usually following."

THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

50th Year No. 29

RIVERTON-PALMYRA, N. J., THURSDAY, AUGUST 3, 1939

PRICE FIVE CENTS

WELFARE OFFICE AT NEW LISBON

Changes in Space Allotments Will Provide Enlarged Mt. Holly Facilities

Need for construction of a new county office building will be eliminated, at least temporarily, when several shifts in office spaces are made by county departments during the next few weeks.

Changes in office space, to provide additional needed room to two county departments will entail shifts by three agencies.

Coincidental to moving the County Welfare Board's office to the new Welfare House at New Lisbon, two other shifts will be made. The office of Harold B. Cooper, director of the Welfare Board, will be moved in its entirety to the new building at New Lisbon, probably about September 1, when the Board of Freeholders expect to take over the structure now rapidly nearing completion.

Farm Agent

County Farm Agent Daniel L. Kensler, whose offices are now located in the county building at the corner of High and Union streets, will move to the second floor of the sheriff's office building adjoining the county jail, as soon as this space is vacated by the Welfare Board.

Cramped for space for a long time, County Superintendent of Schools Louis J. Kaser will be given enlarged quarters in the High and Union street building. One-half of the present farm agent's office will be allotted to Kaser, giving his department needed space.

The county library, long in need of enlarged space, will be given the other half of the offices now used by Kensler. This will principally provide storage space for books, according to Miss Hazel C. Clark, county librarian.

Pass Ordinances In Cinnaminson

At a special meeting of the Cinnaminson Township Committee held on Friday night of last week, a public hearing was held on two ordinances, these being on the Church road improvement project and the sale of property at Palmyra extension. Both are published in full in this issue of The New Era.

No one appeared concerning either matter and both were passed by a unanimous vote of the committee.

Mrs. Mary Sim, executive secretary of the Riverton-Cinnaminson Welfare Association, was named referral agent for N.Y.A. applications by Chairman Maurice Conrow. A similar action was taken by Riverton Borough Council at a recent session.

Safety Committee

Chief George Dorworth was named chairman of the Cinnaminson Safety Committee, this appointment by Mr. Conrow coming after a request for action of this nature had been received from the National Safety Council. Mr. Dorworth will name two other members of his committee.

The East Riverton drainage situation was discussed at length and progress on the matter reported.

An illuminated sign was authorized to be placed in front of the home of Leslie W. Reeves, assessor and recorder of vital statistics for the township.

NOTICE

Dr. H. B. Mark, of Broad street, and Elm Terrace, wishes to announce that his office will be closed from August 4 to August 29 inclusive. Calls are referred to Dr. Charles S. Mills, of Lippincott avenue.

LOCAL RESIDENT HAS FINE RECORD

Albert VanSciver, of 619 Cinnaminson street, Riverton, was recently placed on the retired list by the Pennsylvania Railroad after forty-nine and one-half years of continuous meritorious service.

Mr. VanSciver, who has been a resident of this section all his life, held the position of track foreman, being responsible for the section between Morris Junction and Riverside.

He had received a handsome Roll of Honor Certificate from the railroad and also a letter of appreciation from the president and superintendent of the New York Division.

HOME CAMPERS VERY ACTIVE

Swimming, Baseball and Crafts
Occupy Full Time of
Forty-Three Boys

The second week of the Y.M.C.A. Home Vacation Camp at the Palmyra-Riverton building found a total of 43 boys participating in a program of activities planned to keep all busy. Tuesday the entire group traveled to Philadelphia to see the Athletics play the Cleveland team a game of baseball. Between handfulls of peanuts and gulps of soda water, many saw most of the contest.

Wednesday morning found the would be Weissmullers at the Moorestown pool, where weekly instruction is given in swimming to non-swimmers and diving instruction to those who want to learn. Races were held with the teams made up of all boys able to swim one length of the pool. These were closely contested with the winners never more than three yards in the van of the losers.

Baseball Leagues

The two baseball leagues continued to hold a major interest for the boys. Eddy Hoyt's "runts" continued to win in the PeeWee league with Jim Hamlin's "midgets" fighting every inch of the way to attempt to emerge the winners. Stars of the contest might be listed as "Rolly-Poly" Dietz, of the "runts" and Skeeter Ulrich of the "midgets."

A new game was introduced during the noon hour rest period at the camp known as "Quiet Please." At a given signal all boys must remain quiet for a given period of time. As many times as they make noise that number of times they must go through the paddles. Bobby Seithert, noise-maker deluxe and Eddy Hoyt, giggler without opposition, lead in the department of crawl-and-swat-'em.

Big Circuit

The big league, playing two times every week at the Riverton Ball Park, finds Arthur Hoyt's "Terrors" leading in games won against Dave Hough's "Wildcats," who strengthened his team this week (he hopes) with the addition of Roy Hardy to his nine.

Lester Rixon, of the Sauken Archers' Club, visited the group on Wednesday afternoon and demonstrated the making of bows and arrows.

Craft work continued in the camp with twenty-two solid and flying models under construction. They are well along and expect to be ready for display on parents' night, August 10.

Program plans for this week include a trip to Riverview Beach by boat on Thursday, baseball, swimming instruction and craft work, with two periods of safety instruction under the direction of a New Jersey State Trooper.

There have been no deaths from smallpox in New Jersey for several years.

It Might Be You

Local residents would be saddened to learn of the serious injury or death of a child from this vicinity as a result of being hit by an automobile and every one hopes that such a terrible affair will never occur, but it seems almost inevitable unless younger children are cautioned about crossing streets more carefully.

Only the other day, a narrow escape was observed on local thoroughfare. The driver of the car was proceeding at a slow rate of speed, much below the speed limit, when, without warning, a child that had been playing on the curb darted across the street without a glance to right or left.

If the car had been going a trifle faster, or if the driver had not been quite so alert, nothing could have prevented the child from being run down. As it was, the driver stopped on the proverbial dime and the youngster was untouched.

So, by a hair's breadth, a catastrophe was avoided.

Can't EVERYONE cooperate to prevent such occurrences? The next time YOU might be the driver or the child might be YOURS.

Firemen Win Parade Prize

A fine looking contingent of the members of the Riverton Fire Company, in charge of Assistant Chief Lawrence Downs, with three pieces of apparatus journeyed to Medford last Saturday to participate in the anniversary parade in that community.

George N. Wimer, of Palmyra, a veteran fireman, was the guest of the local organization and rode on the new ladder truck. The Post Frederick M. Rodgers Junior Drum and Bugle Corps furnished the music for the Rivertonians.

Best Ladder Truck

Sixty-five companies participated and 90 pieces of apparatus were in line.

Although Riverton failed to win an award in the main event, the home town lads secured a first award at the continuation of the parade at Medford-Lakes, where they won the honor for having the best equipped ladder truck.

The Judges were as follows:

Ross B. Davis, chief of the Philadelphia Fire Department; Rollo Jones, Battalion Chief, of the Camden Fire Department; Col. Mark O. Kimberling, head of New Jersey State Police; Leroy B. Fales, New Jersey State Fire Warden; Theodore M. Pennock, ex-chief of Mt. Holly Fire Department, and John C. Barclay, of the Fire Association of Philadelphia.

ROAD PROGRAM IN ADVANCE OF SCHEDULE

According to reports from those in charge of the work, the paving of Broad street, in Palmyra, is going along ahead of schedule and the entire job will probably be completed within two weeks.

Excavation work has been completed and the roadbed is being prepared for the application of bituminous concrete. Three layers of foundation material will precede the top surface.

Meanwhile, one-way traffic is still in vogue in front of the Palmyra railroad station, westbound vehicles only going through the intersection at Broad and Cinnaminson.

Direction of traffic keeps the Palmyra police busy most of the day.

BIRTH

Mr. and Mrs. John F. Jamison, of Broad and Lippincott avenue, are receiving congratulations on the birth of a son, on Tuesday, August 1, at the West Jersey Hospital.

BIG PAGEANT AT FESTIVAL

The mammoth historical pageant to be staged in Mt. Holly in connection with the first annual South Jersey Tomato Festival will not only be tremendously entertaining from a spectacular show viewpoint, but it will be educational as well, according to Charles Humphrey, chairman of the Chamber of Commerce committee directing the Festival.

The Festival will be held at the Mount Holly Fair Grounds on August 23, 24, 25 and 26, and the pageant will be presented every night.

MOVIES FEATURE AT ROTARY CLUB

Sponsored by Jack Dawley
Inc.: Subjects—Baseball
and Diesel Engines

Sponsored by "Jack" Dawley, Inc., the Oldsmobile Division of Philadelphia entertained the local Rotary Club last week with two motion pictures of especial and timely interest. "The First Century of Baseball" appealed to all lovers of the national game and the film prepared by the Diesel Engine Division of General Motors satisfied a widespread curiosity over the potentialities of this modern power miracle.

Starting with the ancient game of Old Cat as played in colonial days, the baseball film traced the history of the diamond through Town Ball days to that historic afternoon a century ago when Abner Doubleday, then a young engineer and later a famous Major General in the U. S. Army, first put into play the rules that are fundamentally the game of today. One of the interesting phases of the picture was the slow motion presentation of close decisions on the bases.

Age Old Trick

The development of the principles of the Diesel engine were shown in simplified graphic drawings beginning with the age old fire making trick of igniting tinder on the end of a wooden plunger rapidly forced into a block of wood bored exactly to fit the plunger. From this phenomena of high temperature resulting from the compression of air, the Diesel principle was developed.

In essence the engine is simple. On the up stroke air is compressed, great heat is generated, oil is sprayed in and the explosion forces the piston down. On the next up stroke the gases are expelled through a valve and on the down stroke fresh air is drawn in the chamber. The present two cycle engine is simply a mechanical refinement of this four cycle principle which enables the builders to greatly reduce the weight of the engine necessary to generate a given power. Since 1934 when the first Diesel propelled train was run between Denver and Chicago great strides have been made in perfecting this new source of power for a variety of uses.

The films were presented and explained by A. J. Dielans, service manager and J. W. Beck, office manager of the Philadelphia Division of Oldsmobile.

SCHOLARSHIPS

Four boys from Burlington county and an equal number of girls were among the winners of 210 State scholarships at Rutgers University and New Jersey College for Women.

None were from this vicinity.

TO CONTINUE STRIKE

More than 500 members of the three unions involved in the strike at the Kleckhefer Container Company voted last week to reject the latest counter-proposal of the company to the union's demand.

HOSPITALIZATION FOR FIREFIGHTERS

Request by Freeholders to
Institutions: One Room
Reserved at Each

At the meeting of the Burlington County Board of Freeholders held last Friday afternoon, a resolution offered by Director Palmer L. Adams concerning hospitalization facilities for volunteer firemen was passed by a unanimous vote, following considerable discussion on the matter.

The resolution requested that the Burlington County Hospital and Zabrugg Memorial Hospital (both recipients of county funds for maintenance and support) each set aside one private room for the use of volunteer fireman who may become injured in the line of duty or may become ill.

Risk Lives

The institutions would furnish the room free of charge, but occupants pay for medical treatment. Mr. Adams stated that he felt this action was entirely justified, since the firemen risk life and limb without any compensation or reward.

Hospital institutions maintained by the county were asked to provide similar facilities.

Freeholder Charles R. Stout stated that the resolution covered too broad a scope and felt that the rooms should be available to only those injured in the line of duty. He voted for the measure, however, when it was amended so that the Burlington County Fire Association would confer with the hospital boards regarding the use of the facilities in question.

Mingin's Salary

Two vouchers were presented by the county clerk, Lawrence G. Mingin (continued on page 3)

Darby Says Yes Highway - No

When two legal authorities disagree, the situation becomes rather perplexing as the Burlington County Board of Freeholders learned last Friday in respect to the allotment of the dirt road fund to the newly created Borough of Medford Lakes.

A ruling received recently by the State Highway Department stated that the municipality was not entitled to a share this year because application was not made prior to December 31, 1938. Everything appeared rosy, until—

On Friday afternoon, Commissioner Walter Darby advised the Board that it was perfectly proper to pay Medford Lakes its share of the funds.

With two such conflicting reports from the powers that be, the Board was left in a quandry and attempted to solve the difficulty by authorizing the solicitor, Christopher N. Peditto, to gather up the data and send it along to the highway department for another ruling.

Meanwhile, Medford Lakes' share is held in escrow, much to the disgust of municipal treasurers, who are in a dither over the matter because of foreseen changes in their complicated system of bookkeeping.

TAX PAYMENTS GOOD IN COUNTY

County Treasurer Frank A. Snover reports that tax payments by the various municipalities to the county are very good, all assessments for the first half of the current year having been received with the exception of the sum of \$13,000. There are no delinquencies for 1938.

Taxes for the third quarter of 1939 are due and payable to the county on August 15.

DRUNKEN DRIVERS FEWER IN N. J.

Wet Convictions Decrease 15
Per Cent in Six Months
of Current Year

Although the number of revocations for all causes remained about the same during the first six months of the current year, drunken driving convictions decreased fifteen per cent in the State, according to Motor Vehicle Commissioner Arthur W. Magee.

There were 594 drivers who drank and drove and ran afoul of the law this year as compared with 702 in the same months of last year. Total revocations for all causes were 2,427 as against 2,478 last year.

Fifty of the revocations concerned drivers physically or mentally unfit, 33 were for failing to report a change of address to the Department and 219 were for violating the inspection law.

Revocations
A complete list of revocations for the two year period follows:

Driving while intoxicated	594	702
Reckless driving	182	197
Speeding	183	242
Fatal accidents	105	196
Obtaining license while still on revoked list	18	57
Habitual violators	209	234
Fail to appear to answer summons	250	257
Fail to pay fines	34	39
Leaving the scene of an accident	23	24
Misstatement of facts on application for license	23	13
Larceny and receiving and driving without consent	73	53
Defective vision	4	9
Physically or mentally unfit	50	33
Failed at examinations for new license	18	12
Driving without a license	35	34
Misrepresenting age in attempt to get license	1	5
Permanent revocations (bad records)	1	5
Failed to report change of address	33	0
Violation of the testing law	219	0
Other violations	363	345
Total	2427	2478

MAMMOTH GOLDEN ANNIVERSARY ISSUE

The New Era is in receipt of a copy of the Golden Anniversary Number of the Daily Oklahoman, published at Oklahoma City, Oklahoma, sent by Eugene F. Hatzell, a former resident of Riverton. Mr. Hatzell has been in Oklahoma City for many years, where he is employed in the postal department. During all these years he has had The New Era sent to him, so that he may keep posted on the news in his home town. He says that he is particularly interested in reports of the Fourth of July parade and exercises, recalling the days of his boyhood when he participated in these events. Mr. Hatzell wishes to be remembered to all his friends in Riverton and vicinity.

The copy of the paper Mr. Hatzell sent is a mammoth affair of 15 sections containing 292 pages, many of them printed in color. It traces the development of Oklahoma in civil, economic and political affairs, for the last half century.

Featured in a full page in color are the three outstanding men among the pioneers of Oklahoma—Sequoyah, a Cherokee Indian Chief, David Payne and Will Rogers.

Sequoyah developed an alphabet for the language of his tribe taught the natives how to read and write and use the "speaking leaves" of the pale face. One of the ancestors of Will Rogers was a member of the tribe to which Sequoyah belonged, according to a very interesting story about the three pioneers published in this special edition.

This Golden Anniversary Number is of special interest to The New Era staff at this time, owing to the fact that this paper is preparing to issue a 50th Anniversary number in the early fall.

Ninety-eight per cent of the population of the United States live within 50 miles of a hospital.

WORKERS INVITED TO LEARN STATUS

With the posting of its millions of old-age insurance accounts completed for 1938, the Social Security Board today announced, through Mr. Joseph M. Davis, manager of its Camden field office, that any worker may now obtain a statement showing the amount of wages credited to his account up to January 1, 1939.

Mr. Davis emphasized that the statements showing the status of a worker's account will be sent to any applicant regardless of the time he was employed or the amount of the wages he received.

"A year ago the Board adopted the policy of making wage information available as soon as accounts are posted. Although employers report the wages of their employees every three months, the posting of the wage items is delayed for reasons of economy until all wage reports have been received," Mr. Davis said.

Request Cards

For the convenience of wage earners who ask for statements the Bureau of Old-Age Insurance has sent to all the Board's field offices post cards carrying the request for a wage statement. Space is left on the card for the worker to write in his name, account number, and address. This card should be mailed to the Bureau of Old-Age Insurance, Social Security Board, Camden building, Baltimore, Maryland. A worker may obtain this form from any of the field offices by telephone, letter, or personal call.

"The decision to provide workers with an opportunity to obtain statements of their wage accounts was reached not only because it is their unquestioned right to know the amount of wages credited to their accounts, but to enable us to correct any records which are shown to be in error," said John J. Corson, director of the Bureau of Old-Age Insurance. "In the year since it was announced that this information was available, we have received requests from about 100,000 workers. To more than 85 per cent of the inquirers, statements have been immediately forwarded. The percentage of wage earners who have found these statements at variance with their own records is small. In all such cases we have tried to reconcile the employer's wage returns and the worker's belief that not all of his wages have been reported. We have been able to trace the missing wage items and credit them to the worker's account in a great majority of such cases."

Only three States have lower maternal mortality rates than New Jersey. New Jersey is within a few percentage points of the leaders.

BRIEF ITEMS from ABOUT TOWN

Local residents were shocked to learn of the deaths of Mr. and Mrs. Arthur Littman, of Riverside, last Sunday. Littman, a photographer, who had taken pictures of many people in this section, shot his wife in a fit of rage and then committed suicide.

Concrete curbs are being installed along the property recently acquired by R. M. Hollingshead Linden avenue and Second street, Riverton.

Lloyd Major, Jr., Russell Farrow, and Edward Moreland, members of Troop 50, B. S. A., returned Sunday after a week's stay at Allaire, Boy Scout Camp, near Asbury Park.

The dredge Freedom is again at work in the Delaware above Pompton Creek. Every day several bargeloads of sand and gravel are shipped downstream.

The Riverton Board of Education held a special meeting on Friday night of last week to inspect the painting work at the local school.

The many friends of Recorder Cecil Bowers, of East Riverton, are glad to learn that he is rapidly convalescing at his home following a serious operation at the Hahnemann Hospital, Philadelphia.

Lawns in this section have perked up considerably following the recent showers. Farmers report that the rain came just in time to save their crops.

With July in the background, school days are just around the corner and it won't be long before people will read "Shop Early for Christmas."

Only three States have lower maternal mortality rates than New Jersey. New Jersey is within a few percentage points of the leaders.

BUSINESS

LESTER COLLINS RENAMED PRESIDENT OF BOARD

Lester Collins, of Moorestown, one of New Jersey's largest fruit growers, was reelected president of the New Jersey State Board of Agriculture at a meeting held in Trenton last week.

Collins is a former president of the New Jersey State Horticultural Society and one of the pioneers in exporting apples and pears to Europe. He operates large cranberry and blueberry holdings as well as orchards in Burlington County.

James C. Ewart, of Cranbury, a prominent potato grower who has been associated with agricultural activities for many years was reelected vice-president. He is a former president of the State Potato Association.

Both Collins and Ewart are now serving their third year on the board having been elected to membership during Agricultural Week, January, 1937.

TENNIS TOURNAMENT

A tennis tournament will be held on Thursday at the Palmyra Tennis Courts. This tournament is open to Palmyra residents only. All entries must be in by Wednesday evening and each person must supply their own equipment. Although there is no prize for the winners the players will obtain a great deal of fun and practice from the tournament.

FIFTY-THREE ARE SAVED THIS YEAR

Traffic Death Record for Six
Months Is Lowest
for Eight Years

Reporting this week for the first half of 1939, Motor Vehicle Commissioner Arthur W. Magee announced the "saving" of 53 lives on the public highways.

"I look hopefully for a toll below 800 by the end of the year," said the Commissioner. Last year's fatalities were 855.

During the first six months 347 persons were killed in auto accidents, the lowest in the eight years the Department has maintained an accurate statistical record. The half yearly traffic toll during this period was as follows:

1939—347 killed; 1938—400 killed;
1937—552 killed; 1936—426 killed;
1935—519 killed; 1934—495 killed;
1933—484 killed; 1932—523 killed.
"Considering," said the Commissioner, "that more cars are in use, gasoline consumption is greater and the added hazards created by the influx of visiting motorists from all parts of the country, the saving of 53 lives is an outstanding accomplishment. To me it means only one thing—drivers are gradually becoming more safety conscious. To them belongs the lion's share of the credit."

Summary

Following is a comparative record of traffic fatalities in the counties for the first six months of 1939 and 1938:

Atlantic	25	22
Bergen	27	39
Burlington	16	14
Camden	18	35
Cape May	4	4
Cumberland	14	4
Essex	67	53
Gloucester	12	10
Hudson	3	29
Hunterdon	8	15
Mercer	29	46
Midchester	16	18
Monmouth	13	12
Morris	6	5
Ocean	16	24
Passaic	3	13
Salem	11	6
Somerset	2	5
Sussex	15	34
Union	4	1
Warren	347	400

HOSPITALIZATION FOR FIREFIGHTERS

(continued from page 1)

gin, for 1939 payments to date on the difference between his \$6,000 the increase having been authorized the first of the year, but payment salary and that at the rate of \$7,500, having been made at the old rate.

The accompanying resolution, signed by Freeholder Church, had a qualifying clause to the effect that such payment did not waive Mingin's right to collect the balance that might be due on his salary, according to statute, prior to 1939. This clause was also written on the vouchers.

The resolution was passed without the qualifying clause but Director Adams voted in the negative because the statement was permitted to remain on the bill. According to a verbal agreement, Mingin is reported to have waived all claim to retroactive action on the salary question.

The following departmental bills were approved and ordered paid, Freeholders Church and Stout voting no until the legal status of the Welfare Home has been definitely settled:

Room, \$16,795.91; buildings, \$7,253.41; bridges, \$3,022.67; public affairs, \$3,077.59; revenue and finance, \$1,371.04; institutions and agencies, \$9,742.55, a total of \$41,864.17.

OPEN PENDING DECISION

The adjourned hearing on the matter of the liquor license of Placido Peditto took place in Newark last Thursday and the taking of testimony was completed. Further action awaits the reception of Commissioner Burnett's decision on the case. The tavern continues to remain open under a temporary license.

POSTPONED TILTS PLAYED TUESDAY

Two one-sided games were on the program Tuesday night at Memorial Park, these affairs having been postponed from last Thursday on account of rain. Little can be said about the engagements, except that Broadway swamped Sigma Kappa 14-3 and the German Kitchen tossed won 11-4 from the Cubs.

Broadway pounded Howdy Baker, S. K. pitcher for 14 blows and the fraternity hush was accorded shabby support. Gonteski, on the mound for the theatre team, allowed six safeties, three of these being made by Botger. Tony had a shut-out until the ninth.

Sigma Kappa was reported to have an imported pitcher for the tilt, consequently a rather large crowd was on hand for the affair. The hurler failed to put in an appearance.

Score by innings:
Sigma Kappa 000 000 003—3
Broadway 263 000 30X—14
Batteries—Broadway: Gonteski and Buchholz; Sigma Kappa: Baker and Gibbon. Umpires: Rotenberg and Bonatelli.

Three Pitchers

The Cubs got away to a good start over the German Kitchen, tabling four runs in the third frame. Stockton, starting pitcher for Manly, held the winners scoreless until the fourth, when they tabbed a brace of markers. They went ahead in the next stanza by annexing three more and the sixth session was a track meet.

The Cubs' pilot puffed ascended the hill during the final frame, the seventh and succeeded in getting the side retired without further damage.

Score by innings:
German Kitchen 000 236 0—11
Cubs 040 000 0—4
Batteries—Cubs: Stockton, Van Emburg, Payne and Moorhouse. German Kitchen: Connell and Lynch. Umpires—Carhart and Al-loway.

AN ORDINANCE OF THE TOWNSHIP OF CINNAMINSON, NEW JERSEY, FOR THE REGULATION OF THE PRIVATE SALE AND CONVEYANCE OF REAL ESTATE, INCLUDING LOTS, WITH THE IMPROVEMENTS AND APPURTENANCES, THEREON, FOR THE LIMITED PERIOD OF TIME, THE MINIMUM SALE PRICE BEING \$500.00.

SECTION 1: That it is hereby determined and declared that the several building lots mentioned in the Schedule contained herein, and the title to which real estate became vested in the said Township by virtue of the foreclosure of mortgages in favor of the said Township, are not subject to the said Township for public use.

SECTION 2: That the private sale and conveyance of each and every Lot mentioned in the Schedule, and the title to which real estate became vested in the said Township by virtue of the foreclosure of mortgages in favor of the said Township, shall be made at any time between the date when this Ordinance shall take effect and the thirty-first day of December, 1939; and that the respective prices for the said Lots hereinbefore mentioned shall be as follows: (a) the minimum price for the said Lots shall be \$500.00; (b) the minimum price for the said Lots shall be \$500.00; (c) the minimum price for the said Lots shall be \$500.00; (d) the minimum price for the said Lots shall be \$500.00; (e) the minimum price for the said Lots shall be \$500.00; (f) the minimum price for the said Lots shall be \$500.00; (g) the minimum price for the said Lots shall be \$500.00; (h) the minimum price for the said Lots shall be \$500.00; (i) the minimum price for the said Lots shall be \$500.00; (j) the minimum price for the said Lots shall be \$500.00; (k) the minimum price for the said Lots shall be \$500.00; (l) the minimum price for the said Lots shall be \$500.00; (m) the minimum price for the said Lots shall be \$500.00; (n) the minimum price for the said Lots shall be \$500.00; (o) the minimum price for the said Lots shall be \$500.00; (p) the minimum price for the said Lots shall be \$500.00; (q) the minimum price for the said Lots shall be \$500.00; (r) the minimum price for the said Lots shall be \$500.00; (s) the minimum price for the said Lots shall be \$500.00; (t) the minimum price for the said Lots shall be \$500.00; (u) the minimum price for the said Lots shall be \$500.00; (v) the minimum price for the said Lots shall be \$500.00; (w) the minimum price for the said Lots shall be \$500.00; (x) the minimum price for the said Lots shall be \$500.00; (y) the minimum price for the said Lots shall be \$500.00; (z) the minimum price for the said Lots shall be \$500.00; (aa) the minimum price for the said Lots shall be \$500.00; (ab) the minimum price for the said Lots shall be \$500.00; (ac) the minimum price for the said Lots shall be \$500.00; (ad) the minimum price for the said Lots shall be \$500.00; RIVERTON

William Parke, of Main street, has returned after spending two weeks in Vermont.

Dorothy Rieger, of Elm avenue, Jane Mustard, of Linden avenue, Anne Knight, of Howard street, Natalie Evans, of Thomas avenue, Coleen Shaner, of Washington avenue, and Mrs. Florence Evald, of Harrison street, spent the past week at Surf City.

Mr. and Mrs. John Mustard, of Linden avenue, spent several days in Atlantic City last week.

Mrs. Reynolds, of Cinnaminson street, and Mrs. Jack Kelly, of Pennsauken, spent Sunday at Harvey Cedars.

Miss Dorothy Wolcott, of Linden avenue, is taking a bicycle trip to Maine.

A birthday part in honor of Miss Agnes Weber, of Linden avenue, was held on Wednesday evening.

Mr. and Mrs. Edward Leavy and Mr. and Mrs. George Carlie, of Thomas avenue, enjoyed an outing at Browns Mills on Sunday.

Mr. and Mrs. August Weber and family, of Linden avenue, are spending a few weeks at Ocean City.

Mrs. Samuel MacMullin, of Main street, spent last week at Avon with relatives.

Mrs. Joseph Flynn, of 403 Thomas avenue, will entertain the Riverton Ladies Club today (Thursday) at their weekly card party.

Mrs. W. Clayton Apgar, of Pitman, spent Tuesday with her mother, Mrs. Ross Evans, of Thomas avenue.

Mr. and Mrs. L. E. Gest, of Thomas avenue, are spending the week at Bridgeport, Connecticut.

Mr. and Mrs. James Fitzgerald, of Thomas avenue, had as overnight guests on Tuesday, Mr. and Mrs. Edward Gallagher, of Trenton.

Mrs. Earl R. Van Leeuwen and daughter June Lee, of Yakima, Washington, formerly of Riverton, are visiting friends in this vicinity.

Miss Doris Shivers, of Riverton, a member of this year's graduating class at State Teachers College, Trenton, has accepted a position on the teaching staff at Tuckerton.

Mr. and Mrs. E. H. Blackwell and daughter, Betty, of Elm Terrace, are vacationing in Maine.

Local residents are reminded that the Riverton Library will be closed during the entire month of August.

Mr. and Mrs. William O. Myers, of Seventh street, and Mr. and Mrs. Arthur DeNight, of Riverton, are spending two weeks at Ocean City.

Miss Patience Northrop, of Thomas avenue, is spending the week at Ocean City.

Mr. and Mrs. Earl W. Northrop, of Thomas avenue, will leave next week for Detroit, where they will visit relatives and friends.

Linoleum, once limited in function to covering floors, has achieved a niche in exterior decoration. When the artist, Domenico Mortellito was commissioned to adorn the Academy of Sport Building at the New York World's Fair he used it for his murals.

CHRISTIAN SCIENCE CHURCH

"Spirit" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, August 6th.

The Golden Text is: "What man knoweth the things of a man, save the spirit of man, which is in him? even so the things of God knoweth no man, but the Spirit of God." (1 Corinthians 2:11).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage. This I say then, Walk in the Spirit, and ye shall not fulfill the lust of the flesh." (Galatians 5:1, 18).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Scripture informs us that 'With God all things are possible,'—all good is possible to Spirit; but our prevalent theories practically deny this, and make healing possible only through matter. These theories must be untrue, for the scripture is true. To have one God and avail yourself of the power of Spirit, you must love God supremely (pp. 232, 167).

MANY ENTRIES FOR CARNIVAL QUEEN HERE

A considerable amount of unexpected interest has developed in the contest for Carnival Queen at the annual event to be held on Friday and Saturday, August 11th and 12th, by the Sacred Heart parish on the grounds of the Knights of Columbus home.

Mrs. Lillian Smith, chairlady of the committee announced that the complete list of entrants for Queen is as follows: Mary Frisco, Agnes Weber, Mary Holvick, Anna Carden, Kathryn Dougherty, Cecelia Casey, Mary McCordell, Ellen Brennan, Mary Malone, Della Marie Haynes, Helen Arndt, Mrs. John Ford, Mrs. William McDermott, Mrs. John Hurling, Mrs. Harry Stack, Mrs. Mary Barrett.

Car Major Award
Many people are seeking to participate in the contest for the major award—The Master 1939 Chevrolet, with 85 h.p. motor. This may be due to the great value of this prize, which will be awarded on the last night of the carnival. Wiring for the loud speaking system is being made by the electrical division of the grounds committee, and will be operated under the supervision of the Eck brothers.

P.T.A. COMMITTEES

Committee chairmen for the Burlington County Council Parent-Teacher Association have been appointed by Council Chairman, Mrs. Richard Burtis. They will serve until May, 1941.

Those named are: Mrs. Herbert L. Adams, Edgewater Park, program; Mrs. Erik Warnick, Cinnaminson, publicity; Mrs. Goodwin Donnelly, Florence, membership; Mrs. Samuel McGaw, Jr., Maple Shade, recreation; Mrs. Frank Smith, Rancocas, health and summer round-up; Mrs. Grover Freck, Burlington, hot lunch; Mrs. Jacob Klewa, Riverside, Founders Day; Miss Reba Troxell, Burlington, welfare; Mrs. Winfield Crossley, of Moorestown, magazine and publication.

Mrs. Samuel Green, Maple Shade, safety; Mrs. J. C. Mallory, Palmyra, student loan; Mrs. Norman Reeves, Crosswicks, resolutions; Mrs. Mary Krupnick, Mt. Holly, parliamentary; Mrs. Joseph Shippa, Delanco, historian; Mrs. Richard Barthold, Vincentown, registrar; Mrs. W. V. Alcott, Marlton, goals; Miss Hazel Clark, Mt. Holly, library service; Mrs. W. Henry Jones, Moorestown, social hygiene; Mrs. Emille Spillman, Roebling, literary and citizenship. Three members at large selected are: Mrs. Edward Ried, Lambert, Mrs. John Bishop, Burlington, and Mrs. Arthur Hagatos, Riverton.

BIRTH

Dr. and Mrs. Leon H. Collins, Jr., of Philadelphia, are receiving congratulations on the birth of a son, Henry Lippincott Collins, on July 24. Mrs. Collins is the former Miss Alice Lippincott, daughter of Mrs. Henry Lippincott, of Riverton.

THINGS TO WATCH FOR

A one kilowatt radio broadcasting transmitter, said to have the efficiency of 50 kilowatt equipment, designed primarily for commercial broadcasting and high quality police service . . . cheap television receivers through the utilization of ordinary radio sets to pick up television images on one wave band while the sound is coming over another . . . a new cake shortening said to produce cakes that will not shrink when taken from the oven, and also to give a finer texture . . . More rubber parts in the assembly of 1940 automobiles than ever before to reduce vibration and noise . . . a high vitamin yeast for dogs, to stop itching which is said to result from a diet deficiency . . . heat-proof soles for men's shoes, which in addition to rubber for cushioning, have layers of cork to provide insulation against the heat of pavements.

RIVERTON HAS LITTLE TROUBLE

Locals Rack Up 11-4 Win Over
Burlington Team; Four
Hits for Rothbaum

Although Burlington may amount to something in the county baseball loop, their record accounted for little at Memorial Park on Saturday afternoon, when Riverton A. A. breezed to a 11-4 win over the holders of second place in the junior division of the circuit. The losers have a standing of 14-6 in league competition.

The affair, to all practical purposes, was won in the initial stanza, when the invaders got off to a bad start. Brewster, lead-off man, was cut when Rodzan made a thrilling catch of his drive to deep left. Freeman was safe on an error and Sutters singled, sending Fred to third. Both scored when a throw to catch Sutters going down went through both the second baseman and center fielder.

Doughty Routed
Baker and Rothbaum singled subsequently and Karitis was safe on another boot. With the sacks crammed, P. McDermott hit into a double killing to halt the local offense temporarily.

In the second frame, Cole smacked a double to left and Brewster stroled. After giving Freeman three balls, Doughty, enemy hurler, was given the office to retire from hostilities. Miller, who relieved him, managed to get the side out without further damage.

The action subsided somewhat temporarily, although the locals had men on bases in each of the third and fourth frames.

In the fourth stanza, McConnell, cleanup man for Burlington who had fanned the first time up, watched three of Baker's pitches go winging their way over the platter and found himself called out on strikes.

Out of Game

Obviously peeved over the decision of Umpire Bright, the enemy catcher proceeded to unburden himself of a variety of opinions concerning umpires in general and Mr. Bright in particular. He continued his tirade after donning his catching equipment until Bright advised him that another remark would necessitate his withdrawal from the scene of action. Being of a belligerent nature, McConnell started in anew and was moved to the rear, a course that he took after threatened cuffs were averted by cooler heads and Officer Carhart, of the local constabulary.

Just for good measure, Riverton added a brace of tallies in the lower half of the same stanza and manufactured five more in the following frame. Two additional markers in the eighth completed their activities in this direction for the afternoon.

First in Fifth

Meanwhile, Len Baker, on the mound for the home guard, had the enemy completely under subjection. Burlington did not get a hit until the fifth and this was nullified as Rothbaum took Shisler's drive to complete a sterling unassisted double killing.

The second hit of the opposition did not come until the seventh and Baker had a shutout until the eighth, when a brace of one-basers and an infield out produced a run. The enemy scored three more in the ninth, when Len was obviously in a charitable mood. Their total in the hit column was seven, while the

Country Club Notes

Hole In One

The Hole-In-One Club acquired a new member last week, when R. C. Farrell became eligible for this select organization, his ace being the first on the local course this year.

Playing with J. G. Vilsack, Howard Coe and Wayne Ayres, Mr. Farrell's tee shot on the second hole found its way into the cup, the distance being 200 yards. Par for the hole is 3.

Winners in the Tombstone Tournament last Saturday were A. P. Gregg, first; Rev. H. W. Colwell, second and D. Porter, third.

The program for this weekend includes medal play on both Saturdays and Sunday, full handicap with best 18 holes to govern.

WIN ANOTHER

Riverside A. C. fell before the charges of Manager Charles Sims last Wednesday night at Memorial Park, the score being 6-1.

Diffenbaugh performed the mound chores for the locals in his own inimitable manner and 10 of the opposition succumbed via the strike-out route.

Cole clouted a round-tripper during the course of the pastime.

"Some authors disappoint me," said Hi Ho, the sage of Chinatown. "When I translate them I find too often that they are so modern as to seek a reputation for smartness by using bad language."

local acquired 15, including four by Sam Rothbaum and three by Cole.

The invaders had seven boots, a number of passed balls, while the locals pilfered second base almost at will.

Shisler, Behot, Rothbaum, Cole, Karitis. Three base hit—Rodzan. Two base hit—Cole. Stolen bases—Brewster, Sutters, Karitis 2. Rothbaum. Sacrifice hit—Baker. Struck out—by Baker 8, by Miller 3. Base on balls—off Doughty 1, off Miller 4 off Baker 2. Double plays—Rothbaum unassisted. Doughty to McConnell to Behot. Passed balls—McConnell, Lawrence. Left on bases—Burlington 5, Riverton 10. Umpires—Bright and Alloway.

BROADWAY GETS FIRST REVERSE

Fortnum, Behind Fine Pitching
of Orman, Takes 5-1
Decision Monday

Before a wildly enthusiastic crowd, the Fortnum softball team practically put Broadway out of the running for the second half championship of the league on Monday night at Memorial Park, the V-8 aggregation taking a 5-1 verdict from the champs of the initial semester.

Orman, pitching artist for the winners, limited the hard-hitting movie outfit to a pair of singles, one of these being made by Ike Hilton and the other by Buchholz. Another blow by Baker might possibly have been scored as a scratch single.

Pitchers' Duel

The affair went along for five frames without either team being able to dent the rubber. Fortnum got at least one hit in each stanza but Hilton was equal to the various emergencies.

Broadway, meanwhile, was having little success with Orman despite various modes of attack. In the third frame all hands went out following bunts.

Fortnum got a cheap tally in the sixth, when Carpenter singled, stole second and came all the way home when the apple was thrown around promiscuously.

Tied Up

Broadway came right back, however, in the lower half of the same bracket and knotted the count. Daley stroled and pilfered second.

Hilton got the first hit off Orman and Daley held up at third. He scored a minute later as the Fortnum hurler uncorked one of his numerous wild pitches.

Fortnum ticked the game away in the next canto, when they bunched their hits for the only time during the pastime.

Landgraf opened with a one baser and Coles barged out another. The former tallied as Schuck crashed the third hit in succession.

Small Poles One

George Small then proceeded to connect for the only extra-base knock of the fracas, this being a beautiful thing that sailed over Joe Yearly's head in left. Joe, racing backward, made a desperate attempt to snare the pill, but it went for a triple.

The final count came in the eighth, factors being singles from the clubs of Enskat and Beddow, followed by a sacrifice fly.

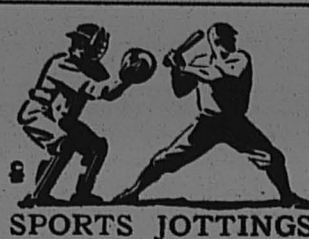

Broadway had seven men stranded on the hassocks, the same number as the winners, these getting on largely through the medium of six passes issued by Orman. The runners had little difficulty in advancing, since wild pitches by the V-8 hurler were numerous, but only one came with a runner in scoring position.

13 Whiff

Thirteen Broadway batters succumbed via the strikeout route, as compared with 18 for Dawley last week, the Movie Men waving at few bad balls. Orman was continually in a hole, the count moving to 3 and 2 on sundry occasions, but he always managed to have something in reserve.

Fortnum touched the veteran Hilton for 15 bingles, several of these being infield bunts.

The lineup:
Fortnum P Broadway
Orman P Hilton

Pain washed out the softball games scheduled for last Thursday night, but no one lamented the postponement of hostilities.

For the most part, the Burlington team can be described as a perfect example, of umpire-baiters. When they got away to a bad start, which was no one's fault but their own, they blamed everything on the arbiters, protesting practically every decision that appeared in any way adverse to their cause.

The action of Umpire Bright in ejecting McConnell from the game had the approval of all the fans with the exception of a handful of pugnacious Burlington rooters who accompanied their sorry-looking aggregation to the scene of action.

Unless the unexpected transpires, it looks like Broadway and Fortnum in the playoffs. The V-8 team has only to meet the Cubs to complete their schedule, this tilt being slated for Thursday, August 17. Unless weather interferes, the championship series will begin on Monday, August 21, and continue each night until the winner is decided.

Interesting games in the local will be the Broadway-German Kitchen fracas on Thursday, August 10, and the Broadway-Dawley affair on Monday, August 14.

Small made the feature catch of the evening when he raced to the score board to snare a foul with one hand.

As usual, Broadway's loyal supporters were conspicuous by their absence, the crowd pulling hard for Fortnum.

The Monday tilt really aroused more enthusiasm than any other engagement this season.

Business Neutrality

The talk of neutrality is in the air. So far as the proposed Bloom neutrality bill to regulate our foreign affairs is concerned, consideration has been put over until January.

But the word neutrality has a pleasing sound. Why wouldn't it be a good idea for the New Deal administration to apply it locally? The entire country, at least ninety per cent of it, would welcome a declaration of neutrality toward business on the part of the national government.

Why not have the New Dealers declare their neutrality toward business by promising to ease the tax burden so far as possible, by stabilizing exchange and trimming expenditures to the point where a leveling off of the increase of the national debt might be an economic encouragement? Above all, why not show neutrality to business by announcing that henceforth the federal government will not seek to punish business by putting the government itself into competition with private industry, and using the taxpayers' money to do it. For when Uncle Sam goes into competition with private industry he uses some of industry's own money against it—a great deal like borrowing a man's pocket knife to cut his throat with!

By all means let us have real neutrality in our foreign relations. But isn't there enough spirit of neutrality in the country to apply a little of it to lagging private business?

Attention, Mr. Sterner

At the beginning, may it be stated that we are aware of the many problems that confront the New Jersey State Highway Commissioner and the demands that are made upon him for improved roads in all parts of the state.

It seems high time, however, that an organized effort were made to obtain certain new construction that is urgently required in South Jersey. There is no question that considerable sums have already been spent in the southern counties, but much more is BADLY NEEDED.

The dual highway on Route 25 is a splendid piece of work, for which all residents in this section are deeply appreciative. There are, however, other projects which deserve immediate consideration.

Among these is an enlarged traffic circle at Medford. While this is not a major undertaking it would solve a bad situation, particularly during weekends. The same situation holds true at the Marlton circle, where highways S-41 and the 40 intersect. The present facilities are entirely inadequate on many occasions.

In addition to this, Route 25 has become one of the major traffic arteries in the country and crossing this speedway at various points has become a hazardous undertaking, particularly at the Moorestown-Riverton road and also at Five Points. The former intersection, with its corkscrew turn, is especially dangerous.

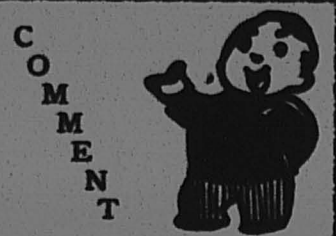

Traffic control lights should be installed at these crossings.

