RIVERTON-PALMYRA, N. J., THURSDAY, JUNE 1, 1939

PRICE FIVE CENTS

FIRE DAMAGES RIVERTON GARAGE

Extensive Damage to Property of R. M. Hollingshead; Cause Unknown

With flames shooting from a second story window on the arrival of the Riverton Fire Department, a blaze of unknown origin caused considerable damage to the two-story garage of R. M. Hollingshead, Sr., Linden avenue and Second street, shortly after 10.30 on Friday evening of last week.

The first floor of the building houses several cars, while the second floor is utilized as a spacious recreation room. The fire started in the southwest corner of this section of the structure.

Quickly Doused

Although the fire had made considerable headway before being discovered, the flames were promptly extinguished by means of a 1½ inch line from the booster tank of the ladder truck and a 2½ inch line from one of the pumpers that was stationed at a plug on Linden avenue south of Second street. Another line was laid from a hydrant at Linden and Front, where the second pumper was located. This was, in turn, boosted through the tank on the new apparatus.

Although the main source of the fire was soon put out, the building was filled with dense smoke for a considerable time and the firemen remained on the scene until 11.30 to extinguish the last vestiges of the blaze. Chief E. M. Carhart, Jr., was in charge of the operations.

The building was extensively damaged by fire a few years ago in the middle of the winter when the second story was almost completely burned away. This blaze was fought under the most difficult conditions as the temperature at the time was hovering about the zero mark.

Plans Made For Independence Day

The first meeting of the Riverton Fourth of July Celebration committee was held on Tuesday night of this week, with Robert W. Knight, member of council and general chairman presiding.

Tentative plans for the day were discussed and further arrangements will be made at another session scheduled for Wednesday evening, May 31, in the Riverton fire house at 8 o'clock.

At present the organization is composed of the following: Riverton Borough Council committee: Messrs. R. W. Knight, D. F. Gould, Archibald Bush and J. W. Sylvester. Secretary—Daniel M. Clifton.

Citizens' Committee—G. Lincoln Ridley, Robert Ayres, Lloyd Major, Mrs. Robert Gowell, Mrs. Alma Evans, Miss Grace Sippel, Clarence Mattis, Ross Evans, G. Rex Showell, Richard M. Woodward, Walter C. Wright, E. M. Carhart, Jr., Joseph Lezenby, Charles W. Knight, George Borner and F. W. Metzger.

FINANCES FOR JAIL ADDITION

At a recent meeting of the Burlington County Board of Freeholders a resolution, presented by Palmer L. Adams, was passed, which authorized that certain capital appropriation balances be transferred to an account known as "capital surplus" for the purpose of making this surplus money available to be used to correct the present housing conditions at the county jail.

This sum of \$26,191.91 together with several thousand dollars already in the surplus account will provide about \$30,000 for an addition to the jail.

FIRE CO. DRIVE

The Palmyra Fire Company will conduct the annual drive for contributing members of the organization on June 5. Funds obtained in this manner are devoted toward defraying necessary expenses of the organization.

Public support in the past has been excellent and the firemen trust that the response this year will be comparable to that which has been secured formerly.

FINE EXHIBIT AT PALMYRA SCHOOL

Hundreds at Affair Friday Evening; Supper for Sending Boards

With splendid exhibits in all the classrooms, hundreds of local citizens thronged the Palmyra High School and Delaware Avenue Grade School to view the work of the students during the year.

In connection with the affair, a supper was served at 6.30 in the school cafeteria to members of boards of education of sending districts and prominent citizens from Riverton, Palmyra and Cinnaminson. One hundred and twenty-six were present at this phase of the evening's activities.

Welcome by Baker

The guests were welcomed by Leonard R. Baker, president of the Palmyra Board of Education, and, following the delicious supper served by the home economics department of the school, brief remarks were made by Dr. Louis J. Kaser, county superintendent of schools, and Mayor John F. Ward, of Palmyra.

The tables were most attractively decorated for the occasion and there was music by the school orchestra directed by Walter Pew and by the harmonica band under the leadership of Mr. Hay.

Following the supper, the entire assemblage repaired to the new stadium where Mr. Baker explained the various facilities that would be available on completion and told of the progress of the work.

Inspect School

After returning to the school the guests spent several hours in visiting the various classrooms where the exhibits were on display.

During the course of the evening the high school orchestra and band gave delightful programs in the auditorium.

Included among the guests present, in addition to the members of the Palmyra Board and members of the faculty were the following: Mayor and Mrs. John F. Ward, Councilman and Mrs. T. Curtis Flynn, Councilman and Mrs. Arthur Wright, Rev. William A. Boyd, Dr. Harry B. Mark, Mrs. Charles F. Voorhis, Rev. Albert J. Harke, Mr. and Mrs. Arthur Burns, Mr. and Mrs. Richard M. Woodward, Miss Emma Frank, Mrs. George C. Frank, Mrs. H. F. Magowan, Miss Caroline M. Staman, Mr. and Mrs. Robert G. Adams, Mr. and Mrs. William A. Bottger, Mrs. Charles H. Yost, Mr. and Mrs. Albert C. Farrow, Mr. and Mrs. George W. Luce, Mr. and Mrs. Sidney A. Burger, Dr. and Mrs. Hayes B. Brady, and members of boards of education from Pennsauken, Delanco and Delran townships.

TO OPEN BIDS

The Riverton Borough Council will meet on Friday evening, June 16, to open bids for concrete curbs and for bituminous concrete for the highways.

According to Mr. Adams, this construction will not affect the capital debt or tax rate in any way. He is preparing plans for the building.

Recently Heard and Worth Repeating

There was a man who lived by the side of the road and he sold hot dogs.

He was hard of hearing so he had no radio.

He had trouble with his eyes so he read no newspapers.

But he sold good hot dogs. He put signs up on the highway, telling how good they were. He stood on the side of the road and cried, "Buy a hot dog, Mister?" And people bought.

He increased his meat and his bun order so as to take care of his trade. He finally got his son home from college to help him. But then something happened. His son said, "Father, haven't you been listening to the radio? Haven't you been reading the newspapers? There's a big depression on. The European situation is terrible. The domestic situation is worse. Everything is going to pot."

Whereupon the father thought, "Well, my son's been going to college, he reads the papers, and he listens to the radio and he ought to know."

So the father cut down on his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs. And his hot dog sales fell almost overnight.

"You're right, son," the father said to the boy. "We certainly are in the middle of a great depression."—Harvey Fisk & Sons, Inc., New York.

FREEHOLDERS ACT ON ALMSHOUSE

Administration Transferred to County Welfare Group; Name Changed

A complete change in the administration of the Burlington county almshouse was authorized last Friday afternoon when the Board of Freeholders voted 3-0 to transfer the institution to the Burlington County Welfare Council.

Director Palmer L. Adams and Freeholders Jones and Price voted for the move, while Freeholders Charles R. Stout and LeRoy Church declined to render a decision, asking that the matter be laid over for two weeks in order to allow them further time for investigation. This suggestion was defeated.

Name to Be Changed

Included in the measure was the authorization for a change in the official designation of the institution. In the future it will be known as the Burlington County Welfare Home.

Director Palmer L. Adams introduced the measure explaining by putting the home under the jurisdiction of the welfare council the board could seek to have present inmates apply for old age pensions. On receiving pensions they could remain at the home and pay board or live outside the home.

"In this way we can save money," said Adams. "Where it costs us \$42 a month for each inmate now under complete county jurisdiction, it is possible under the board the cost to the county may only be \$3.75 per month for each inmate." "The board also could take in non-indigent cases, or persons who have no home but the means to pay for their board. I wanted to have a similar resolution passed two years ago but I was turned down."

PEEPER CAPTURED

The window peeper who has annoyed various residents for some time was apprehended early last Thursday morning by police in Palmyra.

The culprit, a local youth, was given a severe reprimand, and

STAFFORD GETS PRISON SENTENCE

James Stafford, 32, received a 9-15 year jail sentence from Judge Frank A. Hendrickson on Thursday of last week.

Investigation had connected the man with over 20 robberies throughout South Jersey, including those recently committed in Riverton and Cinnaminson.

Stafford was not a newcomer to the criminal ranks, having started his nefarious career as early as 1920. He received a 6-15 year sentence in 1923 after attempting to kill police officials who were attempting to arrest him.

The culprit was apprehended two weeks ago by Trooper John Magee of the Bridgeboro barracks.

FORMER GARAGE ON FIRE AGAIN

Believed to Be of Incendiary Origin; Firemen Do Excellent Work

For the second time within a month the Palmyra Fire Department was called to combat a blaze in the two-story frame structure located in the rear of the property occupied by Koerner's Bakey, Broad street, Palmyra. The building was formerly occupied by Lloyd's garage.

The fire was discovered shortly before 9 o'clock Thursday evening and clouds of dense black smoke were pouring from the west side of the building when the firemen arrived. A line of 2½ inch hose, broken into two 1½ inch lines soon had the blaze under control, but the firemen remained on the scene for nearly an hour before leaving the scene. The pumper was stationed at a hydrant on Broad street near Schwing's store.

Suspicious Origin

The blaze had a good start before being discovered and since the building had been tightly closed since the last fire, there is strong suspicion that it was of incendiary origin, although no clue has been obtained regarding those responsible.

Actual fire damage was not great the blaze being confined to the point of origin on the ground floor. Adjoining garages belonging to the Snover Funeral Home were not endangered due to the prompt work of the firemen.

A large crowd was attracted to the scene and traffic on Broad street was re-routed by police.

SCHOOL PLAY DAY JUNE 6

The Riverton Public School Play Day will be held Tuesday evening, June 6th, starting at 6 o'clock, at Memorial Park. The pageant this year will take the form of International Olympics with participants from Finland, Ireland, France, Germany, Denmark, Hungary, Switzerland, Norway, England, Italy, as well as the United States, represented by modern youth and the American Indian.

As usual, the Riverton P. T. A. will serve supper at the park, beginning at 5 o'clock. A bountiful repast is assured.

Mrs. Charles H. Yost, president of the association urgently requests that all those who have not been contacted for contributions for the supper phone her before Saturday, advising what they will be able to donate.

The Field Day program and supper is one of the outstanding events of the season and attracts hundreds of spectators each year.

The police are to be commended in their prompt work, the result of which makes many citizens feel a lot easier after darkness.

LOCAL EXERCISES MEMORIAL DAY

Fine Weather for Parade and Program at Cemeteries, Memorial Park

Palmyra and Riverton fittingly observed Memorial Day with a joint program that was carried out with a nicety under the auspices of Post Frederick M. Rodgers, American Legion.

Several hundred participated in the street parade through the thoroughfares of both communities and joined in the exercises at the Morgan and Methodist Cemeteries and at Memorial Park, Riverton.

In Parade

Parade marshal Palmer L. Adams, mounted on a splendid charger headed the procession with the following organizations in line.

Police Escort.

Marshal and Aides.

G.A.R. Veterans and Widows of G.A.R. Veterans.

Gold Star Mothers and Fathers or next kin.

Mayor and Members of Council of Palmyra and Riverton.

Officiating Clergymen.

School Boards of Palmyra and Riverton.

Company K 114th Infantry of New Jersey, Captain F. W. Shober, commanding.

Palmyra Drum and Bugle Corps.

Post Rodgers.

Spanish American War Veterans.

Boy Scout Troops.

Columbus Cadets.

Girl Scout Troops.

Palmyra High School Band.

Riverton School Children.

Palmyra School Children.

Cinnaminson School Children.

Civic and Fraternal Organizations.

Program

Prayers were offered at the Morgan cemetery by the Rev. George (continued on page 2)

Keep U. S. Out Of Foreign War

The National Committee to Keep America Out of Foreign Wars, composed of 50 members and former members of Congress, invite the American people to join them in voluntarily setting aside the week beginning Sunday, June 11, to Sunday, June 18, inclusive, for the purpose of conducting a nation-wide campaign to keep America out of foreign wars.

The clergy of all creeds and denominations are urged to make special appeals from the pulpit to stop the war propaganda and hysteria that has been spreading like wildfire throughout our nation, leading the American people into believing that if a war breaks out in Europe it is inevitable that our youth must again fight on foreign soil.

They appeal to all elements in our population to join with us in counteracting this vicious and false propaganda and in exposing the attempts to inflame the passions and hatreds of our people against foreign nations which have not the faintest intention or capacity of attacking us.

NOTIFY POLICE

Residents of Cinnaminson township are requested to call Chief George Dorworth at once if any gypsies are seen in the vicinity.

A Lawn Festival and Fair will be held at Christ Church, Palmyra, on Saturday, June 10, starting at 2 p.m. A chicken salad supper will be served from 5.30 to 7 p.m. Adults 50c and children 25c. Cakes, candy, groceries, delicatessen, flowers, etc., will be offered for sale. Your patronage will be appreciated.

YMCA BRIEFS

Camp Ockanickon's new executive director, Clement A. Duran, whose headquarters are at camp (phone—Medford 170-R-2) has most of his staff and counselors lined up for the six weeks' camping season, which opens Saturday, July 8.

This will be Duran's twentieth year of camping, sixteen of which he has directed camps. The last eight years he headed the Albany, N. Y., Y.M.C.A. camp.

Many new ideas for the enrichment of the camping program at Ockanickon are under way, and will make its 34th season, under Duran's leadership.

Prospective campers and their parents are reminded that there is a saving of a dollar a week by enrolling before June 1st, which also applies to girls.

1939 folders, describing the program, activities, cost, etc., may be had by writing either the Y.M.C.A. Camps, Medford, or the County Y.M.C.A. Headquarters, Mt. Holly. Enrollments are received at either office.

Matolionequay Committee

The camp for girls on the Ockanickon property at Medford, Camp Matolionequay (named for squaw of Chief Ockanickon of the Delaware), which is under the supervision of a women's committee, affiliated with the Camp Ockanickon trustees, also has plans just about completed for this season. The dates are the same for the girls' camp as for boys—July 8 to August 19. Camp Matolionequay has its own site, lake and equipment on the Ockanickon 530 acre tract, with separate entrance to the south of the boys' camp entrance, on the Indian Mills Road, in Medford township.

Mrs. Evelyn Sloan Smith is to direct Camp Matolionequay. Mrs. Charles S. Beckwith, of Pemberton, heads the girls' camp personnel committee this part week and reported that all staff members and counselors had been engaged for the 1939 season. Many have already enrolled.

LOCAL EXERCISES MEMORIAL DAY

(continued from page 1)

Lockett and at the Methodist Cemetery by the Rev. W. A. Boyd.

The program at the Riverton Memorial Park was as follows:

Invocation, Rev. Francis B. Downs; song, "America," assembly; selection, Post Rodgers Drum and Bugle Corps; address, Mayor John F. Ward; address, Mayor S. Worth, Burlington County Commander American Legion; benediction, Rev. John F. Welsh; song, "Star Spangled Banner," assembly.

Mayor John F. Ward, of Palmyra, in his talk said that he was glad to represent both communities on the occasion but regretted Mayor Biddle was unable to be present on account of illness.

The mayor said that he admired the spirit of cooperation between the two boroughs and stated he felt a joint observance of the occasion was much to be desired.

He went on to say that the people of the United States should look forward with confidence, but with tolerance for all our citizens, regardless of race or creed.

Mayor Ward cited the example of a citizen of Italian extraction, who because of adversity, was forced on relief. When he received his first check he started out to sweep the streets. This job he did six days a week as long as he was on relief.

Such an act, the Mayor said, should be an object lesson to many native Americans.

For the first time in its long musical history, New York will hear grand opera during the summer. The occasion is the New York World's Fair. The Wagnerian cycle at the Metropolitan Opera House will open May 2 with "Lohengrin."

Y.M.C.A. BOARD MEETS TUESDAY

Next Tuesday, June 6th, is the regular meeting of the Palmyra-Riverton Y.M.C.A. Board, which will convene at the Y.M.C.A. Building. This also is a historical Y.M.C.A. date and will mark the 95th anniversary of the founding of the Y.M.C.A.

June 6 will be Y.M.C.A. Day at the World's Fair, culminating in an International Fire of Friendship, sponsored by Hi-Y Clubs of the United States, at the Court of Peace.

Stanley High will act as master of ceremonies and among the speakers will be Attorney General, the Hon. Frank Murphy. WOR and the Mutual net-work will carry the International Fire and Friendship program, from 9:30 to 10 p.m. D. S. T.

At this meeting someone will be designated from the board to serve as one of the vice presidents of the county Y.M.C.A. board. This will also be the annual meeting of the Palmyra-Riverton Board.

A special committee dealing with future Y.M.C.A. programs plans and more adequate facilities will make a report at this meeting. It is headed by Victor Ritschard as chairman, who is assisted by Clifton P. Mayfield and Paul R. Jones.

Secretary T. Paul Reeder of the County Y.M.C.A. staff, is the secretarial representative.

TO IMPROVE ROADS

State Highway Commissioner E. Donald Sterner recently approved the request of the Burlington County Board of Freeholders to use Highway Department funds in the improvement of fifteen miles of township and borough roads. The state will contribute \$9,972, or ninety per cent, of the total expenditure of \$11,080.

The plans provide for scraping and surface treatment of oil and sand on the various roads. The schedule includes the following roads: Bass River, Chesterfield, Delran, Evesham, Fieldsboro, Hainesport, North Hanover, New Hanover, Pemberton, Willingboro, West Hampton and Woodland.

"DAD" BLACKBURNE

William "Dad" Blackburne celebrated his eighty-third birthday on Memorial Day, at his home, Cinnaminson avenue and Henry street. Mr. Blackburne, who was born in Philadelphia, moved to Palmyra about forty years ago and retired from active business shortly afterwards.

"Dad's" hobby is his garden, but his activities have been curtailed this year owing to neuritis.

Mr. Blackburne attended school with the father of Judge McDevitt, of the Common Pleas Court of Philadelphia.

He was the founder of the first baseball team in Palmyra, the Victor A. C., in 1904. All the players were men of his own age with the exception of his son, "Lena," who played in knee pants.

As to his recipe for longevity, Mr. Blackburne merely says that he comes from a long line of people who were noted for their old age. His mother died at the age of 98.

"These young people are O.K. with the exception of smoking cigarettes. The good old pipe is the best by far," says "Dad."

FIRES IN COUNTY DURING APRIL

Chimney fires predominated in Burlington county during April, according to a report filed by Fire Marshal William J. Smith at a meeting of the county firemen's association held last week.

Among the speakers at the meeting were ex-chief Nathan Alexander, of Laurel Springs; Mercer County Fire Marshal David Newell; S. Earl Asay, of Mount Holly, and County Clerk Lawrence G. Mingin. Walter McClain, president of the association, presided at the meeting.

Mount Holly led county towns in fire alarms during the month, with

Mr. Blackburne has three children, Mrs. Leonard R. Baker and Russell "Lena," both of Palmyra, and Robert, of Newark.

"Lena," who is third base coach for the Athletics, will be home from Washington to spend the day with his father.

10. Burlington township had nine alarms, Pemberton, eight, and Masonville, six.

There were 85 alarms sounded in April, 57 of these being general alarms and 27 silent. Frame houses suffered the worst, with 27 fires, while there were the same number of grass fires. Fourteen fires were from unknown causes, the 17 from chimneys, and five from oil stoves, with three from overheated stoves.

Two were caused by smokers, three by burning trash, three by children and one started in a truck manifold. The total loss on buildings by fire last month is placed by the fire marshal at \$4,628, and loss on contents at \$757. Thirty-nine pumps, 24 chemicals and four ladder trucks were in operation during the month's fires.

Some news broadcasters have now become so expert that they never make a sound when they turn over yesterday's newspaper.—Whit's Wit.

The Fragrance of June Roses

You may break you may shatter the vase if you will
But the scent of the roses will cling round it still.

Many of us while admirers of the sophisticated modern Hybrid-Tea Rose with its streamlined bud and riotously colored flower, confess a nostalgic longing for the old-fashioned great bushes of hardy roses (Hybrid Perpetuals) that in June are a lovely mass of many-petaled crimson, pink or white roses, deliciously fragrant... good old favorites like General "Jack," Magna Charta, Ulrich Brunner and others. Dreer's have them just the same as the latest introductions. Come to the nursery and make personal selection.

HENRY A. DREER

Building the Garden Beautiful since 1838

Don't forget to note in your date-book:

"Dreer's Rose Festival June 10th
and 11th—be there sure."

READY HOT WATER SERVICE

—ready any time

of day or night

at the turn of a faucet.

CHEAP HOT WATER —automatically by GAS

Enjoy the comfort of having hot water all the time—automatically—by GAS. This service costs very little. For instance, here is a fair estimate of the cost. A family living in Jersey City pays only about \$2.64 per month for Automatic Hot Water Service by Gas, based on a comparison of gas bills before and after installing an automatic gas water heater. Ask for an estimate based on your hot water usage. Just call our nearest office or your local plumber. Modern insulated automatic gas water heaters may be purchased on terms as low as \$1.80 down. \$2.15 monthly.

Register Early For Y Camps

Announcement of the opening of the registration period for boy and girl campers at the Y.M.C.A. camps at Medford, was issued this week by Guy C. Hendry, secretary of the Burlington County Y.M.C.A.

The camps, Ockanickon for boys and Matolionequay for girls are operated by a board of trustees, representing the County Y.M.C.A. Boards of Burlington, Camden, Gloucester and Monmouth counties. The camp's 530 "Acre for Character" provide every opportunity for a worthwhile summer vacation. The camps are fully equipped and ample opportunity is given in each program so that every camper can participate in the activities which they enjoy the most.

Register Early

According to Clement A. Duran, the new executive secretary of the camps, early registrations indicate a banner year. Campers from the previous years are being urged to make early reservations in order to be sure of a place in camp this summer. A special discount of one dollar is being allowed to those who register before June 1st in order to complete registrations early in the season, thus allowing the directors to give their attention to the details of the activity program.

Mrs. Evelyn S. Smith will direct Camp Matolionequay, this is her fourth year at camp and returns after a year's leave of absence absence. Mrs. C. S. Beckwith, chairman of the personnel committee for the camp, informed the Women's Committee that all staff members and counselors for the season have been selected.

Many Interested

Irving Hollingshead is chairman of the camp promotion committee for Burlington county. Under his direction interested Y.M.C.A. members are calling on parents interested in sending their boys and girls and are supplying any additional information which they may desire.

Because of the great interest already shown in these unit camps, registration has been limited and those boys registering for Camp before the first of June will be given preference. A comparable colorful program is being planned for Camp Matolionequay for girls. Mrs. Evelyn S. Smith, girls' camp director said an announcement will be made during the early part of next week. Parents interested in having their children spend a worthwhile summer vacation are urged to communicate with the Camp officials at Medford, New Jersey.

ENGAGED

Mr. and Mrs. Edmund F. Black, of 201 Morgan avenue, Palmyra, announce the engagement of their daughter Doris E. to Mr. W. Harold Foulke, son of Mr. and Mrs. William P. Foulke, of 404 Linden avenue, Riverton.

In fairness to Roosevelt, it ought to be said that millinery is a thing that can happen in any administration.—Portland Oregonian.

NOTICE

Take notice that John B. Keating intends to apply to Cinnaminson Township Committee of Cinnaminson for a Plenary Retail Consumption License for premises situated at 1 Broad street, East Riverton. Objections, if any, should be made immediately in writing to Harold E. West, 1108 Morgan avenue, Palmyra, N. J. JOHN B. KEATING, 1 Broad Street, E. Riverton, Cinnaminson Township. 6-1-40-5-59 Printer's Fee \$2.86.

BURLINGTON COUNTY ORPHANS' COURT

In the matter of the Estate of Laura B. Davis, deceased.

On Petition for Decree of Insolvency.

Pursuant to an order of the Orphans' Court of the County of Burlington, made on the 28th day of March, 1939, upon the application of C. Kenneth Davis, Administrator of the Estate of Laura B. Davis, deceased, notice is hereby given by the said C. Kenneth Davis, Administrator as aforesaid, to the creditors of the said estate of Laura B. Davis, deceased, to present to him, under oath or affirmation, their claims and demands against the said estate within six months from the 30th day of March, 1939, or they will be forever barred from prosecuting or recovering the same.

C. KENNETH DAVIS, Administrator, 623 Thomas Avenue, Burlington, New Jersey.

Dated: May 1st, 1939.

6-1-40-7-31-39

HONORS FOR "Y" AT CONVENTION

Burlington county was recognized in two ways at the annual state Y.M.C.A. convention at Asbury Park recently. Benjamin J. Roberts, president of the county Y.M.C.A., was elected one of the vice presidents of the state association, and the Broadcaster, its official Y.M.C.A. publication was awarded second place in the publicity contest among Y.M.C.A.'s throughout New Jersey.

Fourteen men made up Burlington county's delegates—Edward W. Fry, Palmyra; F. W. Holbein, Hugh E. Kilmartin, Edwin R. Kiner and George M. Sleeper, Mount Holly; John H. Morrow and Prof. W. R. Valentine, Bordentown; Benjamin J. Roberts, Marlton; William F. Overman, Henry F. Stockwell and John W. Thacher, Moorestown; Richard M. Woodward, Riverton; Secretaries Guy C. Hendry and Bud Reeder.

Report by Fry

At the luncheon Henry F. Stockwell, president of the Camp Ockanickon Trustees, introduced Clement A. Duran, who is giving his time jointly to the camp and to the development of Y.M.C.A. work in South Jersey as a member of the State Y.M.C.A. staff.

Mr. Stockwell, John W. Thacher, Prof. W. R. Valentine and Judge Harold B. Wells are members from Burlington county of the state Y.M.C.A. executive committee. President Roberts was a member of the special committee which planned the program of this year's state convention.

At the County Y.M.C.A. Board meeting, at Camp Ockanickon, Tuesday evening, May 23, a report of the convention was made by Edward W. Fry, of Palmyra. He commented specially on the luncheon address of Dr. Stoddard, Philadelphia's new superintendent of schools, who spoke on "The Plight of Youth Today."

LARGE SUM RAISED AT HOME FETE

The Friends of the Cinnaminson Home who have worked and contributed so generously to the Fete held on the grounds of the Home May 26th will be glad to know that the approximate sum of \$850 was raised and will be used immediately to carry out plans for greatly needed remodeling and modernizing of the kitchen of the home.

Mrs. James Davis, of Moorestown, chairman of the Fete felt that, although the Fete did not have a special appeal this year, due to the lack of exhibition tennis matches, it was nevertheless especially enjoyable to a congenial group of friends gathered to enjoy the more intimate sociability of the hospitable grounds of the home and the attractive arrangements of candy, cake and home booths and flower decorated dinner tables.

Other Events

The hot supper served to 250 persons and the cold platters and sandwiches served under the efficient management of Miss Helen Woolman, of Riverton, and her committee was praised by all who had their dinner there.

The music of the merry-go-round

PALMYRA SCHOOL NOTES

For nineteen consecutive weeks the school savings banner in the grade schools has been won by the second grade room taught by Josephine Wallace. The banner is awarded the room having the highest percentage of children banking. On some bank days showed 85 per cent of the children deposited money in their accounts.

A marionette show, "The Leak in the Dyke" will be given by the fourth grade room taught by Anne Hancy, on June 7, at 3:00 o'clock. The theatre and the marionettes were made by the children. Those taking part are Helen deGathseir, Richard Eberly, George Atkinson, Lorraine Earley, Barbara Lippincott, Carmen Mufall, Elinor Ohmberger, Jean Reiter, Phyllis Ridgway, Dolores Stack, Louella Swain, Betty Ann Tees, and Carol Yerkes.

A field day for grade children of the Palmyra schools will be held June 2, at 1:45 p.m. on the athletic field. The following is the schedule of events: ball-carrying relay, second grade; circle relay, third grade; snatch the club, fourth grade girls; Indian club guard, fourth grade boys; line soccer, fifth grade girls; home run kickball, fifth grade boys; donkey bat ball, sixth grade boys; doggie ball, fifth and sixth grade girls; kick baseball fifth and sixth grade boys; drill, seventh and eighth grade girls; folk dance, eighth grade girls; field dodge ball and long ball, seventh and eighth grade girls, relays, seventh grade boys; tumbling and pyramids by eighth grade boys.

It takes the combined spinning of 23000 silk worms to produce a pound of silk.

for the children lent a festive air to the occasion. The dance held in the evening at the Riverton Country Club was one of the most profitable and successful affairs ever held and afforded a pleasant evening for all who attended.

Mrs. M. Albert Linton, of Moorestown, is president of the home, which is under the management of a board of 45 women from Moorestown, Riverton, Cinnaminson, Haddonfield, and Beverly and an additional group of 20 associate managers.

The work is carried out efficiently by the staff of which Miss Carrie M. Garrison is superintendent and Mrs. Evelyn P. Kelly, dietitian. The home is sponsored by the New Jersey Department of Institutions and Agencies.

FARM AGENT LEADER

Charles A. Thompson

Of Mount Holly, whose appointment as state leader of New Jersey's county agricultural agents was announced recently by Dr. Robert C. Clothier, president of Rutgers University.

Now in his nineteenth year as a member of the New Jersey Extension Service, Thompson in March completed his fifteenth year as Burlington's county agent. Earlier, he had served for three years as 4-H club agent in that county. In assuming his duties on July 1, Thompson will succeed E. A. Gaunt, who is to become New Jersey director of public relations for the Cooperative G.L.F. Exchange.

To keep an airplane in the air there are about twenty men kept at work on the ground.

What you don't know doesn't hurt you, but it amuses a lot of people.—Berkeley, Calif., Courier.

MISS WILSON TO PLAY

Marjorie C. Wilson, of Palmyra, is one of a group of artist-students who will perform at the Thirtieth Annual Spring Concert of the Y.M.C.A. School of Music, in the Central Y.M.C.A. Auditorium, 1421 Arch Street, Philadelphia, Wednesday evening, June 7. All pianists appearing on the program are students of Benjamin Lord Kneidler, of Philadelphia and Swarthmore. This concert is open to the public.

BASEBALL CENTENNIAL

COMMEMORATIVE STAMP

A special issue of 3-cent stamps commemorating the Centennial of Baseball will be first placed on sale at Cooperstown, N. Y., on June 12, 1939. The central design of the stamp portrays a game of baseball being played by a group of boys. The stamp is of the special-delivery size, arranged horizontally, and is printed in purple by the rotary process.

Stamp collectors desiring first-day cancellations of this stamp on June 12 may send addressed covers, not in excess of 10, to the Postmaster at Cooperstown, N. Y., with cash or postal money order to cover only the cost of the stamps.

SUPER-CHORUS TO SING

The largest number of trained male voices ever assembled into a chorus in this country, consisting of between 4,500 and 5,000 men will be heard in two free concerts in the Court of Peace at the New York World's Fair 1939. The Associated Glee Clubs of America will present the program.

SALES — SERVICE

Broad and Fulton Streets
Riverton 848

Merchantville 2577

RIVERTON

Mr. and Mrs. Lyman B. Cook, of Golf Road, entertained a number of friends last Saturday evening.

Mrs. Catherine Kirby and daughter, Miss Harriet Eckenhoff, of Linden avenue, made a motor tour of New York state over the holidays.

Mrs. Catherine Longacre, of Merchanville, spent last Saturday with Mrs. Florence Evald, of Harrison street.

Miss Eleanor Friday, a student at Glassboro Normal School, spent the weekend with her parents, Mr. and Mrs. Joseph Friday, of Main street.

Mr. and Mrs. Stuart Borger and family, spent the weekend at Lake Teddyskong, Pike Co., Pa.

Mr. and Mrs. Porter B. Caldwell and family spent the holidays at their camp in the Pocono Mountains.

Mrs. George Harris, Sr., of Philadelphia, spent the weekend with her grandson.

Mr. and Mrs. Ellis Clifton and family, of Mechanicsburg, Pa., spent Sunday with Mr. and Mrs. Daniel M. Clifton, of Main street.

The Girls Friendly Society of Christ Church, Episcopal, Riverton, spent last Saturday in Knight's Park on a picnic.

Miss Clara Bishop, of Thomas avenue, spent the holidays with Mr. and Mrs. Harry Riley, of Camden.

Mrs. Florence Evans, mother of Ross Evans, celebrated her seventy-sixth birthday last Thursday. She was the recipient of numerous cards of congratulation from her many friends.

Mrs. William Broderson, of Harrison street, who fell from a ladder last week and tore the ligaments and muscles in her back and sprained her shoulder, is slowly convalescing at her home.

The Ladies Aid Society, of Calvary Presbyterian Church, are selling tea bags for the benefit of the building fund. Anyone wishing to purchase them may call at 504 Main street or contact any member of the society.

The Sacred Heart P.T.A. will hold its regular meeting today (Thursday) in the school auditorium. The executive meeting is called for 2:30 and the regular meeting at 3 o'clock. All parents are urged to attend.

The annual garden party of the Sacred Heart Church will be held on June 8 on the Church lawn starting at 2:30 p.m. There will be refreshments and prizes.

Mr. and Mrs. O. L. MacSorley and Mr. and Mrs. Henry L. Bunstein, have moved to the property at 201 Fourth street.

The Young Democrats of Burlington County are giving a Cabaret Night at Red Hill Inn tonight (Thursday). Admission 50c.

Mr. and Mrs. Paul Good, of Linden avenue, entertained at an anniversary dinner Saturday evening. Among those present were Mr. and Mrs. Louis Pund and sons Louis, Jr., and Edwin; Mr. and Mrs. Widener Titick, all of Collingswood; the Rev. and Mrs. Bruce Duvall and daughter, Evelyn May, of Thorofare, and Mr. and Mrs. James R. Wright and son, James, Jr., of Riverton.

Mr. and Mrs. William Henry Cooper and two children, of Merchanville, formerly of Long Branch, will occupy the Willingmyre property on Thomas avenue on June 15.

Mr. and Mrs. William J. Riley, of Moorestown, have rented one of the apartments in the Williams-Wright building on Broad street.

Mr. and Mrs. Ellsworth Austin

PALMYRA

Mr. and Mrs. Charles Kepner, of Cuthbert Road, Palmyra, are being congratulated on the birth of a son, Charles Robert, at Zurburg Memorial Hospital, Riverside, last Friday. Mrs. Kepner was the former Miss Laura Phillips, of Palmyra.

Robert Blackburne, of Newark, is spending the holidays with his sister, Mrs. Leonard R. Baker.

Mr. and Mrs. Harry Groome and family, have bought the Thomas Moore property on Linden avenue, Riverton.

Mr. and Mrs. James West and son "Buddy," of Palmyra, and Mr. and Mrs. Earl N. Naylor and daughters, Marjorie and Lynne, of Burlington, spent Tuesday with Mr. and Mrs. Eula Roach, of Delaware avenue.

The public is cordially invited to attend a World's Fair Tea to be given on Friday, June 2, at the Epworth Methodist Sunday School by the Shining Hour Class. There will be no admission charge. A silver offering will be taken.

Mrs. Jessie Warner, of Cinnaminson avenue, is spending the week with her daughter, Mrs. Claire Adams, of Brooklyn, New York.

Roy M. Gideon has been granted a patent for dispersible sulphur and method of making by the Bureau of Patents, in Washington.

Mrs. E. Toy, of 710 Cinnaminson avenue, was the winner in the May 26th drawing of Shulman's Merchandise Club.

The Luckies, second hand winners in the ladies bowling league, took two out of three games from the Wings in the playoff this week, giving them the season's championship. The banquet will be held on Monday at Silver Lake Inn.

St. Agnes Guild, of Christ Church, Palmyra, is planning a bus trip to Ocean City on Tuesday, June 6, leaving at 8 a.m. Tickets are \$1. Make reservations by calling Riverton 631.

Mrs. Edith Farrow, of Leconey Circle, will leave shortly for Camp Nehant in the Poconos, of which she is co-director.

A lump of raw silver weighing 22 pounds, a sculptured sailor, a polar man in skin clothes carrying a harpoon, a whaling cannon, five model ships and a model of Oslo harbor in glass all arrived in one recent shipment at the New York World's Fair. The collection will be part of the Norwegian exhibit.

spent the holidays at the New York Worlds Fair.

The Ladies Aid Society of Calvary Presbyterian Church went on a tour of the Campbell Soup plant last Thursday. About thirty ladies were in the party.

Paul Good, of Linden avenue, has been granted a patent for a rotary compressor by the Bureau of Patents, in Washington.

Miss Betty Sim, of Thomas avenue, spent the holidays in Atlantic City.

Mrs. Clifford Nesbitt, of Thomas avenue, spent Memorial Day with Mrs. Edward Rogers, of Burlington.

HOW ONE JAPANESE SEES HIS HOT WATER HEATER

The attempt of citizens of other countries to wrestle with the English language, though it may not be a basis of real humor, often produces some amusing examples. The following is quoted from Gas Age by the New Jersey Public Utility Information Committee. It seems safe to assume that by this time Mr. Yohomato has had his "hot-water keeper" adjusted by the Tokio service department.

"Sir and dear Gentleman: I have possess your hot-water keepers for ten months beginning last year. I make purchase of him from T. Shokomoto Import Company. Do you remember me? Thank you. But I must say that the flabbergast on those purchase have come to my end. What the Sam Jones are the matter with those hot-water keepers? My hot-water keeper cannot keep hot water in its stomach, all time keep only cold water. And for past three months the burner of iron makes fires up the back every week every punctual. This is to angry me because fellow citizen come to my house and starting busting up laughing saying the following nouns—Get a bucket by the day stove. Get a bucket by the day stove, which I are threat to do in the soonly future if no advice are in advance. It are bitter lump because when I telling my friendships that I are going to purchase your water-keeper they say, I told you so.

In irritate your loving customer (Signed) B. C. YOHOMATO.

"P. S.—You got no more business running water-keeper factory than for Goodness Sake. That is all I hope.

Me again in storm, B. G. Y."

CAR OWNERS MORE ALERT

With two inspection periods completed and the third well under way, New Jersey car owners are more alert today to the need for keeping their automobiles in safe operating condition than ever before in history.

This opinion, held by Motor Vehicle Commissioner Arthur W. Magee, is backed up by these facts: During the first two months of inspection last year, sixty per cent of the cars were rejected on initial examination because of mechanical defects.

A year later, at the end of the second month of inspection, only 41 per cent of the cars were rejected on initial examination.

These facts, plus the general improvement in the accident situation, convinces the Commissioner that inspection of cars goes far beyond the mere checking of safety features.

"Once an owner acquires the habit of keeping his car in safe operating condition, he unconsciously assumes a more wholesome attitude in his driving," said Mr. Magee. "Safety becomes second nature as regards both the car he drives and the manner in which he drives it."

THINGS TO WATCH FOR Paper plates with metal edges for baking pies, said to do the job 15 per cent faster than will the time-honored pie tin. . . A new ammonia-sugar compound which when added in small amounts to dairy products, fruit juices, bakery goods and coffee is said to keep these perishables fresh for two months. . . A new artificial bait which looks like a fish swallowing a smaller fish with plenty of hooks for the real fish to bite on. . . A combination comb and nail file with the file partially embedded in the back of the comb. . . A new chemical for preservation of wood to enable the lumber industry to meet competition developing from other types of construction materials. . . A new slow acting poison for roaches that does not need to be scattered; it's left in the can with the end bunched in so the pests may eat.

PALMYRA TAKES GROUP 3 TITLE

Local Bats Come to Life as Tilt Nears End; Cole Hits for Circuit

Palmyra High clinched the South Jersey Group 3 Scholastic Baseball Title on Friday afternoon of this week with a 4-3 win over Paulsboro, but only after the enemy had put up the sternest type of opposition.

Thomson, rival hurler, and Carhart, local pitching ace, held the upper hand until the final frames, the former weakening in the eighth and ninth, while Carhart was relieved by Baker with two down in the final stanza.

First Tally

Paulsboro scored a run in the third on smart baseball. Stale singled and went all the way to third on Thompson's sacrifice. He came home when Camilli hoisted a long one to Kemmerle. This ended the scoring of the opposition until the ninth.

The local attack, meanwhile, had all the zip of a grail, although getting men an bases was easy, chiefly through miscues of the visitors. Cole stroled in the first and Turner singled. Both were stranded. Duff got a cheap infield hit in the second, was sacrificed to second and Carhart got a lift on an error. No runs again. McDermott walked in the third to no avail. Cole reached second in the sixth a boot with none away, but languished there.

Blasts Homer

As Thomson showed no signs of weakening up to the eighth, the local cause looked dark and things were helped not at all when McDermott fanned to start the frame. Cole had two strikes on him, when with a healthy swing, he poled one across Spring Garden street for a round tripper.

Turner kept things going with a single, stole second and went to third on a wild pitch. Rothbaum's double to right put the Dimondmen out in front.

The game seemed safe when the first two Paulsboro batters went in order in the final session. Carhart passed the next hitter and a single followed. Baker was sent in to squelch the uprising, but Stale singled to center and the two runs came in as the outfield was slow in getting the ball in. Baker fanned Thomson to end the rally.

Finally Won VanEmburg went in to bat for Brewster and came through handily, lashing a triple into left. Baker grounded out, but Kemmerle got a free ticket. Paul McDermott sent every one home happy when he socked the apple into center with the tying and winning runs rushing over the rubber.

ATHLETICS DROP DAWLEY OLDS

Champs Toss Ball Around in Final Frame; Cubs Win from K. of C.

Dawley Olds, 1938 champs in the Memorial Park Softball League, were rudely ousted from first place last Thursday night when the dashing Athletics took a 5-4 decision.

The Dawleyites lost in the 9th by a very crude play. Lynch started things off with a pop fly that the entire Olds infield went after, but none touched. Shaffer fled to Yearly, who threw to Wallace at first in an attempt to double the runner. The ball got by the first baseman, who then heaved to second, but the apple went into the garden where it was chased about in a futile manner.

The winning tally came in during the melee.

Lineups

Athletics—Haines, p; Shaffer, c; Rothbaum, 1b; Swain, 2b; Regan, 3b; Sexton, ss; Williams, lf; Reeves, cf; Phelan, rf; Shea, r.

Dawley—Hubbs, p; McDermott, c; E. Wallace, 1b; Freeman, 2b; E. Sutters, 3b; Cole, ss; Yearly, lf; C. Wallace, cf; W. McDermott, rf; G. Sutters, r.

Score by innings—

Athletics 103 000 001-5

Dawley 010 210 000-4

Umpires—Carhart and Hyton.

Another for Cubs

The Cubs annexed another win at the expense of the Kaceys, the count at the end of the first scoring affair being 13-10.

The Knights started early and, at one time, boasted a comfortable lead. This was nullified, however, when the winners tabbed four tallies in each of the seventh and eighth frames.

Lineup—K. of C.: Broome, p; J. Haynes, c; T. Haynes, 1b; Dietz, 2b; LeCates, 3b; Haas, ss; Baker, lf; Lane, cf; Hullings, rf; Faunce, r.

