RIVERTON :: CINNAMINSON :: PALMYRA

51st Year No. 1

RIVERTON-PALMYRA, N. J., THURSDAY, JANUARY 4, 1940

PRICE FIVE CENTS

LOCAL COUNCIL ORGANIZED JAN. 1

Mervine, Landgraf Take Oath of Office; Mayor Names Many Committees

Palmyra Borough Council held its organization meeting in the Council chamber at noon on New Year's Day, in the presence of about fifty of the townspeople. The Rev. George Lockett pronounced the invocation immediately after the meeting was called to order by Mayor John F. Ward.

Mayor Ward administered the oath of office to the clerk, George J. Spencer, who in turn administered the oath to Mayor Ward. Mayor Ward, who has completed ten years of public service to the Borough, is beginning his third term as Mayor. He delivered a short address reciting some of the accomplishments in past years and briefly outlining some of the aims for the future.

Mervine President

Following his address Mayor Ward swore in Charles K. Mervine and the new member of council John Landgraf. Charles K. Mervine was again accorded the honor of being unanimously elected as President of Council.

Appointments

The Mayor made the following appointments which received the unanimous confirmation of council.

Clerk, George J. Spencer.
Solicitor, Albert McCay.
Overseer of Poor, Harry J. Saar.
Building Inspector, Edward King.
Engineer, J. C. Remington, Jr.
Physician, Dr. Dean H. LeFavor.
Relief Investigator, Mary F. King.
Keeper of Lock-up, Thomas Schwink.

Chief of Police—C. Morris Beck.
Marshalls—Joseph H. Rodgers, J. Nelson Wallace, Lawrence Betty, William L. Stack.

Constables—C. Morris Beck, Joseph H. Rodgers, J. Nelson Wallace, Lawrence Betty.

Superintendent of Disposal Plant, R. Strickenbein.

Superintendent of Highways, Harry Karn.

SIGMA KAPPA ANNUAL DINNER

Sigma Kappa fraternity held its annual Christmas banquet last week at the Riverton Country Club. Guest speakers were Clarence N. Hubbs, Harold Wagner, of the Philadelphia Athletics; Albert Thomas, former Mt. St. Mary's football star; Jacob Weiner, president of the local fraternity, and Walter D. Lamon, Jr., president of the Sigma Kappa, of Philadelphia.

Dante Mento served as toastmaster and also was chairman of the banquet committee. A feature was a performance by Paul Isenberg, of Moorestown, widely known amateur magician.

Officers are Jacob Weiner, president; Carl McDermott, vice president; Dante Mento, secretary; Russell Stickel, treasurer, and Paul Gibbon, historian.

DEEMER SPEAKS TO ROTARIANS

High School Senior Explains Plans for Tuberculin Testing Here

A long forward step in the direction of improved community health is indicated by the recent announcement that the Palmyra High School will soon extend the Manteaux Tuberculosis Test to all students whose parents will consent. Richard Deemer, a senior student announced the plan to the local Rotary Club last Thursday evening.

The long battle of science with one of man's most persistent enemies has not yet been won. Tuberculosis still exacts an enormous toll of death and suffering. The Manteaux test is indirectly another means of combating the disease through early detection and accurate diagnosis. Positive reaction followed by X-ray examinations affords opportunity for prompt treatment.

Isolation Important

Since it is now well established that the disease is spread by contact, it becomes increasingly important to isolate the forces of contagion. The only certain diagnosis is through X-ray examinations but obviously wholesale exploratory examinations by X-ray are far too costly. Here is where the simple Manteaux test proves so valuable.

A practically painless injection under the skin, it can be given quickly and economically. Those who react positively with slight inflammation of the area may then be X-rayed. This is the plan of the High School authorities. Arrangements with the Zurbrugg Hospital have been made for the X-ray examination at the purely nominal rate of 1.00.

Important in the plan is complete understanding and full cooperation on the part of parents whose consent to the test is first required.

The test is wholly voluntary but the advantage of early diagnosis is so important to the cure of patient that it is expected that parents will welcome the opportunity in the interest of their children.

PLAN ORATORY CONTEST HERE

Post Frederick M. Rodgers, 156, American Legion, met on Monday night in the post home, Palmyra, to consider plans for the annual oratorical contest which will again be sponsored in this section.

The local affair is part of a national contest, the winner of which receives a \$4,000 scholarship.

To date, the sum of \$634.95 has been collected from the citizens of Riverton and Palmyra toward the iron lung fund.

The members of Post Rodgers wish to thank all those who contributed to this worthy cause.

FREEHOLDER HEAD

ALBERT C. JONES

who, on Tuesday, was elected director of the Burlington County Board of Freeholders by a unanimous vote, a distinction that several of his predecessors failed to enjoy.

The organization meeting was marked by an atmosphere of harmony as Freeholders Charles R. Stout and LeRoy Church, former members of a so-called minority group, joined with their colleagues, Clarence G. Price and John M. Chant in supporting the new director.

Church and Chant, elected to full terms last November, were sworn into office by Judge Frank A. Hendrickson.

No Politics

In his inaugural address, the new director lauded the spirit of harmony that prevailed at the session, but warned his fellow members he would resign the post if politics were injected into the meetings.

The following departmental heads were named by Mr. Jones: Director of bridges, Freeholder Price, who held this post in 1939; director of institutions and agencies, Freeholder Chant (formerly held by Palmer L. Adams); director of public affairs, Freeholder Stout; director of public buildings and grounds, Freeholder Church.

Mrs. Wood Named

Other appointments were as follows:

Member of county library commission, Mrs. Mary R. Wood, of Riverton.

Auditor of county books, Albert J. Frohock, of Moorestown.

Member of Fairview board of managers, Dr. J. W. Bowley, of Burlington.

County fire marshal, William J. Smith, of Bridgeboro.

Superintendent of soldiers' and sailors' burials, Samuel French, of Moorestown.

Rules committee, Freeholders Chant, Church and Price.

Former director Adams was presented with an engraved gavel and accorded a resolution wishing him every success in his new position as county clerk.

JUNIOR WOMAN'S CLUB

The Palmyra Junior Woman's Club will hold their regular meeting on Monday evening, January 8, in the club room, Society Hall.

The topic will be "A Night in Bohemia" under the leadership of Miss Margaret Ford.

CHIMNEY FIRE

The Riverton Fire Department answered a call early in the evening of New Year's Day for a chimney fire at the residence of J. P. Emerson, Fourth and Main streets.

The blaze was extinguished promptly and without loss.

INJURED WHILE SLEDDING HERE

Edward Barr, 15, of 805 Morgan avenue was seriously injured last Friday in a sledding accident, the unfortunate affair occurring on Garfield avenue.

The youth was taken to Zurbrugg Memorial Hospital, Riverside, where he was found to be suffering from severe bruises and lacerations in addition to a possible fractured skull. Subsequent examination revealed no fracture, however, and Barr returned home early this week. His condition is reported to be much improved.

CONROW NAMED LEADER AGAIN

Cinnaminson Governing Body Organizes; Obert Takes Oath of Office

The Cinnaminson Township Committee beat other communities in this section to the line in the matter of organizing for the current year, the governing body in that municipality convening at 9 a.m., Monday, in the Parry Fire House.

Maurice Conrow, committee member administered the oath of office to Harold R. West, township clerk and Joseph Obert, newly elected member of the committee.

Mr. West then acted as temporary chairman until Mr. Conrow was named to that office by a unanimous vote.

Asks Suggestions

Mr. Obert was presented with a beautiful basket of flowers in behalf of the Parry Volunteer Fire Company and the Ladies' Auxiliary of that organization. He responded with brief remarks fitting to the occasion.

Chairman Conrow paid tribute to the faithful work of Herbert Dinges, retiring member of the governing body, and it was voted to express appreciation for his endeavors in a letter to be written by the clerk.

Mr. Conrow also asked that citizens of the township offer suggestions to the committee, stating that helpful criticism was welcome at all times.

Appointments

The following appointments were made by unanimous vote:

Treasurer, William Schmierer.
Chief of police, constable and overseer of poor, George Dorworth.
Chairman of highway committee, Joseph Obert.

Chairman of police and fire committees, Elmer Mandeville.

Attorney, Walter Carson.

Township engineers, Chedwick and Wills.

Road foreman, John Denneler.

Tax search officer, Joseph Keating.

Deputy tax collector, Harry C. Schell.

Police recorder, Cecil Bowers.

Members of West Burlington County Health Council, Helen Cook, Maurice Conrow and Mrs. Charles Evans.

Members of Local Assistance Board, Mrs. Elsie W. Thomas, Charles Evans and Howard Taylor.

Member of police pension fund committee, Charles Evans.

The Parry Company was accorded thanks for the use of the fire house for the session, which was attended by nearly 50 residents of the community.

FIRE LOSSES

Fire loss in Burlington county during the past month amounted to \$6,335, according to a report of Walter McClain, of Medford, acting county fire marshal. There were 153 fire alarms in the county, 99 of which were general alarms, 59 silent and one false. The majority were grass fires, there were 85 blazes of this type reported. Losses amounted to \$6,335 on buildings and

MAYOR BIDDLE IN NEW TERM

Compliments Council for Work During Past Year; Few Appointment Changes

Riverton Borough Council reorganized for the current year on Tuesday night of this week with Mayor H. McIlvain Biddle beginning his term as leader of the governing body. He took the oath of office from Daniel M. Clifton, clerk.

Mayor Biddle then administered the oath to Councilmen J. J. Vester and Nathan Lane, who start full terms. Mr. Sylvester was re-elected president of council by a unanimous vote.

Expresses Appreciation

The Mayor, in his opening remarks of the evening took the opportunity to thank all the members for their fine work of the past year and the excellent spirit of cooperation shown by the councilmen.

He stated that he felt the accomplishments of 1939 spoke for themselves. The mayor concluded by saying that he was pleased to have the group intact for the current year and that the harmonious working of the members was a satisfactory situation.

Appointments

The following appointments were approved by a unanimous vote, there being few changes from the 1939 setup.

Finance—Lane, chairman; Sylvester, Bush.

Highway — Sylvester, chairman; Knight, Gould.

Sewers—Gould, chairman; Shrader, Knight.

Lighting — Sylvester, chairman; Bush, Lane.

Fire and Water—Bush, chairman; Sylvester, Shrader.

Police—Shrader, chairman; Bush, Gould.

Printing and Ordinance — Bush, chairman; Gould, Lane.

Borough Property—Knight, chairman; Shrader, Bush.

Church Notices

METHODIST CHURCH

Rev. William A. Boyd, Pastor

"Christ, the same today, yesterday and forever" is the Christ of the Church. The Christ who knows no beginning nor ending. The center of all confidence and hope in the immortality of the soul. The King of Kings and Lord of Lords. "Into the New Year we go, certain of the accompanying Presence of Him who was tempted in all points as we are, yet without sin." As He triumphed over sin, death and the grave, so the Church of God will ultimately rejoice in the Eternal Victory of Love, Justice, Mercy and Good Will. He who was crucified, dead and buried, but who rose from the dead today, He liveth and maketh intercession before the Father of God for all believers. We begin the New Year aright, should attend Divine Worship, continue to do so every Sunday of the New Year. This is the duty of the individual life and of the Church.

Holy Communion service will be held in our Church this Sunday morning at eleven o'clock. In the evening at 7:45, the Rev. Boyd will speak about "Christ in the Stable."

All Altar Boys of the Parish, both high school and elementary school boys, will please report at the school on Friday afternoon of this week at four o'clock.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

A retrospect of the year 1939 reveals the fact that Central Baptist has not only grown numerically, but has been very active in developing a better standard of living in the community. It shares in the influence the churches have enjoyed, which has developed a unanimous opinion that the church is the foundation of any successful community.

With all of this, it is the resolution of Central Baptist that 1940 will disclose even greater accomplishments and with the cooperation of every member, it can be done.

The first step for the new year should be toward attending regularly the Bible School at 10:00 a.m. This is the foundation of any church. The next step should be in church at 11:15 a.m. This Sunday is Communion Sunday and an excellent way for every member to start the new year. Pastor Lockett will speak on "The Great Commission." There

will be anthems and solos by the choir.

The next step should be toward the church so that you may arrive at 7:45 p.m. The evening service is often neglected by many, but it is the one and best way to wind up a Sunday. The Philathea Class will celebrate their birthday by attending the evening service. Special music has been arranged. The pastor has also taken for his subject, the motto of this world wide Philathea movement, which is "Philathea, Lovers of Truth." It is hoped that there will be a large congregation to congratulate the members of this class.

The next step is attending the mid-week prayer service on Wednesday evening at 8:00 p.m. Here is where you shake the dust off your feet from a material world and learn the true value of life.

And to those of the High School age, a suggestion is made for a New Year Resolution that you attend the B.Y.P.U. at 6:45 p.m. every Sunday evening.

K. C. CARD PARTY

The Knights of Columbus will continue their series of Card Parties on Friday evening, January 5th, in the hall at Broad street and Elm avenue. There will be many fine prizes, chief of which will be a lady's diamond ring to be given away as a door prize. You do not have to play cards to win this beautiful prize. Refreshments will be served at the close of the evening. Play starts promptly at 8:30 p.m. and admission will be thirty-five cents.

"OUR VOWS"

The Psalmist declares, "I will pay my vows unto the Lord now in the presence of all His people." Psalms 116:14.

It is a worthy custom to enter the New Year with high resolves and thus regulate our lives to accord with the highest of purposes. What nobler aim could one have than perfect obedience to the will of God and in love and fellowship with one another.

Hatred, envy, strife are disastrous to nations and humanity, as now seen in Europe. The elimination of these destructive and sinful characteristics will alone bring peace to the world. May the New Year experience this transformation of antagonistic forces.

"I will pay my vows unto the Lord," said King David, thus recalling the promises he had previously made. As a Bible Class let this be our motto so that in attendance and worship, we, too, shall pay our vows to the "Most High."

This only will bring success in one's religious life and in service to others. Thus we may lift our meetings to a high spiritual level and a fellowship rich in brotherliness.

Together let us begin the New Year with high resolves of obedience to God and helpfulness in service whenever and wherever opportunity permits. Meet with us next Sunday morning at 9:50.

RIFLE CLUB PARTY

The Christmas season was celebrated by the Musketeers Rifle Club on Friday evening, December 29, at the home of James Brown. Cap-

tain Richard Deemer, who was in charge of the affair kept the members and their lady friends delightfully entertained with a program of games and stunts.

Lawrence B. Parker, the club instructor, added a great deal of pleasure to the occasion by demonstrating several acts of sleight of hand.

With such splendid enthusiasm, as is shown by this group, we are looking forward to a most pleasant year. To the fellow members of the "V" and friends of the community, the Musketeers Rifle Club extends the seasons greetings and wishes for all a happy new year.

What's The Reason?

The whole world has been admiring the brave fight put up by little Finland against the Russian red colossus, hoping that in some way the Finns would emerge victorious, although it is generally realized that they are fighting what must prove to be a losing battle unless real aid is extended to them.

The League of Nations recently expelled Russia from membership, but unless history reverses itself, this will prove no more efficacious than a slap on the wrist. Aid in the way of materials has been promised to the doughy little nation but it seems doubtful whether or not this aid will come in time to be of practical benefit.

In the meantime it must be said that the invasion of Finland is another indication that this is a queer war. For example, we read of the reports of half starved and half frozen Russian prisoners pouring into the Finnish camps, men whose morale is little above zero. In this line it is interesting to note that one American correspondent at the Finnish front reports that the Russian prisoners he has seen and interviewed are men of poor appearance, many of them physically unfit, none of them more than five feet seven inches in height and most of them between 35 and 40 years of age.

No matter what one may think of the Russian as a soldier, it is evident that these men are not the first line of the Russian army. What is the answer? It may be taken that the Russians expected an easy time in Finland and did not bother to send first line troops. But this hardly explains the entire situation if we are to assume that Moscow still has some able generals despite the purge.

One is moved to wonder whether the Russians are not saving their first line troops for some other activity. But what is more likely is that Russia plans some further adventure in the southeast against Turkey and is saving her best munitions and picked troops for a future occasion.

THE PEOPLE'S COLUMN

Red Cross on War Relief

Editor, The New Era:
Many inquiries are being received from our Chapters, the public and the press as to the relation of the Red Cross relief work to the efforts of many special committees and organizations which have recently been formed to render aid in some particular phase of present European hostilities.

From the outset the American Red Cross has been in close touch with the war relief situation but, mindful of our responsibilities at home, has not felt that the needs abroad were such as yet to make necessary a major campaign by the Red Cross for a war relief fund.

However, many needs exist, and those who can aid, should make their contributions promptly, either to the Red Cross or, if they prefer, to those responsible temporary agencies dealing with special phases of war relief needs. As in the past, the Red Cross will conduct its work in such a manner that other agencies may coordinate their activities with ours so that there need be no duplication in the relief to be rendered. The Red Cross from time to time invited representatives of other groups to meet it to coordinate the various efforts and many of these groups are sending their funds to the Red Cross designated for relief in the countries in which they are interested.

Permanent

It is the policy of the Red Cross to accept contributions for which they wish to have their contributions utilized. Such designated contributions will be expended wholly and exclusively for relief in accordance with the wishes of the donors.

gressional Charter; and it has continuing and primary responsibilities for the conduct of Red Cross work in the United States—alike nationally and in the more than ten thousand communities where its chapters are active throughout the country.

The Red Cross also has international responsibilities and immediately upon the outbreak of the present hostilities we initiated operations to meet most critical emergency needs. We have sent assistance in the form of cash, medical and hospital supplies and clothing to the Red Cross societies in Great Britain, France and Poland in response to their requests and to the societies of Hungary, Rumania, Latvia, Estonia and Lithuania for aid to Polish refugees.

In the past week we have been asked to send emergency medical aid to the Finnish Red Cross, and the requested supplies have already reached Finland. We have sent a representative to Finland and we are prepared to extend further aid as we gain more accurate knowledge of the needs in that country.

Relief Work

In war relief, we emphasize, first, medical and hospital aid, and in addition thousands of volunteers in our chapters are producing surgical dressings and warm clothing in large quantities, which we are shipping as rapidly as tonnage is available.

In our recent Roll Call the public has again generously responded for the support of the regular work of the Red Cross. From the outset of the European war we have sought and received contributions for relief of war sufferers of all countries, and donors may designate the peoples for which they wish to have their contributions utilized. Such designated contributions will be expended wholly and exclusively for relief in accordance with the wishes of the donors.

of the donors. With the recently developed conflict in Finland we have advised all our chapters that we welcome contributions designated for relief in that country.

As the conflict continues the needs will inevitably very greatly increase and the best efforts of all will be required, if our country is to play its part in mitigating the sufferings of this catastrophe.

Chairman, American Red Cross.

Your editorial "Changes" appearing in the December 14 issue has been called to my attention.

I think, in fairness to this agency, our position in respect to merit rating should be fully stated so that the public will not be under the impression that the Unemployment Compensation Commission of New Jersey is opposed to the reduction of rates of contributions of employers and employees. Merit or experience rating is as yet an undetermined factor in so far as the operation of the unemployment compensation system in the fifty-one jurisdictions. In an effort to determine the desirability of Senate Bill No. 375, known as the Cliffe or Texas Plan, in comparison with the system already written into our law, the Commission conducted a series of eight informal hearings. Its Committee on Legislation heard the pro and con views of various groups and individuals, and on several occasions conducted conferences with representatives of the State Chamber of Commerce.

The Commission is in thorough accord with the statement that there should be some relief extended to employers and workers in New Jersey. Actually, for more than a year, the Executive Director and Members of the Commission have reiterated this belief and directed the administrative staff to conduct studies related to the contribution and benefit structures. Experience of the past months in the payment of benefits indicates that reserves may be reduced with safety.

I feel that it is important to bear in mind that the Commission is not opposed to merit or experience rating. At a meeting on December 7 the Commission disapproved the Cliffe or Texas Plan as embodied in Senate Bill No. 375. On motion a resolution was duly presented and passed instructing the staff to prepare a substitute plan designed to work a more equitable reduction of contribution rates and to include within its scope all employers for such periods as employer contributions and the state of the fund would warrant the same.

In respect to employee contributions the Commission expresses the conviction that such contributions should eventually be eliminated from the New Jersey system. However, it was the feeling of the Commission that first consideration should be given to an improved or expanded benefit structure. The question of elimination of employee contributions would be decided, the Commission agreed, after there had been sufficient experience to determine the impact of the attack on the fund through a liberalized benefit program. It is my personal opinion that the liberalized benefit program and elimination of employee contributions can go hand in hand, and this view is supported by some of the administrative staff and others who have made a study of unemployment compensation operations in this State.

(Signed) Executive Director.

A TRIBUTE

George M. Sleeper, one of the best loved and most respected newspaper publishers in New Jersey, will long be missed by his friends and associates. A widespread friendship with state newspaper men and others in all walks of life won for him a large circle of friends.

A paradox of the fourth estate, Mr. Sleeper was a humane newspaper man. Compassionate to the highest degree, with a keen sense of fair-play, he never took advantage of his position to unjustly criticize or condemn. Kind-hearted at all times, his thoughts were first of his fellow-man.

In a profession that touches frequently the sordid, that views the worst of life, he saw no evil in his fellow-man until he found proof. Mr. Sleeper had an unusual ability to make friends and not enemies. He died with thousands of friends and not one enemy.

No better eulogy could be written of a man.

