TRANS-ATLANTIC PLANE LINERS

David S. Little, of Riverton, R.C.A. Official Tells of Ocean Flying

Trans-Atlantic passenger flying will begin not later than 1940, said David S. Little, manager of R.C.A.'s aviation activities, and speaker last Thursday, at the Palmyra-Riverton Rotary Club. The transportation of mail, he stated, will begin June first of this year, but much experience and research are needed on both north and south crossings before regular passenger schedules are announced.

The chief problem to be solved in trans-Atlantic, and other oceanic flights, is how to maintain satisfactory radio direction finding. This arises, Mr. Little told his audience, from the fact that the radio waves employed by land radio-beacons do not lend themselves well to long distance transmission.

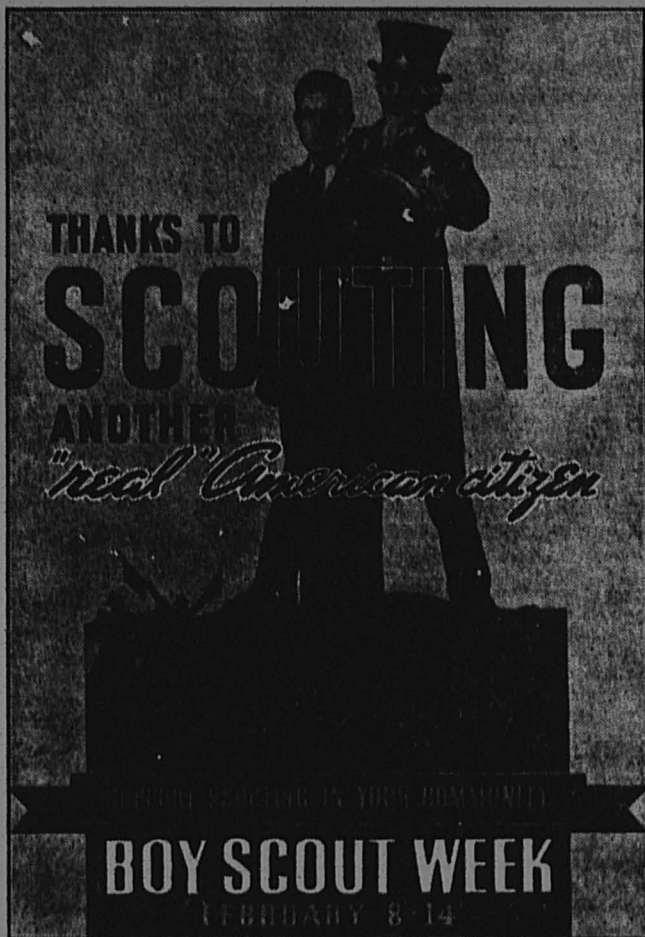

First in 1911

The first real trip over a sizeable area of salt water, according to Mr. Little, was the flight from Key West to Havana, Cuba, made by McCurdy in 1911. As air-planes improved, longer and longer hops were attempted, until today, all seas have been crossed many times by both heavier, and lighter-than-air craft. At present, several regular services, fly many thousand miles over different oceans, and include the French, German and Italian lines from South Africa to Brazil, and our own Pan-American Trans-Pacific flights. The North-Atlantic is the only remaining obstacle to world-wide passenger travel.

The new Boeing 314 flying boats ordered by Pan-American for the run from New York to London, are the largest air-craft ever built in this country. With three decks, a 175 mile-per-hour speed, an 11,000 pound pay load, and fuel for 3200 miles, they actually exceed the dead weight

(continued on page 2)

All America Marks 29th Boy Scout Anniversary

THIS poster, showing how "Scouting Carries On American Ideals", theme of Boy Scout Week from Feb. 8 to 14, marks the 29th anniversary of the incorporation of the Boy Scouts of America. 39,750 Boy Scout Troops, Cub Packs and Sea Scout Ships now include 1,233,950 boys and men, a membership gain of better than 13% in the past year. Since the beginning of Scouting in America 8,400,000 boys and men have been identified with the Movement.

Poster by Harold N. Anderson

To Head Scout Fund Campaign

Plans for the forthcoming finance campaign of the Boy Scout Council of Burlington county are showing excellent progress according to a statement made by G. Lloyd Cowan, Jr., of Edgewater Park, who is the general chairman of the campaign. Henry M. Rundle, of Moorestown, is in charge of publicity and will be assisted by Edwin Clark, of Bordentown; Herbert Rosenfeld, Burlington; Gordon Page, Moorestown; Howard Sleeper, Mt. Holly, and Earl Whitcraft, Palmyra.

Lieut. Commander James B. Ryan, U.S.N. (Ret.), local district chairman, reports that the committee in Palmyra-Riverton has been fortunate in obtaining Leonard R. Baker to head the finance drive committee chairmanship in Palmyra and David Gould to supervise the campaign in Riverton.

CLUB ORGANIZES STUDENT FUND

At the last meeting of the business and professional women's club, of Palmyra, Riverton and vicinity, it was voted that a Student Loan Fund should be organized.

All events during the winter and spring seasons will be bent toward building up this fund. A candy club, movie benefit, progressive card parties, and other money-making devices as suggested by the members, will be the major activities of the club for the ensuing year.

This Loan Fund will be available to the senior girl in Palmyra High School, who conforms to the requirements established by the Club.

Mildred L. Durgin is chairman of the publicity committee and C. Elizabeth McDonnell is chairman of the Student Loan Fund.

DR. BRADY WILL BE P.T.A. SPEAKER

The regular monthly meeting of the Cinnaminson P.T.A. will be held next Wednesday night, February 8th, in the school.

The guest speaker of the evening will be Dr. Hayes Brady, Scoutmaster of Troop No. 50, of Riverton. Dr. Brady's subject will be "First Aid," and there will be several elementary first aid demonstrations by members of his troop.

Founder's Day Celebration will be a special part of the evening's program, when a reception to past presidents will take place.

Charles Ray, economics teacher at Palmyra High School, will lead the study group, which is called for 8.00 o'clock, and immediately thereafter, Mrs. Warnick will preside at a short business meeting.

This entire program will be very interesting, and all parents and friends are urged to attend.

Fathers' Night, last Saturday, was very well attended. The program consisted of two hours of various forms of entertainment by the Federal Players, followed by dancing.

SNOW REMOVAL

Residents of Riverton are hereby notified that the borough ordinance regarding snow removal will be strictly enforced. This provides that all snow and ice shall be removed from sidewalks within 12 hours of daylight after said sidewalks shall have been covered with snow or ice.

Violations of the ordinance, upon conviction, are subject to a fine of \$5.00.

DANIEL M. CLIFTON, Borough Clerk.

Some folk seem to confuse the admonition "love thy neighbors" with being curious about them.

ANNUAL MEETING LOCAL LIBRARY

Harry F. Jones Re-Elected President; Report of Miss Campbell

At the annual meeting of the Riverton Free Library Association held last week, Harry F. Jones was re-elected president of the organization for the current year.

Other officers named were: Vice president, Francis B. Elwell; secretary, Mrs. W. W. Chalmers; treasurer, Willis S. De La Cour; librarian, Miss A. B. Campbell.

Committees

The following committees were appointed—Executive: J. Carl De La Cour, chairman; W. S. De La Cour, Francis B. Elwell and Mrs. William G. Porter.

Property—Mrs. Victor Ritschard, chairman; Henry C. Parrish, Mrs. Stuart B. Clarke and Miss Cornelia S. Coale.

Examining—Miss A. B. Campbell, Mrs. J. S. Coale, Mrs. F. B. Elwell, Mrs. W. W. Chalmers, B. S. Mechling, Mrs. A. E. Warnick, Mrs. Stuart B. Clark, Nathan Lane, Miss Cornelia Murray and Mrs. Harry F. Jones.

Librarian's Report

Miss Campbell's report showed that total circulation during the year amounted to 29,914 volumes, with fiction, as might be expected, proving to be the most popular.

The classification of the circulation was as follows:

General books	320
Philosophy	268
Religion	123
Sociology	656
Philology	42

(continued on page 9)

ASSIST "MARCH OF DIMES"

Behind the slogan, "The March of Dimes" is a cause most worthy of everyone's cooperation.

In this fight to prevent Infantile Paralysis we are now to have a National Organization, not alone the Warm Springs Foundation, but a local organization in every county throughout the country. These local units will be in a position to help worthy cases of sufferers from Infantile Paralysis and to aid in its prevention.

In the various business houses about town will be found containers in which you may make your contribution if you have not already done so. Please help as much as you can. Remember your local county organization receives half of the amount received.

Also don't forget the Birthday Ball to be held on Friday evening, February 17, 1939, at the armory in Burlington. Let's make it the largest we have ever had.

Remember every dime means help to some sufferer from infantile paralysis who needs it and cannot afford it.

—Dr. J. Rowland Dey, Chairman.

Gets Man With Lengthy Record

Lucius Dorthy, 24, 1505 S street, Kalamazoo, Mich., a man with a long criminal record, was apprehended in Riverton, on Monday afternoon of this week by Officer John Robinson.

Dorthy was taken into custody by Robinson after he had become suspicious of the man's actions after keeping him under observation for some time.

When being questioned by Officer Robinson at the police station, a complaint was received that a colored man had frightened residents on Lippincott avenue by peering into the windows. Dorthy admitted that he was the culprit.

Arrested 23 Times

On further interrogation by the officer, he admitted to having been in jail on 23 occasions, his first offense being committed when he was nine years of age. This earned a six year sentence in the Little Rock, Ark., reformatory. In 1930 he was released, but got into the toils of the law three times the same year. The following year he served two years of a four year sentence in Sing Sing for the theft of an auto.

Various Crimes

From then on his record becomes monotonous, as he served various sentences in all parts of the north for offenses that ranged from being a suspicious character, vagrancy, carrying burglar tools, panhandling, robbery, breaking and entering, etc. His terms in jail ranged from a few days to 18 months.

His roving character can be readily ascertained when his incarcerations included such widely separated places as St. Louis, Mo., Denver, Col., Bakersfield, Cal., Houston, Tex., Springfield, Mass., Portland, Me., Columbus, Ohio, Fresno, Cal., Detroit, Mich., Phoenix, Ariz., St. Paul, Minn., and a number of others.

Given 20 Days

Dorthy was arraigned before Recorder Frank Probsting on the charge of loitering and vagrancy. He was found guilty and sentenced to the Mt. Holly jail for 20 days pending investigation as to whether he may be wanted elsewhere to answer a more serious charge.

In connection with the case, local police urgently request that residents report all suspicious people to the authorities in order that an investigation may be made before a crime is committed.

Great men speak little of their achievements. What they have done speaks for itself.

JONES RETAINS HIS AUTHORITY

Director of County Highway Department Can Hire or Discharge Men

The question of highway employees came up for another lengthy airing last Friday afternoon, as the Burlington County Board of Freeholders convened in another lengthy session.

The net result of the discussion was that Albert C. Jones, director of the road division, still retains the right to hire or fire the men who comprise the personnel of his department.

A move by Freeholder Charles R. Stout to delegate this authority to the supervisor of roads, Lewis MacFarland, was defeated by a 3-2 vote on strictly factional lines.

Speaks for Men

Walter McClain, president of the Burlington County Fire Chiefs' Association, appeared before the board and advocated the proposal to give MacFarland the power to hire or fire. He also asked that the men who had been "dismissed" from the road and bridge departments be seriously considered for retention.

Mr. Jones reiterated his former statement that no one had been discharged yet, but that he intended to keep his department within the budget appropriation. This, he said, could not be done with a force as large as that retained last year.

The old charge of politics rang out on frequent occasions during the afternoon, with both sides making the accusations in respect to the remarks of the other.

The majority group claimed that many men were let go last year when the Lamon, Stout, Church faction assumed control, but that no organized effort was made to rally to their cause. Freeholder Clarence G. Price stated that the present agitation was being promoted in an effort to embarrass himself and Mr. Jones.

Art Director For Trojan Film

Reece Lewis, 301 Park avenue, Riverton, served as the art director for the Trojan Newsreel Review exhibited this week in Bovard auditorium to students at the University of Southern California.

Included in the newsreel, which is an S. C. student project, were scenes from the Rose Bowl game between the Trojans and the Blue Devils of Duke university; Homecoming week events at S. C., including the Notre Dame game; famous personages such as Mayor Fletcher Bowron of Los Angeles, Rudy Vallee, and James Roosevelt; Trojan dances; the breaking of ground for the new Harris college of architecture and fine arts building; and numerous other events.

The Trojan newsreel is a monthly feature on the S. C. campus and is produced by student Don Bartelli assisted by a staff of eleven classmates, and is under the supervision of Prof. Boris Markovin, head of the S. C. cinematography department.

PALMYRA WOMAN'S CLUB

On Monday, February 20, at 2.30 o'clock, a Colonial Tea will be given by the members of the Legislative Department. Mrs. Howard Tegge, the speaker, has chosen for her topic the subject, "The Constitution and Government of the State of New Jersey."

There will be a business meeting in the club rooms, Society Hall, on Monday, February 6, at 2.30 o'clock.

The speaker will be Mrs. B. Truman Stackhouse, vice president of the first district.

Trans-Atlantic Plane Liners

(continued from page 1)

of the Santa Maria, Columbus' flagship. Two of their four engines will maintain them in flight, and their internal appointments are flawless.

Shared by Imperial

The service will be shared by Imperial Airways, government owned British line, which does not yet have any ships comparable to those of Pan-American. However, it is building some, and has begun the construction of the largest land airport in the world in Newfoundland, as well as smaller ones at other points in Canada. Several research flights have been made in flying-boats which must be refueled by a sort of aerial tank-wagon, before they get enough gasoline to make the trip.

Mr. Little believes that land type air-planes will eventually be used in trans-oceanic trips, because of their greater speed for the same weight. Pan-American now have under construction, six Boeing 307 land planes. These monsters have hermetically sealed cabins for high altitude flying, and a 200 mile-per-hour speed with the same engines and fuel as the 314 flying-boats. Their cabins have been designed for an emergency water landing, and are water-tight; they will, in Mr. Little's judgment, stay afloat longer than the hull of a flying-boat.

American Lines

The American Export Lines, long an operator of surface vessels also expects to institute an air service. Its announcements set October of this year as the starting date for flights to Paris and Rome, in twenty-passenger ships, making 160 miles-per-hour. They plan to charge \$475.00 for the 18-27 hours flight to Paris. Pan American advertises \$450.00 to London in 18-20 hours. Both will enjoy the new government meteorological service, which now forecasts weather over the North-Atlantic almost as accurately as on the continent.

Attention was called by President Mayfield to a county-wide meeting to be held on Thursday evening, February 16, at the Mt. Holly Regional High School, to consider the problem of juvenile delinquency in Burlington county. He also, appointed a committee to arrange for a ladies night, under the chairmanship of Mr. Robinet Cole.

MANY EXPECTED AT DINNER DANCE

Dr. Chas. F. Voorhis, Commodore of the Delran Yacht Club organization, reports that reservations for the annual dinner-dance and entertainment at Weber's Hof Brau, February 8, are exceeding all expectations and a large attendance truly representative of the business and social life of the community is already assured.

The award of not less than thirty substantial door prizes and the augmented Hof Brau floor show and dance following the dinner, will assure an evening of exceptional merit and entertainment for the members and friends of this local club. Last minute reservations, if available, may be obtained through Dr. Voorhis, or by calling Mr. Cole, telephone, Riverton 150.

Another of the increasingly popular Delran Yacht Club gatherings was held last Saturday evening at the club house, Taylor's Lane. A splendid dinner was served for over fifty members and guests. Dancing followed to complete a thoroughly enjoyable evening.

SOPHOMORE OFFICERS

The members of the Sophomore class at Palmyra High School elected their officers last week. William Wentzel was chosen president and other officers are: William Burgess, vice president, Alice Redman, secretary, David Miller, treasurer, and Robert Cooper, historian.

DON'T SLEEP WHEN GAS PRESSES HEART

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves stomach gas pressing on heart. Adlerika cleans out BOTH upper and lower bowels. At all leading druggists.

RIVERTON SCHOOL NOTES

Honor Roll

The honor roll for the third period for Riverton School based on satisfactory citizenship is as follows:

First Grade

Marjorie Taylor, Joan Bell, Susan Daniels, Bessie Rouse, Nancy Donaghy, Dewees Showell, Irkin Lloyd, Jack Carhart, Marter Carhart, Norman Allen, DeHettburn Cook, Chester Beach.

Second Grade

Mary Borger, Lola Burns, Lorraine Davis, Joan DeCoursey, Betty King, Ruth Millar, Jean Swayne, Joellyn Van Horn, Suzanne Warnecke, Jane Watson, Caroline Young, Leroy Cook, Leon Foulke, George Hooper, Charles Stow, Robert Stuart.

Third Grade

Mary Goodnow, Eleanor Lutts, Virginia Wagner, Betty Jane Pack, Eunice Vogt, Lesly Kimball, Donna Lee Bush, Eleanor Young, Gaynor Seither, Pay Meyer, Barbara Stuart, Doris Lippincott.

Fourth Grade

Joan Watson, Margaret Wahl, Janice Moreland, Althea Haberm, Doris Gibson, Valerie Day, Thelma Davis, Carolyn Cook, Mildred Bauer, Donald Garwood, Robert Farrow, Norman Harris, Donald Hullings, Kenneth Lippincott, Lawrence Mit-

chell, George Pack, Monroe Steedle, Andrew Walls, Elmer Moreland.

Fifth Grade

Jane Adams, Mary Lou Bush, Martha Jane Daniels, Jean Gowell, Doris Jones, Dorothy Louise Lloyd, Ruth Mason, Dorothy Metzgar, Edith Millar, Janet Smalley, Priscilla Woodward, John Carhart, Royal Farrow, Stanley Gilbert, Roland Harris, John Kirk, William Lutts, Thomas Swayne, Donald Symon, Harry Watkins.

Sixth Grade

Barbara Borger, Edith Harris, Patsy Hineline, Joan Teeple, Suzanne Troxell, Virginia Woodward, Richard Horton, Edward Hoyt, Lloyd Major and Donald Taylor.

Seventh Grade

Dorothy Jane Baker, Betty Blackwell, Bebe Carhart, Jane Cook, Emilie Craig, Gladys Good, Betty Henry, Carol King, Kathryn Krantz, Bessie McLaughlin, Virginia Moyer, Shirley Pennington, June Rodman, Margaret Wolfshmidt, Leon Gray.

Eighth Grade

Selma Lutts, Eleanor Metzger, Mavis Reynolds, Mary Unland, Dorothy Farrell, Genevieve Miller, Marilyn Yost, Jane Bush, Laura Yerkes, Jeanette Stanford, Roy Heisler, Doris Jermon, Janet Webb, Janice Pippitt, Arthur Hoyt.

The following children in the Kindergarten had perfect attendance during the month of December: James Hoptroff, Dick Stewart, Jean Groff, Sidney Myers, Tiny Rouse, Phyllis Swayne, Hannah Booth.

Evening schools were introduced into France from England in 1820.

NO ACTION ON JAIL REPAIRS

A move by Freeholder Leroy Church to have items for additional county office space and repairs to the jail included in the budget was tabled at a recent meeting of the Board of Freeholders.

Director Palmer L. Adams said that he had preliminary plans for renovations to the jail which, he believed, could be made without any

special budget appropriation. Freeholder Albert C. Jones objected to the Church proposal until the estimated costs could be presented to the board. The vote on the subject was along factional lines.

NAMED DIRECTOR

Harry C. Sim, of Riverton, was named a director of the New Jersey Nurserymen's Association at the annual meeting of that organization held in Trenton last week.

A Good Buy!

About your home or premises are things to do—not pressing—long postponed—or some regular chore you ordinarily would not pay for having done.

Local man, honest, self-respecting, willing, greatly needs full time job—can build full time from half day here and there. If regularly so much the better.

Any thing meaning so much to him—so little to you—is surely a good buy.

BOY SCOUT NEWS

Anniversary Week

Boy Scouts throughout the county are getting ready for Anniversary Week, which comes for the week of February 8 to the 14. This will mark the 29th anniversary of scouting in the United States, and the 14th anniversary of the Council in Burlington County. Troops are planning for this occasion to attend church on Scout Sunday and to decorate store windows and to have parents nights in their troop meeting places, and other demonstrations of Scouting.

Troop 5

Troop 5 has been doing a great amount of visiting in the past few weeks. On Friday, January 20, Troop 5, under the leadership of Scoutmaster A. B. Branson, visited Troop 30 of Moorestown. With him were the following members of his staff, Assistant Scoutmaster R. W. Read, Lawrence Schweizer, Alfred B. Branson, Jr., Harold Gerkins, Edward Dages and Senior Patrol Leader Jack Rockefeller. The friendly visit made by members of this troop to the Four Mile Colony in New Lisbon, where they gave Indian dances demonstrated a relationship both friendly and helpful.

On Monday evening, January 30, Troop 5, was given a demonstration by the Black Bear Patrol, headed by Bruce Read. This patrol demonstrated the technique of packing, carrying and unpacking an army pack. Bruce was assisted by members of his patrol namely, Leonard Keenan, Jack Makin and Robert Joyce.

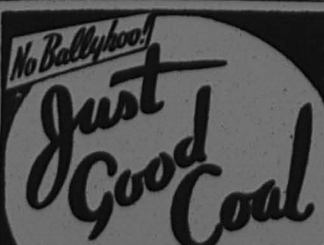

PALMYRA SCHOOL NOTES

Essay Contests

Several members of the junior and senior high school classes are participating in the "Americanism" essay contest, sponsored by the Daughters of the American Revolution. They are Martha Bradley, Elizabeth Faunce, Scott Burger, Tom Braddock, Robert Kelly, Emil Bohus, Robert Yerkes and Robert Waters. Pupils participating in the "American Youth Forum" essay contest sponsored by the American Magazine are George Ford, Robert Waters, Louis Franklin, Harry Grooms, Jean Smalley and Emil Bohus. Charles W. Ray, of the faculty, is supervising the high school program.

25th ANNIVERSARY

Mr. and Mrs. Alexander Smith, of 405 Seventh street, will celebrate their silver wedding anniversary today with a dinner and theatre party. Mrs. Smith was formerly Miss Ella Austin, who was employed as cashier in the A. & P. store. Mr. Smith is a native of Riverton. Mr. and Mrs. Smith were married on February 2 by the Rev. J. F. Hendricks, of Riverton.

SPRING COTILLION

Plans are now being made for the Spring Cotillion that is to be sponsored by the local chapter of the Phalanx Fraternity. According to those who are in charge of making arrangements for the affair, it promises to be one of the biggest social events of the season.

The members of the Cotillion committee are Burton Conway, Thomas Cahill, Robert Finney and Dr. Hayes Brady. Admission to the affair is strictly by invitation.

Westfield Friends' School

Knee-Hi, The Safety Dog
One day Miss Bickerton got a notice that Knee-Hi, the safety dog was coming to school the coming Friday. So we all got ready for him. When the day arrived for him to come we were all very excited. He came at eleven o'clock in the morning. He was a wired-haired fox terrier, and his master was Dr. Brunson. Dr. Brunson told us that Knee-Hi was not a trick dog, but he was an intelligent dog. He could understand every word his master said. He knew his "spelling" lesson and his "arithmetic" lesson, too. We petted him and he stayed for lunch. We were very sorry when he had to go.

—Lenore Meyer, Grade IV.

Assembly

Our assembly on January 31—The clergymen were Billy Dunn and Jack Clement. The first thing we had was a song sung by Nancy Gideon and Barbara Ross. The first grade gave a rhythm about dolls. The third grade read stories about New Guinea that they had made up. Jean Clark told about her hobby which was "dolls" from all over the world. The fifth and sixth grades recited the 91st Psalm. Harvey Hirst recited the "Bugle Song" and

NOTED LECTURER AT CAMERA CLUB

All local residents who are, in any way, interested in photography are most cordially invited to attend a meeting of the local Camera Club that will be held in Hullings' plumbing store, Broad street, Riverton, on Wednesday evening, February 8, at 8 o'clock.

Robert L. Kiss, well known photographer and lecturer of the H. & R. Photomart, Philadelphia, will speak on the subject, "How and Why to Make Good Pictures."

Camera fans hereabouts should not miss this opportunity of hearing Mr. Kiss, according to those who have the opportunity of being present at other talks given by him.

—George Krusen, Grade V.

Miss Sarah Cleghorn

On Thursday, January 26, we had the pleasure of hearing Miss Sarah Cleghorn, who has written a book on her life. She called this book "Three Score." When she came on Thursday she came for a luncheon with our parents. When she arrived she was greeted by Harvey Hirst and Lenore Meyer. She looked around the school and read the poems on the third and fourth grade blackboards. She said they were very nice. The third and fourth are very proud of having a poet's opinion on their work. After Miss Cleghorn looked around the school we went down to the luncheon. After all the parents and children were finished eating we went up stairs into the assembly room where Miss Cleghorn told us many interesting things about traps which are not cruel to animals they either don't hurt them or kill them instantly. She told of many experiences and she also recited some ballads that we thought were very interesting. After she had talked we had to bid her goodbye.

—Harvey Hirst, Grade VI.

RIVERTON

A number of friends gathered at the home of Mr. and Mrs. Claude Y. Barto, last Saturday evening, in honor of Miss Charlotte Voss, who will leave Riverton this week to take up training for a nurse in the Montclair hospital. Miss Voss is the sister of Dr. John C. Voss, of Thomas avenue.

Douglas Mickle, son of Mr. and Mrs. James B. Mickle, was elected vice-president of the freshman class of Drexel Institute of Technology last week.

Mrs. Powell Thatcher, of Linden avenue, entertained a number of friends at cards Thursday afternoon of this week.

Miss Dorothy Wolcott, daughter of Mr. and Mrs. Everett Wolcott, of Linden avenue, returned to her studies at Duke University, Durham, North Carolina, Tuesday evening after spending five days at the home of her parents.

Mrs. Blanche Keating, of East Riverton, was last week's winner in the Miscellaneous Club of the Sacred Heart P.T.A.

Dr. John R. Siddall, of Lippincott avenue, entertained a number of his fraternity brothers from Phi Beta Pi on Tuesday evening.

The regular meeting of the Sacred Heart P.T.A. will be held in the school auditorium on Thursday, February 9. The executive meeting will be called at 2:30 and the regular meeting at 3 p.m.

E. L. Williams, of Thomas avenue, is recovering from an attack of bronchitis from which he has been confined to his home for three weeks.

Robert Verkes, of 202 Linden avenue, entertained the members of the cast of the Junior Play and a number of friends on Saturday evening after the performance.

Mrs. Laura Verkes, of Linden avenue, will entertain the members of the Philathea Class at a covered dish luncheon today. All members of the class are invited to attend and bring a covered dish.

Mrs. Lillian Heister, of Midway, is improving nicely after suffering a heart attack last week. She is in the Zurbrugg Memorial Hospital, Riverside.

SURPRISE SHOWER

Mrs. Joseph Ziccardi, of Maple Shade, recently gave a surprise shower in honor of Miss Jeannette D'Autrechy, 11 New Jersey avenue, Palmyra, whose engagement was recently announced. Those who attended were Mrs. Joseph D'Autrechy, Mrs. William D'Autrechy, Mrs. James D'Autrechy, Mrs. Theodore D'Autrechy, Mrs. Louise Heister, Mrs. Chester Hermann, Mrs. Harry Salmon, Mrs. Leo Foster, Mrs. Otto Steinbach, Miss Doris Bravin, Miss Dorothy Harrison, Mrs. Harold Hughes, Mrs. Helen D'Autrechy and Mrs. Jeannette D'Autrechy.

CARD PARTY YOU'VE BEEN WAITING FOR

This year the annual Knights of Columbus card party sponsored by the Strobelin family will be held on Friday evening, February 10th, at the K. of C. hall, Broad street and Elm avenue.

This event has always been the outstanding card party of the season, with a great abundance of beautiful prizes, and those who have attended their parties in past years, need not be told of the fine time that is in store for all who attend.

5 & 10 TAKES LEAGUE LEAD

Trojans Bow to Store Men;
K. of C. Trims Artisans
In Close Game

The 5 & 10 hoopers jumped into undisputed possession of the lead of the Interborough Court League on Monday night of this week, by taking a 22-15 decision from the hitherto unbeaten Trojans.

Bill Baker, who was moved to forward for the engagement, proved to be the deciding factor in the win of the store men, ringing the bell for six field goals and getting one point from the 15-foot line.

Hard Shots
Baker was closely guarded throughout, but frequently managed to elude his Trojan foe to tab a score. All of his tallies were made from difficult angles.

Humes kept the Blue and White in the race by getting four doubletons, being the only Trojan to score on more than one occasion.

The losers made a very poor showing from the free-throw line, cashing only one out of 13 chances.

Close at End
The Knights staged something in the way of a mild upset by their 22-20 win over the Artisans, leading nearly all the way and having a 14-4 advantage as the half ended.

The Lodgemen picked up momentum during the final semester and tied the count at 17 all with four minutes remaining to play.

McMahon, Kacey guard and high scorer of the game, tank sank one to put his outfit in the lead. Carpenter, Artisan forward, knotted the tally with a similar performance and then broke the deadlock by converting a foul try.

With two minutes of the fray remaining, Prisco got a doubleton and McMahon ended the scoring with a single marker.

Sexton missed one from the 15-foot mark as the game ended.

Fireman Win
In the third game of the evening, The Palmyra Firemen won by a felt, although actually losing the tilt on points. This situation arose when Sigma Kappa could not put a full team on the floor at the appointed time, the game starting about 15 minutes late. Loop regulations allow only a five minute delay.

When the fraternity team was finally assembled, both five battled on fairly even terms during the first half, S. K. leading 16-13 at intermission.

The Firemen failed to register a single point during the last portion of the game and Sigma Kappa went to town with a vengeance, the final score being 36-13.

REMAINING TILTS ON COURT SLATE

After two games out of town, Palmyra High's hoopers return home for a single engagement on Friday night of this week. Paulsboro, a member of the S. J. Group 3 loop, will provide opposition that is expected to enable the locals to rack up another win.

Two games away follow the Friday game on the local court. These are with Riverside on Tuesday of next week and another with Merchantville on Friday night.

After these tilts are out of the way, but four more contests remain during the balance of the season. Gloucester comes here on Tuesday, February 14; Moorestown likewise, on Friday, February 17. The Red and White plays Camden Catholic at Convention Hall on February 21, while Burlington will furnish the opposition on February 24.

Tuesday, February 28, is still an open date.

China was the home of a highly developed civilization while Europe was still in the bronze age.

PALMYRA DOWNS BURLINGTON Foe

Dimondmen Annex 50-32 Win
In Group 3 Loop Tilt;
Rothbaum Gets 15

It's getting to be a habit, the way the Palmyra High varsity basketball quintet coasts along during the first quarter and then, when their opponents begin to feel that they have a chance of winning, the Red and White riflemen begin to really go to work.

This situation existed again last Friday night, at Burlington, when the Blue and White led 9-8 as the first stanza ended. During the next quarter the Dimondmen put on the pressure, outscoring their opponents 15-9. Palmyra eventually won 50-32 going away as the fracas came to an end.

Rothbaum-Baker Lead
The Rothbaum-Baker combination topped the scoring parade, with Sam Rothbaum leading the team by 15 markers, while Len Baker garnered 10. Both were in good form from the free throw line, Rothbaum cashing five out of six, while Baker snared two out of three. The team, as a whole, turned in a good record in respect to free throws, getting eight out of 13 chances.

As usual, the entire varsity squad saw action, two full teams taking the floor during the engagement.

Barbour's Stand

Senator W. Warren Barbour, of New Jersey, has been labeled by certain newspapers, as "the man who sold out New Jersey," this title coming as a result of the Senator's vote on the W.P.A. appropriation bill. He is charged with depriving needy people of their jobs and a thorough lack of interest toward his constituents.

Such a statement may appear justified to those who are inclined to condemn any one who votes against the Administration but, in reality, it is only an attempt to throw out a smoke screen of dissatisfaction in respect to New Jersey's legislator in the upper branch of our national governing body.

Those Senators who voted for the smaller allotment can hardly be accused of being so inhuman as to take the bread out of people's mouths and, indeed, they feel certain that such will not be the case.

They believe, as do many others, that the \$150,000,000 lopped off the bill represents "overhead" that can very well be saved by proper administration of W.P.A.