Cubs: Tarken, p; DeAngello, c; Carey, 1b; Moorhouse, 2b; Sims, 3b; Hirst, ss; Stockton, lf; Perucci,

Palmyra High, in winning the South Jersey Group 3 Baseball League title, took its second championship in this circuit during the current scholastic year, making it two out of three for the season.

Congratulations to Coach Dimond and the members of the victorious team.

Country Club

Notes

S. J. Amateur

Bill Goldthorpe, of Haddonfield, took the title in this event for the second successive year at the local course last Thursday when 125 players entered the competition for the crown.

The champion had a card of 36-39-75 for the 18 holes.

C. Brook Wallace, former local champion and now a member of the Moorestown Country Club, together with Edward Lippincott, of Riverton, were two strokes behind Goldthorpe, each having a 77.

The surprising part about the whole affair was that a 75 should win the tournament, since this is four strokes over par. A number of local players had a chance to better this figure, but all fell down on one hole or another.

Mr. Lippincott won the net award in Class A.

R. M. Hollingshead, Jr. took the net honors in Class B with a 68, while J. V. Hackett had a 71.

There was a large entry list of local club members, but they fared badly for the most part.

Rev. Colwell beat J. V. Hackett 2-1 in a quarter-final round match for the Lippincott Trophy. W. D. Lamont, Jr., beat J. G. Vilsack 7 and 6 in the only other match in this tournament that was played last week.

The terrace in front of the club house is most attractive in summer attire with large blue and white umbrellas and tables and chairs to match.

Thomson, 7. Base on balls—Off Carhart, 4; off Thomson, 3. Wild pitch, Thomson. Left on bases—Palmyra, 8. Paulsboro, 6.

*Batted for Duff in 7th.

*Batted for Brewster in 9th.

YACHT CLUB YARNS

BY NUTE AND MIKE

Not only has the new racing season opened for the R. Y. C. but it opened with a Bang! First and truly most important: Phil Somerville (local demon of the waterways) after a laborious winter conditioning his Comet, arrived at the club last Saturday, launched his boat, and watched it sink. Bill Shoemaker sank a very, very, very close second. Your scribes hear it whispered about that Bob Levine in his newly constructed Comet has "taken over" Ed Merrill, last year's champ, in several impromptu races. But they didn't nick-name Ed "The Old Fox" for nothing. Keep your eye on that guy. Gossip has it that Swope showed up Saturday with his boat well overhauled and also a set of new stays. (2 inches too short). He didn't race either. Besides, as usual, there wasn't no air.

Despite all this early season foolishness, the "Comets" expect one of their best years at Riverton with many new entries. The past winter has seen much activity in the sale and building of new boats. For instance, Bob Levine and John Rogers each bought a new Comet. A new Duster was built by Ed Merrill another one by Mr. Timmons. Buck (Water-o-gob-lius) Parsons sold his Duster to Mr. Brown and bought Levine's Star boat. Eddie Smith bought John Lane's Duster. Such goin' on, and stuff.

The club hired a new steward by the name of Nash. The Dusters were late starting their race as usual. Nute Hann caught an eel, fishing Tuesday and Bob Lippincott won the first Duster race. Og Mattis stuck the mast in his boat. Somerville's submarine finally floated.

Getting back to our local Duster fleet which has been increased greatly this year, their first race wound up with Bob Lippincott capturing top honors, Coe second, H. Lippincott third and five also ran. The Star boats have not as yet started their series of races, but hold great possibilities for the near future. But now as the boats are drifting in one by one we leave you to the weeping and wallings of the harbor committee. For 'tis surely their worry to see that none gets a better mooring than the next dirty so-and-so.

Score by innings—

K. of C. 000 611 002-10

Volunteer Firemen

One of the best examples of community service, as it exists today, is evidenced by that performed by our volunteer firemen.

With nothing to gain and much to lose, the members of these organizations do much of which many people are unaware or even appreciate. Criticism comes their way freely and praise but rarely.

In many cases, their problem is not only to fight fires, but to secure funds for needed expenses by means of contribution drives, sales, etc.

They are subject to call at any hour of the day or night, regardless of weather conditions and, more than that, they serve without remuneration.

The actual extinguishing of the fire is only part of the job. Long after the spectators have gone home to their beds, the firemen may still be on the scene rolling up hose and repacking equipment on the trucks. After arrival at the firehouse there are still many tasks remaining to be done such as refilling chemical tanks, drying hose, putting new lengths on the apparatus and a host of others.

Frequent drills are necessary in order to keep the men familiar with the working of the equipment and apparatus must be inspected and maintained regardless of whether there are fires or not.

Several members of a local company were observed recently at work on such a task that required several hours. There are few who would be eager to assume such a task, but these men did it without grumbling.

It is fortunate, indeed, that there are men of this type. Without them, the expenses of a paid department would cause a considerable increase in local tax rates.

We are getting a wonderful service gratis. Should we not show our appreciation in every way possible?

The President is quoted by newspapers as being anxious to find out why capital is frozen and money refuses to circulate freely. One of our exchanges is unkind enough to suggest that he look in the mirror.

With a World's Fair in New York and a World's Fair in San Francisco we are of the opinion that Omaha would be a good place for a vacation.

Don't blow your own horn. If you think it is popular, just remember how you feel when some motorists stop across the street from your house at night and honk his tooter for about five minutes.

In Germany they are experimenting with pulverized grass-hoppers as a substitute for gasoline in motors. And Kansas is already one of our chief oil producing states.

Of every dollar spent in American today, 22 cents is paid for taxes and approximately 10 of these 22 cents are paid into the federal coffers. In the four years between 1925 and 1929 only 12 cents of each dollar went to the tax collectors. In 1937, it is estimated that 17.7 cents in each dollar was paid in taxes, and in 1938, 22 cents.

This increase in the tax burden has been in inverse ratio to the national income, according to the National Industrial Conference Board. Some 17 billion dollars were taken from the pockets of citizens by federal, state and local authorities in 1938—the largest sum ever taken by taxes in the United States in a single year, greater even than in the World War years.

One of our friends who loves an argument boasts about how broadminded he is. He declares that often when a man disagrees with him it isn't because the man is dishonest. He may merely be ignorant.

Theatre patrons are beginning to complain about the vision-obscuring hats which ladies frequently forget to remove when the performance starts. Remember the old screen flash which used to read "Ladies will please remove their hats?" Can it be that this will be necessary again.

A case where no one gains: Many of the strikes that are called where no question of wages, hours or working conditions is involved.

Legal notices concerning the coming special election appeared in three county newspapers last week, two of these are published in Mt. Holly. Evidently the other communities don't count for much as far as recognition by the state is concerned.

In a drive for better wholesale produce market facilities in Philadelphia, specialists claim that facilities in that metropolis are almost hopelessly antiquated. This condition, it is stated, contributes greatly to high prices for fruits and vegetables. It is to be hoped that the situation will be improved, since conditions materially affect residents in this section.

MOORE-GOLDEN

Miss Mary Ann Golden, daughter of Mr. and Mrs. Robert F. Golden, of 67 Field Court, South Orange, became the bride of Edward Lockwood Moore, son of Mrs. William Moore, of Englewood, Friday evening, May 19, at 8.30 in the South Orange Presbyterian Church.

The bride, who was given in marriage by her father, was dressed in ivory tulle taffeta, lace trimmed, and a long veil also lace trimmed. She carried a shower bouquet of gardenias and orchids.

She was attended by a maid of honor who was dressed in blue tulle and carried a bouquet of mixed summer flowers. The six bridesmaids, one of whom was Mrs. Thompson W. Coe, of Riverton, were dressed in gold tulle and carried bouquets similar to that of the maid of honor.

Mrs. Golden was dressed in shell pink chiffon with inserts of lace and wore a corsage of lavender orchids. Mrs. Moore was dressed in blue chiffon.

After a wedding trip to Bermuda Mr. and Mrs. Moore will reside in Maplewood.

Among those attending the wedding from Riverton and Palmyra were: Mr. and Mrs. John Jamison and son; Mr. and Mrs. Albert Reeves and son; Mr. and Mrs. Lloyd Major and two children; Mr. and Mrs. Albert Major and daughter, of Merchantville, and Mr. and Mrs. H. J. Wheeler, of Masonville.

NO PAINTERS

The shortage of skilled artisans was revealed this week when George N. Wimer, Palmyra Welfare director was asked if he had any man available to do painting work. His reply was in the negative and further investigation revealed that none were available in this vicinity.

FOOTLIGHT GROUP CLOSSES SEASON

Having successfully presented "Tovarich" Friday and Saturday evenings, May 12 and 13, for their first production, the Footlight Players, newly formed little theatre group in Palmyra, closed their '38-39 season with a business meeting on Tuesday evening, at the Palmyra-Riverton Y.M.C.A. building. Ruth Parsons Strahan, president of the group, presided.

Discussion of first-year activities and the presentation of "Tovarich" highlighted the evening's get-together. Various committees gave reports which proved very encouraging, and altogether much enthusiasm was shown by the club members as they talked of their first venture in the little theatre group movement.

In this respect, the group as a whole acknowledged the loyalty of patrons and friends for their help in making "Tovarich" a success and extended a vote of appreciation to the members of the Delran Yacht Club, of Riverton, for their splendid cooperation in sponsoring the production.

Actual plans for the coming '39-40 season will not be made until early next fall. However, arrangements were set up whereby various committees will proceed during the summer months to make preliminary preparations, such as the play reading committee, the business manager's committee, etc.

Announcement will be made in the early fall giving schedule of plays to be given throughout the coming '39-40 season.

To test a pearl, you can try it with your teeth. If natural, the pearl feels gritty, if artificial the surface is smooth.

BURNS SETS NEW MARK IN MEET

Palmyra Track Team Member Breaks Record in Mile at Burlington

Although Palmyra finished in third place, Arthur Burns, of the locals, set a new meet record for the mile, last Saturday, when he was clocked in 4.40 in the Burlington County Scholastic Track and Field Championships at Burlington. Moorestown won the affair with 47 points, Burlington took second with 29½, and barely nosed out the charges of Coach Melvin Kreps, who garnered 28.

Local Point Winners

In addition to the record breaking performance of Burns, the other Palmyra point winners were as follows:

Flournoy, second; and Seemuller, third, in 100 yard dash.

Seemuller, third in 220 yard dash.

Houser, first and Wright second in the pole vault.

Ott, second in the javelin.

Brown, fourth in the 880.

Flournoy, third in the broad jump.

Palmyra took second in the medley relay.

PLANS MADE FOR HI SCHOOL PROM

Plans for the annual prom, given in honor of the seniors, were discussed recently at a junior class meeting.

The date is June 13; the place is the Riverton school auditorium; the time is 9.00 to 12.30.

The committee for the prom are: orchestra, Helen Vile, chairman; William Siddle, George Mack, Betty Altorfer, Jean Smalley, and Virginia Ambrose; decorations, Verna Lamm, chairman, Sue Browning, Doris L. Mullen, Rene Sandos, and Carl McDermott; refreshments, Russell Stickle, chairman, George Ford, Dorothy Warden, Ruth Robertson, Emma Rotenbury, Edmund Turnock and Donald Fox; door, Russell Kerns, chairman, Charles Springer, Charles Savage, Vernon Stone, and Alfred Newton.

WOULD BE APPRECIATED

Just in case the Burlington county road department has a little spare time, Riverton residents would appreciate the completion of the repair work on Main street in front of the Collins building.

This job was started last fall before Thanksgiving, but never completed.

Bullfighting started in Egypt, was adopted by Rome and was introduced into Spain by the Moors.

BRIEF ITEMS from ABOUT TOWN

Miss Doris Bravin, of Memorial avenue, was the winner in the last drawing of the Sacred Heart Miscellaneous Club. A new club will be started soon.

Mr. and Mrs. John H. Etris, of Broad street, entertained in honor of her mother, Mrs. Robert Stille, also of Palmyra, at their cottage in Ocean City, over the weekend. Among those present were: Mr. and Mrs. Brault, of Philadelphia; Mr. and Mrs. Robert Stille, of Collingswood; and Mr. and Mrs. Harry Stille, of Camden.

Mr. and Mrs. Earl Naylor and family, of Burlington, were weekend guests at the home of Mr. and Mrs. Eula Roach, of Delaware avenue.

Mr. and Mrs. E. Patterson, of Newark, spent Sunday with the Misses Patterson, of Morgan avenue.

Mr. and Mrs. J. T. Rowen, of Bridgeton, were Sunday visitors at the home of Mr. and Mrs. B. C. Horner, of Morgan avenue.

Mr. and Mrs. Frank King, Jr., spent the weekend in Baltimore as the guests of Mrs. Thomas Carroll, formerly of Palmyra.

Mr. and Mrs. Christopher Brown, of Berkeley avenue, are receiving congratulations on the birth of a son at Zurbrugg Memorial Hospital, on Monday, May 23.

Samuel Tallman, of Philadelphia, has returned to his home after spending several weeks with his sister, Mrs. George Pancoast, of Horace avenue.

Mr. and Mrs. Robert Kennedy, of 724 Highland avenue, have moved to Ontario, Canada, where Mr. Kennedy will enter the printing business.

Mr. and Mrs. Paul VanSant, of Washington avenue, recently moved into their remodeled home, the former Crowell property, on Garfield avenue.

Miss Adeline Seel, of Cinnaminson avenue, will entertain the Lucky 13 club at her home Friday evening.

Mrs. Edward Hughes, of Garfield avenue, has returned to her home after spending three weeks in Orlando, Florida, with her sister.

Extensive alteration and repairs are being made to the residence at the northwest corner of Fifth and Morgan, Palmyra. When the work is completed two modern apartments will be available.

EXCURSION TRAINS

The widespread interest in the World's Fair was manifest on Tuesday morning of this week when two trains filled with excursionists from Atlantic City passed through here bound for the World of Tomorrow. One train had 21 coaches and the other 16. All were comfortably filled.

Compulsory immunization of all dogs in England and Japan has exterminated rabies in those countries.

Rapid progress is being made on the new dwelling being constructed for Jacob Stroblein at the corner of Linden avenue and Second street, Riverton.

At present no definite information is available regarding the cost of curb installation as authorized by the recently passed ordinance in Riverton.

Mrs. F. W. Rohland, of Palmyra, is at the Loraine Hotel, Ocean Grove, for the summer season.

Signs of welcoming World's Fair visitors to this section made their appearance on several highways recently.

Oiling work was begun this week on several Palmyra streets, the surface having been leveled off preparatory to the application.

Two new dwellings are nearing completion on the west side of Walnut street between Memorial avenue and Spring Garden street. These are in keeping with the fine home already constructed by Councilman T. Curtis Flynn, of Palmyra, and the entire section is most attractive.

DRAMA CLASS PRESENTS PLAY

A play was presented in the tournament held at the University of Newark recently under the auspices of the New Jersey Forensic League of Secondary Schools by the Drama class of Palmyra high school. The title being "Boccacio's Untold Tale," by Harry Kemp.

The characters were: Florio, a poet, Ray Stevens; Olivio, Florio's mistress, Martha Bradway; Violante, a Florentine noblewoman, Elizabeth Faunce; Licia, Florio's sewing woman, Caroline Bauer; Dioneo, one of Boccacio's party, Richard Deemer; One Voice, Frances Leysahon; Another Voice, Louise Moorhouse.

Edna K. Ziegler, who coached the play, was recently elected president of the New Jersey Forensic League of Secondary Schools.

SACRED HEART GRADUATES FORM ALUMNI ASSOCIATION

An alumni association has been formed by the graduates of the Sacred Heart school, who held their first meeting in the school auditorium on Sunday afternoon. The first class graduated from the school in 1931. The officers elected for the coming year are composed of Francis Brennan, president; vice presidents, Nancy Cardes and Paul McDermott; treasurer, William McDermott; secretary, Francis Dougherty. Father Welsh is director of the organization. Plans were discussed in regard to a dinner-dance to be given as a reception for the present graduating class.

Wesleyan Men's Bible Class

For the Men of the Community

The post, Tennyson, was asked by a friend what he thought of Christ. As they were walking, the poet pointing to a flower said, "What the Sun is to that flower, Christ is to me."

The flowers in their beauty are silent witnesses to the sustaining power of the Creator. There are moments when we may think that we are isolated wanderers in this big world. The flower in its quiet beauty is evidence that the Sun, 92 million miles away, maintains its life and unfolds its radiance. We are not alone as said in the Scriptures, "In Him we live, move and have our being."

With this assurance, we in the Bible Class meet together, conscious of the presence of the Divine, as set forth in the Bible. Come with us next Sunday at 9.50 and enjoy with us in the service of Him who is ever near.

Health Question: What Is the Annual Summer Roundup of the School Children and How Effective Is It?

Doc Says:

The Summer Roundup of school children is an annual project of the New Jersey Congress of Parents and Teachers. Its purpose is to start children to the entering grade of school or kindergarten as free as possible from remediable physical defects.

The program includes a canvass of the community to locate children who will enter school; a visit with the parents by lay persons to inform the parents of the need for examination; an examination in the spring to determine each child's physical condition; follow-up visits to the home to urge that the advice of the examining physician and dentist be followed and to make arrangements for the treatment of indigent cases; and a checkup in the fall to learn whether remediable defects have been corrected.

Almost 6,000 children were examined in New Jersey in 1938 under auspices of parent-teacher associations. Of this number more than 2,200 were vaccinated against smallpox and nearly a thousand were immunized against diphtheria. Other defects were also remedied. This is ample evidence that the campaign is very worthwhile both from the standpoint of the health of the individual child and from the stand-

Municipal Topics

Township Government

Township government, one of the most numerous of the nearly dozen forms of local rule in New Jersey, is likewise one of the oldest, which means it has met the test of long trial and experience. It is flexible, responsive and conforms to the basic idea of government being an instrument of the people.

Under the township system, administration of municipal affairs is centralized in a committee, usually of three or five members, although there are instances of larger groups. Elections are held each year. The members are named for three-year terms, the expirations being staggered. Thus the committee at all times has the services of two or more seasoned members and the continuity of pending business is preserved, offering decided advantages over the election of an entire body every three years.

Presiding Officer
The members name a chairman, point of the public health.

This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

who is the presiding officer at all meetings and who, without being so designated, is in effect the chief executive officer of the community. Administrative and regulatory matters are determined for the most part by a majority vote. The law governing certain types of ordinances calls for more than a majority but these instances are not many.

Schools are operated by a board of education. The committee is charged with raising the money for school maintenance through taxation, but has little voice in determining the amount, which gives rise to frequent complaint. It is contended by township officials a preferable method would be joint action by the committee and school board on expenditures for education.

As to other functions, there are agencies customary in all government, such as a board of health, police and fire departments and divisions of tax assessment and collection. Many townships cooperate in matters of health protection and similar common problems.

Flexibility

In addition to school monies, state and county taxes and a mass of mandatory spending legislation are other requirements beyond the discretion of the committee. No matter what percentage of taxes is collected, state and county levies, together with school appropriations, must be paid in full, the township taking what remains. The slump in tax payments during depression

years has presented grave questions of financing for some of the committees and emphasizes the need of a revised procedure for a spread of revenue losses during lean periods. The flexibility of the township plan has been demonstrated repeatedly by a sudden growth of population resulting from the location in the area of a new industry or the construction of a super-highway. With the influx of residents has come home building and demands for a variety of modern facilities or

disarily found only in cities. New Jersey includes townships possessing virtually all the advantages of city life, plus the charm of a suburb, and the list is steadily increasing. Often the change from a rural community is so rapid, little time is allowed, comparatively speaking, for the necessary expansion of administrative mechanics along broad lines. It is a tribute to the system that it has succeeded so well in meeting the conditions presented by these circumstances.

AMERICAN STORES CO.

In Your Neighborhood For Your Convenience!

Our conveniently located stores in every neighborhood are well known to many thousands of home-keepers. They appreciate the time-saving convenience of these stores, friendly service of our salesmen and the satisfaction of buying quality foods, guaranteed to please. BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor
Sunday is the Festival of the Holy Trinity. During the church year festivals and ordinary days are historical days noted by the Church, but on this festival a great doctrine of the Church is emphasized, the doctrine of the Holy Trinity.

At the chief service, 11 a.m., the pastor, the Rev. Oliver W. Powers, will preach on the subject "Blessed Be the Holy Trinity." In accordance with ancient practice the Athanasian Creed will be confessed.

Pastor Powers will also give a brief report of the convention of the Central Pennsylvania Synod, held recently at Harrisburg. Mr. Jacob Vatter of Washington avenue, Palmyra, was the lay delegate and accompanied Mr. Powers to Harrisburg for the sessions.

CHRISTIAN SCIENCE CHURCH

"God the Only Cause and Creator" is the subject of the lesson-lesson in all Churches of Christ, Scientist, on Sunday, June 4.

The Golden Text is: "The Lord reigneth, he is clothed with majesty; the Lord is clothed with strength, wherewith he hath girded himself; the world also is established, that it cannot be moved." (Psalms 93:1).

Among the citations which comprise the lesson-lesson is the following from the Bible: "I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made heaven and earth." (Psalms 121: 1, 2).

The lesson-lesson also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As a material, theoretical life-base is found to be a misapprehension of existence, the spiritual and divine Principle of man dwells upon human thought, and leads it to where the young child was,—even to the birth of a new-old idea, to the spiritual sense of being and of what Life includes" (p. 191).

EPWORTH M. E. CHURCH

Rev. W. A. Boyd, Pastor

This Sunday morning at eleven o'clock, the Rev. Dr. J. G. Bickerton, D.D., will be the preacher. The Senior and Fellowship Chords will sing. The Rev. W. A. Boyd will preside.

"Marriage" will be the subject of the third sermon in the series on "Courtship, Love, Marriage and Divorce" to be given by the Rev. Boyd this Sunday evening at 7:45. These sermons have proven especially interesting to the Young People of our church and community. We especially invite the young people to come hear this timely message. The music will be given by the Senior Choir under the direction of Mrs. Rachel Lord.

Tuesday evening the official Board will give a testimonial dinner to one of our fine men for his long and useful service to our church, George Reber. The dinner will be at Newlins Restaurant at Moorestown. All members are urged to be present. Please give your name to Wesley Huyett.

Children's Day will be observed in our church Sunday, June 11. There will be a joint session of the school and the church beginning at 10:30. This meeting is to be held in the church auditorium. In this meeting the children's exercises will be given, the sacrament of baptism, sermonette to the young people and the senior sermon by the minister. Do not forget the time, 10:30 instead of 9:45 or 11 o'clock.

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist

Thomas Ave. and Seventh St. Riverport, N. J.
Sunday School, 11 a.m.
Sunday Services, 11 a.m.
Wednesday, 8:00 p.m.
Reading Room in Church Building Thomas Ave. and Seventh St., Riverport, open Tuesday and Friday, 2:30 to 4:30.

WESTFIELD FRIENDS MEETING

Burlington Pike
Sunday Morning
10 o'clock. First Day School.
11 o'clock. Meeting for worship.

ABOUT THE COUNTY

All of the facilities of the state forest fire service in this area were called into action last week, when a fire that started in second-growth timber at Hog Back Hill, near the Chatsworth-New Gretna road, burned off 400 acres before being extinguished.

Charging that while betting goes on daily throughout the state, the state gets no revenue from it, John A. Roebing, prominent industrialist, addressed 300 advocates of the amendment to the state constitution which would legalize pari-mutuel wagering on horse races, at a meeting held in the Riverside Fire House last week.

Judge Harold B. Wells, of the Court of Errors and Appeals, was the commencement speaker as 15 girls were graduated from the Burlington County Hospital Nursing School at exercises in the First Methodist Church last week. The graduation was the last that will be held, as the nurses school has been discontinued at the hospital.

CAR STEALING RING

The theft of an automobile in Palmyra last week, together with others in South Jersey has led police to believe that an organized ring for this purpose is operating in this vicinity.

Every effort is being made by the law enforcement authorities to track down those responsible for the robberies.

Westfield Friends School

I had an interesting fact called to my attention the other day. It seemed that the third and fourth grade children became very much interested in one of Mary Hastings Bradley's jungle books. They became so interested that they decided to write to Miss Bradley expressing their pleasure in the book and asking many questions. Miss Bradley with rare courtesy and interest answered the individual letters, showing herself to be pleased with the interest shown.

Everyone at Westfield has been as busy as the proverbial putter, but by the sixth grade plate, completed and is ready for sale. The pageant has reached the final stages of completion and was followed by a dress rehearsal Wednesday and the performance today (Thursday). Don't miss the pageant and fair to be held today on the school grounds.

Everyone at Westfield has been as busy as the proverbial putter, but by the sixth grade plate, completed and is ready for sale. The pageant has reached the final stages of completion and was followed by a dress rehearsal Wednesday and the performance today (Thursday). Don't miss the pageant and fair to be held today on the school grounds.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Bible School, 10:00 a.m.
Morning worship, 11:15 a.m.—Pastor Lockett will have as his subject "The Seamless Robe." The sermon will be preceded by Edward's "Rock of Ages" by the choir under the direction of Mr. Russell Jermon. The ordinance of Communion will be observed following the service at which time several new members will be received into fellowship of the church. An invitation is extended all Christians to participate in this communion.

B.Y.P.U., 6:45 p.m.—The young people's high school group is extending a special invitation to these pupils who will enter the high school in the fall, to attend their meeting this Sunday. An appropriate program is being prepared to receive this new group of students of the high school and it is the desire that as many who can will attend.

PRESIDENT

JOSEPH F. HAMMOND

Newly elected President of the New Jersey Bankers Association, Mr. Hammond is President of the Citizens Trust Co. of Paterson and was Vice President of the Association last year. Other officers for the new year 1939-40 are: H. Douglas Davis, Vice President; L. A. Chambliss, Treasurer and Armit H. Coate, of Moorestown, as Secretary.

The officers were elected at the annual convention of the New Jersey Bankers Association held at the Ambassador Hotel, Atlantic City, May 18-19-20. Over 1400 bankers and guests were present. H. B. Conover, Treasurer of the Cinnaminson Bank and Trust Company, represented the local bank at the convention.

HOLIDAY HOUSE OPEN

The G. F. S. Holiday House at Island Heights, will be open for visitors on July 1. Everyone is welcome. Luncheon will be served for 35 cents.

Those wishing to spend vacations there should make reservations early. New Jersey was fortunate in having Miss Wilson, field secretary, visit the various branches during the month of May.

Women's mouths are larger than man's in proportion to their height, although smaller in actual size.

ing service. "The Test of Religion." This subject seems to come up in daily conversations and editorial comments. Come out and hear the real truth about this most important subject. The choir will render "The Woods and Every Sweet Smelling Tree," by West. The service will conclude in the conferring of the ordinance of baptism on several candidates. Every one is most cordially invited to attend these services. Visitors are always made to feel at home.

PROPOSALS

Sealed proposals will be received by the Borough Council of the Borough of Riverport, New Jersey, at the Fire House in Riverport, New Jersey, at eight o'clock, p.m. (Eastern Daylight Saving Time), on Friday, June 16, 1939, for the construction, installation and completion of concrete curbing within the Borough of Riverport to be located as follows:

On both sides of Highway, from Main Street to Thomas Avenue;
On both sides of Lippincott Avenue, from Seventh Street to Broad Street and from Fourth Street to Second Street;
On both sides of Fourth Street, from Linden Avenue to Main Street to Lippincott Avenue, from Thomas Avenue to Lippincott Avenue and from Thomas Avenue to Linden Avenue;
On both sides of Thomas Avenue, from Fourth Street to Second Street;
On both sides of Howard Street, from Third Street to Bank Avenue, except where such curbing, in good condition and proper location, are already in existence.

The approximate quantities of curbing to be constructed are:
1900 Linear Feet of Straight Curbing
550 Linear Feet of Curbing of Radius Curbs

Each bid shall be accompanied by a certified check drawn to the order of the Borough Treasurer of the Borough of Riverport, in the amount of ten per cent (10%) of the total sum of such proposals, subject to the conditions set forth in the Instructions to Bidders.
Instructions to Bidders, specifications and forms for Proposal and bid may be obtained by application to the Borough Engineer and Surveyor, 501 1/2 Street, Camden, New Jersey.
The right is reserved to reject any or all bids.
DANIEL M. CLAYTON, Borough Clerk.

TIMELY TIPS FOR GROWING EVERGREENS

Remember that the soil should be carefully prepared by incorporating well-rotted manure, peat moss, or humus. If the evergreens are already planted, the organic matter can be increased by working in any of these materials into the top three or four inches of soil. For best growth, the soil should be well-drained, but retentive of moisture, since evergreens require an ample supply of water the year round.

In addition, evergreens require some nutrients. Small evergreens should have a pound of tankage or cottonseed meal for every 20 square feet of bed area each spring; large evergreens, about a pound of complete fertilizer (10-6-4 or 4-12-4) per 25 square feet of bed area each spring. This fertilizer should be hoed or watered in. It may be applied in the fall instead of spring. A good practice is to mulch the soil in the autumn with partially decayed manure, which can be dug under in the spring. The digging should be shallow, so as not to disturb the feeding roots growing near the surface.

Remember that evergreen roots must be kept moist, but not constantly wet. An occasional heavy watering is much better than daily light applications. Daily light waterings encourage roots to grow near the surface of the soil. Trees with roots growing too near the surface are more apt to suffer during periods of drought.

Unpack evergreen plants as soon as you receive them. Dip the roots in muddy water and heel in the plants until you are ready to set them in their permanent location.

Remember evergreen roots should be kept continually moist. Even a few minutes exposure to sun and wind will kill young plants.

Pack the soil firmly around evergreen roots and be careful to set the plants deep enough but not too deep.

Shade trees may be pruned at any season, although cuts made in March and April heal much faster than those made later in the summer.

Most evergreens like a soil slightly acid in reaction. Nearly all New Jersey soils are suited for growing these types of plants.

Over 100,000 accidents are caused each year by drivers who fall asleep at the wheel of their cars.

ELECTROLUX CLEANER

most sanitary equipment and most effective for cleaning furniture and rugs also applies non-slip wax to floors and ride homes of moths. Many other purposes too numerous to mention.

Beach Haven and Brant Beach Beckon to You

As you follow the pathless trail of wild fowl over the sedge grass fringing the mainland shore, and then look across the waters of majestic Barnegat Bay, forty miles long and six miles wide, you will discern on the horizon the low lying island of LONG BEACH, eighteen miles long and lying, veritably, SIX MILES AT SEA. Here a few hundred yards separate Bay from Ocean, forming nature's most perfect summer resort. BEACH HAVEN and BRANT BEACH, even in the most oppressive weather, know no enervating heat. Freedom from polliferous plants affords positive relief to HAY FEVER SUFFERERS.

To the lovers of the seaside and its tonic effect on one's mental and physical health and well being, BEACH HAVEN and BRANT BEACH, SIX MILES AT SEA, the MAY to NOVEMBER resort, offers just that—REST—RELIEF—RELAXATION. Stop in and see us to arrange for your summer vacation or go direct to the BRANT BEACH office or the BEACH HAVEN office of ROBERT R. OSBORN & SONS, (please mention this adv.)

RIVERTON LOSES CLOSE DECISION

Local A. A. Turns in Nice Performance Here on Memorial Day

After administering the initial defeat of the season to the strong Defiance A. C. last Sunday, the Camdentons came to town on Memorial Day afternoon to turn the tables on Riverton A. A., the locals going down to a defeat in an extremely well played encounter.

A large crowd was on hand to watch the season's inaugural at Memorial Park and all went home apparently well satisfied with the performance of the charges of Manager Sims.

Len Baker turned in a masterful mound performance for Riverton and really deserved a better fate.

First Tally

The enemy tabbed a cheap run in the first, this being caused as a result of a single, stolen base error and a second one baser.

The second marker came in the fourth when Baker erred on Jepson's bounce to the box. He was later forced at second, but Forrester, safe on a fielder's choice took second on a passed ball. Striber hit sharply to Sutters, and Forrester apparently ran way out of the base path to avoid being tagged, but was called safe.

This should have been out number 2 and the situation might have been different when Waldner doubled to score another.

Home

The Camdentons finished their scoring when Heartling got a gory infield hit and Jepson sailed one into right for a round tripper. The ball was well hit but played not too well.

The home guard tallied in the second when Rothbaum stroled and took second on a passed ball. W. McDermott's double along the right field foul line brought him in.

The other tally came without virtue of a hit in the fifth. W. McDermott got a pass, stole second and went to third on an infield out. He crossed when Freeman lifted one to center field.

Another Chance

Riverton had a fine opportunity to tie the game up in the eighth. Karlis singled with one away and W. Baker skied to left. Sutters doubled with finesse, bringing Cole to the plate. The local shortstop, laced one past the trees in center field, but the enemy patrol in that sector managed to snare the apple as it appeared destined for extra bases.

Sutters was robbed of hits on two occasions when the enemy turned in fielding gems to ruin his batting average.

Baker whiffed six and issued only one pass. His mound opponent fanned the same number and gave four free tickets.

Riverton Yacht Club

Stuff, stuff, stuff; gorge, gorge, gorge, and away went the food at the R.Y.C. dinner last Saturday evening.

Encouraged by such an excellent start, those "peoples" present proceeded to have a rip-roarin' good time. Doin' what? Come down to the next one and find out.

The dance Monday night? That's the nite somebody invented a "Whiz Friz." So it turned out to be another "Humdinger." But that's all past history. So much for the social activities of the week.

Just a line to remind those guys who got blisters shoveling stones on the Yacht Club all day Saturday. We appreciate it. "Rabble in the gravel" we call it.

Sunday Races

But to get back to (so called) racing—Sunday we had a Duster race, or did we? Eight boats started and three finished. Fritz Steiner copped a first, and Alan Ransom managed to bring his flat belled skiff home a very nice second. Bert Shoemaker inaugurated the new season by becoming the first member of Ye Goode Olde Horizontalee Clubbe. Nice goin' Bert. Despite this he did right his craft and finished the race to take third place.

Nicer goin' Bert. The also-rans and excuses were: Bob Lippincott, broken or partly halyard; Tom Coe, one broken rudder (we'd rudder be right); Howard Lippincott, one broken boom (here come the British, boom! boom!); Bill Shoemaker, one tipped sail. (We hear tell Shoemaker's an old rip-ro-bait.)

No Comet race... sissies! Came Benny Goodman's birthday, locally known as Memorial Day, otherwise the 30th of May to yowse mugs. Came also an astronomical disturbance often referred to as wind. Let's get to the races! The Comets went off first, that is all but Swope. Anyway, Merrill grabbed off an early lead which he maintained and improved upon throughout the entire race.

Duster Race

Five minutes later the Dusters got off to a beaut of a start with Buck Parsons taking the lead. As the boats jockeyed from position to position, many of the boys "pilfered" the lead from one another. While this was going on, Swope in his Comet, wallowed around in the middle of the Duster fleet. Lippincott won. In case you think we meant Bob, Hal Ha Ho; 'twere Howard. Come to think of it, Lippincott should 'ave won, there were three of 'em in the race (first, fourth and last). B. Parsons doing an unusually fine job pulled off a very nice second. Bert Shoemaker sailed himself into third place. We are also given to understanding we have an "Independent" in our midst. A Ransom wouldn't sail the same course as the rest of the boys. Wise guy, Eh!

Oh then came Swope! You know he did finish after all! Overcome with jealousy, at Bert Shoemaker's copping the lead in the Horizontal Trophy Race, Swope deliberately upset. We insist he picked the lightest crew he could find to help him accomplish this foul, foul deed. Hence forth your scribes shall investigate the validity of all claims of this type. Quite upsetting, eh?

Through the grapevine we gather that Bob Levine, unbeatable, lighter than air craft met with disaster at Beverly on this same date. Nice goin' Somerville.

A Roller Reeler is not a doped revolving cigarette, but a method of reducing the sail area with the least possible confusion and effort. Clea?—No? Thus we continue our series of yachting terms simplified for the simple.

The well-trained husband does the family shopping from a list carefully compiled by his wife and buys nothing not on the list.

Athletics Win Another Game

The Athletics won their fourth decision in the Memorial Park Softball League on Monday night of this week, the Cubs going down to defeat on the short end of a 13-3 count.

Two bad innings spelled disaster for the charges of Manager Payne, as the A's pushed over five markers in each of the first and sixth frames. The engagement was called at the end of this stanza as a heavy shower drenched the players.

On several occasions the Cubs seemed to stage a real rally, but only in the sixth inning did

OBITUARIES

LAWRENCE SECKEL

Lawrence Seckel died on Tuesday, May 30, at his home, 719 Main street, after a long illness. He was the son of the late John H. and Rebecca Seckel.

Funeral services will be held on Friday at 2 p.m. from Christ Church, Riverton, the Rev. Francis B. Downs officiating.

Interment will be private and will be in Morgan Cemetery, under the direction of Frank A. Snover.

The deceased was a veteran of the Spanish-American War and is survived by his brother, John G. Seckel, with whom he made his home.

MRS. ELIZABETH H. THOMAS

Mrs. Elizabeth H. Thomas, 93, of Cinnaminson Township, died on May 27.

Funeral services were held on Monday at 2 p.m. with interment in Westfield Friends Burying Ground, under the direction of Frank A. Snover.

The deceased is the mother of

PROPOSALS

Sealed proposals will be received by the Borough Council of the Borough of Riverton, New Jersey, at the Fire House in Riverton, New Jersey, at 8 o'clock P.M. (Eastern Daylight Saving Time) on Friday, June 16, 1939, for furnishing and delivering approximately 100 tons of Cold Mixed Bituminous Concrete, Type "A" (top course) material conforming to the Standard Specifications of the New Jersey State Highway Department.

Each bid shall be accompanied by a certified check, drawn to the order of the Borough Treasurer of the Borough of Riverton, in the amount of ten per cent (10%) of the total sum of such proposal, subject to the conditions set forth in the Instructions to Bidders.

Instructions to Bidders, specifications and forms for Proposal and Contract may be obtained by application to the Engineers, Sherman and Snover, 501 Cooper Street, Camden, New Jersey.

The right is reserved to reject any or all bids.

DANIEL M. CLIFTON

Borough Clerk.

DON'T CROSS WHILE RED LIGHT FLASHING

Warning to motorists not to cross grade crossings under any circumstances while the red signal is flashing was issued recently by the Keystone Automobile Club.

"A common misunderstanding is responsible for grade crossing tragedies," said Trevor B. Mathews, Manager of the Camden division of the club. "Many motorists have the fixed notion that the signals continue to flash until the train has passed into the next signal block." As a matter of fact, the flashing-type signal automatically stops as soon as the last car has passed the grade crossing. Therefore, if the signal continues to show after a train has passed, it is a sure sign that another train is approaching from the opposite direction.

"Accidents due to this cause are by no means common, but the potential danger is largely increased by the motorists' belief that all hazard has disappeared with the passing of the train for which they had stopped. "A fact not appreciated by many motorists, also, is the brevity of the warning given by these signals. There is an interval of only approximately twenty seconds between the first warning flash and the appearance of the fastest trains at the crossing. In the case of slow trains, the interval may be as long as fifty seconds or a minute, but in any event the time is not long enough for any motorist to afford taking chances."

NATION'S WEALTH SHOWN BY U. S. LIVING STANDARD

An unusual and comprehensive review of the distribution of wealth in the United States has just been published by the University of Notre Dame. Its conclusion is that by the very nature of the things which constitute wealth, those used for production and those used for comfort, the bulk of the nation's wealth cannot be held or used by any small group. In the peak year covered by the survey (1930) it is pointed out that the country's total physical assets, measured in dollar units, were 410 billion dollars, of which 222 billions were assets used for comfort and 188 billions those used for production.

The standard of living in the United States is held to be evidence that there is no close concentration of wealth, says the review, which is quoted by the New Jersey Public Utility Information Committee. It states that in a year when there were 29,903,074 families, there were also 23,000,000 passenger automobiles. It also declares that this is the only country in the world where a majority of the homes have radios,

telephones, running water, bathtubs, and electric lights. It is generally accepted that no other nation in the world approaches the standard of living enjoyed by citizens of the United States of America.

Each bid shall be accompanied by a certified check, drawn to the order of the Borough Treasurer of the Borough of Riverton, in the amount of ten per cent (10%) of the total sum of such proposal, subject to the conditions set forth in the Instructions to Bidders.

Instructions to Bidders, specifications and forms for Proposal and Contract may be obtained by application to the Engineers, Sherman and Snover, 501 Cooper Street, Camden, New Jersey.

The right is reserved to reject any or all bids.

view of the distribution of wealth in the United States has just been published by the University of Notre Dame. Its conclusion is that by the very nature of the things which constitute wealth, those used for production and those used for comfort, the bulk of the nation's wealth cannot be held or used by any small group. In the peak year covered by the survey (1930) it is pointed out that the country's total physical assets, measured in dollar units, were 410 billion dollars, of which 222 billions were assets used for comfort and 188 billions those used for production.

The standard of living in the United States is held to be evidence that there is no close concentration of wealth, says the review, which is quoted by the New Jersey Public Utility Information Committee. It states that in a year when there were 29,903,074 families, there were also 23,000,000 passenger automobiles. It also declares that this is the only country in the world where a majority of the homes have radios,

telephones, running water, bathtubs, and electric lights. It is generally accepted that no other nation in the world approaches the standard of living enjoyed by citizens of the United States of America.

Each bid shall be accompanied by a certified check, drawn to the order of the Borough Treasurer of the Borough of Riverton, in the amount of ten per cent (10%) of the total sum of such proposal, subject to the conditions set forth in the Instructions to Bidders.

Instructions to Bidders, specifications and forms for Proposal and Contract may be obtained by application to the Engineers, Sherman and Snover, 501 Cooper Street, Camden, New Jersey.

The right is reserved to reject any or all bids.

DANIEL M. CLIFTON, Borough Clerk. 6-1-39.

SCHOOL PLAY DAY PROGRAM

Riverton Pupils Present Fine Affair at Memorial Park Tuesday

The pupils of the Riverton Public School delighted hundreds of parents and visitors on Tuesday evening of this week, at Memorial Park when the annual Play Day program was presented, the affair this year being based on the theme of International Olympics, together with the traditional crowning of the May Queen and the colorful Maypole Dance.

In addition to the various athletic events, dances of the various countries participating were rendered with a high degree of skill by the pupils of various grades. Hearty applause from the large audience testified to the pleasure enjoyed from the colorful affair.

Supper First

As usual, there was a large attendance at the supper which preceded the program, the Riverton P.T.A. being in charge of this phase of the event.

The tables that were set under the splendid shade trees of the park were completely filled during the supper hour and all of the booths reported a brisk business.

The formal program opened with the grand march, after which the May Queen was crowned in a bower of flowers.