FOOD STAMP PLAN

Congressman D. Lane Powers and Mayor Thomas J. Johnson, of Burlington, are cooperating in an attempt to make Burlington the first city in New Jersey to have a "Food Stamp Plan" experiment.

Formal request has been made of the Work Projects Administration in Washington by Powers, who is Representative for Burlington and Mercer Counties. Powers' interest was solicited by Mayor Johnson.

In his request to the Congressman the Mayor said:

"I would like to see Burlington the first city in the State to be assigned the 'Food Stamp Plan,' as like all other cities in New Jersey we have many needy families to whom this would be a Godsend."

Powers assured the Mayor, in reply, that he was immediately making request of Colonel P. C. Harrington, W.P.A. Administrator in Washington, and that it was a "Pleasure to try to help Burlington."

YOUR GARDEN

WHAT TO DO THIS WEEK
By A. C. McLean
Extension Service, N. College of Agriculture

Because of the mild weather this fall, many gardeners probably have still ahead of them. Although the delay is perfectly justified, it is wise to have all the mulching material on hand so that it can be applied as soon as freezing weather occurs. And remember that moderation is the keynote of successful mulching, for the purpose is merely to keep the ground frozen to prevent alternate freezing and thawing.

Plants which hold their foliage over winter, such as German Iris and Foxglove, should have only a very light mulch so that the foliage can get plenty of air. Applying too much mulch is literally killing them with kindness. This applies also to other plants native to temperate regions. Incidentally, if your Christmas tree and the hemlock boughs you used for holiday decoration have not yet been discarded, use them as mulching material. They are light and yet they protect the plant surface.

Any time now before the middle of February is time enough to wrap evergreens in burlap to prevent them from drying up. Be sure the roots are moist when the ground starts to freeze and that they will have plenty of water during the winter.

Although some pruning may be done now, it is not advisable to do the job too enthusiastically until the extent of winter injury can be ascertained. This applies to most shrubs, particularly roses. And don't cut back spring flowering shrubs in winter, for the flower buds will be removed if you do. It is wise, however, to cut out close to the ground

Did Santa Claus Bring You Gas and Electric Appliances?

WERE you one of the lucky home-makers who received gas or electric appliances for Christmas presents? You are probably eager to try them out for a buffet supper or a party.

Here are suggestions for care of the appliances and recipes for good things to be made.

Vaculator Coffee

Pour one measuring cup of water (hot or cold) but not each cup of coffee desired in to lower bowl.

Place coffee in upper funnel, using two level tablespoons to the cup. Increase or diminish quantity of coffee to suit individual taste. When water boils, place tube of upper funnel into lower bowl and seat rubber bushing in neck of lower bowl by pressing down gently on top of upper funnel and turning same slightly.

Heat generates pressure that causes water to flow upward. Coffee is brewed in upper glass where correct temperature is automatically controlled.

As soon as all the water (except small amount below bottom of tube) has risen into upper funnel, the coffee is brewed. Stir coffee around once or twice and remove from heat.

Removing from heat creates a vacuum in lower glass which "pulls" down filtered coffee in a jiffy.

Enough more milk should be used to make better the right consistency.

4 tbsp. melted shortening. Mix and sift dry ingredients. Beat egg yolks until lemon colored and add with milk to dry ingredients. Add melted shortening. Beat egg whites stiff and fold into batter.

BRIEF ITEMS from ABOUT TOWN

The many friends of Harry Stack, Riverton station agent are glad to see him back at his usual post again following a serious illness.

Speeding on Main street, Riverton, will continue with unabated vigor.

All that remains of the holiday season is to pay the bills. "Buy in October, pay in January" doesn't appear a very attractive inducement just at present.

Schools in this section reopened Tuesday morning.

The highways were about as crowded in the small hours of New Year's Day as they normally are during the day time. By sunrise, however, local communities resembled "forgotten towns" as far as any activity was concerned.

BETHANY EVANGELICAL LUTHERAN CHURCH
Rev. Oliver W. Powers, Pastor
The sermon topic for the chief service on Sunday, 11:00 a.m., the First Sunday in Epiphany, will be "Reasonable Service." At the Vesper service, 8:00 p.m., Pastor Powers will speak on "The War and Foreign Missions."

All are cordially invited to the Week of Prayer services at the Methodist Church. Tonight the Rev. George Lockett, pastor of the Baptist Church, will preach on the topic "The Acknowledgment of the Lordship of Christ over the School."
Tomorrow night, Friday, Mr. Powers will conclude the services of the Week of Prayer at the Methodist Church, speaking on "The Acknowledgment of the Lordship of Christ over Secular Life."

YEAR BOOKS READY

Congressman D. Lane Powers announced this week that he has received his allotment of the 1939 Agricultural Year Books and will send them to any residents of his district who mail their requests to his Washington office.
Under Congressional law, each member of Congress receives 400 Year Books. Powers asserted he will distribute his on the principle of "first come, first served."
Requests should be mailed to Powers, at Room 1440, New House Office building, Washington. The book is entitled "Food and Life."
Powers further asserted no books would be sent to persons not living in his district, because his allotment is too limited.

HAMMELL—MOUNT

Epworth Methodist Church, Palmyra, was the scene of a very pretty holiday wedding, when Miss Margaret Elizabeth Mount, daughter of Mr. and Mrs. A. E. Mount, of Lecony avenue, became the bride of Charles Barker Hammell, son of Mr. and Mrs. Clayton Hammell, of Woodbury, on New Year's day.

The bride, who was given in marriage by her father, wore a gown of white taffeta, made on princess lines, with a long face veil, held with a tiara of white roses and orange blossoms. Her bouquet was of white roses and chrysanthemums.

Miss Lois Norton, of Swedesboro, maid of honor, wore a gown of cerise taffeta, fashioned along the same lines as that of the bride, with matching face veil. Her bouquet was of yellow roses, chrysanthemums and snapdragons.

The bridesmaid was Miss Margaret Edwards, of Trenton, whose gown was of blue taffeta, with matching face veil. Her bouquet was of pink roses, chrysanthemums and snapdragons.
Ellison Hammell, brother of the groom was best man and ushers were Albert Mount, brother of the bride, Harry Hammell, brother of the groom and Charles Gatchel.

The ceremony was performed by the Rev. Everett Hunt, of Stratford, uncle of the bride, assisted by the Rev. W. A. Boyd, pastor of the church. Mrs. Rachel Lord, organist of the church, played the wedding march.

COUNCIL DEBATES
STREET PARKING

Broad Street Situation to Be
Aired at Hearing on
January 23rd

A petition signed by most of the business people in the vicinity of the Broadway Theatre, requesting the establishment of permanent parking restrictions along Broad street was presented to Palmyra Borough Council at the regular meeting Tuesday night.

Both the mayor and councilmen entered into the heated debate with the only business man present, James E. Wolfe, concerning the relative merit of such restrictions. Mayor Ward stated that the business men were certainly entitled to consideration, but, on the other hand, the citizens, too, are entitled to consideration.

The date of Tuesday, January 23, at 8:00 o'clock was set for a special meeting to be held in the Council chamber at which time the matter will be given full consideration. Interested business people and citizens of the Borough are invited to be present.

Full-Time Collector

The post of Collector-Treasurer in the Borough was elevated to a full time job carrying an annual salary of \$1600, beginning this year. The request was made by Edwin C. Griscom who asked for \$1,750. The Mayor stated that, under the new arrangement, he would expect an aggressive effort to be made in tax collections in the future.

William Welcker, Borough Auditor, was present and complimented the borough on its splendid financial condition, its good showing in tax collections and the high degree of interest shown by all its officials in matters of municipal government.

Mayor Ward stated that the Cinnaminson Bank and Trust Company has, by board action, offered the use of the old Lutheran Church building for supervised recreation and that a program embracing the three communities is being formulated.

Councilman Landgraf stated that attempts will be made to flood the old high school football field in cold weather to provide ice skating for local children.

Paul R. Jones
To Speak Here

Paul R. Jones, supervising principal of Palmyra Schools, will be the guest speaker at the meeting of the Riverton Parent-Teacher Association scheduled for Monday evening, January 15, at 8 o'clock in the auditorium of the Riverton Public School.

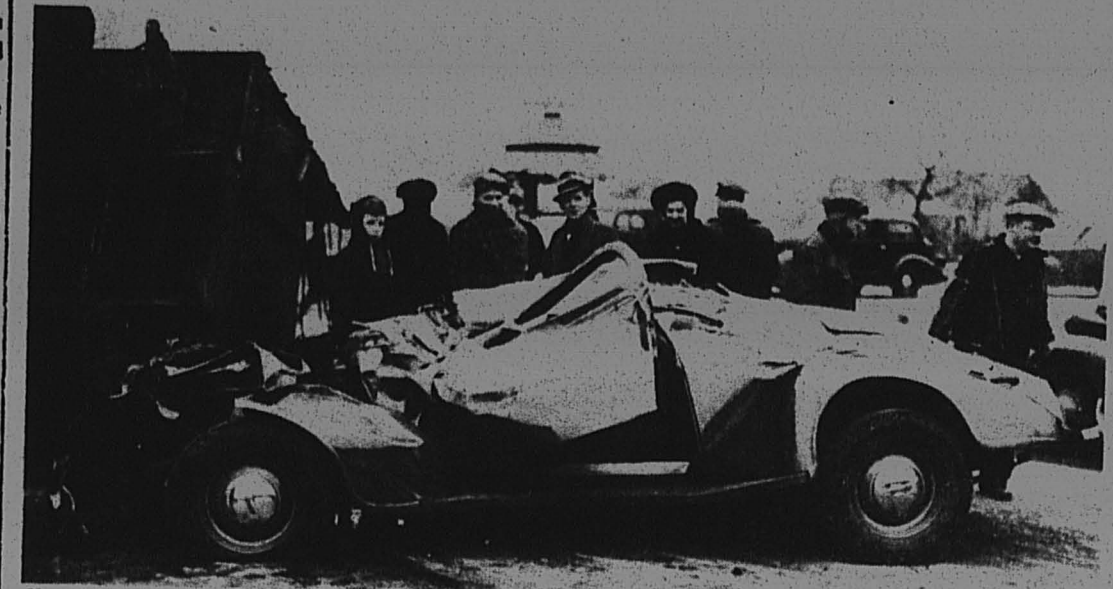

Mr. Jones has selected for his topic the subject, "What Can the Home Expect from the School?" At the meeting, which will be the second evening session of the association, several musical selections will be rendered by "The Rangers," a talented organization from Burlington. Refreshments will be served by Mrs. Walter Moyer and the members of her committee.

A Burlington County Council meeting will be held in Springside, Wednesday, January 17, at 10 a. m. All members of the Riverton association who desire to attend this affair and desiring transportation are requested to communicate with Mrs. John Abell, president of the local P.T.A., phone Riverton 559.

LIBRARY MEETING

The Annual Meeting of the Riverton Free Library Association will be held on Monday evening, January 22, at 8 o'clock, in the library building, Main street, Riverton.

ONE FOR RIPLEY

New Era Staff Photo

After looking at the remains of the coupe shown in the above illustration, the first thought of most people might well be "how many were killed?" Strange to relate, the driver of the coupe, the machine and the unusual accident occurred on Friday morning of last week when Joseph Kracher, of Parry avenue, Palmyra, sub catcher for the Phillies and driver of the coupe, turned out of Broad street to go south on S-41, Tacony-Palmyra bridge. Fruehauf, in an attempt to avoid a collision, swerved his machine sharply to the left, the result being that the trailer toppled over on the Kracher car.

The resulting action on the coupe was much the same as if it had been in action with a giant nutcracker, the entire front end being demolished and the top flattened down even with the cowl. Kracher, who had the presence of mind to duck down even with the seat was extricated by Paul Chandler and Harold Wagner.

The Palmyra ambulance was called, but was not needed.

Chief C. Morris Beck and Officer Lawrence Betty conducted an investigation and directed traffic at the scene until the truck was righted, the commercial vehicle blocking nearly two-thirds of S-41, so great was its size.

COMMUNITY CHEST
ANNUAL REPORT

Final Total Approaches \$5,000
Mark: Higher than Figure
for Previous Year

In a report submitted last week, Archibald Bush, chairman of the Riverton-Cinnaminson Community Chest Campaign, showed that total collections, as of December 20, amounted to \$4,674.65. Some additional funds have been received since that time. This compares with \$4,656.65 for the same date of the previous campaign.

The monies have been disbursed according to a fixed percentage by the treasurer, Rev. Charles T. Bates, as follows:

Riverton - Cinnaminson Welfare Association, \$1,853.66.
Visiting Nurse Society, \$1,381.50.
The Burlington County Hospital, \$924.33.
Cinnaminson Home, \$487.16.
Expenses of the drive amounted to only \$28.00.

FIREMEN FIGHT
DIFFICULT BLAZE

Palmyra Company Called to
Home of Richard Hunter
Last Saturday

At 4:45, on Saturday afternoon of last week, the Palmyra Fire Department answered a call for what might have proved to be a disastrous fire at the residence of Richard Hunter, 309 Leconey avenue, Palmyra.

The blaze, which evidently originated from a defective fuse, had eaten its way into the partitions of the south side of the two and one-half story frame structure, between the first and second floors and had gained considerable headway before being discovered.

Smoke All Over

When the first piece of apparatus arrived, smoke was pouring from all sections of the house and, for a time, it appeared as though the blaze would reach the third floor and mushroom out under the roof.

This was frustrated, however, by the prompt work of the firemen, under the direction of Chief Frank Geddes, who attacked the flames with two 1 1/2 inch lines of hose, one being directed through a hole cut in the outside wall, while the other was utilized within the house. The pump was stationed at a hydrant nearly in front of the burning building.

Damage Restricted

Due to the fine work of the firefighters, the damage was limited to a small portion of the house. Some furniture was removed outside and salvage blankets placed over other articles. The loss is understood to be covered by insurance.

The blaze was fought in a high wind and the temperature was well below the freezing mark. The dense smoke within the home necessitated the use of masks by a number of the hosemen.

BIRTHDAY LUNCHEON

The Philathea class of the Central Baptist Church will celebrate their 30th birthday with luncheon in the social hall, Thursday, January 11, at 1 p. m. All members and their friends are invited to join in a good old fashioned birthday party. The class will attend services in a body Sunday, January 14, at 7:45 p. m.

BURNETT DECIDES
FOR CINNAMINSON

Ruling on Refusal to Grant
Club Liquor License
Is Held Valid

In a decision handed down on December 31, D. Frederick Burnett, commissioner of alcoholic beverage control, has ruled in favor of Cinnaminson Township, respondent, over the Forest Hill Boat Club, appellant, in respect to the contention of that organization that the recent ordinance prohibiting the granting of club licenses should not be effective, since it was not actually adopted until after the application of the club for such a license had been denied.

"This information was revealed at the meeting of the Cinnaminson Township Committee held on Tuesday night of this week.

The commissioner declares that "the spirit and not the letter of the law should dominate and that the good faith of the township is demonstrated by the fact that the ordinance was adopted the month following the

Wesleyan Men's Bible Class

For the Men of the Community

St. Francis of Assisi, Italy, after his vivid vision of the crucified Christ, took the vow of vigorous self-denial and dedicated himself to the poor.

Around his cloak he wore a silken cord but to him this was extravagance so he took it off and used a cord of hemp. This is the symbol of the extensive order of the Franciscan Monks.

The religious life stands for unselfish deeds in helpful ministries. Conduct irrespective of uniform is the test of one's sincerity.

Deeds of helpfulness are not to be estimated by expected returns other than the pleasure of helping others. Our Bible Class is not unmindful of such acts and emphasizes the joy of service.

Come with us and experience the helpfulness of the brotherhood and give a helping hand—next Sunday morning at 9.50.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor Services Sunday, January 14. The services to be held at Central Baptist on Sunday 14th will be as follows:

Bible School, 10.00 a.m. Morning service, 11.15 a.m. Pastor Lockett has selected for his subject, "Transformed." Solos and special anthems will be rendered by the choir. This service is sure to interest everybody. Come one come all! B.Y.P.U.—6.45 p.m. This is one hour of enjoyment for all young people of high school age.

Evening service, 7.45. The subject chosen for this service is "Philathea, Lovers of Truth." The Philathea class will be present. So everyone come to welcome them. The choir will be present with appropriate anthems under the direction of Mr. Claude Barto.

The annual business meeting will be held on January 17th at the church. Supper will be served at 6.30 p. m.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor

Sunday, the last in Epiphany, is known in the Lutheran Church as Transfiguration Sunday. The sermon topic for the chief service at 11 o'clock will be "The Attestation of Power."

At the Vesper Service, 8.00 p.m., Pastor Powers will speak on "The Place of the Deaconess in the Work of the Church."

The month of January has been set aside in the Lutheran Church in America as Missionary Month. Special emphasis is being made Sunday evenings on this theme. Last Sunday night Pastor Powers spoke on "The Effects of War on Mission Work." On Sunday evening, Janu-

ary 21, the Sunday School will have an unusual missionary program centered around "Work in South America."

SACRED HEART CHURCH

Riverton, N. J.

Pastor, Rev. John F. Welsh. Assistant Pastor, Rev. Vincent A. Luther.

Sunday Masses—7.00 - 9.00 - 10.15. Daily Masses—7.00 - 7.45. Confessions every Saturday, 3.45, 5.45 and 7.30 to 9.00.

The Dramatic Society of the Church of Our Lady of Perpetual Help of Maple Shade has very graciously extended an invitation to all members of the Sacred Heart Dramatic Club to attend a social at Maple Shade on Monday evening, January 14, at 8.30 p.m.

It is to be hoped that a good representation of our club will be on hand. We would ask all who intend to go to report in the school auditorium on Sunday after the last Mass to discuss a place and time of meeting as well as transportation for Monday night. Those who expect to go will please turn in their names to Miss Della Marie Haynes before Sunday.

The regular meeting of the Sacred Heart School Alumni Association will be held in the school auditorium on Thursday evenings at eight o'clock. The entertainment committee for the meetings has promised something in the way of fun for the lighter part of the meeting.

The regular classes in Religion for Public High School Students will begin this Thursday evening at 7.15 sharp. A few times during the past three months we have reminded parents of their obligation of seeing to it that their children attend these classes. It is important enough to mention again. There are parents who have imbibed too much of the freakish notion of the beauty of self-expression and the dangers of repression of the child. Self-styled modern psychologists who adopt an attitude of supreme intelligence and solemnly state that the modern child is different these days and must be treated accordingly! To demand obedience would kill self-expression. To make the child do something that it does not want to do will bring on the monster Repression and do untold harm to the character of the child. Such is the philosophy that ruins home authority and in so doing tears down all respect for Church, State, and Society. We cannot subscribe to anything of the kind. Parents are not to place themselves in a state of servitude to their children's whims. When there is a question of right or wrong there is but one answer.

Masses on Sunday, January 14, will be served by: 7.00—Vincent Collar and William Wallace. 9.00—John Ford and John Laverty. 10.15—H. Groome, T. Lane and T. Cardea.

CHRISTIAN SCIENCE CHURCH

"Sacrament" is the lesson-sermon subject for Sunday, January 14, in all Christian Science Churches and Societies throughout the world.

The Golden Text in "I am the Lord that bringeth you up out of the land of Egypt, to be your God: ye shall therefore be holy, for I am holy." (Leviticus 11:45).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Create in me a clean heart, O God; and renew a right spirit within me." (Psalms 51:10).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We should strive to reach the Horeb height where God is revealed; and the corner-stone of all spiritual building is purity" (p. 241).

METHODIST CHURCH Rev. William A. Boyd, Pastor

This Sunday morning, the Rev. W. A. Boyd, will speak about the Methodist Advance and especially his experiences at the big advance rally held in Charlotte, N. C., this week.

In the evening, at 7.45, Mr. Boyd will speak about "Christ, the Moral

Painter." The music will be supplied by the Senior and High School Choirs.

Our church will cooperate with the United Methodist Churches of the United States and Special Advance Meetings will be held beginning, Sunday, January 21, and continue through Sunday, February 4. A partial report of the local plans is hereby submitted:

Monday, January 21, a rally of all our church workers with Dr. F. A. DeMaris, of Haddonfield, as the speaker; Tuesday, January 23, the meeting will be transferred to the Arch Street Church, Philadelphia. Here an all-day meeting will be held and six of the Bishops of our church will give the addresses; Wednesday, January 24, the meeting will return to the local church, where the Rev. Boyd will preach at 8 o'clock. The following men will bring special sermons to us during this Methodist Advance: the Rev. B. H. McCoy, First Methodist Church, Trenton; the Rev. W. W. Payne, of St. Paul's Church, Trenton; and the Rev. C. R. Smythe, of Beverly; the Rev. Lawrence Correll, of Greenwood Avenue Church, Trenton; and the Rev. W. J. Sayre, of Moorestown. The rest of the plans will be submitted next week.

To these Advance Meetings we invite the community. Especially do we urge the Methodist people of Palmyra and Riverton to "Come to the help of the Lord and His Church." "Every member in his place" is the slogan for these meetings.

RIVERTON

The Riverton Ladies Club will hold a card party Thursday, January 11, at the home of Mrs. Edward Flau, 423 Dauphin street, Riverside, at 2 o'clock sharp. Those wishing to become members at this meeting apply to Mrs. Anna T. Denecker, president.

Dr. and Mrs. John C. Hessler, of Decatur, Illinois, were the guests of Mr. and Mrs. Carvel Sparks and Mrs. E. E. Sparks, of Main street, on Monday. Dr. Hessler is the president of Milliken University at Decatur and is attending the convention of college presidents at Philadelphia.