And, in conclusion, it might be pointed out that the antiquated highway between Mays Landing and Ocean City is still as bad as ever, to say nothing of our faithful, but obsolete friend, the White Horse Pike.

One of the best advertisements for a town, says one of our exchanges, is to be courteous to strangers. True, but you don't want to be courteous enough to buy the stuff they have to offer.

It was just 110 years ago in August that the first railway locomotive made a successful run in the United States. But if present conditions affecting the railway industry keep up, it won't be 110 years until the locomotive makes it last run.

Congressman Mundt, of South Dakota, complains that he bought a can of Argentine beef right in a store in a building of the Department of Agriculture. Maybe this was a can of beef Henry Wallace paid the American farmers not to raise.

It is reported that nearly 3,000,000 tons of sugar cane were left standing in the fields of Porto Rico because of quota restrictions. Had this cane been ground up it would have produced \$20,000,000 worth of sugar and most of the money would have gone to labor. Here is a good example of the doctrine of becoming prosperous by spending less. You produce less of a commodity for the people to buy and give them less wages to buy it with.

According to the news dispatches President Roosevelt is helping to speed the Byrd trip to the South Pole to validate our territorial claims to Antarctica. That sure would be a swell place for a WPA snow shoveling project.

Why wouldn't it be fair to make an epic motion picture around Custer's Last Fight? We have attended a thousand Western movie dramas and haven't yet seen the Indians win a battle.

Somebody remarks that the mosquitoes at the seashore are a lot bigger than formerly. No wonder, there is now more surface for them to feast on.

The meetings of the Burlington County Board of Freeholders have ceased to be a major attraction, attendance this year having fallen off to a remarkable degree. Last Friday afternoon, there were only two spectators and three representatives of the press on hand for the session.

For the past several weeks, the Mt. Holly Herald has published a

forecast of possible political candidates at the coming primary election. This has proved highly interesting, but at this stage of the game, one guess is as good as another.

Facetiousness marked the session of the Freeholders last Friday, with several complimentary titles being bandied about. Albert C. Jones was called Senator, while Freeholder Church received the appellation of Assemblyman. Director Adams, during the badinage, became County Clerk. It is to be wondered whether or not any of the members of the board were thinking of the old adage, "many a truth is spoken in jest."

With Assemblyman Stokes' hat in the ring for the State Senatorial nomination political experts expect that other candidates will hasten to climb on the wagon of aspirants. August 24 is the last day for filing petitions nominating candidates for the primary election with the county clerk, while the same date holds for filing with the municipal clerks.

ABOUT THE COUNTY

Robert Kimble, aged two, son of Mr. and Mrs. Ed. Kimble, of 23 East Federal street, Burlington, died at the Burlington County Hospital late Tuesday night as the result of acute gastritis.

The child was at first believed to have swallowed a small amount of kerosene found in a pop bottle at his home, but hospital authorities later learned that the little child had been eating corn and apparently he had not swallowed enough kerosene to affect him fatally.

Rebuilding of the Sylvan Lakes dam at a cost of approximately \$8,000 is expected to be accomplished before the end of the present summer. The Burlington city council met last week to receive bids for construction.

Harry W. Phares, of Mt. Holly, teller in the Union National Bank and Trust Company, is reported to have informally announced his

candidacy for the Republican nomination for County Clerk last week. He has been a life-long member of the G.O.P. but this is the first time he has ever aspired to political office, he avers.

A certificate of incorporation has been submitted for the purpose of incorporating Medford Lakes Sewerage Corporation as a public utility. The corporation is composed of William G. Oaks, Walter Ponsford, Frank A. Eger, William X. Huber, Jr., A. J. Bartlett, L. W. Scott, and Ralph C. Mingin.

The hit-run driver of a car that killed a man on Route 40 (Marlton Pike) near Springfield road, recently, was apprehended by police and is now in Camden jail in default of \$2000 bail.

The man is John J. Dougherty, 31, of Philadelphia. The man killed was Edward Doyle, 60, a farmhand at Wiley Mission.

A movie was made in Moorestown last week by Paramount, of the Jarret Museum of World War History on the Samuel Workman farm, on the Union Mill road. It was a full color feature and will be released as an "unusual occupation" reel. It will reach the film exchanges in about two months.

JURY DRAWING

The Hon. Joseph B. Perskie, Justice of the Supreme Court, assigned to hold the Circuit Court in the County of Burlington has fixed Wednesday, August 30th, 1939, at ten o'clock a.m. at the Court House, Mt. Holly, for the drawing by the Jury Commissioner of the Grand and Petit Jurors for the September term of the Courts of Burlington county.

The September term of courts will be open on Tuesday, September 12, 1939. Trials of Supreme and Circuit Court issues listed for this term will commence on September 18th.

There have been no deaths from smallpox in New Jersey for several years.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

Maintenance

Maintenance is still the main thing in the mid-summer gardening program. This not only includes watering, a practice which has kept the garden hose working overtime during the last few weeks, but also the battle against insects—particularly plant lice or aphids, which seem to be more prevalent in dry weather.

Practically all cultivated plants have some form of plant lice attack them. Rudbeckias, such as Golden-glow and sun-flowers, are frequently troubled with a form of plant lice known as red aphids, for instance, while green ones are common on roses and other shrubs. Nicotine sulphate may be used to kill both types. This is a contact poison, so be sure the insects are actually hit with the spray. A dust—nicotine, pyrethrum or rotenone dust, or one made of both pyrethrum and rotenone—may be used satisfactorily. Apply the dust during a warm evening to both sides of the leaves for best results. When buying dusts or sprays, be sure to look on the label and make sure the package contains the material you need.

Repellent Dusts

Rotenone dusts are used very effectively to repel Japanese Beetles, black Aster Beetles which appear on asters, dahlias, gladioli and other flowers in late summer, as well as the leaf-hoppers which are attacking dahlias now. Corn borers sometimes attack dahlias and these may also be controlled with a rotenone dust or spray. It will not kill the borers in the stalks, but it will be fatal to young borers hatched from eggs laid on the plant. The spray should be applied rather often, beginning when the second brood starts hatching, around August 1 in central Jersey. The only way to get borers already in the stalks is to dig them out with a pen knife or a sharp wire.

If your gladioli are badly attacked with thrips it is very difficult to control them now, but the trouble can be alleviated by spraying with a solution made of about one level tablespoonful of tartar emetic and four level tablespoonfuls of brown sugar to a gallon of water. Thrips have a sweet tooth, and will eat this mixture and die.

COMPLETE LIFE SAVING COURSE

The following Burlington county boys have completed the beginners course of instruction of life saving in a satisfactory manner and have passed successfully all of the required swimming skill tests for the Red Cross Beginners certificate at Camp Ockanickon, near Medford.

Charles Doehart and Edward Hartley, of Moorestown; Charles Hulings and Wilbur Freck, of Bridgeboro; Fred Bauer and Mark Hoepfner, of Palmyra, and Robert Dobbs, of Marlton.

Those Burlington county boys at the Y.M.C.A. Camp having completed the intermediate course of instruction in a satisfactory manner and having successfully passed all of the required swimming skills are: William Simons, of Burlington; Charles Rose, George Pulianas, Alex Pulianas, of Bordentown; Charles Doehart, Sydney Stokes, of Moorestown, and Mark Hoepfner, of Palmyra.

NOT POLITICAL

Shift of Forest Fire headquarters from Mount Holly to Toms River, planned for the near future, is in the interests of tactical efficiency, according to state officials.

Denial that the proposed change was caused for political reasons was made this week by LeRoy Fales, state forest fire warden.

DIFF WHITEWASHES MEDFORD TEAM

Diffenbaugh, ace hurler of the Riverton A. A., who is also signed with Palmyra, blanked Medford on Monday night in a league tilt, giving the opposition one hit during the seven innings of the skirmish.

Cole, another member of the Riverton cast also donned Palmyra regalia for the occasion, and smote a three bagger. Harper, Humes and Broderson also hit with considerable damage to the Medford cause.

Legal Notices

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias to me directed, issued out of Court of chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, AUGUST 24, A. D. 1939, between the hours of 12 and 5 o'clock in the afternoon said day (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey:

ALL the following tracts or parcels of land and premises hereinafter particularly described and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey, viz:

THE FIRST: BEGINNING at a point in the Easterly line of Highland Avenue three hundred thirty-three and eighty-two one-hundredths (333.82) feet Southwardly from the point of intersection of the Southernly line of Park Avenue and the Easterly line of Highland Avenue; thence continuing Southwardly along the said Easterly line of Highland Avenue the distance of one hundred eighteen and eighty-two one-hundredths (118.82) feet in front or width to a point for a corner; thence Easterly of that frontage between two parallel lines drawn at right angles to the said Highland Avenue the distance of one hundred seventy (170) feet to the rear of the lot.

CONTAINING within said bounds a rectangular lot of land one hundred eighteen and eighty-two one-hundredths feet by one hundred seventy feet.

THE SECOND: BEGINNING at a point in the Easterly line of Highland Avenue five hundred twelve and five-hundredths (512.05) feet Southwardly from the point of intersection of the Southernly line of Park Avenue and the Easterly line of Highland Avenue; thence continuing Southwardly along the said Easterly line of Highland Avenue the distance of fifty-nine and forty-four one-hundredths (59.44) feet in front or width to a point for a corner; thence Easterly of that frontage between two parallel lines drawn at right angles to the said Highland Avenue the distance of one hundred seventy (170) feet to the rear of the lot.

CONTAINING within said bounds a rectangular lot of land fifty-nine and forty-four one-hundredths feet by one hundred seventy feet.

BEING the same land and premises which Herbert Clark and Kate Clark, his wife, by their deed of conveyance bearing date June 8th, 1937, and recorded in the Office of the Clerk of Burlington County in Book No. 796 of Deeds, page 216, granted and conveyed unto the said Herbert Thomas Clark, Jr., in fee.

Decree approximately \$1,498.70 besides interest, costs and fees.

Sold as the property of Herbert Thomas Clark, Jr., et al., defendants; taken in execution at the suit of Margaret Wallace Ryan, Substituted Trustee for Emma E. Polis, under the last will and testament of John Wallace, deceased, complainant; and to be sold by

F. GEORGE FURTH, Sheriff.

Solicitor: Wm. D. Lippincott.
Dated: July 26, 1939.

RIVERTON OUT OF COMPETION

Hope Fire Company's softball team eliminated the Dawley Olds aggregation from further activity in the National Softball Tournament last Friday night at Mt. Holly, by taking a 4-3 decision from the locals in the final round of the county elimination.

From all accounts of the fray, the old phrase "we was robbed" appears to have considerable justification.

The affair was conducted in a high-handed manner, with Dawley getting the worst of all decisions. A protest of the fracas was made by the Olds pilot, but it is doubtful whether or not any official action will be taken.

Homer For Naught

Hubbs hurled for Dawley and allotted only five hits to the enemy. The locals got four in addition to a homer by Les Yearly which was ruled null and void on the ancient gag that he didn't touch first.

Les solemnly avers that he kicked the hassock, but the firemen, when they saw victory eluding their grasp, put up such a howl that the ump called Yearly out for the alleged omission.

On another incident, when a balk was called on Hubbs, the locals asked for a look at the rule governing the situation, but were told that they might as well forget about the affair because it was getting late and the game could not be delayed.

OBITUARIES

HORACE P. SMITH

Horace P. Smith, of 411 Garfield
avenue, died on Saturday, July 29.
Funeral services were held on
Tuesday at 2 p.m. from the Snover
Funeral Home, Rev. Miller, of
Philadelphia, officiating.
Interment was made in Morgan
Cemetery.
The deceased is survived by his
wife Emilie Lloyd Smith and one
son, Lloyd, of Philadelphia.

CHARLES B. S. WYNKOOP

Charles B. S. Wynkoop, of 814
Morgan avenue, died on Saturday,
July 29, following a long illness.
Funeral services were held on
Tuesday at 8 p.m. from the Snover
Funeral Home, the Rev. Oliver W.
Powers officiating.
Interment was made in Bethle-
hem, Pa.
The deceased is survived by his
widow, Hattie King Wynkoop and
two sons, Charles and James.

HARRY SCHAFER

Harry Schaffer, of Palmyra, a
World War veteran, died on Wed-
nesday, August 2. Funeral arrange-
ments have not been completed.

"DIRTY" SIDE OF
LIFE OF CRIME

Charles W. Quigley, self-confessed
murderer of his mother many
years ago, who was sentenced to 20-
36 years in the New Jersey State
prison last Thursday by Judge Hen-
drickson, made the following state-
ment to Prosecutor Howard East-
wood, shortly before leaving for
Trenton, "in the hope that it might
influence other young people to live
straightforward lives."
Quigley said that since the com-
mission of his crime, his whole life
has been one of mental anguish and
torment. Every time he heard the
word Mother used or read any ar-
ticle referring to that subject, and
particularly on Mother's Day, it was
like a stab in his heart and that his
remorse and mental anguish became
greater as the years passed.
He further stated that he wished
he could impress on young people
as well as all others who are
tempted to violate the law, the
"dirty" side of a life of crime.

A dramatization of the causes and
prevention of food spoilage is being
offered for the benefit of house-
wives, chefs and food dealers at the
New York World's Fair.

Municipal
Topics

Relief for Real Estate
It is a matter of general agree-
ment that real estate is carrying a
disproportionate load of taxation.
The remedy, it is further agreed, is
a spread of the burden over other
forms of wealth, coupled with an
efficient and economic adminis-
tration of government. An interesting
addition to the long and extensive
discussion of the subject comes from
John F. Coogan, Tax Assessor of
Belleville.
"The system of taxation followed
today is substantially the same as
was employed in the early days of
the nation," he points out as a be-
ginning. "The plan then adopted
distributed the cost of governmental
benefits in accordance with a per-
son's wealth. Wealth was deter-
mined by what a person possessed.
Ownership then was true indication
of wealth. While our taxing system
remains the same in principle, our
economic order of things has so
changed that the original basis of
taxation has been substituted. To-
day we assess ownership.

Not Wealth
"Ownership today is not neces-
sarily a criterion of wealth. On the
contrary, ownership of homes, auto-
mobiles, furniture, refrigerators and
other major necessities is in the
great majority of cases an indication

of indebtedness. A family purchas-
ing a home at a price of \$6,000 in-
vests ten per cent, or \$600. A money
lending institution invests the bal-
ance of \$5,400 in the property by
placing a mortgage yielding five or
five and one-half per cent. The se-
curity of the \$5,400 is insured by
wealth invested in the property is
paid by the family with \$600 equity,
while the \$5,400 mortgage is exempt
The total tax enacted from the

the Federal Housing Administration,
from taxation—a clear example of
taxing indebtedness.
"Exemption from taxation of
wealth invested in mortgages is
hardly equitable when contrasted
with taxation imposed on wealth in-
vested through ownership of real
estate. The security of the very
funds invested in mortgages, mun-
icipal and other governmental bonds,
now exempt from taxation, is de-

pendent upon the ability of real
estate to pay its obligations. Mer-
chants, department stores and all
businesses selling to the public are
affected by the ability or inability of
a large portion of the buying pub-
lic, the home-owning families, to be
able to meet their tax and mortgage
obligations and still purchase their
share of commodities and necessities
and other merchandise.

Danger Signal

"Analysis of the great number of
properties abandoned by owners
and reclaimed by municipalities for
non-payment of taxes: the number

of properties eligible for tax fore-
closure due to accumulated tax de-
linquencies, plus the percentage of
properties which have reverted to
the ownership of mortgage lend-
ing institutions through foreclosure
might show a direct benefit to such
properties that property owners
cannot meet the charges exacted.
"A revised tax plan to broaden the
base by including persons and in-
vestments now free of taxes and
thus relieve real estate likewise
interests that continue to raise or-
ganized opposition whenever such
correction is proposed."

Most Pedestrians Invite
Disaster, Analysis Shows

That pure carelessness is to
be blamed for most of the ap-
alling number of pedestrian
deaths in 1938 is the conclusion
to be drawn from an analysis
released in "Lest We Regret,"
the ninth annual highway safety
booklet published by The
Travelers Insurance Company.
Of the total of 13,340 pedes-
trians killed in 1938, 28.1% or
3,760 met death while thoughtless-
ly crossing in the middle of the
block.
In contrast to the 5.8% or 770
persons killed while crossing at
intersections against the signal,
and the 15.7% or 2,090 killed while
crossing at intersections lacking a
signal, only 160 persons, 1.1% of
the total, were killed while cross-
ing as they should with the signal.

Other leading causes of pedes-
trian fatalities, according to the
analysis, in the order of their im-
portance were: walking on rural
highways, coming from behind
parked cars, children playing in
the street, men at work in the
roadway, "jaywalking" or crossing
diagonally at intersections, getting
on and off other vehicles, and
hitchhiking.

Can
She Cook
Tasty
Vegetables?

A COOKBOOK printed a century
ago says that there are three
tests to determine a good cook. "Can
she bake a loaf of bread? Can she
make a good cup of coffee? Are her
vegetables tasty?"
Surprising enough, there are thirty-
nine varieties of vegetables and
eleven methods of preparing them
for the table.
Here are recipes for a vegetable
platter and suggestions for their
cooking and serving.

MENU
Continental Vegetable Platter
Egg Salad Lemon Layer Cake

Lithuanian Potatoes
8 medium sized ¼ cup cream
potatoes cut in quarters
¼ cup water 2 teps. butter
1 tsp. salt Paprika
2 teps. chopped onion

Cook potatoes in salted water,
about 25 minutes. Drain and im-
mediately add the remaining ingredi-
ents. Place cover on vessel and
shake thoroughly. Sprinkle with pa-
prika and serve.

Brussel Sprouts in Lemon Butter
2 cups brussel ½ cup water
sprouts 1 tsp salt

Cook brussel sprouts in salted
water until tender, about 20 min-
utes. Serve with Lemon Butter.

Lemon Butter
6 teps. butter 1 sprig chopped
2 teps. lemon 1 parsley
juice 1 tsp. grated
Paprika lemon rind
Melt butter, add lemon juice, pars-
ley, paprika. Pour over sprouts.

French Peas
2 lbs. fresh ¼ cup diced
peas carrots
¼ cup water ¼ tsp. salt
¼ cup shredded 2 teps. minced
lettuce salt pork

Cook peas, lettuce, carrots and
meat in salted water for about 30
minutes.
Yale Beets
8 medium sized 1 tep. lemon
beets juice
¼ cup sugar 2 teps. melt-
ed butter
¼ tsp. salt 1 tep. orange
juice starch

Peel uncooked beets and dice. Mix
salt and sugar together and blend
with the fruit juices. Pour over
beets and cook for twenty-five min-
utes or until tender. Add butter. If
desired remaining liquid may be
thickened with the one tablespoon
cornstarch.
Beets may be baked in casserole
at 350 degrees for 40 minutes.

Arrange all vegetables on a large
chop plate or platter in an artistic
manner. This will make an attrac-
tive color combination—having red,
green and white vegetables.

GENERAL DIRECTIONS
To obtain best results in cooking
vegetables, cook in covered pot, with
one-half cup of water and one-half
teaspoon of salt to flavor. Put on a
high flame until the water boils (on
or two minutes) and then turn flame
low to "simmer." This method re-
tains the freshness, texture, color of
the vegetables. All the vitamins
minerals and food properties are not
destroyed or dissolved in the water.

Church Notices

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B. D., Pastor

Services for Sunday, August 6th. Bible School, 10 a.m.—Yes, vacations have taken their toll on attendance but still the average is higher than last year. Secretary James Weart who has been on his vacation for the past three Sundays, will be at his desk again. The School hopes he has had an enjoyable and beneficial rest which he has surely earned.

Having visitors next Sunday? Bring them out with you, they will enjoy the School and the associations will do them good.

Morning worship, 11:15 a.m.—The pastor will have returned from his yearly visit at Northfield, Mass., where he has been attending the religious convalescence.

His sermon will be based upon his experiences and the reactions to these meetings. At the conclusion of the service Communion will be observed, to which every Christian, irrespective of sect, is invited to participate. The choir, under the direction of Mr. Russell Jermon will contribute their anthem to the service.

Evening service, 7 a.m. in the Municipal Grove. This community service being conducted by the local churches is gaining in popularity. So, come out and swell the crowd. You will enjoy it too! Pastor Lockett will occupy the pulpit and will have as his subject, "We Will Be Jesus." The choir will render the anthem "Rock of Ages."

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor. Church attendance for the summer has been almost at winter proportions at Bethany Church. This has, to an extent, been due to the use of the two service plan on Sunday mornings. During July the pastor, the Rev. Oliver W. Powers, was aided at the services by Seminarian Charles King Wynkoop. The plan will continue through August without, however, the splendid help of Mr. Wynkoop, who has engagements in other churches of the Synod.

On Sunday at both services, Matins at 8:45 a.m., chief service at 11:00 a.m. Pastor Powers will preach on the subject "Watch and Match Their Methods." The full choir, under the direction of Mr. Lee Milton, will sing. They will be assisted by Erich Seehafer, flutist.

CALVARY PRESBYTERIAN

Rev. Charles T. Bates, B.D., Pastor

Church School, 9:45 a.m. Morning Worship, 11:00 a.m. At the morning worship next Sunday, August 6, the Rev. Weaver K. Eubank, D.D., pastor Ninth Presbyterian Church, Philadelphia, will occupy the pulpit.

All those in the community who have no regular church home are cordially invited to enter into the worship and fellowship of Calvary Church.

Last year New Jersey physicians donated more than 24 million dollars worth of medical services to persons unable to pay for them.

Wesleyan Men's Bible Class

For the Men of the Community

In the crucial hour of the Civil War, a person asked Mr. Lincoln, "Is God on Our Side?" He answered, "The important question is, are we on God's side?"

Now as then, this is the important question raised by Lincoln. We so often make our plans and then expect God to arrange for their fulfillment! This is the wrong side of the coin, which means disappointment.

On God's side, means the co-operation and guidance on the part of the Divine. Then "all things work together for good to them who are called of God." The tremendous powers of the Universe at God's hand are in the favor of the obedient.

"Who is on the Lord's side?" was the ringing battle cry to the children of Israel. The same question is the unescapable challenge of today.

As a class we seek to answer this challenge by our fellowship in the study of the Word, that we may more perfectly know the Will of God through His Word.

Come with us next Sunday at 9:50 a.m., and help answer the great challenge, "Who is on the Lord's side?"

The need is on, the hour is at hand.

NEW INSPECTION STARTED TUESDAY

Motor Vehicle Commissioner Arthur W. Magee announced that the fourth automobile inspection period began Tuesday, August 1. No official notices will be sent through the mails. Cars are due for inspection six months from the date that appears on the front of the current sticker.

Car owners who have failed to have their cars inspected and approved are warned by Commissioner Magee that they face both loss of their registration plates and a fine. Motor Vehicle Inspectors throughout the State have been ordered to question the drivers of any vehicles on the highways not displaying the current orange and black sticker and where disregard of the law is apparent, motorists are being served with notice to show cause in Trenton why punishment should not be imposed. More than 28,000 sets of license plates were surrendered or revoked in 1938 under the Act.

In addition to stopping cars on the highway, the department is using its registration files in Trenton to weed out non-conformists with the inspection law.

The color combination for the sticker to be used in the next inspection period will be blue and black.

POWELL FILES PETITION

The first petition to be filed for a local office was received by Municipal Clerk George Spencer this week, the document being from Howard E. Powell for the Democratic mayoralty nomination. Mr. Powell is also a candidate for a member of the Democratic County Committee from the fifth Palmyra district.

It is expected that there will be no opposition to his nomination and the real battle for the office of Mayor will come in the general election.

Although no official announcement has been made, there is a general opinion that Mayor John F. Ward will be after the Republican nomination for his third term. Persistent rumors have it that Mayor Ward will be opposed by at least one other candidate, but no definite announcement has been made as yet.

T. B. LEAGUE PLANS MT. HOLLY EXHIBIT

The Burlington County Tuberculosis League is planning an exhibit and health information booth for the Tomato Festival in Mount Holly or August 23, 24, 25 and 26.

Members of the League numbering more than a hundred leading citizens throughout the county have received a bulletin this week from the executive secretary, Mrs. Ruby Freer. Tentative plans for the exhibit have been outlined and the members are urged to offer suggestions and assist with carrying out the project. It is expected that the booth will be manned by hostesses at each afternoon and evening sessions from among the League and their friends.

They will distribute literature on various aspects of health, including tuberculosis, will answer questions on the work of the Tuberculosis League, and will invite visitors to register in a guest book.

Will Answer Questions

A public health nurse in uniform will be present at each session also to answer specific health questions, to refer visitors to their doctors or other appropriate sources for further information, and to discuss tuberculosis with those who are interested in learning more about the disease.

The Tuberculosis League nurses will take turns at the booth, and all other public health nurses in the county are invited to volunteer for duty for one or more sessions.

Besides the general public, nurses, doctors, social workers and others engaged in health and welfare activities in Burlington County are invited to visit the health booth. The League will endeavor to extend to these workers their full cooperation in promoting and controlling sickness due to tuberculosis.

LAST PAYMENT

With considerable relief and with certainly no pleasure, the Board of Freeholders apparently heard the last of the John MacHugh suit on Friday afternoon, when the members authorized payment of a bill of costs amounting to \$49.10.

This was as the result of mandamus proceedings filed by MacHugh's attorney, when the county, in his opinion, failed to act with necessary promptness in making settlement after judgment had been rendered in favor of his client.

YWCA NOTES

The Y.W.C.A. Day Camp, at New Lisbon, ended its season on Friday, July 28, with special events for all of the activities, and a dramatic production, "The Last Day at Camp Shining Arrow," created and produced by the dramatic group. The players were: Gertrude Vogelmann, of Riverside; Delores Roberts, of Riverside; Viola Nociti, of Delanco; Lois Bizard, of Springside; Rosemarie Cramatta, of Riverside; Connie Roberts, of Riverside; and Alice Stutzman, of Palmyra. At this same time, Geraldine Moshou, of Mount Holly, presented an original poem about camp life.

The following girls passed Red Cross Junior Life Saving Tests at Camp: Marie and Jean Elberston, Mary Alice and Susanne Thompson, Dorothy Underwood, and Jane Townsend, all of Mount Holly, and Martha and Edith Reeder, of Columbus. Miss Katherine Gillam, of Mt. Holly, the county Red Cross swimming instructor, supervised this work and passed the swimmers in their tests, Miss Elizabeth Reeder, of Bordertown, instructed them.

Mrs. John W. Thacher, of Moorestown, chairman of the committee for the International Supper, to be given by the Burlington County Y.W.C.A. at the Moorestown Community House, on November 2, announces that Miss Gertrude Brich, of Crosswicks, will be chairman of the kitchen committee assisted by Miss Helen E. Woolman and Mrs. Alexander C. Wood, Jr., of Riverton.

They all laughed when I stepped up to the piano. They didn't know I was from the finance company.—Exchange.

What's the row over at the carnival? "A fake dentist sold the fire-eater a set of celluloid teeth."—Exchange.

AN ORDINANCE ENTITLED IMPROVEMENT OF CHURCH ROAD IN THE TOWNSHIP OF CINNAMINSON, COUNTY OF BURLINGTON, FROM NEW JERSEY STATE HIGHWAY ROUTE 21 TO THE CINNAMINSON-MOORESTOWN TOWNSHIP LINE.

BE IT ORDAINED, That the Church Road from N. J. & Highway Route 21 to Cinnaminson-Moorestown Township Line in the Municipality of Cinnaminson, County of Burlington, be improved in accordance with plans and specifications which were forwarded to the New Jersey State Highway Commission.

2. That the sum of \$6000 (total estimated cost) or so much thereof as may be required, be and is hereby authorized, (amount of bonds equals difference between total cost and contributions).

3. That the sum of \$6000 (total estimated cost) or so much thereof as may be required, be and is hereby authorized, (amount of bonds equals difference between total cost and contributions).

4. In order temporarily to finance the above undertaking, bond anticipation notes are hereby authorized under the provisions of Chapter 77, P. L. 1935, as amended, in an amount not to exceed the sum of \$6000. Said notes shall state in general terms the purpose for which they are issued, and shall be issued in such amounts and at such times as may be determined by resolution of the governing body.

5. The rate of interest, which rate of interest shall not be in excess of six per centum per annum, and date of maturity shall also be determined by resolution.

6. The supplemental debt statement required by Chapter 77, P. L. 1935, as amended, has been made and filed as required and the gross debt is increased by \$6000. The obligations authorized by this ordinance are within all debt limitations prescribed by said Act.

7. Any and all moneys received from the State of New Jersey, and from contributions made by residents or property owners on account of said improvement shall be applied to the reduction of the notes or bonds issued on account of the said improvement.

8. This ordinance shall take effect twenty (20) days after first publication after final passage.

STATEMENT

The Ordinance published herewith has been passed and the twenty-day period of limitation within which a suit, action or proceeding questioning the validity of such Ordinance can be commenced, as provided in The Local Bond Act, has begun to run from the date of the first publication of this Statement.

HAROLD R. WEST, Township Clerk.

Dated, August 3, 1939.

BE IT ORDAINED, That the Church Road from N. J. & Highway Route 21 to Cinnaminson-Moorestown Township Line in the Municipality of Cinnaminson, County of Burlington, be improved in accordance with plans and specifications which were forwarded to the New Jersey State Highway Commission.

2. That the sum of \$6000 (total estimated cost) or so much thereof as may be required, be and is hereby authorized, (amount of bonds equals difference between total cost and contributions).

3. That the sum of \$6000 (total estimated cost) or so much thereof as may be required, be and is hereby authorized, (amount of bonds equals difference between total cost and contributions).

4. In order temporarily to finance the above undertaking, bond anticipation notes are hereby authorized under the provisions of Chapter 77, P. L. 1935, as amended, in an amount not to exceed the sum of \$6000. Said notes shall state in general terms the purpose for which they are issued, and shall be issued in such amounts and at such times as may be determined by resolution of the governing body.

5. The rate of interest, which rate of interest shall not be in excess of six per centum per annum, and date of maturity shall also be determined by resolution.

6. The supplemental debt statement required by Chapter 77, P. L. 1935, as amended, has been made and filed as required and the gross debt is increased by \$6000. The obligations authorized by this ordinance are within all debt limitations prescribed by said Act.

7. Any and all moneys received from the State of New Jersey, and from contributions made by residents or property owners on account of said improvement shall be applied to the reduction of the notes or bonds issued on account of the said improvement.

8. This ordinance shall take effect twenty (20) days after first publication after final passage.

STATEMENT

The Ordinance published herewith has been passed and the twenty-day period of limitation within which a suit, action or proceeding questioning the validity of such Ordinance can be commenced, as provided in The Local Bond Act, has begun to run from the date of the first publication of this Statement.

HAROLD R. WEST, Township Clerk.

Dated, August 3, 1939.

YACHT CLUB YARNS

BY NUTE AND MIKE

Sombody told me that Desc Warner is the only member of the RYC who can tie the wrong end of a boat to a mooring. Or was it the darkness Desc?

Chestertown Regatta

3 a.m. Friday—Two trailers and a station wagon pulled into Chestertown Yacht Club and the RYC boys unloaded their boats. Immediately starting to rig them, they were ready to go by 10 o'clock. Starting a race without any sleep is always fun, at least that gang from Millville think so. Nevertheless the races were very well handled and ran off on schedule in a light breeze. After two days racing we found out that going to collect a score of two firsts and one second place, in the Comet class. Duster honors were given to Howard Lippincott, with one first and two seconds, while Bob Lippincott, garnered two firsts and a fourth to take second rating. Tom Coe brought his "Ginger" into third place. Although racing against larger boats and outclassed, Bob Lippin, pulled a fast one and grabbed off a second in the Free-for-all on Saturday afternoon.

We would like to mention the two excellent dances, the trophies, and the swell Crab Feast provided by the Chestertown Yacht and Country Club. In short they all were "honeys."

Back to Riverton?

But back to Riverton? There! They ain't nothin' doin' there! Except for the guys that didn't win down at Chestertown. Them? They're practically rebuilding their boats. (If they win the rest of 'em will rebuild next week). And so to St. Michaels.

Well you've all heard of St. Mike's. So what? So it's one of the biggest regattas in the country. So what again? So anybody that wins there is pretty hot stuff. (Or at least they think so). And another thing the regatta there comes off the 4th and 5th.

O! Yes, I hear tell we have a new fleet in the club lately. Sometimes referred to as the splinter fleet, or the Model yachtmen of the Dirty Delaware. Official builders Dunk and Guss. All right Guss again. Official measurer Bill Nash. Races in this fleet are always informal and anything goes and are held whenever the "boys" get together.

Bright and early Saturday morning (11 o'clock) two of the junior members loaded down a canoe and started up the river. After spending the first night looking for a place to camp, they continued up river the second day in the rain. Rains always is nice on a canoe trip. Or it is, Mooney?

What do you think, Mooneyhouse? The turning point they found the canoe had too much food in it to carry over the rocks, etc., and so about face. And then down the river, and home again. And brother were they glad to get there. Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

Well St. Mike's here we come.

APPEAL WINS

When the complaint failed to prove John S. Miller, guilty of reckless driving, in an appeal hearing before Judge Frank A. Hendrickson on Friday, the conviction was set aside. Miller had been convicted and fined \$10 on the charge by Justice of the Peace Elmer J. Simons, at Bordertown, on complaint of Mrs. William Feasick, of that town. Judge Hendrickson in setting aside the conviction ordered that the fine be returned.

MARTIN MAYER CONDUCTS BAND

Famous Cornetist to Appear Here for Concert on Friday Evening

The Mercer County Federal Band has been fortunate in securing Martin Mayer as conductor for its regular Friday evening concert in the Grove, Palmyra, at 8 o'clock. He is director of the famous Winkler Band of Trenton.

Mr. Mayer, who for many years, was one of the leading cornet soloists in the east has, since becoming conductor of Winkler's Band, earned first rank among band leaders. He is also conductor of the Crescent Temple Shrine Band and the teacher and conductor of the Sea Scouts Band, one of the finest boys band in the country.

Mr. Mayer is also associate instructor

Relief Costs Drop

Continued decreases in the cost of administering relief in New Jersey show clearly what can be done to reduce public expenditures when persistent and determined effort is applied. Latest reports on relief costs show that from a total of \$2,074,841 in the month of January, they fell to \$1,554,263 in May, a reduction of twenty-five per cent.

Since early last Fall, the movement initiated by the New Jersey Taxpayers Association, to expose and eliminate relief chiseling and laxity in the local administration of relief, has been pushed energetically by the State Financial Assistance Commission and by the New Jersey Taxpayers Association. The success of this movement can be intensified, and still greater reductions in relief costs realized, if the drive to eliminate unworthy cases is continued, but on an even broader scope.

New Conception

An important accomplishment of the drive against relief chiseling is that it has given the public an entirely new conception of the question of providing aid to needy persons. It has brought out emphatically the need for individual effort and responsibility by relief recipients.

One example of this is the new policy of giving relief on a "non-recurrent" basis. This policy has been put into effect successfully in a number of New Jersey communities, and it is planned to install it in more and more municipalities, as a practical, efficient way to control relief costs.

New System

Under the old practice, a needy person was placed on relief on the basis of preliminary questioning, but once on relief there was a strong tendency for him to stay there. Giving assistance became a routine matter that often allowed a person to continue receiving aid long after the need was gone.

The new system requires a re-application for relief twice each month, at which time the applicant must give proof that aid is actually needed. Standardized records and forms provide for complete information about every applicant. Accompanying the application is a statement of income which every applicant must fill out. It records the amount of income of every employable member of the family, and must be signed by each member.

Another Feature

Another feature of the non-recurrent plan is that the applicant must report what effort he has made to secure employment and to care for his family. He is told to secure whatever part-time employment he can—jobs that may be humble, but which give honest employment and give him an opportunity to help himself.

The tendency to create among relievers a feeling of self-responsibility is a wholesome one. Likewise is the growing tendency to regard "chiseling" as dishonesty, calling for severe penalties. While every effort should be made to assist deserving needy persons, it is important to continue to cast off the relief rolls all who are undeserving, and to insist upon frequent and thorough check-ups of all those who apply for and receive public assistance.

LOG OF THE U. S. MARINES

Taming the Moros

In many years of campaigning all over the globe, the U. S. Marines never met a more cunning or implacable foe than the Moros, the fierce fighting men who live in the islands of the southern Philippines. They were the last to submit to American authority during the insurrection in that country at the turn of the century.

During the final months of the campaign, an army company occupied a native village in Samar. The apparent submission of the natives led the soldiers to become less watchful. The Moros bided their time, through a ruse, they turned on the Americans and almost annihilated them.

Following the massacre a battalion of U. S. Marines came from the principal island of Luzon to aid in bringing the rebellious Moros to terms. Combat patrols made several successful raids and the insurgents were gradually driven back to where they had prepared a series of fortified cliffs along the Sohoton River.

Surprise Attack

These volcanic cliffs, believed to be impregnable by the natives, rose almost vertically to a height of 200 feet. They were pocketed with caves and crannies, which could be reached only by crude trails and scaling ladders. From their sides baskets weighted with tons of rocks were placed so that they might be hurled down on the heads of assailants.

Stealthily the marines approached the enemy's last stronghold. A surprise attack on one group sent them scurrying for shelter with the sea soldiers hard on their heels. Camp after camp along the river bank was destroyed, and eventually the marines routed the insurgents, scaling the cliffs with ladders they had left behind in their haste.

It was the last rallying place of the Moros, although several other contacts between the marines and the brown-skinned warriors occurred before the sea soldiers were withdrawn from Samar.

Upwards of 57,000 Gallons of Gasoline Used a Day by Public Service Buses

Loading gasoline truck at company's central supply tank in Newark.

"Fill 'er up!"

Next time you draw the family automobile up to a gasoline station and say "gimme five" just imagine for a moment how many "five's" it takes to operate the approximately 1,000 buses of Public Service every day.

More than 57,000 gallons of gasoline are used daily in the operation of this fleet of buses. In addition, the 150 oil-electric buses of the company consume about 1,000,000 gallons of fuel oil each year.

Someone has figured out that if the approximately 11,000,000 gallons of gasoline used by Public Service buses in one year could be converted into water, there would be enough to float a steamship as huge as the "Queen Mary."

Another has figured out that it would require a trainload of 43 tank cars to transport the gasoline used in one week by the company's buses. To keep the Public Service buses constantly supplied with fuel, eight tank trucks and two trailer trucks operated by the company are busy every day hauling gasoline from the company's central supply tanks.

Buses get gasoline at the garages

These trucks and trailers travel an average of 165,000 miles a year in making deliveries to the company's 60 garages throughout the state. Public Service has gasoline supply tanks at Passaic Wharf in Newark, Newton Avenue Garage in Camden and at Perth Amboy.

LOWER RATES ON NEW HOMES

New Homes may now be financed on terms as low as 4 1/2 per cent with no money down—no red tape. Why not get in touch with the J. T. Evans Co. for information that will gladly be given without being under any obligation?

Repairs, Alterations, New Roofs, Asbestos Siding, Painting and Oil Burners may also be paid on Easy Monthly Payments.

Six Weeks Left... of Summer Vacationing

During these coming weeks we are going to reduce our entire stock of used cars. We will make an additional two weeks extension to help you get over the expense occasioned by your vacation by making the first payment on a car purchased from us fall due six weeks from date of delivery.

With a proposition like this it is not practical for you to keep your old car and take the chance of breakdowns spoiling the short time you have during the year to enjoy yourself.

It is also a good investment for the coming winter when you step your transportation into something newer.

It is hot now . . . but it will be cold. A newer car will be ready for the tough grind ahead.

ED. BEITZ SAVES GIRL AT SHORE

Palmyra Resident Performs Heroic Act in Rough Water at Seaside

Edward Beitz, manager of the Palmyra Bowling Alleys during the winter months and, at present operator of a boardwalk concession at Seaside Heights, probably saved the life of a young girl swimmer at that resort on Thursday of last week.

The young lady, with a male companion were swimming beyond the breakers in rough, choppy water when warned to come closer to the beach by the life guard patrol, who then rowed back to the shore.

Swallowed Water

The couple started to obey this order, but the girl swallowed water and became panic stricken. The man accompanying her was physically unable to aid and called for help.

Beitz, who was swimming about 200 feet away, got to the scene quickly and, managing to evade the girl's frantic clutches, succeeded in calming her so that he was able to head toward the shore. The beach patrol arrived at Ed had the situation well in hand and took all three to dry land.

Mr. Beitz operates an original baseball game at the shore resort, the affair being invented and patented by himself. It is proving to be immensely popular, since enthusiasts have a chance to take a real cut at the horseshide.

Escapes Injury In Car Smash

H. Perrell Stanford, 211 Union Landing road, East Riverton, emerged unharmed following an automobile accident at the Riverton Borough line, on Main street, shortly after 7 o'clock on Tuesday morning of this week, although his car was extensively damaged.

Stanford told Riverton police that, as he was going over the crest of the hill, a car came toward him at a high rate of speed and took a most erratic course. While engaged in keeping his machine out of the way of the other, the Stanford Ford coupe went into a skid which finally ended with the car in the ditch on the east side of the highway.

During the careening process it sideswiped a tree, broke off a glass light standard, shattering the glass and finally collided with the Riverton Borough sign, which was bent over to the ground. The car started the skid when proceeding in a southerly direction and ended with the front pointing back to Riverton.

Needless to relate, the Ford was extensively damaged as a result of the crash. Riverton police, Officers Robinson and Tomlinson, conducted an investigation. Public Service employees were on the scene shortly afterward to shut off the escaping gas.

BUILDING WORK IN PALMYRA

Edward A. King, Palmyra building inspector, presented the following report on construction activities in that community for the month of July.

The name first mentioned is that of the contractor, Curtis Stavelly, new roof, 607 Lincoln avenue for Palmyra Building & Loan, estimated cost \$200.

Curtis Stavelly, new asbestos siding, 719 Pennsylvania avenue, Palmyra Building and Loan, estimated cost \$100.

George Friday, repairs to cornice and roof, 710 Washington avenue, Cinnaminson Building & Loan, estimated cost \$40.

Charles A. King, new asphalt

THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

50th Year No. 30

RIVERTON—PALMYRA, N. J., THURSDAY, AUGUST 10, 1939

PRICE FIVE CENTS

WILL COMPLETE ANCIENT ROAD

State Highway Commissioner E. Donald Sterner announced last week that he will receive bids Friday, August 25, for nine and four-tenths miles of construction to complete Monmouth Road, the 35-mile highway from Mount Holly to Freehold.

The improvement will aid farmers in hauling to market and will give a more direct artery from the Philadelphia-Camden metropolitan area to Asbury Park, Long Branch and neighboring seashore resorts on the north Jersey coast.

PALMYRA FINANCES IN FINE SHAPE

Auditor's Report Given; Pedler Ordinance Asked by Business Men

Palmyra Borough was declared to be in very good financial condition and records kept in excellent shape when the 1938 audit was presented before the regular meeting of Council on Tuesday night. The audit, prepared by William H. Welcher, borough auditor, presented an improved picture of the town's finances as compared with conditions several years ago, and by comparison with other municipalities throughout the state today, the picture is even better.

Pedler Ordinance Asked

Carl McAllister appeared before the body and read a petition signed by twenty of Palmyra's businessmen requesting Council to adopt an ordinance regulating pedlers and imposing pedler's license fees. They submitted an ordinance now in effect in Riverside as one that is working to the advantage of Riverside business houses.