Reason for this may be found in careless statements made by the Administration, which has claimed that present funds would be depleted by the first part of February. Competent observers predict that this date will be extended to March 1, at least.

There is also a serious discrepancy in the number of men that the \$150,000,000 is supposed to care for. In Oklahoma, it is claimed that 26,000 men will lose their jobs as a result of the reduction, which amounts to 17 per cent of the total. But, 26,000 men is about a third of those on the W.P.A. rolls in that state.

How can these figures be reconciled? By simple arithmetic, how can a 17 per cent reduction in the appropriation account for a reduction of about twice that percentage of beneficiaries?

It is against such practices as these that Senator Barbour and 46 of his colleagues voted for the smaller appropriation. Their vote was not to eliminate jobs, but to compel the Administration to take care of the unemployment situation on a business-like basis. They believe that the present allotment will meet all legitimate requirements.

Will this sum be used for its proper purpose or will it be frittered away as much of it has been in the past? Will the Administration profit by the lesson, or will it bury its head in the sand and spend the money wastefully in order to make it appear that the 47 Senators were wrong?

In view of past performances, we hold no hope for the former course, but only time will tell.

Boy Scout Week

The Scouts are soon to celebrate a birthday again—the 29th this time—with a message that "Scouting Carries on American Ideals": ideals of service and cooperation, tolerance and religious obligation, and homage to the responsibilities and privileges of participating citizenship. It is a welcome portent for the future of American democracy that more than a million and a quarter men and boys are now active members of a Movement which, although founded to capitalize on the love all boys have for adventure in the out-of-doors does not fail to provide practical ways for helping them fulfill the obligations felt by every genuine American.

Scouting has succeeded in becoming a part of the American boy's world because it is a program of action plus idealism. So it has a two-fold appeal, demonstrated by its growth in popularity each year, in many sections limited only by the lack of leaders or adequate funds of extension. Measured in terms of boys who want to be Scouts there is still much room for growth. Measured in terms of results produced the Boy Scouts of America has already paid any debt due the American people for the operating charter granted it by Congress many years ago.

In our own community now there are many men, part of the 8,400,000 who have been included in the Scout family since 1910, who believe in the principle that "Once a Scout, always a Scout" and who are doing their best to extend and interpret in practice the concept of civic and moral responsibility that came to them in their Scout Troops. For this reason, if for no other, America has every right to be proud of its Boy Scouts.

Health Question: How did the word "physician" originate?

Doc Says:

The word "physician" seems to have been derived from the Greek word "physis" meaning "nature." It has always been the work of the physician to try to restore the sick individual to a natural state of good health.

There are many persons who are entitled to bear the title "Doctor": doctors of letters, doctors of laws, veterinary, doctors of dentistry, etc. This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

DRIVING ADVICE FOR ICY ROADS

Ice filled streets and highways are causing much grief to motorists in accidents caused by skidding, one of drivers' worst enemies, the Keystone Automobile Club of New Jersey points out, in a statement citing contributing causes to this type of accident.

"A formula to insure against skidding is impossible," the statement says, "but it is possible to inform drivers of the causes of skidding so that they may be avoided."

"Condition of tires is the most important factor in skidding accidents. A good tread will hold the car on the road under conditions that would be disastrous to a car equipped with 'bald' tires."

"Although not guaranteed to prevent skidding, chains are a valuable safety adjunct. Careless operation of cars will result in skids, with or without chains."

Drive Slow

"Slow driving on ice-covered streets, gentle application of brakes, using engine in gear as a brake, and careful rounding of curves and corners is the best advice we can give motorists. If a skid occurs while a car is being driven as described the consequences will be far less serious than if the machine is traveling at a speed that would be reasonable under dry-road conditions."

"The proper action when going into a skid is to steer in the direction of the skid and step on the gas instead of the brake. Sudden use of brakes, frequently a cause of wheel lockage, will continue the skid. Driving power of the rear wheels is needed to bring the car out of the skid. Steering in the direction of the skid and coincident acceleration will straighten out the car. In any event do not steer in the direction opposite to the skidding motion, for this results in causing the car to describe a circle, with great risk of crashing into approaching traffic."

POWERS NAMES NAVY APPOINTEE

Congressman D. Lane Powers' principal appointee to Annapolis has been named as John E. Roche, Jr., of 334 West Hanover street, Trenton, according to a statement from Congressman Powers today.

The appointment was made as direct result of a competitive examination conducted by the United States Civil Service Commission, on request of the Congressman. Roche's mark was 73.50.

The alternate were: First alternate, Walter D. McCord, Jr., of Bordentown, with a mark of 60.50; second, Vincent D. Pisaura, 616 Anderson street, Trenton, mark 59.67; third, Charles Thomas Henry, 559 Bellevue avenue, Trenton, mark 59.50.

Twenty-nine youths took the competitive, held January 7, in Trenton, by Civil Service. All appointments were in strict accordance with the marks received in the exam.

The principal and alternates will be mentally examined for admission to the Academy in April. In event of failure of the principal to pass the mental and physical entrance examinations, the first alternate will enter the Academy.

Flattery is sweet food to those who can swallow it.

The milk of mammals contains 4 to 7 per cent sugar.

Municipal Topics

Highway Safety

Lack of interest in matters that should be their vital concern is a common failing of many who pride themselves on being good citizens. Especially is this true of the affairs of government. The individual has not assumed his full responsibilities when he goes to the polls and elects a group of officers to represent him. Development and promotion of safety programs afford an example to municipal authorities Governor Moore declared the success of such efforts as in all forward looking movements, depends to a large extent upon an active and sustained public interest.

"Your state legislators, your state and county officials, should know of your desire for safer highways and for continuance and enlargement of a program which will enable the state and county highway departments to provide financial relief to municipalities for the cost of safety facilities on routes within their boundaries. And his taxpayers throughout New Jersey impress upon their lawmakers their keen desire for support of highway safety activities, a big step forward will be taken toward greater protection. It is absolutely essential you let the lawmakers know what 'the people back home' desire."

Good Work

Within the limits of their funds, schools are doing a good work in the field of safety education. So are the State Police and local police in the organization of junior safety patrols. From the home, too, can come a most helpful influence, if the effort is properly directed, but it must, as the Governor pointed out, be a continuing endeavor.

An idea of great possibilities is the plan inaugurated by State Highway Commissioner Sterner for a division of costs with the counties and municipalities for safety lighting of heavily traveled routes showing a high frequency of night accidents. Launched the latter part of 1937, the idea paid substantial dividends last year by a reduction of fatalities from 245 and 154 on main routes in 16 of the 21 counties.

"When the program was started, many municipalities were maintaining various types of highway lights, but few conformed with modern safety illumination and it was necessary to replace numerous fixtures." However, instead of incurring added expense, the combined municipalities were saved a total of \$76,804 during the first year of this scientific method of highway lighting.

Reduction in Deaths

Eleven counties have entered into cost-sharing agreements with the department for 1939. The list includes: Atlantic, Burlington, Camden, Cape May, Mercer, Ocean, Passaic, Sussex, Union and Warren. Only two counties, Essex and Morris, have rejected the offer. Negotiations are in progress with the others.

The reduction of accidents and attending death in the 16 counties last year was achieved in the fact of a marked increase of traffic volume. An impressive contrast noted by the Commissioner was a decrease much less in the number of day accidents resulting fatally on the same second, the state highway system. The decline was from 128 to 115, a drop of approximately 10 per cent.

In the final analysis it is the general taxpayer, of course, who pays all costs of government, which should make it particularly his interest to see to it the money is well and wisely spent. County budgets reveal a number of instances giving support to the contention freholder boards should use a larger portion of state aid for road lighting purposes, the effect of which would be to ease the burden on municipal taxes.

It is not book learning young men need, nor instruction about this and that, but a stiffening of the vertebrae which will cause them to be loyal to a trust, act promptly, concentrate their energies on doing a thing—carry a message to Garcia.—Elbert Hubbard.

PHILATELIC NEWSBITS

Stamp Exhibit

The Association of South Jersey Stamp Clubs will hold its Fourth Annual Stamp Exhibition on Friday, Saturday and Sunday, February 24, 25, and 26, in the Main Ball Room of the Walt Whitman Hotel in Camden.

A full program of philatelic events is laid out for the three days of the show, which will open at 8 o'clock Friday evening. At the opening the judging will begin. All exhibits must be in the hands of the committee before 6 p.m., to be included in the show and all entries not in the hands of the committee by February 6 will not be included in the official program to be given free to everyone attending.

The show itself will include 150 frames of stamps, each frame holding nine album pages of the best stamps owned by the 700 collectors associated with the combined clubs. This will total well over 1200 album pages each prepared for general information, interest, beauty and enjoyment of not only the experienced collector and the junior collector but for the public at large who will find the display of interest whether they know anything about stamps or not. These colorful bits of paper tell most interestingly of the rise and fall of empires, the dress and customs of the people of the world, the strange animals, its great cities, its wonderful buildings, scenes of the world wide beauty and the history of the world. It will be well worth any person's time to see just what philately, stamp collecting, can produce and how interesting it all is.

The Post Office Department in Washington is co-operating and will send a fine display as its part in the celebration.

Golden Gate Stamp

A special issue of 3-cent stamps commemorating the Golden Gate International Exposition will be first placed on sale at San Francisco, Calif., on February 18, 1939. The central design of the stamp is a reproduction of the Tower of the Sun Building at San Francisco, Calif.

Stamp collectors desiring first-day cancellations of this stamp on February 18 may send addressed covers, not in excess of 10, to the Postmaster at San Francisco, Calif., with cash or postal money order to cover only the cost of the stamps. Postage will not be accepted in payment. Each cover should be pencil-marked in the upper right corner to show the number of stamps to be affixed and therefore no letter of instructions will be necessary. Envelopes should not be smaller than 3 by 6 inches. Requests for unusual arrangements and plate numbers cannot be honored.

Requests for uncanceled stamps must not be included with orders for first-day covers. This stamp will be on sale at the Philatelic Agency, Washington, D. C., on February 20 for the benefit of collectors desiring selected stamps. To insure prompt shipment, mail orders to the Agency should not include other varieties. All requests for first-day cover service must be addressed to the Postmaster, San Francisco, Calif.

HEADLINES

Shipments of steel from U. S. steel plants in December highest since October, 1937 . . . William O. Douglas, chairman of the S.E.C., recommends paid directors to rule sales of Montgomery Ward 11 per cent better than year ago, and highest month in history . . . U. S. postal receipts for final 1938 quarter totaled \$210,000,000, or an all-time record for any three-month period . . . Fishermen and other boating enthusiasts will buy between \$9,000,000 and \$10,000,000 worth of outboard motors from American factories in 1939, according to the National Association of Engine and Boat Manufacturers . . . Moving up in the business world, John A. Stevenson made president of Penn Mutual Life Insurance Co.; Raymond N. Ball and Paul S. Achilles elected directors of Eastman Kodak Company . . . Looking at the earnings reports; higher—Madison Square Garden Corp. and Bellanca Aircraft lower—Reynolds Tobacco and A. M. Byers Co.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

After looking over stored roots of dahlias and cannas and corms of gladioli and removing any decayed spots with a sharp knife, it would be wise for the gardener who makes a hobby of specializing in these to give the roots and bulbs a wax treatment. Melted paraffin may be used, or one of the new vegetable cold waxes. This will prevent drying and will keep the roots and bulbs in good condition for the remainder of the storage period.

One of the advantages of ordering seeds and plants early for planting this spring is that one may be quite sure of getting what is ordered. Some of the rarer items or newer varieties are scarce, and many gardeners are disappointed each year at not being able to obtain the plants chosen.

CANAL REPORT SOON

The board of army engineers expects to receive by February 15 detailed reports on the findings of the engineers assigned the task of preliminary surveys for the proposed Delaware-Raritan canal. Not a word will the War Department give out as to the trend of the findings. This either is being kept secret, or isn't known in Washington as yet. Senator Barbour is keeping in daily touch with the department, and has requested prompt word with respect to the findings.

BLACKBURN TO SPEAK

Russell Blackburn, coach of the Philadelphia Athletics, will speak at the Father-Son Banquet of the Holy Trinity Evangelical Lutheran Church of Maple Shade on Friday, February 17.

Some people will believe anything.

NEW OLDSMOBILE SALES INCREASE

Oldsmobile retail sales continued an upward trend, and for the second ten days of January, totaled 3458 units, to represent an increase of more than 73 per cent over the corresponding period of last year, according to a statement issued today by D. E. Ralston, general sales manager.

Total retail sales for the first 20 days of January were 6641 cars. This is a gain of 78 per cent over the same period of 1938.

In addition to large gains being made in new car sales, Ralston stated that used car sales for the

second ten day period of January also increased. Oldsmobile dealers sold 12,530 units compared to 9,628 for the previous ten-day period. Stocks of used cars in hands of Oldsmobile dealers throughout the United States are more than 5,000 cars lower than the stock on hand for the same period last year, further emphasizing improved business conditions, Ralston added.

President Roosevelt says he does not eat "grilled millionaire." Somehow this reminds us of a cannibal chief, who upon becoming acquainted with the white man's methods of warfare, asked an officer, "You no eat 'em? Why you shoot 'em?"—Washington Post.

Funeral Home Without Expense

The use of the Snover Funeral Home, with every modern facility for the proper conduct of a funeral service, is covered without additional expense. This is just another of the many reasons why the Snover Service is an outstanding one in these communities.

There is a HOOVER at the Price You Want to Pay!

CONSIDER YOUR HOME. Figure your budget and you will have the answer to which Hoover to buy. All the models have "Positive Agitation"—a method which raises the rug slightly from the floor. A series of gentle taps loosens and beats out the embedded dirt, while brushes sweep it up and strong suction draws it, along with the surface lint and dust, into a dustproof bag. This thorough cleaning helps to lengthen the life of a rug.

Hoover electric cleaners are all easy to handle. They are equipped with electric lights (called dirt finders) set low to throw good strong light on the rug. No. 26 (top) sells for \$68 cash and No. 300 (below) sells for \$49.75. Cleaning tools are extra. Small carrying charge added if you buy on terms.

STUDENT DAY
AT HIGH SCHOOL

"Student Day" was held on Wed-
nesday at Palmyra High School.
This was the occasion when pupils
took over the roles of supervising
principal, principal and members of
the school faculty. The affair was
sponsored by the high school's Stu-
dent Council.

The officers are William Eavall,
president; William Mickle, vice
president; Walter Snover, secretary;
Albert Brewster, treasurer; Albert
Sacco, chief monitor; Carl McDer-
mott, assistant chief; Leonard Baker,
judge of the Tribunal; Dante Mento,
judge of student court.
Other members are Paul McDer-
mott, William Mathews, Robert
Waters, Martin Ott and Jack Rocka-
fellow. Freshmen representatives
are Loretta Busch, Doris Hubbs,
Bruce Read, Ruth Henry, Warren
Lamon, William Webb and Mildred
Guldin.

FOURTH DEGREE
K. of C.

At the meeting recently held by
John Tatham Assembly, Fourth De-
gree Knights of Columbus at the
K. of C. Hall in Palmyra, it was
decided to renew the activities as
they were exemplified in the past.
Officers for the coming year were
elected as follows: F. Navigator,
Joseph F. Yearly; F. Admiral,
Francis J. Shinkel; F. Captain,
Philip McChesney; F. Comptroller,
Joseph J. Carlin; F. Purser, John J.
Strohlein; F. Pilot, P. J. Maguire;
F. Sentinel O. S. Francis Gallagher;
F. Sentinel I. S. Dr. James A. Her-
ron; F. Patron, A. E. Conlow, A. J.
Strohlein, Frank M. Strohlein, W.
Otis Myers.

A program of activities was de-
cided upon beginning with a formal
installation of officers on Thursday
evening, March 9th, at the K. of C.
Hall, Palmyra. It is also planned to
join in the exemplification of the
Fourth Degree to be held in Atlantic
City during the latter part of April.
A number of candidates from this
section of Burlington County will
take part.

SHOWING SPIRELLA
SHADOWGRAPH

A private showing of the Spir-
ella Shadowgraph of style and
health foundation garments of all
types with living models, will take
place at the New Century Auditor-
ium, 124 South 12th street, Philadel-
phia, at 2 p.m. on Tuesday, Febru-
ary 7.
Mrs. L. M. McCamy, Southern
New Jersey manager for the Spirella
Co., Inc. of Niagara Falls, N. Y.,
is delighted that the women in the
vicinity of Philadelphia are to have
the privilege of seeing for them-
selves what scientific country does
to improve the appearance, safe-
guard the health, at the same time
provide comfort to the wearer, and
all this at a remarkably reasonable
price.

Most Important
Few women realize that the foun-
dation garment is the most impor-
tant article of their apparel; that it
will do the most harm if wrong, and
the most good if right. All women
should ask themselves if the foun-
dation being worn (1) is designed
to work with nature, (2) is so de-
signed that it does not ride up, (3)
permits complete freedom of move-
ment, (4) is the right shape and will
retain its shape, (5) is a perfect in-
dividual fit. An individually design-
ed Spirella fulfills all these require-
ments.
These and many other interest-
ing facts will be shown at the ex-
hibit on February 7.
Mrs. McCamy has a limited num-

BRIEF ITEMS
from
ABOUT TOWN

The icy condition of the streets
in this section made driving, either
with or without chains, an especial-
ly hazardous operation. Most motor-
ists exercised more than the usual
amount of care, but there were a
few cowboys who not only endan-
gered their own lives, but those of
other motorists and pedestrians. It
is to be regretted that several of
them were not apprehended by the
police.

Until the rain of Sunday came,
skaters had several days of good
sport at Lippincott's pond. On Sat-
urday afternoon, the numbers of
cars going to the pond was so large
that a traffic officer was necessary
at the parking space.

If you see a nice shiny car these
days, you can be certain that it
hasn't been out a whole lot.

The Delaware was practically
frozen over last week. Ice breakers
saw action for the first time in a
couple of years.

The Riverton firemen had their
new truck out on Sunday morning
with the various drivers getting
practice in negotiating turns at the
various intersections. Chief E. M.
Cushart, Jr., who directed the drill
stated that only one crossing pre-
sented any difficulty, this being a
turn from Second street into Elm
avenue. As this route would not
normally be used by the truck in
going to a fire, it is not expected
that the situation will cause difficul-
ty.

ber of admission cards which are
available to those who get in touch
with her promptly either by phone
or mail.

P.T.A. PRESIDENT
GIVES REPORT

The Phyllis Wheatley P.T.A., of
Westfield School No. 4, held its reg-
ular monthly meeting on January
29. The session was opened by the
president, Mrs. Jennie Ashby. After
completion of routine business, Mrs.
Ashby gave a full and enjoyable re-
port from the National P.T.A. Con-
vention which she attended in At-
lantic City. The theme of the con-
vention was "Sex Education in the
Home" and Mrs. Ashby gave sev-
eral valuable suggestions for intro-
ducing this subject to the child.

The meeting was turned over to
Mrs. Eleanor Young, in charge of
the program. Persons who appear-
ed were:
Mrs. Florence Edmonds, reading;
Mrs. E. Bardley, recitation; Miss

Ernestine Robinson, recitation; Miss
Catherine Pitts, piano solo; Mrs.
William Dorsey, recitation; Mr. Wil-
iam Denby, vocal solo.

The visitors and members after
listening to the enjoyable program
repaired to the lunch room where a
delicious repast was served by the
reception committee. The next reg-
ular meeting will be held on Febru-
ary 24, at School No. 2.

ANNUAL DANCE
PALMYRIAN STAFF

The Penthouse Serenade, the an-
nual dance sponsored by the Pal-
myrian Staff of Palmyra High
School, will be presented on Sat-
urday evening, February 4, in the
high school gymnasium.
Music will be furnished by Jimmy
Morille and his Sophisticates of
Rhythm.

Church Notices

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

Look into the facts. Would you rather live in any other country than America? While looking, don't overlook the part the church had in helping make the U.S.A. the greatest country in the world. Yes, and do not forget that its great pioneer leaders were men who believed in prayer, the Bible and who went to church consistently. Men like Washington, Lincoln, Cleveland, Wilson and our recently elected Governor James, of Pennsylvania. This too is certain, you need the church and the church needs you. The Methodist Church has planned two great meetings this Sunday for your benefit.

At 11 a.m. the Sacrament of the Lord's Supper will be administered by the Rev. Boyd. This service will warm your heart and cheer your soul.

The Sunday Evening service (7:45 to 8:45) is very popular with the people. "A Man on Fire" is the topic of the sermon by Mr. Boyd. What would you do if you were on fire—What could you do? This is the first Sunday of the month, which means a very fine musical program by our choir. The new song books will be used by the congregation. Rev. Boyd will direct the congregational singing. Come and bring your friends with you. A fine mark of character is one's loyalty to God, to his church and to his neighbor.

Rev. Boyd is announcing sermon themes from the Book of Revelation, Sunday morning during February: February 12—"St. John Looks Into Heaven" (Rev. Chapter 4); "The Lamb in the Midst" (Rev. Chapter 5); and "The Six Seals" (Rev. Chapter 6).

ANNIVERSARY

WEEK OF C. E.

Sunday launched one of the most outstanding youth demonstrations our churches throughout the country have witnessed for many years, according to information just received from the headquarters of the New Jersey State Christian Endeavor Union, at Rahway, through Frederick L. Mintel, executive secretary of the state organization and past president of the International Christian Endeavor Field Secretaries' Union. The occasion launched Anniversaries Week, which is being internationally observed, and which commemorates the fifty-eighth birthday of the movement. This significant youth demonstration got underway last Sunday with the observance of Denominational Day, being brought to a glorious climax with International Christian Endeavor Day.

It was but a year and two months after the organization of the first society, that Christian Endeavor found its way to New Jersey. On April 11, 1882, the first Congregational Church, of Chester, organized the first society in this state. The society was the ninth to be formed in the United States, and the second west of the Hudson River. The second oldest society in New Jersey is that of the Presbyterian Church, in Jamesburg, organized February, 1885.

Organized 1886
The New Jersey Christian Endeavor Union was organized on December 1, 1886, and the first state convention was held in October, 1887. There were then only 39 societies in existence in New Jersey. Now there are approximately 650 active societies representing about 400 for the Young People's and Senior ages 125 for the Intermediate and Senior Intermediate ages, and 125 for the Juniors. New Jersey's largest state Christian Endeavor convention since 1932, took place this past October 12-15, at Somerville, with a total registration of 1,650, not counting the separate conventions for Intermediate and Juniors. World-wide Christian Endeavor claims a membership of four million, representing approximately 80,000 societies. In the United States alone there are about 50,000 societies, including 20,000 Young People's and Senior, 5,000 Intermediate, and 15,000 Junior.

BETHANY EVANGELICAL LUTHERAN CHURCH

Palmyra

Rev. Oliver W. Powers, Pastor

Charles King Wynkoop will be the guest preacher at the Chief Service of the Bethany Lutheran Church on Sunday, February 5, at 11 a.m. Mr. Wynkoop is the son of Mr. and Mrs. Charles B. Wynkoop of 814 Morgan avenue, Palmyra. He was graduated from the Palmyra High School, Ursinus College, and is now completing his second year of study at the Lutheran Theological Seminary, Mt. Airy, Pa.

The pastor, Rev. Oliver W. Powers, will read the service. He will be assisted by the choir under the able direction of Lee Milton. Special music will include Shelley's "Hark, My Soul." At the Vesper Service at 8 p.m. Mr. Powers will speak on the work of the Lutheran Deaconess. Mr. and Mrs. Earl Whitcraft will be the soloists.

A special feature of the chief service last Sunday was the installation of recently elected members of the Church Vestry. Those installed by the pastor were Mr. Curtis Staveland, Mr. Jay E. Lenker, Mr. Stewart Buchholz, Mr. Earl Whitcraft and Mr. Lewis Bettinger. The Vestry will meet on Monday, February 13, for the annual re-organization at the home of Mr. Powers, 919 Lincoln avenue.

CHRISTIAN SCIENCE CHURCH

"Spirit" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, February 5.

The Golden Text is, "where is the Spirit of the Lord is, there is liberty" (II Corinthians 3:17).

Among the citations which comprise the lesson-sermon is the following from the Bible: "For they that are after the flesh do mind the things of the flesh but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace." (Romans 8:5-6).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When infringing some supposed law, you say that there is danger. This fear is the danger and induces the physical effects. We cannot in reality suffer from breaking anything except a moral or spiritual law. Let us banish sickness as an outlaw, and abide by the rule of perpetual harmony—God's law" (p. 381).

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Bible School, 10:00 a.m. As someone has expressed it—"I would feel lost if I failed to attend the Sunday School every Sunday"; many, likewise, feel the same. Why? Because they get a real spiritual message that serves as a stimulant during the week. Then, too, Christian fellowship is always inspiring. This applies to the stranger or the occasional attendant. Come out and enjoy this while you can.

Morning service, 11:15 a.m. The morning service will be followed by Communion, to which every Christian, regardless of church, is invited to participate. Mr. Charles A. Deits, Mr. Harry Ellis and Mr. C. R. Fountain, who were elected Deacons at the annual business meeting of the church, will serve in this capacity at this service. Pastor Lockett's sermon subject will be "In Remembrance of Him." The choir will render their usual offerings to the service.

B.Y.P.U., 6:45 p.m. Even though the weather had no appeal last Sunday evening, there was a fine attendance of this group of students of high school age. There are, however, a number who have not availed themselves of this privilege and pleasure. Why not try it this Sunday?

Evening worship, 7:45 p.m. Our evening service is growing; proving that one will find this, as well as any other service in "Central Baptist," particularly attractive because of the benefits one receives. "For Our Sakes He Became Poor" gives promise of another interesting sermon. Come out and enjoy the singing, the sermon and the Christian fellowship. It is really a help these days!

BIRTH

Mr. and Mrs. John Tibbot, of 21 Pear street, Palmyra, are receiving congratulations on the birth of a son, on Saturday, January 27, at the Zurrug Memorial Hospital.

CALVARY PRESBYTERIAN

Rev. Charles T. Bates, B.D., Pastor

The Sacrament of the Lord's Supper will be observed in Calvary Church on Sunday morning at 11 o'clock.

The organ selections will include "Communion" by Batiste; "Pastor" by Salome; "Postlude" by Stern. The choir will sing "There Is a Green Hill" by Kinder.

There will also be reception of members at this service. The mid-week service at 8 p.m. on February 8.

THE PORCH CLUB

Mr. Goren begins his (second) series of four lectures today (Thursday) at 10 a.m. The cost of this series of four lectures will be \$1.00 for club members and \$1.50 for non members.

The annual Bridge party, for the benefit of the River-ton Library, was held on Tuesday, January 31. In spite of the bad weather, twenty-one tables of bridge were played at the club house and many who could not come to the club played at their homes and turned the proceeds over to the bridge committee. A plant was sent to the club by the Dreer Nurseries, to be used as a door prize, and tea was served, by the tea committee, at the conclusion of the playing.

The bridge committee wishes to take this opportunity to thank all those who so kindly aided in making this bridge, for the benefit of the Library, a success.

On February 7th Miss Herr, of River-ton, has very kindly consented to give a music program after the business meeting. This is in place of the regular program that was scheduled for this time.

Wesleyan Men's Bible Class

FOR THE MEN OF THE COMMUNITY

Facts are something we all like to hear and tell others about—don't you think?

Good leadership is mighty important in carrying out any worthwhile undertaking. In our Class President we have one that is unflinching in his efforts, his thoughtfulness of others, his capacity to plan and arrange our services and activities, are only a few of his splendid assets.

Our teacher is not only loved and respected by the members but brings to us each Sunday a message that increases the heart-beat, impresses the unbeliever so that he offers up his first prayer, and educates the man who thought God had gone out of style to come again and again. Surely there can be no one interested in work of this kind who questions the record of achievements of the Wesleyan Class. If you hear of any such person, pass the word along, perhaps we can help him to find a better place in the sun.

Last Sunday the attendance was 81—very fine. Next Sunday morning at 9:50 we will look for you and a friend. Mr. Poinsett will speak on "Peter's First Use of the Keys," Acts 2: 12-16; 28-41.

Trumpet duet by Yvonne Pennington and John Milroy.

Sugar made from raisins is prized by Arabs for their coffee.

BIRTHDAY LUNCHEON

OF "Y" AUXILIARY

The Ladies Auxiliary of the Y.M.C.A. will hold a birthday luncheon on Thursday, February 9th, at 1 o'clock, at the "Y" building, Palmyra.

Mr. George M. Berlinger, Jr. will speak on "The Romance of Perfume—the Soul of Flowers."

ENGAGED

Mr. and Mrs. Thomas Giorgio, of Camden, have announced the engagement of their daughter, Miss Caroline Giorgio, to Samuel Silvestri, of Burlington Pike, Cinnaminson.

No date has been set for the wedding.

SPORTS JOTTINGS

The Palmyra High School junior varsity made it a clean sweep over Burlington last Friday night by winning 11-4 from the Blue and White reserves.

Moorestown got back into the win column by registering a 37-23 win over Paulsboro last week. Merchantville won, 32-26, from Gloucester in another Group 3 tilt.

The 5 & 10 team is confident of taking the Artisans into camp, while the lodgements are equally certain of annexing the verdict. Next Monday night will prove one set of experts to be decidedly incorrect.

The Burke & Bales Service Station is a popular rendezvous for local athletes. Expert opinion, or advice, is cheerfully given by the various habitués. Almost every sport is included in the range, with the possible exception of equestrian. Basketball, naturally, occupies the center of the stage at the present time, but Manager Bill Anderson, of Broadway, says that the baseball season is just around the corner. His team will train at Bermuda this year.

EASY WIN OVER VOCATIONAL FIVE

Palmyra had little difficulty in grabbing a 43-10 decision from Camden Vocational on Tuesday afternoon of this week.

The local hoopsters led from the opening tap-off and the engagement soon became a hopeless rout for the Camdenites.

Rothbaum, Marshall and Gamble were in the scoring van for the Red and White.

ARTISANS MEET 5 & 10 QUINTET

A closely contested court game is forecast for Monday evening of next week, when the Artisans' five meets the 5 & 10 aggregation. As both outfits are keen rivals, the engagement should produce some of the best basketball seen thus far this year.

Sigma Kappa takes on the Knights of Columbus in the second tilt of the evening, while the Trojans engage the Palmyra Firemen in the 9 o'clock encounter.

The first fracas starts at 7 o'clock, with the second slated for 8 p.m.

Admission for all three games is but 10 cents and those who have attended previous encounters are unanimous in stating that it is the biggest value for their money that can be found in this section of the country.

Next Monday and the games of the following week will wind up the regular season, after which a round-robin tournament will be played to decide the championship. Three or four of the leaders will participate.

Distributor For Fairbanks-Morse Coal Burners

Warren T. Smith, plumbing contractor and electrical appliance dealer, at 105½ West Broad street, Palmyra, announces his appointment as distributor for the Fairbanks-Morse coal burners in six counties. The territory which will be represented by Mr. Smith covers the following counties in their entirety: Burlington, Monmouth, Ocean, Atlantic, Gloucester and Camden.

Mr. Smith is very enthusiastic over the future of the automatic coal burners he represents. Their acceptance in the home and places of business is becoming more widespread daily.

Two Types

The Fairbanks-Morse burners are available with either bin feed or hopper feed. The coal is automatically fed into the fire chamber and the intensity of heat automatically controlled. The ashes are automatically removed and deposited in dustless containers.

Mr. Smith cordially invites inquiries concerning the latest models and will gladly make a free survey of your present heating equipment. Several installations have been made locally and can be seen in operation by appointment.

A picture of a local installation is contained in Warren T. Smith's advertisement in this issue.

THREE FEATURES ON MAT CARD

A triple windup wrestling bill is next scheduled for patrons of the Camden Armory. The Hanlys have booked in three bouts of equal limit to a finish, with no time limit, them standing on their toes from start to finish.

The curtain closer is an encore between Cliff Olsen, wild and woolly Swede from Minnesota and Gino Garibaldi, a sturdy Italian from St. Louis. Their contest calls for one of brawn and skill. Cox being the Cox and Coleman.

Dynamite Joe Cox, Kansas City bully, second in line as the pet hate of drilled mat fans, will take on Abe Coleman, pigmy dropkick artist from New York, in the second star bout also carded for one fall to a finish. This is a match that should have the crowd in an uproar long before the bell rings to do their chores. Its a match of brawn and skill. Cox biting the brawn, with Coleman furnishing the skill.

