## NOTED AUTHOR SPEAKS HERE

Transported for a short time to the heart of the Canadian Rockies, members of the local Rotary Club last Thursday were thrilled with the beauty of the colored slides used by Dan McCowan, famous author and lecturer to illustrate his talk on the flora and fauna of this region. Mr. McCowan, author of several books, most recent of which is "Animals of the Canadian Rockies", was introduced by Dewees F. Showell.

Mr. McCowan, who lives in Philadelphia now during the winter season and spends his summers at Banf, is famous as a naturalist in the Canadian northwest and is a fellow of the Zoological Society. During the recent visit of King George and Queen Elizabeth to Canada he served as their guide and, in the course of his talk, told of that experience. The King, he said, was particularly delighted to have the fossil print of mollusk in a piece of stone gathered high in the Rockies.

An interesting feature of the lecture, which accompanied the showing of about 150 slides, was a recital of the habits of the animals depicted—including the pack rat which steals anything it can carry away, but which always leaves some token in place of the thing taken.

### Wins Prize

In keeping with the theme of the lecture was the drawing for an unnamed prize which the holder of the lucky ticket agreed to pay a dollar to the President's Birthday Fund. The winner, George Friday. The prize—a live opossum.

President Joseph Seel appointed as a nominating committee, to select a ticket of officers for the club year beginning July 1, Joseph S. Low, chairman; Dr. Charles S. Mills and Clifton P. Mayfield. E. Newbold Cooper, chairman of the committee on Rotary Information, told of a new club formed in New York City with 36 members, all from countries in which Rotary has been abolished by dictatorship.

Among those present as guests for the lecture were Xavier H. Walters, Commander James Ryan, C Bertram Marple, Jr., Harvey Moore, Stanley Bohn, Rev. D. Roe Haney and William Rodenbaugh.

## The Porch Club

Mrs. C. V. Devery, chairman of the music committee announces that the last concert of the season will be presented by Thomas Richner, pianist and Gordon Dilworth, baritone, Tuesday, February 10, at 2:30 p.m.

These young artists have a very fine musical background, having studied at the Juilliard School of Music. They have appeared with numerous orchestras and are winners of the Naumburg and McDowell Club awards. They appear under the concert management of Willard Matthews of New York City.

Those who are not club members and who desire to take advantage of this fine concert will be admitted for 50 cents. Tea will be served.

Library Bridge-Tea at Riverton Porch Club—Tuesday, February 17, at 2:00 p.m. Tickets fifty cents plus five cents tax.

## RIVERTON DONATES LARGE SUM IN RED CROSS DRIVE

Howard M. Rogers, chairman of the Red Cross campaign conducted recently in Riverton, reported this week that a sum slightly over \$3,800.00 has been conducted as a result of the drive.

This excellent showin is a fine tribute to the citizens of the community and to those who were active workers in the campaign.

## BOARD OF EDUCATION ELECTIONS FEBRUARY 10

The polls will be open from 7 to 9 p.m. on Tuesday evening of next week, when the voters of Riverton, Palmyra and Cinnaminson will elect members of the boards of education in their respective communities and vote on school appropriations for the next fiscal year.

The candidates are as follows:

Riverton: Richard M. Woodward, Thomas R. Taylor, W. Brooks Evert and Charles F. Earp, Jr. Three candidates will be elected.

Palmyra: Carl W. Lutz, James B. Henson and George Rivel. There are three vacancies.

Cinnaminson: Marie M. Haines and Maurice Conrow. There are two vacancies.

## TIRE QUOTAS ANNOUNCED FOR MONTH OF FEBRUARY

February tire and tube quotas for this vicinity were announced this week. They are as follows:

Palmyra—two tires and one tube for passenger cars and six tires and 11 tubes for trucks.

Riverton—one tire and one tube for passenger cars and three tires and five tubes for trucks.

Cinnaminson's quota is the same as Riverton's.

### TIRES ALLOTTED

The Riverton Rationing Board announces that the following tire purchase certificates were issued during January:

Two heavy truck tires to the J. T. Evans Co.  
One light truck tire to the J. T. Evans Co.

Two heavy truck tires and tubes to Bessie L. Pike, coal dealer.

The January quota was for one passenger or light truck tire and tube and four heavy truck tires and three tubes.

Midshipmen at the Naval Academy are required to take dancing lessons and after dinner speaking.

## TEST BLACKOUT PROVES SUCCESS

Local communities joined with a vast area in South Jersey and Eastern Pennsylvania on Tuesday night in the first large scale blackout ever attempted in this part of the country. When reports reached control centers after the all-clear had sounded, civil defense officials stated that the test was practically perfect.

The local blackout showed fine co-operation on the part of all residents and homes and business houses were totally dark within a few seconds after the alarm sounded at 10:30 p.m.

Air raid wardens went into action, the fire departments with an augmented force of reserves were stationed at strategic points, regular police, with reserves, thoroughly patrolled all streets and first aid centers were ready for duty with staffs of doctors, nurses and people experienced in first aid.

### Cars Stop

Members of the various defense councils were on duty in their respective control centers and an elaborate messenger system was set up to take care of any break in the normal means of communication.

All motor traffic stopped and the electric lights were extinguished by the Public Service Company. Gas lamps were turned down by the air raid wardens.

Everything taken into consideration, the blackout showed that civilian defense is ready for an emergency and further tests will quickly remove some of the minor deficiencies that were discovered on Tuesday.

### GET TIRES

The Palmyra Tire Rationing Board announces that the following certificates have been issued:

Charles F. Voorhis, Doctor—Class

## OPEN LETTER

To The New Era of

Riverton, New Jersey:

I would like to take this opportunity of extending my thanks and that of the charities that are benefiting from the Riverton-Cinnaminson Community Chest Collection for the splendid and efficient work done in attending to this collection by Richard Lippincott, Chairman Katherine C. Graff, Treasurer Nancy Clark, Secretary and to all of the workers who looked after the collections. We have collected approximately \$1,000.00 more than last year and it was quickly and efficiently done.

Respectfully,

JAMES S. COALE,

Chairman, Advisory Committee

## Sacred Heart P.T.A. Tenth Anniversary

Arrangements are being completed for the celebration of the tenth anniversary of the Sacred Heart Parent-Teacher Association that will be held on Lincoln's Birthday, Thursday, February 12, in Newlin's, Moorestown.

The celebration will be in the form of a banquet at 6:30 p.m., under the direction of Mrs. R. E. Sanford.

Don Rose, columnist of the Evening Bulletin, will be the principal speaker. Other guests will be Mrs. William Thorne, of Trenton, regional director of the Parochial Parent-Teacher Association and Mrs. J. B. McNally, also of Trenton, who organized the local P.T.A. 10 years ago and, at that time was president of the Trenton Diocesan Parochial Council.

The Rev. William F. Quinn, pastor of Sacred Heart Church and Rev. Francis J. Coan, assistant pastor, will attend the event and all charter members of the PTA living outside this area have been invited to be present.

Reservations for the affair will be accepted by Mrs. Sanford, phone Riverton 555-J until midnight of this Saturday.

The committee in charge is composed of all the presidents of the organization, with Mrs. Sanford, chairman, assisted by Mrs. Edward Kavanaugh, Mrs. Edward Steedle, Mrs. William Rowan and this year's president, Mrs. Herbert J. Kemmerle.

## PUBLIC SCHOOL HOLIDAYS NEXT WEEK

The Riverton Public School will be closed on Thursday and Friday of next week, February 12 and 13.

The Thursday holiday is in observance of Lincoln's Birthday, while the Friday vacation is being taken instead of closing school Monday, February 23, the day when Washington's Birthday will be observed in some schools.

## BENEFIT COURT GAME

Local basketball fans will have the opportunity of seeing a fast game on Friday night of this week when Riverton A. A. meets the Palmyra High School varsity.

The engagement, which will be played in the high school gym, is a benefit for the Palmyra Mobile emergency unit. The proceeds will be devoted toward the purchase of this outfit which will have tremendous value in the event of an emergency, since there is only one ambulance in this vicinity.

Tickets are 40 cents for adults and 15 cents for school children, plus tax.

This contest will get under way at 8:30 with the Lincoln Hi-Y of this vicinity meeting the Palmyra High Junior Varsity at 7:30.

A, 2 650x16 tires; 2 650x16 tubes.

## Raid Signal Tests Each Saturday Noon

Saturdays at 12 o'clock noon, starting Saturday January 31, were designated by the New Jersey Defense Council as the only authorized time for municipalities to test air raid signaling equipment.

Stressing the importance of municipalities using only the standardized signal approved by the State Defense Council, Harry H. Neuberger, director in charge of civil protection, said:

"In order to test this signal, the New Jersey Defense Council herewith designates 12:00 noon of Saturday, January 31, and 12:00 o'clock noon of each successive Saturday, unless advised to the contrary, as the only time to test alarm equipment. It is agreeable to this Council to have several adjacent municipalities test their sirens at the same time, and to do so under different weather conditions. Only in this way can a municipality properly determine the adequacy of its audible alarm equipment. If the air-raid alarm itself is sounded, the all-clear should be given after a five minute interval. Do not test the alarm and the all-clear more than once on any Saturday.

"If a test is to be made in order to check the condition of the equipment itself (as contracted to its adequacy to cover a municipality or a prescribed portion thereof), it too should be made at 12:00 o'clock noon of a Saturday.

### Signals

"Should an air raid actually occur at noon on a Saturday and should you have already sounded your practice alarm signal, repeat the alarm signal. In the event that you have already sounded the all-clear signal repeat the air raid alarm."

Neuberger noted that the signal adopted by New Jersey last December 15 for sounding an air raid alarm and the all-clear have now been prescribed as the uniform signal for the Second Civilian Defense Region, comprised of New Jersey, New York and Delaware, with a result that New York must change its signaling code to conform.

"It is reasonable to believe," Neuberger said, "that the same signal will be adopted throughout the United States."

The official air-raid signal for New Jersey, depending upon the type of equipment used locally, is a series of short blasts lasting for two minutes; The all-clear signal is a long, steady-pitch blast of at least two minutes' duration.

### REGISTRATION

The next registration which will affect all men who attained their 20th birthday on or before December 31, 1941 and who have not reached their 45th birthday on or before February 16 of this year with the exception of those already registered.

Residents of Palmyra, Riverton and Cinnaminson can register at the local draft headquarters, American Legion Home, Palmyra, on the following days.

Saturday, February 14, from 9 a.m. to 5 p.m.

Sunday, February 15, from 9 a.m. to 5 p.m.

Monday, February 16, from 7 a.m. to 9 p.m.

Attention is called to the fact that there is only one registration place for the residents of these communities.

### TURN CLOCKS AHEAD

The new "Standard Time" goes into effect all over the country on Monday of next week for the duration.

Turn all time pieces ahead one hour before retiring Sunday night, otherwise you will be one hour behind schedule on Monday morning.

## MANY KILLED BY CARS IN 1941

A total of 971 persons were killed in New Jersey highway accidents last year. Nearly half of them were pedestrians.

Motor Vehicle Commissioner Arthur W. Magee, who makes the announcement, said that the total traffic toll was 60 more than the previous year, an increase of 6.5 per cent, whereas the national increase was twice this figure.

"From a statistical standpoint, New Jersey did remarkably well in keeping below 1,000 deaths," said the Commissioner, "but from a practical view the loss of 971 lives is entirely too many. There were more cars registered, more drivers licensed and more miles traveled than in any other year in the state's history. Add to this the unusual hazards created by the war activity and it made a perfect setting for a record-breaking highway slaughter. Yet deaths, according to present-day standards, were kept within reasonable bounds."

"New Jersey drivers, as a class, are to be complimented for their fine response to the highway safety program. If the same degree of safety consciousness can be instilled in pedestrians, who made up 48.7 per cent of the year's fatalities, highway mortalities can be reduced to the same degree that industry has achieved through the application of safety methods."

Following is a two year comparison of fatalities by counties, together with the numerical changes:

### SHORTAGE OF TEACHERS

A shortage of teachers in the rural areas and small towns is beginning to be very evident. If the war continues for several years this shortage will become acute.

The Glassboro Teachers College is making plans to meet the needs of Boards of Education in southern New Jersey for teachers in the following ways:

The four-year curriculum leading to the Bachelor's Degree and a teaching certificate in Elementary Education can now be earned in three years. The long summer vacation has been eliminated and three terms of 16 weeks each will now be offered instead of the usual two terms. Students now enrolled will be graduated as soon as possible.

Qualified High School graduates may enter college this summer on June 22nd for a special summer term or on August 31st for the regular fall term. The cost is small for a college education and the chances for employment as teachers at the end of three years of preparation seem excellent. Interested High School graduates or High School Seniors should write at once for complete information to Miss Grace Bagg, Registrar, Glassboro Teachers College, Glassboro, New Jersey.

Refresher courses will be given this summer for former teachers who hold valid teaching certificates but who have been out of teaching for several years. By taking a special 6 weeks course from July 6th to August 15th at the Glassboro Summer Session these people will be greatly helped to do efficient, modern teaching and will be given consideration for positions by employing Boards of Education.

In Navy parlance a "brig" is both the rig of a sailing vessel and a place of confinement.

## HOLY NAME SOCIETY ELECTS NEW OFFICERS

William L. Colsey, of Palmyra, was elected president of the Holy Name Society of the Sacred Heart Parish at the meeting of that organization held last week. Mr. Colsey, who was chairman of the entertainment committee of the local unit for the past year, succeeds William Rowan, senior.