Miss Harriet Parker, of Merchantville, a faculty member, at Riverton School for a number of years, is reported improved following a serious illness. Mrs. Edwin Weeks, of Riverton, is in charge of the Kindergarten during Miss Parker's absence.

Oliver Smith, of Cinnaminson street, underwent an appendicitis operation in the West Jersey Hospital on Tuesday morning.

Mrs. Lucy Kenny and Mrs. Mervil Haas, of Riverton, attended the Jackson Day dinner at Essex House, Trenton, on Monday night.

Mrs. Mervil Haas, of Riverton, left Wednesday for a business trip to Washington.

Mrs. Ross Elliott, of Fulton street, was last weeks winner in the Sacred Heart merchandise club drawing sponsored by the Sacred Heart P.T.A.

The Sacred Heart School Alumni association will hold their monthly meeting in the school auditorium on Thursday evening starting at 8 p.m. Entertainment will be in charge of Doris Lane.

HEALTH BOARD MEETING At the meeting of the Palmyra Board of Health on Friday evening, Charles K. Mervine, president of the board, resigned that office. Mr. Mervine will continue as a member of the board on which he has served since 1924.

Newly elected officers are DeWitt Morris, president; Walter Shappell, vice president; Mary E. King, secretary and R. Strickbine, who is not a member of the board, was appointed inspector.

T. B. TESTING AT HIGH SCHOOL

Nearly a thousand high school students were tuberculin tested at Palmyra High School on Monday and Tuesday of this week under the auspices and at the expense of the Burlington County Tuberculosis League. The testing was done by Dr. H. B. Mark, school physician, Dr. Marcus W. Newcomb and Dr. Samuel Busansky. They were assisted by Miss Mary Symonds, school nurse, and Miss Carolyn Cook, and Miss Helen Blair, visiting nurses, Palmyra; Mrs. Paul Sparks, Burlington; and Mrs. Ruby Freer, executive secretary of the Tuberculosis League.

Written consent was secured from the parents of every child taking the test, and parents were invited to be present if they wished to see the testing done.

All of the students who have positive reactions to the test will have an x-ray of the chest at Zurbrugg Hospital within the next few weeks. Reports' permanent health records, and appropriate follow-up will be made as recommended by the school physician.

Wesleyan Men's Bible Class

For the Men of the Community

St. Francis of Assisi, Italy, after his vivid vision of the crucified Christ, took the vow of vigorous self-denial and dedicated himself to the poor.

Around his cloak he wore a silken cord but to him this was extravagance so he took it off and used a cord of hemp. This is the symbol of the extensive order of the Franciscan Monks.

The religious life stands for unselfish deeds in helpful ministries. Conduct irrespective of uniform is the test of one's sincerity.

Deeds of helpfulness are not to be estimated by expected returns other than the pleasure of helping others. Our Bible Class is not unmindful of such acts and emphasizes the joy of service.

Come with us and experience the helpfulness of the brotherhood and give a helping hand—next Sunday morning at 9.50.

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor Services Sunday, January 14. The services to be held at Central Baptist on Sunday 14th will be as follows:

Bible School, 10.00 a.m.

Morning service, 11.15 a.m. Pastor Lockett has selected for his subject, "Transformed." Solos and special anthems will be rendered by the choir. This service is sure to interest everybody. Come, one come all! B.Y.P.U.—6.45 p.m. This is one hour of enjoyment for all young people of high school age.

Evening service, 7.45. The subject chosen for this service is "Philathea, Lovers of Truth." The Philathea class will be present. So everyone come to welcome them. The choir will be present with appropriate anthems under the direction of Mr. Claude Barto.

The annual business meeting will be held on January 17th at the church. Supper will be served at 6.30 p. m.

BETHANY EVANGELICAL LUTHERAN CHURCH

Rev. Oliver W. Powers, Pastor

Sunday, the last in Epiphany, is known in the Lutheran Church as Transfiguration Sunday. The sermon topic for the chief service at 11 o'clock will be "The Attestation of Power."

At the Vesper Service, 8.00 p.m., Pastor Powers will speak on "The Place of the Deaconess in the Work of the Church."

The month of January has been set aside in the Lutheran Church in America as Missionary Month. Special emphasis is being made Sunday evenings on this theme. Last Sunday night Pastor Powers spoke on "The Effects of War on Mission Work." On Sunday evening, Janu-

ary 21, the Sunday School will have an unusual missionary program centered around "Work in South America."

T. B. TESTING AT HIGH SCHOOL

Nearly a thousand high school students were tuberculin tested at Palmyra High School on Monday and Tuesday of this week under the auspices and at the expense of the Burlington County Tuberculosis League.

The testing was done by Dr. H. B. Mark, school physician, Dr. Marcus W. Newcomb and Dr. Samuel Busansky. They were assisted by Miss Mary Symonds, school nurse, and Miss Carolyn Cook, and Miss Helen Blair, visiting nurses, Palmyra; Mrs. Paul Sparks, Burlington; and Mrs. Ruby Freer, executive secretary of the Tuberculosis League.

Written consent was secured from the parents of every child taking the test, and parents were invited to be present if they wished to see the testing done.

All of the students who have positive reactions to the test will have an x-ray of the chest at Zurbrugg Hospital within the next few weeks. Reports' permanent health records, and appropriate follow-up will be made as recommended by the school physician.

plaint is carefully investigated and the Enforcement unit is not satisfied with one check but makes several independently in order to be sure of its findings, being as much concerned in establishing innocence as in proving guilt.

Mr. Sullivan related a number of his experiences in tracking down stills and making the arrests. Although meeting some very tough situations he has never found it necessary to fire his weapon, the revolver, in rounding up his suspects. Illustrating the character of the situations encountered in this field he told of the still run by four boys, the youngest eleven and the oldest sixteen—instigated by the father of these unfortunate children.

The problem today has been increased by the introduction of the small, multiple still operation—producing the same volume as the larger and more easily traced stills of former years—but which may be easily hidden and the loss of which do not stop operations.

Revenue turned into the State Treasury in 1937 by the State Control totaled seven million dollars.

DIES OF BURNS

Alice L. Copeland, seven year old daughter of Mr. and Mrs. Louis Copeland, of Cinnaminson, died in the Burlington County Hospital, Saturday night as a result of severe burns about the body.

The unfortunate accident occurred when the little girl's clothing caught fire as she stood near a stove in her home. Mrs. Copeland, who was severely burned about the hands in extinguishing the flames, rushed the child to the hospital immediately but the injuries proved to be too severe for recovery.

ARTISANS

Tuesday evening, January 16, has been designated as Old Timers' night by the Artisans of the local assembly.

Every member is urged to be present to see a special class of candidates initiated in honor of the Old Timers. There will be a guest speaker and good entertainment.

Artisans are definitely on the upgrade in respect to attendance. Each month finds more and more of the members coming out to the meetings.

The bowling league is operating in fine shape and any member who is not bowling is invited to pay the fellows a visit.

YWCA NOTES

Activities of Y.W.C.A. clubs in the county will be dramatized in an unusual manner at the annual meeting of the Burlington County Young Women's Christian Association, to be held Tuesday evening, January 16, in the Pemberton Baptist Church. This will be the first time in several years that club members will take an active part in the annual meeting. The program will open at 6:30 p.m. with a turkey dinner for the adults served in one room of the church, while the Girl Reserves will hold a supper-meeting in another room of the same building.

Mrs. G. Lloyd Cowan, of Edgewater Park, is chairman of the Annual Meeting committee, and is being assisted by Mrs. Charles S. Beckwith, of Pemberton; Mrs. Eric Groezinger, of Medford; Mrs. Walter R. Anderson, of Burlington; Miss Laura B. Thayer, of Beverly; Mrs. Richard B. Eckman, of Mt. Holly, and Miss Hannah Severns, of Moorestown.

FOOTLIGHT PLAYERS TO PRESENT "DARK VICTORY"

On Friday and Saturday evenings, January 26th and 27th, the Footlight Players will present "Dark Victory" as their second production of the 1939-40 season, in the Riverton School auditorium, under direction of Miss Caroline Feiler, member of Palmyra High School faculty. The cast will be announced next week.

It is to be remembered that "Dark Victory" was presented on the motion picture screen starring Bette Davis and George Brent, and the Footlight Players already realize the task before them in the presentation of this well-known drama. It was also given on the Lux Radio Theatre on Monday evening last with Miss Davis again in the leading role, at which time she informed her listeners that it is her favorite play. "Dark Victory" has been chosen by motion picture critics as one of the ten best pictures during the year 1939.

The interest in the Little Theatre Group movement in this vicinity is growing rapidly, and any person over 18 years of age, who is interested in dramatics, costuming, staging, scenery, or any phase of Little Theatre work is urged to join. Application for membership should be addressed to Miss Ruth Seeber, 208 Garfield avenue, Palmyra.

LOOKS, FEELS, MEASURES BIGGER!

From massive, die-cast radiator grille to graceful, built-in trunk, Olds has the look of a bigger and better car. Its sparkling, chrome-trimmed front-end ensemble reflects size and quality.

Take the wheel and you get the feel of a bigger and better car—the steadiness on the road that makes for true peace of mind, the balanced distribution of weight so necessary to real stability.

Apply the tapeline and you'll find that Olds looks and feels bigger because it is bigger—with every model of the Series Sixty, Seventy and Custom 8 Cruiser measuring longer over all.

HANDLES, PERFORMS, RIDES BETTER!

It's the easiest handling car on the road—this 1940 Oldsmobile—with Dual Center-Steering, Improved Hand-Shift and self-energizing Hydraulic Brakes to give you effortless control.

More power is yours in the 1940 Olds Sixty—with a new 95 H. P. Econo-Master Engine that saves still more on gas and oil. Think of it—smoother, snappier performance at lower cost!

You can ride and relax in an Olds. An improved Rhythmic Ride Chassis, with Knee-Action Wheels and modern Coil Springs all around gives you a smoother, gentler, steadier ride than ever.

RIVERTON TEAM PLAYED CADETS

Local Ball Tossers First Foe
of West Point Varsity
Back in 1890

An interesting bit of information has recently been called to the attention of The New Era, by J. W. Sylvester, of Riverton. This is the fact that the Riverton Baseball Team had the distinction of being the first opponent of the West Point varsity nine in the year 1890.

The data is presented in a book entitled "Sports as Taught and Played at West Point," by William H. Baumer, Jr.

The engagement was called a tie, according to the account, in order to allow the visitors to catch a train.

Local Players
The Riverton team, at that time, was a member of a league that included Cape May, Wynnewood, the Orange Athletic Club and other organizations.

Among the players were: Jack McFetridge, Ross Williams, Louis Graft, the catcher; Abbie Cook, pitcher; George Nellins, Randolph Faries, Fred Hovey and Charles L. Flanagan.

Williams, along with Roy Thomas, Penn star, are said to have been mainly responsible for the present foul strike rule, since these stalwarts were able to stay at bat knocking fouls at will until the pitcher tired. Until the change was made, fouls did not count as strikes.

HOME GARDENING

Thursday evening at 7.30 p.m., January 11, the first of a series of classes in Home Gardening will be held at the High School. There is no charge and the class is open to any adult. Subject matter will consist of: Care of shrubs, maintenance of lawns, soils, fertilizers, insect and disease control, and other related subjects. Through the courtesy of the Board of Education the high school greenhouse will be available for seed sowing, transplanting and propagating exercises, and members of the class will be able to start and care for plants of their own.

Westfield Friends' School

Last Thursday afternoon all the class went to Lippincott's Pond and enjoyed an hour of skating.

The fourth and fifth classes have planned to visit the Palmyra and Riverton Water Company on Wednesday morning at 10 o'clock. This trip will be made in connection with their study of Riverton. They have been making their own experiments on water filtration.

The sixth class is greatly interested in a study of the American Indian as one phase of their work on the United States. They are planning a trip to the University Museum to see the Indian exhibit and are also making an exhibit of their own.

The second and third grades made a skating scene which is being used as a very attractive centerpiece for the dining room.

The kindergarten and first grade have constructed a small post office in their room and are doing a big business. They sell stamps and envelopes and special stamps for mail to be delivered in the school. School delivery is made at 10.30 a.m. Outside mail leaves the school at 12 m. daily.

YOUNG PEOPLE'S EPWORTH LEAGUE

The speaker this Sunday night at 6.45 will be Mrs. W. A. Boyd. Mr. Albert Winters, a member of the league, will sing.

Don't forget the Epworth League Rally Saturday, January 13. If you intend going, be at the church not later than 3 p.m.

CADETS PLAN MILITARY BALL

The American Legion Cadet Corps at their weekly meeting on Monday evening made plans for their first social affair. They have planned something new for the younger set as they will hold a Military Ball in the Palmyra High School Gym, on Saturday evening, February 17, under the leadership of Mariouise Baker, drum majorette of the local corps. Music will be furnished by a well known band. Dress will be semi-formal. The price is 40 cents stag and 75 cents a couple.

Those assisting in this affair are Earnest Senior, chairman decorating committee; John Broemme, door; Harry Horner, chairman ticket committee; Harry Groome, and Charles Lezenby, co-chairmen, advertising committee.

Members of other Cadet corps throughout South Jersey will be invited to attend. This affair is not limited to only members of the corps but is open to all. Entertainment will be supplied along with a Grand march.

DRAMA CLUB TO PRESENT "THE RIVALS"

The Activity Association of Palmyra High School is sponsoring Richard Sheridan's sparkling comedy "The Rivals," in order to finance winter activities for the student body.

This play, one of the finest of many British successes, is to be produced by the Drama Club under the supervision of Miss Edna K. Ziegler. The cast has not yet been completed. The dates are Friday and Saturday evenings, February 8 and 9 in the Palmyra High School auditorium at 8.15.

BIRTH

Mr. and Mrs. Samuel G. Herbert, of Riverside Park, are receiving congratulations on the birth of a daughter, Sandra Joyce, Friday, December 22nd, at Zurburg Memorial Hospital. Mrs. Herbert was the former Miss Helen L. Southwick.

SUPPER

A sauer kraut supper will be given by the Semper Fidelis Bible class of the Calvary Presbyterian Church, Riverton, Thursday, January 16, from 6 to 8 p.m. Tickets are 35 cents and can be secured from any member of the class.

SPECIAL SESSION OF "Y" BOARD

Members of the Palmyra-Riverton Y.M.C.A. Board will have a special meeting, called by President Lawrence B. Parker, Thursday night, January 11, at the building, together with representatives of the Women's Auxiliary, to consider what further interior decorating ideas should be carried out now that the installation of a new heating system has recently been completed.

Charles H. Yost headed the committee which had charge of this work, and a part of his report will be to show his fellow members the new plant and incidental repairs in connection therewith.

Further improvements to the property will be considered. Secretary Bud Reeder will attend and present improvement ideas which have grown out of his work with boys in their Y.M.C.A. groups and the home vacation camp.

The organization of additional Y.M.C.A. groups is under way, which will make the Y.M.C.A. Building even a busier place from now on. Boys or young men who want to

join may see Secretary Reeder any Thursday afternoon at the Y.M.C.A. building.

TWIN CITY SPARTANS

The group wishes to thank all those who aided the recent movie benefit by buying tickets.

A party held last week was greatly enjoyed.

The Spartans would like to arrange basketball games with any team composed of boys 15 or under.

Fred Langenberg is a new member of the club.

PALMYRA P.T.A.

The regular meeting of the Palmyra P.T.A. will be held in the High School auditorium on Tuesday evening, January 16th, at 8.15 p.m.

After a short business session the program will be under the direction of Miss Marcella Landers and Miss Ann Haney, of the faculty of the Spring Garden Street school. This should prove interesting to parents of the children in the primary grades. Mr. Hay will also present his harmonica band.

If you have not enrolled in the association for this term will you please do so at this first meeting of the new year.

Miss Caroline Feiler, of the high school faculty, was this week's winner in the miscellaneous club sponsored by the executive committee of the P.T.A.

MAYBE the family is urging you to 'take things easy' now—maybe that is just what you don't want to do. Maybe you enjoy housework and want to keep on doing it. Then why not do it the easy, practical and modern way? Tell your family to provide you with up-to-date equipment. Look into this matter of modern gas service...

CP gas ranges have features which simplify cooking and make successful results certain. They save you time and work and money. These ranges have correctly insulated ovens with automatic heat control.

Broilers have larger broiling area than that of old style ranges. Top burners do fast cooking or slow simmering. All burners light automatically.

CP ranges are priced from \$99.50 cash up. Terms are as little as a dime a day.

CHARTER LUNCHEON

The Charter Luncheon of the Palmyra Women's Club will be held at Newlin's, Moorestown, Monday, January 15th, at 1 p.m.

Clay Franklin will be the guest speaker, his topic being "These Mortals Among Us."

He appears in appropriate costume and makeup, and brings a variety of characters as fascinating and humorous as life itself. Mrs. Paul

Burke, of Beverly, will be the soloist of the afternoon.

Transportation: Members have volunteered cars, everyone will be taken care of. In case of severe weather, buses will be supplied at no extra charge.

SAFE-CRACKER AT INN

Two safes at the Old Mill Inn were cracked early Monday morning and proceeds of nearly \$5,000 removed by the perpetrators of the crime, whose technique clearly revealed them to be professionals.

The watchman, O. R. Vohringer, was overpowered and bound before the job was done. The culprits escaped in a stolen car, which was later abandoned.

The loot consisted of receipts and donations to a charity fund, of which Neil F. Deighan, Inn proprietor, is chairman.

An intense search for the cracksmen is being conducted, but they are still at large.

ABOUT THE COUNTY

ANNUAL REPORT
COUNTY LIBRARY

Interesting Data Presented by
Hazel C. Clark
Librarian

At a time when the whole world is living in a tense and unreal atmosphere, the task allotted to the public library is an important one. Working with other agencies engaged in the interpretation of the actions of different peoples and countries, it is taking an active part in maintaining our national neutrality. It is able, without the use of the outright propaganda which of course it receives in quantity, to offer impartial opinions on world events. Readers may find not only the account of the current incident but also the historical background that made the event possible.

That our readers realize this service is proved by the numerous requests for material on the various stages on the European War that have been given to our local library stations. From the beginning of the appeasement program there has been a constant demand for books of information on world events.

Along with this need for a better understanding of what is happening to our civilization the average reader has another deep desire for books. He wants to forget the trouble that is clouding half the world and that even now is threatening the rest. So he asks for books that will give him a sense of security or that will take him for a time into other channels of thought. Memoirs and reminiscences are particularly popular, for in them the older reader can re-live the happy days of his youth.

Schools
The schools are focusing much of their attention on the history that is being made from day to day, and they too want up-to-date material on the various countries involved in the present conflicts. This is creating a problem in our selection of children's books, for much of the material in our collection is obsolete.

Orators To Vie
On January 29

Post Rodgers is again sponsoring The American Legion Oratorical Contest in conjunction with the faculty and students of Palmyra High School. The Americanism Committee of the local Post is acting for the Legion in making preparation.

The local contest is to be held in the High School auditorium on January the 29th. Judges outside the local area will be procured for this contest and judging will be rendered on basis of National rules as used in previous years.

Winners in the local contest will progress through county, regional and state contest to the national elimination to be held in the spring. A \$4,000 scholarship is the reward for the winner in the national contest.

Each student contesting will be given an opportunity to render a prepared address and an extemporaneous address. The subject shall be chosen by the student restricting their remarks to subjects of patriotic or citizenship topics. The extemporaneous remarks will be on "The Bill of Rights." Charles Ray is faculty instructor for the local affair. Post Rodgers and the Palmyra Student body feel fortunate that Mr. Ray is so deeply interested and enthusiastic regarding the subject. His coaching ability has resulted in Palmyra contestants placing high in county and state contests.

The public is invited to attend the local contest on January 29th. Following the local contest, the Burlington county contest will be held in the Palmyra high school auditorium Thursday, February 15th, with contestants from all the high schools throughout the county.

PROMPT ACTION
AT LOCAL FIRE

By their prompt action the members of the Palmyra Fire Department quickly squelched what might have been a bad fire in the two-family dwelling at the corner of Parry avenue and Wallace street, late Monday afternoon of this week.

The blaze, which is believed to have been caused by a defective flue, started near the roof in the rear of the side of the dwelling occupied by Russell Hilton. Hand extinguishers were first employed against the flames and later a line of 1 1/2 inch hose was brought into play. It was necessary to remove some of the outer wall to get at the seat of the fire, but practically all damage was confined to the exterior of the structure.

Lecture Course By
Judge Mathews

Judge Frank Mathews, of Riverton, will present his second talk in a series of four lectures on the Constitution of the United States in the auditorium of the Cinnaminson Public School, on Tuesday evening, January 30, at 8 o'clock. The second and third discussions will be held at the same location and time on February 13 and 27.

The series is being given under the auspices of the Cinnaminson Parent-Teacher Association.

There was a large attendance at the school on Tuesday night, when Judge Mathews gave his first talk. He is thoroughly familiar with the subject and has spoken along similar lines on a number of occasions before many organizations. His excellent presentation of this most vital topic was most enthusiastically received by those present.

As has been planned for the subsequent talks, an opportunity was given for those in the audience to ask questions and to participate in the discussion at the close of the formal address.

"THE RIVALS"
P.H.S. PLAY

"The Rivals," a play given by the Drama Club of Palmyra High School, is to be used as an experiment to discover the most practical time to present a performance. Instead of a two night showing with a Thursday matinee, there will be a student presentation given Friday afternoon with the usual Saturday evening performance.