Gino Vagnone, redheaded Latin-American who is somewhat of a fixture in the drilled, will embark on another drive towards the top, after several reverses suffered at the hands of Ernie Dusek when he tackled a grappler with a bright future in Bob Stein of New York.

This is also limited to one fall, with no time limit and follows two other bouts of 30 minutes duration.

New Stern Store Opens February 4

Stern's Home Furnishing Store, 229-30 Pavilion avenue, Riverside, will hold their formal grand opening of the new day-light store on Saturday, February 4th. In conjunction with the grand opening, the store is holding its semi-annual furniture sale, offering big furniture values.

The new store, opposite the Fox Theatre in Riverside, has been completely rebuilt. The outside is comparable with the better stores found in Philadelphia or New York. The interior is finished in celotex, and is lighted with the latest type indirect lighting fixtures, that customers may be better able to see the merchandise on display.

Established 1887

The house of Stern was established in 1887 by Dave Stern who at that time occupied the property now tenanted by the American store. During his twenty-five years in the house furnishing business, Mr. Stern has built a fine clientele in Riverside and surrounding towns. Following Mr. Stern's death in 1912, B. B. Heitner married Pearl M. Stern and assumed general management of the business. Mr. Heitner has spent thirty-seven years of his life in the furnishings business and knows it from the ground up. Mr. Heitner has followed.

DISPLAYS NEW G.E. REFRIGERATORS

Fifteen new model General-Electric refrigerators are now announced and several of the more popular size residence models are on the display floor at the Taylor-Mathers General Electric showroom, 309 East Broad street, Palmyra.

Taylor-Mathers cordially invite the public to inspect these new models and learn first hand the latest improvements incorporated in them.

FREEHOLDER ON HOSPITAL BOARD

Mrs. C. E. Lord, president of the Burlington County Woman's League, appearing as a taxpayer, asked the Burlington County Board of Freeholders to name one of its members to serve on the board of trustees of the Burlington County Hospital.

The county makes a sizeable appropriation to this institution each year.

Freeholder Charles R. Stout objected to the proposition, stating that such a move might inject politics into the management. Albert C. Jones, board member, said that the freeholders really should have some jurisdiction over the way the money was spent, adding that \$57,000 was allotted last year, with a request for \$67,000 during 1939.

Mrs. J. Milton Grieco, wife of Dr. Grieco, a member of the hospital staff objected to Mrs. Lord's proposal.

No further action was taken by the board.

Camp Trustees Dine

The February dinner meeting of the Camp Ockanickon Trustees celebrated two important events: first, the birthday of Henry F. Stockwell, and secondly, fifteen years as president of this organization. He was elected to this position at the February meeting, back in 1924.

OBITUARIES

FRANK LENHART

Frank Lenhart, formerly of Riverton, died on Monday, January 30. Funeral services will be held today (Thursday) at 8 a.m. from the Snover Funeral Home with high requiem mass at the Church of the Sacred Heart at 9 o'clock.

The deceased was employed for a number of years at the Deere Nursery in Riverton and is survived by a niece, Mrs. Lillian R. Martin, of 37 Rowland street, Palmyra.

CARL WIERBERG

Carl Wierberg, of Roebeling, formerly of Riverton, died at his home on Sunday.

Funeral services were held from the Black Funeral Parlors in Burlington, with interment in Morgan Cemetery, Palmyra.

Mrs. Wierberg is the only survivor.

GEORGE SHEA

George Shea, 86, died at the home of his nephew, Harry Shea, of Cinnaminson, on Wednesday.

Funeral services will be held on Saturday at 2:30 p.m. from the Snover Funeral Home, Rev. A. J. Harke officiating.

Interment will be made in Lakeview Memorial Park.

The deceased is survived by one son, William Shea, of Moorestown.

YMCA BRIEFS

The last Tuesday evening of every other month is the regular dinner meeting date of the County Board of the Y.M.C.A. governing body of men responsible for the Young Men's Christian Association program and service in behalf of the youth of the county.

The January 31 meeting was held at the Moorestown Community House. Judge Harold B. Wells, of Bordentown, conducted the devotional service immediately following the dinner. Reports of chairmen of the various committees of the board were then heard, and business items considered. One of these was the

NOTICE

Notice is hereby given to the legal voters of the School District of the Borough of Riverton, in the County of Burlington, that the annual meeting for the election of three members of the Board of Education will be held at the School House, on

TUESDAY, FEBRUARY 14, 1939
from 7:00 o'clock p.m. to 9:00 p.m., and as much longer as may be necessary, to enable all the legal voters present to cast their ballots.

Three (3) members will be elected 3 years. As said meeting will be held on the first Tuesday of February, 1939, the following question of voting a tax for the following purposes:

For current expenses \$33,303.97
For repairs and replacements 1,000.00
For manual training 900.00
For bond redemption and interest 2,400.00
For manual training 8,600.00
The total amount sought is \$45,203.97

The following proposition will be submitted: to transfer the sum of \$2,500.00 from the current expense account to the repair and replacement account.

Dated this Twenty-third day of January, 1939.

WILLIAM H. BOTTOER, District Clerk.

NOTE—The term "current expenses" includes principals, teachers, janitors, and medical inspectors salaries, fuel, textbooks, school supplies, flags, transportation of pupils, tuition of pupils attending schools in other districts with the consent of the Board of Education, school libraries, compensation of the District Clerk, of the custodian of school moneys and of transient officers, transient school, insurance and the incidental expenses of the school.

A member of the Board of Education, and at least 21 years of age, a citizen and resident of the school district, and shall have been such a citizen and resident for at least three years immediately preceding his or her becoming a member of such Board, and shall be able to read and write.

Petitions, legally nominating candidates to be voted on at said meeting, must be filed with the District Clerk at least twenty days before the date of the meeting in order to have the names of such candidates printed on the official ballots to be used in voting.

In calculating the above-mentioned twenty days either the filing day or the election day but not both may be counted. Blank forms for this purpose may be obtained from the District Clerk.

Persons who may vote in addition to those registered for the last preceding general election and those whose names appear on the list of voters for the current year, shall be those who register at the polling place on the Saturday evening preceding the election between the hours of 7 o'clock and 9 o'clock p.m. Any person may register for this purpose who is qualified to vote in that district for a member of the legislature.

NOTICE

Notice is hereby given to the legal voters of the School District of the Township of Cinnaminson in the County of Burlington that the annual meeting for the election of two members of the Board of Education will be held at Westfield Public School on

TUESDAY, FEBRUARY 14, 1939
from 7:00 o'clock p.m. to 9:00 and as much longer as may be necessary, to enable all the legal voters present to cast their ballots.

Two members will be elected 3 years. As said meeting will be held on the first Tuesday of February, 1939, the following question of voting a tax for the following purposes:

For current expenses \$36,511.00
For repairs and replacements 2,400.00
For manual training 7,700.00
The total amount sought to be necessary is \$46,611.00

The following proposition will also be submitted: to transfer the sum of \$750.00 from the current expense to repair and replacement

Dated this Thirtieth day of January, 1939.
EMMA D. FRANK, District Clerk.

ON WEST POINT TRUSTEE BOARD

Congressman D. Lane Powers has been named a member of the Board of Trustees of the United States Military Academy for the seventh consecutive year.

Powers' appointment came through Edward T. Taylor, chairman of the house appropriations committee. Powers is third ranking minority member of that committee, and ranking minority member of the war department appropriations committee.

Powers, in accepting the appointment, stated today:

"I have nothing but praise for the effectiveness of the United States Military Academy. That institution is yearly turning out fine men, who make splendid officers and are a credit to the country."

SCHOOL BOARD ELECTION TUESDAY

Only Contest in Cinnaminson
Unless Sticker Candidates
Appear Later

School elections will occupy the center of interest on Tuesday evening of next week, when citizens in Riverton, Palmyra and Cinnaminson will cast their ballots for members of the boards of education in their respective communities.

There will be opposition to the various candidates in Cinnaminson, while in Palmyra and Riverton, only three and four individuals have filed for a similar number of vacancies.

Two Incumbents

Richard M. Woodward and Arthur H. Burns, present members of the board are seeking re-election, while Thomas R. Taylor is the candidate for the other post.

The voters will also be asked to approve the following budget: current expenses, \$33,303.97; repairs and replacements, \$1,000.00; manual training, \$900.00; bond redemption and interest, \$2,400.00. The total amount sought to be necessary is \$35,203.97. Authorization will also be asked to transfer the sum of \$2,500.00 from the current expense account to the repair and replacement account.

In Cinnaminson

The terms of two Cinnaminson Board members expire this year and both incumbents are candidates for re-election. They are Maurice Conow and Mrs. Christina Davison. Rev. Madison Rowe, who has been a candidate before, has entered the competition again.

The question of voting a tax for the following will also be presented (continued on page 2)

Board Members Welfare Group

The Board Members of the Riverton-Cinnaminson Welfare Association for the current year are as follows:

Clifton P. Mayfield, president; W. A. Hendrickson, treasurer; Joseph Beck Taylor, attorney; Mrs. David S. Little, secretary.

Mrs. Murray C. Boyer, Mrs. Gilbert A. Coe, Rev. Francis B. Downs, Charles Evans, David P. Gould, Edward Jessup, Mrs. John E. Lowe, Mrs. Singleton Means, Frederick Metzger, Miss Cornelia Murray, Miss Elizabeth Shoemaker, Dr. John Siddle, Howard Taylor, Mrs. Walter K. Woolman and Victor Ritschard.

1939 LICENSE

TAGS READY NOW

The 1939 automobile tags and drivers' licenses were made available to New Jersey motorists last week, although they are not to be used until March 15.

The new plates are orange and black and smaller in size than last year, and entirely new in letter and number makeup from previous years. Although motorists are permitted to use the new tags on March 15, the old ones do not expire until March 31.

All in all, there are approximately 24,000 drivers' licenses taken out in county agencies, which in addition to Mount Holly are located at Burlington and Bordentown.

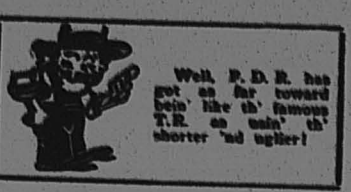

The last minute rush is expected during the latter part of March.

Evidently February is the most popular season in Florida as far as local residents are concerned, a number of families having departed for the sunny south during the past week.

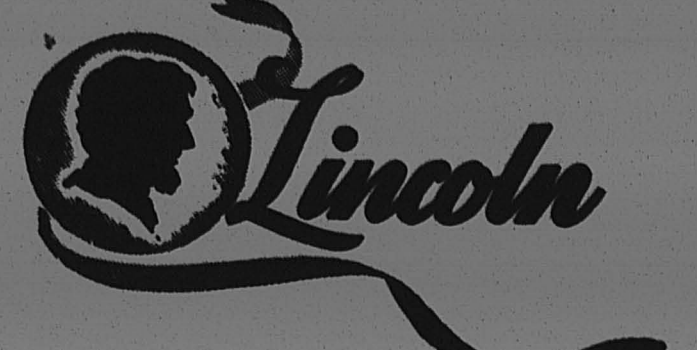

THE NEW ERA

RIVERTON : CINNAMINSON : PALMYRA

RIVERTON—PALMYRA, N. J., THURSDAY, FEBRUARY 9, 1939

PRICE FIVE CENTS

So long as there is a desire for freedom; so long as there is tolerance and forbearance; so long as there is democracy—so long will the memory of the Great Emancipator remain fresh.

RIVERTON SCHOOL IS RANSACKED

Vandalism Accompanies Break That Nets Thief Small Sum; Others Elsewhere

The Riverton Public School was visited last Friday night by a vandal-thief who, after disarranging much school equipment, succeeded in getting away with a sum of money that amounted to about 35 or 40 cents.

State police, who were called into the case by Chief William Gootes, of Riverton, believe that the act was performed by a person with a peculiar bent who made similar breaks in a Bordentown school two weeks ago and one at the Willingboro Township School recently.

Jimmed Door

The robbery was discovered on Saturday morning by George Carnie, one of the janitors, who immediately reported the case to the local police. Investigation revealed that entrance was gained by jimmying a door on the Cinnaminson street side of the building.

The desk drawers in practically every room had been taken to the clothes closets, where the contents had been dumped on the floor in order that the thief might examine them without a light showing from the inside.

This procedure explains why no lights were seen in the building during the considerable period of time that the marauder must have been at work.

Ink Spilled

In addition to his work with the desks, the person who made the break also took the trouble to inject an especial bit of vandalism into the picture by spilling ink over a number of desks in two classrooms.

The time that the robbery occurred (continued on page 3)

1939 LICENSE TAGS READY NOW

The 1939 automobile tags and drivers' licenses were made available to New Jersey motorists last week, although they are not to be used until March 15.

The new plates are orange and black and smaller in size than last year, and entirely new in letter and number makeup from previous years. Although motorists are permitted to use the new tags on March 15, the old ones do not expire until March 31.

All in all, there are approximately 24,000 drivers' licenses taken out in county agencies, which in addition to Mount Holly are located at Burlington and Bordentown.

The last minute rush is expected during the latter part of March.

Evidently February is the most popular season in Florida as far as local residents are concerned, a number of families having departed for the sunny south during the past week.

Rev. George Lockett, noted authority on the life of Abraham Lincoln, will speak regarding the Great Emancipator at the meeting of the Burlington County Republican Committee, in the Mt. Holly court house, on Monday, February 13.

Rev. Lockett has made an intensive study of Lincoln's life and the members of the committee feel most fortunate in being able to have him speak at the session.

FORGOTTEN TOWNS OF NEW JERSEY

A. B. Garwood, Co-Searcher With Henry Beck, Tells Rotary About Trips

Iron, glass, and lumber were the raw materials which developed an unique civilization in the pine wilderness of Burlington and neighboring counties during the colonial period, said A. B. Garwood, advertising expert, and co-searcher with Mr. Henry Beck of the Camden Courier for forgotten towns in South Jersey, to Palmyra-Riverton Rotarians at their meeting last Thursday. These industries, he added, have all disappeared except for scattered ruins, though the history they made is being brought to life through Beck's three volumes on ancient towns and other interesting sites.

The talk was illustrated with many pictures taken on trips to a number of venerable ruins, and surviving houses which have weathered the years.

An enthralled audience listened for two hours as Mr. Garwood told story after story, many of them dealing with locations familiar to his hearers. Among the most interesting were the descriptions of the first mill in New Jersey located on the Rancocas, the Isabel Glass Works, the first paper mill at Harsaria, which furnished paper for Benjamin Franklin, and the Speedwell Iron furnaces. Such facts as the lighting of the main street of Harsaria by natural gas before the Revolution, the construction of a huge cannon for George Washington's army at Speedwell, which was lost when it fell through a bridge over a creek, and may soon be recovered through the use of wooden scientific metal finding instruments, and the construction of the stage-coach-railway road from Bordentown to Tucker-ton, kept the interest at a high pitch.

O'Neill's Birthplace

Events ranged in time from the prehistoric trips made by Indians to Cape May, where they secured oysters in large quantities, smoked them, and brought them back to trade with mountain Indians for flint and copper, to the adventures of Bonaparte of Bordentown and his

(continued on page 2)

SCOUT DRIVE IS ON IN PALMYRA

The annual campaign for funds to carry on the splendid work among the boys of our county is under way, and Palmyra is fortunate in having enlisted Charles S. Stickney, Ernest Senior, John White and S. Stuart Buchholz to captain teams of workers who are calling on everybody for their contributions this week. As Palmyra's share of the total county

FORGOTTEN TOWNS OF NEW JERSEY

(continued from page 1)

relation by marriage, Prince Murat. There were views of Indian copper mines, and the house where George Washington's farewell address was composed. That most modern of playwrights Eugene O'Neill was disclosed as having been born near Zion, New Jersey, once a meeting ground for Indian pow-wows; almost every locality within a stone's throw seemed to be steeped in history and tradition.

British Move Out

A typical story was that about Crosswicks Friends' Meeting House, which at the time of the Revolution was occupied by the British. A Continental piece of artillery and a company of militia were dispatched to clear them out. The gunner fired but twice, two shots through the roof, and one into the wall, this ball imbedded itself in a beam, shook down some plaster and started the Red-Coats moving. After the skirmish, the Quakers moved back, carefully removed the cannon-ball, and presented it to a family living across the road; the scar was then plastered up. Not long ago the 150th anniversary of the founding of the Meeting was celebrated, and modern Friends decided to restore the missile as an historic relic. They asked the descendants of the same family, who had originally been given the shot, and who were using it as a door-stop, for its return. They gladly consented, and the ancient cannon ball was replaced in the hole it had made over a century before.

Wishes for Recovery

Attention was called to the illness of Earl Williams a charter member of the club, who has been ill for several weeks; the fellowship committee was instructed to send him flowers, and the good wishes of the club for his speedy recovery. The club also went on record as appreciating the friendly spirit of those owning Lippincott's pond, which is made available to local residents for skating during the winter. Such civic-mindedness typifies the Rotary ideal of community service.

SPEEDERS FINED BY CECIL BOWERS

State Police of Bridgeboro sub-station arrested three drivers last week on Route 25 in Cinnaminson and Burlington Townships on speeding charges.

William Rosner, of Camden, was fined \$10 and costs by Recorder Bowers, Cinnaminson, and Bowers fined Samuel Singer, New York, \$3 and costs.

Police Magistrate Young, of Burlington, placed a \$3 fine on Nathan Warthman, Washington, D. C.

The work of the troopers on this section of Route 25 is lauded by local residents who have been appalled by the terrific speed of many drivers.

BEWARE JAPANESE SHAVING BRUSHES

Dr. J. Lynn Mahaffey, State Health Director, recently appealed to retailers and pharmacists to confiscate shaving brushes imported from Japan in 1937 and found to be infected with anthrax.

Dr. Mahaffey said the brushes were distributed from New York city and are stamped on top with "Japan 332" and on the side with "imperial-sterilized."

FIRE SATURDAY

The Palmyra Fire Company answered an alarm early Saturday evening for a fire in the basement of the home of John Belleford, 504 West Fourth street, Palmyra.

The blaze which was believed to have started from the heater, was extinguished promptly and with little damage resulting.

Tuberculosis is an ancient disease. Examined skeletons of prehistoric periods bear indications of the effect of the disease and the code of Hammurabi, written more than 2,000 B.C., indicates a knowledge of the disease.

80th BIRTHDAY

A four score year birthday dinner party was given on Saturday evening, February 4, 1939, to Mrs. Sarah Darnell at the home of Mrs. Edward King, 831 Highland avenue, Palmyra. Despite her 80 years Mrs. Darnell shows much activity.

Those in attendance were Mrs. Sarah Darnell, Mr. and Mrs. George Shute, of Pitman, Mr. and Mrs. Robert Binder, of Masonville, Mrs. Vada Wright, Miss Doris Wright, Mr. Lloyd Wright, Mr. Herman Wright and Mr. Elvin Wright, of Indian Mills, Mrs. Emma Cotton, of Tabernacle, Mr. and Mrs. Samuel Silver, of Ohio, Miss Heallitter, of Lancaster, Pa.

The following guests were from Palmyra: Mr. and Mrs. Elvin I. Powell, Mr. and Mrs. William E. Powell, Mrs. Amanda B. Powell, Mr. Howard E. Powell, Mr. and Mrs. Stanley Black, and Mr. Robert Freise, Mr. and Mrs. Edward King.

School Board Election Tuesday

(continued from page 1)

to the voters: current expenses, \$36,511.00; repairs and replacements, \$2,400.00; manual training, \$750.00; the total amount thought to be necessary is \$39,661.00. The voters will also be requested to authorize the transfer of \$750.00 from the current expense to the repair and replacement account.

Palmyra

In Palmyra, the situation is somewhat complicated, due to the fact there have been several changes in the personnel of the board during the past year.

George M. Rivel, incumbent, is a candidate for re-election. Sydney Burger, present member, will not be a candidate and Carl Lutz has filed a petition for the other full term.

James Henson, who was appointed to fill the unexpired term of Herbert Parsons since the resignation of the latter, seeks re-election for a complete term.

Joseph S. Low is a candidate for the vacancy caused by the resignation of Albert McCay several months ago. This post was not filled temporarily by appointment and has two more years to run.

The budget proposed to be voted on is as follows: Current expenses, \$45,849.44; repairs and replacements, \$8,500.00; manual training, \$4,000.00; vocational training, \$1,000.00. The total amount thought to be necessary is \$59,349.44.

AUXILIARY BIRTHDAY PARTY
The Y.M.C.A. Women's Auxiliary luncheon, this Thursday noon at the "Y" building, Palmyra, will mark the seventh anniversary of its organization. Secretary Guy C. Hendry will be a guest. Mrs. Arthur Gowell, of Riverton, is the auxiliary president, and will have charge of the birthday program.

LESS SICKNESS THAN YEAR AGO

A decrease of 501 disease cases last month in Burlington County in comparison with cases for the month of January, 1938, is reported by the State Department of Health in its monthly bulletin made public recently.

The decrease, according to officials, is due to the decrease in measles cases. There was only one case reported in the county last month. There were 520 cases January a year ago.

One case of tularemia, rare blood disease, was reported. This was in Springfield Township.

It is estimated that one-third of the total cost of medical care is paid by those who are seriously ill. The seriously ill constitute one-tenth of one per cent (or one in every thousand) of the population at a given time.

Bridge

A very interesting lecture was given by Mr. Goren last Thursday morning. This was the first of his second series of four lectures. The next lecture is to be given on Thursday morning, February 16th, at 10 o'clock. The cost of this series of lectures is \$1.00 for club members and \$1.50 for non-members. Single lectures are 50 cents.

STROHLEIN PARTY FRIDAY EVENING

The Knights of Columbus card party sponsored and conducted by the Strohlein families will take place this Friday evening, February 10th, at the K. of C. hall Broad street and Elm avenue, Palmyra. These parties in the past have always been an outstanding event, and this one will be no exception. Wonderful prizes will be awarded in addition to refreshments and the door prize.

Pinochle, bridge and five hundred and other games will be played. A capacity attendance is expected, and it would be well to come early as efforts will be made to start playing at 8:30 sharp. The donation will be but 35c.

BIRTHS

Mr. and Mrs. Edwin Leavey, of 106 Second street, are receiving congratulations on the birth of a daughter, Carole Ann, on Wednesday, January 25, at the Zurburg Memorial Hospital.

Mrs. Leavey was formerly Miss Eleanor Carney.

Mr. and Mrs. Andrew L. Brennon, of 307 Vine street, Delanco, are receiving congratulations on the birth of a daughter, Patricia Louise, on Sunday, February 5, at the Zurburg Memorial Hospital.

Cultivate good nature; it will cover a multitude of defects.

YOUNG PEOPLE'S EPWORTH LEAGUE

Last Sunday our service was attended by thirty-four young people of the community.

This Sunday, the service will commemorate Lincoln's Birthday, with Robert Patchel, of the high school faculty as the speaker.

Special music will be furnished by the Mt. Zion A.M.E. Junior Choir, under the direction of Mrs. Eleanor Young.

"A House Divided"

Three days from today we will celebrate the birthday of ABRAHAM LINCOLN, who once said, "...A house divided against itself cannot stand." What was done to heal the division in his time is a matter of history, and the greater United States of today bears testimony to his wisdom.

In these days of internal disagreement, it might be well to reflect upon this and other simple truths coming from "Honest Abe," and to try to find in them a simple guide to a greater unity and a greater Nation.

CINNAMINSON BANK and TRUST CO.

Riverton, N. J.

CONSTRUCTION OF ALMSHOUSE POOR

Fourteen Errors Charged by Freeholders Adams, Price After Inspection

Following an inspection of the new almshouse last week, Freeholders Palmer L. Adams and Clarence G. Price severely criticized the construction of the building, citing 14 cases where they contended errors had been made.

Colonel Hugh A. Kelly, architect, and James Cantwell, his assistant, were members of the inspecting party.

What's Wrong

The following alleged faults were brought out by the complainants:

That the air ducts in the hallways on the second floor have been placed beneath the ceiling, so that when the lighting fixtures are installed they will clear the floor by only five feet, six inches.

Two-face tile walls have been constructed in the basement storage rooms for onions and potatoes.

Charged that plumbing contractor left outside trenches open, resulting in the destruction of insulation on steam line running to new building from the adjacent powerhouse of the insane hospital. Water in the trenches has caused the retaining wall foundations to leave the building, causing a seepage under the building, resulting in water in the basement.

Men's toilet on first floor is located directly over the cold storage box in the basement. If the cold storage box is built to specifications, the soil pipes from the toilets will pass through it and cause an unsanitary condition.

The floors of the open porches on the ends of the wings have no grade or drainage and are level with the first floor of the building, resulting in rain water seeping into the institution.

Cold water and waste lines run directly to the sterilizer, while the live steam line comes up outside of partition on opposite side of room, ten feet away.

Water pipes in basement suspended from ceiling 12 inches below top of doors.

Dumbwaiter runs from basement to ceiling of first floor, instead of second floor.

Water Overflow

Bottom of areaway flooring drained by sumps and siphon arrangements, which costs it necessary for water to rise eight inches in sumps before it is carried away. Should the sumps be frozen over in the winter, the water has to rise but two inches in the areaway flooring before it will overflow into the basement windows.

Dug hole and placed building in it, with areaway around it to provide light for the basement windows. Would have been more practical and economical to build on top of ground, and in event of future overcrowded conditions, first floor basement could be utilized for housing of patients.

Promenade deck of roof, which is to be used by patients for sunbaths, covered with one-quarter inch slate, which already is breaking.

Exposed sewer pipes run through many rooms.

Excavation, 30 feet by 15 feet, under southeast porch, sealed up. Instead of using this as room to house transformers, a new room was built under stairway.

Floor type urinals installed in second-floor toilet room, instead of wall type as specified. In order to install floor type urinals, holes five inches deep were cut into the six-inch reinforced concrete floors, thus weakening the construction. In event of leakage, water will seep through to first floor.

RIVERTON SCHOOL IS RANSACKED

(continued from page 1)

curred has not been determined exactly, but police believe that it was shortly after 10 o'clock in the evening because, for some unknown reason, the perpetrator removed a pendulum from one of the clocks. This had stopped at about 10:15.

An intensive investigation of the affair is being made by State troopers and local officers.

THE PEOPLE'S COLUMN

THE COUNTY JAIL

From time to time there has been sporadic agitation concerning the conditions prevailing at the Mount Holly jail, but no effective effort has been made to improve them.

Last summer a most severe indictment of the jail was published by a member of the Institutions and Agencies Commission at Trenton, who was sent to investigate it.

Conditions existing there seem incredible in this age of intelligent and constructive prison practice. Prisoners are herded into cells in unsanitary and over-crowded conditions. No effort is made to segregate the diseased or "the infant in vice from the influence of the veteran in wickedness." Moral degeneration is fostered by the prisoners being kept in complete idleness and in an overcrowded condition.

In well managed prisons today the practice of housing two offenders in one cell is not tolerated, since it leads, according to the American Prison Association, to the worst

vices of which the human race is capable.

In the Mount Holly jail two to four offenders occupy one cell. The so-called "subway" was originally built to aid in the ventilation of the jail, but now houses prisoners in double bunks, and in a filthy and unhealthy condition.

One hundred and thirty years ago this jail was built by a man whose ideas approximate very nearly the most modern prison theory. The architect, a Mr. Wills, believed in the redemptive quality of work, and provided occupational opportunities in the prison which have long since been abandoned.

It was a model jail at that time, but few changes have been made since, and the lofty ideals for the treatment of prisoners have been entirely neglected, due in part to overcrowding, bad upkeep and lack of work.

Through the years society has learned that for its own protection, it must have penal institutions that are clean and healthy, offering opportunities to rehabilitate rather than degrade its delinquents.

It is with shame that the people of Burlington County learned of the dangerous and demoralizing conditions existing in their county jail at Mount Holly.

It is therefore proposed by the State Department of Institutions and Agencies at Trenton that a modern jail be erected on the county property at New Lisbon, where they can be put to work constructively.

It is felt that this program will not only rehabilitate the delinquents, but will reduce the cost of upkeep to both the jail and the adjacent county institutions, thereby tending to lower county expenditures with the resultant decrease in taxes.

(Signed) The Riverton Porch Club

Over 1,000 dwelling houses burn down each day in the United States.

There is one physician in New Jersey to every 818 persons. In England this ratio is one to every 1400 and in Sweden it is one physician to every 2800 population.

IN CHANCERY OF NEW JERSEY

To EDWARD R. WILLIAMS:
By virtue of an order of the Court of Chancery of New Jersey made on the day of the date hereof in a cause wherein Frank B. Stanton and Mary Stanton, his wife, are complainants, and you, Edward R. Williams, are defendant, you are required to appear, plead or answer to the Bill of said complainants on or before the 3rd day of April next, or the said bill will be taken by you to the said Frank B. Stanton and Mary Stanton, his wife, in the sum of \$2100.00, dated May 21, 1937, and recorded in the office of the Clerk of Burlington County in Book 301 of Mortgages, Page 127, on lands situate in the Borough of Riverton, in the County of Burlington and State of New Jersey.

And you, Edward R. Williams, are made defendant because you are the owner of the mortgaged premises.

PALMYRA

Miss Helen Huyett, daughter of Councilman Wesley P. Huyett, of Spring Garden street, will leave this week for a stay of several weeks in Miami, Florida, where she will visit her aunt and uncle, Mr. and Mrs. Ellis Carpenter.

The many friends of Chief C. Morris Beck are glad to see him back on duty again after an illness of some duration.

Mrs. S. Frabatore, of 600 Arch street, Palmyra, was the winner in the February 3 drawing in Shulman's Merchandise Club.

W. T. Hudgins and sister, of Baltimore, and W. I. Hudgins, of West Point, N. Y., were weekend guests of Mr. and Mrs. J. H. Hudgins, of 25 Rowland street, Palmyra.

A social afternoon of cards will be held by the Ladies Auxiliary of the K. of C. on Tuesday, February 14 at 2 o'clock in the hall. Members and their friends are invited. Mrs. Harry Stack, of Palmyra, is in charge of the affair.

Mrs. H. D. Bates, of Berkeley avenue, was the winner in the February 1 drawing of the Miscellaneous Club of the Sacred Heart P.T.A.

The Ladies Aid Society of the Epworth M. E. Church will hold a Pillsbury Pancake Supper on Friday, February 10, from 5:30 to 7 p.m. Tickets are 25c and can be secured from Mrs. Harvey Trauger, of 509 Cinnaminson street, Riverton.

Mrs. B. C. Horner and son, Joseph, of 631 Morgan avenue, a student at the University of Pennsylvania, are spending several days in Bridgeton, visiting relatives.

Mrs. Albert Smith entertained relatives from West Philadelphia, on Tuesday.

The Palmyra Chess Club met at the home of John Mallory, of Highland avenue, on Tuesday evening of this week.

The many friends of Mrs. A. J. Brooks, of Leconey avenue, will be sorry to learn that she has been ill with intestinal grip.

An invitation is still extended to all men who would like to join the Palmyra Chess Club. The meeting next Tuesday evening will be held at the home of Herman Anders, 331 Leconey avenue.

The Ways and Means Committee of the Order of the Eastern Star met at the home of Mrs. Mark Naco, of Lincoln avenue, Tuesday of this week. The meeting was preceded by a luncheon.

Mr. and Mrs. Harry B. Williams, of Highland avenue, entertained friends at cards Saturday evening.

Mrs. Erickson, of Highland avenue, entertained Mr. and Mrs. Robert Moody and daughter, Clara, of Overbrook, on Saturday.

Mrs. Patterson, of Newark, mother of Mrs. Dean LeFavor, is a patient in Zurburg Memorial Hospital, Riverside, suffering from pneumonia.

RIVERTON

Walter Moyer, of Fulton street, is recovering from a painful knee injury sustained recently.

Among those recently registered at the Chalfonte-Haddon Hall, Atlantic City, were Mrs. Robert Bidle, of 307 Highway, and Mrs. Lillian Rogers, of 302 Highway.

Mrs. David Fagen, of Golf Road, and her son are at St. Petersburg, Florida, where Mr. Fagen will join them later in the month.

