art where later his paintings were unpopular. Toward the end of his life, his masterpieces were created. His torians will never know the real truth about Whistler but there shall always remain a question on his patriotism.

The Lily of the Field

A lovely flower native to the Palestine region, and one which could well be "the lily of the field" mentioned in the Bible, is Sternbergia lutea, cultivated in this country since Revolutionary days. Certain old plantings in Virginia actually date back that far.

This yellow, October-blooming

The country, unlike many, has never been guilty of issuing new stamps continually for stamp collectors to purchase. Most of their stamps were created for a definite purpose and used for several years without changes. Consequently every general collector has a fair supply

general collector has a fair supply of these stamps, for used copies are readily obtained at very little expense.

Spell Contentment

Dr. Masaryk, a brilliant scholar of international fame, formulated the plan for the republic and became its first president in 1918. Stamps were issued that year and all values appeared with a picture of the Cathedral at Prague. In 1920, stamps appeared portraying Masaryk. From that time until now, the stamps have told a story of loyalty to Masaryk, to the church of Czechoslovakia, to their national emblem, of their breaking the chains to freedom, of their love of country, by portraying the pastorial scenes and the beautiful buildings. The stories on the stamps spell contentment.

Will the story on the stamps be changed? Will the watermark of

spell contentment.

Will the story on the stamps be changed? Will the watermark of linden leaves be changed to swastikas? Your stamp collection can record this historical crisis by keeping it up to date.

A resinous sap immediately seals up any wounds in the bark and acts as an antiseptic dressing in coniferical man.

PLANTS FOR YOUR GARDEN

By A. C. McLean Extension Service, N. J. College of Agriculture

This yellow, October-bloomir bulb resembles the crocus which H. W. Snyder of the Mercersburg
Philatelic Club, Mercersburg, Pa.,
will apply a cachet and attach a new
15-cent James Buchanan stamp as
soon after October 13 as the stamps
are available in that town. Send self
addressed envelopes with cash or
money order for stamps desired. Buchanan was a native of Mercersburg.

will apply a cachet and attach a new 15-cent James Buchanan stamp as soon after October 13 as the stamps are available in that town. Send self addressed envelopes with cash or money order for stamps desired. Buchanan was a native of Mercersburg.

Czechoslovakian Stamps

When the country reaches prominence in the headlines of the press, the stamps immediately come into demand. This is due mainly to the inspired interest centering upon the country. With the present situation in Europe, many collectors are paying a little more attention to their Czech stamps.

The country, unlike many, has drained and fairly fertile soil which is not too acid. It is also well to plant the bulb where it will get plenty of sunshine and the depth for planting is six to eight inches. Planted the proposition Lodge, No. 22, I.O.O.F., to be the stamps immediately come into demand. This is due mainly to the inspired interest centering upon the country. With the present situation in Europe, many collectors are paying a little more attention to their Czech stamps.

The country, unlike many, has

New Taxes

Recently New Jersey passed through one such "crisis." Legislators had proposed a special session to provide additional funds for relief, suggesting additional taxes or a new bond issue. Public protest against either course resulted in a decision by officials to divert funds from other departments to supply sufficient money for the relief set-up until the end of 1938.

The New Jersey passed through diversion through one such "crisis." Legislators had proposed a special session to provide additional taxes or a new bond issue. Public protest against either course resulted in a decision by officials to divert funds from other departments to supply sufficient money for the relief set-up until the end of 1938.

The New Jersey passed while precaution. Guard against sow-ing too early. October is time enough for the seedlings to become well of weather sets in, for smaller plants generally winter better than those which are too large. When Sweet Peas are successfully growing out-of-doors this way, the results are much finer than when the seeds are sown in the spring.

Shrubs and roses may also be planted at this season, for October is one of the best months for transplanting hardy material. They become well established before winter, ready to grow and bloom in the spring. Also be sure to get bulbs in promptly, for all early planted bulbs bloom much better than those planted later in the year.

DUAL HIGHWAY PLANNED

NEW SECTION ROUTE 25

After receiving notice this week that the Federal government will contribute one-half the cost of installing a center safety island on Route 25, between the Camden Airport traffic circle and the Union School House Road in Pennsauken Township, State Highway Commissioner E. Donald Sterner announced that he will receive bids Wednesday, October 19

Diversion

For several years the state has acted diversion from various state funds. This plan has been successful, since it has acted to prevent additional taxes and new bonds and has forced economies.

Relief costs should be pared extensively by strict investigation of relief cases. Prevalence of relief daministration unduly high. Laxity in enforcement of laws requiring periodic investigation of relief cases by municipal authorities allows "chiseling" to flourish. Proper enforcement of relief laws should eliminate this situation.

This route takes heavy truck traffic from southern Jersey and adjacent states. The proposed improvemen will give 31 feet each side of a center safety island for three and two-tenths miles. The project wiill represent an expenditure of approximately \$250,000 and will give about 2,700 man weeks of employment.