The cast, selected from the ranks of the Drama Club, has been hard at work practicing for the past few weeks. This rehearsal has even entailed a visit to various stores in Philadelphia and vicinity to perfect a knowledge of costumes and properties of the period in which the play is laid.

"The Rivals," is considered by many to outrank Richard Sheridan's other great work, "A School for Scandal," which has gained much praise whenever presented. Both plays have been outstanding favorites for a number of years and the people of our communities will be well paid for attending the Drama Club's production, "The Rivals," on Saturday, February 10, at 8.15 in the Palmyra High School Auditorium.

"MARCH OF DIMES"

The "March of Dimes" campaign will feature the observance of the President's birthday here and will be in charge of the local chairman, Dr. J. Rowland Dey. Boxes will be placed in stores and other public places, and each individual is urged to give a dime to aid in the great fight now being waged against the dread disease. Lapel buttons will be given each contributor.

held in the Palmyra high school auditorium Thursday, February 15th, with contestants from all the high schools throughout the county.

CAST ANNOUNCED
FOR COMING PLAY

Ruth Strahan Has Footlight Lead in "Dark Victory"
Here January 26-27

The Footlight Players have announced the cast for their forthcoming production, "Dark Victory," to be presented to the public for the first time in this vicinity on Friday and Saturday evenings, January 26th and 27th, at 8.30 o'clock, in the Riverton School auditorium.

Miss Caroline Keller, member of the faculty of the Palmyra High School and director of this production, has cast Ruth Strahan in the role of Judith Traherne, the character to be remembered as portrayed by Bette Davis in the motion picture version of "Dark Victory."

Mrs. Strahan very capably directed the "Players" first two productions, which proved quite a success, and will no doubt turn in a superb performance as Judith Traherne. The male lead, that of Dr. Steele, played on the screen by George Brent, will be taken by Earl Rowe, who very ably played the juvenile lead in "Tovarich," the Group's first offering last season. James Ballantyne and Clarence Hubbs, Jr., will portray the parts of Dr. Parsons and Michael, the groom, respectively. Other members of the cast are: Miss Wainwright, Florence Stephens; Allden Blaine, Phyllis Carson; Connie Ewing, Margaret Hill; Bill Ewing, Robert Strahan; Leslie Clark, Robert Patchell; Janette, Marie Schill; Josie, Ruth Seiber, and Miss Jenny, Eunice Vogt.

Others
Other members of the Little Theatre Group who are busy with themselves with plans for the forthcoming production are: Bryan Wood, Edward Schill and Frank Theurer, staging and lighting; George Ingram and James Ballantyne, properties; Dorothy Mays, costumes and decorations; and Thomas Asay, business manager.

"Dark Victory" is the story of the courageous fight of a young heiress for the right to live and to love the man of her choice. Help solves her problem with the help of her doctor and finally discovers the victory she seeks, makes a beautiful and inspiring story, played against a background of a group of amusing sophisticates of the country club set.

The Group realizes they have taken quite a task upon themselves in offering "Dark Victory" to Little Theatre lovers in this vicinity, but they are determined that this inspiring drama, together with the capable cast selected, will bring forth new success for them in the field of drama.

Tickets may be purchased at the door on the evenings of either performance or from any member of the Group; however, should anyone not be in position to secure tickets from a member of the Group, they may be obtained by calling Riverton 714, make your request known to person answering phone and the tickets will be delivered to your home.

LIBRARY MEETING

The annual meeting of the Riverton Free Library Association will be held on Monday evening, January 22, at 8 o'clock, in the library building, Main street, Riverton.

WINS ANOTHER

Palmyra High School's basketball team racked up the third win of the season Tuesday night, at Riverside, taking the home guard into camp by the score of 33-24.

DINGES PRESIDENT

Herbert Dinges, of Cinnaminson, was elected president of the newly formed Burlington County Transportation Association at the annual meeting and dinner held last week at the Regional High School, Mt. Holly.

PORCH CLUB

Garden Section

There will be a meeting of the Garden Section of the club on Tuesday, January 23, at 2.30 p.m., when winter bouquets will be made. Members are asked to bring scissors, a vase 6-8 inches high and a low bowl with flower holder. Those planning to participate are asked to phone the chairman, Mrs. Hunn, Riverton 1058.

On Tuesday, January 16th, the class in Arts and Crafts again met at the club. A large group attended and some very interesting work was accomplished. Attractive plates were made, some lovely trays were painted.

New Buildings
In Palmyra

The report of the Palmyra building inspector, Edward A. King, for the past month, shows that permits have been issued for nine projects, the total estimated cost being \$21,855. The largest job is for new buildings at the Tacony-Palmyra bridge.

The operations follow:
Mary Landis, new window, 925 Columbia avenue, Martin Shockley, Antone Nebel, new tin roof, 802 Cinnaminson avenue, George Friday, Ralph Rivers, back porch, 807 Lincoln avenue, Martin Shockley, Peter Velic, new roof, 422 West Broad street, Calvin Stow, Alfred Van Austin, new roof, 810 Washington avenue, Martin Shockley, Nick Beitz, remodel store, 17 East Broad street, George Shaner & Sons.

G. E. Garmmel, new roof, 601 and 603 Legion avenue, Metropolitan Life Insurance Co., C. A. Himes, new roof, 830 Highland avenue, Mr. Sanford. Three new buildings, Tacony-Palmyra Bridge, S-41 and River.

TO VOTE ON
CINNAMINSON
SCHOOL WORK

The Cinnaminson Board of Education reduced the suggested amount to be asked for in the proposed alterations and additions to the colored school building by \$6,000, at a meeting held Tuesday night. The school architect suggested that \$32,000 be asked for at the coming annual election to be held in February.

The members were unanimous in believing that the amount of \$26,000 would be sufficient to proceed with the original plans and, if necessary, limit the construction to essentials. B. R. Leach made the motion that the sum be reduced to \$26,000 for presentation to the voters. Mr. Conrow seconded the motion and the board voted unanimously in the affirmative.

Tax Budget Lower

The Board passed the school budget for the fiscal year 1940-41 which, while slightly increased for anticipated janitor salary and increased fuel consumption to take care of the new additions to the colored school, reduces the actual amount to be raised by taxation by \$2,395. The total amount to be voted on will be \$37,356.

Annual Meeting

The annual school meeting will be held on Tuesday, February 13th at which time the citizens will vote on the proposed alterations and additions to the colored school building, the 1940-41 budget and for one member of the board of education for the full three-year term.

The term of President Howard Taylor, Jr., expires and it is understood that he will probably stand for re-election.

EXPLAINS WHAT
SCHOOL OFFERS

Paul R. Jones P.T.A. Speaker on "What Can the Home Expect from School?"

Paul R. Jones, supervising principal of Palmyra Schools, was the guest speaker at the meeting of the Riverton Parent-Teacher Association held in the school auditorium on Monday night of this week, his topic being, "What Can the Home Expect from the School?"

Mrs. John Abell, president of the association, was in charge of the program and The Rangers, a men's choral group from Burlington rendered several numbers which were most enthusiastically received by the audience.

The plant given for the largest attendance of parents was awarded to Mrs. Williams' room.

Sudden Change

Mr. Jones began his talk by saying that the depression brought great and comparatively sudden changes to high schools, since the enrollment practically doubled during an eight year period. During this time, there was generally no expansion in building or in the teaching staff and there were many decreases in appropriations.

A large number of the additional students were of the non-academic group, that is, they had no intention of ever going to college and would probably have gone to work, had jobs been available. College preparatory courses, therefore, were not practical for such students and there existed a great problem as to what to teach them.

Citizenship

With this introduction to the subject, Mr. Jones then told what he thought parents could expect from the high school. The first thing, he said, was citizenship and character training in addition to that obtained in the home. This, he said, was somewhat intangible, being largely a question of judgment.

In the comparatively short time boys and girls are in school, the

Cadet Corps
Names Officers

The members of the American Legion Cadet Corps elected officers for the year Monday evening, at the Legion home, Raymond Fichter being named president; Charles Lezenby, adjutant and Michael Faunce, treasurer.

Others elected were military officers: Lieutenant of colors, Harry Frank; Sergeant of bugles, John Bromme; Corporal bugler, Harry Steacker; Sergeant of light drums, Harry Horner; Sergeant of heavy drums, Harry Groome; Corporal of drums, Clement Haas, and quartermaster, Robert Carhart.

A new officer this year is Captain of the corps, Alfred Mohrman, was elected to fill this post.

The Military Ball to be sponsored by the Cadet Corps will be held on Saturday, February 3, in the Palmyra High School, gymnasium. The date mentioned in last weeks paper was February 17, but was changed due to unavoidable circumstances. Tickets for this affair are now being sold by the members of the corps. Tickets are 40c ball and 75c ball and chain. Admission may also be paid at the door.

DOG TAGS

License tags for the Riverton canine population for 1940 have arrived and can be obtained from Daniel M. Clifton, borough clerk, at his office, 504 Main street.

All dog owners are asked to register their pets immediately.

so far as it relates to foreign lands, and the number of books of this sort that are suitable for elementary grades is very small.

The library rooms which we now have in sixteen of the elementary consolidated schools are proving very satisfactory. Except in the new buildings where such a room has been included in the original plans, these rooms have been equipped at very small cost to either school or county library.

Each year the quality of the service offered through the county library is improving, not through any efforts on the part of the headquarters staff, but because of the loyal and unselfish work of our local custodians. Also, no report would be complete without recognition of the valuable counsel given at all times by our Library Board.

To them and to all our friends who have aided in so many ways we wish to express our thanks.

FINE DISPLAY
The Moorestown Gardens, Inc., at Chester and East Oak avenue, Moorestown, is receiving congratulations from many sources on the fine appearance of its new display room and for the quality of its new display room and for the quality of its flowers and plants.

The new institution has 40,000 square feet of glass devoted to the growing of cut flowers and plants to meet every need of the modern florist establishment.

A cordial invitation is extended to everybody to visit their new show-room and greenhouses.

LEGISLATIVE DINNER
PLANNED FOR FEB. 5th
Mrs. Pearl M. Bridgman, president of the Women's Republican Club of Burlington County has announced that the annual legislative dinner sponsored by the club will be held on Monday evening, February 5, at 5:30 o'clock. January 29 had been originally announced as the tentative date.

The affair will take place at the Stacy Trent Hotel, Trenton, after which the guests will attend the session of the Legislature.

Guests of honor will be U. S. Senator Warren W. Barbour, Congressman D. Lane Powers, State Senator Howard Eastwood, and Assemblyman A. Matlack Stackhouse.

On Thursday afternoon, January 18, members of the Women's Republican Club of Burlington County will give a covered dish luncheon in the Townsend Club headquarters on High street, Burlington, at 12:30 o'clock, when Mrs. John C. Gillam, of Mt. Holly, will be the guest speaker and will talk on legislation.

Thursday, February 15, is the date selected for a dessert-bridge which the club is sponsoring to be held in Legion Hall, Florence, which is open to both old and the new members who joined the club in the recent drive for members.

TO LEAD DISCUSSION
A round table discussion of apple growers' marketing experiences will be led by C. B. Lewis, of Riverton, president of the New Jersey Fruit Institute, at a meeting of the New Jersey State Horticultural Society in Trenton, on Friday, January 26.

The affair is being held in connection with the annual Agricultural Week program.

BRIEF ITEMS from ABOUT TOWN

Despite the wintry weather, construction work at the new Riverton post office is going ahead rapidly.

The Riverton post office has a collection of nearly 1,000 Christmas cards bearing 1½¢ stamps which were not delivered because of wrong address. Such cards cannot be forwarded or returned to sender.

School board elections will be held on Tuesday, February 14. The candidates in Riverton, all of whom are up for re-election, are Mrs. Charles Yost, Dr. J. Rowland Dey and Robert G. Adams.

The board of directors of the Riverton-Cinnaminson Welfare Association met on Tuesday night of this week in the home of Mrs. William E. Bennett, Bank avenue, Riverton.

The members of the Delran Yacht Club convened in a regular meeting in the club house, on Wednesday night of this week.

ENGAGED
The engagement of Miss Ella N. Hostetter, member of the Palmyra High School faculty, to John Collins McSparran was announced Christmas day at a dinner in the home of Miss Hostetter's parents in Washington Boro, Pa. The wedding is expected to take place in the spring.

RIVERTOWN LADIES CLUB
The Riverton Ladies' Club will sponsor a motion picture show and card party with refreshments and beautiful prizes at the home of Mrs. J. A. Pearce, Bridgeboro, and Hartford Road, on January. All for 25 cents. Come out and have a real treat.

The affair starts at 2 o'clock sharp.

The Riverton Ladies Club will hold the next card party at the home of Mrs. Frances Edinger, 269 Hooker street, Riverside, Thursday, January 18, at 2 o'clock. There will be many prizes.

There will be a special meeting of the club Friday afternoon, at 2 o'clock, January 19, at the home of Mrs. Anna T. Denner.

plans to facilitate the financing of medical care are New Jersey, Arizona, California, Connecticut, Idaho, Massachusetts, Michigan, Missouri, New York, Oregon, Pennsylvania, Utah, Vermont, and Washington; and also the District of Columbia.

While the states in which statewide plans have been initiated total 14, this number would be greatly increased if there were added to it the number of states in which local and county plans have been inaugurated.

May Be Modified
During the period 1932 to 1938, between 200 and 300 county medical societies entered into contracts with relief authorities to provide medical care for persons unable to pay for it.

Preliminary expenses of organization have been provided by the medical societies.

There is great variation in the plans set up. Some provide for delivery of medical services, while others make provision for cash benefits which the insured can use for financing medical care. All plans are frankly considered experimental.

As rigidity has been subordinated to flexibility, the plans can be modified in the light of experience without the necessity of overcoming the resistance created by rigid systems.

"GLARE-FREE" LIGHTS
Additional safety advantages, as well as savings of 50 per cent for operation, have been obtained through the substitution of "glare-free blue" fluorescent tubes in electric directional signs at three experimental locations, State Highway Commissioner E. Donald Sterner reported recently.

"This new tube replaces the two higher-powered bulbs that were in back of the glass on which is painted the names of municipalities," explained Commissioner Sterner, "and,

in our opinion, it gives a much better distribution of light, thus producing signs much easier to read at night and of a much better color. They are as near daylight as light can be.

"Besides, the operating cost of the new signs is another very important factor. We are only required to use a total of 40 watts in each sign box and the current costs have been reduced about 50 per cent. Similar savings will be realized on new installations."

Symptoms of Infantile Paralysis maybe partial paralysis of a group of muscles, moderate fever, headache, gastro-intestinal disturbances such as vomiting, drowsiness alternating with irritability and stiffness of the neck and spine. Tenderness and weakness of the muscles may also be present. Summon a competent physician immediately.

Chant Manages County Farms
Consolidation of three institutional farms was approved last week by the Burlington County Board of Freeholders and Freeholder John M. Chant, will supervise management of them all. The move was made in the interests of more efficient operation.

Heretofore there were individual farms attached to the county almshouse, sanitarium and insane asylum. After the meeting Chant said former Freeholder James McCormick will become superintendent of the combined farms. He has been superintendent of the almshouse farm.

Chant suggested that politics be eliminated from the management of the farms because it takes a farmer three years to get acquainted with his soil to plant the proper crops. If changes are made every three years with a change of personnel in the freeholders then the plan will not work, he said.

The change was lauded by all the other members of the board, who promised cooperation.

EXPLAINS WHAT SCHOOL OFFERS
(continued from page 1)
average is but three hours per day over an entire year, Mr. Jones said he felt that secondary schools graduate most of their students as better citizens at the end of four years.

Social Life
Another thing that is accomplished, he asserted, is to help students to attain a better adjustment to social life, both in respect to themselves and to others.

In respect to courses of study, the speaker told of the three main divisions that are available. The first of these is the general course, which is being developed at Palmyra as the social scientific. The subjects offered are not necessarily easy, but are intended to teach things of a practical nature to those who do not expect to go to college.

Commercial
Another division is the commercial. This tends to become overcrowded, he said, due to the fact that many believe it's subjects offer the best opportunity of securing a position after graduation. As a matter of fact, a national survey has shown that there are about twice as many commercial graduates each year as there are positions available. This necessitates a limitation of the number enrolled in order that too many will not be disappointed in life after graduation.

Mr. Jones stated that an employment service had been started for commercial graduates and that excellent results had been secured.

Cooperation
The third division of study is that of the college preparatory. The importance of this can be gained by the fact that, at present, there are 163 Palmyra graduates in institutions of higher learning.

Academic courses also present problems because of the varying requirements of various colleges and universities. This subject is being extensively surveyed at the local school and prospective college students are receiving guidance along the lines which they propose to follow.

In closing, Mr. Jones stated most emphatically that sincere cooperation is needed from the home in order that any school program can be carried out with the greatest degree of success.

At the close of the meeting, refreshments were served by Mrs. Walter Moyer, chairman, and members of the hospitality committee.

MISSIONARY SOCIETY
The next meeting of the Young Women's Missionary Society of Bethany Lutheran Church will be held at Miss Ida Diemand's home, 611 Sixth street, Palmyra, Monday, January 22nd.

New officers for this year are: president, Rae Vetterman; vice president, Hildegard Sehafer; secretary, Dorothy Binder; treasurer, Sophia Deviney; publicity, Virginia Howe.

Membership is being stressed this month, and all those interested in joining are cordially invited.

ed and a number in the class began making gloves.

There will be four more lessons in pottery and glove making and two more lessons in the art of decorative painting on trays.

All classes are still open to members. The next class will be January 23rd, at 10 a.m.

Last Tuesday afternoon Dr. Elizabeth Ford Love, of Moorestown, gave an interesting talk at the club. Her subject "Youth, Their Problems," was most interesting. Dr. Love is connected with Social Hygiene for the New Jersey State Department of Health, and brought out the great value of youth organizations and what an asset they can be to any community. She thinks that, with a good leader, a youth organization can reach and direct some children when the parents have failed.

Tea was served after the talk to about 35 guests.

The last class in art will be on January 24th for the advanced class. This class will finish the series that has been part of the club program.

A new series of lessons will begin and anyone wishing information or desiring to sign up for the new series please call Mrs. Murray C. Boyer, who instructs the class in this work.

Why should anybody want to be president of the United States—or of anything else, for that matter?

New Jersey Plates to Be of
Same General Style
as This Year

New Jersey license tags for 1940 will have green lettering on a black background. Otherwise their general style will be about the same as last year.

New York tags will again advertise the World's Fair. The inscription "New York World's Fair" will appear below the numerals and will be on passenger vehicle plates only. The 1940 color scheme for New York is orange numerals on a black background, just the reverse of last year.

Other States
A complete list of color combinations for the United States and its provinces and also for the provinces of Canada is as follows:

COUNTY ROAD WORK
Bridge over Mill Creek is under reconstruction between Rancocas and Route 25. Traffic maintained but special caution is required at the bridge approaches on each side.

Bispham street, Mt. Holly, is closed for bridge construction. Short detour over adjacent streets.

The Chatsworth-Tabernacle Road, Woodland and Tabernacle Townships, is closed for bridge construction over the West Branch of the Wading River, three-quarters of a mile west of Chatsworth. Detour from Chatsworth by way of State Highway Routes S-40, 40 and 39.

The following are under construction with traffic maintained: Church Road, Cinnaminson Township, one and one-half miles. Jobstown to State Highway Route 39, Springfield Township, two miles.

NEW BUSES
Public Service Coordinated Transportation and Public Service Interstate Transportation Co. have placed an order with General Motors Truck and Coach, a division of Yellow Truck and Coach Manufacturing Company, for the purchase of 242 buses, consisting of 108 oil-mechanicals and 134 oil-electrics.

In addition, Public Service plans to convert this year 100 gas-electric buses to the modern type of oil-electric operation. This work will be done in the company's own Newark shops.

Sixty-six of the new oil-mechanical buses will be of the twenty-three passenger seating capacity; fifteen of the twenty-seven passenger seating capacity and twenty-seven, of the twenty-nine passenger type.

NEW STAMPS

A special series of postage stamps honoring famous American authors will be placed on sale on the dates and at the offices listed below (dates are first day sales):

One-cent, green, Washington Irving, January 29.

Two-cent, red, James Fenimore Cooper, Cooperstown, N. Y., January 29.

Three-cent, purple, Ralph Waldo Emerson, Boston, Mass., February 5.

Five-cent, blue, Louis May Alcott, Concord, Mass., February 5.

Ten-cent, brown, Samuel L. Clemens, Hannibal, Mo., February 13.

The stamps will be 0.85 by 0.98 inch in size, arranged vertically, issued in sheets of 70, and printed by the rotary process.

FARM SHOW

New Jersey's Twenty-fourth Annual Agricultural Week and Farm Show, held in Trenton January 23 to 26, will embody much of the "town-meeting" idea which is being revived throughout the nation, W. H. Allen, State Secretary of Agriculture, announced this week.

"Agricultural Week is sponsored by the New Jersey State Department of Agriculture in cooperation with other organizations throughout the state," Secretary Allen explained. "The four-day schedule includes sessions devoted to every important phase of New Jersey agriculture. Opening meetings provide an opportunity to discuss mutual problems under the leadership of outstanding authorities on farm subjects."

WHY WAIT
FOR THE REAL
ESTATE BOOM?

By GEORGE F. GINTHER
Sec.-Treas. J. L. Lippincott Co.