Mrs. Robert Fichter, of East Riverton, entertained the members of the Ladies Auxiliary of the Delaware Fire Company at a card party at her home on Saturday evening.

Mrs. Marion Sauers, who was taken to the Cooper Hospital, Camden, Monday afternoon for observation, is critically ill.

Mr. and Mrs. Charles DeLaney, of Thomas avenue, spent Friday with Mr. and Mrs. Joseph Kaldenbach, of Upper Darby.

Mr. David Symon and family, of Thomas avenue, are moving to Atlanta, Georgia, where Mr. Symon has accepted a position with the Civil Aeronautics Authority.

Mr. and Mrs. Maurice Joyce, of Burlington Pike, entertained at a buffet supper Saturday evening following the Merchantville Juniors' Frolic at the Walt Whitman. Among those present were: Mr. and Mrs. Frank Stevenson, Mr. and Mrs. Oscar Joyce and Franklin States, of Collingswood; Mr. and Mrs. Robert Hunt, of Moorestown; Miss Mary Rappus, of Philadelphia, and Miss Helen Barnett and John Isoldi, of Camden.

Mr. and Mrs. James R. Wright, of Linden avenue, are receiving congratulations on the birth of a son, James Robert, Jr., at Zurburg Memorial Hospital, Riverside, February 2. Mrs. Wright will be remembered as Miss Virginia Good, daughter of Mr. and Mrs. Paul Good, of Linden avenue.

John H. Yost, son of Mr. and Mrs. Charles H. Yost, of Thomas avenue, has returned to his studies at Bucknell University, Lewisburg, Pa., after spending several days with his parents.

The many friends of Roy H. Heisler will be glad to know that he is improving following a heart attack last week. Mrs. Heisler is in the Zurburg Memorial Hospital, Riverside.

A Colonial Tea will be given by the members of the Legislative Committee of the Palmyra Woman's Club on Monday, in Society Hall, February 20. Mrs. Howard Tegge will speak on the topic, "The Constitution and Government of the State of New Jersey."

Mrs. Claire Adams of Brooklyn, New York, is spending the week with her daughter, Miss Jane Adams, of Cinnaminson avenue.

Mr. and Mrs. Samuel Silver, of Lakewood, Ohio, are visiting Mrs. Silver's parents, Mr. and Mrs. Elvin Powell.

BRIEF ITEMS
from
ABOUT TOWN

The groundhog failed to see his shadow last week, but skeptics in this section failed to show much enthusiasm over the forecast.

Pennsylvania Railroad employees have installed new type reflector light on the flashing signal at the Morgan avenue crossing, Palmyra.

The Riviera Restaurant, Broad street, Palmyra, closed its doors last week, thus terminating a very brief career in this vicinity.

Jack Dawley, Inc., local Oldsmobile dealer, had a new sign erected in front of his establishment on Monday of this week.

The streets were practically clear of ice Saturday morning, the first time that this amazing phenomena has occurred since the beginning of the current ice age.

The huge drydock on the Pennsylvania shore opposite the Riverton Yacht Club has been placed in position and already a large hulk of some forgotten vessel is anchored nearby waiting to be broken into scrap. Nothing but the hull remains, the superstructure having already been dismantled.

From the number of cars observed in front of local residences on Saturday night it appeared as though almost every one in town was entertaining.

The Riverton fire house continues to be a popular place on Sunday mornings as many visitors come to inspect the new ladder truck.

Led by Harold Wagner, member of the Philadelphia A's, who shows versatility on the court as well as on the diamond, the Sigma Kappa quintet nosed out the K. of C. to the tune of 20-17 in an Interborough Court League game on Monday night.

The Knights led practically all the way, but S. K. sank a field goal to assume a one point advantage with five minutes remaining to play. Williams, of the Kaceys, rang the bell for doubletons, to make the tally read K. C. 17, S.K. 16.

Gibbon Gets One
Gibbon, of the winners, then tallied from the floor and Weiner sank one of his copyrighted shots to make the affair safe for the fraternity lads.

The Knights were without the services of their star forward, McMahon, whose loss was keenly felt. The hustling Trojans had little trouble in taking the Palmyra Firemen into camp by the count of 31-6.

Robbman pushed in five field goals for the Troy men, while Messenger secured four in the same manner.

Lead All the Way
The 5 & 10 outfit was out in front all the way in the tilt with the Artisans, but the lodge men spurred on various occasions to narrow the gap and the final tally was 21-17 in favor of the merchants.

The A. O. M. P. aggregation put on an iron man act and played the entire 40 minutes without substitution.

Jack Easley scintillated for the winners by virtue of counting twice from the floor and staking a fine exhibition of foul shooting. He converted five out of a similar number of tries.

Sam Rothbaum, referee, also did yeoman duty during the evening handling all three games single-handed.

NEW ERA SPORTS

SPORTS JOTTINGS

The 5 & 10 vs. Artisans game on Monday night was perhaps the most bitterly contested of the entire season in the local court loop with both outfits striving desperately to gain the verdict. Despite the fact that the losers had no substitutes, they put up a tough battle.

Gloucester handed Moorestown a 34-32 reverse last Saturday night in an overtime tilt. This defeat should thoroughly squelch any championship aspirations of the Quaker clan.

Only a few more games remain on Palmyra High's regular court schedule and if any opponent expects to stop the Red and White avalanche they must still believe in miracles.

The Green bowling team of the Riverton Country Club trimmed Merion Maroon last week in an interclub loop match. The locals rolled one game of 1041, with the following individual scores: Clark, 214; Hagstoz, 244; Ayres, 217; Kitzmiller, 173; Coe, 193.

SIXTH LOOP WIN
FOR LOCAL FIVE

Palmyra Has Little Trouble
In Disposing of Foe
From Paulsboro

Paulsboro fell an easy victim to the stream-lined Palmyra High court quintet last Friday night on the local floor, as the Red and White turned in their sixth Group 3 loop win of the current season. The score was 35-21 in favor of the Dimondmen, who jumped into an early lead and coasted along through the remainder of the tilt.

Len Baker, at center, topped the scoring activities with five doubletons. Rivers boosted his total by nine, sinking three field goals and converting three fouls out of four charity throws.

Never a Threat
Paulsboro was handily outscored during three of the frames, managing to keep on even terms with Palmyra only in the last quarter when the fracas was well in the bag for the locals.

Broad and Main

Since the traffic light at the corner of Broad and Main streets is no longer in operation, a considerable amount of comment regarding the situation has been received from a number of local residents and various ideas have been promulgated regarding what should, or should not be done.

Many feel that it is only a question of time before a serious accident will occur at the intersection. This will, no doubt, bring swift action from local authorities, but the harm will have been done.

Others report that they are relieved that the signal is no longer functioning, stating that its operation was unnecessary and that the signals only served to delay traffic.

Another group believes that, if traffic is not to be controlled by the light, Broad street should be made a stop street at the intersection, the same as now exists in Palmyra.

Although there is less traffic on Main street, it would appear that no real value could be secured by making that thoroughfare a stop street. This is caused by the fact that if a car stopped on Main, south of the railroad, autos going east on Broad would be hidden from view by the station.

The same situation holds true for cars going south on Main street, where westbound machines on Broad are concealed by the building at the corner.

This proposal has its opponents as well, in view of the fact that the Palmyra system has also been criticized.

The problem facing Riverton Borough Council is not easy of solution, but can only be arrived at by a careful examination of the situation from all possible angles.

One has only to stand at the intersection for about half an hour at almost any time during the day, however, to become thoroughly impressed with the fact that some action should be taken in the not too far distant future.

My Country 'tis of Thee

(Reprinted by Request from The Oregonian, Portland, Oregon)

In this land of ours, this America, the man we choose as leader dons at no time uniform or insignia to denote his constitutional position as commander-in-chief of armed forces. No member of his cabinet, no civil subordinate, ever attires himself in garments significant of military power.

In this land of ours, this America, the average citizen sees so little of the army that he has not learned to distinguish between a major and a lieutenant from his shoulder straps. When the chief executive addresses his fellow countrymen they gather about him within handclasp distance. Goosestepping regiments are not paraded before him. When he speaks to the civilian population it is not over rank upon rank of helmeted heads.

In this land of ours, this America, there is no tramp of military boots to entertain the visiting statesman. There is no effort to frighten him with display of mobile cannon or of facility for mass production of aerial bombers.

In this land of ours, this America, there is no fortification along the several thousand miles of the northern border. In the great fresh water seas that partly separate it from another dominion no naval craft plies the waters. Along its southern border there are no forts, no show of martial strength.

In this land of ours, this America, no youth is conscripted to labor on devices of defense; military training he may take or leave at option. There is no armed force consistent with a policy of aggression. The navy is built against no menace from the western hemisphere, but wholly for defense against that which may threaten from Europe or Asia.

In this land of ours, this America, one-third of the population is foreign born, or native born of foreign or mixed parentage. Our more numerous "minorities" come from fourteen nations. The native born, whatever his descent, has all political and other rights possessed by him who traces his ancestry to the founding fathers. The foreign born of races that are assimilable are ad-

Highway Deaths
Show Big Drop

The lowest in twelve years, New Jersey traffic accident deaths have dropped to the amazing figure of 865 last year, representing a saving of 413 lives over 1937, according to a recent announcement by Motor Vehicle Commissioner Arthur W. Magee. It was a 32 per cent reduction which places the State high on the list among the States that contributed most to highway safety during the year.

In addition to its decrease in fatalities, New Jersey also enjoyed a record of 4,000 fewer accidents, dropping from 38,410 accidents in 1937 to 33,510. The reduction was 13 per cent and the same percentage of decrease prevailed in the number of persons non-fatally injured. Total injured was 24,918, or 3,917 less than the preceding year.

"The record itself speaks louder than mere words," said Commissioner Magee. "However, it is only fitting that credit for the splendid improvement be given to the many sources that contributed and made the record possible.

Credit to Drivers

"First there was the driver who deserves a warm pat on the back for his aroused safety consciousness that made him more careful in his use of the highways. His willingness to cooperate, without which no improvement can be made, has been the outstanding contribution to the record.

"Other potent factors have been a tightening up in general enforcement on the part of state, county and municipal police authorities; safety inspection of motor vehicles; removal of highway hazards and the illumination of several hundreds of miles of state highways by the State Highway Commission and the increased activities of automobile clubs, safety councils and other groups in the campaign of safety education."

While grateful for the decrease in accidents, deaths and injuries, Commissioner Magee cautions all drivers and the authorities not to rest on their laurels.

"There is still much to be done before the highways of the State are made the reasonably safe places for travel that can be expected in

mitted to all these privileges if they want them. We have "minorities" but no minority problem.

In this land of ours, this America, the common citizen may criticize without restraint the policies of his government or the aims of the chief executive. He may vote as his judgment or his conscience advises and not as a ruler dictates.

In this land of ours, this America, our songs are dedicated to love and romance, the blue of the night, sails in the sunset, and not to might or to a martyrdom to political cause: Our national anthem has martial words; difficult air. But if you want to hear the organ roll give the people its companion—"America... of thee I sing." In lighter patriotism we are nationally cosmopolitan. Unitedly we sing of Dixie or of Iowa, where the tall corn grows, of springtime in the Rockies, or of California, here I come.

In this land of ours, this America, there is not a bomb-proof shelter, and a gas mask is a curiosity. It is not needed that we teach our children where to run when death-hawks darken the sky.

In this land of ours, this America, our troubles present or prospective come from within—come from our own mistakes, and injure us alone. Our pledges of peace toward our neighbors are stronger than ruler's promise or written treaty. We guarantee them by devoting our resources, greater than the resources of any other nations, to upbuilding the industries of peace. We strut no armed might that could be ours. We cause no nation in our half of the world to fear us. None does fear us, nor arm against us.

In this land of ours, this America, we have illuminated the true road to permanent peace. But that is not the sole moral sought herein to be drawn. Rather it is that the blessings of liberty and equality and peace that have been herein recounted are possessed nowhere in the same measure in Europe or Asia and wane or disappear as one nears or enters a land of dictatorship of whatever brand. This liberty, this equality, this peace, are imbedded in the American form of government. We shall ever retain them if foreignisms that would dig them out and destroy them are barred from our shores. If you cherish this liberty, this equality, this peace that is peace material and peace spiritual—then defend with all your might the American ideal of government.

ATTEND TRAVELOGUE

The Burlington County Group of the Glassboro Alumni Association attended the Burton Holmes Travelogue at the Glassboro State Teachers College on February 7. Dinner was served to the members at the College before the lecture.

Miss Grace Whitelock, of Juliettown, is president of the group and Miss Helen Newman, of Riverton, is secretary. It is the most active sectional group in the general association, due to the enthusiasm of its leaders.

President and Mrs. Bunce were invited to the dinner as college representatives.

This day of heavy motorized transportation," he warns.

New Jersey's six largest cities contributed slightly more than one-third of the State's 32 per cent reduction in traffic fatalities last year. These cities, Newark, Jersey City, Paterson, Trenton, Camden and Elizabeth, ended the year with a collective saving of 141 lives, whereas the reduction in the entire State was 413. The total number of persons killed in traffic accidents was 865.

Of the twenty-one counties, all but five reduced their death tolls. Those in which fatalities increased were Hunterdon, Monmouth, Ocean, Salem and Sussex.

Summary

Following is a comparative two year record of total fatalities in the counties.

Barbour's View

There is no reason for any apprehension on the part of any W.P.A. worker over the action of Congress in holding the current relief appropriation to \$725,000,000 instead of allowing the full \$875,000,000 asked by President Roosevelt, Senator W. Warren Barbour has declared. He predicted that Congress will appropriate any additional sum found to be necessary to carry the relief load until the end of the fiscal year, June 30 next, if it should develop that the amount provided is insufficient for this purpose.

"In effect," he said, "Congress has given the President \$725,000,000 to finance current relief requirements with the understanding that if more money should be needed, it will be provided. The issue between the President and Congress was not whether the job can be done for a smaller sum than the President asked.

Try It

"Congress simply said to the President, 'See if you can't get along on \$725,000,000 without causing anyone to suffer. If you can't, we will give you whatever additional amount is required.'"

"It is as if a board of directors said to an executive, or a father to a son: 'You think you need this larger sum. You may be right, but we think you can do the job for less than that. Take this smaller amount, do the best you can with it, and see how you come out. If you need more money before you get through, you can have it!'

None Worthy Dropped

"That is all there is to the relief controversy. The smaller appropriation moreover wisely provided that no relief allowances need be cut at all during the winter months, and from statements made by relief officials since the \$725,000,000 was approved, I do not believe any worthy relief recipient will be dropped from the rolls now or later.

"Certainly Congress will take care of any deficiency if one should develop before June 30. I know I should vote without question to do so."

ABOUT THE COUNTY

The members of the Burlington County Board of Freeholders were the guests of the members of the Board of Managers of the Burlington County Hospital, at the hospital last week. A meeting was held following the dinner to discuss the county's annual appropriation for the hospital and the advisability of naming a freeholder to the hospital board.

Permission was granted the Pennsylvania Railroad Company by the Board of Public Utility Commissioners on Saturday to discontinue providing the services of a part-time agent at the Masonville station of the company. At the same time the commissioners denied the application of the railroad to close the station at Smithville.

Masonville now does a freight business which the board considers too small to justify its continuance as a station, while the average 10 passengers a month can purchase tickets from the train conductors.

Burlington county's fourth motor vehicle fatality for 1939 occurred last week.

Bordentown's new post office is expected to be finished on May 1, three months ahead of the date originally scheduled.

Five candidates have filed petitions for three vacancies on the Moorestown Board of Education.

Fruit stains are removed by pouring water through the garment from a height of several feet.

YWCA NOTES

Committee Chairman

Miss Gertrude N. Brick, of Crosswicks, newly elected president of the Burlington County Young Women's Christian Association, has announced the appointment of chairmen of committees of the board of directors to serve for the coming year.

The chairmen are as follows: Finance, Mrs. E. P. Darlington, of New Lisbon; membership, Mrs. Emily A. Griffith, of Mount Holly; staff personnel, Mrs. Marcus Newcomb, of Brown's Mills; day camp, Mrs. William Mailack, of Moorestown; girls' work, Mrs. A. B. Peacock, of Columbus; public affairs, Mrs. Ezra Evans, of Medford; campaign, Mrs. Alexander Wood, Jr., of Riverton; nominating committee, Mrs. Alexander Wood, Jr., of Riverton; worship, Mrs. Albert Shinn, Rancocas; executive, Miss Brick; hospitality, Mrs. William Grobler, of Moorestown; publicity, Miss Dorothy B. Sholl, of Burlington.

MAT TOURNAMENT TO
START THURSDAY

Wrestling addicts will be treated to many tasty brawls on Thursday night, in the Camden Armory, when the Hanlys stage the first of their series of a heavyweight wrestling tournament out of which they hope to establish a suitable opponent to the three title claimants namely, Everett Marshall, recognized as champion in the middle west, Steve Casey, in New England and Canada and Jim London. The survivor of these tournaments will meet either of these claimants if the promoters of the huge drilledash can induce them to defend their so-called laurels.

Of the 100 or more entry blanks which have been mailed out to various challengers, more than half expressed their desire to enter the tournaments. Others as yet to be heard from and long before the deadline, which has been set for the last day of February, the Hanlys expect others to fall in line.

In Action

The first night tournament which is slated for Thursday will consist of fifteen battles, with sixteen grapplers participating. The remaining contestants will be taken care of in the next tournament, the date to be announced later.

Those who will be seen in action are Gino Vagnonne, Alabama Bill Lee, Gino Garibaldi, Rudy Dusek, Abe Coleman, Tony Coleman, Dynamite Joe Cox, Jim Coffield, Otto Brill, Lee Yat Wing, Walter Podolak, Frank Judson, Hank Barber, Tommy Rae, Cliff Olsen and Jake Patterson. Each of the preliminaries are slated for a 20 minute time limit, while the final scrap which will produce the first night winner, is scheduled for one fall to a finish with no time limit.

Judging from these grapplers, the show is expected to be the hottest thing seen yet in the drilledash and the largest crowd ever to elbow their way into the Armory is also expected to jam every nook and corner. In order to handle the huge crowd, the drilledash promoters will have an extra supply of ticket sellers and doormen along with added police.

Constipated?

"For years I had constipation, awful gas bloating, headaches and neck pains. I tried everything, but nothing helped. I was miserable. Now I feel like a new man. I eat, I sleep, I work. I feel like a new man. I eat, I sleep, I work. I feel like a new man."

P.T.A. VALENTINE
PARTY AND DANCE

A Valentine Party and Dance will be held by the Cinnamon P.T.A. on Wednesday, February 15th, beginning at 8.15 p.m., in the school. There will be games, cards, dancing, and refreshments, and the charge is 25 cents each. Anyone interested is cordially invited. Mrs. Victor Jensen heads the committee in charge of the affair.

On Tuesday, February 21st, at 1 p.m., the next in a series of covered dish luncheons will be held by the association in the Parry Fire House. The donations is 25 cents, which will go into the general treasury. Mrs. William Kennard and Mrs. Harry Frank are hostesses for the day.

The executive board met last Wednesday night at the home of Mrs. Russell Musser and plans for the Founder's Day celebration, held last night, were completed. Various other matters, to be brought before the regular meeting, were discussed.

The moving picture projector and radio have both been purchased and presented to the school by the P.T.A.

Through arrangements sought by the Medical Society of New Jersey, indigent maternity cases in New Jersey can now be provided with a trained nurse, in the event of need, without cost to the patient.

IN CHANCERY OF NEW JERSEY

To SABINA KLEINART:

By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date wherein Isaiah Ward, and Lillian E. Ward, Administratrix of the Estate of Aaron Ward, deceased, are complainants, and you, Sabina Kleinart, and others, are defendants, you are required to appear and answer the bill of said complainants on or before the 15th day of March, 1939, or the said bill will be taken as confessed against you.

The said bill is filed to foreclose a mortgage given by said defendant and her husband, Ernest, his wife, to Anna S. Wagner, dated November 1st, 1915, and recorded in the Office of the Clerk of Burlington County in Book W-9 of Mortgages, page 464, upon lands and premises situated in the Township of Cinnaminson, County of Burlington and State of New Jersey, more particularly described in said bill of complaint.

And you, Sabina Kleinart, are made a defendant in said bill of complaint, and by virtue thereof have an interest in said premises.

WM. D. LIPPINCOTT,
Solicitor of Complaints,

ON MIDDLEBURY
CARNIVAL STAFF

One of the outstanding winter sports events in New England this year is the Middlebury College Carnival on February 17, 18, and 19. Richard M. Barclay, of 205 Lippincott avenue, Riverton, is a member of the committee for the three-day holiday. Alumni winter sports fans, guests from all parts of the east, and contestants from twenty men's and women's colleges are expected to gather for the sports events, the Carnival Ball, the musical comedy written and produced by undergraduates, and a weekend of skiing in the Green Mountains.

Coronation of the King and Queen opens the program on Thursday evening, February 16, followed by the Carnival Ball. The downhill and slalom races will be run off on Friday with the musical comedy, "Russian Revels," scheduled for that

publication is available through offices of the county agricultural agents.

In growing seedlings in a frame, caution must be taken against damping-off. Most amateurs have this trouble when they do not ventilate the frame properly. Soil treatment with formaldehyde is valuable in preventing damping-off, and directions for using the formaldehyde treatment can also be obtained through the county agents.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

Although it's fun to start seeds for spring garden planting in the house where one can look at them any time of day, a hot-bed or cold-frame is a much better place to grow healthy seedlings. Much has been written about growing seedlings in the house, but the lack of light and the hot, dry air in the average home are apt to make seedlings yellow and spindling.

If there is a place in the house which gets plenty of sun, a few seeds may be started. Cover them with glass to preserve moisture. Even then, the gardener who tries them should not be disappointed if the resulting plants are not particularly strong and husky. Window glass alone cuts off much of the light and when the sun is not shining directly on the window, the light is reduced even further.

Heating Soil

Instructions for heating the soil in the frame by means of an electric cable are contained in a bulletin, "Electric Hot-beds," which has been prepared by W. C. Krueger, extension agricultural engineer at the New Jersey College of Agriculture. This

evening. After the cross country and jumping competition is completed the students will gather for the Klondike Rush. On Sunday the Mountain Club will sponsor a winter sports hike as the final event of the holiday.

DEFINITION

"Jimmy," said father, "I wish you would learn better table manners. You're a regular little pig at your meals. You know what a pig is, don't you?"

"Yes," replied Jimmy. "It's a hog's little boy."—Exchange.

THEO. N. VAIL, General Manager

THE NATIONAL BELL TELEPHONE CO.

No. 94 Main Street

P. O. BOX 208A

Dated, June 26, 1939

Dear Sir:

Before putting in any exchanges or starting in or even planning for a central office system I think it would be well for you to consult thoroughly with Mr. Theodore N. Vail, immediately into our standard system for central office connections. What we want to do in every case is to adopt the best system, and that we think we have, then if there is anything better we should of course want to adopt that.

I am glad to hear from you in regard to this.

Yours truly,
Theodore N. Vail

Reproduction of a letter written on June 26, 1939 by Theo. N. Vail, pioneer leader in telephone development and long a resident of New Jersey.

"In every case... the best..." The standard of service set for telephone men and women by Theodore N. Vail in 1879 is as sound a working basis today as it was then. The tiny organization of '79, has become a force of three hundred thousand skilled workers, using a highly perfected system to make telephoning a natural, easy part of daily life. Sixty years of steady progress in design methods equipment training and leadership has extended the range of your speech to the limits of the earth. Today 37,000,000 telephones are within your call... you can talk with almost anyone, anywhere, whenever you wish... quickly, clearly, cheaply.

Church Notices

CENTRAL BAPTIST CHURCH
 Rev. George Lockett, B.D., Pastor
 Bible School, 10:00 a.m.—The
 School presented its usual appear-
 ance last Sunday; many classes be-
 ing on the honor roll for attendance
 which, by the way, excelled the pre-
 vious week and especially that of a
 year ago. Superintendent William
 Cooper's remarks to the school were
 absorbed by the old as well as the
 young, as was evidenced by their
 strict attention. Those who miss the
 opening exercises miss much in this
 hour of devotion and religious edu-
 cation.

Morning service, 11:15 a.m. The
 largest Communion since 1934 was
 served at Central Baptist Church
 last Sunday when the edifice was
 filled almost to capacity. Many vi-
 sitors were present who received the
 welcome of the Church. "The Power
 of the Cross" will be the subject of
 the Pastor's sermon. Anthems by
 the choir.

Evening service, 7:45 p.m. As this
 Sunday marks the celebration of the
 birthday of Abraham Lincoln, the
 Pastor will have as his subject "The
 Religion of Lincoln." Pastor Lock-
 ett, who has made a study of the
 life of Mr. Lincoln, is quite an au-
 thority on the subject. His sermon
 will be anticipated with much inter-
 est. The choir will render appro-
 priate anthems for this service, to
 which everyone is invited.

CHRISTIAN SCIENCE CHURCH
 "Soul" is the subject of the lesson-
 sermon in all Churches of Christ,
 Scientist, on Sunday, February 12.
 The Golden Text is: "For this is
 our God; we have waited for him,
 and he will save us: this is the
 Lord." (Isaiah 25:9).

Among the citations which com-
 prise the lesson-sermon is the fol-
 lowing from the Bible: "O God,
 thou art my God; early will I seek
 thee: my soul thirsteth for thee, my
 flesh longeth for thee in a dry and
 thirsty land, where no water is." (Psalm 63:1).

The lesson-sermon also includes
 the following passage from the
 Christian Science textbook, "Science
 and Health with Key to the Scrip-
 tures" by Mary Baker Eddy: "From
 the logic of events we learn that
 selfishness and impurity alone are
 fleeting, and that wisdom will ul-
 timately put asunder what she hath
 not joined together. Soul has in-
 finite resources with which to bless
 mankind, and happiness would be
 more readily attained and would be
 more secure in our keeping, if sought
 in Soul" (p. 60).

WESTFIELD FRIENDS
MEETING
 Burlington Pike
 Sunday Morning
 10 o'clock. First Day School.
 11 o'clock. Meeting for worship.

EPWORTH M. E. CHURCH
 Rev. W. A. Boyd, Pastor

"What St. John Saw in Heaven"
 is the theme of the sermon to be de-
 livered by the Rev. Boyd, in the
 Methodist Church this Sunday morn-
 ing at eleven o'clock. This sermon
 is a continuation of the series on the
 Book of Revelation. You will find
 this lesson in the Revelation, Chap-
 ter 4. This series of sermons will be
 continued indefinitely. We hope to
 cover the entire Book of Revelation
 in these Sunday morning sermons.

This Sunday evening will be a
 recognition service to the Boy
 Scouts of America. Our troop will
 be present in a body. "The Luckiest
 Boy in America" is the subject of
 the address to be given by the Rev.
 W. A. Boyd.

"The Kingdom of God" will be
 the subject of the Bible Study for
 the mid-week church service in
 charge of the minister Wednesday
 evening at 8 o'clock.

Lenten services will be held in our
 church every Thursday evening, be-
 ginning February 23. Guest minis-
 ters will preach and the Epworth
 Mixed Quartet will sing at every
 service.

Men's night will be observed in
 our church Thursday evening, Feb-
 ruary 17. Dr. A. J. Savitz, ex-pres-
 ident of Teachers College at Glas-
 borough will be the speaker. Dr. Savitz
 is one of the best and most practical
 educators in our state. He is a very
 remarkable speaker and exceedingly
 well informed. He is a favorite
 with men. He is an active worker
 in Rotary and president of his local
 club. A fine program of games di-
 rected by Milt Jewett and the re-
 freshments will be provided by our
 good friend Ralph Stager. All men
 of the church and community are in-
 vited to come and bring a man along
 with him.

PAUL R. JONES
TO BE SPEAKER

The High School group of the
 B.Y.P.U. of Central Baptist Church
 will be addressed by Paul R. Jones,
 supervising principal of the Palmyra
 Schools, at the regular weekly meet-
 ing, this Sunday evening at 6:45 p.m.
 in the Sunday School room.

The B.Y.P.U. meetings are open to
 all pupils of high school age who
 always find these religious dis-
 courses beneficial. Those who have
 not availed themselves of the oppor-
 tunity of this means of Christian fel-
 lowship are especially invited to at-
 tend this meeting.

Wesleyan Men's Bible Class

FOR THE MEN OF THE
COMMUNITY

Sunday, March 12th, will be known
 as Scout Sunday and we will also
 pay tribute to one of America's im-
 mortals, Abraham Lincoln.

Many of our class members give
 freely of their time and energy in
 helping to build better citizens
 through Scouting.

The Scout Mothers, for their un-
 tiring efforts, qualify for a life mem-
 bership in "The Unheeded Care-
 ers Club."

Scout Master Branson who has
 devoted years of his life to Scout-
 ing and who has a record of ac-
 complishment envied throughout the
 State, will be with us, together with
 his Troop No. 5 of Palmyra boys,
 who are today making history for
 tomorrow.

Dr. J. G. Bickerton will speak on
 "The Challenge of Life," Luke
 2:41-52. Additional feature—Male
 Chorus from Tindley Temple, Phila-
 delphia.

Physicians in New Jersey are af-
 filiated with more than 700 non-
 medical organizations, according to
 a survey made recently by the Medi-
 cal Society of New Jersey.

HONOR GIVEN TO BOARD PRESIDENT

Lake Named for H. F. Stockwell, Who Has Done Much to Advance "Y" Camp

Henry F. Stockwell, president of the Camp Ockanickon board of trustees, was signally honored at a meeting of the group on February 2. Mr. Stockwell, who has served as president of the Y.M.C.A. camp board for 15 years, and who has been largely responsible for the advancement of the camp from year to year, entertained members of the board at a dinner in observance of his birthday at his home.

As recognition of President Stockwell's service, Guy C. Hendry, county Y.M.C.A. secretary, suggested that the largest lake on the camp's 530 acre tract be named "Lake Stockwell." Mr. Hendry's motion was unanimously carried.

Hearty Approval

Trustees of the camp, who attended the dinner, include representatives of Burlington, Camden, Gloucester and Monmouth county "Y" organizations. For some time it has been felt that some honor should be paid President Stockwell for his unceasing efforts in heading the camp's trustee board and Mr. Hendry's suggestion was heartily approved.

Mr. Stockwell is credited as the "discoverer" of the present camp site near Medford. A year after his election to the board presidency in February 1924, he found the property on which the camp site now stands. Before that time, it had been located at Brindletown, near New Egypt, on a yearly rental basis.

Medford in 1926

The first year of the "Y" camp at Medford was in 1926. In 1913 the camp had been named "Ockanickon," the name having been obtained from that of the Christian Indian chief of the Delaware tribe, who frequented this section.

Matollonequay, Chief Ockanickon's squaw, was chosen as the name of the girls' camp, built in 1937 on the upper lake portion of the large Ockanickon property and first used exclusively for girls that year.

Now, with separate sites, entrances, lakes, buildings and equipment, and plenty of space for each, both camps operate during the same weeks. This year the opening date for both is July 8, continuing for six weeks.

Honor Mrs. E. S. Russell

Last summer honor was paid the late Mrs. Elizabeth Stokes Russell, of Moorestown, who had for a long time prior to her death been exceptionally active in the girls' camping project. The outdoor chapel at Camp Matollonequay was named in Mrs. Russell's memory. For a number of years she was chairman of the women's committee of the board.

Great advancement in Y.M.C.A. camping has been made since 1906, when on the Metedeconk river, not far from Point Pleasant, two tents were pitched, with little equipment and a few cooking utensils. When the camp site was moved from New Egypt, in 1926, it took 40 trucks to transport the material.

Own Property

Since then, established in its own property, the camp has made rapid strides in advancement so that today it rates among the best of its kind in this section of the country. In the two camps there are some 70 buildings, besides extensive property improvement to make it suitable for camp life.

Facilities at each camp include necessary equipment for all kinds of water activities which, combined with the beauty of Lake Stockwell and Squaw Lake at the girls' camp made the aquatic portion of the camping program for both boys and girls very appealing. Hundreds of acres of pine and oak woodland provide a complete setting for outdoor life.

COOPER PRESIDES AT "Y" MEETING

E. Newbold Cooper presided for the first time since he succeeded A. E. Hargett as president of the Palmyra-Riverton Y.M.C.A. Board, at its February meeting, Tuesday evening the 7th, at the home of Francis B. Elwell, Riverton.