Dancing

The queen was Eleanor Metzger, who had as her attendants Jane Bush and Genevieve Miller, all of (continued on page 3)

Fire Damages Dickson Home

Right on the stroke of noon Thursday the Riverton Fire Department was called for a blaze in the third story of the residence at 402 Main street occupied by Dr. T. Bruce Dickson.

The fire, which had gained considerable headway before being discovered, was noticed by two local plumbers who were engaged in making repairs to the roof at the time. It originated in quarters used as a sewing room and was evidently caused by an electrical appliance or wiring defect.

Painters, also engaged in working at the house, had two ladders raised to the third floor and these materially aided the work of the firefighters, although two others were also used from the new ladder truck.

Loss Considerable

Three lines of 1½ inch hose were directed into the interior of the rooms where the fire was located and the blaze was soon brought under control. So dense was the smoke that firemen were compelled to don gas masks before entering the burning section.

Although water was used with great discretion, a quantity seeped through the ceiling to the second floor, where some damage was caused. Practically all the furniture and a quantity of clothing was destroyed in the room where the blaze originated.

Chief E. M. Carhart, Jr., was in charge of the firemen.

THANKS

The members of the Riverton Fire Company wish to express their sincere thanks to all those who assisted toward the success of the cake sale recently held by that organization, both those who made donations or purchases. Cake plates not already returned may be secured by calling at the Main Street Market.

RIVERTON :: CINNAMINSON :: PALMYRA

50th Year No. 22

RIVERTON—PALMYRA, N. J., THURSDAY, JUNE 8, 1939

PRICE FIVE CENTS

CLEE TO SPEAK AGAINST RACE TRACK PROPOSAL

On Friday evening, of this week at 8 o'clock, an opportunity is offered the people of Palmyra and neighboring communities of hearing Dr. Lester H. Clee, on the very timely and important subject of the proposed race track amendment, which comes before the voters of this State at a special election on June 20th.

The local ministerial committee, and several of the leading citizens of Palmyra, have engaged the Palmyra High School auditorium for the evening to accommodate the large number of people expected.

For many years Dr. Clee has been the leader of the fight against the race track interests in this state and he is bringing this question direct to every citizen.

Rev. Clee's address will be concise and directly to the point since he has limited his talk to 20 minutes.

Graduates From Police School

Chief William Gootee, of Riverton, was one of the 25 members of the graduating class of the South Jersey Suburban Police School who received certificates at exercises held in Oaklyn on Monday night of this week.

Classes have been held two afternoons each week for a period of three months. The average rating of the graduates was the exceptionally high figure of 89.

Judge Clifford A. Baldwin and Captain R. A. Snook of the New Jersey State Police gave talks at the exercises.

Included in the course of study were the following subjects: police history, police practice and procedure, laws of arrest, auto accidents, motor vehicle laws and procedure, firearms identification, scientific criminal investigation and fingerprints, public relations and criminal laws.

PARKER NAMED "Y" PRESIDENT

At the annual meeting of the Palmyra-Riverton Y. M. C. A. Board June 6th, at the building, the following men were elected for the ensuing year: president, Lawrence B. Parker; vice presidents, E. Newbold Cooper and Charles S. Stickney; secretary, Robert G. Adams; treasurer, Howard B. Conover.

The new president, Mr. Parker, has been active in "Y" work here for a number of years, one of his interests being the director of a rifle group in the local association. Members anticipate a most successful year under the able leadership of Mr. Parker, who resides at 214 Morgan avenue, Palmyra.

BUSINESS WOMEN'S CLUB ESTABLISHES LOAN FUND

The Business and Professional Women's Club of Palmyra, Riverton and vicinity held the last meeting of the year at Taylor's cabin, Monday evening, June 5th. After a picnic lunch was served, the business meeting convened.

The officers, for the next year, were elected as follows: president, Marie L. McDermott; vice president, Pearl C. Coombs; recording secretary, Marcella G. Leanders; corresponding secretary, Esther Yerkes and treasurer, Mildred R. Lawrence. The club was successful in raising the sum of one hundred dollars for a student loan fund. Senior girls of Palmyra, Riverton, and vicinity may now make application for a loan.

Closing Program At Schools Here

The dates for closing exercises and commencement in the various local schools were announced this week, the schedule being as follows:

Sacred Heart School, Tuesday, June 13, 8 o'clock.

Cinnaminson School No. 2, Tuesday, June 13, at 8.15 p.m.

Riverton Public School, Wednesday, June 14, 8 p.m.

Cinnaminson School No. 4, Wednesday, June 14, 8.15 p.m.

Palmyra High School, Thursday, June 15, 8 p.m.

Palmyra Grade School, Friday, June 16, 9 a.m.

High School Program

The high school commencement program is as follows:

"Processional, "Pomp and Circumstance March," Elgar, Palmyra High School Orchestra.

Invocation, the Rev. Henry L. Bradway, Dobbins Memorial Methodist Church, Delanco.

Introduction, Jack Mathews, president, senior class.

Youth in the World of Tomorrow — "In Government," Walter Snover; "In Therapy," Ethel Philie.

"Spirit Flower" (vocal), Campbell-Tipton, senior girls' glee club.

Youth in the World of Tomorrow — "In Drama" (illustrated), Caroline Bauer; "In Music" (illustrated), Martha Bradway.

"Rhapsody in F Minor," Dohnanyi (piano solo), Martha Martin.

Youth in the World of Tomorrow — "In Industry," William Evald; "In Education," Marjorie Nace.

"Beautiful Savior" (vocal), Christiansen, senior mixed double quartet.

"Dance des Milites," Tchaikowsky, (flute solo), Er

PRINTED MONTH IN ADVANCE

But Saturday Evening Post Breaks Lead Stories with Uncanny Timeliness

Printed in fine colors nearly a month in advance of issue and time after time breaking a lead story or article with an unpredictable similarity event in the daily press, "Post Luck" has become a by-word in the publishing field. Harold J. Bean, of the Saturday Evening Post staff, last week, took the local Rotary Club back stage and showed them how it is done.

The nine million dollar plant in Philadelphia houses an organization which keeps its fingers always upon the pulse of American life, interpreting it in the columns of its weekly publication under three ever-present aspects of human interest, "living, working and playing." Illustrating his talk with charts, Mr. Bean held the keen interest of his hearers as he unfolded the operations of this great organization.

Magnitude

Some idea of the magnitude of the project may be gained by consideration of more than 81,000 unsolicited manuscripts carefully read and appraised last year or, for the mechanical minded, the 170,386,000 pounds of paper and the 3,400,000 pounds of ink used by the one hundred presses in operation or perhaps, for the average man, the stack of magazines for the issue of a single week piled one atop the other to tower above Mt. Everest.

Touching the literary side, Mr. Bean, named a long list of well known authors whose first efforts were successful in the Post. The number is constantly being increased. Last year, for instance, 107 authors found outlet in the Post with their first creative efforts. Thirty-nine Post stories, last year, were later purchased by moving picture organizations—the liberal compensation offered by the Post being only for the first appearance of the copy, leaving other publication, moving picture and radio rights with the author.

Preparation

The speaker briefly covered the physical preparation of the magazine, explaining the color work and the cover designs. Referring again to "Post Luck" he called attention to the forthcoming issue of June 10 which although printed a month in advance of that date carries a submarine story "Up for Air" which breaks while the Squalus and the Thetis tragedies are still fresh in the news. The same thing occurred five days after the Hindenburg disaster when "Five O'clock off California" described the destruction of an airship and it has been repeated again and again in recent years in connection with news of national interest.

Advertising Costs

Curiosity over cost of Post advertising is quite general and the uninformed are astonished to learn that a four color page costs \$11,500 an insertion. But when the advertising man breaks it down in terms of 2/5 of a cent per paid reader, the message for an advertiser with national distribution is recognized as being delivered at an exceedingly low cost.

REDWOOD COVERS MUSEUM

Nearly 34,000 square feet of California redwood was required to cover the Contemporary Art Building at the New York World's Fair. For artistic as well as structural reasons, the sheathing was applied vertically instead of on conventional horizontal lines. The building will house 800 modern paintings.

Nearly all the totem poles sold tourists in Alaska are made in the Orient.

BRIEF ITEMS from ABOUT TOWN

Many local residents are planning to leave for shore and mountain resorts as soon as schools close.

Extensive improvements are being made at the Burke and Easley Service Station, Broad street and Linden avenue, Riverton. When the work is completed the Texaco headquarters will be one of the most modern and extensive stations in this section.

The new macadam pavement of the south side of Broad street, Palmyra, is a decided improvement.

The dredge Freedom has been operating in local waters for the past several weeks.

Plans are being made to start operation on the second section of the concrete stands at the new Palmyra High School stadium.

ROSE FESTIVAL JUNE 10th - 11th (continued from page 1)

will be exhibited at Dreer's Rose Festival will be the lovely Countess Vandal, winner of the Toronto Rose Society Gold Medal, has large double fragrant blooms of a deep pink with a beautiful salmon glow. Glowing Sunset an unusual rose of most attractive form, its inner petals lengthen and twist in the bizarre manner of a choice cactus Dahlia is a blend of orange-yellow and rose-pink. Mrs. Joseph Perraud, winner of the Bagatelle Gold Medal, 1934 and awarded the honor of Lyon, France, as being "The most beautiful Rose in France for the year 1934" has long slender pointed Nasturtium orange buds which open to fragrant flowers of a charming Nasturtium buff straying to a lovely shade of shell pink at the petal edges. Souvenir de Jean Souper a lovely cream-colored Hybrid-tea has long tapering deep golden yellow buds slowly unfolding to broad cream-colored blooms of lovely texture.

All the roses in the Dreer Rose Garden are grown under the same average conditions found in the garden of any real rose enthusiast. Good soil conditions and good care are all that is necessary for the rose fan to reproduce the same beauty in his own garden.

Hours

Every one is invited to view this fine display. Some surprises are planned for the guests of a charming. The Ladies of the John B. Deaver Auxiliary will serve refreshments for a small sum which will be donated to the Lankenau Hospital. The gardens will be open from 10 a.m. to 6 p.m. with attendants in charge throughout the entire day to answer any questions you may care to ask. Of course there is always the possibility that the weather will upset the best laid plans of mice and men so as to overcome the possibility of inclement weather Dreer's have planned to move their festival forward to the following week if June 10 and 11 should be stormy. If you are a rose lover by all means don't miss this great show!

ELECTROLUX CLEANER

most sanitary equipment and most effective for cleaning furniture and rugs also applies non-skid wax to floors and rids homes of moths. Many other purposes too numerous to mention.

PALMYRA SCHOOL NOTES

George McMahon received the highest score in the standardized test given in chemistry. Herbert Randall, Comly Randall, Arthur Burns and Leon Buividas, in the order mentioned, were the other high scorers.

Two softball teams have been organized in Mr. Waxwood's class. The girls' team, whose captain is Beatrice Johnson, won three games out of four. The boys' team, under the leadership of Norman King, won two games and lost two.

The third grade rooms, taught by Myrtle Price and Ethel Sawin, traveled to the Philadelphia Zoo on May 26. They saw the monkey island, and the Cape Cod village; visited the seals and tigers at feeding time; and enjoyed very much the elephant ride.

This year's final issue of the Palmyrian will be used as the commencement program. It will contain pictures of the officers of the senior class, and the commencement speakers.

This week's big social event in the Junior-Senior prom, which will be held Friday night at the Riverton school. Ray Callaghan's eleven piece orchestra will furnish the music, and the setting will be that of a country garden.

Monday, May 28, the eighth grade students visited the Navy Yard, and while there, were permitted to board the "Olympia," which fought in the battle of Manila Bay, and

The engagement of their daughter, Elizabeth, to Mr. Harry J. Crowther, of Philadelphia, has been announced by Mr. and Mrs. Robert W. Knight, of 211 Howard street, Riverton.

The announcement was followed by a party given by Mr. and Mrs. Philip T. Flach, Jr., also of Riverton. The guests included Mr. and Mrs. Robert W. Knight, Mrs.

carried the casket of the Unknown Soldier to the United States after the World War.

They also went to the mint where they saw the process by which the United States coins are made, and learned that the United States coins money for South and Central American countries, and some European nations.

(continued from page 1)

the eighth grade. Virginia Hooper was the Fairy.

The following program of dances was then given, the participants being attired in costumes characteristic of the nations they represented.

Denmark: "The Danish Dance of Greeting," first grade.

Germany: "The Shoemakers Dance," kindergarten.

Hungary: "Csebogar," second and third grade girls.

American Indiana: "The Caribou Dance," second and third grade boys.

Switzerland: "Swiss May Dance," fourth grade.

Norway: "Norwegian Mountain March," fifth grade.

Italy: "The Tarantella," seventh grade girls.

Athletic Events

Teams from the United States, Finland, Ireland and France then competed in a junior Olympic program, the winners in the various events follow:

One-legged race—Iceland, 1st; U. S., 2nd; France, 3rd; Finland, 4th.

Wheelbarrow race—Ireland, 1st; France, 2nd; U. S., 3rd; Finland, 4th.

Obstacle race—France, 1st; U. S., 2nd; Finland, 3rd; Ireland, 4th.

Human chair relay—U. S., 1st; Ireland, 2nd; France, 3rd; Finland, 4th.

Three-legged race—Ireland, 1st; U. S., 2nd; Finland, 3rd; France, 4th.

Circular relay—U. S., 1st; Finland, 2nd; Ireland, 3rd; France, 4th.

The United States won the softball game from France by the score of 9-1.

C. Kenneth Davis, Jr., acted as announcer in a most professional manner.

The entire program reflected much credit to both the participants and the teachers who directed.

38 LIVES "SAVED" IN FOUR MONTHS

Thirty-eight lives were "saved" in New Jersey highway traffic during the first four months of the year, Motor Vehicle Commissioner Arthur W. Magee announced this week. Deaths totaled 231 as compared with 269 in the corresponding months of last year, and 380 in 1937.

A comparative four months record by counties follows:

County	1939	1938
Atlantic	15	12
Bergen	19	29
Burlington	9	10
Camden	14	18
Cape May	12	3
Cumberland	12	3
Essex	5	5

HUGE WINTER VILLAGE

Sun Valley, the winter wonderland at the New York World's Fair 1939 will hold 7,000 persons at one time. The village will cluster around a frozen mill pond where 30 to 40 minute skating shows will be performed 12 times daily in open air. Between performances the rink will be carried beneath buildings by a 100-foot steel turntable.

Cotton, flax and jute, respectively, are the most important commercial vegetable fibers.

WILSON MUSIC STUDIO CONCERT JUNE 12

The Marjorie Choe Wilson Music Studio will present a spring concert on Monday evening, 8:15 p.m., June 12, in the Riverton Public School auditorium. Piano students from Palmyra and Riverton will perform. Complimentary tickets of admission may be had by calling at the studio, 705 Morgan avenue, Palmyra.

Westfield Friends' School

Annual Pageant

Westfield Friends' School presented their annual pageant at 5:30 o'clock Thursday afternoon in their outdoor theatre. This year's play was an original version of "The Sleeping Beauty." It was given in pantomime while Mrs. Vincent Hackett read the story through a microphone accompanied by symphonic music which was also amplified. The audience was most enthusiastic and felt that the cast was equally enthusiastic and sincere in their efforts to portray the story as it appeared to them.

Cast

The cast included: The king, Richard Robbins; queen, Joan Bailey; princess, Ruth Coe; prince, Jack Clement; pages, Harry Mack and Barbara Ross; town crier, Bill Dunn; bad fairy, Edith Rafael; nurse, Shirley Cook; chief knight, Harvey Hirt; knights, Arthur Platt, Richard Gideon, Lyman Cook, Richard Hershey and George Krusen. The fairies were Ruth Coe, Lenore Meyer, Nancy Ritschard, Jean Clark, Joan Anderson, Ann Atlee, and Esther Wilson. The evil spirits were Bob Jamison, Howard Dunn, Michael Crowell, Russell Laalockey, Parry Scott and Jon Krusen. The flowers were Nancy Gideon, Dorothy Porter, Ann Musser and Helene Bohner.

All the costumes were very colorful and added a great deal to the realism of the play.

The solo dancing was performed by Miss Edith Rafael, the art and dancing instructions of the school.

We wish to thank all those who participated in the production of the pageant and who helped to make it so successful.

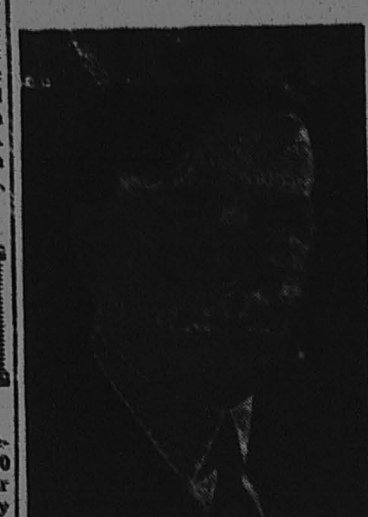

PARKERS MUST GO TO PRISON

The last hope of Ellis Parker and his son, Ellis, Jr., of escaping a prison term vanished this week when the United States Supreme Court declined to review the case. Dr. Harold E. Longsdorf, of Mt. Holly, chairman of the Parker Defense Committee is reported to have stated that the petition for pardon will not be presented until the Parkers have started to serve their sentence.

Some 15,000 people have signed the document, which will be presented to the President of the United States.

At the present time the Parkers are still at liberty on bail and their incarceration will not begin until a mandate has been issued to the District Court.

HERE FRIDAY

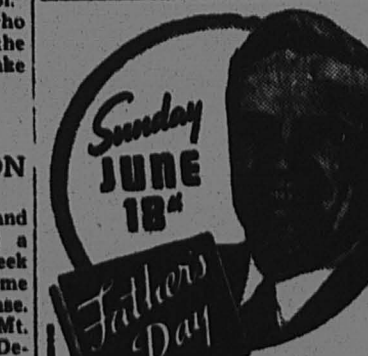

LESTER H. CLEE
who will speak against the proposed race track amendment in Palmyra High School auditorium on June 9 at 8 p.m.

HELPING NEW JERSEY TO KEEP DOWN FOREST FIRES

The State of New Jersey is again approaching that season of the year when disastrous forest fires may be expected. Year after year the total damage from these fires runs into millions of dollars, a great part of which loss can be averted by cooperation of the traveling public. This includes not only motorists, but campers, picnickers and fishermen. That number will be greater than usual this year because of the many motorists who will be using the State's highways enroute to the world's fairs.

This is a plea for cooperation by everybody who travels in this State, urged by the New Jersey Public Utility Information Committee. Please do not throw lighted cigars or cigarettes from your car. Please see that all camp fires are extinguished and covered with wet earth. By being careful you will perhaps save valuable wooded areas and somebody's home from destruction.

CAR OWNERSHIP SHOWS INCREASE

1,042,746 Machines Registered in New Jersey Last Year: 777,289 in 1928

Automobile ownership in New Jersey has increased 35 per cent in the past ten years, according to Motor Vehicle Commissioner Arthur W. Magee who said today that 1,042,746 cars were registered with his Department at the close of the 1938 license year. Ten years ago, at the peak of the so-called prosperity era, New Jersey had 773,289 cars registered.

The State today has twice as many automobiles as Soviet Russia, the latest figure for which was slightly over a half-million. Fourteen States and the District of Columbia have fewer motor vehicles than one county in New Jersey—Essex where 209,592 cars are registered. These States include Maine, North Dakota, Montana, North Dakota, Rhode Island, Idaho, Arizona, New Hampshire, New Mexico, Vermont, Utah, Wyoming, Delaware and Nevada. Even Brazil, Denmark, Sweden and Spain do not approach Essex in the matter of cars.

TREASURES UNDER BOND
Treasure from all part of the world has arrived at the Port of New York duty free. All of it, from diamonds to wool, is to be shown at the New York World's Fair. The imports, entered under bond, must all be returned to the country of origin.

ADVICE TO DRIVERS

Motorists bound for the New York World's Fair 1939 will find New York easy to reach and pass through. Seven major bridges, two tunnels and dozens of ferries will serve Fair-bound drivers. Information booths will be established at all approaches to the city. On the Fair grounds parking facilities will be provided for 50,000 cars.

Not Forgotten

The uniforms were the same, the drilling and music were both good, but there was a difference this year in the Post Frederick M. Rodgers drum and bugle corps that perhaps many did not realize.

Memorial Day just past marked the first time in many years that the veteran personnel of the corps did not participate, their places being taken by a group of young men from this section who will, in the future, comprise the roster of this musical organization.

Although their places have been taken by new faces, there are few local residents who will ever forget the splendid performance of the men who brought country-wide honors to these communities by their musical and marching ability.

Their presence was the highlight of many a parade, exhibition and competition, but now they have laid aside their bugles and drums for the younger generation to carry on.

We salute the veterans who have performed so notably and extend best wishes to the new members.

They have a fine heritage to follow and with the guidance of the older members we have no doubt that the reputation of the corps is in good hands.

Thirty Per Cent

Assembly Bill A-14, now before the New Jersey Legislature, is intended to reduce the interest rates on small personal loans from two and one-half per cent to one and one-half per cent per month on the unpaid balance.

If passed, the measure will reduce the annual rate of interest charged by "loan sharks" from 30 to 18 per cent.

The present figure is all out of reason and it is almost unthinkable that the exorbitant rate has been allowed this long.

The reason given by the loan company operators for the high interest is that they contend high losses exist from bad debts. In contradiction to this, the annual report of the commissioner of banking states that losses from bad debts amount to only one and six-tenths per cent.

The New Jersey Republican contends that these interest rates are out of step with present economic conditions. It points to the fact that one small operator has for more than 30 years successfully operated at the proposed rate of one and one-half per cent per month, making 7,500 loans in one year, totaling \$1,500,000 with yearly operating costs of only six and one-tenth per cent. A very handsome profit indeed.

If banks are able to get along by charging an interest rate of six per cent, can there be any logical reason why the loan companies should be allowed to charge five times that much?

Even if the proposed reduction is passed, the loan charges of these companies will still be three times as large as the interest rates of most banks. It would seem as though this were ample.

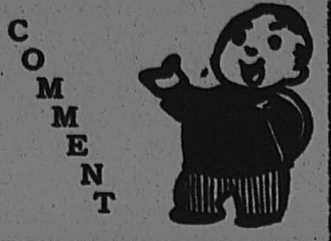

What Other Editors Say

The Treasury closed 11 months of the fiscal year May 31 with a \$3,240,467,092 deficit. This was about \$800,000,000,000 less than the \$4,072,000,000 estimated by the budget for the full 12-month period.

If the saving is somewhere near as much at the END of the year it will be REAL news.

Some folks think the President will seek a nomination again. But whoever heard of Santa Claus having to ask for a third term?

You will get the real low down on the European situation if Hitler and Mussolini get into a row with one another and start telling all they know.

The sailing races at the Riverton Yacht Club are most interesting to watch, but motorists should bear in mind that parking is prohibited on Bank avenue. There has been much congestion, of late, because of the failure of many drivers to heed this regulation.

For the repairs to the pavement on Main street we thank you, Mr. Jones. The request for such work as published in last week's New Era certainly got results—in fact the job was finished almost before the paper was distributed.

Residents who buy "fertilizer" from itinerant peddlers usually get little of value for their money, but many are stuck every year.

With a fireworks ban in both New Jersey and Pennsylvania Fourth of July should be a quiet one this year since enthusiasts will have to travel far in order to procure noisemakers.

The efficiency of the navy rescue operations in the Squalus affair became all the more noteworthy when the Thetis incident is considered. Practically everything favored saving the British crew as compared with these in the U. S. sub.

The navy has learned much concerning rescue operations since the sinking of the S-4 and the knowledge has proved to be most valuable.

It is much to be regretted that the British were not so well prepared, if such proves to be the case.

WILL GRADUATE FROM EARLHAM

Gilbert Robertson Coe, son of Mr. and Mrs. Gilbert A. Coe, of 705 Thomas avenue, Riverton, will participate in the 92nd annual commencement program at Earlham College Monday, June 12. Coe is a graduate of Moorestown Friends School. His major college work has been in economics and business administration.

Eighty seniors at Earlham will be candidates for the bachelor of arts degree which will be awarded by Dr. William C. Dennis, president of Earlham following the commencement address which will be delivered by the Honorable Herbert C. Hoover, thirty-first president of the United States.

Nominees for the two vacancies on the college board of trustees include Chester L. Reagan, headmaster of Moorestown Friends School at Moorestown.

ABOUT THE COUNTY

Rev. Robert Driscoll, curate at the Church of Our Lady of Good Counsel, was drowned in Rancocas creek near Mt. Holly last week.

The Mt. Holly post office did \$40,000 worth of business during the fiscal year that ended recently. This represented an increase of \$3,000 over the previous year.

The Burlington County Hospital received a bequest of \$5,000, according to the terms of the will of the late Irving A. Collins.

A recent ruling passed in Moorestown provides that no alcoholic beverages will be allowed in Strawberry Park.

Iceland is an independent country united to Denmark only by the sovereignty of a common king.

FOUR DEATHS

Four are dead as the result of automobile mishaps in Burlington county during the past 10 days. One, a Burlington youth, was killed in a collision with a 10-ton truck on Route 25; another, an 11-year-old Cookstown boy, was killed by a car driven by a volunteer fireman rushing to a blaze, and the third was a 16-month-old baby killed in a crash near the Medford state highway circle.

The fourth died as the result of a collision with a telephone pole on St. Michael drive, near Riverside.

The dead are:
 Mrs. Beatrice Wentworth, 55, of Rye, N. Y.

Thomas P. Stansfield, 29, of 356 Barclay street, Burlington.

Albert Smith, 11, of Cookstown.

Howard Torgerson, 16 months, of 5621 Flowerdale street, Cleveland, Ohio.

AT CONVENTION

Delegates from Burlington county at the recent convention of the New Jersey Medical Society at Atlantic City were Dr. E. J. Haines, of Medford; Dr. A. B. Peacock, of Columbus; Dr. H. P. Shipp, of Delanco; and Dr. S. Emlen Stokes, of Moorestown.

THINGS TO WATCH FOR

A not far distant day when hotels and other public centers will have a mailomat. This new machine automatically prints a metered stamp on letters in it upon deposit of the necessary coins, and then holds them for postal collection. . . air-conditioning for Ringling Bros.-Barnum and Bailey circus. . . a new process for coating tobacco with wax to destroy harshness and preserve aroma. . . Father's Day, June 18. . . a crayon which will write indelibly on either hot or cold metals. . . sale of a new midget automobile through department stores, thus reverting to a practice once tried during the motor industry's infancy.

Country Club Notes

Flag Tournament

The winners in the Flag Tournament held at the club recently were as follows: C. M. Phillips, first; P. M. Scott, second and J. E. Lippincott, third.

Thirty-six members participated in the Merchandise Tournament held last Saturday. The first prize winners and the awards were as follows:

J. S. Fair, radio.
 W. L. Hemphill, golf balls.
 R. E. Moore, watch.
 Dr. J. R. Siddall, 5 gal. paint.
 J. G. Vilack, cigars.
 J. F. Jamison, rope and twine assortment.

Robert Conroy, spark plugs.
 Dr. E. A. Meyer, oil.
 Rev. H. W. Colwell, first aid kit.
 Raymond Eastwood, Whiz products.

Several local members will act as course guides at the National Open to be held this week on the Spring Mill Course of the Philadelphia Country Club. A number of other members plan to attend the affair.

Thirty leading golfers participated in the 36-hole qualifying round for the Philadelphia Amateur Championship, the affair being held here on Sunday of this week. None of the local club members succeeded in qualifying. Bob Conroy leading the Riverton contingent with 82-77 for 159, one stroke in arrears of the necessary figure.

Other local participants were R. H. Morgan, W. L. Hemphill, Dr. E. A. Meyer, W. S. De LaCour and Warren Shelly.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
 Extension Service, N. J. College of Agriculture

Although the gardening season has scarcely reached its height, it is already time to prepare for blooms to come in autumn and even next spring. This means devoting a little time soon to pinching back and pruning.

If chrysanthemums have been divided early, now is the time to start pinching the tops off in order to keep the plants from becoming too tall. Even older clumps produce more handsome flowers if thinned out. Do not hesitate to do this rather severely, for it will make for bushier clumps next fall. The thinning process may have to be repeated later.

Pruning

Another chore for this time of the year is to prune the spring-blooming shrubs. This applies to forsythias, all the early blooming spires and even lilacs. These should not be cut back too severely for it may be too much of a shock when they are in full growth, but a good thinning out and pinching back of the young growth will shape the plants and encourage more flower buds for next spring.

Another chore for early June is to watch for the appearance of aphids, for they are becoming quite prevalent at the present time. Clean them up now before the population becomes strong by using either a rotenone spray or dust, nicotine sulphate or a pyrethrum spray. Any of these is good and will kill the aphids provided the plants are covered thoroughly. Don't wait until the leaves of a plant start to curl before spraying.

Fertilizer

If some of the garden plants are not growing as thriftily as they

WINS LETTER

Richard D. Barclay, of 205 Lippincott avenue, Riverton, a junior at Middlebury College, Middlebury, Vermont, has been awarded his letter for work on the track team this spring. He was one of 16 men selected to receive the award.

Barclay, a graduate of the Moorestown high school, has been active in the Middlebury Mountain club during his three years at Middlebury. He was a member of the governing board of the organization and has been elected co-chairman of the membership and equipment for the coming year. Last year he won his letter in winter sports. He served on the committee for the "Soph Hop," annual Thanksgiving eve formal sponsored by second year men and women.

SURVEY FOR FLAGS

In order to correct the condition which existed last year when there were insufficient flags for the children in Riverton's Fourth of July parade it has been decided to conduct a survey of all children in Riverton who expect to participate.

A member of the committee will call at each home during the period June 15 to 18 and a flag ticket will be given each child under 12 who will be here July 4. A flag will not be given unless a ticket is presented on that day.

Should no one be at home when calls are made, parents may make flag reservations by getting in touch with Lloyd Major, Richard M. Woodward or G. Lincoln Riley.

should, they may need a little encouragement with a quickly soluble fertilizer. Practically all seedsmen sell lawn or shrub fertilizers that are quite soluble. This treatment might also benefit the border, but don't make the application too heavy. A light one, repeated once or twice during the season, will give better results.

Dahlias, especially, should not receive too much fertilizer, for it tends to make lush top growth which will then harden and the plants will not bloom so well in the fall as they might. It is better to have them make their rapid growth in August. If the soil is rather poor, an application to start them growing would not be out of place, but be moderate. Although there is no great danger of over-feeding, it can be done, particularly when a chemical fertilizer is used. Manure is hard to get and good fertilizer will take its place if used intelligently.

DANCE FOR HIGH SCHOOL SENIORS

The Palmyra High School Alumni Association, at a meeting held last week, tentatively decided to hold a dance, probably at the Porch Club, in honor of the school's graduating seniors and alumni members. The date decided on is Saturday evening, June 17, and the affair will give the new graduates a chance to get together once again as a group, with the compliments of the Alumni Association. Definite arrangements will be announced later.

Also under discussion was the matter of presenting the Alumni awards at the graduation exercises of the high school. Last year the association instituted for the first time the idea of presenting cups for permanent possession of their winners, instead of using the same cup each year. This year the same plan will be carried out, and three cups will be presented. One will go to the outstanding girl athlete, one to the outstanding boy athlete, and the other to the boy or girl with the highest scholastic standing. In addition, the names of the athletic cup winners will be engraved on the plaque that was presented by the association last year to the school, for its permanent possession.

GRADUATE FROM GEORGE SCHOOL
 Included among those to be graduated from George School on June 12 are Jane Blair, daughter of Mr. and Mrs. Frederick Blair, Robert C. Stover, son of Mr. and Mrs. Evan W. Stover, and David W. Robbins, son of Mr. and Mrs. Lindley C. Robbins, all of Riverton.

CONVENTION SPEAKER

Dr. Harry L. Rogers, of Riverton, was one of the speakers at the 173rd annual convention of the Medical Society of New Jersey, held at Haddon Hall Hotel in Atlantic City on Tuesday. His subject was "Is Respiratory Infection an Etiological Factor in Bronchial Asthma?"

BURLINGTON COUNTY ORPHANS' COURT

In the matter of the Estate of Laura B. Davis, deceased.

"Y" Day at Fair

Tuesday, June 6, was Y.M.C.A. day at the New York World's Fair. Ninety-five years before, June 6, 1844, the first Y.M.C.A. was organized in London, England, by George Williams. There were twelve young men in the group.

Y.M.C.A. people from all over the world were present to witness and participate in the program which featured such persons as Hon. Frank Murphy, attorney general of the United States, Stanley High, famed commentator on contemporary affairs and Tracy Strong, general secretary of the World's Alliance of the Y.M.C.A.

Burlington county had five young men in the group of a thousand Hi-Y members who participated in the world famous Hi-Y ritual "The Fire of Friendship." They were Floyd Atkinson, David Hough, Raymond Schill, Ernest Senior and William Ulrich, all members of the Lincoln Hi-Y Club, led by Clifford Loane, of the Palmyra-Riverton Y.M.C.A. Secretary Bud Reeder, of the County Y.M.C.A. staff, accompanied the boys. They left early Tuesday morning.

The ceremonies were carried over a coast-to-coast network of the Mutual Broadcasting System, and by short wave to Europe, Africa, Asia and Australia. Simultaneously with the ritual at the World's Fair, "Fires of Friendship" were held by Hi-Y clubs all over the world.

Mr. Reeder has asked county participants in this event to write an account of this Y.M.C.A. birthday celebration which will become a part of the historical data of our County Y.M.C.A., which was organized in 1905, and on June 17 will celebrate its 34th birthday.

OBITUARIES

SAMUEL S. EDWARDS

Samuel S. Edwards, of 417 Cinnaminson avenue, died suddenly on Monday, June 5. He was the husband of Viola A. Edwards. Funeral services will be held on Friday at 2 p.m. from the Snover Funeral Home, the Rev. William A. Boyd officiating. Interment will be made in Northwood Cemetery. Friends may call on Thursday from 7 to 9 p.m.

The deceased is survived by two sons and his wife. He entered the printing business at an early age and was in the employ of the Philadelphia Record for 46 years, rising to the position of foreman of the composing room.

MRS. ALICE C. WEIGEL

Mrs. Alice C. Weigel, of 714 Main street, Riverton, died suddenly of a heart attack on Monday evening.

Mrs. Weigel celebrated her 83rd birthday on Saturday, May 27, with a family reunion. She has been a local resident for the past 33 years. Private funeral services will be held today (Thursday), with interment in Odd Fellows Cemetery, Burlington, under the direction of Frank A. Snover, the Rev. William A. Boyd officiating.

The deceased is survived by three daughters, Mrs. Anna W. Dodge, Mrs. Sadie W. Perkins, of Riverton, and Mrs. George D. Ziegler, of New Brunswick, two sons, Philip A. Weigel and George H. Weigel, of Riverton, and two grandchildren, Alys E. Ziegler and Philip Weigel, Jr.

Finland's exhibit at the New York World's Fair has been named "A Symphony in Wood," depicting the "Land of Forests." The keynote is a suspended wall of three overlapping, wavy, curtains of wood, suggesting the flaming Aurora Borealis.

Prof. J. Fred Rippy of the University of Chicago is having trouble grading the paper of a certain freshman in his political science class. In a reply to a question on the machinery for amending the Constitution this student replied: "The American Constitution is amended by a process called the depression." Mr. Rippy doesn't know whether to make this zero or 100.—St. Louis Post-Dispatch.

Um-m! These New Canapes Taste Good!

TASTY little appetizers served with cocktails of cold fruit juice before dinner add a zest to the party and are a delightful food introduction to a meal. Here are directions for a number of broiled hors d'oeuvres. Prepare them ahead of time and, just before time to serve, put the appetizers in the fast-heating gas oven. The new ovens require no preheating and your appetizers will be done within five minutes.

Toasted appetizers, made with cheese or anchovy bits, may be prepared on the electric grill as pictured.

Breaded Carrots
1 bunch carrots 1 cup buttered (parboiled) bread crumbs
Quarter the carrots (parsnips may be used) and dip in the buttered bread crumbs. Place around frankfurters. Broil slowly, turn over to brown on both sides.stuffed Onions
6 large onions Melted butter (parboiled) 1 No. 1 can peas
Place onions on broiler pan after removing centers. Spread with melted butter. Broil until a golden brown. Remove and fill centers with hot peas.

BROILED APPETIZERS

1. Cream Cheese Fingers — Cream cheese mixed with chopped olives made into finger lengths, rolled in Chinese noodles and broiled.

2. Toast Twists — Cut fresh bread into one-half inch wide strips and tie into loose knot. Brush with melted butter, sprinkle with grated cheese and broil.

3. Peanut Toast — On squares of toasted bread spread peanut butter. Place on top of each a small strip of bacon. Broil.

4. Anchovy Bits — Roll biscuit dough thin. Spread sparingly with anchovy paste and sprinkle with grated cheese. Roll like a jelly roll. Chill in refrigerator and slice thin. Broil these very slowly.

Broiled Frankfurter
6 large frank- 4 dill pickles
furters ¼ lb. bacon.
6 tsp. mustard cut in strips
Parboil the frankfurters. Split andPepper Rings
2 tomatoes Melted butter
1 green pepper Small bunch parsley
Cut tomatoes in half. Place a ring of pepper on each piece. Brush with melted butter. After broiling place a sprig of parsley within the pepper rings.Pineapple Meringue
1 egg white 1 can sliced
f. g. salt pineapple
2 tsp. sugar 1 can coconut
Beat egg white and salt until stiff. Add the sugar. Place on top of drained slices of pineapple and cover with coconut. Broil in the lower part of the broiler until a delicate brown.MOTOR MEMOIRS

CHRISTIAN SCIENCE CHURCH

"God the Preserver of Man" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, June 11.

The Golden Text is: "Thy righteousness is like the great mountains; thy judgments are a great deep: O Lord, thou preservest man and beast." (Psalms 36:6).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him. There is no fear in love; but perfect love casteth out fear." (1 John 4:16, 18).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Stand porter at the door of thought. Admitting only such conclusions as you wish realized in bodily results, you will control yourself harmoniously. Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man" (pp. 392, 393).

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services Sunday, June 11. Bible school, 10 a.m.—Vacation season will soon be here. With it, it brings visitors. Those without church affiliations will find "Central Baptist" a very cordial school where they may receive that spiritual guidance and help, and make them feel that it was good to have been there.

Morning Worship, 11:15 a.m.—Children's Day will be observed in "Central Baptist" this Sunday. The Pastor has selected an appropriate text—"A Child in the Midst of Them." Selected anthem by the choir.

Baccalaureate Service, 2:30 p.m.—The annual baccalaureate services will be held in "Central Baptist" this year. Pastor Lockett will occupy the pulpit. The choir, under the direction of J. Russell Jermon will render the anthem of the service.

Due to the fullness of the program of the day, the B.Y.P.U. will not convene this Sunday. Children's Day Exercises, 7:30 p.m.—A children's program, in keeping with the day, will be held in the Sunday School room. Due to the fact that the children are participating the service will start and end promptly.

TRENTON DISTRICT EPWORTH LEAGUE

The June Rally of the Southern Group of the Trenton District Epworth League will be held Saturday, June 10th, at Indian Mills. Recreational program will start at 4 p.m. and supper will be served by the Ladies of the church. Supper reservations should be sent to Orville Wright, Vincentown, R. F. D. No. 2. At the evening service at 7:30 p.m. the speaker will be Rev. Walter T. Nickless, pastor of the Highstown Methodist Church.

On June 24 at Orley Beach, a Pennington Institute Reunion will be held for all leaguers who have been to Institute or who are interested in attending this year.

An all district picnic for both northern and southern groups of Trenton district will be held at Bowman's Hill on Saturday, July 15, starting at 4 p.m.

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist

Thomas Ave. and Seventh St. Riverton, N. J. Sunday School, 11 a.m. Sunday Services, 11 a.m. Wednesday, 8:00 p.m. Reading Room in Church Building Thomas Ave. and Seventh St., Riverton, open Tuesday and Friday, 2:30 to 4:30.

WESTFIELD FRIENDS MEETING

Burlington Pike Sunday Morning 10 o'clock. First Day School. 11 o'clock. Meeting for worship.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor

Sunday is the First Sunday after Trinity. Trinity is the longest season of the church year, taking almost half of the year. It is a period of doctrinal foundation and Christian instruction. The latter half of the church year has sometimes been called the festival-less half, in contrast with the first half, which contains all the great festivals. This season, however, is not without its important festivals.

Following a recent American custom Sunday has been set aside by many Protestant churches as children's Day. It will be observed as such at Bethany Church. There will be special exercises in the Sunday School at 10:00 a.m. to which parents and others are cordially invited. The school will then proceed to the church for the chief service, 11:00 a.m. The pastor, the Rev. Oliver W. Powers, will preach a special sermon for the young entitled "The Child of God." The Sacrament of Baptism will be administered to infants. Special music for the service will include Rockwell's anthem for children "That Sweet Story of Old." Mr. Lee Mitton is the choir director.

METHODIST CHURCH

Rev. William A. Boyd, Pastor

Children's Day

There will be a joint session of the Bible School and Church this Sunday morning beginning at 10:30 o'clock. The program will consist of special numbers by the various departments of the school, the school orchestra, the Friendly Choir and the senior choir. The Sacrament of Baptism will be administered by the minister. The sermon will be delivered by Rev. Boyd.

In the evening at 7:45 Mr. Boyd will preach the last sermon in the series "For Better or For Worse." The subject of this final sermon is "Divorce." This will be the last Sunday evening service in our church for the summer. We will unite in a community service with the churches of our community in the Summer Grove Service, beginning next Sunday evening, June 18. Every person in this community should hear Dr. Clee in the high school, this Friday evening at 8:15. Dr. Clee is against the Gambling Bill to be voted on by the people of the state, June 20. Come to the school and hear this leader of the moral forces of our state.

The Bible class taught by Mr. Griscom is having its annual outing at Taunton Lakes, this Saturday afternoon. The men are to meet at the Palmyra railroad station at 2 o'clock, where transportation is to be provided for all the men expecting to go. Let's all go and have a good time.

The Church School Board will have the last board meeting of the season Monday evening June 19, at 6:30. This will be a supper conference and all officers and teachers are expected to be present.

SUNDAY EVENING SERVICES IN THE GROVE

The Sunday evening union services in The Grove, Palmyra, will begin on June 18. They are scheduled to start at 7 o'clock and the duration will be one hour.

The speakers will be as follows: June 18—Rev. Albert J. Harke. June 25—Rev. W. A. Boyd. July 2—Rev. George Lockett. July 9—Rev. Oliver W. Powers. July 16—Rev. W. A. Boyd. July 23—Rev. Albert J. Harke. July 30—Rev. W. A. Boyd. August 6—Rev. George Lockett. August 13—Rev. George Lockett. August 20—Rev. Albert J. Harke. August 27—Rev. Oliver W. Powers.