The Mayor assured Mr. McAllister that council was in sympathy with the local business people and assured him that every consideration would be given to their request promptly. The borough solicitor, (continued on page 9)

AIRPLANES GOOD LOCAL CUSTOMERS

Pilots Stop for Fuel and Refreshments at Stands in This Section

If business from the air keeps up it might behoove local merchants in the vicinity of landing fields to erect signs displaying their wares that are visible from above.

Just a short time ago, the Delran Yacht Club steward was summoned to pump gas for a seaplane that needed service at the wharf of the club and the Carlson ice cream stand was visited this week by a plane which taxied up to the back door.

This happened on Monday afternoon of this week, when one of the young lady attendants heard a voice from the rear of the shop asking for ice cream cones. Upon going to the door she was amazed to find a plane practically in the store, with the pilot and a passenger being the prospective customers. The ship had landed in Richie's field, which is adjacent to the refreshment emporium.

Upon being served with the cream, the aviators took off shortly afterward for parts unknown.

All of which probably establishes something of a precedent in this vicinity.

abinghams on roof, 103 Pear street, estimated cost \$700.

The estimated total of all improvements is \$1,040.00.

A FREE COUNTRY?

A Merchantville newspaper recently published a statement which was "sponsored" by responsible employees out of the ranks of union workers at the Kieckhefer plant who have been called out on strike. Sufficient evidence was also submitted to assure the newspaper that the article was not written by a member of the office force, nor was it written with the knowledge of any official or representative of the employing company.

Excerpts follow: "In the first place, the strike meeting was held in the Delair fire house which, at best, can hold only 175 or 200 people. In other words, any one of the remaining 500 employees remaining outside was just out."

"In the second place, NO SECRET BALLOT was used, the vote being taken by a raising of hands. Whenever a member arose to express an opinion that was contrary to the pre-determined opinions of the union men who 'packed' the meeting, he was howled down with boos and cat-calls. The words 'rat' and 'house' were well accented. "If a man raised his hand he 'showed his hand.' What chance had a level-headed, intelligent man, when faced with such odds, to express his views and opinions?"

Tells of Friday Meeting

"We now return to the meeting held by the Union to vote upon this final gesture of the company. "The meeting was held at the Union Labor Temple, Royden street and Broadway in Camden, at 8 p.m. Friday, July 28. The room held between 350 and 400 persons (about only one-half of the K. C. Co. personnel). Of these persons present, over two-thirds were ready to accept any agreement that was presented to them. All anticipated that sacred 'secret ballot.'

"Was the vote taken in that manner? Again a flaunting of their own laws. It was another 'show-your-hand' proposition.

"The room was electrified. Every one was tense. Five men were 'fired out' of the Union before they even got into the meeting. Plug-uglies were on parade. Men were informed of the fact that if they didn't go along as the Union wanted, their food rations would be immediately discontinued.

"How could an honest and impartial vote taken under these conditions be obtained? Even the brave dared not raise their hands. If they were thrown out of the meeting it would be like being thrown to the lions to pass through the gang of Union stalwarts and die-hards who stood guard just within the door.

"The result as reported to the press by the Union was a unanimous vote to reject.

"Now where are we? Is it quite safe now to assume that those individuals who are sponsoring this great 'back-to-work' movement are going into action. If right is greater than might it will soon be manifest.

"The people need not be surprised; not the least, to see some very concerted action very shortly. It's time, and long past time, that the American working man was permitted the opportunity to live under the protection of the Bill of Rights of our great Constitution of the U. S."

BOAT CLUB TO DREDGE

The Cinnaminson Township Committee offered no objection to the proposal of the Forest Hills Boat Club to dredge along the front of their property in East Riverton.

A communication addressed to the committee stated that the deed to the club property gives the organization full riparian rights, but that the approval of the governing body was desired before work was begun.

PALMYRA SCHOOL OPENS SEPT. 12

There will be a faculty meeting on September 11 at 1:00 p.m. in Palmyra High School and the institution will open on the 12th.

The school will be closed the following dates: November 9 and 10—State Teachers' Convention, November 30 and December 1—Thanksgiving Vacation, December 25 to January 1 (inclusive)—Christmas Vacation, February 12—Lincoln's Birthday, February 22—Washington's birthday.

March 22 to 29 (inclusive)—Easter Vacation, May 30—Memorial Day.

High School commencement will be held June 13 and Grade School closing exercises will be held June 14th.

FIRE ALLOTMENTS MADE THIS WEEK

Cinnaminson Township Decides Share for Parry and Delaware Firemen

At the meeting of the Cinnaminson Township Committee held on Tuesday night of this week, funds were apportioned to the various fire companies in that municipality following a lengthy discussion, the result being that Parry received \$500 and East Riverton the sum of \$300. It had been decided previously to continue the \$600 appropriation to Riverton.

Herbert Dinges, committee member suggested that the money be divided differently, with \$450 for Parry and \$350 for the East Rivertonians. He said the latter organization had been established three years and was obligated as much as the Parry company. His motion to this effect had no second.

Parry Older

Elmer Manderville, another member of the committee, moved that the \$500-\$300 plan be adopted and this was seconded by Maurice Conrow. In the vote that followed, Mr. Dinges decided in the negative. Mr. Manderville said that Parry was the older of the two organizations, having been established 22 years, and that their equipment was more modern.

Jack Adams, chief of the Delaware County, stated that he felt his organization should get as much as Parry, since they had good equipment and had just spent \$324 for new hose and other accessories.

No comment on the matter was made by members of the Parry Company. A number of the members of both organizations were present at the session.

Drainage Settled

Walter Carson, township attorney, stated that considerable progress had been made on the drainage problem in East Riverton. The owners of the property where it is desired situation had agreed, he said, to sell six lots to the township for a nominal sum and to grant an easement on several other lots for a period of five years.

The U. S. Engineers are willing to dig the ditch in connection with a dredging and fill project that will be undertaken in that section and can start the work within 60 days.

It was voted unanimously to accept the proposal as outlined by Mr. Carson and the six lots will be purchased. Residents from East Riverton were extremely satisfied over the outcome and Mr. Carson was commended upon his solution of the problem.

Two young men in California named Raspberry have asked the court to change their name. Wonder if it makes them feel seedy?

SUNDAY TRAFFIC BREAKS RECORD

24,877 Cars Cross Tacony-Palmyra Span During Single Day

After standing for nearly a year, the former one-day record for the number of cars crossing the Tacony-Palmyra bridge was shattered last Sunday, when a total of 24,877 machines used the span during the 24-hour period.

The previous high figure, established on Sunday, August 14, 1938, was 23,972, the increase over last year being 905 vehicles.

On the corresponding Sunday a year ago, the number of machines making the crossing was 20,082.

Start Early

The exodus of Pennsylvanians to shore points began early in the morning and, aided by perfect weather, it appeared early in the day that the former figure would probably fall to stand.

This became almost a certainty when the homeward rush started. From early in the evening until midnight, the steady flow of cars passed the Palmyra traffic booth with scarcely a break for several hours the number going over 1,800 during a sixty minute period.

On several occasions, cars were passing the light at a rate of over 3,000 per hour. Chief C. Morris Beck and his assistants handled the rush with their usual efficiency and the tremendous volume of traffic went through the intersection without mishap.

Carnival This Week at K. of C.

Father Luther, of the Sacred Heart parish, announced at the committee meeting this week that there is keen rivalry among candidates for Queen of the Sacred Heart Parish carnival that will take place this Friday and Saturday evenings, on the Knights of Columbus grounds, at Broad street and Elm avenue.

The competition in endeavoring to capture the most votes is not only for the honor of being queen of the carnival, but also for the coveted prize that will be awarded to the fortunate winner—a handsome diamond ring.

The 1939 Chevrolet Town Sedan, fully equipped with 85 H.P. motor is now on display on Broad and Elm avenue from day until this Saturday night, when some fortunate individual will be awarded this valuable car, ready to be driven home. Stands are now being erected and, from latest reports, some entirely new innovations will be introduced, in addition to the popular booths and tables of the past carnivals.

Most all parishioners have pledged themselves to attend

Relief Costs Drop

Continued decreases in the cost of administering relief in New Jersey show clearly what can be done to reduce public expenditures when persistent and determined effort is applied. Latest reports on relief costs show that from a total of \$2,074,841 in the month of January, they fell to \$1,554,263 in May, a reduction of twenty-five per cent.

Since early last Fall, the movement initiated by the New Jersey Taxpayers Association, to expose and eliminate relief chiseling and laxity in the local administration of relief, has been pushed energetically by the State Financial Assistance Commission and by the New Jersey Taxpayers Association. The success of this movement can be intensified, and still greater reductions in relief costs realized, if the drive to eliminate unworthy cases is continued, but on an even broader scope.

New Conception

An important accomplishment of the drive against relief chiseling is that it has given the public an entirely new conception of the question of providing aid to needy persons. It has brought out emphatically the need for individual effort and responsibility by relief recipients.

One example of this is the new policy of giving relief on a "non-recurrent" basis. This policy has been put into effect successfully in a number of New Jersey communities, and it is planned to install it in more and more municipalities, as a practical, efficient way to control relief costs.

New System

Under the old practice, a needy person was placed on relief on the basis of preliminary questioning, but once on relief there was a strong tendency for him to stay there. Giving assistance became a routine matter that often allowed a person to continue receiving aid long after the need was gone.

The new system requires a re-application for relief twice each month, at which time the applicant must give proof that aid is actually needed. Standardized records and forms provide for complete information about every applicant. Accompanying the application is a statement of income which every applicant must fill out. It records the amount of income of every employable member of the family, and must be signed by each member.

Another Feature

Another feature of the non-recurrent plan is that the applicant must report what effort he has made to secure employment and to care for his family. He is told to secure whatever part-time employment he can—jobs that may be humble, but which give honest employment and give him an opportunity to help himself.

The tendency to create among reliefers a feeling of self-reliance is a wholesome one. Likewise is the growing tendency to regard "chiseling" as dishonesty, calling for severe penalties. While every effort should be made to assist deserving needy persons, it is important to continue to cast off the relief rolls all who are undeserving, and to insist upon frequent and thorough check-ups of all those who apply for and receive public assistance.

LOG OF THE U. S. MARINES

Taming the Moros

In many years of campaigning all over the globe, the U. S. Marines never met a more cunning or implacable foe than the Moros, the fierce fighting men who live in the islands of the southern Philippines. They were the last to submit to American authority during the insurrection in that country at the turn of the century.

During the final months of the campaign, an army company occupied a native village in Samar. The apparent submission of the natives led the soldiers to become lax and watchful. The Moros bided their time, through a ruse, they turned on the Americans and almost annihilated them.

Following the massacre a battalion of U. S. Marines came from the principal island of Luzon to aid in bringing the rebellious Moros to terms. Combat patrols made several successful raids and the insurgents were gradually driven back

to where they had prepared a series of fortified cliffs along the Soboton River.

Surprise Attack

These volcanic cliffs, believed to be impregnable by the natives, rose almost vertically to a height of 200 feet. They were pocketed with caves and crannies, which could be reached only by crude trails and scaling ladders. From their sides baskets weighted with tons of rocks were placed so that they might be hurled down on the heads of assailants.

Stealthily the marines approached the enemy's last stronghold. A surprise attack on one group sent them scurrying for shelter with the sea soldiers hard on their heels. Camp after camp along the river bank was destroyed, and eventually the marines routed the insurgents, scaling the cliffs with ladders they had left behind in their haste.

It was the last rallying place of the Moros, although several other contacts between the marines and the brown-skinned warriors occurred before the sea soldiers were withdrawn from Samar.

Upwards of 57,000 Gallons of Gasoline Used a Day by Public Service Buses

Loading gasoline truck at company's central supply tank in Newark.

"Fill 'er up!"

Next time you draw the family automobile up to a gasoline station and say "gimme five" just imagine for a moment how many "fives" it takes to operate the approximately 2,000 buses of Public Service every day.

More than 57,000 gallons of gasoline are used daily in the operation of this fleet of buses. In addition, the 150 oil-electric buses of the company consume about 1,000,000 gallons of fuel oil each year.

Someone has figured out that if the approximately 21,000,000 gallons of gasoline used by Public Service buses in one year could be converted into water, there would be enough to float a steamship as huge as the "Queen Mary."

Another has figured out that it would require a trainload of 43 tank cars to transport the gasoline used in one week by the company's buses.

To keep the Public Service buses constantly supplied with fuel, eight-een tank trucks and two trailer trucks operated by the company are

busy every day hauling gasoline from the company's central supply tanks.

These trucks and trailers travel an average of 165,000 miles a year in making deliveries to the company's 50 garages throughout the state.

Public Service has gasoline supply tanks at Passaic Wharf in Newark, Newton Avenue Garage in Camden and at Perth Amboy.

LOWER RATES ON NEW HOMES

New Homes may now be financed on terms as low as 4 1/2 per cent with no money down—no red tape. Why not get in touch with the J. T. Evans Co. for information that will gladly be given without being under any obligation?

Repairs, Alterations, New Roofs, Asbestos Siding, Painting and Oil Burners may also be paid on Easy Monthly Payments.

Six Weeks Left . . . of Summer Vacationing

During these coming weeks we are going to reduce our entire stock of used cars. We will make an additional two weeks extension to help you get over the expense occasioned by your vacation by making the first payment on a car purchased from us fall due six weeks from date of delivery.

With a proposition like this it is not practical for you to keep your old car and take the chance of breakdowns spoiling the short time you have during the year to enjoy yourself.

It is also a good investment for the coming winter when you step your transportation into something newer.

It is hot now . . . but it will be cold. A newer car will be ready for the tough grind ahead.

ED. BEITZ SAVES GIRL AT SHORE

Palmyra Resident Performs Heroic Act in Rough Water at Seaside

Edward Beitz, manager of the Palmyra Bowling Alleys during the winter months and, at present operator of a boardwalk concession at Seaside Heights, probably saved the life of a young girl swimmer at that resort on Thursday of last week.

The young lady, with a male companion were swimming beyond the breakers in rough, choppy water when warned to come closer to the beach by the life guard patrol, who then rowed back to the shore.

Swallowed Water

The couple started to obey this order, but the girl swallowed water and became panic stricken. The man accompanying her was physically unable to aid and called for help.

Beitz, who was swimming about 200 feet away, got to the scene quickly and, managing to evade the girl's frantic clutches, succeeded in calming her so that he was able to head toward the shore. The beach patrol arrived after Ed had the situation well in hand and took all three to dry land.

Mr. Beitz operates an original baseball game at the shore resort, the affair being invented and patented by himself. It is proving to be immensely popular, since enthusiasts have a chance to take a real cut at the horsehide.

Escapes Injury In Car Smash

H. Perrell Stanford, 211 Union Landing road, East Riverton, emerged unharmed following an automobile accident at the Riverton Borough line, on Main street, shortly after 7 o'clock on Tuesday morning of this week, although his car was extensively damaged.

Stanford told Riverton police that, as he was going over the crest of the hill, a car came toward him at a high rate of speed and took a most erratic course. While engaged in keeping his machine out of the way of the other, the Stanford Ford coupe went into a skid, which finally ended with the car in the ditch on the east side of the highway.

During the careening process it sideswiped a tree, broke off a glass light standard, shattering the glass and finally collided with the Riverton Borough sign, which was bent over to the ground. The car started the skid when proceeding in a southerly direction and ended with the front pointing back to Riverton.

Needless to relate, the Ford was extensively damaged as a result of the crash. Riverton police, Officers Robinson and Tomlinson, conducted an investigation. Public Service employees were on the scene shortly afterward to shut off the escaping gas.

BUILDING WORK IN PALMYRA

Edward A. King, Palmyra building inspector, presented the following report on construction activities in that community for the month of July.

The name first mentioned is that of the contractor.

Curtis Staveley, new roof, 607 Lincoln avenue for Palmyra Building & Loan, estimated cost \$200.

Curtis Staveley, new asbestos siding, 719 Pennsylvania avenue, Palmyra Building and Loan, estimated cost \$100.

George Friday, repairs to cornice and roof, 710 Washington avenue, Cinnaminson Building & Loan, estimated cost \$40.

Charles A. King, new asphalt

THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

50th Year No. 30

RIVERTON—PALMYRA, N. J., THURSDAY, AUGUST 10, 1939

PRICE FIVE CENTS

WILL COMPLETE ANCIENT ROAD

State Highway Commissioner E. Donald Sterner announced last week that he will receive bids Friday, August 25, for nine and four-tenths miles of construction to complete Monmouth Road, the 35-mile highway from Mount Holly to Freehold.

The improvement will aid farmers in hauling to market and will give a more direct artery from the Philadelphia-Camden metropolitan area to Asbury Park, Long Branch and neighboring seashore resorts on the north Jersey coast.

PALMYRA FINANCES IN FINE SHAPE

Auditor's Report Given; Pedler Ordinance Asked by Business Men

Palmyra Borough was declared to be in very good financial condition and records kept in excellent shape when the 1938 audit was presented before the regular meeting of Council on Tuesday night. The audit, prepared by William H. Welcher, borough auditor, presented an improved picture of the town's finances as compared with conditions several years ago, and by comparison with other municipalities throughout the state today, the picture is even better.

Pedler Ordinance Asked

Carl McAllister appeared before the body and read a petition signed by twenty of Palmyra's businessmen requesting Council to adopt an ordinance regulating pedlers and imposing pedler's license fees. They submitted an ordinance now in effect in Riverville as one that is working to the advantage of Riverville business houses.

The Mayor assured Mr. McAllister that council was in sympathy with the local business people and assured him that every consideration would be given to their request promptly. The borough solicitor, (continued on page 9)

AIRPLANES GOOD LOCAL CUSTOMERS

Pilots Stop for Fuel and Refreshments at Stands in This Section

If business from the air keeps up it might behoove local merchants in the vicinity of landing fields to erect signs displaying their wares that are visible from above.

Just a short time ago, the Delran Yacht Club steward was summoned to pump gas for a seaplane that needed service at the wharf of the club and the Carlson ice cream stand was visited this week by a plane which taxied up to the back door.

Service

This happened on Monday afternoon of this week, when one of the young lady attendants heard a voice from the rear of the shop asking for ice cream cones. Upon going to the door she was amazed to find a plane practically in the store, with the pilot and a passenger being the prospective customers. The ship had landed in Richie's field, which is adjacent to the refreshment emporium.

Upon being served with the cream, the aviators took off shortly afterward for parts unknown.

All of which probably establishes something of a precedent in this vicinity.

shingles on roof, 103 Pear street, estimated cost \$700.

The estimated total of all improvements is \$1,040.00.

Charles A. King, new asphalt

A FREE COUNTRY?

A Merchantville newspaper recently published a statement which was "sponsored by responsible employees out of the ranks of union workers at the Kieckhefer plant who have been called out on strike. Sufficient evidence was also submitted to assure the newspaper that the article was not written by a member of the office force, nor was it written with the knowledge of any official or representative of the employing company."

Excerpts follow:
"In the first place, the strike meeting was held in the Delair fire house which, at best, can hold only 175 or 200 people. In other words, any one of the remaining 500 employees remaining outside was just out."

"In the second place, NO SECRET BALLOT was used, the vote being taken by a raising of hands. Whenever a member arose to express an opinion that was contrary to the pre-determined opinions of the union men who 'packed' the meeting, he was howled down with boos and cat-calls. The words 'rat' and 'house' were well accented. 'If a man raised his hand he 'showed his hand.' What chance had a level-headed, intelligent man, when faced with such odds, to express his views and opinions?"

Tells of Friday Meeting

"We now return to the meeting held by the Union to vote upon this final gesture of the company. The meeting was held at the Union Labor Temple, Royden street and Broadway in Camden, at 8 p.m. Friday, July 28. The room held between 350 and 400 persons (about one-half of the K. C. Co. personnel). Of these persons present, over two-thirds were ready to accept any agreement that was presented 'secret ballot.'

"Was the vote taken in that manner? Again a shouting of their own laws. It was another 'show-your-hand' proposition. 'The room was electrified. Every one was tense. Five men were fired out of the Union before they even got into the meeting. Plug-uglies were on parade. Men were informed of the fact that if they didn't go along as the Union wanted, their food rations would be immediately discontinued.

"How could an honest and impartial vote taken under those conditions be obtained? Even the brave dared not raise their hands. If they would be like being thrown to the lions to pass through the gang of Union stalwarts and die-hard who stood guard just within the door. 'The result as reported to the press by the Union was a unanimous vote to reject.

"Now where are we? Is it quite safe now to assume that those individuals who are sponsoring this great 'back-to-work' movement are going into action. If right is greater than might' it will soon be manifest.

"The people need not be surprised; not the least, to see some very concerted action very shortly. It's time, and long past time, that the American working man was permitted the opportunity to live under the protection of the Bill of Rights of our great Constitution of the U. S."

BOAT CLUB TO DREDGE

The Cinnaminson Township Committee offered no objection to the proposal of the Forest Hills Boat Club to dredge along the front of their property in East Riverton.

A communication addressed to the committee stated that the deed to the club property gives the organization full riparian rights, but that the approval of the governing body was desired before work was begun.

PALMYRA SCHOOL OPENS SEPT. 12

There will be a faculty meeting on September 11 at 1:00 p.m. in Palmyra High School and the institution will open on the 12th.

The school will be closed the following dates:
November 9 and 10—State Teachers' Convention.

November 30 and December 1—Thanksgiving Vacation.
December 25 to January 1 (inclusive)—Christmas Vacation.

February 12—Lincoln's Birthday.
February 22—Washington's birthday.
March 22 to 29 (inclusive)—Easter Vacation.
May 30—Memorial Day.

High School commencement will be held June 13 and Grade School closing exercises will be held June 14th.

FIRE ALLOTMENTS MADE THIS WEEK

Cinnaminson Township Decides Share for Parry and Delaware Firemen

At the meeting of the Cinnaminson Township Committee held on Tuesday night of this week, funds were apportioned to the various fire companies in that municipality following a lengthy discussion, the result being that Parry received \$500 and East Riverton the sum of \$300. It had been decided previously to continue the \$600 appropriation to Riverton.

Herbert Dinges, committee member suggested that the money be divided differently, with \$450 for Parry and \$350 for the East Rivertonians. He said the latter organization had been established three years and was obligated as much as the Parry company. His motion to this effect had no second.

Parry Older

Elmer Manderville, another member of the committee, moved that the \$500-\$300 plan be adopted and this was seconded by Maurice Conrow. In the vote that followed, Mr. Dinges decided in the negative. Mr. Manderville said that Parry was the older of the two organizations, having been established 22 years, and that their equipment was more modern.

Jack Adams, chief of the Delaware Ware Company, stated that he felt his organization should get as much as Parry, since they had good equipment and had just spent \$324 for new hose and other accessories.

No comment on the matter was made by members of the Parry Company. A number of the members of both organizations were present at the session.

Drainage Settled

Walter Carson, township attorney, stated that considerable progress had been made on the drainage problem in East Riverton. The owners of the property where it is desired situation had agreed, he said, to sell situation had, agreed, he said, to sell six lots to the township for a nominal sum and to grant an easement on several other lots for a period of five years.

The U. S. Engineers are willing to dig the ditch in connection with a dredging and fill project that will be undertaken in that section and can start the work within 60 days.

It was voted unanimously to accept the proposal as outlined by Mr. Carson and the six lots will be purchased. Residents from East Riverton were extremely satisfied over the outcome and Mr. Carson was commended upon his solution of the problem.

Two young men in California named Raspberry have asked the court to change their name. Wonder if it makes them feel seedy?

SUNDAY TRAFFIC BREAKS RECORD

24,877 Cars Cross Tacony-Palmyra Span During Single Day

After standing for nearly a year, the former one-day record for the number of cars crossing the Tacony-Palmyra bridge was shattered last Sunday, when a total of 24,877 machines used the span during the 24-hour period.

The previous high figure, established on Sunday, August 14, 1938, was 23,972, the increase over last year being 905 vehicles.

On the corresponding Sunday a year ago, the number of machines making the crossing was 20,002.

Start Early

The exodus of Pennsylvanians to shore points began early in the morning and, aided by perfect weather, it appeared early in the day that the former figure would probably fail to stand.

This became almost a certainty when the homeward rush started. From early in the evening until midnight, the steady flow of cars passed the Palmyra traffic booth with scarcely a break for several hours the number going over 1,800 during a sixty minute period.

On several occasions, cars were passing the light at a rate of over 3,000 per hour. Chief C. Morris Beck and his assistants handled the rush with their usual efficiency and the tremendous volume of traffic went through the intersection without mishap.

Carnival This Week at K. of C.

YMCA BRIEFS

Camp News
Y.M.C.A. Camp Ockanickon, located near Middletown, is nearing the end of the fifth week. About one hundred and seventy-five boys are now there. The final week begins on Saturday, August 12.

Among the special events of the past two weeks were two interesting one-day trips to the New York World's Fair. The first trip was taken by eight seniors on Thursday, July 27. They were chaperoned by Carl Herckner, Senior Area supervisor. The second trip was made by fourteen middle schoolers on Wednesday, August 2, with several counselors as chaperones. Both groups visited the outstanding industrial, state, and foreign exhibits, and remained long enough in the evening to witness the elaborate illuminated fountain display. The camp made possible a special low rate for those who elected to take the trip.

The camp exchanged evening programs with the Four-Mile Colony at New Lisbon. The camp minstrel, directed by Al Duff, of Collingswood, gave a gala performance at the colony on July 28. The young men of the colony reciprocated with their sixteen-voice glee club, which sang familiar songs, and a pianist, who played from a seemingly endless repertoire as the boys called out favorite numbers for him to play.

To give the campers a wider variety of group activity, a new type of afternoon program has been inaugurated. On Mondays and Thursdays, athletic tournaments ranging from ping pong to softball are held, and each camper may enter one or more. Prizes are given to the winner in each event. On Tuesday and Friday, each tent group with the leader plans its own program, which may include hikes, boating, contests of all kinds, etc. On Wednesday aquatic or athletic meets are held.

Archery
A feature of camp life was the archery tournament held between the two "Y" camps, Ockanickon and Matolonequay last week at Ockanickon. The boys won the match, scoring highest in all their sets except one which was tied by Mary Jean Snook, of Merchantville.

Other participants in the tournament were Nancy Pessler, Beatrice Orr, Jane McGrath, Katherine Margerum, and Boots Smith, who made the highest score among the girls.

Miss Jeanette Dean, of Stanford, Conn., and Miss Doris Hyland, of Edgewater Park, who are instructors in archery at Matolonequay took charge of the match in conjunction with the leaders at Ockanickon.

Canoe Carnival
One of the outstanding events of the week at the girls' camp was the annual canoe carnival. Various canoe formations were executed in a colorful pageant arrangement. Squaw Lake echoed with splendidly prepared and rehearsed songs as well as the splash of paddles.

The Y.M.C.A.'s camps are owned and operated by the Y.M.C.A.'s of Burlington, Camden, Gloucester and Monmouth counties.

Registrations for the two special four-day week-end camps August 10-13 and August 17-20 are coming in, as well as for the final week.

ATLEE FOR FREEHOLDER

According to an announcement appearing in a Philadelphia newspaper this week, C. Biddle Atlee, who formerly resided at Morgan avenue and Second street, Riverton, is to be a candidate for the Democratic nomination for member of the Burlington County Board of Chosen Freeholders at the Primary Election.

The announcement came as a distinct surprise to his many friends in this community.

VACATION CAMP CLOSES FRIDAY

Secretary T. Paul Reeder, who has been directing the Palmyra-Riverton Y.M.C.A. Home Vacation Camp will bring a close this Friday. On Thursday night at the Y.M.C.A. building at Palmyra there will be a program for parents. Campers will report on projects, program features and trips during the past month. Things which they have made during craft periods will be on display. Fifty boys have been enrolled. Most of them were on an over-night camping trip to Ockanickon Tuesday and Wednesday.

YOUTH KILLED HERE SUNDAY

John A. Waters, of Camden, Riding Bicycle, Is Hit By Motorist

Unidentified for many hours, John A. Waters, 14, of 738 Wright avenue, Camden, was instantly killed by an auto, shortly after 4 o'clock Sunday afternoon, near S-41 and Hilton road, Pennsauken Township.

The youth, riding a bicycle, was travelling south on S-41 when he swerved to cross the road directly in the path of a machine driven by Peter A. Leavy, 21, of 4605 Vista street, Philadelphia.

No Identification
Waters, who was clad only in a bathing suit, could not be identified by any one in the vicinity and it was not until 3 o'clock Monday morning that his father came to the Snover Funeral Home to pronounce the fact that the dead youth was his son. He is survived by his mother and father, Mr. and Mrs. John A. Waters, together with three brothers and sisters.

The victim of the unfortunate accident was taken by Leavy to the local police and then transported to Zurburg Memorial Hospital, Riverton, where he was dead upon arrival. He sustained a basal fracture of the skull.

By a strange coincidence, the bicycle was practically undamaged.

BRODERSON PACES PALMYRA BATTERS

Palmyra's hitting ranks sixth in the Burlington County League, the local aggregation clouting the apple for the figure of .263.

Keville, of Moorestown, leads in individual hitting with .470, while Broderston tops the Palmyra contingent with .431. The averages of the other members of Manager Rapp's cast are as follows:

	AB	H	Avg.
Moorestown	466	139	.298
Nedford	443	189	.294
Burlington	466	132	.281
Palmyra	598	156	.263

THE PEOPLE'S COLUMN

To the Editor:

Use of your columns this week to convey to the friends and supporters of the Y.M.C.A. our gratitude for their backing, and to make a report to them as president of the Y.M.C.A. board about the Home Vacation Camp will be greatly appreciated.

This is the second season Palmyra, Riverton and Cinnaminson boys have had a summer Y.M.C.A. program of this character. Both years this "camp" has been directed by Secretary T. Paul Reeder, of the county organization.

The number of boys enrolled is 50, having increased from 43 the first week, when some of them were at Ockanickon.

Numerous activities, which are usual in an away-from-home camping program, and also available to boys in our "Y" summer program here, whose parents could not send them away to camp.

The Home Vacation Camp program has swims (at Moorestown, with transportation by bus) featuring instruction for beginners and special attention to those who want to meet advanced test requirements. There are athletics, crafts, business meetings, special educational and pleasure trips. One over-night trip to Camp Ockanickon is on this week's schedule.

This (Thursday) evening, August 10, will be observed as Parents' Night at the Y.M.C.A. building, where many of the activities of the camp have been carried on. Campers will report on projects, program features and trips during the past month. Things which they have made during craft periods will be on display. The Ladies' Auxiliary will serve refreshments.

I wish we could use this means to issue a general invitation to attend this closing program, but if parents turn out this year with their sons as they did a year ago, there just won't be room enough at the Y.M.C.A. Thursday evening for many others.

In behalf of the Y.M.C.A. I do thank all of you for the work your contributions help make possible for our boys and young men, throughout the year, in the groups and mass activities, conferences, leadership training and, specially, right now, through the Home Vacation Camp.

LAWRENCE B. PARKER, Pres. Palmyra-Riverton Y.M.C.A. Board

Dear Sirs:

We saw your article in the paper last week about the girls softball team.

The girls team has made out very well this year considering that we haven't any coach, but our manager, who is Grace Sippel, has helped us in every way.

We are now in the second half of the League, so far we have lost 3 games and won 5. In the first half of the League we lost two, won four and forfeited two.

Last week we played the Palmyra girls who have just started to play this year. They are not in the league. The score was 28-5 in favor of Riverton.

We only have two more games to play. Next Tuesday we play Riverton.

side Scotties. We have a game with Florence, but the date has not been scheduled.

I am not the secretary, but a player. We want to thank you for printing this in the New Era.

Sincerely yours,
Dorothy Staveley.

APPEAL FILED

Notice was given the Cinnaminson Township Committee this week that an appeal had been filed with Commissioner Burnett by the Forest Hill Boat Club, of East Riverton. This action was taken following the refusal of the committee to grant a club liquor license to the yachting organization.

The hearing has been set for Friday, September 8, at 2 o'clock, in Newark.

Why doesn't one of the star performers on the Writers Project write a play about the recent W.P.A. strike and call it "Mutiny on the Bounty?"

BRIEF ITEMS from ABOUT TOWN

The members of Post Rodgers Drum and Bugle Corps wish to express their appreciation to Miss Betty Whartnaby, who acted as drum major for the local organization at the recent parade in Medford. Miss Whartnaby is the regular drum major for the Public Service Drum and Bugle Corps.

Manager William Anderson, of the Broadway Theatre softball team is vacationing in Maine. There is no truth to the report that he went "down east" in search of talent for his organization.

A force of workmen is engaged at the former Palmyra National Bank building where the vaults and interior fittings are being removed in the project which will convert the banking house into the church building for the Bethany Evangelical Lutheran congregation.

Work on the paving of Broad street is progressing very rapidly, practically all of the foundation material has been laid. The bituminous concrete surface will be started sometime this week.

Workmen have completed re-laying the crossing at Fourth street and Lippincott avenue and have started a similar undertaking at Fourth street and Linden avenue.

The Sacred Heart Carnival on Friday and Saturday nights of this week is expected to attract large crowds on both evenings.

Palmyra Fire Company will hold a drill on Tuesday night of next week.

Riverton Borough Council meets this (Thursday) evening.

As far as Riverton is concerned, the political situation remains in the dormant stage.

DROUGHT REDUCES ANTICIPATED CROP OF JAPANESE BEETLES

A decreased Japanese beetle population for next year is one of the optimistic aspects of continued drought in New Jersey, authorities in the State Department of Agriculture declared this week.

"While farmers realize that continued dry weather is shortening their harvests in a number of crops, they can appreciate one encouraging feature—that Japanese beetle eggs and grubs, lacking necessary soil moisture, die within a very short time," H. B. Wain, chief of the Bureau of Plant Industry in the Department of Agriculture pointed out.

Whenever observations have been made, he added, it has been seen that a deficiency in rainfall during the summer was followed by a Japanese beetle population in the following years much reduced below that which occurs when more normal rainfall conditions prevailed in the previous summer.

Heaviest Infestation

Heaviest infestations of Japanese beetles this year are reported to be around West Orange, Springfield and Morristown and throughout Union and Essex counties. Residents of Bergen and Passaic counties are concerned by increases in the beetle population there, and in Warren County, with formerly light infestations, the beetle population is noticeably growing.

Japanese beetles are also heavy at seashore resorts, particularly in the vicinity of Sea Girt. Staten Island has suffered with beetle invasions from the New Jersey shores.

SECOND SECTION FINISHED

Having completed pouring concrete for the second section of seats at the Palmyra High School stadium, workmen are now engaged in removing the wooden forms. These will be utilized for the third and last section of seats and this phase of the project will be started soon.

Unless something unexpected happens, there appears to be no reason why this fine athletic plant should not be ready for the coming football season.

KIECKHEFER LISTS CONTRACT ITEMS

Company Refutes Strikers' Statement That "Nothing Benefits Employees"

In order that there may be no misunderstanding concerning an article published in a Merchantville paper in which Otto W. Weber, secretary of the Camden Central Labor Union, said among other things "the offer they make, however, contains nothing to benefit the union members." The following statement has been released by the Kieckhefer management for publication in The New Era.

To Employees of Kieckhefer Container Company:

We have received inquiries from employees concerning the contents of the contract submitted to the unions for consideration at their meeting held at the Labor Temple, Camden, New Jersey, on Friday, July 28, 1939. In reply to these inquiries and for the benefit of the employees who did not attend the meeting, the Company wishes to make the following statement:

The contract which the Company submitted to the unions in an endeavor to settle the strike contained among other things, the following important provisions:

1—One week's vacation with pay.
2—Time and one-half for work over 8 hours per day.
3—Two hours per day reporting time guaranteed, unless employee is instructed not to report.

4—Time and one-half for work on holidays and also on Sundays, except in the case of employees engaged in continuous mill operation.
5—No work in the factory on Saturday afternoon or night, except in case of emergency.

6—Prompt review of piece rates where daily earnings fall below hourly earnings.
7—A definite guarantee that the Company will not penalize any employee for union or non-union activities.

8—A guarantee of existing general wage rates until January 1, 1940.

Four Proposals

Since the beginning of the strike the Company has submitted four formal proposals to the unions and the unions have notified us that each has been rejected unanimously.

Many employees have urged the Company not to contract for a "union shop." In various meetings the Company has fully discussed with the union officials a union shop clause and the Company's stand on this issue is unchanged for no union member may be discharged by the Company for union activities because he is protected by law. The Wagner Act clearly makes it illegal for the Company to discharge any employee because of union activities. Also the Company under the proposed contract agreed to submit the case of any employee, who feels he has been unjustly discharged, to review by a grievance committee and if necessary to arbitration and furthermore, the Company at no time in the past has discriminated against any employee for union activities. On the other hand under the "union shop" there is no law that protects any employee from discharge demanded by the union.

Not to Abandon Plant

The Management cannot, in fairness, agree to discharge any capable and trustworthy employee whose only offense, perhaps, has been the violation of some union rule.

The Company has informed and the union officials are familiar with the present demoralized price situation in this industry. They know that the average hourly and weekly earnings of our employees have

been substantially above the average paid in the industry. The Company has offered to maintain the present schedule of wages until January 1, 1940, and in addition to grant a one week's vacation with pay in 1940.

The Company regrets exceedingly the hardship placed upon many of its employees. Contrary to current rumors that the Delair plant is to be abandoned, the Company wishes to assure its employees that it is doing everything possible to insure a substantial volume of work for its employees as soon as the plant opens, and it is ready to open the plant at any time that its employees express their desire to return to work.

Kieckhefer Container Company
By J. W. Kieckhefer, President.

ABOUT THE COUNTY

Members of the civic committee named by the Chamber of Commerce to study reasons why the headquarters offices of Division B of the state fire fighting forces are to be moved from Mount Holly to Toms River, have recommended to the executive committee of the Chamber that any further action in the matter be dropped. After a careful study and numerous interviews with state officials it was learned that the removal of headquarters from Mount Holly will not lessen fire protection in this district and will probably mean more efficient organization in the district.

The loss of two families and business from Mount Holly is believed to be of minor importance as compared to the problem of fire protection.

A threatened strike of 150 workers of the Wall Rope Works of Beverly, members of Local 76 of the Textile Workers Union of America, C.I.O., was averted last week when the Company agreed to the demand of the union for a 100 per cent union shop clause which has been the big issue in the negotiations which have been conducted between the

union and the company for the past two weeks over the renewal of their contract, which expired July 31 at midnight.

Efforts to legalize the sale of liquor in Burlington on Sundays will meet with determined opposition from the churches and church organizations.

Last Thursday, damage estimated at \$5,000 was caused when fire gutted the cold storage building on the farm of Amos Hansell, on the Rancocas-Beverly road. Lightning struck a cupola on the stone two-story building and a moment later the top of the building was in flames. Loss was placed at about \$2,000 when fire gutted the large brick barn at the country home of Surrogate George B. Biting, on the Mount Holly-Rancocas road, at about the same time. Lightning struck the barn.

Claimed to have been one of the few men who ever came face to face with the famed "Jersey Devil," William "Old Bill" Bosarth died at his home at Batsto on Wednesday after a lingering illness. He was 74 years of age.

FOR COMMITTEE

Thomas Schwink has announced that he will be a candidate for the position of member of the Republican County Committee from the 2nd Palmyra district.

Mr. Schwink has served as a member of the G.O.P. group for 15 years, but was not a candidate in 1938.

HENDRY ON VACATION

Secretary Guy C. Hendry leaves the end of the week for a vacation in New Hampshire at his farm boyhood home on the sea coast at North Hampton. He and his family will visit Mrs. Martha Hendry, his mother, who is in her 87th year.

CANNERY TOMATOES REPORTED UNHARMED BY DRY WEATHER

Continued dry weather which has hurt other crops at their harvesting season has not, as yet, materially damaged cannery tomatoes, although tomatoes for market have been affected. W. W. Oley, chief of the Bureau of Markets, New Jersey Department of Agriculture, declared this week.

Tomato canning houses in all parts of New Jersey are now operating and report their opening deliveries this season were of better quality than those offered last year on opening days. Although prices for contract tomatoes remain the same as for the 1938 season, the improved quality of the produce is expected to mean considerably better returns to growers.

WELFARE REPORT

Mrs. Mary Sim, executive secretary of the Riverton-Cinnaminson Welfare Association, submitted the following report concerning township welfare activities for the months of June and July at the meeting of the Cinnaminson governing body held on Tuesday night of this week:

	June	July
Total expense	\$289.89	\$222.90
Families	23	17
Individuals	134	99
Avg. per family	12.66	13.11
Avg. per individual	2.16	2.25

VISIBILITY INCREASED

Night driving on the River road has been made easier by the fact that all poles bordering the highway have been repainted with a band of white.

In addition to this, standards with the luminous buttons have been erected on the south side of the road all the way to Riverside.

A new England man kidnaps his ex-wife at the point of a gun. Some folks never seem to know when they are well off.

IT PAYS TO BUY A Good GAS RANGE

Here is one right before you, well built with six top burners. One of these burners is of giant size—all light without matches and give a variety of cooking speeds. You can do fast frying on them or you can let food simmer for hours on low heat. Has correctly insulated and heat regulated oven—electric lamp and convenience outlet—minute minder. Broiler is insulated too. Slides easily and has a smokeless broiling pan. Sells for \$118.50 connected if you trade in an old stove. When purchased on terms—\$7.50 down and \$5.20 a month.

We carry ranges with insulated, automatically heat regulated ovens from \$42.95 cash up connected.

VISIT THE COURT OF FLAME AT THE NEW YORK WORLD'S FAIR

RIVERTON

Mrs. Charles DeGraw, of Riverside, was the guest of honor at a dinner party in honor of her 80th birthday on Sunday, August 6, at the Riverside Dining Room, Mt. Holly. The party was given by her children, Mrs. F. E. Smith, of Riverside, Mrs. Robert Hulings, of Riverton and Claud DeGraw, of Syracuse, N. Y.

Mr. and Mrs. Maurice Joyce, of Burlington Pike, Riverton, are spending some time in Huntingdon, Pa., as the guests of Mr. and Mrs. Richard Frantz.

Mr. and Mrs. Frank Rue, of 112 Morgan avenue, returned home recently after a two weeks vacation at Long Branch.

Miss Anne Glendinning Clark, of Golf Road, is at Mantoloking for the month of August, with her parents, Mr. and Mrs. Stuart B. Clark.

Miss Leah M. Perkins, of 623 Linden avenue, is continuing her art studies at the summer school of the Pennsylvania Academy of the Fine Arts at Chester Springs, Pa. Miss Perkins is the daughter of Mr. and Mrs. A. B. Perkins and is an instructor of art at the Stoneleigh-Prospect Hill School, Greenfield, Mass.

Mrs. Catherine Kirby and daughter Harriet, and Mrs. Florence Evans, of Riverton, spent Sunday at Beach Haven.

Mr. and Mrs. Everett Gest, of Riverton, and Mr. and Mrs. Stewart Gest, of Palmyra, have returned home after spending a week at Bridgeport, Connecticut.

Mr. and Mrs. John W. Abrell and son Jack, of Elm Terrace, and Miss Peggy Stevenson, of East Broad street, spent Sunday at Ocean City.

Mr. and Mrs. George Carnie and Mr. and Mrs. Edward Leavy and daughter, of Second street, were the guests of Mr. and Mrs. Charles Bowers, of Hightstown, on Sunday.

Misses Gladys Jewett and Betty Conover, of Washington avenue, and Geraldine Atkins, of Martinsburg, West Virginia, spent last week at Ocean City.