Other officers named include: Raymond Fichter, senior, vice president; Leo Terrell, secretary; while Adolph Strohlein and Xavier Walters were appointed delegates to the Burlington County Federation of Holy Name Societies.

Last Sunday afternoon, the new officers and several members of the Society went to Trenton, where they attended the annual Catholic Action Forum sponsored by the Trenton Diocese Union of Holy Name Societies.

The principal speaker was the Rev. John F. Cronin, professor of economics at St. Mary's Seminary, Baltimore and instructor at the Catholic University summer school, Washington. Father Cronin, who is also known for his lectures on the radio had as his topic, "Labor and Post War Adjustment."

### Many Attend Meeting

At the monthly meeting of the Holy Name Society held last week, Rev. Daniel Reidy, O.S.A., a Benedictine priest of St. Benedict's Prep School and Church of Newark, addressed one of the largest group of Holy Name men in this area.

He urged every man present to continue his attendance at Holy Name meetings and stated that in almost every parish the Holy Name Society will be found to be the principal organization. Following Fr. Reidy, Lena Blackburne, coach of the Athletics spoke about old Chief Bender, the famous Indian pitcher of the A's.

Chief Bender, who was among the guests, was introduced by John Quinn, American League baseball umpire. Chief Bender stated that he was well pleased with the letter received by Baseball Commissioner Landis, from President Roosevelt urging that baseball and all sports be carried on during wartime as they will be needed now more than ever. In relating several incidents in his magnificent career, Chief Bender explained the first time he was ever pained to pitch at a baseball game was in 1901.

The latest American League baseball film entitled "The Ninth Inning" was presented through the courtesy of Mr. Mack.

## RED CROSS NEWS

### Nutrition of Vital Importance

Another course is being offered by the Red Cross which is vital not only to Defense but to the well being of a nation at all times. This is a course in Nutrition, to be started within the month and taught by Miss C. R. Pennell of the Public Service Co.

A knowledge of proper nutrition should be acquired by every woman before she attempts to establish a home. A properly balanced diet, adequate for all physical needs, can be maintained on a surprisingly limited budget. With proper knowledge in any given field comes power and lack of fear.

Those who can function properly under unprecedented economic conditions are among the chosen few, and every individual should prepare themselves to work competently in one or more fields of endeavor.

This course in nutrition is not only valuable for the management of your own household but is required for those who are interested in taking the Canteen Course which will follow.

The deadline for registration is Monday, February 9, and all names must be given to Mrs. Edward K. Merrill, Riverton 659-J, by that time. A class of 50 is to be formed and the registration list is already nearly half full. The only cost involved is 25 cents for the book which will be used as a text.

Here is a golden opportunity.

Sewing

The regular Red Cross sewing day is Monday, February 9, at the Public School with Mrs. William Hendrickson in charge. It has been very gratifying to the committee to have the cooperation which has been given, but remember that everybody interested in helping cannot come every sewing day, so give your services every time it is possible. A new allotment of sewing has been received which consists mainly of women's dresses and children's flannellette nightgowns. Luncheon at 30 cents per plate is served for your convenience. Come early and give as many hours as you can.

### ATTENTION, MR. SAYID

Frank Lee Sayid said that only paper with long strong fibres is needed. Mrs. Average Citizen would like a little more description so that she will know what to save from the papers that come her way.

## YMCA BRIEFS

The main feature of the regular meeting of the Board of Directors of the Burlington County YMCA, January 27, at the Moorestown Community House, was a report by E. Newbold Cooper, Moorestown, chairman of the newly formed program committee. This committee is studying the present program, evaluating it, and determining means for its extension and making it more effective throughout the county. Mr. Cooper was awarded a gold leader's service pin in recognition of his ten years of service as Mentor of the Palmyra-Riverton Phalanx Fraternity, a "Y" unit for young men. Other members of the program committee were William H. Wells, Bordentown; R. J. Beazley, Jobstown; Paul R. Jones, Palmyra; and Ernest L. Saul, Mt. Holly.

Henry Switak, of the John Woolman Hi-Y, Mount Holly, reported to the Board Members on the Annual State YMCA Older Boys' Conference at Asbury Park, in December, which he attended.

Dr. K. Palmer Miller, minister of the Delanco Presbyterian Church led the devotional period.

Secretarial reports were made by Executive Clifford W. Ergood and Assistant Earl B. Whittaker.

John W. Thacher, Moorestown, President, presided.

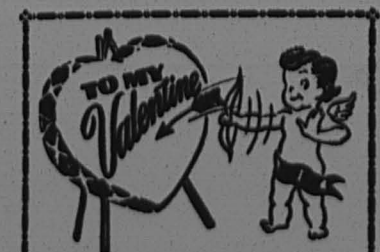

Groups affiliated with the Burlington County YMCA had a Co-Ed Splash Party at the Moorestown Community House, Wednesday, January 28, with some 50 in attendance. It was arranged under the direction of County Secretary Clifford W. Ergood. Groups attending were from Palmyra, Riverton, Burlington and Mount Holly.

William H. Douglas, new executive director of Camp Oceanic and Matolonequay, took up his residence at 116 Branch street, Mount Holly, Saturday. Mr. Douglas comes from Wilmington, Delaware, where he was Associate Boys' Work Secretary for the past ten years. The Douglases have a daughter, Sue, four years of age.

These camps, which are operated by the YMCA's of Burlington, Camden, Gloucester and Monmouth counties, are used every week in the year and require full-time supervision. While in Wilmington, Mr. Douglas had experience with two camps, one of which he helped develop.

### NOT PLANNING TO TAKE OVER SAVINGS ACCOUNTS

Rumors have been afloat that the Government is planning to confiscate savings accounts. Alfred H. Williams, President of the Federal Reserve Bank of Philadelphia, has issued an emphatic denial that anything of the sort is contemplated. "Any rumor or intimation that the Government is planning to confiscate savings accounts is unfounded and is injurious to the morale of the community and the nation. The Secretary of the Treasury strongly denied it. Said the Secretary, 'I wish to state most emphatically that there are no foundations whatever for such rumors. The Federal

Government does not have under consideration any proposal involving the confiscation of savings deposits of this country for any purpose. Furthermore, any one circulating rumors of this character is acting against the welfare of the nation.

"In this national crisis," stated Mr. Williams, "it is imperative that we guard ourselves against any propaganda that tends to inject fear of the sort that such rumors may engender."

"To help curb inflation, it is essential," added Mr. Williams, "that every receiver of income puts part of his or her current income into Defense Savings Bonds. This will have two great benefits—first, it will help us to win the war and, second, it will enable buyers of these bonds to save money for the future."

The gala opening of the opera season in New York was another indication that the friends of the opera are legion, and cover a wide area.

Nylon, instead of silk, threads in dollar bills (though you won't be able to tell the difference) . . . Perfume made from coffee flowers, in lieu of that from flowery oils of Southern France (not marketed yet, but a potential link in the South American good-neighborly way) . . . Electric eye control that turns lights on and off in schoolrooms to keep, automatically, an optimum, constant light intensity regardless of outdoor conditions . . . Synthetic caraway seed—in lieu of the imported product, an economical domestic replacement is still seed, impregnated with caraway oil . . . EXPLANATORY STATEMENT

At the closing of the books on December 31, 1941, the Borough of Riverton was in a very good financial condition. In view of this condition and the increased demands made by Federal Taxes, the Mayor and Council have deemed it advisable to appropriate the sum of \$15,000.00 from the surplus and effect a further reduction in the tax rate for local Borough purposes in 1942. On the expenditure side, the actual appropriations for operation of the Borough for the coming year remain approximately the same as 1941, although the 1942 budget contains a new item of \$1,000.00 for Local Defense.

The estimated tax rate is \$8.85 for the year 1942 compared with the actual \$4.22 rate of the preceding year. This rate of \$8.85, however, does not take into account a \$2.00 increase which may occur in the County and Local School Taxes, which are subject to the jurisdiction of the Board of Chosen Freeholders and the Borough Board of Education respectively. The Borough Council has no control over the County and Local School Taxes.

The Mayor and Council appreciate the continued co-operation of the taxpayers of the Borough as shown by the increase in the tax collection rate from 84 per cent. in 1940 to 85 per cent. in 1941, and taxpayers are urged to maintain this excellent record by meeting their obligations promptly in 1942.

### BRIEF ITEMS from ABOUT TOWN

Mr. and Mrs. Arthur L. Richie, of Cinnaminson, are registered at the Chalonte-Haddon Hall, Atlantic City.

The Riverton Civil Defense Council met on Thursday night of last week, at which time there was a full attendance of the various members. Various committee reports showed that all branches of civil defense activities were making steady progress.

The Cinnaminson Township Committee meets on Tuesday night of next week, at which time there will be a public hearing on the 1942 budget.

The budget of the Borough of Riverton for the current year, which is published in full in this week's issue of The New Era, provides that a public hearing be held on Thursday, February 19, in the fire house.

The meeting of Post Frederick M. Rogers, of Palmyra and Riverton, which was slated for Tuesday of this week has been postponed until the first Tuesday in March. The change in date was made necessary because of the blackout.

Private John H. McDermott, who has been transferred from Camp Stewart, Georgia, to 422nd C.A. (A.A.) Comp. Bn.; Headquarters Battery, Camp Edwards, Massachusetts, was home on leave this past week-end.

The members of the Beta chapter of the Alpha Pi Lambda Sorority wish to thank the following patrons of their March of Dimes Dance, who helped make it a success. Mr. and Mrs. Robert G. Adams, Mrs. H. Kieckhefer, Mrs. Harold Sheble, Mr. and Mrs. Charles Stewart, Mrs. B. Meitzner, Mrs. Phillip Herbst, Mr. and Mrs. Arthur Terrell, The Mitchell family, S. Reid Merley, Mr. and Mrs. Schlichting, the Noone family, Lucy Tomassini, Mr. and Mrs. Roy McDougall, Bowker's Tak-a-Boot, Seel Brothers, Mr. and Mrs. John H. Etris, Blanc's Pharmacy, McAllister's Shulman's Department Store, Johnson's Cleaners and Dyers, Palmyra Liquor Store, Burke's Service Station, Whitmer's Meat Market, Moorestown Gardens, Kverner's Bakery, Keating's Drug Store, Mrs. Hoyt, and many other friends who prefer to remain unknown to the public.

Mr. and Mrs. Alexander M. Smith, of 405 Seventh street, celebrated their 28th wedding anniversary on Monday with a dinner party. Ten guests were present.

The Red Cross knitting party held last Thursday evening in the Sacred Heart School hall was enjoyed by all present. An interesting talk by Miss Alice Jones, vice chairman of the Burlington County Motor Corps, was the feature of the evening. Miss Jones explained the work being done in our county by the Red Cross and its many branches. Patsy Hall and Dick Schwing gave an amusing recitation. Refreshments were served. Another knitting party is scheduled for this Thursday at 8 p.m. in the school hall. All who wish to help the good work of the Red Cross are invited to attend. Come and bring your friends.

A dinner meeting of the Burlington County Women's Democratic Club will be held in the Fireside Dining Rooms, Mt. Holly, Tuesday, February 10, at 6:30 p.m. The guest speaker will be Mrs. Eleanor Barth, state chairman of the consumers' interest commission. Her topic will cover the part women have in na-

tional defense, especially for the rationing program.

John Yost, son of Mr. and Mrs. Charles H. Yost, a senior at Bucknell University, Lewisburg, Pa., spent the week-end with his parents.

### COUNTRY SQUARE DANCE HERE FEBRUARY 13

We hope that you'll be there for our dancing that is "Square." To hear the leader call for "Hands around the Hall."

To hear the music strum the tunes you all can hum, to see the quaintest way the Nineties were so gay.

We hope you'll kick your heels in jigs and stars and reels, that you will duck and dive and show us you're alive.

We know you'll like to look at all the pains we took to make our country dance have settings to entrance.

To see the horse and stall within the Parish Hall, to hear live chickens crow and feed them ere you go.

To watch our dance is fun when all is said and done, but all can enter in and kick and bow and spin.

The date is Friday, February 13. For information please get in touch with the following ladies: Mrs. Edwin Ochs, chairman of tickets; Mrs. Herbert Kieckhefer, Mrs. Gardner Crowell, Mrs. Francis Downs, Mrs. Ralph Flower, chairman of refreshments; Mrs. Winfield Wilson, Mrs. Henry Randall, Mrs. Douglas Clark, chairman of decoration; Mrs. Edward Hughes, Mrs. Bruce Dickson, Mrs. Lynn Hendrickson, Mrs. Stewart Borger, chairman of dancing; Mrs. C. Singleton Mears, and Mrs. Stuart Clark, general chairman.

### COE-BAILEY

Mr. and Mrs. Samuel P. Bailey, of Audubon, announce the marriage of their daughter, Jane Preston Bailey, and Gilbert Robertson Coe, son of Mr. and Mrs. Gilbert Augustus Coe, of Riverton, which took place on Saturday, January 31.

### Westfield Friends' School

An open assembly to which parents and friends are invited will be held on Friday, February 6, at 11:30 a.m. Guests are welcome to remain for lunch which will be served immediately after the program. Recent visitors to the school were members of Educational Committee of the Friends' Central Bureau. The faculty of the school attended the meetings on Religious Education which were held on Friday, January 30th, at the Race Street Meeting House in Philadelphia. Bertha Stevens, the author of "Child and Universe" and "Miracles Abound" addressed the afternoon meeting and also led a discussion group for those

### STATEMENT ON PHONE TRAFFIC TUESDAY NIGHT

In a statement made on Tuesday regarding the number of phone calls made Tuesday night, before and after the blackout, R. H. Brierly, manager of the New Jersey Telephone Company, reports as follows for the South Jersey area:

9:45 to 10:30—traffic about one-third above normal.