A few years ago one of the leading real estate analysts of the nation predicted a real estate boom in 1942. He now states that we are in the beginning of it and that, already, prices of properties and rentals are beginning to advance. The tendency of conditions in the local real estate market now seem to confirm his prediction and statement.

With governmental agencies and local institutions vying with each other to dispose of their holdings, a situation strongly in favor of the prospective home owner has developed. More and more, people are taking advantage of this situation and as they do, prices will advance and those who have delayed in buying will be caught by boom prices. Your Realtor stands ready to serve you with the best offerings possible and is anxious to fit your needs with a property. Not only is your Realtor ready to serve you in securing your home—but he also is guardian of your interests as a home owner.

Realtors Observe
Your Realtor is in a peculiarly advantageous position to observe what is taking place in those agencies that would make a property ownership a burden. Through his local board, his state and national associations he is fighting valiantly to prevent taxes and other items from making home ownership unattractive.

Real estate owners are cognizant of the fact that unified voices raised in a common plea are not futile. The relationship of the local real estate board to the property owner is this.

The real estate board has tax and legislation committees. The function of the tax committee is to try to equalize and lessen the burden upon real estate arising from direct or indirect taxation and to preserve private property rights. The legislation committee scrutinizes closely any legislation proposed by local, state and federal governments. All ordinances, codes and regulations are examined searchingly.

Your Realtor invites you to attend the local real estate board meetings (the second Tuesday of each month, at 6:45 p.m., except June, July and August) with your problems and use its facilities towards the solution of them. You

will meet your realtors and also enjoy a delightful dinner.

Make arrangements with your local realtor to be a guest real soon.

STACKHOUSE POINTS
TO INDEPENDENT VOTE
IN HANEMAN BALLOT

Refuting charges that his recent Republican caucus vote for majority leader of the Assembly was not independent, A. Matlack Stackhouse, of Moorestown, who was sworn in as Burlington County Assemblyman recently, stated that in voting for Haneman, of Atlantic county, as majority leader, he was supporting the interests of the smaller counties.

Mr. Stackhouse stated that the large counties, Essex, Bergen and Camden, were attempting to secure control of the State by force of numbers and ignored the interests of the smaller counties.

He stated the interests of Burlington county are identical with those of Cumberland, Ocean, Hunterdon, Monmouth, Somerset, Sussex, Cape May, and others of the less populated counties in the state, the assemblymen of which counties voted with Mr. Stackhouse for Haneman.

"The Assemblymen representing the smaller counties in the state are not dominated by any interest or faction such as controls Essex and Camden counties," said Mr. Stackhouse. "These smaller counties represent the backbone of Republicanism and our democratic form of government. By tradition the representatives from these counties should think independently and act independently and be free from any demagogic appeal."

CHAIRMEN NAMED

The complete list of local chairmen in various Burlington County communities, appointed recently by Richard P. Hughes, of Burlington, county chairman of the committee for the celebration of the president's

birthday, which is conducting the 1940 "Fight Infantile Paralysis" Campaign, is as follows:

Dr. Robert E. Sievers and James D. Magee, Bordentown; Dr. Edward J. Muldoon, Florence; Rev. Millard O. Pierce and Thomas J. Johnson, Burlington; Harry Reiting, Edgewater Park; Dr. John B. Clement and James O'Neil, Beverly; Dr. Charles H. Ehrlich, Riverside; Dr. J. Roland Dey, Riverton; John F. Ward, Palmyra; Charles VanGeel, Maple Shade, and Elizabeth Cowperthwait, Medford.

Also Frank A. Hendricksen, Mt. Holly; Edna Perry, Hainesport; Caroline Gaunt, Jobstown; Dr. Marcus W. Newcomb, Browns Mills; Royston D. Engle, Moorestown; Howard Z. Mathis, New Gretna; Dr. Arthur B. Peacock, Columbus, and Florence L. Wills, Rancocas.

FOOD STAMP PLAN

Burlington City's request for consideration under the "food stamp" of the Federal Surplus Commodities Corporation has received the attention of the Corporation, according to assurances given Congressman D. Lane Powers.

Powers has sent to Mayor Thomas J. Johnson, of Burlington, a questionnaire to be filled out by the local relief authorities as the

first step toward obtaining the "food stamp plan" for Burlington. The questionnaire was sent Powers by Philip F. Maguire, vice president of the Federal agency.

The Congressman recommended to Mayor Johnson that the Burlington welfare authorities immediately fill out the questionnaire and return it to him, for forwarding to the Corporation.

Maguire, in a letter to the Congressman accompanying the questionnaire, declared that: "At the present time the food stamp plan is in operation in a number of areas throughout the country, and over four hundred other cities and areas have requested the program. We are confident you will appreciate the fact that we are necessarily limited in our selections, but consideration will be given to the possibility of inaugurating the plan in Burlington if it becomes administratively possible."

Poliomyelitis—the medical term for infantile paralysis—has made cripples of over 350,000 persons in the United States since 1908.

Conflicting Signs

Financiers claim to be confused by the business picture at this time. With reports coming in of much greater earnings this year than last, and of the resumption of dividends as well as increase of car loadings and power production, the stock market continues to feel its way feebly and to remain close to the year's bottom. Some of the "experts" say that this indicates the belief in Wall street that the war will not last long and the "war boom" will soon be over, while others claim that the market leaders are expecting another business slump early in the year, that the action of the market is forecasting this.

Certainly conditions are mixed both here and abroad. The war still has many queer aspects in Europe and the business picture in our own country is clouded. The Alexander Hamilton Institute recently pointed to the fact that cash income from farm marketings during the first ten months of the year was lower than in the same period of 1938 despite the increase in October. The only increase was in the federal benefits paid to farmers, being \$640,000,000 this year as against only \$395,000,000 last year. The Institute continues:

"The prospect is, therefore, that the farmers' annual income this year will be lower than the \$8,300,000,000 forecast by the Department of Agriculture. It is apparent that any increase over last year's income of \$8,020,000,000 will be small. In view of this prospective failure of farm income to show more of a gain this year, it is apparent that the sharp increase which has occurred in manufacturing activity this fall has not been warranted, since farm income provides a measuring rod for the value of manufactured goods actually consumed. This suggests a curtailment of manufacturing activity next year as a corrective to this year's over expansion. This curtailment would be considerably modified if farm income should expand in 1940. Such expansion, however, will depend upon the development of inflation and there is little to indicate at the present time that much inflation will take place."

This element of farm prosperity is one which should not be overlooked in attempting to predict what is apt to happen next year. With the farm income not improving to any great extent it is difficult to foresee a business boom despite the prospect of war orders which may or not materialize.

A Foolish Proposal

We have had several suggestions of late, from men high in the New Deal administration that it will be necessary to elect Mr. Roosevelt for a third term because of the critical international situation. The inference is that we ought to elevate Mr. Roosevelt to the Presidency again because "he keeps us out of war." Those words have a familiar ominous ring. They are not used in toto by the supporters of the third term idea because a lot of people still remember 1916. So the term "critical European situation" is employed instead.

As a matter of fact the United States is in no danger of getting into war if we preserve our senses and do not permit sentiment to run away with good judgment. This will be true no matter who happens to be President. The American people do not want to get into war. What they demand is that we solve our domestic economic problems. With ten million men still out of work and the national debt looming bigger and bigger, day by day, we have some dangers which are much nearer to us than Berlin and Moscow.

Of course this is not to say that it is impossible for us to get into war. We might blunder in easily if we tried to mix into affairs which were none of our business, and commit errors in the name of "neutrality" and "fair play."

One blunder of this kind has already been made, but fortunately it probably will not bring a crisis. That blunder was the establishment, by the American nations, of a 300-mile limit inside which belligerent nations must not come to shoot at one another. There is no international law or practice which gives us or any other nation control of its waters 300 miles out from the

shore line. We could not enforce any such neutrality declaration without going to war about it, and it is doubtful if we could enforce it then. And the proposal is all the more ridiculous because it is illogical and there is apparently no sense in it.

If we can control the Atlantic for 300 miles why not make it 3,000 miles and prohibit the belligerent countries from fighting any nearer our shores? Such extension of the limit might end the war altogether.

This of course is absurd. Establishing unreasonable control of the waters touching America will not protect us, but may drag us into war. The less we hear about this pan-American neutrality proposal in the future the better it will be for our peace of mind. This 300-mile limit declaration is cited only as an example of how Uncle Sam could stick his neck out and get trouble easily and without much advance advertising.

A romantic correspondent longs for the men who were gallant enough to drape their cloaks across a mud puddle, a la Sir Walter Raleigh, so that the ladies would not get their shoes soiled. Personally, we think the men are more valuable who can build concrete roadways so that the cloak-spreading won't be necessary.

Attorney General Frank Murphy is quoted as stating, that the President will run for a third term only in case of crisis. But there has been just one crisis after another whenever the New Dealers wanted to get anything done without rousing opposition from the populace.

President Roosevelt, according to the press, has let it be known he will send soup kitchens to Ohio this winter if Governor Bricker permits any of the people to "starve." What? Soup kitchens necessary after seven years of New Deal?

The underground railway which runs from the Senate office building to the Capitol at Washington, is to be made noiseless. How come? Those senators ought to be used to noise by this time.

The movie critic of the red Daily Worker is said to have been forced out of his job after he refused to condemn "Gone With the Wind." In short, his job has now gone with the wind, too.

Personally, now that they have revived antique furniture and old-time wood cuts have been popularized, how about bringing back the old custom of drinking sassafras tea?

In order to curb crop production and stabilize prices we are for an ever normal granary and bigger and hungrier mice.

WIRING INADEQUATE?

Was inadequate wiring again emphasized during the holiday season in your house? Did decorative lighting have to be connected to central ceiling fixtures or spread like a spider web throughout the room from multiple screw plugs in the sole baseboard outlet?

Too often all of the floor and table lights in a room are dependent on one outlet for connection, according to W. C. Krueger, extension professor of agricultural engineering at the New Jersey College of Agriculture, Rutgers University.

"Such a practice is undesirable from several angles," he says. "Most important, the combined load of all electrical equipment and lighting in a room may seriously overload the capacity of the one outlet circuit. Then beside the fact that wires strung hither and yon are unsightly and can easily spoil the effect of a room, accidents occasioned by tripping over wires are common."

"Wires subject to foot traffic, even under rugs, wear through and a short circuit results, causing fires and at the least, the annoyance of

blown fuses. Having all of the appliances and lights in a room on one circuit makes them all subject to the one set of fuses. With two circuits servicing a room, some lights will still be on even after a fuse blows.

"Wires strung under rugs across the room are not only a fire hazard

but wear the rug excessively over and along the wire. And finally, one cannot arrange the furniture nor the lighting in a room to the best advantage unless outlets are conveniently located.

"The best lighting standards call for at least one outlet for each 12 feet of room wall length with a minimum of one outlet to a wall. Two circuits to a room are desirable. No, 12 or larger wires should be used and duplex outlets insisted upon because they give twice the service of single units at practically no increased cost. Outlets should be located two and three feet from the floor where they can be reached easily without stooping instead of in the old-fashioned baseboard location.

"Particular emphasis on adequate wall outlets is justified in view of the widespread and practical elimination of ceiling fixtures in favor of portable floor, table and wall pin-up type lighting fixtures."

The radio has its comfortable moments. For instance: the time when they pause for station identification.

Westfield Friends' School

Tree Planting

The living Christmas tree which was given to the school at the holiday season was planted Monday, January 15th, with appropriate exercises. While the weather was too cold to plant the tree, the children drew diagrams of the grounds and on them showed where they would like the tree placed. Many suggested a place not far from the flag pole so it was put there. The children each gave a "dig" of the earth and wrote suitable dedications for its growth and endurance in the years to come. Following are two of the poems written for the occasion:

My Wish, My Wish

Dear tree, dear tree,
You're wee, you're wee,
You'll grow, you'll grow;
And see the snow;
The snow is beautiful
And so are you.
Howard Dunn, Grade III.

To Our Tree

I wish you to be healthy, wealthy,
and wise,
And grow to be an immense size,
I know you'll grow and grow,
How long 'twill be, I'll never know.
Michael Crowell, Grade III

MAGISTRATES' DINNER

A number of prominent county officials will be guests of honor at the annual banquet of the Burlington County Magistrates' and Constables' Association, to be held Tuesday evening, January 23, in the German Kitchen, Route 3-41, Maple Shade.

George S. Stevenson, Beverly magistrate, organizer and president of the group during 1933 and 1934, will be installed for his third term as head of the association at a short business session which will precede the dinner, at 6:30 p.m.

John R. DiMona, attorney and former assistant city solicitor of Camden, will be the principal speaker. Alexander Danbo, Burlington attorney and solicitor of the association, will serve as toastmaster.

Other officers of the magistrates' Tuesday night are: vice president, Tuesday night are: vice president, Charles Dickerson, Burlington township; secretary, Vernon Stone, Palmyra; financial secretary and treasurer, Edward M. McNulty, Riverside Park; sergeant-at-arms, Daniel Francis, Beverly; and trustees, Charles Steinman, Edgewater Park; Walter Middleton, Moorestown, and Moorestown Police Chief John Bradshaw.

WRESTLING SHOW

Gino Caribaldi and Ernie Dusek, two of the brawniest men in the grout and groin industry, will go at it hammer and tongs again when

Durham, secretary; Warren Gluyes, treasurer; James Seither, Jr., reporter; Benny Costa and Ed Veitenheimer are in charge of the games.

FASHION SHOW

The Spring Fashion Show to be given by the St. Agnes Guild of the Christ Church, Palmyra, through the courtesy of Lit Brothers will be held on Tuesday evening, January 23, at 8 o'clock in the parish house. The models, who are members of the church, will be attired in sports, afternoon and evening clothing. The feature attraction will be a bridal party. Admission is twenty-five cents.

CUTTING GRASS

The New Era was glad to hear from Jack Metzgar, a former resident of Riverton, recently. He is now residing at Long Beach, California, and wrote that he was engaged in our summer pastime of cutting grass on his lawn, January 12.

While there are numerous and sturdy gentry who abhor grass cutting in July for example, we imagine, Jack, that there are many who envied your occupation while they were shivering here.

JUNIOR WOMAN'S CLUB

The members of the Palmyra Woman's Club will entertain the Senior Woman's Club on Monday night, January 22, at 8 o'clock in Society Hall.

A prominent speaker will address the gathering.

Church Notices

CENTRAL BAPTIST CHURCH
Rev. George Lockett, B.D., Pastor

Services Sunday, January 21.
Bible School, 10:00 a.m.—The prevailing illness among the members was evidenced by the attendance last Sunday. However it was not far below normal. Superintendent William Cooper, who is recuperating at Atlantic City was missed. The school is hoping for his speedy recovery.

Morning Worship, 11:15 a.m.—The pastor's subject for the morning sermon will be "The World's Greatest Need," a message in which all should be most vitally interested. Appropriate and inspiring music by the choir. Visitors in our community who are without church affiliations are especially invited to this service.

Evening worship, 7:45 p.m.—The B.Y.P.U. of the Church will visit the church in a body to supplant their regular meeting which usually convenes at 6:15 p.m. Richard Deemer of the graduating class of 1940 will be the speaker of the evening service. He will have an interesting subject for the "oldsters" so come out and welcome the youngsters and encourage them in their interest in the vital problems of the day.

Wednesday evening at 8 o'clock the usual mid-week prayer service. A stimulating hour for everyone. Come out and join this hour of Christian fellowship.

BETHANY EVANGELICAL
LUTHERAN CHURCH
Rev. Oliver W. Powers, Pastor

Sunday is called Septuagesima Sunday. The name is from the Latin meaning seventy, and indicates that Easter is within seventy days. At the chief service, 11:00 a.m., Holy Communion will be administered. The Rev. Oliver W. Powers will be the celebrant, assisted by Seminarian Charles King Wynkoop, and Mr. James H. Ingram. Mr. Powers will preach on the subject "The Race of Life."

At vespers, 8:00 p.m. the Sunday School will join with the congregation in a special foreign missions service centered around the theme "South America for Christ."

CHRISTIAN SCIENCE CHURCH

"Life" is the lesson-sermon subject for Sunday, January 21, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "This is the record, that God hath given to us eternal life, and this life is in his Son." (I John 5: 11).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Yet the Lord will command his loving kindness in the daytime, and in the night his song shall be with me, and my prayer unto the God of my life." (Psalms 42:8).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Be- come conscious for a single moment that Life and intelligence are purely spiritual—neither in nor of matter—and the body will then utter no complaints" (p. 14).

Wesleyan Men's
Bible Class

For the Men of the Community

At the prison in Brussels, standing in the cell of Edith Cavell, an English nurse who was condemned to death, the gloom of it is somewhat relieved by the beautiful Christian message she left to the world.

After receiving the Holy Communion, the cup and book are still there, she said, "Patriotism is not enough, we must love one another." This applied even to the enemies who condemned her to death. No less ardent in her love for her country, her love in Christ was broader, even international.

"Love one another, as I have loved you," Jesus said and this applies not only to one's nation but to all mankind! What a sublime brotherhood mankind would be if Christ's example and precepts were accepted and practiced.

"We must love one another," this is the motto for our Bible Class. This love must spread beyond our limited spheres and join in the spread of it to others irrespective of race or color; enemies or friends.

Peace appeals and missionary efforts are just now engaging the world. Come with us next Sunday morning at 9:50 and have part in this sacred and needful work.

Mr. Poinsett will speak to us from Matt. 20:17-28. "Jesus foretells His Crucifixion and Resurrection." Our soloist, Mrs. Turnock.

Palmyra School Notes
First Aid Demonstration
On Friday, January 12, one of the Public Service First Aid crews gave an excellent demonstration of First Aid in the high school gymnasium. The exhibition was divided into two parts. The first part was given before the seventh and eighth grades and the sophomore girls who had gym that period. The second part was presented to the entire Freshman class and the boys in the sophomore class who had gym the last period in the day.

The speaker who explained the various parts of the demonstration was Homer Steiner, safety supervisor, of the Southern division of the Public Service Electric and Gas Company.

The group that did the demonstrating was the Burlington Electric Distribution Department First Aid Team. The members of the team were:

C. Fabian, J. Gentzer, W. Woolston, H. Craft, J. DeVinney, H. Thomas, L. DuBell.

Problems
Some of the first aid problems presented were: Making a temporary splint for a broken leg, the proper way to stop arterial bleeding in different parts of the body, making a sling for an injured arm, the proper treatment of shock, and the proper way to render artificial respiration for a person suffering from an electric shock or gas asphyxiation. Another interesting lesson was the proper way to make a stretcher out of a blanket and thus carry a badly injured person for any necessary distance.

Each problem was clearly explained, efficiently demonstrated and quickly executed.

The whole performance was well received by the pupils and teachers, and it is believed a lot of first hand information on first aid was gained by everyone present.

The program was arranged by the Safety Education Committee of the Palmyra Schools of which J. P. Hughes is chairman. The object of the demonstration was to present a practical application of some of the safety information that has been studied in the schools.

Investment programs usually turn out to be headache programs.

PATCHEL TELLS

OF LOCAL SURVEY

A new concept of the responsibility of the community for the conditions within its borders was brought to the local Rotary Club last week when Robert Patchel told of the community survey made last year in Palmyra, Riverton and Cinnaminson to determine essential facts on conditions existing.

The survey spotted the areas of delinquency and crime, determined the relation between house environment and crime, measured the recreational facilities offered by social and commercial organizations, appraised the part that churches were playing in meeting needs other than spiritual, and compared these facts with the record and experience of other communities.

Conclusions

Many of the conclusions reached by the committee may only be safe-

ly interpreted in the light of the methods employed and with complete factual and background information available. The committee therefore is reluctant to have isolated conclusions made the basis of controversial discussion. Some of the several conclusions however may be released.

Insufficient cooperation between organizations dedicated to youth service seems apparent from the survey. This results in duplication of effort, lack of unity of purpose and less return from the time and money spent than otherwise would be possible. Too few of the young people are reached and the situation is further handicapped by lack of constructive commercial enterprises which youth might patronize.

The report concludes that there is great need for a sponsoring community organization which would have as its sole object the coordination of all youth activities in the interest of better programs for a more ample leadership and in the belief that such direction would offer increased cooperation of organizations, do away with corner lounging, reduce delinquency and lead to improved conditions in many other ways.

It is interesting to learn that the first steps in such a project have already been taken and an announcement of wide-spread community interest will probably soon be made in this connection.

Cash has always burned holes in our pockets, and we suspect it would even burn holes in our safety-deposit box.

WHAT tastes better on a cold day than a bowl of piping-hot soup? Such a dish is also very filling when made with noodles, dumplings or plenty of vegetables.

It is best to cook soup a long time at low temperature on the simmer burner of your gas range. All the juices and nutritious values of the ingredients will be dissolved in the liquid and the soup will be the more tasty.

SOUPS

Foundation White Sauce for Soups
2 tbsp. butter 2 cups milk
2 tbsp. flour Salt and pepper

Melt butter, add flour and seasonings. Mix to a smooth paste. Add scalded milk, stirring and cook on simmer burner of your gas range until thick. Use immediately or cool and store in covered jar in automatic refrigerator.

