## GREAT CIRCUS COMES TO TOWN

Three Ring Affair Staged by Pupils of the Riverton Public School

While the "Greatest Show on Earth" folded its tents a few days ago in Philadelphia, another mastodon circus came to Riverton for a one-night stand on Tuesday of this week, when the pupils of Riverton Public School staged their annual Play Day before a capacity audience.

Before the show, the Riverton Parent-Teacher Association served a buffet supper together with the various accessory eatments that are associated with circuses, including pink lemonade, peanuts, etc., etc.

### Parade

The circus opened with a mammoth "street" parade led by Dorothy J. Baker as drum major. The following units were in the line of march:

Rhythm band, Patriotic Maidens, Dorothy (Marian Stafford), "Munchkins", acrobats, seals, clown band, wild animals (5 cages), freaks, monkeys, charioteers, Magic Rose, rodeo, elephants.

### The Show

Following the procession into the "big top," Donald Taylor, ring master and announcer, began the show itself, the various numbers on the programs being:

Merry-go-round (made at the school), Patriotic Maidens, Dorothy and the Munchkins, elephants, side show (freaks), lions, tigers, Magic Rose, seals, acrobats, chariot races, rodeo (28 horses).

### Well Executed

The entire program which was well executed from start to finish was received with enthusiastic applause by the large crowd. The circus equipment was faithfully reproduced, even to minute details and re-

## Athletics Here For Luncheon

The Palmyra-Riverton Business and Professional Men's Club was honored on Tuesday of this week by having Frank Hayes, Bob Johnson and Hal Wagner, members of the Philadelphia Athletics, present at the weekly luncheon held at the Riverton Country Club.

The members of the A's cast were introduced by Thomas Shorten and spoke briefly. Following the affair here, the club members adjourned to Shibe Park to view the game with Detroit.

Local business men present at the meeting for the first time included Paul Burke, J. C. Shivers, Eugene Bush, Clarence Hubbs, Jr., A. J. Greco and Charles Woolston.

C. Ward Lowden has invited members to go on a fishing trip from Cape May on Sunday and Wednesday of next week and a number are expected to make the trip. Mr. Lowden reports that the denizens of the deep are biting ravenously.

### LIGHT IN OPERATION

The new traffic light at the corner of Broad and Main streets, Riverton, was in operation for the first time on Tuesday afternoon. According to police officials the new equipment appeared to be functioning perfectly. Installation was in charge of Earle Harder, local electrician.

The American Legion post in conjunction with other civic organizations of this area will sponsor the movie "The Flag Speaks" to be presented at 11 o'clock the morning of July 4, in the Broadway theatre, for the children of the three communities.

## ANNUAL SESSION LOCAL "Y" BOARD

The annual meeting of the Palmyra-Riverton Y.M.C.A. Board will be held Tuesday night, June 11.

President Lawrence B. Parker has named Grover F. Fox Chairman of the Nominating Committee.

Secretaries Guy C. Hendry and Bud Reeder of the county Y.M.C.A. staff will attend this meeting and outline plans for summer Y.M.C.A. activities. Two of these will be camping at Ockanickon and Palmyra-Riverton's Home Vacation Camp.

## CLOSING PROGRAM NEXT WEDNESDAY

Exercises at Riverton School; New Teacher Named; Bids Received

At the meeting of the Riverton Board of Education held on Monday night of this week, bids for a wide variety of supplies were received and ordered referred to the supply committee for tabulation and report at a later session.

A lengthy series of motions was passed giving authority to the property committee for a number of repair projects to be carried out during the summer months.

The board voted 7-1 against hiring an engineer to investigate the present heating system and present recommendations for improvement, together with estimated costs of the same.

Closing exercises will be held on Wednesday night of next week in the school auditorium.

### New Teacher

Miss Hilda Grob, of North Bergen, N. J., was appointed kindergarten teacher for the year 1940-41, taking the place of Miss Caroline Parker, who resigned recently.

Miss Grob is a 1940 graduate of Trenton State Teachers College and comes here highly recommended by officials of that institution.

### Coal Bids

The board voted to receive bids for pea coal in similar quantity to that previously advertised for buckwheat at the next meeting slated for Friday, June 21.

### BACCALAUREATE SERVICE

The baccalaureate service for the senior class at Palmyra High School will be held on Sunday afternoon, June 9, in the Bethany Lutheran Church, Palmyra, at 2:30 o'clock.

The program is as follows: Organ prelude, March from Athalia, Mendelssohn. Invocation. Gloria Patri. Hymn, "Beautiful Savior."

Prayer. Hymn, "Awaken My Soul." Sermon, "Surrounded by Opportunities," Rev. H. L. Rowe.

Hymn, "Now Thank We All Our God." Benediction.

Organ Postlude, "March Pontifical," Gounod.

### QUOTA DOUBLED

According to advice received here this week from the Burlington County Chapter, American Red Cross, the Riverton Chapter has doubled its quota of \$600 in the current campaign for funds to relieve the suffering of refugees in Europe.

The sum of \$1179 has actually been collected and about \$40 additional is assured. The drive has been in progress for less than two weeks.

County Red Cross officials are most enthusiastic over the work of the local unit and are loud in their praise of Mrs. Nathan Lane, who conducted the drive supported by a most energetic staff of workers.

## OPEN MEETING ON CENTER FUTURE

Called for Monday, June 10th at 8 p.m.; Public Is Asked to Attend

The Community Center Committee has issued a call for an open town meeting at the Center, Broad Street and Garfield avenue, Palmyra, at 8:00 p.m. on Monday, June 10th. It is hoped that representatives from every organization in Riverton, Cinnaminson and Palmyra will be present as well as a large number of citizens who have expressed interest and approval of the project.

Charles Evans, of Cinnaminson, will be chairman for the evening. The purpose of the meeting is to give a report on what has been accomplished during the three months the Center has been open. Earl B. Whitcraft who heads the Center Committee will have some interesting and revealing exhibits to display and some astonishing statistics to report.

### Appreciation

The test period of three months having ended the Committee wishes to give public expression of its appreciation to the Riverton-Cinnaminson Bank and Trust Company for its generous loan of the building and to the Recreation Division of the W.P.A. under Mr. Edward Gunning for the part his organization has played in making available the trained personnel which has contributed so much to the success of the experiment.

The committee greatly needs the guidance of such a cross section of the public as it expects at this meeting in determining its future course. Plans for the future divide themselves into those of the summer season, until perhaps mid-September, and those which may be considered for the fall and winter season to follow. The committee has plans for these periods under consideration which will be discussed.

## BRITISH WAR RELIEF

### CHAPTER FORMED IN RIVERTON AND PALMYRA

On May 22nd a local chapter of the British War Relief Society, Inc., was organized by a group of interested men and women of Riverton and Palmyra.

Your immediate help is urgently needed—you and your friends can contribute to this worthy cause by:

1. Becoming a member of the British War Relief Society, Inc.
2. Sending a donation in any amount large or small.
3. Knitting woolen comforts, sewing and crocheting minesweeper's gloves, and, later on, making surgical bandages and dressings.
4. Getting your friends to contribute and to work.

Dues and contributions may be sent or given to Mrs. Lincoln Ridley, treasurer, 401 Main street, Riverton, telephone 117. Wool, needles, materials, instructions and information may be obtained from Cornelia G. Murray, chairman, 204 Lippincott avenue, Riverton, telephone 40.

### GAMES HERE

On Saturday afternoon at 3 o'clock the Riverton A. A. will oppose the Philadelphia All-Stars at Memorial Park.

On Sunday at 3 p.m., the locals will engage Moorestown, the locale also being at the Park.

Manager Arthur Terrell has a hustling bunch of ball players and has booked good opposition. It is hoped that the fans will turn out in goodly numbers to support the home team.

No legacy is so rich as honesty.—William Shakespeare.

## COMMENCEMENT NEXT THURSDAY

Commencement exercises at Palmyra High School will be held on Thursday evening, June 13, at 6:30 o'clock, in the new stadium, weather permitting.

In case of rain, the exercises will be held in the high school auditorium at the same date and time.

The main feature of the program will be a series of addresses given by members of the senior class.

If it is possible to use the stadium, a great many more people will be able to be accommodated than if the affair is held indoors.

## MEMORIAL PARK TENNIS COURTS

The first tennis tournaments of the season will begin on Saturday, June 15, and only residents of Riverton are eligible for these tournaments. The finals will be played as part of the July 4th program, and handsome prizes will be awarded the winners.

Contests will consist of singles and doubles for junior and seniors and singles for women. Register with Don West who is in charge of the courts this year.

The courts are in fine shape now, so come around and get plenty of practice and make these tournaments the best we have ever had.

Following are the regulations for the tennis courts as devised by the tennis committee and approved by Mr. Robert Knight, chairman Memorial Park committee.

### Regulations

These tennis courts are dedicated for use of the citizens of Riverton. Others are welcome at such times as courts are not in use by citizens of Riverton.

All players must register at the tennis courts.

Courts 1, 2, and 3 reserved for adults and experienced players 15 years or older.

Courts 4 and 5 reserved for children under 15 years.

Wear only flat, smooth, regulation rubber soled shoes. Raised heels of any kind are not permitted.

If players are waiting:

- Play doubles.
- One set at a time—singles.
- Score not to exceed 8-7.
- Adults having played 3 or more sets during the day are not eligible to play in the evening if others are waiting.

Your turn to play determined by location of your racket in the bracket.

Boys and girls under 16 are not to use courts after 5 p.m. weekdays nor after 12 noon Saturdays, Sundays and holidays.

Infraction of any rule may result in loss of permission to use these courts.—Robert W. Knight, Chairman, Park Committee.

### TWO INJURED IN CRASH

Mrs. Walter D. Lamon and Mrs. Herbert H. Parsons, of Palmyra, received head bruises and shock as a result of an accident on Route 25, near Five Points on Tuesday night.

Walter D. Lamon was driving east on the pike, when his machine was hit by a truck operated by Charles E. Long, Bridgeville, Del. Both cars were going east. Chief George Dornworth, of Cinnaminson, who investigated the accident held the driver of the truck on a charge of reckless driving and Long will be given a hearing before Recorder Cecil Bowers on Friday. Bail was set at \$200.

Neither Mr. Lamon or Herbert H. Parsons, who was riding on the front seat of Lamon's car, were injured. The rear of the Lamon machine was badly damaged.

## MISS CUMPSTON ARRIVES SAFELY

Riverton Resident Returns Home After Year in England

The passing of a British convoy was the only war-like demonstration seen by passengers aboard the S. S. Washington, according to Miss May Cumpston, of Riverton, who arrived on that vessel on Tuesday, May 22, when it reached New York. Contrary to reports, Miss Cumpston states, passengers did not sleep in the swimming pool.

Sailing for England aboard the American Importer in May of last year, Miss Cumpston spent the entire year visiting relatives and friends in England and Scotland. While in England she joined the W.V.S. and worked in the evacuation of children last September. She also served in the canteen.

### People Calm

A calm and confident atmosphere prevails, and, Miss Cumpston says, the people seem ready for the worst, but do not show fear.

Returning home by way of London and Paris she saw hundreds of barrage balloons over London, and while in Paris, she heard guns in the distance. In Paris no air raid warnings were heard.

Miss Cumpston had no difficulty in obtaining passage home, having engaged her reservations in April. Among the interesting persons aboard the Washington were Dorothy Thompson, commentator, and United States Ambassador to Russia. Sailing from Genoa, Italy, on the Washington, were a number of Americans returning home.

The Washington, like all American vessels, has a large American flag painted on the side, with a searchlight to make it visible at night. There seemed to be no fear of torpedoes, the passengers not being required to don life preservers during life boat drill.

## Community Church Services

For the summer months Community Church Services will be held in the Municipal Grove from 7 to 8 o'clock every Sunday evening. The schedule of the services and speakers is as follows:

- June 16—Rev. H. L. Rowe.
  - June 23—Rev. Albert J. Harke.
  - June 30—Rev. William A. Boyd.
  - July 7—Rev. George Lockett.
  - July 14—Rev. William A. Boyd.
  - July 21—Rev. George Lockett.
  - July 28—Rev. William A. Boyd.
  - August 4—Rev. George Lockett.
  - August 11—Rev. Albert J. Harke.
  - August 18—Rev. H. L. Rowe.
  - August 25—Rev. Albert J. Harke.
  - September 1—Rev. H. L. Rowe.
- In case of rain the services will be held in the Lutheran Church.

## COOPER HOSPITAL FLOWER MART

The Woman's Auxiliary to the Cooper Hospital announces that the Annual Flower Mart will be held this year on Saturday, June 8, at Pulaski Square, Camden, instead of on the hospital grounds as in previous years. The Mart will be open from 9:30 a.m. until 10 p.m.

The auxiliary is most anxious to have the continued support of its many friends in Burlington county.

There will be the usual groceries, green vegetables, plants, cut flowers, fancy goods, homemade cakes, pies, breads, lemonade, soft drinks, and hot dogs on sale. Also a melodrama of the gay 90's "The Perils of Penelope," given by the Merchantville Playcrafters will be an added attraction.

## RIVERTON NINE WINS AND LOSES

Locals Take 9-4 Verdict  
from Fairhill; Downed  
2-1 by N. Y. Ship

Riverton A. A. broke even over the past weekend as the players managed by Arthur Terrell took a 9-4 decision on Saturday from the Fairhill Giants and dropped a 2-1 affair on Sunday to the powerful N. Y. Ship aggregation.

Carhart twirled for the locals in the Saturday engagement and had plenty of stuff, keeping the nine enemy hits well separated. He was in danger only in the fourth, when the opposition tabbed a brace of markers. In addition to his work on the hill, the Riverton hurler poled out two hits in three trips to the rubber and scored two runs.

Four run sorties in the fifth and eighth stanzas put the game on ice for the homesters.

The Sunday fracas turned out to be a Simon pure hurling duel between Baker, of Riverton and Green, of the opposition. Each allowed five hits, both teams getting one double. Baker whiffed 12 and passed one, this being in the ninth. Green fanned 19 and walked a pair, but his numerous wild pitches kept him in trouble on several occasions.

The Shipmen scored a tainted tally in the first stanza by virtue of an error, sacrifice, stolen bases and another boot. After this Riverton settled down and played wonderful ball during the remainder of the affair.

Two Hits  
The home guard penetrated to the rubber in the second and Paul McDermott doubled to right with one gone. Cole's single to left was enough to send him home. Although the locals had eight stranded on the paths, they never seriously threatened thereafter, the highwater mark being runners on the keystone base.

Baker had the situation well in hand until the eighth when his mound rival opened the frame with his third hit. Gillilan pushed him up, but Green was pinched at third on Conley's roller to Cole. Gartland's double along the left field foul line brought in what proved to be the winning tally.

Thomas In  
With one out in the ninth Baker walked Cuneo and Manager Terrell, taking no chances, waved Thomas to the hill. Al fanned the next two batters without further ado.

The invaders had a smart ball club with power in all departments and Riverton's exhibition against such formidable opposition assures the fans that they will see some real baseball before the end of the season rolls around.

## PALMYRA

Carolyn Bauer, a graduate of Palmyra High School, has shown through her characterization in a play by the Dramatic Club of the Glassboro State Teachers College, her ability in character delineation as well as her excellent voice qualities and speech, according to a release from the college.

Miss Ruth Shanback, and Mr. Wilbert Kahler, of Mifflinburg, Pa., are spending a brief visit with Mr. and Mrs. Albert Kahler, and family of West Broad street.

Mr. and Mrs. Albert Kahler, and family of West Broad street, spent the holidays with Mr. and Mrs. William Kahler, and family of Mifflinburg, Pa.

The Ladies of the Golden Eagle, will hold their regular monthly meeting in Society Hall, this evening.

## IN MEMORIAM

In loving remembrance of Sol Romm, who died May 29, 1930.  
The pearls gates were opened,  
A gentle voice said "come,"  
And with farewell unspoken,  
He gently entered home.  
—Sadly missed by wife and family.

Mr. and Mrs. George Carmie, and Mr. and Mrs. Edwin Leavy, and daughter Carol, of Thomas avenue, spent the weekend visiting Mr. and Mrs. Charles Bowers, of Hightstown.

**HOME WIRING SHOULD BE BASED ON MODERN NEEDS**

Probably there are a great many houses in this State that were wired for electricity in the era when current was needed for lights only. In the past decade that need has expanded to include the radio, electric toaster, percolator, washing machine, electric iron, vacuum cleaner, and refrigerator. The luxuries of yesterday have become the necessities of today to keep up the American standards of living.

These additional demands on old circuits may result in overloading, warns the New Jersey Public Utility Information Committee. It would be wise to consult with your electric company or electric contractor to learn if your present wiring is adequate to your present-day needs and to give the best results with modern appliances.

## More Than 3,000,000 Time-tables Were Distributed Last Year by Public Service Coordinated Transport

**SCHEDULING** of buses, so that they arrive at certain points along the route at specified times, has kept pace with other developments in the modernization of bus transportation until today it is no longer necessary for a person to use mere guesswork in making bus connections.

Public Service Coordinated Transport last year distributed approximately 3,000,000 time-tables. There are printed schedules for nearly all of the company's bus routes.

On routes where service is very frequent (such as every four minutes) the daytime schedule is summarized with a statement concerning the headway and only the "ow" trips are recorded. On routes where the headways are relatively longer, the exact times for the use to arrive at the various points along the route are given.

These time-tables are placed in all buses, in department stores, at bus terminals or are sent to persons telephoning for special bus information. If a time-table change is being effected on a certain bus route, the new time-table is mailed to the home of practically everyone along the route. The corrected time-table is accompanied by a letter explaining the changes. Approximately half a million such letters were sent by the company last year.

More than guesswork figures in the scheduling of buses along each route. Careful checks are made on the times of the day when passenger travel is light or heavy. Traffic lights and draw-bridges, density of automobile traffic and other fac-

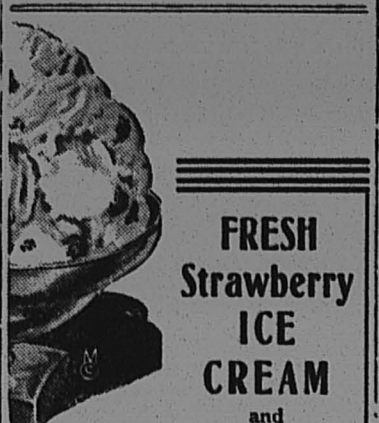

tors are taken into consideration before the headway of buses along any certain route can be permanently decided upon. Even the most careful checking and experience cannot provide for delays to scheduled buses during in-

street, Riverton, the group closed a very successful season in Little Theatre work and elected the following officers for the season of 1940-1941:

President, James Ballantyne; vice president, Frank Theurer; corresponding secretary, Eunice Vogt; recording secretary, Thomas Asay; treasurer, Dorothy Jay.

After the meeting entertainment was provided in the form of two one-act plays under the direction of Margaret Hill and Robert Strahan. The Footlight Players feel certain that their productions are being well received in the local communities and that they are producing the higher types of plays which local residents enjoy. It is felt that the coming season will even prove more successful to this recently organized Little Theatre Group.

## DREER ROSE FESTIVAL HERE

JUNE 7th, 8th, 9th

On June 7th, 8th, and 9th, Henry A. Dreer, Inc., Philadelphia, will present their annual Rose Festival at their Nurseries at Riverton. Every year this firm, famous more than a century for fine roses opens their garden to the public. Here rose lovers may feast their eyes upon a spectacle of outstanding beauty. More than 5000 roses will be in the full flower of their beauty, making the garden, which is laid out in a modern geometric fashion with convenient lawn walks, showing varieties of roses to their best advantage, a perfect fairy land of color and fragrance. Hybrid-tea, Polyanthas, Hybrid Perpetuals, and climbers of practically every well known variety and many foreign and domestic varieties being grown for trial, that have not yet been introduced to the public, will be in full bloom.

New This Year

Among the new introductions for 1940 will be Orange Nassau, a native of Holland and named for the Dutch Princes of Orange and Nassau. It is a vivid red-orange bicolor—deep glowing yellow on the inner petals with deep reddish orange reverse giving an effect of deep orange throughout which is a new rose color. Mrs. Oliver Ames even more delightfully fragrant than Marechal Neil and of a beautiful shade of lemon yellow; California, a rich salmon, and Apricot Queen, a beautiful two-tone pink, all strong and prolific growers growing in "fora-abundance."

A few of the better known roses that will be exhibited at Dreer's Rose Festival are the sensational R. M. S. Queen Mary that has created such a tremendous enthusiasm in the Rose World, grown to perfection in great quantity. Its color is a glorious combination of rich glowing salmon blending with exquisite pure pink and an orange base. Crimson Glory, its well branched, compact bushes laden with magnificent urn-shaped buds which open to an intense deep and vivid crimson shaded with deep red will be indeed a real sight of "crimson glory" to delight the eyes of rose lovers. This rose is the favorite of Secretary Morgenthau and he has chosen it to be planted before the Treasury building at Washington.

Other Varieties

The lovely Countess Vandall, winner of the Toronto Rose Society Gold Medal, has large double fragrant blooms of a deep pink with a beautiful salmon glow. Glowing Sunset, an unusual rose of most attractive form, its inner petals lengthen and twist in the bizarre manner of a choice cactus Dahlia, winner of the Bagatelle Gold Medal, 1934, and awarded the honor at Lyon, France, as being the "most beautiful rose in France for the year 1934" has long, slender, pointed Nasturtium orange buds which open to fragrant flowers of a charming Nasturtium buff straying to a lovely shade of shell pink at the petal edges; Souvenir de Jean Souper, a lovely cream-colored Hybrid-tea, has long tapering deep golden yellow buds slowly unfolding to broad cream-colored blooms of lovely texture.

Everyone is invited to view this fine display, where, in addition to the rose show, some surprises are planned for the guests. The Ladies of the John B. Deaver auxiliary will serve refreshments for a small sum which will be donated to Lankenau Hospital. The gardens will be open from 10 a.m. until 6 p.m., with attendants in charge throughout the entire day to answer any questions you may care to ask.

All the roses in the Dreer Rose Garden are grown under the same average conditions found in the garden of any real Rose enthusiast. Good soil conditions and good care are all that is necessary for the Rose fan to reproduce the same beauty in his own garden.

## MEET "CHUM"

The new baby wonder star of this or any other season, in the hilarious production of "Forty Little Mothers" now playing at the Savar Theatre, Camden.

### MERCHANTS MEET FIRST REVERSE

Either George Knight, Merchants hurler, was off form, or the German Kitchen outfit had supreme batting eyes on Monday night, for the G.K.'s pounded the league leaders for 17 hits that, aided by a few miscues, enabled the Kitchenera to win 15-7. Williams, winning pitcher, allowed only five safeties, but was wild, passing 12 batters. The Merchants could not cash in on his generosity, however, when hits meant runs. Williams hit a homer in the eighth with two aboard.

### PALMYRA WINS SIXTH

Palmyra tightened its grip on first place in the National Division of the Burlington County League by a 3 to 2 11-inning victory over Maple Shade Sunday at the latter's diamond. Yesterday's win was the sixth in seven starts for the "locals" and was won in the eleventh inning when Verner singled to center to score Brodersen with the deciding marker. Diffebaugh hurled for Palmyra and spaced out eight hits, three going to Ventura.

### IN TWO PARADES

In the morning the members of the company went to Riverside for the holiday procession, together with housing ceremonies for a new fire truck, while in the afternoon they marched in a similar affair at Pitman.

The Riverton Fire Company, led by Chief E. M. Carhart, Jr., participated in two parades on Memorial Day, the local outfit having 35 men and three pieces of apparatus in line.

### LOSE FINAL

Playing an indifferent brand of ball, Palmyra High dropped the final game of the season on Monday afternoon to Camden Catholic. Score 9-5.

Leonard started for the locals, but retired at the end of the second when the Irish coined four runs on a pair of walks, a glaring error and three hits. Van Emburgh held the opposition in check until the sixth when three hits and two more boots gave the opposition three more tallies.

Palmyra got back into the ball game temporarily in the fourth as three singles and a brace of passes pushed two runs in. A change of pitchers on the part of the invaders put out the fire and the Red and White showed little enthusiasm during the remainder of the fracas.

### NETMEN LOSE

The Bridgeton High tennis outfit set back the Palmyra High netmen on Monday to win the South Jersey Championship by the close score of 3-2 at the Farnham Park Courts, Camden. Palmyra's points were registered by Russell Stickel, over Don Peck, 6-4, 2-6, 7-5. The other local point was recorded by Don West, over Tom Newton 6-2, 6-2. West, has not been defeated since the Palmyra's netmen organization last year.

Other scores included: Fisher, Bridgeton, over Hozier, Palmyra,

6-2, 7-5; Peterson, Bridgeton, over Cannon, Palmyra, 6-0, 6-0.

### Doubles

Cotler and Monaghan, Bridgeton, over Dietz and Wilson, Palmyra, 61, 6-3.

Palmyra is champion of South Jersey Group 3 League and they will play this Friday against Red Bank High, at the Trenton High Courts in the semi-finals for the Group 3.

Speaking of the good neighbor policy, it doesn't go so far as to send out a Fifth Column.

## KNOW YOUR BANK

### Where This Bank Gets the Money it Lends

The funds we have available to lend and to invest are derived from three primary sources:

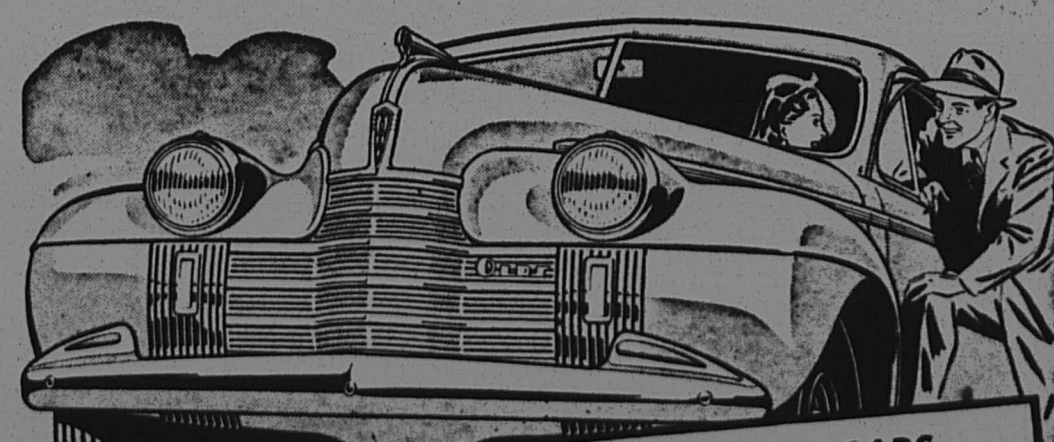

1. That part of our capital and surplus which is not invested in building, furniture, fixtures, and equipment.
2. Deposits of customers, after a sufficient amount has been set aside to take care of current withdrawals.
3. The excess of earnings over expenses.

Secondary sources of loanable funds are afforded by rediscounting eligible paper and borrowing on our own notes secured by bonds which we hold.

## FOR HEROISM

John L. Pollock, regional New Jersey winner of Theodore N. Vail Medal Award, highest honor in the telephone industry for noteworthy public service (left) and Fum W. Underwood of California, only recipient this year of national Vail Medal.

Pollock, resident of Livingston and staff assistant to New Jersey Bell Telephone Company general supervisor, won medal and American National Red Cross Certificate of Merit for timely and efficient first aid and able handling of a difficult situation when a little girl was seriously injured by an automobile at Springfield, N. J.

Underwood's medal and citation for prompt action, courage and resourcefulness under hazardous conditions resulting in probable saving of a man's life, followed his rescue from a pole during a severe storm of a man shocked and burned by contact with high-voltage power circuits. Vail Medals Awards are made annually when merited on a regional basis in bronze, and on a national basis in silver or gold with cash awards as a memorial to Theodore N. Vail, Jerseyman and great leader of the Bell Telephone System during its formative years.

## RHODODENDRONS NO LONGER A LUXURY

The rhododendron is becoming one of the most popular plants for home grounds. No longer a luxury, this attractive shrub with its rich foliage is one of the most satisfactory plants available. However, it has certain definite preferences as to soil and surroundings.

In the first place, it must be remembered that the rhododendron thrives best in the shade in its natural setting. Consequently, the best location must be sheltered and protected from drying winds and scorching sun. A loam soil, well drained and slightly acid is preferred. Before planting rhododendrons in a clay soil, the addition of peat, leaf-mold and well-rotted stable manure and perhaps some sand will be beneficial. In extremely sandy soils, the peat and leaf-mold are essential.