10:30 to 10:45—traffic about 13 per cent below normal which is considered a good start and the telephone company appreciates the cooperation of the public in this respect.

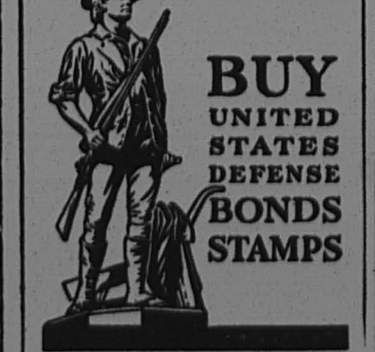

10:45 to 11—traffic went to three times above normal.

11 to 11:15—continued over the double normal calling for that period.

Mr. Brierly stated that the period after the all clear is sounded following an air raid would be the period when most defense workers would need phone service to carry on their duties. The start which has been made is commendable, but he asserted that the public should refrain from the temptations of calling immediately after a raid, leaving that period clear for the use of the various defense activities that must be carried on.

### HOW TO SAVE YOUR AUTOMOBILE TIRES

It costs motorists real money to drive with under-inflated tires, according to J. J. Dobbs, Oldsmobile's general service manager. "It is not only expensive," said Dobbs, "but it is likewise a waste of valuable rubber during the present crisis."

"Proving ground tests prove that tires inflated only two pounds under the recommended pressure will wear as much as 15 per cent faster than tires properly inflated," Dobbs stated. "Not only do soft tires cause actual power loss but they cause cracked sidewalls, difficult steering and road hazards."

"Over-inflation of tires is a definite contribution to conserve the nation's current rubber supply. While it may cause a slight reduction in riding comfort, the savings effected more than offset this loss. Cooperating with the nation's rubber saving program, Oldsmobile today recommends moderate over-inflation to the following pressures: 6000 x 16 tires to 30 pounds; 6500 x 16 to 29 pounds and 7000 x 15 to 27 pounds."

Reasonable Speed  
Driving at reasonable speeds was also recommended by Dobbs to conserve tires. "Fast driving causes fast tire wear," he said. "Tires give only half the mileage at 65 miles per hour that can be obtained at 40 miles per hour. Ten times more wear occurs at 50 miles per hour on a curve than at 50 miles per hour on a straightaway."

Comments on additional ways to reduce tire wear during the national emergency, Dobbs said: "Rotate tires including the spare. Balance the wheels and check front end alignment every 5,000 miles. Misalignment is one of the chief causes of excessive tire wear. Striking the curb hard, running over chuck holes or large obstructions are frequent causes of misalignment."

"Since rubber 'needs exercise' to keep it in good condition, the spare tire should be included in the rotating procedure."

"Motorists should cooperate in every possible way to reduce tire wear. Oldsmobile dealers, throughout the nation will gladly check front wheel alignment free of charge on all cars brought to their service departments."

## LOCAL BUDGET NOTICE

### Section 1 LOCAL BUDGET OF THE COUNTY OF BURLINGTON FOR THE FISCAL YEAR 1942

BE IT RESOLVED, by the Board of Chosen Freeholders of the County of Burlington that the following statements or revenues and appropriations shall constitute the local budget for the year 1942; and BE IT FURTHER RESOLVED, that said budget published in the Mount Holly Herald, Mount Holly, N. J., in the issue of January 30th, 1942, and all other legal newspapers published in the County of Burlington once prior to February 9, 1942.

Notice is hereby given that the budget and tax rate was approved by the Board of Chosen Freeholders of the County of Burlington on January 22, 1942.

A hearing on the budget and tax resolution will be held at the Court House, Mount Holly, N. J., on February 9th, 1942, at 12 o'clock noon (Daylight Saving Time) at which time and place objections to said budget and tax resolution of the County of Burlington for the year 1942 may be presented by any taxpayer of said county.

EXPLANATORY STATEMENT  
The Board of Chosen Freeholders has met almost daily for the past three weeks in an endeavor to secure the lowest possible tax rate. Due to the increasing cost of operation and maintenance of county institutions in both salaries and wages and other expenses, a greater appropriation is necessary for 1942.

The Board has considered very carefully each item of appropriation and has endeavored to secure the lowest possible tax rate. Due to the increasing cost of operation and maintenance of county institutions in both salaries and wages and other expenses, a greater appropriation is necessary for 1942.

## AS I SEE IT

By FRANK LEE SAYID

We often wonder why officers of the law are so disposed to take the most innocent infractions as personal affronts which require them to burst into a blaze of irritation. We have never observed the postman get red in the face because a letter was misdirected and we have never seen a fireman blow up at the temerity of a fire having broken out.

Our thought is that these gentlemen take it as all in the day's work. It might reasonably be assumed that the officer would regard infractions of the law as all in his day's work, to be met as circumstances dictate. We are thinking in terms of things like motor transgressions of course, not murders.

In the Christmas rush of downtown shopping we went through a red light. The light was way over on the right. We were in the left lane, traveling about six miles an hour right behind another car—both of us bound for a left turn. To turn left you must cautiously thread your way through the crowd of pedestrians moving with the green light.

One can not easily look left and right at the same time. The car ahead of us had to stop because the walkers in front of him wouldn't. We had to stop. We were then just starting the turn. Right then the light must have changed. Being partly around we started when the car ahead was able to move. Then the shrill whistle. Technically there was an infraction on our part. The officer might have appraised the circumstances or he might have viewed our innocent men as that of a public enemy—in any case he might have given us a ticket.

Instead his face became scarlet, the veins in his temples seemed about to burst as he strode across the street. He couldn't even wait to come around to our side of the car but yanked open the near door almost spilling our lady into the street. And then while traffic jammed in every direction and pedestrians gawked, he treated us to a tirade which unfortunately at all points fell short of profane abuse—leaving us not a leg to stand on.

The incident can be multiplied without end. Few have escaped the experience at one time or another. The point is not whether the victim has transgressed innocently or with callous indifference or by premeditation, it is whether the officer can serve justice impartially and effectively without working himself into a lather or regarding either situation as all in the day's work.

Theodore Roosevelt coined the term "speak softly and carry a big stick." An officer must be prepared to crack down verbally or physically as the case demands and to do it first, but he hasn't much on the ball.

if he can not hold his fire until he knows what the situation demands. Speaking softly will not take away the stick if he needs it. True it is that the lot of those who may be potential contributors to that toll. And true it is that our officers are under paid and have long hours of trying and often dangerous duties. But we stick to our premise that there is no occasion for the rise in blood pressure that accompanies every exercise of authority.

At one intersection which we pass regularly two officers have long had the day shift. In the morning the one expects—yes, demands—that you go through on the last second of the yellow light. In the afternoon the other expects you to stop on the last second of the green light and issues tickets on the yellow. The latter has a particular delight in abusing bus drivers—usually the one who happens to have us on board when making the train is nip and tuck.

Well, it takes a lot of people to make a world and we too get snappy once in a while and won't take any back talk—but we don't do it at home or at the office—only our pooch lets us get away with it. Maybe we are just a pooch to the cops.

## UNDERCOOKED PORK PRODUCTS DANGEROUS

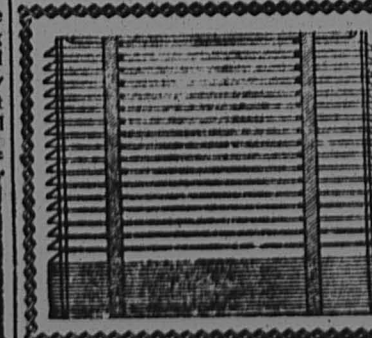

To make New Jersey residents "ham conscious" the State Department of Health today cautioned against the consumption of undercooked pork or pork products. A report was received by the State Department of Health from the United States Public Health Service, summarizing the outbreaks of illnesses which had occurred in the United States during 1940, which were conveyed by various foods. "In this report," said Dr. J. Lynn Mahaffey, State Health Director, "it has been shown that out of the total of 148 food poisoning outbreaks in the United States during 1940, 23 were found to have been conveyed by ham or some other pork products."

The State Department of Health in November, 1940, investigated an outbreak of trichinosis in Bridgeton. The authorities found 11 cases of trichinosis and one death due to the outbreak.

"Investigations of these cases of

illnesses reported by the United States Public Health Service have shown conclusively that these food poisoning outbreaks were of two distinct types. One type of food poisoning was a gastro-enteritis, resulting from the consumption of ham or other pork products containing bacteria of the staphylococcus group, which bacteria had not been destroyed in the curing process. It has been demonstrated that at times hams which have been contaminated with bacteria of the staphylococcus group have not been cured efficiently with brine and or smoke to prevent the growth of the organisms and have not been heated to a temperature which would destroy the bacteria.

The second type of food poisoning caused by the consumption of pork or pork products is that caused by the consumption of undercooked pork containing living trichinae. In most of the reported outbreaks of trichinosis the contaminated pork was prepared by private individuals rather than by large meat concerns. The disease resulted from the consumption of pork which had been subjected to low temperatures or to no heating at all.

"The State Department of Health desires to point out that all of these food poisonings resulting from the consumption of contaminated pork or pork products, which had not been

thoroughly cured or cooked, could have been prevented by proper preparation of the meat. Precautions should be taken to avoid the consumption of cured meat products which have an abnormal and unpleasant odor, which generally indicate decomposition resulting from bacterial growth. In all cases, pork and pork products, both cured and fresh, should be consumed only after such products have been thoroughly cooked. Health authorities are agreed that meat bacteria are readily destroyed by heat, and trichinae are invariably destroyed if pork and pork products are thoroughly cooked.

## LOCALS LOSE

As a result of a 31-23 defeat administered by Moorestown on Saturday night of last week, Palmyra dropped to fourth place in the South Jersey Scholastic Basketball League. The locals now have a record of two wins against three reverses.

In the Saturday game, which was played on the Quakers' floor, the Red and White trailed 15-11 at the half and Moorestown went ahead still further in the third period. A last ditch stand by the Dimondmen failed to close the gap.

Palmyra plays two crucial home games next week, meeting Burlington on Wednesday, February 11 and opposing Paulsboro on Friday, February 13. The locals need both decisions in order to stay in the loop race.

## EMERGENCY MESSAGE

from the New Jersey Defense Council

"When you hear an Air-Raid Warning DON'T TELEPHONE"

"THE SYSTEM set up to spread air-raid warnings and get reports back to defense centers depends upon the swiftness and flexibility of the telephone system.

"A flood of civilian calls coming at such a time would tax telephone switchboards, perhaps to the point where vital communications would be seriously delayed or even blocked.

"During an air-raid alarm, don't use your telephone. Don't call friends or family to see if they are safe. Don't call to tell them of your own safety or whereabouts. Don't call to report incidents; that is the responsibility of your air-raid warden.

"Only the most urgent calls should be made during an air-raid warning and for some time after the 'All Clear' signal is sounded."

Take care of your Electric Cleaner and it'll take care of your rugs

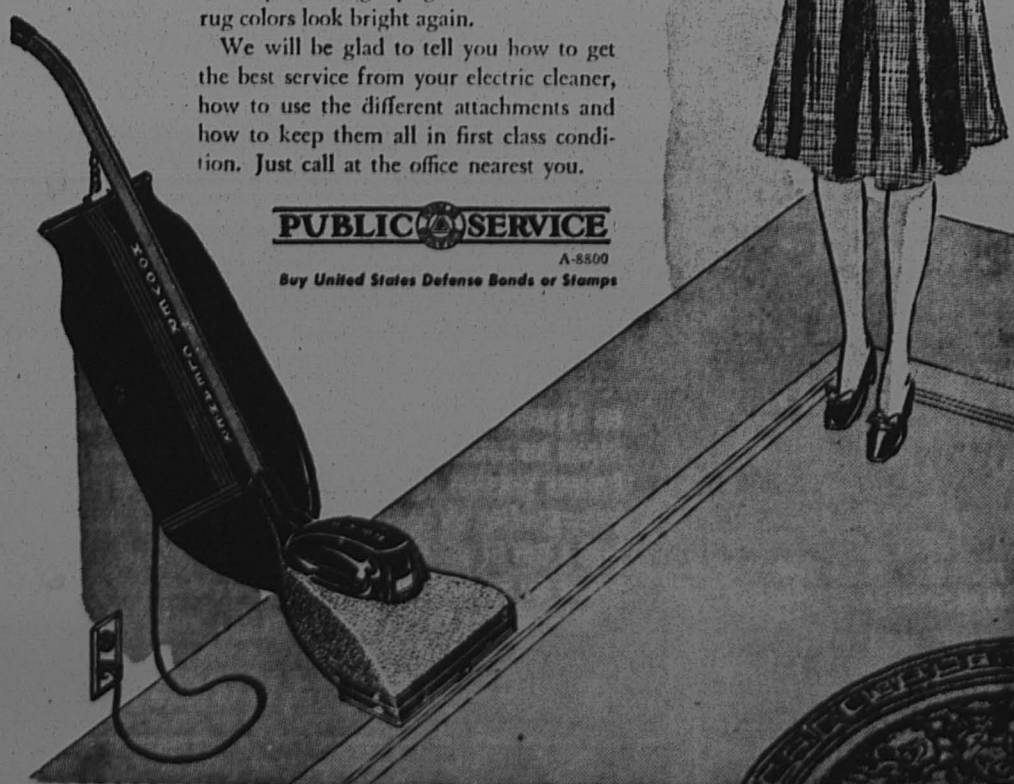

That new rug you bought last year represents a considerable investment. It must do for many years: it will last, if you clean it regularly with your electric vacuum cleaner.