Cream Soup Variations

1. Cream of Spinach—Add to white sauce, one and one-half cups spinach puree and one-half tsp. sugar. Season to taste.

2. Cream of Pea—Add to white sauce, two and one-half cups of pea puree and 1 tsp. grated onion.

3. Cream of Asparagus—To white sauce add two cups of asparagus puree. Serve hot with whipped cream.

4. Cream of Tomato—Add to white

sauce, two and one-half cups tomato puree, one-eighth tsp. salt and one tsp. grated onion. Serve hot and top with whipped cream.

5. Cream of Corn—Add to white sauce, two cups cooked corn, seasoned with thinly sliced onion. Serve with popped corn, dash of paprika and strips of pimiento on top.

6. Cream of Celery—Add to white sauce two cups cooked diced celery and seasonings.

7. Cream of Mushroom—Add to white sauce, one-quarter pound of mushrooms sliced thin and two tablespoons butter.

Soup Stock or Consomme
1 chicken carcass 1 cup chopped onion
1 soup bone 3 whole cloves
(beef or veal) 4 lb. sh. of 1/2 cup diced
beef or veal celery
2 1/2 qts. water 1 tsp. parsley
1/2 tsp. pepper
1/2 cup diced carrots

Have butcher break soup bone. Wash thoroughly and place in large saucepan. Add vegetables, seasonings and cold water. Simmer for four hours. Strain and add water to make two quarts. Serve immediately or store in a covered jar in automatic refrigerator.

For a brown soup stock, brown one-half pound meat in one-quarter cup lard, and add to other ingredients.

BOY SCOUT NEWS

Scout Week Program

The members of the Palmyra Boy Scout Troop No. 5 are looking forward to Scout Week which will occur from February 8th to February 15th. A banquet will be held the evening of February 8th to officially open the event and this will also be a special assembly will be held for the students of the high school relating to scout activities and a prominent speaker connected with scout work will be on hand to talk to the students.

On Saturday, plans are being made for a camping trip, to be held at the scout camp, Camp Dobbins, Vincentown.

Sunday, the Scouts will go in a body to the church service to be held at the Methodist Church in the evening.

Monday night, which is their regular meeting night they will be entertained with a special treat and an important speaker.

Tuesday, this will be another big night for the scouts as they will be admitted free to the Palmyra movies.

Wednesday, which will end the scout week, a swim including all scouts, will be held at the Moores-

town Community House and transportation will be furnished by the leaders of the troop.

A turkey dinner and a holiday party was held during the holidays at Camp Dobbins. The scouts are making use of their camp more this year than in the past and enjoy many splendid outings over the week-ends.

SLOW DOWN FOR
HIGHWAY CREWS

In cooperation with highway officials, the Keystone Automobile Club urges motorists to slow down and observe the rules of caution in passing road construction, repair and line-painting projects.

Lives of highway workers, it is asserted, are constantly endangered by drivers who fail or refuse to heed "Men Working" and other signs indicating the necessity for slow and careful operation.

"Aside from the human aspects of the situation—which in all conscience should be enough—the motorist should observe the rules of safety from a selfish standpoint, realizing that the workers are out there in hazardous positions to make the highways safer for his use," said Trevor B. Mathews, manager of the Camden division of the club.

"Conscientious observance of the signs by motorists will contribute, in no small measure, to the campaign for highway safety in this and other states. There is scarcely a time when some road is not undergoing improvement for the benefit of motorists, and therefore it be-

comes the duty of every driver to slow down and observe the rules of caution in passing road construction, repair and line-painting projects.

Know Your Government

Preparation for 1940 Budget
When municipal officials in New Jersey meet to discuss and prepare local budgets for 1940 they can expect to witness taxpayer participation and interest in the budget proceedings greater than ever before. It will be recalled that in the Spring of 1939 in many communities throughout New Jersey an unprecedented number of taxpayers association members attended budget hearings en masse, protesting against proposed increases and in most cases securing sizeable reductions before budgets were finally adopted.

This activity is certain to have a favorable effect upon efforts to keep 1940 taxes under control. Public officials are aware of firm opposition by organized taxpayers to attempts to increase the tax burden, and have learned to respect the requests of taxpayer groups.

Important Point

One point of especial importance revealed through taxpayer attendance at budget hearings in previous years is that early preparation by taxpayer groups will give more power to their efforts and will produce far greater results. The time to accomplish the greatest results is before the budgets are made up.

This requires an understanding of the operation of the municipal government, its expenditures and its revenues, gained through a careful inspection of expenditures and receipts. A study of the 1939 budget, for example, will provide valuable background for efforts to control the 1940 budget.

Invariably this information can be secured through the cooperation of public officials. A number of municipalities in New Jersey issue yearly reports that show a graphic picture of the expenditures and receipts and show what services tax payers receive in return for their tax money. When the facts are known, it is

necessary for taxpayers to appraise them from many angles—to decide what services they want, and which they do not want—to find out how to get the maximum amount of service from the minimum amount of expenditures. With this decided they will be in a strategic position to make constructive recommendations for setting up the budget.

Under the leadership of the New Jersey Taxpayers Association, the taxpayer groups of New Jersey have developed sound and proven methods to secure information about the costs of local government and to use this information for effective control of governmental costs. This information is available to interested taxpayers.

There are 19 county chapters of the National Foundation for Infantile Paralysis in New Jersey. Half of the proceeds raised in each county remain there for direct aid in victims of the disease. The other half goes to the parent organization, which endows accredited laboratories, colleges and medical centers to press its fight against the deadly virus.

Try a One-Dish Meal

Put Everything in One Pot

LET'S thank our lucky stars for one-dish meals. On "extra busy" days, when one is going to a party or doing the family laundry, it's a great convenience to put the dinner ingredients into one pot. Set the pot on the simmer burner of the automatic gas range and forget it for several hours. One-dish meals do not require watching.

Stews, corn beef and cabbage, goulash, chicken pot-pie, and braised short ribs of beef are excellent one-dish meals. Filled with nutritious vegetables and meat they contain plenty of calories.

Chicken Pot-Pie

4 to 5 lbs. chicken 1½ tsp. paprika
¾ cup flour ¾ tsp. pepper
1½ tsp. salt ½ cup shortening
2 cups hot milk or water

Cut chicken at the joints as for fricassee. Roll the pieces of chicken in flour to which salt, pepper and paprika have been added. Melt shortening and brown chicken in it. Add hot milk or water, cover tightly and cook slowly for two and one-half hours.

Brisket with Vegetables

1½ lbs. rolled brisket 1 cup sliced carrots

2 tbsp. shortening 2 cups hot water
2 tsp. salt 3 tsp. flour
½ cup sliced onion 3 tsp. minced parsley

Melt shortening and sear the meat. Add salt, vegetables and hot water. Cover tightly and let simmer for two and one-half hours. Mix flour with a little cold water, add to gravy with parsley, heat until thickened.

Pot Roast with Vegetables

Pot roast of beef 2 lbs. 2 table-
spoons Vinegar, 2 table-
spoons Flour 3 to 4 pounds
Salt Pickling spices, 1 tablespoon
Pepper Water, hot, 1 cup
Fat, 2 table- Potatoes, 6 or 8
spoons Carrots, 6 or 8
Onions, 6

1. Wipe meat with a damp cloth. Rub with flour, salt and pepper.
2. Brown well on all sides in hot fat.
3. Place on low trivet in a large kettle. Add water, vinegar, and pickling spices tied in a piece of cheesecloth. Cover.
4. Turn to high heat; when steam escapes turn to low and allow to simmer for two hours.
5. Place prepared vegetables around meat; cook for one hour longer.

New Movie At Rotary Club

Without benefit of any advance publicity, a "First Night" performance was staged last Thursday at the Palmyra-Riverton Rotary Club. It is probably no exaggeration to predict that literally millions of people will later enjoy a showing of the new Pan-American Airways sound color picture "Trans-Pacific Flight" which made its first public appearance last week. The arrangements for this unusual program were made by David Little, of Riverton.

By coincidence, projection of the film was made with a new model projector developed by the Educational Division of the RCA, and having its first public use on this occasion, with Larry Hollwick of the RCA staff operating. A large number of guests enjoyed the technical day by day record of the 9000 mile Clipper trip from San Francisco to Shanghai which has culminated ten years of experiment in ocean transport flying with the incredible development of the barren Midway and Wake Island.

Last Word
Views at Hawaii, Guam, Manila and the China ports were both interesting and complete but the marvelous accomplishments at Midway and Wake Islands proved the centre of interest for the audience. Here, out of barren sand wastes, Pan-American Air Lines has created a miniature island paradise—with opportunity for a wide variety of sports and to view fauna, flora and marine life.

The showing which ran three-quarters of an hour or more is more than a commercial picture. It combines the interest of the last word in technical sound-color picture production with registration of man's most outstanding victory over Nature—Trans-Pacific flight. Among the interested viewers of the new release of both picture and projector were G. D. Nelson, A. M. Harner, D. K. Warner and H. H. Enrick, of the RCA staff.

PORCH CLUB

A bridge tournament will be held at the club on Tuesday, January 30, at 1:30 p.m. Members of the club and those who have paid for the first series of lectures are invited to attend. Tea will be served and prizes awarded for top scores.

Mr. Goren will give the first of his second series of four lectures on Thursday morning, February 1st, at 10 o'clock. These lectures are for the club members and there will be a charge of \$2.00 for the series for non-members.

The exercising class, under the instruction of Mrs. Alexine Tomes, met for the third time on Monday. This class has always been a favorite one with many of the members, which accounts for its large attendance.

There will be five more classes, the next one will be Monday, January 29th, at 10 o'clock.

About thirty members attended the Arts and Crafts class on Tuesday morning.

The work that the class is doing is about evenly divided between painting trays and making all kinds of pottery ware. Those who are painting trays, have some very lovely pieces of handwork to their credit, while those making pottery, mould the clay for the article then glaze it. All of this work is done at the club and the results are amazing and well worth the time put into this work.

In the afternoon the Garden Section met to study the arranging of dried flowers for winter bouquets. Mrs. Carvel Sparks talked on the various arrangements of flowers and was very helpful to those working on the subjects.

Tea was served.

PRICE FIVE CENTS

Much Is Done For Hospital

The annual report of the Sewing Committee, given by Miss Florence Moore at the board meeting of the Burlington County Hospital on January 9, 1940, showed that 2400 new articles in addition to 2550 gause sponges had been made during 1939 by various groups of women in the county.

A faithful group of women meets at the hospital one day each week throughout the year to handle all the mending for the hospital. During the past year they repaired 16,400 articles and made 400 new articles under the supervision of Mrs. J. Hume Carter.

These large tasks are accomplished without cost to the hospital and the Board of Managers and the Hospital staff greatly appreciated the deep interest and self sacrificing effort of these women who have carried on the work.

Social Service

The Social Service Report, given by Mrs. F. W. D'Olier, stressed the continued growth of the clinics which indicates that more persons needing care are receiving it, and that there is a furthering in the co-operation between the doctors in the county and the Social Service Department.

Among other services of this department are arrangements for children to go to camps, and the admission of school children for ward tonsil and adenoid operations. The school nurses have given valuable assistance in getting the children to the hospital and seeing that postoperative recommendations are carried out.

The Orthopedic work has increased during 1939, partly on account of the recent epidemic of infantile paralysis. Arrangements were made for 55 children to receive aid through the Crippled Children's Commission. This aid includes hospitalization, convalescent homes and the purchase of Orthopedic appliances such as braces and orthopedic shoes.

Special Aid

The department has confined its program of supplying special drugs to those clinic patients who cannot afford to buy them at the drug store. About half of this cost has been funded by patients. The insulin bill was very high as the clinics have grown and more use is being made of these drugs. The department acknowledges its indebtedness to the Beverly and the Pemberton Auxiliaries whose contributions were used to help defray this expense.

Through the services of the department, a visiting teacher comes to the hospital daily, and occupational therapy instruction is given one afternoon a week.

The Social Service Department is deeply appreciative of the cooperation of various interested individuals and many social agencies throughout the county.

TO EXHIBIT COLLECTION

Mr. and Mrs. C. R. Beagle, of Thomas avenue, Riverton, are vacationing in Florida.

While in the South, Mr. Beagle will show his noteworthy specialized collection of Iraq and Mesopotamian stamps at the St. Petersburg National Stamp exhibition in February.

LUTHERANS WILL DEDICATE CHURCH

Services to Be Held Here Sunday, January 28, at Three O'clock

On Sunday at 3:00 p.m. the Bethany Evangelical Lutheran Church will have services of dedication for its church building. The original structure was bought for \$3,200, and was formerly the Palmyra National Bank.

An extension to house the church school was added and renovations made under the supervision of the Board of American Missions of the United Lutheran Church in America. The supervising architect was T. Norman Mansell, and Curtis E. Staveland was the builder.

The furnishings of the building with white woodwork and white and walnut pews. Robert N. Mattis created the hangings for the chancel. The nave will seat 224 people and the rooms in the rear of the building will take care of the needs of the church school.

Others Taking Part

The dedicatory service will be under the direction of the Rev. Oliver W. Powers, Board Missionary and acting pastor for the past year. Others taking part in the service will be the Rev. Dr. Calvin P. Swank, Missionary Superintendent of the East Pennsylvania Conference, H. Torrey Walker, Treasurer and representative of the Board of American Missions, and Charles King Wynkoop, senior at the Lutheran Seminary, Mt. Airy, Penna.

The ministers, church council and the choir will meet in the Parish House at 3:00 p.m. and will proceed to the front entrance of the church where the services will begin.

At the chief service, 11:00 a.m. there will be reception of new members and the sacrament of baptism for infants will be administered. Mr. Powers will preach his last sermon at this service on the subject "The God of Love and Peace Shall Be With You."

Fourteen state medical societies in the United States, including the Medical Society of New Jersey, have initiated state-wide medical service plans to ease the cost of medical care.

MATHEWS LECTURE NEXT TUESDAY

Judge Frank Mathews, of Riverton, will present his second talk in a series of four lectures on the Constitution of the United States in the auditorium of the Cinnaminson Public School, on Tuesday evening, January 30, at 8 o'clock. The second and third discussions will be held at the same location and time on February 13 and 27.

The series is being given under the auspices of the Cinnaminson Parent-Teacher Association.

BRIEF ITEMS from ABOUT TOWN

About two-thirds of the pier at the Delran Yacht Club was crushed and carried away by the huge flows in the Delaware River last week. The river at that point has been frozen from shore to shore.

The cold weather has kept fuel trucks on the jump as coal bins and oil tanks emptied rapidly as a result of the forced draft necessary during the prolonged low temperature period.

Ice boats have made their appearance in the coves along the Delaware where the smooth ice made conditions ideal for this fascinating sport.

Scores of local residents have been ill with the gripe, the malady this year taking a particularly obnoxious form.

Judge Frank Mathews, J. Russell Musser and Avery Willis represented Post Frederick M. Rodgers No. 156, American Legion at the testimonial dinner given in honor of Palmer L. Adams, county clerk, at Mt. Holly, last Friday evening. The guest of honor is a member of the local post.

Police chiefs from this vicinity attended a meeting at the Hotel Stacy Trent in Trenton on Wednesday of this week, when J. Edgar Hoover, chief of the F.B.I. was the guest speaker.

The old Farmers Almanac predicts snow for the latter part of the month. It also forecast a cold wave from the 21st to the 28th. There will be a hot wave, however, during the latter part of July.

REHEARSALS IN PROGRESS FOR "THE RIVALS"

"The Rivals," by Richard B. Sheridan, will be presented by the drama class February 9 at a matinee, and Saturday evening, February 10, in the high school auditorium.

The cast is as follows: Fag, George Mack; coachman, Edmund Turnock; Lucy, Mary Jane DeCoursey; Lydia, Jean Smalley; Julia, Lucille Leyshon; Mrs. Malaprop, Beatrice Weiner; Sir Anthony Absolute, Richard Deemer; Captain Jack Absolute, John Parsons; Faulkland, Robert Yerkes; Bob Acres, Arthur Gowell; Sir Lucius O'Trigger, Louis Franklin; David, James Brown. The prologue will be given by Mary Phil.

The play contains a whole gallery of characters who have become household words. The men of England, writing drama during this 18th century, wrote what is known as the comedy of manners, which portrayed the customs of their day. They did, however, turn back to classical comedy for their plots. In "The Rivals" Mrs. Malaprop, aunt of Lydia Langrish, seeks to arrange a suitable marriage for her niece, with the generous, impulsive Captain Absolute, son of Sir Anthony Absolute, the

testy, headstrong father. These young people have already chosen for themselves. Out of such a hackneyed situation, Sheridan extracted circumstances of mistaken identity and domestic discord, but with a dramatic sense that borders on genius.

ARTISANS

Old Timer's Night

The "Old Timers" night held by the Artisans on Tuesday, January 16th, was a huge success.

A large number of the "Old Timers" were present and related some of their past experiences in the Assembly. They remembered them as being the best in their lives.

One hundred members turned out to open the year for our new Master Artisan and he appreciated their help in making the night successful.

Good old "Pat" Steele was in rare form, leading the assembly in singing some of the old songs.

Charles Becker, upon leaving the office of recorder, was presented with an automobile heater in appreciation of his work while holding that position. James Hartley made the presentation on behalf of the assembly.

In the bowling league, the leaders were knocked from the top rung of the ladder, and how! They were socked for 4 points and the Demons took over the lead.

By the way members, have you ever heard of an "Unknown Honor Night?" at our February meeting we will know.

The following is a list of officers who were installed on Old Timers Night for the year of 1940. Master Artisan, Matthew Edinger; Superintendent, Walter Poulson; Inspector, Edward Zeigler; Chaplain, Harry Baitinger; Recorder, James Weart; Cashier, Frank Klein; Conductor, James Seither; committee, Finance, R. K. Hunter; membership, Walter Poulson and Herbert Bracy; Publicity, Lindsay Little; Entertainment, Charles Becker; Bowling League, Howard Vile.

One of the objects of the assembly this year is to form a Junior Assembly that will be under the direction of Herbert Bracy. It is to be open to boys up to the age of 18 years, and then they will become eligible for the senior assembly. The boys will elect their own officers and will carry on the ritualistic work very much after the fashion of the senior assembly. The background which they will gain in the Junior will add them to follow directly in the steps of others in the senior assembly.

DINNER OF T. B. LEAGUE ON FEB. 1

The Seal Sale of the Burlington County Tuberculosis League will officially terminate on February first with a dinner at the Moorestown Community House. Plans are being completed for an unusually interesting evening designed to show the guests the various activities of the League and some of its accomplishments.

Mrs. William H. Heisler, Jr., vice president, will preside. Mr. Ernest D. Easton, executive secretary of the New Jersey Tuberculosis League will bring greetings from the state office. No business will be transacted, and no reports will be given except a five-minute summary of highlights of the past year by Mrs. Ruby Freer, executive secretary. An eight-page Annual Report illustrated with photographs will be at each guest's place.

Speaker The speaker will be Dr. E. J. G. Beardsley, Assistant Professor of Medicine, Jefferson Medical College, Philadelphia, whose subject will be "The Family Physician as a Community Asset."

Chief feature of the evening will be a one-act play written, produced and acted by members of the Tuberculosis League staff with the collaboration of Mr. Robert Speace, a member of the Beverly Playcrafters. Mrs. John Thacher, Moorestown, is general chairman of the dinner. Anyone interested in community health and welfare is invited. Reservations should be made with Mrs. Thacher, at seventy-five cents per person, by January 27th.

YOUR GARDEN

By A. C. McLean
Extension Service, N. J. College of Agriculture

These bleak mid-winter days offer a splendid opportunity to take stock of the bulbs and roots stored away in the cellar awaiting planting time. Despite efforts to provide good storage conditions, rotting and shriveling of this stored material sometimes take place. A little investigation now may save a lot of disappointment in the spring.

Although dahlia roots may be stored in dry sand or peat-moss or even covered with a thin layer of wax, there may be a few clumps showing signs of rot. By disinfecting them now with formaldehyde or some other medium, the infected clumps may be saved and the disease checked from spreading. Dahlia roots which are becoming too dry should be sprinkled with water or placed in damp sand or other damp material until they become plump. Then place them back in storage.

Gladiolus

Gladiolus corms which are turning brown around the base may be treated with naphthalene or corrosive sublimate to kill the thrips which are feeding upon them. Any decayed spots, if not too serious, may be cut away. Mould is a sign that the storage place is too damp.

There is little to be done outdoors now except to get the cold-frame ready—if you have one. Put the glass on now and start sowing seeds of the hardier things in February. If frames have been used to winter plants, be sure to air them on bright, sunny days to prevent their becoming too hot inside. If coldframes are given proper attention, many half-hardy things may be sown in them quite early, provided a little covering is given at night. Hay, mats or even old coats may be used to hold the heat. This is a secret in using a coldframe to the best advantage.

Pruning may be done now, but the latter part of February or early March is time enough and ordinarily it is much more pleasant to work outdoors at that time of the year. Besides, most of the winter killing is done in late winter and if you prune now those things that are apt to be winter killed may have to be done again. This applies especially to roses and tender shrubs.

LONDOS AT ARMORY

Judging from the manner in which orders for tickets have been pouring into the office of the Twin City Athletic Club, a full house is expected Monday night in the Camden Armory when Jim Londos, Greek idol and world's wrestling champion will try to stem the rushes of Gino Garibaldi in the final bout scheduled for two out of three falls with a 90 minute time limit.