## Avoid Sun

Rhododendrons show better advantage when grouped in a mass planting. Exposure to full midday sun should be avoided.

The roots of the rhododendron remain very close to the surface and should always be mulched or shaded. Hoeing or raking around them is inadvisable since the surface roots are easily injured. Instead of practicing clean cultivation, rhododendrons should be mulched during the hot weather with a layer of well-rotted stable manure, rotted leaves or peat moss. Such a covering will keep the ground cool and will help to conserve the moisture.

In feeding rhododendrons, no lime, bonemeal or woodashes should ever be used, for all of these have a tendency to destroy the soil acidity preferred by the broad-leaved evergreens.

## Much Water Needed

The rhododendron requires a great deal of moisture. For this reason, new plantings must be watched closely, particularly if placed in close proximity to the roots of shade trees. The same is true if planted close to or under any overhanging portion of the house which may prevent the rain from reaching the soil. When watering, large quantities of water should be applied at each application in order to thoroughly soak the soil. The flowering period extends, in general, from May until July, but the plant makes a fine showing all the year around. A wide variety of colors and types adapted to New Jersey conditions are available in most nurseries at prices much lower than formerly prevailed.

## ANNUAL DISPLAY OF LAUREL IN PINES

South Jersey's "pinney woods" will present its annual display of laurel which is expected to bloom from June 1st to June 15th. This shrub

with its clusters of pink blossoms is to be found in its native habitat, widely scattered throughout the coastal plain area of New Jersey. It is particularly abundant on certain sections of the Lebanon, Penn. Green, Bank, Bass River and Parvin State Forests and Parvin State Park. Motorists will find many of the best displays easily accessible by way of improved gravel roads throughout the forests and parks.

Lebanon State Forest, at the junction of New Jersey Route 40 and S-40 at Four Mile Circle, 27 miles east of Camden, has an abundance of laurel in the vicinity of Deep Hollow recreational area where limited picnic facilities are available.

The "Plains," a dwarf forest of pine, oak and laurel through which Route S-40 passes is most attractive at this season. One of the best views of New Jersey's wilderness area with its luxuriant laurel growth can be had from the observation tower located on Bear Swamp Hill, Penn State Forest, where facilities for picnicking are available.

## Best Display

Many of the most magnificent laurel displays to be found are on the interior forest roads of the Green Bank Forest located on the Mullica River at Green Bank.

Laurel along Stage Road, is probably the most outstanding to be found on any of the interior of the Bass River State Forest. Near the forest headquarters are the oldest pine plantations established on New Jersey's State Forests.

Many clumps and masses of laurel in bloom can be seen from trails and gravel roads in the vicinity of Lake Nummy on the Belleplain State Forest in Cape May county. Facilities for picnicking are available on the Lake Nummy and Cedar Bridge Picnic Areas.

lected much credit on the part of both pupils and teachers.

It is understood that the manager of the circus has been requested that his show again visit Riverton in the not too far distant future.

## CIRCUS SIDELIGHTS

"The biggest show" failed to describe the show—it was bigger and better than ever.

The monkeys and trained elephants were a big hit.

A rushing business was done at the P.T.A. booths, particularly in the ice cream and lemonade sections because of the extremely torrid weather. Experts claimed the lemonade was distinctly superior to the usual circus blend.

Photographers were nearly as numerous as the performers.

The gaily decorated rings, hundreds of flags and the bright costumes of the troupeurs gave a real festive aspect to the affair.

It would be impossible to single out any one act for special commendation so well were they all performed.

## TENNIS MEETING

The Palmyra Tennis Club will hold a meeting this Friday at 8 p.m. in Society Hall. All members are urged to attend this as a great deal of business that will be of interest to all members will be transacted at that time.

The club will play a return match with the Delanco Tennis Club on Saturday, June 15, at the Palmyra municipal courts. The club tournament will start on Sunday, June 16, weather permitting. This will include both singles and doubles. Those desiring to play are asked to get in touch with Jack Hanum, Riverton 932, as early as possible.

## FOR DATA ON FLOWERS WRITE D. LANE POWERS

The flowers that bloom in the spring, tra la—yes, even the bees and the birds in the trees—receive their share of attention in Agricultural Department bulletins available at the office of Congressman D. Lane Powers in Washington.

If you have a family of fine feathered friends you'd like to set up in housekeeping, write Powers. He'll send you a booklet which shows you how to build the birdhouses, including means of protecting the occupants from yours—or your neighbor's—pet cat.

What type of flowers are best suited to certain climates, time of planting, etc., is the subject of several Agricultural bulletins. A comprehensive booklet shows how to keep bees—or make them keep you! Powers, who represents Burlington and Mercer Counties, says he has enough bulletins to his credit with the Department to fill any, and all, requests.

Twelve 1935 and twenty 1939 Agricultural Year Books remain in Powers' office. First come, he promises, first served.

One way to tell whether a woman is able to make up her mind is to watch her trying to back into a parking place.

The Burlington County Council Boy Scouts Camporee will be held at the Camden County Scout Reservation on Friday, June 14, and all day Saturday, June 15. This announcement was made by Lt. Commander J. B. Ryan, U. S. N., Ret., of Palmyra, who is chairman of the council camporee committee. It was necessary to postpone the Camporee due to the storms that were raging at the time it was planned. Word has been received in the Council office that all troops are preparing to take part in the overnight camping experience.

## "World's Fair Troop"

The following Scouts have signed up for the World's Boy Scout Service Troop at the World's Fair during the week of August 19: Robert Hamilton and William Sumner, of Troop 4 Moorestown; Charles Wear, Arthur Hoyt, and Warren Lamon, all of Troop 5, Palmyra. When this Troop's completed there will be 37 scouts, and 3 Scout Leaders in charge of the boys. Many Burlington County boys were a part of this troop which attended the World's Fair in 1939.

## THREE POWERS CANDIDATES ENTER SERVICE ACADEMIES

Three of Congressman D. Lane Powers' Annapolis appointees will enter service schools for the next term, according to an announcement today from the Congressman's office in Washington.

The entrance of the candidates is made possible through their success in Presidential competitive for appointment to Annapolis or West Point. The Congressman's fourth Annapolis appointee, although successful in the Presidential competitive, was found ineligible by the Navy Department due to a technicality.

As result of the Annapolis competitive conducted for the Congressman by Civil Service last January, Richard D. McCord, of Bordentown, was principal appointee to the Naval Academy. The first alternate was John B. Stetson, of Riverton, the second alternate Charles Henry, of Trenton, and the third alternate Justin C. Williams, of Moorestown.

## MacMullin to Point

McCord took the Presidential competitive open to sons of Army officers, and won appointment to West Point also. He chose West Point and will enter in July. Stetson won appointment to Annapolis in the competitive open to members of the Naval Reserve. Henry, as second alternate, became the Congressman's principal appointee. Williams, although placing in the Reserve competitive in a winning position, was found by the Bureau of Navigation to be ineligible because he had not served the twelve months required of Reserve candidates before they can be appointed. Both the Bureau and the Congressman have urged Williams to take next year's competitive from the Naval Reserve. Powers has no Annapolis appointments next year.

Robert J. MacMullin, of Riverton, is Powers' appointee to West Point this year and will enter in July.

## THINGS TO WATCH FOR

A new kind of frying pan, with convex bottom, and a grid to keep bacon from curling while frying... a new kind of automatic purveyor for cola drink—delivers drink in a sanitary paper cup in seven seconds... a new drink, made of ground apples and skim milk, invented at Virginia Polytechnic Institute.

"Honesty is the best policy," but he who acts on that principle is not a honest man.—Archbishop Richard Whately.

## OFFICERS NAMED FOR "Y" BOARD

At the annual meeting of the County Y.M.C.A. Board at Camp Ockanickon last week the following were elected as officers for the following year: President, John W. Thacher, Moorestown; vice president, E. Newbold Cooper, Moorestown; and S. Roger Oliver, Burlington; recording secretary, Louis B. Forsyth, Bordentown; treasurer, Howard C. Darnell, Moorestown.

Nominated to succeed themselves as board members for the ensuing three years were Raymond J. Anderson, Bridgeboro; LeRoy Church and Louis B. Forsyth, Bordentown; H. Hutchinson and John H. Lee, Bordentown; Charles G. Lester, Lumberton; Lawrence R. Parsons, Burlington; Harry Reiting, Beverly; Leonard R. Spotts, Florence; H. F. Stockwell, Jr., Moorestown; Howard G. Taylor, Jr., Riverton; and A. Roy Townsend, Columbus.

Mr. Thacher succeeds Benjamin J. Roberts as president. Mr. Robert Rhoads Island, and since that time the responsibility of the presidency has been divided between E. Newbold Cooper, of Moorestown, and S. Roger Oliver, of Burlington, vice presidents.

Members of the nominating committee were C. William Haines, Masonville; William H. Heister, Pemberton; and Victor Ritschard, Riverton.

## AUTO SALES IN NEW JERSEY

Motor Vehicle Commissioner Arthur W. Magee announced this week that automobile sales, transfers and trades in New Jersey last year represented a business turn-over of upwards of a quarter of a million dollars.

The total number of car transactions out of the 1,045,604 vehicles registered was 700,850. These sales or transfers involved 111,543 new cars and 589,312 used cars.

On this basis, out of every 100 motor vehicles sold or transferred, 16 were new cars and 84 were used cars.

These statistics, as revealed by bills of sale which are a legal requirement in every automobile transaction, indicate that approximately two-thirds of the automobiles in the State changed hands during the year and only one-third of the registered vehicles remained throughout the year in the same ownership.

## Northern Counties Lead

Commissioner Magee also made public a break-down of passenger and commercial vehicle registrations by counties. Essex, Bergen, Hudson, Union and Passaic led, in that order, in the number of passenger cars whereas the first five in commercial vehicle registrations were Essex, Hudson, Bergen, Passaic and Union. Fewest passenger car and commercial registrations were in Cape May County.

Following is a break-down of total passenger and commercial vehicle registrations by counties:

## YWCA NOTES

On July 9 somewhere between 100 and 150 girls from Burlington county will be carried by special busses to the banks of the Rancocas at New Lisbon. Here, where nature has provided a charming panorama of water and trees, the Y.W.C.A. Day Camp is held.

Probably one third of these girls will be scholarship campers, sent by community organizations and charitable individuals throughout the county. The others will pay their own way to enjoy this wholesome, out-of-doors vacation.

The unique feature of the camp is its schedule. It is in session only from nine until four on Tuesday, Wednesday, Thursday and Friday of each week from July 9 until August 2. At the end of each day the girls again enter the busses to return to their families.

During these hours regular camp activities are carried on. They include swimming, boating, life saving, pioneering, handicrafts, tennis, badminton, archery, first aid, sketching, newspaper and library.

This splendid program is made possible by girls, well qualified for the work, who volunteer their services as counselors and junior aids. Several of these helpers have grown up with the camp, starting as young campers. Other individuals and institutions increase the value of the camp by extending to the Burlington County Y.W.C.A. the use of boats, tennis courts and books.

A foremost consideration at all times is the safety of the campers. In all water activities the Red Cross regulations are followed, enforced by counselors with long experience. A nurse is in constant attendance, a local doctor on call.

## P. S. OFFICIALS

Announcement is made of the promotion of James H. Barker to assistant to the vice president in charge of Southern Division. He will be located in Camden.

## CHRISTIAN SCIENCE CHURCH

"God the Only Cause and Creator" is the lesson-sermon subject for Sunday, June 9, in all Christian Science Churches, and Societies throughout the world.

The Golden Text is: "Ah Lord God! behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee." (Jeremiah 32:17).

Among the lesson-sermon citations is the following from the Bible: "Thou art worthy, O Lord, to receive glory and honor and power: for thou has created all things, and for thy pleasure they are and were created." (Revelation 4:11).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Creator: Spirit, Mind; God, who made all that was made and could not create an atom or an element the opposite of Himself" (p. 583).

## CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor

Services, Sunday, June 9th.  
Bible School, 10.00 a.m.—If you want to know just how cool and comfortable our building is, come out to the school on Sunday mornings. A fine place to keep cool physically and mentally—so essential in these days.

Children's Day Exercises, 10.00 a.m.—In the church. This service will be conducted by the Junior, Primary, Beginner's and Cradle Roll Departments. Parents of the children are urged to be present. The program which will be of interest to all parents, has been the result of a careful study by the heads of these departments who should be encouraged by a fine attendance.

Morning Worship, 11.15 a.m.—A Children's Day theme will be carried out in the sermon by the Pastor with the subject, "The Child in the Midst." Appropriate solo and anthems by the choir.

The weekly B.Y.P.U. meetings have been discontinued for the summer months.

Evening Worship, 7.45 p.m.—This will be the last of the evening services during the summer. Endeavor to attend this service even for only the selfish reason—of your own spiritual benefit. The sermon subject will be "Jesus in the Synagogue." Music by the choir.

On this Friday evening, June 7th, at 8 o'clock the Primary, Beginner's and Cradle Roll Departments will entertain to meet the mothers of the children in the respective departments in the Sunday school room. A fine program has been arranged comprising, good speakers, entertainment and refreshments. "Every Mother Present" is their aim.

## PHYLLIS WHEATLEY P.T.A.

The final meeting for the season of the Phyllis Wheatley P.T.A., was held on Friday evening, May 31, at School No. 4. Since this is not election year the officers remain the same except for the treasurer who is now Mr. Ransom.

The president, Mrs. Ashby expressed a desire for the P.T.A. to do constructive work during the summer. Several members volunteered to help her. Returns from the operetta "Tom Sawyer" were given to the P.T.A. and reports were submitted by the Ways and Means, and Sick Committees.

A feature of the evening was the piano selections rendered by Raymond Marks, a former student of the school. Refreshments of coffee, tea and cakes were served.

## CONTRASTS

Two military leaders give their views of Christ on the Cross:  
The Roman Centurion, a commander of Roman soldiers, stood within sight of the Cross of Jesus and saw Him in the agony of pain, yet manifesting forgiving love and sacrificial death for mankind, deeply impressed said, "Truly this man was the Son of God."

The other "military commander of 1940," ruthless and destroyer of lives and property, repudiating the Cross to justify his worldly ambition said, "Christ on the Cross is too much of a weakling to rule the world."

What does Jesus say, "If I be lifted up from the earth I will draw all men unto me." The Cross is the mighty magnet of love, self-sacrifice and world redemption that will overcome and yet rule the Word and create a brotherhood that shall obliterate hatred and cruel ambition and bind mankind to the rulership of Divine Love.

"The Kingdoms of this World are become the Kingdoms of our Lord and His Christ; and He shall reign forever and ever." Rev. 11:15.

In this assurance of faith meet with us next Sunday morning at 9.50.

## METHODIST CHURCH

Palmyra, N. J.

Rev. William A. Boyd, Pastor

Children's Day will be observed this Sunday. In the morning at 11 o'clock the Sacrament of Baptism will be administered by Rev. Boyd. The Friendly and Senior Choirs will sing. The Preparatory Membership class will be received into full connection.

In the evening at 7.45 we shall have the last Sunday evening service in our church during the summer. It will be in the nature of a Vesper service. Since it is graduation time, Mr. Boyd will speak about the "Two Great Pillars of the Earth." There is no question but that Religion and Education are fundamental and

## PROPOSALS

Sealed proposals will be received by the Borough Council of the Borough of Riverton, New Jersey, at the Fire House in Riverton, New Jersey, at eight o'clock, P. M., (Eastern Daylight Saving Time) on Monday, June 17, 1940, for furnishing and delivering approximately 610 tons of Cold Mixed Bituminous Concrete, Type "A" (Top course) material conforming to the Standard Specifications of the New Jersey State Highway Department.

Each bid shall be accompanied by a certified check, drawn to the order of the Borough Treasurer of the Borough of Riverton, in the amount of ten per cent (10%) of the total sum of such proposal, subject to the conditions set forth in the Instructions to Bidders.

Instructions to Bidders, specifications and forms for Proposal and Contract may be obtained by application to the Engineer, Sherman and Sleeper, 501 Cooper Street, Camden, New Jersey.

The right is reserved to reject any or all bids.

A popular slogan for the campaign this year might be "billions for defense but not one cent for taxes."

Once again the R.V.C. opens its season with the well known Blitzkrieg. Saturday and Sunday will officially open the sailing season at Riverton, although the local sailors have been at it for several weeks. Being an invitation Regatta, there will be competition from many well known clubs. Those expected to be present are: Beverly, Delaware River Yacht Club, Quaker City Yacht Club, Corinthian Sailing Club, and Ye Goode Olde Riverton Yacht Club.

As our Comet fleet has been greatly enlarged, this year's elimination series should prove quite lively. Starting this Saturday the series will run every Saturday for five weeks, and the winner will represent the R. V. C. at the National Regatta in New York State this September. The ever popular Duster Fleet will supply entertainment for the onlookers and other classes to be represented are: Crickets, Stars, plus the usual Free-for-all.

We wish to say, although the boys got a late start this year, we have many new additions to the fleet. Among these may be listed three new Stars, five new Comets, and four new Dusters. Of course herein we never mention additions to the Stink-boat Fleet.

Seen around the club: The Sail Bags (Women's Auxiliary) plottin' and plannin' another swell party to match the one they gave Memorial day. Big Bill Gruman back on the job. Bob Lippincott polishin' his bottom on his new Comet. The three Musketeers of Photography, Mudd, Borner, and Hebb, snappin' shots. Johnny Ayres trying to splice wire. Also Pa (Commodore) Lippincott trying to splice wire. And last but not least yours truly trying to find something to write about.

## PALMYRA AIRPORT TO OPEN THIS SATURDAY

Robert Snover, proprietor of the new Palmyra Airport announces that the field will be opened this Saturday for airplane traffic. Workmen have been busily engaged for the past few weeks clearing and grading the terrain.

The hangar accommodating three ships is nearing completion and more will be started immediately. Beginning Saturday, student instruction will be available as well as commercial passenger trips. An experienced instructor will be at the field to give lessons.

Robert Snover's new Taylorcraft ship with dual controls is now housed at the hangar. Mr. Snover will be the agent for Taylorcraft ships at the new airport.

## GUARD SCHOOL CHILDREN FROM SUMMER DANGERS

Before the end of June all of the public schools will have closed and thousands of children will be added to the crowds that throng city and village streets and the public highways. These playful and heedless youngsters must be guarded since they are not yet old enough to anticipate danger, and this is the duty of every adult and every driver of a motor vehicle. It is a public responsibility, asserts the New Jersey Publicity Utility Information Committee.

The Public Service Coordinated Transport has advised the operators and salesmen on all of its public conveyances to use extraordinary precautions to safeguard these children and to anticipate for them, so far as possible, sudden dangers such as rushing out from behind another vehicle or from the safety of the sidewalk into the path of an oncoming bus or car. Human alertness is not infallible but it will go far in protecting these youths who are our citizens of tomorrow.

Honesty is spiritual power. Dishonesty is human weakness, which forfeits divine help—Science and Health with Key to the Scriptures by Mary Baker Eddy.

## Strawberry Season

THE height of the strawberry season in New Jersey is May 25 to June 20, approximately. The berries are fresh, plentiful and inexpensive.

After you buy strawberries, store them immediately in the automatic refrigerator. Cooked strawberries are delicious and the fresh fruit makes a colorful garnish or addition to many salads and desserts. Some people recommend sprinkling a small amount of pepper on fresh berries.

Here are a few recipes.

## Devonshire Shortcake

1 qt. straw- 6 slices buttered  
1 cup bread

1 cup granu- Whipped  
lated sugar cream

Crush berries with sugar. Trim crust from bread and line a greased bowl with the slices, cutting corners so that the pieces meet. Pour in the berries, cover with bread, set plate on top of this, press down with a weight and put in the automatic refrigerator 24 hours. Turn out of mold, garnish with whipped cream and serve. Raspberries or crushed peaches may be used instead of strawberries.

## Strawberry Flamingo

1 qt. straw- 2-2/3 cups boiling  
berries water

1 cup sugar 2 cups straw-  
berry juice

1/2 cup minute 1/2 cup cream,  
tapoca whipped

1/2 tsp. salt

Crush strawberries slightly, add sugar and let stand at least 30 minutes. Add minute tapoca and salt to boiling water and cook in double boiler for 15 minutes or until tapoca is clear. Add strawberry juice to tapoca. Chill. Pour one-half of this mixture into a glass bowl or par-

fect glasses. Chill. Fold whipped cream into remaining tapoca mixture. Pile lightly onto mixture in the bowl or parfait glasses. Serves 8.

## Strawberry Shortcake

1 quart strawberries, washed,  
hulled, sliced.

Mix with 1 cup sugar, allow to stand for two hours at least, in a cool place. Serve on biscuit short-cake with plain or whipped cream.

2 cups flour 1/2 cup milk or  
1 tsp. baking water  
powder 1 tsp. salt  
2 tsp. short- 4 tsp. sugar  
ening

Sift together all dry ingredients. Cut in shortening with two knives. Add milk or water gradually, making a soft dough. Toss onto slightly floured board, roll out to 1" thickness, cut with biscuit cutter and bake in quick oven, 450 degrees, 15 minutes, or bake in a large cake, split in half before using. Two halves used crust side down. Both thinner cakes laid one on the other in the same pan can be made. Rubber or dot the lower with butter before placing the second.

## Strawberry Preserves

4 lbs. berries 6 cups sugar

Select ripe, sound berries, wash and hull. Add the sugar to the strawberries and heat gently until sugar dissolves and juice is drawn from the berries. Cook rapidly until the fruit is plump and transparent and the syrup is thick. Pack in clean, hot jars and seal immediately.

NOTE: All berries except black-berries may be made into preserves by this method.

## Strawberry and Rhubarb Conserve

1 qt. straw- 1 qt. rhubarb  
berries 6 cups sugar

Cut rhubarb into 1/2 inch pieces, being careful not to peel. Mix together strawberries, rhubarb and sugar and cook mixture slowly until it is thick and clear. Pour into clean hot jars and seal at once.

Now is the time to buy fresh New Jersey strawberries. You will enjoy the crisp goodness and delicate flavor of this home-state fruit.

## FACE TRAFFIC

"Walk facing traffic," the Key-stone Automobile Club urges in a bulletin asking pedestrians to cooperate with motorists for their own safety.

Trevor B. Mathews, Manager of the Camden Division of the Club, said pedestrian highway casualties at night usually show a marked increase at this time of the year. This is accounted for by the fact that highway use—both pedestrian and vehicular—surges upward in spring and summer.

Pedestrians have it well within their power to avoid accident on the highway by taking the simple precaution of facing, instead of walking with their backs to traffic, the Club official asserted. "Every driver knows, and every pedestrian should learn, that it is difficult to see walkers on the roadway under average

night conditions," he continued. "Headlights which light up the highway so far as the pedestrian is concerned may be 'blinding' the drivers of approaching cars, with the result that walkers close by are in imminent peril."

"The walker who is facing traffic can avoid danger under such conditions by the simple expedient of stepping off the roadway. The walker with his back to approaching headlights literally bets his life that the motorist will see him in time to avoid running him down."

"Considering the multiple difficulties of car operation under conditions now existing at night, we feel pedestrian co-operation is of the greatest importance."

## Law Enforcement Gains

The year 1939 was marked by legislation and court decisions of broad importance in the fields of law enforcement and greater safety, reports the new municipal Year Book of the International City Managers' Association. Labor disputes, gambling, automobile parking, speed regulations, wire tapping and police reorganizations were among the subjects on which new law was written.

Acts regulating picketing and outlawing sit-down strikes were adopted in a number of states and had the effect of making the role of police in labor disputes less difficult. Minnesota, Ohio, Pennsylvania, Rhode Island and Wisconsin made contributions in this connection. Legislation regulating picketing in Alabama and in Shasta County, California, was held unconstitutional by the United States Supreme Court on the ground certain of the provisions infringed freedom of speech.

Minnesota created a state agency of conciliation with power to act in labor disputes. The act prohibits obstruction of highways and streets, and interference with vehicles. It further requires a 30-day notice to the Governor before a strike is called in a business especially affecting public interests.

In the traffic safety field, Indiana and Maine legalized evidence obtained by chemical tests showing intoxication. The laws provide an alcoholic content of 15 per cent or more in a person's blood is prima facie evidence the defendant was drunk while driving. Chemical tests have been used in the courts of 22 states as evidence of intoxication, said the publication.

New speed regulations mostly, raising old limits, were enacted by 15 states including New Jersey. Six states—Minnesota, Maine, Michigan, Indiana, Nebraska and North Carolina—established both prima facie and fixed limits. States with prima facie limits make it unlawful to exceed the limit unless the motorist, if arrested, can prove his speed was "reasonable and prudent" for existing conditions.

South Carolina and West Virginia adopted compulsory motor vehicle inspection laws, while Arkansas and Nebraska repealed such legislation. Maine, New Hampshire and Vermont added teeth to their inspection laws. Illinois, Minnesota, Iowa, Oregon, Tennessee and Texas enacted laws permitting all or certain cities to require periodic safety inspections.

State police reorganizations occurred in several states. Minnesota combined its highway patrol and bureau of criminal identification. Tennessee's highway patrol was granted general police power to curb gambling and bootlegging. Iowa created a state safety department, placing in one unit a variety of activities, including traffic regulation. Alabama created a department of public safety and, in addition, granted police power to the State highway patrol. Kansas City, Missouri, became the sixth city in which the police department is under state control, the police being officers of the state.

Bicycle ordinances enacted during the year brought to more than 500 the number of cities with local regulations for licensing such means of conveyance.

## More W.P.A. Projects

During the past few years we have been regaled with all sorts of stories on what was being done by the W.P.A. under the guise of relief. Some of these stories have been unbelievable and others have their humorous aspects, although it must be said in all fairness that they would be a lot funnier were it not for the fact that the taxpayers of the country eventually will have to foot the bill.

Among the outstanding examples in the report of the House of Representatives committee which has been investigating the activities of the W.P.A. are the following:

The accounting office reported, according to the press, that on one project the W.P.A. purchased 1,008 wheelbarrows when only 104 men were working. Just what became of the other 904 wheelbarrows deponent sayeth not. It may be assumed, however, that the extra ones were not replacements to be ready for

use when the workers "burned out the bearings." Perhaps the wheelbarrows were just permitted to accumulate as were the wooden ships and other surplus material during the World War.

Statisticians reported that a rodent extermination project in New Orleans cost \$2.97 for every rat exterminated. No details were given as to how rats were killed but it is to be assumed from the expense account that they were given a fair hearing before they were sentenced and electrocuted.

It is declared that at Evansville, Indiana, 181 W.P.A. workers labored two and a half months at a cost of \$7,440 constructing papier-mache Santa Claus and chimney top decorations for a Christmas parade. Perhaps this is the most popular activity of all because as Governor Al Smith has told us nobody ever takes a shot at Santa Claus.

In view of the fact, however, that we are now being informed that we need 50,000 airplanes for defense and the expenditure of billions of dollars, \$120,000,000 of which is to be turned over to the President and expended for defense with no questions asked, one may feel at least justified in stopping for a moment to wonder.

One may wonder also, whether the money spent for lawn raking and making papier-mache Santa Claus could have been better used for expanding our plans for the manufacture of airplanes. If the New Dealers are the only ones who are keeping abreast of the times, the rest of us must be pretty far behind indeed.

## Our Record On Defense

There is a great deal of discussion over the nation now about constructing defensive armament which would defeat any attack against us from Europe or Asia. It is well that the American people keep awake to this danger and do something about it.

But it is to be pointed out, whenever there is a discussion of the matter, that while national defense is not a question of partisan politics because the great body of Republicans and Democrats favor it alike, yet there are some things to be taken into consideration, other than 50,000 airplanes if we are to have adequate defense.

It is to be remembered that no country which does not put its finances in order can wage a successful war of any duration. This is especially true of individualistic nations like the United States. Now we have a national debt of \$45,000,000,000 and it is fast getting ready to spill over the legal limit.

But up to this time there has been no real effort to balance the budget or to get our industries prepared to turn out defensive armament of any kind. Instead of getting encouragement from Washington private industry has been getting discouragement in the shape of higher taxes and a threat of governmental competition and tighter regimentation. This is not calculated to expand industry to the point where it can engage in the manufacture of defense materials.

Furthermore it may be pointed out that during the past seven years the national government has expended something like \$60,000,000,000, and seven billions of this went directly for defense. Yet we are told now that we are only at the beginning. The question naturally arises: what have we been doing with our money during these seven years, and wouldn't it have been better to spend more for defense and less for tree planting, socialist experiments and the like?