Mr. and Mrs. John Craig, of Linden avenue, spent Sunday at Ocean City.

The Riverton Ladies Club will hold its weekly card party at the home of Mrs. Gertrude Lynch, of Lippincott avenue, today (Thursday).

Mrs. Horace Richman, of Second street, was a guest last week, of Mrs. Alexander Murphy, of Elm avenue, who is spending the summer at Stone Harbor.

Mr. and Mrs. Frank Strohlein and family, of Linden avenue, are spending two weeks at Wildwood.

Mr. and Mrs. Clarence Bell, Sr., of Thomas avenue, motored to Asbury Park on Sunday.

Miss Mildred Speer, a nurse at St. Luke's Hospital, Philadelphia, spent Sunday with her parents, Mr. and Mrs. Frank Speer, of Riverton.

Miss Natalie Evans, of Thomas avenue, is spending a few days with her sister, Mrs. W. Clayton Appar, of Pitman.

Mrs. Thomas McChesney and daughter, Mary Elizabeth have returned to their home in Moorestown after spending two weeks with Mr. and Mrs. Harry C. Sim, of Thomas avenue.

Miss Emma Rotenbury, of Fourth and Penn streets, is spending the month with Mr. and Mrs. D. Tuttle, of Wynnewood, Pa.

TOWNSHIP OF CINNAMINSON

BURLINGTON COUNTY, NEW JERSEY

List of Building Lots Owned by the Township of Cinnaminson and Authorized to Be Sold at Private Sale

By virtue of an ordinance of The Township of Cinnaminson in the County of Burlington, adopted July 28, 1939, the said Township is authorized to sell at private sale, the building lots hereinafter designated, or any of them, but for not less than the respective prices specified, which are the minimum prices established by the ordinance.

All building lots hereinafter mentioned are particularly shown on a map entitled "Palmyra Extension adjoining Palmyra, N. J. dated April, 1926, and filed June 4, 1926, at Mount Holly, New Jersey, in the office of the County Clerk of Burlington County."

Each Lot includes the improvements thereon and the appurtenances thereto.

Lot Nos. 1 and 2 the Northernly 10 feet of Lot No. 2, as one lot, \$500.00.

Lots Nos. 12, 13, 14, 15, 16 and 17, \$300.00 each.

Lots Nos. 111, 112, 113, 114, 115, 116, 118, 124, 128, 130, 131, 132, \$200.00 each.

Lot No. 135, with the dwelling-house thereon, \$1,000.00.

Lots Nos. 148, 149, 150, 151, 152, 154, 157, 159, 166, 170, 173, 177, 179, 181, 190, 198, 200, 202, \$200.00 each.

The Westerly 30 feet of Lot No. 204 and the Easterly 20 feet of Lot No. 205, as one lot, \$225.00.

The Westerly 10 feet of Lot No. 206 and Lot No. 207, as one lot, \$225.00.

Lots Nos. 208, 209, 210, 211, 212, 213, 214, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 265, 267, 268, 269, 290, 291, 292, 293, 294, 295, 296, 297, \$200.00 each.

Restrictions

No lot fronting on Arch Street, Oxford Road, Cuthbert Road or LeJane Road shall be used for any business, commercial, manufacturing or industrial purpose, except to the extent hereinafter permitted.

No building or structure shall be located or erected on any lot fronting on Arch Street, Oxford Road, Cuthbert Road or LeJane Road which is intended or designed to be used, in whole or in part, for any purpose except as a single detached dwelling-house and garage accessory thereto, or a school building, church, community house, municipal or other public buildings; provided, however, that a double or twin dwelling-house may be located on two adjacent lots and, provided, further, that in any dwelling-house the resident owner or lessee of said dwelling-house may maintain therein his or her professional office or may conduct therein a customary home occupation, such as dressmaking, millinery, hair-dressing, manicuring and hairdressing, but no display of products shall be visible from the street and no sign exceeding two square feet in area shall be maintained outside the dwelling-house.

No building or structure shall be located or erected on any lot fronting on Arch Street, Oxford Road, Cuthbert Road or LeJane Road in conformity with the following restrictions: no single detached dwelling-house costing less than \$3,000.00, (including cost of garage accessory thereto), shall be erected; no double or twin dwelling-house costing less than \$5,000.00, (including cost of garage accessory thereto), shall be erected; the front of the building, (including porch or bay window, if any), shall be located not less than thirty feet inside the adjacent curb-line on LeJane Road, where the front of the building shall be located not less than forty feet inside the adjacent curb-line; the sides of a building occupying a single lot shall not be nearer than four feet to either side line of the lot; no building shall be located wholly on one lot shall not be nearer than eight feet to the outer side lines of the lots on which the building is erected; no building shall be erected in excess of three stories in height within three feet of the rear line of the lot; no garage shall be erected or located except on the rear half of the lot, shall not exceed one story in height, shall not have capacity to accommodate more than two motor vehicles, shall not be located or erected nearer than three feet to the rear line or side line of the lot, provided, however, that a garage may be constructed as an integral part of the main building, and provided, further, that a double or twin garage may be erected on two adjacent lots; and no fence shall be erected in excess of three feet in height and shall not extend toward the front line of the lot beyond the line hereinafter established; the front of the building, provided, however, that a building may be erected in excess of three feet in height which shall be maintained in the space between the front line of the lot and the line hereinafter established for the front of the building.

No lot fronting on Cinnaminson Avenue shall be used for any manufacturing or industrial purpose; and no building or structure shall be located or erected on any lot fronting on Cinnaminson Avenue which is intended or designed to be used, in whole or in part, for any purpose except as a building permitted under paragraph (b) of Section 3 of the ordinance of the Township of Cinnaminson, adopted July 28, 1939, for business or commercial purposes, (except manufacturing and industrial uses), and a garage accessory to the main building; and no building shall be located or erected on any lot fronting on Cinnaminson Avenue except in conformity with the following restrictions: no building costing less than \$3,000.00, (including cost of garage accessory thereto), shall be erected; the front line of the building, (including porch or bay window, if any), shall be located not less than thirty feet inside the adjacent curb-line; no building shall be erected in excess of three stories in height; no garage shall be erected or located except on the rear half of the lot, shall not exceed one story in height, shall not have capacity to accommodate more than two motor vehicles, shall not be located or erected nearer than three feet to the rear line or side line of the lot, provided, however, that a garage may be constructed as an integral part of the main building, and provided, further, that a double or twin garage may be erected on two adjacent lots; and no fence shall be erected in excess of three feet in height and shall not extend toward the front line of the lot beyond the line hereinafter established for the front of the building, provided, however, that a building may be erected in excess of three feet in height which shall be maintained in the space between the front line of the lot and the line hereinafter established for the front of the building.

Terms and Conditions of Sale

Each offer to purchase any of the lots above designated must be in writing, addressed to the Township of Cinnaminson, signed by the person or persons making such offer, and must be delivered to the Township Clerk.

A down payment of not less than 15% of the stipulated minimum price must accompany each offer. If the offer is accepted, the balance of the purchase price shall be paid to the Township Treasurer within 30 days next after notice to the purchaser of the acceptance of the offer.

Upon payment of the purchase price in full, the Township will deliver to the purchaser a properly executed deed of special warranty conveying the property in fee simple, free and clear of all taxes and municipal liens down to and including taxes for the year in which the deed is delivered.

Should the purchaser fail or refuse to pay the balance of the purchase price when due, the contract of sale between the Township and the purchaser shall, at the option of the Township, be terminated, and in the event of such termination the Township shall retain the down payment as liquidated damages.

Any duly licensed real estate broker who shall effect the sale of any one or more of the above mentioned lots shall be entitled to receive from the Township a commission of 5% of the sale price, which commission shall be payable upon receipt by the Township of the full amount of the purchase price of the property.

By order of the Township Committee of The Township of Cinnaminson in the County of Burlington.

HAROLD R. WEST,

Township Clerk.

Morgan avenue, Dorothy Bonsal, of Lincoln avenue, Marie Diamond, of Henry street, and Ruth Coombs, of Leconey avenue, are spending the week at Ocean City, accompanied by Mrs. Harold Marshall and son James, of Morgan avenue.

Mrs. H. B. Morris, of Morgan avenue, is spending the week at Point Pleasant.

Mr. and Mrs. E. A. Cavanagh and family, of Lincoln avenue, are spending the summer at Ocean City.

Mr. and Mrs. Curtis E. Stavelly, of Charles street, entertained the congregation of Bethany Lutheran Church at a lawn party on Tuesday evening, in honor of the birthday of Mrs. Oliver W. Powers, wife of the pastor. There were 80 guests present and Mrs. Powers was presented with a hand-made purse.

Mr. and Mrs. J. Wilcox and son Carl, of New Jersey avenue, left Wednesday for a motor trip to Canada, Niagara Falls and points of interest in that vicinity.

Miss Margaret McCamy, of Washington, D. C., is spending the week with her parents, Mr. and Mrs. William A. McCamy, of Highland avenue.

RIVERTON DROPS
FIRST OF SERIES

Round Tripper by Humes Big
Factor in 5-4 Setback
Here Sunday

Riverton lost a close game to Palmyra on Sunday afternoon, at Memorial Park 5 to 4. An eighth inning rally with a home run by Ed Humes gave the visitors three runs which enabled them to take the decision.

The affair was the first in a three game series.

A tight pitcher's battle was staged by Baker, for Riverton, and Altadonna, for Palmyra, before one of the largest crowds of the season. The locals started their campaign in the second inning to score two runs. Karitis the leadoff man struck out, but Rothbaum was hit by a pitched ball. Baker got a one-baser. Schirard singled sending in two runs. W. McDermott hit into a double play to end the inning.

First in Fourth

Baker allowed Palmyra no hits till the fourth inning when, with two out, Ed Humes doubled, Harper was safe on an error which also sent Humes home making the score 2-1. Fowler ended the inning by striking out.

Palmyra came back in the fifth to score another run to tie up the ball game 2-2. Prisco got a single and Henson sacrificed sending Prisco to third. Altadonna connected safely sending in a run and Kemmerle followed suit.

Riverton came back in the sixth to break the deadlock. With two out Rothbaum tripled to left field, Baker was safe on an error by Terrell, which sent in a run, Schirard walked, but W. McDermott flied into center field for the third out.

Humes Does It

Palmyra went down 1-2-3 in the seventh, but came back in the next inning to score three runs as Terrell walked, and Broderson was safe on an error. Ed Humes gave the crowd a thrill by hitting a home-run to make the count read 5-3.

The locals went down in order in the eighth, but put on a rally in the final frame with Schirard getting a hit. Cole got a double sending in Schirard. Brewster struck out, P. McDermott walked, but Sutters hit to center field to end Riverton's rally and Palmyra took home the verdict.

Each team obtained 8 hits as Baker struck out seven to Altadonna's eight. Baker allowed only two walks and his opponent gave four. The second fracas in the series will be played on Sunday, August 20.

Country Club
Notes

In the 18-hole-medal play tournament held over the past weekend, first place was taken by the club champion, Robert Conroy.

There was a three-way tie for second among the following—G. M. Bartlett, W. D. Lamon, Jr., and C. A. Loney.

On this Saturday, there will be four ball match play, best ball of putters vs. par. One half of combined handicaps will govern.

EXPECT LARGE
CROWD FOR GAME

A record attendance is expected at Memorial Park this (Thursday) evening, when the German Kitchen team clashes with Manager Bill Anderson's fighting Broadway Theatre aggregation.

The theatre team must take the verdict in order to keep Fortnum from automatically clinching the second half championship. Many, however, consider this already in the sack for the V-8 team, since their only remaining engagement is with the Cubs.

Anderson is taking nothing for granted, however, and asserts that he will do his utmost to bring home the bacon.

Much Rivalry

There is considerable rivalry between the two teams and this feeling was not at all lessened by the fact that several members of the German Kitchen cast were ardent rooters for Fortnum in the tilt played last Wednesday night.

From advance indications, the engagement should be well worth attending.

NOTICE

To Broadway and Fortnum

Notice is hereby given the managers of the Broadway and Fortnum teams that games in the championship series that starts on Monday night, August 21, will be called promptly at 6:30 o'clock.

The umpire in chief will adhere strictly to this ruling.

Team managers are requested to cooperate in getting the games started early in order to take advantage of as much daylight as possible.

There was no game in the Memorial Park Softball League last Thursday night, Parry failing to have a full team on the field for their engagement with Dawley.

The girls' team in the county league also won by forfeit when their opponents failed to appear at the appointed time.

Palmyra	000 110 030—
Errors: Terrill, Schirard, Broderson. Three Base Hits: Rothbaum. Two Base Hits: Cole, Humes, Harper. Sacrifice hit: Henson. Struck out: By Baker 7, by Altadonna 3. Base on balls: Off Baker 2, Altadonna 3. Double plays: Altadonna to Harper to Humes. Passed balls: P. McDermott. Left on Bases: Palmyra 3, Riverton 7. Umpires: Bright and Alloway.

The Real Motive

Since John L. Lewis, president of the C.I.O., poured the vials of his wrath upon Vice President Garner, calling him a "labor-baiting, poker-playing, whiskey-drinking, evil old man," there has been considerable speculation among the wise-acres at Washington as to what was Mr. Lewis' underlying motive.

A great many people believe that Mr. Lewis simply lost his temper and said things he would not have given word to, had he taken a few moments to think.

But there is serious question as to whether this is true. Mr. Lewis is known as a bluffer and a blusterer, but his blusters are usually timed to do what he considers the most good. Moreover, he knew he would be questioned before the Labor Committee and had plenty of time in advance to decide on what he wanted to say. Moreover, his expletives were so incisive that Mr. Lewis must have been thinking over his questions in advance.

Many political speculators believe that Mr. Lewis had his eye to the 1940 campaign when he unleashed his attack on the Vice President. Mr. Lewis has indicated his desire in the past that President Roosevelt run for a third term. Moreover, he is known to be enamored of the New Deal, and he naturally wants the friends of the C.I.O. to be in control of the Democratic convention next year.

Now at this time Vice President Garner is the idol of those Democrats who desire to recapture the Democratic machinery and return the old ship to its Jeffersonian moorings. He has consistently been boomed as a candidate for President and has run ahead of all other Democratic aspirants in most of the straw votes taken this year.

Now Mr. Lewis naturally wants to stop the man whom he considers the greatest danger to his pet scheme for controlling the destinies of the nation. And he feels that he has the power with which to checkmate Mr. Garner. It is to be remembered that his organization loaned a half million dollars to the Democratic National Committee in 1936 and claims chief credit for electing Mr. Roosevelt to a second term. As a matter of fact, Mr. Roosevelt would have been re-elected whether Mr. Lewis and the C.I.O. were for him or not, but at any rate the landslide results gave Mr. Lewis the opportunity to claim a lion's share of the credit.

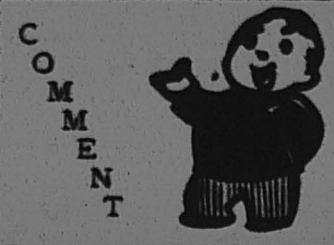

Mr. Lewis evidently believes that he can stop Mr. Garner now and serve notice on the Democratic chieftains that they must name one of "his kind" of candidate in 1936. Whether he will be successful or not remains to be seen.

Most observers at Washington believe that the Lewis attack on Garner was a political blunder of the first magnitude. And everybody agrees that it was a nice break for the Republicans.

Gone With The Wind

The defeat of the spending-lending bill in Congress is something more than a setback for the New Deal. It marks the close of an era in American economic and political life. For six years the administration at Washington had been trying the pump priming method. The national debt was raised from something like nineteen billions to nearly forty-five. There were still eleven million men out of work and the price of wheat and corn was at an all time low, estimated on the gold standard which has been abandoned by the United States. With the 1940 elections nearing it was evident that something drastic must be done. Therefore, the so-called lending bill was perfected by the theorists of the New Deal. Purportedly this bill was to lend money for various private or quasi-public enterprises. It was maintained by the authors of the bill that it would revive business and not cost Uncle Sam a penny because the money was being "loaned" and would be returned. Unfortunately for the New Dealers, however, the opponents of the pump-priming process of reviving prosperity were not convinced.

They pointed out that ninety per cent of the money was an outright gift because the enterprises it sought to aid would never

Two proposed amendments to the New Constitution were published last week in a Mt. Holly paper, the next three months. Mr. Holly citizens will have ample time to become familiar with the proposals which are designed to change the term of Sheriffs and Coroners from three to five years and to permit jury verdicts on civil suits with 10 of the 12 jurors voting affirmatively. The proposed amendments must be passed by the 1940 Legislature and then be adopted on referendum at a special election next year.

These enemies of the lending bill pointed out further that the system of government pump priming had failed time after time and that it was useless to give the country another pill of the same kind under a sugar coating. They were unkind enough to argue that the authors of the bill were endeavoring to conceal the same old pump priming under the disguise of "lending" because the government debt had already reached, or was rapidly approaching, the forty-five billion limit.

President Roosevelt accepted the defeat of the bill with his usual grace and charm of manner. A few days previously he had declared that the defeat of the neutrality bill would "hurt business" this fall. On defeat of the lending bill he declared that Congress, who sank it, would be responsible for any business recession which might follow, and New Dealers evinced the hope that the voters would remember the names of the Congressmen who turned thumbs down on the lending bill.

cial election next year.

As the period remaining before the Primary election gets shorter, the air becomes increasingly charged with rumors and counter-rumors concerning the lack of harmony within the Republican ranks. Not only are there two distinct factions, but there are also persistent reports that all is not well within the inner confines of one of the factions itself.

Such a situation in Burlington County must cause considerable jubilation in Democratic ranks, because the more internal strife in the Republican party, the better chance the opposition has of slipping over a candidate or two at the General Election.

The bitterness that has been evidenced in the past between the warring Republican groups has done the party not one bit of good.

When a G.O.P. newspaper blasts John Doe, a candidate of the Hip-Hop group, for example,

and this man wins the nomination of his party how can even-thinking people be persuaded to believe that this person, branded as an incompetent one day, is entirely qualified to be the party's standard-bearer as soon as he has succeeded in securing the nomination.

If the leaders of the Republican party within the county are smart, and we believe they are, they will bend every effort toward restoring harmony in the party and eliminate the mud-slinging, Kilkenny cat primary campaigns that seem to be getting worse instead of better.

Should this not be done, sooner or later the party will be visited by just retribution from their political opponents who have waxed powerful as a result of the internal strife.

Some credit must be given to Governor Moore for reducing the costs of state government. There is one item that he has pared down from \$10,933 to \$7,638. That isn't anything to write home about in this day of easy money and liberal spending but it is a step in the right direction.

The saving came in cutting down the traveling expenses of state employees. Some of them have been running down to Washington too often, dairy inspectors have been traveling West to inspect milk sources and others have been using airplanes where they could just as well go by train.

When state employees have occasion to travel hereafter, they will have to show the state department first before the trip will be authorized. This new policy was established by Governor Moore.

There still seems to be considerable abuse of privileges by employees who have state cars and use them for family purposes and for week-end trips. In New York state

ACTIVITIES OF
COUNTY COUNCIL

P. T. A. Names Executive Board, Chairmen of Many Committees

Although the winter months are naturally the busiest for Parent-Teacher officers and members, the past summer has been a time of unusual activity in the Burlington County Council.

The last fiscal year closed at the council meeting held in the Mt. Holly Regional High School in the late spring, at which time Mrs. Burdett, of Mt. Holly, was unanimously elected chairman of the council. At the same time the following officers were elected to the executive board:

Mrs. Harold VanZant, Marlton, recording secretary; Mrs. H. S. Frazer, Medford, corresponding secretary; Mrs. Harvey Burby, Beverly, R. D., treasurer.

Vice Chairmen: Mrs. Max Kessler, Bordentown; Mrs. Frank Brotherton, Burlington; Mrs. Clifton Mayfield, Riverton; Dr. Elizabeth Ford Love, Moorestown; Mrs. Roger Penneck, Lumberton; Mrs. William Wells, Delanco; Mrs. Theron Foote, Birmingham; Mrs. J. C. Erickson, Moorestown.

Chairmen

During the intervening months Mrs. Burdett has been busy with the organization details of the county work, which got off to a splendid start at a picnic-conference for departmental instruction held at Browns Mills in the middle of June. During the course of the summer the following chairmen have been appointed, nearly completing the executive set-up of the Council.

Program, Mrs. Herbert Adams, Edgewater Park; publicity, Mrs. Eric Warnick, Riverton; membership, Mrs. Goodwin Donnelly, Florence; recreation, Mrs. Samuel McGaw, Jr., Maple Shade; health and "Summer Round-Up," Mrs. Frank Smith, Rancocas; hot lunch, Mrs. Grover Freck, Burlington, R. D.; Founders Day, Mrs. Jacob Klevan, Riverside; welfare, Miss Reba Troxell, Burlington; magazine and publication, Mrs. Winfield Crossley, Moorestown; safety, Mrs. Samuel Green, Maple Shade; student loan, Mrs. J. C. Mallory, Palmyra; resolutions, Mrs. Norman Reeves, Crosswicks; parliamentary, Mrs. Mary Krupnick, Mt. Holly; historian, Mrs. Joseph Shipp, Delanco; registrar, Mrs. Richard Barthold, Vincentown; goals, Mrs. W. B. Alcott, Marlton; library service, Miss Hazel Clark, Mt. Holly; literary and citizenship, Mrs. Emilie Spillman, Roebling; Members at Large: Mrs. Edward Ried, Lumberton; Mrs. John Bishop, Burlington; Mrs. Arthur Hagstoz, Riverton.

First Meeting

All chairmen and officers are asked to note that the first executive board meeting, which will be held at the home of Mrs. Burdett in Mt. Holly, is scheduled for September 20th. And all members of the Parent-Teacher Association throughout the county are asked to note the date and place of meeting of the County Councils, and to reserve a place for them in their local programs, that the attendance may be large and representative.

County Councils

October 11, 1939 — Bridgeboro Church.
January 17, 1940 — Springside School.

May 8, 1940 — Maple Shade Theatre.

Fund Campaign

It is with deep gratification and deep gratitude to all who helped, that the committee in charge of raising funds for the infant incubators and resuscitators to be installed in the Mt. Holly and Zurburg Hospitals, is able to announce that the necessary amount has very nearly been raised.

The successful completion of this very worthwhile project is a credit to the generosity of the citizens of Burlington County, and the Parent-Teacher Council feels privileged to have been the instrument through which the work was accomplished.

MANY CLINICS HELD

Nearly twice as many patients were examined at chest clinics in Burlington county in the month of July, 1939, as in the same month a year ago.

Mrs. Ruby R. Freer, Executive Secretary of the Burlington County Tuberculosis League attributes the increase to a growing understanding on the part of patients of the value of medical supervision and the constant follow-up of contacts of tuberculosis cases by public health nurses, and to the fact that physicians continue to refer many private patients to the chest clinics for diagnosis.

During the month two clinics were held at the Burlington County Hospital, Mount Holly, and one clinic at Zurburg Hospital, Riverside. Forty-five patients registered, of whom 26 had never attended a clinic before. Fourteen patients received the tuberculin test with three positive reactors. Eighteen x-rays were taken and two patients were admitted to Fairview Sanatorium. The League nurses arranged for one school child to receive glasses, and ten pupils to have tonsillectomies.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McLean
Extension Service, N. J. College of Agriculture

Now that the season's gardening labors have borne fruit in the form of colorful midsummer blooms, many a gardener is probably wanting to add to his collection of annuals and perennials for a "bigger and better" garden next year. Among the plants for which seed may be sown now are pansies, English Daisies, forget-me-nots, Iceland Poppies and, if you can obtain fresh seed, delphiniums, Canterbury Bells and even hollyhocks if the seed is sown at once.

All these plants will make strong growth and bloom well next year. The pansies, English Daisies, forget-me-nots and Iceland Poppies usually do much better when the seed is sown in late summer than from earlier sowings, for they are winter growing plants and thrive better in cold weather. Although the Iceland Poppies are considered perennials in cool climates, they are really annuals or biennials in this part of the country.

Small Seeds

Because seeds of all these plants are small, they will dry up if the seedbeds are not covered with burlap until germination in order to keep moisture at the top of the soil.

The wise gardeners will finish dividing his German Iris and get them planted as soon as possible. Needless to say, any borers on the plants should be destroyed. Oriental Poppies may be transplanted now and they also may be propagated by root cutting. Make the cuttings about an inch long and plant them approximately an inch deep in light soil.

The rest of the work in the garden is maintenance—the late summer chores of disbudding dahlias and chrysanthemums and giving the spraying equipment its regular workouts. Botrytis on lilies, black spot and mildews on roses and aphids on many other plants are pests to guard against. If, at any time you are uncertain as to what sprays or dusts to use, remember that your county agricultural agent is always glad to help.

Health Question: Do the
Chinese pay physicians
to keep them well?

Doc Says:

There is a widespread belief that it is a custom of the Chinese to pay their physicians to keep them well and that payment is discontinued while the client is ill.

A publication of the American Medical Association states that this belief is not founded on fact. As in America, Chinese patients pay their physicians for services rendered.

In China there is only one well trained physician for every 30,000 inhabitants. America has one physician for every 768 people.

Health Question: Why is plenty of pure water essential for the human body?

The body is continually losing

water, through the pores of the skin, through exhalation, and in other ways. An adult loses from four to five pints of water daily.

Two-thirds of the adult human body is composed of water. It is the principal constituent of all soft tissues. Every cell is constantly immersed in fluid. Digested food is carried to all parts of the body in a fluid medium. Waste products must be flushed out. The skin must be moist to regulate the temperature of the body in warm weather.

It is therefore essential that the supply of pure water be frequently replenished.

This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

(continued from page 6)

it has been suggested that the best way to break this up is to have all state cars of a distinctive color. Under such conditions, it would take considerable nerve for a state official or employee to send his wife or children out on a Sunday trip or on any other trip that was related to his regular duties.—Washington (N. J.) Star.

BIRTH

Mr. and Mrs. E. C. Archer, of Haddonfield, are receiving congratulations on the birth of a son, Evan Chandler, Jr., on August 2, at Cooper Hospital, Camden.

Mrs. Archer will be remembered as the former Miss Frances Allen, daughter of Mr. and Mrs. Charles F. Allen, of 404 Eighth street, Riverton.

Wet wash picked up by our drivers by 2 o'clock Saturday afternoons delivered on or before 8 o'clock Monday mornings.

THE FIRST: BEGINNING at a point in the Eastern line of Highland Avenue three hundred thirty-three and eighty-two one-hundredths (333.82) feet Southwesterly from the intersection of the said Eastern line of Highland Avenue the distance of one hundred eighty-eight and eighty-two one-hundredths (188.82) feet in front or width to a point for a corner; thence Eastwardly of that frontage between two parallel lines drawn at right angles to the said Highland Avenue the distance of one hundred seventy (170) feet to the rear of the lot.

CONTAINING within said bounds a rectangular lot of land fifty-nine and forty-four one-hundredths (59.44) feet in front or width to a point for a corner; thence Eastwardly of that frontage between two parallel lines drawn at right angles to the said Highland Avenue the distance of one hundred seventy (170) feet to the rear of the lot.

BEING the same land and premises which Herbert Clark and Kate Clark, his wife, by their deed of conveyance bearing date June 8th, 1932, and recorded in the Office of the Clerk of Burlington County in Book No. 796 of Deeds, page 316, granted and conveyed unto the said Herbert Thomas Clark, Jr., in fee.

Decree approximately \$1,498.70 besides interest, costs and fees.

Said to be the property of Herbert Thomas Clark, Jr., et al., defendants, taken in execution at the suit of Margaret Wallace Ryan, Substituted Trustee for Emma R. Ryan, under the last will and testament of John Wallace, deceased, complainant; and to be sold by

F. GEORGE FURTH, Sheriff.

Solicitor: Wm. D. Lippincott.
Dated: July 26, 1939.
7-27 to 8-17-39
Printer's Fee \$33.60.

By virtue of a Writ of Fieri Facias to me directed, issued out of Court of Chancery of the State of New Jersey, I will sell at public sale on

THURSDAY, AUGUST 24, A. D. 1939, between the hours of 12 o'clock in the afternoon of said day (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey, the following tracts or parcels of land and premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey, to-wit:

OBITUARIES

HAROLD R. HAMILTON

Harold R. Hamilton, of 821 Garfield avenue, died on Friday, August 4.

Funeral services were held from the Snover Funeral Home on Tuesday at 2 p.m., the Rev. George Lockert officiating.

Interment was made in Borden-town Cemetery, Bordentown.

The deceased is survived by his wife, Mrs. Mary Hamilton.

PALMYRA FINANCES

(continued from page 1)

Albert McCay, stated that most such ordinances and, in his opinion even Riverside's, had provisions that were decidedly unconstitutional and could easily be set aside should anyone take the trouble to contest it. The matter was turned over to the solicitor for study and report at the next meeting of Council.

Employees Rewarded

Four borough employees were awarded certificates by Mayor Ward for their eighth consecutive year of commercial vehicle driving without accident. The certificates were presented by the company carrying the Borough's insurance. Each one of the men also received a nice leather toilet kit as a token of appreciation by the insurance company. The men were: James Rambo, Percy Grimes, Harry Karn and John Patterson.

Mayor Ward appointed C. Morris Beck, Frank Geedes and Harry Karn as a committee of three to represent Palmyra at the National Safety Congress to be held in Atlantic City, October 16 to 20th. Council approved of the Mayor's appointments.

Want Booster Brakes
Fire Chief Geedes asked Council for permission to have new brake linings put on both the pumper and ladder trucks and for the installation of booster brakes to meet present day driving conditions. The estimated cost of the materials and work is \$290. The Chief was asked to get additional figures and present them at the next meeting with a break-down of the prices for consideration.

W.P.A. Quits

Councilman Huyett reported that the W.P.A. employees working on the street projects in the Borough quit work this week. The uncertainty that prevails in the W.P.A. administration makes it almost impossible to gain definite assurances of when the work might be continued. Mr. Huyett therefore stated that the projects will be held in a status quo for several weeks to see what develops. On the recommendation of Mr. Huyett, the clerk was instructed to write to the Board of Freeholders asking them to resurvey Highland avenue within the Borough limits this fall.

Sewer Project Indefinite
Councilman Flynn stated that the W.P.A. workmen on the Palmyra sanitary sewer project are expected to finish by the end of the present month. Mr. Flynn stated however that he expected that most of the remaining work could be crowded into the time left. The principal delay in the finishing of the sewer has been caused by the failure of the company supplying the pumps to make delivery as promised. W.P.A. labor is already installing the pumps and later electricians will need but a few days to hook them up.

Mr. Flynn when pressed for an answer when the public might be permitted to hook-in stated, "I still say another 30 days." Some of the other members expressed the opinion that the public had better not count upon sewer service for another 4 or 5 months.

Mr. Flynn stated that \$25,000 has been spent on the project and most stated that the borough's share will fall considerably below what was anticipated.

Big Playground Attendance
Councilman Engle stated that the average attendance of children at the municipal park was 150 daily. He too reported that the band con-

certs were very well attended and much appreciated by the public.

Councilman Buchholz recommended that \$13,059.46 be paid for State and County taxes for the 3rd quarter. The motion passed unanimously. \$6,000 for the school board was also authorized, and July relief bills amounting to \$111.50 were passed for payment.

Police Report

The police report for the month included 7 night lodgers, 7 motor vehicle arrests, 1 death resulting from motor accident, 4 disorderly conduct arrests, 1 case of desertion, 4 arrested for stealing a car, 7 dogs gassed, 432 dogs registered to date and 425 calls and complaints answered. Mayor Ward acted in the capacity of borough recorder turned over to the treasurer \$10 in fines. William H. Welcker was unanimously appointed to serve as borough auditor for the fiscal year of 1939.

AT TAYLOR'S MARKET

MISS PERKINS CONTINUES STUDY

Miss Leah M. Perkins, 633 Linden avenue, Riverton, is continuing her art studies at the summer school of the Pennsylvania Academy of the Fine Arts at Chester Springs, Pa., according to an announcement made this week by Henry Hotz, Jr., curator of the Academy schools.

Miss Perkins, the daughter of Mr. and Mrs. A. B. Perkins, is an instructor of art at the Stoneleigh-Prospect Hill School, Greenfield, Mass. While a student at the Pennsylvania Academy's winter school in Philadelphia, Miss Perkins received the most coveted award offered by the school, the Cresson Scholarship for travel in Europe. The prize carries \$1100, of which \$900 is for traveling expenses and \$200 for a year's tuition at the Academy. Before entering the Academy Miss Perkins was graduated from St. Mary's Hall. She also attended the Friends' Schools in Camden and Moorestown.

Chester Springs, the first art school to combine art instruction under celebrated artists with vacation facilities, was founded in 1915 for the purpose of affording art students the chance to supplement their indoor studies with work out-of-doors.

A recent invention is a shirt with a built-in necktie.

A new flashlight invention works without a battery.

Adequate Lighting Is Essential For the Study Corner at Home

SCHOOL-TIME will soon be here! While youngsters no doubt are enjoying the summer with hardly a thought to the lessons to be studied next season, many parents are already giving consideration to what they might do to help the youngster in his studies at home.

On the wall, near the table or desk, book-shelves of adequate size to hold all reference material and supplementary reading books may be placed. It is desirable to light the shelves by a Lumiline lamp and reflector placed just above and in front of the top shelf so that the light will shine down upon the titles. The lighting unit may be concealed by a small cornice across the shelf.

A student reading lamp, producing from twenty-five to thirty footcandles of light, at the working point, should be on the table or desk. The working point should be within 24 inches of the base of the lamp. The lamp should always be placed at the left of a right-handed student, so there will be no shadows on his work. The most desirable lamp is twenty-eight inches high with a sixteen inch shade, and has a glass diffusing bowl which prevents glare. A globe of the world is an instructive addition to the desk. Attractive ones, made of translucent composition and lighted from within so that at the touch of a switch all details of the map are in evidence, can be bought.

The general illumination of the room in which the study corner is located should be not less than ten footcandles of light. Too much contrast between the light at the desk and the light in the room might cause eye-strain.

PALMYRA

Miss Mary Wise, of Pittsfield, Massachusetts, is the guest of Miss Margaret Rider, of Leconey avenue, for the month.

J. Merrit Sanford, of Highland avenue, and J. A. Connelly, of Carver, N. J., a member of the high school faculty, spent Saturday visiting Radio City, New York.

Lloyd Leonard and son Lloyd, Jr., of Rowland street, left last week for a visit to the Golden Gate Exposition at San Francisco.

Mrs. Luke K. Eberly and family, are spending a few weeks with relatives at Chestertown, Maryland.

Mrs. Lloyd Witte, of Cinnaminson avenue, is recuperating from an appendicitis operation at the Zurburg Memorial Hospital, Riverside.

Harry E. May, of Maple avenue, John Riddle, of Haddonfield; and Raymond Bureau, of Collingsdale, Pa., spent the weekend at Cape May.

Mr. and Mrs. Palmer L. Adams and family, of Cleveland avenue, are spending the week at Ocean City.

Miss Ruth Bartley, of Elm Terrace, and Harold Zayotti, of Morgan avenue, spent Sunday in Ocean City.

Louis Franklin, of Pear street, David Toy, of Cinnaminson avenue, and Phillip Trout, of Washington, D. C., formerly of Palmyra, spent Saturday at Ship Bottom.

Miss Betty Haines, of Columbia avenue, spent Sunday at Ocean Gate as the guest of Jack Deitz, of Pear street, who is spending the week there.

Arthur Terrell, of Cinnaminson avenue, spent Tuesday at Ocean City.

Miss Marjorie West, of Morgan avenue, is spending the summer at Beach Haven.

Mr. and Mrs. Harry Gottlieb, of Lincoln avenue, are spending the summer at Ocean City.

The trouble with the self liquidating loans in a "spending program" is that the liquid will dry up as the first economic drought which comes along—and one is already here.

A new flashlight invention works without a battery.

Church Notices

CALVARY PRESBYTERIAN

Rev. Charles T. Bates, B.D., Pastor

Church school, 9:45 a.m.
Morning worship, 11:00 a.m.
At the morning worship next Sunday, August 13, the Rev. LeRoy Y. Dillener, pastor, of Presbyterian Church, Barnegat, N. J., will occupy the pulpit.

All those in this community who have no regular church home are cordially invited to enter into the worship and fellowship of Calvary Church.

CHRISTIAN SCIENCE CHURCH

"Soul" is the subject of the lesson-lesson in all Churches of Christ, Scientist, on Sunday, August 13.

The Golden Text is: "The Lord is my portion, saith my soul; therefore will I hope in him." (Lamentations 3:24).

Among the citations which comprise the lesson-lesson is the following from the Bible: "I have called upon thee, for thou wilt hear me, O God: incline thine ear unto me, and hear my speech. As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness." (Psalms 17: 6, 15).

The lesson-lesson also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is the expression of Soul. The Indians caught some glimpses of the underlying reality, when they called a certain beautiful lake 'the smile of the Great Spirit.' Separated from man, who expresses Soul, Spirit would be a nonentity; man, divorced from Spirit, would lose his entity. But there is, there can be no such division, for man is coexistent with God" (p. 477).

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B. D., Pastor

Services Sunday, August 13.
Bible School 10 a.m.—Just as everything has undergone a change, the method of instruction in the school has likewise. In presenting the International lessons, much thought is being given to make them not only a matter of bible study, but to give the younger as well as the older members something practical by which they may guide their lives and thus restore that sense of appreciation of life's benefits. The fine attendances are evidences of the interest in these lessons and brings out not only the member but the visitor as well. If you have never attended, and you have no church affiliations, why not treat yourself and give us the pleasure of a visit?

Morning worship, 11:15 a.m.—Pastor Lockett will again occupy the pulpit this Sunday. His subject will be "Doing Your Best." It behooves every one to do this. Come out and receive the inspiration and learn how. Music by the choir and solo by one of its members.

Evening worship, 7:00 p.m.—The Community services conducted by the churches of Palmyra in the Municipal Grove have been an inspiration to all those who have attended this summer. Every Sunday you can count on a fine and impressive sermon and real congregational singing, accompanied by the very faithful orchestra.

Pastor Lockett will be the speaker this Sunday evening and will have as his subject the well popularized slogan of the World's Fair, "The World of Tomorrow." Dr. Dean H. LeFavor is expected to be at the piano again during the congregational singing. It is not a case of spending an hour here, you will reap an hour of inspiration. The choir is planning to participate in the evening's service by rendering a suitable anthem.

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist

Thomas Ave. and Seventh St.
Riverton, N. J.

Wesleyan Men's Bible Class

For the Men of the Community

Thackeray, the famous author, in one of his works entitled "Henry Esmond" describes a note-worthy event that took place in his life. He lived with a relative in one of the estates in England and was made to feel his dependence. One day the King's Counsel drove into the estate and asked, "Are you Henry Esmond, if so, you are at the age to receive this estate as your own." Esmond said, "I always felt it belonged to me."

What a joy to know that the world belongs to our Heavenly Father and by faith in Christ, we can say "All things in Christ are yours" as St. Paul puts it.

The title of the Book "The Bible" reveals our relationship with the Father and as His children we are heirs of God and joint heirs with Jesus Christ, hence the wonder of the Bible that reveals to us blessed relations with the Christ.

It is this Book, the Covenant Grace of God that we treasure and love its messages as each Sunday we reverently study with our teachers its contents.

Come with us next Sunday at 9:50 and rejoice in the rare inheritance which is yours in Christ.

EPWORTH M. E. CHURCH

Rev. W. A. Boyd, Pastor

The Rev. Stacy D. Myers, pastor of the Methodist Church at Paulsboro, will occupy the pulpit in the absence of Rev. Boyd.

There will be special music at the service.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor

The Sacrament of Holy Communion will be celebrated at both services on Sunday, 8:45 a.m., and 11 a.m. At the later service the pastor, the Rev. Oliver W. Powers, will preach on the subject "Impending Doom."

The lesson-topic in most departments of the Church School on Sunday will be "Elisha: A Life of Helpfulness." The school meets at 10:00 a.m.

WESTFIELD FRIENDS MEETING

Burlington Pike
Sunday Morning
10 o'clock—Meeting for worship.

HOLT-BRENNAN

The Church of the Sacred Heart, Riverton, was the scene of a very pretty wedding last Wednesday morning when Miss Catherine E. Brennan, daughter of Mr. and Mrs. Louis A. Brennan, of East Riverton, became the bride of Carl A. Holt, son of Mrs. Mary Holt, of 620 Vine street, Camden.

The ceremony was performed by the Rev. J. F. Welsh, rector of the church.

The bride was given in marriage by her father, and her sister, Ellen M. Brennan, was her only attendant.

James Holt, brother of the groom was best man.

The ushers were Andrew and Francis Brennan, brothers of the bride.

A wedding breakfast followed the ceremony after which the couple left for a trip.

Mr. and Mrs. Holt will be at home after September 1 at 209 Penn street, Camden.

A shattered piece of glass that can be tooled like wood or metal has been developed in Germany. It dissolves in benzol, chloroform or alcohol.

Know Your Government

At the end of 1938 New Jersey's state government included approximately 175 boards, bureaus, commissions and agencies. These range all the way from commissions with special, limited duties, such as the Good Will Commission, to large, complex departments such as the State Highway Department.

The many departments are managed in several ways. Some of them, for example, are directed by non-salaried board members who serve as a public duty. Other boards are directed by state officials connected with some other branch of the state government.

Many of the boards, however, are made up of highly paid commissioners. A study by the New Jersey Taxpayers Association, of salaries paid to state commissioners and board members reveals that these salaries combine to make a staggering total.

Just a Few

Picking a few at random, we find a board of six members, each receiving \$12,000 annually; another of four members, each receiving \$4,500 annually, with a commissioner receiving \$10,000 annually; another of five members, each receiving \$7,500 annually; still another of five members, each receiving \$7,000 annually, and a commissioner receiving \$15,000 annually. Many of these have salaries of secretaries and assistants who likewise receive liberal compensation.

Now plans are being considered for another commission to be added to the already long list of state units. Proposed plans to regulate race tracks and pari-mutuel betting, framed by a special legislative committee, bring an emphatic reminder of the ease with which expensive bureaucracies can be built up. They provide for a four-member commission, each to receive \$7,500 annually. Added to these would be the salaries of a secretary-treasurer, possible assistants and other staff members.

Little Justification?

Many observers are questioning the necessity of continuing to pay commission members the high salaries they now receive, since there is little to justify the present liberal compensation. Certainly salaries are not warranted unless members devote full time to their jobs. The duties of board members are comparable to those of directors of banks and industries who as a rule receive fees of \$10, \$15 or \$20 to attend meetings, and the manager is paid the salary.

Large potential savings would result from an adjustment of commission members' pay to a per diem basis. New Jersey might well consider a recent enactment in the state of Tennessee, that discontinued the payment of salaries to members of the State Civil Service Commission and substituted the payment of \$15

per diem while in attendance, and further provided that no member shall receive more than \$500 in any one year.

CAR STOLEN

A car belonging to Louis Schiffer, dealer, of Palmyra, and stolen Tuesday, in Camden, figured in the Kieckhefer strike situation when it was used in an attempted assault on an employee of the Delair concern who did not appear to be over-enthusiastic about the strike.

Following the attack, the machine was abandoned in Camden.