The "Y" group leaders supplemented the attendance of some dozen and a half board members. Secretaries Guy C. Hendry and Bud Reeder, of the county staff, attended, and reported on a number of local and county Y.M.C.A. happenings and plans. Howard G. Taylor, former county board president, was also there.

The board discussed the new district plan which is being stressed by the county association, and which embraces in district "six" Cinnaminson, Palmyra and Riverton.

POLITICAL CLUB PLANS DINNER

At the recent executive meeting of the Burlington County Women's Democratic Club at the home of Miss Elinor Porter, of Palmyra, plans were completed for their legislative dinner at the Hotel Hildebrecht on February 20. Miss Porter will have charge of fiscal arrangements. About 75 women of the county club are expected to attend the dinner.

The officers and members of the executive committee follow: President, Miss Bess Cowperthwaite, of Medford; vice-president, Mrs. Ella Wolfson, of Mt. Holly; corresponding secretary, Mrs. Hattie Wagner, of Marlton; recording secretary, Mrs. Anna Perry, of Bordentown; treasurer, Mrs. Edna Perry, of Hartford.

Members of the executive committee are from Bordentown, Burlington, Mt. Holly, Moorestown, Beverly, Riverside, Medford, Hartford, Maple Shade, Riverton, Roeboling, Rancocas and Vincentown.

5056 MEMBERS

The Burlington County Chapter has finished its Roll Call with 5056 memberships, being 56 over its quota of 5000 memberships. These memberships came from all over the county, 437 having been secured by the Roll Call chairman in Riverton.

The next meeting of the chapter will be held on Tuesday, February 14, in St. Mary's Guild House, Burlington. It is desired all members of the Red Cross attend the monthly meetings.

There is one physician in New Jersey for every 818 persons.

BOY SCOUT NEWS

Anniversary

The 29th Birthday Anniversary of the Boy Scouts of America is being celebrated by the Burlington County Council with many activities throughout the county. The theme of Anniversary Week "Scouting Carries on American Ideals," is being used by all of the troops in the County. Since the beginning of Scouting in America, 8,400,300 boys and men have been identified with the movement.

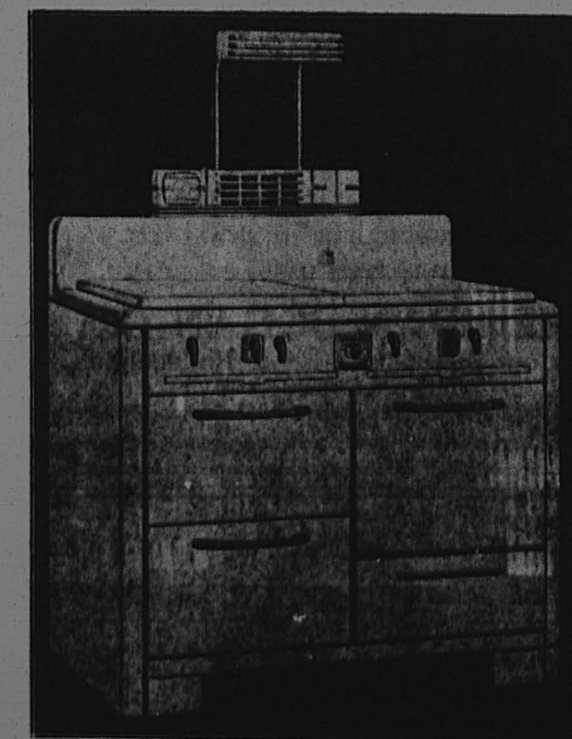

Troop 5

Troop 5, Palmyra, under Scoutmaster A. B. Branson is holding a Father and Son Banquet at the Methodist Church on this Thursday, February 9th. On February 13th Troop 5, has invited the troops of their district to attend a rally, where safety movies will be shown by the members of the state police.

Troop 9

Troop 9, Palmyra, under Scoutmaster George B. Weigand is joining with Troop 21, of Parry under Scoutmaster William B. Gibson, for an Anniversary Week Dinner which will be served at the Moravian Church in Parry on this Thursday.

Choose a
CP RANGE

YOU SAVE MONEY in the end. The range will pay for itself. It saves fuel. The new type of top burners cook with less gas. The heavily insulated baking and broiling ovens conserve heat and their fast method of preheating gives quick results. Food saved is money saved too. There should be no baking failures because the automatic oven heat control is dependable and easy to use. CP ovens hold a temperature as low as 250 degrees.

Slow roasting makes inexpensive cuts of meat tender and delicious and reduces meat shrinkage to the minimum. CP means Certified Performance. This Roper range has all the popular CP features. It sells for \$161 cash less a special reduction of \$10 and a further \$10 trade-in allowance for an old stove. Carrying charge added if you buy on terms. Other gas ranges from \$42.45 up, connected.

S. Coale, of Riverton, treasurer; Mrs. Lloyd Heulings, of Moorestown, assistant treasurer, and Mrs. Alice Parrish Hackett, of Riverton, secretary of donations.

Report for Year

Mrs. James Davis, of Moorestown, chairman of the admission committee last month. Professional services were provided by Dr. Dean H. Le Favor, of Palmyra. Donations for January were \$29.11, secured as the result of the daily visits of the tee, presented a comparative report which revealed that during 1937, 292 adults were cared for and 20 infants, while in 1938, 309 convalescent adults were listed and 27 infants. Patient days last year totaled 6586.

During the regular business meeting it was reported that 21 adults and one infant became guests at the board members. Two thousand meals, or an average of 54 a day, were served at the home during that period.

RIVERTON YACHT CLUB BANQUET

The annual banquet of the Riverton Yacht Club will be held on Friday, February 24, at 7 o'clock, in Weber's Hofbrau, Camden.

Tickets for the affair, at \$1.50 per plate, can be obtained from members of the club.

A similar affair held last year was greatly enjoyed by all those who attended and the committee in charge of arrangements this year is making every preparation to insure a fine evening for all those who attend.

The Medical Society of New Jersey celebrated its 172nd anniversary July 23, 1938. It is the oldest state organization of physicians in the United States.

HI-Y COUNCIL PLANS TOURNEY

The regular meeting of the Burlington County Y.M.C.A. Hi-Y Council was held recently at the Mount Holly Baptist Church, with William Hess, of the Moorestown Cycle Hi-Y presiding. The group met to discuss program plans for the raising of Hi-Y standards in their individual clubs and to share among each other worthwhile experiences. Representatives made summaries of the activities of their clubs, and also outlines plans for future meetings.

A suggested ritual to be used as part of a Hi-Y devotional was read to the council. After discussing the merits of this ritual, the council voted to adopt it as a form they might use as a guide for construction a ritual in their groups.

The council decided to hold its annual Ping Pong Tournament in Mount Holly Saturday afternoon, March 11.

Following the adjournment of the regular council meeting, representatives of the northern and southern Basketball Leagues held short conferences and decided to start their respective schedules the week of February 6, with a play-off at the completion of the schedules. The council voted to have the teams finishing first and second in each

Westfield Friends' School

Assembly

On February seventh, the regular Tuesday assembly of the Westfield Friends' School was devoted to a program on Switzerland. This program was the outgrowth of a study of that country by the fifth and sixth grades. The work was presented in such an interesting fashion that at the conclusion one might have thought he had just returned from the fascinating country under the chaperonage of an experienced guide.

The different phases of living in Switzerland were brought to our attention in various ways. Jack Clement talked on the natural surface of the country and its effect on the people. Manufacturing and commerce were discussed by Harvey Hirst. Joan Bailey told of the "Government of the Country" and read an original poem on William Tell. Ruth Coe spoke of "The People" and Richard Robbins "Conservation." The "Products of the Country" were discussed by Bill Dunn after which Swiss chocolate was passed to the audience.

On Program

Interpersed with these talks were a Swiss dance, a Swiss song, an explanation of wood carvings and paintings done by the group and original poems.

The fifth grade boys gave a play

league to meet on a neutral floor in a "round robin" to determine the County Hi-Y Basketball championship for 1938-39.

RIVERSIDE BOWS FOR SECOND TIME

For the second time this season, Riverside failed to stop the Palmyra Avalanche and the Diamondmen won a 37-22 decision on Tuesday night of this week, at Riverside. The Rams held the Red and White even during the first chukker, but faded thereafter as they found the pace too swift to maintain.

Baker and Gamble led the Palmyra offense, garnering 12 and 10 points respectively.

GOOD TIME TO TEST OLDSMOBILE

Winter weather, now present in many parts of the United States, is providing an excellent opportunity to test Oldsmobile's Rhythmic Ride and the many advantages of the four coil springs employed in its springing system, according to D. E. Ralston, general sales manager of Oldsmobile.

"With friction points eliminated in the Quadri-Coil springing system of the new Oldsmobiles, there is, of course, no lubrication necessary and consequently no chance for lubricants to become hardened and reduce spring efficiency during winter temperatures," said Ralston. "The same advantage applies when driving over rain and slush-covered highways; obviously, since no lubricant is used on coil springs there is none to be washed away," he added. "The result is that the 1939 Oldsmobiles offer the same high degree of riding comfort at all times and in all kinds of weather."

OBITUARIES

MARY E. RICHTER

Mrs. Mary E. Richter, of 405 Garfield avenue, died on Monday, February 6.

Funeral services will be held from her late residence on Saturday at 2 p.m., the Rev. Robert Fraser, of Philadelphia, officiating.

Interment will be made in Morgan cemetery under the direction of Frank A. Snover.

Mrs. Richter has been a resident of Palmyra for fifty-five years, first living in the house at Broad street and Delaware avenue. She was the widow of the late Henry O. Richter, a Civil War veteran, who died in Virginia in 1913 and is buried there.

Mrs. Richter was a member of the Auxiliary of the American Legion Post at Riverdale.

The deceased is survived by two daughters, Caroline and Marion, both registered nurses and two sons, Frank, of Illinois, and Lincoln, of Bridgeboro.

WILLIAM H. SHAW

William H. Shaw, of Palmyra, died on February 3. Funeral services were held on Tuesday at 2 p.m. at the parlors of T. Mifflin Rowland, Philadelphia, with interment in Mt. Peace Cemetery.

MEN'S NIGHT AT
EPWORTH CHURCH

Friday, February 17, at 8 p.m., the Epworth M. E. Church will entertain the men of the church and community for the first time this year.

You, Mr. Man of the Community, are especially invited. There will be a speaker to bring a topic of interest to everyone.

Dr. A. J. Savitz, ex-president of the State Teachers College at Glassboro, an educator of wide authority and influence, a favorite among city clubs and president of his local Rotary Club will bring the message.

Games for everyone will be on hand, ping pong, handball, shuffleboard, checkers, chess, so pick your favorite.

The church school orchestra will furnish the music and there will be refreshments served. Come and enjoy an evening with us and bring a friend.

COUNTY RULERS
IN SESSION HERE

Association of Municipalities
Names Officers; Mayor
Biddle Gives Welcome

Nearly forty members of local governing bodies in the county convened in the Riverton fire house on Friday evening of last week at the regular monthly session of the Burlington County Association of Municipalities. Eleven communities were represented at the affair.

President Charles Shipp, of Delanco, occupied the chair and the guest speaker was Vance Spigle, of Salem county, president of the New Jersey State Association of Municipalities.

Local Representatives
Mayor H. McIlvain Biddle, of Riverton, welcomed the members to the community and stated that he felt the organization was accomplishing much of a constructive nature that would prove of considerable benefit to the citizens of the county.

Councilmen Robert W. Knight and Archibald Bush, of Riverton, were also represented.

The Cinnaminson delegation comprised the entire membership of the township committee, Chairman Maurice Conrow, Elmer Mandeville and Herbert Dinges.

Palmyra was represented by Councilmen William F. Engle, Wesley P. Huyett and George N. Wimer, director of Welfare.

Officers for 1939
As part of the business of the evening, the following officers were unanimously elected for the current year: Charles Shipp, of Delanco, president; J. Garfield Lemmon, of Pemberton, vice president; Charles McFarland, of Westhampton township, treasurer and John L. Lebegood, of Moorestown, secretary.

Harry Chant, of Willingboro (continued on page 11)

As part of the business of the evening, the following officers were unanimously elected for the current year: Charles Shipp, of Delanco, president; J. Garfield Lemmon, of Pemberton, vice president; Charles McFarland, of Westhampton township, treasurer and John L. Lebegood, of Moorestown, secretary.

THE NEW ERA

RIVERTON : CINNAMINSON : PALMYRA

RIVERTON—PALMYRA, N. J., THURSDAY, FEBRUARY 16, 1939

PRICE FIVE CENTS

the first President of these United States whose sheer determination to triumph over adversity in a rightful cause laid the foundation for this great Nation of ours. On the anniversary of his birth let us pledge ourselves to follow his splendid example.

BANK PRESIDENT
DIES SUDDENLY

E. L. Williams Head of Local
Institution for Nearly
Twenty Years

Earl L. Williams, president of the Cinnaminson Bank and Trust Company, of Riverton, since 1922, died suddenly on Friday morning of last week at his home, 702 Thomas avenue, Riverton.

Although Mr. Williams had been ill for the past few weeks with bronchitis his condition had improved, but on Thursday he was stricken with a heart attack and this was followed by two others, the last proving fatal.

Familiar Figure
Mr. Williams, who was born in Pemberton, was in his sixty-second year. He started work here many years ago, being in the employ of the Pennsylvania Railroad as Riverton's station agent. He entered the employ of the Cinnaminson National Bank as cashier when it first opened for business on February 4, 1907, and has been connected with that institution in various capacities since its organization, later being made vice president and president in 1922. He held the office of director and president until his death.

Founders' Day & Talent Day

The Riverton Parent-Teacher Association will conduct a joint celebration next Monday, February 20, in the school auditorium, commemorating Founders Day and Talent Day.

Founders Day is celebrated in February of each year by all Parent-Teacher Associations, but it is particularly significant in Riverton, as the first P.T.A. in New Jersey was founded here forty-one years ago. Mrs. Clifton P. Mayfield will be in charge of the exercises, and a program of exceptional interest may be expected.

Talent Day

Talent Day will be observed by a food sale, and an entertainment. Mrs. Henry W. Shreve will present two readings—one, a play "Blind," and the other, a humorous skit "The Lesson." Each member of the association is requested to donate something which she has cooked, and those who have attended these sales know that the mothers always contribute most delicious foods. There will be an assortment of pies, cakes, bread and rolls, and baked beans, ham, cold slaw, etc. may be bought at the delicatessen table.

Starts at 2 o'clock

The food sale will start at 2 p.m., and the committee in charge hopes for a successful sale, as the treasury is badly in need of funds to enable the association to carry on its good work.

The entertainment will begin at 3.30, and will be free to all. Mothers may leave their small children in the school library, under the supervision of a responsible person.

This food sale and entertainment is not limited to members of the P.T.A., but everyone is most cordially invited. Publicity.

UNION SERVICE ON WORLD DAY OF PRAYER

The women of the Lutheran and Methodist churches of Palmyra and of the Presbyterian church of Riverton will unite for the World Day of Prayer, February 24.

This union service will be held in the Church School Auditorium of Calvary Presbyterian Church, Fourth street and Lippincott avenue, Riverton, at three o'clock, and will be led by Mrs. Oliver Powers, the wife of the pastor of Bethany Evangelical Lutheran Church of Palmyra. It will be open for all women of the community. The World Day of Prayer is observed annually throughout the entire Christian world.

GIRARD ALUMNI MEET ON FEB. 17

A very important meeting will take place at the Camden "Y" located at the corner of Admiral Wilson and Baird Boulevards on Friday, February 17, at 8 p.m. All Girard men are urged to attend.

There are 36 men that have been traced as residents of Burlington County and all are urged to come out.

The program as laid out follows: general organization meeting, selection of name for organization, nomination of officers, nomination of members to serve on the Board of Governors of the Alumni Association, selection of regular and annual meeting date, first reading of constitution and by-laws, discussion of plans to make every Girard man an active alumnus, and Gingers, we hope.

There are vacancies on the proposed glee club, band, bowling team and rabbit ball team. Atlantic City claims they can beat us at any of these games on May 20. Plans will be discussed for activities on that day. Publicity.

PALMYRA P.T.A. TO HEAR ABOUT MARIHUANA

Parents, teachers and friends of the Palmyra P.T.A. will have the unusual opportunity to hear Dr. Mabel S. Haines, M.D., from Audubon speak about the dreaded narcotic, marihuana. Dr. Haines is a state-wide authority on this subject, crusading untiringly to present to each and every citizen of New Jersey the true danger concerning the devastating effects of this deadly drug. It is vitally essential that everyone be aware of this menace which may some day jeopardize the health of our young people, if proper measures are not taken immediately to educate the public as to its deadliness, which will then lead to strong and forceful legislation against its sale and use.

Open Discussion

After Dr. Haines' talk, an open discussion will follow at which time questions may be asked by the audience. It is hoped that the question period will offer an opportunity to those people who wish further information on marihuana.

P.T.A. Founders Day will also be observed at this meeting. A special portion of the program will be set aside for this annual observance. Mrs. Eugene Pharo of Moorestown, chairman of the Burlington County Council of the New Jersey Congress of Parents and Teachers Associations will speak and conduct the usual ceremonies.

We urge everyone to attend this meeting in the Palmyra High school building Tuesday evening, February 21, at 8.15 o'clock. Mrs. George Luce president of the organization will preside.

Riverton Yacht Club

Merrill Again

Edwin K. Merrill, National Comet Class champion, once again came through with a smashing victory! Representing the Riverton Yacht Club at the first annual mid-winter Comet regatta, held at San Juan, Porto Rico, Merrill shone with his usual good form. Defeating such sailors as Dr. John Eiman, of Stone Harbor Yacht Club, who is president of the Comet association, he completed the series of three races with 7½ points. These races were sailed at the San Juan Yacht Club on February 11 and 12, with competition hailing from many places in the U.S. as well as the local San Juan fleet.

Merrill, frequently referred to as "The Old Fox," captured two firsts, and one second, disregarding the fact that he has had no practice since last summer when he won the national title. We expect him home, "totin' the well known bacon," about the 20th of this month.

Annual Banquet

On February, the 24th, the Riverton Yacht Club will once again come forth with their annual gala affair known as "The Banquet." Promising great and varied entertainment under the able leadership of William Shoemaker III, it will take place at Webers' Hof Brau, Camden Airport Circle, Camden. Following the dinner, there will be dancing, entertainment, the awarding of trophies, etc. Tickets may be obtained from any yacht club member for the price of \$1.50 each.

Bird names are used by United States navy mine layers.

Founders' Day At Cinnaminson

Founder's Day was celebrated at the regular monthly meeting of the Cinnaminson P.T.A., held last Wednesday night, at the school.

At 8.00 the study group, led by Charles Ray, of the Palmyra High School faculty, met and the discussion was on "Teaching the Child How to Vote." Mr. Ray brought out some very good points, and emphasized the fact that parents should look at present day matters of government very thoroughly before giving a biased opinion to a child.

A business meeting followed, and reports from various chairmen were given. Twenty dollars was turned over by the Fathers' Night committee for use in emergency health and dental work at the school.

Mrs. Nora Greene, county safety chairman, was present and spoke briefly. Wayne Brewster, school gave the pledge of the members, after which he introduced State Trooper Stedler, who spoke along the lines of Safety.

First Aid Is Topic

Dr. Hayes Brady, guest speaker of the evening, took as his subject "First Aid," which he defined as the aid which can be given before a doctor can be reached. "In any accident," Dr. Brady said, "the first and most important thing to do is to use your head." During Dr. Brady's talk he used members of his troop to demonstrate his remarks. At the conclusion of his instructive message, five members of the troop demonstrated.

onstrated very efficiently just what should be done when a given problem presented itself. The speed and accuracy with which each member performed his particular job were remarkable, and spoke very well for the training they are receiving as Boy Scouts.

Celebration

The Founder's Day Celebration was last, but not least, on the evening's program. Mrs. Warnick presented each past president with a corsage of sweet peas, and each one in her turn—and there were six past presidents present—spoke briefly on what the P.T.A. has meant to her. The association was started in 1906 with twenty-two charter members, and with Mrs. Charles Evans (who was present at the reception) as the organization's first president. There

MEN'S CLUB SPEAKER

Dr. A. J. Savitz, ex-president of the State Teachers College at Glassboro, will speak to the Men's Club this Friday evening, February 17. Games and refreshments have been provided by the committees. George Durgin, Sr., is chairman, Bert Horner and Jim Ballantyne, publicity; Ralph Stager, refreshments and Milt Jewett, games. Music will be furnished by the Methodist Sunday School orchestra. The program begins at 8 o'clock. All men are welcome.

WILL NOT ACCEPT SMALLER AMOUNT

Riverton Council Holds Out For Prior \$600 Fire Protection Grant

At a meeting of the Riverton Borough Council held on Thursday night of this week, it was voted that the offer of Cinnaminson to contribute the sum of \$400 to the borough for fire protection during 1939 was unsatisfactory. This amount represents a reduction of \$200 from that appropriated by Cinnaminson for this purpose last year. Council desires the 1938 figure to be maintained.

The action followed a meeting of Riverton Councilmen Archibald G. Bush and Robert W. Knight with the members of the township governing body, at which time the matter was discussed in detail.

Reasons

The result of the conference was that Riverton was asked to accept the reduction, since the Cinnaminson officials could not see their way clear to continue the former allotment.

The reasons given by Riverton council for declining to receive the smaller amount were that the borough would be expected to furnish the same protection for \$400 as for \$600. This, in reality, it was stated, meant that Cinnaminson would save \$200 at the expense of Riverton taxpayers.

Another point mentioned was that Riverton is even better equipped to render service to Cinnaminson, since the acquisition of the new ladder truck will afford more adequate protection than heretofore.

APPRECIATION OF N. Y. A. WORK

The following letter of appreciation, which was authorized by Riverton Borough Council, has been sent to the N. Y. A. by Councilman Robert W. Knight, chairman of the Memorial Park committee of the local governing body:

February 4, 1939

Mr. A. Zorn, National Youth Administration Trenton, N. J.

Dear Mr. Zorn:

I wish to express to you our great appreciation of the good work done by the N. Y. A. at the Riverton Park under the able supervision of Mr. H. Marshall.

A partial list of improvements is listed below.

1. Improving and strengthening bank of lily pond.
2. Re-surfacing and grading roads in park.
3. Grandstand repainted and new benches built.
4. Five tennis courts reconstructed and wire repaired.
5. New fence separating dump from Park erected, and climbing roses planted along same.
6. Complete softball diamond built for girls' league.
7. Two softball diamonds rebuilt and improved.
8. Riverbank property acquired by Borough cleared for Park.
9. Rock Garden along the P.R.R. right of way, adjoining Park, constructed.

We feel that you are to be complimented on the wide variety of work that has been accomplished, and on the fine way the boys conducted themselves.

For the 1939 season, we are contemplating the transplanting of upwards of 75 trees to the park, mostly along the banks of the lily pond.

JIMMY'S MODERN BARBER SHOP A HAIRCUT TO FIT YOUR FEATURES Our Motto "Courtesy to All" 103½ W. Broad St., Palmyra

CAMERA CLUB PLANS SESSION FEBRUARY 22

The Burlington County Camera Club will meet on Wednesday, February 22, at 8 p.m. at 202 Broad street, Riverton.

Bring your favorite prints, also your camera. You may learn something new about taking pictures and get better acquainted with your Camera.

Residents of Burlington County are cordially invited to join this club and become active members. Ladies are welcome. Something new and novel will be presented.

EPISCOPALIANS AND PRESBYTERIANS TO UNITE

The congregations of Christ Episcopal Church and Calvary Presbyterian Church of Riverton will unite for Sunday evening services during the Lenten season, February 26th, to April 2nd, inclusive. The services will be held alternately in the two churches, starting in the Presbyterian Church on February 26th, and ending in the Episcopal Church on April 2nd. The Rev. Francis B. Downs, rector of Christ Church, will preach in Calvary Church and the Rev. Charles T. Bates, pastor of Calvary Church, will preach in Christ Church. These union services have been arranged by the two churches with the desire to promote a closer Christian unity in the community.

COVERED DISH LUNCHEON

The Cinnaminson P.T.A. will hold a covered dish luncheon in the Parry Fire House next Tuesday, February 21st, at 1 p.m. There will be games after the luncheon, and everyone interested is cordially invited. The charge is 25 cents, which will go into the general treasury of the association. Mrs. William Kennard and Mrs. Harry Frank will be hostesses to the day.

From our experience in the past, we believe that the N.Y.A. boys can do this work very well, and hope that you will be able to undertake it.

Thanking you again for the great help you have given us in the past, Very sincerely, **ROBERT W. KNIGHT,** Chairman, Park Committee.

RIVERTON

Mr. and Mrs. G. Winthrop Coffin and daughter, Barbara, of 200 Midway, are spending the winter season at the Frances Carlton apartments, Sarasota, Florida.

John H. Yost and Russell H. Hunter, both of Riverton, and Emily Cook, of Bridgeboro, were the dinner guests on Monday evening of Miss Winifred Roberts, of Moorestown. John Yost has returned to his studies at Bucknell University, after spending several days with his parents, Mr. and Mrs. Charles H. Yost, of Thomas avenue.

Mrs. G. Stetson, of Norwalk, Connecticut, is spending several days with Mrs. B. C. Ross, of Park avenue.

Mr. and Mrs. R. M. Hollingshead, Jr., of Riverton, are registered at The Pine Needles, Southern Pines, N. C., where they have joined Mr. and Mrs. Herbert M. Kieckhefer, also of Riverton, who are there for an indefinite stay.

Joseph Allen, of Riverton, has returned to his home on Thomas avenue after spending several weeks in Florida.

Mrs. Clifford Neabitt, of Thomas avenue, spent Wednesday with Mrs. George Mount, of Beverly.

Paul Good left on Monday of this week for Miami, Florida, where he will spend several weeks.

Mr. and Mrs. George Hagatos, of Broad street, are suffering with the grip.

Mrs. Charles F. Earp, Jr., is spending several weeks in Havana, Cuba.

The many friends of Mrs. Charles H. Yost will be sorry to learn that she is ill with the grip.

The Golden Hour Circle, of Calvary Presbyterian Church, held a covered dish luncheon in the church social hall Wednesday of this week.

Mr. and Mrs. Edwin Weeks have moved into their new home at 428 Thomas avenue. Mrs. Weeks was the former Miss Alice Bartley, daughter of Mr. and Mrs. Joshua S. Bartley, of Elm Terrace.

TO EXHIBIT PAINTINGS
There will be an exhibition of paintings by Jane Allen Boyer and Claude J. K. Anderson on February 27, 28 and March 1, 2, 3, 4, 5, from 3 to 6 p.m. Each day at "Rive Gauche" 503 Riverbank, Riverton. The public is cordially invited to attend.

ENGAGED
Mr. and Mrs. Joseph M. Adams, of Forkland road, Palmyra, have announced the engagement of their daughter, Miss Alice Mildred Adams, to Charles Burns, Jr., son of Charles Burns, of Maple Shade and the late Mrs. Burns.

5 & 10 IS ONLY
UNBEATEN TEAM

Merchants Register Fifth Win;
Trojans in Second Place;
Artisans Take S.K.

The Five and Ten court team won its fifth decision of the season in the Interborough League, on Monday night of this week, when they took the Firemen into camp by the score of 45-10.

This leaves the Merchants as the only unbeaten team at the close of the regular schedule. League officials are contemplating a play-off of some kind and state definitely that games will be scheduled for Monday evening of next week.

The Firemen took the floor in new red jerseys, of a vivid hue, but the hot color did not prevent the winners from assuming the lead all through the tilt. Burke and Baker had a good night, getting 13 and 10 points respectively.

Artisans Win
Playing again with only five men, the Artisans staged a remarkable comeback to trim the Sigma Kappa quintet by a 21-17 count.

The fraternity outfit tallied 11 markers before the A.O.M.P. hoopsters broke the ice. S.K. then got another from the floor and the count was 13-2 in their favor. This jinx number proved to be their undoing, however, for they failed to score again until the fracas was practically over.

During this time, the Artisans were making hay and had run their total to 21, with Walter Beddow looping some fancy ones. He was materially aided and abetted by Sexton.

Game Battle
In the last engagement, the K. C. team also took the floor without reserves and staged a sterling battle against the smooth working Trojan team. This affair was a ding-dong battle until the last five minutes, with the score being knotted on six different occasions.

The Knights, by a desperate struggle pulled up an even terms at 18-all, but this proved to be their last spurt as the Trojans put on the steam and won going away with the final count reading 29-18.

Dougherty paced the Kaceys with seven tallies, while Humes and Messinger got eight each for the winners.

MERCHANTVILLE
DOWN THE HATCH

Local Court Luminaries Win
Another Group 3 Fuss;
Score 46-31.

For the second time this season the Palmyra High championship court outfit took the measure of Merchantville, the latest conquest coming last Friday night when the Red and White answered a 46-31 verdict on the floor of the opposition.

The Dimondmen outscored their rivals in three of the four periods and their bid for the decision was never seriously threatened. Sam Rothbaum set the pace for the offense with six field goals and four free throws.

Same Story

The story of the game follows the conventional lines of many others during the current season. Merchantville managed to keep step with the Dimondmen during the first stanza, but as usual, they fell by the wayside in the second quarter and trailed 21-12 at halftime.

The rest of the fracas was a procession, with the Palmyra mentor using ten players to complete the discomfort of the local opponents.

Highway Subsidy

That highway transport in the United States has been subsidized to the extent of more than ten billion dollars by those who pay taxes on homes, farms and other property, is the conclusion reached by three of America's most eminent and experienced highway engineers, in a special study for the Association of American Railroads made public today by John J. Pelley, president of the association.

For public carrier trucks of three-ton capacity and up, the subsidy ranges from \$876 to \$2,047 a year, according to the report of Clifford Older, C. B. Breed and W. S. Downs, the engineers making the study.

Mr. Older, as chief of the Illinois Highway Department, had charge of the famous Bates Road Tests in which the fundamentals of present-day highway design were developed. Professor Breed is head of the School of Civil Engineering of Massachusetts Institute of Technology, and Professor Downs is professor of highway engineering at the University of West Virginia. All three engineers have had wide practical experience in highway construction, maintenance and finance in various sections of the country.

In their study, Messrs. Breed, Downs and Older considered the system of streets and roads as a great state public utility, of which every road open for traffic is part. "Each road and street in this public highway system of a state receives or delivers most of its traffic to or from some other highway," the engineers said. The state system as a whole, they said "is not unlike a railroad system" in that the main trunk highways are dependent for their traffic upon the use of city streets and secondary rural roads as terminals and feeders.

The cost of improvements on this system made for the use of motor vehicles, in the view of the three engineers, should be met by "an equitable charge upon the motor vehicles which use them, just as the costs of telephones, electric power, water and gas, railroads and other public utilities are met by those who use their services."

That this cost has not been met by highway transport is their conclusion, after an examination of the period 1921-1932, for which complete data are available, with close approximations for later years. During the twelve years ending in 1932, the study finds that highway users failed by almost ten billion dollars to pay fully for the facilities provided for their use. For the one year 1932 the deficiency amounted to \$682,000,000 a subsidy which was not diminished for the succeeding years up to and including 1937, according to the report.

The report also deals with the question of whether the "different types or classes of motor vehicles pay imposts commensurate with the cost of facilities required and provided for the special benefit of each class." The study points out that the overwhelming majority of vehicles have a maximum load of less than 1800 pounds per axle and an over-all width of not more than six feet.

Additional costs incurred in building roads thicker, stronger, wider, straighter and flatter than would be needed for vehicles of this class, and additional maintenance costs incurred because of the operation of heavier and larger vehicles, should be met by the classes of vehicles whose operation makes necessary these added costs, in the view of the engineers.

From complete figures for the year 1932, they find that the subsidy for heavier vehicles ranges from \$876 a year for a three-ton truck or a twenty-passenger bus up to \$2,000 a year for the heaviest permissible truck. Complete figures are not available for later years, the engineers report, but fair approximations for the year 1937 show similar results.

"The report of Messrs. Older, Breed and Downs," M. Pelley said in making it public, "does not apply in detail to any particular state. It does show the highway picture as a whole, however, and demonstrates beyond any doubt that highway transport is being substantially subsidized by those who pay taxes on homes, farms and property in general."