Wendell Wilkie called the turn the other night when he declared that the New Deal during its term of office had "demonstrated itself incapable of organizing and effecting the gigantic task involved in such defense."

"We have a shortage of skills. We have a puny ordnance industry and owing to the New Deal's attacks upon what it called the munitions profiteers, our capacity for making powder and explosives is virtually nil.

### NEED IS GREAT

The following telegram, signed by William Carl Hunt, of the National Red Cross, Washington, was received by Mrs. Guy L. Nelson, of Mount Holly, chairman of Burlington County Chapter American Red Cross:

Every cable from our representatives in France paints a blacker and more appalling picture of conditions among the millions of refugees fleeing from the battle zones. One cable says: "Paris is swamped by terror stricken, hungry and exhausted men, women and children. Roads from the North are cluttered with carts, bicycles and bullet-riddled automobiles. Under the shade of the Palace of Versailles voluntary First Aid workers are bathing feet of old men and women, some of whom walked 40, 50 and 60 miles in the past three days. Stockings had to be cut from lacerated, swollen feet. Many were too tired to eat. Women fainted at the sight of food—too starved to eat. There are pens of unidentified

frightened children under 8 years of age at every concentration point. French peasants and aristocrats work side by side in best democratic tradition." France is looking to us for aid. Its resources are inadequate to handle this problem of mass terror and suffering. Let us be prompt in sending help. You can do your part by carrying your community over the top without delay.—William H. Wells, County Chairman War Relief Fund.

### SNYDER-WILLIAMS

Miss Grace Williams, daughter of Mr. and Mrs. Hedley Williams, of 1000 Garfield avenue, Palmyra, and George B. Snyder, Jr., son of Mr. and Mrs. George B. Snyder, of 326 Leconey avenue, Palmyra, were the principals in a quiet wedding ceremony Thursday morning at 10:30 o'clock at the Williams' home. The Rev. W. A. Boyd performed the ceremony.

Mrs. Walter Shields, of Garfield avenue, Palmyra, was the matron of honor and Thomas Fowler, also of Garfield avenue, was best man. Following the ceremony a recep-

Now that we are suddenly confronted with the necessity for expending billions for defense in addition to the money already appropriated and spent during the past seven years, we may wonder just how well the New Deal is up on military affairs after all.

Next time you feel like growling in the morning because you get up with a headache and the coffee is cold, just think about what has been happening in Europe.

It is said that a W.P.A. project purchased 1,008 wheelbarrows for 104 workmen. Maybe the rest were used to haul the boys to the polls.

It is said that the Indians refer to the radio as "the wind that talks." They have the machinery confused with the announcers.

Some of the folks who seem to be almost forgotten—Babe Ruth, Jim Braddock and the Dove of Peace.

A lot of these pretty young stewards on the airlines seem to be picking off good husbands these days, according to the newspapers. It seems to be easier to get the boys up in the air when they are up in the air.

Looks like Secretary Hull's world trade ideas for promoting peace will have to be put into the filing cabinet for a little while.

### SNOVER AGAIN COUNTY G.O.P. HEAD

The organization of the Republican County Committee took place last week in the court house, Mt. Holly, when Frank A. Snover, Palmyra, county treasurer, was named chairman for a third term. Mrs. Alma M. Evans, Riverton, was re-elected first vice chairman, and Mrs. Pauline Bartlett, Burlington, second vice chairman.

Others elected were George N. Wimer, Palmyra, former sheriff and now deputy county clerk; secretary; Mrs. Lorena Blankenmeyer, Riverside, assistant secretary; and Daniel R. Lemmon, Browns Mills, treasurer.

Wimer, named temporary chairman, pledged "100 per cent support" to Senator Robert C. Hendrickson and all other candidates on the Republican ticket. Freeholders Charles R. Stout and Albert C. Jones and Fred C. Norcross, Jr., Freeholder nominee, spoke briefly.

### RECEIVES DEGREE

Mrs. Mildred Magowan, principal of Cinnaminson Schools, received the degree of Master of Education at the commencement exercises of the School of Education, Rutgers University, held on Saturday afternoon of last week.

### SWARTHMORE GRADUATE

Lewis Morrell Robbins, son of Mr. and Mrs. Lindley C. Robbins, of Riverton Road, was graduated from Swarthmore College with a Bachelor of Arts degree on June 3. He majored in economics. Robbins' interest in athletics as an undergraduate included manager of varsity basketball, captaincy of the varsity tennis team, and membership in Kappa, the men's managerial society. He served on the Social Committee, and was a member of the Phi Kappa Psi fraternity.

A number of veterans from this vicinity along with the Palmyra Bugle and Drum Corps attended the fifth annual state-wide memorial exercises held Sunday at the Locust-wood Memorial Park on Route 40 near Haddonfield.

The Palmyra Corps led Burlington county in the parade. A wreath was placed on the memorial by the Burlington County American Legion, Guy W. Doran, county commander. Among those representing Burlington county included Sons of Legion, Riverside and McFarland Cadet Corps, of Burlington, American Legion Auxiliaries from a number of communities, and the 114th Infantry Band from Burlington. The affair was under the direction of department vice commander John L. Fath, of Millville. Mr. Fath, may be remembered to a number of members of the local post as one of the guest speakers at a recent meeting.

Plans are being made for the post's annual carnival to be held at the Palmyra Recreation Park the entire week of June 24th under the direction of Russell J. Musser, and a large committee.

### Health and Welfare Conference Stresses Health Education

"A long range educational program by public health agencies in cooperation with medical groups should be carried out designed to stress the importance of early medical attention in cases of acute illness."

This statement was among the recommendations submitted to Governor Moore by the New Jersey Health and Welfare Conference, a committee which recently surveyed health conditions in New Jersey.

This weekly feature, begun more than two years ago by the state organization of physicians in New Jersey, was started as an effort in the direction of health education now

### GIRL SCOUT DANCE

The Palmyra senior girl scouts will give a bairn dance this Saturday evening starting at 8 o'clock at the Palmyra Community Center and they will be host to all the senior girl scouts from Camden County and the senior girl scout troop of Delanco.

The entertainment will feature the three M's of Melody consisting of Mante Mento, Alfred Mohrmann, and Jack Mathews, along with a musical trio, Joseph Brandolini, and Edwin Schweppenhiser. Novelty dances have been planned by the local senior scouts.

Mrs. Mae Ashmore is the senior director of the local scouts and the committee in charge of this affair includes:

Decorations: Dorothy Wallace, chairman; Dorothy Mohrfield, Mary Lou Elder, Louise Myers.

Refreshments: Louis Serwall, chairman; Carol Lenker, Ruth Haines, Clare Swayne, Marie Bettinger.

Music: Margaret Haines, chairman; Lorraine Hawk, Dorothy Staveland.

Publicity: Betty Hill, Naomi Swayne, Dorothea Gossner.

Entertainment: Eleanor McDonald, and Marjorie West.

Novelty Dances: Grace Horner, chairman; Jacqueline Pennington.

recommended by this special committee.

President Roosevelt may plan a trip around the country to coincide with the Republican National Convention. Maybe he feels that if he remains in Washington, listening to all that loud cheering in Philadelphia it will make him nervous.

### Vote To Continue Community Center

Many Attend Meeting; Will Raise \$300 for Expenses During Summer

Seventy-five citizens of Palmyra, Riverton and Cinnaminson, representing most of the organizations in this section, attended a meeting at the Community Center in Palmyra on Monday night of this week to determine the future of the three-month's old institution.

The group was unanimous in commendation of the work carried on to date and for a continuation of the activity. A budget of \$300 for summer work was approved and a drive to secure this money by individual contributions authorized.

Mayor John F. Ward, of Palmyra, was named chairman of the drive committee. All those who desire to aid in this worthwhile project are asked to send donations to the treasurer of the Center, William F. Engle.

#### Further Organization

It was also decided at the session, which was presided over by Charles Evans, of Cinnaminson, to continue with the present committees until fall, when a larger organization will be formed and arrangements made for raising the funds necessary to continue for the balance of the year. It is estimated that the sum of \$1,500 may be necessary. Up to the present time \$303 has been received in cash and \$296 expended.

The building is owned by the Cinnaminson Bank and Trust Company and this institution has permitted use of the structure without charge and is willing to continue on the same basis for another year. W.P.A. activities will also be continued, it was stated.

Due to the fact that the building has been made available by the bank, the sponsor's share of the W.P.A. project is taken care of in lieu of rent payments.

### Scout Camporee This Weekend

Boy Scouts of Burlington county will be busy this week getting their camping equipment together for the camporee that will be held this Friday night and Saturday at the Camden Boy Scout Reservation. Some of mothers frying pans will be borrowed for this occasion, as well as miscellaneous stew pots. Tents will be put in shape, ropes checked, and packs will be prepared for this overnight camping trip. Judges will be present from the Camden Council and the Philadelphia Council to assist the Camp Staff under Lt. Commander J. B. Ryan, U.S.N., Ret., of Palmyra; John T. Quinn, of Mount Holly; Stanley Coville, of New Lisbon; Richard Devereux, of Burlington; and Scout Executive George A. Drillington.

#### BOTTGER TO SPEAK

At the meeting of the Palmyra-Riverton Business and Professional Men's Club held on Tuesday of this week, three new members were welcomed, these being Dr. Dean H. LeFavor, Dr. J. Rowland Dey and William H. Bottger.

Karl W. Latch was present as the guest of Jack Dawley.

Mr. Bottger has kindly consented to speak to the club next Tuesday on a most pertinent subject, "Citizenship Responsibility as the Price of Liberty."

It is expected that there will be an unusually large attendance to hear Mr. Bottger's discourse on this timely topic.

### LARGEST RED CROSS DONATION IN COUNTY

Riverton and Cinnaminson collected \$1,383.01 for the Red Cross drive. Where, you will ask, does the one cent come from? Last week a tiny girl, clasping two pennies, came into a local store to buy candy. She saw the Red Cross poster with its sad little girl, and asked the proprietor what it meant. After he had explained it to her, she looked longingly at the candy and then thought what she could do for one penny and, handing the other penny across the counter, said "Please give this penny to the little girl."

When we think of our small town and Cinnaminson giving the largest amount in Burlington county, \$1,383.01, for the relief of the millions of war refugees we feel that many, like this little Riverton girl, must have made great sacrifices to (continued on page 9)

### RATHER INVOLVED

Wrecking derrick goes to salvage sunken tug. This in brief is the story behind a convoy that went up river on Friday afternoon of last week when a large crane in tow of a pair of tugs was anchored near the sunken salvage barge off the Torresdale water works.

The first derrick came to grief last winter when it was engaged in salvage operations on a tug that had been sunk by heavy ice floes. Several attempts to raise it with smaller equipment having failed, the large barge was hauled into action to finish the task.

### Closing Exercises At Local School

The closing exercises of Riverton Public School took place Wednesday evening in the school auditorium. The affair was in the form of a closing meeting of the Eighth Grade Civic Club.

After the procession, the president of the Civic Club, Bebe Carhart, was in charge and delivered the address of Welcome. After the secretary's report by Betty Henry, the following committee reports were given:

Student Council: Betty Blackwell.

Safety Patrol: Kathryn Krantz and June Rodman.

Cheer-Up Committee: Carol King.

Room Committee: Gladys Good.

Program Committee: Dorothy Baker.

Carol King read the Class Will, and Phyllis Robinson presented the class gift. A play entitled "Liberty and Union" was given in which the majority of the class took part.

The eighth grade interpreted a group of poems in choral speaking form.

Songs were rendered by the Civic Club; while Jean Walter and June Rodman played instrumental music. A sextet rendered two songs.

The invocation by the Reverend Charles Bates, rector of the Calvary Presbyterian Church.

Mrs. Grace M. Yost, president of the Board of Education presented the certificates and copies of the Constitution to members of the class.

After the flag salute, the program was closed by the singing of "America."

## Annual Meeting First Church of Christ, Scientist, Boston

An appeal for calm and more faith in the omnipotence of God in the face of present world turmoil, featured the gathering here today of thousands of Christian Scientists from all over the world for the annual meeting of The First Church of Christ, Scientist, in Boston, Massachusetts.

"Trusting in the omnipotence of God," said Harry C. Browne, First Reader of The Mother Church in reading a message from The Christian Science Board of Directors, "enables one, through demonstration, to enjoy the freedom of thought resulting from the unfolding of the characteristics of divine Mind as expressed by Christ Jesus.

"Becoming cognizant of the true idea about anything, exposes its suppositional opposite as a lie. Therefore, when the true idea of man's relationship to God is universally expressed, misunderstandings between men and nations will vanish.

"The divine Mind is in reality the only power; therefore nothing can resist the manifestation of righteousness. With due regard for the necessary human footsteps, which our Leader, Mary Baker Eddy, says are indispensable in meeting problems, it is also imperative to look to the divine Mind for guidance and wisdom to supply the impetus to do all things in a right way and at the right time."

### Church Officers

Mrs. Margaret Murney Glenn Matters, C.S.B., of New York, daughter of the late Major General Edwin F. Glenn, of the United States Army, was elected President of The Mother Church to succeed George Shaw Cook, C.S.B., of Brookline, Mass. Edward L. Ripley of Brookline and Ezra W. Palmer of Marshfield were re-elected Treasurer and Clerk, respectively. The chief duty of the President is to serve as presiding officer at the Annual Meeting.

Mrs. Matters spent her childhood in various army posts in the United States, Alaska, the Philippines, China, and Japan. She studied music in Boston where she became interested in Christian Science, joined The Mother Church and three years later, Second Church in New York. She then went abroad to continue her study of music, and while there decided to devote full time to Christian Science practice.

Following Normal Class instruction in Christian Science in the Board of Education in Boston she became an authorized teacher. The following spring she was elected Second Reader of The Mother Church. She served as a lecturer on Christian Science until July, 1938, and since then has been practicing and teaching Christian Science in New York City.

### Unity Divine Might

Commenting on the turbulent international situation, the incoming President said that "Christian Science reveals the power of individual man to meet and overcome the hordes of mesmerist suggestions and subtle influences claiming to induce discouragement and apathy. It enables the Christian Scientist to overcome the belief that war can be of permanent advantage, or that it is to be feared. It destroys the desire for

an unrighteous, unjust, and enslaving peace; and it sets right that wrong sense of values which would prefer this so-called peace to that active warfare between the flesh and Spirit which The Mother Church typifies, and which ultimately in the victory of spirituality and Love."

Referring to the apparent strength of unity or quantity in material organization, she quoted Mrs. Eddy's statement in Miscellaneous Writings (p. 138): "I once thought that in unity was human strength, but have grown to know that human strength is weakness,—that unity is divine might, giving to human power, peace."

In a parallel vein, George Shaw Cook, the retiring President, pointed out that "the effort of one individual or nation to dominate others, or to exploit them, by means of force, coercion, dishonesty, or deception, may appear temporarily to succeed, but it cannot permanently prosper for the simple reason that evil has no divine Principle. Its nature is self-destructive."

"The ultimate triumph of good is not merely a question of hope or even of faith. All that is good in human experience is upheld by divine or spiritual law. And this law is able to assert itself and enforce itself, in spite of the effort of misguided mortals to interfere with or to prevent its operation."

### Treasurer's Report

The report of the Treasurer for the fiscal year ended April 30, 1940, showed as usual that the funds of The Mother Church were in a sound, healthy condition, and that there was no indebtedness at the close of the year.

Ezra W. Palmer, Clerk, reported "a goodly number of new members augmenting our membership list, which continues to grow normally and naturally. To accommodate the Clerk's records and provide adequate office facilities, it became necessary recently to add 38 per cent additional floor space to the Clerk's office."

The Trustees Under the Will of Mary Baker Eddy reported Mrs. Amee H. Harris, Secretary, assisted many branches of The Mother Church in carrying on various church activities including contributions toward the cost of church property. A number of churches to receive aid in the past have voluntarily made repayments to the trust fund.

### Friendly Press

Reading the report of the Manager of Committees on Publication, Mrs. Florence W. Saunders, Assistant, said that the Committees are grateful "for an increasing manifestation of the spirit of friendliness on the part of the press and of the clergy toward Christian Science. This friendliness is evidenced in the lessening of public attacks on Christian Science, and in an increasing number of requests for speakers on the subject of Christian Science."

"Last summer the Manager of Committees on Publication addressed, with gratifying results, some twelve thousand church members in Great Britain and Ireland and on the continent of Europe."

"Important recognition of our Leader is being given from time to

time. The Honorable John H. Bartlett, former Governor of New Hampshire, in his book, 'A Synoptic History of the Granite State,' makes this statement: 'No writer's name will ever live longer than that of Mary Baker Eddy, and no book will be read by more generations than 'Science and Health.'"

A. Warren Norton, Manager of The Christian Science Publishing Society, declared that "The Publishing House is becoming widely known as a place of interest. Over 100,000 people visit it annually, including groups from well-known educational institutions and individuals from all parts of the world."

William W. Davis, Executive Supervisor of the charitable institutions, expressed gratitude for the many demonstrations of healing at the Christian Science Sanatoriums, also to the graduates and undergraduates of the nurses' training courses. "Taught by experienced instructors," he said, "they are bringing healing, comfort, and love to the performance of the duties of their chosen profession."

The report to The Christian Science Board of Lectureship, read by Miss Lucia C. Coulson, Chairman, told of lectures delivered throughout the world during the past year, mentioning the unusual success of the Australasian tour and of the Far East tour where well attended lectures were given in Hong Kong, the Philippine Islands, Straits Settlements, Netherlands, Indies, India, Ceylon, Egypt, and Palestine.

## BIG INNING WINS FOR TWIN CITY

Pete Leonard Holds Enemy Scoreless Until Seventh; Score 6 to 4

Pete Leonard, Riverton hurler, was in fine form for six innings on Sunday afternoon, at Memorial Park, but the Twin City Bears, of Moorestown staged a five run sortie in the seventh frame which enabled them to cop a 6-4 verdict.

Leonard allowed only five hits until the fatal frame, which Fond opened with a single. Armstrong duplicated this performance, but Regan rolled a double play ball to Freeman. Fred bobbled this with a double and two more hits finished things.

The opposition tabbed a singleton in the ninth. Al Thomas hurled the last two frames.

### Lead Most of the Way

The locals were in the van during most of the pastime, tabbing a run in the first on Paul McDermott's double, an infield out and Whitmeyer's hoist to Wondolos.

Cole opened the fifth with a one-baser and Wallace followed in the same vein. Both advanced on an infield out and scored as Leonard delivered a timely single.

Swoyer appeared to be on the ropes in the seventh, but managed to weather the storm. W. McDermott was safe on an error and Kemmerle got a pass. The runners advanced on Schneider's hoist to right and Freeman's second hit was good for an r.b.i.

"Hoot" Gibson, returned to mound duty on Thursday night of last week and celebrated the event by administering a 4-0 whitewash to the ever-dreaded N. Y. Ship nine on the enemy's field. He allowed only five hits.

Gibson was also a sparkie at the plate, knocking the apple safely on three out of four trips.

## KNOW YOUR BANK

## Why Public Banking Hours are Short

MANY people wonder why banks are open for comparatively few hours each business day. This gives rise to a misconception that bankers' hours are also short.

The fact is that much of a bank's work must be done after it closes its doors in the afternoon — work which cannot be completed while the bank is serving the public. Checks received during the day must be posted to customers' accounts, or listed and sent to other banks for collection. The day's entire transactions must be entered, and the books balanced at the end of each day. If they don't balance, employees must remain until the error is corrected.

At times there are "peak loads" that require considerable work after public banking hours — such as periods when statements are being mailed to customers.

Mr. and Mrs. Clayton McMichael, of Sarasota, Florida, were the weekend guests of Mr. and Mrs. Stuart B. Clark. Mr. and Mrs. Clark, accompanied by their daughter and son, Miss Anne G. Clark and Emory McMichael Clark, left Wednesday to attend the graduation of Stuart B. Clark, Jr., at St. George's School, Newport.

Mr. and Mrs. Nicholas Vinogradoff are arriving here on Thursday, June 13, for a short visit with Mr. and Mrs. Basil Osmin, at 110 Midway, Riverton. They will arrive from Shanghai, China, where Mr. Vinogradoff is employed by the Chinese Government as one of the officials of the "Chinese Maritime Customs." Their permanent residence in Shanghai is the famous "Cathay Hotel" which was very badly damaged by aerial bombardment during Japanese conflict for possession of that city.

Mr. and Mrs. Vinogradoff intend to visit the New York and San Francisco Fairs and intend to sail back to China sometime this fall.

Mrs. Francis E. Baker, of Riverton, has as her weekend guest Miss Esther Jessup, of Waltham, Mass.

John Hallinan, son of Mr. and Mrs. John J. Hallinan, of 605 Linden avenue, was awarded the degree of Bachelor of Mechanical Engineering at Villanova College last Thursday.

## ENGAGED

Mrs. Admont H. Clark, Rochester, N. Y., and formerly of Baltimore, announces the engagement of her daughter, Miss Anne Janet Clark, and Mr. Peter Picard Rodman, son of Mr. and Mrs. Clarence U. Rodman, Riverton.

Miss Clark was graduated from the Bryn Mawr School, Baltimore, and from Bryn Mawr College, and is now studying at Johns Hopkins. She made her debut at the Bachelors Cotillon several seasons ago and is a member of the Junior League. Mr. Rodman was graduated from Haverford College in 1937 and is attending University of Pennsylvania Medical School.

Miss Clark is the granddaughter of Dr. and Mrs. William H. Howell, of Baltimore.

Fifty women's sweaters and 25 pairs of socks have been turned in to the Burlington Co. Chapter.

Twenty-four winter dresses for women and girls are our quota to be made before August 1 besides many sweaters. Wool can be obtained at any time. Fourteen dresses have already been cut out. There will be two sewing days each week—Tuesday and Thursdays from 9 a.m. till 12 m.—at the Porch Club, until the dresses are finished. Come and help! Bring needles, scissors and pins.

Those in charge of the local campaign also wish to thank the local merchants for displaying posters, the ministers of the churches who pleaded the cause and the Riverton Fire Company for placing the banner.

## Westfield Friends' School

The activities during the closing week at Westfield Friends' School were celebrated Thursday and Friday, June 7th and 8th. The Thursday performance consisted of a pageant given in pantomime of "The Red Piper of Hamelin." The script was read by Mrs. Vincent Hackett and the acting with the gay scenery and costumes was lovely to see. The children painted the scenery after having searched through books for ideas of the time and place. Following the pageant, the sixth grade gave essays which they had written. Certificates were awarded to the class by Mr. Winfield Wilson. An outdoor supper and Father and Son baseball game concluded the affair.

The next day, Friday, there was a closing assembly which was a farewell to the sixth class. The lower school entertained for the upper groups and at the conclusion there was a spelling bee with luncheon outdoors and relay races in the afternoon.

Both occasions were very fitting for the closing of school for the summer holidays.

## Merchants Back In Win Column

After suffering a bad relapse last week, the Merchants climbed back into the win column on Monday night by pounding out a 6-3 decision over the Dawley Olds, a big ninth inning rally playing a prominent part in the win.

The Olds outfit, behind the excellent pitching of Kessler was in front most of the way, tabling singletons in the second, fourth and fifth making good use of the few hits they were able to get off George Knight, Merchant hurler.

First in Seventh  
The winners finally managed to dent the rubber in the seventh as a result of three singles. They got another in the following stanza, with the big payoff coming in the final frame.

In this session six of the Merchants hit safely, all being singles. The following contributed to the downfall of the Dawleyites: Broderick, Buchholz, Humes, Baker, Anderson and Terrell. The bases were crammed when Weikman popped up for the final out.

Dawley threatened in the ninth as Kessler and Beddow singled. The rally was nipped in the bud when, with Kessler on third, Manager Beddow essayed to steal second with one

gone. Buchholz' throw to Terrell was perfect and the Dawley mentor was nailed.

The Merchants made 13 hits compared with eight for the losers.

## VOTE TO CONTINUE COMMUNITY CENTER

(continued from page 1)

Center and paid tribute to the present committee, which includes Mrs. George Luce, William F. Engle and Mayor John F. Ward, of Palmyra; Mrs. Victor Ritschard, H. K. Rutherford and C. P. Mayfield, of Riverton; and Mrs. James Davidson, of Cinnaminson. Mr. Evans is also a Cinnaminson member.

The chairman stated that the results obtained thus far had exceeded expectations one hundred fold. Earl Whitcraft, who has been one of the most active workers in the project was the next speaker. He outlined the accomplishments to date

and gave most interesting figures regarding the number of participants in various activities. A total of 670 have been registered in all groups and total participants in games, etc., number 18,143.

Mr. Whitcraft concluded by asserting that there were great possibilities for the future and felt that the Center had brought all three communities closer together.

## No Competition

C. P. Mayfield was then introduced by Mr. Evans. He said that, at present, there was a tremendous need to give young people what the street corners do not afford. He stated that the Center was not in competition with existing organizations, since all cater to certain groups. Mr. Mayfield stated that, since he had been active in Boy Scout and Y.M.C.A. work, he was in a position to speak somewhat authoritatively on this subject.

## Mayor Ward

Mayor Ward, the final speaker, said that he felt all three municipalities should make some contribution toward the cost of maintaining the Center, but that a portion of the expense should also be carried by individual contributions.

He also stated that, since the bank had donated the use of the building that the fixed charges such as insurance and taxes should be paid for out of Center funds.

Among the organization represent-

atives were the following: Councilmen William F. Engle and John Landgraf, of Palmyra; Maurice Conrow and Elmer Manderville, members of the Cinnaminson Township Committee; Mayor H. McIlvaine Bidle and Councilmen Nathan Lane and Archibald Bush, of Riverton; Mrs. F. B. Elwell, president of the Riverton Porch Club; George M. Durgin, Palmyra Board of Education; Lawrence B. Parker, president of the Palmyra-Riverton Y.M.C.A.; Mrs. Robert J. Sim, Mrs. Francis Baker and Miss Cornelia Murray, of the Riverton Cinnaminson-Welfare

Association; Dr. Hayes B. Brady, Thomas Cahill and Robert Finney, of the Phalanx Fraternity; Mrs. Howard Coe of the Y.W.C.A.; Miss Marie McDermott and Miss C. E. McDonell, of the Women's Business and Professional Club, of Palmyra and Riverton; Paul R. Jones, supervising principal of Palmyra Schools; Howard Conover, of the Cinnaminson Bank; Andrew Pfaff, of the K. of C.; Mrs. Leslie Reeves, Cinnaminson P.T.A.; Mrs. Porter E. Caldwell, Riverton P.T.A.; T. Prall Reeder, Burlington County Y.M.C.A.; Robert Patchall, Palmyra High School; Avery Willis, commander of Post Rodgers, American Legion.

## COVERED DISH SUPPER

A covered dish supper under the auspices of the Ladies Guild of Bethany Lutheran Church, will be held on the lawn at the home of Dr. and Mrs. Bauer, 515 Maple avenue, at 6.30 o'clock. Do you remember the fine times which were held at these affairs last summer? Come out Friday—bring your entire family and your friends. We are confident that you will have an enjoyable time.

American Legion Post Frederick M. Rodgers, 156, of Palmyra, held their monthly meeting on Tuesday of the past week with Commander Avery Willis, presiding. Members of the post were honored with the presence of Raymond Danley, of Roebeling, senior vice commander of the Burlington County American Legion.

The Palmyra post and Palmer L. Adams, wish to extend their thanks to all who cooperated so splendidly to make the Palmyra-Riverton memorial day program a successful one. A large turnout was made at the annual memorial day church service held on Sunday evening, May 26, at the Central Baptist Church, by the post and bugle and drum corps.

Delegates who will represent the Palmyra Post at the State of New Jersey American Legion Convention in Camden on August 22, 23, and 24th are Charles H. Yost, a member of the county American Legion executive board, and Reeves, Morgan, while the alternates are George Luce and Commander Avery Willis.

At the recent meeting Post Rodgers obtained four new members: Edward Hoyt, Robert Rogers, Ed. Ward Hughes, and Councilman Arthur Wright.

To you veterans who are not members of the local American Legion post and are interested in Legion activities, kindly notify Avery Willis, commander by calling 910-R-3 and full information about becoming a member will be given to you.

The post desires to remind the public of its annual carnival which will be held the entire week of June 24th and also the movie, "The Flag Speaks," which is being sponsored by the post and other civic organizations on 11 a. m. of July 4th for the children of the community.