September 3—Rev. Oliver W. Powers.

Wesleyan Men's Bible Class

For the Men of the Community

The Christian Church for years has been singing "O for a thousand tongues to sing my great Redeemer's praise." This mighty chorus still rings throughout the world. The number of redeemed songsters is vastly out-numbered.

The Bible is now the "Book of a Thousand Tongues." It is translated in a thousand different languages and dialects and is world-wide in its distribution and read by all races in their own languages.

This is a marvelous conquest of the sacred word in its civil, moral and religious teaching and influence. No such book is comparable to it. To this wondrous host of Bible readers our Bible Class belongs and

joins in its joys of comfort, instruction and inspiration. Come with us next Sunday at 9:50 and open the pages and read out of the "Book of a Thousand Tongues."

The subject that Mr. Poinsett will use is "Privilege and Responsibility," Joshua 7: 16-26.

Boswell's "Life of Johnson" is generally conceded to be the greatest of all biographies.

Badminton was first played in England in 1673. It was played earlier in India.

Londoners use more than 36 gallons of water per head of the population every day.

Water immediately surrounding an iceberg is warmer than that a considerable distance away.

Air Conditioned . . .

In addition to the many other facilities offered by the Snover Funeral Home, complete air conditioning in all parlors makes services here appreciated by all who attend.

The use of these modern facilities in our funeral home adds nothing to the cost of our service.

Mitchell, Joseph Edward Moorhouse, Thelma Janice Pippitt, Mavis Leady Key, William Rodney Sims, Ann Unland, William Henry Waters, "Dorothy Lee Watson, Evelyn Janet Webb, Laura Mae Yerkes, Marilyn Louise Yost.

Honorable mention for citizenship throughout the year.

Sacred Heart

The eighth annual graduation exercises of the Sacred Heart school will be held on Tuesday, June 13,

SPECIAL ELECTION

The New Jersey state officials who are in charge of the arrangements for the coming special election concerning the constitutional amendment legalizing pari-mutuel horse race betting in New Jersey have seen fit to send official information regarding the affair to only a chosen few of the newspapers in the state. The New Era being one of the many not included.

The following information regarding the election is, therefore, not official, but is believed to be accurate.

Date—Tuesday, June 20.

Polls open—1 p.m. to 9 p.m. D.S.T.

Polling places—In each location that is used for the primary and general elections.

The only question on the ballot is whether or not the amendment should be adopted and space is provided for a "yes" or "no" vote.

All citizens in this section are urged to go to the polls on June 20 to register their opinion on the question. The matter is one that concerns EVERY citizen.

Disregard of the oft-repeated admonition to "walk facing traffic" is responsible for many avoidable highway tragedies, the Keystone Automobile Club asserts, in a bulletin urging motorists to cooperate with motorists for their own safety.

"At this time of year," said Trevor B. Mathews, manager of the Camden division of the club, "pedestrian highway casualties at night usually show a marked increase. This is accounted for by the fact that highway use—both pedestrian and vehicular—surges upward in spring and summer."

"Pedestrians have it well within their power to avoid accident on the highway by taking the simple precaution of facing, instead of walking with their backs to traffic. Every driver knows, and every

at 8 o'clock in the Sacred Heart Church, corner of Linden avenue and Fourth street, Riverton. The guest speaker for this occasion will be the Right Reverend Thomas U. Reilly, Vicar General of the Diocese of Trenton. The Reverend John F. Welsh will confer diplomas and graduation honors. These exercises will close with benediction of the Most Blessed Sacrament.

All are invited to attend. A special invitation is accorded to all former graduates of the school.

Beware of Wood Ticks

Warm weather and abundant growth of vegetation have ushered in another season of activity for the wood tick, popularly known as the dog tick, according to the State Department of Health. Like its first cousin the Rocky Mountain wood tick, our common dog tick is regarded as playing a chief part in the spread of Rocky Mountain Spotted Fever. It is a new problem for New Jersey health authorities.

Fourteen deaths and 29 cases in New Jersey's record for Rocky Mountain Spotted Fever in the last four years. Confined for fifty years to the Rocky Mountain states, the disease recently has cropped out in the Middle Atlantic states. Federal authorities, particularly Dr. R. E. Dyer of the U. S. Public Health Service, are studying the disease, in conjunction with the Federal Bureau's Division of Infectious Diseases.

Tick-borne, spotted fever is distinctly a disease of rural areas. In the spring the ticks begin to appear in rapidly increasing numbers. According to Dr. J. Lynn Mahaffey, State Health Director, the ticks attack larger wild or domestic animals and man as a last choice.

Found on Plants

Ticks are found not only on animals but on plants also, usually those that grow from a few inches to feet above the ground. When persons walk through the undergrowth and brush in the woods these pests attach themselves to the skin and begin to engorge. The diseases for which ticks are responsible are all contracted in the same way, that is, as a result of the bite of the infected insect, or of the accidental crushing of it and the resulting absorption of infectious material through a break or a scratch in one's skin, or by getting the material on the hand and unconsciously rubbing it into the eyes, nose or mouth.

Fortunately, few of these insects in New Jersey are infected. It has been learned there is slight possibility of human infection unless the tick has been attached to the human body for several hours. However, it is better to regard all ticks as potentially dangerous, disease-bearing, gangster insects, and act accordingly.

To Avoid Disease
To avoid disease transmitted by

All main highways leading to the New York World's Fair have been studded with markers. Of standard two-foot size and simple design, these consist of an orange periscope and taylor with all blue border. Left and right turns are indicated by blue "L" or "R" in the middle of the periscope.

COLLEGE GRADUATE

Miss Elaine Sheble, daughter of Mr. and Mrs. Harold N. Sheble, graduated on Monday, June 5th, at the 136th commencement of Bradford Junior College, Bradford, Mass.

The Chinese word for spinach is "putai," meaning "the vegetable from Persia."

pedestrian should learn, that it is difficult to see walkers on the roadway under average night conditions. Headlights which light up the highway so far as the pedestrian is concerned may be 'blinding' the drivers of approaching cars, with the result that the walkers close by are in imminent peril.

"The walker who is facing traffic can avoid danger under such conditions by the simple expedient of stepping off the roadway. The walker with his back to approaching headlights literally sees his life that the motorist will see him in time to avoid running him down."

"Considering the multiple difficulties of car operation under conditions now existing at night, we feel pedestrian co-operation is of the greatest importance."

DRESSED TO ORDER
J. M. HUDGINS, JR.
Riverton 641 Free Delivery

this insect, the following suggestions may be helpful:

Undergrowth and brush around houses, camps and frequently used walks should be cleared away; close-fitting trousers tucked into high-laced boots should be worn when hiking or camping; dogs should be examined frequently so that any tick may be removed, preferably by forceps or with gloves; inspection of the clothing, bodies and head of those who have been exposed to ticks should be made at least twice a day, especially before retiring.

Ticks lie close to or in the skin and are sometimes not readily felt. Children who have been in woods or exposed to ticks should likewise be carefully examined each night.

Statistics of the State Department of Health show eight deaths from spotted fever last year; two in 1937; three in 1936 and one in 1935. There were sixteen cases last year; eight in 1937; four in 1936 and one in 1935.

Municipal Topics

New Jersey's State and Local Debt

One of the major items on both local and state budgets in New Jersey is the amount expended to meet interest and principal payments on the bonded debt. Millions of dollars annually are spent in interest payments alone.

In the fiscal year ending January 30, 1938, for example, the State of New Jersey paid out more than \$7,600,000 for interest and premium payments and in addition paid more than \$11,000,000 to retire state bonds. The combined total of these amounts to more than 10½ per cent of all state disbursements in 1938.

An inspection of local budgets reveals a similar situation. In many communities interest payments alone exceed the cost of running an entire department such as public safety, public works or public affairs.

High

Compared to other states, New Jersey's bonded indebtedness is especially high. Figures supplied by the Tax Policy League show that in 1937 New Jersey's per capita state and local debt, \$200 for every man, woman and child in the State, was third highest in the nation, exceeded only by those of Florida and New York. These figures show the state debt as more than \$95,000,000 and the local estimated debt as more than \$770,000,000. These estimates include bond or other long-term evidences of indebtedness, less sinking fund reserves, as well as bond anticipation notes, but exclude self-supporting debt, temporary borrowing in anticipation of taxes, and current warrants.

Public debts develop and grow in somewhat the same way debts of individuals grow. Every housewife knows the ease with which she can become overwhelmed with household debts. She knows that when she lacks ready cash to buy the many appealing conveniences of the modern home, it is tempting to buy them anyway and pay for them later. If she yields too readily and too often to the impulse to go into debt, the debt payments may take so great a part of her income that she must deprive her family of necessities to meet them.

Tempted to Spend

Public officials, too, are under constant temptation to spend more public money than current tax revenues. New buildings, new highways, new parks and recreational centers and other costly projects invariably call for bond issues to finance them. Sometimes, as a matter of fact, authorities have resorted to bond issues even for current expenditures such as unemployment relief. Thus the total debt load and the cost of carrying it reaches staggering heights.

Whether the government or an individual goes too heavily into debt, the results are similarly harassing. The housewife cannot, of course, arbitrarily increase her income. But the government's position is different. When excessive bond issuance brings high debt service costs, the taxing authorities can and do increase the taxes. Thus the taxpayer must pay heavily the cost of immoderate borrowing.

To eliminate the costliness and oppression of excessive indebtedness, governmental units must practice the same sound principles of economy and restraint that a thrifty housewife would employ to reduce her household debts. Further borrowing must be curtailed to the absolute minimum and operating costs must be scaled down wherever possible. Non-essential services and jobs must be abolished, and capital expenditures must be kept within reasonable bounds.

The pay-as-you-go policy for both state and local governments, long advocated by the New Jersey Taxpayers Association, is a definite approach toward economy and relief of the taxpayer. Followed strictly over a period of years it can bring extensive reductions in the cost of government.

Health Question: What are some means of controlling summer insect pests?

Doc Says:

Methods which can be used at home to keep down the number of insect pests are quite obvious, but the obvious things are often overlooked.

Flies are attracted to food refuse. Keep the refuse receptacle covered, empty it frequently, and disinfect the interior periodically. Keep the receptacle as far from the house as is conveniently possible.

Fly traps are an indispensable summer institutions for rural dwell-

ings. The Iowa State Department of Health once coined the following rhyme:

Kill a fly in spring.
You do a fine thing;
Kill a fly in May,
You keep thousands away;
Kill a fly in June,
Your results come not so soon;
Kill a fly in July,
You just kill a fly.

Putting fish in garden pools and keeping the pools free of excessive vegetation helps to keep down the mosquito population.

This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

DISPLAY DOGS' WORLD AT NEW YORK FAIR

Dogs will have their days at the New York World's Fair. In a section of the Children's World, there will be a large arena where a continuous performance of trained dogs will be staged. Sharp-witted tricksters will go through their paces, but the greater part of the show will be devoted to working dogs which guide the blind, guard flocks and retrieve game.

RIVERTON—PALMYRA, N. J., THURSDAY, JUNE 15, 1939

PRICE FIVE CENTS

DUMP NUISANCE IRKS RESIDENTS

Cinnaminson Street Citizens Complain About Fumes from Refuse

People from the 700 block of Cinnaminson street, Riverton, appeared before the Borough Council in that community on Thursday night of last week to complain about the dense smoke and malodorous fumes that arise from the dump in the rear of Memorial Park, stating that the present condition was a nuisance of great magnitude.

According to the statements made, the condition is caused by haulers who dump there and neglect to push the refuse over the bank. Instead of this, they set it on fire, where it smolders for days, much to the discontent of those who reside in the vicinity.

Mayor H. McIlvaine Biddle promised that prompt action would be taken and that the condition would be remedied as soon as possible.

On Peddling

Councilman Robert W. Knight brought up the matter of the flood of peddlers that have invaded the community and stated that something should be done to correct the situation, since housewives are constantly annoyed and frequently insulted by those who purvey their wares from house to house.

He suggested that a license fee be charged all those who desire to do business here. If such a step were taken, however, no discrimination could be made, according to law, between local and out-of-town dealers.

No definite action was taken and the matter was referred for further investigation.

Plaque at Park

Mr. Knight was authorized to have erected at Memorial Park a granite base on which a bronze plaque will be placed during Fourth of July. This plaque was obtained at the time the park was dedicated, but has reposed in the borough safe until now.

The marker will be placed near (continued on page 3)

Miss Woolston Killed In Crash

Local residents were saddened on Sunday to learn of the sudden and tragic death of Elizabeth K. Woolston, daughter of the late Clinton Woolston, who was killed early Sunday afternoon in a car accident near Lakewood. Also killed in the crash was a companion of Miss Woolston, Jane E. Patterson, 21, of Ardara, near Freehold, daughter of the clerk of the Howell township Board of Education.

The girls, members of the graduating class at Trenton State Teachers College, were on their way to attend baccalaureate services.

Audrey M. Steinhoff, 21, 53 Ravine avenue, Caldwell, and Clifford L. Graf, 25, 117 Abernathy drive, Trenton, also seniors at the college, were treated at Paul Kimball Hospital, Lakewood, for cuts and bruises.

Mrs. Martha B. Irving, of Harvard street, Lakewood, was taken to the hospital suffering from shock. She was driving the station wagon which collided at Monmouth avenue and Seventh street, with the coupe in which the four students were riding. Two passengers in Mrs. Irving's car were unhurt.

The car driven by Miss Woolston turned over and caught fire. The students were coming from Point Pleasant and were to have met their parents at Trenton. All were scheduled to graduate this week.

RESIGNS POST AS RECORDER

Frank Probsting, police recorder for the Borough of Riverton for the past several years tendered his resignation to the governing body in that community on Thursday night of last week, this to take effect on August 1, 1939.

The resignation was accepted with regret by council.

Mr. Probsting's term has one and one-half years to run and it is expected that his successor will be named at a later date. There have been two applicants for the post up to the present time.

LARGE NUMBER OF GRADUATES

One Hundred Ninety-Six to Receive Diplomas at Local High School

Palmyra high school will graduate the largest senior class in the history of the school on this (Thursday) evening in the high school auditorium. The theme of the graduation program will be "Youth in the World of Tomorrow," and the speakers are Walter Snover, Ethel Philie, Carolyn Bauer, Martha Bradway, William Ewald, and Marjorie Neece. The music on the program will be furnished by the high school orchestra, the senior girls' glee club, a senior mixed double quartette, a piano solo by Martha Martin, and a flute by Erich Seehafer.

Graduates

The following people were graduated:

Robert Armitstead, Charlotte Armstrong, Genevieve Austin, Charles Aydelotte, Leonard Baker, Ruth Baker, Margaret Barr, Carolyn Bauer, Anne Bennett, Grace Beyer, Ruth Black, Mary Bloomstrom, Emil Bohus, Robert Bottger, Elisabeth Bowers, Thomas Braddock, Martha Bradway, Dorothy Brown, James Brown, Leon Buividas, Scott Burger, Paul J. Burk, Arthur H. Burns, Phyllis Carson, Miriam Casini, Marie Cato, Cornelia Collar, Francis Cole, Eugene Conlow, Emilie Cook, Mildred Cook, Mildred Craig, Theodore Coulter, Mildred Crouthamel, Helen Cugliotta, Julia Czarazasta, Edith Davis, Joseph Davis, Harry Deemer, Charles DeLaney, Dorothy Denneler, Edward Dietz, Lawrence Duff.

*Dorothy Ely, Eleanor Ely, Mary Ely, Edward Erickson, Kay Eschenried, Natalie Evans, William Ewald.

Helen Fadowski, Charles Flournoy, *Elizabeth Faunce, Dorothy Floyd, Edward Fry, Charles Gamble, Marie Giampolo, Paul Gibbon, John Gordon, Frank Grassie.

QUESTIONED ON LEGAL STATUS

Procedure of Almshouse Shift Under Fire; Board Majority Satisfied

The question of the legality of the recent move made by the Burlington County Board of Freeholders in transferring the administration of the almshouse to the Burlington County Welfare Board was given a thorough airing last Friday afternoon in a lengthy discussion.

The matter was brought to the fore when Freeholder Leroy Church, prior to the session, requested an opinion on the move from the solicitor, Christopher N. Peditto.

Mr. Peditto's reply, a copy of which was sent to each board member, stated that, in his opinion, the change was not made correctly, since the proper interval necessary between presentation and passage was ignored.

Price Asks Questions

Freeholder Clarence G. Price, who was apparently well prepared on the matter then stated he had secured legal advice and then proceeded to question the solicitor regarding the question.

Price stated that he believed the law cited by Mr. Peditto applied only to the establishment of a welfare home and not to a mere change in name or transfer of jurisdiction. He stated that he was entirely satisfied that the move had been made according to law. Freeholders Adams and Jones concurred in this.

Mr. Peditto stated that his opinion had been rendered after careful deliberation and that he was unable to reverse his decision. He emphatically denied that he was motivated in any way by "politics," the much-banded-about expression (continued on page 11)

Legion Carnival

Post Frederick M. Rodgers, American Legion, of Palmyra and Riverton, will hold its annual carnival during the period June 19-24, on S-41, next to Williams Service Station.

As in years past, many novel features have been planned for this event and several evenings of fun are assured all those who attend.

The members of the post extend a cordial invitation to all local residents to pay the carnival a visit and thus assist the Legion in making the affair a success.

Don't forget the dates, Monday to Saturday evenings, June 19 to 24.

RE-ADVERTISE FOR PAINTING

At the meeting of the Riverton Board of Education held on Monday night of this week, two bids for painting the school building were received. After a lengthy discussion it was decided to reject both proposals and re-advertise the project under revised specifications. The new bids will be opened on Thursday, June 29. Details concerning the work are given in an advertisement that appears in this issue of The New Era.

Numerous bids on general supplies, janitor supplies and other materials were received and ordered referred to the supply committee for analysis and report at the June 29 meeting.

The application of twenty-six members of the graduating class to enter Palmyra High School next year was granted.

The board accepted with regret the resignation of Milton C. Hutt, manual training instructor. Mr. Hutt has accepted a position as a member of the faculty at Moores-town High School.

GIVE ICE CREAM AWAY EASILY

Two young ladies attractively clad in a blue and gold color scheme and driving a diminutive car appeared in Palmyra shortly before noon on Monday and immediately became the center of attraction.

They were distributing free samples of ice cream for one of the large distributors and, as can well be imagined, had little difficulty in disposing of their wares.

Their work was made much easier when the ranks of prospective "customers" were greatly augmented by pupils from the Spring Garden Street school.

All in all, it was a deal where every one went away completely satisfied.

COUNCIL REFUSES PEDITTO LICENSE

Mayor Ward Casts Deciding Vote Following Lengthy Debate in Palmyra

Mayor John F. Ward cast the deciding vote in denying a license to Placido Peditto, saloon proprietor at the corner of Broad and Market streets, Palmyra, at the regular meeting of the borough council held Tuesday night. His present license to do business expires June 30th. The council hall was filled with interested spectators and a discussion that lasted an hour was carried on between council, petitioners against granting the license, and Christopher Peditto, attorney, representing his father's interests.

Bad Conditions Cited

The main objection seemed to be that the saloon created an undesirable condition at an important street corner. Petitioners against the renewal of the license claimed that ladies were forced to wait for the bus in front of the saloon and were subjected to boisterous and indecent language. Parents of children in the immediate neighborhood were forced to close their windows until the early hours of the morning in order to get sleep. One mother of a high school girl claimed that none of her playmates were permitted to visit her home because they would have to pass in the neighborhood of the saloon.

Christopher Peditto speaking for his father stated that other street corners in West Palmyra were the favorite spots for loungers and that loud laughter and noise was not necessarily confined to the corner occupied by his father's saloon. He also stated that noise was very much in evidence all over West Palmyra, on many Saturday nights and especially after Joe Louis wins a fight.

A motion to delay the granting of the license offered by Mr. Mervine was defeated. A second motion was made to deny the license, the vote being as follows: Mervine, yes; Huyett, yes; Buchholz, no; and Mayor Ward (deciding vote) yes.

Licenses for another year were granted to Charles L. Hawke, Josiah E. Wallace, Thomas Shorten and Frank Busa.

Action on Car Tracks Councilman Huyettes announced (continued on page 9)

REALTORS MEET

The Burlington County Real Estate Board, in their last meeting until fall, convened on Tuesday night of this week at the home of Realtor Mrs. Estella Wilkins, of Riverside.

Thirty members of the board attended the buffet supper and participated in the games that followed. Those from this vicinity who were present included President and Mrs. Richard M. Woodward and George Y. Ginther.

Mr. Woodward, incidentally, is reported to have captured the major share of the prizes that were offered for the games.

SECRET SERVICE AGENT SPEAKER

George A. Almoney, of Newark, Talks to Rotarians on Counterfeiting

Illustrating his talk with facsimiles of five and ten dollar bills, both good and spurious, that measured two by four feet in size, together with an assortment of counterfeit money, George A. Almoney, Secret Service operative attached to the Newark office gave a most interesting and instructive lecture to members of the Palmyra-Riverton Rotary Club last Thursday evening on the subject of counterfeit money and its detection.

There was a large attendance of club members, only two being absent, together with a number of guests who included Mayor John F. Ward, of Palmyra; Chief of Police William Gootes, of Riverton; Chief George Dorworth, of Cinnaminson; Coroner John Swartz, Morris S. Decoursey, and Herbert Kemmerle, of the Cinnaminson Bank and Trust Company.

Introduces Speaker

President Clifton P. Mayfield introduced Mr. Mervil E. Haas, Riverton postmaster, through whose cooperation the speaker of the evening was secured. Mrs. Haas, in turn, presented Mr. Almoney. He prefaced his talk by remarking that counterfeiting was a very serious business and that he hoped his discussion would be helpful to those present, rather than entertaining.

Mr. Almoney said that most people get "stuck" with bad money because they don't really know how good money looks.

He urged all of his audience to spend a few hours in memorizing the various characteristics of bills of the smaller denominations, saying that this was the best way to detect bad ones, since the picture of real money would have been clearly impressed in the mind.

The speaker then proceeded to point out the various characteristics (continued on page 7)

Many Here For Rose Festival

The Rose Festival staged by Henry A. Dreer, Inc., at their Riverton garden last Saturday and Sunday was an unqualified success judging from the thousands of visitors who came here for the affair and stayed for hours inspecting the magnificent display of blooms that were at the height of their glory.

In the Cedar street garden there are over 5,000 rose plants, comprising 498 varieties and, since each plant was heavily laden with blooms, the riot of color can well be imagined.

The crowd started to arrive early Saturday afternoon and, while the shower temporarily curtailed inspection activities, the throng increased as soon as the rain stopped. The same situation existed on Sunday, with the last of the night-seers remaining well into the evening.

Riverton police handled the tremendous influx of cars with great facility and traffic to and from the park moved smoothly.

BASEBALL MOVIE

The Palmyra Artisans have arranged to show the famous movie "The Centennial of Baseball," in P. O. S. of A. hall, Palmyra, at 9 p.m. Tuesday, June 20.

Invitations are extended to all those interested to see this remarkable picture, particularly the members of the younger generation.

MAY POLE DANCE

Children of the Riverton Public School dancing around one of the two May poles at Memorial Park in connection with the Play Day program held last week. A section of the large audience that viewed the colorful program is shown in the accompanying illustration.

Many Hear Clee Denounce Betting

A large number of citizens from this section and other parts of South Jersey attended the mass meeting held in the Palmyra High School auditorium on Friday night of last week to hear Rev. Lester H. Clee speak in opposition to the proposed race track amendment which, if passed, will legalize pari-mutuel betting in New Jersey.

Rev. Clee, in his spirited address brought out the following salient points concerning the measure which will be voted on June 20: Pari-mutuel is the machine-way of gambling—the sure way for the promoter. The citizen loses. The promoter wins. The track promoter does not care who wins or loses in any single race or in an afternoon series of races. He takes his cut out of every bet that is placed.

Do you think that a few outside promoters who are hard-bitten and old hands at this gambling racket are going to invest millions in building race tracks without knowing that they have a sure thing? I repeat, they don't gamble. The machines win sure and high profits for them in the most vicious "skin-game" ever organized.

Weighted and Pound Wanting

Texas had the pari-mutuel system of gambling for several years until 1937 when a bill was introduced in the State Legislature repealing the law.

After three years of experience, the Legislature of Texas repealed the law and the governor signed the repeal.

On the 28th of March, 1938, Governor Wilbur L. Cross, one of the most able and honorable men in public office, was faced with a bill, introduced and passed by the Legislature of Connecticut to legalize betting in his state. He wrote his veto message in which he said: "The motive behind this bill is clearly not the improvement of the breed of horses for speed. Nor is it the promotion of horse racing as a sport. It appears to be primarily a mechanized gambling scheme on a large scale for exploiting all classes of people, the poor as well as the rich, for the benefit of the few, with the state as a partner..."

No Tax Reduction

No state has ever reduced taxes as a result of its pari-mutuel revenue. As a matter of fact, in all the 15 states in which pari-mutuel operates a total revenue of \$10,000,000 caters a total revenue of \$10,000,000 for a betting turnover of \$270,000,000. Advocates "promise" a \$2,000,000 revenue for New Jersey despite the fact that the state's percentage has not been fixed and the

DRAINAGE SITUATION

At the meeting of the Cinnaminson Township Committee held on Tuesday night of this week definite progress was reported on the drainage problem in East Riverton.

A survey of the situation has been made by the township engineer and recommendations made toward effecting a solution of the difficulty experienced by a number of residents in respect to flooded cellars and cesspools.

Liquor licenses were granted for one year to Hathaway Lodge, John Keating and the Fork Landing Beneficial Association.

The Pennsylvania Railroad will be requested to repair the crossing at Taylor's Lane, this being in a very poor condition.

PAINTING BIDS

Board of Education—Riverton, N. J. All bids submitted on June 12 having been rejected, and new specifications having been prepared, sealed proposals will be received by the Board for exterior and interior painting of the Riverton Public School—on Thursday evening, June 29, 1939, at 8 o'clock, daylight saving time.

Specifications for the painting can be seen or obtained from the District Clerk, William H. Bottger, 219 Linden Avenue, Riverton, N. J. The Board reserves the right to reject any or all bids, and to waive immaterial informalities.

WILLIAM A. BOTTGER, District Clerk.

ROTARIANS GO FISHING

The annual fishing trip of the Palmyra-Riverton Rotary Club took place last week with Robert G. Adams in charge of the arrangements.

Exceptional luck attended the expedition with 152 denizens of the deep falling victims to the skill of the anglers.

Joseph T. Evans won the cup for the most fish, while Maurice Joyce hauled in the largest, a 4½ pound croaker.

Others on the trip were George Friday, Jack Dawley, Bill Kraus, Earl Harder and H. B. Williams. No one suffered from mal de mer.

PALMYRA GRADE SCHOOL CLOSING EXERCISES

Palmyra Grade School closing exercises will be held in the High School Auditorium on Friday morning, June 16, 1939, at 9.15 o'clock. The public is cordially invited to attend. At this time all awards will be presented.

Mr. Leonard R. Baker, president of the Board of Education, will present the class with their promotion certificates.

MACHINE BADLY DAMAGED HERE

A Buick sedan, the property of John F. Hackett, of Riverton, was badly damaged in a crash Monday morning when the machine driven by Ray Johnson, of Riverside, an employee, hit two trees on the east side of Main street, Riverton, between Seventh and Harrison.

The driver sustained lacerations of the face and legs. There were no other occupants of the car and no other auto was involved. Johnson told Chief William Gootee that he lost control of the machine when he was seized by a sudden leg cramp.

He was arrested on the charge of careless driving and given a hearing before Recorder Frank Probsting on Monday evening. John pleaded guilty and was fined \$10 and costs.

The right front of the machine was a complete wreck with radiator grill and other parts bent and broken. The crash of the impact was audible for some distance and brought a considerable crowd of spectators to the scene.

BOY SCOUT NEWS

Boy Scout patrols from all parts of the Burlington county council will gather for the annual campfire at Strawbridge Park this Friday evening. Tents will be set up and overnight camping will be done until Saturday evening. R. H. Oll, Commissioner of the Council, stated that a program will be run during the entire period, which will include various contests. The scouts will compete against a point system, which will generally cover good house-keeping. They will be judged on the way their packs are made up, how they handle their food supplies and other equipment.

Summer Camp

Boy Scout of Burlington County will camp this year, at Camp Burton, the summer camp of the Monmouth County Council, Boy Scouts of America, according to an announcement made this morning by County Scout Executive George A. Darlington. Camp Burton was known in the old historical days as the "Deserted Village," and was one of the first iron foundries in New Jersey. It is located at Allaire, New Jersey.

The camp staff will include Jack Rockafellow, of Palmyra, as assistant counselor on nature lore.

DUMP NUISANCE IRKS RESIDENTS

(continued from page 1)

the flag pole and the Deere Company has kindly offered to donate shrubbery for decorative purposes.

The matter of purchasing a new police car was discussed at length and the matter was referred to the police committee, of which Earl Shrader is chairman.

Chief William Gootee was complimented by the mayor and the members of council upon his graduation from the South Jersey Police School.

Building Report

Daniel M. Clifton, building inspector, presented the following list of permits that have been issued during the past month:

702½ Main street, asbestos shingle siding, estimated cost \$425, owner Mrs. Brooks.

614 Lippincott avenue, asbestos shingle siding, owner Edson Carhart, estimated cost \$250.

Broad and Linden, service station, Burke & Easley proprietors, estimated cost \$5,600, Curtis E. Stavelly contractor.

The session adjourned until tomorrow (Friday) evening when bids will be opened for furnishing bituminous concrete and the installation of concrete curbs.

CLOSING EXERCISES AT CINNAMINSON

Closing exercises at Cinnaminson School were held on Tuesday night of this week with a large attendance.

The following program was presented: Invocation, Rev. A. J. Harke. Prologue, "Life of Stephen Foster," Katherine Dilka.

Opening chorus, "Come Where My Love Lies Dreaming." Play in four acts with ten scenes. Piano selections during intermission by Mary Horner.

Soft Shoe Dance, Katherine Gale and Ruby Kuensell.

Chorus, "Beautiful Dreamer." Intermission, music by Mary Horner.

Presentation of Certificates, Leslie W. Reeves.

Acceptance, Warren Jensen, class president.

Safety patrol awards, Mrs. Parker. Acceptance, Wayne Brewster, captain of patrol.

Chorus, "Farewell Song," eighth grade.

Benediction, Rev. A. J. Harke. Characters in Play

Stephen Foster, as a boy, Warren Choyce.

Stephen's mother, Mildred Leonard.

Olivia Pease, Loretta Taylor.

Minstrel Boys: Warren Jensen, Ted Menkevich, Wayne Brewster, Willis Harke, Sam Costa.

Old Black Joe, Alfred King. Jane McDonald, Jean Ferguson.

PALMYRA SCHOOL NOTES

Russell Stickel was elected president of Student Council for the 1939-1940 term. Other seniors elected to offices are as follows: Robert Yerkes, treasurer; William Mickle, secretary; Carl McDermott, chief monitor; Albert Brewster, judge of traffic court; Jack Dietz, freshman tribunal; Juniors elected to hold office are: Betty Kerns, vice president; Jack Rockafellow, assistant chief monitor. Other junior members of the council are William Burgess, Richard Joyce, and David Miller. The sophomore members are Lucille Bradley, Ruth Henry, Esther Messenger, and Bruce Read.

Helen Wilcox will head the Palmyran staff as editor-in-chief for the 1939-40 term. Alice Miller will be one of the associate editors and another will be named next term. Other positions on the staff are as follows: news editor, Beatrice Weiner; assistant news editor, Frances Cook; literary editor, Mary Jane DeCoursey; humor editor, Harold Bishop; assistant humor editor, to be named next term; sports editors, Richard Deemer, Robert Yerkes, and Carlette Seemuller; alumni editor, Evelyn Kates; and exchange editor, Miriam Gorman.

The boys of the fifth and sixth grades in Mr. Waxwood's room have organized an athletic club which will be active during the summer. William Allen, manager, says they will play softball games with other grade school teams. They will be known as the Falcons.

TO PLAY ROEBLING

Fast opposition has been secured for Riverton A. A. on Saturday afternoon of this week in the Roebbling A. C. nine. The fracas will get under way at 3.30 o'clock.

Manager Sims expects to have his full cast available for action and hopes to notch up another victory against a top-notch foe.

Grant, Jim Stow, Mary Lib Laning, Willis Harke, Robert Shaw and Wayne Brewster.

Butler, James, Alfred King. Serenader, eighth grade boys.

Mrs. Duer, Jean Dalton.

Play written by members of the eighth grade and coached by Mrs. Parker and Mrs. Ivins.

Accompanist, Mrs. Thomason.

Stage Managers—Ted Menkevich, David Banfi, George Schuck and Richard Danser.

RIVERTON, N. J.

RIVERTON

Dorothy Worcester Sargent, daughter of Mr. and Mrs. Gorham P. Sargent, of Main street, and Christine Ridley, daughter of Mr. and Mrs. G. Lincoln Ridley, also of Main street, were members of the graduating class at St. Mary's Hall, on Tuesday of this week.

Arthur H. Burns will attend the twenty-fifth reunion of his class at Worcester Polytechnic Institute, at Worcester, Massachusetts, this week-end.

Gorham P. Sargent is attending the 25th reunion of his class at Dartmouth College, Hanover, New Hampshire.

The Golden Hour Circle, of Calvary Presbyterian Church, had their annual luncheon at The Fireside, Mt. Holly, Wednesday of this week.

Mrs. Earl W. Northrop, of 221 Thomas avenue, entertained the Friendship Circle, of the Epworth M. E. Church at a garden party and picnic Monday evening, followed by the regular business meeting. About forty members were present. The tables were gaily decorated with summer flowers.

Mr. and Mrs. W. L. Caskey, of Bordentown, spent Sunday with Mr. and Mrs. Ross Evans, of Thomas avenue.

Mr. and Mrs. Harry DeGrau, of Chicago, are spending several days with his sister, Mrs. Robert Hullings, of Thomas avenue.

Miss Bytell, a Presbyterian missionary in Siam, addressed the Missionary Society of Calvary Presbyterian Church last Wednesday. She wore the native costume and had many articles of native handiwork on display.

Miss Mary Whitner Rogers, daughter of Dr. and Mrs. Harry L. Rogers, graduated this June from Kent Place School, Summit, N. J., and is planning to enter Wellesley College in the fall.

The pupils of Mrs. George Becker gave a recital on Wednesday, June 7. Solos were played by Carol Ann Mathews, Laura Mae Yerkes, Jane Evald and Polly Mae Mathews.

Buddy DeLaney and his Revaliers played at the Porch Club last Wednesday evening at a dance given by the senior girls of Palmyra High School.

Mr. and Mrs. Charles H. Yost and daughter Marilyn, of Thomas avenue, and Mrs. Yost's sister, Miss Pearl Moore, drove to Clearfield over the weekend and on their return stopped at Bucknell University where Jack Yost joined the party to return home for his vacation.

The P.T.A. Committee wishes to thank all those who helped make Field Day a success. There are also a number of dishes at the home of Mrs. Yost. Owners may call for them there.

Among the guests present were: Ruth Horner and Lawrence Schweitzer, Virginia Schweitzer and Nelson Russ, Mr. and Mrs. Douglas Kersey, Bertha Hanson and Henry Naisby, Dorothy Wolcott and George Kennedy, Mr. and Mrs. Philip Myers, Irene Richardson and Howard Yerkes, Grace Billard and Maynard Bowen.

The color scheme for the evening was pink and white.

ENGAGED
Mr. and Mrs. Charles Salmter, of 24 Rowland street, Palmyra, announce the engagement of their daughter, Dorothy A. Salmter to Henry Wilbraham, son of Mrs. Elizabeth Wilbraham, of Garfield avenue. No date has been set for the wedding.

YOUNG PEOPLE'S

This group has been doing since they were appointed. Invitations will be sent to all organizations in the borough asking that each make an effort to have a representative present.

MANY DEAD FISH

The shores of the Delaware in this vicinity have been littered with numerous dead fish for the past several days and although a number have been removed by the tide, those still remaining are sufficiently abundant to cause a nuisance, especially when proudly carried home by the family canine.

No reason for the heavy mortality has been ascertained, but it is probable that a school wandered too far upstream and the members failed to survive the turbid waters of the peaceful stream.

The committees of Riverton Borough Council in charge of the widening of Main street and the preparation of a plumbers' code report that substantial progress is being made along both these lines.

LOCALS MASSACRE
BRIDGEBORO NINE

Rout Three Enemy Pitchers
with 25 Hit Barrage:
Two Homers Clouted

Three pitchers of the Bridgeboro ball team failed to halt the attack of the Riverton A. A. ball tossers last Sunday afternoon at Memorial Park and the locals, after a poor start, had little trouble in winning by the topheavy score of 24-6. The home offense tallied 25 hits, 10 being for extra bases. Included in the list were two doubles, and a round-tripper by Whitmeyer, a homer and three base blow by P. McDermott, triples by Brewster and Karitis, together with doubles from the bats of Freeman, Wallace and Diefenbaugh.

Carhart was the starting choice of Manager Sims and the opposition tallied twice in the opening stanza. They added another in the third. With nine out and three tallies over the rubber, the local mentor injected Diefenbaugh into the fray and this proved to be the end for Bridgeboro.

Diff hurled a wonderful game allowing only one infield hit and fanning 13. His control was perfect, not a single batter being given a free ticket.

After tabbing one run in the second, the home guard went to work in the third chasing McDowell, Bridgeboro pitcher, to the tub. In this hectic stanza, no less than 15 batters went to the plate and runs came in with the regularity of a New York subway train schedule, 12 tallies resulting from 10 blows, a hit batter, a walk and an assortment of miscues.

Chamberlain, the relief hurler, got nicked mildly in the next two frames but managed to weather the storm until the sixth when the locals evidently got tired of seeing him around. His office to quit was another track meet around the bases with 12 batters taking a cut for seven markers.

Smith hurled the last two innings, but nobody seemed to care by that time and he escaped without trouble.

Left on bases—Riverton 10; Bridgeboro, 3. Umpires—Bright and Carhart.

RIVERTON SHOWS
TO ADVANTAGE

Riverton A. A. scored another impressive win last week by defeating the strong Westmont team at Memorial Park, the score being 6-5. The decision was the second of the season over formidable opposition, the other victim being Dehance A. C. of Camden.

Len went the route for the locals and allowed nine hits, three of these coming in the final stanza when the enemy tried desperately to even up the count. Westmont scored three times in the third frame on an equal number of hits.

This evened up the count, since the home guard pushed the same number over in the second, these coming as a result of bingles by Karitis, Sutters, W. McDermott and Baker.

More in Sixth

The affair was decided in the sixth when Karitis was safe on an error. Sutters got his second hit of the evening and both runners tallied as Cole cracked one into deep center. Baker's other hit brought home the last and, as it was later proved, the winning marker.

There was a fair-sized crowd on hand to watch the skirmish and all found the augmented seating capacity of the park much to their liking. The additional stands are a decided improvement and everyone can be assured of an opportunity to view the proceedings in comfort.

BASS SEASON
OPENS TODAY

New thrills await New Jersey's licensed fishermen when the bass season opens today to complete all legalized open periods for angling in the state, the New Jersey Fish and Game Commission announced today. The bass season will remain open until November 30.

Anglers looking forward to the opening of the new season are advised by the State Board to note bag limits for bass and the legal size of the fish to be taken. The Black, Oswego or large mouth bass must be at least nine inches long to be retained. The minimum legal size of Calico bass and Crappie is six inches.

Daily bag limits permitted under the State fish and game laws are ten in all of Oswego and Black bass; twenty rock bass; twenty in all of Calico bass and Crappie. Official opening of the season is expected to lure thousands of anglers away from the trout streams of the state which will be stocked up until the season closes on July 15.

SIGMA KAPPA
TAKES FIRST

After losing to all the first division clubs, Sigma Kappa registered their initial win of the season last Thursday night, getting a 10-7 decision over the Cubs.

Parry failed to put in an appearance and thus forfeited to Dawley Olds who were ready to play at the required hour.

GAME ENDS IN
TIE SCORE, 3-3

Palmyra and Riverside battled for eight innings last Wednesday night here, darkness calling a halt to the skirmish with the result a stalemate. Both teams tallied a brace of runs in the sixth, but the rubber remained uncrossed thereafter.

RAIN INTERFERES

The Riverton A. A. team took the field last Saturday afternoon and the first Pennsauken batter stepped to the plate, but that was far as things went.

Rain descended in considerable quantity just about then and continued for some time. After the sun came out the local board of strategy decided that the diamond was too soggy and the fracas was declared null and void.

Pre-game spectators were entertained by music furnished through the public address system kindly provided by W. W. Cook. He has had his equipment at Memorial Park during several games this year, this providing a big-time atmosphere.

Daily bag limits permitted under the State fish and game laws are ten in all of Oswego and Black bass; twenty rock bass; twenty in all of Calico bass and Crappie. Official opening of the season is expected to lure thousands of anglers away from the trout streams of the state which will be stocked up until the season closes on July 15.

Vote June 20

If you value your American right of franchise make up your mind to go to the polls and vote on June 20th.

On that day, New Jersey men and women will decide the fate of the constitutional amendment legalizing pari-mutuel horse race betting in New Jersey.

Between now and Tuesday, June 20th, you'll read a lot in the newspapers and hear plenty of discussion over the radio on this very important election.

The political machines are for it. Mayor Frank Hague, of Jersey City, the Democratic state boss, personally is directing the fight for the race track crowd. He says that legalized gambling will be a fine thing for the state. Former Senator Lester H. Clee, of Essex county, counters with the charge that what Hague is after is to grab complete control of a new gambling industry in New Jersey.

The opposition to the proposal to throw New Jersey open to the race track gamblers is impressive. It comes from hundreds of important civic, educational, social, church and business groups. They claim that the experience of other states proves that legalized gambling will be an unmitigated social, economic and moral evil for New Jersey, that there will be collusion between crooked politicians and race promoters, that race tracks here will be ruinous for the youth of the state and will hurt our industrial development.

New Jersey had a sad experiment in legalized gambling just before the turn of the century. There was scandal aplenty. In 1893, the speaker of the Assembly was none other than Starter Flynn of the notorious Gloucester Race Track. The race track crowd controlled legislature, courts and prosecutors. When the voters got sick of it, they outlawed gambling.

The State Chamber of Commerce states, "The conclusion is inescapable that another experiment in legalized gambling will be definitely harmful to the general welfare of the State."