The Hoover does its work well. It shakes loose and draws out the embedded dirt, brushes off the surface dust and lint, sets the nap standing upright and makes the rug colors look bright again.

We will be glad to tell you how to get the best service from your electric cleaner, how to use the different attachments and how to keep them all in first class condition. Just call at the office nearest you.

## RECORD TIRE NUMBERS

Recommendation that motorists throughout central New Jersey immediately record the serial number of their tires and keep the record in a safe place was made today by Mrs. Kathryn D. Sullivan, Secretary-Manager of the Automobile Club of Central New Jersey.

"By this means you will be able to give police exact identification of the property in the event of tire theft and they will be able to return the tires to their rightful owners when they are recovered," Mrs. Sullivan pointed out.

"There is a different number for each individual tire; this can be found

on the tire's sidewall—usually near the name of the tire manufacturer. Unless a record is kept of the tire serial numbers, it is difficult if not impossible for the police to locate owners when tires have been recovered.

"There are other steps that motorists can take individually to protect themselves against tire theft. For example, if your spare-tire key is separate from your ignition key, it is desirable to make sure that your spare is locked and that you carry the key with you when leaving your car on a parking lot. If at all possible, it is, of course, wise to keep your car in a locked garage at night.

"These measures of protection against theft, coupled with slow and

careful driving and proper tire care, particularly with regard to proper inflation, will go far toward getting the maximum mileage out of the tires now being used by the nation's motorists. With the prospect for getting additional tires very cloudy, to say the least, it is of the utmost importance that every motorist conserve his rubber equipment by every practical means."

## DEFENSE COUNCIL MEETS

At a recent meeting of the Cinnaminson Defense Council much routine business was transacted covering a wide variety of subjects.

Mrs. A. Stow, Mrs. J. Grant and Mr. W. Whartnaby were appointed members of the information commit-

tee of which P. Nixon is chairman. Director Stephan of the State Defense Council also asked that all local Defense Councils appoint a salvage committee preferably making the chairman of the public relations committee the chairman of this committee. This automatically made Mr. P. Nixon chairman of the salvage committee.

Arm bands for the Auxiliary Police and First Aid Corps have been ordered and the Council is awaiting delivery.

The Committee investigating proper protection for the water supply reported that the State authorities have looked over the situation and made certain recommendations which are to be put into effect promptly.

A camel being exhibited in Boston several years ago was mounted by a U. S. Marine. The camel toppled over on the Marine. The Marine suffered a broken collar bone. The camel died.

Officers and enlisted personnel of the U. S. Navy read about 2,000,000 books a year.

"Spirit" is the Lesson-Sermon subject for Sunday, February 8, in all Christian Science Churches and Societies throughout the world.  
The Golden Text is: "I have poured out my spirit upon the house of Israel, saith the Lord God." (Ezekiel 39:29).

Among the Lesson-Sermon citations is the following from the Bible: "For I delight in the law of God after the inward man." (Romans 7:22).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Christian Science, Spirit, as a proper noun is the name of the Supreme Being. It means quantity and quality, and applies exclusively to God." (p. 93).

Rev. Francis J. Coan, Assistant Pastor

Masses—Sunday, 7, 8, 9, 10:30.  
Daily Mass—7 and 8 a.m.  
Confessions—Saturdays, 3:45 till 5:45 and 7:30 to 9 p.m.  
Novena devotions to Our Lady of the Miraculous Medal are held each Monday night at 7:45.

Masses will be celebrated Friday of this week, the First Friday of the month, in honor of the Sacred Heart, at 7 and 8 o'clock.

This Sunday is Sexagesima Sunday and should remind us of the approaching season of Lent.

The Confraternity of Christian Doctrine meets Thursday nights at 7:45 under the direction of Father Francis Coan, curate of the parish.

Benediction of the Most Blessed Sacrament is celebrated at the conclusion of the 10:30 Mass each Sunday for the young men of the parish who are now serving their country in the armed forces.

An honor roll of the names of the young men of the parish who are now on active service is to be made and posted in the rear of the church.

The second parish Red Cross knitting party will be held by the P.T.A. on Thursday night of this week. A third party sponsored by the group will be held next Thursday night at 8 o'clock, in the school. All ladies are invited to attend. There will be other activities besides knitting, so every one will have something to do.

The Boy Scouts meet each Wednesday night in the school auditorium.

Sunday, February 8, begins Boy Scout Week. On that day, the Most Reverend Bishop will formally participate in the observance of this celebration by presiding at appropriate services in St. Mary's Cathedral, Trenton, starting at 3:30. Men of the parish who are engaged in the Scout movement are invited to attend by Rev. William Horan, diocesan director.

By proclamation of the Catholic Bishops of the United States, the month of February is known as Catholic Press Month. During this period the Catholic laity is advised to read Catholic literature.

## CENTRAL BAPTIST CHURCH

Rev. S. Dan Morgan, Pastor  
Services, Sunday, February 8—  
Bible School, 10:00 a.m.—The departments and classes of this school have been so planned to enable a family of all ages to attend. No one has to remain at home. Therefore, the instruction and enjoyment of being present at "Central Baptist" is extended to all. Visitors and newcomers are always welcomed.

Morning Service, 11:15 a.m.—With war on our doorsteps, one knows little of what he or she will have to endure. However, we must be prepared. The secret of preparedness will be revealed in the sermon of the morning by Pastor Morgan, on "Are You Prepared?" The choir will render the anthem, "My Faith Looks Up to Thee," by Schaefer. Mrs. James Seither, soprano, will sing "The Heavenly Gates," by Thyler.

B.Y.P.U., 6:45 p.m.—Young people of the High School grades and up, this is your meeting. Fine discussions and good Christian fellowship.

Evening Worship, 7:45 p.m.—A most timely subject has been selected by Pastor Morgan for the topic of the sermon for the evening. It is "The Eternal Blackout." One in which all Christians are warden. Come out, you will receive a helpful message and enjoy the evening by entering into the congregational singing. The attendance at these evening services is growing steadily. Do your part by extending the invitation to others. Music by the choir will be the anthem "Now the Day is Over," by Wooler.

Wednesday, 8:00 p.m.—The mid-week stabilizer and stimulant. The meeting needs you and you need to attend the meeting. Make this a habit and you'll never regret it.

Friday afternoon at 3:45 the rehearsal of the Junior Choir and at 7:45 the Senior Choir will meet for practice.

## AIR RAID SHELTERS

The State Defense Council issued a statement this week warning that hysterical preparations for air raid shelters should be tempered by the wisdom of the experiences of the British people with bomb shelters.

"From what we have learned from the British experiences," Major Audley H. F. Stephan, chairman of the State Defense Council, said, "citizens are in relatively little danger during an air raid if they are indoors. In the early days of the war 90 per cent of the casualties in England came from flying debris with only 10 per cent coming from direct bomb hits or as the result of the explosion blast."

"Visitors from England and official observers as well have declared that the British learned there was little danger as long as they were indoors. In Europe it took only two raids to educate the people to keep indoors and away from windows. One raid was usually enough, since it scared everyone."

"Studies by engineers have shown that only specially constructed shelters can withstand direct hits by bombs of 250 pounds or more. That means that in case of a direct hit, you are almost as safe in any shelter as in a costly bomb shelter. The people in England have realized this."

Thursday evening, Orchestra practice.

Friday afternoon at 3:45 the rehearsal of the Junior Choir and at 7:45 the Senior Choir will meet for practice.

"We must realize in dealing with the subject of bomb shelters that the materials used in their construction is often the same as that used in vitally needed constructions for our armed forces. If we should rush out and build such shelters it would seriously hinder our national defense effort."

"For the present, in case of an air raid, get under cover, away from glass, and you will be assured that you are as safe as you would probably be in an air raid shelter," Major Stephan said.

## JUNIOR CHAMBER OF COMMERCE GETS CHARTER

The Palmyra-Riverton Junior Chamber of Commerce has received its charter as an official member of the National Junior Chamber of Commerce. Announcement was made at the meeting of the local J.C.C. on Monday night, in the Community Center that the official installation of officers will be conducted at a joint meeting with the Palmyra-Riverton Rotary club on Thursday night March 12.

The officers, headed by president Henry Naibay, will be installed by a representative from the National unit with headquarters at Washington. All the officers of the state Junior Chamber of Commerce and representatives from other units throughout New Jersey will attend the affair. The first portion of the meeting on this date will be considered the weekly Rotary meeting, then the second portion of the meeting will be given to the local Junior Chamber of Commerce. Edward Moore has been named as chairman of arrangements for the coming event of the organization.

On Monday night Frank Class was elected as historian of the Palmyra-Riverton organization. The next meeting will be held on Thursday night, February 19, in the Community Center.

## SACRED HEART PASSERS LIST SEVERAL GAMES

The Sacred Heart dribblers will perform against the pace-setting Moorestown club in an American Division contest of the Burlington County Basketball League Sunday afternoon, at 3:30, on the Sacred Heart court. The Quakers are only a game from Burlington, the league leaders. Sacred Heart will seek revenge from last Friday's setback at Moorestown and a close contest is expected to take place. Sacred Heart will visit the River-

## If you do Garden Don't Forget to Plant a Row or Two of Flowers

"Life's satisfactions in wartime are few and far between at best, and nothing I know of will add a note of joy as quickly as a few flowers."

So said Mrs. Claude R. Wickard, wife of the Secretary of Agriculture, in a recent address in which also she advocated care in planning and planting to avoid waste.

## PARENTS! READ THIS

If an air raid should come while your children are at school, see to your own safety. Stay home, go to your refuge room, stay away from windows.

Do not try to reach the school. You could accomplish no good. You could do a great deal of harm by such action.

In an air raid, rule No. 1 is to stay off the street, get under cover. On

the street, there is the risk of falling shell fragments, racing cars and fire apparatus. Stay indoors.

Do not try to telephone. The wires must be kept clear for the venders, the police and the fire department. You might prevent an urgent message from getting through.

This is hard advice. It's not easy to take. But it is for your best interest and for the welfare of your children.

## INTRIGUE, ROMANCE, ADVENTURE

Basil Rathbone appears as a Scotland Yard operative, George Brent represents the F.B.I. and Ilona Massey causes most of the excitement in Edward Small's new drama of wartime intrigue, "International Lady," playing at the Fox Riverside next Wednesday and Thursday.

## EAT FOR HEALTH AND HAPPINESS

Plan Balanced Meals That Include Fresh Vegetables and Not Too Much Starch or Sugar

HERE is an attractive menu to prepare on a Sunday night or for a luncheon party. The vegetables furnish important vitamins and the whole wheat bread is important, too.

Cook vegetables at the correct temperature to retain their color—green spinach, golden carrots and red cranberries. They will look well; taste well.

Menu  
Noodles St. James  
Spinach Timbales  
Glazed Carrots  
Jellied Cranberry Salad  
Whole Wheat Rolls  
Lincoln Log

Noodles St. James  
1 package Small bottle  
noodles stuffed olives,  
1 package sliced  
snappy cheese 1 cup sliced  
2 cups thin mushrooms  
white sauce Salt  
1 can tuna fish, Pepper  
drained

Cook noodles in boiling salted water. Grease casserole and spread noodles over bottom. Cover with cheese grated or cut into small pieces. To cream sauce add remaining ingredients. Pour over noodles and cheese. Bake in preheated oven at 375 degrees for 30 minutes.

Spinach Timbales  
1 cup finely 2 tbsp. butter,  
chopped, melted  
cooked 2 eggs, well  
spinach beaten  
1/2 tsp. salt 1 1/2 cups milk  
1 tsp. onion 2 hard cooked  
juice eggs  
Combine spinach, seasonings, butter, eggs, and milk; turn into greased small mold with slice of hard cooked egg in bottom. Set in pan of hot water and bake in pre-

heated oven at 350 degrees for 30 minutes. Unmold and serve. Tomato sauce may be served with timbales.

Lincoln Log  
4 egg yolks 3/4 cup cake flour  
3/4 cup sugar 1/4 tsp. salt  
1/2 tsp. vanilla 1 tsp. baking  
4 egg whites powder  
Beat egg yolks until thick and lemon-colored; gradually add 3/4 cup of sugar and the vanilla. Beat egg whites until almost stiff; gradually add remaining 1/2 cup sugar and beat until very stiff. Fold yolks into whites, then add mixed and sifted dry ingredients, folding in carefully.

Line jelly-roll pan (10 1/2 by 15 inches) with waxed paper, do not grease pan. Pour in batter, spread evenly, and bake at 375 degrees for 12 minutes or until cake springs back when lightly touched. Turn out on towel dusted with confectioner's sugar, peel off waxed paper and trim off side crusts. Lay a piece of waxed paper on top of cake and roll up immediately with paper inside. Wrap roll in sugared towel and cool on cake rack. When cool, unroll and spread with Clever Judy Frosting. Re-roll and frost all around. Sprinkle with shredded toasted almonds. Slice and serve.