285; trailers 6,208, an increase of 282; motorcycles 4,046, a drop of 62; dealers 2,392, a decrease of 228, and tractors (agricultural) 432, an increase of 74.

Revocations

Drivers license revocations for the first eight months of the year totaled 2,525, a gain of 223. Drunken driving revocations reached 910, a drop of 93 over last year. 485 drivers who failed to appear before magistrates in response to summons were included in the list of revocations. This was 142 more cases than last year.

Following is a two year record of revocations covering the first eight months:

Summary

Drunken driving 52 76 (Permanent revocation)

Drunken driving 910 1003 (First offense)

New Taxes

The California annuals will need more protection than the others, but when winters are fairly mild they ome through with a finer showing here of following year than if they are planted in the spring. For all and following year than if they are planted in the spring. For all and spent in New Jersey on all relief to following year than if they are planted in the spring. For all and spent in New Jersey on all relief to following year than if they are planted in the spring. For all and spent in New Jersey on all relief to following year than if they are planted in the spring. For all and sould be in good condition so it will not heave. If there is any dange of heaving, provide a light mulch of straw or other coarse material to straw or other coarse material to exceed the approach of a Camden bound train.

Sweet Peas may also be sown in the fall, but they must have extra protection. If even a crude coldition. If even a crude coldition in relief have come a number of the same number of votes in three Burdlington districts, the count in each should be in good condition so it will not heave. If there is any dange of heaving, provide a light mulch of straw or other coarse material in the provide and the provide and the same number of over the rough with a finer showing the following year than if they are planted in the spring the first eight mulc The California annuals will need

some extra cover over the frame such as old hay or straw, is a worth-

COUNTY LEADER

reart school addition to the door evening of this week.

The committee has made plans to insure this being a pleasurable occasion and there will be a fine selection of prizes, in addition to the door award of \$2.50 award of \$2.50.

Tickets can be secured from men

bers of the organization, price 35c. All those who attend will be certain to be made welcome.

Hearings on two teacher-tenure cases of state-wide interest will be held by the Commissioner of Education during the next few days. Both cal boards of education to evade the operation of the tenure act as it applies to teachers. In both cases the teachers have the support of the State Teachers' Association, which is seeking to have evasion of the tenure act declared illegal.

The Parry Company softball team won the championship of the Burlington County Firemen's League, last Sunday afternoon, when the local outfit took Riverside Park into camp by annexing both ends of a twin bill.

The hearing on the case of Mrs. Clara Ahrensfield, of Roselle Park, will be held in Elizabeth. The facts in both cases are similar. Both have taught in their respective communities longer than the three years set up as a probationery period by the local board sought to break the continuity of service by securing a resignation, in the belief that they could then re-employ the teachers without giving them tenure.

Score of this affair was 13-2.

Extra Base Hits

Extra Base Hits

Extra Base Hits

Acording to a statement made by the National Highway Users Conterence, government registration data indicate that the motor trucks were aproximately 14 per cent of the total vehicles registered and paid this feat in the second tilt. In addition to his prowess at the bat, he also hurled the first game and allowed the opposition nine safeties. Winter pitched for the locals in the local board sought to break the continuity of service by securing a resignation, in the belief that they could then re-employ the teachers without giving them tenure.

Score of this affair was 13-2.

without giving them tenure.

Evade Law

It is the contention of the State Teachers' Association that both boards were seeking to evade the law and that the courts should hold that the attempted evasion was illegal. Should this contention be upheld, a number of teachers throughout the state will be affected. Avalon and Roselle Park are not the only two boards using the same device to avoid placing teachers under tenure. A survey by the association last spring revealed that it is being used in a number of communities scattered throughout the state.

Bad Example

Concerning it the association, in a newly issued folder, makes the following statement: "Such communities seek to retain the services of good teachers without giving them tenure protection. Such evasion sets a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the children in our should be a bad example for the c

POWERS VOTE IS LARGEST EVER

Congratulations are pouring into the office of Congressman D. Land Powers for the unusually large complimentary vote given him by Butlington county Republicans.

Unopposed for Republican renomination to Congress, Powers received an unofficial total vote of 21,843 in last Tuesday's Prama y election, topping his tickee by more than 2500 votes. Since he was unopposed, the vote is seen as entirely a complimentary one cast by these who merely wish is 15 thank the Congressman with their ballots for his service to his district, which includes the first semester in the social studies. Activities in art, music, sports, and clubs have been planned. In the first and sixth grades the European situation in connection with the year's unit of work, "The building of Nations."

The third and sixth grades have built and tourth grades have built and tourth grades have built a museum in connection with the year's unit on "Primitive Communities." The museum was suggested because several children had collected interesting natural products from various part of the world.

PLANS MADE FOR

make one strong effort to enlist the aid of everyone, and take care of the needs of all our local groups.