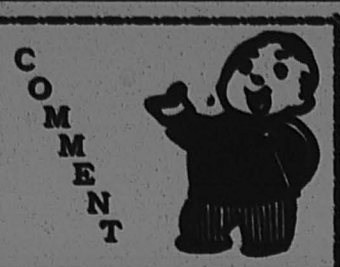

Encouraging

The second half of the year is going to be a lot happier than the first for workers, merchants, manufacturers and all the rest whose welfare is bound up in America's economic stream. Supporting this encouraging opinion expressed by leading economists and business men last week was a more favorable business news trend. Operating rate of the steel industry, a big employer, has gained 20 per cent since the middle of May. Another large employer, the automobile industry, sold 325,000 cars in May, topping the April showing. Woolen mills are gradually increasing production to take care of a heavy volume of new business booked recently. Air lines report that sky travel in May was 10 per cent better than in any previous month on record. During the last fortnight retailers of household appliances have experienced a sharp increase in sales, particularly of refrigerators and radios. Perhaps best of all was the announcement of reductions ranging from 33 to 70 per cent on war risk insurance rates for marine cargoes, evidence that London shipping quarters believe the chances for a European war this year are receding.

What Other Editors Say

The President infers that even if we are paying high taxes we are paying them to ourselves. Fine! Next time you send in a payment on your income tax just make the check out to yourself and see how far you get!

"See that old fellow over there pushing a handcart?" asked the Village Philosopher. "He ran through with two farms and a nice bunch of government bonds which his father left him. Now he is satisfied that you can't spend yourself rich."

Speaking before a group of several hundred women interested in governmental economy at a non-partisan meeting, Finance Commissioner Bernard Lamb outlined the source of state income, expenditures, subsidies and debt set forth in the financial A.B.C.'s prepared by him.

In his closing remarks he made the following suggestions which, in his opinion, would be helpful to the social and economic welfare of the citizen of New Jersey.

That political platforms should be drafted by persons familiar with governmental problems, instead of persons interested in Foreign Ambassadorships or National Cabinet Posts, and that these platforms provide for a constructive program for the social and economic welfare of the people of our State instead of campaign platitudes.

That the legislature and the public recognize facts and forget political expediency.

That there should be but one budget for all of state government, which should include every dollar of income from every source and every dollar of expenditure, and it should be prepared in a simple form so that it can be understood by every citizen; in fact, so simple that every school teacher can read it to her class.

That the same confidence, respect and reward be given to public servants that they would receive in

private business. Honesty, integrity, efficiency and a fair day's work should be demanded. This will be an inducement to capable men and women to serve in government.

That modern tools and equipment be provided for the operation of our State Government. Demand that they be used effectively, as this is the most certain route to lower cost and reduced taxes.

That some of the free services rendered in government to minority groups be eliminated, or these services should produce some or all of the revenues necessary to pay for operating.

That the advisability be considered of amending our state constitution to elect our Governor for four years, our Senators for the same period and our Assemblymen for two years.

That government be operated on a pay as you go basis. Keep the budget balanced. Provide current revenues for current expenditures. Don't mortgage the future of your children. Give some thought to a program that the free rider pay his share of governmental cost whether he be the big or little fellow.

That our methods of real and personal property assessment be modernized. Provide a sensible and equitable formula. Make it effective in every governmental division throughout the State and take it out of politics. This will remove the cancer of New Jersey's tax problem.

That we should stop damning each other politically. Examine the facts for yourself. Vote for the best men without personal malice, but beware of the political demagogue. See some of the good in your own state and give it a boost occasionally.

The American Indians received the right of suffrage by a special act of Congress, June 2, 1924.

LAFAYETTE GRADUATE

John Warren, of Riverton, received a Bachelor of Arts degree at the commencement exercises held at Lafayette College last week.

Mr. Warren majored in chemistry. He was a member of the rifle team, president of Scabbard and Blade, and battalion commander of the R.O.T.C. He graduated from I.M.C. Preparatory School in 1935 and transferred to Lafayette from Pennsylvania Military College.

FIELD DAY

Many proud parents and friends witnessed a very gay and colorful performance on the playground at Westfield School No. 4 last week.

The May queen attended by her ladies-in-waiting was the first to appear. Later each group of children performed before the queen and her court.

The Ways and Means Committee of the Phyllis Wheatley P.T.A. furnished refreshments at the affair.

Perfect weather aided in making this outdoor program a great success.

VISIT WORLD'S FAIR

A large number of upper grade children of Westfield School No. 4 accompanied by their parents visited New York recently making the trip by bus. They spent a full day enjoying the many attractions at the World's Fair Grounds. This excursion will long be remembered by all who went.

The trip was conducted by Mrs. Eleanor J. Young principal of Westfield School No. 4.

Guatemala City, with a population of about 165,000, is the largest city in Central America.

"I paid that bill!"
The endorsement on a cancelled check is a receipt—legal proof of payment.
This feature of checks alone saves our depositors much inconvenience and prevents many costly double payments.
It is one reason why you should always pay by check.

ANNUAL MEETING OF FIRST CHURCH OF CHRIST, SCIENTIST

Thousands of Christian Scientists, meeting in Boston recently, challenged a troubled world to change its perspective from a material to a spiritual basis in its search for release from pressing economic and political problems.

The occasion for the great influx of the followers of Mary Baker Eddy was the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, which was filled at an early hour the afternoon of Monday, June 5, right up to the center balcony under the very dome of the great edifice. Through an entire afternoon's round of addresses and reports from the field, the power of the Christ, Truth, to lift individuals above the ills of human sense was acknowledged and this same spiritual power was recommended for the healing of the nations and the establishment of a permanent world peace.

Looking beneath the surface ripples of troubled international relations today, The Christian Science Board of Directors saw the deep-running currents of spiritual progress "keeping alive the vital realization of spiritual truth which Christian Scientists must always nurture, whether their work be along the specific line of healing or in the important channels connected with home, church, business, and government."

Church Progress Reported

Various reports heard during the afternoon cited specific instances of spiritual enlightenment actively at work among the nations today. One revealed that Europe, seething center of turbulent political upheavals, is also a fertile field for spiritual growth, indicated in the formation of 21 new branch church organizations abroad, 12 of them being in England.

Similar progress was reported in North America where 25 new branch organizations were launched. Africa and Australia, it was stated, have formed one new organization each, while 32 societies were found raising their status to that of churches during the last 12 months. In educational fields, nine new university organizations became recognized units of the Christian Science movement.

Summarizing these distinct evidences of a continued reaching out for Truth, the Directors stated: "We are in a position to know, and are glad to report, that at no time in the history of the Christian Science movement has the healing work been carried on with greater success or along broader lines than it is today."

Benefit to World Sought

Continuing, the Directors said: "Surely in this period of unsettled world conditions our prayers are most essential, and each one of us should ask himself if he is doing all that he can to meet the aggressive suggestions of error, which would try constantly to intrude, and if he is working to help spiritualize thought, thereby correcting the generally accepted material beliefs."

Announcement of new officers constituted the main business of the meeting. George Shaw Cook, C.S.B., of Brookline, Mass., was named President for the ensuing year to succeed Ralph H. Knapp, of Needham. Edward L. Ripley, of Brookline, and Ezra W. Palmer, of Marshfield, were re-elected treasurer and clerk, respectively. The President is elected by The Christian Science Board of Directors for a one-year term, his chief duty being to serve as presiding officer at the annual meeting.

Mr. Cook is a native of Iowa, moving to Chicago at an early age where he received his public school education. Entering the commercial world he became a partner in a firm dealing in investment securities. He became interested in Christian Science in 1895, was class taught by Edward A. Kimball, C.S.D., served as First Reader of Fifth Church of Christ, Scientist, Chicago, and served successively thereafter as Committee on Publication for Illinois, member of the Board of Lectureship, First Reader of The Mother Church and Associate Editor of The Christian Science Journal.

Removal of restrictions on the free practice of Christian Science in Texas, was cited by Mr. Norwood as a notable legislative victory of the last year.

An added note of progress was sounded in the report of Miss M. Beaumont Wright, Manager of the Department of Branches and Practitioners, showing that 688 practitioners and 83 nurses were officially recognized during the year. Lecturers also pointed to a definite quickening of public interest in messages given by them everywhere in the civilized world.

"Church edifices and public auditoriums," stated Robert Stanley Ross, Chairman of The Christian Science Board of Lectureship, "heretofore adequate in size, have been unable to meet demands for seats in the last year." Large and attentive audiences were reported to have attended lectures in Germany, without government interference of any kind.

SECRET SERVICE AGENT SPEAKER

(continued from page 1)

of one, two, five, ten and twenty dollar bills, pointing out that the picture on the front and the scene on the back were most important in identification, since each went with a bill of a certain denomination and were never changed.

Types of Bills

At the present time there are three types of bills: United States notes in two and five dollar types; silver certificates in one, five and 10; with the Federal Reserve notes being issued in five, 10 and 20 dollar denominations.

Mr. Almoncy emphasized the fact that the numbers of the bills should be the same color as the seal on the right face of a bill, these being

human, Sentinel, and Herald, which position he now holds.

Appreciation of Founder

As incoming President, Mr. Cook directed attention to the place that Mary Baker Eddy holds in the movement as Discoverer and Founder of Christian Science. Genuine appreciation of the revelation of Christian Science, he said, can come only through a proper appreciation of the Revelator.

Because Mrs. Eddy was firm in her stance for the Christ-idea, he said, Christian Scientists are privileged to meet in Boston today and rejoice in the continued growth of The Mother Church during the last year "both spiritually and numerically."

In handing over the meeting to the new President, Mr. Knapp traced the growth of spiritual healing from the Resurrection down to the revelation of Christian Science.

Growth of Membership

Analyzing what Christian Science means to Mother Church members, Mr. Palmer, in the clerk's report, pointed out that "Christian Scientists follow their Leader when they obey the Manual of The Mother Church, uphold The Mother Church and its branches, and heal the sick by prayer." The Bible and Mrs. Eddy's writings contain the primal and ultimate facts of being, which heal ills, and usher into human consciousness the fullness of salvation.

Other speakers alluded to world unrest as indicating the need and growing demand for spiritual inspiration and refreshment. Roland R. Harrison, Manager of The Christian Science Publishing Society, for instance, referred to the occasion of the world becoming, perhaps more than ever before, "the arena for conflicting forces" (Science and Health, p. 96) as an opportunity, welcomed by the Publishing Society, to meet humanity's need through spiritual enlightenment. This is being done, he said, through the Society's periodicals "recording for publication one's understanding of the ever-present perfection of God's spiritual universe, or a healing demonstration over some manifestation of present-day discord."

Favorable Legislation

C. Augustus Norwood, Manager of Committees on Publication, emphasized the growing favor of legislators toward the simple, yet sound proposals of Christian Scientists. This favor is most apparent, he said, "when legislators are fully informed about our aims and purposes."

Removal of restrictions on the free practice of Christian Science in Texas, was cited by Mr. Norwood as a notable legislative victory of the last year.

An added note of progress was sounded in the report of Miss M. Beaumont Wright, Manager of the Department of Branches and Practitioners, showing that 688 practitioners and 83 nurses were officially recognized during the year. Lecturers also pointed to a definite quickening of public interest in messages given by them everywhere in the civilized world.

"Church edifices and public auditoriums," stated Robert Stanley Ross, Chairman of The Christian Science Board of Lectureship, "heretofore adequate in size, have been unable to meet demands for seats in the last year." Large and attentive audiences were reported to have attended lectures in Germany, without government interference of any kind.

Wesleyan Men's Bible Class

For the Men of the Community

St. Augustine, the child of fortune, but his African passionate nature in a strange city, Milan, Italy, led him into riotous living. One day in his rambles he heard a voice out of a garden saying "Read, read."

He went into his room and opened the New Testament and read. The Divine Words were strangely illumined and personal. He gave his life to Christ. His mother, St. Monica's prayers were answered and he became the outstanding Missionary, author and preacher.

Single words have called men to great tasks and created mighty religious movements, such as Luther, Wesley and others.

Join with us next Sunday morning at 9:30 as the Sacred Book is opened and read. There is a message for you; it may be of comfort and inspiration at the right moment.

The law of thy mouth is better unto me than thousands of gold and silver, so wrote the Psalmist 119:72.

COUNCIL REFUSES

PEDITTO LICENSE

(continued from page 1)

that Palmer L. Adams, director of the Board of Freeholders, announced that immediate action on the removal of the car tracks on Broad street, Palmyra, could be expected.

He also announced that the resurfacing of Spring Garden street with state aid had been denied for 1939. He was authorized to make immediate application for the 1940 program.

The bid of Hilton M. Smith to resurface Washington avenue from South Broad street to the Borough line, amounting to \$850 was accepted. The same surface just applied on South Broad street will be laid.

Sewer Service Soon
Councilman Flynn stated that the work of laying the force main on the new sanitary sewer project has been completed and work on the electrical pumps and equipment is about to get under way. He stated that service should be available on the lines already laid within the next month.

Councilman Engle reported that Mrs. Hunt would again be at the municipal park from Monday through Friday from 9:00 a.m. to 6:00 p.m. in order to carry on the work among youngsters so popular in time past. Mrs. Hunt will begin at the park next Monday. Mr. Engle also stated that they may secure the service of a man to organize and supervise play for the boys.

Band Concerts
Council is making a serious effort to again have the band concerts in the grove. All councilmen voted for the expenditure except Councilman Buchholz. If a proper way and means can be found for spending the \$10 for each performance through the borough auditor, the band concerts will again be held.

Councilman Buchholz recommended that all bills be paid except a small one to Burlington County for interest on a payment of taxes seven days overdue and a bill for \$850 to Hilton M. Smith to ascertain if an \$850 bill could be paid without advertising for bids.

George N. Wimer reported seven cases of relief on hand at the end of May covering 36 persons and bills for the month totaling \$145.

Councilman Flynn stated that the Fourth-of-July program would probably consist of a show and ice cream for kiddies.

New Appointment
Mayor John F. Ward announced the appointment of Councilman Wright to take the place of C. Nevin Buchholz on the Park and Public Property Committee.

Council voted to advise the owners of Society Hall that they were unable to take their offer for the purchase of the building and advised them to proceed with their offer for a lease to private interests. Councilman Flynn voted in the negative.

Different kinds of atoms may vary in size, but atoms of the same kind are uniform.

OBITUARIES

HENRY H. LIPPINCOTT

Henry H. Lippincott, president of the I. P. Thomas & Son Company, fertilizer manufacturers, of Camden, died last Thursday in his home on the Riverton-Moorestown road, Cinnaminson. He was 71 years of age.

Mr. Lippincott had been away from his office for the past four or five months because of illness. He comes from an old South Jersey family, having been born on the same property where he died, but in another house.

Mr. Lippincott attended Swarthmore College. He was a former member of the Union League of Philadelphia.

He is survived by his widow, Mrs. Emily L. Lippincott; two daughters, Miss Susan W. Lippincott and Mrs. Leon H. Collins, Jr., of West Philadelphia, and a son, Heulings Lippincott, of the home address.

Funeral services were held last Saturday at the home. Burial was in Westfield's Meeting House Cemetery, Moorestown-Riverton road, near the Burlington pike.

ELIZABETH WOOLSTON

Miss Elizabeth Woolston, 21, died suddenly on Sunday, June 11.

Funeral services were held on Wednesday at 2 p.m. from her late residence, Rev. William A. Boyd officiating. Interment was made in Monument Cemetery, Beverly, under the direction of Frank A. Snover.

The deceased is survived by her mother, Mrs. Elizabeth Woolston and a brother, Charles.

MARVIN HAROLD OROVITZ

Marvin Harold Orovitz, son of Dr. and Mrs. M. S. Orovitz, of Philadelphia, died in Atlantic City on Wednesday, June 7.

Mrs. Orovitz was formerly Miss Arline Romm, daughter of Mrs. Helen Romm, of Palmyra.

THINGS TO WATCH FOR

Roof shingles made of glass and automobile brakes lined with glass fabric . . . a photograph that will play records backwards; practical purpose seems to be for sending code messages . . . mass production of a standardized television receiver at low prices to be put on the market in October . . . revival in popularity of musical auto horns . . . a new plastic material made out of coffee bean said to be suitable for radio cabinets, wall board, flooring and roofing.

A wife and two daughters can take a good bite out of any income.

No Settlement

The following statement regarding the strike at the Kieckhefer Container Corporation was released this week by officials of the company.

"Since May 6, when the strike was suddenly called, the company has met on two occasions with representatives of the three unions and a conciliator from the Department of Labor. At the last of these meetings held on May 19, 1939, John O'Neal, representative of the International Brotherhood of Teamsters, Chauffeurs, Stablemen and Helpers, withdrew from negotiations, refusing to bargain further.

"After Mr. O'Neal withdrew, the company representatives further expressed their willingness to bargain collectively with the Pulp, Sulphite and Paper Mill Workers Union and the Firemen and Oilers Union, who jointly represent more than 85 per cent of our employees, in an effort to reach an amicable settlement.

"The two unions representing such a vast majority of our workers took the position that they will not negotiate further so long as the Teamsters Union refuses to take part in the discussion. Such being the case the company can take no

further action in the matter until such time as their employees, or their representatives, see fit to reopen negotiations.

"The company realizes that local business is being seriously affected by this strike and that many unnecessary hardships are being inflicted upon its employees and their families, but can do nothing to alleviate these conditions so long as the present attitude of the union officials is maintained."

ABOUT THE COUNTY
Fireman James McDermott was

burned about the face last week in a blaze that started in the Riverside freight shed of the Pennsylvania Railroad and damaged the station to the extent of \$1000. McDermott's burns were treated by the emergency squad of the fire company.

Fire Chief Edward Winkleseth said the origin of the blaze was unknown yet, but the flames evidently started inside the building and ate away part of the roof. They spread to the platform which also was damaged.

Some of the records in the office were scorched, but the majority were saved.

METHODIST CHURCH
Rev. William A. Boyd, Pastor

"God as a Father" is the timely topic of the sermon the Rev. W. A. Boyd, will preach in the Methodist Church this Sunday morning at eleven o'clock. Mrs. Gertrude Turnock will be the soloist of the morning.

In the evening this church will unite in the Grove meeting with the churches of Palmyra and the Moravian Church at Church School board will meet in the intermediate room for a dinner conference at 6.30. All officers and teachers are expected to be present at this important and last meeting of its kind for this season.

The Last Quarterly Conference of this year will be held in our church next Thursday evening at 7.45. Dr. T. S. Brock, superintendent of the Trenton District will preside. Dr. Brock will give some of the highlights of the United Conference. All members of the conference will be sure to have all reports in writing and ready to read.

"The Friendly Choir" will go on a picnic to Ocean City this Monday unless it storms. The group will leave the church at 8 a.m. and return leaving Ocean City at 4.30.

BETHANY EVANGELICAL
LUTHERAN CHURCH
Rev. Oliver W. Powers, Pastor

Sunday is the second Sunday after Trinity. At the chief service, 11 a.m. the pastor, the Rev. Oliver W. Powers, will preach on the subject "The Church's Invitation—Come." Special music by the choir, under the direction of Mr. Lee Milton, will include Wolcott's "How Beautiful upon the Mountain." Miss Marion Lenker will be the soloist.

On Saturday the Church School will have its annual picnic, journeying to Berlin Park for the day. Buses will leave the church at 10.00 a.m. Parents and friends are cordially invited. Mr. James Ingram, superintendent, is in charge. Miss Beatrice Mattison and Mr. Earl Whitcraft will manage activities.

Community evening services will begin on Saturday with Pastor Harke of the Moravian Church in charge. All members of Bethany Church are urged to be present.

CHRISTIAN SCIENCE CHURCH

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "To us there is but one God, the Father, of whom are all things, and we in him." (1 Corinthians 8:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And there came a leper to him, beseeching him, and kneeling down to him, and saying unto him, If thou wilt, thou canst make me clean. And Jesus moved with compassion, put forth his hand, and touched him, and saith unto him, I will; be thou clean." (Mark 1:40, 41).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus" (p. 180).

Rev. George Lockett, B. D., Pastor

Services, Sunday, June 18.
Bible School, 10.00 a.m.—The same perplexities and problems face us in the summer as well as the winter. We need the guidance and help all the year round that is derived from the Bible School teachings. So don't neglect your attendance. The school needs you and you need the school.

Morning Worship, 11.15 a.m.—Likewise, the stimulating sermons by Pastor Lockett will give you a big lift throughout the week. So don't miss them. The sermon subject will be "God and Man's Testimony Concerning Jesus."

The B.Y.P.U. have discontinued their meetings for the summer.

Evening services, 7 p.m. in the Municipal Grove. Reverend Albert J. Harke of the Moravian Church of Parry, will open the series of the season.

The Alpha Gamma Class will hold a strawberry festival on the church lawn this Saturday afternoon.

ORDAINED SUBDEACON

On Saturday morning June 3rd, the Rev. Mr. Stephen I. Buividas was ordained a Subdeacon for the Roman Catholic Church. The Holy Order was conferred by the Most Rev. Bishop James E. Kearney, D.D., Bishop of Rochester, in Rochester's beautiful Cathedral amidst elaborate ceremony. The Rev. Mr. Buividas is the son of Mr. and Mrs. Joseph Buividas, Sr., residing on Cinnaminson avenue, Five Points, Parry. He is a member of the Sacred Heart Church, Riverton, and the first one in the history of the parish to be ordained to Major Orders.

He received his elementary education at Westfield Public School, Cinnaminson. Then he attended Camden Catholic High School. Graduating with scholastic honors from the Catholic High, he pursued higher studies at St. Charles College, Catonsville, Maryland. Here, he won for himself the reputation of a scholar, distinguishing himself in languages, especially Latin and Greek. In 1934, he graduated from St. Charles College with the "maxima cum laude" honor. Since then, he has been making his Theological Studies at St. Bernard's Seminary, Rochester, New York.

Rev. Mr. Buividas holds the A.B. and M.A. degrees, and will receive the D.S.T. next fall. During the course of the week he will return from Rochester to spend a few weeks with his parents and brothers. Then beginning the first week of July he will tutor for eight weeks at Brant Lake, New York. In September, he will return to St. Bernard's Seminary to be ordained a Deacon and to complete his Theological studies. In spring he will be ordained a priest for the Trenton Diocese.

BACCALAUREATE SERMON

The Baccalaureate sermon delivered to members of the graduating class of Palmyra High School by Rev. George Lockett, pastor of the Central Baptist Church, Palmyra, was as follows:

1 Corinthians 9:27. "But I keep under my body and bring it into subjection."

This is a statement made by one of earth's greatest men, a philosophy of his life; I keep under my body. Paul knew the value of being master of himself. Marcus Aurelius, born about 121 A.D. gave us his great philosophy of life "Control Thyself." It was the same thought as the one given by the servant of Christ, I keep my body under subjection.

This is a joyous and yet a solemn occasion for you who will soon leave this institution of learning, some will go on to other institutions seeking for more knowledge, some will enter the business world. As you enter the river of life we give you our best wishes and with our wishes go our hopes for life's richest blessings.

We give you a watch word, a motto for your guide, control thy-

(Back's Building)

self, become masters of yourself, keep under your body. I have always been interested in machinery, especially engines. Have you ever thought of the tremendous power of a great engine? It propels vessels, turns machines, generates electricity. Watch the engine as it runs so quietly and ask the engineer to tell you of its power, then ask him what would happen if somewhere along the line there was a break that would disturb the load and cause the engine to run at greater speed. He would tell you of a governor on the engine, placed there to take care of any emergency that might arise. On some great engines there is another device, should the engine attain a great speed, the over-speed device would shut every-thing off and thus save the engine from destruction. This is a philosophy of life put to practice in the mechanical world. I keep under my body and bring it into subjection.

Education

Think of two governors that safeguard our lives.
First, education. Education should act as a governor, to warn against false ideas, to maintain a correct balance, to have clear views on vital subjects, to keep our minds in a right attitudes and keep it in control. An educated person is one who is master of himself and master of the things about him. He does not run wild, he does not waste his power, the governor keeps him under control.

Religion

Second, religion. Religion is a governor that keeps a running true. Education may fail, but true religion will never fail. It will safeguard your life, it will save you from disaster when all around the storms of life are raging. The governor will keep you on even balance. Be sure as you enter upon your life's work that you have the governor called religion.

Last April we read in our newspaper the story of Earl Durand. He was like a great engine, powerful and strong. He stood over six feet and weighed 200 pounds. He crossed the Mojave Desert afoot, wearing only shoes and trousers, "to see if I could do it." He could put four bullets into a thrown baseball before it fell. He preferred the bow and arrow because he was too good with a rifle, yet he lost control of himself and lost his life and the lives of five others. He ran wild, he was out of control.

Keep Governors

Down in Tuskegee there is a very remarkable man. He was born a slave. At one time his master sold him for a horse. He began to study, he held true to God, now he is one of the outstanding chemists in our land, George Carver. He helped to transform parts of the southland, he has saved over 165 uses for the poor people. He had governors on his life. Education and religion had kept him under control.

You have had the advantage of a high school course. The governor has been given you as a part of your instruction. Now be sure you have the other governor, religion. It will hold you fast. It will make you more efficient because you will be under control. The future is bright with possibilities. Become masters of yourself. Make this your decision today, I will keep these governors on my life.

I will keep under my body and bring it into subjection.

STANDS AT PARK

The bleachers at Memorial Park have been loaned through the courtesy of the Palmyra Board of Education, a most gracious act and one that is deeply appreciated by the officials of the local athletic association.

TO BE WED

The wedding of Miss Frances Theresa Downs, daughter of Mrs. Elizabeth M. Downs, of Broad street, East Riverton, and Mr. John Charles Baar, son of Mrs. Louisa Baar, of Walnut avenue, Merchantville, will take place in the Church of the Sacred Heart, Riverton, N. J., on Saturday, June 24th, at 9 o'clock. Rev. John J. Welsh officiating.

COMMUNION BREAKFAST

Seventy-five Knights of Columbus and their guests were present at the fourth annual Communion Breakfast of St. Josephs Council No. 1984 K. of C. given in the Sacred Heart School Hall on Sunday morning, June 11th. The reverend pastor, Father John J. Welsh was a guest of honor and the chief speaker was Mr. Thomas Madigan, Esq., of Belmar, N. J. Mr. Madigan is State Advocate of the Knights of Columbus in New Jersey. He devoted his short but interesting speech to the need for a forward-looking and intelligent optimism in opposition to all the current isms of the day.

The Knights of Columbus in Palmyra and Riverton receive Holy Communion monthly in a body as a public manifestation of the faith and annually in June a Communion Breakfast is served as a climax to the year.

WORK OF GIDEONS

The work of the Gideons in placing Bibles in hotels, hospitals, jails, etc. will be presented in Calvary Presbyterian Church, Riverton, on Sunday morning, June 18, by Charles T. Ackerman, chaplain of the Camden Camp.

On Sunday, June 25, at the Methodist Church, Palmyra, Earl M. Warner, state chaplain, will be the speaker representing the Gideons.

Keep Your Garden Blooming

DEGREE AT RUTGERS

Howard Barto, son of Mr. and Mrs. C. Y. Barto, of Riverton, was among the 340 recipients of degrees at the 173rd anniversary commencement exercises of Rutgers University held last Sunday.

Mr. Barto was awarded the degree of Bachelor of Letters in Journalism.

WORK ON CHURCH ROAD

State Highway Commissioner E. Donald Sterner recently approved the construction of Church Road in Cinnaminson Township as part of the State Highway Department-W.P.A. Work Relief Program. Materials will be purchased through a grant of state aid and labor will be supplied by W.P.A. Surface treated gravel, at a depth of six inches, will be laid for one and two-tenths of a mile.

SCENE FROM PAGEANT

"The Sleeping Beauty" was presented by the pupils of Westfield Friends School at the annual pageant held recently. The cast included: The king, Richard Robbins; queen, Joan Bailey; princess, Ruth Coe; prince, Jack Clement; pages, Harry Mark and Barbara Ross; town crier, Bill Dunn; bad fairy, Edith Rafael; nurse, Shirley Cook; chief knight, Harvey Hirst; knights, Arthur Platt, Richard Gideon, Lyman Cook, Richard Hershey and George Krusen. The fairies were Ruth Coe, Lenore Meyer, Nancy Ritschard, Jean Clark, Joan Anderson, Ann Atlee, and Esther Wilson. The evil spirits were Bob Jamison, Howard Dunn, Michael Crowell, Russell Laslokey, Percy Scott and Jon Krusen. The flowers were Nancy Gideon, Dorothy Porter, Ann Musser and Helene Bohner.

QUESTION ON
LEGAL STATUS

(continued from page 1)

that was used with considerable abandon during the discussion.

Price, in conclusion, said that he considered the move most advantageous and had helped to make the welfare home management devoid of politics.

Mr. Church commented that he was not against the change, but wanted to be certain it had been done according to law.

Commissioner Ellis, of the state department of institutions has been asked to render a legal opinion on the subject.

Powell Complaints

Howard Powell, of Palmyra, addressed the board on the subject of the Welfare Home. He said that conditions at Birmingham Inn were bad and questioned whether present inmates would receive proper care if boarded in private homes. (The Welfare Board expects to make a number of such placements in the near future.)

Mr. Price agreed with Mr. Powell on the dirty condition of the temporary home, but stated that things had been greatly improved since the Welfare Board took over, chiefly through the work of Harold B. Cooper, director.

Director Adams assured Mr. Powell that every effort would be made to take proper care of the indigent aged people.

Citizenship Committee

Director Adams asked that he be authorized to appoint a Burlington County Citizenship Committee, members of which would serve without remuneration. He credited the idea to James P. Hughes, Palmyra High School faculty member, who has given much time and thought to work of this nature. The purpose of the committee would be to furnish new citizens with material as to what this county means to them and to help in making them better acquainted with our democracy.

Mr. Adams was given permission to name such a committee.

To Confer with Architect

Since a number of problems concerning the almshouse construction have developed recently, the members of the board decided to meet with the architect at the new building on Friday of this week to go over the situation in detail.

It is expected that the building will be entirely completed within a month and will be ready for occupancy as soon as contracts have been given for the equipment.

These have been held up temporarily, pending investigation as to how many occupants there will be when the inn is abandoned.

The following departmental bills were approved and ordered paid, Messrs Stout and Church voting in the negative, pending further information on the legality of the welfare home situation: roads, \$17,452.33; buildings, \$7,939.59; bridges, \$2,535.44; public affairs, \$7,285.31; revenue and finance, \$1,380.47; institutions and agencies, \$10,930.84, a total of \$47,521.98.

YACHT CLUB YARNS

BY NUTE
AND
MIKE

Well! Well! another week has gone and come on the tides of time, and we find our scribes are a wee bit late with this week's Yarns. Perhaps it's a hangover from the Duster class perpetually starting late. Regardless of the preparation made by the regatta committee, one or more of the fleet always manage to be on the wharf when the starting gun should be fired. This also applies to the Comets. We wonder WHEN the regatta committee is gonna start a race on time regardless of who is, or who ain't in the water, and ready? Incidentally, everybody, including the regatta committee knows the races are scheduled for 2.45. What's wrong with "two-forty-five"? After all, isn't "two-forty-five" just as good as "three-fifteen"?

Duster Race

At the conclusion of the Duster race, came Alan Reason. Next to last was one Marci Lippincott. Second from last was given to Bert Shoemaker, who was preceded by none other than the Mighty Rickett Merrill of "16-footer" fame. Fourth from the tailing position was neatly taken by Fritz Steiner. Next to last from the enviable position of last, came Howard Lippincott, who relinquished the last from last place to his brother Bob by a few seconds. Just before the end of the race, a slight squall livened up things by "squalling."

At the warning gun for Comets, several skippers dashed madly around the dock rigging their craft. Finally getting them off the wharf, a goodly half reached the starting line late. Phil Somervell grabbed off a nice lead early in the contest and managed to improve it throughout the entire race, Swope, following by a quarter of a mile was the last in this fleet to finish for awhile. Sometime later in the day Rogers finished third to beat out Wells and Mudd, who finished fourth and fifth respectively.

Regatta Sunday

On Sunday, June 18th, the R.Y.C. will act as host to the surrounding yacht clubs, in the first official regatta of the season. Various well known Clubs such as Beverly, Delaware River, Quaker City, and Corinthian Sailing Clubs will be well represented in the activities. There will be many classes of racing as usual. Also there will be Dusters, Comets, Crickets, Stars, and Free-for-alls.

SPLASH: The Baldy brothers recently launched the Little Bear which immediately joined the submarine fleet, almost. And speaking of submarines, we believe that Simon Lake got his original idea of underwater craft after one look at

the "old" club boat.

Foul: A foul is that which a person does to someone else, that that someone claims is illegal. There are books and books of rules (compiled by experts who can't agree either), but the best ones are those made up on the spur of the moment. Fouls can be attributed to many things, but in most cases pure, cussedness is the cause. A foul is that kind of controversy that is never satisfactorily settled. A good clean foul is never successfully perpetrated. We'll let you try and find out why. Let's we forget, the signal for a foul is a red flag. If the stock equipment of your raft did not include one, YOU was fouled. Immediately send your builder a telegram on red paper. Fouls are settled by the regatta committee, who usually manage not to see as many as possible. On the event that a foul is brought to their attention, they summon the aid of various and sundry books. They quibble, and quibble and then toss a coin. Furthermore this is the one

MAY BE PRESIDENT

Postmaster General James J. Farley is scheduled to address the diners at the banquet which will conclude the annual State Convention of the New Jersey Chapter, National Association of Postmasters, to be held in Atlantic City on June 23 and 24.

Burlington county postmasters and friends of Mrs. Mervil E. Haas are especially interested in this year's convention of their State Association. Mrs. Haas, Democratic State Committee member and Postmaster of Riverton, is the vice president of the New Jersey Chapter, and if precedent is followed, will be duly advanced to the office of president. An active member of the executive committee of the Chapter and first president of the Burlington County Postmaster's Association, Mrs. Haas, if elected, will be the first woman to be honored with the presidency of the New Jersey Chapter.

SCHOOL OUTING

The Sacred Heart School, of Riverton, will be host to a large delegation of members and friends at Clementon Lake Park on Thursday, June 15.

The day's outing will be in charge of Mrs. Edward Cavanaugh, 816 Lincoln avenue, Palmyra.

During the afternoon and evening the group will be guests of the park management, when the Five Arlens, special entertainers, will stage a spectacular exhibition.

BUILDING WORK IN PALMYRA

The Palmyra building inspector, Edward A. King reported that 11 permits for work were issued in May, the total estimated cost of the construction being \$8,880, with fees of \$35.50.

The operations, with property owners and estimated costs are as follows:

Enclose porch, 108 East Broad street, Dr. R. W. Dunn, estimated cost, \$200.

Enclose back porch and remodel, 211 East Broad street, Luke Eberly, estimated cost \$845.

Screen porch, 706 Highland avenue, John Burgman, estimated cost, \$43.

New addition to store, 9 West Broad street, James Wolf, estimated cost \$1,650.

Asbestos siding on dwelling, 513 and 515 Leconey avenue, Tony Apeato, estimated cost, \$500.

New siding on dwelling, 103 West Charles street, Richard Polis, estimated cost, \$400.

New chimney, 259 West Broad street, Harry Kemmerle, \$30.

Porch enclosure, 737 Highland avenue, Mr. Robert Kepner, estimated cost, \$75.

Repair and remodel dwelling, two apartments, Fifth and Morgan avenue, William Purnell, estimated cost, \$4,800.

New roof slate shingles, 813 Washington avenue, Harry Strong, estimated cost, \$150.

New roof asphalt shingles, 910 Washington avenue, Harry Strang, estimated cost, \$187.

NEW SEAT SPACING

AT LOCAL THEATRE

Patrons of the Broadway Theatre will be glad to know that some 200 seats are being removed to make way for the wider spacing of the remaining 700. The work is nearly half finished and is being carried on between shows. The new arrangement leaves a space of thirty inches from back-to-back and will provide more leg room and make access to all seats a lot pleasanter for those seated and those entering, or leaving.

Westfield Friends' School

Commencement was held Friday, June 9, in the Meeting House at 7:30 o'clock. The graduates delivered essays that they had written upon topics which grew out of their research and activities on Rome. Joan Marr Bailey spoke on the "Experiences of Archimedes with Rome," Ruth Coe on "The Motherhood of Cornelia, mother of the Gracchi," Harvey Hirst on "The Leadership of Julius Caesar," William Dunn on "The Peace Policy of Augustus Caesar," Jack Clement on "Constantine, the First Christian Emperor," and Richard Robbins on "Marcus Aurelius, the Wise Thinker and Ruler."

Miss Charlotte R. Bickerton, principal, summarized the essays by emphasizing the facts that out of the study of Rome valuable lessons are to be learned: the need for right attitudes and for Christian ways of expressing these attitudes if we are to live worth while individual lives among our school and community groups in 1939.

Diplomas were presented to the graduates by Mr. Winsford Wilson, president of the school committee.

Repairs are being made to the garage of R. M. Hollingshead, Sr., that was extensively damaged by fire recently.

The recent fire loss to the Dick-

son residence was about \$2,000. Dr. Dickinson is loud in his praise over the most efficient manner in which the firemen fought the blaze and the way which property was safeguarded.

Evidently the plant thieves are becoming bolder, since another raid was made at Memorial Park recently. It is to be greatly desired that these malefactors will be apprehended quickly and given a jail sentence. A fine would be much too mild.

Traffic over the Tacony-Palmyra bridge was especially heavy over the weekend, the number of cars using the span being in excess of the volume a year ago on the same date.

Members of the Riverton Fire Company are nearing the completion of a long task which included repainting, both inside and out, of the fire house. A splendid job has been done and the quarters look "better than new."

NO CASH NEEDED!

ABOUT TOWN

Repairs are being made to the garage of R. M. Hollingshead, Sr., that was extensively damaged by fire recently.

The recent fire loss to the Dick-

son residence was about \$2,000. Dr. Dickinson is loud in his praise over the most efficient manner in which the firemen fought the blaze and the way which property was safeguarded.

Evidently the plant thieves are becoming bolder, since another raid was made at Memorial Park recently. It is to be greatly desired that these malefactors will be apprehended quickly and given a jail sentence. A fine would be much too mild.

Traffic over the Tacony-Palmyra bridge was especially heavy over the weekend, the number of cars using the span being in excess of the volume a year ago on the same date.

Members of the Riverton Fire Company are nearing the completion of a long task which included repainting, both inside and out, of the fire house. A splendid job has been done and the quarters look "better than new."

NO CASH NEEDED!

If you want to Repair, Re-model or Paint your home or build a New Home, see the EVANS CO. and get a free estimate, and learn how easy you can pay for it in small monthly payments. Call or write

RIVERTON
SCHOOL
NOTES

Honor Roll

The honor roll for the entire year for Riverton School based on satisfactory citizenship is as follows:

First Grade: Marjorie Taylor, Susan Daniels, Joan Bell, DeHert, Wren Cook.

Second Grade: Robert Stuart, Mary Berger, DeCoursey, Jean Wayne, Joelyn Van Horn, Suzanne Warner, Jane Watson.

Third Grade: Barbara Stuart, Nancy Mason, Virginia Wagner, Robert Underhill.

Fourth Grade: Thelma Davis, Janice Moreland, Valerie Day, Doris Gibson, Joan Watson, George Bush, Lawrence Mitchell.

Fifth Grade: Mary Lou Bush, Doris Jones, Dorothy Lloyd, Ruth Mason, Priscilla Woodward, John Carhart, Royal Farrow, Stanley Gilbert.

Sixth Grade: Barbara Berger, Martha Jane Daniels, Edith Harris, Lloyd Major, Donald Taylor, Suzanne Trowell, Virginia Woodward.

Seventh Grade: Betty Blackwell, Emilie Craig, Betty Henry, Carol King, Kathryn Krantz, Bessie McLaughlin.

Eighth Grade: Dorothy Watson, Jane Bush, Edward Goodnow, Eleanor Metzger.

HIGH SCHOOL
HONOR AWARDS
(continued from page 1)

Juniors: Frances Cook, Ruth Fry, Betty Haines, Janet Munro, Beatrice Weiner.

Sophomores: Ethel Cummings, Louise Rahelic, Ruth Yerkes.

Freshmen: Palmer Adams, Dorothy Cooper, Jean Hardy, Jean Haws, David Hough, Peggy Ryan, Evelyn Schwartz, Harriet Smalley.

Perfect Attendance Certificates

Sixth Grade: Anna De Marco, Jack Messenger, Francis Mitchell, Miriam Pike, Richard Rudolph, Eleanor Sauerwein, Lester Schaffer, Thomas Schwick, Florence Stone, Edith Mae Wenger, George Weigand, George Cherry, Ellen Hill, Beatrice Johnson, Harold Johnson, Norman King, William Lewis.

Seventh Grade: Helen May Hudgins, Joseph Kessler, Frank Stone, Norma Schwick, Mary Van Sant, Harry Ward, Fred Bauer, Edna Birkenbach, Letitia Pleasant.

Eighth Grade: William Branch, Betty Bacon, George Downs, Jane Eval, Lorraine Hawke, Doris Meyer, Linda Sacchetti.

Eighth Grade: Mary Schoepfer, Joseph Schweitzer, Wesley Cooper, Jennie De Marco, Thomas Hulings.

Honor Group Certificates

Sixth Grade: William Engle, Alice Kempf, Jack Messenger, Francis Mitchell, Mary Nagle, Jacqueline Stevenson, Franklin Taylor, Norman Bailey, Marjorie Knight, Sonia Nebel, Eleanor Sauerwein, Thomas Schwick, George Weigand, Ella Birkhead, Beatrice Johnson.

Seventh Grade: Norma Schwick, Jean Grassie, Jessie Lippincott, Virginia Miles, Cecelia Sacco.

Eighth Grades: Dean Garwood, Stanley Lipkowitz, Deloris Stephens.

P. H. S. Activity Award, key, 1939—Betty Haines (Jr.).

DRUNKEN DRIVER FINED

Anton Marek, of Humesville, at the wheel of a 1939 Buick was observed driving an erratic course early last Thursday morning by Officer John Robinson, of the Riverton police.

He was taken into custody and was pronounced to be under the influence of intoxicating liquor by Dr. Harry B. Mark.

Upon being arraigned on the charge of drunken driving before Recorder Frank Probsting, Marek pleaded not guilty, but was found to be guilty of the charges and fined \$200, together with \$22.50 costs. He paid.

ABOUT THE COUNTY

The first annual outing of the Burlington County Unit of Young Republican Clubs of New Jersey will be held Sunday, July 16, at the Pig'n Whistle Inn and its surrounding grounds at Browns Mills.