Clever Judy Frosting  
1 tsp. butter 1/4 cup milk  
1 cup sifted 1/2 tsp. vanilla  
confectioners 2/3 squares  
sugar chocolate  
1-2 egg yolks (melted)  
Cream butter; add sugar gradually and cream together. Add egg, vanilla, milk, and chocolate.  
Place bowl in pan of cracked ice and beat with rotary beater until light and fluffy and of correct consistency to spread. (This will take about 3 minutes.)

## ONCE BLIND, NOW SEES AGAIN

Blindness is the least of all the major afflictions in the opinion of a man who was blind for 16 years and miraculously regained his sight. He is Donald Burns, now a member of the staff of the Community Center, who told the story of his experience to the local Rotary Club last Thursday. Mr. Burns was introduced by Earl B. Whitcraft, director of the Community Center and member of the club.

As a boy of nine, Mr. Burns accidentally scratched one eye with the blade of a knife and the ensuing complications which also affected the other eye, resulted in his becoming blind. He attended the Overbrook School for the Blind and subsequently, despite all the difficulties involved, graduated from the Wharton School of the University of Pennsylvania.

Prior to 1832 the blind were permanently apart from the world, unable either to earn their living or enjoy much social contact with their fellows. In that year schools were independently established in Philadelphia, New York and Boston, and the search to find some medium and the search to find some medium was begun.

The various systems of raised letters which had been in use abroad were far too cumbersome and the American schools favored the neglected system of Louis Braille, a blind professor in a French school for the young blind. This system employed six dots embossed in various rectangular arrangements which employed a different combination for each letter of the alphabet. But it was not until about 1920 that the Braille system became universally adopted and literature for the blind became generally available.

Create Confidence

The first problem to be met with the blind, said Mr. Burns is to create confidence. Only after that is accomplished can they attain economic independence through their education. Today well organized channels are available to survey occupational opportunities for the blind.

While teaching at the Four Mile Colony, Mr. Burns, almost by accident, made a contact with a doctor in Trenton who examined his eyes and offered some hope that a rare and delicate operation might restore at least a part of his vision. The operation was a success and after sixteen years of darkness Mr. Burns stepped into a new world. Few people can value sight as does a man who has had his experience.

## The Porch Club

On Tuesday, February 17, at 2 p.m., the Porch Club will hold its annual Bridge-Tea for the benefit of the Riverton Free Library. There will be a prize for each table as well as two door prizes. People are requested to bring their own cards for playing. Tickets are fifty cents plus five cents tax and may be purchased from Mrs. Douglas Beck, Tyler, chairman, or from any of the following of her committee, Mrs. John P. Abell, Mrs. James H. Barker, Mrs. P. Bruce Dickson, Mrs. W. Lynn Hendrickson, Mrs. Edward Lippincott, Mrs. Edwin E. Ochs, Mrs. Paul M. McCreary, Jr., and Mrs. Arthur E. Schuch.

Miss Besse Howard, well known international news and radio commentator, will be at the Club at Thursday morning, February 19, at 10:30. This is Miss Howard's first visit since war was declared and her lecture is looked forward to with great anticipation. There will be a charge of fifty cents for non-members attending.

THE NEW ERA, THURSDAY, FEBRUARY 12, 1942

TROOP 5 SCOUTS TAKE OVER PALMYRA BOROUGH GOVERNMENT

Here are the youthful officials of A. B. Branson's Troop who on Saturday last were sworn in as Borough officials in Palmyra. They are: (seated, left to right) Raymond Schill, Borough Clerk; Warren H. Lamont, Mayor; John Rockefeller, Jr., President of Council; (standing, left to right) Joseph Kessler, Fire Chief; Edward Stoups, Councilman; Edmund Zapp, Councilman; Bruce Read, Councilman; James Seither, Jr., Councilman; and Charles Weart, Chief of Police.

## SCOUTS GOVERN IN PALMYRA

Troop 5, Palmyra Boy Scouts, in celebration of the 32nd anniversary of Scouting, took over the reins of government from Mayor John F. Ward in the Palmyra Council Chamber, Saturday afternoon.

The Mayor, councilmen and several citizens present addressed the boys and were high in the praise of the Scout movement. A. B. Branson, Scoutmaster, came in for his share of commendation for devoting twelve consecutive years of untiring effort to the boys.

The troop elected their own Mayor and councilmen and as soon as they were sworn in commenced with the business of borough improvement. Broken sidewalks, children riding bicycles without lights, air raid wardens congregating in groups instead of tending to their districts, etc., came under the critical eye of the young officials. In each case the Scout Borough Clerks were instructed to write letters designed to correct these situations.

The Scouts turned out in a body for the occasion and filled the council chamber.

## WOODWARD, TAYLOR EVERT ARE ELECTED

At the annual election of the Riverton Board of Education held on Tuesday night of this week, Richard M. Woodward, Thomas R. Taylor and W. Brooks Evert were elected board members for a full term, defeating Charles F. Earp, Jr., the only other candidate.

All budget items were approved by a substantial majority.

The tabulation of the votes follows:  
Taylor—130  
Evert—112  
Woodward—110  
Earp—39  
Current expenses—Yes: 95, No: 19  
Repairs, replacements—Yes: 99, No: 17  
Manual Training—Yes: 101, No: 16

well attended on Tuesday, February 10 and the audience was most pleasantly entertained by Mr. Gordon Dilworth, baritone and Mr. Thomas Richner, pianist. Mr. Dilworth gave a most delightfully diversified program of songs, while Mr. Richner was equally enjoyed in his varied choice of piano selections. Mrs. C. V. Devery, chairman, and her music committee, served tea.

## INFORMATION NEEDED

The committee of the Riverton Defense Council which is in charge of Housing, Bedding and Canteens, needs to find out the types of cots and exact amount of bedding, which was generously offered by the residents of Riverton in case of emergency. The previous questionnaire gave the outline, but detailed information is needed.

Below the railroad, Mrs. F. B. Elwell (assisted by Mrs. E. Hunn and Mrs. C. Hurley) and above the railroad, Mrs. C. Yost (assisted by Mrs. W. W. Chalmers, Mrs. V. Ritschard and Mrs. C. S. Meers) will contact the donors and will tabulate the articles.

Dr. Mark, chairman of First Aid, has requested that the committee immediately collect 20 folding cots and bedding for same, to be stored at the two First Aid Stations, ready for instant use.

Everyone is asked to wrap bedding securely and mark package with name of donor and contents. This package, together with any cots and oil lamps offered, should be kept in an accessible place and their location known to all members of the household, so that if not needed now for the First Aid Stations, these supplies can be quickly collected in case of emergency.

Help Riverton to be prepared!

## EIGHTIETH BIRTHDAY

Mrs. Ernest Linwood Dean of Morgan avenue was tendered a Valentine Surprise Party on Saturday evening in honor of her 80th birthday. Forty of her relatives from various sections of southern New Jersey, along with her only remaining brother, Samuel Johnson of Bridgeton, gathered to greet her, and spent a most enjoyable evening as guests of Mr. Dean and their daughters, Mrs. Howard Humphreys and Miss Esther Dean.

Two granddaughters of Mrs. Dean, assisted by her grand-daughter, Mary Elizabeth Humphreys, provided a musical program which was much enjoyed.

Among those to greet Mrs. Dean was a childhood playmate, Mrs. Sara Garwood of Elmer with whom she attended kindergarten 75 years ago. In an exchange of happy reminiscences, it was discovered that they are the only living members of the class who attended the little country school in Salem County to which they had to walk several miles. Throughout the day, friends and neighbors called to greet Mrs. Dean on her anniversary and joined with the family in extending best wishes for future health and happiness.

To complete the celebration, Mr. Dean and Mrs. Howard Humphreys of Garfield avenue entertained at a fam-

## BUDGET ITEM IS REJECTED

For the first time in 25 years the voters of Cinnaminson Township turned down the item for current expenses as submitted to them in the annual Board of Education election held on Tuesday night of this week, the count being 47 against as compared with 33 votes in favor of the proposed appropriation of \$45,025.

Howard Taylor, president of the board, has requested citizens of the township to present reasons for objecting to the item to any board member, together with suggestions for a revised budget, or to attend in person the organization meeting of the board which will be held in the school house on Monday night of next week.

The board must hold another election in order to obtain approval of a budget in order to operate during the next fiscal year.

Marie M. Haines, with 73 votes and Maurice Conrow with 80 votes elected board members without opposition.

The proposal to transfer \$10,000 from the current account to the repairs and replacement account was rejected 29-40.

The only items in the budget which received the approval of the voters were the \$3,000 repairs and replacement account which got through by a vote of 42-32 and the manual training appropriation which won 44-30.

## P.T.A. FOUNDERS DAY

The Riverton P.T.A. will observe Founders Day and Talent Day on Monday, February 16, in the school auditorium, the program starting at 2 p.m.

The Parent-Education group will convene at 2:15, under the leadership of Mrs. O. A. Parsons.

Following this, Mrs. Charles C. Miller will speak on the subject of Founders Day and a play will be presented by members of the association, the title being "Why Move to Town."

A food sale will be held during the afternoon, with all sorts of delectable items available.

The association extends a cordial invitation to all to be present.

ily dinner party on Sunday, at which time Mr. and Mrs. A. L. Dean of Forest Hills were also present. The Deans established their home in Palmyra nearly fifty years ago and have watched the town's progress with much interest. Mr. Dean is observing his 81st birthday this month.

## INFORMATION ON NEW REGISTRATION

Only nine simple questions will be asked those men who register on February 14, 15 or 16 for possible military service under the provisions of the Selective Service Act. Lt. Col. Edgar N. Bloomer, Acting State Director of Selective Service for New Jersey, emphasized this week.

Registration of the individual should require a comparatively short time, the Director said, pointing out that the registrant will not be asked to fill out questionnaires but must only answer interrogations about his identity, his place of residence, and his mailing address. Also he will be required to list his telephone, if any; his age in years and date of birth, place of birth, the name and address of the person who will always know his address, his employer's name and address, and his place of employment or business.

While it is important that registration be conducted as speedily as possible, Colonel Bloomer said that every registrant will be given ample time to respond properly to the questions on the registration card.

No questionnaires will be given registrants when they register nor will they then be required to undergo any physical examination, Col. Bloomer emphasized.

## Questionnaires Later

Questionnaires are given to registrants after their order numbers have been determined and reached by their local boards. Physical examinations are given only after the boards have passed on the general qualifications of registrants and have determined that they should not be deferred for reasons of interest to the Nation.

When registered, each registrant must answer, according to Colonel Bloomer, the following nine questions: Name of Registrant; Place of Residence; Mailing Address (if other than Place of Residence); Telephone; Age in Years and Date of Birth; Place of Birth; Name and Address of Person who will always know your Address; Employer's Name and Address, and Place of Employment or Business.

After a registrant has answered all questions and signed his name to the registration card, he will be given a registration certificate signed by the registrar. This certificate must be in the personal possession of the registrant at all times, Colonel Bloomer warned. Failure to possess the certificate, or to show it to authorized persons, constitutes a violation of Selective Service Regulations and is considered prima facie evidence of failure to register, Colonel Bloomer said.

Local Draft Board No. 1 includes the following territory: Palmyra, Riverton, Cinnaminson, Delran Township, Chester Township and Maple Shade.

Residents of this territory can register at the local draft headquarters, American Legion Home, Palmyra, on the following days:

Saturday, February 14, from 9 a. m. to 5 p. m.  
Sunday, February 15, from 9 a. m. to 5 p. m.  
Monday, February 16, from 7 a. m. to 9 p. m.

In addition to these hours on the three days when men may register at Palmyra, the following registration centers will be established on Monday, February 16, only, during the hours from 7 a. m. to 9 p. m.: Bridgeboro Public School, Municipal Building, Maple Shade.

## DEFENSE COUNCILS MEET

The Cinnaminson Civil Defense Council will meet in the public school on Tuesday evening, February 17. The Riverton Council will meet in the control center at 8 o'clock on Thursday evening of next week.

## AS I SEE IT

BY FRANK LEE SAYID

"I can't sleep nights and I cough all the time. What can I get to cure me?" A shabby little woman of uncertain age asked this pitiful question in a northern Pennsylvania drug store. "Here is something very good for a cough," replied the druggist. "It's seventy-nine cents."

And so millions of dollars are spent each year in tragic efforts of self-medication which, in their effect, are not far removed from practices in the Middle Ages. The seventy-nine cent concoction may have done no harm to that poor soul we overheard in the drug store, but it was painfully evident that the solution left much to be desired.

How to bring medical care freely to all who need it without the extreme of socialized medicine has always been a problem. We have a book which emphasizes this in an interesting way. It came to us from the line of physicians in our family and it may have been a curiosity even when "Thomas Brown, his book, 1759" was inscribed on the inside cover. The date of publication of the book itself does not appear.

It seems that prior to 1618 the compounding of "Physiks" for physicians was entirely unstandardized. The terms and measures used meant one thing to one apothecary and another thing to another. A "handful" depended a good deal on the size of the hand and as the author, one "Nich. Culpeper, Gent." put it "a pinch of hay is very different from a pinch of salt."

So in 1618 King James of England issued a royal proclamation commanding all apothecaries of his realm to follow the Pharmacopoeia "latley compiled by the College of Physicians of London." This, however, did not alter the stranglehold on knowledge which the physicians, in common with the clergy and the lawyers, obscured in Latin, and so self-medication was barred to the poor as well as the advice of physicians. For many years this condition endured.

But along came "Nich. Culpeper, Gent." Nich. was a rebel. Also he knew Latin. He reasoned that medication was relatively a simple affair—the materials rather easily secured—so why not put in the hands of the poor people the means of preparing their own nostrums. Forthwith he translated and printed the pharmacopoeia of the College of Physicians. It is this ancient book we have before us.