The bugle and drum cadet corps are making plans to attend the parade and competition to be held at

the conclusion of the state V.F.W. convention at Camden, on Saturday, June 29th. The corps will lead Burlington County at this affair. They paraded in Riverside in the morning of Decoration Day.

### FOOD SALE

The Palmyra-Riverton Y.M.C.A. Women's Auxiliary will conduct a food sale and strawberry festival, Saturday, June 15, from 10 a. m. to 8:30 p. m., at the Y.M.C.A. building, corner of Broad and Garfield, Palmyra.

Mrs. Arthur H. Hoyt, president, states that there will be everything in the food line, including hot dogs and pink lemonade. She also said that any orders received early enough will be filled in so far as possible. These may be phoned to her residence—Riverton 1071.

Tuesday the members of the auxiliary had a meeting in preparation for this event at the summer home of W. R. Dunn, at Salem.

That same evening the Y.M.C.A. board held a meeting to make plans for the summer vacation camp. Secretaries Guy Hendry and T. Paul Reeder of the County Y.M.C.A. staff were present.

#### VISITS SCOUT CHALET

Charlotte Long, of 401 Fourth street, Riverton, was a visitor at the Girl Scout Chalet during her tour of the New York World's Fair this week. The Chalet, east of the Empire State Bridge in the Amusement Area at the Fair, is attracting hundreds of visitors each week. Last year visitors from every state in the nation and from 22 foreign countries registered in the Girl Scout Chalet guest book.

The Chalet is a small scale replica of "Our Chalet" near Adelboden, Switzerland, international meeting place for Girl Scouts and Girl Guides from all parts of the world. The original Chalet was presented to the World Association of Girl Guides and Girl Scouts by Mrs. James J. Storrow, of Boston. The replica at the World's Fair is the official exhibit of the Girl Scout national organizations. It is being used as a display for arts and crafts designed and created by Girl Scouts and for official equipment.

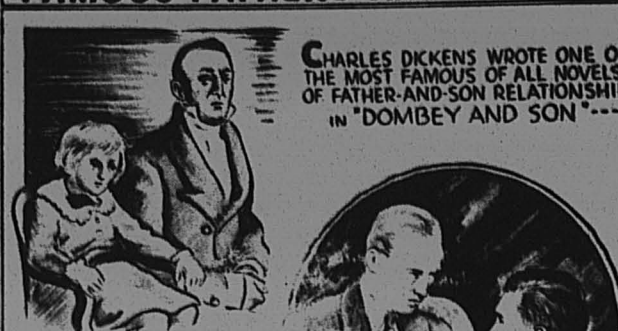

It is planned to change the exhibits from time to time so that try will be shown during the summer and early fall.

Three members of the Girl Scout national staff are on hand at all times to greet visitors and to answer questions which might be asked about Girl Scout history and program activities.

## HOME RUN IS DECIDING FACTOR

Whitmyer Breaks Up Ball Game in Ninth; Riverton Wins; Baker Hurts

Saturday afternoon at Memorial Park and Riverton trails Feltensville 1-0 in the last half of the ninth with two gone. Cole, with two strikes on him drops a single into short center bringing up Whitmyer, local third sacker.

This gentleman promptly poled one that rolled across Seventh street scoring Cole and himself bringing in the winning run on a close decision at the plate.

The blow enabled Len Baker to earn the decision after a fine afternoon on the mound. During the festivities he limited the opposition to six blows and fanned 15.

Al Brewster had a fine day at the plate, getting four for four.

#### Excellent Game

The game was well played from start to finish, only two errors being committed, Riverton being without a miscue.

Baker was in bad trouble during the third frame, but bore down and the invaders were blocked from the platter. Socklow singled to start things and then Len's control went slightly astray as he passed Perez. Ebberts, on an attempted sacrifice popped to the mound, but Podwin stroled to cram the pillows. Kluge rolled to Baker and Socklow was forced at the plate, after which Gold became one of the numerous strike-out victims.

The opposition finally scored in the fifth as Perez singled and stole second. He came home as Ebberts drove a rather shoddy hit into left. Podwin also hit safely, but Baker, evidently becoming bored with such stuff, then whiffed the side without further ado. He was never in danger thereafter.

#### Several Chances

Meanwhile the locals were getting men on base frequently, but couldn't get a run in. Brewster reached third as his sharp single was messsed up in left. McDermott and Gibson were deserted at third and second respectively in the following stanza. Brewster got his fourth hit to open the eighth and took second as Wallace was thrown out. Paul McDermott plastered one to right, but Brewster was out by a step as Podwin uncorked a perfect heave to the plate.

The local's last stand opened most unauuspiciously, but all ended well as heretofore stated.

## SEE "DOCTOR" AS NEWEST SCREEN HIT

Columbia's consistent record of comedy hits continues, if ecstatic advance reports of the studio's newest production, "The Doctor Takes a Wife" are to be considered.

The new comedy, which opens Wednesday and Thursday at the Fox Theatre with Loretta Young and Ray Milland co-starred, follows in the triumphant wake of such recent successes as "Too Many Husbands," "His Girl Friday" and "Mr. Smith Goes to Washington," and is a worthy addition to Columbia's collection of redoubtable films like "The Awful Truth," "It Happened One Night," "Mr. Deeds Goes to Town" and "You Can't Take It With You."

Lovely Loretta Young, in the giddiest role of her career, has won high praise for the delightfulness of her first all-comedy characterization. She's hilariously seen as Public Spinner No. 1, the girl who writes books in praise of single blessedness. She thinks she doesn't like men, until she meets and "marries" a man who doesn't like women, and then she knows she doesn't like men! Ray Milland, the youthful expert in heart trouble who cannot even cure himself, is said to provide an equally enjoyable portrayal as the doctor who takes a "wife."

Supporting the stars in this fun-packed narrative of a young doctor and a young author who pretend to be married because their careers depend upon it, are such well-known Hollywood personalities as Reginald Gardiner, the British comedian; Gail Patrick, Edmund Gwenn and Georges Metaxa.

#### PALMYRA LOSES

The local entry in the Burcko Baseball League dropped a 6-1 decision to Delanco last Friday night on the field of the opposition.

Altdonna went the route for the Rappmen and allowed eight hits, Palmyra got four off Hamsher, Delanco hurler.

#### THIRD NO-HITTER

Paced by Doug Clark's no-hit pitching, the Peddie freshman-sophomore baseball team defeated Princeton Township 8 to 1, and captured the Mercer County Junior League championship last Wednesday on the home field.

Clark, who comes from Riverton, New Jersey, and who pitched his third no-hit game of the season, struck out 12 Princeton batsmen and walked only three.

## CHRISTIAN SCIENCE CHURCH

"God the Preserver of Man" is the lesson-sermon subject for Sunday, June 16, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "The Lord is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower." (Psalms 18:2).

Among the lesson-sermon citations is the following from the Bible: "Thou art my hiding place; thou shalt compass me about with songs shalt compass me about with songs of deliverance." (Psalms 32:7).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christians rejoice in secret beauty and bounty, hidden from the world, but known to God. Self-forgetfulness, purity, and affection are constant prayers. Practice not profession, understanding not belief, gain the ear and right hand of omnipotence and they assuredly call down infinite blessings" (p. 15).

Confessions: Every Saturday from 3:45 to 5:45 and from 7:30 to 9:00.

The regular monthly meeting of the Sacred Heart Alumni Association will be held on Friday night of this week at 8:00 o'clock. It is to be hoped that attendance will be good since this will be the last meeting of the current season. Further plans will be discussed for the Reception and Dance to be given in honor of the class of '40.

The annual reception and dance for the class of '40 will be given on Monday evening. An assessment of 25 cents has been placed on every member of the alumni association to cover the cost of music and refreshments.

At a meeting of the General Parish Committee on the Annual Sacred Heart Carnival further plans were discussed and new committees appointed. According to the custom of

## Wesleyan Men's Bible Class

For the Men of the Community

"Consider the lilies," this said Jesus to the people of His day, which applies to us also, "how they grow, they toil not, they spin not, yet I say unto you that Solomon in all his glory was not arrayed like one of these; how much more will He not clothe you, O ye of little faith," St. Luke 12:27.

This beautiful white flower teaches the loving care of our Heavenly Father so needful in these days of unknown events that may occur at any moment. To relieve the mind of uncertainties concerning nations and individuals, the pure lily in the beauty of its quiet unfolding, teaches the value of the quiet trust in God's loving care!

Jesus loved the beauty in flowers not simply to gratify His exquisite sense of the beautiful, but to see in them the unfolding of Divine care. "How much more will he not clothe you, O ye of little faith."

It is the purpose of our Bible Class to inspire calmness of trust and perfect obedience to God, so that without fear we can meet the tomorrow.

Next Sunday we will meet in the Main School Building cooperating with the 100th Anniversary Program of the Church School.

Asterisk denotes honor graduates who wear red stoles at Commencement exercises.

The members of Delaware Fire Company No. 2, East Riverton, wish to accept this means of expressing their thanks and appreciation to all those who contributed in any way to their successful annual canvass for funds, conducted during the past two weeks.

We hope we may warrant the continued support of our many friends.

## NOTICE

May we take this opportunity of expressing our deep appreciation for the many kind expressions of sympathy during our recent bereavement.—The Family of William A. Major.

During the balance of the summer months Community service will be

conducted in the Municipal Grove. The first of the series will be held this Sunday evening and in charge of service will be Bethany Lutheran Church with their pastor, Rev. H. L. Rowe delivering the sermon. The public is most cordially invited to enter into the services.

The Alpha Gamma Class of the Sunday School will hold a strawberry festival on the church lawn on this Saturday evening. Come out and encourage them by your patronage.

The scene of a very pretty wedding on Saturday, June 8, at 4:00 o'clock, when Miss Isabel Betty, daughter of Mr. and Mrs. Lawrence Betty, of 508 Broad street, became the bride of Stephen Damico, son of Mr. and Mrs. Alexander Damico, of 308 Woolman street Mt. Holly.

The bride was given in marriage by her father, and her attendants were Miss Margaret Neal, of Parry, maid of honor; and Misses Valerie Jones, of Camden, Virginia Balada, of Palmyra and Rita Pallante, of Mt. Holly, bridesmaids.

Anthony Janone, of Mt. Holly, served as best man and ushers were Howard Boyer and Silvia Volgarino, of Mt. Holly, George Boite, of Riverside and John Phillips, of Camden.

Jean Shugars was flower girl and Doris Shugars sang preceding the ceremony. Both are daughters of Mr. and Mrs. Charles Shugars, of Camden.

After a reception at the home of the bride's parents the couple left on a wedding trip to New York. They will make their home at 35 Mt. Holly avenue, Mt. Holly.

At the commencement exercises of the Moorestown Friends School held on Thursday, June 6, Walter H. Drew, son of Mr. and Mrs. Walter Drew, of Morgan avenue, read an essay on "What About International Government."

Listed among the graduates, in addition to Mr. Drew, were Miss Catherine Chalmers, daughter of Mr. and Mrs. W. W. Chalmers; Bernard Coe, son of Mr. and Mrs. Gilbert Coe; Robert Haley, son of Mr. and Mrs. Frank Haley and Jack Mathews, son of Mr. and Mrs. Frank Mathews.

Announcement has been made of the marriage of Miss Doris Black, daughter of Mr. and Mrs. Edmund F. Black, of Morgan avenue, to William Harold Foulke, son of Mr. and Mrs. William Foulke, to take place on Saturday, June 15, at 4 p.m. in Calvary Presbyterian Church.

The bride was given in marriage by her father, and her attendants were Miss Margaret Neal, of Parry, maid of honor; and Misses Valerie Jones, of Camden, Virginia Balada, of Palmyra and Rita Pallante, of Mt. Holly, bridesmaids.

Anthony Janone, of Mt. Holly, served as best man and ushers were Howard Boyer and Silvia Volgarino, of Mt. Holly, George Boite, of Riverside and John Phillips, of Camden.

Jean Shugars was flower girl and Doris Shugars sang preceding the ceremony. Both are daughters of Mr. and Mrs. Charles Shugars, of Camden.

After a reception at the home of the bride's parents the couple left on a wedding trip to New York. They will make their home at 35 Mt. Holly avenue, Mt. Holly.

At the commencement exercises of the Moorestown Friends School held on Thursday, June 6, Walter H. Drew, son of Mr. and Mrs. Walter Drew, of Morgan avenue, read an essay on "What About International Government."

Listed among the graduates, in addition to Mr. Drew, were Miss Catherine Chalmers, daughter of Mr. and Mrs. W. W. Chalmers; Bernard Coe, son of Mr. and Mrs. Gilbert Coe; Robert Haley, son of Mr. and Mrs. Frank Haley and Jack Mathews, son of Mr. and Mrs. Frank Mathews.

Announcement has been made of the marriage of Miss Doris Black, daughter of Mr. and Mrs. Edmund F. Black, of Morgan avenue, to William Harold Foulke, son of Mr. and Mrs. William Foulke, to take place on Saturday, June 15, at 4 p.m. in Calvary Presbyterian Church.

CARD OF THANKS

May we take this opportunity of expressing our deep appreciation for the many kind expressions of sympathy during our recent bereavement.—The Family of William A. Major.

During the balance of the summer months Community service will be

conducted in the Municipal Grove. The first of the series will be held this Sunday evening and in charge of service will be Bethany Lutheran Church with their pastor, Rev. H. L. Rowe delivering the sermon. The public is most cordially invited to enter into the services.

## National Defense vs Economy

During a recent conference in New York, the executives of state taxpayers associations of eastern states pointed significantly to the need for state and local governmental economy to facilitate the nation's defense preparations.

"In view of the need for increased national defense," declared the executives in a resolution, "rigid economies in local and state governments are in the national interest today as never before."

It must be admitted that an extensive program of defense building requires careful consideration of our resources—that wasteful spending and inefficiency in the state and local branches of government must be thrown out promptly.

Within recent years certain pseudo-economists have tried to spread the idea that prosperity can be achieved through lavish spending projects, financed with public funds. Although this idea falls apart when it is examined closely, it has been fed to the public in large doses by the "political spenders."

Now that this absurdity is being pushed aside because of our defense needs, it is reassuring to know that civic-minded citizens have already installed the machinery to promote state and local governmental economy. The rapid development of taxpayer groups during the past few years has brought about insistent and well-managed opposition to profligate public spending.

These groups have analyzed closely the factors that make up the cost of government. They have made a sharp distinction between expenditures that are beneficial, and expenditures that are a sheer waste of public funds. Placing an informed finger on the underlying causes of the high cost of government, they have paved the way for elimination of those causes.

Organization of this sort has been especially well-developed in New Jersey. During the past ten years taxpayers associations have been formed in communities in every part of the state under the stimulation and guidance of the New Jersey Taxpayers Association. Operating on a long-range basis, these groups have made steady gains. The fact that tax rates this year in sixty-three per cent of New Jersey's municipalities are lower than last year is tangible evidence of what can be accomplished through widespread civic action.

Now the nation's defense situation places additional responsibility and duties upon the taxpayer groups. Upon them falls the task of insisting that the cost of local government be kept under rigid control. It is plain that the efforts to achieve governmental economies by citizens organizations must be classed among the genuinely significant developments of the day.

## Parking Meters

Parking meters are in use in at least 155 American cities, declares a report by the International City Managers' Association based on a national survey. There has been a steady increase in the number of municipalities turning to this form of parking regulation, and revenue, since the first installation was made by Oklahoma City in 1935. Nine cities, however, have abandoned their use after trials considered unsatisfactory, while four others—Topeka, Kansas; Bristol, Tennessee; Lubbock and Tyler, Texas—ordered reinstallations after periods of discontinuance.

Dallas and El Paso adopted meters the same year as Oklahoma City. In 1936, 17 cities fell into line with the movement, followed by 29 in 1937, 35 in 1938, 55 last year and 16 during the first four months of 1940. New Jersey is represented in the list of meter municipalities by Atlantic City, Asbury Park, Passaic, and Patterson. In several other cities of the state installations are under discussion.

The reaction in New Jersey has been mixed. While conceding abuses of parking privileges have been checked when meters were installed, merchants have complained in some instances of business going to other communities because of resentment against the charge and penalty of a summons for over-time. Another complaint has been that customers are hurried in

their purchasing, knowing the meter was running against them. Other merchants insist business has been stimulated and the turnover of customers increased.

Figures covering 102 communities using meters show approximately \$3,470,000 of revenue collected last year, an average of \$290,000 a month, or \$2,844 per city. The return shows wide variance, however, depending upon the number and location of meters. Houston, Texas, with 3,869 reported more than \$260,000 collected in 1939. Washington, D. C., a larger city, received \$38,000 from 300 meters.

Most of the meters operate on a nickel charge for 30 minutes to two hours of parking, the time allowed being governed by the type of district in which the device is located. Recent developments are the penny and accumulative penny and nickel meters. Penny meters permit parking for 12 to 15 minutes with an arrangement for the motorist to deposit several pennies for a succession of periods. Salt Lake City has both penny and nickel accumulative meters with provision for insertion of one to four pennies for 12 minutes each, or one or two nickels for an hour.

Automatic meters predominate in 29 cities of more than 100,000 population, while manual meters are the most common in the 126 municipalities under 100,000 population. An analysis of revenue per meter shows the return from the automatic type is 15 per cent higher than the yield of manual meters, said the report. This was consistent, it was stated, with the experience in several cities having both types.

In one city, a change from manual to automatic meters increased revenues about 30 per cent, continued the association. Influencing this difference, it was pointed out, was the fact many motorists fail, either accidentally or intentionally, to turn the handle after inserting a coin when using a hand-operated meter, and park over the specified time. Police find it difficult to issue over-parking tickets because they cannot tell when the parking began.

But a study of installations failed to show any clear preference by the 16 cities beginning the use of meters this year. Eight ordered each type although in the two largest municipalities automatic meters were installed.

## MIDDLEBURY GRAD

Richard M. Barclay, son of Mrs. Richard D. Barclay, 205 Lippincott avenue, Riverton, will receive the degree of Bachelor of Arts at the 140th Commencement of Middlebury College on Monday, June 17. The exercises in Mead Memorial Chapel that morning will conclude the activities.

Barclay, a graduate of the Moorestown High School, has majored in geology at Middlebury. He won his letter in winter sports and in track and has been active in intramural athletics during his college course. He has been on the student assembly and has held membership in "M" Club, the Mountain Club, Skyline and the governing board of the club. He has served on various social committees and during his sophomore year was on the business staff of the student weekly, the Middlebury Campus.

The Senior Week program at Middlebury opens on Thursday, June 13, with the Senior Ball. Registration for alumni and alumnae will start in Egbert Starr Library Friday afternoon and that evening members of the Drama Department under the direction of Professor V. Spencer Goodred will present Thornton Wilder's "Our Town" at the College Playhouse. Saturday's events include Class Day exercises, alumni meetings and reunions, the annual Barbecue, and the President's Reception. Baccalaureate will be held on Sunday morning and on Monday Dr. William A. Neilson, president-emeritus of Smith College, will deliver the Commencement address.

## LEHIGH GRADUATE

Frank B. Elliott, son of Mr. and Mrs. Ross T. Elliott, 402 Fulton street, Riverton, was one of the class of approximately 350 men who received degrees from Lehigh University on Monday, June 10. The grad-

uating class was the largest in the history of the University.

The Commencement exercises on Monday were the 72nd in the history of Lehigh. Dr. Harry Woodburn Chase, chancellor of New York University, was the speaker.

Elliott, who is a graduate of Episcopal Academy, received the degree of Bachelor of Science in Chemical Engineering. He is a member of Chi Phi social fraternity, and was active in student life at Lehigh. His activities include: Football (3); wrestling (3); track (2, 3); Freshman Union; secretary-treasurer of Sophomore Class.

## IN GRADUATING CLASS COLLEGE OF SOUTH JERSEY

Among the graduates from this vicinity at the exercises of the College of South Jersey and the South Jersey Law School were: David F. MacGhee, of Moorestown; Jean F. Middleton and John H. Heckers, of Merchantville; Elaine Smith and Helen E. Wood, Palmyra; and W. Maynard Bowen, of Riverton.

The program was held in the auditorium of the Camden High School on Wednesday, June 12.

Senator Gerald P. Nye, of North Dakota, was the speaker at the affair. During the program, Senator Nye and William D. Lippincott, former Common Pleas Judge of Burlington county and past president of the New Jersey Bar Association, received the honorary degree of doctor of laws.

## LOCAL COUPLE CELEBRATE SILVER ANNIVERSARY

Congratulations to Mom and Dad! Mr. and Mrs. Howard Washington, of Palmyra, celebrated their twenty-fifth wedding anniversary on Friday, June 14. The parents of six, the couple have resided at their present Fourth street address for the past 21 years.

Mr. and Mrs. Washington, held with respectful regard by the community and their associates, are members of Mt. Zion A. M. E. Church, in Riverton, and active workers in civic affairs. For the past 22 years the husband has been in the employ of Miss Margaret I. Vaughn, of Riverton.

The proud parents have worked and conserved so that all but one of their children have completed Palmyra High School the youngest child going into his third year at the high school. The only daughter, Edna, is in the fourth year at Trenton State Teachers College. The boys are locally employed, the eldest son having completed Virginia State College in 1939.

How good it is, O see  
And how it pleaseseth well  
Together e'en in unity  
For brethren so to dwell.

## SUNDAY SPORTS

quiet orderly manner in which the game was conducted.

When it came up that tennis is permitted at the public park on Sunday, Mr. Mervine said, "Let's prohibit tennis too."

Attorney McCay reminded council that after all they could do nothing about tennis, baseball or anything else. These matters are controlled by State laws at present.

## Possibilities

Mr. Mervine said that if baseball is permitted or "winked at" it will be the forerunner to Sunday football this fall and winter.

Assessor Hartley present at the meeting, stated that Palmyra is a "Sunday Town" and if council does anything to upset it they'll get their fingers burned.

Mayor Ward not feeling too certain of the outcome of a public vote on the question stated that in his opinion Sunday baseball would be the lesser of two evils.

Messrs. Mervine, Engle and Huyet asked to be recorded as vigorously opposed while Wright, Flynn, Landgraf and Mayor Ward were on the favor side.

The matter was finally dropped since no official action could be taken.

## YACHT CLUB YARNS

Thrills started poppin' early Saturday afternoon with the beginning of the Comet elimination series. With five Comets leaving the club in a break breeze, the entire race was exceptionally close and although Bob Lippincott took an early lead he was passed at the end of the race by his brother Howard who won by a boat length. Ed Merrill came up fast to take a very close third behind Bob. This being the first race of the series, it was a battle all the way. This can easily be seen from the combination of Ed Merrill's past record in Comet racing, being pitted against Bob and Howard Lippincott's past "Duster" records. Also the two Lippincott boys have recently completed building the Comets they raced Saturday.

SECTION 8: That no person shall sell, offer for sale, or have in his or her possession for sale any alcoholic beverage or beverages unless such sale, offer for sale, or possession for sale shall be authorized by a license duly issued, outstanding and valid.

SECTION 9: That each and every license for the sale of alcoholic beverages that shall be issued by virtue of the authority of this Ordinance shall be issued subject to the Alcoholic Beverage Law of the State of New Jersey and to the Rules and Regulations established by the Commissioner of Alcoholic Beverage Control of said State and to the terms and provisions of this Ordinance and such other Rules and Regulations that may hereafter be adopted by the Township Committee of the said Township.

SECTION 10: That any license issued under the provisions of this Ordinance may be suspended or revoked by the governing body of the said Township upon proof to the satisfaction of said governing body, after hearing, of any violation by the holder of such license of the Alcoholic Beverage Law of the State of New Jersey or the Rules and Regulations established by the Commissioner of Alcoholic Beverage Control of said State or the terms and provisions of this Ordinance or any Rules and Regulations that may hereafter be adopted by the governing body of the said Township.

SECTION 11: That any person who shall violate any of the terms or provisions of this Ordinance or do any act or thing therein prohibited shall, upon conviction thereof, forfeit and pay such fine not exceeding the sum of Two Hundred Dollars, or be imprisoned in the Township Jail or County Jail for such term not exceeding ninety days, as shall be determined and imposed by the magistrate before whom such person shall be tried and convicted; provided, however, that such magistrate shall have power, in his discretion, to impose both fine and imprisonment not exceeding the respective maximum limits herein read.

SECTION 12: That all Ordinances and Resolutions and parts of Ordinances and Resolutions inconsistent with any of the terms and provisions of this Ordinance be and the same are hereby repealed to the extent of such inconsistency.

SECTION 13: That this Ordinance shall take effect upon its final passage, adoption and publication on the earliest date allowed by law.

NOTICE is hereby given that an Ordinance, of which the foregoing is a copy, was duly introduced and passed upon first reading by the Township Committee of the Township of Cinnaminson in the County of Burlington, State of New Jersey, at a meeting thereof held on the eleventh day of June, 1940, and that the final passage and adoption of the said Ordinance will be considered by the said Township Committee at a meeting thereof to be held in the Cinnaminson Public School, situate on the Moorestown-Riverton Road at the intersection of the Pomona Road, in the Township of Cinnaminson, in the County of Burlington, State of New Jersey, on the twenty-first day of June, 1940, at six-thirty o'clock in the evening. (Standard Time), at which place and time a hearing concerning the said Ordinance will be afforded by the said Township Committee to all persons interested therein.

By Order of the Township Committee of the Township of Cinnaminson in the County of Burlington.

HAROLD R. WEST, Township Clerk.

Dated: June 13, 1940.

## COUNTY READY TO START WORK

Widening Main Street Awaits Necessary Releases from Property Owners

Councilman J. W. Sylvester, reporting for the highway committee, stated that he had received word from the Board of Freeholders that the county will start widening Main street as soon as the Borough is ready for the work to start.

At the present time, the project is being held up because a release has not been secured from the Pennsylvania Railroad and the U. S. Government for the post office property.

## Parking Ordinance

Due to an unexpected delay caused by a legal angle, the proposed ordinance restricting parking in certain sections of Riverton, could not be published in time so that the hearing and final passage could take place at the meeting of Riverton Borough Council last Thursday night.

The ordinance, which was passed at first reading last month, was further considered and a minor change made. After discussion, it was decided not to include a ban on all-night parking.

The public hearing on this piece of legislation will take place at the next meeting of Council, on Thursday, July 11.

## Lighting

Mr. Sylvester, also reporting for the lighting committee, said that a further survey had been made of the community in company with Public Service officials. There are several alternate plans under consideration, all of which are aimed at a considerable replacement of the 105 gas lights still in operation.

No definite action was taken regarding the next phase of the light improvement project.

The proposed sewage disposal plant was also discussed at length, matters receiving consideration being the location (still held in abeyance) and the type of equipment best suited to local needs.

## Building Work In Palmyra

Construction operations in Palmyra during the past month totaled nearly \$8,000 according to the report of the building inspector, Edward A. King.

The various projects are as follows:

Robert Snover, airport, S-41. Edward A. King.

Florence Saar, repair dwelling, 513 Delaware avenue, Alber. Rush.

H.O.L.C. new roof and repairs, 804 Columbia avenue, Ernest Fish.

Thomas Wallace, garage, 25 Pear street, Alex. Wallace.

Bernhard Dinn, garage, 23 Pear street, Mr. Dinn.

Stanley Lippincott, repair dwelling, 802 Columbia avenue, Hedley Williams.

Maurice Long, Jr., new dwelling, Chestnut street, Calvin Stowe.

## STATION MOVE DISCUSSED HERE

Board of Freeholders Asked to Cooperate; Outcome Uncertain to Date

At the meeting of Riverton Borough Council held on Thursday night of last week, a resolution to the Burlington County Board of Freeholders regarding the moving of the railroad station in Riverton to a new location was passed by a unanimous vote.

Councilman J. W. Sylvester prior to the passage of the resolution stated that the matter had been taken up some time ago with railroad officials, who stated that, since Broad street was a county road, a statement regarding the proposal would be necessary from the county governing body.

At the present time there is no indication regarding the attitude of the transportation company concerning the proposition.

Gist of Resolution

A summary of the resolution is as follows:

"The passenger station of the Pennsylvania Railroad at its location encroaches on the roadway of Broad street and this location is a constant hazard to vehicular traffic as evidenced by several accidents which have been occasioned thereby, generally to strangers in this vicinity who are unfamiliar with this unusual condition."

"The situation was informally brought to the attention, during the past winter, of a representative from the office of the superintendent of the division of the railroad with the inquiry as to whether or not his company would give consideration to a proposal to eliminate this hazard by transferring the present station from its existing location, which is partly in the bed of Broad street, to the opposite side of the tracks."