George Whomley, of Burlington, is general chairman of the committee in charge. Other members are: Burlington — Sidney Bookbinder, James Costello and Councilman William "Buck" Wade; Edgewater Park — Mrs. Robert Long; Beverly — Paul Bevelheimer, James Rapagna, Mrs. Dorothy Farias; Delanco — Mrs. Sue Fenimore; Mrs. Lorena Blankmeyer; Palmyra — Freeholder and Mrs. Palmer Adams, Mrs. Elizabeth Chambers; Pemberton — Fred Norcross, Alfred Jones; Mount Holly — Freeholders Albert C. Jones and Clarence Price; Nelson G. Myers, Clifford Massey; Maple Shade — Mrs. Lorena Filippino.

John McHugh, of Jones avenue, Burlington, sergeant-at-arms of the Burlington County District Court, Mount Holly, was awarded \$2,900 in back pay Monday by a jury that heard the case before Judge Frank A. Hendrickson.

The Burlington man contended that he should have been receiving a salary of \$1,500 annually instead of \$900 according to state regulations governing the salaries of county officials. He sued for five years back pay from 1934 and was awarded the entire sum.

The following pupils in the Spring Garden and Cinnaminson Avenue Schools were neither absent nor tardy during the entire school term:

Grade One
Richard A. Little.

Grade Two
Sandra Carroll, Rosalie Lewis.

Grade Three
Jean Elizabeth Buchholz, Jean M. Griffenberg.

Grade Four
Mary Jane Abdill, Catherine Bryson, Raymond Carl Clements, Helen Jane deGothaer, Richard Ulrich, Robert George Ward.

Grade Five
Jo Ann Rose Burger, Shirley Christine, Ruth Helen Cooper, George Stuart DeVinney, Margaret Elizabeth Dilks, Eleanor Margaret Garwood, Marjorie Evelyn McKim, Alfred Edward Nagle, Cecelia Virginia Prisco, Dorothy Eleanor Rhoads, Raymond Robert Rinaldi, Carol Jean Ward.

The following pupils in the fifth grade of the Cinnaminson Avenue building were awarded Certificates of Honor for Excellent Citizenship and high scholastic standing during the school term:

Dorothy Louise Blackbe, Hamilton Cupples Carson, Margaret Elizabeth Dilks, Eleanor Margaret Garwood, William Walter Howe, Stella Marie McCay, Alfred Edward Nagle, Carol Jean Ward.

week's papers as the judges are still working on the final scores and analysis sheets.

On Tuesday, County Scout Executive George A. Darlington and Jack Dalton, program director of this season's camp, were in Asbury Park conferring with officials of the Monmouth County Council on summer camp plans. While there, an inspection tour of Camp Burton was made and everything found in first class shape for the Summer Camping period. Camp will officially open on July 9th. The Burlington County Council quota for the first two weeks has been filled. Other Scout troops that are going to camp will have to hustle to find room in the last two weeks. Plenty of woodland, excellent swimming facilities, with plenty of good, wholesome food will be ready when the Scouts arrive in camp. A splendid staff of leaders have been secured to look after the Scouts in their daily program. Several innovations have been added to the camp program for this season.

Over one hundred and twenty Boy Scouts and scout leaders took part in the Council Camporee that was staged Friday evening and all day Saturday at Strawbridge Park, Moorestown. The Scouts represented fifteen troops in the Council, each troop sending one patrol of eight Scouts. They assembled at the park during the fore part of Friday evening where they were inspected upon arrival by the following Scouts, who were the judges in the Camporee: Scoutmasters, Harry Salmon, of Moorestown; Thomas O. Perkins, Jr., Beverly; Herbert Bloomer, Maple Shade; Robert Butterfield, Jr., Burlington; James L. Moore, Jr., Moorestown, and V. Larwood Caldwell, Delanco. Reginald H. Gill, Council Commissioner, was the Camp Chief and V. Larwood Caldwell was the Chief Judge. County Scout Executive George A. Darlington supervised camp activities.

After the tents were set up and the camp made ready for the night, the Scouts gathered on the shores of the lake, where a camp fire program was held. Each patrol put on a stunt, most of these being on the humorous side, and was greatly enjoyed by visitors, who lined up on the banks.

Throughout Saturday many activities took place. Some of these were the making of camp gadgets, signaling, first aid, compass work and cooking. These Scouts were on their own each group of eight boys being under their patrol leader. No instructions were given but the judges were on the alert to check anything that was not good camp housekeeping. At seven fifteen on Saturday evening, the patrol lined up with their packs for the final inspection. The colors were then paraded, and the patrols passed in review. The scores of the patrols will be given in the next

STATE AID ROAD
FUNDS FOR COUNTY

State Highway Commissioner E. Donald Sterner recently approved the program of the Burlington county freeholders to use \$39,799 in highway state aid funds for the payment of county road and bridge bonds and interest.

Burlington county is taking advantage of the grant of highway aid funds to finance county wide improvements as part of the state highway department-W.P.A. Work Relief Program. As the labor is supplied by the W.P.A., the relief load of the county is lessened and improvements of a substantial nature are obtained.

Burlington County will have \$443,720 in highway aid this year. In this amount will be \$408,720 from the \$5,000,000 apportioned to the 21 counties on the basis of area, population and road mileage, and \$35,000 which is given to each county regardless of size.

The schedule of the Freeholders, in addition to the items for bonds and interest, includes \$217,451 for maintenance and extraordinary repairs of roads; \$68,315 to the maintenance and repairs of bridges and culverts; \$64,903 for the construction and reconstruction of roads; \$44,372 for administration and engineering; \$6,005 for the operation of bridges and \$2,784 for safety lighting.

The following pupils in the fifth grade of the Cinnaminson Avenue building were awarded Certificates of Honor for Excellent Citizenship and high scholastic standing during the school term:

Dorothy Louise Blackbe, Hamilton Cupples Carson, Margaret Elizabeth Dilks, Eleanor Margaret Garwood, William Walter Howe, Stella Marie McCay, Alfred Edward Nagle, Carol Jean Ward.

HEADS WELFARE BOARD
At the organization meeting of the Burlington County Welfare Board held recently, Simon Meyers, of Moorestown, was elected chairman to succeed the late Charles Rauth, of Edgewater Park, who died recently. William B. Fryer, of Mt. Holly, was named as vice chairman, and Miss Martha Venable, of Marlton, as secretary-treasurer.

MANY BOATS AT
REGATTA HERE

Riverton Yacht Club Host to
Shippers of Delaware
River Ass'n

Over thirty shippers of the Delaware River Yacht Racing Association competed in a series of contests held last Sunday afternoon at the Riverton Yacht Club, there being a pair of Stars, six Crickets, 12 Comets and 11 Dusters. Ogden Mattis piloted the only L. I. that was entered.

The Comet race provided the closest competition of the afternoon, with Robert Levin, Riverton, and Beverly club member, beating out the national champion, E. K. Merrill, by the margin of 30 seconds.

There was little to choose between the two boats as they sailed before the wind to the last buoy at the downstream end of the course.

Levin went around the marker first, bore off on the port tack and, with a slight advantage, matched Merrill move for move, going across the finish more than holding his own.

Phil Somervell finished third in the Comet race, coming in only five seconds after Merrill.

Robert Lippincott showed the way to the other members of the Duster fleet, covering the six mile course in the time of three hours and 45 minutes. Howard Lippincott finished one minute behind his brother.

The six Crickets, all from the Beverly Yacht Club had a merry race between themselves, with I. L. Stepham finishing in 3:38, with Farlington going over the line a minute later.

Stan Lippincott won the Star class event, finishing half minute ahead of John Ayres, the only other contender.

Lippincott, in turn was beaten by Og Mattis in the free-for-all for boats over 16 feet, these being the only entrants.

Somervell Wins

Somervell won the free-for-all for boats under 16 feet, with Bob Lippincott in a close second.

The summaries of the various races follow:

SCHOOL AWARDS

At the commencement exercises of Palmyra High School held on Thursday night of last week, Leonard R. Baker, president of the Board of Education presented diplomas to 195 members of the graduating class.

Jack Mathews, senior class president, turned over the class banner to Olga Trotta, president of the junior class.

The following awards were made: Highest scholastic girl's average: Graduate Group Award to Miss Martha Bradley.

D. A. R. essay award: Miss Bradley.

Highest average in class: Graduate Group Award to Miss Martha Bradley.

Constructive service: Graduate Group Awards to Louise Moorhouse and William Philie.

American Legion Awards: Elizabeth Faunce and Albert Mount.

Outstanding athletes—Alumni Association Caps: Samuel Rothbaum and Miss Rita Sacco.

Highest English average: Alumni Association award: Miss June Hires.

Highest average in science and mathematics: Rensselaer award—Herbert Randall.

Highest scholastic average, Palmyra student, P. T. A. award: Miss Marjorie Nace.

Art award—Palmyra Woman's Club—Miss Ruth Baker.

The American Legion awards were presented by Alfred Lippincott.

PRINCIPAL GRADUATE

Miss Jane Rutherford, daughter of Mr. and Mrs. H. K. Rutherford, 623 Edm. avenue, Riverton, was graduated last week from the junior college department of The Principia College, Elmhurst, Illinois. Miss Rutherford has been active in student activities, particularly those which concern music, and is a member of the college choir.

RANDALLS WIN SUIT

William C. Randall was awarded \$683 and his father, Thomas H. Randall the sum of \$162 last week by a jury at the conclusion of a suit heard by Judge Frank A. Hendrickson.

The action was as a result of an auto crash on February 24 at the intersection of Parry and Cinnaminson avenues when, it was alleged, the damage

PALMYRA

Mrs. Helen Carter, of Maple avenue, was the winner in the June 18th drawing of Shulman's Merchandise Club.

Frances Leyshon, a member of this year's graduating class of Palmyra High School, was awarded a scholarship to the College of South Jersey.

Mrs. Harry Bates, of Highland avenue, and granddaughter, Nancy Coates, left Monday for Westfield, N. J., where they will visit Mr. and Mrs. F. Brailard.

Mr. and Mrs. A. R. Mandeville and daughter, of Columbia avenue, will leave on Saturday for a vacation in Florida.

Newly elected officers of the Palmyra Branch of the Auxiliary to the Zorbrug Memorial Hospital include Mrs. M. J. McDermott, president; Mrs. E. Carhart, Jr., vice president; Mrs. H. K. Strang, secretary and Mrs. Elvin I. Powell, treasurer.

Among the graduates from Drexel Institute of Technology Monday of this week were the following young men from Palmyra: Milton W. Rothbaum, bachelor of science in civil engineering; Henry G. Fluck, Jr., bachelor of science in electrical engineering; and Donald A. Gilbert, bachelor of science in chemical engineering.

Mr. and Mrs. Clifton Seal and family, of Maplewood, spent Sunday at the home of Mr. and Mrs. George Seal, of Cinnaminson avenue.

Mrs. William Nash, of Washington avenue, is recuperating in the Zorbrug Memorial Hospital, Riverside, following an operation on Sunday.

Mr. and Mrs. Frank Carlson, of Pennsylvania avenue, are receiving congratulations on the birth of a son last Tuesday at Zorbrug Memorial Hospital, Riverside.

Mrs. Anna Rockhill, of Second street, is entertaining her sister, Mrs. Fannie Marter, of Philadelphia, for several weeks.

The regular meeting of Camp No. 3 P. O. of A. will be held in the P. O. of A. hall this (Thursday) evening.

The Missionary Society of Epworth M. E. Church were entertained at a picnic luncheon on the lawn of Mrs. Rachel Lord, Cinnaminson avenue, Wednesday. The luncheon was followed by the regular meeting.

Joyce and Jack Northrop, children of Mr. and Mrs. Ellsworth Northrop, of Washington avenue, had their tonsils removed at Zorbrug Memorial Hospital, Riverside, this week.

URGES CARE

Citing three unfortunate fatal accidents during the month of May, Motor Vehicle Commissioner Arthur W. Magee today urged motorists to exercise special care while engaged in backing out automobiles from private driveways and on the public highways.

"Don't depend entirely upon your rearview mirror, especially when small children are in the vicinity. Get out of the car, if necessary, and make sure that the way is clear," was the Commissioner's warning.

The three May accidents all occurred on private property. One involved an infant sleeping in a perambulator, another a two year old boy playing in the driveway and the third a four-year-old youngster who strayed behind a car that was backing out from a service station.

There were only four fatal backing accidents during the entire year 1938 as compared with three during the month of May.

RIVERTON

Thelma C. Davis, pupil of Emma A. Price, received her second certificate from the Philadelphia Music Teachers Association, with an average of B plus.

Mrs. Joseph Morgan, of Riverton, has left for Canada where she will spend the summer.

Members of the J. D. Club will hold a cake sale on Saturday morning in front of the Main Street Market.

Rev. and Mrs. J. G. Bickerton and Miss Charlotte Bickerton, formerly of Riverton, are residing at the Chalfonte-Haddon Hall, Atlantic City.

Samuel W. Menefee, 3rd, son of Mr. and Mrs. S. W. Menefee, Jr., of 402 Midway, celebrated his third birthday Wednesday with a party. Guests were Gail Wright, Susan Beaton, Barbara and Constance Evert, Virginia Hooper, Peter Evert, George Hooper, Michael Middleton, of Riverton and Shirley and Marcia Forman, of Woodstown. Colored moving pictures were taken of the affair.

Mrs. Rita Clark, of Bridgeton, who has been spending several weeks with Mrs. Florence Ewald, of Harrison avenue, left for Greensboro, North Carolina, for an indefinite stay.

Mr. and Mrs. Charles DeGrau and son, of Montreal, Canada, spent last Friday with Mr. and Mrs. Robert Hullings, of Thomas avenue.

Mr. and Mrs. Harold Craig and children, Mary Ann and John, of Washington Court House, Ohio, will spend the weekend with Mr. and Mrs. Charles Yost, of Thomas avenue.

Mr. and Mrs. Evert Gest, of Thomas avenue, and Mr. and Mrs. Evert Gest, Jr., and children, of Camden, motored to Stamford, Connecticut, this week.

Milton VanSiver, of Harrison avenue, is in the West Jersey Hospital, where he was operated upon for tonsils and adenoids.

Mr. and Mrs. L. Brewster Jackson, of Elm Terrace, moved Wednesday to Cortland, N. Y.

TRAFFIC LIGHT WATCHERS MENACE

"Traffic light watchers," a term applied by the Keystone Automobile Club to motorists who glue their eyes to the signal when stopped by a red light and start like a flash when the light turns to green, are warned by club officials that the practice is "fraught with hazard."

In recent months many complaints have been received at club offices from persons who narrowly escaped death or injury because motorists paid too much attention to the traffic signal change and not enough to conditions existing at intersections.

"Some drivers appear to believe the green traffic signal gives them exclusive rights," said Edward P. Curran, safety director of the club. "They fail to understand that under all conditions cars must be driven

RIVERTON WINS
IN TORRID TILT

Locals Take Roebing 8-6;
McDermott's Catch a
Feature of Game

Although the spectators enjoyed comparative comfort, the playing field at Memorial Park boiled under a tropical sun last Saturday afternoon and Riverton, together with their Roebing opponents were glad to call it a day shortly before six o'clock when the locals registered an 8-6 win for their fifth win of the season.

The charges of Manager Sims went to work on Burkus, starting hurler for the opposition, in the initial frame and finally drove him to the shade in the fourth with none away.

Two markers came in the first as Karitis singled most opportunely with runners on second and third.

Several More

Another tricked in during the next session by virtue of a single by Baker and an energetic double off P. McDermott's bat. Two more following in the fourth, Baker's two-baser, a similar blow by Brewster and Sutters' single being contributory factors. A pair of Roebing miscues and Baker's third hit were the ingredients for the sixth and seventh markers in the fifth.

Baker, meanwhile, was turning in a most elegant performance on the sun-baked mound. Roebing got a scratch hit in the fourth and another in the fifth, seven batters fanning during the first five frames.

Hits Too Well

Baker, however, had been hitting too well for his own welfare, getting no opportunity for rest between innings and spending most of his time perched on one or another of the bases. This expenditure of energy took its toll in the sixth and the opposition got to him for three hits and a brace of runs. Diffenbaugh was sent into the battle with two out and was cuffed for two more blows that produced a brace of runs before the uprising was extinguished.

Things quieted down thereafter, but Diff helped the cause along by polling out a very lusty homer to deep center in the seventh. Paul McDermott earned a round of vigorous applause by making a daring catch of Pfeifer's scorch in the eighth.

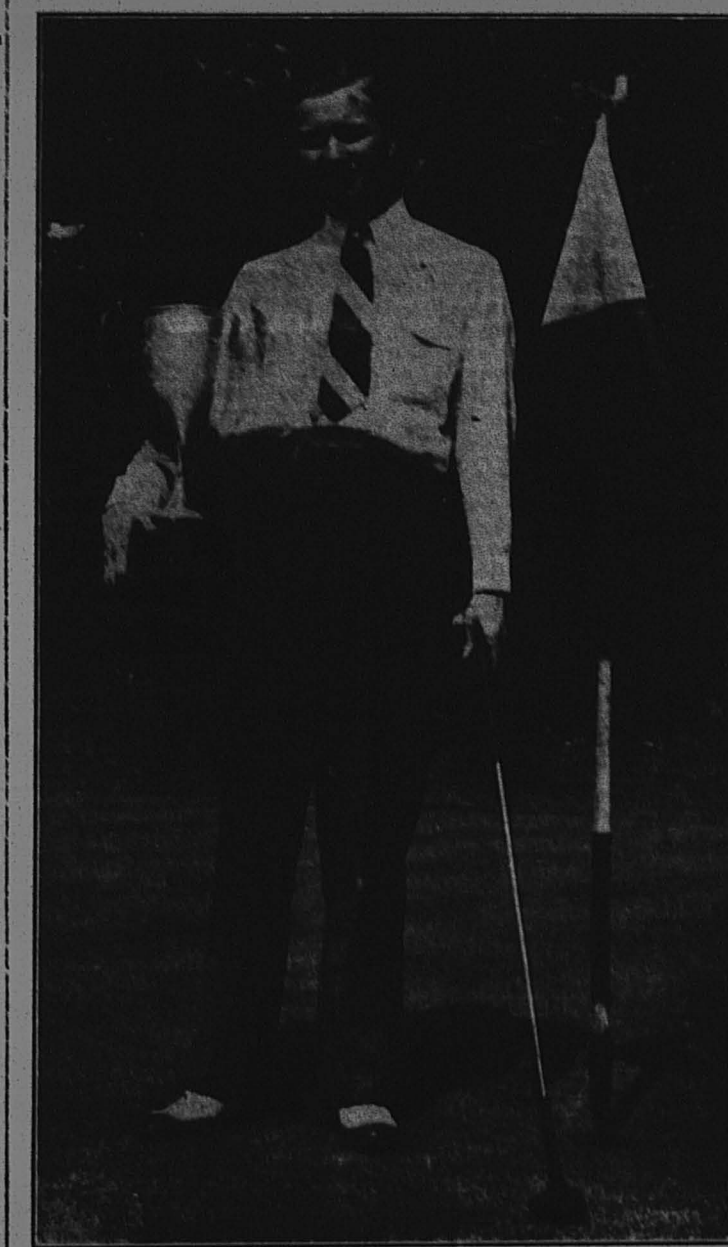

Late Rally

Roebing made little trouble until the ninth with two away when a revolt threatened, for a time to get out of hand. Allen swung on a wild pitch for his third strike and thus reached first very cheaply. Chianti then hoisted one over McDermott's head in center field and the score was 8-6. Kostrub reached first on an error, but Niciti tapped weakly to the box and the affair was a matter of record.

Sutters, in addition to Baker, shared local batting honors, the third baseman getting a pass, two singles and a double out of five trips to the platter. Brewster, with a double and single was the only other Riverton player to connect safely on more than one occasion.

WINS GOLF TROPHY

WALTER D. LAMON, JR.

won the Realtors' Championship and the coveted Hotel Traymore Golf Trophy from a field of one hundred contestants in the New Jersey Association of Real Estate Boards by turning in a score of 73 at the Deal Golf Club, Deal, N. J., on Friday. Lamon represented the Burlington County Real Estate Board.

The Palmyra Realtor got off to a bad start by finishing the first two holes in three over par, but soon threw off the jinx and got through the next sixteen in one under par. The score was as follows:

	1	2	3	4	5	6	7	8	9	Total
Par	4	4	4	4	4	3	4	3	3	35
Lamon	5	6	4	4	3	3	5	3	4	38

GAMES POSTPONED
In respect to Walter C. Wright, president of the Memorial Park Softball League, the games slated for Monday night of this week were postponed until Monday, June 26. The contests slated for this (Thursday) evening will be played according to the schedule.

Country Club
Notes

Wins Championship
Mrs. Richard Lippincott became the ladies' champion last Friday when she defeated Mrs. W. L. Hendrickson 1 up in 18 holes.

Mr. and Mrs. Earl Shrader, Mrs. J. C. Anderson and Richard Morgan competed in the Fridolyn Cup tournament last Saturday.

G. M. Bartlett beat W. D. Lamon, Jr. 1 up last week in a semi-final round match for the Lippincott Trophy. The winner meets Rev. Colwell for the cup.

Club Championship
Matches played last week.

First Sixteen
Conroy beat Coe, 1 up 19 holes.
Sheble beat Murphy, 1 up.
Lippincott beat Dr. Siddall, 3 and 2.

Second Sixteen
Dr. Meyer beat Bartlett, 3 and 2.
Cooper beat Ferri, 2 up.
Seither beat Vilsack, 1 up.
Walburn beat Allen, 3 and 2.

Third Sixteen
A. Ferguson beat Collins, 1 up.
Chalmers beat Bartley, 4 and 3.
King beat Phillips, 1 up.
Blyer beat C. Ferguson, 1 up.
Kistmiller beat Clement, 3 and 2.
Second round play is scheduled for the coming weekend.

Schedule
The second half schedule follows:
Monday, July 3—
Broadway vs. Cubs.
Fortnum vs. Parry.

Thursday, July 6—
German Kitchen vs. Sigma Kappa.
K. of C. vs. Dawley Olds.
Monday, July 10—
Sigma Kappa vs. Dawley Olds.
K. of C. vs. Broadway.

All Teams Will
Be Uniformed

At a meeting of the managers and officials of the Memorial Park Softball League held last week, it was decided by a unanimous vote that all teams comprising the league must be informed during the second half of the season which is scheduled to start on Monday, July 3. All managers have signified their intention of complying with this edict and it is expected that the terms will be the same as during the first half.

New Name
There will be one change in designation, however, as the outfit known as the Athletics will blossom forth in fancy new uniforms and under the new appellation of German Kitchen.

A ruling which should benefit the teams in the second division is that the Cubs, Sigma Kappa, K. of C. and Parry may bolster their lineup without regard to residential restrictions that were imposed during the first half. The first four outfits will still be governed by the existing rule and this should tend to make the second half race considerably closer and provide more interest to players and spectators alike.

Schedule
The second half schedule follows:
Monday, July 3—
Broadway vs. Cubs.
Fortnum vs. Parry.

Thursday, July 6—
German Kitchen vs. Sigma Kappa.
K. of C. vs. Dawley Olds.
Monday, July 10—

How Did They Do It?

According to the financial writer of the Boston Transcript, "with the unemployed amounting to one in every thirteen in the United States, our showing is worse than that of the British during the low spot of 1932."

Here is cause for some real concern. Here we have a national debt that is rapidly mounting toward the fifty billion mark, and one out of every thirteen employable persons is still out of work.

But over in Great Britain the situation is different. London did not adopt the New Deal. There was no reckless attempt to prime the pump and spend John Bull into prosperity—no endeavors to induce John Bull to pull himself out of the mud puddle by his own bootstraps.

Yet England is now apparently on its way to normalcy with its unemployment problem solved and its budget practically balanced. Yet we, with all the New Deal college professors to help us, and an expenditure of forty billions in five years, are now about where John Bull was when he got to the bottom of the puddle in 1932.

Now when the New Deal leader who is criticized for the failure of his policies, retorts by asking his critic "what else is there to do?" one might ask him to study the British example.

And, in passing, it may be stated that Uncle Sam has just overlooked a bet. The gracious King and Queen of England visited the United States recently and attended a garden party at Washington. Now why didn't somebody think to ask them how they had got out of their muddle over in England?

The Strike Situation

On May 6 the employees of the Kieckhefer Container Corporation belonging to three unions went out on strike and the plant has been entirely closed since that time, despite several attempts to settle the difficulty.

In a statement issued by officials of the company of May 17, the assertion was made that the strike was not called because of any dispute over wages, hours, or working conditions.

The backbone of contention, according to the company, is whether or not the corporation shall recognize the International Brotherhood of Teamsters, Chauffeurs, Stablemen and Helpers as the sole bargaining unit for seven classifications of workers, including warehouse men, platform men, loaders, checkers and crane operators.

The company takes the position that such classifications in most instances comprise a minority group in a large number of purely production departments, although the membership of some employees in these classifications in the Teamsters Union has not been questioned.

The company, according to its statement, has already recognized three unions, whose members comprise the majority of the workers at the plant.

The company also states that negotiations have ceased, due to the fact that the head of the Teamsters Union refuses to bargain further and is joined in this move by the representatives of the other two organizations.

If this assertion is in keeping with the facts, and The New Era has no information to the contrary, it would seem that many unnecessary hardships were being inflicted upon the majority of the workers at the plant because of their enforced idleness in a cause where they seem to have nothing to gain.

In other words, apparently hundreds of men lost their means of livelihood for several weeks over the purely technical matter as to what union shall bargain for a very small minority of the personnel. It appears high time that a settlement of this sorry situation were in order.

At this time, also, may it be stated that the columns of The New Era are open to any communications from union representatives who may desire to present facts which they believe to be in variance with the substance of this article.

YMCA BRIEFS

Camp Personnel

Mrs. Charles S. Beckwith, chairman of the Personnel Committee of the girls' camp, announced the following personnel for Matolonequay this year: Camp director, Mrs. Evelyn Sloan Smith; Miss Patricia Farnham, of Collingswood, will have charge of the office and will be assisted by Ann Brown, of Burlington; Emily Worrell, of Pemberton, will again be in charge of the dining room; the Water Front will be in charge of Mrs. Elizabeth Conard, of Atlantic City; Life Saving and land sports will be handled by Mary Rice, of Burlington; horseback riding will be directed again this year by Marie Meves, of Pitman.

The girls camp is divided into three units known as the junior, middle and senior areas. Mildred Grissom, of Medford, will supervise the Junior area, Virginia Lanning, of Trenton, the middle area, and Tillie Shillingburg, of Plainfield, the senior area. Music and dramatics will be the special charge of Ruth Barnett, of Sewell; boating and canoeing will be the special task of Bernice Thomas, of Woodbury; Mrs. Carl Gray, of Bridgeton, will be in charge of arts and crafts; nature study and pioneering will be directed by Cora Gwin, of Pitman.

Counselors

The following counselors have consented to serve as tent leaders for the coming year: Mary Jane Bowers, Woodbury; Marian Darwell, Moorestown; Ruth Darwell, Moorestown; Jeannette Dean, Jackson Heights, N. Y.; Anna Haines, Medford; Doris Hyland, Edgewater Park; Mary Helen Lee, Moorestown; Ruth Macan, Perth Amboy; Claire Mawson, Philadelphia; Martha MacQueen, Trenton; Mary Ellen McGrath, Burlington; Barbara Ramsey, Arlington, Va.; Miriam Roedel, Frankford, Pa.; Connie Scull, Pitman; Jean Shinn, Burlington.

ROAD CONSTRUCTION

Browns Mills-Cookstown Road, New Hanover and Pemberton Townships, bridge closed. Detour Browns Mills to Wrightstown to Cookstown.

Chesterfield-Georgetown Road, in Chesterfield township, two and three-tenths miles and Jobstown to State route 38, Springfield Township, two miles, under construction with traffic maintained.

Chesterfield - Crosswicks Road closed during construction. Detour by way of Bordertown-Chesterfield Road.

Anna Tatum, Trenton; Helen Winters, River Edge; Mildred Woolf, Oxford; Virginia Snuffin, Lindenwald; and Betty Hardy, Merchantville. The following colleges are represented among Camp Matolonequay's counselors: Glassboro Teachers, Trenton Teachers, Temple, Oberland, Wheaton, Hood, Ursinus, West Chester Teachers, Vassar, Bryn Mawr and Altire.

Ockanickon

Clement A. Duran, executive director of the Y.M.C.A. Camps, announced that the following have been asked to serve on the Ockanickon staff: office secretary, George Dare; assistant, William Bethune; program director, George Boehner; camp doctor, E. Wayne Marshall, Jr.; in charge of leadership and guidance, Carl Herckner; horseman-ship, Frank Titman; music, James L. Spangler. The following counselors have also responded: Anthony Turi, Henry Goodhand, Jr., Joseph Gillam, Robert F. Boyd, Chester W. Smith, Jr., Hubert Scherer, Harry T. Saurman, James Romano, Willard Mount, Clifford Meeks, Joseph MacAllister, David F. Lukens, William J. Irish, George A. Guenshe, Harry E. Beven, Allen C. Duff and Charles A. Smith.

Guy C. Hendry, secretary of the Y.M.C.A. of Burlington county is continuing to receive registrations for both boy and girl camps and his staff is prepared to interview and counsel parents as to summer plans for their children.

OLDS SALES UP

Retail sales of Oldsmobile State and Rights continued on their upward trend and for the month of May totaled 13,034 for a gain of more than 20 per cent over the 10,151 cars sold during May last year, according to a statement issued today by D. E. Ralston, Oldsmobile's general sales manager.

"Oldsmobile sales for the first five months of this year now total 68,750 units to show a gain of 47 per cent over the 41,369 cars sold by our dealers during this same period last year," Ralston said. "Sales for the last 10 days of May this year totaled 4762 cars," he added.

While Oldsmobile dealers were enjoying one of the best new car selling periods of recent months they also were successful in selling 47,034 used cars which is the biggest used car sales volume of any month since August of 1937, Ralston stated.

FISH FOR TAUNTON

Taunton Lakes, in Burlington county, will soon be restocked with fish through an arrangement made this week by Congressman D. Lane Powers.

Applications for fingerlings to be placed in Centennial Lake and Fish Pond, of Taunton Lakes, were sent to the Congressman for his approval by E. T. Harbaugh, chairman of the Fish Committee of the Old Taunton Lakes Colony Club. Powers endorsed the applications and forwarded them to the Bureau of Fisheries of the Department of Commerce, the director of the Bureau advised him the fingerlings would be sent as soon as practicable. Uncertainty of hatchings, the Bureau declared, made it impossible to fix an approximate date for delivery of the fish.

GLASS HOUSE REVEALS MODERN HOME

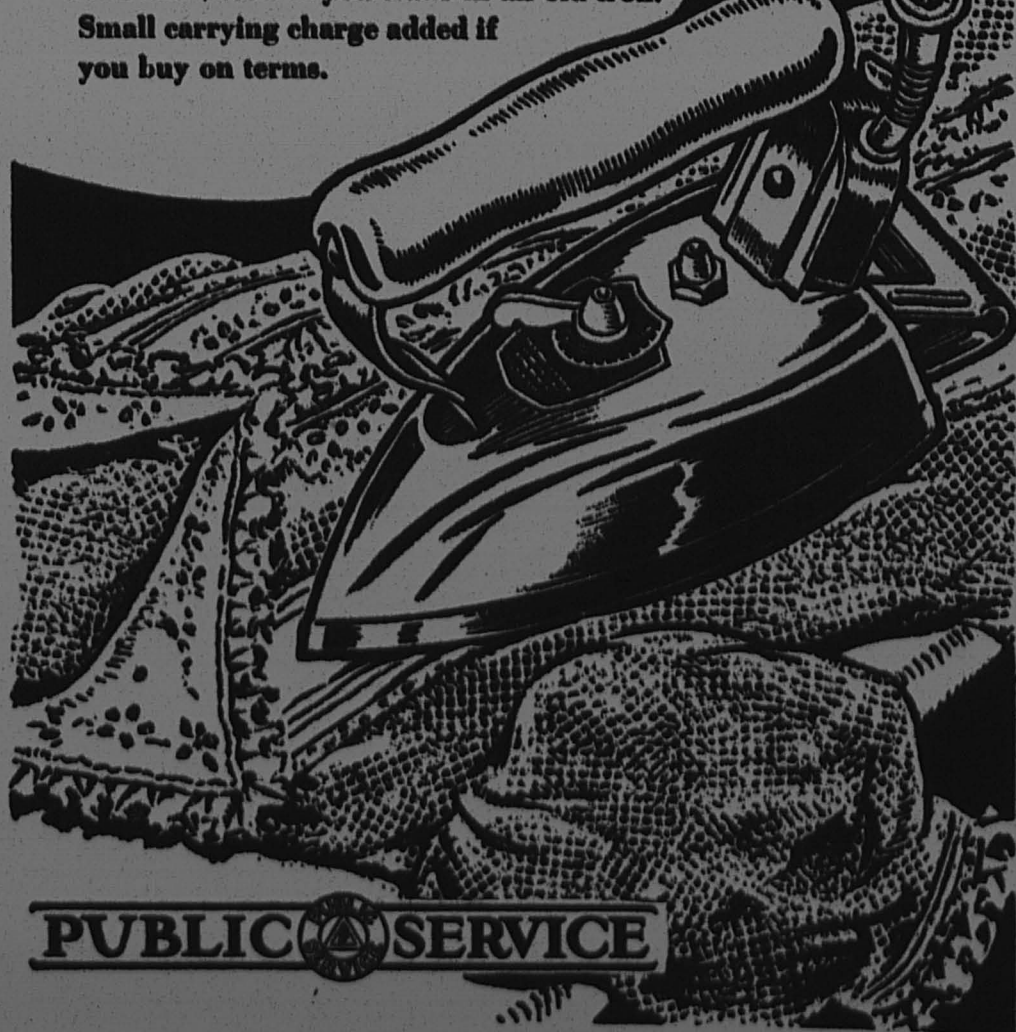

A glass house which reveals how the hidden equipment of a home operates will be displayed in the Building Materials section of the New York World's Fair. Miniature bathrooms, kitchens and heating apparatus also will be shown.

FINE IRONING requires a good iron.

Use an electric iron with automatic heat control. American Beauty, regularly \$8.95,

sells for \$7.95 if you trade in an old iron.

Small carrying charge added if you buy on terms.

PUBLIC SERVICE

Visit the Forward March of America—The Electric Utility Exhibit at the New York World's Fair

YWCA NOTES

Camp Staff

Anna Mae Little will be a member of the swimming staff at the New Lisbon day camp directed by Miss Virginia Shim, girls' work secretary, of the Burlington County Y.W.C.A. Each period is divided into three groups—beginners, swimmers and advanced swimmers. Miss Little will assist Dorothea Reeder, of Columbus, in the beginners' class. Other swimming staff counselors are Betty Reeder, of Bordertown, a junior at Trenton State Teachers College, head of water sports and instructor for advanced swimmers. Nora McHugh, of Burlington, instructor for swimmers.

Lois Kirby, of Medford, assisted by Alice Ruth Bruce, of New Lisbon, will supervise canoeing and boating.

Grace Goble, of Toms River, this year's graduate of the Burlington County Hospital, will be the camp nurse, and instruct in first aid.

Betty Conrow, of Burlington, will teach tennis. Other members of the sports staff will be Kay McGonigal, of Mount Holly, head of sports, Mary Lee and Adale O'Bonnell, also of Mount Holly, will teach archery and baseball. Betty McGrath, of Roebing, and Mary Bradley, of Wrightstown, will have charge of pioneer camping, and hiking.

Mrs. Mildred Trostle Bishop, of Delanco, will head music and Ella Keane, of Maple Shade, will be in charge of dramatics assisted by Betty French, of Moorestown.

Barbara Anderson and Sophie Szymanski, of Burlington, will assist Charlotte Hills, of Bordertown.

SOFTBALL TOURNAMENT

At the meeting of managers having teams entered in the New Jersey State Softball Tournament, held in Burlington Tuesday night the following teams were represented—Beverly Clowns, of Beverly, Clover Club, of Burlington, Independent Fire Co., of Maple Shade, Burlington County Shoe Company, of Mt. Holly, and the Green Horns, of Florence.

Miss Mary G. Gill, district commissioner represented the New Jersey Softball Association and presided over the meeting. It was decided to play a full nine inning game whenever possible, that each team would put in a new ball at each game, and that the reporting time for teams on the playing field would be 6:30 P.M. Any team reporting after 7 P.M. would forfeit the game. The teams were drawn as follows—Mitchell vs. Burlington County Shoe, Hope Fire Co. vs.

as instructors in crafts.

Miss Jean Lee, of Mount Holly, assisted by Laura Mae Kelvey, of Jobstown, will be in charge of the business office. Miss Virginia Shim, of Merchantville, girls' work secretary, of the Burlington County Y.W.C.A. will be camp director.

ANOTHER WIN

Riverton A. A. chalked up another win last Wednesday night when Masonville came to Memorial Park and went home on the short end of a 7-5 count. The conflict went eight innings, being called at that time on account of darkness.

Leonard started on the mound for the locals and was replaced by Groome, who worked for one frame before developing a fit of weakness.

Diffenbaugh came in from right field to finish the tilt and he held the opposition under complete subjugation at all times.

Clover Club, Riverton vs. Maple Shade, U. S. Pipe vs. Beverly Clowns. The playing dates and location of fields will be announced later. The arrangements within Burlington county are being made by the W.P.A. Recreation Project of this county.

RIVERTON LAUNDRY

Wet wash picked up by our drivers by 2 o'clock Saturday afternoons delivered on or before 8 o'clock Monday mornings.

N. Kuensell, Prop.
RIVERTON, NEW JERSEY

About Banks

Federal financing and spending have so diverted the normal flow of private credit that the banks of the United States have been "all but ruined as lending agencies," Senator W. Warren Barbour of New Jersey charged recently in a new attack on the government's fiscal policies.

Picturing a condition in which the banks have become "bond addicts," helpless to break the habit of putting surplus funds into Federal security issues or resume their traditional and necessary function in the economic scheme, Senator Barbour declared the only alternatives are for the government to stop new borrowing or go into the banking business. He criticized the latter course as financially dangerous, and certain to lead to trouble also in mixing banking with politics.

"Everyone knows that bank credit has practically dried up at a time when the banks are overflowing with funds," Senator Barbour said, "and that the business community no longer is being served as it must be if the country is to go ahead."

"The average man of good character and business judgment, who formerly could walk into a bank and borrow on sound security, personal standing, or to expand a growing business, cannot do this now and has not been able to do it for several years. Thus we have proposals that the government go into the banking business, to make small loans which the banks ought to be making and which they would make if circumstances were such as to permit it."

"What are these circumstances? Why are the banks refusing to make loans? What prevents them from doing so?"

Explanation

"In studying this problem I have talked with bankers, business men, borrowers, would-be borrowers, and some of the highest officials in the Federal government. The explanation seems to be clear:

"1. There is conflict and confusion of counsel in connection with bank examinations by Government agencies.

"2. The absorption of government securities by all banks—state and national—has reached the point where the banks have become bond addicts. The addiction is so well established that the banks cannot quit. They must take heavier and heavier doses of government bonds to keep going. The result is that private credit has dried up, and the banks have been all but ruined as lending agencies, except as they lend to the government for public spending.

"What are the alternatives? To my mind there are only two:

"One of these alternatives is for the government itself to go into the banking business. In my judgment this would be dangerous. In the past it has been proven so. Our experience in mixing banking and politics has never been a happy one. It led to the historic war between President Jackson and the United States Bank, ending in the bank's failure after the government had withdrawn its deposits. More recently the government has taken losses running into the billions in making commodity loans in the name of relief or farm aid—which is simply banking under another name. Also, as President Benson of the American Bankers Association reminds us, there is no more direct way to capture control of a country than through its credit system.

"As the other alternative, the government can live within its income, quit borrowing except to refinance existing issues, and begin to pay its debts. This would ease the pressure on the banks and release idle funds for use in local communities, or permit them to find their natural markets in response to the business demand. The government can also simplify and unify its supervision of the banks, and adopt policies which again will allow bankers who know

their people to make loans on something other than government security.

More Than Depositories

"Banks must be more than depositories of idle funds. They are not organized simply to receive and safeguard deposits, and should not be one-way financial streets. Traffic in money must move both ways, and velocity must be added to volume if we are to clear the present congestion and restore the indispensable basis of all trade. As trade forms the fabric of civilization, social progress slows and stops in proportion to the decline in business.

"There is another danger in the present situation also, no less acute because it is invisible. This is the substitution of bond inflation for old-time currency inflation. Instead of issuing 'printing press money,' we issue 'printing press bonds,' and supposedly secure the money with bonds which have precisely the same security back of them as 'printing press money.' Even granting that a part of the present national debt is secured by gold and other sound assets, this is the road to inflation and eventual destruction of our economic and social system.

"I cannot agree either that there is no need for additional bank credit, or that new banking agencies are necessary. The machinery of credit is well organized, well protected except for Federal interference with its proper functions, and able to serve the country adequately if released from the grip of its addition to public lending, for which the government itself is responsible.

"Everyone with whom I have talked who can be considered an authority on the subject admits that it is not the banks but the government which has ruined the credit market. Having been forced to invest a disproportionate share of their funds in government securities, the banks in self-defense must continue to support the market for Federal bonds for their own protection. They are helpless, and under existing conditions cannot possibly resume their former function as reservoirs of credit from which funds can be obtained as needed to serve the needs of business. This condition can only grow worse unless the government itself calls a halt on borrowing. And that necessarily calls for less spending.

THE PEOPLE'S COLUMN

There are a few folks who do not seem to realize that the American Flag is the symbol of the things we all cherish highly, and that may be the reason they fall in giving it the proper reverence. Will you please publish the following as a reminder:

Salute to Flag in the proper manner is described in a U. S. Army Recruiting Office publication "How to respect and display the Flag," as follows: "During the ceremony of hoisting or lowering the Flag, or when the Flag is passing in a parade or in a review, all persons present should face the Flag, stand at attention, and salute. Those present in uniform should render the right hand salute. Those men not in uniform should remove their headress with the right hand and hold it at the left shoulder, the hand being over the heart. Women should salute by placing the right hand over the heart. The salute to the Flag in a moving column is rendered as the Flag passes."

BURLINGTON COUNTY ORPHANS' COURT

In the matter of the) On Petition for
Estate of Laura B.) Decree of
Davis, deceased.) Insolvency.
NOTICE

Pursuant to an order of the Orphans' Court of the County of Burlington, made on the 14th day of March, 1939, upon the application of C. Kenneth Davis, Administrator of the Estate of Laura B. NEW TYPE OF CAMP PROGRAM

Introduced at Ockanickon This
Season Especially for
Older Boys

A camping project which is drawing a wide range of interest from parents, educators and citizens interested in the character training of youth, is being initiated by Y.M.C.A. Camp Ockanickon, starting with the opening of camp on July 8. This new unit in camping, known as the Leadership Training Camp, will help to solve the summer problem for boys who have passed their fifteenth birthday. Many parents have been puzzled as to what to suggest by way of summer plans for those boys too old for regular camping and still too young to have some sort of a summer job. Not only will this new camp experiment help provide a worthwhile summer vacation, but it definitely provides an opportunity for a boy to train himself to be a more useful citizen during the fall and winter months, in his school, church and Y.M.C.A. life.