Its sections treat of roots, barks, flowers, fruits and buds, woods, seeds and grains, liquors and rosins, juices, living creatures, parts of living creatures, things of the sea and minerals and stones. From these, all medications were compounded, including waters, wines, vinegars, distillations, syrups, preservatives, conserves, powders, pills, troches, oils, ointments,

plasters and salts. A section is given to each.

Nor was Nich. without a sense of humor. Witness his description of the use of the common field daisy: "If a woman of turbulent spirit should chance to stumble against her husband's fists, they are admirable in case of (to use his spelling) blackness and blemishes." And although the text is replete with such references, Nich. admits he entertains doubts over remedies dealt with evil spirits and the like.

Among the roots we find those of the peony, which if taken inwardly or even hung about the neck of a child, will ward off convulsions. And there is magnificent promise in the roots of the parsley which will "warm a cold stomach." Among Fruits, we note with interest that prunes, then as now, had the same high authority.

Some of the choicest items are to be found in the section "Living Creatures" and "Parts of Living Creatures." There we learn the proper way to burn swallows, to prepare earthworms and thousand-leggers, to appreciate the virtues of grasshoppers, sparrow brains, and other like doses, which one could quickly prepare when a given ache arrived.

Well, it was all very good while it lasted but now we have gone back again to Latin and although we may have to pay eighty cents now and then for sodium bicarbonate we are undoubtedly better off than by trying to diagnose our own troubles in a seventy-nine cent bottle with a cure-all label.

## MR. SAYID REPLIES

Mrs. Alexander Citizen:

You ask for further information about the saving of paper. This is our understanding of the situation.

No doubt all paper has a value but in the metropolitan areas the supply of newspapers is so great that those handling it must work on a very slender margin of profit. Right now it is more profitable for those who have heretofore collected it to work in other fields. And the nearby users of paper stock require only a small amount of news print. That is why it is so difficult to find a collecting agency that may be relied upon to collect it regularly.

Newspapers and magazine papers are largely made from wood pulp. They are short fibre papers and principally useful in making cardboard for such purposes as shoe boxes and cereal boxes, generally known as chip board. Kickhefer uses from 12 per cent to 18 per cent of this kind of stock, making only occasional runs requiring it.

The great demand, created by the war, is for heavy corrugated and solid fibre containers in which all manner of war materials are packed for all the fronts where we are supplying our allies abroad. This is high grade material and it is made from long fibre stocks. Unfortunately not much of this gets into homes, but it is a valuable contribution to get back to the manufacturers all

that does come to us. Heavy paper bags, heavy wrapping paper—in general papers which resist tearing—are long fibre papers. Save them. Save corrugated boxes and packings. Save solid heavy cardboard and solid fibre boards such as may form part of a bicycle or furniture crate. Old rope and jute offer fibre material which is useful. Just how it is to be collected and stored until a sufficient amount is on hand to justify delivery to the user is the unsolved problem which created this discussion.

## THREE HURT

Three women were injured early Thursday morning of last week in a head-on collision of two automobiles at Broad and Fulton streets, Riverton. All were treated at the Zurburg Memorial Hospital, Riverside. The injured were Mrs. Marion Clark, 37, of 59 East Penn Street, Germantown, cuts of the right leg; Mrs. Sue Coprad, 37, of 2069 Clar-

ence street, Philadelphia, cuts of the face and hands, and Mrs. Margaret Wisniewski, 31, of 2609 Madison street, Philadelphia, cuts of the face and head.

They were occupants of an automobile driven by William Rehner, of 5131 Jackson street, Philadelphia, which was in collision with a car operated by Pasquale Arano, of 347 Farner avenue, Burlington. Neither driver was injured.

Officer John Robinson, of the Riverton police, who was on duty at the time of the crash, ordered both drivers to appear before Recorder William H. Bottger on Sunday morning, the charge being careless driving.

The courtesies of a small and trivial character are the ones which strike deepest to the grateful and appreciating heart.—Henry Clay.

Wet wash picked up by our driveway by 2 o'clock Saturday afternoon delivered on or before 8 o'clock Monday morning.

## Church Notices

## CENTRAL BAPTIST CHURCH

Rev. S. Dan Morgan, Pastor

Services, Sunday, February 15th.  
Bible School 10:00 a.m.—The school had another banner day in attendance last Sunday. The enthusiasm in the singing led by Mr. Edmund Jones, ran high, but the presence of Assistant Superintendent David Wood, was missed. We trust his health will be regained and he will be among us soon. Secretary Howard Yerkes was occupying his chair after his unavoidable absence. The Sunday School is one of the best things you can offer anyone these days. It is perhaps the indifference of a self-contained world toward the finer and truer things in life that has placed it in the present condition. May the enthusiasm of "Central Baptist" continue and spread through the community. We would be remiss if we did not again invite you, if a visitor, or a new resident of Riverton and Palmyra, to attend our school. However, if you are affiliated with other denominations, you will find a church in this vicinity where you will also be welcomed. "Great and Glorious," by Hayden, will be rendered by the choir.

Morning Worship 11:45 a.m.—Large congregations have been benefited by the most impressive and spiritually helpful sermons by the pastor. But there is always room for more. A seat will always be provided for you. Pastor Morgan will speak on "The Glory of Decipleship". His message will have in it a thought for each individual who accepts the opportunity of hearing it. "The 27th Psalm," by Edwards, will be sung by Mrs. J. W. Van Horn, Soprano.

B.Y.P.U. 6:45 p.m.—Many young people braved the cold winds of last Sunday evening and motored to the Baptist Church of Beverly to enjoy the monthly Hymn Sing following the Church Service. Don't miss this Sunday evening young people's service. You will enjoy the singing and fellowship that characterizes these meetings. Help in the attendance goal for next month "50 or more". Pastor Morgan is organizing a young people's society comprising the ages of freshmen up to seniors. If you are in this age—come out next Sunday, too.

Evening Service 7:45 p.m.—Too much emphasis cannot be placed on the benefits of an evening service, nor too much cannot be said of the intensely interesting meetings of "Central Baptist". Large attendances have been the result. If you haven't made it a habit—try coming out next Sunday. But try not to be selfish—bring along your friends so they may enjoy it also. "Three Cardinal Climaxes" will be the subject of sermon. Following the season of congregational singing led by the choir, the choir will render, "Incline Thine Ear" by Himmel.

## CALVARY PRESBYTERIAN CHURCH

4th Street and Lippincott Avenue  
Riverton, N. J.

Sunday School—10:00 a.m.  
Church—11:00 a.m.

The Rev. W. H. Lyon, of Princeton, N. J., missionary to India, will preach the sermon.

Invitation is extended to all friends of the Good Fellowship Club to hear Mrs. Beatrice Russell in her lecture

on China, Tuesday, February 17 at 8 p.m. in the church school auditorium. Mrs. Russell, whose home is in New York, has been giving lectures throughout the country on China Relief.

## RIEGER-HABERERN

Mr. and Mrs. J. A. Haberern, of 709 Main street, have announced the marriage of their daughter, Miss Rae J. Haberern, to Harry R. Rieger, of Palmyra, which took place on Saturday, in the Epworth Methodist Church, Palmyra. The Rev. D. Roe Haney, pastor of the church performed the ceremony.

Mrs. Edward Cashan and Mr. Herman Weber, of Riverton, were the couple's only attendants.

Mr. and Mrs. Rieger will be at home after February 23 at 21 Fithian avenue, Merchantville, N. J.

## QUIET ELECTION

Carl Lutz, George M. Rivel and James Henson were named members of the Palmyra Board of Education at the annual election held on Tuesday night of this week.

All the proposed budget appropriations for the coming year were approved with few dissenting votes. The election was the quietest experienced in many years.

## ABOUT TOWN

The marriage of Miss Constance Mary LaFrieda, daughter of Mr. and Mrs. Thomas LaFrieda, of Riverside, to Christopher N. Peditto, will take place on Saturday, February 14, in St. Peter's Church, Riverside, at 9 o'clock.

The members of the Senior Class at Palmyra High School have chosen the mystery "House of Horrors" for their annual production which will be given in the school auditorium on Friday and Saturday, March 6 and 7. The play is being directed by Arthur Terrell, faculty member.

The members of the "Palmyrian" staff, local high school publication, are sponsoring a dance on Saturday night of this week in the school gymnasium. Music will be furnished by Betty Hart and her orchestra and many features have been planned for the occasion.

The Girls' Athletic Association at Palmyra High School is giving a Sunset Dance on Monday, February 16.

On Tuesday, February 16, the high school girls' Drum and Bugle Corps will render several selections at the meeting of the Palmyra Parent-Teacher Association.

The registered nurses and doctors who are members of the first aid committee of the Riverton Civil Defense Council met on Wednesday night of this week in the home of Mrs. Thomas Cashan, Elm terrace, Riverton, to complete organization plans.

The 10th anniversary of the Sacred Heart P.T.A. will be celebrated tonight (Thursday) at Newlin's, Moorestown, at 6:30 p.m., under the direction of Mrs. R. E. Sanford.

The principal speaker will be Don Rose, columnist of the Evening Bulletin, along with Mrs. William Thorne, regional director of the P.T.A. of Parochial Schools in this area, and Mrs. B. J. McNally, who was director of this area in 1932 at the time of the organization of the Sacred Heart P.T.A.

Sailors who have crossed the equator are called shellbacks.

The various Committees of the Red Cross are continuing to function in their respective fields.

In last week's issue of The New Era the names of the Chairmen of each committee was published in full. Keep this list in your desk for reference and call any chairman for information in whose particular field of work you are interested. New classes in the several branches of work are being formed from time to time.

The monthly meeting of the County Chapter was held in Burlington on Tuesday of this week which was attended by several chairmen of the local unit. Mrs. J. Douglas Clark is acting chairman of the Riverton-Cinnaminson Branch during the absence of Mrs. Nathan Lane.

Knitting  
A supply of wool for knitting has finally been received. Those who have been waiting for it can get it from Mrs. Filson Graff, 300 8th street.

## DELAYS IN PROCURING RED CROSS MATERIAL

Owing to the war and the importance of first providing the men of the Armed Forces with materials, the Red Cross is having difficulty in securing prompt delivery of materials. The Office of Production Management has promised to fill our orders as quickly as possible, but there is bound to be delay.

The Office of Production Management has advised us that there are prospective shortages of most yard goods. They have asked the Red Cross not to order any more material than is absolutely necessary—to make knitted garments for the Armed Forces only to fill the demands of Commanding Officers—to make only those garments for civilian relief either at home or abroad which are absolutely necessary. We know that the women in the Red Cross will be the very first to want to cooperate with the Office of Production Management. Therefore, in order that every Chapter may have some work to do, it will be necessary for us to divide up among all the Chapters who have requested materials the amount that we have on hand at the moment.

Conferences between the Office of Production Management and the American Red Cross are taking place and we assure you that, within the limits of available material, your requests will be taken care of to the extent of meeting the actual needs of the Armed Forces and civilians in war stricken countries. I will appreciate it if you will read this statement to all your Red Cross workers, so that they may have a clear understanding of the reasons for this delay in forwarding their materials.

MRS. SLOAN COLT,  
Assistant National Director  
in charge of Production.

## Westfield Friends' School

Parents and friends of the school were entertained last Friday, when all groups in the school presented various types of class work. These showed not only what the different age levels are studying but how they are progressing socially as well as scholastically.

Jon Krusen acted as chairman and Jane Carpenter as reader for the occasion.

The Primary Groups sang and recited prayers they have composed or learned. They also gave an original story written by Charles Coward. The story was read by Ann Biddle and Ann Lippincott while the remainder of the group acted it out in pantomime.

The Kindergarten sang a group of songs including a solo by Paul Coward.

The Lower Intermediate Groups explained their Social Study Project. Harry Mark traced the route of the early Phoenician sailors on the map his committee made, and then the whole group enacted an original scene of a Phoenician family sending their son on his first trip to sea. The Phoenician boat which was the scenery, was made by the classes in their art work.

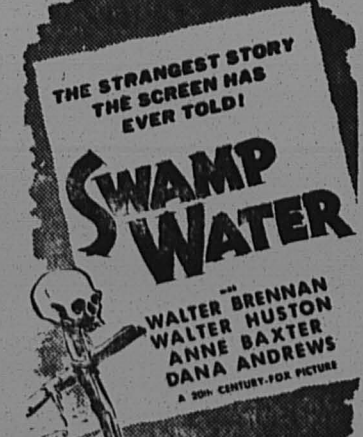

Mary Hull read her paper on the city of Palestine which was the result of research work done for Social Studies.

Nancy Ritschard dramatized a story written by the latter called "The Friendly Chat." The chat took place between two skyscrapers, the Chrysler Building and the Empire State Building and depicted the many sights seen and various happenings which go on in the skyscrapers of our cities today.

Bob Jamison demonstrated his electric magnet which he made for Science Class.

Both piano and choral music helped to give the program interesting variety.

The audience was very appreciative and enjoyed seeing the results of their children's activities.

Miriam Diehl, the principal of the school, is planning to attend the Progressive Education Conference, which is being held in Atlantic City, February 12th, 13th and 14th.

Wednesday, 8:00 p.m.  
Reading Room in Church Building, Thomas Avenue and Seventh Street, Riverton, open Tuesday and Friday, 2:30 to 4:30 p.m.  
"Soul" is the Lesson-Sermon subject for Sunday, February 15, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Lo, this is our God: we have waited for him, and he will save us: this is the Lord: we have waited for him, we will be glad and rejoice in his salvation." (Isaiah 25:9).