SHORT TERM CAMP

Thursday, August 10, is the beginning date of the first of the two short term camp periods at Oceanic and Matolonequy. A number are registered for this Thursday, who have four days at camp, leaving Sunday afternoon. The second such short term camp period begins the following Thursday, August 17, and enrollments continue to come in.

The American Legion Drum and Bugle Corps elected its officers for the coming year on Monday evening. Those named were president, Earnest Barker; secretary, Charles Lezenby; treasurer, Rene Sandoz.

Plans are being made for a huge card party to be held late this month at the Knight of Columbus Hall. Proceeds will go toward uniforms for the new drum majors and a trip to the State of New Jersey Legion Convention which will be in Cape May, September 9th.

The corps has been a big success so far and is looking forward to their trip to Cape May with great interest. Members of the senior corps who deserve a great deal of credit for organizing and helping to keep the corps so active are Horace Rowland, Harry Groome, Samuel Dogostin, Hobart Wright.

per diem while in attendance, and further provided that no member shall receive more than \$500 in any one year.

The many departments are managed in several ways. Some of them, for example, are directed by non-salaried board members who serve as a public duty. Other boards are directed by state officials connected with some other branch of the state government.

Many of the boards, however, are made up of highly paid commissioners. A study by the New Jersey Taxpayers Association, of salaries paid to state commissioners and board members reveals that these salaries combine to make a staggering total.

Picking a few at random, we find a board of six members, each receiving \$12,000 annually; another of four members, each receiving \$4,500 annually, with a commissioner receiving \$10,000 annually; another of five members, each receiving \$7,500 annually; still another of five members, each receiving \$7,000 annually, and a commissioner receiving \$15,000 annually. Many of these have salaries of secretaries and assistants who likewise receive liberal compensation.

Now plans are being considered for another commission to be added to the already long list of state units. Proposed plans to regulate race tracks and pari-mutuel betting, framed by a special legislative committee, bring an emphatic reminder of the ease with which expensive bureaucracies can be built up. They provide for a four-member commission, each to receive \$7,500 annually. Added to these would be the salaries of a secretary-treasurer, possible assistants and other staff members.

Many observers are questioning the necessity of continuing to pay commission members the high salaries they now receive, since there is little to justify the present liberal compensation. Certainly salaries are not warranted unless members devote full time to their jobs. The duties of board members are comparable to those of directors of banks and industries who as a rule receive fees of \$10, \$15 or \$20 to attend meetings, and the manager is paid the salary.

Large potential savings would result from an adjustment of commission members' pay to a per diem basis. New Jersey might well consider a recent enactment in the state of Tennessee, that discontinued the payment of salaries to members of the State Civil Service Commission and substituted the payment of \$15

per diem while in attendance, and further provided that no member shall receive more than \$500 in any one year.

YOUR SELECTION TO BE PLAYED

All Request Program at Band
Concert in Palmyra
Grove, on Friday

The Mercer County Federal Band will play an all-request program at its regular weekly evening concert in the Grove, Palmyra, Friday, August 11th, at 8 o'clock. So many requests have been received that the supervisor, John E. Curry, felt it necessary to devote this concert to music particularly desired by regular patrons of these affairs.

In addition to the scheduled program, Mr. Sweetland, the regular conductor of the band, has selected several small encore numbers that have always pleased the Palmyra audiences. One of the most popular of these is the Humoresque "Comin' Round the Mountain." Another feature that has been requested many times is the recent song of Irving Berlin's "God Bless America." It is hoped the audience will join the band and sing this inspiring song that seems to have touched a responsive chord in all true citizens of this country.

Program

March, "United States Field Artillery," Sousa.
Overture, "Beautiful Galesia," von Suppe.

"Mother Macree," Olcott and Ball, trumpet solo by James Esposti.
Waltz, "Blue Danube," J. Strauss.
"Procession of the Sordani" from "Caucasian Sketches," Ippolitow and Ivanow.

Intermission

Selection from "Rose Marie," Friml.

(a) Tango in D. Albaniz; (b) Hungarian Dance No. 2, Brahms.
"Old Folks at Home and in Foreign Lands," Roberts.

"March and Procession of Bacchus" from "Sylvia," Delibes.
Request numbers.

BURRO BASEBALL GAME AUGUST 18

A treat is in store for local baseball fans for on Friday, August 18, at 8:30 p.m., on the former high school baseball field, the Palmyra Firemen will take on the business men from that community in a burro softball game.

The affair promises to furnish a thrill a minute.
The smoke eaters will present the following lineup: Joe Dietz, Bill Hoare, Rosa Dilks, Babe Reynolds, Herm Dietz, Bill Little, Norm Moore, Abe Adams, Bob Snover, Stats Hoare, Bob Cooper and Will Keper.

Admission is 25 cents for adults and 15 cents for children.

The United States is said to possess fifty-eight per cent of the world's visible gold supply but you can't see it.

Must Increase Farm Income, Says Ford

WITH Edsel Ford in the driver's seat to turn the first furrow, the new and vastly-discussed Ford-Ferguson tractor made its world's first public appearance at the New York World's Fair in late July. Shown above are Henry Ford and Harry Ferguson, Irish inventor who developed the principles embodied in the new tractor and its unit implements, with a small model of the tractor between them.

Said Henry Ford: "I look for this tractor to accomplish two things—turn the farm deficit into a profit and reduce the expense of going on the land." Enthusiastically seconding his father, Edsel Ford added: "The farm is one of the most vital problems now before the country. No political solution yet offered has been able to solve it. To increase farm income by increasing the cost of food in the cities is a policy no one, not even the farmer, approves. And yet every one agrees the farmer's income must be increased."

"My father and I believe that if the farmer can do what industry has done—make his product an economy of production and

but—he will increase his real income without curtailing his market. We built this tractor primarily to cut the farmer's first cost and his operating cost."

"This tractor is the only one we ever made that completely takes the place of horses and mules, thus eliminating draught animals which constitute one of the farmer's heaviest costs. Four cows or six young cattle, which mean income, can be raised on the same land required to feed two farm horses that only mean expense."

Harry Ferguson said that among outstanding new features of the Ford tractor are light weight, simplicity of operation, maneuverability, fuel and oil economy, absolute safety on hillsides or difficult ground, and ability to strike any sort of obstruction without damage to implements. The new machine will do the work of eight horses and four men, he said.

The Ford-Ferguson tractor is now in production, and will be available to the public through Ford and other dealers about September 1. It is being demonstrated daily at the Ford Exposition, New York World's Fair.

STREET CROSSING TRAFFIC MENACE

Condition at Lippincott and
Seventh Causes Many
Complaints Here

At the meeting of the Riverton Borough Council held on Thursday evening of last week, the members of the local governing body discussed the condition of the roadway at Seventh street and Lippincott avenue, where a depression in the highway has caused serious inconvenience and some damage to cars crossing the intersection.

The situation is caused by the fact that the old drain was removed when the new curbs were installed recently. The present depression is designed to carry off surface water and is definitely needed at this point, but members of council were of the opinion that the roadway should be cut down on both sides in order to reduce the slope of the hollow.

Hit Fenders

Because of the low construction of modern cars, a number of machines have scraped their bumpers and fenders on the pavement and out-of-town motorists have experienced several near-accidents when they were unaware of the severity of the dip.

The highway department had been advised to correct the condition by the means outlined above and residents can be assured that the present situation will be eliminated promptly.

Building

The building inspector, Daniel M. Clifton, reported issuance of two permits during the month. These were as follows:

Asbestos siding, 622 Elm Terrace, Earl Shrader owner, estimated cost \$375; additions to dwelling at Thomas avenue and Front street, S. R. Coale owner, estimated cost \$3,500.

Charles S. Rocky & Co. was (continued on page 6)

After the last proposal was read by Mr. Miller, the bids were ordered referred to Harold Cooper, welfare director, and Albert C. Jones, and Clarence G. Price, freeholder members of the welfare board.

A large number of individuals represented the firms that submitted proposals and the freeholders' room bustled with activity during the lengthy session.

At the meeting of Riverton Borough Council held on Thursday night of last week, Mayor H. McIlvain Biddle named William H. Bottger, of Linden avenue, police recorder to fill the unexpired term of Frank Probsting, who recently tendered his resignation for that position. The appointment of Mayor Biddle was ratified by a unanimous vote of council.

The new recorder, is a former employee of the New Jersey Bell Telephone Company, having been placed on the retired list a few years ago. He is the district clerk of the Riverton Board of Education and has been prominently connected with the Kiwanis Club, of Camden, for a number of years.

The appointment of Mr. Bottger was received with considerable satisfaction by local residents, who consider him admirably qualified for the position.

He will serve for the balance of Mr. Probsting's term, until December 31, 1940, and at the same salary paid to the former recorder.

There was a large turnout at the drill of the Riverton Fire Company on Tuesday night of this week.

Under the direction of Chief E. M. Carhart, Jr., the ladder squad held a long practice on Harrison street, near the Collins building, using all ladders and other equipment on the new truck.

The two pumps were stationed at the river bank for their part of the evening's program.

On Tuesday morning of this week, the tug, E. M. Thomas passed down stream with a tow of three sand barges and two more followed shortly afterward in tow of a smaller vessel.

Hardly a day goes by but what several large loads of sand are towed down the Delaware, several dredges being at work between here and Burlington.

On Tuesday morning of this week, the tug, E. M. Thomas passed down stream with a tow of three sand barges and two more followed shortly afterward in tow of a smaller vessel.

PRICE FIVE CENTS

DONKEY BALL GAME FRIDAY

A laugh a minute. That's what
can be expected on Friday night of
this week at the field adjoining Palmyra High School, when the Palmyra Firemen clash with the business men of that community in a burro baseball game on Friday night of this week.

The affair is slated to get under way at 8:30, the engagement to be played under lights. The admission price is most nominal, in view of the nature of the extravaganza.

Reserve the date and plan to be among those present.

OPENING BIDS IS LENGTHY PROCESS

Burlington County Freeholders
Hold Lengthy Session;
Proposals Referred

Convening last Friday morning at 11 o'clock, the Burlington County Board of Freeholders proceeded to open bids for furnishings and equipment needed at the new Welfare Home.

With a short intermission for lunch, the members reconvened early in the afternoon and the last of the numerous proposals had not been read by Clerk Miller until late in the day.

Many Submit Bids

The bids range from those submitted by such houses as John Wanamaker, Snellenberg, etc., to one offered by the Florence general store.

Some dealers bid on most of the scores of items, while others proposed to furnish only a comparatively small number. The items ranged from kitchen ranges and dish washing machines to such articles as dessert dishes, 7-inch, six dozen, and the like.

Referred to Committee

After the last proposal was read by Mr. Miller, the bids were ordered referred to Harold Cooper, welfare director, and Albert C. Jones, and Clarence G. Price, freeholder members of the welfare board.

A large number of individuals represented the firms that submitted proposals and the freeholders' room bustled with activity during the lengthy session.

At the meeting of Riverton Borough Council held on Thursday night of last week, Mayor H. McIlvain Biddle named William H. Bottger, of Linden avenue, police recorder to fill the unexpired term of Frank Probsting, who recently tendered his resignation for that position. The appointment of Mayor Biddle was ratified by a unanimous vote of council.

The new recorder, is a former employee of the New Jersey Bell Telephone Company, having been placed on the retired list a few years ago. He is the district clerk of the Riverton Board of Education and has been prominently connected with the Kiwanis Club, of Camden, for a number of years.

The appointment of Mr. Bottger was received with considerable satisfaction by local residents, who consider him admirably qualified for the position.

He will serve for the balance of Mr. Probsting's term, until December 31, 1940, and at the same salary paid to the former recorder.

There was a large turnout at the drill of the Riverton Fire Company on Tuesday night of this week.

Under the direction of Chief E. M. Carhart, Jr., the ladder squad held a long practice on Harrison street, near the Collins building, using all ladders and other equipment on the new truck.

The two pumps were stationed at the river bank for their part of the evening's program.

On Tuesday morning of this week, the tug, E. M. Thomas passed down stream with a tow of three sand barges and two more followed shortly afterward in tow of a smaller vessel.

THE REASON

(Editorial)

The Good Government group of Republicans named their slate on Tuesday of last week, but no mention of the fact was made in last week's issue of The New Era, despite the fact that a thorough paper in this

TO RUN AGAIN

WALTER D. LAMON

Palmyra, N. J., August 16, 1939

To the Republican Voters of Burlington County:

I announce myself as a candidate for the Republican nomination for Member of the Board of Chosen Freeholders of this county at the primary election to be held September 19, of this year.

For the past twenty years, my business experience, together with the knowledge acquired as Mayor of Palmyra during two terms and as a member and Director of the Board of Chosen Freeholders for three years has given me the valuable training in the management of many phases of public affairs.

I reiterate my former policy—that I will render a decision only after a careful analysis of each problem; that this will be given CONSCIENTIOUSLY and in an UNPREJUDICED manner and directed in the best interests of our county.

My achievements as a member of the Board of Freeholders toward this end are a matter of record, open to the eyes of all.

Should I be nominated and elected, I will, as before, continue to represent you to the best of my ability, and pledge myself to a sound, practical business management of county affairs.

Your support will be greatly appreciated.

Respectfully yours,

WALTER D. LAMON.

RUNNING MATE

LEROY CHURCH

Who, it is understood, will be the running mate of Walter D. Lamon for the Republican Freeholder nominations at the Primary election in September.

Murals, executed in brass instead of paint, adorn the exterior of the Contemporary Art Building at the New York World's Fair. The metal "paintings" give the appearance of huge stencils applied to the building's redwood sheathing.

BEGLEY SEEKS
ASSEMBLY POST

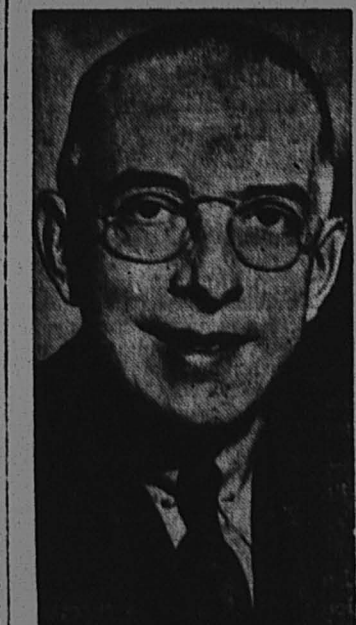

Thomas D. Begley, City Solicitor of Burlington, recently became the second Republican to announce his candidacy at the September primaries.

Begley will seek the State Assembly seat being vacated by Dr. S. Emlen Stokes, of Moorestown, who has announced his candidacy for the Senate.

The namesake and grandson of the late Thomas Devlin, founder of the Thomas Devlin Manufacturing Company, Attorney Begley has served Burlington as City Solicitor for eight years.

In addition to his membership in the New Jersey Bar, Begley is a member of the District of Columbia Bar. He is 36, married, the father of a son, and a graduate of Georgetown University's School of Law. He is a director in the Burlington City Loan and Trust Company, director of the John T. Severns Sons and Company, Inc., and a director of the Enterprise Realty and Equipment Company.

OPPOSES ADAMS

LAWRENCE G. MINGIN

At the request of my friends throughout the county, I hereby announce my candidacy for renomination for the office of county clerk, subject to the decision of the Republican voters at the Primary Election to be held on September 19th.

My chief consideration in the conduct of the county clerk's office has always been for the best interest of the people, and without regard to partisanship.

The county clerk's office is one of great responsibility and I have worked diligently to build and maintain the standards that are so essential for the efficiency of the office, which is so important to the people of the county.

I appeal for the support of all voters, and I renominated and re-elected I pledge unremitting effort to a continuance of efficient and courteous service.

LAWRENCE G. MINGIN.

TURKEY DAY FOOTBALL
CLASSIC NO MORE

Unless the present schedule is changed, local residents who attend the annual Turkey Day classic at Franklin Field, when Penn and Cornell meet on the football field, will be forced to postpone their bird dinner in order to keep in line with tradition.

This situation has been caused by the change in the date of this holiday by the President.

Penn and Cornell may still play, but it probably won't be on Turkey Day.

BOY
SCOUT
NEWS

Camp Closes

Camp Burton, the summer home of the Burlington county Boy Scouts closed on Sunday, and the last of two hundred Scouts returned home, declaring that they had had a great time camping. The Burlington County Council joined, this summer, with the Monmouth County Council, at their camp, which is located at Allaire, New Jersey, which was one of the earliest iron ore foundries in the State. The old buildings have been renovated and put into practical use by the Monmouth County Council. All of the Scouts lived under canvas and the camp was divided into five villages, each named after a tribe of American Indians. Supper hikes were held at frequent intervals, at which time the Burlington County Scouts hiked to the shore, where a salt water swim was enjoyed, and the Scouts from Asbury Park, Redbank, and other shore points hiked into the woods to get acquainted with nature.

Darlington Organizer

George A. Darlington, Scout Executive of Burlington County, organized and operated the camp, and Jack Dalton, a Scoutmaster of Philadelphia, who has been on the Camp Mahalala Staff for three years was the Program Director. Swimming, hiking, scoutcraft, nature work, and pioneering, and campfire occupied the time of the boys and kept them busy throughout the day. The campers found that they could trim the various Rotary Clubs that visited the camp at each hall and at the end of each week they would meet their "waterloo" when it came to playing the staff team.

There are about two hundred acres of woodland well stocked with birds and small game, trees, flowers and shrubs which gave the Scouts an excellent opportunity to study nature at first hand. The historical significance attracted many people to the Scout Camp. The building that was used for the nature lodge was where Robert Fulton and his wife lived while iron parts were being cast from the first bog ore in New Jersey, to be used in the first successful steam powered boat that was built.

CORN ROAST

A large number of members of the Delran Yacht Club and their guests enjoyed a corn roast at the club on Saturday night of last week.

A regular meeting of the organization was held on Wednesday night of this week and plans were made for a moonlight sail and supper during the latter part of August.

"COOKING" BY FREEZING

How ice cream can be cooked and frozen in one operation by use of a special combination of refrigerator coils is one of the many culinary wonders being demonstrated at the New York World's Fair. The demonstration takes place in the Casino of Science which seats 650 persons.

FOR MAYOR

JOHN F. WARD

In announcing his candidacy for nomination to the office of Mayor of Palmyra on the Republican ticket at the coming primary election made the following statement:

"The honor of serving the Borough of Palmyra as Mayor for another term of two years is earnestly requested at the coming primary election. I pledge myself to an administration of efficiency and progress as evidenced by my nine years in public office as councilman and Mayor. Every effort will be made for the continued improvement in the general welfare of our community. My appreciation is extended to the members of council and to the other officers of the Borough for their sincere, splendid work and for their fine spirit of cooperation."

JOHN F. WARD.

Mayor Ward who has served the Borough well for his several terms in office is especially well fitted for the office to which he seeks re-election. He is an officer in one of the larger Philadelphia banks and is a graduate of the Wharton School of the University of Pennsylvania. Aside from performing the routine

duties of Mayor with a marked efficiency he has interested himself in committee work in the State, County and Borough dealing in matters of finance, relief, social service and Americanization, all of which are invaluable in the intelligent administration of his local government. He is a member of the Executive Board of the New Jersey League of Municipalities; a member of the Executive Board of the South Jersey Municipal Officials Association; President of the West Burlington County Veneer Control Board; President of the Palmyra Social Welfare Committee and a member of the Burlington County Americanization Committee.

FILES PETITION

William H. Leyrer, 101 Pear street, Palmyra, filed a petition on Wednesday of this week for nomination to member of the Borough Council on the Democratic ticket.

While no records were established, the Tacony-Palmyra bridge experienced another busy weekend.

FOR STATE SENATOR

HOWARD EASTWOOD

Prosecutor Howard Eastwood has issued the following statement regarding his candidacy for the Senatorial office:

"Since it became known that Senator Powell would not seek another term, a great many of our citizens, for whom I have a great deal of respect, have urged me to become a Senatorial candidate. In addition, it has been brought to my attention that a great many of the rank and file of our citizens have signed petitions in my behalf for that office. Although I had hoped that at the end of my Prosecutor's term of office I might relieve myself of the responsibilities of public office, I now feel that I cannot very well refuse the requests of my friends in Burlington county to become a candidate.

"Therefore, I hereby announce that I will submit my name to the voters of Burlington county as a candidate for the Senatorial office and, if nominated and elected, I shall, to the best of my ability, attempt to discharge the duties and responsibilities of that high office in a satisfactory manner."

STATEMENTS MADE
BY CANDIDATES

Norcross Statement

Declaring himself ready to serve the taxpayers of Burlington county under the Good Government principles of honesty, efficiency and economy, Fred C. Norcross, Jr., of Pemberton, last week announced his candidacy for one of the Republican nominations for Freeholder.

Mr. Norcross has received the endorsement of the Good Government League and is a member of that group's ticket as a representative of the Young Republicans of Burlington county.

A descendant of an old Burlington county family, Mr. Norcross is 28 years old. He has for a number of years been associated with his father in the sand business at Pemberton.

He has been a member of the Burlington County Unit of Young Republicans since shortly after its organization, and served as chairman of the unit last year. He has also been active in the state organization of Young Republicans. At present he is an associate chairman of that group, as well as being a member of the statewide organization committee for the formation of new local and county units.

Mr. Norcross is a member of the County Republican Committee from Pemberton township. He is secretary of that body.

In making his announcement, Mr. Norcross said:

"I feel that my experience in connection with my father's sand business and the many lessons I learned during the trying years of the depression have given me a real background for service in the wider field connected with the biggest business in Burlington county—the management of its government.

"Through my interest in, and connection with, those who are now serving the people of the county I believe I have gained an insight into what is wanted and needed by the taxpayers for better service in all branches of the government.

"The taxpayers of Burlington county know from past experience what the Good Government principles of honesty, efficiency and economy in government have meant to them, and I am certain that they

want a continued application of those same high standards.

"The people can rest assured that, if nominated and elected, I will serve them to the very best of my ability, always keeping before me those ideals and practices of Good Government, and doing the best I possibly can to see that there is a proper administration of county affairs at all times."

A. Matlack Stackhouse

A. Matlack Stackhouse, a life-long resident of Burlington county and president of the International Pulverizing Corporation with plant and offices at Moorestown, has announced his candidacy for Republican nomination for member of the Assembly.

Mr. Stackhouse, Burlington county member of the Delaware River Joint Commission for the past six years, is a former president of the Moorestown Republican Club and has long been active in social and civic affairs in this county.

He was the first member of the Bridge Commission to advocate the reduction of fares in connection with bridge tolls and it was largely through his efforts that the commuters in South Jersey are now enjoying a 20-cent toll.

He is a member of the American Legion, having served for eighteen months in the World War, one year of which was in the American Expeditionary Forces. After the war he attended law school at the University of Pennsylvania, where he graduated with the class honors. Before returning to Moorestown he practiced law in New York for a few years. He is also a member of the New Jersey Bar.

The announcement of his candidacy follows:

"I am deeply appreciative of the honor of being selected as a candidate for Republican nomination for member of the General Assembly from our county. I fully appreciate the tremendous responsibility which this office demands and I assure the voters that, if chosen, I shall do my utmost to merit their confidence and respect. Insofar as I am able, I shall endeavor to carry out the principles which have been evidenced for the past few years by the Good Government League.

"In the final analysis, I do not believe that anyone has all of the qualifications requisite for any political office; and the most that he can do is to approach any issue with courage and sincerity and with the desire to do the best for his constituents. It is with this attitude that I am announcing my candidacy."

CARNIVAL IS
HUGE SUCCESS

One of the most successful carnivals held by the Sacred Heart parish came to a close on Saturday evening, August 12th, at the K. of C. grounds.

Miss Catherine Dougherty of Cinnaminson avenue, Palmyra, was chosen carnival queen, with Mary McDermott, of Riverton, the runner-up. The contest was very close, all entrants being in the running until the final votes were tabulated. Miss Dougherty was awarded a handsome diamond ring.

The 1939 Chevrolet DeLuxe Town Sedan was awarded to Thomas White, a salesman residing at 432 North Third street, Camden. The lucky number was 6563, and was distributed by Miss Catherine Downs.

Father John Welsh and his assistant, Father Vincent Luther, wish to thank all those who so kindly helped in any way towards the success of the carnival.

In making his announcement, Mr. Norcross said:

"I feel that my experience in connection with my father's sand business and the many lessons I learned during the trying years of the depression have given me a real background for service in the wider field connected with the biggest business in Burlington county—the management of its government.

"Through my interest in, and connection with, those who are now serving the people of the county I believe I have gained an insight into what is wanted and needed by the taxpayers for better service in all branches of the government.

"The taxpayers of Burlington county know from past experience what the Good Government principles of honesty, efficiency and economy in government have meant to them, and I am certain that they

FOR COUNTY CLERK

HARRY E. MOYER

of Fulton street, Riverton, who, at a meeting of the Democratic County Committee held on Tuesday night of this week, was drafted to run for the Democratic nomination for County Clerk at the Primary Election.

Mr. Moyer, who has been prominently identified with numerous civic and municipal activities in this section for a number of years, is considered by his host of friends to be a most popular choice for the nomination.

He had the distinction, a few years ago, of being the only Democrat to make a real race for the post of mayor of Riverton, losing the contest by a mere handful of votes.

ANNOUNCEMENT

I desire to announce my candidacy for renomination to the office of Councilman in the Borough of Palmyra on the Republican ticket at the coming Primary Election. If nominated and elected I will always work for the best interests of all the taxpayers as I have done in past terms in holding public office.

CHARLES K. MERVINE.

IRELAND'S OULD SOD

FOR FREEHOLDER

JOHN M. CHANT

Candidate for the Republican nomination for Freeholder on the Good Government ticket.

Former Sheriff Chant is a retired farmer, having spent most of his life operating farms in the vicinity of Riverside and Beverly. He has been active in public life for many years, having served as a member of the Willingboro Township Committee, the Willingboro school board and

was for three years a member of the county tax board.

He became sheriff in November, 1935, and served in that office until November, 1939, being succeeded by the present sheriff, F. George Furth.

As a farmer, as a member of the tax board and as sheriff, Mr. Chant has been keenly conscious of the necessity of keeping tax rates as low as possible. In his announcement the former sheriff says:

"I have been acquainted with the tax situation at first hand for many years and I have always advocated low taxes for the benefit of property owners throughout the county.

"As sheriff I can truthfully say I never spent a cent of the public's money unnecessarily, and if elected Freeholder I will do everything within my power to relieve the tax burdens of all our citizens.

"I have tried to serve the public faithfully and honestly and on my record in office I respectfully solicit the support of all Republican voters for nomination as Freeholder at the primary election in September."

JOHN M. CHANT.

ENGAGED

Mr. and Mrs. Charles D. Moore, of 300 Berkeley avenue, have announced the engagement of their daughter, Miss Charlotte S. Moore, to Richard L. Burton, of West Newton, Massachusetts, son of Mr. and Mrs. Lester A. Burton, of 1004 Washington avenue, Riverton.

Frank C. Cole, of Riverton, spent Wednesday and Thursday of last week with Mrs. George Sorber, of Green Creek.

Mr. and Mrs. John Ford and family, of Linden avenue, are spending the week at Ocean City.

Edward Swift, of Scranton, Pa., has been the guest of Mr. and Mrs. John Mustard and family, of Linden avenue, for the past month.

Miss Mariella Bowers, of Hightstown, a nurse at Temple Hospital, was the guest of Mr. and Mrs. George Carnie, of Thomas avenue, for the weekend.

Mr. and Mrs. Joseph Flynn and family, of Thomas avenue, are spending the week at Ocean City.

The Riverton Ladies Club will hold their weekly card party at the home of Mrs. Florence Richman, of Second street, today (Thursday).

Dr. and Mrs. Harry B. Mark left Ocean City last week for a trip to California and the western states.

Miss Miriam Gorman, of Seventh street, was the guest of Carllette Seemuller at Stone Harbor over the

weekend.
Mr. and Mrs. Emerson L. Wolf-schmidt, of Seventh street, spent Sunday at Tuckerton.

Miss Peggy McDermott, of Cinnaminson street, is spending the summer at Longport.

Mrs. Harriett Lorretz, of Elm avenue, is spending three weeks in New York City, where she will visit the World's Fair.

Mrs. Clarence Bell, Sr., and granddaughter Joan Bell, of Riverton, spent Tuesday in Atlantic City with Mrs. Helen Kapas.

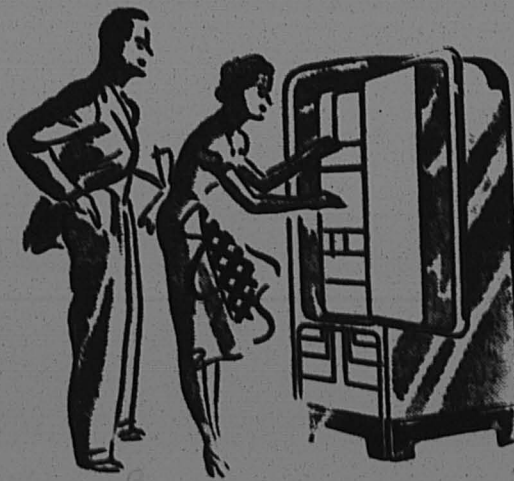

Mr. and Mrs. Harold B. Cooper and daughter, of Riverton, spent the weekend in Beach Haven.

Boy Scout Troop No. 21, of Parry spent the weekend at Camp Mahala under the leadership of the new scoutmaster, Charles E. Dorworth.

BIRTH

Mr. and Mrs. Frank Lawton, of 305 Morgan avenue, are receiving congratulations on the birth of a daughter, Drusilla Lawton, on Friday, August 11, at Bellview Hospital, Camden.

A BUFFET SUPPER When There's Company

THE hostess played croquet all afternoon with her guests and at five-thirty she began preparing this buffet supper. The Ham Mousse and the ingredients of the salad were in the automatic refrigerator. The fish took only ten minutes to bake and the hot rolls were done in twenty minutes. Supper was served on the side porch. Since there were electrical outlets in the wall, the coffee was prepared at the table.

Here is the menu with directions.

MENU
Filet of Sole and Salmon Rings
Cold Ham Mousse
Stuffed Eggs in Cucumber Cups
Wholehearted Horseradish Sandwiches
Hot Buttered Rolls
Fruit Salad Bowl
Lemon Cake Coffee

Filet of Sole and Salmon Rings
3 fillets of sole Juice of 1/2 lemon
1 1/2 cups salmon 2 tbsps. chopped cream sauce
1 tbsps. grated onion Salt and pepper

Cut fillets through middle lengthwise into two strips; dust with salt and pepper and fit into the inside of well-greased custard cups, being sure strips overlap at least an inch. Drain canned salmon, remove skin and bones, wash fine, add to salmon, hot cream sauce, grated onion, lemon juice, parsley, salt and pepper to taste.

Pack salmon mixture into filet rings and set cups in pan of hot water, bake in automatically controlled oven set at 300 degrees for eight to ten minutes or until the fillet of sole is very white, tender and well done. Don't overcook. Garnish with lemon wedges and parsley.

Ham Mousse
1 tbsps. gelatine 5 cups chopped cold boiled ham, well seasoned with 1 tbsps. mixed water

1/4 tsp. paprika evaporated milk
1/4 tsp. salt (if necessary) 1/4 cup minced green pepper
1/4 cup cream, whipped or 1/4 cup pimiento

Soak gelatine in cold water about five minutes and dissolve in boiling water. Cool, and add to chopped ham, minced pepper and pimiento. Add mustard, paprika, salt and whipped cream or whipped evaporated milk. Turn into a mold that has been rinsed in cold water and chill in automatic refrigerator. When firm, unmold and garnish with Stuffed Eggs in Cucumber Cups. Other left-over meat may be used in this manner. A tablespoon of catsup or horseradish or a dozen stuffed olives, chopped, may be substituted for the red and green pepper.

Stuffed Eggs in Cucumber Cups
2 cucumbers Mayonnaise
3 eggs Lemon juice
Anchovy paste

Peel cold, crisp cucumbers, score. Cut each into three thick slices; scoop out centers to form cup. Into each cup place half of a stuffed egg. To stuff eggs, cut in half crosswise, Mash yolks and cream with a little mayonnaise. Add few drops of lemon juice and a very small amount of anchovy paste (if desired). Sprinkle with chopped chives or chopped olives.

Mixed Fruit Salad Bowl
8 slices of orange 1/2 cup whole unseeded strawberries
4 slices unpeeled, red-skinned apple 1/2 cup cantaloupe or honeydew
4 banana fingers melon balls
1/4 cup water melon balls
Salad greens

Apple and banana slices should be dipped in lemon juice to keep color light. Apple slices should be sandwiched between two orange slices. Arrange fruits on salad greens in large salad bowl. Serve with French Dressing.

RIVERTON GETS AMPLE REVENGE

Pins 8-1 Setback on Landisville;
Diffenbaugh Gives Up
Single Hit

Landisville was one of the few teams that has been able to defeat Riverton A. A. this year, but the home guard got revenge for an 8-4 setback sustained earlier in the season by taking the South Jerseyites into camp at Memorial Park on Saturday afternoon of this week. The score of the engagement being 8-1. Diffenbaugh, local hurler, really deserved a shutout, the only enemy run being of the gift variety. In addition, Diff nearly made the Hall of Fame, since he allowed the opposition only one hit, a single, during the course of the fracas.

Early Start
Riverton started things going in the last half of the first, the local cause being aided no end by the generosity of the Landisville starting pitcher, one Ratti. Following Brewster's opening single and Hamlin's hoist to right, Ratti passed three batters in a row to force in a run. Three were left.
His wildness also caused P. McDermott and Cole to stroll in the second and Elmer Sutters, who by the way, had a perfect day at the plate, drove in both runners following Hamlin's sacrifice. Sutters took third on Rothbaum's drive and scored when Diff singled a few minutes later.

Three More
The locals added three more in the fourth by virtue of another blow by Sutters, a pass to Rothbaum, singles by Diffenbaugh and W. McDermott, coupled with a brace of wild heaves and an outfield error.
Ratti retired to second base in the fifth, becoming discouraged when Sutters bunched one as usual and Rothbaum nudged a beauty into right for three bases. With this commanding bulge, the homesters rested on their laurels during the remainder of the torrid afternoon.

Steals Home
The lone Landisville marker came in the second, without virtue of a hit. Solazzo was safe when his roller went through Hamlin. Bianchi was passed and both advanced on a wild heave.

With two away, the double steal sign was flashed and Solazzo slid in safely, much to the chagrin of Karitis, local guardian of the plate.
Ratti got the only blow accorded the opposition in the fourth frame. Cole had a nice day at short, handling four difficult chances in a dashing manner.

SPORTS JOTTINGS

The members of the Riverton Girls' Softball Team wish to thank all residents of Riverton and Palmyra who so kindly made donations to provide suits for the team. Any one who still desires to make a contribution can do so by calling Riverton 744 or 627.

In the last twilight hardball game of the season, Riverton A. A. defeated the Riverside Tigers 4-1 last Wednesday night at Memorial Park. Diffenbaugh, local hurler, fanned nine and allowed only three hits. Gray, of the homesters, connected for a double and a single.

In Saturday's game, Schirard, Riverton shortstop, had the misfortune to be thrown out following what, to all intents and purposes, was a base knock. After massaging the spheroid briskly over second base, he twisted his ankle so badly that he was unable to hobble to first in time to beat a throw to the sack by the center fielder.

Diffenbaugh was robbed of a probable homer in the sixth, when the Landisville patrol raced under the trees in center to snare his lusty drive.

W. McDermott will probably be accorded the medal for making catches at the crucial moments. On Saturday, he snared two drives about 1/32 of an inch off the ground, felling over but coming up with the ball on each occasion.

COUNTY ROAD WORK

Oiling operations under way on Burlington County roads during August. Special caution required.
Browns Mills-Cookstown Road, Pemberton Township, bridge closed over Browns Mills Lake for reconstruction. Detour Browns Mills to Wrightstown to Cookstown.

Chesterfield - Georgetown Road, Chesterfield Township, two and three-tenths miles and Jobstown to State Route 39, Springfield Township, two miles, under construction with traffic maintained.

On River Road, Palmyra, paving of car track area under way for one-half mile from Route 8-41 to the Palmyra Railroad Station. Traffic maintained but caution is necessary.

Left on bases—Riverton 11, Landisville 6. Umpires, Bright and Alloway.

BROADWAY WINS FROM KITCHENERS

Movie Outfit Pushes Over
Deciding Marker in
Tenth Inning

It took Broadway 10 innings to subdue a stubborn German Kitchen team last Thursday night at Memorial Park, the Movie aggregation, minus Manager Bill Anderson, managing to push over the winning marker as darkness was rapidly falling over the scene of hostilities.

The lead changed hands several times during the course of the pastime, with neither team being able to assume a commanding bulge.

The restauranters tallied first in the second frame, when a double by Jim Reeves and a single by Williams produced a lone run.

Homer by Yearly
Joe Yearly personally knotted the count in the upper half of the third with a round tripper, but German Kitchen went to the fore in the lower half when Shea was safe on a boot. He scored on Phelan's double.

Both teams tabbed a singleton in the fourth to continue the status quo. For Broadway, the counter was manufactured by Baker's hit for the circuit. A double by Lynch and a one-baser by Williams did the trick for G. K.

The fifth was devoid of action.

Get Pair
Broadway grabbed a pair in the fifth as Buchholz opened with a single. He advanced to third on Burke's double and both runners tallied as Daly singled sharply to left.

This put Broadway out in the 4-3, but not for long. Hits by Rothbaum and Phelan were good for the Kitcheners' fourth run and the affair was stalemated again.

Promising rallies of both teams in the eighth were chopped down in their prime by snappy twin-killings and things in the ninth were tranquil.

The tilt was decided in the tenth as Broadway got a man on first via the miscue route. A piffling sac followed and Clay Weikman drove in the run with his timely blow.

Gonteski set German Kitchen down in order in the last stand, Tony having relieved Hilton, who went out for a pinch hitter in the ninth.

Broadway had 11 blows off Connel, G. K. hurler, while the losers touched like up for nine.
Score by innings:
Broadway 001 102 000 1-5
G. K. 011 101 000 0-4

Country Club Notes

Weekend Tournament
In the four ball match play competition held last Saturday, there was a tie for first place, H. S. Coe, playing with J. S. Fair, being deadlocked with Dr. J. R. Siddall and H. E. Allen.

Third place was taken by J. Dougherty and C. A. Loney.

There will be a blind bogey tournament on Saturday of this week, with a prize for the least number of putts.

The number of players on Saturday and Sunday was considerably smaller than that for the past several weeks, hot weather and vacations having appreciably reduced the ranks of the local enthusiasts.

MAPLE SHADE BLANKS PALMYRA

The locals could do little with the pitching of Dill, and Palmyra lost a 2-0 decision on Saturday afternoon to Maple Shade.

Altadonna allowed six hits, one less than his rival, but the invaders lunched these in the first two frames for the only runs of the game.

The Battle Is On

Democratic leaders at Washington are said to make no effort to conceal their belief that Congress has adjourned until January. During the past few weeks of the session the situation was confusion well confounded so far as the Democrats were concerned. The leadership was completely demoralized. So chaotic was the situation that in the House of Representatives the responsible Democratic leaders did not know from one moment until the next what Congress might do.

The Democrats in Congress were badly split and they remain that way. If President Roosevelt is able to put them together again in the coming Congress in such fashion that they will present a united front for the 1940 campaign, he will indeed prove that he has a master political mind. When the national election approaches intra-party factions have a tendency to get together in an effort to face the approaching storm. This fact, together with the personal popularity of the President, is counted on by the New Dealers to remedy the situation next year.

There are many seasoned political observers who believe, however, that the Democratic Party is split into two factions beyond repair so far as the 1940 campaign is concerned. They point out the apparent serious rift between the New Dealers and anti-New Dealers. There can be no question as to factionalism on this score. But this is not the only trouble. Democrats are divided geographically. The Northern Democrats have little in common with the Southern Democrats—the anti-lynching bill is one bone of contention. Then the Democrats from the farms and those from the cities are at loggerheads, too. The entire situation is perplexing and confusing. Of course the Republicans have differences too but the G. O. P. is the minority party and can more easily heal its wounds than can the majority organization.

New Dealers are of the opinion that Mr. Roosevelt is the only Democrat who can win in 1940. Anti-New Dealers are just as positive that he can't win. The opposition has been centering around Vice President John Garner, who was helped immensely by the attack of John L. Lewis a few weeks ago.

That the anti-New Dealers are alive to the situation is evidenced by the fact that Senator Tydings of Maryland threw his hat into the ring the other day. This was undoubtedly a move to corral the Maryland delegates in 1940 and to keep them away from the New Deal. The battle is on.

A New Dealer trying to put across the pump priming idea after six years of bitter experience is just about as convincing as the bald headed barber who tries to sell hair tonic.

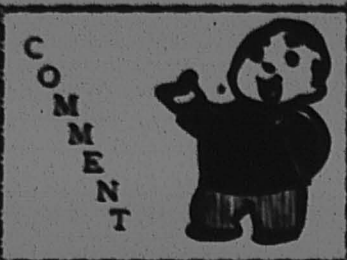

Firemen up in Ontario spent several weeks building a new fire truck in the engine house and then found it was too big to get out through the door. Please note that this was not a WPA project.

Not long ago a college professor told a class of boys that when they get out of school they will have to work for a living. This old fashioned pedagogue ought to be retired.

We know now that we have come to the hottest part of the summer. The store windows down town are full of fur coats for women.

Every time a hen lays an egg somebody takes it away from her. But she doesn't get discouraged, just keeps on laying more eggs. Maybe it's a habit.

The New Deal took three hard wallops on the chin during the last week of Congress but the President has as yet failed to tell us that "we planned it that way."

President Roosevelt quoted Latin in his comment on the defeat of the Housing Act by Congress. The President appropriately used dead language for a dead bill.

There is one thing which Secretary Wallace and our Department of Agriculture have succeeded in plowing under and that is our export cotton market.

Congress has adjourned until January and the New Dealers can now busy themselves trying to make some better rubber stamps.

We refuse to buy the bunk that England and France are fighting the battles of freedom, or of democracy. This sort of stuff sounds strangely similar to the bunk peddled about during the World War, when we went to battle to "make the world safe for democracy."

Propaganda, some of which is peddled by our own people, is covering the nation like a fog, and is pointed at convincing our people that England and France are fighting our battles. By that is meant that these nations are battling for democratic government—the kind that we enjoy here in America—and the inference is that if they fall before the onslaught of the dictator nations we shall be the next to fall a victim.

There could be no worse rot than that peddled. In the first place, no nation or reasonable combination of nations can successfully attack us, and none of them is so ignorant as to try it. The three thousand miles of ocean is still our best defense.

and so long as we keep a reasonably strong navy and air force we cannot be attacked in force. If England and France were to fall, we would be more closely bound to Canada than ever, and united we could defy the world. But England and France will not fall. They are far too powerful and astute for that.—Univ. Mo., Republican.

Many local residents are using the railroad to visit the New York Fair, but a considerable number go by train from either Philadelphia or Trenton. The reason for this, many explain, is that to get back to Riverton on the advertised excursion train, it is necessary to leave the fair comparatively early in the afternoon. A train that arrived here later in the evening would do much to stimulate fair travel direct from Riverton or Palmyra.

Now that the Good Government Republican faction has stilled all doubts concerning their slate for the Primary Election, citizens in the county are awaiting the announcement from the opposition. When this is made public the campaign can be expected to shift into high speed.

STREET CROSSING TRAFFIC MENACE

(continued from page 1)

appointed auditor for the current year.