## Inspection

"His reply was to the effect that since Broad street is a county road, the consent of the Board of Freeholders must first be secured."

"This condition was recently inspected by the director of the Board of Freeholders, who concurred in the opinion that this condition presented a hazard, the elimination of which was very desirable."

## WILL CELEBRATE 50th ANNIVERSARY

Mr. and Mrs. James T. Weart of Palmyra, to Have Reception Tuesday

Mr. and Mrs. James T. Weart, of 329 Cinnaminson avenue, Palmyra, will celebrate their 50th wedding anniversary next Tuesday, June 25th. Mr. Weart was a bookkeeper for a wholesale grocery firm at the time of his marriage to Annie J. Stephens, both of Philadelphia in 1908.

The Wearts moved to Palmyra in the year 1898 and have resided here ever since. Both have taken an active part in the civic life of the community in the years past. Mr. Weart served as Palmyra's first Mayor and served on the Palmyra Board of Education for 19 years and was President of that body for 12 years. He was a member of the Palmyra fire company for 25 years, President of the P. O. S. of A. for two terms and is at present a member of the Board of Directors of the Cinnaminson Bank and Trust Company.

## Mrs. Weart Volunteer Nurse

In 1906 Mr. Weart was employed by the Keystone Leather Company and today he is managing the estate of Charles A. Reynolds, the deceased president of that company.

Mrs. Weart had the distinction of being one of the two nurses from Palmyra who volunteered to serve with the Red Cross, at Camp Dix, during the first World War when the severe influenza epidemic broke out there. She and Mrs. Edward Keim undertook that dangerous task while regular nurses were being transported from the West.

Mr. and Mrs. Weart have three children: a daughter, Mrs. Jennie Bousal, of Montclair, Mrs. Frances Wilkinson, of Palmyra, and James M. Weart, of Palmyra. There are four grandchildren.

The Wearts' are holding open house on June 25th in the afternoon until 5:30 p.m. and in the evening from 8 o'clock on.

The golden anniversary couple plan to leave the next day for a 26-day tour of the West.

## Woodward Is Y President

Richard M. Woodward was elected president of the Palmyra-Riverton Y.M.C.A. Board at the annual meeting, June 11. Charles B. Marple is the new vice president; Walter S. Barclay the new secretary and Howard B. Conover is continued as treasurer.

Board members for the ensuing year are from Riverton—Robert G. Adams, Walter S. Barclay, Francis B. Elwell, Robert J. Finne, Nathan Lane, Clifton P. Mayfield, Victor Ritschard, Wilmer C. Swain, Richard M. Woodward and Charles H. Yost. From Palmyra: Howard B. Conover, Grover F. Fox, Paul R. Jones, Charles B. Marple, Lawrence B. Parker, Floyd W. Spahr, Clifford H. Loane, John F. Ward, George N. Wimer, Swain Durham and new members. One additional man will be named to membership from the Palmyra Fraternity.

## Trustees

Trustees are Howard B. Conover, George N. Wimer, and Lawrence B. Parker.

Reports of the past year were summarized by Secretary T. Paul Reed. He told of the activities of the following groups: Lone Star Hi-Y, led by James Durham and Harry Connell; the Lincoln Hi-Y under the leadership of Clifford Loane and Harry Riddle; the Twin City Spartan Gra-Y, led by Robert Asay; the Inca Gra-Y, Richard Deemer; the Cinnaminson Gra-Y, led by (continued on page 4)

Parents are urged to enroll children before the opening of school. Birth and vaccination certificates are required for enrollment.

## WASHINGTON PRAISES

## ARMY RECRUITING SERVICE

Lieutenant William deH. Washington, a descendant of George Washington, father of our country, reviewed the progress by the army recruiting station of the Southern New Jersey recruiting district at room 410, New Post Office building, Camden, New Jersey, on a recent visit there, endorsed heartily the army's drive for recruits and called upon all eligible young men, in this area to enlist in the United States army.

"My illustrious ancestor," Lieutenant Washington pointed out, "thought enough of our country to risk his life and fortune in its defense and today, as never before, we must insure our national defense. I subscribe to the admonition he left us that 'the surest way of insuring peace is to be prepared for war.' This advice seems more appropriate today than it was a hundred and fifty years ago."

Lieutenant Washington also called upon Major Andrew C. Tychem, district instructor of the Camden military area. In Major Tychem's office he inspected the new colors of the 309th infantry donated by Captain and Mrs. Harper Sillman, of Wilmington, Delaware. The Southern New Jersey army recruiting district, with headquarters at room 410, new post office building, Camden, comprises the counties of Atlantic, Burlington, Camden, Cumberland, Gloucester, Mercer, Middlesex, Monmouth, Ocean and Salem.

Men between the ages of 18 and 35, who are single, physically fit and without dependents are urged to investigate the opportunities offered by enlistment in the United States army. They may inquire at the post office building, Camden, or at the post offices in Bridgeton, Atlantic City, Perth Amboy and New Brunswick.

## TRIP TO FAIR

The Phyllis Wheatley P.T.A., of Cinnaminson School No. 4, is sponsoring an all-day trip to the World's Fair on Thursday, July 11.

A bus will leave Union Landing Road and Broad street at 7:30 a.m. Tickets at \$2.50 can be secured from Mrs. Wallace Ashby, president of the association.

## NEW LEGISLATION

County welfare boards and county welfare directors would be under civil service protection, without competitive examinations, in a bill introduced by Senator Howard Eastwood, of Burlington, and passed by the Senate at Trenton on Monday night. The bill also provides civil service rights for employees of the Old Age Assistance Division of the Department of Institutions.

A bill introduced by Assemblyman A. Matlack Stackhouse, of Moorestown, and also passed by the Senate, creates a bureau in the Department of Conservation and Development to license and regulate "certified tree experts" and provides a \$10 license fee and \$5 for a yearly renewal.

Mrs. Mervil Haas  
Will Preside

The largest gathering of postmasters ever to assemble at a convention in New Jersey, is expected to gather at Asbury Park on June 21 and 22, when the New Jersey Chapter of the National Association of Postmasters convenes for their annual sessions. Invitations have been extended to Postmaster General James A. Farley, his assistants, Civil Service heads, officers of the National Association, members of the House of Representatives, as well as others who are connected with the Government service. The headquarters will be at the Berkeley-Carter Hotel on the corner of 10th and 11th streets. The business sessions will be conducted in the North Solarium on the Boardwalk, opposite the headquarters hotel.

## Urged to Attend

On Saturday evening, a dinner at Ross Fenton Farms, on Deal Lake, will wind up the convention. Elaborate arrangements are being made for the dinner. Following a few brief speeches by the guests of honor, dancing will be provided by one of Meyer Davis' bands and also a rumba band. Outstanding radio and stage stars will provide the entertainment.

State President Mervil Haas, of Riverton, issued an appeal to all New Jersey postmasters to attend. The members of the State Executive Committee, of which Postmaster J. D. Magee, of Bordentown, is the representative from Burlington county, stated that this county will be well represented.

## GAME FORFEITED

The Merchants failed to have a team on the field last Thursday night for their game with the Firemen and thus lost the affair via the forfeit route.

A considerable gathering of spectators was disappointed over the situation.

## SPORTS JOTTINGS

Wittmeyer has been hitting the apple nicely this year. He got two out of three Saturday, one being a double. Brewster, Freeman and Cole have also boosted their averages considerably during the current season.

Wallace is a real utility man. He has held down the hot corner and worked behind the plate. Saturday he assumed a new role and played at first.

Joe Karitis, local catcher, who has been on the sidelines with an injured ankle, is getting along nicely and expects to be able to play again within a few weeks.

Future games as announced by Manager Arthur Terrell are:

Saturday, June 22—  
Riverside A. C.  
Saturday, June 29—  
Resurrection Catholic Club, of Philadelphia.  
Sunday, June 30—  
Delanco.  
Wednesday, July 3—  
Riverside F. C.  
Thursday, July 4—  
New York Ship.

The local Softball League had four baseballs left over from last season. These have been used and another dozen purchased. Thus far the total collections have not been sufficient to pay for the new balls.

The league is not asking much from the fans—just enough to pay expenses.

Attendance at both hardball and softball games has been very poor to date—way below last year. The strange thing about it is that the

games in both classes have been very good. Guess most of the ball fans have moved out of town. We salute the new faithfuls, however, and wish they were more.

The Riverton Firemen took a 17-5 lacing from Pasco on Friday night of last week.

## TENNIS TEAM LOSES

The Palmyra Tennis Club lost a close match to the Delanco Tennis Club last Saturday at the Palmyra Courts by a 5-2 score. This was the second match with the Delanco netmen.

Jack Pfeiffer and Frank Chambers won their matches for the locals. Pfeiffer defeated Unley, Delanco, 6-2, 6-4, while Chambers, Palmyra, defeated Hemstead, Delanco, 6-4, 0-3. Results of the other matches were: Singles—Hozierm, Delanco, defeated Wynkoop, Palmyra, 6-3, 6-2. Naeole, Delanco, defeated Marsial, Palmyra, 6-2, 6-4. Doubles: Unley and Hozier, Delanco, defeated Pfeiffer and Wynkoop, Palmyra, 6-3, 6-1. Stickle and Naeole, Delanco, defeated Hannum and Ballantyne, 8-6, 6-2.

The Girls' team of the club will play their first match of the season against the Gloucester City Tennis team at the Palmyra Courts next Saturday, June 22, at 2 o'clock.

The club's singles started last Sunday at the local courts. Among the matches completed include the following: William McCamy, defeated William Kitchen, 4-6, 6-4, 6-3. Don West, defeated Robert Cannon, 6-2, 6-2, and Russell Jermon, defeated Edmund Jones, 6-3, 7-5. Saturday, July 6th, is the starting date for the men's doubles, girls doubles and mixed doubles and all entries must be placed with Jack Hannum, 932, not later than Tuesday, July 2nd.

## PEACE PLATFORM

The Westfield Monthly Meeting of Friends in session on June 4 endorsed the following peace platform of the National Peace Conference:

"We declare for a foreign policy which will safeguard the peace of the United States and enable our nation

to assist in the task of creating a permanent peace on the foundation of a world community.

"We accordingly support a foreign policy which will

1. Keep the United States out of war.

2. Extend the influence of the United States in cooperation with other neutral states in support of mediation for the procurement of a just and lasting peace.

3. Lessen economic tensions, adjust tariffs and lay the basis for world economic cooperation.

4. Strengthen the Good Neighbor Policy in our dealings with Latin American countries.

5. Work for some form of world government through which our own and other nations may achieve peace, justice and security.

"We declare also for a domestic policy which will prevent exploitation of war for private gain, which will strengthen the institutions of American democracy and which will secure for all of our people the civil, political and religious rights, guaranteed under the Constitution."

## DEFENSE CONFERENCE

A conference on the part New Jersey is to play in the national defense program has been called by Wayne D. McMurray, president of the New Jersey Press Association, for Friday, June 28, at 2:30 p.m. at the Stacy-Trent hotel, Trenton.

The conference will be addressed by E. Donald Sterner, state highway commissioner, Gill Robb Wilson, director of the state bureau of aviation, and J. Spencer Smith, president of the department of commerce and navigation. Problems of transportation by water, land, and air, which have been rendered of paramount importance in modern mechanized warfare, will be discussed by the department heads for the benefit of the newsmen. A question period will follow the addresses.

Big Flareup in Sixth Frame Clinches Fracas: Triple for Brewster

Six big runs banded over the rubber in the sixth frame of the ball game at Memorial Park last Saturday afternoon and enabled the locals to take a 7-4 verdict from the Philadelphia Eagles.

The rally was culminated by a triple from the bat of Brewster that brought in a full house. Al easily had a homer on his long blast to deep center, but he failed to tag third and had to retrace his steps to the hot corner when nearly home.

Gibson hurred effectively for 7½ innings and gave way to Thomas with one down in the eighth. Hoot allowed one run and six hits.

## Started in Third

Riverton scored a singleton in the third, a single by Freeman and a double by Wittmeyer being contributing factors. The big sixth drove one enemy pitcher to cover and the second was maulled about a bit.

Wallace started by strolling and Kemmerle also drew a walk. A double steal was engineered and Wallace came home on Cole's hoist to right. Snyder was also given a ticket and Gibson was safe on a boot. Brewster delivered at this juncture, later scoring. Freeman, Wittmeyer and Wallace also hit safely, the latter batting on two occasions during the sortie.

## Goes Nicely

Gibson was breezing through the opposition without much difficulty, but they finally got to him for a run in the seventh and added another in the following stanza.

Thomas was not bearing down behind his substantial lead and Brierly tagged one for the circuit in the final session with one aboard. This appeared to irk Al and he breezed three fast ones past Gallagher to end the game.

Flying Club Is  
Formed Here

Robert Snover, proprietor of the new Palmyra Airport and Agent for the Taylorcraft airplane, announced that he has just sold a new Taylorcraft trainer to the Pal Air Club, a new flying club recently organized here. The new ship will be equipped with a 50 H.P. Lycoming engine, dual controls, tail wheel and brakes.

The new Club is headed by "Chick" Foulke and has three members to start. New members are invited to make application. Lessons will be given to new members at the rate of \$2.50 per lesson and as soon as license is obtained and membership paid, each member will own an interest in the plane and further costs will be for gasoline, oil and storage only. Information about membership may be had from either "Bob" Snover or "Chick" Foulke.

No Diving Over Town  
"Bob" Snover asked The New Era to publish the fact that the red airplane with silver wings "stunting" and diving over Palmyra last Friday belonged to a Philadelphia pilot who is not connected in any way with the Palmyra airport, he did not land at the Palmyra Airport and no ships from the Palmyra Airport were in the air at the time.

## MINOR INJURIES

Linwood Maupin, 1616 Stiles street, Philadelphia, left home via bus for a day's outing at Delair last Sunday, but his trip ended in the Zurburg Memorial Hospital, Riverside, as a result of an unfortunate accident.

Maupin went past his destination

Gibson, p		3	1	0	1
Thomas, p		1	0	0	1

in Delair and came to this conclusion at Union Landing road. The bus in which he was riding stopped and the driver flagged another going in the opposite direction. As the victim stepped in front of the eastbound bus to catch the other one he was struck by a car driven by Mrs. Stella Gonreski, of Riverton. She took him to the hospital where he was treated for minor lacerations of head and body and later sent home.

Chief Dorworth, of Cinnaminson, conducted an investigation.

John T. Willis, who resides at 306 Third street, was awarded one of Kappa Delta Pi awards at State Teachers' College, of Trenton, which was given to three students in the sophomore class who ranked highest in scholarship.

There's something terrifying about a silent woman.

Dr. T. Bruce Dickson, of Riverton, was summoned to the scene, but life was already extinct. Coroner James J. Tomes, of Moorestown, issued a certificate giving the cause of death as a result of carbon monoxide poisoning. Relatives stated that they could ascribe no apparent reason for the act.

Miss Jean Lee, of Mt. Holly, will continue as office secretary.

COMMITTS SUICIDE

Miss Hazel Mechler, 31, of Land street, East Riverton, was found dead at 8:15 a.m. on Friday of last week by her mother.

The deceased took her life by attaching a garen hose to the exhaust of an auto and then ran the improvised lethal pipe in through the car window, stuffing pillows in the aperture to keep out the air.

Dr. T. Bruce Dickson, of Riverton, was summoned to the scene, but life was already extinct. Coroner James J. Tomes, of Moorestown, issued a certificate giving the cause of death as a result of carbon monoxide poisoning. Relatives stated that they could ascribe no apparent reason for the act.

### YMCA BRIEFS

#### Camp

Thirty-five years of camping will be celebrated this summer at the Y.M.C.A. Camp, Ockanickon, Medford, the forerunner of which was a few tents, straw for bedding, an outdoor cooking range, three boats, boys, leaders and three Y.M.C.A. secretaries down on the Metedeconk River, near Bay Head.

Thirty-five years later finds Ockanickon with a 530 acre property, nearly a hundred buildings, two camps, Ockanickon for boys and Matolihonequay for girls. Three hundred is Ockanickon's comfortable capacity, and 200 at Matolihonequay.

The 1940 season for both camps opens Saturday, July 6, for six weeks. The same persons will head the camps again this summer: C. A. Duran, Ockanickon director; Mrs. Evelyn S. Smith, Matolihonequay director.

The camp property is ideally situated. The natural drainage and arrangement of tents and buildings help to promote good health.

#### All precautions

There is a fine swimming beach at each camp, with specially protected areas for beginners. To insure safety the American Red Cross "Buddy System" is used during all swims.

Every necessary precaution is taken for the health and safety of campers. A physical examination is required of each camper just before arrival. A physician or medical student looks after the boys and a graduate nurse is on duty at the Girls' camp. Drinking water is tested and approved by the State Board of Health.

Secretary Guy C. Hendry is receiving registrations for Burlington County boys and girls at the County Y.M.C.A. headquarters, Mount Holly. 1940 illustrated folders may be had from him, or detailed information about any question about camping at Ockanickon or Matolihonequay.

#### HAYNES-STEWART

Mrs. Frank Willis Stewart, of 216 Garfield avenue, Palmyra, announces the marriage of her niece, Ainsie Lewis Stewart, to Mr. Francis Cole Haynes, of Haddonfield, N. J., on Saturday, June 15, in Christ Church, Riverton. The Rev. Francis B. Downs, pastor of the church performed the ceremony.

The bride was given in marriage by her brother, Frazier Stewart, of Philadelphia. The maid of honor was Miss Marjorie Kyle, of Palmyra, and the best man was Howard Siedman, of Collingswood.

After an extended wedding trip the couple will reside in Haddonfield.

#### FOULKE-BLACK

The marriage of Miss Doris E. Black, daughter of Mr. and Mrs. Edmund F. Black, of 201 Morgan avenue, and W. Harold Foulke, of 600 Washington avenue, took place in Calvary Presbyterian Church, Riverton, on Saturday evening at a 7 o'clock ceremony performed by the Rev. Charles T. Bates, pastor of the church.

The bride, who was given in marriage by her father, wore white dotted mouseline de soie, made en train, and a finger-tip length veil with a face veil. She carried blush pink roses, gardenias and lilies of the valley.

Miss Jean E. Black, sister of the bride, served as maid of honor and wore a period model of orchid dotted swiss, with a bonnet of white straw, tied with velvet ribbon to match her gown. Her bouquet was of yellow roses.

The bridesmaids were Miss Ruth Black, sister of the bride, and Miss Ruth Seiber, wearing green and yellow dotted swiss, respectively. They wore large white straw hats, trimmed in velvet ribbon to match their frocks, and carried colonial bouquets of daisies.

Leon Sloan, of Stelton, was best man and the ushers were Norman Delaney, of Riverton, and Thomas Cahill and James Reeves, of Palmyra.

Following a reception Mr. Foulke and his bride left for a motor trip through New York state and Canada. They will reside at 407 Cinnaminson avenue, Palmyra.

### MARRIED 50 YEARS

MR. AND MRS. JAMES T. WEART  
Palmyra residents since 1898 will receive the congratulations of the host of friends they have made on Tuesday, June 25th, their Golden Wedding Anniversary.

## Church Notices

BETHANY EVANGELICAL LUTHERAN CHURCH  
Broad Street and Morgan Avenue  
Palmyra, N. J.

The Rev. Harold Lee Rowe, Pastor.  
The Fifth Sunday after Trinity.  
Matins, 8:45.  
The Service, 11:00 a.m.  
Grove Vespers, 7:00 p.m. Speaker,  
the Rev. Albert J. Harke.

Beginning this Sunday and continuing throughout the summer months Bethany will have two morning services—The Matins at 8:45 and the Chief Service at 11:00. At the Matins Service the Junior Choir will sing and the Senior Choir at the Chief Service. It is hoped that all members and friends of Bethany will attend either or both services. Pastor Rowe's message for the day will be "Life's Library." A cordial welcome awaits you.

In the evening at 7:00 the Union Grove Services at which time the Rev. Albert J. Harke of the Moravian Church will speak. You are invited to share in this Community Fellowship.

## CHRISTIAN SCIENCE CHURCH

"Is the Universe, Including Man, Evolved by Atomic Force?" is the lesson-sermon subject for Sunday, June 23, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Lo, he that formeth the mountains, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth. The Lord, The God of hosts, is his name." (Amos 4:13).

Among the lesson-sermon citations is the following from the Bible: "For all those things hath mine hand made, and all those things have been, saith the Lord: but to this man will I look, even to him that is poor and of a contrite spirit, and trembleth at my word." (Isaiah 66:2).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In divine Science, the universe, including man, is spiritual, harmonious, and eternal" (p. 114).

## CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor  
Services Sunday, June 23rd.  
Bible School, 10:00 a.m.—Thus far, the attendance of the school has kept up with the record. As the school with its proficient and earnest teachers is endeavoring to give to each one who attends that something that will be of actual help in their everyday life, it is only to be expected that interest on the part of members will increase. Don't forget to share this great privilege with your neighbor, friend or visitor who are without affiliations.  
Morning service, 11:15 a.m.—Those who were absent last Sunday missed a sermon which will long be remembered by those who heard the pastor.

These sermons are not unusual. You expect them every Sunday. So don't miss any of them. "The Test of Knowledge" will be the subject for this morning's service. Anthems and solo by the choir.

Community Twilight Service, 7:00 p.m., in the Municipal Grove. Rev. Albert J. Harke, pastor of the Moravian Church, of Parry, will deliver the sermon. Enjoy a quiet hour in strengthening yourself against the perplexities of life, and bring your friends with you. The public is most cordially invited.

In case of rain the service will be held in the Bethany Lutheran Church, Broad and Morgan Avenue, Palmyra.

Wednesday, 8:00 p.m.—Midweek prayer service and meditation. Why not surprise yourself as well as the pastor and the "old faithfuls," by attending this week.

The Sunday School (both children and adults) will hold a picnic at Berlin Park, on Saturday, June 29th. It's going to be a real old-fashioned picnic, outside of the method of transportation and that will be by bus which will start rolling at 9:30 from the church. Adults will be charged the whole sum of (15c) fifteen cents for transportation. Plan to come and bring the family.

## METHODIST CHURCH

Palmyra, N. J.  
Rev. William A. Boyd, Pastor  
This Sunday morning at 11 o'clock, the Rev. Boyd will preach about "Opening the Windows."

This church, with the other Protestant churches of Palmyra, will unite in the Community Meeting to be held in the Palmyra Grove, Sunday evening from 7 to 8 o'clock. The Rev. A. J. Harke, minister of the Moravian Church will be the preacher.

On Wednesday evening in the Methodist Church the Mid-Week Church Service will be conducted by the Rev. W. A. Boyd.

## MISSIONARY SPEAKERS AT

## PRESBYTERIAN CHURCH

The Rev. and Mrs. W. T. Cook, missionaries on furlough from Chosen (Korea) will speak at the morning worship of Calvary Presbyterian Church on Sunday at 11 o'clock.

Mrs. Cook was formerly Miss Maude Hemphill, of Riverton.

The public is cordially invited to attend this service.

Intelligent people welcome mechanical inventions which add to the comfort and convenience of living.

## RED CROSS NEWS

It is with much gratitude the Red Cross Committee announces that the special drive for war relief has reached a total of \$1400 for Riverton and Cinnaminson.

The summer quota for sewing and knitting is twenty-four dresses, and all the sweaters and socks that can be knitted in that time. Clothing for winter will be shipped in August.

The hand work for dresses is still to be done, and everyone who can sew is urged to come to the Porch Club on Tuesday and Thursday mornings from nine to twelve o'clock to help with this work. If you cannot sew at the club house, it will be equally helpful if you will get one of the dresses and finish it at home.

Will you knit a sweater or a pair of socks for one of the thousands of refugees who will suffer this winter if America does not help to clothe them?

Mrs. Filson Graff will be glad to furnish you with wool and directions for knitting. Call her at 99-J.

This work is a community project, and everyone who has any feeling of concern for what is happening to the people of Europe today should be willing to help.

Won't you come to the Porch Club Tuesday and Thursday mornings or call Mrs. Graff for wool? Your help is greatly needed.

AN ORDINANCE OF THE BOROUGH OF RIVERTON IN THE COUNTY OF BURLINGTON REGULATING THE PARKING OF VEHICLES ON PORTIONS OF CERTAIN STREETS IN THE SAID BOROUGH; AND PRESCRIBING PENALTIES FOR THE VIOLATION OF THE TERMS AND PROVISIONS THEREOF

YOUR BANK

## A Bank's Duty to its Depositors

The American Bankers Association in its Statement of Principles of Commercial Banking says, "The safety of the funds entrusted to the bank by all of its depositors must be the foremost objective of the commercial banker." Thus banks must exercise extreme care in granting loans and making investments to safeguard deposits.

It is also our duty to render a prompt and adequate checking service for the safety and convenience of our depositors in transmitting funds.

To avoid discriminating against certain depositors by failing to require each account to pay for the service it receives, it is obviously necessary either to require balances sufficient to reimburse the bank for such services, or to make a fair charge for rendering them.

## Girls Plan Camp Program

In order that the girls who attend Camp Shining Arrow, the Y.W.C.A. Day Camp at New Lisbon, this summer, may get more meaning out of the experience, they will be given an opportunity to express their ideas concerning the camp program.

For this purpose a council of girls, representing the various camp activities, will be formed, which will work with Miss Virginia Slim, the camp director. Suggestions for activities will be offered by the council, which also will help plan for the closing pageant, Friday, August 2. Throughout the season the campers will be permitted to select their fields of activity and to decide what they wish to do in them. Counselors will assist the campers in making wise selections and in directing specific fields.

While this will permit camper participation in planning the program, the girls will still have to follow health and safety rules set by adults, the most important of these being water-front regulations and rest periods.

## CHORAL SPEAKING

A good deal is now being done to help make young people make speech something more than "an absence of mind-over-mutter." A talking world reminds us at every hand of the need of adequate speech skills. One of the most practical ways to develop better speech, because of its utilization of the group and teamwork, is through Choral Verse Speaking. A decade ago the values of the choral speaking of verse were practically unknown except by a few pioneers.

Verse speaking choirs may now be found in our schools from coast to coast. The following choral speaking program was given as a part of the closing exercises in the Riverton Public School. A group of twenty-five eighth grade children formed the choir. The announcer was Jane Cook who gave the history and explanation of choral speaking.

"Poetry has always been a natural form of oral expression for man. Whenever the early people sawed their grain, or sailed their ships, or called upon their gods, or celebrated their victories, they lifted up their voices singly and together in crude songs and chants. Although the words and rhythm varied to suit the mood or situation, always there was power and beauty in the unrestrained voices of the group. Later the ancient Hebrews answered chorus with chorus in praising God, and after them the Greeks used the speaking chorus in their great dramas. Down through the ages wherever men were busy, happy, or thoughtful, they continued to sing. In our own country the negro spirituals, the ballads of the mountaineers, cowboys, and seamen, and the war and rain chants of the Indians—all these are examples of stirring rhythmic expression of the group. For centuries these songs and chants have been kept alive and given to the next generation by those who loved them. Today, however, when verse in type has displaced that of the tongue, we find that we are missing much of the music and rhythm of poetry by reading it silently. Fortunately we are learning again that poems take on new life and increased meaning and beauty when blended voices interpret them."

The class rendered poems of a variety of moods and ideas, all of which were arranged for choral speaking.

The poems selected were divided into the following subjects and illustrated by paintings in black and white on the page of a large book. Virginia Woodward and Suzanne Trosell turned the pages of the book and spoke an introduction and finale.

## Philosophy

## NEW MANAGERS OF HANDY SHOP

Mr. and Mrs. Anthony De Carlo, of Camden, N. J., have purchased the Handy Shop at 3 East Broad street, Palmyra, formerly operated by Mrs. Edna Heaton.

The new proprietors have named the shop the "Glory-El" Shop after the name of their infant daughter Gloria Elena and will handle essentially the same lines of merchandise as before.

Mrs. De Carlo has had eight years experience in retailing dry goods and notions and Mr. De Carlo, too, is an experienced retail merchant.

The lines to be handled are the famous Berkshire Hosiery specialties, Miss America Foundation Garments, lingerie, summer, cottons, sheer dresses, men's dress shirts, shorts, shirts, socks, ties, handkerchiefs, pajamas, baby garments, notions, gifts, novelties and Ber-Mel yarns. The new store will be open in the daytime and evenings.

## INSTRUCTOR AT PARK

Announcement was made this week that a playground instructor for boys will be at Memorial Park, Riverton, every week day (except Saturday) during the summer months from 10 a.m. until noon and from 1-3 p.m.