TOP O' THE WORLD
MARCH 24 & 25Sigma Kappa's Musical Farce
To Be Presented in
P.H.S. Auditorium

Something entirely new in stage presentations is promised in "Top O' The World," a glamorous musical romance of the Canadian Northwest which will be seen March 24 and 25 at the Palmyra High School Auditorium sponsored by the local chapter of Sigma Kappa Fraternity. This is the latest John B. Rogers production, from the pen of Walter Stone, author of "Sunny Skies" and "Step This Way," advance notices indicate it is the last word in modernistic musical shows. The Roger's Company is well known here for many successful productions in the past.

Scene

The scene is laid in the Great Northwest, its locale being that part of Canada still peopled by French Canadians and Indians, all of which are properly looked after by the glamorous Mounted Police. There are some striking novelties in this year's show, this locale lending itself to an especial charm and freshness of lyric and music which will all be portrayed in spirited fashion by a large

simplified, and made more efficient, and feel that the relief administration should have gone to work pruning relief wherever possible, removing chiselers from the relief role, as suggested by Congress, before coming in to ask for another \$150,000,000 for emergency relief. They say that it is of course impossible to save money unless you try to do it. Then still others are asking why, after six years of New Deal planning, so much relief expenditure is necessary anyhow. Didn't the New Dealers themselves, it is queried, promise to eliminate the necessity for relief altogether? Yet the demand for government aid seems as great as ever.

The fact that there is so much difference of opinion leads a great many people to believe something is seriously wrong with the relief set-up. They believe this should be

number of local actors, singers, and dancers.

Committees

The following committees have been appointed and are already at work to put over "Top O' the World" in "top" order:

General chairman, Joseph L. Sherman.

Publicity, Clarence N. Hubbs, chairman; John McDermott, William Cooper and Earl Rowe.

Tickets, Walter L. Smith, chairman; Carl McDermott, Robert McCurdy and Russell Stickle.

Program, John Matthews, chairman; Sidney Kuensell, Robert Boettger, George Durgin, Irving Shaner and Paul Gibson.

Stage, Edgar Lamon, chairman; Albert Saccia, Lester Yearly, William McDermott and Dante Mento.

Finance, A. Harold Zayotti, chairman; Joseph Yearly and Lloyd Griscom.

Ushers, Albert Mount, chairman; Paul McDermott, Charles Gamble, George R. Coles and Walter D. Lamon.

A call for talent will be issued soon in this newspaper—watch for it.

PLAN FASHION SHOW

Plans for an extensive spring program were outlined by members of the Auxiliary of the Burlington County Medical Society on Monday, at a recent meeting held in the Nurses' Hall of the Zurburg Hospital, Riverside. Mrs. Carlton P. Hogan, of Burlington, is the president of the auxiliary.

A fashion show will be held next month by the group with Mrs. Dean H. LeFavor, of Palmyra, directing arrangements. Although a definite date has not yet been set, Mrs. LeFavor announces that it will be held in the Riverton County Club with Mrs. R. I. Downs of Riverside, and Mrs. Thomas J. Summey, of Moorestown, assisting.

On hearing of Tom Mooney's pardon, we were glad there were no more vacancies in the Cabinet—Congressman W. P. Lambertson.

ELECTRIC DEVICE
SPOILS PROGRAMSPublic Service to Investigate
Source of Trouble in
Part of Riverton

At the meeting of the Riverton Borough Council held last week, Mayor H. McIlvain Biddle reported that he had received a number of complaints from various residents north of the railroad regarding radio interference believed to be caused by the use of electrical apparatus by some one in the vicinity.

Mayor Biddle stated that the interference was so bad at times as to prevent enjoyment of radio programs during the evening.

To Investigate

A representative of the Public Service Company who was present stated that the utility corporation would be glad to conduct tests in order to determine the location of the equipment and that a report would be submitted to council at a later date.

The matter of permitting a member of the police force to attend the South Jersey Police Training School, at Oaklyn, was left in the hands of the police committee. There is no tuition fee for attendance at the school which will be conducted for several weeks with afternoon sessions once or twice weekly.

The 1939 budget passed first reading and the public hearing on the corresponding ordinance will be held on March 9, at 8 p.m. in the Riverton fire house.

Bills

The following bills were approved and ordered paid:
Printing: The New Era, officials cards, \$6.50.

Borough Organization: Burlington County Municipal Association, dues 1939, \$10; The New Era, assessors books, \$21.75; C. Kenneth Davis, clerk hire and stamps, \$37.

Police: William Gootte, salary and phone, \$143; John Robinson, salary and phone, \$133; Special duty—William Thomason, \$12; Hobart Wright, \$8; George Horner, \$8; Roy Bowers, \$8; Beverly Motor Co., car repairs, \$12.75; New Jersey Bell Telephone Co., \$6.10; Dr. H. B. Mark, examination, \$5; The New Era, envelopes and finger print cards, \$17; Clinton B. Woolston, repairs, \$4.25; Evans Service Station, gas and oil, \$12.73; Public Service Electric and Gas Co., traffic light, \$1.90.

Fire and Water: Clinton B. Woolston, gas and oil, \$45.91; E. M. Carhart, phone, \$3; American La-France Foamite Co., maintenance, \$54.44.

Fire Hydrants: Riverton and Palmyra Water Co., first quarter, \$452.35.

Welfare: W. A. Hendrickson, treasurer, \$300.81.

Memorial ark: Public Service Electric and Gas Company, current, \$1.00.

Highways: Robert Clelland, salary, \$50; The New Era, 1000 daily reports, \$7.75; Clinton B. Woolston, repairs to chains, \$3; Clinton E. Paul, snow ploughing, \$40.

Lighting, Public Service Gas and Electric Company, gas, \$230.10, electric, \$204.25.

Garbage: John Dziedzic, contract, \$75.

Burlington County Taxes: Frank A. Snover, treasurer, \$4,379.55.

Payment on Improvements (fire truck): American La-France-Foamite Corporation, \$7,507.81.

School Funds: C. Kenneth Davis, custodian, \$4,400.

Insurance: Clarence T. Yerkes, premium, public liability, \$261.00.

SCHOOL GLEE CLUB

A boys' glee club has been organized at Palmyra High by Miss Dorothy Diener, music supervisor. The group will participate in several novel musical assemblies during the semester.

AT RUTGERS MEETING

Arthur L. Richie, of Cinnaminson, chairman of the Camburton district supervisors of the Camburton Soil Conservation District, was one of the 65 who attended the Roadside Erosion Institute held last week at the State College of Agriculture, Rutgers University.

BOROUGH OF RIVERTON
LOCAL BUDGET, 1939

Section 1.
Local Budget of the Borough of Riverton, County of Burlington, for the fiscal year 1939.

BE IT RESOLVED, that the following statements of revenues and appropriations shall constitute the local budget for the year 1939.

BE IT FURTHER RESOLVED, that said budget be published in The New Era, in the issue of the 16th day of February, 1939.

Notice is hereby given that the budget and tax resolution was approved by the Mayor and Council of the Borough of Riverton, County of Burlington, on February 9, 1939.

A hearing on the budget and tax resolution will be held at the Fire House, on the 9th day of March, 1939, at 8:00 p.m. o'clock, at which time and place objections to said budget and tax resolution of the Borough of Riverton for the year 1939 may be presented by any taxpayer of said municipality.

LOCAL BUDGET — EXPLANATORY STATEMENT
BOROUGH OF RIVERTON BUDGET

The operations of the Borough of Riverton for the year 1938, so far as expenditures were concerned, resulted in an unexpended balance of \$2,553.99. Unusually, the Borough failed to realize the full amount of anticipated revenues, due largely to loss of gross receipts and franchise taxes and an error by the County Board of Taxation in calculating the tax rate for the year.

Examination of the Tax Duplicate appears to indicate that the County Board in error added \$75,000.00 of utility valuations, which were not taxable, upon the duplicate, these valuations being those assessed for gross receipts and franchise taxes. This mistake results in a deficit in local purpose tax of \$2,800.00.

Because of the above losses of revenues, there is an increase in the local purpose tax for 1939.

The Borough has had as usual a very successful year from the standpoint of tax collections, the rate of collection being 78.63 per cent and has followed an annual policy of holding tax sales and in other ways enforced the collection of delinquent taxes. Due to the new regulations under the Local Budget Act, the 1938 appropriations cannot be satisfactorily compared with the similar items in 1939. The three appropriations—Borough Organization, Printing and Collection Costs are now divided up into the following items:

Administrative and Executive
Assessment and Collection of Taxes
Legal
Police

Mayor and Council have been informed that the Local District School budget will be less than the estimated amount and has followed an annual policy of holding tax sales and in other ways enforced the collection of delinquent taxes. Due to the new regulations under the Local Budget Act, the 1938 appropriations cannot be satisfactorily compared with the similar items in 1939. The three appropriations—Borough Organization, Printing and Collection Costs are now divided up into the following items:

PALMYRA

Miss Elizabeth Hassell, of 222 Delaware avenue, will entertain the members of the Shining Hour Class, of Epworth M. E. Church School, at their regular meeting on Friday, February 17.

Mrs. Sidney Headington, of 415 Leconey avenue, was the winner in the February 10 drawing of Shulman's Merchandise Club.

Mr. and Mrs. John Marshall and daughter Dolly, of West Charles street, spent Sunday with relatives in Philadelphia.

The West Charles street neighbors of Mrs. William Hare and Mrs. John Marshall, gave them a birthday party on Tuesday afternoon at the home of Mrs. William Engle.

Pennel Cooper, Mrs. Lillie E. Letford, Mrs. Marcus Schontz, Mr. and Mrs. M. J. Gill and Mr. and Mrs. Alvin S. Westcott, of Palmyra, are listed among the visitors at St. Peter's-burg, Florida.

The Philathea Class of Central Baptist Church will hold its regular monthly meeting on Thursday, February 23, at 2:30 p.m. in the church.

A meeting of the managers of the Interborough Basketball League will be held in the Palmyra Fire House today (Thursday) at 8 p.m.

A card party and social was held Tuesday afternoon in the K. of C. home by the members of the Women's Auxiliary of the Palmyra-Riverton K. of C. Mrs. Harry Stack was chairman of the committee in charge of the arrangements.

Mr. and Mrs. Daniel Cavanaugh, of Cinnaminson avenue, will return to their home on Saturday after spending two weeks at Delray Beach, Florida.

Mr. and Mrs. Albert Smith entertained at the Kemmerle home, 257 West Broad street, in honor of their nephew, Jack Weber, who celebrated his fourteenth birthday Monday evening of this week. Among the guests present were: Andrew Pfaff, Jr., Buddy Cromwell, George Daidino, Frank Stone, John Makin, Thomas Cardea, all of Palmyra and Billy Kemmerle, of Riverton.

CALVARY PRESBYTERIAN
Rev. Charles T. Bates, B.D., Pastor
At the morning worship in Calvary Church next Sunday, February 19th, at eleven o'clock, the choir will sing "O Lord Most Holy" by Franck. The organ selections will be: "Largo" by Handel, "Berceuse" by Gounod and "Festal March in D" by Smart.

The Church School will meet at 9:45 a.m.
The Midweek Service, at which the pastor is giving a study in the Epistle to the Romans, will be held on Wednesday at 8 p.m.

On Friday, February 24th, at three o'clock, in the Church School auditorium, the women of the Lutheran Church, the Methodist Church of Palmyra and this church will unite for a service on the World Day of Prayer. Mrs. Oliver Powers of the Lutheran Church will be the leader. A cordial invitation is extended to all women of the community. Starting on Sunday morning, February 26th, and continuing each Sunday morning until March 26th, inclusive, the Pastor's class of instruction for young people who are preparing to unite with the Church, will be held in the Church office at ten o'clock.

Attention is called to the Union Sunday Evening Services to be held on the Sunday evenings, February 26th to April 2nd, inclusive. Christ Church, Riverton, and Calvary Church, Riverton, will unite. The services will be held as follows: Calvary Church, February 26, March 12, March 26, with the Rev. Francis B. Downs, rector of Christ Church preaching; Christ Church, March 5, March 19 and April 2, with the Rev. Charles T. Bates, pastor of this church, preaching.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor
Sunday evening at 8 o'clock the choir of Bethany Lutheran Church will sing a Musical Vesper Service. The choir under the direction of Mr. Lee Mitton will be augmented by the following: Mrs. W. T. Miller, Mrs. Stanley Lippincott, Mr. E. J. Powell, Mr. J. Ward, all of Palmyra, Mrs. W. D. Bair, Delanco, and Mr. E. R. Sumner, Moorestown.

The vesper will include: "Fear Ye Not O Israel," Roberts; "My Redeemer and My Lord" Buck, contralto solo, Mrs. Lippincott; "The Silent Sea," Neidlinger, tenor solo, Mr. Whitcraft; "The Lord Is My Light, Parker; "He Shall Feed His Flock," (Messiah) Handel, soprano and contralto, Mrs. Bair and Mrs. Lippincott; "The Day Is Gently Sinking to a Close," Mathews.

The members of the choir are Mrs. George B. Shaner, Miss Marie John, Mrs. Bertha John, Mrs. H. W. Bauer, Miss Emma Spuck, Mrs. H. A. Kennedy, Mrs. Paul Wolfshmidt, Mrs. Jay Lenker, Mrs. Earl Whitcraft, Miss Beatrice Mattison, Miss Dorothy Binder, Mrs. J. M. Wilcox, Mr. Jay Lenker, Dr. H. W. Bauer, Mr. J. H. Ingram and Mr. Earl Whitcraft. The pastor of the congregation will speak briefly on music in the worship services. At the chief service, 11 a.m., Mr. Powers will speak on the subject "The Gateway to the Passion." The special Lenten mid-week services of the congregation begin Ash Wednesday, February 22, at 7:30 p.m. Mr. Powers' subject is to be "Fasting Not Fast Days."

BIRTHDAY PARTY AT CHRIST CHURCH, PALMYRA

A Parish Birthday Party will be held at Christ Church, Palmyra, on Tuesday, February 21st, at 8 p.m. The entertainment will consist of several sketches, dramatic readings, vocal and violin solos.

Refreshments will follow. Admission will be a penny for each year of your age.

EPWORTH M. E. CHURCH

Rev. William A. Boyd, Pastor

How different the story of the modern world would have been if the millions of people everywhere had been loyal to God and His Church. There never would have been a World War and there would not now be so much talk about another such war. How long, Mr. Non-Church-Goer, will it take you to learn that the Church is the greatest institution for peace the world over. How long before you awaken to the influence of the Church upon your home, your family and your community? How much longer can you afford to neglect that Church which gave to you your government—your educational system, the thousands of temples throughout your America and such leaders as Washington, Lincoln, Chief Justice Hughes and Herbert Hoover?

"The Lamb in the Midst of the Throne" is the title of the sermon the Rev. W. A. Boyd will deliver this Sunday morning at 11 o'clock. This is the seventh sermon from the Book of Revelation and is taken from the fifth chapter.

"Washington's Abiding Greatness" will be the theme of the evening sermon by Mr. Boyd at 7:45. The choir will sing special music and Mr. Boyd will direct congregational singing.

Lenten meetings will be held in our church every Thursday evening, beginning, February 23. The guest ministers will be as follows: Rev. William Ewen, Gloucester; Rev. R. C. Conover, Audubon; Rev. Dr. T. S. Brock, superintendent of the Trenton district; Rev. B. H. Decker, Collingswood; Rev. A. T. Albus, India; Rev. C. C. Appar, Haddon Heights. The Epworth Mixed Quartet will sing during each service.

Our church extends a cordial welcome to all people to all our meetings.

CHRISTIAN SCIENCE CHURCH

"MIND" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, February 19.

The Golden Text is: "Be ye all of one mind, having compassion one of another, love as brethren, be pitiful, be courteous." (1 Peter 3:8).

Among the citations which comprise the lesson-sermon is the following from the Bible: "My son, attend to my words; incline thine ear unto my sayings. For they are life unto those that find them, and health to all their flesh." (Proverbs 4:20, 22).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The conceptions of mortal, erring thought must give way to the ideal of all that is perfect and eternal. Through many generations human beliefs will be attaining diviner conceptions, and the immortal and perfect model of God's creation will finally be seen as the only true conception of being" (p. 260).

YOUNG PEOPLE'S EPWORTH LEAGUE

A special feature at the Sunday evening service will be the music of Miss Eileen Rae, who will play her violin, accompanied by Ruth Fry. The service begins promptly at 6:45 and the members of the group invite you to come and test their welcome.

The mid-winter institute of the Southern Group in Trenton District, will be held in the Palmyra Church beginning on February 24 and on each Friday until March 31.

The courses and their instructors are "Young People and Personal Experiences," Rev. H. Bradway; "Young People and the Church of Today," Rev. William A. Boyd; "Young People and Their Problems," Rev. A. L. Gongloff and "Young People and the Bible," instructor to be announced later.

Rev. A. L. Gongloff will be Dean of the Institute.

WESTFIELD FRIENDS MEETING

Burlington Pike
Sunday Morning
10 o'clock. First Day School.
11 o'clock. Meeting for worship.

He hears but half who hears one party only.—Aeschylus.

Westfield Friends' School

Lincoln's Birthday

We celebrated Abraham Lincoln's birthday on Monday, February 12, by a special assembly, the theme of which was "citizenship in the home and in school."

The meeting was opened by the chairman, Jack Clement, who led the group in the salute to the flag and in the singing of "My Country, 'Tis of Thee" and "America, the Beautiful." The fifth and sixth grades prepared and read five rules for citizenship in the home and five rules for citizenship in school.

Roy Heisler, Jr., a graduate of Westfield, spoke to the group on the ways Boy Scouts receive training in citizenship.

The meeting was brought to a close after each member of the fifth and sixth grades read a short article on the life of Lincoln. Abraham Lincoln was shown to be an example of good citizenship and one to whom we should all look for inspiration.

Ice Carnival Tuesday, Feb. 14

Our assembly this week was in the form of an ice carnival at which the girls skated and the boys threw snowballs in rhythm.

The kindergarten and the first grade gave an interpretation of penguins and snowbirds.

The second grade orchestra gave their first public performance with

several well-rehearsed selections.

Jack Clement played a piano solo entitled "C" Major on parade.

Dorothy Porter played several selections on a toy xylophone.

As usual, several of the parents were present to see the children participate in the weekly assembly program.

Cornerstone laying is an ancient custom, dating back to Ur, the ancient city of Chaldees.

P.T.A. SPEAKER

Mrs. Clifton P. Mayfield, of Riverton, was the guest speaker at the Founder's Day Program of Spring-side P.T.A. in the Mitchell School of that community on Thursday of last week.

Records at the girls' colleges, Vassar, Bryn Mawr and Smith, show that mothers are not as tall as their student daughters.

WASHINGTON'S BIRTHDAY February 22nd

WASHINGTON, THE GREAT CHAMPION OF LIBERTY, THE "FATHER OF HIS COUNTRY," IN HIS FAREWELL ADDRESS LEFT BEHIND A MESSAGE FOR A FREE PEOPLE TO LAST THROUGH THE AGES.

IT WAS WRITTEN AND DIRECTED NOT ONLY TO THE PEOPLE OF HIS TIME, BUT TO THE PEOPLE OF ALL TIME—TO US, TO OUR CHILDREN AND OUR CHILDREN'S CHILDREN.

GET OUT HIS FAREWELL ADDRESS . . . STUDY IT CAREFULLY . . . AND DETERMINE THAT WE TODAY WILL HOLD SECURE THAT WHICH WAS WON BY HIM AND HIS STOUT-HEARTED ARMY . . . AT GREAT SACRIFICE AND SUFFERING.

CINNAMINSON BANK and TRUST CO.

Riverton, N. J.

BOY SCOUT NEWS

Troop 22

Troop 22, of Palmyra, attended the Riverton Penn Street Church on Sunday, February 12, where they heard inspiring talks on Scouting by Rev. Jones and Rev. Mitchell. John Washington, a member of Troop 22, spoke about the history and progress of the Boy Scouts of America. The troop committee was introduced to the congregation and friends. This committee is composed of Mr. Houghton, Rev. Jones and Mr. Birkhead, all active workers in this worthwhile movement for the Youth of America.

Troop 5

The Epworth Methodist Church of Palmyra was the gathering place on Monday, February 2, for representatives from all the troops in Palmyra, Riverton and Parry, when they were guests of Troop 5 for the evening. Approximately 90 boys and respective scoutmasters heard Sergeant Conover from the New Jersey State Police Safety Squad deliver a splendid talk about "Safety." Motion pictures added much to emphasize what Sergeant Conover said concerning rules and regulations of Safety.

The Indian tribe from Troop 5 trekked again into outside territory, entertaining with their Indian impersonations. This time they gave an exhibition at Girard College on Friday evening, February 10, along with entertainment by some members of the 48 other scout delegations from Philadelphia.

CLUB CARD PARTY

The River Town Ladies' Club will sponsor a card party tonight (Thursday) in Society Hall, Palmyra.

Mrs. Gertrude Lynch, chairman, has announced that there will be a beautiful wrist watch for lady or gentleman as a door prize, given by Mr. Herman Tull, of 2409 Federal street, Camden. There will also be many other prizes.

Those who live in Riverside will have free transportation, bus leaving the Riverside station at 8:15 sharp.

Mrs. Lynch and her committee have been working hard to make this affair a success. Every penny will go to help someone in need so come and support this worthy cause.

Tickets may be secured from any member or call Riverton 62-J and your ticket will be reserved. Donation 25 cents.

CAST FOR SACRED HEART PRODUCTION

The Sacred Heart Dramatic Club will present "A Busy Honeymoon" on Friday, February 21, at the Parish Hall.

Frank Fitzpatrick, prominent professional coach, of Philadelphia, is in charge of the production. The proceeds of the play will be presented to Father Welsh for necessary repairs to the interior of the church.

"Busy Honeymoon" is a hilarious farce based on the experiences of an Archduke, a princess, her secretary, a porter and a newspaper man—who become involved in the efforts of the kingdom of Delleria to float a loan. Needless to say, the honeymoon takes place in the regulation spot, Niagara Falls.

Characters

The characters are: June Callahan, the secretary, Margaret Pfaff; Terry Rafferty, the porter, Gerry Malone; Johnnie Fogarty, newspaper man, Elwood Bradshaw; Alma, princess of Delleria, Margaret Hill; August, crown prince of Strudleburg, Anthony Buidas; Ignatius Popopolus, Greek hero, Anthony Prisco; Maggie Rafferty, Terry's wife, Margaret Pippitt; Cuticura Brown, colored chambermaid, Dolores Kelly; Gootlieb, Archduke of Wiener Schnitzel, Albert Schuler; Teresa, Alma's maid, Mary McCordell; Louise, Queen of Delleria, Patsy Ford and Grogan, house detective, Joseph Getty. Tickets may be secured from members of the club.

FIRE PROTECTION IN CINNAMINSON (continued from page 1)

by unanimous vote and the public hearing is scheduled to take place in the Cinnaminson School on Tuesday, March 14, at 7:30 o'clock.

The complete budget will be published in next week's issue of The New Era.

YACHT CLUB HAS FINE AFFAIR

Over 250 members and friends of Delran Yacht Club assembled at Weber's Hof Brau last Wednesday evening on the occasion of the local Club's Annual Dinner-Dance.

The entire main room of the Hof Brau was given over exclusively to the affair, and the elaborate decorations of pennants and regulation sized signal flags served to emphasize the gay and colorful nature of the gathering.

Specially designed souvenir menus were in keeping with the splendid dinner prepared by the Hof Brau management. The usual floor show was supplemented by entertainers from Silver Lake Inn. The Misses Doris Pedrick and Doris St. Pierre of Collingswood, and the Messrs. Charles Schwartz, and George Corner, of Palmyra, also lent their musical talents to the gathering.

Prizes

Drawing for door prizes, directed by G. Frederick Petty, of Merchantville, was the high spot of the evening. R.C.A. and Philco radios, electrical appliances and similar articles of value were awarded to twenty of those present including Mrs. Schwartz and Mrs. Charles Whitmer, of Palmyra, and Mrs. Cooper, Mrs. Shorten, Mrs. G. E. Cole, and Dr. White, of Riverton. As novelty prizes, Mrs. Edna Bowers, of Camden, drew the live pig and Mrs. Chemino, of Camden, carried off (literally) the live turkey.

Dr. Charles F. Voorhis, as commodore, and Mrs. Voorhis as president of the Ladies' Auxiliary, were presented with a silver tray, suitably engraved, in appreciation of their leadership and untiring efforts in behalf of the club.

Although Delran Yacht Club is but a year and one-half old, the success of this first formal gathering is a source of justified satisfaction to its officers and members who are grateful for the cooperation and interest so evident in our local communities.

CANDY CLUB

The Business and Professional Women's Club, keeping in mind their goal—to have a student loan fund amounting to \$100 set up by the end of the school year, have started an Easter Candy Club.

Members of the Candy Club pay 25c per week for 6 weeks—\$1.50 in all, or if one is lucky enough to draw out, as little as 25c for a \$1.50 value.

The club offers quite a selection of Minter's Chocolates, such as different priced cocoanut cream eggs, fruit and nut, or sweet chocolate shell eggs, as well as butter cream candies.

If anyone is interested in helping the club attain their goal—and at the same time taking care of your Easter Candy, we shall appreciate your contacting any member of the committee. The first drawing will be within the next few days.

The Committee: C. Elizabeth McDonnell, phone Riverton 479-R; Vida Bortner, phone Riverton 454-W; Verna Davis, phone Riverton 508-W.

COUNTY RULERS IN SESSION HERE (continued from page 1)

township, was named delegate to the state organization and Mr. Shipp named the following members of the executive committee: Robert W. Knight, of Riverton; Albert Sleeper, of Mt. Holly; Henry L. Jones, of Hainesport; Albert C. Jones, of Mt. Holly; and Harry Chant.

Reviews Legislation

President Spiegle reviewed a number of bills that have been presented to the state legislature and advised those present regarding the merits of a number of the more important, touching particularly on the tenure bill for volunteer firemen, the proposed reduction in auto license fees, highway fund diversion and increased dirt road appropriation.

A number of the members spoke briefly on various topics, matters of chief interest being money owed to municipalities by the state for relief purposes.

At the conclusion of the session, refreshments were served by the Riverton and Cinnaminson delegations.

Why should the United States spend a billion dollars on defense as long as it has Harold Ickes and his vocabulary?—Washington Post.

Local Police Soon Catch Young Robbers

Quick work on the part of Palmyra police, directed by Chief C. Morris Beck, resulted in the apprehension of two youths who robbed the Palmyra Bowling Alleys on Wednesday of last week.

The pair, Zigmund Zigaldo, of 514 Race street, Palmyra, and Robert Zimmer, 224 Delaware avenue, also of Palmyra, were rounded up by the chief on Saturday morning. Zigaldo confessed to his part in the crime and admitted that Zimmer was his accomplice.

Both were arraigned before Mayor John F. Ward, acting police recorder, and were released on bail after being bound over for a court trial. Zigaldo's bond was \$500, while the figure set for Zimmer was \$200. The former had been in trouble before, being on probation for larceny committed some time ago in Burlington. Police found that entrance had been made to the alleys by a rear window, after which a show case had been rifled of parts of its contents by lifting off the glass top. The loot consisted of three boxes of cigars, four cartons of cigarettes and four boxes of candy.

At the direction of Chief Beck, fingerprints on the glass were taken by state police after which the chief took prints of all pinboys at the alleys. He found that Zigaldo's matched those on the case and, when confronted with this evidence, the young culprit confessed.

Wesleyan Men's Bible Class

FOR THE MEN OF THE COMMUNITY

When troubled, have you ever stopped and listened for the voice that will give you the right answer? Don't you think we should at all times place our dependence on Providence; hasn't it been your experience that all other resources fail?

Do you think there is a man living who does not have his Godlike hours? It is not in the clamor of the crowded streets, nor the shouts of the throng, but in ourselves that we find triumph or defeat! Will you meet with us next Sunday at 9:50? Mr. Poinsett will speak on "Joel's Prophecy Fulfilled," Acts 2: 1-14.

**CARD PARTY PLANNED BY
SACRED HEART PARISH**
Preparations are now being made for the annual card party sponsored by the combined societies and organizations of the Sacred Heart parish, to be held this year on St. Patrick's day, March 17th, at the parochial school hall on Linden avenue. Details are now being worked out.

CARD OF THANKS
I wish to express my sincere appreciation to the St. Agnes Guild of Christ Church and my many friends who sent flowers and expressions of sympathy during my recent illness.

THE NEW ERA

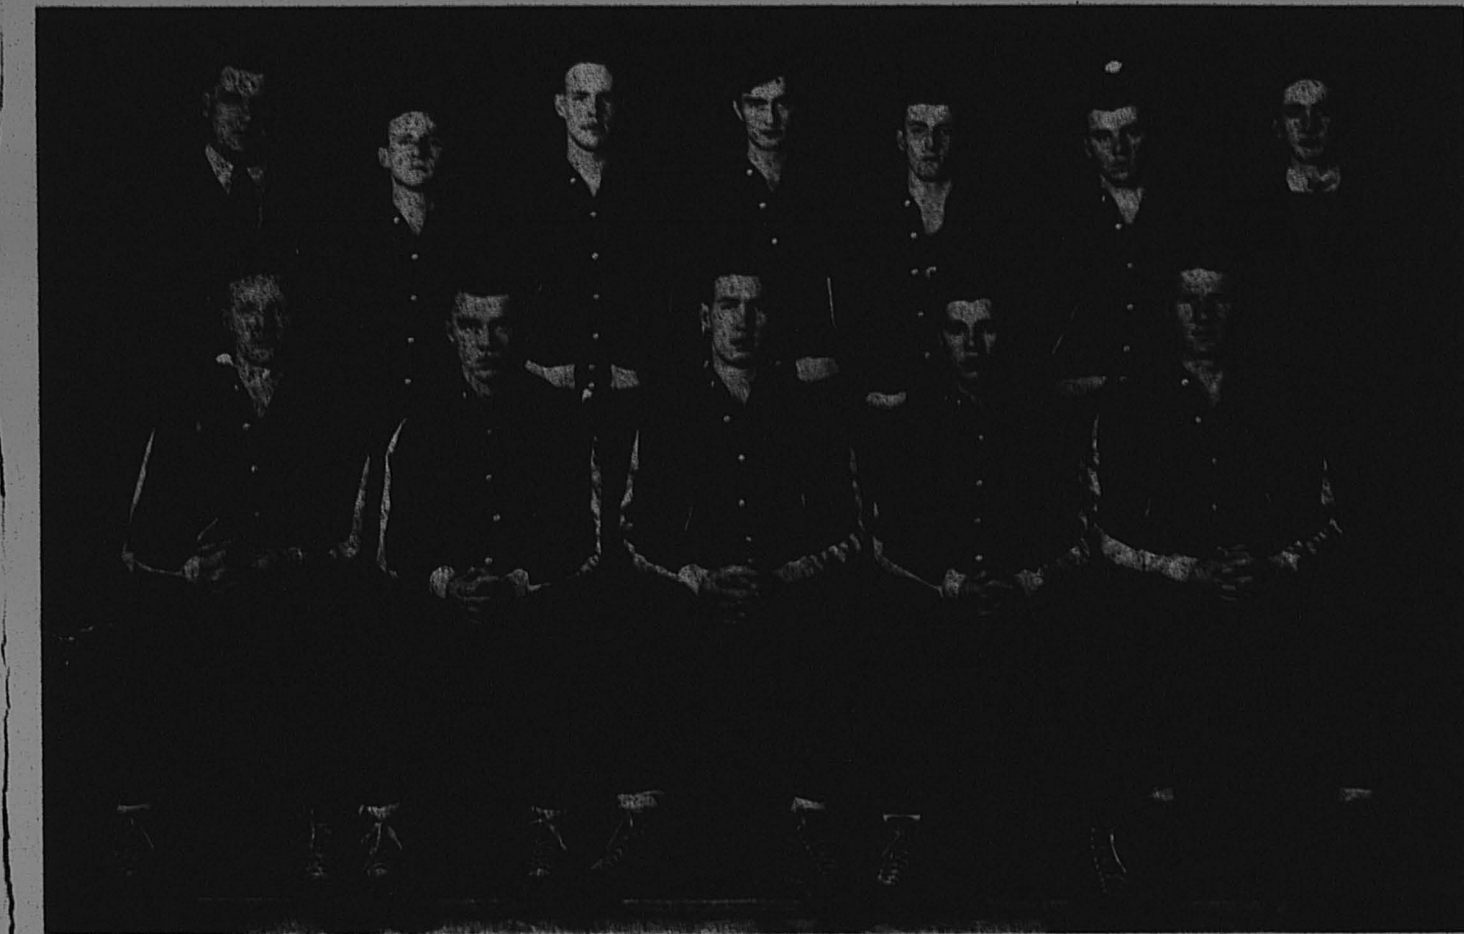

RIVERTON : CINNAMINSON : PALMYRA

50th Year No. 7

RIVERTON—PALMYRA, N. J., THURSDAY, FEBRUARY 23, 1939

PRICE FIVE CENTS

MEET THE CHAMPS

The Palmyra High School basketball team which recently won the championship of the Group 3 South Jersey Scholastic League. Seated: Left to right, Baker, Butters, Marshall, Rothbaum and Gamble. Standing: Left to right, Coach Dimond, O'Neil, Rivera, LeCates, Shaner, McDermott and Manager Smith.