These older boys between the ages of 15 and 17 can now enroll at Camp Ockanickon under a plan where one half of their time is spent in training and acting as assistant counselors, and the other half working on projects which challenge their interest and attention. These activities include overnight canoe trips on the Delaware River, three day canoe trips, studying the early history of this section of New Jersey and many other adventurous units.

Subjects

Subjects to be offered in the leadership training course are as follows:
In the first period, church group leadership is a study of youth's place in the church; the study of the worship, educational, recreational and social programs in the church with the thought in mind of developing greater loyalty on the part of young people.

The Hi-Y leadership group will take up the study of organization, committee service, membership policies, induction ceremonies and officers' duties. Time will also be spent on program procedure, which will include club projects religious programs; social activities; service plans and money raising.
In the second period, the Arts and Crafts course will embrace elementary work in wood, leather and metal, together with design and decoration. During the past few years there has been an increased interest in handicraft. (Something is contributed by the maker, expressed by his skill and effort that enhanced its value.)

The purpose of the Life-Saving course will be to qualify leaders as swimming instructors, and in some cases, examiners, in swimming tests. Test will be given those ready for examination.

Leadership

In the third period on Recreational Leadership, emphasis will be placed on the study of how and why physical education started; how it developed and what it offers to those who prepare for it. The course will also present a series of active outdoor games that can be used with large or small groups. Officiating in basketball, baseball, and volleyball will also be covered.

In the democratic organization of government much stress is placed on Parliamentary Law. How is a group organized? What are the duties of the presiding officer, etc? Many of us find ourselves part of a young people's group, a Hi-Y or other organization and we'd like to know the correct procedure. This and much more will be learned in the Parliamentary Course.

Investigate

The Counselor and Camp course, required for the full six weeks, is given by the camp director and will be held three times a week. The complete set of "tools" which the camp counselor uses in his effort to build character in boys will be discussed.

Members of the Hi-Y Clubs and Y.M.C.A. groups of Burlington County are especially invited to investigate this new venture. As the registration is limited to forty older

URGERS FARMERS TO KEEP RECORDS FOR 1940 CENSUS

The next census will be taken in 1940, and if farmers are to cooperate to the fullest in this important national undertaking they will need a good set of records for their farm this year, Burlington County Agricultural Agent, Charles A. Thompson, points out.

The census will cover 1939 crop acreage and production, classes of livestock and livestock products, uses of land, items of farm finance, expenditures and facilities, according to information received from the Bureau of the Census.

It is vital to the interest of every farmer and farm woman and everyone else that up-to-date, accurate figures along these lines be obtained on a county, State and National basis, such as is done in the census, Thompson says.

The county agent explains that records will be helpful to farmers in many other ways.
The "S. S. City of Delhi" recently arrived at the Port of New York with \$2,500,000 worth of South African diamonds as part of her cargo. The jewels will form part of a \$5,000,000 display in the House of Jewels at the New York World's Fair.

boys, parents and older boys interested should communicate with Secretary Guy C. Hendry, at the County Y.M.C.A. Office, Mt. Holly, or with the Executive Secretary of the Y.M.C.A. Camps, Clement A. Duran, at Medford, New Jersey.

Her Wedding ... Cake ...

It is an old Bermudian custom to place a tiny tree on top of the wedding cake. Later, the couple will plant the tree near their home.

THE wedding day draws near and the bride's family is in a whirl of excitement. Mother plans to make the wedding cake and has chosen the inexpensive "1-2-3-4 Cake" recipe. With the time and temperature-controlled oven the cake will be easy to bake. Decorations will be flowers of pure white icing although icing in pastel shades could be used. The flowers are made by squeezing the icing through a pastry tube or a cone made of heavy paper.

WEDDING CAKE

1 cup shorten- 4 eggs, beaten
ing 4 tps. baking
2 cups sugar powder
3 cups flour 1 cup milk
1 tsp. vanilla ¼ tsp. mace
Cream the shortening and sugar and add the beaten eggs. Mix and sift flour, baking powder and add alternately with the milk; add flavorings. Bake in three nine inch layers or in a loaf; with automatically controlled oven set at 375 degrees for twenty-five minutes for layers; 350 degrees for forty-five to sixty minutes for loaf.

NOTE: — For a three-tier wedding cake use 3 times the above recipe. Do not make more than double the recipe at one time.

Temperature 325 degrees.
One—12 inch pan—baked for 1 hour and 20 minutes
One—10 inch pan—baked for 1 hour and 10 minutes
One—8 inch pan—baked for 1 hour (pans are 2 inches deep)

Ornamental Frosting
4 egg whites ¼ tsp. cream of tartar
3 cups sifted 1 tsp. vanilla
sugar

Beat egg whites with two tablespoons of sugar for three minutes; continue to beat and add same amount of sugar at a time beating thoroughly after each addition, until a knife cut down into frosting makes

OBITUARIES

WRIGHT O. VANDEGRIFT

Interment ceremonies were held last Friday afternoon, at Lakeview Memorial Park, for Wright O. Vandegrift, who died months ago at Samoset, Florida.

The deceased was a resident of Palmyra for many years, spending the winters in the Florida community.

He is survived by a daughter, Elizabeth, of Parry; a sister, May V. Buck, also of Parry, and two nephews, George Dorworth, of Cinnaminson, and Charles Dorworth, of Treves, Pa.

Mr. Vandegrift was a member of several organizations, including the Odd Fellows, Knights of Pythias, Red Men and the P.O.S. of A. Rev. Albert J. Harke was in charge of the ceremony and interment was under the direction of Frank A. Snover.

ANNA M. BAUER

Mrs. Anna M. Bauer, wife of John F. Bauer (nee Schmierer) died June 14.

Funeral services were held on Saturday at 2 p. m. from her late residence, Burlington Pike, Rev. A. J. Harke officiating. Interment was made in Morgan Cemetery under the direction of Frank A. Snover.

ONE MILLION METERS
The one-millionth electric meter in active service on the company's lines was installed by Public Service Electric and Gas Company June 9 in the new post office in Harrison. John S. Ware, general superintendent of the company's electric distribution department, connected the service wires completing the setting of the meter in the presence of Postmaster Vincent J. Tuite and officials from the electric department of Public Service.
When Public Service Corporation of New Jersey was formed in 1903, there were 18,292 electric meters in active service on the company's lines. Ten years later the total had increased to 100,000 and by 1921, to 300,000. Approximately 100,000 meters a year were added to the lines from 1923 to 1927 and, at the end of 1938, there were 996,008 meters in service.

Church Notices

METHODIST CHURCH

Rev. William A. Boyd, Pastor
"The Bible as a Book of Life," is the subject of the sermon to be delivered in the Methodist Church this Sunday morning at eleven o'clock. Chaplain Earl Warner will be the representative of "The Gideons" to tell us about the practical service of the Gideons in distributing Bible's in hotels throughout our nation. The Epworth Mixed Quartet will sing in this service.

"Diamonds Within" will be the subject of the sermon to be delivered by Mr. Boyd, in the Grove service this evening at 7 o'clock. Music will be supplied by the brass quartet and Miss Pennington will play a trumpet solo.

Mayor Ward will address the Men's fellowship Bible Class this Sunday morning at 9:45.

The Sunday School Picnic will be held on Saturday, July 15. Details of the picnic will be announced later.

The outing of the Friendly Choir will be held on Tuesday, June 27. All members of the choir will meet at the church at 8 o'clock and return from Ocean City at 4:30 p.m.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B. D., Pastor
Services Sunday, June 25th.
Bible School 10:00 a.m.—This being the last Sunday in the quarter, there will be an open session, with a program arranged from the platform.

The School will be addressed by Miss Grace Hatch, of the Italian Center of Camden. A very interesting and inspiring program that should interest every member. Don't forget to bring visitors.

Morning Service, 11:15 a.m.—"The Message of the Book of Jonah to this Age" will be the subject of Pastor Lockett's sermon. Solo and anthems by the choir.

The evening services of the church of Palmyra are being held in the Municipal Grove from 7 to 8 o'clock every Sunday evening during the balance of the summer. The second of the series will be held this Sunday evening with Rev. William A. Boyd, pastor of the Methodist Church, officiating.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor
Sunday is the Third after Trinity. At the chief service, 11:00 a.m., the pastor, the Rev. Oliver W. Powers, will preach on "The Application." Mr. Charles King Wynkoop will read the Service. Mr. Wynkoop recently completed his second year of study at the Lutheran Seminary, Mt. Airy, Pa. He will assist Mr. Powers in all phases of the work of the parish during the summer months. Mr. Wynkoop is the son of Mr. and Mrs. Charles Wynkoop, 714 Morgan avenue, Palmyra.

The Church Sunday School meets at 10:00 a.m. The lesson for Sunday in most departments will be "Paul Reviews His Life." This will end the series for the quarter. A new series will begin the following Sunday entitled "Lessons From Israel's Leaders."

Rev. Boyd, Methodist minister, will preach on Sunday evening at the Community Grove service, 7:00 o'clock. All members of Bethany Church are asked to be present.

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist

Thomas Ave. and Seventh St.
Riverton, N. J.
Sunday School, 11 a.m.
Sunday Services, 11 a.m.
Wednesday, 8:00 p.m.
Reading Room in Church Building
Thomas Ave. and Seventh St., Riverton, open Tuesday and Friday, 2:30 to 4:30.

"NEW" ICELAND REVEALED

Iceland, popularly supposed to be an Arctic waste, will reveal her riches and beauty at the New York World's Fair 1939. The island's livestock, dairies, fisheries, and scenery will be shown. On a huge map, Viking ships will "sail" for Greenland and North America, tracing the route of Leif Eriksson and Thorfinn Karlsefni, eleventh century discoverers.

POPULAR CITIZEN PASSES

WALTER C. "SONNY" WRIGHT
leader in Riverton civic activities, whose sudden death last Sunday saddened the entire community.

WALTER WRIGHT

DIES SUDDENLY

(continued from page 1)
Union League, Philadelphia. He also served with distinction in the World War. In business, Mr. Wright was an executive of the Standard Index Card Company, of Philadelphia.

Services

Sonny is survived by his father, Charles A. Wright, a brother, Arthur, of Merchantville, and three sisters, Mrs. Robert Knight and Mrs. G. Rex Showell, of Riverton, and Mrs. E. W. Mooney, of West Orange, N. J.

Funeral services were held from the Snover Funeral Home on Wednesday afternoon of this week, with Rev. Francis B. Downs, pastor of Christ Church, Riverton, officiating. Interment was in Morgan cemetery under the direction of Frank A. Snover.

CHRISTIAN SCIENCE CHURCH

"Christian Science" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, June 25.

The Golden Text is: "Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains: for the Lord hath comforted his people, and will have mercy upon his afflicted." (Isaiah 49: 13).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband. And there shall in no wise enter into it any thing that defileth, neither whatsoever worketh abomination, or maketh a lie: but they which are written in the Lamb's book of life." (Revelation 21: 2, 27).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This spiritual, holy habitation has no boundary nor limit, but its four cardinal points are: first, the Word of Life, Truth, and Love; second, the Christ, the spiritual idea of God; third, Christianity, which is the outcome of the divine Principle of the Christ-idea in Christian history; fourth, Christian Science, which today and forever interprets this great example and the great Exemplar" (p. 577).

Dr. Albert Einstein, world-famed physicist and originator of the theory of relativity, is chairman of the Advisory Committee on Science of the New York World's Fair.

PRIZES DISPLAYED

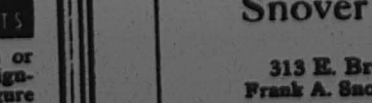

Prizes for Riverton's Fourth of July celebration are displayed in the window of L. L. Keating's store.

N. J. DAY AT FAIR

In a proclamation issued this week, Governor A. Harry Moore calls on all city officials to join with the State in the observance of June 28, New Jersey Day at the New York World's Fair, as a holiday and he also asks that all patriotic and civic organizations participate in the ceremonies so that the celebration will be an outstanding event on the World's Fair program. The date also marks the 161st anniversary of the Battle of Monmouth.

POWELL ASSUMES DUTIES

State Senator Clifford R. Powell, of Mount Holly, and Delanco, took over the duties of his new post as Major General, commanding officer of the New Jersey National Guard, on June 21.

NOTICE

"Notice is hereby given that sealed bids will be received by the Township Committee of Cinnaminson Township for the construction of Church Road in the Township of Cinnaminson, in the County of Burlington with a gravel and calcium chloride surface upon an earth foundation, estimated amount of gravel surface pavement required is 21,993 square yards; and opened and read in public at School House, Cinnaminson Township on July 5, 1939, at 8:00 P. M. Daylight Saving Time.

Drawings, specifications and forms of bids, contracts and bond for the proposed work, approved by the State Highway Commissioner, have been filed in the office of the Township Committee, Cinnaminson Township, at 212 South-Amersham Building, Camden, N. J., and of said State Highway Commissioner, Trenton, N. J., and during business hours. Bidders will be furnished with a copy of the specifications and blue prints of the drawings by the Engineer on proper notice and payment of cost of preparation. Bids must be made on standard proposal forms in the manner designated therein and required by the specifications, bearing the name and address of bidder and name of road on outside, addressed to Harold R. West, Clerk, Cinnaminson Township.

The standard proposal form is attached to the supplementary specifications, copies of which will be turned on application to engineer.

By order of the Township Committee of Cinnaminson Township.
HAROLD R. WEST,
Clerk.

NOTICE

Take notice that Forest Hill Boat Club has applied to Cinnaminson Township Committee of Cinnaminson Township for a Club License for premises situated at Randolph Street and Delaware River, Cinnaminson Township.

YACHT CLUB YARNS

BY NUTE AND MIKE

Well any way it was a drifter! That is Wednesday evening was a drifter. And so—Howard Lippincott, and Ed. Merrill skipped from hither to thither and from puff to puff to win their respective races. The remainder of the fleets drifted in from time to time, and take it from us folks, it was a super-stinker. The one outstanding performance of the evening was provided by "The Old Fox," Ed. Merrill. He managed to pick up almost five full minutes on the Duster fleet and finished well up in their ranks, as well as leading the rest of the Comets in.

This brings us to Saturday, and we wish to report that it wasn't hot, it was only the humidity, 95 degrees no less! Starting off nine Dusters, the committee soon released the "Comical Comet" (we couldn't resist that one) whereupon the afternoon turned out two fine races. Ed Merrill again led the fleet of Comets with his usual good form, and Mudd brought his craft home a very neat second. The Duster honors again went to Bob Lippincott, with T. Coe nosing out H. Lippincott for second position.

LIGHT VOTE ON AMENDMENT HERE

(continued from page 1)

compared with the registry list showed the Palmyra first district as low in this respect with the figure of 23.5. The average for all three communities was about 33 per cent. Despite the simplicity of the ballot, there was a surprisingly high number of rejections as a number of citizens failed to record their vote in the proper manner.

CARD OF THANKS

The Palmyra Fire Company expresses thanks to the residents of Palmyra who so generously contributed during the recent drive for funds.

The splendid cooperation assures the company that the contributors appreciate the work we are doing to the best of our ability. Anyone that was not at home during the campaign and has a contribution may leave it at police headquarters. The Drive Committee.

Athletic Events

For July Fourth

The following program of athletic events will be carried out at Memorial Park at 1 o'clock on the afternoon of Independence Day:

Three Legged Race (bring own straps): Girls, 10 years and under. Sack Race: Boys, 10 years and under.

Fifty Yard Dash: Girls, 15 years and under.

Seventy-five Yard Dash: Boys, 15 years and under.

Potato Race: Girls, 10 to 15 years. Baseball Throw: Girls, 10 to 15 years.

Baseball Throw: Boys, 10 to 15 years.

Ballon Blowing Contest: Boys and girls under 15.

First, second and third prizes will be awarded for each event.

The committee in charge is composed of Dr. J. Rowland Dey and Miss Grace Sippl, chairmen; Lloyd Major, Walter Armstrong, Richard M. Woodward, Albert Farrow and G. Rex Showell.

DUTCH ELM DISEASE

SCOUTING TO BEGIN

Scouting to determine the health of elm trees in northern and central New Jersey begins this week and will continue throughout the summer, the New Jersey State Department of Agriculture announced recently.

This examination or scouting is primarily to detect and mark trees which display symptoms of the Dutch elm disease. Those which appear to be infected will be officially tagged, sampled, and the samples submitted to a federal laboratory at Bloomfield for the identification of the organism causing the symptoms. If the organism is found to be Dutch elm disease fungus, the New Jersey State Law demands that such trees be promptly felled and burned.

PENNSYLVANIA RAILROAD

BRIEF ITEMS from ABOUT TOWN

One of the pumpers of the Riverton Fire Department is being completely repainted. The members of the organization expect to have their new uniforms ready for the Fourth of July and the company should present a fine appearance in the procession.

Members of the graduating class of the Riverton Public School spent last Thursday at Valley Forge and the pupils of the Sacred Heart School went to Clementon Park in two double-deck buses of the Public Service Co.

Now that the vacation season is at hand the lack of proper swimming facilities in this section becomes a problem again. But of course there are always such fine places as the Pennsauken Creek, "Dredge Harbor" on the Delaware, neither of which are either clean or safe.

Children's flag tickets for Riverton Fourth of July celebration are being distributed by members of the committee.

According to present plans, Palmyra's Independence Day observance will consist of a show and ice cream party for the children.

New uniforms have been purchased for the members of the Riverton police force.

A number of local residents acted as ushers at the Princeton meet last Saturday.

Leona Hunt Beauty Shop Cool With Air Conditioning

Leona Hunt, beauty shop proprietor, at 8 East Broad street, Palmyra, has recently equipped her beauty shop with Carrier air conditioning. Already her patrons are enthusiastic about the cool interior in the hot, sultry weather of the past few days.

The unit not only cools the room but it reduces humidity as well and permits hair to dry faster. The room air is drawn through a spun glass filter that removes all dust and is then sent through the cooling unit, brought down to the desired temperature and humidity and then re-discharged into the room.

The Leona Hunt shop is the first in South Jersey to be thus equipped.

SOCIAL SECURITY INFORMATION

With summer seasonal employment getting under way, Joseph M. Davis, manager of the Camden field office of the Social Security Board, today urged workers and employers alike to save themselves inconvenience by proper use of the Social Security number card.

"Canners, vegetable and fruit packers, resort and amusement operators, and all other seasonal employers will hire many persons who have not worked before in employment covered by the old-age insurance provisions of the Social Security Act and who have not obtained Social Security account number cards, others who have lost their account card, and possibly a few who have failed in the past to obtain a card," Mr. Davis said.

Mr. Davis explained that account number cards or employer's identification numbers may be obtained upon application at the Board's office, located at 414 Post Office Building, Camden, New Jersey, by mail or personal call.

To employees, Mr. Davis explained:

"Your old-age insurance benefits will depend upon the total wages credited to the individual wages record and account maintained for you by the Board. Your Social Security account number is necessary on that record so that all wages paid to you may be credited to you—because many people have the same name,

IMPROVEMENTS AT LOCAL SCHOOL

(continued from page 1)

by the board and is as follows: School opening, September 11; Columbus Day, October 12; Teachers' Convention, November 9 and 10; Thanksgiving, November 30 and December 1; Christmas, December 25 through and including January 1; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Easter, March 25 through and including March 29; Memorial Day, May 30 and School Closing, June 14.

but no two have the same account number. Failure to have a number or to give your number to your employer may reduce your benefits. So, it is in your interest to be sure you have one—and only one—account number and to give it to each employer for whom you work in industry or commerce.

"If you have lost your number, a duplicate will be issued to you, upon application. If you have more than one number, you should turn them all in to the board's office, so that all but one may be cancelled and all wages credited to you under all numbers may be consolidated under one number and to your credit."

"There is no charge for any of the services rendered by the Social Security Board, and its representatives will be glad to cooperate with employers and employees in keeping the records straight."

Arrival of foreign and domestic exhibit material destined for the New York World's Fair, 1939, has increased shipping at the Port of New York by 10 to 15 per cent within a month. Cargoes worth millions of dollars include such varied exhibits as South African diamonds and East Indian monkeys.

A LONG DOG

There was a dachshund so long, You haven't any notion How long it took him to notify His tail of his emotion! And so it happened when his eyes Were wet with woe and sadness, His tail would still be wagging on Because of previous gladness! —Chance Hits.

"Your old-age insurance benefits will depend upon the total wages credited to the individual wages record and account maintained for you by the Board. Your Social Security account number is necessary on that record so that all wages paid to you may be credited to you—because many people have the same name,

DON'T USE REFRIGERATOR AS ROOM-COOLING UNIT

A progressive housewife in a mid-west city bought an electric refrigerator last summer. She had been assured that it would more than save its operating cost by keeping food fresh and safe. But when the first bill for its operation came in she was greatly surprised and resentful at its size. She called in the salesman and he was even more surprised, but wholly unable to explain it. So they called in the electrician but he could find nothing wrong. The second month's bill was larger than the first and the woman decided to tear up the contract and return the refrigerator.

The salesman hurried out to the house, taking the electrician with him. What they saw solved the mystery immediately, reports the New Jersey Public Utility Information Committee. Mandy, the colored maid, singing happily, was doing the family ironing right in front of the wide-open door of the refrigerator. She greeted the two men

with real enthusiasm and the remark: "Boy, dat 'lectric 'refrigerator am fine. It gives such a nice cool breeze on mah back."

with real enthusiasm and the remark: "Boy, dat 'lectric 'refrigerator am fine. It gives such a nice cool breeze on mah back."

SOCIAL SERVICE GROUP REPORTS
(continued from page 1)

church organizations, while non-church goes has no interest in church organizations and no interest in non-church organizations.
 A form has been sent to the different organizations in the Borough which covers time, frequency, and purpose of the meetings, as well as a list of the membership. As a result of the tabulation of this questionnaire it can be determined just how much overlapping is being done and what children are not enjoying any of the facilities offered by the different organizations of the town.

Youth Organizations

Earl B. Whitcraft reported on a survey of the Palmyra Youth Organizations, which has been compiled by him and Miss Marie L. McDermott. The number of known Youth organizations in Palmyra is 41. Thirty-five of these groups replied to the questionnaire sent out. The questionnaire included such questions as: Aims and objectives of the organization. Types of programs offered. Form of youth guidance offered. Does the group have an adult committee or sponsor. Do you think there should be a better relationship among other organizations in town? Probable solutions to this problem. Some suggestions for the probable solution of the problem of better relationship among the organizations in Palmyra are: Joint meetings every so often, a town recreational leader to help

DR. P. A. SPINELLI

 10 Scott Street
 (Sach's Building)

coordinate local groups, a leaders' group of the town to meet monthly and sponsor community-wide events for all classes, a recreation center, a friendly, open, honest talk about general youth problems in the community. Some obvious needs of the youth of Palmyra were listed as: A recreational center equipped with such things as swimming pool, skating place, etc., well-equipped playground, library and reading rooms, a swimming beach, youth forums and meetings, tennis courts for people from 6 to 20, etc.

Resolution

A set of resolutions was presented to the committee and after considerable discussion, the resolution, with additions and correction was passed as follows:

That a "Palmyra Civic Welfare Committee" be established. This committee to consist of seven outstanding citizens whose duties shall be as follows:

1. To determine the extent of the following facilities:
 (a) Health
 (b) Welfare
 (c) Religion
 (d) Recreational
 (e) Social
 (f) Education
 (g) Government

2. To better coordinate the work of all organizations providing for the above.

3. To further increase the programs offered by the above and establish more organizations, especially some which will more adequately provide for the less fortunate.
 4. To publish and advertise lists of all available facilities.
 5. To determine what further county, state, and federal facilities can be made available.
 6. To set up a "central committee" consisting of representatives of all organizations, whose duties shall be to plan programs, set up ultimate goals, and plan for the provision of more and better-trained leaders.

7. To propose "Better Housing Conditions" for areas of high delinquency and crime.
 8. To set up and execute a program which will tend to eliminate those negative forces detrimental to the general welfare of the town.
 9. To cooperate with the town officials in the elimination of delinquency and crime, especially aiming toward improvement of factors at work in individual cases. A special committee to be set up to study causes of crime and to eliminate these factors where possible.
 10. Plan a program of Adult Education.

Mr. John F. Ward was made chairman of the new Palmyra Civic Welfare Committee, with his fellow members as follows:
 Health—Miss Carolyn N. Cook, R. N.
 Welfare—Mrs. Wendell Hill.
 Religious—Rev. George Lockett.
 Recreational—Earl B. Whitcraft.
 Social—Mrs. Savanna S. Palmer.
 Educational—Paul R. Jones.
 The meeting was well attended and the discussions showed great enthusiasm and interest on the part of those who were present.

Health Question: Can New Jersey Mosquitoes Carry Yellow Fever?

Doc Says:

It has been known for some time that certain species of mosquitoes found in New Jersey are carriers of malaria.

In recent years it has been experimentally proven that certain species of mosquitoes found in New Jersey can also be carrier of yellow fever. There is, however, no great danger of a yellow fever epidemic in New Jersey. The recent experiments referred to above indicate that tropical temperature is one of the factors influencing the transmission of yellow fever by mosquitoes. The bite of a mosquito inhabiting a tropical area seems to be much more infective than the bite of a mosquito which has its native habitat in a temperate climate.

The discovery that New Jersey mosquitoes can transmit yellow fever is, however, one more reason for mosquito extermination. This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

PERTINENT FACTS ON CAR OWNERS

"Uncle Sam," says the Keystone Automobile Club, "has just come forward with some information of interest and value to motorists. A

nation-wide investigation conducted by the United States Bureau of Public Roads discloses that only 4.32 per cent of the country's 25,300,000 passenger vehicles are owned by families with an income exceeding \$5000 annually. With that fact established, the second disclosure assumes unusual importance. It is: The slower a car is operated, the more economical the operation. Aside from the admitted hazard, high speed is costly in gasoline consumption.

"Composite figures obtained by the Federal government by averaging the tests on several makes of passenger cars show that with steady driving on concrete pavements at a speed of 40 miles per hour, gasoline consumption is 0.0575 gallon per mile. At 60 miles per hour, it is 0.082 gallon per mile. With gasoline at 18 cents per gallon, the cost per mile would increase from 1.03 to 1.47 cents per mile, representing a cost for the higher speed of over 0.4 cent per mile for gasoline alone.

"With respect to car ownership, it would be well for legislators to make careful study of this government report. At one time the motor car was the sign of affluence. Now it is an economic necessity. Its ownership is centered in low income groups; with more than half of all family cars owned by families with an annual income of \$1500 or less. The temptation to add to motorists' tax burdens should be thwarted by the knowledge that motor car owners just can't stand any more taxes."

The maximum width of the path of a solar eclipse is 160 miles.

POOR LIGHTS

Insufficient illumination of motor vehicles is held by the Keystone Automobile Club to be a contributing cause to many night accidents in cities and towns.

The Club advocates the uniform use of headlamps, pointing out that when two cars with headlamps lighted approach an intersection the projected beams serve as a warning to the drivers, who are thus enabled to take the necessary precautions. When only cowl lights are used on one or both of the approaching cars, the danger of collision is appreciably increased.

"The hazard is multiplied," said Edward P. Curran, Safety Director of the Club, "when cars thus operated are of older type equipped with very small cowl lights. Such lamps are virtually useless, both as a means of affording illumination and of giving warning to other operators and pedestrians."

"Motor vehicle law requires the use of headlamps under conditions where other vehicles, pedestrians, and substantial objects are not readily discernible. We believe the police can aid materially in reducing night accidents by stopping motorists whose cars are insufficiently illuminated and instructing them to turn on the headlamps. We also believe the police should pay more attention to 'one-eyed' cars. In most cases, drivers are unaware of the condition and appreciate having it called to their attention. Spare bulbs should be carried by every motorist for this emergency."

On a peak of eight bells, 40,320 changes can be rung.

PARADE STARTS AT 10.15 O'CLOCK
(continued from page 1)

service ladder truck will be housed on that day and a ceremony of this type never fails to bring out a large turnout of firefighters and their equipment.

Wimer to Speak

At the conclusion of the exercises on the river bank, the Riverton Yacht Club will hold a series of races for several classes of boats.

At approximately the same time, 11 o'clock, the housing ceremonies for the new truck will take place at the fire house.

The committee feels fortunate in having secured George M. Wimer as a speaker for the occasion. Himself a veteran fireman of many years' experience, there is perhaps no one better fitted to give an appropriate talk on such an occasion.

Mayor Biddle will follow Mr. Wimer on the program and will formally turn over the truck to the local organization.

At Park

After a brief interval for lunch, the festivities begin anew at Memorial Park with a softball game slated for 1 o'clock. Edson Carhart is in charge of the arrangements.

At the same hour the athletic events for boys and girls will be carried out under the supervision of a committee headed by Miss Grace Sippel and Dr. J. Rowland Day.

An additional event on the program this year is the dedication of the Memorial Tablet at the park. This has been erected near the flag pole and the exercises will take place at this point under the direction of Post Frederick M. Rodgers.

Most Colorful

Probably the most colorful event of the day, with the exception of the parade, will start at 2.30, when the visiting drum and bugle corps stage their wonderful exhibition and drill. This event needs no introduction to those who have viewed the spectacle before, but all agree that it is well worth seeing again, since each year the drills and music reach new heights of excellence.

Ball Game

At the conclusion of the drill the field will be cleared to allow the local ball tossers to go into action. Manager Charles Sims has booked the fast Bridgeton Club and followers of the national pastime can be assured of an interesting engagement.

In Evening

The crowds expected here for the day will repair to the river bank at 7 o'clock where the events of the evening will get under way.

These include a band concert by the 40-piece Mt. Holly Community Band and the ever-popular masquerade tilting contests.

The fireworks display will be touched off at 9 o'clock, or as soon after as darkness falls.

Robert W. Knight, general chairman of the program has carefully surveyed the items offered by various manufacturers and he and his committee have finally selected an assortment which, they believe, will satisfy even the most critical. This consists, in most part, of multiple-burn bombs which can be readily burst and enjoyed by the thousands that crowd the bank from Howard street to Linden avenue.

Prizes for the various events are on display in the store windows of Frank P. Coddington and L. L. Keating.

Athletic Events

The following program of athletic events will be carried out at Memorial Park at 1 o'clock on the afternoon of Independence Day:

Three Legged Race (bring own straps): Girls, 10 years and under. Sack Race: Boys, 10 years and under.

Fifty Yard Dash: Girls, 15 years and under.

Seventy-five Yard Dash: Boys, 15 years and under.

Potato Race: Girls, 10 to 15 years.

Baseball Throw: Girls, 10 to 15 years.

Baseball Throw: Boys, 10 to 15 years.

Balloon Blowing Contest: Boys and girls under 15.

First, second and third prizes will be awarded for each event.

The committee in charge is composed of Dr. J. Rowland Day and Miss Grace Sippel, chairmen; Lloyd Major, Walter Armstrong, Richard M. Woodward, Albert Farrow and G. Rex Showell.

Flag Parade Awards

Prizes will be awarded as follows:
 Patriotic Floats
 Attractive Floats
 Original Floats
 Comical Floats
 First and 2nd prizes in each class.
 Most Patriotic Costume
 Most Attractive Costume
 Most Original Costume
 Most Comic Costume
 Baby Carriages
 Children pushing doll carriages
 First, 2nd and 3rd prize in each class.
 Boys Velocipedes

RECEPTION FOR SCHOOL GRADS

A reception and dance was given in honor of the class of '39' by the alumni association of the Sacred Heart School last Thursday evening.

Father Luther, the new curate of the Sacred Heart Parish and the new director of the organization read some humorous sayings and made a few comments about each of the graduates of this year's class, shortly after intermission. Dancing was held from 8.30 till 1, while the music was furnished by Buddy Delaney and His Orchestra. Refreshments were served at intermission.

The Sacred Heart Alumni Association is a new organization in the parish and it meets four times during the year and plans to sponsor various social events for its members. All the graduates of the Sacred Heart School are welcomed to attend the meetings and its activities. President, Francis Brennan asks that every one be present at the next meeting which will be held in the fall.

First and 2nd prize. Girls Velocipedes
 First and 2nd prize. Boys Bicycles
 Girls Bicycles
 First, 2nd and 3rd prizes. All judging will be done before the parade starts, and the prizes awarded on the river bank.

FEW SIMPLE RULES TO MAKE SWIMMING SAFE

The season for swimming and other water sports need not be marred by tragedies if simple precautions are observed, safety specialists of the National Conservation Bureau point out. They list the following rules for safety in the water:

1. Swim only at places protected by a guard.
2. Never swim alone.
3. Cooperate with guards by staying inside the safety lines.
4. Stay out of deep water unless you are sure of your swimming ability.
5. Do not go into the water immediately after eating.

Parents are urged to have their children learn to swim under a competent instructor.

CARLSON OPENS STAND ON PIKE

Carlson's Pharmacy announces that, on Saturday of this week, their new ice cream and luncheon establishment will open on Route 25 and Highland avenue.

The well-known Carlson ice cream will be served exclusively, together with fountain and luncheon service at all hours.

The new store will be under the capable management of Edward Witte, with several young lady assistants from this vicinity.

A free dish of ice cream awaits all those who present the coupon appearing in the Carlson advertisement in this issue of The New Era.

The coupon is good only at the new store.

ONLY SLOW-MOVING THING ABOUT OLDS!

THE NEEDLE ON THIS GAUGE!

RECORDS SHOW THAT OLDSMOBILE IS ONE OF THE EASIEST CARS ON GAS!

How's your gas mileage? Does the needle on your gauge seem to hurry from "Full" to "Empty"? If it does, you ought to own an Olds. For here's one car that steps right out—gives you pick-up, pep and brilliant action without penalizing your pocketbook. Olds is an economical car to drive, in every way. You pay a low price to begin with—you get good value when you trade it in. It saves you money every mile on gas and oil—saves on tires and maintenance, too. You can check these facts by talking with Oldsmobile owners. Or you can look at the record—Olds took first place in its class in 1939 in the famous Gilmore-Yosemite Economy Run, averaging 21.4 miles per gallon. Olds is a big car, a luxury car—built to quality standards through and through. Come in and see us today. Drive an Olds. You'll be amazed at the value a low price buys in Olds!

YOU'LL GET A BETTER DEAL FROM OLDSMOBILE!

The car you are driving will never be worth a dollar more than it is today. Why not trade it in while you can get top value, and enjoy all the advantages of a brand new Oldsmobile during the summer season? Come in and we will gladly make an appraisal without obligation on your part.

\$777 AND UP
 Delivered at Lansing, Mich. Prices include safety glass, bumpers, bumper guards, spare tire and tube. State and local taxes, if any, optional equipment and accessories—extra. Prices subject to change without notice. General Motors Installment Plan.

RIVERTON

Miss Thelma Fisher, of East Riverton, entertained the Shining Hour Class of Epworth Church School at its regular monthly business meeting and social last Friday night.

Mrs. Henry Ashburner, of Fulton street, is spending the summer at West Point Pleasant. Mrs. Ashburner was the winner of the Henry A. Dreer, Inc. Rose Festival Gate Prize which consisted of \$5 worth of merchandise.

Mr. and Mrs. Charles Carpenter and family, of Fulton street, will leave Saturday for Montokoking where they will vacation during the summer.

Mr. and Mrs. Edwin Ochs and daughter Irene, of Riverton, are spending the summer at their cottage, Ocean Grove, N. J.

Dr. Francis Janney Stoddard, of 301 Highway, is spending the summer at Stoddardsville, Pa.

J. Edmund Turnock, Jr., of Linden avenue, has accepted a position at Ocean Grove for the summer.

Mr. and Mrs. Harry C. Sim, of Thomas avenue, spent Sunday in Atlantic City.

Buddy DeLaney, Louis Franklin and Ed Lamon spent Wednesday in Atlantic City.

The Sacred Heart Alumni Association gave a reception and dance to the 1939 graduates on Thursday night in the school auditorium. Buddy DeLaney and his Revalers furnished the music.

Mr. and Mrs. David Beagle and daughter Peggy Ann, of Washington, and Mr. and Mrs. Frank M. Holbrook, of Montclair, will spend the holidays with Mr. and Mrs. C. R. Beagle, of Thomas avenue.

Mrs. William Hoffman and Miss Clara Bishop, of Thomas avenue, spent Tuesday and Wednesday in Green Creek.

Mr. and Mrs. William Hoffman, of Thomas avenue, spent the weekend in Ship Bottom.

Mr. and Mrs. Thomas Craig and children Mary Ann and John, of Washington Court House, Ohio, spent several days with Mr. and Mrs. Charles Yost.

Mr. and Mrs. Paul Good and family, and Mrs. James R. Wright and son are spending the summer in Margate.

Mr. and Mrs. Jules Wery, of Egg Harbor, spent the weekend at the home of her parents, Mr. and Mrs. C. R. Beagle, of Thomas avenue.

Millard Coddington was one of a party of five who went on a fishing trip to Oyster Creek last Sunday. They caught eighty fish.

First examinations for citizenship papers are being held in Mt. Holly this week.

Mr. and Mrs. Irving Good, of Miami, Florida, spent Monday at the home of Mr. and Mrs. Paul Good, of Linden avenue.

PALMYRA

Mr. and Mrs. Frank Rose and daughter Grace, of 606 Highland avenue, returned home Monday after a vacation at Long Island.

Miss E. N. Hostetter, a member of the high school faculty, is spending the summer at her home, Washington Boro, Pa.

The members of the Junior Choir of Epworth Church, enjoyed a picnic at Ocean City Tuesday.

Mrs. O. D. Simpson, of Hartford, Connecticut, is visiting her parents, Mr. and Mrs. R. E. Kercher, of 10 Garfield avenue.

The Senior Choir of Epworth

BRIEF ITEMS
from
ABOUT TOWN

With the closing of schools, a number of local residents have left town for various resort points in New Jersey, Pennsylvania and New England.

The final meeting of the Riverton Fourth of July Celebration committee was held on Tuesday night of this week.

The Riverton Board of Education will meet this (Thursday) evening in the last session until fall.

The programs for Riverton's Fourth of July celebration will be the same style as last year, the design on the front cover being a reproduction, in color, of the official emblem of the Riverton Yacht Club.

A large force of workmen in the employ of the Riverton highway department is at work applying bituminous concrete on certain thoroughfares in that community, work being started on Seventh street Monday morning.

The new uniforms for the Riverton firemen arrived this week. The attire consists of white trousers, with blue stripe, blue coat with silver buttons and white-topped hat.

Those distributing tickets for flags in the children's section of the Riverton Fourth of July parade report a lively demand. The tickets must be presented at the fire house before the procession in order to obtain a flag.

Church will hold a picnic at Ship Bottom tonight (Thursday).

Dr. and Mrs. W. Roland, of Palmyra, and their children, are occupying their summer home at Elsinboro Point, near Salem.

The Intermediate League, of Epworth Church, will hold a picnic at Strawberry Park, Moorestown, on Friday.

George N. Wimer was among those from this section who attended the World's Fair on New Jersey Day which was observed on Wednesday of this week.

Harry King, who has been in the Naval hospital suffering from pneumonia, is slowly recuperating.

Mrs. Earl Naylor and daughters, Marjorie and Lynne, of Burlington, spent the weekend at the Roach home on Delaware avenue.

Mr. and Mrs. J. E. Lanter, of Ashland, Kentucky, spent several days at the home of their daughter, Mrs. Henry DeHoll, of Garfield avenue.

Mrs. Fred Markham and daughters Betty and Virginia, of Honolulu, are visiting friends in Palmyra and Riverside. Mrs. Markham is the sister of George Daddino, of Broad street.

Mr. and Mrs. Wilson Nein, of Reading, spent Sunday with her mother, Mrs. John Eval, of Vine street.

Mr. and Mrs. G. G. Lanter, of Ashland, Kentucky, are spending several days with Mr. and Mrs. Henry DeHoll.

Ann Perry Owings, of Ashland, Kentucky, is spending several weeks with Miss Tommy Lou DeHoll.

Four-tenths of the surface of the moon has never been seen from the earth.

Know Your
Government

Taxpayers supply the "tax fuel" used to operate the "machinery" of government. Pouring huge sums annually into the "fuel tanks" of government treasuries, they rightfully expect the "machinery" to perform services necessary and beneficial to them.

To the taxpayer public the utility of the governmental mechanism depends upon its efficient operation. If it runs smoothly and economically under the guidance of competent, conscientious engineers, it can provide the maximum in governmental services at a minimum of cost to the taxpayers. If, on the other hand, some of its components become deteriorated or useless, if non-essential units are added to it, or if it is used to further selfish purposes rather than the welfare of the general public, the governmental machinery will demand an excessive amount of tax money for "refueling," and will not give service comparable to its cost.

Saving Possible

An examination of New Jersey's governmental "machinery" discloses that an overhauling of state and local set-ups would bring considerable savings and improvement. Years of research by the New Jersey Taxpayers Association and other civic groups has revealed the need for effective reorganization along the lines of economy. Below are constructive recommendations of the Association, to tune-up and repair our governmental "machinery."

Bureau of Standards

To guide municipalities, counties and the state in the purchase of materials and supplies, the state should set up a bureau of standards and costs. Wide variation in prices paid by different purchasing departments indicates that sizable savings can be made in many items. Data show, for example, that \$4.05 per ton was paid for coal in one municipality and \$8.05 per ton in another community nearby. In one department of local government light bulbs were purchased at 19c and in another department in the same building exactly the same kind of bulbs cost 39c.

To operate their affairs within the means of taxpayers, local governments should be relieved from the domination of mandatory "spending" laws. State imposed, these laws declare that municipalities must maintain certain services and pay certain minimum salaries to the extent that an average of 75 cents of every local tax dollar is dictated by these compulsory spending laws. Costs of education must be examined thoroughly. Since approximately one-third of state and local taxes are appropriated for educational purposes, every precaution must be taken against wasteful practices and lavish expenditures. Adequate provisions for proper education must be maintained, of course, but expenditures must be made to suit needs rather than to suit whims for elaborate facilities.

About one third of Mexico's population is pure Indian.

SPORTS JOTTINGS

Palmyra lost 8-4, to Lumberton in a Barco League tilt last week. The locals now have a record of 2 and 7. They play at home on Saturday of this week, also on the morning of July 4.

A snappy double play, Buchholz to Humes chopped off an incipient Dawley rally in the fifth stanza of Monday night's game.