This marks the first time the Greek adonis has shown his wares in the drilled and it also marks the first time that Londos has defended his title in Jersey against a formidable opponent as the Italian. Every one of his title bouts have been one sided affairs and this is one of the real reasons why the Hanlys were never able to do business with him. It was either Cheemy wanted to pick his own rivals or he wanted too much for his services. Now that he has got around to thing the Hanlys, fans of the drilled will see plenty of him—of course—providing he retains his title. Londos and Garibaldi are two of the few remaining polished wrestlers left in the game today and they should provide one of the greatest classics ever

ments to insured wage earners who are eligible for benefits after reaching the age of 65, monthly benefits will be paid to aged wives and minor children of these annuitants. Monthly benefits are also provided for aged widows, for orphans, and for widows with minor children and, in some cases, for dependent parents of insured wage earners who die.

3. The wage tax of one per cent each for employers and employees remains the same until 1943. That is, the tax will not be increased in 1940, as was provided under the old law.

For further information call or write Joseph M. Davis, Manager, 414 Post Office Building, Camden, New Jersey.

LICHTENTHAL, PROSECUTOR

As had been forecast for some time, Daniel E. Lichtenthal, of Riverside, was named prosecutor for Burlington county on Monday of this week by Governor A. Harry Moore. The new prosecutor succeeds Howard Eastwood, of Burlington, the new State Senator from the county.

The appointment of the Governor is expected to be confirmed by the Senate next week.

CUT DOWN GAS FLAME AND
YOUR BILL AT SAME TIME

Housewives waste gas when they completely open the valves on their gas stoves. The most heat is obtained from gas when the flame just touches the bottom of the vessel in which the cooking is done, reports the New Jersey Public Utility Information Committee. When the flame is lower than this mark, no gas is wasted, although the flame is less efficient and cooking is slower.

Real waste of gas occurs when the flame is higher than the prescribed mark. A flame that comes up the sides of the cooking vessel is no hotter than one that just touches the bottom of a kettle or skillet, although it takes much more gas.

The general death rate in New Jersey dropped a third between 1906 and 1936.

There are more than 1400 public health nurses serving the people of New Jersey.

Most Historic Island

Islands with stories as romantic as any which may be found among the tropical islands of the South Seas border the coastline of the United States, but in the modern rush of civilization their early histories are often forgotten.

Among them are Martha's Vineyard and Nantucket, discovered by Bartholomew Gosnell before the Pilgrims landed on Plymouth Rock; Long Island, for years a bone of contention between early English and Dutch settlers; or nearby Manhattan, purchased from the Indians for twenty-four dollars' worth of beads, cloth and trinkets.

Cape Breton was controlled by British or French in the early years before it finally became British, and there is evidence of both Norse and Icelandic occupations before Columbus was born. San Salvador and Haiti, visited by the daring navigator in 1492, are stepping stones to continental history.

Long forgotten pioneers once lived on Parris Island, one of the archipelago lying off the coast of South Carolina, which is now a training station of the U. S. Marines. French Huguenots settled there in 1562 and built a fort. A few years later came the Spaniards, leaving behind them when they left two other forts. All of them were burned or destroyed.

More than three centuries later historians remembered the island's early inhabitants. Soon the spades of the U. S. Marines unearthed what they believed to be Charlesfort, built by the Huguenots. Later its well-preserved foundations were found to be those of San Marcos, built by the Spaniards in 1577.

Today a monument to the Huguenots stands near the site of these early forts on what is probably America's most historic island, where Huguenots, Spanish pioneers and primitive Indians dwelt long before American Marines fought in the Revolution.

THINGS TO WATCH FOR
More letters bearing transatlantic airmail stamps—the Clippers are now carrying about 200,000 letters across the ocean every week... air-conditioning as a public utility service—Galveston, Tex., this year will establish the first community plant for producing and circulating cold water for this purpose... a machine that automatically pits maraschino cherries—heretofore these delicacies have had to be hand-pitted... a rubber snow shovel—to which snow will not stick because it's coated with a slippery rubberized plastic... a way to control the color and odor of flowers by coating the seeds with a latex containing the desired dye and perfume—so don't be surprised if you spot a rose-red orchid that smells like a lilac!

An important difference between certain types of sales promotion and newspaper advertising is the fact that the former is forced, the latter is received cordially because the medium is welcomed into the home. Advertising, to be effective, must have quality as well as quantity.—Northfield News.

5,310 HORSES IN
PHILADELPHIA

Says Animaldom, small but snappy publication of the Pennsylvania S.P.C.A.:

There are 5,310 horses in Philadelphia according to a census we have recently completed as of October 1, through our district agents. Stabled in some 300 places. Largest group is owned by the city; 1,021 in street cleaning department, 97 in police bureau, 71 saddlers and workers used in Fairmont Park, 14 at Byberry Farm. Of private owners, Supplee-Wills-Jones leads with 472, Abbott's and Harbison's Dairies and Freihofer Baking coming next in that order. Last count made by the city in 1920 was far from complete. Our agents checked up on care, condition and stabling, noted fire risks, warned some smaller owners. Serious violations are reported to Fire Marshal Jacob Clinton, whose own inspectors are also on the watch.

DIETRICH FIGHT SCENES
MAKE CINEMA HISTORY

The fiercest feminine fist-fight ever brought to the screen has Marlene Dietrich and Una Merkel for the principals in Universal's "Destiny Rides Again," starting Friday at the Savar Theatre.

Real Rough-House

James Stewart, who co-stars with Miss Dietrich in the spectacular frontier picture, also is embroiled in the fight and he emerged from it with a black eye as proof that the fist-throwing was real.

Both Miss Dietrich and Miss Merkel likewise received cuts and bruises during the five days the conflict took to film. They pulled hair, clawed faces, wrestled around the floor and wound up with a drenching when Stewart poured buckets of water on them in an attempt to separate the embattled pair. The fight then continued with Marlene throwing glassware and other handy objects at Stewart.

The real winter weather has inspired some of us to write about the joys of winter. Following are two of the writings:

Sparkling Ice
The sparkling ice beneath me,
Whether the day be clear or dull,
Smooth delicate ice beneath me
Sparkles all day long:
The heavens bright shady blue,
The sun setting behind me,
The swaying cat-tails on the side,
But now it is time to go home.
Esther Wilson, Grade IV.

The week of January fifteenth opened with the regular visit of the Reading Specialist, who visits the School on Mondays and gives ad-

vice on various questions relating to her particular field. The work has not only been helpful but stimulating as well.

A group from the School visited the County Library on Monday afternoon and selected material suitable for the different class interests. The children always 'give' as well as 'get' from a trip of this kind.

The Assembly—Friday morning the nineteenth, was conducted by two children from the lower grades and consisted of original poems, stories and articles pertaining to the work being done in school and also the skating and sledding outside of school hours.

This will go down as the straw that broke the camel's back in the war in which the heroic flyer of the British R.A.F. had a paper route over Germany—Atlanta, Ga., C. station.

PALMYRA WINS THIRD IN ROW

Locals Nose Out Moorestown
25 to 23 in Closely
Fought Battle

Palmyra and Moorestown each sank nine field goals in the court fracas played last Saturday night on the floor of the opposition, but the Red and White stars proved to be more expert in the matter of converting free throws, the result of the engagement being a 25-23 win for the Dimondmen. It was the third straight victory for the defending Group 3 champs.

As a matter of fact, Palmyra turned in a wonderful performance from the free-throw line, cashing seven out of eight chances. Henson missed one out of four, Hoff got one for one, Czarcasty turfed in a similar record, while Rivel rang the bell on each of his two tosses. Moorestown had three more tries, but cashed only five.

Close Throughout
Palmyra had a one point lead at the end of the first period and the two teams battled on even terms during the remainder of the half. The invaders boosted the margin by a single tally in the third phase of the conflict and the last quarter was another deadlock.

Scoring was well distributed throughout both teams, no player breaking into the double figure column.

Coach Dimond used only six players during the evening's pastime.

GIFT SHOP HAS NEW PROPRIETOR

Freda Keen announces that she has sold The Spinning Wheel Gift Shop, Cinnaminson avenue, Palmyra, to Doris Shockley Hinchman, who will continue the business at the same address.

Miss Keen desires to thank local residents for their business and expresses the wish that the new proprietor will be favored with the patronage of former customers.

When we see something priced at \$199.95 we always wonder what becomes of that nickel.

SPORTS JOTTINGS

Palmyra seems definitely to have hit its stride in Group 3 court competition, having taken every league opponent into camp with the exception of Merchantville and Gloucester. The latter team will come here on Friday night of this week for the first tilt in the two game series.

Merchantville is the only loop member to have a decision over the Red and White, who must win the fracas slated for the local court on Friday, February 2 in order to stay in the running for the championship. The only other game next week is with Camden Vocational. This will be played on foreign boards.

After getting away to a slow start, the charges of Coach Dimond have shown tremendous improvement of late and the local mentor seems to have welded together a fast-stepping outfit from material that appeared none to promising at the beginning of the season.

POWERS AIDS FORT

Repair and improvement of six roads in the vicinity of Fort Dix has been requested by Congressman D. Lane Powers.

In a letter sent State Highway Commissioner E. Donald Sterner, at Trenton, Powers seconded the suggestion for improvements which originated with Colonel Bernard Lentz, now commanding at the fort.

The improvement comes under new War Department orders which require all post commanders to submit to state highway authorities a list of any roads needing repair in the vicinity of, or leading to, an army fort. Powers, as ranking minority member of the war department appropriations committee, has worked consistently to make Dix one of the foremost army forts in the east.

PARKER PARDON PLEA

Arrangements are being made to present the pardon plea for Ellis Parker to the President this week. The document is said to contain over 6,500 signatures.

The former county detective is reported to be ill in the U. S. Penitentiary, at Lewisburg, Pa.

dently believes, is Congressman Powers.

The Congressman was astounded to receive a postcard from Trenton worded as follows, in his mail recently:

"I think it is horrible the way the Russians are treating the Finns. I don't know why they don't pick out somebody their size. Mr. Powers, I wish you'd make those Russians stop, because they're being very unfair."

A man from the North boarded a street car in the South. A Southerner got up to give his seat to a lady. The Yankee beat the lady to it. The body was shipped North for burial.

Throughout the nation a gigantic battle is being waged against Infantile Paralysis. Under the direction of the Committee for the Celebration of the President's Birthday, which is the authorized fund-raising agency for the National Foundation for Infantile Paralysis, Inc., a concerted effort is being made to stamp out this dread disease and to bring relief to those who have been crippled by the mysterious virus which leaves its victims with twisted limbs and contorted backs.

Taxes For Defense

The proposal for a special tax for national defense bids fair to call up a great deal of opposition during the coming session of Congress. One reason often cited for this prospective opposition is that Congress is always hesitant to levy more taxes during a Presidential campaign year. But it would not be fair to point to this as the only reason for opposition. There is some recognized danger in the levying of a special tax for a specific purpose. Once we put this over it will be comparatively easy to get the habit and to levy one special tax after another for specific purposes which happen to intrigue us in the future.

We are spending a great deal of money for national defense. There is some question as to how much greater the appropriations ought to be for this purpose.

Of course if we were eager to mix into the present European mess that would be a different thing. But no increase in military expenses would be adequate, even if carried to the point of financial exhaustion and inflation. Certainly before we levy new taxes for military purposes or increase our appropriations, Congress ought to hear from our wisest military and naval leaders and not leave it all to the New Deal.

And in conclusion it may be stated, that if it is found we do not need greater expenditures for defense, then this could be made possible without levying special taxes. There is a lot of trimming which could be done—the cutting down of senseless appropriations for socialistic experimentation putting Uncle Sam into competition with private industry, the eliminating of useless bureaucracies and diverting some of the money saved to purposes of national defense. Neither new taxes nor new deficits are unavoidable.

Tax Facts

It is a common tendency to think of census figures in terms of population. While population growth and trends are primary objects of research by the Census Bureau, it collects, sifts and analyses much in the way of other data.

Another tendency is to consider Federal government as a tax-consuming colossus of tremendous appetite, which it is, but a recent statement by the Census Bureau contains the assertion state, county, city and other local government now costs the taxpayer more than the cost of Federal government.

"In 1912 the 56 cities having a population over 100,000 had an operating cost of \$452,710,566; their net debt was \$1,720,965,000; the assessed valuation of their property was \$30,703,170,000, and tax levies for that year totaled \$540,093,000," declares the bureau.

"By 1936 the 95 cities having over 100,000 population had an operating cost of \$2,775,027,000; their net debt had grown to \$6,331,517,000; the assessed valuation of property was \$57,012,932,000, and tax levies for the year totaled \$1,806,463,000.

"The 48 states had comparable increases in costs and debt. In 1915, the operating costs of the 48 states were \$379,030,000. By 1937, these costs had increased to \$2,601,887,000 in response to the popular demand upon state governments for better educational facilities, highways, protection, charities, etc.

"A mail canvass, recently conducted by the Bureau of Census, indicates the state tax collections for 1939 were 18.5 per cent greater even than in 1937, over half of which is accounted for by sales taxes of all kinds. There are over 180,000 political units that have the power to levy taxes and incur debt.

"The taxable base of property, which bears the major portion of the cost of state and local government, has increased from \$69,452,936,000 in 1912 to \$139,615,171,000 in 1937. The rate of increase in the tax base has not kept pace with the rate of public expenditure and it should also be borne in mind the valuation figures given do not represent the full value of the real and personal property of the nation, as in many states assessments are made at only a fraction of the true value. "The combined cost of all the 48 states and all their local units in 1932 was \$9,562,615,000 compared with \$2,004,791,000 only 20 years earlier. The per capita cost was \$76.80 for 1932 as compared with \$20.65

twenty years ago. The net debt of the state and minor civil divisions in 1932 was \$17,576,839,000, or \$141.17 per capita, compared with \$3,821,896,000 or \$39.38 per capita, in 1912.

"Bond issues constituted 55 per cent of the local measures submitted to voters in 1938 in 190 of the largest cities, but nearly three-fifths of these proposals for new borrowings were defeated."

labor want work, that both detest idleness. We are going to get exactly nowhere telling lies and libels about one another. We have been getting nowhere for seven years, telling lies about each other.

—Thomas E. Dewey.

ABOUT THE COUNTY

Burlington's new school plant was thrown open for public inspection on Monday night following a formal opening program held in the new gymnasium.

Senator Taft says that in order to balance the budget, the administration must really want it to be balanced. In other words the spirit must be willing even if the flesh is weak.

A Louisville family, with a new set of triplets, has named them Faith, Hope and Joy. Here's wishing they will always be able to keep off Charity.

Let's Stop Telling Lies
After seven years, putting people to work is still our greatest primary task. One person out of every five employable persons in this country is today unemployed. The great unanswered question is: What keeps them out of work?

Some people say they do not want to work. This is a vicious slander on the American people. * * * Unemployed capital today is about the same as it has always been. It will go to work, if it can find a place to work with a reasonable chance of not losing both its job and itself. I say to you that both capital and

Indications are that the county

budget will be greater this year than in 1939. This situation seems likely because of increased appropriations that are mandatory according to state law, loss of certain revenues and requests from several departments for necessary increases.

The Board of Freeholders has not yet arrived at a decision regarding the building of a jail annex.

MID-WINTER MEETING OF HISTORICAL SOCIETY

The mid-winter meeting of the Burlington County Historical Society will be held in the Captain James Lawrence School, Burlington, Saturday afternoon, January 27, at 2:30 o'clock.

There will be an address by Ernest Redfield, of Woodbury, on the subject, "Captain James Lawrence."

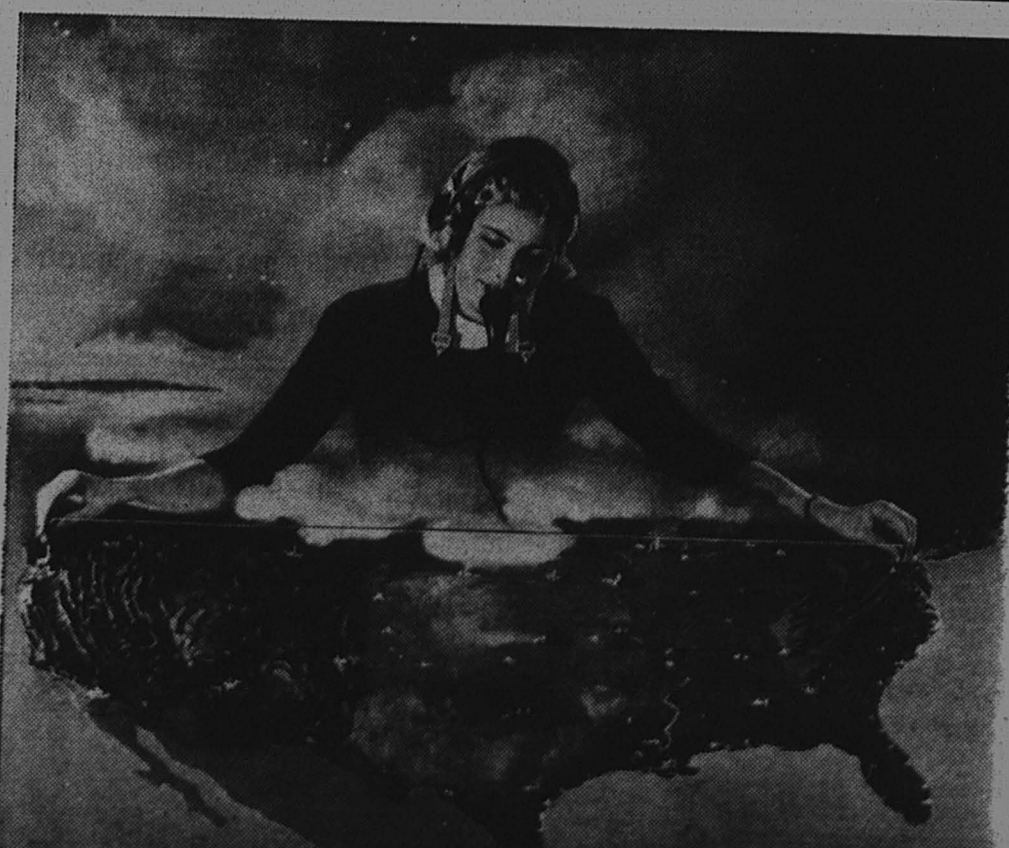

DEMOCRATIC BANQUET

The Burlington County Young Democrats held their annual Jackson Day Banquet last Thursday evening, January 18, at the Hill Top Inn, Hainesport. Mayor George Brunner, of Camden, now being spoken of as a gubernatorial candidate for 1940, was the guest of honor.

Their annual election of officers was held on Friday evening, January 12, at the Burlington City Hall. William Smith, of Palmyra, was elected president; Edwin Clark, of Bordentown, vice president; Ann Lee, of Mount Holly, recording secretary; Mrs. Floyd Radcliffe, of Palmyra, corresponding secretary; Miss Marie McGann, of Moorestown, treasurer.

ONE NEIGHBORHOOD BY TELEPHONE

JUST twenty-five years ago, on January 25, 1915, the first transcontinental telephone call was made. East and West were united in dramatic ceremony.

President Woodrow Wilson talked from the White House across the country, testifying to the nation's pride "that this vital cord should have been stretched across America as a sample of our energy and enterprise."

Alexander Graham Bell, in New York, repeated across the continent to San Francisco the first words ever heard over a telephone—"Mr. Watson, come here, I want you"—to the same Thomas A. Watson who had heard them

in the garret workshop in Boston in 1876.

That ceremony ushered in transcontinental service twenty-five years ago. At that time it cost \$20.70 to call San Francisco from New Jersey. Now it costs \$6.50 for a station-to-station call and only \$4.25 after seven in the evening and all day Sunday.

In 1915 it took about half an hour, on the average, to make a connection. Now most calls are put through without hanging up. These are measures of progress in the never-ending effort to give you faster, clearer, more useful and courteous telephone service.

The deceased is survived by his wife and three children, Edith, Bertha and Martin.

BUSINESS

The earliest Easter in 27 years—coming up March 24—continues to dominate current merchandising plans, particularly, of course, in apparel markets. Style trends are crystallizing much earlier than usual. While buyers are careful to avoid speculation in merchandise, ordering is brisk and in many cases, especially with store representatives from industrial areas, buying budgets are up from 5 to 10 per cent, reflecting the sharp upturn in automobile production and a higher operating rate in steel.

Better industrial profits and employment, helping a trend to higher grade merchandise, may also help department stores capture a larger share of quality business which has been going to specialty shops. Strongest single fashion factor seems to be the military influence, expressed in trimming details such as epaulets, pockets and buttons, and in giving colors such significant names as "federal blue" and "patriot red." Handbag demand seems not to be suffering from the generous use of large "cash-and-carry" pockets on the new dresses.

Music continues to make good business news, with radio-phonograph combination sets expected to

hit the million mark in 1940—compared to 600,000 in 1939 and 200,000 in 1938—while piano makers report 1939 was their best year in 15. "Sales records" are being set with "records sales."

From 200 to 300 plans have been experimented with by state and county medical societies in the United States during the last 10 years in an effort to ease the burden of medical care costs.

If anti-pneumonia serum were used promptly in all cases of pneumonia death rate could be reduced more than 25 per cent.

The leading cause of death among New Jersey school children is heart disease.

The maternal mortality rate in New Jersey in the three year period 1936-1938 was 30 per cent lower than in the preceding three year period.

Taxes For Defense

The proposal for a special tax for national defense bids fair to call up a great deal of opposition during the coming session of Congress. One reason often cited for this prospective opposition is that Congress is always hesitant to levy more taxes during a Presidential campaign year. But it would not be fair to point to this as the only reason for opposition. There is some recognized danger in the levying of a special tax for a specific purpose. Once we put this over it will be comparatively easy to get the habit and to levy one special tax after another for specific purposes which happen to intrigue us in the future.