Mr. DeVinney is the present N.Y.A. employee on duty here. Park officials expect that an instructor for girls will be assigned for local duty in the near future.

## ENGAGED

Mrs. P. J. Hauser, of 327 Fairview street, Riverside, has announced the engagement of her daughter Marian, to George W. Fichter, son of Mrs. William J. Fichter, of 503 Delaware avenue, Palmyra. No date has been set for the wedding.

## DENIES COST OF ROAD TOO GREAT

Denying reports that the beautification of the John Davison Rockefeller Memorial Highway (Route 40), which bids fair to be the most picturesque auto route in the country, is costing four million dollars, State Highway Commissioner E. Donald Sterner today pointed out that the landscaping is being achieved at a comparatively low cost to the State.

The project has aroused considerable interest among property owners along the route, with the result that they have contributed some of the finest trees for transplanting, while the Rockefeller family also has responded generously, hundreds of native evergreens being donated from the nurseries at Lakewood where the late oil executive owned an estate.

## Cheap Land

In launching the project several years ago, shortly after the legislature had named Route 40 in honor of Mr. Rockefeller, it was Commissioner Sterner's belief that roadside beautification could be achieved at small cost to the state if ingenuity and public interest were harnessed to the task.

"The results speak for themselves," said Commissioner Sterner. "To begin with, we have expended but a few thousand dollars of State Highway funds for extra work, hire and equipment and acquired adjacent low priced highway frontage, thru the pine forest areas from the local townships through tax title liens, in order to provide a maximum depth of 200 feet on each side of the roadway for beautification purposes."

## W.P.A. Labor

"We were able to secure sufficient W.P.A. labor to perform all incidental work and transplant native dogwood, birches and laurels from adjacent properties and, through the

cooperation of the Rockefeller family, contributions of evergreens from the Rockefeller Estate at Lakewood. Altogether we have improved about twelve miles of the entire highway from Camden county to Monmouth county.

"We are hopeful that through further local contributions and some State Highway funds, we shall be able to eventually complete this picturesque boulevard and at least make some start in having New Jersey live up to its official designation as the Garden State."

The memorial highway runs from the Shark River in Monmouth County to the outskirts of Camden, sixty miles away, largely through the Ocean and Burlington County pine belt. The landscaping takes full advantage of ponds and streams that border the highway. Rustic bridges and railings are being erected in accordance with parkway tradition.

Occasional slopes have been planted to grass.  
As a traffic artery, the Rockefeller Highway makes the North Jersey seashore resorts more accessible to motorists from Camden and Philadelphia.

## Dawley Drops To Last Place

The hustling German Kitchen softball aggregation pushed the Dawley Olds outfit into the cellar of the Memorial Park League on Monday night of this week, when pounded out a 10-4 win over champs of last season.

The winners took rather kindly to the offerings of Kessler, Olds hurler, but he might have been able to weather the storm had not his support faltered at critical times. The G. K. team connected safely on 15 occasions, Reeves leading the assault with four bingles.

### Allows Only Six

Williams twirled for the victor and the Dawleyites were able to connect for only six hits. They had men on bases in every frame, however, since Williams was rather generous in the matter of passes, giving nine free tickets.

INFORMAL, ATTRACTIVE HEDGE WILL PROVIDE USEFUL BACKGROUND

Many home owners find that a hedge is needed to obtain privacy or to screen off some objectionable view which may detract from the appearance of the home grounds.

To most home gardeners the general idea of a hedge means symmetrical trimmed regularly or sheared to some form design. However, an unusual beauty may be obtained in hedge planting by using different types of flowering shrubs. For instance, Cydonia Japonica, the dwarf flowering quince, makes an ideal hedge of informal outline. It seldom grows over three feet tall, is compact

and has an attractive bloom. Several of the Spiraea offer possibilities and have been used with good results. Spiraea Anthony Waterer with its slender growth and rosy crimson flowers and the taller Spiraea Van Houttei, with its masses of white flowers in May are both useful for informal hedge plantings. The sweet mockorange, Philadelphus coronarius, is ideal where a hedge of six feet or more is needed, the foliage is attractive and the mass of white bloom in June is very impressive.

### Taller Hedges

When more dense, taller hedges are needed to prevent trespassing or keep out animals and the size of the garden warrants their use, the following are suggested: Crataegus or hawthorn, hornbeam, honey locust and Russian olive or Elaeagnus angustifolia. These types are inexpensive and are also useful as wind breaks and are beautiful in the fall for foliage and berries. Some very pleasing color combinations can be made with these hedges as a background for rose or perennial gardens.

Most of the types mentioned are informal and must be treated as such to derive full benefit of their free growing habits. They require little care except for yearly pruning to keep them neat and in good vigor. Due to their informal habit they do not require the frequent shearing which is so essential with privet. They are not so exacting in their requirements and thrive in average garden soil. These shrubs are coming more and more into prominence

AIR CONDITIONING DUE TO PUBLIC COMFORT DEMAND

Air cooling and conditioning is now so generally regarded as a hot-weather necessity that it is employed in almost every phase of life that affects human health and comfort. Railroads offer the public cool and comfortable sleeping, dining and day coaches. Restaurants and hotels provide cooled dining rooms and even sleeping rooms. Motion picture theatres are air conditioned. Shops and department stores have made it possible for their customers to shop

in comfort during the hottest days. Many office buildings also are completely air cooled, remarks the New Jersey Public Utility Information Committee. And now the trend is toward the home. Many types of cooling units are now available that are portable and can be moved from room to room as desired. These have been found of material aid in hospitals to help make feverish and restless patients more comfortable. Some of these units are simply plugged into an electric socket, but that air conditioning is here to stay is now almost certain.

## Fifth Column Here

The Dies House Committee in its investigation of un-American activities has been condemned by ostrich-like officials who were lenient toward the German-American bund and the Communists. Now, the committee is in far better favor with intelligent American citizens who have heard of fifth columns and how they operated in various European countries. Let it be hoped that high government officials, who ostrich-like buried their heads in the sand, will join the rest of us and demand that no fifth column be permitted to operate here.

The United States for a good many years has been the happy hunting grounds of foreign agents. There have been more spies here than anywhere else because this country provided a healthful climate, politically speaking, for them. Uncle Sam was so tolerant that foreign agents could operate almost at will, learning our military secrets, mapping and photographing places of strategic importance and thus laying ground-work plans for sabotage if and when that instrument seemed to be needed.

Communists in this country, alien and native born, have no desire or intention to contribute anything to the public good. They are destructionists, pledged to a program inimical to the American people and their form of government. It has been the average citizen's practice to be contemptuous toward the Communists but not to take them seriously. This, because it was not believed so small a minority could accomplish anything in seeking to interrupt, or hinder, or defeat organized society in what it undertook in the interest of the public good. If that belief of the average citizen were wholly true, if the Communists could not operate successfully as some kind of fifth column to harass and embarrass the nation and its people, it still would be a confounded nuisance to have them trying it, and for that reason the suggestion may be made that law enforcement be directed against them to the limit of such legal statutes as exist.

There is a drive in Congress to purge the W.P.A. of all Communists. Chairman Dies insists that Communists and Nazi agents have fifth column plans for the United States similar to those used in Norway and other European countries. He promises an investigation which he says will reveal details of such plans for espionage and sabotage. More power to him and his committee!

Possibly at last we are commencing to use our heads in the United States. A navy spokesman, visioning the activities to be pursued in our defense program shortly to be launched, has asked Congress to let the department choose its civilian employees without regard to the civil service system. One of the reasons he gave was the possibility of individuals, who are technically qualified but unpatriotic and subversive, lodging themselves in key positions where they could operate as units of a fifth column. Capt. Charles W. Fisher, director of naval shore establishments, made this request before the House Naval Committee. Chairman Vinson of Georgia told him he had "hit th enail righ ton the head."

## Fire Protection

Municipal fire protection expenditures last year represented a per capita cost of \$3.71, according to a survey contained in the 1940 Municipal Yearbook of the International City Managers' Association. The number of firemen average 1.39 per 1,000 population and their salaries totaled \$152,671,427, or \$2.02 per person. Other expenses amounted to 69 cents per capita in the 570 cities of more than 10,000 population covered by the survey.

Cities of moderate size tended toward more firemen per capita, but there was little relationship between the size of fire departments and the size of cities. For example, municipalities over 500,000 population reported 1.37 firemen per 1,000 persons, while those in the 100,000 to 200,000 group had 1.49 per thousand. New York City had the largest number, 11,101, with Chicago next, the force there being 2,916, and Philadelphia was third with 2,224.

The report said comparisons between personnel figures of individual cities should be made with caution, pointing out the amount of property to be protected, the municipal area and kinds of risks involved varied greatly among cities of the same size.

Half of the smallest communities pay their firemen starting salaries of \$1,492 or more, while half the largest cities offer starting pay of \$1,825 and upward. Typical top salaries range from \$1,620 in the smallest cities to \$2,310 in the largest. These salaries, it was cited, are comparable to police pay in cities of the same size. Salaries of fire chiefs range from \$2,100 in the smallest cities to \$6,500 in the larger ones, and are likewise generally comparable to police compensation.

Palmyra, Riverton and Cinnaminson are thus most fortunate in having volunteer companies.

Municipal fire departments constitute one of nine factors considered by the National Board of Fire Underwriters and other rating agencies in grading fire defenses and represent 30 per cent of the possible total number of "points of deficiency" fixing the classification of a city for fire insurance rates. Property owners in communities with extreme deficiency ratings pay the highest insurance premiums.

The procedure is based on periodic checks. Last year, according to the survey, 25 municipalities of more than 30,000 population were regraded by the national board. Eight of the group received reductions in the total number of deficiency points, but in only three cases was the reduction large enough to place the city in a more desirable class. These cities were Lexington, Kentucky; Portland, Oregon, and Tacoma, Washington.

UNIQUE HONOR

On Friday afternoon of this week, LeRoy Church, member of the Board of Freeholders, because the only citizen of the state having the honor of life membership in the Order of the Flag, Legion of Honor of the United States Flag Association.

The presentation of the certificate was made during the session of the county governing body on Friday afternoon by Colonel E. J. Buckner, national representative of the U. S. Flag Association, who is also a member of the State Staff, New Mexico National Guard.

Major General Clifford R. Powell, is the only other New Jerseyite who has been honored by the association, his award being along military lines, while that for Mr. Church read, "in recognition and his patriotism and civic spirit."

## Salute to Flag

Mr. Church, spoke briefly after the presentation, saying—

"Let us thank God that we were born under the stars and stripes. May God bless our country now, as in the past and may each and every one of us strive to be better citizens."

He then asked all those present to join in a salute to the flag.

A large number of spectators was present at the ceremony. In addition to the complete Freeholder Board, County Solicitor Christopher N. Peditto, County Engineer F. L. Branin, Prosecutor Daniel Lichtenthal, Sheriff F. George Furth, Superintendent of Weights and Measures C. B. Fisher, his assistant Clarence Mattis and County Superintendent of Schools Louis J. Kaser.

Anybody can do business if he's willing to be a banker on the other fellow's terms.

## COMMENT

Let's have a show of hands from those who enjoy a lap-lunch, commonly called a buffet. If your hand is raised, you should be able to:

Hold two plates, your own and that of your dinner partner, and find the means of conveying food from the table to the plates;

Control your temper when your companion sends you back for an extra olive;

Keep your chest in, chin out (if this is impossible, some other way to watch your step must be devised);

Sit cross-legged on the floor—when there is a full house—and jack-knife for each mouthful of food;

Drink hot coffee while balancing a plate on your knee;

Keep the ends of your tie out of the coffee;

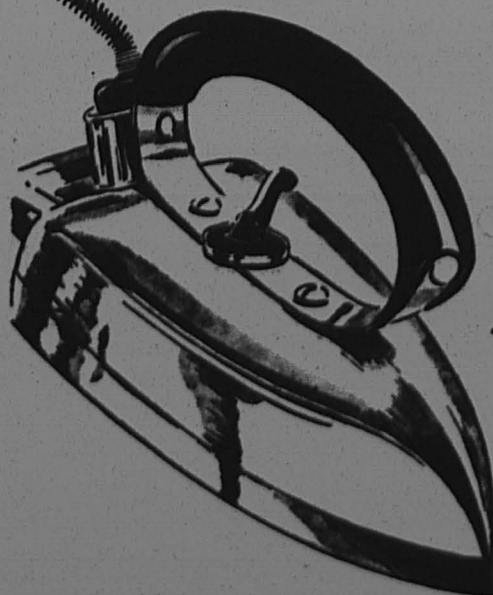

Pick your way across the living-room floor, littered with diners, while returning the dishes;

Join with the others in congratulating your ingenious hostess for discovering such a "practical" way to feed thirty guests.

HEMPHILL NAMED  
RESIDENT PHYSICIAN

Dr. J. Allen Hemphill, son of Mr. and Mrs. Frederick P. Hemphill, of Riverton, has been named resident physician at the Burlington County Hospital. He will assume his duties on July 1, when Dr. H. Earl Taylor, of Houston, Texas, leaves to study advanced surgery at the Lahey Clinic, Boston, Mass.

Dr. Hemphill is a graduate of Haverford College and of the University of Pennsylvania Medical School. He has interned at the Hospital in Mt. Holly and at the Medical Centre, Jersey City.

Use an  
ELECTRIC IRON  
with AUTOMATIC  
HEAT CONTROL

An iron that is hot but will not scorch materials—or is cool but will not 'go cold' on you—that is what you need if ironing is to be done quickly. That is what you have if you buy an electric iron with automatic heat control. Why not look over the irons we carry? Each make has its own special features. Prices are moderate and only a small carrying charge added if you buy on terms.

that at present the post has its  
largest membership in twelve years.  
Many members of the post are  
urged to come out and help on the  
carnival. Bring your friends to the  
event. The affair is being held this  
year at the Palmyra Recreation Park

### PALMYRA FOURTH OF JULY COMMITTEE

John F. Ward, Mayor of Pal-  
myra, announces the appointment of  
1940 Fourth of July Celebration com-  
mittee as follows: De Witt Morris,  
Chairman, T. Curtis Flynn and John  
Landgraf. These men are working  
on a morning program which will be  
announced in the paper next week.

The Citizens Club and the Wom-  
en's Social Service Club, both color-  
ed organizations in West Palmyra  
have asked council for financial aid  
in presenting their own program for  
colored citizens on the Fourth of  
July. The request was granted by  
the Palmyra Council.

The colored committee is as fol-  
lows: Carol Birkhead, Chairman,  
Wendell Hill, Mrs. Charlotte Cherry,  
Mrs. Eva Gales, Mrs. Anne Shockley,  
Mrs. Mildred Hill, Mrs. Charles  
Thomas and Robert Hunter.

Simplicity of character is the nat-  
ural result of profound thought—

### ANNUAL TENNIS LEAGUE BANQUET

The annual banquet of the South  
Jersey tennis league was held last  
Wednesday evening at the Rainbow  
Lake Inn near Bridgeton. Palmyra  
High's netmen were among the  
schools represented at the affair.

The Palmyra players were the  
champions of the South Jersey Group  
I League, while Bridgeton High was  
the champion of the Group II  
League. All members of the Bridge-  
ton High team were awarded gold  
medals while Russell Stickle, Robert  
Hozier and Dave Wilson were  
awarded gold medals for their recog-  
nition along with Donald West who  
was given a tie with William Taylor

of Camden High. Jack Dietz and  
Richard Deemer, of Palmyra, did not  
receive awards because they, along  
with each member of the local team,  
were handed a defeat when Pal-  
myra defaulted to Collingswood  
High after the match was scheduled  
to be played at Collingswood three  
different times and was postponed  
because the Collingswood courts  
were not in condition to play on.  
The awards for the doubles team  
went to Collingswood High as they  
had won six of their matches, three  
by default and three that were play-  
ed.

Entertainment was provided at the  
banquet and privileges of boating and  
swimming extended to all the schools  
present.

## BIG JULY FOURTH PROGRAM PLANNED

All-Day Schedule of Events in  
Riverton, Dedication of  
Post Office

Arrangements have been practical-  
ly completed for the Fourth of July  
celebration in Riverton and there  
is every indication that the program  
this year will be even better than  
those preceding.

The committee, under the chair-  
manship of Robert W. Knight, mem-  
ber of the borough council, has been  
hard at work for the past two months  
preparing for the big day here.

As usual, the celebration will be  
opened by a parade in the morning.  
This will start from Memorial Park  
at 10:15, with Clarence Mattis as  
marshal. The children's section will  
fall in at Main and Howard streets.

### In Line

Included in the procession, in ad-  
dition to the hundreds of children,  
floats, decorated vehicles, etc., will  
be the following:

George H. Imhoff Drum and Bugle  
Corps, 60 members.  
Flynn-Walls Post Drum and Bugle  
Corps, 50 members.  
Riverside Post Drum and Bugle  
Corps, 50 members.  
St. Peter's Brigade Drum and  
Bugle Corps, 40 members.  
Palmyra Cadet Drum and Bugle  
Corps, 50 members.

Palmyra Fire Company.  
Parry Fire Company.  
Riverside Park Fire Company.  
Delanco Fire Company.  
Delran Fire Company.  
East Riverton Fire Company.  
Riverton Fire Company.

### Exercises at River

Upon the arrival of the parade at  
the river, the usual exercises will  
be held. The program this year is  
as follows:

Invocation—Rev. Charles T. Bates,  
pastor of the Calvary Presbyterian  
Church, Riverton.

Address of Welcome—Mayor H.  
McIlvain Biddle.

Singing of patriotic songs—J. Rus-  
sell Jermon, leader.

(continued on page 8)

## Small Fawn Is Fine Pet

Willard Dolby, member of the  
sales staff of Jack Dawley, Inc., has  
an unusual pet, a very small fawn  
about two weeks old.

Mr. Dolby created quite a sensa-  
tion on Monday afternoon when he  
displayed the young deer on a leash.  
The fawn showed no fear when ap-  
proached by several spectators and  
trots along with his owner in a  
nonchalant manner.

The deer was found off S-41 high-  
way, near Mariton last week and  
since a doe was reported killed in  
that vicinity by an auto, it is believed  
that the fawn was the progeny of the  
car victim.

Mr. Dolby reports that the fawn  
was first fed from a bottle, but now  
is able to lap milk from a dish with-  
out difficulty.

The find was reported to the New  
Jersey Game Commission and it is  
expected that Mr. Dolby will be al-  
lowed to keep his pet, should he so  
desire.

### DEDICATION LUNCHEON

Following the dedication program  
at the new Riverton post office on  
July 4, an informal luncheon will be  
held in the Old Mill Inn, at 1:15  
o'clock.

All the guest speakers will attend,  
together with a number of prominent  
postal officials.

Reservations for the affair can be  
made with Mrs. Mervil E. Haas, Riv-  
erton postmaster. Tickets are avail-  
able at \$1.00.

## INDEPENDENCE DAY THOUGHT

When Independence Day rolls  
around again let us devote a few  
moments thought to the problem of  
preserving this independence which  
was so dearly won by our fore-  
fathers. We can only do this if we  
keep our political and economic in-  
stitutions at home free and untram-  
meled, and if we build up our de-  
fenses to the point where no nation,  
no matter how filled it may be with  
the lust of conquest, will dare at-  
tack us.

## New Post Office Dedication Here

At 11:30 on the morning of Inde-  
pendence Day, Riverton's fine new  
post office will be dedicated and  
opened for public inspection and the  
exercises will be one of the features  
of the elaborate Fourth of July pro-  
gram in that community.

The following is the order of  
events at the dedication: Mrs. Mer-  
vill E. Haas, local postmaster, being  
in charge of the ceremonies:

Invocation.  
Flag Raising — Delegation from  
Post Frederick M. Rodgers, Ameri-  
can Legion.

Address of Welcome—Mayor H.  
McIlvain Biddle, of Riverton.  
Greetings—The Hon. William P.  
Kern, Jersey City, director of the  
National Association of Postmasters.

Musical selection.  
Address — The Hon. D. Lane  
Powers, Member of Congress, Fourth  
Congressional District, of New Jer-  
sey.

Introduction of guests.  
Musical selection.  
Address—Official of the United  
States Post Office Department, from  
Washington, D. C.

Mrs. Haas extends a most cordial  
invitation to the general public to in-  
spect the building at the close of  
the program.

on Friday night of last week the  
contract for oiling Church road was  
awarded to the Bituminous Surface  
Co., of West Chester, on their low  
bid of \$1,205.60.

The ordinance dealing with the  
number of retail consumer liquor li-  
censes and regulations regarding the  
same was passed on final reading  
and adopted.

Another ordinance dealing with the  
demolition of unoccupied buildings  
that are dangerous to life or health,  
or constitute a fire hazard, was  
passed at first reading by a unani-  
mous vote.

## Summer Hours At Library

Beginning Monday, July 1, the  
Riverton Free Library will be open  
every week-day morning from 10 un-  
til noon, will remain closed during  
the afternoon and re-open in the  
evening from 7 until 9 o'clock as  
usual.

On Wednesday, July 31, the Li-  
brary will be closed for the usual  
vacation period of one month.

### ENTERS ANNAPOLIS

John B. Stetson, of Riverton, was  
sworn in as a member of the plebe  
class at the United States Naval  
Academy, Annapolis, Md., on Thurs-  
day of last week.

Midshipman Stetson received his  
appointment as a result of being one  
of the 90 successful candidates out of  
over 1,000 aspirants who took the  
Naval Reserve competitive examina-  
tion for Annapolis appointments.

Mr. Stetson was also first alter-  
nate in the examination conducted

## BUSINESS MEN GO FISHING

Several members of the Palmyra-  
Riverton Business and Professional  
Men's Club enjoyed an all-day fish-  
ing trip on Wednesday of last week  
off Cape May as the guests of C.  
Ward Lowden on his spacious fish-  
ing cruiser.

The prize fish was hauled in by  
N. Kuensell and the total catch was  
well over 200.

Mal de mer overtook two of the  
party, one having a most serious at-  
tack of the mysterious malady. Both  
recovered, although one averred that  
never again would he venture forth  
upon the bounding main.

The following made the expedition,  
in addition to Skipper Lowden:  
Thomas Shorten, Dr. J. Rowland  
Dey, Paul Burke, N. Kuensell,  
WALTER D. LAMON, JR., Chris-  
topher N. Peditto, Xavier Walter  
and Pete Heisler.

## New Era Out Next Tuesday

In compliance with the request of  
several of the advertisers, The New  
Era will be published on Tuesday of  
next week, instead of Thursday,  
July 4.

The deadline for all news and ad-  
vertising copy will be 12 noon, on  
Monday, July 1.

Attention of all advertisers and  
news contributors is called to the  
advanced date of publication and  
their cooperation in this respect will  
be greatly appreciated.

### NOTICE

The Government Surplus Com-  
modities for the Borough of Riv-  
erton and Township of Cinnaminson  
will be distributed July 2 from the  
Parish House of Christ Church,  
Fourth and Howard streets, Riv-  
erton. Entrance from Howard street.  
All recipients should bring to the  
Riverton-Cinnaminson Welfare As-  
sociation office their old surplus  
commodity cards in exchange for  
new ones.

MARY B. SIM,  
Director of Welfare.

## SURGICAL BANDAGE STATION OF BRITISH WAR RELIEF SOCIETY OPENS ON FRIDAY EVENING

The first meeting of those inter-  
ested in making surgical bandages  
for the British War Relief Society  
will be held at the Riverton Porch  
Club, the use of which Tuesday and  
Friday evenings has been given to  
the Riverton-Palmyra Chapter, at  
7:30 o'clock Friday, June 28th.  
Samples and materials will be on  
hand, and Miss Mary Pape, R.N., a  
British Red Cross nurse and official  
instructress, will be present to help  
start us off right on this vital work.  
Please bring No. 40 cotton thread,  
needles, and if you can, large scis-  
sors or shears.

### Attention Knitters

## Luncheon For Mrs. Warnick

On last Friday, the 21st, the 1939-  
1940 executive board of the Cinna-  
minson Parent-Teacher Association  
gave a luncheon in honor of their  
retiring president, Mrs. Eric Warn-  
nick. The luncheon, which was held  
in one of the private rooms of the  
Newlin Dining Rooms, Moorestown,  
was attended by all but one member  
of the executive committee.

Mrs. Leslie Reeves, who succeeds  
Mrs. Warnick as president of the or-  
ganization, made a graceful little  
speech of welcome and appreciation  
of the progress which the association  
made under Mrs. Warnick's leader-  
ship, presenting her with a bouquet  
of flowers in a lovely pottery vase.  
Then, in the name of the Association  
as a whole, Mrs. Reeves presented  
Mrs. Warnick with her past-presi-  
dent's pin, a token which each re-  
tiring executive in turn is given as  
a reminder of her service in office.

Mrs. Reeves has already named  
her executive members for the forth-  
coming year, and wheels have been  
set

## YWCA NOTES

Thursday, June 27, the Y.W.C.A. Day Camp Committee, Mrs. William Matlack, of Moorestown, chairman, will be hostesses at an all day meeting of the Camp Shining Arrow staff. The day will start with a general discussion of program, followed by a lunch provided by the committee. In the afternoon final plans for the day camp will be made. The meeting, which will be held at the camp site, will also allow time for swimming and other recreation.

This formally starts the training in counselling which the camp offers to its helpers. Besides an opportunity to spend sixteen days in pleasant out-of-doors surroundings this is the only remuneration which these public spirited young women receive for this work.

## Staff

The staff for this summer includes: Swimming, Betty Reeder, of Bordentown, Dottie Reeder, of Columbus, and Martha Reeder, of Columbus; boating, Marion Cramer, of Birmingham, Alice Bruce, New Lisbon, Dorothy Cooper, New Lisbon, and Jane Townsend, Mt. Holly, sports, archery, Adella O'Donnell, Mt. Holly; tennis, Betty DeLaRo, of Florence; softball, Marie Elbertson, of Mt. Holly; crafts, Hannah Lippincott, of Columbus; sketching, Dottie Evans, of Medford; library and newspaper, Martha Cowperthwaite, of Medford; and Kitty Smith, of Marlton. Pioneering, Mary Claire Bruce, Moorestown, and Elizabeth Underwood, of Mt. Holly; nature, Jane Nack, of Mt. Holly, and Veronica Bradley, of Wrightstown; dramatics, Peggy O'Manoney, of Mt. Holly; office, Betty McGrath, of Roeboling.

Other appointments in nature study and sports and the appointment of a camp nurse will be made before the camp opens on July ninth.

Beginning with Monday, June 17, the regular hours for the Y.W.C.A. office will be from 8.30 to 4.30 daily, except Saturday when the office will be closed. Beginning with Tuesday, July 9, the office will be closed on Tuesday, July 9, 16, 23, and 30, as well as on Saturdays. This is to make possible Miss Jean Lee's services at the Day Camp at New Lisbon. The office will be open throughout July with these exceptions and the materials available in the office may be borrowed as usual. Since Miss Slim will be camp director she will not be available during July for other Y.W.C.A. program service, except by special appointment.

## PROPOSES SCHOOL ARMY

In a plan destined to provide a permanent trained reserve of two million men, for the defense of the United States, Representative Kent E. Keller, (Democrat) of Illinois, recently introduced a bill in the House of Representatives, for the creation of The American School Army.

To begin with the plan calls for the training of 21,850 youths between the ages of 15 and 18, each year in military, vocational and academic education to be increased as found necessary. These cadets are to be selected according to the apportionment of the various Congressional Districts. In the Keller Plan, the Educational Board, under the Chairmanship of the United States Commissioner of Education, has charge of the academic and vocational training and is to cooperate with the War Department which provides the housing, discipline and military training. There is to be no educational requirement. The only bar against a boy who wishes to enter is a physical defect which can not be corrected by care and training or mental deficiency as to be classed incompetent. The plan is to have enlistment entirely voluntary.

In reviewing the merits of his bill in Washington, Mr. Keller stated:

"I repeat that no country will attack America, with our unlimited resources if America is fully prepared. The countries that understand nothing but force, can be met only by force. America must start now and fully prepare not only for the present time, but for all time to come. The American School Army plan will provide an adequate defense for future time. Twenty years from now there would be on the rolls of the United States Army, 2,000,000 men

who would have had thorough military training in their formative years who will be sounder of body and trained of hand and mind in the event they should have to bear arms in defense of this glorious country. "It is my sincere wish that we will never have cause to use the services of these young men in this way, and it grows more apparent day by day that the way to keep from sacrificing young men's lives needlessly is to be fully prepared. Toward this end I have worked out the American School Army plan with the cooperation of the Office of Education and the United States Army."