Among the Lesson-Sermon citations is the following from the Bible: "And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might." (Deuteronomy 6:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The proper use of the word soul can always be gained by substituting the word God, where the deity meaning is required. In other cases, use the word sense, and you will have the scientific signification." (p. 482).

**KNOW YOUR BANK**  
What can the average person do about rising prices?

While almost everyone has a resigned, "What can I do?" attitude toward the steady rise of prices, there actually are several sensible things that can be done. You can eliminate unnecessary expenditures, cut down on your "luxuries," go easy on other things—even though important—until the crisis eases. You can budget your income—plan more carefully—make every cent count. By all means don't make your regular bank deposits suffer. Your cash reserve is more important now than it ever was.

## History of Mobile Emergency Unit

A few nights after the atrocities of Pearl Harbor and every American citizen was fighting mad, a social call was made on Mr. and Mrs. W. Rex McCrosson. The conversation naturally centered on the war and what could be done to help our community in case of emergency.

An emergency mobile unit was suggested to consist of first-aid equipment, litters, blankets, etc. The matter was taken up with Mayor John Ward who was favorably impressed and gave permission to proceed.

Making a litter or stretcher sounds like a simple job—two pieces of wood and a piece of canvas—but that would not be practical as each stretcher requires four legs and two metal spreaders. Lumber was easily secured and John Hoepfner purchased, hemmed and fitted the canvas.

Through the efforts of Joseph Wilcox, 100 legs were donated by American Stores, each leg having two holes bored for the screws. Where to find the patterns for metal spreaders was a problem. After four trips to Philadelphia a man was located who had the patterns required, which he gladly turned over, and from these we proceeded to search for a foundry that could handle the job and provide the proper kind of metal.

After visiting many places we found one that was able to produce them. Each spreader and rivet used had to be machined. This was taken care of by the George Evans Machine Works, who interspersed this job between other important defense jobs on which he was working.

Stretchers were assembled in the Voochis basement. L. L. Buzzard spent several days shaping the handles. Joseph Wilcox and V. R. Roberts worked on assembling and Ben Webb sandpapered and shellacked handles. Fifty straps were donated by Ralph Rivers. Mr. Roberts stenciled each with the name, Palmyra.

N. J." We now have 25 complete litters ready to be turned over to our town, at a great saving in money.

### Many Ask Advice

Palmyra really became the "Father of Stretchers," for surrounding communities, and through our experience we were able to pass on information to various other towns, which enabled them to expedite the making of their units.

By this time certain expenses were incurred, so it was decided to make a house to house canvass for funds. Captains were appointed for each street and these captains appointed helpers. Each collector was provided with a letter of identification, written by the efficient Miss Helen Arndt and Mrs. Patricia Lawler, personnel of the office of W. Rex McCrosson, Inc., who kindly gave us the use of their services.

Collections were very gratifying and in no time we went over the top. Too much credit can not be given to the collectors.

Stretchers were paid for, then the idea came: Why not buy a trailer and equip it for first aid work and treatment of minor injuries.

Three Sundays were spent visiting trailer camps and agencies. Prices ranged from \$95.00 to \$1800.00. At last a trailer was located, which was being traded in for a new one. It was two weeks before we could get possession, as it was occupied as a home. In order to make the trailer practical for our purpose several alterations were necessary and this work is now being done. We hope it will be completed in the next few days. All expenses up to this point will be taken care of from collections from townspeople, Artisans, Masons, Order of the Eastern Star, and the proceeds of basketball games played February 6, between the Hi-Y and J.V.'s and the Riverton A. A. and the Palmyra High School Teams. The boys are to be commended for turning over the proceeds for such a worthwhile cause.

### Contributions

In addition, the Defense Council has appropriated \$400.00, with which to equip the unit with such apparatus

as is deemed necessary.

If there is any one who has not contributed and feels so inclined, it is not too late, as the more money we have the more complete and efficient our unit will be.

On behalf of the committee, we wish to thank every one who helped to put this unit into existence, and feel sure you will have a unit of which both you and your town will be justly proud.

In conclusion, if there is any information anyone would care to know about stretchers or trailers, do not hesitate to call Dr. or Mrs. Charles F. Voorhis, Riverton 257. The Committee.

### PREPARING YOUTH FOR DEFENSE ACTIVITIES

"The Responsibility of the Parent-Teacher Association of the teacher, and the Church to the Youth of Today" was the theme of an address by Albert Flournoy, secretary of the Y.M.C.A., when he addressed the Phyllis Wheatley P.T.A. of School No. 4 at its January meeting.

Mr. Flournoy first emphasized the need for youth to be made aware of the present situation and to guard against complacency. Secondly, they must be shown how the change in the present economic set-up will affect them and third, they must be guided into vocations that will make them of the most use to the country. It is the job of the school to dispel propaganda, to insist upon efficiency in all work, and to prepare them for usefulness. It is the duty of the Parent-Teacher Association to help keep the youth healthy, to educate the children to the vital things

of life in the home, to cooperate with the school in every way and to encourage whole-hearted cooperation within the nation. With the warning that the preparation of youth is a vital necessity in our country, Mr. Flournoy closed his address.

Following the program members and friends enjoyed an informal reception in the auditorium of the school.

The date of the next meeting is February 27.

## WOMAN'S CLUB TO HAVE NEW HOME

At a meeting held on Monday night of this week, in the Community Center, the members of the Palmyra Woman's Club voted to rent the store located at 305 East Broad street, Palmyra, as its future home. These quarters are, at present, occupied by the Schwering Hardware Store, but Mr. Schwering is now moving to a larger store in the adjacent building.

According to present plans, Mr. Schwering will make extensive renovations to the building where the new club rooms will be located and there is no doubt that the facilities will be most attractive when completed.

There will be a spacious meeting room, a well equipped kitchen, powder room and smaller board room.

Officials of the club feel that, for some time, there has been a great need for a club room such as is contemplated. It is the aim of the club to equip it in such a manner that it will be in demand by other organizations to rent for the purpose of holding regular or special meetings and other functions such as card parties, cake sales, dinners, etc.

The club feels that in being able to offer such a place it will be contributing to the welfare of the community and to the people in general. After the rooms are in order, members state that it will be a pleasure to display them to any who may be interested.

No date has been set for the occupancy of the new quarters, this depending upon the time necessary for the completion of contemplated alterations.

### REGISTERED NURSES PLAN DEFENSE ACTIVITIES

At a meeting held last week in the home of Mrs. Thomas Cashin, 612 Elm Terrace, chairman of the group, the registered nurses of Riverton, who are enrolled as sub-committee members of the local Civil Defense Council, agreed to hold themselves ready for immediate duty during an air raid. It will be necessary for each member of the group to inform the chairman when they are absent from Riverton, in order that nurses will be available at all times.

Since six of the total of 16 registered nurses in Riverton, who are available for emergency work are the mothers of small children, the chairman is asking for volunteers among the neighbors of these six nurses to pledge themselves to take over the task of caring for the children so that the mothers will be free to leave their homes should this be necessary.

### Personnel

Mrs. J. W. Atlee, 100 Linden avenue, has accepted the responsibility for the emergency station at the Riverton Public School and the nurses working for her will be: Mrs. William J. Brown, 407 Howard street; Miss Edith Coale, 100 Lippincott avenue; Mrs. Leon Coles, 418 Linden avenue; Mrs. Frank deGanahl, 109 Bank avenue; Miss Emily Reider, 207 Bank avenue; and Miss Abbie Shoemaker, 311 Bank avenue.

At the emergency station at the Riverton Country Club the nurses will be: Mrs. Thomas Cashin, chairman; Mrs. John C. Voss, 709 Thompson avenue; Mrs. Charles Stewart, 619 Elm terrace; Mrs. Lloyd Weaver, 302 Midway; Mrs. Victor Ritschard, 302 Eighth street; Mrs. Bennet Bowers, 625 Main street; Mrs. Bayard Brunt, 403 Eighth street; Miss Margaret Schocker, Linden avenue and Mrs. Frederick Steiner, 713 Main street.

The local doctors were also present at the meeting and discussed equipment for the stations and treatment.

A refresher course for nurses and doctors will begin at the Zurburg Hospital, Tuesday, February 17, from 9 to 11 p.m. Dr. F. E. Chap-

The report of the Delaware Volunteer Fire Company, No. 2, of East Riverton, for the year 1941, shows that the members of this organization responded to 43 alarms during the period.

These were classified as follows:  
6 building.  
7 woods.  
6 grass.  
6 silent.  
2 county drills.

### Salvage for Victory

The Conservation and Salvage Committee of the Riverton Civil Defense Council, under the chairmanship of Archibald Bush, council member, met this week to formulate plans for the collection of waste paper, old rags, scrap metals and old rubber in Riverton.

The group plans to establish a central depot in the near future, where contributions of all articles for salvage can be left by local residents. Facilities will also be available for storage. The Boy Scouts will collect materials and otherwise assist in the program.

The committee at the present time is composed of the following: Arthur W. Lewis, Mrs. Herbert Kieckhefer, A. T. Hewlett, Robert G. Adams, Mrs. Richard M. Hooper, Mrs. Arthur E. Schuh, Paul Musso and Edward Yerkes. Other members are to be added this week.

### What to Save

Waste paper, wrapping paper, cardboard cartons, boxes, paper bags, newspapers, magazines. Flatten out cartons, boxes, pile newspapers separately and tie in separate bundles. Keep rags, metals and rubber separately, in cartons or bags if possible.

Old rags. Cast-off clothing, bur-lap bags, draperies, mattresses, pillows, discarded carpets. Scrap metals. Iron, steel, brass, copper, aluminum, lead are needed. Dispose of discarded tools, metal beds, stoves, tire chains, pots and pans, toothpaste containers and anything else made of metal, except tin cans. Do not discard anything that is useful and that might have to be replaced.

Salvage now—for victory.

### HELP WANTED

The local air raid observation service is in need of volunteers to do certain types of secretarial work.

Those who can give a few hours of their time when the need arises, are asked to call Clinton B. Gardner, phone Riverton 521-M.

There is work to be done immediately.

### CALL FOR SICK ROOM EQUIPMENT

Hot water bottles, ice caps, enamel basins, bed pans, etc., are needed to be placed in Riverton emergency aid stations. Articles donated should be plainly marked with the name of the owner.

Anyone having such equipment to offer kindly call Mrs. Thomas A. Cashin, chairman of nurses, Riverton 1062.

### NEW PHONE DIRECTORY

A new issue of the telephone directory for Camden, Burlington and Gloucester Counties is larger by approximately 2,500 listings than the book it will replace during the next week or ten days, the New Jersey Bell Telephone Company reports. The present book was issued last May. Some 23,000 changes have been made in all, reflecting connections and disconnections of telephones, changes of address, etc., during the nine-month period. About 5,000 listings appear in the new book for the first time.

man from Fort Dix will be the instructor. Six of the local nurses have volunteered to attend this series.

### ROTARY SPEAKER

Long a student of the life and works of Lincoln, Thomas W. Wingate, of Salem, N. J., gave the local Rotarians, on the birthday anniversary of the Great Emancipator last week, some interesting new interpretations of his character. Mr. Wingate, who for fifteen years has been Rector of St. John's Episcopal Church in Salem, is a Past District Governor of Rotary. He was introduced by C. P. Mayfield, President of the local club when Mr. Wingate presided as governor. Interested guest was Nathan Ewan, of Moorestown, himself an authority on Lincoln.

Mr. Wingate called attention to the fact that although February is the shortest month of the year, it is the birthday of a very large number of notables including Washington, Gladstone, Tennyson, Darwin, Chopin, Caruso, and Oliver Wendell Holmes. In 1809 Lincoln entered the scene. The poverty of his frontier life is of course known to every school boy.

Little Formal Schooling Of formal schooling he had perhaps six months in his whole life and his foundation of knowledge was with great difficulty extracted from five books which constituted the family library. These were the Bible, Bunyan's Pilgrim's Progress, Aesop's Fables, Parson Weem's Life of Washington, and the Statute Book of Indiana, which however contained the Declaration of Independence and the Constitution of the United States.

The long series of misfortunes and disappointments which dogged the life of Lincoln were used by Mr. Wingate to show the strengthening influence exerted on Lincoln—the forging of character, the strengthening of moral fibre. In political life he was defeated again and again. Those nearest and dearest to him were taken by death one after another.

The cult of Lincoln, however, is steadily growing as more and more men seek to pattern their lives by his precepts. There are today more than three thousand volumes in the Congressional Library devoted to some treatment of the life of Lincoln—more than are allocated to any other man in history.

This Mr. Wingate attributed to the intuitive appraisal of him that men give—that he was indeed a man of the people with faith in men, faith in himself and faith in God.

### TAYLOR RE-ELECTED

Howard Taylor was re-elected president of the Cinnaminson Board of Education at the organization meeting of that body held on Monday night of this week.

Leslie W. Reeves was elected vice president.

After a lengthy discussion it was voted to present the same budget item for current expenses for the approval of the residents of the township on Tuesday, March 3. This item, in the amount of \$4,025 was rejected by a small majority last week.

An explanatory statement concerning this budget item will be released for publication before March 3 and all residents of the community are urged to read this carefully in order that they may better understand the question on which they will be asked to vote.