HILTON SMITH HEADS BOARD

Riverton Organization Names
Officers; Mrs. C. H. Yost
Vice President

At the organization meeting of the Riverton Board of Education held on Monday night of this week, Hil- ton M. Smith was re-elected president of that body for the current year.

Mr. Smith, who was nominated by Arthur H. Burns, was opposed by the latter, who was nominated by Mrs. Charles H. Yost. In the closed ballot which followed, Mr. Smith was declared elected, the count being 5-3.

Other Officers
Other officials elected by a unanimous vote were as follows: vice president, Mrs. Charles H. Yost; district clerk, William H. Bottger; custodian of school funds, C. Kenneth Davis.

John L. Metzgar, board member was named temporary chairman of the meeting and Albert Farrow, temporary secretary. Richard M. Woodward was elected judge and Thomas Taylor was teller.

Mr. Bottger administered the oath of office to the members of the board who were elected to office last week, these being Richard M. Woodward, Arthur Burns and Thomas R. Taylor.

LEGION-HIGH SCHOOL ORATORICAL CONTEST

Plans for the American Legion Oratorical Contest have been completed. The Americanism committee of Post Frederick M. Rodgers co-operating with Mr. Charles Ray, who is coaching the entrants, is arranging the program.

The local contestants will hold their elimination contest in the Palmyra high school Wednesday evening, March 1, at 8:00 o'clock. Everyone in this area is invited to attend. The winner of the local contest will compete in the county contest also to be held in the Palmyra High School auditorium on March 4. See page 7 for further details.

LEONARD BAKER HEADS BOARD

At the organization meeting of the Palmyra Board of Education held on Monday night of this week, Leonard R. Baker was re-elected president of that organization by a unanimous vote.

Frank Snowden was named vice president, succeeding Sydney Burger, who was not a candidate for re-election. Committee appointments will be made at a later date by President Baker.

Citizens Discuss Social Problems

Over fifty leading citizens of Palmyra convened last week to discuss the social problems of the community and to endeavor to work out practical solutions to the difficulties. The session was sponsored by the Palmyra Woman's Club and Mayor John F. Ward acted as chairman.

All civic organizations in the borough were represented and many persons spoke on various topics pertaining to the matter at hand.

The result of the meeting was that Mayor Ward appointed a committee that will outline a program for consideration by the group. While juvenile delinquency is one of the more important items, other social matters will also be taken up.

The members of the committee are as follows: Robert Patchel, Palmyra High School faculty member, chairman; Mrs. Eleanor McCrosson, Mrs. Harry Kennedy, president of the Palmyra Woman's Club; Mrs. George Luce, president of the Palmyra Parent-Teacher Association; Rev. J. Chapman, pastor of the Palmyra Episcopal Church; George N. Wimer, Palmyra Welfare director and George Smith.

STOVE NEEDED

The Riverton-Cinnaminson Welfare Association is in urgent need of a coal and wood kitchen range. Any one having a stove of this type that they desire to donate is requested to call the Welfare office, phone Riverton 284.

Woodward Heads County Realtors

The Burlington County Real Estate Board held its Annual Banquet and Ladies' Night in the Community House, Moorestown, on Friday night, February 17th, with an attendance of nearly one hundred.

Distinguished guests present were: Ellis C. Kircher, president of the Camden County Real Estate Board; Harry Wilson, assemblyman from Camden County and past president of the Camden County Real Estate Board; Palmer L. Adams, director of the Burlington County Board of Freeholders; Wray Lemon, secretary Camden Chamber of Commerce; Mrs. L. D. Penfold, secretary Camden County Real Estate Board, and Clement B. Lewis, prominent New Jersey fruit grower.

The speaker of the evening was Dr. Phillip Steinmetz, pastor St. Lukes P. E. Church, Elkins Park, New Jersey.

This banquet was also the occasion of the installation of the new (continued on page 12)

ANNUAL BANQUET OF RIVERTON YACHT CLUB

Friday, February 24, is the date for the annual banquet of the Riverton Yacht Club. The club, which is recognized as the oldest organization of its kind on the Delaware, and as one of the best sailing clubs in the country, expects guests from many other clubs. This along with the splendid entertainment supplied by Webers' Hof Brau, of Camden, under the able guidance of William Shoemaker, III, promises to round out a perfect evening.

Edward K. Merrill, noted skipper of the Riverton Yacht club, will be feted, due to his recent victory at the San Juan Yacht Club mid-winter Comet races. Trophies for the past year and special prizes will be awarded immediately following the dinner which will be served at 7:00 p.m. Tickets may be obtained from any yacht club member at \$1.50 per plate.

COUNTY FIXES INTEREST RATE

Burlington county municipalities will pay six per cent interest to the county on delinquent taxes in accordance with a resolution passed by the board of freeholders last Friday afternoon.

The interest charge will be assessed if payments are not made within 15 days after the first of the month on which the taxes fall due.

Big Sum Asked For Re-Indexing

County Clerk Lawrence G. Mingin would like to complete the re-indexing of the records in his office and the Russell Indexing Company estimates that the job would cost about \$83,000, the work and payment to be spread over a four year period.

Mr. Mingin has advised the county freeholders that this work is of vital importance and has been advocated by many prominent lawyers throughout the county. He offered to have a number of these men present at a hearing on the proposition should the board decide that such a conference was advisable.

According to Freeholder Clarence G. Price, the re-indexing of the deeds, mortgages, etc., would make it much easier for those who consult the records when making searches.

The matter was laid over by the board until the budget for the county clerk's office is prepared.

LOCALS GET BACK INTO WIN COLUMN

Camden Catholic was unfortunate to catch Palmyra on the rebound after the locals bowed last week to Moorestown and the result of the fray at Convention Hall on Tuesday night of this week was a 30-23 decision for the Dimondmen.

The Irish had high hopes of avenging an earlier defeat administered here by the Red and White, but they were caught in a barrage of the Palmyra artillery during the second period of the game and were unable to recuperate.

DISCUSSION OVER NEW ALMSHOUSE

Architect and Freeholders
Confer Over Alleged
Faulty Building

At the meeting of the Burlington County Board of Freeholders held last Friday afternoon, a large part of the session was spent in a discussion with the architect for the new almshouse regarding the criticism raised recently by members concerning alleged faulty construction in a number of respects.

Colonel Hugh A. Kelly and his associate, James Cantwell, were present and went over the various items in detail. The fourteen points in question were apparently explained to the satisfaction of the freeholders, with the exception of the ceiling height on the hospital wing of the second floor.

Too Low
In this part of the building there will be a clearance of 6 feet, 6 inches under the lights which are in the middle of the corridor. This, in the opinion of Director Palmer L. Adams, is not sufficient.

He resented an implication made by Freeholder Leroy Church and Mr. Cantwell that this situation was caused by the fact that he (Mr. Adams) had insisted on lower ceilings when plans were drawn up.

Mr. Adams stated that the ceilings are really of sufficient height, 10 feet, 6 inches, but that the difficulty was caused by running the ventilating system down the middle (continued on page 11)

MILLS ELECTED BANK PRESIDENT

Doctor a Director for 27 Years;
Conover to Have Active
Management

Dr. Charles Street Mills, former vice president of the Cinnaminson Bank and Trust Company, Riverton, was elected to the office of president, to succeed the late E. L. Williams, at a meeting of the directors held in the bank on Tuesday night.

Dr. Mills has been a director in the bank for the past twenty-seven years and a member of the executive committee for the past twenty-five years. He held the office of vice president for two years prior to his election as president.

Active Management
Dr. Mills will devote a part of his time to the fulfillment of the duties of president and active management of the bank will rest with Howard B. Conover, secretary-treasurer of the Cinnaminson Bank and Trust Company for the past fourteen years.

Mr. Conover has been in the banking business since 1910 having been associated with two banks in Atlantic City for a number of years. Prior to coming with the Cinnaminson Bank and Trust Company, Mr. Conover was employed as a state examiner for the New Jersey State Department of Banking and Insurance. He came with the local institution in 1925 and has held the post of secretary-treasurer ever since.

County President
In 1938 Mr. Conover was president of the Burlington County Bankers Association and is this year a member of the Public Relations Committee of the New Jersey Bankers Association.

The complete official roster following last Tuesday's election is as follows: Dr. Charles Street Mills, president; Edmund S. Holmes, vice president; William A. Hendrickson, vice president; Marie A. Wiseman, trust officer, and Howard B. Conover, secretary-treasurer.

COUNTY SCHOOL BOARDS TO MEET

Semi-Annual Affair to Be Held At Mt. Holly; Local Girls Glee Club There

The semi-annual business and dinner meeting of the Associations of Burlington County School Boards will be held in the First Methodist Church, Brainerd street, Mount Holly, on Monday evening, March 6, at 6.15 o'clock.

A turkey dinner will be served by the ladies of the church, following which the business meeting and election of officers will take place. School transportation contractors and bus drivers will have an opportunity to discuss their problems, and if they desire, form an organization of their own in a separate room at the church.

Then the entire group will adjourn to the auditorium of the old high school, diagonally across the street from the church, where an excellent speaking and musical program will be rendered.

Dr. John L. Davis to Speak

The address of the evening will be made by Dr. John L. Davis, of New York city, famous preacher and lecturer. Dr. Davis recently addressed the State Federated Boards at Trenton, and those who were present say that it is an unusual treat to hear him. He comes from Oklahoma, knew Will Rogers personally, and combines some of the qualities of the latter and those of the late Tom Skeyhill in his makeup.

Palmyra Glee Club

In addition to the speaking, an excellent musical program will be presented. The Girls' Glee Club of the Palmyra High School, will appear in several selections, while the String Ensemble of Trenton State Teachers' College will render a half hour of excellent musical entertainment. The ensemble is conducted by Earl Hartman, senior music student, under the direction of Miss Mabel Bray, music director of the college.

YMCA BRIEFS

State Young Men's Congress

Young men of the Y.M.C.A.'s of New Jersey will have their ninth annual State Congress around the theme "Growing Demands of Citizenship," at New Brunswick, February 25-26.

The various Phalanx Fraternities of the county will send delegates. Phalanx is the Y.M.C.A. age grouping for young men beyond high school age. At present, there are such organizations in Medford, Moorestown, Palmyra-Riverton and Riverside. Some dozen delegates will make up the total county delegation.

Round table discussions will deal with such matters as "Planning for Marriage," "Cooperative Movements," "Vocational Adjustments," "More Effective Club Programs," "Un-American Activities," and "Juvenile Delinquency."

There will be three conference addresses on these themes: "Things We Need to Know" by Dr. Bruce Robinson, Newark; "Foundations of Citizenship," by Frederick Fitch, acting superintendent, Jamesburg Home for Boys, and "Effective Living in a Growing World," by Dr. James Ellenwood, Secretary New York State Y.M.C.A. The conference begins Saturday afternoon at two, and the closing session on Sunday begins at two.

NO CHANGES IN SCHOOL OFFICERS

The Cinnaminson Board of Education at its organization meeting held Monday night adjourned without a single change in the officers, employees, or committee appointments. The set-up remains the same, with Howard Taylor, Jr., elected president and Leslie W. Reeves as vice president.

Emma D. Frank was appointed district clerk; William Schriener, custodian; Katherine N. Stover, office clerk; Pearl Eagers, lunch room matron; Visiting Nurse Society, nurses; Walter Carson, attorney; Dr. Hayes B. Brady, dental inspector; Dr. Harry L. Rogers, medical inspector for School No. 2; Dr. Luther R. Bradley, medical inspector for School No. 4; and George Dorworth, attendance officer.

The report of the custodian was read by William Schriener and ordered received and filed.

Methods Described

Mrs. Mildred Magowan, supervising principal, explained in detail the newer methods of individual advancement being employed in teaching today. Failures, she stated, do something to a child, whereas, advancement in accordance with each child's capacity to advance, is considered a much better plan.

Under this plan, she stated, the child who is able to quickly conquer his work, advances more rapidly and is not held back by the ones whose ability is less pronounced. Likewise, individual advancement helps and

RIVERTON SCHOOL NOTES

The Eighth Grade Civic Club enacted a play in commemoration of two famous men, Lincoln and Washington whose birthdays we celebrate this month.

The pupils that did not take part were accompanied by the sixth and seventh grades in the choir as there were a number of patriotic songs sung throughout the program.

This play told about the highlights in the lives of Lincoln and Washington from their boyhood up. In the play Charles Bishop recited the Gettysburg Address.

When the first act was over the third grade children danced the minuet (a favorite of Washington) accompanied by Mrs. Conneys on the piano.

This play was given again on Monday.

encourages those who learn less quickly.

Mrs. Magowan invited board members to visit the classes more often and see for themselves how the plan actually operates.

we received an inquiry for the Striped Treebine (Cissus striata) from a lady in Richmond who had been trying to find this lovely vine for the house, "just everywhere." Her florist told her she could get it from Dreers as they always carried the newest and best kind of plants. We were glad to inform her we could sell her good plants at 50c each.

HENRY A. DREER

The Kangaroo Vine (Cissus Antarctica) another good house vine, is very popular just now with those who like something different.

Open weekdays from 8 a.m. until 5 p.m. and on Sunday (but not for business) from 1 until 5 p.m.

GOODWIN BRINGS SUIT

Another suit against Burlington county has been brought, in the action of James Goodwin, of Riverton, formerly manager of the laundry at the New Lisbon county institutions. He claims \$500. James Mercer Davis, Jr., who represents him, on Saturday asked Judge Perskie for a rule to show cause why a writ of mandamus should not be issued against the county in the suit of former employees. The rule is returnable on March 24.

EUROPE TAKES AMERICA'S BEST

Dr. Arthur Schuh Tells Rotary About Foreign Industry Advancement

The most impressive thing about Europe is its industrial renaissance, Dr. Arthur Schuh, research director of the United States Cast Iron Pipe Company, told Palmyra-Riverton Rotarians at their last meeting. His observation of manufacturing plants in Germany, England, France and Italy left him astounded at the way Europeans in the last ten years have adopted and adapted the best American business has to offer. Dr. Schuh's talk differed from the average presentation of the European situation because he spoke primarily as an observer of business conditions rather than of economic and political affairs. Dr. Schuh and his party first landed in Germany. They were impressed with the cleanliness and neatness of the cities, and the very evident signs of activity of all kinds, both military and industrial. He was born many years ago in Nurnberg, and so can recall the Germany of his early youth. According to his recent impressions there has been a tremendous material advance.

Nazi Headquarters

The Nazi headquarters in Nurnberg are rapidly taking a position as the most colossal and yet artistic meeting grounds in the world. For instance, there are already constructed two parade fields, one for 80,000 and the other for 120,000 people, and two more and a colosseum are at present under way. The combined seating capacity of the two will be 650,000. They are obviously designed to impress the German people, which, in Dr. Schuh's opinion, they have done.

Dr. Schuh was in Nurnberg the very day of the Jewish purge, and was an eye witness of scenes which were too disgusting to describe. He said that most of the trouble as far as he could see was started by wom-

en. There was a mixed reaction among the people generally. The younger, rather regretted that the purge had not gone farther, while the older felt that it was a great mistake. There was no newspaper accounts in Germany of the condition, which every one realized was not spontaneous but highly organized.

Most Prominent

Germany, in the opinion of Dr. Schuh and his party, was the most prominent nation industrially in Europe. There is no unemployment, but a shortage of labor, and help is imported from Poland, Italy and Holland. The visiting group of business men was overwhelmed by the state of development and application of mass production principles to many fields in England. There also was a tremendous re-arming program which keeps industrial index at a high point. The people were much concerned about Germany's military power.

France was distinguished because they saw relatively few soldiers. Industrially the general development was surprising, and some processes were observed in France which were not seen anywhere else.

Dr. Schuh seemed somewhat impressed by Italy. He visited there the largest seamless steel tubing plant in Europe. Not only was the equipment, but the central office and the laboratories equaled anything which Hollywood could imagine. Dr. Schuh was particularly astounded by the laboratories. In his judgment no where in this country does their equal exist.

Highly Skilled

In connection with this plant there is an Apprentices' School for graduates of elementary schools. Their pupils go through rigorous training for two years which must be followed by three years employment in the plant. Mussolini's projects of this sort are designed to produce highly skilled workmen who will be of value in time of military need.

It was interesting to hear that there was much more freedom of discussion in Italy than in Germany.

Italians were often critical of the regime, and provisions have been made to wipe out unjust treatment. A personal appeal to Mussolini is possible, and it is said he reads most of them. Dr. Schuh felt that Mussolini's greatest contribution had been his attempt to improve the lot of those in the low income bracket. It had been done without affecting the rich people except for the fact that they did not make any more money, the return on investments being limited and the general level of wages being raised.

Great Advancement

The highly favorable impression of Italy was topped off with admiration for the application of science to both military and civic problems. The discovery of even new army machines such as tanks and guns are not kept secret any more, but placed in a public exhibit. Geologists also have contributed vast information not before known on quantity and locations of natural resources as well as methods of extracting them. Italy and France seem to have a mixture of respect and fear for Germany. The French, particularly, admire Germany's industrial skill. No one anywhere in England seems to doubt there will be a war perhaps this year, but all realize equally that nobody can afford one. Perhaps the most astounding view point of all is the feeling of a section of the French people that they would rather be annexed to Germany than live through another crashing war.

The Club observed with a few minutes of silence and a very lovely prayer by its chaplain, the passing of one of its charter members, Earl Williams. He had served the organization as president and in other capacities and his loss is a real one.

NO FURTHER INFORMATION ON LOCAL SCHOOL BREAK

No further data has been obtained by local and state police who are investigating the break at the Riverton Public School which occurred a short time ago. Officials are convinced that the job was the work of a person with impaired mental capacity who has made similar entries into other schools in South Jersey.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor

On Ash Wednesday evening a series of services were begun at Bethany Lutheran Church. These will continue Wednesday evenings at 7:30 p.m. throughout Lent. On Wednesday the pastor of the congregation, the Rev. Oliver W. Powers, preached on the subject "Fasting, Not Fasting Days." He said "Our Church does not observe Lent in past custom. She does not value fasting and penance for merit's sake, but only for Jesus' sake. The end of Lent is not merit, but character. With the beginning of these days the Church's services increase, but she centers them in the contemplation of the Passion of our Lord. This is to excite self-examination, self-analysis, penitence, and hearty desire to grow in grace."

On Sunday morning, at 11 o'clock, Mr. Powers' sermon topic will be "Tempted, Yet Without Sin." At the Vesper, 8 p.m. he will speak on "The Work of Home Missions."

"ABANDONED CAR" MERELY PARKED

Palmyra residents in the vicinity of Second street and Garfield avenue reported to local police that a Dodge sedan had apparently been abandoned on the vacant lot at the northwest corner of the intersection some time on Sunday night of this week.

Investigation by officers disclosed the fact that the license plates had been removed from the car and placed on the back seat. The tags were for 1938 and issued in Montana.

It was later learned that the machine was the property of a nearby resident who had temporarily "stored" the car in the lot in order to escape the penalty for overnight parking.

Edward H. Lewis, of Mt. Holly, recently donated a number of stained glass windows to St. Andrews Episcopal Church located in that community.

CLOSE TILT IN
LOCAL LEAGUE

5 & 10 Noses Out K. of C. by Single Marker; Trojans, Artisans Win

The second half of the Interborough Court League schedule got off to a good start on Monday night of this week with the Knights of Columbus and the 5 & 10 providing the most interesting engagement of the evening.

The first half champions jumped into an early lead and were out in front 11-5 as the half ended. This advantage was later increased to nine markers, but the Knights stepped on the gas at this juncture and really made things most interesting, if not troublesome for the Merchants.

Nearly Tied

With the count reading 19-13 in favor of the eventual winners, Williams counted from the floor and Dougherty followed suit. The 5 & 10 also got a doubleton, but Wallace duplicated this with less than a minute to go. Fries shot for the basket as the final whistle sounded and rang the bell, making the tally 22-21. He was fouled while shooting and the affair appeared destined for an overtime session.

Fries, however, missed the try and the Merchants emerged the victors by the lone marker.

Eisley was the big gun for the 5 & 10, getting four field goals and converting three free throws. The Knights took the floor with the best team they have had this season.

Other Games

The Artisans downed the Fighting Firemen 20-7 in the first tilt of the evening. Beddow and Carpenter of the Lodgemen shared scoring honors with eight points each.

The Trojans took Sigma Kappa 14-9 in the last fracas, this engagement being marked by close guarding on the part of both teams.

S. K. presented rather a juvenile cast, with Gamble, ex-high school star, and Weiner bearing the brunt of the hostilities.

SPORTS JOTTINGS

It had gotten to the point where a win for Palmyra didn't offer much in the way of news—it happened too often.

The managers of the Interborough Court League finally decided to play on five more Monday evenings before calling it quits for the season.

Despite the fact that local fans did not greatly enjoy seeing Moorestown win, they could not help but admire the fine performance of the Isenberg team.

If the local cheering section persists in raising a din when opponents are shooting fouls the act may prove costly to the team, since officials can call a technical foul for such an offense. As a matter of fact, Palmyra barely escaped this penalty Friday night at a time when another point for Moorestown might well have decided the game.

The baseball season is just around the corner and local teams are already making plans for the summer pastime.

Because her husband had not taken a bath in eighteen years and washes his face once a week, a woman in Paris has sued for divorce.

5 & 10

Last for Moorestown

Rothbaum was fouled in the act of shooting, but missed both tries. Only seconds of action remained as the Quakers put the affair on ice by ringing the bell for the final field goal of the affair.

The Dimondmen started with a rush and the first quarter ended with the locals out in front by a 9-2 count. In the middle of the second frame the score read 13-6 in favor of the champs, but the turning point of the game came soon after. The Quakers tossed in a couple from way out and then went to work in earnest so that the Red and White had only one point lead as the half ended.

PALMYRA LOSES
TO MOORESTOWN

Locals Drop Initial Game of Season: Fail to Convert Charity Throws

All good things must come to an end some time, so the saying goes, and this was true of Palmyra High's winning streak last Friday night as Moorestown won a 27-24 court victory over the local five before an audience that jammed the home gymnasium. Scores of fans were unable to gain admission as the sold out sign was hung out early in the evening.

Although beaten three times in Group 3 competition, Moorestown was not at all abashed by the fact that they were playing the champs and, on the basis of their performance Friday night, really deserved the verdict.

One Substitute

The starting Quaker five played the entire game and Coach Dimond made only one substitution. Sutters replacing Rivers as the final canto began.

While in no way detracting from the Moorestown win, it cannot be denied that the Red and White was not up to par.

The locals had about twice as many shots at the hoop as did their rivals and their performance from the free throw mark was miserable to say the least. Boasting of a five hundred average for the season in respect to charity throws, Palmyra was able to make good only two out of 12 attempts during the game. This, in itself, provided the margin between victory and defeat.

Start with Rush

The Dimondmen started with a rush and the first quarter ended with the locals out in front by a 9-2 count. In the middle of the second frame the score read 13-6 in favor of the champs, but the turning point of the game came soon after. The Quakers tossed in a couple from way out and then went to work in earnest so that the Red and White had only one point lead as the half ended.

This was nullified soon after the third stanza started and the count was subsequently knotted at 17. Moorestown sank two field goals, but Palmyra pulled up on even terms at 21.

Another doubleton gave Moorestown a two point lead and a free throw added another. Gamble converted and Rothbaum tallied from the floor making the score 25-24 in favor of the opposition with about a minute to play.

The Claws took three from the Buohl Druggists, Fortnum whitewashed Snover and the Farmers did the same to Delran, thus giving the three leading teams a further edge over the rest of the field.

The Bandits took three from the Buccaneers last week. The Thieves and Bootleggers won four from the Highwaymen and Demons respectively.

The Bandits took three from the Buccaneers last week. The Thieves and Bootleggers won four from the Highwaymen and Demons respectively.

Briefs

The vote at the annual school election in Riverton dipped to practically an all-time low. Either the citizens were so well satisfied with the state of affairs that they stayed home, or they were too indifferent to come out to register either their approval or disapproval.

There is no doubt that school affairs are in capable hands, but wouldn't it have been better to have given these administrators a fine vote of confidence?

Riverton's light vote was no exception, the same situation prevailing in a large number of communities where there was no contest for member of the board of education.

The Federal Communications Commission does not act as a censor of radio programs, but it has the power to determine whether or not the license of each station shall be renewed every six months. Such being the case, it behooves all operators to watch their step, otherwise they will soon be off the air. The activities of the F.C.C. have been the subject of much pertinent comment in several of the leading national periodicals.

It has been suggested that Walter Darby, New Jersey's state auditor, be sent to Washington to supervise the preparation of the Federal budget. If such a step were taken, some of the Congressmen would be in for a REAL headache.

The German-American Bund held a rally this week in New York City with about 20,000 members in attendance. Nazi flags and Storm Trooper uniforms were in abundance. The session was held ostensibly to honor Washington and Lincoln. If such were the honest purpose of the affair, why was it necessary to make a fancy dress Hitler party of the occasion? Perhaps those who staged the meeting were sincere in their desire to pay tribute to two great Americans, but there are a number of good reasons to doubt that such was the case.

Can you imagine Hitler tolerating a gathering of 20,000 American-Germans under similar circumstances?

A friend of ours who was in Washington recently went to the zoo and says that the big monkey out there had a pathetic look on his face. Maybe somebody had tipped him off that he was man's ancestor.

President Roosevelt told the newspapermen that he is a minor, not a major prophet. Judging by his campaign speeches in 1932 and 1936 he is about half right.

Wonder what Attorney General ex-Governor Frank Murphy would do if the Supreme Court were to go on a sit-down strike?

These new tractors are equipped with a cab, cushioned seat, radio, heater and everything. One tractor dealer says that with all these conveniences the operator can very easily go to sleep, but adds there is no danger of his oversleeping because it will be only a little while until his banker will be along and wake him up.—Kingman, Kan., Journal.

Harry Hopkins, who is our brilliant Secretary of Commerce, told a Senate committee that if he had it to do over again he wouldn't make those political speeches as head of the nation's relief set-up. Judging from the primary and election results which followed Mr. Hopkins' speeches we don't blame him for feeling sorry.

The old fashioned man who took pride in currying his driving horse once a day, now has a son who operates an eight cylinder car and forgets to change the oil every two thousand miles.

What has become of the old fashioned political wisecracker who said that the Republican Party had been driven into Maine and Vermont and was on its way to Canada?

Mayor LaGuardia is quoted as stating that he and other liberals are going to do their best to save the country. As a very modest taxpayer we are wondering "What is it going to cost?"

Secretary of Agriculture Wallace says he is not in favor of a price fixing program for farm products. Henry doesn't seem to be in favor of any one thing very long.

The wind blew so hard in Milwaukee the other day that it stopped the clock in the tower on the city hall. There are no clocks in the dome of the national capitol.

The New York board of film censors has barred the showing of the motion picture "Yes, My Darling Daughter." Wonder what the daughter has been up to now?

Socialists in Congress in the republic of Chile, are advocating that the government suspend payments on its foreign debt. Is anyone still paying attention to those things?

The vote against the confirmation of Judge Roberts of Virginia seems to indicate that the Senate is getting its bearings.

Remember the old riddle asking what is "patch upon patch and a hole in the middle"? The answer is the New Deal recovery program.

Congress has stood by for six years watching the President pull mythical rabbits out of a magic hat with no obvious results, so it begins to look like the thing for the voters to do is to get together at the next opportunity and pull the rabbits out of Congress.—A Rural Rube.

INVITATION TO MUSIC RECITAL

Alice Carty Kreder and Spencer Bowden Atkinson will appear again in a joint recital at St. Mary's Episcopal Church, Burlington, on Saturday, March 4 at 4 o'clock.

The artists extend a personal invitation to their friends and other lovers of music to attend.

Last year a record breaking crowd filled the lovely old church for the Lenten recital given by Mrs. Kreder and Mr. Atkinson.

Mrs. Kreder is soprano soloist at the Moorestown Presbyterian church where Mr. Atkinson is organist. She is also heard in the Epworth M. E. Church, Palmyra, on Sunday evenings. Both have done extensive radio and recording work at WIP as well as solo work in the Burlington County Choral Society's recent musical productions.

Mrs. Kreder will sing one of Mr. Atkinson's own compositions which has proven to be a success.

The recital is free to the public.

"LET THEM ROLL"

This is the title of a booklet published by the American Trucking Associations, Inc., of Washington, D. C., which contains pertinent data regarding the motor truck transportation industry.

Some of the statements made are: "Motor transport employs about 10 times as many workers to transport an equal volume of freight as do the railroads."

"The record shows that Motor Transport paid 417½ million dollars in special taxes in 1937. That is 52½ million dollars more than the railroads claim they paid."

"A million men and women are employed in the for-hire branch of the trucking industry alone. At present, that is more than work for any other form of transportation."

"Thousands upon thousands of American communities depend entirely on Motor Transport."

We beg to differ with the historian who claims that chess is the oldest known game. We think it is passing the buck.—Rooks County, Kan., Record.

SIGMA KAPPA AIDS CHARITY WITH PROCEEDS

Plans and preliminary work for Sigma Kappa's new Rogers musical comedy "Top O' the World" are progressing rapidly and in order, according to word from Joseph L. Sherman, general chairman in charge of arrangements.

"Top O' the World," a rollicking, farcical musical comedy of the great Canadian Northwest will be presented Friday and Saturday, March 24 and 25 at the Palmyra High School auditorium.

Talent for the cast and choruses of over 100 people will be selected soon from representative groups of skill and popular local thespians. The call for talent will be issued soon and all are cordially invited to try out for a role in either the cast or choruses.

Much Accomplished

In conjunction with the announcement for "Top o' the World" the local chapter of Sigma Kappa has also released an extensive list of projects accomplished with the funds from their highly successful presentation of last year.

While not primarily a charitable organization the fraternity does stand for local and civic helps, some of which were consummated by a gift to the high school library, a dramatic award at commencement, a gift to the newly formulated Burlington County Iron Lung Campaign, and sponsoring the Interborough Basketball League.

HEALTH NURSES TO MEET

A meeting of the Burlington County Council of Public Health Nurses will be held on Thursday afternoon, February 23, at 4 o'clock at the visiting nurses home, 600 Lincoln avenue.

This group is composed of visiting, school, clinic, industrial and tuberculosis nurses from all parts of Burlington county and has been organized to help us discuss any problems that may arise.

Foreign doctors are prohibited from practicing medicine in Mexico.

Universal Credit To Open Camden Office

Nation-wide public acceptance of Universal's low cost, exclusively Ford finance plans and Ford dealer cooperation have made possible the continued expansion of Universal service throughout the past eleven years.

Universal has been repeatedly responsible for the reduction of finance costs for Ford product buyers. The large volume of business developed has made possible constantly improved plans, providing low cost financing for the Ford purchaser desiring to buy out of income.

Started 11 Years Ago

Ever since Universal Credit Company commenced operations, over eleven years ago, financing costs on Ford products have been materially reduced. It is estimated that time payment buyers of Ford cars and trucks have thus been saved in excess of \$75,000,000 through the lower financing costs made available by the exclusively Ford finance plans of Universal Credit Company. These lower credit costs have been and continue to be constructive contributions toward national economic recovery.

Families buy Ford products today as they have for over thirty years because of outstanding value. Outstanding quality, at low cost, has made the new Ford the choice of millions.