## AN EMERGENCY

The Y.W.C.A. is again serving women and children stranded in the war zones.

These tragic days are pierced with but one thin shaft of light—our opportunity for service to those whose lives have been shattered. An emergency call has gone out from the Federal Council of the Churches of Christ in America to all pastors and members of Christian Churches listing seven areas of service to which church people should contribute. One paragraph in that emergency call reads:

"The Y.W.C.A. is carrying on war emergency work to provide centers of refuge, counsel and friendly service for women and girls uprooted and stranded in Europe. Trained staff and experienced volunteer personnel are already on the spot. Many of the European Y.W.C.A. leaders are themselves refugees and ready to aid in reuniting families, relieving distress, and fighting moral decay on behalf of French, Belgian, Dutch, Polish and other women and children and the evacuated civilians in France and elsewhere. The greatest need is for emergency funds which are beyond the capacity and responsibility of the Y.W.C.A. constituency alone to provide."

## \$75,000 Needed

To maintain these emergency services for women and girls \$75,000 is required. Contributors to church relief appeals may designate some of their church gifts for the Europe Y.W.C.A. Emergency Committee. The church will get the credit for their contributions.

The safety of the funds contributed is assured. They are held in a dollar account by the National Board in New York and are transmitted in limited amounts as directed by cable from the World's Y.W.C.A. for specific daily needs. They are thus safeguarded for administration through trusted Y.W.C.A. personnel in Europe. This work is coordinated with that of other international organizations such as the Red Cross so that there will be no duplication.

## Raising Funds

In addition to cooperating with churches to raise funds for this emergency Y.W.C.A. members are urged to do their bit directly for the Europe Y.W.C.A. Emergency Committee and for the Red Cross. The Y.W.C.A. Committee needs funds. The Red Cross needs both funds and work. Summer is a bad time to campaign for funds, but unfortunately is the best time to campaign for military advantage and civilian distress. Therefore let us turn our own summer socials into occasions that will raise money or contribute work to those organizations which are relieving distress. Members of the board of directors of the Burlington County Y.W.C.A. present at the meeting on June 18 pledged themselves to raise one dollar per month through the summer for the Europe Y.W.C.A. Emergency Committee.

Contributions to the Red Cross should be sent to the local chairman. Contributions to the European Y.W.C.A. Emergency Committee should be sent to Mrs. William Matlack, Moorestown.

## BOY SCOUT NEWS

Over 135 tired, but happy Boy Scouts and their leaders returned to Burlington county last Saturday night from the New York World's Fair. Troop 13, of Bordentown, under Scoutmaster Calvin Snyder had 22 Scouts in their party.

William C. Coles, Jr., with Dr. L. P. Hall and Arthur B. Harris, all of Moorestown, had 22 Scouts in their party, which included Scouts of Troop 4 and 30 of Moorestown and Troop 7, of Lenola.

William E. Wilkins, Scoutmaster of Troop 14, of Marlton, had 15 Scouts.

Scoutmaster Logan B. Morris had five Scouts from Mt. Holly. Scoutmaster Harold M. Gibbs had 18 Scouts from Troop 35, of Vincentown, accompanied by Dr. and Mrs. H. T. Irick, and Reverend Smith.

Four Scouts of Troop 5, of Beverly, joined with Troop 13, of Bordentown.

Troop 3, of Roeboling, under Scoutmaster Fred M. Linda and Sea Scout Ship 3, of Roeboling, under Skipper John M. Buzash.

The Explorer Patrol of Troop 2, of Riverside, was under the leadership of Assistant Scoutmaster George Widmaier; and Scoutmaster Nelson J. Ross.

Scoutmaster of Troop 9, Palmyra, with five Scouts, were at the Fair. They all joined with 35,000 other Scouts from New Jersey, New York and New England in a program in the Court of Peace to help celebrate the 90th birthday of Uncle Dan Beard, National Scout Commissioner. The Scouts cheered wildly, waving their neckerchiefs, making a colorful site when Uncle Dan came to the microphone to speak to the boys. A giant birthday cake with candles was on the platform of the United States Government Building and after the singing of "Happy Birthday to You, Uncle Dan," which was led by Lanny Ross, a Scout climbed out of the center of the birthday cake to salute Uncle Dan. Other speakers were Walter W. Head, president of the Boy Scouts of America; and Dr. James E. West, Chief Scout Executive and editor of Boys' Life.

## Y.W.C.A. DAY CAMP OPENS ON JULY 9th

Approximately 125 girls in Burlington County are awaiting eagerly the arrival of Tuesday morning, July 9, when the Y.W.C.A. Day Camp Camp Shining Arrow, will open. The first day will be devoted to tests for swimming and selection of activities by the campers. After that the program will be in full swing with swimming instruction and more strenuous games filling the mornings and such things as crafts, nature study, newspaper, and archery during the heat of the afternoon.

Many special events have been planned for the season. Among them are a trip through the Lebanon State Forest, a visit to the bog gardens at White's Bog and a story hour by Miss Hannah Severns, of the Moorestown Library.

Fridays will be visitors' days. For each of these some special site exhibit will be prepared. The entire afternoon of Friday, August 2, the last day of camp, will be devoted to a pageant based on camp activities and to exhibits from the many interest groups. Families and friends of the campers are requested to visit the camp only on Fridays to enable the program to continue without interruptions during the week.

## LIFE SAVING PROGRAM

The County Red Cross Life Saving program has been started and will continue for eight or nine weeks. Miss Katherine M. Gillam, of Mount Holly, who did such successful work last summer, is again instructor and will visit about 19 bathing beaches each week.

The instruction is free of charge and all swimmers are urged to join the classes in their own localities, or wherever it is convenient. The summer schedule will be as follows:

Monday—1.00 to 3.00, Palmyra (Pennsauken Creek); 3.30 to 4.30, Delanco; 6.30 to 8.30, Burlington (foot of Stacy street).

Tuesday—10.30 to 12.00, Sylvan Lakes; 1.00 to 2.30, Beverly; 3.00 to 5.00, Olympic Lake.

Wednesday—10.30 to 12.00, Camp Ockanickon and Camp Matollione-quay; 1.00 to 3.00, Lake Pine; 3.15 to 3.45, Medford Lakes; 4.00 to 6.00, Taunton Lakes.

Thursday—10.30 to 12.00, Hainesport; 1.00 to 2.45, Pemberton (Rancocas Creek); 3.00 to 5.00, Browns Mills (Dix Beach).

Friday—9.30 to 12.00, Y. W. C. A. Day Camp at New Lisbon; 1.00 to 2.45, Bordentown; 3.00 to 5.00, Fieldsboro.

Saturday—10.30 to 12.00, Mount

## Country Club Notes

Second round matches in the Club Championship Tournament played during the past week include the following:

Hemphill beat Conroy, 1 up.  
Meyer beat Lamon, 4 and 3.  
Hackett beat Loney, 4 and 3.  
Lippincott beat Farrell, 2 and 1.

## HATHAWAY SPEAKER

At the recent meeting of the Ladies Auxiliary of the Parry Fire Company the guest speaker was Chief Henry P. Hathaway, of the Company.

Chief Hathaway presented a most interesting discourse on a topic of general interest.

Somebody writes to know what constitutes high society at Washington. At Washington the upper crust constitutes those who pass the berries to the lower crust.

## YMCA BRIEFS

Following is a picture of some of the scope of the Y.M.C.A. activity here: The members of the Home Vacation Camp spent a total of 800 days in connection with this project, which included swimming, craft work, hikes, educational trips, soft ball leagues, etc. The total attendance at the various dances sponsored by the Women's Auxiliary for the first time this past season—180. 2160 is the total number of hours spent by boys in the supervised playground activity periods at the Y.M.C.A. building. There were 148 entries in the pet show which was organized by the Y.M.C.A. in conjunction with the observance of Youth Week. 318 boys took active part in winter hikes, educational trips, and winter camping. 212 boys participated in basketball games played with other groups throughout the county.

There are over 150 participating in scheduled soft ball and basketball games. 75 boys took part in two Gra-Y ping pong tournaments held at the "Y" building during last winter.

## Over 12,000

The attendance of boys and girls at various Y.M.C.A. functions and activities was over 12,000. Of course, many of them were repeaters and attending a number of times.

Secretary Reeder also pointed out that the Home Vacation Camp Program will again be conducted at the Y.M.C.A. in Palmyra. This year the dates are July 9 to August 2. Forty boys to date have signed up.

The above figures do not include visitors at the Y.M.C.A. building, leadership training meetings, the activities of the Women's Auxiliary.

## Building Used Much

In various state-wide and national Y.M.C.A. events, this section of the county has been represented. Five high school boys represented the two towns in attendance at the State Older Boys' Conference in Jersey City last December. Last summer four boys attended the Y.M.C.A. Day at the World's Fair. This summer two boys from the Lincoln Hi-Y will attend the National Hi-Y Congress at Oberlin, Ohio, June 24-28—Raymond Schill and David Hough. With the completion in March of the work of installing a new oil burner and generally repairing the Y.M.C.A. building inside, it has been in constant use.

## Y.M.C.A. Day at World's Fair

Twenty-five big Y.M.C.A. events will be a part of the observance of the Y.M.C.A. Day at the New York World's Fair, Tuesday, July 9.

There will be a Y.M.C.A. sport championship events, basketball, wrestling, volleyball, fencing, tumbling, gymnastics and weight lifting. Basketball was played in 1892 will be demonstrated in costume, with the original 12 basketball rules. There will be Y.M.C.A. bands, choruses, dramatic groups, glue clubs, orchestras, pageants and the Pennsylvania Railroad Y.M.C.A. Chorus of 100 men.

The judges include New York's Mayor, Fiorello H. LaGuardia, Dr. James Rowland Angell, Floyd W. Reeves, Robert Littell and Dorothy Canfield Fisher.

10,000 "Y" members and friends are expected to participate in a great mass sing at the Court of Peace at 8.30 p.m. Ross Graham, Cities Service Hour baritone, will be a soloist at this sing.

Plans are being made for a Burlington County delegation at this gala Y.M.C.A. Day at the World's Fair.

## Camp Briefs

4-H Club members from South Jersey are at Camp Ockanickon this week. Nearly 300 were also there last week. Directors C. A. Duran and Mrs. Evelyn Smith will have their camp staff assembled in advance of the arrival of the campers for a two-day conference beginning July 4. The Y.M.C.A. Camps open Saturday, July 6 for a 6 weeks period. There are still opportunities to enroll for any of the weeks of camp. A 1940 illustrated booklet may be had upon request to the County Y.M.C.A. Office, Mount Holly.

It is said that if all the fifth columns were removed in Washington some of the bureau might collapse.

## Resolution By Local Club

At the meeting of the Business and Professional Men's Club, of Palmyra and Riverton, held on Tuesday afternoon of this week, the following resolution was passed by the unanimous vote:

"WHEREAS the world today is in the throes of conflict causing serious hardships on all civilized nations of the world, and

"WHEREAS great consternation and realization of the inadequacy of the national defenses of the United States of America is apparent to all American citizens, and

"WHEREAS in the most recent months it has been learned that we are far from being prepared in case of an invasion upon our shores and realizing the necessity of immediate preparedness, therefore be it

"RESOLVED that it is the sense of the members of the Business and Professional Men's Club of Palmyra and Riverton, New Jersey, that an emergency does exist and that it is absolutely necessary that the government of these United States do all in its power to expedite the defense program and that the President of these United States and Congress be memorialized to take whatever legislative action that is necessary to meet the present emergency situation and

"BE IT FURTHER RESOLVED that a certified copy of this resolution be sent to his excellency, Franklin D. Roosevelt, President of the United States, the Hon. W. Warren Barbour and the Hon. William S. Smathers, United States Senators from New Jersey and the Hon. D. Lane Powers, Congressman from the 4th Congressional District of the State of New Jersey."

The resolution was prepared by Christopher N. Peditto, member of the club.

Lamon Speaker  
The speaker of the day was Walter D. Lamon, Jr., who talked on the present real estate situation in the United States.

Mr. Lamon presented most interesting data, included among the facts were that experts predict a most energetic boom in real estate during the present year. Plans are being made by Jack

Dawley for the club members to visit the General Motors assembly plant in Linden within the next two or three weeks.

We'd make more friendly social calls if we didn't have to play with so many dogs, admire so many children, and look at so many of our hosts' movies.

## Drivers Won't Hit What They Can See

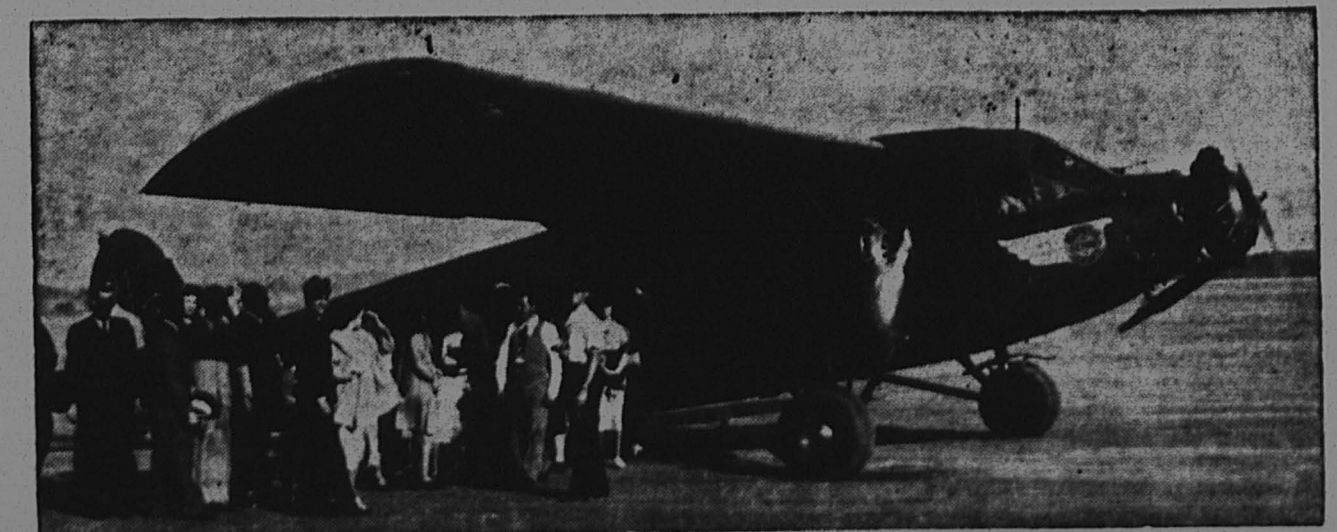

No single factor contributes more to the traffic accident problem than the pedestrian's invisibility at night, according to "Smash Hits of the Year," tenth annual booklet published by The Travelers Insurance Company in the interests of highway safety. Few pedestrians, and especially those who are not drivers themselves, realize how difficult it is for approaching drivers to see them during dusk and darkness, the booklet asserts. If the walker is wearing dark clothing, less than five per cent of the light which falls on him is reflected back to the driver's eyes. Rain, wet pavements and glaring headlights make matters even worse. When wearing dark clothing the pedestrian is all but invisible at a mere 100 feet away. It is shown. If he wears something white, or carries a handkerchief or newspaper, he can be seen fairly easily at that distance. "Never depend upon the driver's ability to see you at night," the booklet urges.

## RED CROSS NEWS

An important correction should be brought to the attention of the public in general. It was originally stated that the national quota in the recent drive for money for war relief was ten million dollars, and that the Riverton and Cinnaminson quota was \$600. Shortly following this announcement, the national quota was raised to twenty million, which automatically doubled the quota for every town. Hence, this community's minimum is \$1200.

Do not let misunderstanding lessen your efforts. The need is very great. Those who have not yet contributed, and any who would like to add to their first contribution can send their checks to Mrs. Nathan Lane, 305 Highway, Riverton, who is the local chairman.

The committee is much gratified by the response of the women who have come to the Porch Club to sew, and those who have taken work home, and is very grateful to all those who have helped. As a result, the twenty-four dresses are completed, so the sewing days at the Porch Club will be discontinued until further notice.

It is interesting to know that the Burlington County chapter has distributed to all parts of the county 325 pounds of wool for sweaters and socks. Much of this has already been made into wearing apparel. There is wool still available for socks, however, in Riverton, and it is earnestly hoped this will be knitted during July.

If you can do this work, will you call Mrs. Graff, Riverton 99-J, and the wool will be delivered to you. A new shipment of wool will soon be received, so if you can knit a sweater, or crochets a shawl during the summer, call Mrs. Graff, and the wool will be sent to you as soon as it arrives in Riverton.

One of the classes in the Baptist Sunday school is knitting an Afghan from wool supplied by another class in the same Sunday school. This is a very commendable project, and it is to be hoped that other organizations will follow their example.

## We Need A Plan

Military experts in the United States are pointing out that if we really want to put Uncle Sam in a good state of defense we will have to have a sound plan and then work to it, without the intervention of terrorism or mass hysteria. Some people seem to have the idea that since the President appointed an armament board and Congress appropriated five billion dollars, it's all over but the shouting.

This, however, is only the beginning. If we are going to build the right kind of defensive machinery in the United States—and of course we should do so—then we ought to make up our minds first just how much of the Western Hemisphere we are going to defend and how. Is our real sphere of interest the entire hemisphere, north and south of the equator, including the islands in the Atlantic and the Philippines on the other side? Or do we want to restrict our defensive measures, first, to a somewhat more limited sphere?

Here are some questions that ought to be answered first. The United States never, so far as anybody knows, had a well outlined policy of defense. This has been due in great part to the belief that we are too far away from Europe and Asia for successful attack. But now that we have become jittery and a great many people seem to believe that the enemy will be on Long Island or in the Hawaiian Islands during the next few weeks, a different sort of idea is sweeping over the country.

Just how soon we could be attacked from abroad by any considerable force is a matter for debate. But certainly, if we want to build up our defenses—and we do—then we ought to adopt a sound military and naval plan and work to it.

In no other way can we insure the United States against attack. This cannot be done in a day or a week or a month, and it will never be done unless we set about it in the right way and devote the best minds in the nation to the task, regardless of politics.

## Training and Discipline

There is much talk now of conscription, of a military training system for the United States such as Europe long has had. It is made to appear as part of the movement, inspired by the recent events overseas, that young Americans must at once be conscripted to meet a military contingency. And yet there are no special training facilities, and nothing with which to arm the young conscripts if they should be called up to the colors now.

Meantime, while the President asks added millions for the training of young men in civilian occupations and hints at conscription, Mrs. Roosevelt speaks up in opposition to compulsory military training, but advocates that the government spend money to train youth in "other services essential to national defense." Certainly we do not want to become a militaristic nation and the conscription idea is not necessary of consideration now. It is part of the window dressing, the scare stuff, to arouse the people to putting blind faith in an administration. If the occasion arises, nothing should stand in the way of protecting the nation, and youths certainly should not and will not be expected to go to war without training.

But in the meantime there is no reason in common sense why the youth who willingly go to the government for assistance in earning a living should not learn the rudiments of military science or why they should not be subject to discipline. In the C.C.C. for instance, where facilities are available hundreds of thousands of young men have been fed, clothed and paid by the government. They got better quarters, better food, better clothes and greater liberties on the whole than the nation's private soldier's. Their hours were short; the work seldom difficult. They were mostly youngsters in need of discipline, yet an officer in charge who tried to even lecture them for laxness in work or in following camp rules was liable to censure from above. Meantime, boys attending colleges aided by government (and many other colleges, too) were required to take a certain course in military training, much to their benefit.

A sizeable army, bigger than either our regular army or our

national guard, could have been partially trained in the essentials of national defense while the government was supporting them in the C.C.C. But even now, with his dire predictions of disaster, the President opposes military discipline in the camps: the N.Y.A. goes its easy way; and there is talk of military conscription while a vast army of those of military age continue on the government youth programs without discipline and without the basic essentials of military training.—Enid, Okla., News.

## Word From Brazil

American diplomats both in our own country and "south of the border" are noting with surprise what they call a pro-Facist speech which was delivered the other day by President Vargas of Brazil, only a few hours after President Roosevelt had delivered one denouncing Mussolini for entering the war against the allies.

President Vargas, who is himself a dictator, had been counted as friendly to the democratic ideals of the Western Hemisphere. His recent address, however, did not bear out this idea.

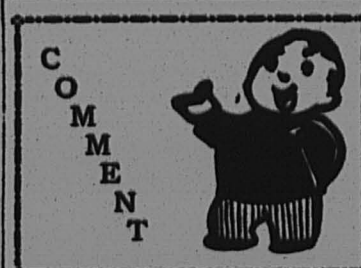

The Brazilian dictator said a new era is in the making and that the time of decadent liberalism is past. He also declared: "The new order, created by the new circumstances that direct nations, is incompatible with individualism, especially when it clashes with collective interests; luckily Brazil has created a regime adequate to its necessities. It is not imitating nor is it affiliated with any doctrinaire currents or ideologies existing elsewhere.

There is nothing particularly reassuring or democratic about these statements. At best they only seek to show that Brazil has its own brand of facism, one different from that of other countries. But the same thing is claimed by each totalitarian country in Europe.

In other South American countries, where it was believed that Brazil, the biggest country on the lower continent, would "go along" with the United States, much amazement was expressed. Some who would apologize for Vargas declare that he was forced to make the kind of speech he did because his cabinet is so strongly pro-Facist. But there is nothing particularly comforting in this assurance. If the cabinet is pro-Facist how about the head of the government?

In Washington it was declared that Vargas had made the speech for "home consumption." But there is no comfort in the assurance of this explanation either. If the Brazilian president was forced to hide his real sentiments and make a Facist speech because his country demands that kind of talk then there is something wrong with the Democratic ideals of the people themselves.

Here is another indication that we must apply realism to our summary of the situation in Pan-America.

## THE SOUTHERN INVASION

Route 25 is a splendid highway. It should be entirely adequate for almost any volume of traffic, but when the southern trucks take over every afternoon and evening it is doubtful whether a 10 lane highway would be sufficiently large for these road hogs.

One night last week five of these motor freight cars staged a "you shall not pass" act as they blocked both lanes of the eastbound portion of the road, jockeying for position in the manner of race track drivers. Since all were traveling at about the same rate of speed the battle for the lead went on for several miles. Meanwhile, any motorist that tried to pass the caravan took a long chance of getting through the blockade successfully.

An Englishwoman was awarded a divorce the other day because her husband hadn't spoken to her around the house for seven years. Maybe the poor fellow never had a chance.

One thing Europe is almost sure to get as a result of this war, no matter which side wins, is a first class famine. And we are still paying our farmers a billion a year to reduce production.

A lot of easy going young fellows have been ruined by the high pressure salesman's slogan "only a dollar down."

## ARMY RECRUITING

Colonel L. B. Magruder, recruiting officer for the army in New York,

New Jersey and Delaware, the three states comprising the second corps area, from his office in the Army building at 39 Whitehall street, New York, N. Y., announced the largest requisition for recruits ever to be made in the second corps area in recent years.

In addition to unfilled quotas now in the process of being filled, 2,879 vacancies for the second corps area, to be filled by August 31, were allotted to the recruiting service. One hundred eighty-three openings for the signal corps in the Panama Canal department brought this total to 3,062 enlistments to be filled by August 31.

## Totals

Colonel Magruder listed the totals for the different posts in the second corps area as follows: Fort Niagara, N. Y., 618; field artillery, Madison Barracks, N. Y., 122; quartermaster corps at large, 188; 18th Infantry, Fort Hamilton, N. Y., 140; second and third battalions, 18th Infantry, Fort Wadsworth, N. Y., 224; 62nd coast artillery, anti-aircraft, Fort Totten, Long Island, N. Y., 127; coast artillery, railway, Fort Hancock, Sandy Hook, N. J., 74; 26th Infantry, Plattsburg Barracks, N. Y., 277; 16th Infantry, Fort Jay, Governors Island, N. Y., 165; and the recruit training center, ordnance department, Raritan arsenal, Metuchen, N. J., 194.

The quota for the Southern New Jersey District is approximately 225 men.

This expansion of the army presents an excellent opportunity for young men who desire to learn a good trade and at the same time insure their country's national defense. It was announced at the same time by Captain W. S. Bryant, assistant recruiting officer, southern New Jersey recruiting district, whose office is at Room 410, New Post Office building, Camden, New Jersey. Captain Bryant and his staff maintain recruiting offices in the post offices in Atlantic City, Bridgeton, New Brunswick, Perth Amboy and Trenton.

## Right to Practice Medicine Granted to 398 in New Jersey in 1939

Licenses to practice medicine in New Jersey were issued to 398 persons in 1939, according to a recent issue of the Journal of the American Medical Association. However, only 210 of these licensees represent additions to the number of physicians practicing medicine in the state. Some physicians are licensed to practice in several states and some physicians licensed to practice in New Jersey do not actually practice in the state.

New Jersey ranked second among the states in the number of licensees granted to graduates of foreign schools. New Jersey ranked first among the states in the number of osteopaths granted full licensure to practice medicine.

The names of 6,043 physicians were added to the number practicing in the United States in 1939. The net increase was about 2,300, after deducting the number of practicing physicians who died in 1939.

This feature is prepared by the Burlington County Medical Society and the Medical Society of New Jersey.

## RIVERTON LOSES IN LAST FRAME

Carhart Hurls Nicely For  
Eight Innings Against  
Jersey Tigers

Riverton was unable to stage off a ninth rally by the Jersey Tigers, of Piverside, last Saturday afternoon, at Memorial Park, with the result that the invaders were able to leave the field on the long end of a 9-6 count.

Carhart was the starting pitcher for the locals and did a fine job for eight frames. The opposition scored a brace of markers in the first frame with two away. Both came as a result of a damaging error after Nociti tripped into left.

From then on the Riverton pitcher was in complete master: of the situation allowing no further hits until a lone one came in the seventh. This was of little value since the runner was picked off first.

## Scored Tied

The homesters knotted the count in the third at 2-all, singles by Kemmerle and Schneider being contributing factors. They went ahead in the fourth as a result of an error and hits from the bats of Schneider and Carhart. The fifth was another score-producing frame when the opposition staged an ascension and three safeties were good for as many markers.

With the count reading 5-2 going into the eighth things looked very well indeed and, when the opposition tabbed a pair of markers in the eighth, there appeared little cause for alarm.

The ninth was a different story, however, as the first four Tiger batters hit safely. Carhart was given the office to retire and Leonard took over the hurling chores. The enemy took to bunting at this stage and two rolled for hits all in all, the opposition knocked seven one bases in this session and these produced five tallies and the ball game.

After hitting safely in every frame except the first, the locals expired meekly in their final stand.

Both pitchers had excellent control, Carhart giving no free tickets, while Hamlin issued only one.

Riverton got 12 hits and the enemy 14, the difference being that the Tigers bunched 10 of their in the last two stanzas.

## SCOUT TROOP AT FAIR

Two more applications have been received for the World's Fair Boy Scout Service Troop. They are Milton B. Deitz, of Troop 5, of Palmyra, and Jack M. Evans, of Troop 11, Maple Shade. This makes seven Scouts who have signed up for the World's Fair Troop. This group will participate in a service capacity at the New York World's Fair during the week of August 19th.

## U. S. AUTOMOBILE STATISTICS

The United States has 68 per cent of all motor vehicles registered in the world, the Keystone Automobile Club says in a statement of automotive facts and figures designed to answer questions frequently asked. This country has more than 30,000,000 vehicles, while all the rest of the world has approximately 14,000,000.

Sixty-six per cent of world automobile production is centered in the United States and Canada, and 81 per cent of American-made cars sold in this country. More than 6,500,000 workers are employed directly and indirectly in motor transport, including manufacture, refining, sales, servicing, road building, trucking and bus operation. Pennsylvania's total this employed is 386,400. New Jersey's 196,500, and Maryland's 62,600.

## Sixes Lead

Six-cylinder automobiles and trucks lead all others, although in 1928 four-cylinder cars represented 50.7 of the country's production. Four-cylinder vehicles declined and six-cylinder cars began the ascendancy in 1929, until at the beginning of 1939 the percentages were: Four-cylinder, 0.8; six cylinder, 62.8; eight cylinder, 35.4, and twelve and sixteen cylinder, 1.0 per cent.

Four-door sedans are the most popular type of passenger vehicle, their number produced being now more than 45 per cent of the total production of all types. Two-door sedans are second, comprising 35 per cent of the country's production. Touring cars, which in 1927 were 8 per cent of production, dropped to 2.4 per cent last year.