Joe Yearly had a busy evening in left field, taking seven chances in big time style. Three of these were from the bat of his brother, Lester, who patrols the same station for Dawley.

Clayt Weikman, Broadway shortstop, and George Knight, of Dawley, shared batting honors, both getting three out of four.

Butters robbed Jack Easley of what seemed a certain home run when he raced into deep center to snare an extremely well hit ball in the eighth inning.

GAMES BOOKED
FOR LOCAL A. A.

Manager Charles Sims, of the Riverton A. A., has booked the fast Beverly team as the opposition for his charges on Saturday afternoon of this week, at 3:30 o'clock.

While the locals have had little trouble in overcoming their last three opponents, Mr. Sims feels that the boys will have to hustle in order to earn a decision over their next adversaries.

From now on, he stated, more formidable opposition is on the books.

Bridgeton is slated to appear here on the afternoon of July 4 and the homesters will have to travel at top speed to overcome this aggregation.

A's WIN
The Athletics, who will be known as the German Kitchen during the second half, nearly got upset on Monday night when Parry, displaying unexpected resistance, carried the game for 12 innings before going down to a 7-6 reverse.

The tilt was extremely well-played, but attracted few spectators, due to the fact that the Broadway-Dawley engagement occupied the other stage.

The German Kitcheners will take the field in the second half resplendent in new regalia of blue and gold. The attire will include matching trousers and the aggregation will thus become the first team in the league with complete habiliments.

STAVE UNSPARED
A mother had a family of well-behaved boys. One day her neighbor asked:

"Bally, how do you raise your boys so well?"
"Well, I'll tell you," answered Bally. "I raise 'em with a barrel stave and I raise 'em frequently."

Winona is an Indian name and means first-born daughter.

HAINESPORT IS
LITTLE TROUBLE

Riverton A. A. Has Easy Time
in Chalking Up 14-1
Decision Saturday

Riverton chalked up another victory when they sent the Hainesport nine home Saturday with one lone run against fourteen for the locals. The Memorial Park game turned into a hit carnival for Manager Sims' willow wickers while the opposition spent most of their time fanning empty space.

The locals helped themselves to nineteen hits from the combined pitching of Ruble and Dolan of Hainesport, three of which were triples and one a double. The back-country boys had to satisfy themselves with three singles which was the extent of the generosity of Baker and Leonard, Riverton hurlers. The Hainesport batsmen took top honors in swinging technique having stirred up the air without contacting the apple eleven times during the game to five times for the home talent.

Start Early

Hainesport opened the game by retiring to the bench in one-two-three order. Riverton countered by batting around the line up, garnering four singles and five runs. Penrose made first on an error of the second baseman, Brewster struck out and then P. McDermott, Rothbaum, Karitis and Sutter each singled and then Cole cleared the bases with a triple.

Visorhic, of Hainesport, brought in their lone tally in the second frame when he took one of the two hits allowed by Baker.

Riverton countered in the second with Penrose and Brewster each romping across home plate. Hainesport added up to zero in the third try and Riverton sent three more across the hard rubber preceded by four hits and an enemy error. Penrose, McDermott and Baker shared the honors in that tally.

Break Loose Again

From the third to the seventh stanzaas Hainesport held fast but Riverton again broke loose by sending Brewster and Rothbaum home via the three-succesive-hit route.

In the eighth, Penrose and Schmidt supplied the thrills each smacking out a triple. Schmidt drove in Cole who had preceded him with a single and Penrose drove in Schmidt with his triple, but there the scoring stopped and Hainesport wound up the game in the ninth by retiring in succession.

YACHT CLUB YARNS

BY NUTE
AND
MIKE

We meant to say this two weeks ago, but it got lost in a gale of wind and the tide carried it out. Anyway here 'tis. (We're almost as late as the regatta committee.) John Ayres, of the "Tiger Swift" Ayres has another new mast. After discarding his original "Whippy" he resorted to his second which was a "Skeany Bony." After disaster had moved them down twice, he has at long last built himself a "Fatty Waty."

We would like to remark in passing that this is the first mast that the most prominent of the "Baldi Bros." has ever had the good fortune to rear heavenward in a straight line. Our congratulations, John.

We bemoan the fact that we are not receiving the cooperation to which we are accustomed. In short "my friends," what this country needs is more and better members in the "Horizontal Club." In fact we have but two illustrious members, namely Bert Shoemaker and Ralph Swope. But Lippincott, there'll come a day! And we faithfully promise, we'll BOTH be there!

Blah! Blah! Blah! It ain't constitutional! To heck with the constitution! We can't do that, the by-laws say so. And so dear readers, went another Yacht Club meeting.

Wednesday Evening
While bounding from subject to subject, we should add a line about the world's widest bathtub. With a built-in bathtub. As its owner would say, "the most comfortable and the slowest sailing (?) vessel on the Delaware." The Popeye, owned by Dever K. Warner of the Bridgeportagees Warners, is about to be launched. Fivell get you six if you tell whether or not it'll join the Submarine fleet.

Wednesday evening bring the usual races. It also bring the usual results. Bob Lippincott had himself a good scare when Howard almost gave him the well-known works, but Bob came through as per usual. Howard second, Bert third.

E. K. Merrill took the Comet race as he usually does. The only unusual feature of this race being that Merrill's crew won the race for him!

Saturdays races came with a rather light air, and in the Duster race Rod Merrill got off to a beaut of a start only to fowl out on the second tack. Bob Lippincott as usual usurped top honors, and Rod Merrill finished in second place even if it didn't count.

Second officially went to brother Howard Lippincott with T. Coe third.

The Comets reverted to usual procedure as Merrill wrote up another victory over the local yokels. Mudd sailed in second followed immediately by Johnny Rogers.

As next Tuesday will see the Fourth of July celebrated once more, we can all look forward to many exciting activities around the club. In past years we have, and all shall once again enjoy the parade, the many canoe events, and the ever popular sailboat races. And again as is customary the evening will be topped off with a "tittling contest" and "fireworks" and so, we'll see you at the fireworks.

BROADWAY TAKES
FIRST HALF TITLE

Dawley Olds Fades Out of
Picture After Six Run
Barrage in Third

Manager Bill Anderson's hustling Broadway Theatre clan took the first half title in the Memorial Park Softball League on Monday night of this week by handing the Dawley Olds clan an 8-5 setback before the largest crowd of the season.

The fracas was the second reverse for the Dawley ten, they having also been defeated by the A's. The movie aggregation was the only team to go through the first semester with an unblemished slate.

Losers Take Lead

The Dawleyites took the lead in the third frame when they combined four hits for a brace of runs. Two of the bingles were of the infield variety. At this stage of the skirmish, Ike Hilton, Broadway hurler was on the brink of disaster, but he pulled himself together admirably and weathered the storm.

Hubbs, starting pitcher for the losers, felt the brunt of the storm in the lower half of the same frame and was finally driven to cover, with Knight coming in to take over the chores.

Six Runs

In this big frame, the red shirted boys batted around, getting six hits for as many runs. Included in the assortment were doubles by Bauer and Humes, a three baser by Easley and singles off the bats of Weikman, Hilton and Baker.

Humes' blow was somewhat tainted by the fact that the Dawley center fielder tripped over two youngsters who were lolling in the outer garden at the time.

The motor boys nearly got back in the game in the sixth when they started a belated assault with two away.

Errors Help

During this uprising, three singles and a pair of boots on the part of Anderson's million dollar infield paved the way for three tallies and two men were still on the sacks when the final out was registered.

Broadway ended the scoring in the seventh on successive hits by Weikman, Yearly and Bauer.

Notes

Championship Tournament

Matches played last week in the current tournament for the club championship were as follows, all being in the quarter-final round.

The semi-finals are slated for July 8 and the finals for the following week.

First Sixteen

Conroy beat Sheble, 7 and 6.
Lippincott beat Lamon, 4 and 3.
Shelly beat Hemphill, 3 and 2.
Jones won from Morgan by default.

Second Sixteen

Porter beat Meyer, 2 and 1.
Seither won from Cooper by default.
Brown beat Geiss, 1 up, 19 holes.
Walburn beat Hackett, 4 and 3.

Third Sixteen

Chalmers won from Ferguson by default.
Gillam won from Krusen by default.
Blyler beat King, 1 up.
Kitzmiller beat Moffitt, 1 up.

Fourth Program

The program for Fourth of July weekend is as follows: Saturday and Sunday, July 1 and 2; either day, 18 hole medal play, full handicap.

Tuesday morning, July 4-War of the Revolution.

Tuesday afternoon - Two ball mixed foursome, selective drive, alternate strokes, one-half combined handicaps.

Palmyra lost a 9-3 decision to Burlington last Saturday afternoon in a county league engagement.

Humes, in addition to relieving Zimmer on the mound, poled out a four ply blow.

Progress

The following comment recently appeared in the Imperial Magazine, a trade publication published by the Imperial Type Metal Company.

The thought was so well expressed and so true in this day and age that the article is reprinted in its entirety.

"So-called progress tends increasingly to take away the things that attach themselves to us sentimentally and become a part of our real being.

"And replaces them with substitutes, mostly mechanical, utterly lacking a means of creeping into our hearts.

"A man may be proud of his motorcar, but that is chiefly vanity. There is no affection, such as we had for the old family horse that used to draw the cutter over the snow, or for the side-bar buggy under the glamorous moon on a summer night.

"When the radio came, one had at first to build his own—to get a good one. The builders often became so fascinated by their squealing creations that wives became jealous. Now the radio is an impersonal object, sold on installment, with no more soul than a steam radiator or a can of ashes and clinkers. Factory sets are cheaper and better, and few now bother with home manufacture.

"There was an atmosphere almost spiritual about the Old Homestead. Its lure is so intense that a mere thought of the place—with its brick walk and lilacs and smug parlor—brought tears to the eyes a half-century later.

"The Old Homestead now is an apartment or a standardized house with a postage-stamp yard, and the sentimental appeal is so slight that herein, probably, we have the real reason for the disintegration of the American Home.

"Boyhood has been stripped of its alleys and orchards and shanties and river-rafts. The modern lad, expensively dressed in the approved fashion, goes to the talkies, plays the radio and—well, he still has the gymnasium.

"In the nursery we were recently pleased to note that amid a clutter of mechanical toys, some of the old-time favorites still survive—Mother Goose rhymes, the fairy tales of Grimm and other wizards, building blocks, and the monkey that climbs a string.

"Thinking it over, there is less kick to the finest radio than we derived from the early phonographs or even the earlier music-box with its metal needles that tinkled forth a favorite tune.

"We used to go out in the autumn, after the first frost, to pick a pumpkin from a farmer's field for a Jack-o'-lantern, club the walnut trees and go home with a bagful of nuts over our shoulder, to be hulled after drying.

"Yes, we could go on and on. And we do, in memory, during periods of reverie. Those who sneer most at talk of good old days are, in reality, the ones who miss most keenly the illusions and the sentiments that have been ripped from their grasp by 'progress'."

Inflation

Every now and then in these days of free-spending by the government the ugly head of proposed inflation rears itself over the financial horizon.

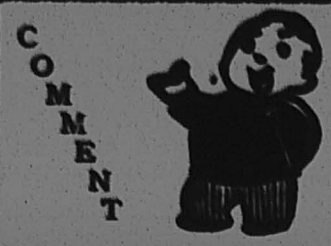

Money is acceptable as a medium of exchange only so long as people have confidence in the coin or currency.

There can be no greater delusion than the thought that printing more bills or, in other words, devaluing the dollar, will relieve any economic difficulty.

History has clearly proved that, with each leaning toward inflation, prices rise. If a man's salary is doubled, the increase means nothing if it costs him twice as much to purchase the necessities of life as it did before he received the higher remuneration.

In addition to that, inflation, even though started in a small way, seems to have uncanny ability of growing with almost incredible speed. It usually ends with the utter breakdown of the entire financial structure of the unfortunate nation that tries the experiment.

We want none of it here!

Now that the special election is out of the way, local political experts believe that a number of candidates are getting ready to announce themselves for the primaries next fall.

Rumor has it that there will be several aspirants for the post of State Senator which will be vacated by the veteran incumbent, Clifford Powell.

There are also persistent reports that the presumed candidacy of Lawrence Mingin for re-election to the post of county clerk will be opposed by a leading member of the "Good Government" group.

This faction will doubtless have two candidates in the Freeholder race, since the terms of two members expire this year. Along this line, it is to be expected that the opposition will also inject two of their members into the race.

Local reports have it that Mayor John F. Ward, of Palmyra, is not adverse to a third term and that Howard Powell, perennial contender already in his hat in the ring. All in all, things point to a torrid campaign before things are definitely decided at the primaries.

Mayor Hague won out again, but only because his opponents were too indifferent to go out and vote. The amendment was passed, as usual, by the stay-at-homes. They can have little reasonable ground for complaint over the outcome.

YOU PAY THE TAX

Says the Kansas City Star: "The smoker who uses a package of cigarettes a day pays \$22 a year in federal taxes, which is about the amount of income tax paid by a man with an income of \$3,800 a year provided he is married and has one child."

Here is something for the average citizen to think about. There are many demagogues who tell us not to worry about taxes, for the administration at Washington will see that they are paid by the rich. The statement in the above paragraph is evidence that this is not true. A great many persons smoke cigarettes who are not in the income tax brackets. But even at that, each is paying as much tax as the married man who has an income of \$3,800 a year. And if one is in the income tax paying class, then this cigarette tax is just one little addition.

But the cigarette tax is not all. The gasoline user pays "through the nose" at a rate of which he little dreams. There are other taxes of this kind. But in addition we all pay indirectly in the way of higher prices for rent, food, clothing, street car fares, gas, electricity, telephone and so on down the line.

No administration can pass the taxes on to the rich man. The consumer must pay and, if he is a poor consumer, as most of us are, he pays many times more than his just share. Don't be sucker enough to think that government spending is nice because the rich have to pay for it. You are doing far more than your share of the paying yourself, and it can't be helped unless we cut down on the spending.

POWERS RECEIVES PRAISE FOR ECONOMY PROPOSALS

Scores of letters from all over the country, praising his stand for "economy and sanity" in national defense appropriations, have been received by Congressman D. Lane Powers.

The letters were occasioned by the Congressman's vigorous attack on the Supplemental War Department Appropriations Bill in the House last week. Powers, as ranking Minority Member of the committee that reported the bill, "steered" the Republican side of the House of Representatives in consideration of the measure.

During the debate Powers argued for reduction of the number of airplanes from the \$500 authorized in the bill, to 4217. The 1935 planes he would take out of the bill. Powers declared, were intended solely for reserve anyhow. He

based his argument on the premise that this nation should economize, that if these continuing appropriations for the Army and Navy were to be added to each year at the present rate, the United States would soon have a two-billion-dollar Army and Navy.

Beaten by Democrats

His attack on the plane program was further based on his contention that "almost all of the planes authorized under this bill, with the sole exception of the four-motored bombers, our flying fortresses, will be obsolescent when delivered since European countries are now building faster and more efficient planes than we can construct in this country."

He proposed that some of the money saved on plane purchases be devoted to research and experimentation "so the United States can build planes with the speed and combat qualities of those of foreign manufacture."

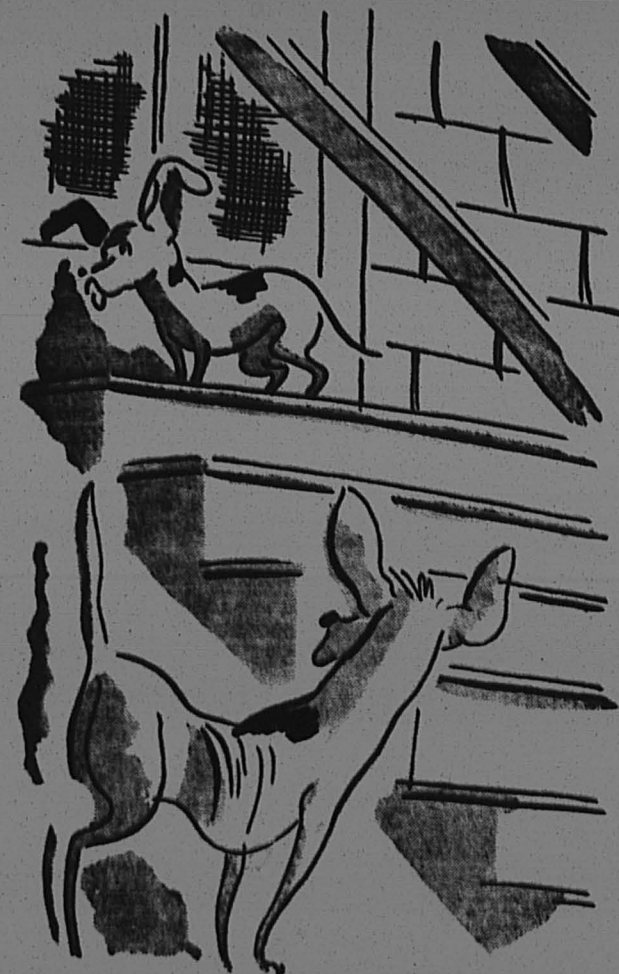

Powers' proposals were defeated by opposition of the Democratic majority in the House.

HAVE A SAFE "FOURTH"

Through the National Conservation Bureau, accident prevention division of the Association of Casualty and Surety Executives, leading stock casualty insurance companies have swung strongly in support of the national movement to curb the bad reputation of Independence Day and the whole month of July as heavy accident breeders.

The National Conservation Bureau has joined with thirty other national safety organizations which have pledged individually and collectively to give full and active support to the National Safety Council's campaign this year. A similar drive was conducted last year, and as a result the July toll of motor vehicle fatalities dropped 20 per cent and other accidental deaths approximately 14 per cent, compared with the record of the previous July.

Overly exuberant Fourth of July celebrants, the trek of millions to beaches and swimming holes, and the lure of breezy highways, all conspire to make July a month of tragic accidents.

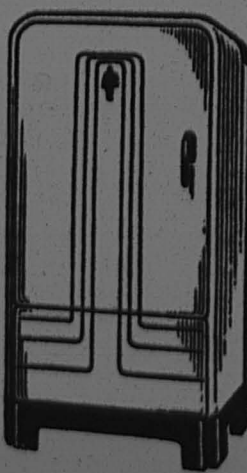

"Do you hear anything, Henry?"

"No."

"These people must have an Electrolux."

An Electrolux gas refrigerator is quiet night and day—any casual visitor who drops in at the back door can vouch for that. And the family which owns an Electrolux can vouch for its performance. Abundant ice cubes, frozen desserts, and fresh foods are always at hand at minimum expense. For hot weather comfort, join the thousands of people who rely upon Electrolux. Prices are low, terms are liberal, and there is a complete refrigerator display at our showroom. Come and see it!

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

After the weeding chores are finished and measures taken to prevent insect and disease injury in the garden, June offers an excellent time to root cuttings of ornamental shrubs, including roses and some of the early blooming perennials.

The principal precaution in rooting cuttings is to keep them in a good growing condition until roots are formed. Wood which is rather firm, but not hard, and healthy and vigorous should be selected. The cuttings should not be too long—about four inches is long enough—and it is not necessary to remove many leaves. Plant them in sand where they can be kept in the shade and yet get plenty of light. Once a cutting has rooted there is a small chance of its growing.

Require Much Attention

Success in rooting cuttings depends largely upon the care they receive. They require much more attention than plants with roots. Some of the new root-producing substances, or hormones, may be used to speed up root development in many plants. The old method of rooting in glass jars is a good one, for it keeps the moisture content of the air around the cuttings high so that they do not wilt. The French have used this practice for centuries, placing the jars in a partially shaded position. Direct sunlight offers too much heat for most plant cuttings.

Taking measures to prevent plants from going to seed, unless the seed is desired for a special purpose, is another of the more routine chores for this season. Preventing perennials and bulbs from seeding will make the plants form stronger crowns for next year, and in the case of annuals, removing dead flowers will prolong the blooming season.

Although most planting should be completed by now, late plantings of dahlias, gladioli and even annuals may be continued until July 1. Gardeners who have not already started chrysanthemums for fall bloom may buy some in pots and set them outdoors this month. Although they will be shorter than those planted earlier, they will bloom this autumn.

BOY SCOUT NEWS

Summer Camp

Troop 33, of Florence, has signed up this past week to go over to Camp Burton with the Burlington County Boy Scouts. They will go with their Scoutmaster, Charles M. Stadvec. Camp enrollments are fast filling up, with reservations completely filled up for the first two weeks. A new innovation to Scouts of the Burlington County Council this year, will be sleeping under canvas. All tents are equipped with platforms, and the ranger at Camp Burton has been busy these past few days getting tents set up.

Many inquiries have come in at the council office from parents, on how to get to Camp Burton. The camp is located at Allaire, New Jersey, which is just five miles from the shore. The shortest route to follow is Route 40 for the shore,

near Laurelton, New Jersey, then turn on to Route 35; near Brielle, at this point a left turn is taken, which will bring you directly to the Scout Camp and Allaire.

Camporees

The scores have been announced from the Council Office on the camporees that was held recently at Strawbridge Park, Moorestown.

Class A Group were those that scored between 850 and 1000 points. Troop 4, of Moorestown, was the only Troop in this class, with a total of 865.5 points. In the Class B Group the scoring was 700 to 850 points. Troops that qualified for this group were Troop 2, of Riverside, 832 points; Troop 19, of Delanco, 826 points; Troop 5, of Palmyra, 773 points; Troop 1, of Burlington, 744 points; Troop 3, of Rosbling, 730 points; Troop 5, of Beverly, 729 points; Troop 9, of Palmyra, 719 points.

The scoring under Class C Group covered points from 550 to 700 points. The troops that qualified for this group were Troop 2, of Maple Shade, 684.5 points; Troop 32, of Burlington, 684 points; Troop 30, of Moorestown, 638 points; Troop 14, of Marlton, 580.5 points; Troop 12, Mt. Holly, 577.5 points, and Troop 33, of Florence, 567.5 points.

A sign in front of one of the most prominent restaurants in Phoenix, Arizona, reads: "2,075-and-one-half miles to the New York World's Fair." It points east along the main thoroughfare.

PRESIDENT

MRS. MERVIL E. HAAS

Riverton postmaster, who was named to the presidency of the New Jersey Chapter of the National Association of Postmasters, at the annual convention of that organization held last week, in Atlantic City. Mrs. Haas is the first woman member of the association to receive this honor.

Scholarship letters and certificates have been awarded to the following high school pupils in addition to those previously listed:

LOWER LIMB

One of the world's renowned sopranos was asked to sing at a benefit gathering, and before she began, she apologized to those present that her voice wasn't in the best of condition. Then she started:

"I'll hang my harp on a willow tree-e-e-ahem! On a willow tree-e-e-oh!"

Her voice broke on the high note each time. She tried twice more. Then a voice came from back of the hall: "Why not try hanging it on a lower branch, lady!"

The tourniquet was invented by Morel in France in 1674.

Background . . .

A broad background of experience especially fits us to render the ultimate in funeral service. Every facility that could be desired is incorporated in our modern Funeral Home including air conditioning. With all this, no charge is made for the use of the Funeral Home, and no case need the expenses be more than you desire.

He knows where to look

There is little use trying to hide your valuables from the professional burglar. He has an uncanny ability to find hidden valuables. There is one place, though, that is completely beyond the reach of his grasping fingers. For a nominal sum you can rent a safe deposit box and give your property the protection of our strong vault, not only against theft but against fire and misplacement as well.

Why not rent a safe deposit box now?

Church Notices

CENTRAL BAPTIST CHURCH
Rev. George Lockett, B. D., Pastor

Services Sunday, July 2nd.
Bible School, 10 a.m.—Too warm to attend the school? Why not try it out next Sunday? The School is not air-conditioned, but it is just as comfortable as the home. Besides, the lesson you will have learned will even be more comforting.

Morning Worship, 11:15 a.m.—“The Words on the Cross” has been selected by the pastor for the subject of his sermon. Choir selections and solo will precede the sermon. At the close of the service, communion will be served to all Christians.

Evening service at 7 o'clock in the Municipal Grove. The service will be conducted by Rev. George Lockett. His discourse will be on “Signs and Wonders.” The choir of “Central Baptist” will participate in the service by the rendition of a selected anthem.

BETHANY EVANGELICAL
LUTHERAN CHURCH
Rev. Oliver W. Powers, Pastor

Sunday is the Fourth after Trinity. This year the Festival of the Visitation falls on this day. It is also the Sunday nearest Independence Day.

Beginning Sunday and continuing through July and August there will be two services of worship on Sunday mornings. Matins will be at 8:00 a.m. and the Chief Service at 11:00 a.m. Sunday school will be at 10:00 a.m.

On Sunday, the Matins will be read by the Pastor, the Rev. Oliver W. Powers, and Mr. Charles King Wynkoop will preach. At the chief service, Mr. Wynkoop will read the service and Mr. Powers will preach on the subject “The Gospel and Democracy.”

METHODIST CHURCH
Rev. William A. Boyd, Pastor

This Sunday morning at 11 o'clock “The Holy Communion Service” will be held in our church. The Rev. W. A. Boyd will officiate. Mr. Elwell Johnson, basso, will be the soloist.

This church is cooperating with the Baptist, Lutheran and Moravian Churches in the Union meetings held in the Grove Sunday evenings at 7 to 8 o'clock. The Rev. George Lockett of the Baptist Church is the preacher this week.

CARD OF THANKS

May we take this opportunity of expressing our sincere thanks to our many friends for their sympathetic kindness during our recent bereavement and especially to those who sent flowers and cars to the funeral.

Signed: Mr. and Mrs. Charles A. Wright and Family.

THIEVEN—DELIA

Walter R. Thieven, of Sterling, N. J., and Florence Delia, of New Providence, N. J., were married in the Methodist parsonage last Saturday evening by the Rev. W. A. Boyd.

BRADSHAW—HABFAST

Miss Margaret Habfast, daughter of Mr. and Mrs. Charles Habfast, of 714 Lincoln avenue, Palmyra, was married to Mr. Lawrence Bradshaw, son of Mr. and Mrs. Harry E. Bradshaw, also of Palmyra, at 3 o'clock Saturday in the Church of the Sacred Heart, Riverton. Rev. John A. Welch officiated.

The bride, who was given in marriage by her father, was gowned in white lace and net. The close fitting bodice had a heart shaped neckline and short sleeves. The full skirt had three tiers of Valenciennes lace which also edged the long train. Her tulle veil was arranged with a halo of orange blossoms and she carried an old fashioned bouquet of roses and lilies-of-the-valley.

Miss Helen Habfast was maid of honor for her sister. She wore a hoop-skirted model of pink tulle trimmed in blue velvet with an old fashioned poke bonnet to match.

The bridesmaids were Mrs. Ann Barker, of Palmyra, Miss Kathryn Broderick, and Miss Betty Sim, of Riverton, and Miss Bernadette Ober, of Philadelphia. They wore old fashioned hoop skirted models in blue trimmed in pink velvet with poke bonnets to match. They carried old fashioned bouquets of tallman roses and daisies.

The ushers were Mr. Andrew Barker and Mr. Fred Davis, of Palmyra, Mr. Paul Guest, of Riverton, and Mr. Charles Myers, of Maple Shade.

The best man was the groom's brother, Elwood Bradshaw, also of Palmyra.

The bride's mother appeared in a model of blue chiffon paneled front and back with blue lace. She wore white accessories. Mrs. Bradshaw wore powdered blue chiffon and lace with dark blue accessories. A corsage of tallman roses completed their ensembles.

A reception was held at the Riverton Country Club for two hours.

The happy couple are now enjoying a honeymoon in New York. On their return they will be at home to their many friends at their new home, 9 Walnut street, Palmyra, after July 15.

ALL FACILITIES
AT Y.M.C.A. CAMP
(continued from page 1)

reasonable precaution has been taken for the girls' health and safety, two main objectives have been the guiding principles under which the camp has operated. First, the appreciation of the finer things in life, which may come to a girl by living in a camp environment. She may learn the real satisfaction of wholesome companionships, the love of beauty as found in art, music and above all, in nature. The whole camping experience is made a spiritual adventure.

Secondly, comes the principle of social adjustment, the important lesson of learning to get along with other people. Counselors use every opportunity to help girls develop those attitudes which make for successful living with others.

A number of camp openings are still available in each period. Reservations may be made through Secretary Guy C. Hendry.

The lesson thought for this week's service can be found in Psalm 43, verse 3: “O send out thy light and thy truth.”

Earl Smith, of Delanco, will be the speaker and the service will begin at 7 o'clock.

All members are urged to be present as plans for summer socials will be discussed. Come and bring a friend.

The Trenton District Epworth League Picnic will be held on July 15 at Bowman's Hill, Pa.

Institute

The Epworth League Institute at Pennington will be held from July 25 to August 3 with Rev. A. C. Brady as Dean.

The usual Bible courses will be offered with the following instructors: Rev. E. C. Pedrick, Rev. E. H. Palmer, Rev. W. A. Boyd, Rev. S. H. Davies, Rev. M. R. Guiles, Rev. John Pemberton, Rev. W. N. Raver.

Rev. Ira S. Pimm, formerly of Palmyra, will conduct the class in First Department Methods and Mrs. Pimm will teach the class in Second Department Work. Third Department will be taught by Miss Myrtle Pym, of the Deaconess Home, Camden, and the Fourth Department by Rev. D. A. Simons.

Various other courses will be offered under competent instructors.

at the Y.M.C.A. Office at Mount Holly, N. J. Illustrated camp folders will be mailed on request.

Wesleyan Men's
Bible Class

For the Men of the Community

A young man of foreign birth, in his poverty and repeated failures, lived in a tenement room in New York City. One morning he saw on the ceiling a spider spinning its web, and it fell, but it rose and continued its weaving.

This youth received his lesson from the spider and arose with renewed purpose. In literature he is known as Jacob Rias, the author of “How the Other Half Lives.”

This book aroused interest in the human needs and brought to the author's aid a conspicuous leader, who afterward became President of the United States, namely Theodore Roosevelt.

Hidden amid the common places of life there are examples that challenge us to be at our best. No need of being downcast!

Jesus in his teaching used the tiny seed, the flowers, the birds to illustrate how that nothing in this world is unrelated but connected with the great purpose of the Kingdom of God. This is especially true of the brotherhood of man.

In our Bible Class, a hand-clasp, a kind word of cordial greeting, may, humble as it is, be a renewed inspiration to achieve. Join with us next Sunday at 8:50 in our Brotherhood of Helpfulness!

ENGAGED

Mr. and Mrs. George N. Beisel, of Easton, Pa., announce the engagement of their daughter, Miss Emily Louise Beisel, to John Randolph Warren, son of Mrs. Sherman L. Warren, of 411 Thomas avenue, and the late Mr. Warren.

Miss Beisel attended the Ogontz School and was graduated from Edgewood Park School, Briarcliff Manor, N. Y. Mr. Warren is a graduate of Pennsylvania Military College and Lafayette College.

DON'T FALL FOR
ILLEGAL PLATES

Those bright colored license plates bearing the names of Shanghai, Australia, France, and other distant points, which have recently made their appearance on New Jersey automobiles, are illegal, and their use is punishable by a \$500 fine or 60 days in jail. Motor Vehicle Commissioner Arthur W. Magee announced today.

The Commissioner urges police officers to arrest all violators. Bailing for seventeen cents apiece and sponsored by a chain accessory concern, the plates are being attached above and beside the State registration plates. Commissioner Magee brands them as fictitious and cites the law prohibiting their use, as follows:

Revised statutes 39:3-33. No person shall drive a motor vehicle . . . which displays on the front or rear thereof a fictitious number, or a number other than that designated for the motor vehicle in the registration certificate.

A person convicted of displaying a fictitious number, as provided herein, shall be subject to a fine not exceeding \$500 or imprisonment in the county jail for not more than 60 days.

YWCA NOTES

Day Camp Bus Schedule
The first day of camp is almost here for the hundred or more Day Campers who will attend Camp Shining Arrow, at New Lisbon, during July. The camp is open July 5, 6, 7, and on Tuesdays, Wednesdays, Thursdays and Fridays for the rest of July.

On Wednesday, July 5, two large school buses marked Y.W.C.A. Day Camp will pick up campers according to the following schedule: 8:00 o'clock, Lumberton, school; Hainesway, Lumberton Road and Marne Highway; Hartford, Store; 8:10, Moorestown, Chester avenue and Main street; 8:20 Palmyra Railroad Station; 8:25, Riverton Railroad Station; 8:30, Riverside, Railroad Station; 8:35, Delanco, school; 8:40, Beverly, Five Points; 8:45, Edgewater Park, dual highway and Woodlawn Road; 9:00, Mt. Holly Court House; 9:10, Pemberton, Hanover street and Elizabeth street, 5:15, camp.

8:00, Burlington, Robert Stacy, Jr., High School; 8:10, Florence, library hall; 8:15, Roebeling, school; 8:20, Fieldsboro, school; 8:25, Bordentown, Farnsworth avenue, Route 25; 8:35, Columbus, opposite Columbus Inn; 8:50, Jobstown, school; 8:55, Julietstown, Horner's store; 9:05, Pemberton, Hanover street and Elizabeth street; 9:15, camp.

This schedule will be changed upon request to suit the convenience of campers who register late or for whom some other stop would be more convenient.

Scholarship

Thirty-one girls have been accepted as “scholarship campers” for the Y.W.C.A. Day Camp Shining Arrow, at New Lisbon. Parent-Teacher Associations, school classes, adult Y.W.C.A. clubs, civic organizations and interested individuals have contributed to the Day Camp Fund so that these girls may gain camp experience without overburdening too slender family resources. Every effort is made to protect the “scholarship camper” by withholding the names of all such.

Six other girls have been approved for this privilege but inadequate funds prevent their being accepted. A full camp scholarship is five dollars. Miss Virginia Slim, camp director, 127 Main street, Mt. Holly, or Mrs. William Matlack, Kings' Highway, Moorestown, will be glad to receive contributions to this special fund.

Appointments

Miss Gertrude N. Brick, of Crosswicks, president of the Burlington County Y.W.C.A., announces the reappointment of the entire staff of three secretaries to serve for the program year 1939-1940. Miss Katherine Lucchini came to Burlington County in September, 1936, as the General and Girls' Work Secretary. With the addition to the staff in May, 1938, of a full time Girls' Work Secretary Miss Lucchini devoted her time entirely to the work of administration and development of an adult program. Miss Virginia Slim came to the county as Girls' Work secretary to meet the growing demands for increased program with school girls. Miss Jean Lee has been office secretary since September, 1937, immediately following her graduation from the Mount Holly High School.

Numbers Doubled

During the past three years the numbers participating in the various phases of the Y.W.C.A. program have more than doubled rising to thirty-seven Girl Reserve clubs with approximately six hundred members. Four Girl Reserve inter-club councils meet monthly in different sections of the county, and occasional county-wide programs like the Folk Festival last autumn and week-end conferences have served as means for exchanging experiences and improving program content as well as providing opportunities for growing leadership. There are five adult clubs, two of which have been organized this year, and a public affairs discussion group in Crosswicks. These groups participate in a Young Women's Council organized last January and meeting monthly. Newly formed women's councils promote the work in several communities.

ABOUT THE COUNTY

At a meeting of the Board of Directors of the Riverside Trust Company held last week, Howard G. Pancoast, Senior Vice-President of the Trust Company, was elected President to fill the unexpired term of the late Irving A. Collins.

Six train loads of Civilian Conservation Corps workers arrived at Camp Dix last week from work camps on the Pacific Coast. The 1937 men were discharged. An equal number is expected to arrive next Monday.

The Moorestown Township Committee, at its regular meeting last week, passed on first reading an ordinance formally establishing the police department, providing for its maintenance, regulation and control, as well as establishing rules and regulations for its operation, government and discipline.

Tennyson said: “The greater man, the greater courtesy.”

Eight-inch diamond back terrapins once sold for \$56 a dozen on the New York market.

Mrs. Arthur B. Peacock is chairman of the Columbus group, Mrs. Robert Ranken of the Willingboro group, Mrs. Emily Pennell, of the Medford group, and in Mount Holly and Burlington local boards of directors carry on the work begun many years ago. Mrs. Dorothea Foucar heads the Mount Holly Board and Mrs. Clyde Freehafer, the Burlington.

“With so many well organized groups sponsored by active local committees and backed by a county Board of Directors numbering thirty-five county leaders the Burlington County Y.W.C.A. brings to a close its twenty-second year of program for the women and girls of the county and looks forward to another fall of increasing service under continuing leadership” was Miss Brick's statement.

YMCA BRIEFS

C. A. Duran, director of Y.M.C.A. Camp Ockanickon, Medford, and Mrs. Evelyn Sloane Smith, director of the girls' camp, Matollonequay, on the upper lake portion of the vast Ockanickon property, have issued invitations to their staff and counsellors to come to camp four days before the opening date, which is set for July 8th, for a series of training sessions before the boys and girls arrive.

Benjamin J. Roberts, of Marlton, president of the county Y.M.C.A. board, will be the speaker at a union church service at Somerville, Sunday evening, July 2. This meeting is in charge of the Y.M.C.A. board of that community. Clifford W. Ergood, former association secretary here, now Somerset county secretary, is assisting with the plans.

Secretary Bud Reeder is enjoying a week of his vacation at Seaside Park, accompanied by Mrs. Reeder and their new son. They are at the English cottage.

This week some three hundred 4-H Club members are using the facilities of Camp Ockanickon. They arrived Sunday afternoon and will leave Friday. All sections of the state from Mercer county south, are represented in the enrollment.

Findings of a recent community survey at Palmyra were discussed at a special meeting of the Palmyra-Riverton Y.M.C.A. board, Sunday evening, June 25, at Taylor's Cabin, Riverton.

County Secretary Guy C. Hendry, and Camp Director C. A. Duran spoke on camping at the Toms River Kiwanis Club Monday evening, June 26.

Georgia includes 10,000 more square miles than does New York state.

THINGS TO WATCH FOR

Spats or leggings of cellophane to be worn by women to keep their hosiery dry in rainy weather . . . Better color photography as result of Eastman Kodak discovery that a certain dye will filter out ultra-violet rays; a new color film will be protected with a gelatin layer containing the dye . . . A combination refrigerator and water heater. The refrigerator in the absorption type, utilizing a gas flame for both the cooling process and the heating of the water tank . . . “Prosperity Blotter,” a recently introduced novelty that will not blot red ink, only blue or black . . . Crayons, available in seven colors, that will write without smudging on cellophane, glass or china . . . Flat frankfurters which fit easily in ordinary hog dog rolls or in round flat rolls.

GIRL SCOUT NEWS

The Scouts are having a “Scrapbook Contest.” Each girl will make a scrapbook at home on a subject of her own selection. The judging will be held the first week in August and a prize will be awarded to the scout making the neatest and most original book.

These books will be given to hospitals at Christmas. There will be no meeting July 4. The girls will make hand painted silhouettes at their next meeting on July 11.

NEW STAMP

A special issue of 3-cent stamps commemorating the 25th anniversary of the opening of the Panama Canal will be first placed on sale on August 15, 1939, at the Navy Mail Post Office on the U. S. S. Charleston, which will be in the Canal Zone on the anniversary date. The central design includes portraits of former President Theodore Roosevelt and Gen. George W. Goethals and a view of the Canal at Gaillard Cut. The stamp is of the special-delivery size, arranged horizontally, and is printed in purple by the flat-plate process, and issued in sheets of 50 without straight edges.

OBITUARIES

MRS. ANNA OBERT

Mrs. Anna Obert, 75, died on Wednesday, June 21, at her late residence, Pennsauken street, Parry.

Funeral services were held on Saturday morning from the Ogden Funeral Parlors, Kensington and Allegheny avenue, Philadelphia.

The deceased is survived by her husband Louis, and five children, Frances Corish, Letitia Jacobs, Anna Coogan, William Obert, of Philadelphia, and Joseph Obert, of Parry.

GEORGE SORBER

George Sorber, of Green Creek, died last Tuesday, June 20, following a long illness.

Burial was made in Germantown. Mr. Sorber was the husband of the former Miss Etta Phillips, a

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias to me directed, issued out of Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, JULY 27, A.D., 1939, between the hours of 12 and 5 o'clock in the afternoon of said day (to wit, 2 o'clock Standard Time, at the Court House, Mount Holly, New Jersey:

ALL of the following tract or parcel of land and premises hereinafter particularly set forth and described:

ALL that tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Borough of Riverton, in the County of Burlington and the State of New Jersey.

BEGINNING at a point in the Northeastly line of Thomas Avenue distant ninety-seven feet Northwestwardly from the intersection of the Northeastly line of Thomas Avenue with the Northwestly line of Fourth Street, and in the dividing line between Lots Nos. 43 and 46, on a certain Town plot or plan of lots made by Edward Lippincott and on file as of record in the Clerk's Office of the County of Burlington, at Mount Holly, New Jersey, and extends thence Northwestwardly along the Northeastly line of Thomas Avenue sixty feet in front or width to a point in the dividing line between Lots Nos. 44 and 45, said plan, and thence extending Northeastwardly between parallel lines of that width or frontage, at right angles to Thomas Avenue, forty feet to the building line; then continuing on in the same directions a further distance of one hundred and twenty-five feet to the Southwestly line of a certain alley or passageway, Being Lot No. 45 on said Plan.

BEING the same land and premises which Samuel W. Collin and Beatrice F. Collin, his wife, by deed bearing date the ninth day of August, A.D., 1924, and of record in the office of the Clerk of Burlington County, at Mount Holly, New Jersey, in Book 637 of Deeds, page 222 &c., granted and conveyed unto the said Alphonse R. Schmidt and Frances C. Schmidt, his wife, in fee.

Deeds approximately \$4,670.46 besides interest, costs and fees.

Seized as the property of Frances C. Schmidt, widow, defendant; taken in execution at the suit of Home Owners' Loan Corporation, complainant; and to be sold by F. GEORGE FURTH, Sheriff.

Solicitors: Lichtenthal & Turnbull.
Dated: June 28, 1939.
6:30 to 7:20-39
Printer's Fee \$27.30.

former resident of Riverton and at one time employed at the Smith's store.

ALBERT GORMAN

Albert Gorman, of 402 Seventh street, died at his home on Tuesday. Funeral services will be held on Saturday at 2 p.m. from his late residence, Rev. Francis B. Downs officiating. Interment will be made in Northwood Cemetery, Philadelphia.

The deceased is survived by his wife, Florence and two children.

HARRY D. STEWART

Harry D. Stewart, 84, died on Saturday, June 24, at his late residence, 216 Garfield avenue.

Funeral services were held on Tuesday at 2 p.m. from the Snover Funeral Home, with interment in Mt. Moriah Cemetery, Rev. George Lockett officiating.

The deceased is survived by his daughter-in-law, Mrs. Ethel Stewart.