124 Units

Operating offices now total 124 complete units throughout the nation, 77 of them having been placed in operation in the past four years. Camden, N. J., is the location of the one hundred and twenty-fourth office of Universal.

Universal Credit Company serves the time sales requirements of Ford Dealers and Ford purchases exclusively. Through Universal plans the customers of Ford dealers are assured of a courteous, confidential service. A truly helpful credit service with friendly treatment, is the business philosophy behind Universal credit operations.

With the favorable outlook for increasing Ford, Mercury and Lincoln-Zephyr sales among all dealers, and continuing economic recovery, opportunities are indicated for making 1939 a great year for Ford Dealers; and in view of these favorable sales prospects Universal Credit, with retail installment financing plans and dealer financing service devoted exclusively to the Ford market, contemplates the addition as needed of other offices to meet the ever-increasing use of Universal plans by Ford buyers and to bring Universal operations in the field ever closer to Ford Dealers and their customers.

Camden Office

A number of local people have been engaged for work in the Camden office; others have been transferred from Philadelphia with their families and will make their homes in Camden.

The Camden office of Universal Credit Company will be located in the West Jersey Trust Building, 5th floor. Telephone: Camden 3360. W. L. Becker, a man of long credit experience and with a knowledge of modern motor car merchandising, will be in charge of the Camden activities of Universal.

ABOUT THE COUNTY

The Mt. Holly Mirror has announced a change in time of publication. Beginning this week it will appear on Thursday instead of Wednesday as has been the custom for the past 120 years.

James Mercer Davis, Jr., of Mt. Holly, is representing the former county road employees who were discharged for alleged political reasons and claim tenure of office.

Burlington is making an effort to collect past due sewer rental accounts amounting to almost \$30,000.

The Moorestown High School year book, "The Nutshell," will be dedicated to Joe Burk this year.

LEGION SPONSORS ORATORY CONTEST

Through the cooperation of Paul R. Jones, supervisor of the Palmyra Schools, Miss Veva Brower, principal of the Palmyra High School and C. W. Ray, faculty member, ten high school students have entered the Second Annual Oratorical Contest sponsored by The American Legion as a National Americanism activity.

The winner of the local elimination will be sent to the Burlington county contest, the winner of which will go on to the state contest to be held in the Toms River High School on Friday, March 10th. The state winner is then sent to the Eastern Regional elimination for entrance in the National Contest which will be held at Springfield, Ill., on April 14.

The traveling expenses of all participants in the county, state and national contests are paid by The American Legion together with the expenses of all necessary chaperons for the young ladies who might participate.

Subject

The subject matter of the contest will be an original twelve minute prepared oration on any patriotic subject. In addition to this the contestants will be required to deliver an extemporaneous six minute oration on an assigned phase of the Bill of Rights.

The students will be judged in all contests on the following: Presence (poise and personality); Composition (accuracy and effectiveness); oratory (power to thrill, quicken and compel).

Judges entirely devoid of local contacts will be selected by the Americanism Committee of Post Rodgers No. 156, to select the local winner.

Next week's issue of this paper will announce arrangements for a public attendance at the contest. All people in this community should get behind the High School Oratorical contestants to encourage them in their efforts in behalf of their school and town.

The students who have entered the local contest are as follows: Martha Bradway, Thomas Braddock, Emil Bohus, Scott Burger, Richard Deemer, Elizabeth Faunce, George Ford, Ethel Phil, Harry Groome and Robert Waters.

Florida, hills oak trees.

IN CHANCERY OF NEW JERSEY

To EDWARD R. WILLIAMS.

By virtue of an order of the Court of Chancery of New Jersey made on the day of the date hereof in a cause wherein Frank B. Stanton and Mary Stanton, his wife, are complainants, and you, Edward R. Williams, are defendant, you are required to appear, plead or answer to the Bill of said complainants on or before the 1st day of April next, or the said bill will be taken as confessed against you. The said bill is filed to foreclose certain mortgage made by you to the said Frank B. Stanton and Mary Stanton, his wife, in the sum of \$2100.00, dated May 21, 1927, and recorded in the office of the Clerk of Burlington County in Book 201 of Mortgage Case 127, on lands situate in the Borough of Riverton, in the County of Burlington and State of New Jersey.

And you, Edward R. Williams, are made defendant because you are the owner of the mortgaged premises.

WILLARD F. LIPPINCOTT, Solicitor of Complainants, 47 East Main Street, Moorestown, New Jersey.

Dated: February 2, 1939. 4:24 to 5:3-39

PHILATELIC NEWSBITS

Everything is now ready for the opening, on Friday, February 24, of the Fourth Annual Stamp Exhibition to be held for three days at the Walt Whitman Hotel in Camden by the Association of South Jersey Stamp Clubs.

Everyone, collector or non-collector, is invited to view these thousands of stamps, see their beauty and ask all the questions they like. The young people and school stamp clubs are particularly invited to attend on Saturday when a special program of interest to them is planned. Admission is free at all times.

The show will be open on Friday, Saturday and Sunday, February 24, 25 and 26. The program follows:

Friday

8.00 p.m.—Exhibition opens.
8.30 p.m.—Judging begins.
Judges—John Gelbach, in charge at Gimbel's Stamp Department; Thomas Armstrong, philatelic lecturer at the University of Pennsylvania, and Christian L. Dull, Philadelphia International collector.
8.30 p.m.—Stamp dealers' tables open for the sale of stamps. Continues open to the end of the show.
11.00 p.m.—Show closes.

Saturday

9.00 a.m.—Show opens with a special program for school children, school stamp clubs and junior collectors. Favors will be distributed and competent guides assigned to answer questions and show children the high spots in the exhibition.
10.00 a.m.—Awarding of prize ribbons and cups to exhibitors.
2.30 p.m.—Stamp auction.

6.30 p.m.—Annual banquet in Junior ballroom. Speaker and entertainer Gerald M. P. Fitzgibbon, psychologist, hypnotist and lecturer. Introduction of noted guests.
11.00 p.m.—Show closes.
Sunday
10.00 a.m.—Show opens.
11.00 a.m.—Meeting of delegates of the National Federation of Stamp Clubs to elect a District Representative for South Jersey District.
12.00 noon—Opening of Grand Get-together of collectors from South Jersey and nearby States. Exchange tables for U. S. foreign and pre-cancel collectors. Meeting all day.
3.00 p.m.—Philatelic quiz open to all.
10.00 p.m.—End of the show.

There's a Good Reason Why

There's a good reason why the Snover Funeral Home is selected by so many.

Its policy of helping everyone to meet his own individual requirements with regard to cost and its policy of quiet, efficient, dignified service tend to bring more and more people to rely on the Snover Service.

The Snover Funeral Home

Every Time You Telephone

you talk through precious metals!

...PLATINUM...GOLD...SILVER...

in more than 20 alloys used in special metal contact points. Anything less fine, would break down from constant wear, would fail to give the best possible service.

Some of these contact points are in your telephone—tiny points that move scarcely a hair's breadth as they open and close. Some are in the central office operating switchboard signal lamps and controlling the many protective and switching mechanisms in use there.

Contact points are used by the millions

in the system back of your telephone. They are typical of the 43,000 different kinds of equipment made for your telephone service, all designed and built to work together dependably on every call you make, near or far.

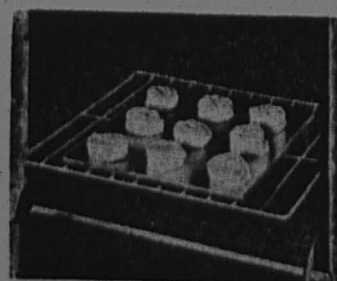

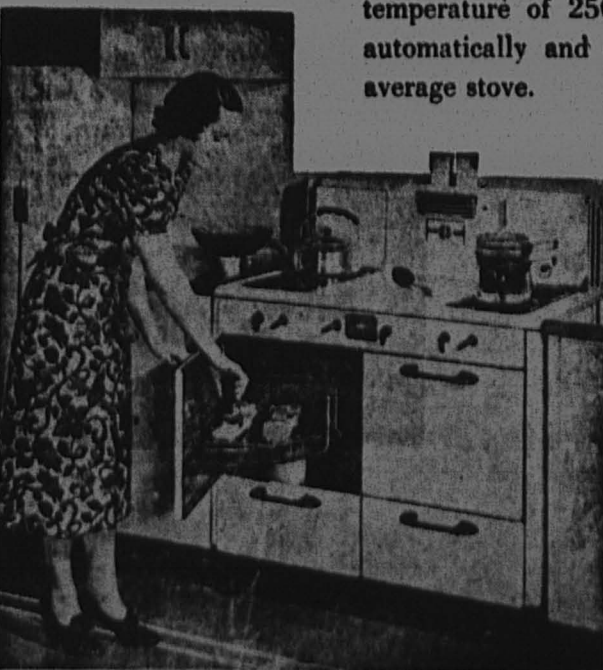

Your telephone service today is the product of 100 years of constant effort in research, manufacture, methods and operation to meet the pioneering standard of service... "in every case...the best". It enables you to talk quickly, clearly and cheaply with almost anyone, anywhere, whenever you wish.

You can call 18 miles for 15c; 42 miles for 35c, any time in New Jersey. After 7 at night and all of Sunday reduced rates apply on calls of over 50 miles. (10% to 40% less than day rates depending on the distance called).

NEW JERSEY BELL TELEPHONE COMPANY...A New Jersey Institution Backed by National Resources

CP OVENS ARE GOOD BAKERS

HEAVY INSULATION holds the heat in these ovens, so baking is done quickly. Heat is distributed evenly and automatic control holds it at an unvarying temperature. CP ovens reach a high temperature quickly. They will also hold a new low temperature. You can do long slow roasting. Inexpensive cuts of meat are delicious cooked at a temperature of 250 degrees. These ovens light automatically and cost less to operate than the average stove.

CP means Certified Performance. Select a range that bears this trademark. We have many different models. They are moderately priced and you may purchase on the divided payment plan at a small increase over the cash price.

 DAY and NIGHT SERVICE

Founders Day Observed Here

With a remarkably large attendance, Founders Day and Talent Day were observed simultaneously by the Riverton Parent-Teacher Association, on Monday of this week.

Members responded most generously with donations of large quantities of delectable food for the food sale, which was sold almost as quickly as it arrived, all of which means that the food sale was a great success, that the P.T.A. can meet its present financial obligations, and continue its splendid work.

A short business meeting was conducted at 3:30, after which the eighth grade pupils presented an interesting and enlightening play, dramatizing many high lights in the lives of George Washington and Abraham Lincoln. The Riverton School Choir sang several selections, all linked with the incidents being dramatized on the stage.

Mrs. Henry W. Shreve delighted her audience, as she always does, with two dramatic readings. The Founders Day program was conducted by Mrs. Clifton P. Mayfield. Long identified with P.T.A. work, Mrs. Mayfield is a past president of the Riverton Association, and is at present a district chairman of the Burlington County Council of Parents and Teachers. She gave an inspiring talk on the founding of the Parent-Teacher Association. The association was founded by Mrs. Phoebe Hearst, of Georgia, who realized that something should be done to bring about a better understanding of children, so that they might grow up to be good citizens.

Mrs. E. C. Grice represented Riverton at Washington, and was so impressed by the possibilities of the movement, that she interested a group of 16 Riverton women, who formed the "Mothers' Circle," and out of this group of pioneers, grew the New Jersey State Parent-Teacher Association, now numbering many thousands. Mrs. Grice became the first state president of the association.

Mrs. Mayfield paid tribute to Mrs. Grice and Mrs. Alexander Marcy, both of whom devoted many years to P.T.A. work. They spent long hours on trains, waiting at railroad stations, to be driven into the rural communities, where they organized P.T.A. groups throughout the state. They had many obstacles to overcome. Many educators met them with opposition or indifference, and did not welcome the mothers, as it was feared they would interfere with the schools, but since those pioneering days, the P.T.A. has proven time and time again that their object is to help the young folks, and they have accomplished much.

Normal Schools Established. In 1908, the state unit succeeded in having domestic science put in the Normal Schools. They felt that the girls should be taught to be good cooks and homemakers, as well as good students. In 1910 they encouraged legislation which finally put women on the boards of managers in institutions where women and children were safeguarded.

During the World War, the New Jersey P.T.A. raised enough money to send an ambulance abroad, and gave \$500.00 to aid the needy in war-torn Belgium.

Burlington County P.T.A. raised \$1,000.00 to support a bed in the Burlington County Hospital for under privileged children, and takes care of tonsillectomies, etc.

The P.T.A. also went into the

ject is to help the young folks, and they have accomplished much. Normal Schools Established. In 1908, the state unit succeeded in having domestic science put in the Normal Schools. They felt that the girls should be taught to be good cooks and homemakers, as well as good students. In 1910 they encouraged legislation which finally put women on the boards of managers in institutions where women and children were safeguarded.

During the World War, the New Jersey P.T.A. raised enough money to send an ambulance abroad, and gave \$500.00 to aid the needy in war-torn Belgium. Burlington County P.T.A. raised \$1,000.00 to support a bed in the Burlington County Hospital for under privileged children, and takes care of tonsillectomies, etc. The P.T.A. also went into the

CALVARY PRESBYTERIAN
Rev. Charles T. Bates, B.D., Pastor
At the morning worship at Calvary Church next Sunday, February 26, the choir will sing "He Watched Over Israel" by Mendelssohn. Organ selections: "Cantilene" by Salome, "Andantino" by Guilman and "Postlude in D" by Merkel.
The Church School will meet at 9:45 a.m.

At 10 a.m. the pastor will begin his annual class of instruction for the young people who are preparing to unite with the church. This class will continue for five Sunday mornings.

The Womens' Missionary Society will hold a luncheon in the church school on Wednesday, March 1st, at one o'clock. All ladies of the community are invited. Reservations should be made not later than February 27 with Mrs. C. C. Kendall, 617 Thomas avenue.

The Ladies' Aid Society will meet on Wednesday afternoon, March 1st, at 2:15 o'clock, and the regular monthly meeting of the Womens' Missionary Society will be held at 3 o'clock on the same afternoon.

On Friday afternoon of this week, February 24th, the ladies of the Lutheran and Methodist Churches of Palmyra will unite with Calvary Church of Riverton in a union service for the Day of Prayer. The service will be held in the church school auditorium of Calvary Church at three o'clock and the leader will be Mrs. Oliver Powers, wife of the pastor of the Lutheran Church. All ladies of the community are cordially invited.

On Sunday evening, February 26, at eight o'clock, the first of the Union services, in which the members of Christ Church, Riverton and Calvary Church, The Rev. Francis B. Downs will preach.

The congregations of the two churches extend a most cordial invitation to the people of the community to enter into the worship and fellowship of these Lenten services.

CHRISTIAN SCIENCE CHURCH
"Christ Jesus" is the subject of the lesson-sermon in all churches of Christ, Scientist, on Sunday, February 26.

The Golden Text is: "Let the word of Christ dwell in you richly in all wisdom; . . . and whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him." (Colossians 3:16, 17).

Among the citations which comprise the lesson-sermon is the following from the Bible: "I am come a light into the world, that whosoever believeth on me should not abide in darkness. And if any man hear my words, and believe not, I judge him not; for I came not to judge the world, but to save the world." (John 12:46, 47).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christ, as the spiritual or true idea of God, comes now as of old, preaching the gospel to the poor, healing the sick, and casting out evils. It is error which is restoring an essential element of Christianity—namely, apostolic, divine healing? No; it is the Science of Christianity which is restoring it, and is the light shining in darkness, which the darkness comprehends not" (p. 347).

NEW DIRECTORY
The New Jersey Bell Telephone Company has distributed about 46,000 copies of a new Camden-Burlington-Gloucester counties telephone directory. The new book is larger by some 1,500 listings in the main white section, the result of including approximately 3,500 new listings and dropping about 2,000. Because of listing changes, disconnections of telephones and connections of new ones the company had to make all told some 18,000 changes in the directory since the last book was issued nine months ago.

CENTRAL BAPTIST CHURCH
Rev. George Lockett, B.D., Pastor

On Friday morning at 10:00, an hour of prayer will be conducted in the church by the women of Central Baptist. This is a part of an International Prayer Program which has been conducted during the past few years whereby the women throughout the world gather for an hour of prayer for the peace and needs of the world.

All the women of the communities are urged to enter into this service, although as many men who can avail themselves of this privilege are also invited.

Services Sunday, February 26

Bible school, 10:00 a.m. The part that the school plays in the life of the church was brought to the attention of all last Sunday when a large number made their decision to join the church. In one case, an entire class presented themselves to the pastor as desirous of becoming members. This proves in itself the influence the school has on those who attend.

Morning service, 11:15 a.m. Pastor Lockett has announced his subject for this service to be "The Greatest Question that Confronts Man." It will be unquestionably one that should interest all. The choir will also render their usual contribution to the service.

B.Y.P.U., 6:45 p.m. High school young people's group meets in the Sunday School room.

Evening service, 7:45 p.m. "A Benediction for All Ages" is the theme of the sermon by the pastor. A noticeable increase in attendance last Sunday was, no doubt, an inspiration to the pastor who lends his best efforts at all times to give to his listeners tangible help for their daily lives. Visitors are always welcome and made to feel at home.

The pastor is receiving the cooperation of the choir in having an appropriate and helpful musical program.

On Thursday evening last, the choir held a covered dish supper which was followed by their annual business meeting and election of officers. Those who will serve for the coming year will be president, Miss

EPWORTH M. E. CHURCH
Rev. W. A. Boyd, Pastor

"The Six Seals" is the title of the sermon to be delivered by the Rev. W. A. Boyd, this Sunday morning at 11 o'clock. This is the eleventh sermon in the series of sermons on the Book of Revelation. Before attending this service, be sure to read the Sixth Chapter in the Book of Revelation. Be sure to bring your Bible with you.

"Young People's Night" in our church this Sunday evening, at 7:45, Edmund Turnock, baritone, will sing a solo. George McMahan will play a selection on his bass horn. The Kercher Sisters, Mary and Anna Kuensell will read the Scripture. Margaret Mount will offer the prayer. The minister will direct the song service.

The Rev. Richard A. Conover of the Methodist Church in Audubon will be the guest preacher in the Lenten Service, Thursday evening at eight o'clock. These meetings are but one hour long. The Epworth Mixed Quartet will sing in every meeting.

The church school is the largest Methodist School in Burlington county and the largest in the Trenton district. The attendance is increasing all the time. The average attendance is well over 400 this year so far. The Young People and the Adult Department under the leadership of Thomas Anz is especially active. The Men's Class taught by Mr. Griscom is growing steadily. Two new members were recorded last Sunday. We invite the public to come worship with us and take advantage of the facilities offered to you by our church.

WESTFIELD FRIENDS MEETING
Burlington Pike
Sunday Morning
10 o'clock. First Day School.
11 o'clock. Meeting for worship.

TOWNSHIP OF CINNAMINSON LOCAL BUDGET, 1939

Section 1. Local Budget of the Township of Cinnaminson, County of Burlington for the fiscal year 1939.
BE IT RESOLVED, that the following statements of revenues and appropriations shall constitute the local budget for the year 1939:
BE IT FURTHER RESOLVED, that the said budget be published in The New Era in the issue of 23rd day of February, 1939.
Notice is hereby given that the budget and tax resolution was approved by the Township Committee of the Township of Cinnaminson, County of Burlington on February 14th, 1939.
A hearing on the budget and tax resolution will be held at Cinnaminson Public School, on 14th of March, 1939, at 7:30 o'clock, P.M., at which time and place objections to said budget and tax resolution of the Township of Cinnaminson for the year 1939 may be presented by any taxpayer of said municipality.

STATEMENT (Required by Revised Statutes Section 40: 2-14)	1939	Actual 1938	Actual 1937
State School (Estimate for 1939)	\$ 5,100.00	\$ 5,015.88	\$ 4,802.92
State Soldiers' Bonus Bond (Estimate for 1939)	340.00	341.75	334.00
County (a) General County (Estimate for 1939)	13,000.00	11,173.79	11,370.72
(c) County Library (Estimate for 1939)	450.00	455.99	349.30
Local District Schools (Estimate for 1939)	41,931.00	38,496.00	34,295.00
Local Purposes	1,375.00	3,042.00	4,721.31
(a) As shown by Abstract of Rates			
Totals	\$ 62,196.00	\$ 58,525.41	\$ 55,873.26
State Aid:			
(a) Road Funds (Allotted for 1939)	\$ 1,300.00	\$ 1,315.79	\$ 622.25
(b) Relief Fund	3.64	3.44	790.36
Tax Rate (Estimated for 1939)		3.44	3.28

LOCAL BUDGET - EXPLANATORY STATEMENT
The estimated tax rate this year is \$3.64 as against \$3.44 last year. This is allowing for about 20% increase in the County Taxes and with an increase in the Local School District of more than \$3,000.00 over 1938 and \$7,636.00 over 1937.
The Township has no indebtedness except Emergency Notes of \$1,700.00 and the amount due their District School of \$3,698.00. This latter figure is the amount that should have been paid before December 31st. The last half of District School Tax is not payable until 1939 and consequently is not given here as an indebtedness.
During the year the Township has reduced by about 40% the amount of money tied up in Tax Title Liens. Collections are very good as Taxes and liens together are only about 70% of the 1938 levy.
For the first time, the budget was prepared on cash basis. From present indications it does not seem that this will add any serious burden to the taxpayers.

Golf

Nearly one hundred members took advantage of the fine weather on Sunday to play the course. Some fine scores were reported with Walter Hemphill getting a 2 on the 18th.

Walter P. Brickley, local pro, has announced a list of important events that will take place at Riverton during the spring and early summer. These are as follows:

April 17. Annual spring meeting and dinner of the P.G.A. with Pro-Tournament in the afternoon.
May 25. South Jersey Amateur Championship.

In June the qualifying round of the Philadelphia Amateur Championship for this district will be played here.

DELTRAN YACHT CLUB

Bridge Luncheon

The Ladies' Auxiliary of Deltran Yacht Club celebrated St. Valentine's Day with another of their popular bridge luncheons at the club house, Taylor's Lane. In spite of the inclement weather, 23 tables of bridge were filled with local devotees of the game—including several from out of town.

Mrs. Charles F. Voorhis, president of the Auxiliary, declares that the late winter and spring program of her group gives promise of other local and popular events which are eagerly anticipated.

Meeting

The regular Monthly Meeting of Deltran Yacht Club was held at the club house last Wednesday evening. An informal supper and gathering followed, in which the ladies of the auxiliary joined at the conclusion of their regular monthly meeting.

Preliminary plans for the outdoor spring season were discussed in addition to routine business. Commodore Voorhis reports the club's dock, erected last June, withstood a terrific barrage of packed river ice for several days during the cold spell and high winds of late January, but sustained no damage as revealed by recent inspection. Thanks to constant supervision and precautions taken against such an emergency.

Moral character is an expression of the relationships of an individual to his fellow men.

LOCAL PLAYERS WILL CONVENE

A regular meeting of the Foot-light Players will be held on Tuesday evening, February 28 at 8:30 at the Palmyra-Riverton Y.M.C.A.

This meeting will be preceded by a meeting of the official board at the home of Mr. and Mrs. Robert Strahan, of 247 Spring Garden street at 8 o'clock.

This is a very important meeting and all members are urged to attend. Tryouts will be conducted for the group's first play.

REHEARSING FOR LOCAL OPERETTA

High School Students to Give "Pickles": Proceeds Go To Tillicum

Approximately one hundred students of Palmyra High School are busily engaged in rehearsing the annual operetta. This season the combined girls and boys glee clubs will offer for the entertainment of the followers of local amateur productions that delightful comedy "Pickles."

"Pickles" is a musical comedy in three acts. The libretto and lyrics of the production were written by Gordon Wilson and Donne Crane. Music for the play was composed by Allen Benedict. It will be presented in the Palmyra High School Auditorium on Wednesday afternoon, March 8th, for the grammar school students only and Thursday afternoon, March 9th for high school students only. The play will be produced for the local followers on Friday and Saturday evenings, March 10 and 11 at 8:15 p.m.

Directing Cast

Miss Dorothy Diemer, the music teacher in our local schools is directing the cast and chorus in the rehearsal of the many tuneful and catchy musical numbers of the play. Each afternoon the halls of P.H.S. resound with these melodies sung by eager young voices.

The speaking parts and the staging of the play is under the direction of Miss Edna Ziegler, high school dramatic coach, who is noted for many successful productions of previous years.

The necessary art work is being done by students of the art classes—this work being supervised by Miss Sawyer.

The high school orchestra under the direction of Mr. Walter Pew will provide the orchestrations during the course of the play as well as between the acts.

Proceeds for Tillicum

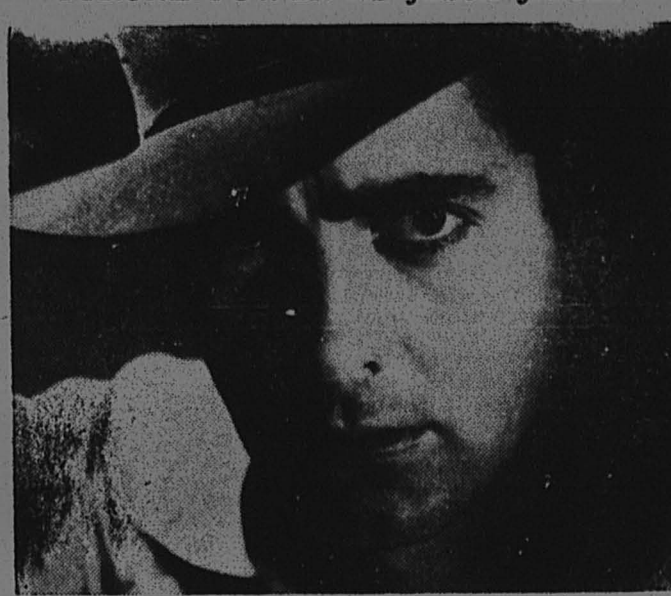

All in all, the staging of "Pickles" is a real educational project in which many departments of the school will cooperate to produce an evening's entertainment which will be enjoyable to all music lovers, young or old, six or sixty. And at the same time will aid the Seniors to finance their annual year book, as the proceeds of the play will be turned over to the "Tillicum."

Get your date book out—now—reserve either Friday, March 10, or Saturday, March 11, as the evening which you will spend at the Palmyra high school auditorium as an eye and ear witness of the hit of the season, "Pickles," a musical comedy in three acts.

TYRONE POWER AS JESSE JAMES

Jesse James, the colorful outlaw whose name struck terror wherever it was heard, is portrayed by Tyrone Power in Darryl F. Zanuck's brilliant production, "Jesse James," 20th Century-Fox Technicolor epic, currently appearing at the Savar Theatre. Also starred in the film are Henry Fonda, as Jesse's brother Frank, Nancy Kelly in the role of Zee, wife of the famous outlaw, and Randolph Scott as Marshall Wright, who is bound by oath of office to hunt him.

officers of the Burlington County Real Estate Board. Inducted into office were the following:

Richard M. Woodward, president; Leslie W. Reeves, vice president; Roy Cole, secretary, and Mrs. Estelle F. Wilkinson, treasurer.

William H. Bowker, governor to the New Jersey Association of Real Estate Boards and the retiring president of the Burlington County Board was presented with a handsome desk lamp as a token of appreciation from his fellow members for his two very successful years as president.

The toastmaster was Arthur N. Cutler, who was also chairman of the banquet committee. Door prizes were won by Mrs. Richard M. Woodward, Charles Roberts, Mrs. William Absalom, Mrs. S. L. Haines, and Richard M. Woodward.

PORCH CLUB

Thursday, February 16, Mr. Goren gave the second lecture of the new series. In this lecture he discussed opening bids, encouraging responses and slam bidding. He also started the subject of leads which he will continue in his next lecture which will be given Thursday morning, March 2, at 10 a.m.

On Tuesday afternoon, a bridge tournament was held. The winners, north and south were: Mrs. L. Krusen and Mrs. O. P. Mann. East and west winners were: Mrs. Sparks and Mrs. Sargent.

SACRED HEART CARD PARTY

Preparations are going steadily ahead for the annual card party conducted by the combined organizations of the parish. Joseph Dougherty is general chairman and from all indications this year's event will be bigger than ever. The date is

OBITUARIES

MRS. OTTO SAUERS

Marian Sauers, widow of the late Otto Sauers, died early Thursday morning at her home, 406 Howard street, after a short illness.

Funeral services conducted by the Rev. Francis B. Downs, were held at her late home Saturday afternoon. Interment was made in Morgan cemetery under the direction of Frank A. Snover.

Mrs. Sauers had been a resident of Riverton since a small child, when she lived on Cinnaminson street below Broad in the double house recently torn down. After her marriage she lived in Tacony a short time and then returned to the residence at Broad and Cinnaminson, where Mr. Sauers conducted a barber shop. The first telephone exchange in Riverton was established there and Mrs. Sauers was the first operator.

Even in those early days the spare room was usually occupied by some one who wanted a place to stay, and more than twenty-five years ago Mr. and Mrs. Sauers moved to their late residence and established a boarding house which became known in many states and several countries. Many young men who came to work at Dreers found a friendly, homey atmosphere, the memory of which they carried with them through the years, and many returned later to express their appreciation.

set for March 17th at the school hall on Linden avenue.

NOTICE OF SETTLEMENT EXECUTOR'S ACCOUNT

Estate of Lillian A. Thomas, Deceased.
Notice is hereby given that the First and Final Account of the subscriber, Executor, will be audited and stated by the Surrogate and reported for settlement and allowance to the Orphans' Court of the County of Burlington, at a session to be held Thursday, April 6, 1939, at ten o'clock in the forenoon.

JOSEPH L. THOMAS,
Executor.

Proctor: Joseph L. Thomas.
Dated: February 21, 1939.

IN CHANCERY OF NEW JERSEY To THE DEFENDANT HENRIETTA J. MEETER:

By virtue of an order of the Court of Chancery of New Jersey made on the day of the date hereof in a cause wherein the Borough of Riverton in the County of Burlington is complainant and Francis C. Meeter and others, including yourself, are defendants, you are required to appear and

answer the bill of said complainant on or before the 11th day of April, 1939, or the said bill will be taken as confessed against you.

The said bill was filed to foreclose a certain tax sale certificate held by the complainant, namely, certificate made by C. Kenneth Davis, collector of taxes, to said Borough of Riverton in the County of Burlington, and dated October 17, 1936, recorded in the office of the Clerk of Burlington County at Mount Holly, New Jersey, in Book 297 of Mortgages, page 262, covering lands designated as 601-A Cinnaminson Street, Block 35, Lot 1, on the tax duplicate of said municipality, being situate on the easterly side of Cinnaminson Street north of Seventh Street, in said Borough of Riverton, in the county of Burlington and state of New Jersey.

And you, Henrietta J. Meeter, are made a defendant because it is alleged in said bill of complaint that by mortgage dated March 10, 1934, and recorded in said Clerk's office in Book 174 of Mortgages, page 300, Antone M. Beckenbach (the then owner) and his wife mortgaged said lands to you for \$2,000, which mortgage remains alive of record, and because it is charged that any interest which you may have in said lands is subject to complainant's tax sale certificate and to subsequent municipal liens.

Guildway Home No. 4

New and better way to build a home now available through Johns-Manville engineering standards and Guildway Service.

LEARN HOW EASY IT IS TO BUILD AND OWN A HOME THE NEW *Guildway!*

• If you have put off building your own home because you were afraid of costs or thought it was too big an undertaking you will be delighted with this new plan. As Housing Guild headquarters we offer you "one-stop" service. You select the home you want (from many attractive Guildway homes by foremost architects). We do the rest. We relieve you of all details, arrange the financing, and your home is built by a qualified local contractor who is a member of the Guild. One price includes everything. You make a small down payment and pay the balance monthly—just like rent. You get a better home, too. Johns-Manville engineering standards protect against fire, weather and wear. Consult with us!

ASK FOR PORTFOLIO OF PLANS AND
FREE COPY OF "HOME IDEA BOOK"

This is the popular 60-page book that makes home building a delight instead of a drudgery. Filled with helpful ideas and suggestions, an article on color, one on room arrangement, decorations, etc., houses and floor plans by country's leading small home architects. Offered in Johns-Manville national advertisements at 10c a copy, we bring it to you free for limited time only.