The automotive industry uses 69 per cent of all the plate glass manufactured in the country, 63,000,000 square feet in a total production of 91,000,000 square feet annually. It also uses 65 per cent of the leather produced in United States—21,156,000 square feet.

## RED CROSS DONATIONS STILL COMING IN

With the Red Cross flag flying from the County Red Cross headquarters, contributions for the war relief fund are still coming in and it is expected the County quota of \$12,000 will be raised, even though only three-quarters of that amount is as good at this date.

As soon as received the money is forwarded to Washington, as the need is very urgent. Money contributed to the war relief fund is being used entirely for Red Cross relief in the war-stricken countries. No part of the fund will be used in the normal domestic program of the Red Cross.

Contributors may be sure that none of the relief supplies nor any of the funds raised in the present emergency campaign will be distributed where the American Red Cross does not have complete liberty of action and proper safeguards to insure the relief gets to those for whom it is intended.

In this County Jobstown, Maple Shade, Columbus, Riverside, Palmyra, Riverton, Beverly and Bordentown have gone over the top and still money is coming in from those towns.

Under Mrs. J. Frank Schuyler, production chairman, wool and dress materials have been distributed all over the county and people are not only willing, but anxious to work and assist those in distress from the war. The demand for these materials is so great that Mrs. Schuyler has great difficulty in keeping a supply on hand.

Women's dresses, sweaters, socks and shawls, are being made and at this time over 3,000 articles of clothing have been shipped from the county.

Sunday, June 30, has been designated as a day on which all Churches will urge support of the Red Cross War Relief Fund, stressing the great need of assistance and have a special collection for the fund.

Even children are denying themselves little pleasures in order to give to the children in need in the war zone.

GIRLS TENNIS TEAM WINNER

The girls team of the Palmyra Tennis Club chalked up a victory in their first match of the season by beating the Gloucester City team by a 4-3 score. Gloucester took three out of the five singles but the Palmyra doubles team came back to take

both matches and win. Results of the contest—Singles: Grace Sippel, won over Flynn, Gloucester. 6-2, 6-0. Wood, Gloucester, defeated Doris Steedle, Palmyra. 6-3, 1-6, 8-6. Bell, of Gloucester, won from Betty Baker, Palmyra. 6-3, 7-4. Betty Haines, Palmyra, defeated Klotz, Gloucester. 7-5, 6-3. Schegel, Gloucester, won over Dorothy Rieger, Palmyra. 6-4, 7-5.

Doubles: Sippel and Steedle, Palmyra, defeated Heckman and Lane, Gloucester. 6-1, 6-0. While Baker and Haines, Palmyra, defeated Casey and Lawson, Gloucester. 6-3, 6-2.

The men's team of the club will endeavor to get in the win column when they play the strong Park Tennis Club, of Bridgeton, at the Palmyra municipal courts this Saturday, July 29th, starting at 2 o'clock.

Local Matches

Among the matches completed in the men's singles of the club tournament were: Charles Wynkoop, defeated William McCamy, 4-6, 6-4, 6-3. J. Marshall, set back Arthur Faunce, 6-3, 6-4. Sidney White won over Fred Wiggins, 6-4, 7-5. Harry Deemer, Jr., defeated W.

Women's dresses, sweaters, socks and shawls, are being made and at this time over 3,000 articles of clothing have been shipped from the county.

## BIG JULY FOURTH PROGRAM PLANNED

(continued from page 1)

Benediction—Rev. Bates. Awarding of prizes. At 11 a.m. sailing races will be held at the Riverton Yacht Club, with several classes being entered, including Dusters, Comets and Stars. There will also be a free-for-all.

To Post Office Following the program at the river, part of the parade will counter-march to the new post office, where formal dedication exercises will be held. The complete program of this phase of the day's activities is published elsewhere in this issue of The New Era.

The building will be thrown open for public inspection after the exercises. At Park The afternoon opens with the usual children's athletic events at Memorial Park, starting at 1 o'clock. A tennis tournament, a new feature this year, will get under way at 1:00 and at 2 o'clock the drum and bugle corps will stage their usual colorful exhibition drill.

At 3:30 the hustling Riverton A.A. baseball team, under the guidance of Arthur Terrell, will engage the crack nine from the New York Ship Company, of Camden.

Fireworks The fireworks display will begin at 9 o'clock, the pieces being set off from the yacht club pier, as usual. The committee in charge of this finale on the program has spent much time in investigating the displays offered by various manufacturers and believes that the pyrotechnics this year will be up to the expectation of the thousands that jam every inch of the river bank to view the spectacle.

Athletic Events The following program of athletic events will be carried out at Memorial Park: Three Legged Race (bring own straps): Girls, 10 years and under. Sack Race: Boys, 10 years and under. Fifty Yard Dash: Girls, 15 years and under. Seventy-five Yard Dash: Boys, 15 years and under. Potato Race: Girls, 10 to 15 years. Baseball Throw: Girls, 10 to 15 years. Balloon Blowing Contest: Boys and girls under 15.

First, second and third prizes will be awarded for each event. The committee in charge is composed of Dr. J. Rowland Dey, chairman; Miss Grace Sippel, Lloyd Major, Walter Armstrong, Richard M. Woodward, Albert Farrow, Frank P. Coddington and G. Rex Howell.

Flag Parade Awards Prizes will be awarded as follows: Patriotic floats. Attractive floats. Original floats. Comical floats. First and second prizes in each class.

Most patriotic costume. Most attractive costume. Most original costume. Most comic costume. Baby carriages. Children pushing doll carriages. First, second and third prize in each class. Boys Velocipedes: First and second prize. Girls Velocipedes: First and second prize.

Boys bicycles. Girls bicycles. First, second and third prizes. All judging will be done during the parade and the prizes awarded from the front of the speakers platform immediately after the exercises.

Goodness and simplicity are indissolubly united.—Martineau.

## ABOUT THE COUNTY

Advance detachments of the 16th and 18th Infantry regiments arrived at Fort Dix last week to prepare for the arrival of troops this week-end for the summer training period.

The much disputed Dorrance tax case is back in the limelight because of a new legal action. Serving a demand on New Jersey officials, Burlington county moved to collect \$167,366 of the \$3,347,333 penalty received by New Jersey on the long-litigated inheritance tax of John T. Dorrance, late president of the Campbell Soup Company, of Camden.

The demand was served on State Comptroller Frank J. Murray, Jr., State Treasurer William H. Albright and Tax Commissioners J. H. Thayer and J. H. Thayer, Jr. The county asserting it was entitled to five per cent of the penalty as well as the five per cent of the tax relief.

Fires reported to the fire marshal by chiefs from the various towns of the county during the past month were as follows: Beverly, 3; Burlington City, 4; Burlington Township, 3; Bordentown, 4; Bridgeboro, 3; Cookstown, 1; Crosswicks, 1; Florence, 2; Hainesport, 3; Lenola, 1; Medford, 3; Marlton, 2; Mt. Holly, 8; Maple Shade, 9; Moorestown, 3; Riverside Park, 1; Vincentown, 3; Wrightstown, 1. The loss on buildings was \$1,610 and on contents \$385.

After six years of idleness at Dreude Harbor, the Wawaloam headed for the open sea last week.

**AN ORDINANCE OF THE BOROUGH OF RIVERTON IN THE COUNTY OF BURLINGTON REGULATING THE PARKING OF VEHICLES ON PORTIONS OF CERTAIN STREETS IN THE SAID BOROUGH; AND PRESCRIBING PENALTIES FOR THE VIOLATION OF THE TERMS AND PROVISIONS THEREOF**

BE IT ORDAINED BY THE Borough Council of The Borough of Riverton in the County of Burlington:

SECTION 1: That no person, at any time, shall park any vehicle on any of the hereinafter designated portions of streets in the said Borough of Riverton:

(a) The Southwesterly side of Main Street between Seventh Street and Eighth Street.

SECTION 2: That no person shall park any vehicle, for more than one hour continuously, on any of the hereinafter designated portions of streets in the said Borough of Riverton:

(a) The Southwesterly side of Main Street within 270 feet Northwestwardly from North Broad Street;

NOTICE

NOTICE is hereby given that an Ordinance of which the foregoing is a copy, was duly introduced and passed upon first reading by the Borough Council of The Borough of Riverton in the County of Burlington, State of New Jersey, at a meeting thereof held on the ninth day of May, 1940, and that the final passage and adoption of the said Ordinance will be considered by the said Borough Council at a meeting thereof to be held in the Council Room of the said Borough, on the second floor of the Fire House, situate on the Northwesterly side of Main Street between Main Street and Fifth Street, in the said Borough of Riverton, in the County of Burlington, State of New Jersey, on the eleventh day of July, 1940, at 7 o'clock in the evening. (Standard Time), at which place and time hearing concerning the said Ordinance will be afforded by the said Borough Council to all persons interested therein. By Order of the Borough Council of The Borough of Riverton in the County of Burlington. DANIEL M. CLIFTON, Borough Clerk. Dated: June 6, 1940.

to begin another log in its varied existence. The vessel, a familiar sight to motorists on the River road was completely reconditioned before its departure.

### MECHANICS NEEDED

Several hundred mechanics are needed for work in the national defense program, the United States Civil Service Commission announced this week. The Frankford Arsenal in Philadelphia needs machinists, toolmakers, and instrument makers. Workers in a number of trades are needed also at the Philadelphia Navy Yard: boatbuilders, boiler-makers, calkers and chippers (iron), copper-smiths, locksmiths, erecting machinists, aviation metalsmiths, shipfitters, and shipwrights. The Navy Yard could also use engineering assistants with experience or education on aeronautical work, for employment in the Naval Aircraft Factory. Aircraft welders and aircraft radio electricians are needed at the Middletown Air Depot in Middletown, Pennsylvania.

Applicants for most of the trades positions mentioned must have finished the recognized training period in the occupation for which they are applying, in most cases, a four-year apprenticeship. Copies of the announcements and application forms may be secured from the secretary, Board of U. S. Civil Service Examiners, at the post office in this city, or at any first or second class post office.

### SPORTS JOTTINGS

The German Kitchen softball team took the faltering Merchants into camp last Thursday night by the score of 6-4.

Riverton had little trouble in disposing of Oxley Legion last Wednesday night at Memorial Park, the score being 9-2. Leonard pitched the entire game.

Riverton meets the Resurrection Catholic Club of Philadelphia next Saturday and takes on Delanco Sunday afternoon. Both games will be played at Memorial Park, starting at 3 p.m.

The fast New York Ship outfit will be the attraction on Fourth of July afternoon. A lot of politicians have programs for rescuing agriculture but the best one we know of for helping the average farmer is proper cultivation of the soil and a timely shower now and then.

## ABOUT TOWN

The Post Rodgers carnival on the old athletic field, Palmyra, with its many attractions, is attracting large crowds this week. The affair continues until late Saturday night. Pay it a visit if you haven't already done so.

The condition of Chief William Gootee, of Riverton, who was taken ill several weeks ago is improving in a satisfactory manner, according to recent reports.

Finishing touches are being made on the new post office building preparatory to its opening on July 4. Much of the new furniture has already arrived.

Workmen are engaged in constructing radius curbs at several intersections in Riverton.

Swarms of hitch-hikers infested River road on Monday afternoon of this week.

The Palmyra dog catcher is still at work and a number of canines have been rescued from the pound by their owners upon the payment of the \$3.00 assessment.

The Riverton Fire Company answered a call on Saturday afternoon

of last week for a grass fire in the rear of the King property on Bank avenue. There was no damage.

The firemen also held a drill on Tuesday night of this week at Memorial Park.

The provision of lunches for the visiting drum and bugle corps members on Fourth of July is under the capable direction of a committee headed by George Borset.

The Triple Towns Democratic Club will hold a meeting this Friday

evening at the residence of Mr. and Mrs. Harry Tranchitella, of 422 Delaware avenue, starting at 8:15.

The Palmyra Artisans were entertained last Tuesday evening at their monthly meeting in the P. O. S. of A. hall by the famous baseball writer, Herbert Cushing, and the American League Baseball movie "Touching the Bases."

Mrs. Joseph Urban, of Jefferson street, Parry, was the 7th winner in the Parry Volunteer Fire Company Auxiliary merchandise club.

Mr. and Mrs. Albert King, and Mrs. Sarah Darnell, of Highland

avenue, and William Powell, of West Broad street, have returned home after spending ten days at their cottage at Avalon.

Alfred Wells, of Oxford Road, was given a surprise party by his friends in honor of his 21st birthday last Saturday night.

Mr. and Mrs. Albert Kahler, of West Broad street, are entertaining friends from Coatesville, Pa., this week.

Edgar Eck, of Columbia avenue, will entertain the members of the graduating class of the Sacred Heart School at a party at his home this evening.

"Christian Science" is the lesson-sermon subject for Sunday, June 20, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "The prophecy came not in old time by the will of man; but holy men of God spake as they were moved by the Holy Ghost." (II Peter 1:21).

Among the lesson-sermon citations is the following from the Bible: "I am come a light into the world, that whosoever believeth on me should not abide in darkness." (John 12:46).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science is dawning upon a material age. The great spiritual facts of being, like rays of light, shine in the darkness, though the darkness, comprehending them not, may deny their reality" (p. 546).

Fifteen educators the other day urged that the United States immediately get in the European war and send an army abroad. It need hardly be said that none of the fifteen is within the age of conscription.

## Wesleyan Men's Bible Class

## For the Men of the Community

"Truth crushed to earth shall rise again, the eternal years of God are hers." So wrote the poet Longfellow.

Truth has evidenced its indestructibility during the ages, in spite of martyrs lives and battlefields, its ultimate triumph is inevitable. This sublime fact we have need to keep ever before us, especially in these trying days.

"My Father, said Jesus, worketh hitherto and I work." Unseen, but ever active, the Mighty God controls the destiny of men and nations.

Selfish and unholy power may seem to prosper but only for a time. Truth will rise in triumph in the earth. "The eternal years of God are hers."

In this assurance of faith in the ultimate triumph of Truth and the overthrow of unrighteousness, our Bible Class will meet next Sunday morning.

Join with us in the study of the Eternal Truth as revealed in the Scriptures. "The word of the Lord endureth forever."

## CENTRAL BAPTIST CHURCH

Rev. George Lockett, B.D., Pastor  
Services Sunday, June 30th.  
Bible school, 10:00 a.m.—Mrs. Pen-  
cake, for 39 years a missionary of  
India, who is now living here in Pal-  
myra, will address an open session  
of the Bible School on this Sunday  
morning. Unquestionably she will be  
a most interesting speaker and it is  
hoped that all members will avail  
themselves of the opportunity of  
hearing Mrs. Pencake. Bring your  
visitors and friends.

Morning worship, 11:15 a.m.—"The Religion of the Cloak or Sword" will be the timely subject of the sermon by the Pastor. The choir, with their usual anthems, lends inspiration to the service.

Community Service at 7:00 p.m. in the Municipal Grove. This will be under the direction of Rev. William A. Boyd of the Epworth Methodist Church. Come out, expecting to hear a fine message and receive the help that these meetings afford and which every one needs. The public is invited.

The enthusiasm for the Sunday School picnic is being accelerated as the time approaches. Next Saturday at 9:30 a.m. buses will leave the church to take all those who desire to go on the picnic of the year. It will be held at Berlin (N. J.) Park. Children will be transported free, and adults for the sum of only 15 cents for the round trip. You cannot afford to stay home. Come out and bring your friends. Here's hoping the weather man is generous with his good weather.

## STAVELY-WOLFSCHMIDT

Mr. and Mrs. Emerson Wolf-  
schmidt, of 409 Seventh street, have  
announced the marriage of their  
daughter, Anna May Wolfschmidt, to  
Weesley Curtis Stavely, son of Mr.  
and Mrs. Curtis Stavely, of 16 West  
Charles street, Palmyra, on Satur-  
day, June 22.

The ceremony was performed at  
4 p.m. at the home of the Rev. H. L.  
Rowe, pastor of Bethany Lutheran  
Church.

Miss Dorothy Warden, of Bridge-  
boro, and Robert Stavely, brother of  
the groom, were the couple's only  
attendants.

A reception was held at the home  
of the bride's parents, following the  
ceremony.

The couple are now at home at  
409 Seventh street.

## ENGAGED

Mrs. Richard Taylor, of 317 Le-  
coney avenue, has announced the en-  
gagement of her daughter, Miss  
Alyce Chanley, to Dr. John B.  
Schmidt, Jr., son of Mr. and Mrs.  
John Schmidt, of White Horse. Miss  
Taylor was graduated from Palmyra  
High School and Dr. Schmidt is a  
professor in the Entomological De-  
partment of Rutgers University.  
The wedding will take place in Sep-  
tember.

In your patience possess ye your  
souls.—New Testament: Luke 21:19.

## WARNER-SARGENT

Christ Episcopal Church, Riverton,  
was the scene of a very pretty wed-  
ding on Saturday, July 22, at 4:30  
p.m., when Miss Dorothy Worcester  
Sargent, daughter of Mr. and Mrs.  
Gorham Parsons Sargent, became  
the bride of Mr. DeVer Knowlton  
Warner, of Bridgeport, Connecticut.

The ceremony was performed by  
the Rev. Francis E. Downs, rector  
of the church, and Lincoln Ridley  
played the wedding march.

The bride, who was given in mar-  
riage by her father, selected a gown  
of white marquisette, made with  
tight fitted bodice with bracelet  
sleeves and a full skirt. She wore a  
short tulle veil and carried a colonial  
bouquet of lilies of the valley, gar-  
denias and baby's breath.

Mrs. Thomas O. Hunter, of Cam-  
bridge, Mass., was matron of honor,  
wearing a green marquisette frock,  
with a small flowered hat matching  
her dress and tied in back with a  
wide velvet ribbon. She carried  
Talisman roses and blue delphinium.

The bridesmaids, Miss Evelyn  
Betz, of Baltimore, Md., and Miss  
Nancy Rice, of Beverly, Mass., were  
gowned alike in pink marquisette  
with small flowered hats matching  
their dresses and carried Talisman  
roses and delphinium.

Mr. Stuart T. Warner, of Bridge-  
port, Conn., brother of the groom,  
served as best man, and ushers were  
Morton F. Judd, of Stratford, Conn.,  
Stiles C. Goodsell, of Bridgeport,  
Conn., Wescott Houghton, of  
Bridgeport, Conn., and Wallace C.  
Riedell, of New City, L. I., N. Y.

Mrs. Sargent selected a gown of  
dusty rose chiffon with a leghorn  
picture hat trimmed in rose and blue  
chiffon. Her corsage was of garden-  
ias.

The bridegroom's mother appeared  
in a silk print with green back-  
ground and orchid flowers and wore  
an orchid straw hat. Her corsage  
was of orchids.

A reception was held at the home  
of the bride's parents immediately  
following the ceremony after which  
Mr. and Mrs. Warner left for their  
wedding journey.

They will be at home after July  
15 at 402 Lippincott avenue, River-  
ton.

## GRISCOM-NORTHROP

A large assemblage gathered in  
the Epworth Methodist Church, Sat-  
urday, June 22, for the wedding of  
Miss Patience A. Northrop, daughter  
of Mr. and Mrs. Earl Wilcox North-  
rop, of 221 Thomas avenue, and  
Lloyd E. Griscom, son of Mr. and  
Mrs. E. Griscom, of 318 Horace  
avenue, Palmyra.

The ceremony took place at 2:30  
o'clock, the Rev. W. A. Boyd, pas-  
tor of the church, officiating. Mrs.  
Rachel Lord, organist, played the  
wedding march and accompanied  
Mrs. Louis Jander in vocal selec-  
tions.

The bride, who was given in mar-  
riage by her father, wore a gown of  
ivory satin trimmed with heirloom  
lace and fashioned with a train and  
hoop skirt. Her fingertip veil was  
held by a crown outlined in pearls  
and her bouquet was of baby's  
breath, lilies of the valley and gar-  
denias.

Mrs. Robert Young, of Palmyra,  
served as matron of honor, and her  
gown was of yellow taffeta, made  
with a hoop skirt. A train of yellow  
flowers held her matching face veil  
and she carried a bouquet of corn-  
flowers and yellow snapdragons.

The bridesmaids, Miss Dorothy  
Shaner, Miss Helen Habfast and  
Mrs. E. J. Northrop, of Palmyra, and  
Miss Florence Santina, of Philadel-  
phia, wore gowns of blue taffeta,  
fashioned after that of the matron  
of honor, with matching face veils.  
They carried colonial bouquets of  
yellow daisies and snapdragons.

Ellsworth J. Northrop, brother of  
the bride, served as best man and  
ushers included Louis Jander, Walter  
Lamon, Jr., and Henry Wilbraham,  
of Palmyra, and Paul Guest, of Had-  
donfield.

After a reception at the home of  
the bride's parents the couple left  
for a wedding journey. They will  
be at home after July 15 at 301  
Leconey avenue.

INDIA DESCRIBED  
TO ROTARIANS

India, land of mystery and glaring  
contrasts, was most interestingly  
portrayed last week by Rev. H. O.  
Wyatt before the local Rotary Club.  
Ten years a missionary in Burma  
and India, Mr. Wyatt has first-hand  
knowledge of his subject gained in  
his years of residence there. He is  
now pastor of the North Baptist  
Church in Camden.

Dividing his talk into two sections,  
Mr. Wyatt first showed a series of  
colorful posters depicting scenes of  
typical tourist interest and explaining  
their social, religious and historical  
backgrounds—embellished his talk  
with a wealth of personal impres-  
sions which offered unusual interest  
to his listeners.

The second part of his talk carried  
intimate impressions of the divergent  
social, economic and political prob-  
lems of the castes and religions of  
the people. The incredible skill of  
the British in keeping reasonably  
harmonious relations between all the  
elements of such a society was ex-  
tended in high terms by Mr. Wyatt.  
Two principal and utterly antag-  
onistic religions with ceremonies and  
customs surrounding them which  
arouse constant conflict; innumerable  
castes which likewise bring friction  
into the simplest of daily activities;  
and seven hundred and twenty-six  
different languages and dialects  
which make even a common under-  
standing impossible are just some of  
the handicaps which administration  
of this vast empire, containing one-  
fifth of the population of the world,  
has had to contend.

The greatest tragedy that could  
come to this hapless land, believes  
Mr. Wyatt, would be sudden grant-  
ing of complete autonomy—a con-  
viction shared by large numbers of  
educated and thoughtful natives.

In the good old days, mother kept  
her coffee grinder in the kitchen.  
Now father keeps his in the garage.

## KNOW YOUR BANK

## The Birth of a Bank

Do you know how banks are organized? First  
a comprehensive analysis of the community is  
made. If the organizers are convinced that a  
new bank is feasible, an application for a char-  
ter is submitted showing the name of the bank,  
location, capital and surplus to be raised, and  
names of proposed incorporators and officers.

A national bank charter must be secured from  
the Comptroller of the Currency; a state bank  
or trust company charter must come from the  
state banking department.

The chartering authority makes an investiga-  
tion to justify opening a new bank. If the deci-  
sion is favorable, a permit to organize is issued,  
and stock may then be sold. When the stock has  
been successfully marketed, articles of associa-  
tion and an organization certificate are filed.  
The charter is then issued and the bank may  
commence business.

Children 6 to 14 will be taken the  
first two weeks in July. All girls and  
mothers are urged to visit this fine  
summer camp.

## No License

Gilbert Mace, of South Carolina,  
paid a fine of \$1.00 and costs, before  
Recorder W. H. Botger, of Riv-  
erton, Tuesday evening for driving  
without registration and without  
operator's license in a Maryland car.

Mace was picked up Tuesday  
morning about 1:45 o'clock by Officer  
Robinson and held until Tuesday  
evening, when his identity was estab-  
lished and registration and driver's  
license produced.

## PARK TENNIS NOTES

The tennis tournaments at Mem-

Monday when rain left the courts in  
unfit condition for play. There will  
be needed, some steady playing of

delay. This applies to men's singles  
and doubles and women's singles.  
All pairings are posted at the courts

Dawley Wins  
Short Contest

Rain called a halt to the Firemen-  
Dawley Olds softball game on Mon-  
day night of this week, at Memorial  
Park, as the Firemen were at bat  
in the beginning of the sixth frame.

The score was knotted at this  
point and the smoke-eaters had a  
runner on third with none out.

Unfortunately for them, or for-  
tunately for the Dawleyites, which-  
ever the viewpoint, the latter outfit  
was leading 6-5 at the end of the  
fifth and, since the score reverted to  
that point, the Olds outfit was the  
winner of the abbreviated fracas.

## Late Rally

The Firemen got off to a fine start,  
tabbing one marker in the first and  
adding three more in the following  
session.

The Olds aggregation coiled one  
in the second and tied things up at  
four-all in the fourth.

The Firemen promptly evened the  
count in the upper half of the fifth,  
but Dawley got two more in their  
portion of the same stanza.

Joe Yearly had three hits for the  
Firemen, one a double. His brother,  
Lester, also had two. Coles, for the  
winner, also got a brace of bingles.

Batteries—Firemen: Gonteski and  
P. McDermott; Dawley: Hubbs,  
Bonatelli and Fowler; Umpires—  
Rotenbury, Richman and Carhart.

COOL, clinking drinks with plen-

secret of these sisters. Summer en-

Betty, the sister on the left, is  
enthusiastic about the fruit punch  
pictured here. The bunch of grapes  
in the center of the punch bowl is  
held in place by a large block of  
ice made in the automatic refrig-

freezes water, colored with fruit  
juice. In the deep ice cream tray.

Here are mid-summer coolers

pineapple berry juice  
2 lbs. sugar 8 lemons  
3 cups boiling 8 oranges  
water 7 qts. cold  
1 pt. hot tea water

Cook pineapple, sugar and boil-

add tea and strain. When cold add  
fruit juice and cold water, adding  
ice a short time before serving.  
Maraschino or candied cherries,  
strawberries or mint leaves may  
be used as garnish. This recipe  
makes about ten quarts.

To vary this recipe, substitute  
other fruit juices for the straw-  
berry juice or leave out entirely.

## FORTNUM SPONSORS AIRPLANE FLIGHTS

Aviation week was ushered in today by the arrival at the Moorestown Airport of a twelve passenger Stinson Airliner which will remain for one week to stimulate airmindedness in Burlington county.

The visiting airliner is equipped with three powerful Lycoming motors, consuming over fifty-five gallons of gas per hour with a cruising speed of approximately two miles per minute. The chief pilot, Captain H. L. Meeks, is a veteran of the airways, having flown continuously for over fifteen years with many thousands of hours successful time logged. He holds the highest rating issued by the government for transport flying.

The operations manager for the Airliner Tour Service, Frank B. Fuhr, on his arrival here, stated that of the twenty-two states in which his company operates, New Jersey is outstanding for its beauty, Burlington County is especially a sight which must be seen from the air to be properly appreciated.

According to Mr. Fuhr, more and more people are going airminded and aviation has now taken its place as one of the safest means of travel. The combined airlines in the United States completed over a year of operations without an injury to passenger or member of crew, during which time they have flown over 850,000,000 passenger miles, a record exceeding any other means of travel.

In order to see just how many middle-aged folks are airminded, Lester S. Fortnum, Ford dealer in Bridgeboro and Palmyra, sponsor of the giant airliner, is giving one case of soft drinks to the oldest couple to fly Saturday and another on Sunday. This proved a success in St. Augustine, Fla., as in one plane load of passengers total ages were 865 years, the oldest being 92 years.

It is anticipated a great deal of interest will be created by the arrival of the airliner in Moorestown, the first since 1928, especially as the

Camden Airport might be closed in the near future. It is hoped the Moorestown field will be the center of aviation in South Jersey.

Flights will be made daily and Sunday, so that young and old may have the opportunity of viewing Burlington County from the air during aviation week. With each purchase at either Fortnum agency of \$1 or more a ticket will be given that entitles the holder to two rides for \$1.

### OBITUARY

#### JOSEPHINE C. NASH

Miss Josephine C. Nash died on Tuesday, June 19, at the home of her sister, Mrs. John Ford, of 621 Lincoln avenue.

Funeral services were held from her late residence on Monday at 8 a.m., with High Mass at the Church of the Sacred Heart at 9 a.m.

Interment was made in Pottsville, Pa.

Miss Nash was employed as a secretary in the executive department of the New Jersey Bell Telephone Company, Camden, for 18 years.

She was the daughter of the late Luke and Catherine Nash, and a niece of the Rt. Rev. Msgr. James Nash, of Philadelphia.

The deceased is survived by her sister, with whom she made her home.