Richard M. Woodward, William H. Bottinger and G. Rex Showell were named members of the assessment commission for the curb project.

J. W. Sylvester was appointed chairman of the local Safety Committee and delegate to the National Convention of Safety Councils to be held the third week in October, in Atlantic City.

The following bills were approved and ordered paid:

C. Kenneth Davis, clerk hire, \$32; Walter Carson, legal service fee, \$124.75; Protection to Persons and Property; E. M. Carhart, phone, \$3; Woolston's Esso Station, gas and

oil, \$13.94; Fire Hydrants: Riverton-Palmyra Water Co., rental third quarter, \$452.38.

Police: William Gooter, salary and phone, \$143; John Robinson, salary and phone, \$133; John Carhart, salary and phone, \$133; William Thomas, special duty, \$68; Roy Bowers, special duty, \$16; George Horner, special duty, \$8; Hobart Wright, special duty, \$8; Public Service, traffic light, \$8.50; Evans Service Station, gas and oil, \$19.64; J. S. Collins & Son, red globe, \$1; New Jersey Bell Telephone Co., \$5.95; Wanamaker & Brown Uniform Co., shirt, cap, etc., \$7.25.

Insurance: Clarence T. Yerkes, premiums, \$79.54; Debt service: Cinnaminson Bank and Trust Co., fire truck bonds, due Sept. 15, \$1,000; interest on bonds due Sept. 15, \$82.56; Burlington County Taxes: Frank A. Snover, treasurer, third quarter taxes, \$8,376.27; Clerk's Cash Account: Daniel M. Clifton, borough clerk, \$500; 1939 Curbing Improvement: Anthony Piergrass, contract for straight curbing, \$639.36; D. M. Clifton, inspector's services, \$45.20.

"I'm glad that you asked that question, Mr. Average Citizen. I'll try to be brief. The benefits which you receive from electric refrigeration are important to your health and to your enjoyment of life and to your pocket-book. Food and drink are automatically kept at the temperature, winter and summer, which prevents rapid growth of harmful bacilli. Ice cubes, cold drinks, frozen desserts, and fresh food are always at your disposal with minimum effort. An electric refrigerator is a center of activity in the home. Because you can buy food at bargain time and store it safely, you save money. And because an electric refrigerator is not expensive to buy or to operate, the old budget book has a healthier look. How about giving yourself these things today?"

Visit your neighborhood electric appliance dealer or ask our representative to call. Find out what electric refrigeration will do for you.

PUBLIC SERVICE

LAST REGULAR GAME TONIGHT

Series Starts Next Monday Unless Startling Upset Occurs Thursday

Fortnum meets Manager Payne's Cubs this (Thursday) evening in the last regularly slated tilt of the season. A win for the V-8 outfit assures them a place in the championship series that is slated to get under way on Monday night of next week at 6:30 sharp.

The only possibility of a change in the schedule will be a defeat for the Fortnumites. This is hardly likely, although there are persistent rumors that the Cubs' manager had bolstered his lineup appreciably for the fracas.

What Might Happen

If the unexpected should happen and the Cubs win, Fortnum and Broadway will finish the second half in a stalemate, both teams then having a single loss. In this event, it would be necessary to decide the second half championship by a single playoff game and this will take place on Friday, should such an affair become necessary. Should Broadway take this encounter, then no series would be necessary, since the Movie team already has the first half title.

All this is highly problematical, however, and the odds are that Monday night will see Fortnum and Broadway in action for the championship of the local loop. Series games will be played on successive nights.

STOKER SALES UP

Increasing by 81.5 per cent over May, sales of domestic automatic anthracite stokers in June showed one of the earliest and sharpest gains to be recorded in the current business recovery. According to the latest figures released by William L. Austin, Director of the Bureau of Census, Department of Commerce, June sales were above the same month of both last year and two years ago, the gain over June, 1938, being 10.1 per cent, and the increase over June, 1937, standing at 47.1 per cent.

Noting that the latest sales figures have exceeded even the most optimistic forecasts, J. D. Jilison, Anthracite Industries, Inc., Sales Engineer, today pointed out that "the acceleration of the upward sales trend in June gives every indication that the industry will attain a new volume of business this year, reflecting the rapidly increasing public acceptance of the anthracite stoker as a modern, economical and convenient means of obtaining the utmost in heating comfort."

AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Hundreds of thousands of boys and young men read The American Boy Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "The American Boy seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in The American Boy." Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in The American Boy Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys' clubs also recommend The American Boy enthusiastically. They have found that as a general rule regular readers of The American Boy advance more rapidly and develop more worth-while characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in The American Boy, the sort of

reading matter boys like best.

The American Boy sells on most newsstands at 15c a copy. Subscription prices are \$1.50 for one year of \$3.00 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to The American Boy, 7430 Second Blvd., Detroit, Michigan.

More than 100 gigantic statuary groups grace the New York World's Fair. The figures range from conventional forms to the most ultra-modern. Many are humorous.

Legal Notices

BY VIRTUE OF A DECREE entered on the 1st day of August, 1939, in the Court of Chancery of New Jersey, in a certain cause wherein Elizabeth F. Fohn is complainant and Rebecca T. DeCon Haines, et al., are defendants, I shall sell a public venue on Friday, the 1st day of September, 1939, at one o'clock in the afternoon (daylight saving time) of the intersection of the Northwesterly line of the City and County of Camden and State of New Jersey.

BEING Lot No. 14, a parcel of land and premises situate, lying and being in the Borough of Riverton, in the County of Burlington and State of New Jersey, bounded and described as follows: Beginning at a point in the Northwesterly line of Thomas Avenue distance three hundred feet Southwesterly from the intersection of the Northwesterly line of Harrison Street and in the dividing line between Lots Nos. 12 and 13 on Plan of Lots of Charles H. Biddle, Riverton, N. J., dated 7-12-29, and thence thence (1) Southwesterly along the Northwesterly line of Thomas Avenue fifty-eight and twenty-two one-hundredths feet to a point; thence (2) Northwesterly parallel with Thomas Avenue fifty-eight and twenty-two one-hundredths feet to a point in the Southwesterly line of said Lot No. 12; thence (3) Southwesterly at right angles to Thomas Avenue and passing along the dividing line between Lots Nos. 12 and 13, said Plan, two hundred feet to a point in the Northwesterly line of Thomas Avenue and place of beginning.

BEING Lot No. 15, said Plan, JOHN A. RIDGING, Special Agent in Charge, Chancery, Camden, N. J., 516 Market Street, Camden, N. J., at 8-10 to 8-31-39

SHERIFF'S SALE

By virtue of a Writ of Fieri Facias to me directed out of Court of Chancery of the State of New Jersey, I will sell

THURSDAY, AUGUST 24, A. D. 1939, between the hours of 12 and 3 o'clock in the afternoon of said day (to wit, at 2 o'clock) Standard Time, at the Court House, Mount Holly, New Jersey.

ALL the following tracts or parcels of land and premises hereinafter particularly described, situate, lying and being in the Township of Cinnaminson, in the County of Burlington and State of New Jersey, viz:

THE FIRST BEING Lot No. 14, a parcel in the Eastern line of Highland Avenue three hundred thirty-eight and eighty-two one-hundredths feet Southwesterly from the point of intersection of the Southwesterly line of Highland Avenue; thence continuing Southwesterly along the said Eastern line of Highland Avenue the distance of one hundred and eighteen and eighty-two one-hundredths (118.82) feet to a point; thence (1) Northwesterly parallel with Highland Avenue for a corner; thence Southwesterly of that frontage between two parallel lines drawn at right angles to the said Highland Avenue the distance of one hundred seventy (170) feet to the rear of the lot.

CONTAINING within said bounds a rectangular lot of land one hundred eighteen and eighty-two one-hundredths feet by one hundred seventy feet.

THE SECOND BEING Lot No. 15, a parcel in the Eastern line of Highland Avenue five hundred twelve and five-hundredths (512.05) feet Southwesterly from the point of intersection of the Southwesterly line of Park Avenue and the Eastern line of Highland Avenue; thence continuing Southwesterly along the said Eastern line of Highland Avenue the distance of fifty-nine and forty-four one-hundredths (59.44) feet to a point; thence (1) Northwesterly parallel with Highland Avenue for a corner; thence Southwesterly of that frontage between two parallel lines drawn at right angles to the said Highland Avenue the distance of one hundred seventy (170) feet to the rear of the lot.

BEING the same land and premises which Herbert Clark and Kate Clark, his wife, by their deed of conveyance bearing date June 8th, 1932, and recorded in the Office of the Clerk of Burlington County in Book No. 796 of Deeds, page 816, granted and conveyed unto the said Herbert Thomas Clark, Jr., in fee.

Decree approximately \$1,468.70 besides interest, costs and fees.

Being the property of Herbert Thomas Clark, Jr., et al., defendants, taken in execution at the suit of Margaret Wallace Ryan, Substituted Trustee for Emma R. Peltin, under the last will and testament of John Wallace, deceased, complainant; and to be sold by F. GEORGE FURTH, Sheriff.

Sold at Public Sale, at the Court House, Mount Holly, N. J., on Thursday, August 24, 1939, at 2 o'clock P. M.

Printed by F. GEORGE FURTH, Sheriff.

ABOUT THE COUNTY

Any efforts by Walter Roberts, Jr., Moorestown negro serving a term in state prison for attacks on three Burlington county women, to secure a parole will be strenuously opposed by Prosecutor Howard Eastwood according to a reliable source. It was revealed this week that Roberts has made application for parole after serving two years on sentences aggregating 25 years. Roberts' appeal will be heard by the State Board of Pardons during the September term.

Pickpockets, working at the fashionable Parry-Bottcher wedding at the Presbyterian Church, Mt. Holly, victimized a prominent Mount Holly resident and a retired minister of Langhorne, Pa.

Apparently working in front of the church as the big audience left after the wedding, the pick-pockets stole the pocketbook of Amos H. Blane, of Ridgeway street. The pocketbook contained \$27 in cash, according to County Detective G. Clinton Zeller, who is investigating. The Rev. Leonard Matton, of Langhorne, Pa., had his pocketbook, containing \$8, stolen at about the same time.

Brown's Mills, with its present sanitary set-up, was called a "Fool's Paradise" by Dr. F. F. Borzell, resident of the town, who defended the action of the Pemberton Township Committee in passing a sanitary code ordinance at its meeting held recently.

"We have been living in a Fool's Paradise and are lucky that we have not had an epidemic of typhoid. This ordinance is based on recommendations of the State Board of Health and is aimed to eliminate unsanitary conditions which are a menace to the health of you and your children."

Dr. Borzell declared, "This is not a hidden attempt to force a sewage plant on you, it's purpose is to protect your health."

Just as the turmoil broke out at the meeting, the ordinance was approved.

DEMONSTRATION OF LIFE SAVING

The Burlington County Life Saving Demonstration will be held at Sylvan Lakes, Burlington, on Saturday, August 19, at 2 p.m. The rain date is Saturday, August 26.

Miss Katherine M. Gillam, Burlington county swimming and life saving instructor will be in charge of the demonstration.

Junior and Senior Life Savers from classes in the following places will participate—Burlington, Sylvan Lakes, Taunton Lakes, Pine Lake, Lake Cotozen, Palmyra, Medford, Florence, Virginia Lake, Mt. Holly, Bordentown.

The program includes rescues with human chain, ring buoy, torpedo buoy, canoe, life boat, surfboard; swimming rescues, demonstration of artificial respiration, land drill of releases and exhibition of stunts on surfboard.

This will be the first life saving demonstration in Burlington county in which children and adults from all parts of the county have participated.

Participants and their friends will enjoy their box suppers following a recreational swim after the program.

WORLD'S FAIR TRIP

Are you and your family going to the New York World's Fair?

The Camden County Chamber of Commerce is furnishing an excellent opportunity for you to visit this greatest of all spectacles at a minimum cost.

Sponsored by the Chamber of Commerce, Camden County Day will be observed at the World's Fair on Wednesday, August 30. Residents of Camden county and others in southern New Jersey will journey to the Fair by special train, leaving the Pennsylvania Railroad Market Street ferries at 8:05 a.m., and arriving at the World's Fair gates at 10:35 a.m.

On behalf of the Chamber of Commerce, Lawrence H. Ellis, president, and chairman of the general committee arranging the affair, extends an invitation to everyone. The fare for adults is \$2.90 return and for children from 5 to 12 years of age \$1.50 return.

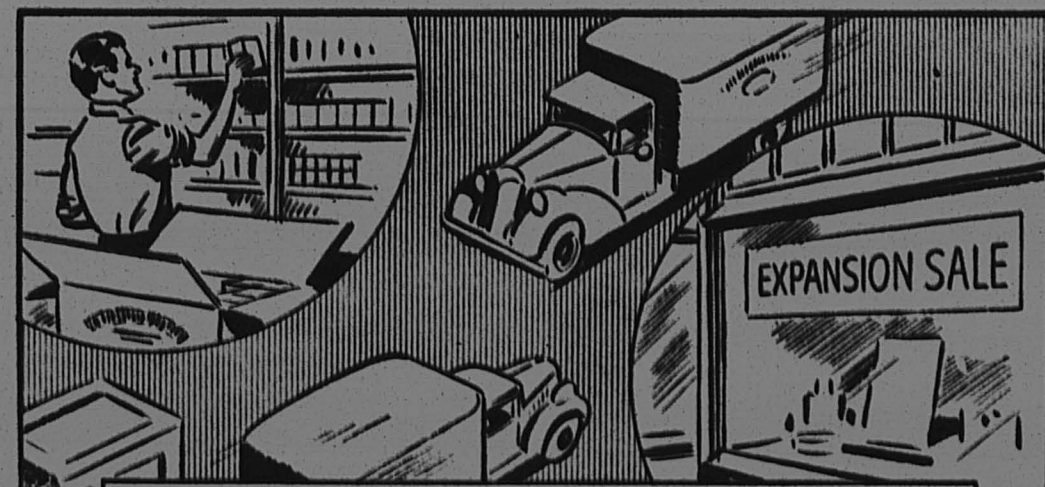

Leaving Camden terminal at 8:05 a.m., the train will stop at Broadway, Camden, to take on passengers at 8:08, at Pavonia at 8:15, at Delair at 8:23 and Riverton at 8:30 o'clock, then the rest of the run will be right through to the World's Fair gates.

Returning, the special train will leave the World's Fair gates at 9:35 p.m., which is four hours and 27 minutes later than the ordinary excursion train. Stops on the return to Camden will be at Riverton at 11:57, Delair at 12:02 a.m., Pavonia at 12:09, Broadway at 12:15 and the Camden terminal at 12:20 a.m. Thursday.

WORLD'S FAIR FOR BLIND

For the first time in the history of expositions, the blind will be enabled to "visualize" the wonders of the New York World's Fair.

Through the coordinated use of Braille books and scale models, blind children will read the story of the Fair and form conceptions of the size and shape of buildings. Color will be conveyed to them through emotional suggestions. Thus green will be "quiet and cool"; red, "intense and exciting."

Credit paves the way

From raw material to finished product, banks work closely with business. Loans enter into every step right down to the final sale to the ultimate consumer. In the words of Daniel Webster: "Credit is the vital air of modern commerce." It is a powerful force, working constantly for better business, better bargains and better living for all.

Now

HOLIDAY—This Bank will not be open for business on Saturdays during July and August.

Church Notices

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor. The summer schedule at Bethany Church continues on Sunday with matins at 8.45 a.m. and the chief service at 11.00 a.m. Sunday Church School is at 10.00 a.m.

At both services the pastor, the Rev. Oliver W. Powers, will preach on the subject "Righteousness, and Our Sense of the Need of God." He will say "no matter how externally good the life of righteousness may appear, it must spring from that deep humility and consciousness of need which seeks communion with God, pours out its very self to Him, comes to the 'Home of the Soul' for that outpouring and in-gathering which carries with it divine acceptance and benediction."

The evening community service in the grove is in charge of the Moravian Church. The pastor, the Rev. Mr. Harke will preach.

CHRISTIAN SCIENCE CHURCH

"Mind" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "Who hath known the mind of the Lord? or who hath been his counsellor? For him, and all things: to whom be glory for ever." (Romans 11:34, 36).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Who shall not fear thee, O Lord, and glorify thy name? for thou only art holy: for all nations shall come and worship before thee; for thy judgments are made manifest." (Revelation 15:4).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we fully understand our relation to the Divine, we can have no other Mind but His, no other Love, wisdom, or Truth, no other sense of the existence of matter or error. If Mind was first chronologically, is first potentially, and must be first eternally, then give to Mind the glory, honor, dominion, and power everlasting due its holy name" (pp. 205, 143).

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B. D., Pastor. Services Sunday, August 20th. Bible School, 10 a.m.—The ending of the fiscal year of the school is only about six weeks away. The secretary's office announced last Sunday that the attendance at the moment was 200 ahead of the banner year in the history of the school. This is encouraging and should inspire every one to continue their interest and encourage others to do likewise.

Morning Worship, 11.15 a.m.—"Springs of Living Water" will be the subject of the morning sermon by Pastor Lockett. Although the vacation season is on, the choir promises music either solo or anthem at every service. Miss Irma Barto is substituting for Mrs. Elvin I. Powell at the console.

Evening Service at 7 o'clock in the municipal grove. Rev. Albert J. Harke, pastor of the Moravian Church of Parry, will have a very interesting and helpful discourse, so make plans to attend.

Wednesday evening at 8 o'clock in the Sunday School room a meeting of Spiritual uplift is always held. These meetings have been exceptionally well attended this summer and they promise increasing attendance as the fall season approaches.

Wesleyan Men's Bible Class

For the Men of the Community

Influence

"No man liveth unto himself"—such is St. Paul's estimate of man plus his influence.

Aptly stated by one, "The true measure of man is not in his size but in his atmosphere."

Man is the center of radiating influences that effect others either for good or evil. This atmosphere is like visible avenues through which one's conscious and unconscious influence go from us.

No one can estimate the length and breadth of influences that pass from us. True, "No man liveth unto himself"—he is so related that words and deeds go forth to bless or hurt, far beyond our knowledge, but find lodgment in some life, individual or community.

Of Jesus it is written "He went about doing good." This endears Him to mankind. His words of comfort and deeds of helpfulness secure for Him a place of supremacy in the hearts of men the world over.

Hence to uphold Christ in His deeds of love and saving grace, is the inspiration of our class. As Jesus went about doing good so we seek to follow His example.

Self life is out of harmony with the spirit of true brotherhood. Come join us in this helpful service, one to another, next Sunday morning at 9.50.

EPWORTH M. E. CHURCH

Rev. W. A. Boyd, Pastor

The Rev. John B. Kirby, pastor of the Methodist Church at Medford, will occupy the pulpit this Sunday. Special music will be selected.

CALVARY PRESBYTERIAN

Rev. Charles T. Bates, B.D., Pastor

Church School, 9.45 a.m.
Morning worship, 11.00 a.m.

At the morning worship next Sunday, August 20, the Rev. Marshall Harrington, D.D., pastor, Union Church, Holmdel, and Moderator of Monmouth Presbytery will occupy the pulpit.

All those in the community who have no church home are cordially invited to enter into the worship and fellowship of Calvary Church.

NINE HUNDRED CARS PER HOUR

(continued from page 1)

that turned right on Route 25, while six turned left. Coming from Moorestown, four turned left and three made a turn to the right. Thus, the total traffic originating on the Moorestown-Riverton road was 62, or about seven per cent of the through traffic on the Burlington Pike.

Despite this comparatively small ratio, the drivers on the secondary road were faced with a rather difficult situation in crossing the main flow, for in addition to the 797 cars going through, there were 23 others that made either a right or left turn at the intersection.

Twelve Per Minute

This means that there was an average of 12 cars per minute coming toward the intersection from either direction.

Many of the drivers who made the complete crossing failed to appreciate the length of time necessary to traverse the distance and several narrow escapes were observed during the comparatively short period of time that the survey was in progress.

Of the through traffic on Route 25, 478 per hour were pleasure cars, while 219 were trucks. Included in the flow were three buses per hour, while one ambulance was observed. A state trooper was also noticed in hot pursuit of a machine that was certainly burning up the road.

While the period of the survey

Evans' Service Station

Two Soloists At Band Concert

The Mercer County Federal Band

at its regular Friday evening concert

in Palmyra will present two out-

standing soloists as the feature of

the affair.

Mr. Fred Brindley, considered by

many authorities as having a voice

comparable to the greatest of operatic

tenors, chose the concert plat-

form and the theatre instead of the

operatic stage. When the famous

old Colony Theatre opened in New

York some years ago, it was with

Fred Brindley as the featured solo-

ist. He sang there for a run of

twenty-two weeks.

For several seasons he was fea-

tured in the De Luxe Theatrical

Palaces of the Balaban & Katz chain

in Chicago. Mr. Brindley has ap-

peared several times at the Fox

Theatre, in Philadelphia. Possessed

of a genial personality, he quickly

wins an audience's good favor and

turns it into genuine admiration by a

warm, rich, and robust voice.

Vincent Gavigan, clarinetist of the

Trenton Symphony and a noted

saxophone technician has kindly con-

sented to fill the place of the solo-

clarinet, Mr. Shunk, who is in

Plattsburg with the National Guard.

Mr. Gavigan has also consented to

play a saxophone solo.

Program

March, "Liberty Bell," Sousa.

"Funeral March of a Marionette,"

Gounod.

Waltz, "New Vienna," J. Straus.

Saxophone Solo, "Lanette," by B.

Henson will be played by Vincent

Gavigan.

"Babes in Toyland," Victor Her-

bert.

Intermission

"Lustspiel," Von Weber.

"Chinese Wedding Procession,"

Hosmer.

"Irish Eyes Are Smiling," Alcott

and Ball.

"Sylvia," O. Speaks, solo by Fred

Brindley.

"In the Tavern," Jensen.

TWO MORE SUITS AGAINST COUNTY

Official notices were served the

Board of Freeholders last week of

two law suits brought against the

county for damages totaling \$25,000

for alleged injuries suffered by the

plaintiffs along county highways.

The county is charged with negli-

gence in both suits.

One suit for \$10,000 has been filed

by Stedman Bishop as the result of

a recent accident on the Cookstown-

New Egypt road, in which Bishop

charges the county with not keep-

ing the highway in a reasonable

state of repair.

The other suit for \$15,000 is for

injuries sustained by Mrs. Flicking-

er of Lumberton, who fell into an

open culvert. She charges county

highway officials with negligence in

not protecting the hazard.

BUSINESS

Industrial and business barom-

eters, like the temperature, continue

to climb, but from now on the in-

creases over 1938 will not look as

handsome as they did in the first

Tomato Festival Opens August 23

South Jersey farmers, industrialists and business men are joining with the Mount Holly Chamber of Commerce in promoting plans for the first annual South Jersey Tomato Festival, which will open at the Mount Holly Fair Grounds next Wednesday, August 23, and continue through Thursday, Friday and Saturday.

Day and night shows are planned for the affair, with agricultural, industrial and commercial exhibits one of the features. Amusement and entertainment features are not to be neglected, with daily shows in front of the big grandstand and a performance each night of "South Jersey Cavalcade," a historical pageant with 400 people in the cast.

Mount Holly took on gala attire this week as street decorations for the Festival were strung on Main, Mill and Washington streets. Many business houses are decorating this week.

Through activities of the Burlington County Pomona Grange and agricultural officials, arrangements for the farm and livestock exhibits have been made, featured by the issuance of premium books which provide valuable prizes in both cash and merchandise.

Tomato Inspection
One of the features of the agricultural exhibits will be the daily inspection of loads of tomatoes at the Fair Grounds. The first 25 loads registered each day for August 23, 24 and 25 will be graded for quality by a Federal-State inspector of the State Department of Agriculture. Each day will constitute a separate contest. Minimum size loads must not be less than 150 baskets. Grading will start at nine o'clock each day.

In this class, the first prize each day will be \$25; second, \$15; third, \$10 and fourth, \$5. The sweepstakes, for the best load in the three day contest, will have as a prize \$100.

Wednesday, opening day, will be "Children's Day," when all school children will be entered to the grounds free of charge. A special children's program, featured by several animal acts, will be staged in front of the grandstand. Thursday's amusement will be the performance of Lucky Teter and His Hell Drivers, daredevil motorists, with many death-defying stunts on automobile and motorcycles.

All of the usual mid-way attractions and concessions will be offered each day, making the Festival a real revival of the old Mount Holly Fair, in addition to a promotional feature for South Jersey's biggest farm crop—the tomato.

FOR CLERK

A. MATLACK STACKHOUSE

Candidate for the Republican nomination for member of the General Assembly on the Good Government ticket.

FRED NORCROSS

Candidate for the Republican nomination for member of the Board of Chosen Freeholders on the Good Government slate. Statements of both candidates appear elsewhere in this issue of The New Era.

LEGION CADET CORPS TO GIVE CARD PARTY

The Legion Cadet Corps will hold a card party Friday, August 15, at the Knights of Columbus Hall, Broad street and Elm avenue. Admission will be 25 cents and the proceeds will go toward the purchase of uniforms for the drum majorettes and sending the corps to the State Legion Convention at Cape May, September 9th.

The corps has been fortunate to obtain the services of three drum majorettes. They are Mae Parsons, formerly of Somers Point; Marie Diamond, and Marilouise Baker, all of Palmyra. These girls practiced together for the first time last Monday. The Corps has been appointed the official Cadet Corps of Burlington county for the year of 1939-40.

Freeholder Palmer L. Adams, of Cinnaminson township, this week announced his candidacy for the Republican nomination for County Clerk.

Adams is now completing his second term as a member of the Board of Freeholders, having been first elected to the Board in 1933 and re-elected in 1936. One of the outstanding accomplishments of the Board during Adams' period of service was paying off the entire county bonded debt of \$795,000.

The county tax rate at the beginning of Adams' first term was \$1.21 and by 1937 this rate had been reduced to 65c.

Freeholder Adams is one of the founders of the Good Government Republican group in Burlington county and is endorsed by the Good Government League as candidate for County Clerk.

Adams in his announcement says: "I have been urged by many friends throughout the county to become a candidate for the office of county clerk."

"During most of my two terms on the Board of Freeholders, the County Clerk's office has been under my department, that of Public Buildings, and during that period

FINE WORK BY NEARBY TROOPERS

State Police at Bridgeboro Barracks Do Much in Short Period

Although the New Jersey State Police Barracks at Bridgeboro has only been open since last November a vast amount of work in law enforcement activities has been accomplished during the period of operation to June 30.

During this time, Corporal F. C. Atkinson, in charge of the station and the seven men under his command have traveled a total of 152,283 car miles, which includes 36,000 cycle miles.

In addition to Corporal Atkinson, the personnel attached to the barracks is as follows: Troopers John Shok, John McGee, Alfred Welfare, Arthur Delph, John Baffin, Kenneth Gravatt and Stephen Radice.

District Boundaries

The district under the supervision of the station covers a considerable area, including the following highways: Route 25, Burlington to Parry; S-41, Parry to Marlton; Route 40, Marlton to Mt. Holly; Mt. Holly to Burlington and the entire rural district within these boundaries.

A summary of the work accomplished reveals much toward an insight of the varied duties of the trooper, who, during the period in question made a total of 1,140 arrests.

These included motor vehicle violations (no driver's license, improper registration, unregistered vehicles, speeding, reckless and careless driving) breaking and entering; larceny and burglary.

Important Arrests

The arrest of one burglar, James (continued on page 10)

Final Work On Broad Street

This week saw the finishing touches being made on the section of Broad street formerly occupied, for many years, by the old tracks of the Public Service trolleys.

The Burlington County Highway Department has carried the project through promptly and with a minimum of inconvenience to motorists and the additional width on the local thoroughfare is already being appreciated by the hundreds who use the street daily.

Parking facilities are much improved and traffic movement is greatly facilitated, particularly in the sections where turnouts cut down the size of the concrete pavement.

Few sections of the rails between Camden and Trenton now remain and the tracks in most communities along the line have either been removed or covered with paving material, the local section being one of the last remaining.

Thus, little but memory remains of the once flourishing means of transportation that existed before the advent of the motor age.

ROAD REPAIRED

The depression in the highway at Seventh street and Lippincott has been reduced by cutting back the pavement on both sides. This repair work will be greatly appreciated by local residents, many of whom have nearly come to grief at the intersection since the hazard has been present.

ELECTION NOTICES

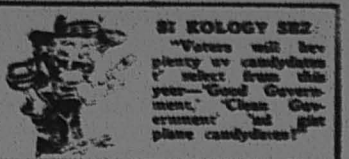

Full details concerning the Primary and General Elections in Riverton and Cinnaminson will be found in the official Election Notices published in this issue of The New Era.

These notices will be found valuable for future reference.

THE NEW ERA

RIVERTON = CINNAMINSON = PALMYRA

RIVERTON—PALMYRA, N. J. THURSDAY, AUGUST 24, 1939

PRICE FIVE CENTS

SERIES EXTENDED TO FIVE GAMES

Manager Charles Sims, of Riverton A. A. has announced that the Palmyra-Riverton series has been extended to five games instead of the three originally planned.

The next two skirmishes in the current feud will be played on Labor Day afternoon, the first tilt being scheduled to get under way at 1:15 p.m. The twin bill is slated for Memorial Park.

If a fifth contest is necessary to decide the local championship, it will be played the following Sunday afternoon.

EXTRA FEATURES AT BAND CONCERT

Albert Baytel and Stanley Ryba Guest Soloists of Renown

The Mercer County Federal Band has secured for extra features at this Friday's regular concert in Palmyra, Albert Baytel, Bartone, and Stanley Ryba, tuba soloist. Mr. Baytel is a young artist who is making great strides toward what is certain success in the vocal world. Possessed of a clear and vibrant voice and a charming personality he has appeared at many of the important events and functions at the state capital. He is soloist at the Christ Church in Trenton and recently appeared as soloist at the Ocean City concert hall.

An attraction of unusual quality will be a tuba solo by Mr. Ryba, of Burlington. Before entering the baking business in Burlington he was one of the foremost tuba players in the country and was in great demand as a soloist and performer. Mr. Ryba was a member of the famous Nat Mazza stage band that toured America with such tremendous success in the post war period.

Program

The program is as follows: March, "Supreme Triumph," Jewell; "Joan of Arc Overture," Verdi; "Londonderry Air," Trevelyan; "Juba Dance," Dett; waltz, "Tales from Vienna Woods," (by request) J. Strauss.

Intermission

Selections from "Suite Don Quixote," Safranek; baritone solo, by Mr. Baytel, selected; "Glow Worm," Luik; tuba solo, Mr. Stanley Ryba, selected; selection from "The Red Mill," Herbert; "God Bless America," Berlin.

Rotary District Governor Here

William E. Matthews, Jr., new district governor of Rotary International in this area, visited the local club last Thursday and spoke at the regular dinner meeting. It is the practice of the new Governor to visit every club in his district, confer with the board of directors, and discuss the year's program at a meeting of the club. With 36 clubs in the 184th District over which he presides, Governor Matthews has a formidable task still ahead of him.

Mr. Matthews, who is Mayor of Smyrna, Delaware, and a former State Senator, has been active in Rotary work for twelve years. He has also been active in the work of the Boy Scouts of America and prominent in the American Legion. A past commander of his local post, he also was State Commander and a National Executive Committee man.

In the afternoon President Luke Eberly and secretary Joseph Seal convened with the board and committee chairman to meet with the Governor, who was well impressed with the plans of the club for the fall and winter months.

NEW CITIZENS AT FESTIVAL

Several Hundred to Attend South Jersey Affair at Mt. Holly, Saturday

Several hundred new American citizens will attend the South Jersey Tomato Festival on Saturday afternoon, when the Burlington County Citizenship Committee holds its first Americanization Field Day at the Mount Holly Fair Grounds.

The Mount Holly Chamber of Commerce, sponsoring the Festival, will turn over the grounds in front of the grandstand at four o'clock or Saturday afternoon, when a special patriotic program, being arranged by the citizenship committee headed by James P. Hughes, of Palmyra, will be presented.

All Honored

All new citizens foreign born who have recently become naturalized and natives who have in the last year reached the voting age of 21, or who will reach that age this year, will be honored at the Field Day.

Prominent speakers are being scheduled by the committee, with several American Legion drum and bugle corps for the music program. The committee, comprised of representatives of the D.A.R., Colonial Dames, American Legion and other patriotic organizations, is making a concentrated effort to have every new American citizen in Burlington County in attendance on Saturday afternoon.

Certificate

The Festival committee, cooperating with the Citizenship group, will issue special tickets to the new citizens, which will admit them to the grounds, and to the grandstand at 3:45 o'clock, for 25 cents. In order to secure these tickets, the new citizens must present a certificate, printed in this issue of The New Era. Certificates may also be secured from members of the committee and American Legion groups throughout the county. The certificate must be filled in and presented at the Americanization Gate of the Festival on Saturday afternoon, in order to secure the special rate of admission.

Mr. Hughes, who was recently appointed chairman of the Citizenship Committee by Freeholder Palmer L. Adams, is arranging a program of instruction and patriotism in order to stimulate good citizenship throughout the county.

Committee

The Committee consist of: James Hughes, instructor in political science at the Palmyra High School is chairman of the Citizenship Committee recently appointed by Freeholder Adams. Other members are Miss Jane B. Burr, of Bordentown, regent of the Annis Stockton Chapter, D.A.R.; Mr. Guy L. Nelson, of Mount Holly, county Red Cross chairman; George DeBennville Keim, head of the New Jersey Historical Sites Commission; Mrs. George M. Rogers, of Mount Holly, representing the Moorestown Chapter, D. A. R.; Mrs. Richard W. Willis, of Mount Holly; for the Colonial Dames; Mrs. Walter Harker, of Pemberton, representing the Pemberton Chapter D.A.R.; Mayor John Ward, of Palmyra; Harry V. Groome, county American Legion Americanization chairman, and Freeholder Adams. Also a representative of Foreign Wars.

FIREMEN WANTED

Chief E. M. Carhart, Jr., of the Riverton Fire Company announces that he will receive applications from residents of Riverton, 21 years of age or over, who desire to join the active list of the local company. At present there are five vacancies in the company and the roster will be filled from those who apply to the chief.

FIRE AT PAL'S CLUB

Parry firemen answered a call on Tuesday of this week for a fire in the former Arcadia building, Cinnaminson avenue.

The blaze, which was discovered at 10:30 by Wilbur Haines, who was passing at the time, was caused by defective wiring in the radio. The instrument was a mass of flames upon the arrival of the firemen, but loss was confined to the set by prompt and efficient work. The structure is occupied at present by the Pal's Club and the last person leaving during the evening evidently neglected to turn off the radio.

LIMBS DOWN

The severe storm last Saturday blew down a number of limbs from trees on various streets in this section, but little actual damage was done. The tremendous fall of rain flooded sections of a number of thoroughfares, but this condition was only temporary.

During the height of the storm the light was so poor that trains passing through here had their headlights turned on.

Since the Jersey bank of the Delaware was a lee shore, there was no damage to craft at the Riverton or Delran Yacht Clubs.

MAYOR BIDDLE TO RUN AGAIN

Little Opposition for Local Candidates in Coming Primary Election

There appears to be little likelihood of a contest for the various municipal offices in Riverton, with today (Thursday) the deadline for filing petitions for nomination at the forthcoming Primary Election on September 19.

Mayor H. McIlwain Biddle will be a candidate to succeed himself with no opposition from either party in the field. The same holds true for the two vacancies on Council, with the incumbents, J. W. Sylvester and Nathan Lane the only individuals filing petitions for these offices.

Dinges Opposed

Herbert Dinges, present member of the Cinnaminson Township Committee, will seek the Republican nomination for reelection, with one other candidate, Joseph Ober, filing for the same position.

Harold R. West, present township clerk, will seek the nomination of the Republicans for that office. In Palmyra, Mayor John F. Ward will seek the Republican nomination for head of the governing body, while Howard Powell will ask the endorsement of the Democrats for the same office.

Charles K. Mervine, John Landgraf and James Henson are out for the Republican nomination for member of the borough council, there being two positions open.

On the Democratic side, William H. Leyer has entered the field without opposition.

A late candidate for the Democratic councilmanic nomination in Palmyra filed a petition this week, he being Edward A. Kunkle.

To Receive Bids For Post Office

The new post office in Riverton became much nearer a reality this week, when it was learned that the United States Government will open bids for construction of the building at the Federal Works Agency, Public Buildings Administration, Washington, D. C., on September 20, at 1 o'clock, eastern standard time.

Further details concerning the nature of the proposals will be found in a legal advertisement in this issue of The New Era.

On Main Street

The site for the new building was decided several months ago, when, after considering several plots of ground, government officials selected a location on Main street, Riverton, on a vacant lot just south of the present post office.

Mrs. Mervin E. Haas, local postmaster, states that work on actual construction will probably start soon after the contract has been awarded.

In the present building program, other new post offices in the county include those at Mt. Holly, Moorestown, Riverside and Bordentown.

BRIEF ITEMS from ABOUT TOWN

The leaves on the buttonwood trees are commencing to fall in considerable quantity, thus giving the impression of the early approach of autumn.

The northeast last Saturday failed to give much relief from the oppressive humidity that has prevailed this month, Sunday dawning just as hot and sticky as before the storm.

School days will soon be here.

Two large trailer-trucks loaded with steel girders, from Phoenixville, Pa., passed through Palmyra on Monday morning. The huge motor freight cars attracted considerable attention.

The Dreer plantings at the River-view section of the nursery are especially colorful at this time of the season.

The Fiftieth Anniversary edition of The New Era will make its appearance this fall and will contain scores of pictures and historical accounts of all phases of activities in Riverton, Palmyra and Cinnaminson during the past half century.

The local drum and bugle corps held another intensive drill at Memorial Park last Thursday night. The organization is rapidly rounding in to championship form.

COUNTY ROAD WORK AWARDS

State Highway Commissioner E. Donald Sterner recently approved the award of contract to the low bidders on two projects in Burlington County which will give 1,282 man-weeks of employment as part of the State Highway Department-W.P.A. Work Relief Program.

Edward P. Campanello, of Ham-monton, will construct the gravel surface on Johnson Road, Washington Township, for \$2,801, a saving of \$592, under estimated cost. Gravel six inches deep and 20 feet wide, with two gravel shoulders of five feet each, will be laid for seven-tenths of a mile.

Joseph Laffin, of Haddon Heights, will build the Pointe-au-Loup-Coleman-Road, Lumberton Township, with surface treated gravel, 20 feet wide, and with two gravel shoulders of five feet each, for one and seven-tenths miles. His bid of \$6,354 provides, a saving of \$207 under estimated cost.

Chester Township Plans of Chester Township to use W.P.A. labor on the contract of Cole Avenue, North Forkland Road and Maple Avenue were approved by Commissioner Sterner.

Gravel, six inches deep and 20 feet wide, and drainage, curb and sidewalks will be laid for six-tenths of a mile. Two gravel shoulders, five feet each, will bring the graded width to 30 feet.

Pemberton Township was authorized to use \$3,000 of State Aid funds in the construction of Han-over Boulevard with gravel, 20 feet wide, for one and six-tenths miles. Two gravel shoulders, five feet each, will bring the graded width to 30 feet.

North Hanover was authorized to use \$5,850 in State Aid funds for the construction of Meany Road. The project will provide 104 man-weeks of employment. The road will be improved with gravel, six inches deep and 20 feet wide, for a distance of two miles. The graded width is 30 feet.

MOONLIGHT SAIL

Members of the Deiran Yacht Club and their guests will enjoy a moonlight sail up the Delaware on Saturday night of this week, the river excursion to be followed by supper and dance at the club house.

Those in charge of the affair estimate that five boats of the fleet will be required to transport all those who have signified their intention of attending the affair.

The corn roast scheduled for last Saturday was postponed indefinitely on account of the rain.

HEAVY STORM DAMAGE

State Highway Commissioner E. Donald Sterner and Engineer James Logan this week estimated damage to the extent of \$75,000 to State Highway Routes by the heavy torrential down pour of rain from the Florida storm of last Saturday.

Shoulder washouts throughout the state called out maintenance men for repairs during the height of the storm and the work of hauling earthen fill was continued yesterday.

The greatest damage is reported in Ocean County on Route 4, where part of the bridge over Spruce Run in Mayetta was carried away and at Tuckerton where a timber dam collapsed.

One way traffic was established yesterday at Mayetta but part of the roadway at Tuckerton was closed and traffic is being detoured over Route 39, the Trenton-Atlantic City, highway through Burlington County.

The heavy fall of tropical rain in all parts of the State carried rivers and creeks over their embankments and the water backed up through drainage systems on many State Routes.

Learning to do without sugar and cream in your coffee save a lot of bother.

ONE AUTO FOR FIVE RESIDENTS

New Jersey Had One of Largest
Registrations in Entire
Country Last Year

One passenger car for every five inhabitants was registered in New Jersey last year, according to statistics revealed by the Automobile Manufacturers Association. The national average was one car for every 5.1 persons.

Only seven other states have a larger motor vehicle registration than the Garden State namely, New York, California, Pennsylvania, Illinois, Ohio, Texas and Michigan.

In the field of taxation, according to the association, New Jersey motor vehicles contributed a larger share of State revenues than is the case nationally. The national average percentage of State taxes furnished by motor vehicle revenues is 36.6 while in New Jersey the percentage is 43.2.

Millions of Gallons
The association also reports a total of 812,804,000 gallons of gasoline were dispensed during the year. A tax of three cents per gallon was paid on all save 3,257,000 gallons of this, which was tax exempt. Incidentally, New Jersey's gasoline tax is almost one cent lower than the national average which is 3.96 cents.

The trucking industry is a heavy contributor to the State Treasury for the building and maintenance of highways, according to the compilation, license fees paid by truck owners last year totaling \$5,164,000 while \$6,333,600 in taxes came from the gasoline consumed by commercial vehicles.

Doing Share

In common with the rest of the country, New Jersey has a serious employment problem but the automobile industry is doing its full share of providing work. Last year 196,543 of our people had jobs because of it, the largest number being drivers of trucks, 132,475. In addition 30,665 found employment in

CRASHES GAIN, DEATHS DECLINE

Lower Severity of Accidents
Due to Better Equipment
Commissioner States

Previewing the traffic accident situation in the state for the first six months of the year, Motor Vehicle Commissioner Arthur W. Magee announced this week that while total accidents have increased five per cent, fatalities and non-fatal injuries have decreased 13 and 1.8 per cent respectively.

While seemingly inconsistent in the face of an increase in accidents, Commissioner Magee believes the answer can be found in the inspection of automobiles, the fourth period of which was started the first of the month.

Better Equipment

"Better brakes with which to stop and properly focused headlights which permit the driver to see more clearly, objects ahead are undoubtedly responsible for the lower severity of accidents," said the Commissioner.

Improvement in the ability of drivers to see and stop is particularly reflected in the pedestrian phase of the accident problem, Mr. Magee states. During the first six months of this year 177 pedestrians have been killed as compared with 207 in the same period last year. The reduction is fourteen per cent. Of the thirty pedestrian lives saved, eight were children and 22 adults.

The number of pedestrians injured in accidents has also dropped from 2,857 last year to 2,797, a reduction of two per cent.

Bike Fatalities Lower

Bicycle fatalities have dropped from 12 last year to seven but the 296 bicyclists injured this year represents an increase of fifteen per cent.