We are spending a great deal of money for national defense. There is some question as to how much greater the appropriations ought to be for this purpose.

Of course if we were eager to mix into the present European mess that would be a different thing. But no increase in military expenses would be adequate, even if carried to the point of financial exhaustion and inflation. Certainly before we levy new taxes for military purposes or increase our appropriations, Congress ought to hear from our wisest military and naval leaders and not leave it all to the New Deal.

And in conclusion it may be stated, that if it is found we do not need greater expenditures for defense, then this could be made possible without levying special taxes. There is a lot of trimming which could be done—the cutting down of senseless appropriations for socialistic experimentation putting Uncle Sam into competition with private industry, the eliminating of useless bureaucracies and diverting some of the money saved to purposes of national defense. Neither new taxes nor new deficits are unavoidable.

Tax Facts

It is a common tendency to think of census figures in terms of population. While population growth and trends are primary objects of research by the Census Bureau, it collects, sifts and analyses much in the way of other data.

Another tendency is to consider Federal government as a tax-consuming colossus of tremendous appetite, which it is, but a recent statement by the Census Bureau contains the assertion state, county, city and other local government now costs the taxpayer more than the cost of Federal government.

"In 1912 the 56 cities having a population over 100,000 had an operating cost of \$452,710,566; their net debt was \$1,720,965,000; the assessed valuation of their property was \$30,703,170,000, and tax levies for that year totaled \$540,093,000," declares the bureau.

"By 1936 the 95 cities having over 100,000 population had an operating cost of \$2,775,027,000; their net debt had grown to \$6,331,517,000; the assessed valuation of property was \$57,012,932,000, and tax levies for the year totaled \$1,806,463,000.

"The 48 states had comparable increases in costs and debt. In 1915, the operating costs of the 48 states were \$379,030,000. By 1937, these costs had increased to \$2,601,887,000 in response to the popular demand upon state governments for better educational facilities, highways, protection, charities, etc.

"A mail canvass, recently conducted by the Bureau of Census, indicates the state tax collections for 1939 were 18.5 per cent greater even than in 1937, over half of which is accounted for by sales taxes of all kinds. There are over 180,000 political units that have the power to levy taxes and incur debt.

"The taxable base of property, which bears the major portion of the cost of state and local government, has increased from \$69,452,936,000 in 1912 to \$139,615,171,000 in 1937. The rate of increase in the tax base has not kept pace with the rate of public expenditure and it should also be borne in mind the valuation figures given do not represent the full value of the real and personal property of the nation, as in many states assessments are made at only a fraction of the true value. "The combined cost of all the 48 states and all their local units in 1932 was \$9,562,615,000 compared with \$2,004,791,000 only 20 years earlier. The per capita cost was \$76.80 for 1932 as compared with \$20.65

twenty years ago. The net debt of the state and minor civil divisions in 1932 was \$17,576,839,000, or \$141.17 per capita, compared with \$3,821,896,000 or \$39.38 per capita, in 1912.

"Bond issues constituted 55 per cent of the local measures submitted to voters in 1938 in 190 of the largest cities, but nearly three-fifths of these proposals for new borrowings were defeated."

Let's Stop Telling Lies

After seven years, putting people to work is still our greatest primary task. One person out of every five employable persons in this country is today unemployed. The great unanswered question is: What keeps them out of work?

Some people say they do not want to work. This is a vicious slander on the American people. * * * Unemployed capital today is about the same as it has always been. It will go to work, if it can find a place to work with a reasonable chance of not losing both its job and itself.

I say to you that both capital and

labor want work, that both detest idleness. We are going to get exactly nowhere telling lies and libels about one another. We have been getting nowhere for seven years, telling lies about each other.

ABOUT THE COUNTY

Burlington's new school plant was thrown open for public inspection on Monday night following a formal opening program held in the new gymnasium.

The Hospital Service Plan of New Jersey has announced that The Zurbrugg Memorial Hospital, Riverside, is now one of the 133 cooperating hospitals rendering service to the Plan's subscribers.

All officers of the Burlington County Children's Home at Mount Holly were re-elected at the monthly meeting of the board held recently. The officers include Mrs. Eugene S. Beyer, president; Mrs. Arthur D. Cross, Sr., vice president; Mrs. Henry B. Wright, treasurer; Mrs. Elizabeth Karg, assistant treasurer; Mrs. Horace K. McIlvain, secretary, and Mrs. Nelson D. W. Pumyea, assistant secretary.

Members of the executive board are Mrs. Elizabeth Karg, chairman; Mrs. Beyer, Mrs. Cross, Mount Holly; Miss Agnes Robbins, of Moorestown, and Mrs. Eugene R. Zeiber, Riverton. Miss Alice Tillinghast, of Burlington, was named as the new superintendent of the home.

Indications are that the county

budget will be greater this year than in 1939. This situation seems likely because of increased appropriations that are mandatory according to state law, loss of certain revenues and requests from several departments for necessary increases.

The Board of Freeholders has not yet arrived at a decision regarding the building of a jail annex.

MID-WINTER MEETING OF HISTORICAL SOCIETY

The mid-winter meeting of the Burlington County Historical Society will be held in the Captain James Lawrence School, Burlington, Saturday afternoon, January 27, at 2.30 o'clock.

There will be an address by Ernest Redfield, of Woodbury, on the subject, "Captain James Lawrence."

DEMOCRATIC BANQUET

The Burlington County Young Democrats held their annual Jackson Day Banquet last Thursday evening, January 18, at the Hill Top Inn, Hainesport. Mayor George Brunner, of Camden, now being spoken of as a gubernatorial candidate for 1940, was the guest of honor.

Their annual election of officers was held on Friday evening, January 12, at the Burlington City Hall. William Smith, of Palmyra, was elected president; Edwin Clark, of Bordentown, vice president; Ann Lee, of Mount Holly, recording secretary; Mrs. Floyd Radcliffe, of Palmyra, corresponding secretary; Miss Marie McGann, of Moorestown, treasurer.

dence, the Rev. A. J. Harke officiating.

Interment will be made in Morgan Cemetery under the direction of Frank A. Snover.

The deceased is survived by his wife and three children, Edith, Berntha and Martin.

BUSINESS

The earliest Easter in 27 years—coming up March 24—continues to dominate current merchandising plans, particularly, of course, in apparel markets. Style trends are crystallizing much earlier than usual. While buyers are careful to avoid speculation in merchandise, ordering is brisk and in many cases, especially with store representatives from industrial areas, buying budgets are up from 5 to 10 per cent, reflecting the sharp upturn in automobile production and a higher operating rate in steel.

Better industrial profits and employment, helping a trend to higher grade merchandise, may also help department stores capture a larger share of quality business which has been going to specialty shops. Strongest single fashion factor seems to be the military influence, expressed in trimming details such as epaulets, pockets and buttons, and in giving colors such significant names as "federal blue" and "military red." Handbag demand seems not to be suffering from the generous use of large "cash-and-carry" pockets on the new dresses.

Music continues to make good business news, with radio-phonograph combination sets expected to

hit the million mark in 1940—compared to 600,000 in 1939 and 200,000 in 1938—while piano makers report 1939 was their best year in 15. "Sales records" are being set with "records sales."

From 200 to 300 plans have been experimented with by state and county medical societies in the United States during the last 10 years in an effort to ease the burden of medical care costs.

If anti-pneumonia serum were used promptly in all cases of pneumonia death rate could be reduced more than 25 per cent.

The leading cause of death among New Jersey school children is heart disease.

The maternal mortality rate in New Jersey in the three year period 1936-1938 was 30 per cent lower than in the preceding three year period.

ONE NEIGHBORHOOD BY TELEPHONE

JUST twenty-five years ago, on January 25, 1915, the first transcontinental telephone call was made. East and West were united in dramatic ceremony.

President Woodrow Wilson talked from the White House across the country, testifying to the nation's pride "that this vital cord should have been stretched across America as a sample of our energy and enterprise."

Alexander Graham Bell, in New York, repeated across the continent to San Francisco the first words ever heard over a telephone—"Mr. Watson, come here, I want you"—to the same Thomas A. Watson who had heard them

in the garret workshop in Boston in 1876.

That ceremony ushered in transcontinental service twenty-five years ago. At that time it cost \$20.70 to call San Francisco from New Jersey. Now it costs \$6.50 for a station-to-station call and only \$4.25 after seven in the evening and all day Sunday.

In 1915 it took about half an hour, on the average, to make a connection. Now most calls are put through without hanging up.

These are measures of progress in the never-ending effort to give you faster, clearer, more useful and courteous telephone service.

METHODIST CHURCH

Rev. William A. Boyd, Pastor
The "Great Advance Movement in the Methodist Church throughout the States" is now in full operation in our church in Palmyra. It began last Monday evening with the endorsement of 51 of the workers of our church. This Sunday morning at eleven o'clock the Rev. W. A. Boyd will deliver the third sermon on the subject the "Methodist Advance." Every member of the church is urged to be present. A large delegation from our church attended the big meeting in Philadelphia this week. Seven of our Bishops delivered addresses.

"The Methodist Advance" will be the subject of the sermon Sunday evening at 7:45. We cordially invite the entire community to be present and worship with us in this meeting. The combined choir of the church will sing. Mr. Boyd will conduct the song service. The trumpeters will be present. Come and enjoy a good time in the presence of the Lord.

The speakers in the evening meetings the coming week will be as follows: Monday, The Rev. W. W. Payne, of the St. Paul's Methodist Church, Trenton; Tuesday, Young People's Night, the Rev. C. S. Smythe, of the Beverly Methodist Church; Wednesday, the minister of the church; Thursday, the Rev. Lawrence Correll, of the Greenwood Avenue Church, Trenton; Friday, the Rev. W. J. Sayre, of the Moorestown Methodist Church. There will be special music and a large chorus choir every evening. The meetings will begin at 8 o'clock.

Come, warm up your heart. Give God a chance to get into and bless your life.

CHRISTIAN SCIENCE CHURCH

"Truth" is the lesson-sermon subject for Sunday, January 28, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "O Lord, thou art my God; I will exalt thee, I will praise thy name; for thou hast done wonderful things; thy counsel of old are faithfulness and truth." (Isaiah 25: 1.)

Among the citations which comprise the lesson-sermon is the following from the Bible: "O Praise the Lord . . . for his merciful kindness is great toward us; and the truth of the Lord endureth for ever." (Psalms 117: 1, 2.)

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Science, Truth is divine, and the infinite God can have no unlikeness" (p. 287).

CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor
Services Sunday, January 28.
Bible School, 10:00 a.m.—The school was glad to welcome back Superintendent William Cooper who addressed the members in his usual interesting and helpful manner. Those who miss these talks by the superintendent every week really miss a treat. Get the habit of coming early and participating in the opening exercises.

Morning Worship, 11:15 a.m.—"Keep Yourselves in the Love of God" will be the subject of the morning sermon by the pastor. The choir always adds to the impressiveness of the service by rendering appropriate anthems and solos.

B.Y.P.U., 6:45 p.m.—This Young Peoples High School group is to be congratulated upon having among its members, Mr. Deemer, who addressed the evening service of last week. His talk was educational as well as spiritually enlightening.

Evening Worship, 7:45 p.m.—In spite of the cold weather, the attendance at the evening service seems to be holding its own. Why not get the habit of attending the evening service. It's just as inspiring as any other. The pastor's subject will be "Let Your Light So Shine." This will be preceded by a song service and anthems by the choir.

Advance notice is given for the men's meeting to be held on Monday evening, February 5th. All men, regardless of age, are invited.

Wesleyan Men's Bible Class

For the Men of the Community
Rev. F. W. Robertson, of Englewood, a man of liberal mind and deep spirituality, taken to task for his independence in the formalities of the dogmas of his day, in view of a possible rebuke, said "I don't care," to which was the reply, "Do you know what became of 'I don't care.' Yes, he said, 'He was crucified on Good Friday.'"

Jesus taught and practiced the high spiritual truths of the Kingdom of God irrespective of the arrogance of the Pharisees, even though it meant death.

The Bible in its translation into the language of the people was the result of men who suffered persecution but were unafraid of consequences. What a great privilege we have that we can read the spiritual messages of the Bible without threat or persecution.

What a Miracle the Bible is both in its sublime truths and in its perpetuation throughout the centuries. As we meet in Class and study these glorious messages in the Bible, we more and more recognize the practical and spiritual values.

Come with us next Sunday at 9:50 and share in this helpful meditation. Mr. Poinsett will talk to you from Mark 9: 14-29. Selections by The Wesleyan Double Quartet.

SACRED HEART CHURCH
Riverton, N. J.

Pastor, Rev. John F. Welsh.

Assistant Pastor, Rev. Vincent A. Luther.

Sunday Masses—7:00 - 9:00 - 10:15.

Daily Masses—7:00 - 7:45.

Confessions every Saturday, 3:45, 5:45 and 7:30 to 9:00.

Miraculous Medal Novena—Every Monday at 7:45 p.m.

The time of Baptisms is every Sunday afternoon at two o'clock. Baptism is in a sense the most important of all the Sacraments because without it we cannot be cleansed of original sin and may never therefore be privileged to look upon God face to face. Catholic parents therefore are reminded of the serious obligation of presenting their babies for Baptism within a month after birth. If the baby's health prevents this a Priest should be consulted about private Baptism in the home or elsewhere.

The following children will have leading parts in the play "Little Lady of Yesteryear" to be given February 4th:

Helen Rowan, Doris Massey, Francis LaBarge, Howard Denelsbeck, Barbara Smith, Robert Smith, Robert Stack, Thomas Groome, Grace Detrick, James Ross, Stella Gonteski, Mary Jane Lareaux.

The Social Committee of the Sacred Heart Alumni Association is making plans for a pre-Lenten dance to be given at Sacred Heart Auditorium on Tuesday evening, February sixth.

Masses on Sunday, January 28th, will be served by:

7:00—Raymond Strohlein, Thomas Cardea.

9:00—George Strohlein, Morgan Kavanagh.

10:15—Vincent Collar, Harry Groome, William Wallace.

We take exception to some statements made by Harry Groome at the Confraternity Class last Thursday evening. These exceptions will be discussed at the class this week.

TO SPEAK HERE

DR. GEORGE IRVING

director of the Department of Faith and Life of the Presbyterian Board of Christian Education, will speak in Calvary Presbyterian Church next Sunday, January 28, at the worship at eleven o'clock. He will discuss the vital issues confronting Christian Education.

Before assuming his position with the Presbyterian Board of Christian Education in 1937, Dr. Irving had been for many years Secretary of the Spiritual Emphasis Work of the National Council, Y.M.C.A. of America. In that capacity Dr. Irving, serving a continent-wide parish, became known in many cities, churches, and colleges of the United States and Canada, not only because of his unusual ability as a speaker, but also because of the results which followed his service.

The following comments have been made regarding Dr. Irving's ability as a Christian leader and speaker: "Whether addressing a youth group on the challenge of the Christian faith, or acting as chairman at a conference on methods of vital religious work, or directing a campaign of personal evangelism, Dr. Irving has a rare genius in public leadership. Dr. Irving writes with directness and power; he speaks with charm and conviction."

"It is certainly refreshing after hearing so many speak with uncertain note with regard to the verities of the Christian message to hear a man who is so straightforward and whose message is founded on the most scientific thing in the world—the actual experience of those who have tried the Christian formula."

"Dr. Irving combines a modern scholarly religious viewpoint with a real understanding of men and their problems."

Dr. Irving is the author of several books including, "Experiences in Witnessing for Christ," "Master of Money—A. A. Hyde," and "Present Day Points of Emphasis."

campaign plans for securing it. Treasurer Howard C. Darnell, of Moorestown, is chairman of this committee.

How the completion of thirty-five years might be appropriately observed will be considered. June 17, 1905, was the organization date of the County Y.M.C.A.

Secretary Guy C. Hendry will make a report to the board, bringing the members up to date concerning the sixty Y.M.C.A. groups and clubs, and many other activities and happenings which originated with the Y.M.C.A.—including leagues, tournaments, public speaking instruction, musical contributions, Dr. Grafflin's anticipated visit, new organization work under way, coming state-wide conferences for young men, colored youth, etc.

Members of the Y.M.C.A. Board from River to raten shrd brdk gfg from Riverton are Francis B. Elwell, Nathan Lane, Victor Richard, Howard G. Taylor, Jr., Richard M. Woodward; Palmyra: Grover F. Fox, Lawrence B. Parker, Paul R. Jones, John F. Ward and George N. Wimer.

COUNTY "Y" BOARD MEETS TUESDAY

The Burlington County Y.M.C.A. Board will hold its January meeting at the Moorestown Community House, Tuesday night, the 30th, coming together for dinner. Vice President E. Newbold Cooper will preside.

Those from the board in attendance at the annual laymen's association meeting who are on boards and committees responsible for Y.M.C.A. work in the town, country and community Y.M.C.A.'s of New Jersey, will report the highlights of that conference, which was held at Westminster Choir College, Princeton, Saturday, January 20.

The finance committee of the county board will present the major report of the evening, including a budget for the new fiscal year, and

TEST OUR WELCOME
Why not spend your Sunday in Church? Along with the regular Sunday evening service at 7:45 there is an Epworth League service for young people of high school age and over at 6:45.

The leader for the discussion topic this Sunday is Miss Grace Erwal.

Our memory verse is found in St. Matthew, 4 chapter the 4th verse.

"But he answered and said, It is written, man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

On Tuesday evening, January 30, the Epworth League will attend in a body. Rev. Charles Smythe will be the evening preacher.

In Case of Emergency

When a sudden need for money arises, such as sickness in the family, it is mighty comforting to have a substantial bank balance. And even if such emergencies never occur, there is satisfaction in the knowledge that you are ready, come what may. Have you an ample cash reserve? If not, start building one now.

We will welcome your account.

TAKE CARE OF ELECTRIC CORD—IT WILL PAY YOU

Home service department employees of power and light utility companies in New Jersey have learned in interviewing domestic customers and in calling upon them at their homes that an unbelievable number of cords used for connecting household electric appliances are put out of commission by abuse of one sort or another.

Most important in proper care is to remember not to pull on the cord itself in connecting it, says the New Jersey Public Utility Information Committee. Grasp the connector or plug, thus avoiding strain on the wire and insulation. Don't knot, twist or snarl cords. They are made up of twin wires, each consisting of many fine wires twisted together. Rough usage causes breaking of the thin strands and results in short circuiting the cord. Keep them dry or use water-proof cord and plugs.

When a woman's in a hurry, the best thing to do is to get out of her way.

Sing a Song of Yeast Bread—

Seven
Shapes
for
Rolls...

BOWKNOTS, rosettes and braids can be made of dough and baked into attractive rolls for dinner or a party. If several pans of rolls are baked in the oven at one time, they should be staggered. The pans should not touch each other or the sides of the oven. This gives a free circulation of air. The insulated oven of the gas range heats quickly and retains the temperature.

Here is a roll recipe with directions for the interesting shapes.

Sour Cream Rolls

1 cake com- 3 tbs. sugar
pressed yeast 2 tsp. salt
4 cup lukewarm 1/2 tsp. soda
water 5 cups flour
2 cups sour (about)
cream

Soften yeast in lukewarm water. Scald cream in top of double boiler. Add sugar, salt and soda. Cool to lukewarm. Add softened yeast and half the flour, beating well. Add enough flour to make a soft dough. Turn out on lightly floured board and knead until satiny. Shape into small round biscuits and place in greased pan or roll out one-half inch thick and cut with biscuit cutter. Brush each round with melted butter. Fold over like Parkerhouse rolls and place on greased baking sheet or in shallow pan. Brush lightly with melted shortening. Cover and let rise until double in bulk (about one and one-half hours). Bake in hot oven, 450 degrees fifteen to twenty minutes. Yield: Six dozen small rolls.

Buttermilk, plus three table-spoons of melted shortening may be used instead of sour cream.

VARIETIES

Here are directions for making rolls in seven different shapes. Use the time and temperature control of the gas range. Set for 450° F and fifteen to twenty minutes.

Cloverleaf Rolls: Form dough into small balls. Dip each into melted butter and place three balls in each section of a greased muffin pan. Cover, let double. Bake.

Crescents: Roll part of dough into circular shape about one-quarter inch thick. Cut in wedges. Brush with melted butter and roll up, beginning at the wide end. Fasten point on top and curve into crescent. Place on greased baking sheet. Cover, let double in bulk and bake.

Parkerhouse Rolls: Roll dough about one-quarter inch thick. Cut with biscuit cutter. Brush with melted butter. Mark across center with dull side of knife. Fold and press edges together. Place on greased baking sheet, cover and let double. Bake.

Bowknots: Roll out dough about one-quarter inch thick. Cut in strips one-half inch wide and about six inches long. Tie in knots. Place on greased baking sheet, cover and let double. Bake.

Rosettes: Follow directions for Bowknots. After tying, bring one end through center and the other over the side.

Fan Tan Rolls: Roll out rectangular sheet very thin. Brush with melted butter. Cut in strips about one inch wide. Pile six or seven strips together. Cut in one and one-half inch pieces and place on end in greased muffin pans. Let rise until light. Bake.

Braids: Roll dough out one-quarter inch thick and cut in strips six inches long and one-half inch wide. Cross three strips in the middle and braid from center to each end. Press ends together and fold under. Place on greased baking sheet, let double and bake.