The Welfare Association, The Visiting Nurses, the Burlington County Hospital and the Cinnaminson Home will all benefit from your support of this one appeal. For years these organizations have been pursuing a common aim, working together, each in its special sphere for the good of the community. So the good of the community. So much are they one in the united aim of service that they have a right to united support.

Plan Long Considered

For several years the plan has been under discussion and during the

been under discussion and during the spring and summer a committee under the chairmanship of James Coale has perfected the details. The committee was formed of two representatives of each organization and the past chairmen of the drives.

It is not the thought of this committee to increase the giving of individuals above the total of what they have given in the past, but to save them from frequent appeals, and to insure that all have a chance to participate. Those who have supto participate. Those who have sup-ported the local charities in the past are asked to make one pledge to cover all there former individual giving with no fear of further apgiving with no fear of further appeals of local assistance. Of course the Community Chest cannot take in such national organizations as the Red Cross and the Boy Scouts, but those united in local service are now united in local appeal for support.

Money Saving Effort

While it may appear to the casual glance that the Chest is a money raising organization the members prefer to look on it as a money saving effort. All the work done by the member groups is necessary welfare work which must be done. If it is not carried on by subscription and the expenses controlled by their own boards the work will be done by the state and paid for by greatly increased taxation.

As a case in point, a recent sur-

As a case in point, a recent survey of the work of the Riverton Cinnaminson Welfare Association in Riverton showed that the cost of administration of this work under the state would be higher than the present cost of administration and relief given. This cost would and relief given. This cost would come out of local taxes directly. The work has to be done one way or another, thus the support of the Community Chest is good business as well as a good deed. Publicity.

WHERE TO PLACE YOUR SAVINGS

According to many local residents where to place savings can be found in the advertisement of the Palmyra Building and Loan Association that appears in this issue of The New Era.

The sixty-eighth series opens on Monday, October 3, and the hours are from 3 to 9 o'clock, in P.O.S. of A. Hall, Palmyra.

The slogan adopted is "Start your boy and girl in the 68th series—Give them a lift—they'll do their bit."

CARD OF THANKS

I wish to thank the voters of the 2nd Riverton District for their support in returning me to the county

The sight of thirty white men playing a game of rugby football caused two hundred natives to flee in terror at Salamoa, New Zealand.

THINGS TO WATCH FOR

PLANS MADE FOR
COMMUNITY CHEST

Drive to Be Started During
October; Welfare Joins
Other Organizations

No more will the doorbells of
Riverton and Cinnaminson be jangled
by successive canvassers from the
end of October to the 1st of December, no more will the householders be
subjected to appeals for sweet charities sake, one upon another, no more
will the generous giver need to hold
back for the next unanticipated appeal; so far as our local organizations of good works are concerned
there will be only one drive this
year. The Community Chest will
make one strong effort to enlist the
aid of everyone, and take care of the
needs of all our local groups.

The Welfare Association. The

Municipal Topics

The Municipal Clerk

It is a common complaint of taxpayers that public workers do little for the salaries they draw. The criticism is unfair in most cases and can-

cism is unfair in most cases and cannot be leveled with any justice at the municipal clerk. The duties imposed by law upon that office are the most numerous of any members of the local government group.

In small communities, the clerk frequently guides and directs all phases of government, acting as auditor, comptroller, bookkeeper and legal advisor as well as handling hts officially prescribed responsibilities. Many of the other officers in such municipalities serve without salary or with small compensation and, accordingly, give little time to their work. To a large extent the clerk represents the governing body when it is not sitting. it is not sitting.

Clearing House

The clerk's office is the general clearing house and receiving point for all manner of municipal transactions. All bonds covering public improvements, contracts, records, agreements, deeds, books and claims are filed with him, along with the surety bonds of employes entrusted or charged with receipt, custody or expenditure of public money. He attends all meetings of the govern-ing body, keeping a record of the proceedings, and receives and pre-sents all communications calling for

Approximately 120 various types of licenses are issued by the municipal clerk, most of which involve fees that require accounting and must be turned over to the treasurer. be turned over to the treasurer. When bond proceedings are authorized, it is the clerk, with the aid of the municipal attorney or counsel, who prepares the necessary data for submission to the proper authorities. If a local improvement ordinance is to be passed and the cost of the improvement assessed wholly or in part against abutting property owners, the clerk must notify these owners of the intent to take such action.

Methods of Procedure

Methods of Procedure

The three methods of procedure through which a municipal governing body functions are ordinance, resolution and motion. An ordinance is an act or regulation reduced to writing which is required to be read at more than one meeting and published as a matter of citizen and taxpayer information. After publication, the taxpayer is afforded an opportunity to be heard sfor or against the action. A resolution must likewise be reduced to writing, but differs from an ordinance in but differs from an ordinance in that it may be finally passed during the meeting at which it is introduced. The statutes do not define a motion, but generally speaking it means any action verbally proposed and approved or rejected forthwith.

Added Work

Election brings added responsi-bilities for the clerk, who must pre-pare all ballots and mailing envel-opes for primary and special elec-