Herewith is a six months comparison of accidents, fatalities and non-fatal injuries for the years 1939 and 1938:

	1939	1938
Accidents	16,116	15,281
Deaths	347	400
Injuries	10,918	11,118

A CHALLENGE

El Hubbs, pitcher for Dawley has rounded up an aggregation of Palmyra players in the Memorial Park Softball League which he considers as being the cream of the circuit. In order to test his theory he is issuing a challenge to a team composed of ball tossers who have been in the local wars—the only qualification being that they reside in Cinnaminson or Riverton.

If such a team can be rounded together, Manager Hubbs would like to play a three game series next week at Memorial Park on Monday, Wednesday and Friday evenings. In the event that the current championship series has not been concluded the first tilt would be on Wednesday.

Manager Hubbs respectfully calls the attention of Manager Bill Anderson to this defy.

RIVERTON A. A. FOOTBALL

The Riverton A. A. football team got off to an early start this year by holding their first regular practice last Sunday morning. In the near future it will be a common sight to see the boys "Tuning Up" or "Sundays." At present, the managers of the team are arranging to enter the Class D tournament of South Jersey, thereby providing fine and regular games for the townspeople. Under the able training of Earl Lenker and a greatly increased squad, the team is gradually rounding out into one of the finest teams of recent years. Any local boys who intend to try for the squad must apply to Earl Lenker or Carl Lutz.

FORTNUM EVENS SOFTBALL SERIES

Orman-less V-8 Team Hands
Broadway 7-5 Reverse:
Homer for Landgraf

If their performance on Tuesday night was any criterion, the Fortnum team would do better to rely strictly on home talent in their quest for the Memorial Park League softball championship for, with Kesler on the mound, Manager Beddow's cohorts slapped a 7-5 verdict against Broadway to make the count in the current campaign read 1-all.

Tony Gonteski started on the hill for the Movie team and allowed four hits during two and one-third innings. His support was, however, of a very scrubby character and Tony departed from the wars after Landgraf hit for the circuit with two aboard in the third.

Bill Anderson rushed into the fray and prevented further scoring, although he was nicked for seven bingles.

Three in First

The V-8 crew lost no time in going to town. Kesler bunted safely to ring up the curtain and took second on a wild pitch. He went to third on the first of Carpenter's three hits and both rallied on an error of Enskat's roller, the latter going to second on the play. He advanced on an infield out and crossed on Landgraf's hoist to Baker.

Broadway got one back in the lower half by virtue of Weikman's one baser, a double by Humes and Buchholz' sacrifice fly.

Big Frame

Fortnum really won the affair in the third when four runs came pouring in. Kesler grounded out, but Carpenter's bunt went for a base knock. Enskat hit deeply to Baker, who got his hands on the ball but couldn't hold it. Foulke knocked down Beddow's smash with no play possible and Landgraf sent his circuit clout screaming into deep center. Exit Gonteski.

This ended the winner's scoring activities.

Broadway grabbed a pair in the lower bracket on two singles and a boot, this promising attack being nipped in the bud as Enskat nabbed Foulke's hoist and rifled the apple to Coles, doubling Buchholz who attempted to make third.

Two More

Fortnum's lead was further chis-

eled in the fourth when Baker and Ensky smote the ball with success. Daley pushed them up and the pair cruised as Enskat bobbled Buchke's hit to left.

The Andersonites had men on the paths in every frame thereafter, with the exception of the sixth, but failed to develop a scoring punch although hashing the ball savagely on nearly every occasion. They had 11 marooned on the baselines.

Huff played a nice game as rover for the winners, taking five hard chances that aided Kesler no end.

Americans demand "Convenience"

America has 20 million telephones, 30 million automobiles, 40 million radios. It leads the world in the use of electric appliance, automatic heating and other conveniences. Logically, too, it leads in the use of bank checks. America's banks handle 10,000 checks every minute and have 23 billion dollars of checking deposits—eloquent proof that Americans demand financial convenience, too.

Come in and start an account.

A Bumper Crop

With all returns incomplete and the present list subject to last-minute withdrawals, Republican voters are faced with a rather formidable list of candidates from which to make their choice at the forthcoming Primary Election in September. As a matter of fact, the claims of the various aspirants are of such a nature as to leave most individuals in a bewildered condition.

The careful voter will, however, have ample time to analyze the qualifications and claims of the various office seekers before September 19 rolls around and this is just what he SHOULD do in order to vote intelligently for the men who will represent them at Mt. Holly and in Trenton.

For your information, the roster of Republicans at the time of writing is as follows: (this is subject to change without notice.)

State Senator

Howard Eastwood, of Burlington
J. H. Pancoast, of Riverside
Dr. S. Emlen Stokes, of Moorestown

Assembly

A. Matlack Stackhouse, of Moorestown
Thomas D. Begley, of Burlington
County Clerk

Palmer L. Adams, of Cinnaminson
Lawrence G. Mingin, of Medford
Freeholder

John M. Chant, of Riverside
LeRoy Church, of Bordertown
Walter D. Lamont, of Palmyra
Fred Norcross, of Pemberton

The grouping of the candidates by factions is: Good Government—Howard Eastwood, Palmer Adams, A. Matlack Stackhouse, Fred Norcross and John Chant.

The opposition slate is: Dr. Stokes, Thomas D. Begley, Walter D. Lamont and LeRoy Church, no selection having been made for county clerk.

Independents are: J. H. Pancoast and Lawrence G. Mingin.

All indication points to a fast and furious campaign before the battle of ballots starts on Tuesday, September 19.

Adequate Police Essential

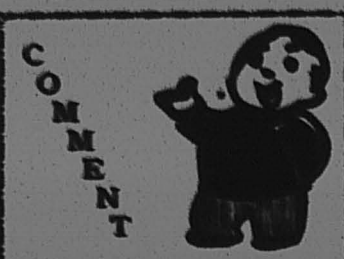

An adequate police force pays good dividends and the term "adequate" does not necessarily mean that the standard is established by the number of arrests made.

As a matter of fact, there are many communities where arrests for robbery, etc., are few and far between, the reason being that such crimes do not occur. Such a situation is not a mere matter of chance, but is caused by the fact that criminals know that the law enforcement organizations in these towns are on the alert and that the odds are long against successful robberies being pulled off.

Take the case of a recent Philadelphia bank robbery as a typical example. A lone officer patrolled the vicinity of the institution, doing traffic duty as well. The holdup artists knew that this situation existed and bided their time until the guardian of the law was engaged elsewhere. Then they struck with complete success attending their efforts. The fact that they will probably be captured does not make up for the probable loss that the bank will suffer. It was indeed fortunate that some one did not lose their life during the affair.

Local communities have been singularly free of theft cases during the past several years, and have been fortunate in this respect. There is no doubt but that the activities of our police departments have tended to discourage the light-fingered gentry from operating here.

This fact should be ever borne in mind when police appropriations are a subject for discussion. We are paying to prevent crime and the results are well worth the cost.

"With our slate drawn harmoniously, we feel that we can enter the general election stronger than in years." Chairman Daniel Lichten, of the county Democratic organization said recently. "The 'war-torn' Republican party must be weakened by the bitter primary battle that now faces it." (Republicans take warning.)

The crop of political aspirants in the Republican ranks this year has surpassed anything seen in recent years in respect to the number of candidates. Rumors of deals, proposals and counter-proposals are a nickel a bushel and the "wise lads" in the party ranks are about as numerous as the candidates. With the qualifications of the various office seekers before him, John Q. Public will have a difficult task sorting the wheat from the chaff before the Primary Election rolls around next month.

A Moorestown resident, in a four page communication to this newspaper, proposes a harmony ticket of Republican candidates for the Primary Election. The slate is as follows: for Senator, Dr. S. Emlen Stokes; for Assemblyman, A. Matlack Stackhouse; for County Clerk, Palmer L. Adams; for Freeholders, LeRoy Church and Fred C. Norcross.

The individual who wrote the letter reviews the candidacy of Howard Eastwood for Senator and that of John Chant for Freeholder, but states that he believes that these gentlemen would be willing to step aside in the interest of harmony. He neglects entirely the rest of

the field, including Walter D. Lamont for Freeholder; Jack Pancoast for Senator; and Thomas D. Begley for Assemblyman.

Much as it is regretted to bring forth the haunting specter of lengthy and somewhat futile discussions concerning the fate of the river bank, there are many citizens who wonder whether it would not be possible to do something toward improving that "thoroughfare" between Thomas Avenue and the Palmyra Borough line.

The condition of the roadway is most deplorable, with potholes reminding motorists of a highway that has recently been under a heavy shellfire. And, sad to relate, the condition will not improve with the passage of time. A little cold patch would work wonders.

ENGAGED

Mr. and Mrs. William Moore Shoemaker, Jr., 408 Lippincott Avenue, of Riverton, announce the engagement of their daughter Elizabeth Persey, to Wilmer D. Coles, son of Mrs. Samuel R. Coles, of Moorestown.

LEGION INSTALLATIONS

American Legion Posts in the county will install their officers according to the following schedule: Mount Holly Post, No. 11, Not selected.

Irving V. Hamilton Post, No. 26, Bordertown, September 18.
Willets-Hogan Post, No. 39, Reebing, September 15.

William H. Snyder Post, No. 42, Moorestown, September 12.
Antrim-Mentor Post, No. 66, Maple Shade, August 24.

Capt. James MacFarland Post, No. 75, Burlington, October 9.
William A. Cortright Post, No. 115, Beverly, Not selected.

Riverside Post, No. 146, October 6.
Frederick M. Rodgers Post, No. 156, Palmyra, October 3.

Never argue with a woman whose shoes are killing her.

BUSINESS

Vigorous objections were heard to President Roosevelt's proposal last week that Thanksgiving Day, 1939, be moved ahead one week from the customary last Thursday in November which this year falls on the 30th. Excepting the football crowd, most dissenters said they don't want another tradition shattered. On the other hand, men with an eye for business see much to recommend it.

Retail store records show that a greater volume of annual business has been done in years when Thanksgiving fell far enough ahead of Christmas to permit four full shopping weeks. In each Christmas shopping day roughly \$100,000,000 a day flows across the nation's retail counters. While loss of six days might not mean a sales shrinkage of \$600,000,000, there could be sufficient decline to cut a swathe in the \$1,000,000,000 sales gain made by retailers in the first half of 1939 over last year's first six months. And every dollar lost at retail causes minute repercussions in employment and profit possibilities of mills and factories.

ENDORSE TOMATO JUICE

Prominent Burlington County physicians this week approved the use of oranges and tomato juice in the dietary regime of babies and children, pointing out that vitamin contents are high in both juices. For many households, when the price of oranges may be burdensome, use of tomato juice, in somewhat larger portions, is approved.

The doctors are Dr. H. E. Longsdorf, of Mount Holly; Dr. L. M. Hartman, Maple Shade; Dr. H. B. Mark, of Riverton, all of whom are in charge of Baby-Keep-Well Stations, and Dr. E. W. Rodman, of Beverly.

The physicians' statements were made at the request of the Burlington County Tuberculosis League, which organization will illustrate the value of tomato juice at a Keep-Well Booth at the South Jersey Tomato Festival this week at Mt. Holly.

YOUR GARDEN

WHAT TO DO THIS WEEK
By A. C. McClain
Extension Service, N. J. College of Agriculture

The amateur plant grower whose equipment includes a cold-frame is indeed fortunate. It helps him to start seeds very clearly in the spring and it also can be put to very good use right now.

Delphinium, for instance, can be grown very nicely if the seeds are planted in the coldframe now and the plants transplanted next spring. Many other perennials can be handled in the same way. Columbine should be sown immediately in order to have bloom next spring, and regardless of what kinds of perennials are sown, care should be taken to provide means of holding the moisture close to the surface until the young seedlings are up.

Transplant Poppies

Now is the time for transplanting poppies and German Iris, but wait until next month before moving the Siberian Japanese Iris and the peonies. Also, it would be well to divide and replant any of the perennials which bloomed before the middle or last of June in order that they may become well rooted before cold weather. The policy of transplanting and dividing perennial plants which have finished blooming for the season is a good one as it allows a long period before winter for plants to reestablish themselves.

In the bulb garden, a number of plantings may be made during these late August days—plantings of candidum lilies, fritillaria, fall crocuses, fall crocuses and even spring crocuses and practically any of the narcissi.

The physicians' statements were made at the request of the Burlington County Tuberculosis League, which organization will illustrate the value of tomato juice at a Keep-Well Booth at the South Jersey Tomato Festival this week at Mt. Holly.

Health Question: What are "Ten Commandments" to be observed by persons whose family doctor advises that they have heart disease?

Doc Says:

1. Learn your physical limitations and keep within them.
2. Stop all exertion short of breathlessness.
3. Do not run for street cars or up stairs. Climb stairs as seldom as possible; use elevators if available.
4. Avoid colds and other infections which may impose additional strain on the heart.
5. Dress warmly but have the garments reasonably loose.
6. Eat moderately.
7. Consult your physician periodically, but do not pay undue attention to your heart. Don't be a pulse counter on yourself.
8. Avoid alcohol in excess or altogether, as your physician advises. Follow the physician's suggestions with reference to the use of tobacco.
9. Avoid emotional upsets, worry, and anger. Cultivate a calm temperament.
10. Respect the restraints required by the condition of your heart but do not let them spoil your enjoyment of life.

Health Question: Is cancer likely to continue to remain one of the leading causes of death?

Any answer to this question comes in the realm of speculation. It is possible to say, however, that the death rate of cancer can be lowered from its present high level. A decline has been noted in the death rate of cancer in Massachusetts in the last few years, the first State in the Union to register a steady, downward trend. This decline is attributed to an intensive educational effort to acquaint the public with early signs of cancer coupled with prompt medical attention when the signs appear.

Conditions which may lead to cancer, if neglected, are a sore that does not heal; a mole or wart that begins to grow in size or to change color; any unnatural discharge or bleeding. These signs are not necessarily and absolutely proof of cancer. But they have been found to be forerunners of the disease. Cancer is curable in its early stages.

We have other ranges with insulated heat regulated ovens from \$42.95 cash up, including connection.

A-719

MANY FAVOR PARKING METERS

Preliminary results in a survey conducted by the Keystone Automobile Club of "motorist and merchant" parking meter sentiment indicates a 7 to 3 preference for the new system in communities where it is now operating.

This is announced in an article in the current issue of Keystone Motorist, monthly publication of the club, with the comment: "In the light of these and similar findings made by unbiased organizations in other sections of the country, Keystone can see no reason to oppose a fair trial of the parking meter system wherever it is proposed by competent public officials in an honest attempt to solve the ever-increasing parking problem."

"At the same time the club vigorously maintains that any profit derived from operation of parking meters should be earmarked for improvement of traffic conditions in the community. Motorists have a right to receive full value for their money. If revenue from parking meter operation exceeds capital expenditures and cost of maintenance, the balance, in all justice, should be devoted to effecting whatever improvements are needed to increase the safety and convenience of motoring."

The 7 to 3 ratio of favorable sentiment was found in a survey which included Washington, D. C., Atlantic City, N. J., Wilmington, Del., Salisbury, Md., and Harrisburg, Shenandoah, Marcus Hook, Chester and Upper Darby, Pa. A complete report is being prepared which will give in detail all the facts developed in the Club's study.

Meanwhile, the club reiterates its position that "acceptance or rejection of the meter plan by the motorists is the surest test of its value." Until a fair trial has been given, it is pointed out, no one can accurately say what the general attitude of motorists will be.

ABOUT THE COUNTY

E. Budd Marter, Jr., of Beverly, business man and noted sportsman, has been selected as campaign manager for Dr. S. Emlen Stokes, of Moorestown, and Thomas D. Begley, of Burlington, candidates for State Senator and Assemblyman respectively in the Republican primary election.

Preliminary work on the reconstruction of the Sylvan Lakes dam began Wednesday when workmen started to clear away trees and underbrush on the site.

The project is expected to be completed within about 30 days.

Patrolling with cycles and radio-equipped cars on Routes 40, 39, 25 and S-40, as well as secondary roads in Burlington and Ocean counties, the troopers at the Columbus barracks rolled up a peak total of 84,530 cycle miles and 211,856 auto miles, a total coverage of 296,386 miles.

Munching a toadstool, which she found in the yard, Faith, 15-month-old daughter of Mr. and Mrs. Arthur Heller, of Mount Holly, walked calmly into the kitchen of her home on Sunday afternoon. Horrified when she saw what her daughter was eating, Mrs. Heller rushed her to the Burlington County Hospital where she was given treatment and released. Physicians told the frightened mother that her daughter had not eaten a sufficient quantity of the toadstool to cause any serious consequences.

Chief of Police John Bradshaw, of Moorestown, this week joined Prosecutor Howard Eastwood in voicing opposition to the application for a state prison pardon for Walter F. Roberts, Jr., Moorestown negro serving a term for assaulting three women. "Roberts is one of the most dangerous criminals we have ever encountered here," Chief Bradshaw reported to the State Board of Pardon.

April is being observed as Cancer Control Month. This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

THINGS TO WATCH FOR

Washing machines with three speeds—speed can be adjusted according to type of fabric being washed. A synthetic mosquito repellent said to be the most effective yet developed. . . germicidal light tubes, which destroy air-borne bacteria by ultra violet rays, developed for use in hospitals, dental offices and nurseries. . . prepared fudge mixture which takes only four minutes to cook. . . American maj-jug, with tiles picturing state capitals and products instead of the Chinese characters used in the Oriental version. . . a duplicating typewriter featuring two ribbons, one of fabric and the other of carbon paper.

Marines Prove Mettle

The heroic deeds of the frigate Constitution, better known as "Old Ironsides," will be remembered as long as Old Glory waves. Less than two years after the vessel spread her billowing canvas to the breeze, U. S. Marines and bluejackets took part in an exploit which proved the mettle of her stout-hearted crew. Our country was engaged in a naval war with France. French letters of marque, or privateers authorized to capture British vessels, went so far as to seize ships flying the Stars and Stripes. We retaliated and the Constitution captured a few small French vessels. Early in 1800, the Sandwich, a French letter of marque, lay in the harbor of Puerto Plata, Santo Domingo, protected by the guns of a fort. Old Ironsides was cruising nearby, but could not enter the shallow waters of the harbor. A vessel of lesser draft, called the Sally, was impressed in service for a bold attempt to seize the Sandwich from the French.

None Lost

Stealthily the Sally approached the harbor, with most of her temporary crew of ninety U. S. Marines and bluejackets concealed below decks. To an unsuspecting foe, the Sally appeared to be merely an unarmed merchant vessel.

Suddenly the Sally came alongside the Sandwich, while the naval party clambered aboard and subdued the surprised crew without the loss of a single man. Then the Marines landed, spiked all of the cannon, and returned to the captured vessel before the commander of the fort could rally his forces to repel the assault. Next morning both vessels sailed from the harbor. Thus ended one of the early exploits of Old Ironsides, destined in later years to win countless glories in the service of her country.

Wife: "Will you love me if I grow fat?"
Husband: "No, I promised for better or worse—not through thick and thin."

Edward Thompson's newborn son was worth his weight in pennies. Thompson, whose home is Norwalk, Conn., paid the \$45 hospital bill with 4,500 pennies, which weighed nine pounds. His son weighed nine pounds at birth.

Forty-one years ago Philip Trautman took a "temporary" job as a butler. O. O. patrolman to "take him over" until the plastering business picked up. Now, at the age of 82, Police Chief Philip Trautman has quit his job.

Pickles With a Spicy Tang

THE spicy tang of crisp pickles is an interesting addition to a meal. Pickling is a method of preparing perishable fruits and vegetables against decomposition and change. This is done by the use of salt, vinegar and spices which hardens the cellulose of the food and prevents the action of bacteria.

Here are directions for making pickles:

Pickled Onions
Select one-half peck of small silver skinned onions, grade for size and peel. Place onions in cold brine (one-fourth cup salt to one quart water), and let stand twenty-four hours. Drain and pack into clean, hot jars, placing in thin layers of seasonings made with:

1 qt. celery, chopped
1 cup white
onions, chopped
2 large red peppers
1 qt. vinegar
1 cup salt
2 cups vinegar
1 cup sugar
1 tsp. mustard

Fill jars with boiling syrup made in proportion of one gallon vinegar to one quart brown sugar. Seal immediately.

Celery Relish
2 large green peppers
1 cup salt
2 cups vinegar
1 cup sugar
1 tsp. mustard

Chop the celery and onions. Cook separately in salted water (two tea-

spoons salt to each quart water) until tender. Drain and add chopped peppers, from which the seeds have been removed. Add other ingredients and cook until tender. Pack in hot clean jars.

Pepper Hash
1 pt. boiling water
6 small onions, chopped fine
4 cups vinegar
2 cups sugar
2 cups salt

Remove seeds from peppers and chop all together. Pour boiling water over them and let stand ten minutes. Drain and add finely chopped onion, vinegar, sugar and salt, cook for twenty minutes. Seal while hot in sterilized jars.

Bread and Butter Pickles
12 good sized cucumbers
1 cup salt to 2 quarts of water
Cut cucumbers and onions in slices one-fourth to one-half inch thick. Soak separately overnight in salted water.

1 qt. vinegar
2 cups granulated sugar
1 tsp. turmeric
1 tsp. mustard seed
Boil together, drop pickles in and bring all to boil. Take off, pack in sterilized jars and seal.

Shops. The springs are of various sizes, depending upon the seating capacity of the bus, and vary in weight from 125 pounds for the 22-passenger buses to 307 pounds for the heavier All-Service vehicles. Four major steps are required in the manufacture of new bus springs—forging, fitting, finishing and testing. In forging the bars of steel preparatory to bending them to the proper camber, the huge furnaces produce a heat as high as 1,700 degrees Fahrenheit. After the bars are shaped to the proper camber, while still red hot, they are given an oil emulsion for several minutes. This process hardens the steel. Testing the springs after they have been assembled in the most im-

Public Service Used Over 250,000 Pounds of Steel Last Year in Manufacture and Repair of Bus Springs

Left: Removing red hot piece of steel from huge oven. Center: Shaping steel, while hot, to proper camber. Right: Testing finished spring under pressure.

SINCE the days of the stage coach, the development of springs for comfort in riding has kept pace with the rapid progress of transportation facilities. Public Service's patented Transport may be the only, or certainly one of the few transportation companies, that exclusively manufactures springs for its fleet of about 3,000 buses.

During 1938, more than 250,000 pounds of spring steel was used in the manufacturing of new and the repairing of used springs for its buses. Nearly 1,000 new springs were manufactured, 2,000 repaired and 1,000 main spring leaves produced during the year in the bus spring department of the company's Newark

plants. The springs are of various sizes, depending upon the seating capacity of the bus, and vary in weight from 125 pounds for the 22-passenger buses to 307 pounds for the heavier All-Service vehicles. Four major steps are required in the manufacture of new bus springs—forging, fitting, finishing and testing. In forging the bars of steel preparatory to bending them to the proper camber, the huge furnaces produce a heat as high as 1,700 degrees Fahrenheit. After the bars are shaped to the proper camber, while still red hot, they are given an oil emulsion for several minutes. This process hardens the steel. CHARLES R. STOUT FOR COUNTY CLERK

In announcing my candidacy for the Republican nomination for county clerk of Burlington county, I am moved by several controlling reasons.

First: It is my firm conviction that I can be of further service to the people of Burlington county. Years of experience on the Board of Freeholders have given me intimate knowledge of all branches of county affairs and qualified me to fill an administrative position such as the important office of county clerk. My wide acquaintance and familiarity with county and local conditions will be an asset in the satisfactory discharge of the duties of the office. Throughout my membership on the Board of Freeholders my first thought has been to serve the people and guard the interests of the taxpayers. My record in office supports this claim.

Second: The request of a great many friends and taxpayers, who have urged me to become a candidate for county clerk for the reason that my candidacy at this time would meet with widespread public approval of all factions within the party. They have been good enough to express confidence in my efficiency and integrity and the belief that my nomination and election would go far to heal the differences within party ranks which have prevailed for years. My partisan affiliations are rather well known. No man has ever challenged my loyalty to the party, which I have supported in season and out, ever since becoming a voter. I have worked sincerely to bring about harmonious relationship within the party.

If successful at the primary and the ensuing General Election, I will be in a better position to continue my efforts for peace within the party, and work for the taxpayers interests.

In the conduct of the clerk's office my course will always be in the public interest, partisans in my consideration will not be permitted to interfere with the faithful discharge of my duties.

I am entering this contest without prejudice, determined to make a vigorous clean cut fight.

My appeal is made direct to the Republicans of ALL factions. I shall hold myself responsible to the election alone.

No man is my boss and I shall take orders from none; even though I have SUFFERED severely many times for following such a course.

If the Republican voters have confidence in me—recalling that never have I broken a pledge, public or private—and nominate and elect me to the office of county clerk, to

which I have the honor of submitting my name, it will be my pledge to give the County of Burlington a more efficient and economical administration than heretofore.

My candidacy is in the voters' hands and I shall be content to await their free judgment.

My slogan—"Regular Republican—Economy with honesty."

CHARLES R. STOUT,
Florence Township, N. J.

Know Your Government

Compulsory Spending

So much time has been devoted by the New Jersey Legislature to the struggle to agree on a relief financing plan that scant attention has been paid to the need to relieve local governments from the restrictions placed upon them by mandatory "spending" laws.

An unprecedented amount of activity this year by local Taxpayers' Associations, leaves no doubt that there is widespread desire to control governmental costs, to bring expenditures within reasonable bounds, and to avert rising tax rates.

Attendance by taxpayers groups at budget hearings in the past Spring reached record figures. Multitudes of taxpayers, incensed by impending tax increases, thronged the meeting places, and in many cases made it necessary to transfer the hearings to more spacious quarters. Represented by capable spokesmen, they made it clear to local officials that economy must be made, and that budget estimates must be scaled down.

Fixed Items

Although the taxpayer groups succeeded in securing sizable budget reductions they found that many budget items are fixed by county and municipal population figures, and they found that certain services are mandatory, and that minimum salaries are required. They discovered they were up against a stone wall, because state imposed laws demand that these services be maintained, and that these salaries be paid.

The mandatory laws require municipalities to "spend" money. More than 1000 of them are on the statute books. For example, they fix salaries of Boards of Freeholders, of county clerks, surrogates, sheriffs, tax collectors, tax assessors; they establish tenure of office, regulate this and that, and almost every other thing, so that municipal officials have less and less control of spending. They prevent reduction of salaries, elimination of unnecessary jobs, and in general they stand in

the way of economies.

Mandatory Laws

Effects of mandatory laws upon property taxes is a matter of record. At least seventy-five cents of every municipal tax dollar is spent according to their dictates. In 1933, when municipalities were in dire straits, the New Jersey Taxpayer Association sponsored state legislation that suspended the demands of the "spending" laws. Continuing through 1936, the suspension paved the way for considerable reductions in local budgets. Conservative estimates show that during the four years of suspension the accumulated reduction in municipal tax levies was more than \$101,000,000.

Despite the obvious advantages to local governments, suspension of the "spending" laws was not renewed by the Legislature in 1937. As a result, municipalities were compelled to go back to their old spending habits, and property taxes have continued to rise, reaching nearly intolerable heights this year.

So that municipalities will be free to keep their budgets under control, so that they can keep tax rates from soaring to unreachably heights, legislative action must be taken promptly. Steps must be taken to suspend at least the provisions of mandatory "spending" laws. While suspension is in effect, legislators should make a thorough study of all mandatory laws, leading to revision and repeal wherever consistent with public welfare.

Egyptian beads found in a Bronze Age burial barrow at Stockbridge, England, indicate commerce between England and the Mediterranean as long ago as 1700 B.C.

NEW ERA BUSINESS NOTES

Follow the business news at home—It pays big dividends

AUGUST SALE

Shulman's Department Store at 13 West Broad street, Palmyra, announces this week the inauguration of its big August Clearance Sale. Odd lots of merchandise and odd sizes are offered at extremely low prices.

Ladies shoes for instance are as low as one dollar per pair. Other bargains are offered in children's shoes, ladies dresses, men's sport shoes, children's dresses, etc. Consult their advertisement in this issue for details.

The store will be open Thursday, Friday and Saturday nights during the sale.

Patrons of the Broadway Theatre are glad for the new "black on white" letters adorning the marquee announcing current pictures. A decided improvement for anyone trying to keep informed of today's "flicker" in passing.

Alterations and Repairs.

NOTICE

Notice is hereby given that sealed bids will be received by the Township Committee of Cinnaminson Township for the surface treatment of Morgan, Purnell, and Melrose avenues, in the Township of Cinnaminson, in the County of Burlington, in a bituminous surface upon a gravel foundation, estimated amount of bituminous surface, 2,212 square yards and an estimated 6,250 gallons of SC-3 oil applied; and opened and read in public at School House, Cinnaminson Township on Tuesday, September 5, 1939, at 8 p.m. Daylight Saving Time.

Drawings, specifications and forms of bids, contracts and bond for the proposed work, approved by the State Highway Commissioner, have been filed in the office of Shadwick & Wills, 212 Smith-Austerlith Buildings, Camden, N. J., and of said State Highway Commissioner, Trenton, N. J., and during business hours. Bidders will be furnished with a copy of the specifications and blue prints of the drawings by the Engineer on proper notice and payment of fee of preparation. Bids must be made on standard proposal forms in the manner designated therein and required in sealed envelopes, bearing the name and address of bidder, and name of road on outside, addressed to Harold R. West, Clerk, Cinnaminson Township, Palmyra, N. J., not less than ten (10) per cent. of the amount of the proposed work, and delivered at the place and on the hour above named. The standard proposal form is attached to the supplementary specifications, copies of which will be furnished on application to Engineer.

By order of the Township Committee of Cinnaminson Township.

HAROLD R. WEST,
Clerk.

STIFF CONTEST IN CINNAMINSON

Three-Cornered Battle for
Committee; Complete
Candidate List

With three candidates in the field for the Republican nomination for member of the Cinnaminson Township Committee, the Primary Election in that municipality appears to be the center of attraction as far as local aspirants are concerned.

Herbert Dinges, present member of the governing body, is being opposed by Joseph L. Ober, of Parry, and George A. Erickson, of the Morgan Heights section.

The remaining candidates filing in Cinnaminson for various positions are as follows:

Township Clerk—Harold R. West.

Township Committee

First District, Republican—Irene G. Parsons, Mary Manoe and David B. Coles, Democrat—Anna T. Denner and Xavier Walzer.

Second District, Republican—Dorothy Houston and William M. Johnson, Jr.

Third District, Republican—Jessie Dorworth and William F. Kennard.

As far as the local situation is concerned, the Primary Election will have little significance in Riverton, there being no contest for any of the positions.

The ticket follows:

Mayor—H. McIlwain Biddle.
Council—J. Wilson Sylvester, Nathan Lane.

Justice of Peace—William H. Bottger, Jesse M. Coddington.

County Committee

First District—G. Rex Showell, republican; William J. McDermott, democrat; Max Lavery, democrat.

Second District—Richard M. Woodward, republican; Alma M. Evans, republican.

Third District—Gertrude E. Hamlin, democrat; Christopher Davis, democrat; Hilton M. Smith, republican; Emma A. Elliott, republican.

Palmyra

Mayor John F. Ward, faces no opposition for the Republican nomination. (continued on page 2)

Ferry House To
Watery Grave?

The old ferry house, at the end of Cinnaminson avenue, Palmyra, seems destined to end its days in the Delaware River unless demolition takes place before the structure takes its last plunge into the water.

The foundation of the former ticket office, waiting room, etc., was weakened during the storm two weeks ago and, since that time, the building has been slowly settling. The brisk wind on Tuesday did much to hasten the final plunge.

The ferry, a scene of considerable activity a few years ago, was abandoned when the Tacony-Palmyra bridge was opened. Since that time the buildings have been unoccupied with the exception of a short period when C. Biddle Atlee had a coal office there.

The cruiser of R. M. Hollingshead, out of commission for several years and with its superstructure boarded over, lies in the slip that was formerly used by the "Tacony" and "Palmyra" in their trips to and fro on the river.

LIBRARY TO OPEN

The Riverton Public Library will open on Friday, September 1, and the daily hours, until further notice, will be 10 to 12 a.m. and 7 to 9 p.m. The library will be closed all day on Monday, September 4, Labor Day.

THE NEW ERA

RIVERTON :: CINNAMINSON :: PALMYRA

50th Year No. 33

RIVERTON—PALMYRA, N. J., THURSDAY, AUGUST 31, 1939

PRICE FIVE CENTS

NO CHANGE IN OPENING DATES

As far as could be learned on Wednesday of this week, there has been no postponement planned for the opening of Riverton and Palmyra schools because of the prevalence of infantile paralysis in other sections of South Jersey.

The Palmyra grade schools and high school will open on Tuesday, September 12, while the Riverton Public School will open on Monday, September 11.

GOOD TRAFFIC RECORD SO FAR

Deaths Show Decrease of 72
Over Same Seven Months
of Previous Year

Despite factors that usually increase the accident hazard, New Jersey completed the first seven months of the year with 407 traffic fatalities, a decrease of 72 over the same months of last year and 273 less than in the comparable months of 1937. The decrease is fifteen and forty per cent respectively.

Even the dangerous month of July which marked the first real influx of World's Fair bound out-of-State motorists came through with fewer deaths than in other years and there is evidence that the current month will likewise show a sizeable decrease.

All Cooperating

Motor Vehicle Commissioner Arthur W. Magee, who makes the announcement, attributes much of the death decrease to the law enforcement agencies which are cooperating as never before in traffic safety control.

"Except in a few communities, 'ticket killing' has practically disappeared, speed laws are being more strictly enforced and greater attention is being paid to the right and safety of pedestrians," said the Commissioner. "It is a healthy condition and will pay dividends in more lives saved and fewer persons injured."

Summary

Following is a seven months comparison of traffic fatalities according to counties for the years 1939 and 1938:

Atlantic	27	25	2 more
Bergen	30	46	16 less
Burlington	18	19	1 less
Camden	20	35	15 less
Cape May	4	4	less
Cumberland	16	5	11 more
Essex	73	60	13 more
Gloucester	13	13	none
Hudson	38	36	2 more
Hunterdon	5	14	9 less
Mercer	21	17	4 less
Middlesex	38	53	15 less
Monmouth	21	28	7 less
Morris	18	12	6 more
Ocean	7	9	2 less
Passaic	21	28	7 less
Salem	4	15	11 less
Somerset	11	8	3 more
Sussex	3	6	3 less
Union	18	40	22 less
Warren	5	6	1 less
State	407	479	72 less

FIREMEN'S CARNIVAL

The annual carnival given by the members of Independence Fire Company No. 1, of Palmyra, will be held on the lot adjoining the fire house, Broad street, on Friday and Saturday, September 8 and 9.

A radio set will be one of the awards given in connection with the affair which, according to the firemen, will have some unusual features this year.

New Colors

In some places they are red, in others yellow, but fire hydrants in this section are being painted aluminum with green trimmings, the new color scheme having made its appearance in Palmyra recently.

FORTNUM TAKES SOFTBALL TITLE

Orman Pitches V-8 Outfit to
Win in Fifth Tilt of
Local Series

The 1939 championship of the Memorial Park Softball League was decided on Monday night of this week, when a determined Fortnum team downed the Broadway Theatre aggregation 7-1 in the fifth game of the playoff series.

Orman, winning hurler, returned to action, following his disastrous defeat in the first game of the series and fired the charges of Bill Anderson into submission. His control was much better than during his earlier appearance and he fanned 11 in the seven inning session. Broadway got four hits, including a double by Bill Baker and received four free tickets.

Chick Foulke, Manager Anderson's pitching selection, was nicked for nine safeties, but his support faltered on several occasions.

Broadway Starts

After both teams went out in order during the first, Broadway took a one run lead in the second. With one out, Humes stroled and went in third on Baker's double. He crossed when Easley singled with vig.

This run loomed large until Fortnum, in the lower half of the same frame got a pair as an early Xmas present. Enskat grounded out, but Landgraf got the first hit off Foulke. Cole singled, while Huff skied to W. Baker, Landgraf going to third on the play. He counted when Burke threw wide to Humes on Small's bouncer. Coles also tallied when Buchholz dropped Humes' throw to catch the former at the rubber.

Broadway's best thereafter was to get a runner on base in each of the third, fourth and fifth frames, Bauer reaching the keystone corner in the fourth. Orman walked Buchholz and Humes to start the ninth, but the next three batters were easy outs.

Not Needed

Although, as things turned out, they were not needed, Fortnum did a little more along the scoring line as the affair progressed. Orman hit to center in the third and Easley made a desperate try for the ball, but it rolled to the bleachers for a home run.

The winners added four more in the eighth on four hits, an error and some rather bad breaks.

The defeat was a big disappointment to Manager Anderson who, having won the cup for two years, has been trying for several seasons to annex his third championship. The win was the first title for the team led by Manager Walter Beddow.

SCHOOL NOTICE

Miss Caroline M. Staman, supervising principal of the Riverton Public School, announces that the school office will be open on Wednesday, Thursday and Friday, September 6, 7 and 8 from 10 a.m. to 12 noon to enroll new pupils.

Children aged not less than 4 years and 3 months on September 1 will be admitted to the kindergarten on presentation of birth and vaccination certificates.

Applications for admission to the kindergarten will be accepted during the first two weeks of school only.

FREIGHT CAR AT HARDWARE ROOM

J. T. Evans Co. Building
Shaken by Unwelcome
Intruder Monday

Office employees of the Joseph T. Evans Co., Main street, Riverton, were startled shortly after 1 o'clock on Monday afternoon, when the building shook as though an earthquake had struck the vicinity.

It wasn't a ground tremor, however, merely a freight car that had broken in the end of the hardware room on the first floor and scattered a choice array of nuts, bolts, etc., over the compartment where such stock is stored.

Too Fast

The daily freight was shifting a car of lumber up the south spur of the Evans siding and the end of which runs into the building proper. Because of the steep grade at this point, the engine must attain considerable speed in order to locate a car at the proper point.

On Monday, the train was going too fast and the end car rammed the heavy bumper at the west end of the siding, tore it loose and then connected with telling force against the upper portion of the hardware room, the wall of which appeared as though struck by a shell.

Damage was not extensive, however, since the car stopped just in time to prevent it leaving the rails. Fortunately, no one was in the hardware room at the time of the crash.

Guest Soloists At Concert Here

Due to inclement weather last Friday night, the band concert program in the Grove, Pal

Workmen have finished painting the exterior of the Williams-Wright building and several other homes in Riverton and Palmyra are also being painted at this time. Property improvements of this nature during the present year have been more extensive than during the past several seasons.

The Wallace lane crossing is still closed to traffic, since work on the pavement over the railroad at the north end has not yet been completed.

There was little activity at the new stadium this week. Part of the forms for the third section have been erected, but much still remains to be done before concrete can be poured on this part of the job.

Candidates for the Republican County Committee in Palmyra expect a brisk campaign, with George N. Wimer, veteran member heading the activities of a slate that is opposed by a group affiliated with the Lamon organization.

A number of local residents who have been out of town all summer are expected to arrive home after Labor Day. Business in this section is due for a spurt about that time.

The Dreer gardens on Cedar street continue to attract numerous visitors.

This week workmen started the construction of the addition to the Palmyra Bank building that is being converted into a house of worship for the congregation of the Bethany Evangelical Lutheran Church.

Paul Burke, one of the popular proprietors of the Burke & Easley Service Station, is vacationing at Surf City. He expects to garner a record crop of denizens of the deep during his sojourn at the shore.

Employees of the Palmyra Riverton Water Company were engaged the early part of this week in renovating the line on Pomona road, Cinnaminson township.

Two of the Russian students who resided at the former Groves home, Riverton road, sailed this week for Europe on the Normandie.

A number of local residents sent in a set of answers to the "See America First" contest recently sponsored by a Philadelphia newspaper. From all accounts, the library would have done a rushing business, had it been open last weekend, since reference books were in great demand.

Those who have been forgetting the Saturday closing of the Cinnaminson Bank and Trust Company will be relieved to note that the institution will again be open Saturday morning, starting this week.

STIFF CONTEST IN CINNAMINSON

(continued from page 1)
ination as head of the governing body, but will have to defeat Howard Powell, Democratic standard bearer in the general election.

Charles K. Mervine, veteran member of borough council, again seeks

the Republican nomination with the other aspirants being John C. Landgraf, Charles Hahn and James Henson. There are two vacancies.

A brisk battle is expected for the post of members of the Republican County Committee, since two groups of candidates have filed in four of the five districts.

The Democrats have no opposition on their ticket for the local offices, Howard E. Powell running for the mayor nomination, with Edward L. Kunkle and William H. Leyrer being the council aspirants. George A. Cross is out for justice of the peace.

Committees
The complete list of county committee candidates on both parties is as follows:

First District, Republican—Lewis Bettinger, Anthony Sacca, Hannah P. Flynn and Mary Prisco. Democratic—Harry R. Stack and Katherine M. Capone.

Second District, Republican—Millon B. Faunce, Thomas Schwinn, Mary L. Hare and Dorothy Christine. Democratic—Hannah G. Doonin and Harry T. Williams.

Third District, Republican—Clarence N. Hubbs, George N. Wimer, Elizabeth Bratton and Elizabeth Hemmingsway Tees. Democratic, Leo Zink, Robert C. Thomas and Mary E. McLaughlin.

Fourth District—Republican, Ellsworth W. Coates, L. W. Hampton, Lillian Hamelman and Helen B. Reiter. Democratic—Sidney S. Burger and Caroline F. Carson.

Fifth District—Republican, Maurice Sandoz and Elsie M. Landgraf. Democratic, Howard E. Powell and Madeline Jenkins.

STELLAR HOLIDAY BASEBALL STATE

A full Labor Day weekend is assured local baseball fans, with three games being on the slate for the Riverton A. A. tossers.

The opposition on Saturday afternoon will be Bristol A. C. at the usual place and time.

On Labor Day afternoon, Riverton and Palmyra will resume their feud at Memorial Park in a double bill, the first frames getting under way at 10.30 a.m. and the second at 3 p.m. Each team won one decision and both managers will be out to sew up the series by a double win.

If a fifth game should be necessary, it will be played at Memorial Park on Sunday, September 9.

Evenly Matched

If Manager Sims has both Baker and Diefenbaugh ready for the card, Riverton appears to have a good chance of making things interesting for the Palmyrians, although Manager Rapp's charges, headed by the classy Ed Humes, are a dangerous outfit and anything is liable to happen.

It is expected that record-breaking crowds will be on hand to view the encounters.

AMERICANISM

Definition given by Bishop James E. Freeman, Major, O.R.C., U. S. Army, as published in the September issue of the American Legion Magazine:

"Americanism is complete and unqualified loyalty to the ideals of government as set forth in the Bill of Rights, the Declaration of Independence and the Constitution of the United States. It is respect for, and ready obedience to duly constituted authority and the laws of the land."

"It is freedom without license, religion without bigotry, respect for all nations without entangling alliances, Christian charity without bias or race hatred, love of our flag and a readiness to defend that for which it stands against every alien and subversive influence from without or within. This, I believe, is Americanism."

ABOUT THE COUNTY

George W. Brown, 55, negro, of Richmond, Va., an itinerant laborer, was fatally injured last week when struck by an automobile along the North Lenola road. C. D. Hall, of Moorestown, driver of the car, took the victim to the Burlington County Hospital where he died a short time later. A cerebral hemorrhage and fractured ribs were given as the cause of death.

This was Burlington county's twenty-second motor vehicle fatality for the year.

Although definite plans of War Department engineers to relieve flood conditions in Mount Holly have not yet been announced, it was indicated at a meeting of the Township Committee in that community that a \$400,000 flood relief project may be approved.

Nearly one hundred irate residents of the lower section of the town left their homes, many of which still showed signs last night of damage by the flood of earlier in the week, to demand that some action be taken by the governing body to bring relief from overflowing banks of the Rancocas creek.

With the third flood in slightly over a year still a vivid memory, irate residents of the area demanded that the town executives take prompt action.

Managers of Mt. Holly softball teams refused to take seriously the suggestion of a fan that tomatoes be substituted for softballs in league tilts last week in observation of Mt. Holly's first South Jersey Tomato Festival. They also refused to permit outfielders to use canoes so all ideas of conducting water games at R & P and Mill Dam Parks were abandoned.

Mount Holly Townsend Club No. 1 has leased and moved into its new headquarters at 81 Washington street. The headquarters will be open permanently for new members. At the meeting on Wednesday night the club was presented with a large silk emblem of the Townsend cause, by friends of the movement.

The City of Bordentown received official word from state W.P.A. headquarters last week that two of the city's most important W.P.A. projects will not be shut down with other jobs as a part of the W.P.A. economy program.

The projects which will continue are the athletic field on the Gilder tract, Crosswicks street, and the construction of a 36-inch concrete pipe line at the water works, at White Horse. Both are good sized undertakings and employ a large number of men.

SHERIFF FURTH ENDORSES GOOD GOVERNMENT SLATE

"I believe the Good Government League of Burlington county is presenting to the Republican voters one of the strongest and finest primary tickets in years," declared Sheriff F. George Furth this week in making public announcement of his endorsement of the entire ticket. "Every candidate," he continued, "is well known and favorably known for his individual staunch Republicanism and qualifications for the office to which he aspires."

APPROVES LOCAL ROAD

State Highway Commissioner E. Donald Sterner recently approved the specifications for the bituminous surface treatment of Morgan, Purcell and Melrose avenues in Cinnaminson township.

State Aid in the amount of \$800 will be used for surface treatment of a width of 20 feet for six-tenths of a mile. The project will provide three man-weeks of employment.

CHIEF BECK ON VACATION

Chief C. Morris Beck, of the Palmyra Police Department, is enjoying his annual vacation. During his absence, Captain Joseph Rodgers is in charge of the day force.

Election boards organized this week.

Automatic Heat
DOES NOT MEAN COSTLY FUELS!

● When you install a Fairbanks-Morse Automatic Coal Burner, your fuel bills can be reduced. And they stay down—year after year. Here is the only type of automatic heat that can cost less than hand firing. Let us prove it to you. Phone us now.

Fairbanks-Morse Automatic Coal Burner

No coal shoveling—NONE. NO DUST. Installed in a few hours. No extras to buy. Slips into the furnace you now have. Gets more heat out of cheaper grades of coal. Investigate!

Take advantage of our opening free offer!

STORK SUGGESTS B.&L. FOR BABIES

Has Cooperation of Palmyra Building and Loan Association

While it is not the latest of fashions, the stork, which makes visits in every vicinity, heartily recommends the reviving of that old custom, namely, that simultaneous with his visit, the parents should take out shares in the Palmyra Building and Loan Association to give the "new arrival" the proper start in life.

The uses for savings of this kind are quite obvious. Primarily, the object has been to assure them of further education as they grow older and encourage them to save when they have attained the earning age. It is quite interesting to note that the boy and girl, thus given a start, have made good and have risen to great heights in the world.

Saving Envious Habit

The saving habit, which is an enviable one, is not to be cornered by anyone at any age. From the boy or girl who earns pin money, to the man or woman of means, Palmyra Building & Loan Association provides a medium through which they all can very profitably save. Then too, the one who has surplus savings and wishes to invest them safely and still reap a good return, will want to invest in Income Shares which have a current yield of 4 per cent.

No time like the present to start, if you are not a systematic saver. The Palmyra Building & Loan Association will open its 70th series on Tuesday, September 5th, in P.O.S. of A. Hall, Palmyra, from 3 until 9 p.m. The regular meeting is on the first Monday of each month but due to this being a holiday, it is being held Tuesday.

STRAVER'S BUSINESS SCHOOL ENLARGED

Due to years of steady growth, Strayer's Business School has found it necessary to add an entire floor, thus enlarging its facilities to accommodate one thousand students. To its previous schoolroom accommodations, the following additions have been made: three large classrooms, a library, a reading room, two teachers' restrooms, and an assembly room seating 800 persons. The total area now occupied by the school is 50,000 square feet.

New Gregg Department

The added classrooms will enable the school to conduct a complete separate Gregg shorthand department. Previously, the Gregg shorthand students were taught along with the Pitman shorthand students, but now there will be three separate departments in the Secretarial Training courses: a department for Gregg theory, dictation, and postgraduate students; a department for Pitman theory, dictation, and postgraduate students; and a department for Stenotypy theory, dictation, and court and convention reporting students.

Opening Dates

The fall opening dates of the school are Tuesday, September 5th, for day classes, and Wednesday, September 6th, for evening classes. Present indications are that there will be one thousand students in attendance early in the season.

The terrapin is a member of the turtle family but doesn't like water. After recent heavy rains in south Texas thousands of the slow-moving creatures could be seen ambling across the highways seeking refuge on high and dry land.

Mrs. Emma I. Young, of Burlington.
William C. Kolberg, of Beverly.
Arthur Green, of Florence.
Joseph Calogero, of Burlington.
Democrats

The Democrats present the following compact slate:

Russell Y. Page, of Burlington, for the Senate; Miss Elizabeth R. Cowperthwait, of Medford, for Assembly; Harry E. Moyer, of Riverton, for county clerk; and C. Biddle Atlee, of Riverside, and Roy F. Gill, of Moorestown, for the Board of Freeholders.

There are today 168,573,000 miles of telephone wire in the world, in addition to other millions of miles of wire for industrial uses, in electrical equipment and transmission and for telegraphing, though this is also done simultaneously over some telephone lines.

SUNDAY AND MONDAY, FOX, RIVERSIDE

The Lane Sisters in "Daughters Courageous" appear at the Fox Theatre, Riverside, Sunday and Monday (Labor Day), September 3, 4.

FOOTBALL TEAM DOES HEAVY WORK

The Riverton A. A. Football squad entered their third week of practice at the Riverton Memorial Park last Sunday. Starting heavier work than before the boys are having scrimmage as well as all the former light practice.

Several new additions have been made to the squad during the week such as "Pudge" and "Mick" McDermott of Palmyra High fame.

Other well known additions are Mount, Al Sacca and Mento all familiar local players. With such new material and the older members from last year, Coach Lenker expects to play the first game sometime in September. The boys at present are waging a campaign under the management of Carl Lutz and Nute Hunn to raise funds for complete equipment.

CALVARY PRESBYTERIAN

Rev. Charles T. Bates, B.D., Pastor
Church school, 9.45 a.m.
Morning worship, 11.00 a.m.

At the morning worship next Sunday, September 3, the Rev. Andrew S. Layman, pastor of the Presbyterian Church, of Jamesburg, N. J., will occupy the pulpit.

All those in the community who have no regular church home are cordially invited to enter into the worship and fellowship of Calvary Church.

URGES CARE

Motor Vehicle Commissioner Arthur W. Magee's annual plea to automobile drivers and pedestrians for the Labor Day week-end contains only three words:

Be Extra Careful!
Strict adherence to this rule by both drivers and walkers will avoid the customary holiday traffic tolls which last Labor Day week-end included nine fatalities and 333 persons injured and in 1937 fourteen deaths and 296 personal injuries.

The Buffalo fire department has added dry ice to its weapons for fighting flames. The ice—carbon dioxide frozen solid at a temperature of 2,800 degrees below zero and delivered at a temperature of 108 below—was used by the fire department recently, for the first time, at a grain bin blaze.

PREPARE for WAR!

Not all battles are fought on battle fields. During the past few years many a conflict has been waged in the home. It may have been a fight for existence or perhaps a battle waged against "surprise financial attacks" on the home. Or it could have been the "rapid-fire" demands made upon the individuals before they had a chance to "fortify" themselves. The lesson we have all learned from these experiences is to prepare yourself in time of plenty for that inevitable war against such financial conditions that come into everyone's life.

The PALMYRA BUILDING and

LOAN ASSOCIATION provides a way by which you may store up ammunition, and then when confronted with these financial attacks, it will be ready to serve your purpose most effectively.

Now the PALMYRA BUILDING and LOAN ASSOCIATION funds have a wide variety of uses today—building and the maintenance of homes . . . educating your children . . . recreational traveling . . . financial security in old age, in fact, anything that one may desire requiring a considerable outlay of money which would be an impossibility should a sudden demand arise. Hundreds of families

and individuals in Palmyra and Riverton have found this to be true.

By consistent and systematic saving they have been spared the devastating influences that the "need for funds" has had on the home.

The features of this method of saving are: (1) your money is available at all times, (2) that free shares have been yielding 4½% compound interest, (3) income shares of \$200 each, which can be purchased at any time, have a current yield of 4%. Thus you can earn while you save.

If you have never enjoyed this security

Saving Democracy

In the present status of affairs in Europe we are bound to hear more and more propaganda to effect that we ought to gird on our armor again and fight to make the world safe for democracy. It is true that our first effort along this line was a sorry failure. We did win the war, of course, but democracies are fewer now than before the great struggle.

To see the hollowness of this propaganda one has only to review the situation. Great Britain and France stand forth as the leading democracies of Europe although at this time the latter is virtually under a dictatorship. They do not fear direct attack by Germany and Italy at this time but say that they are determined to stop the Nazi-fascist menace against smaller and weaker democracies. In case we are sold on the idea of saving the world for democracy again, some of the smaller countries we would be expected to save are Poland, Rumania, Greece and Turkey. None of these is by any manner or means a democracy. Poland has been under dictatorship for years: King Carol is the boss of Rumania; Greece went fascist two or three years ago and by no stretch of the imagination could Turkey be called a democracy. In fact, the most democratic small nations, of Europe at this time, Holland, Switzerland, Sweden and Norway, have expressed both a belief and determination that they will, if possible, remain neutral in any war which may descend upon Europe. And the biggest ally which France and England hoped to get, in case of war comes over Danzig, is Soviet Russia, one of the completest and cruelest dictatorships the world has ever known.

The United States can indeed help to save democracy. But it can do this best by keeping out of war in Europe and seeking to preserve and maintain democracy in the United States—as a beacon light to liberty loving people the world over.

Now if we attend to our own knitting and watch out for danger at home, our own constitutional government will not be subverted. But if we mix in European quarrels again to the point of going to war—we will not preserve democracy for the world. Rather we will destroy democracy in the United States. War itself always brings dictatorship. It was temporary so far as the United States was concerned back in 1917. But with the type of leadership and propaganda we have developed in certain quarters in the meantime there is better than an even chance that a war dictatorship established in the United States now, would continue as a dictatorship in time of peace. Our duty now is obviously not to save the world for democracy by sending our sons and our dollars to Europe, but to preserve democracy for the world, by seeing that we make it do its work well in the United States.

More To Be Done

A number of newspapers with the best of intentions are pointing out that, with the spending bill defeated, it is now up to business to go ahead and end the depression. They are declaring that conservative economists have repeatedly said that business was afraid of the pump priming policies of the administration, with a threat of inflation and higher taxes in the offing. This threat, they continue, was abated by the defeat of the New Deal measures in the closing days of Congress. They conclude, therefore, that there is nothing for business now to do except to go ahead.

Unfortunately it isn't as simple as all that, as anyone, who will take a moment to think, can readily see. It is true that Congress, despite its huge appropriations earlier in the session, took a long and sound step toward economy. That does not mean, however, that our economic troubles are over.

Already the New Deal leaders are threatening to put through their spending measures in the session of Congress which will convene in January. So private business already has the sword of Damocles hanging over its head. If that were the only threat, it might be comparatively simple, as Congress probably will again

perform the job it started out to do a few weeks ago.

But that isn't all the story. The New Deal administration hasn't as yet changed its attitude toward private business. It still believes in pump priming, it still favors putting the government into competition with private enterprise, by the use of the taxpayers money. The threat is still there.

Now if the New Dealers really want to give private enterprise a chance they will announce a new policy, an end to business baiting and the federal competition. Such an announcement, if backed up by deeds, would go a long way toward re-establishing business confidence. Until it comes, until we see there has been a real about face at Washington, we can only conclude that we are merely in the hall between two battles. And there isn't much encouragement for business in that.

YOUR GARDEN

WHAT TO DO THIS WEEK

By A. C. McKean
Extension Service, U. S. College of Agriculture

Because the season has been so dry and chrysanthemums have become hardened and have not made much growth, it would be advisable this year to remove about 50 per cent of the buds. Chances are that the plants have set more buds than they can mature, since the leaf area is rather restricted, but disbudding will help somewhat in obtaining the large, attractive blossoms to which so many gardeners look forward all season.

Dahlias will benefit by a severe pruning. In most cases, dahlias have become hardened and rather dwarfed because of dry weather and leaf hopper injury. If pruned now, young shoots will start near the base of the plants and, if rainfall is sufficient during the next few weeks,

the plants will produce good blooms in September.

Roses

Roses are just starting now to make fall growth. With moderate pruning and good spraying, they should give some good fall bloom. Go over them and cut back where there is beetle injury or injury to foliage from disease and give the plants a chance to make strong young buds for fall flowers. A little fertilizing at this time and plenty of moisture are a big advantage.

If the bulbs are obtainable, narcissus may be planted now. Early planting gives them plenty of time to root. Candidum lilies, fritillaria and most of the small bulbs may be put in the ground as soon as they can be bought. They all benefit by early planting and this is a chore which may be completed now unless there are flowers still growing in the space where the bulbs are to be planted. Now is a good time to plant crocuses which do well at the edge of the lawn where the foliage may be allowed to ripen, or in the border.

Much of the transplanting has been delayed on account of the dry

weather but all young perennial seedlings that you want to move should be set in place by September so they will become established before the ground freezes.

BUSINESS

"Hold tight," has been the American businessman's tune during the recent weeks of cumulative crises. Although it is disheartening to have ominous war clouds hanging over an otherwise healthy business picture, the country's merchants and industrialists apparently realize that the moves on the European chess board are out of their hands. They are keeping calm and tending strictly to their own knitting. As a consequence retail sales have shown no indication of slumping, and are expected to total \$37,500,000,000 for the full year. Production and sales of fine paper products are running about 6 per cent over last year, and wrapping paper sales are nearer 8 per cent above 1938. Lumber consumption in this quarter will equal that of the second three months of the year and the 1939 total is expected to be 10 to 15 per cent higher than 1938's.

APPRECIATION

August 26, 1939.

Millside Farms

Riverside, N. J.

Dear Mr. and Mrs. Laslocky:

The Girls of the Riverton Softball Team wish to thank you for your kindness in providing transportation for their team. We feel that it has done us a great deal of good, since it has enabled us to fulfill our obligations to our opponents.

Sincerely yours,
Sadie Holm, Secretary,
Riverton Blue Comets.

Bacteria average about 1-25,000th of an inch in diameter.

Infantile Paralysis

In an interview with a representative of the Burlington County Tuberculosis League this week, Dr. C. A. Munro, President of the Burlington County Medical Society warned the people of the county against infantile paralysis. Dr. Munro said that because the disease in its milder forms is so often mistaken for a common cold or the grippe, it is advisable for anyone with even a slight illness to go to bed, under a doctor's care, and remain away from people until well.

In discussing infantile paralysis Dr. Munro said that although about four times as many children as adults have the disease, no age group is immune. The cause of the disease has not yet been definitely established although it is believed to be a tiny germ too small to be seen under the microscope. The germs are passed directly from person to person, or indirectly by contact with articles freshly soiled with the nose, throat, or possibly the bowel discharges of infected persons.

Rules for Control

The severity of the illness varies markedly, so that a person may have a light attack without being aware of it. However, this person may readily pass on the germs to another who can develop the disease in a severe and crippling form. The greatest damage (paralysis of muscles of the body) is probably done during the first 48 hours of illness.

Dr. Munro laid down the following rules for controlling the spread of the disease:

1. Keep away from crowds and public gatherings at least until the first frosts come.
2. Keep out of public swimming pools.
3. Use scrupulous personal hygiene at all times; wash the hands before eating, before handling food to be consumed by others, and immediately after each visit to the toilet.
4. Teach children not to put their fingers into their mouths and nostrils, and not to use another's toys, such as whistle, horn, or other article which is placed in the mouth.
5. When sneezing or coughing cover the mouth and nose with a handkerchief, preferably a paper one which can be burned.
6. Refrain from kissing and unnecessarily fondling young children.
7. Do not use common drinking cups and common towels. At soda fountains it is advisable to drink through a straw.
8. Upon the slight illness, put the patient to bed in a room alone. Give him fluids and light food. Keep him still. Do not massage the patient. Keep other members of the family and neighbors out of the room, except the person attending the patient. Boil all dishes. If this mild illness continues more than one day, or if the sickness seems at all severe, call a doctor at once.

Asked whether there were any special precautions which might be taken, Dr. Munro said that some physicians are prescribing antiseptic nose drops. He warned, however, that too great reliance must not be placed upon this measure, and that it is important to have such treatment prescribed by a physician. Ordinary nose drops, such as are often used indiscriminately for colds, can do no possible good.

Country Club Notes

The Sweepstakes Tournament last Saturday was won by H. E. Allen, with Rev. H. W. Colwell taking second. Third honors were divided between J. F. Fair and P. M. Scott.

Walter P. Brickley, club pro, and L. G. Rogers played in the amateur pro tournament at York, Pa., on Monday of this week.

The schedule for Labor Day weekend includes the start of the President's Cup Tournament which will be open for three days, September 2, 4 and 9. The two lowest net scores will win the affair, which is medal play with full handicap. On Labor Day, there will also be a two-ball mixed foursome tourna-

Mosquito Control

New Jersey is no longer the butt of humor it once suffered because of the number, size and ferocity of mosquitoes that not so many years ago made the summer months a trying ordeal in many parts of the State. Control commissions and other agencies have done effective work with the limited funds at their command.

But control of the pests must become better and more complete. Tom Headlee, entomologist of the State Agricultural Experiment Station believes, if the maximum possibilities of the unrivaled New Jersey shore area are to be realized. "We must not rest satisfied with what has already been accomplished because there are much better things in store for us if we bring the mosquito under and keep it under control to such an extent the householder and summer visitor will not realize there are any mosquitoes around," he declares. "This condition is no idle dream because it has been shown by past experience it can be accomplished."

Increased Value

"The idea that thorough control of mosquitoes will result in an enormous growth in shore population and visitors is likewise no idle dream. Already with the relatively incomplete control which has been obtained, millions of dollars of taxable values have been created on this shore."

"There is probably no section in the United States which has the great natural attractiveness of the sandstrip extending from lower Point Pleasant to Cape May City. With the beautiful waters of the Atlantic Ocean on the east and the lovely waters of the bays and rivers on the west, there is nothing in the country that can compare with it."

Much More Possible

"Already the development of this sandstrip has created taxable values in the amount of \$219,000,000 as of 1935. In 1910, which was prior to the time mosquito control became effective, the total taxable values of this sandstrip was \$93,000,000. It seems fair to say scarcely more than 10 per cent of the possibilities of this sandstrip have been realized and on this basis the future, accompanied by efficient mosquito control, may well show ten times the taxable values accumulated by 1935, or something over two billion dollars." In the area, it is pointed out, are salt marshes in which mosquitoes find ideal breeding conditions. The building of railroads and highways across the marshes, as well as the construction of buildings and sewer basins, without providing adequate drainage has intensified the amount of breeding by disturbing the natural slope of the land and increasing the number of water-holes.

Need Help

Ocean County has some 40,000 acres of salt marsh, Atlantic County 53,325 acres and Cape May a total of 53,368 acres, these three counties having 50.4 per cent of the total acreage of such land in the State. The Delaware Bay section has 28.8 per cent.

The problem cannot be overcome by mosquito commissions alone, asserts Mr. Headlee, and calls for municipal action in order that a thorough job be done. Municipal authorities should see to it, he declares, that breeding areas within their corporate limits are eliminated. The cost, he predicts, will be returned many times in the form of enhanced tax rates.

LOG
HEROISM IN HAITI
At a lonely outpost in Haiti, Corporal Haley of the U. S. Marines, with the assistance of a small group of native soldiers, was attempting to

maintain law and order. His troops were loyal, but many of them had not yet received their first baptism of fire.

It was in 1916, when desperadoes, called Cacos, were a constant menace to peace and orderly government in Haiti, and the Marines, aided by members of the newly-organized Haitian Gendarmerie, were making an effort to prevent robbery and pillage.

Like a bolt out of a clear sky the Cacos descended on the gendarme barracks in the dead of night, killing or wounding some of Haley's

men and sending the remainder into a headlong flight. Then they attacked the hut where the marine and a gendarme cook had been sleeping.

Sufficient Thrills

Awakened by the uproar Haley jumped from his bunk and barely had time to pull on his shoes before he was engaged in a fight for his life. While the cook kept the rear door covered, Haley fired two shots through the front door, and then pried open an adjoining window with his bayonet and fired point blank at one of his attackers. From a side

window he shot down two more outlaws.

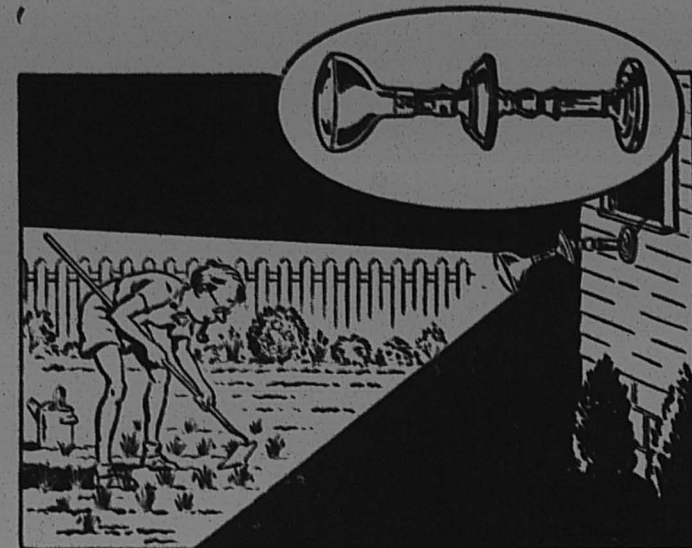

Meanwhile the cook had ably defended the rear of the hut, and soon the bandits who had not fallen were beating a hasty retreat. Hours later Haley learned that the bandits had attacked another outpost that night and had been driven off.

During a few breathless moments Haley had experienced enough thrills to last him a lifetime. His bravery was recognized in an official report which stated: "Corporal Aubrey M. Haley has been pro-

moted to sergeant for gallantry in action at Cerca la Source, Haiti, March 28, 1916, when with the assistance of one gendarme, he beat off an attack of bandits, killing three himself."

A widow or divorcee 30 or more years old is more likely to marry a younger man than her spinster sister of the same age, recent statistics of the Metropolitan Life Insurance company show. Up to 30, however, single women get the younger men.

Business Man Becomes Night Gardener

JUST as Paul Revere's signal lamp once announced a fight with the British; so, each evening the appearance of Mr. Tuttle's out-door lamp prefaces his war on the Japanese beetles.

Mr. Tuttle is a business man but a gardener at heart. More than any after-office sport, he enjoys donning his trunks and "putting" in the garden. Bearding the summer's dusk, Mr. Tuttle devised an ingenious plan.

He inserted a 150 watt floodlight

bulb in an ordinary portable lamp and hung it on the side of the house nearest the garden. The extension cord of the lamp was passed through a window and attached to an electric convenience-outlet inside the house. Result—a beam of clear light illuminating the garden for a distance of approximately 100 feet. The light is sufficient for spraying, pulling weeds, setting out plants and even pruning.

Now Mr. Tuttle can do night-gardening to his heart's content or until he becomes too sleepy to work.

Church Notices

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor

The pastor, the Rev. Oliver W. Powers, will preach at Matins, 8:45 a.m., and the chief service, 11:00 a.m., on the subject "Living Faith Shows Itself."

At 7:00 p.m. the last community service for the summer will be held. Mr. Powers will preach, using as the text for his sermon "God and the Labor of Man." The choir, under the direction of Mr. Lee Mitton, will sing.

These services have been of interest and of help to all, for through them people have had opportunity for a Sunday evening worship service, and have had the rare privilege of Christian fellowship. Bethany Church is very happy to have had a part in the program.

CHRISTIAN SCIENCE CHURCH

"Man" is the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, September 3.

The Golden Text is: "God created man in his own image, in the image of God created he him." (Genesis 1:27).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Mark the perfect man, and behold the upright; for the end of that man is peace." (Psalms 37:37).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the creator of man, and the divine Principle of man remaining perfect, the divine idea or reflection, man, remains perfect. Man is the expression of God's being. If there ever was a moment when man did not express the divine perfection, then there was a moment when man did not express God, and consequently a time when Deity was unexpressed—that is, without entity." (p. 470).

CITIZENSHIP DAY PROGRAM

The Burlington County Citizenship Day Program last Saturday at Mount Holly was as follows:

Opening prayer by Father Emmons of St. Paul's Roman Catholic Church of Burlington; "America" by band and audience, song leader, Mr. Prescott Herr, of Moorestown; Four Mile Colony Band of New Lisbon; speech, C. Richard Allen, state commander of the American Legion and a national officer in the Legion, from Haddonfield; drill by Junior Bugle and Drum Corps of Veterans of Foreign Wars of Mt. Holly.

Speech, Rev. Dr. Cornelius B. Muste of the First Old Reformed Church of Brooklyn, N. Y., and the Community Church of Medford Lakes; drill by Frederick M. Rodgers Post Junior American Legion Bugle & Drum Corps of Palmyra; naturalization ceremony pageant by girls in the tomato festival pageant. Speech, Palmer L. Adams, Director of the Board of Chosen Freeholders of Burlington County, Palmyra; new citizens receive American flags and booklets; "The Star Spangled Banner" by Band and audience; benediction by Father Emmons of Burlington.

The beautiful silk American flags on gilt staves were donated by the P. O. S. of A. Camp 23, of Palmyra. Patriotic booklets were furnished by the Philadelphia Inquirer. The chairman of the Burlington County Citizenship Committee is James P. Hughes, of Palmyra.

Wesleyan Men's Bible Class

For the Men of the Community
"Small Things"

We are admonished in the Bible "Not to despise the day of small things." We are prone to estimate the value of a thing by its size, not thinking oftentimes the mightiest of forces are within the so-called small things.

Thomas Carlyle, the famous English author, describes in one of his essays how a blacksmith in his pounding on the hot iron, releases sparks of fire that go through the open door and mingle with the heat forces of the universe. There is nothing big or little that is not related to other and larger powers of the world.

God notices the small as well as the great. Jesus said: "Not a sparrow falls to the ground without your Father's notice." Not one of us is beyond His love and care. Are ye not of more value than many sparrows?

Estimate not the value of a thing by its size, rather by its potentialities. A single word of Scripture transformed the life of Luther and started the Great Reformation.

To study the Bible we should know that in the word of God are enwrapped the mightiest forces, moral and spiritual. Be with us next Sunday morning at 9:50; open with others the Bible and feel the thrill of words that have shaken the world. A tiny seed, but think of the harvest; also it represents the Kingdom of God in its unfolding.

"Despite not the day of small things"—your absence or presence to study the Bible we should know that in the word of God are enwrapped the mightiest forces, moral and spiritual. Be with us next Sunday morning at 9:50; open with others the Bible and feel the thrill of words that have shaken the world. A tiny seed, but think of the harvest; also it represents the Kingdom of God in its unfolding.

STOKES ENTERTAINS YOUNG REPUBLICANS

A large and enthusiastic group of young Republicans from Palmyra, Riverton and Cinnaminson were the guests of Dr. S. Emlen Stokes, State Senatorial candidate, at a garden and swimming party held last Thursday evening at the assemblyman's home in Moorestown.

After a delightful swim in Dr. Stokes' modern pool an informal meeting took place in which the "Regular Republican" candidates offered brief but informative talks on the functions of county and state government.

Among the speakers were the following candidates: Dr. S. Emlen Stokes, Thomas D. Begley, Charles R. Stout, Walter D. Lamson, and LeRoy Church. Clarence N. Hubbs, Jr., a candidate for county committeeman from the third district of Palmyra, was appointed chairman of the group and plans were formulated to hold the next meeting, on this Thursday evening, August 31, at eight o'clock in Society Hall, Palmyra. A noted big game hunter and sportsman, E. Budd Marter, 3rd, of Edgewater Park, will present a lecture and exhibit his motion picture recording of his recent hunting and fishing foray into Alaska. Refreshments will be served.

Next to bow-legs, a girl's worst handicap is a sense of responsibility.

OBITUARIES

LEWIS McCOMB

Lewis Glenivier McComb, late of 200 Union Landing road, East Riverton, and son of Mr. and Mrs. Albert McComb, died last Friday morning, August 18, after seven weeks illness at the Cooper Hospital, Camden.

At the age of 11, he was baptized by the Rev. M. A. Foster and remained a member of the St. Paul Baptist Church of East Riverton, until the end.

Graduating from the Cinnaminson and later the Palmyra High School, he was married to Maude E. Gibson by the late Rev. C. H. Gibson, assisted by the Rev. William A. Dorsey.

During his life, Mr. McComb was an active and popular member of the young married set; being an active worker in the local Civic Club. The remains were viewed, Monday evening, August 21, from 8 to 11, and burial, Tuesday afternoon, from his late residence, with the Rev. M. A. Bowe, pastor of St. Paul Baptist Church, and the Rev. G. A. Mitchell, pastor of Mt. Zion A.M.E. Church, officiating. Interment was at the Sunset Memorial Park, Delair.

He leaves to mourn his departure, wife, Maude Gibson McComb, father, Albert McComb, and a host of relatives and friends.

EPWORTH M. E. CHURCH
Rev. W. A. Boyd, Pastor

Mrs. Arthur Mandeville, contralto, will be the soloist at the morning service.

John Knight, of Beverly, a student minister, will be the speaker.

The Rev. William A. Boyd will return and be the speaker at both services on September 10.

MAZDA

MAZDA LAMPS
All Sizes
FROM 100 WATTS DOWN
15¢ each

Are you getting all the light you should from the electric light bulbs in your reading lamps and fixtures? Make this simple inspection. Look at your bulbs under daylight. If you see a dark film inside you are losing light. Replace all blackened and burned out light bulbs with new and brighter MAZDA LAMPS. Sizes 100 watts and under cost only 15 cents each at Public Service stores or your electrical dealer's. Get a supply now at this low price.

PUBLIC SERVICE

A Carton of Mazdas Makes a Fine PRIZE FOR BRIDGE

The Tacoma Chamber of Commerce plans to build Mount Rainier eleven feet higher and regain its standing as the third tallest peak in the United States. That ought to be a pretty good W.P.A. job.

Lots of public men give their wives credit for having helped them to go places but did you ever know of any woman who gave credit to her husband for helping her up the ladder of success?

Examination of the archives of the London Post shows that the poet Chaucer was a customs officer back in the 14th century. And the guy didn't even know how to spell!

So far it has cost the country \$25,000,000 to learn that you can't make water run up hill and some people haven't found it out yet.

Some of these days some inventor is going to get rich by inventing a windshield which cannot be sprayed and wiped by the filling station attendant.

It is said that Washington, Jefferson, Lincoln and Cleveland never smiled when they had their pictures taken. Maybe they knew what was ultimately coming.

Here is the bureaucratic record of the New Deal for five years expressed in terms of increasing the public payroll:

Date	Federal Employees
June, 1934	673,095
June, 1935	719,440
June, 1936	824,259
June, 1937	841,664
June, 1938	857,824
June, 1939	925,260

The experts in Washington estimate that in 1955 the payments to beneficiaries of the old age pension will exceed by \$80,000,000 the taxes taken in to pay for them. Well, the New Deal doesn't have to worry that far ahead—not nearly that far ahead.

A Rochester, N. Y., woman, approaching her 100th birthday, says that she remained an old maid because her life was so full she didn't want it cluttered up by a man. Now it all women were like that just think how much safer the world would be for us men.

An American woman crossing the British Channel ordered her automobile dumped into the Channel rather than pay customs duty for having it stored in France. Well, that was one way to liquidate the matter.

A motorist out in California took a pot shot at a student who had tripped his car in front of a fraternity house. Instead of prosecuting him they ought to call him America's citizen Number One.

A New York confidence man was given a ten-year stretch in prison by the court the other day. That ought to make him lose some of his confidence.

THINGS TO WATCH FOR

"Antiseptic" chewing gum, alleged to be capable of killing at least 90 per cent of the bacteria present in the mouth . . . Neatly boxed floor fan designed to put the floor's comparatively cool air into circulation . . . Requiring no more room than a telephone, a new portable adding machine which weighs only nine pounds . . . Small-home or apartment ventilator that comes in a cabinet with adjustable panels so that it fits into any window 24 to 36 inches wide . . . Canned roses, just as fresh looking as the "raw" ones but having no scent.

I like people who know where they are going and what they want.

HITCH-HIKERS AROUSE WRATH

The hitch-hiking pest is again the object of motorists' ire.

Many complaints have reached the Keystone Automobile Club lately about the highway thumb-jerkers, motorists declaring that the importunities of the pests are not only annoying but frequently obnoxious. Curses and coarse jibes often are hurled at drivers who refuse to stop at the behest of free ride-grabbers.

Trevor B. Mathews, manager of the Camden Division of the club, declared that so long as some motorists give hitch-hikers a lift, so long will this form of parasite continue to thrive. Motorists, it is asserted, have it well within their own power to squelch the pest. Unanimous refusal of drivers to pick up the ride moochers would soon put an end to the practice.

No Obligation

"There is no reason why a man who buys an automobile and pays a heavy tax to operate it should feel under any obligation to give transportation to any ride beggar who makes the request with a jerk of the thumb," he said. "The hitch-hiker who confidently waggles his thumb at a motorist wouldn't think of getting a ride on a street car or train by the same means, because he knows it wouldn't work."

Warning is given by the club that motorists frequently have been repaid for their kindness "with a clout on the back of the head and robbed of car or money." Others have found themselves defendants in damage suits because of injury to the self-invited guests. Aside from these serious considerations, motorists are jeopardized by the appearance of the hikers on the highways. They often are forced to swerve sharply to avoid them, and crashes with approaching vehicles sometimes result.

POWERS ASKS ENGINEERS FOR HOLLY FLOOD ACTION

Congressman D. Lane Powers recently requested action from the War Department Engineers to curb Ranocas River floods which have inundated the Mill street section of Mt. Holly three times in little more than a year.

The Congressman's request has gone in to Major C. W. Burlin, district engineer in Philadelphia, while residents of Mt. Holly's Mill street section are still cleaning up debris left by the receding flood waters of early last week.

In his request to Major Burlin Powers asked to be advised of the status of investigation on the Ranocas flood conditions which has been under way by the engineers for some months.

Prime Importance
"This matter is of prime importance" to residents of Mt. Holly and Burlington County," the Congressman assured the Major. "The entire community is thoroughly in sympathy with those property owners whose properties have been damaged, and their lives endangered, three times since the middle of last summer."

"I am withholding further requests for action until I learn from you the status of your activities. You may be sure I shall be as grateful as the people of Mt. Holly for any remedial suggestions you may have to make, or any action you may be able to initiate."

HAS BOX AT MERION

Oliver G. Willis, of Bank avenue, is listed as one of the box holders for the coming Davis Cup tennis matches at the Merion Cricket Club.

A number of tennis enthusiasts from this section plan to attend the competition.

A good time is seldom had by all.

Health Question: How effective is widespread vaccination in reducing the incidence of smallpox?

Doc Says:

This question is answered best by statistics.

Thirteen states with compulsory vaccination laws had fewer than one case of small pox per hundred thousand people each year from 1933 through 1937. The case rate in these 15 states was 0.57 per 100,000 population for the four year period.

States in which local option prevailed had as a group six times as many cases as the first group of 13 states. The case rate in these 15 states was 3.43 per 100,000 population.

Twenty-two states with no compulsory vaccination laws had almost 26 times as many cases as the first group. The case rate in this group of states was 14.1 per 100,000 population.

The statistics speak for themselves. They should be revealing enough to overcome any "fear of the needle."

New Jersey has had no deaths from smallpox for several years. This excellent record is the result of wide-spread vaccination. Continued emphasis upon vaccination of children and revaccination of adults will help to keep New Jersey among the leaders in the conquest of smallpox.

Health Question: What efforts do airlines make to insure that their pilots are physically fit?

A publication of the American Medical Association reports that most airline pilots receive a physical examination every three months. They are also instructed to report any illness or any evidence of physical imperfection which may occur between examinations. The examinations are very complete and thorough. Early discovery and treatment of defects help to keep the pilots in excellent health. Safeguarding the health of the

YACHT CLUB YARNS

BY NUTE
AND
MIKE

Anyway we don't make the weather, we just comment about it. And perhaps this week it isn't even worth commenting about.

So Rub (MightyAtom) Gladney being outclassed in the race for "Horizontal Kingship," pulled a new kind of Horizontal trick by going to the hospital with appendicitis and becoming really horizontal. Look out Smitty or you'll lose that Kingship yet.

We apologize: Parsons didn't launch that Starboat Friday. Perhaps there will be an ice-breakin' party after all.

We apologize again: that excellent dinner Saturday night was not run by the entertainment committee, but by the Ladies Auxiliary. And a very nice job too.

Recent Races

And as long as apologies are in order; Maybe Howard L. should render one for trimmin' Bob L. twice in one day last Saturday, not to mention where the rest of the Duster Fleet came in.

Furthermore, if we have ever cast any aspersions on the sailing ability of one Ed "Snuffy" Smith, we take it all back. He sure showed the boys "HOW" last Sunday at Wissanoming.

In the Comet Class, Somervell and Levine, "showed 'em how" at Ocean City Yacht Club this week. First and Second no less.

We were told not to mention that watermelon party that's coming off Wednesday night. Instigated by none other than Snuffy we hear. Who mentioned Spiked watermelons?

While we're dishin' the dirt, Swope and Sheble fouled out at Ocean City; and when they both had a swell chance too. Phooey to you.

Photography

Mr. Mudd our Comet Fleet Captain, and George Bornet are runnin' a close race for photography honors in the club. This week we believe

Mudd had the edge with some swell pictures from the Chesapeake; although in past weeks honors have varied in this line.

And still the small sailboat race grows, with a new member in our Comet fleet. And all the way from Pennsylvania too. We believe the name is Hess, but then reporters never do get names straight, even if names do make the news.

Fritz Steiner cleaned house down at Garrison Lake in Nute Hunn's Duster last Saturday too. Just one more place where the Dusters are growing fast. Some boats, those things.

We wonder when Cliff Loane is gonna finish his Duster? J. Orlemann is really slappin' his together in a hurry. A new one up in the Coe household too, we hear.

Overnight Race

Come Saturday, it gives forth with races at the club, also the annual overnite race to Burlington Island and back. And Monday is Labor Day, meaning regatta day at Beverly Y. C. Another outstanding show in the racing schedule.

And then one more week 'till the "Nationals." Where? Oxford. What? the Comets. Last years champ? Ed Merrill, of Riverton. This years Champs?—Wedunno! But we can hope Ed.

NEW ERA
BUSINESS
NOTES

Follow the business news at home—It pays big dividends

Alfred Marozzi, former proprietor of the Unity Shoe Rebuilders, announces the opening of his new shoe store at 103½ West Broad street, Palmyra, on Friday of this week.

Under the name of the Palmyra Shoe Store, he will carry a large stock of Triangle and Endicott-Johnson shoes for men, boys and girls. Ladies shoes will be purchased on order.

Mr. Marozzi will also carry a full line of hosiery for men, women and children.

On the opening day a free pair of socks will be given with each pair of shoes purchased.

FIREMEN'S CARNIVAL
The Delaware Fire Company, of East Riverton, will hold a carnival at the fire house on September 7, 8, 9 and 14, 15 and 16.

There will be prizes each night, including a portable radio the last night.

Bring the children out to ride the ponies.

Help the firemen—they help you.

Mrs. Ada Sherwood, 78, of Berea, Ky., who was graduated from Oberlin (O.) college at the age of 53, returned there recently for her 25th class reunion. Now retired but spending her time with handwork and writing "for fun." Mrs. Sherwood recalled her plans to start college in 1900.

Make Your Lamb Brown and Tender

LAMB is one of the most practical of meats, for it is delicious when roasted, broiled, panbroiled, braised or stewed. For well-browned and tender lamb, carefully follow the time and temperature directions in the recipes. The "slimmer" burner control on the gas range is a great aid in braising and stewing which requires cooking the meat a long time at a very low temperature.

Fresh mint, from the garden, will make tasty mint sauce or mint jelly to serve with either hot or cold lamb.

Try these lamb recipes:

Lamb Neck Slices with Apples
Two pounds of lamb neck slices. Flour each piece and brown each slice in hot bacon fat, place in a buttered baking dish. Sprinkle with salt and pepper. Cover with sliced tart apples and bake at 350 degrees for one hour or until tender.

Baked Lamb Ring
2 lbs. ground uncooked lamb
1 cup milk or stock
1 egg
1 cup bread crumbs
2 tbsp. minced onion
2 tbsp. minced parsley
2 ½ tsp. salt
¼ tsp. pepper
Beat egg, add milk and combine with other ingredients and pack into an eight inch ring mold that has been greased. Bake for one hour at 350 degrees. Turn onto a plate, serve with Caper Sauce. Serves eight.

Lamb Casserole
2 ½ lbs. lamb
4 tbsp. fat
1 forequarters
1 tsp. lemon juice in which
a mint leaf has
stood 15 min.
4 tbsp. fat
1 cup carrots
1 cup flour
1 ½ tsp. salt
¼ tsp. pepper
1 cup peas

8 onions par-boiled
3 cups stock
1 tsp. meat sauce
8 small potatoes
Salt and pepper
¼ tsp. celery salt

Wipe the piece of lamb with a damp cloth and remove surplus fat and cut into pieces about an inch square. Place in a hot casserole, or dutch oven, and turn frequently until well browned. Season with the one-half teaspoon salt and one-fourth teaspoon pepper. Scrape carrots and cut in quarters. Potatoes should be left whole if small. Par-boil onions five minutes. Melt the fat, slowly add the flour and stir until light brown in color. Add the liquid slowly until the mixture thickens. Add the meat sauce, seasonings and lemon juice. Place the vegetables in layers over the seared and seasoned meat and pour the thickened sauce over all. Place in a medium slow oven, 300 degrees for two hours, when potatoes and carrots should be tender. The stock mentioned may be meat stock, part meat and part vegetable liquid, utilizing one cup of the liquid from the onions.

Chili Sauce with Cold Lamb
1 pk. ripe tomatoes
1 bunch celery
1 qt. onions
3 sweet green peppers
½ tsp. ground cloves
1 tbsp. mustard
2 cinnamon sticks
2 lbs. brown sugar
¼ cup salt
1 qt. cider vinegar

Scald and skin the tomatoes and cook for fifteen minutes. Drain off some of the juice. Chop the celery, onions and peppers and add to the tomatoes. Cook for one and one-half hours. Put the spices in a bag, add to vegetable mixture with sugar, salt and vinegar. Cook slowly for one and one-half hours. Seal in sterilized jars.