### TO BE INDUCTED

The following men from this section will leave for induction into the Army on Monday, February 23:  
T. R. Coulter, Palmyra.  
J. A. Hoare, Palmyra.  
W. H. Hoare, Palmyra.  
J. F. McNulty, Jr., Palmyra.  
J. W. O'Neil, Palmyra.

## CHINA TEACHES FINE LESSON

How China, poorly equipped, has been able to wage war against the cruel Japanese military machine, supplied with all modern weapons, was told in a dramatic fashion to the members of the local Business and Professional Men's Club on Tuesday of this week by Mrs. Beatrice P. Russell.

China, the speaker said, has suffered from famine, flood, looting and bombing. She has seen practically all of her pre-war industries destroyed, her colleges ravaged, her people wantonly butchered. Under such condition, the world would probably not have blamed the Chinese for surrendering to the sons of Nippon.

But, on the contrary, Mrs. Russell said that the Chinese have moved inland, where they have established new industries, new schools, so that today, as a result of this prodigious effort, more people are being educated than ever before.

Burma Road The speaker presented a most vivid description of the Burma Road which, according to our engineers, equipped with modern machinery, it would have taken four and one half years to build. The Chinese could not wait that long and with a display of their tremendous ability, constructed this most remarkable highway in one year and four months with 200,000 laborers and the crudest of machinery. Seventy-five thousand of these died from malaria.

The highway extends 712 miles and there are only two level spots over this distance. Most of it has to be traversed in low gear.

In closing, Mrs. Russell paid high tribute to the missionaries who have done much to cement the friendship between the people of both countries and asked that every consideration be given to the China Relief Campaign for \$7,000,000, which will be conducted in April.

Guests present at the meeting were Mrs. Mervil E. Haas, Riverton postmaster; Miss Elizabeth Curriden, Miss Beatrice Smith, Jacob Eber and William Hutchinson.

### CRUCIAL COURT GAME

HERE ON FEBRUARY 25 An important game in the senior division of the Burlington County Basketball League will be played in the gym of the Riverton Public School on Wednesday night, February 25, when Riverton A.A. meets the strong Burlington quintet.

The outcome of the engagement will decide second place in the loop standing and the homesters will do their best to take the runner-up post. The management is also planning another "Appreciation Night" program and those who attended a similar affair a few weeks ago will recall how successful was the occasion. In view of this fact a large audience is expected to view the game next week.

### GRASS FIRE

The Riverton Fire Department answered a call on Thursday of last week for a bad grass fire on Fulton street, near Broad, where the flames were threatening nearby buildings. The blaze was extinguished promptly and no damage resulted.

urged to read this carefully in order that they may better understand the question on which they will be asked to vote.

## TAYLOR HEADS SCHOOL BOARD

At the organization meeting of the Riverton Board of Education held on Monday night of this week, Thomas R. Taylor was elected president of the organization for the current year by a unanimous vote. He succeeds Richard M. Woodward.

Members elected last Tuesday who were sworn into office for a full term nil were to Mr. Taylor, term were Richard M. Woodward and W. Brooks Evert.

Robert G. Adams was elected vice president of the board, also by a unanimous vote.

Appointments made were those of William H. Bottger, district clerk and C. Kenneth Davis, custodian of school funds.

President Taylor announced that he will name the various committees at the next regular meeting of the board, which will be held on Monday March 2.

The only other item of business transacted at the meeting was a vote to subscribe to seven pages in the book "A History of Burlington County Schools" at a cost of \$35. This book is being prepared and edited by Dr. Louis J. Kaser, county superintendent of schools.

The Riverton board twice voted against this proposition, but since practically all other boards of education in the county have agreed to cooperate, members felt that Riverton should participate.

### The Porch Club

On Tuesday, February 24th at 2:30 p.m. the Porch Club will start a new project in hand sewing for the Red Cross. Bring your scissors and thimble.

Mrs. Arthur Schuh, chairman of the War Work Committee, has secured Mollie Heath Conn, executive chairman of the Y.W.C.A. as speaker. During her talk Miss Conn will report on the International Conference of the Y.W.C.A.

In order to accomplish as much as possible during the afternoon, tea will be served at 5 o'clock.

### WORLD DAY OF PRAYER TO BE HELD IN BAPTIST CHURCH

Friday, February 20, has been proclaimed by the President of the United States, as a World Day of Prayer. In the vicinity of Palmyra and Riverton, it will be conducted under the auspices of the ladies of the combined churches of the two communities and will be held on this Friday afternoon at 2 o'clock in the Central Baptist Church. Every man, woman, or child who can, is urged to attend and participate in this meeting with the divine purpose of restoring peace throughout a war-torn world.

### BAKER RE-ELECTED SCHOOL BOARD HEAD

At the re-organization meeting of the Palmyra Board of Education held Monday evening, February 16, Leonard R. Baker was unanimously re-elected president, while Mrs. Marion L. Mallory was unanimously re-elected vice president.

Messrs. James B. Henson, Carl W. Lutz, and George M. Rivel, who had been re-elected as members of the Board of Education at the School Election held Tuesday evening, February 10, were sworn in for their new terms of office.

### FOR SATURDAY IS ST. VALENTINE'S DAY

## AS I SEE IT

BY FRANK LEE SAYID

Why is it that as the means of writing letters have progressively become more convenient to employ, the once rich art of letter writing has progressively declined? Back in the days of the quill pen, although the mechanics of writing presented their own difficulties and the cost of posting letters was material, nevertheless personal correspondence grew into its nest flower. Whereas today it is becoming a lost art.

The letter writers of the Colonial period for the most part compounded their own ink, sharpened their own quill pens, plotted their writing with sand from their own shakers, folded their letter sheets and sealed them with a drop of wax, to melt which they were obliged to light a candle at the nearest fire, and to impress which they used their own signet ring. Then they hitched up the horse and drove to the post-office—if there was one in the state.

Since as late as 1776 there were only fourteen post offices in North America, outside of Massachusetts, most of the time they were obliged to consign their letters to some traveler and the coffee houses were frequently centers where mail could be left to be forwarded by such means. Naturally under those circumstances and particularly because rates varied with the distance, with the weight, and with the number of sheets of paper used, most mail was dispatched collect on delivery. Then too, there was the matter of legal tender in various parts of the country, English, Dutch, Portuguese, etc.—so that man could hardly know what his letter would cost at the other end—or whether it would ever arrive.

But in spite of all these difficulties men wrote with a regularity that would put most of us to shame. We who permit valued friendships to lapse for our failure to take a few minutes to keep the fires of that friendship blazing—we who almost lose touch with our own families—we have so little excuse.

One hears it said, "I don't know what to write." That is because we write so seldom that the lesser matters seem to require more explanation than they are worth and nothing of importance seems to have transpired. There may perchance have been a time when you wrote some one every day—and someone replied every day. There was no dearth of material then. What you did yesterday was news and it was important. But as the intervals stretch out only outstanding things seem worthy—and there are not enough of them to make a letter. All of which makes clear why correspondence languishes and dies.

As near as we can figure it we have written about 2,000 letters "home" since we moved out into the world on our own and have had about 2,000 letters from home in reply. It has not been too much of a price to pay to maintain the intimacy of home ties. It has been rich in dividends that can not be measured.

One of the crosses that parents so often must learn to bear, but to which they never become reconciled, is to be shut away from the lives of their absent children, who thoughtlessly believe their unspoken devotion is all sufficient, and who never realize how the parents hunger to share the simplest news of their daily lives. Too often parents, however, shirk their own contributions to such an arrangement.

When you say, as many do, "I just can't write letters," you are fooling no one but yourself. "I won't take the time to write" would be more truthful.

We set out to tell of the correspondence methods of by-gone generations and lo! we turn out a sermon of dubious acceptance. But if it inspires the reclaiming of even one friend—or strengthens the ties with even one now absent from home—we think the digression was justified.

## PEDITTO—LA FREDA

A wedding of interest in this section was that of Miss Constance La Freda and Christopher N. Peditto, which took place Saturday morning at 9 o'clock nuptial mass in St. Peter's R. C. Church, Riverside.

Mr. Peditto, a former Burlington County solicitor, is the son of Mr. and Mrs. Placido Peditto, of 425

Marines first guarded the mails in 1775 when a squad of eight left Hartford, Connecticut, for Albany and Fort Ticonderoga, N. Y., with important mail and money.

Upon their return from a wedding trip Mr. Peditto and his bride will reside at 126 Chester avenue, Riverside Park.

Mr. Peditto is a graduate of Palmyra High School, Dickinson College and South Jersey Law School.

The bride, daughter of Mr. and Mrs. Thomas La Freda, of 500 Leach street, Riverside, was given in marriage by her father. Her gown was of skinner satin, modeled on princess lines with long sleeves and a heart-shaped neckline, the full skirt flaring to form the train. Her long tulle veil carried a bouquet of lilies.

Miss Susan La Freda attended her sister as maid of honor in a pink taffeta frock, and the bridesmaids, Miss Emma La Freda, another sister, Miss Perena Walczak, of Riverside, and Miss Mildred Villari, of Palmyra, niece of the bridegroom, appeared in similar models of blue taffeta. They wore tiaras matching their frocks and carried old-fashioned bouquets of pink roses.

Placido Villari, of Palmyra, was best man for his uncle, while Joseph Bucci and Alexander Walczak, of Riverside, and Lawrence Altadonna were ushers.

Upon their return from a wedding trip Mr. Peditto and his bride will reside at 126 Chester avenue, Riverside Park.

Mr. Peditto is a graduate of Palmyra High School, Dickinson College and South Jersey Law School.

MAYOR WARD EXPLAINS  
PALMYRA'S TAX RATE

At the February meeting of Palmyra Borough Council last week, Mayor Ward explained how council had been able to reduce the Palmyra local purpose tax rate by 15c this year in spite of increased expenditures for Defense purposes and a larger police budget.

Last year the borough received \$14,000 in gross receipt taxes which had been tied up by litigation for some years. Although some municipalities spent their share of this windfall as soon as it was received, Palmyra did not, but put it into the surplus account so it could be used to reduce taxes in 1942. In addition, the improved collection of taxes last year also increased the surplus account.

U. S. Marines were first to use the airplane to spray large areas of ground for the elimination of mosquitoes and larvae.

Upon their return from a wedding trip Mr. Peditto and his bride will reside at 126 Chester avenue, Riverside Park.

Mr. Peditto is a graduate of Palmyra High School, Dickinson College and South Jersey Law School.

## BIRTH

Mr. and Mrs. W. Hayward Powers, Jr., of 325 East 41st street, New York City, announce the birth of a daughter, Joan Whitney, at Flower Fifth Avenue Hospital on February 12th. Mrs. Powers is the former Irene Sipel of Thomas avenue, Riverton.

## NEW LIGHT FIXTURES

During the past several days, Public Service employees have been replacing old electric light fixtures on local streets with an improved type. The new lights are suspended from a yard arm of different design from the old one. The entire set-up gives an improved type of illumination. There has been no change in the location of the lamps.

The U. S. Navy will consume 11,731,000 pounds of chickens, ducks and turkeys in the fiscal year ending June 30, 1942.

PALMYRA TAKES LEAGUE  
FOE BY SINGLE POINT  
A free throw made by Riddle, of Palmyra, in the last minute of play provided the margin of victory for the Diamondmen over Paulboro in a hotly contested engagement played on the local floor Friday night of last week, the score being 28-27.

The fracas was another of those ding dong affairs with the count knotted 18-18 at the half and tied up during most of the last two periods. The losers got off to a good start in the first quarter and had a 10-5 lead at this stage. The Red and White came back strong in the second frame and tabbed 13 counters as against eight for their rivals.

Randolph, lanky center for Paulboro was high scorer of the evening with 14 markers to his credit. He seldom missed when fed the ball near the basket for a pivot toss. Henderson, Mitchell and Riddle were big guns in the local offense. The Diamondmen were extremely accurate from the free throw mark, getting six out of eight chances. The invaders cashed in on 3 out of 12.

Coming Games  
Palmyra's win was their third in the South Jersey Scholastic League and their game last night with Merchantville closed the loop schedule. Burlington clinched the title last week with a win over Merchantville. Remaining games on the local slate, all non-league affairs, are as follows:  
Friday, February 20, Riverside, Tuesday, February 24, Camden Vocational, here.  
Friday, February 27, Camden Catholic, here.

WELFARE OFFICE TO BE  
MOVED IN NEAR FUTURE

On or about March 1, the office of the Riverton-Cinnaminson Welfare Association will be moved from its present location in The New Era building to the store in the Collins Main and Haddon streets.

The change is being made in order to provide adequate storage space for clothing and commodities which was not available at the former location. It will also enable workers to carry out their duties with a greater degree of efficiency than heretofore.

The move was authorized by the directors of the association at a special meeting of that group held last week.

NEW REGISTRATION  
CONDUCTED SMOOTHLY  
The registration of those men between the ages of 20 and 45 who had not previously registered was conducted here on Saturday, Sunday and Monday, by Local Draft Board No. 1, of Palmyra, board officials being aided by a group of volunteers, who performed this great task in a most efficient manner.

While exact figures regarding the registration are not available, several hundred from this vicinity received cards during the three day period and the board did a rushing business, especially early Saturday morning.

The General Board of the United States Navy was established March 13, 1900.

Naisby coming upon the scene, borrowed a ladder from a nearby resident and soon restored the pet to its owner.

PET RESCUED  
A large crowd was attracted to the river bank on Sunday when a little girl's pet was rescued from a watery grave by the prompt action of Henry Naisby.

The dog, accompanied by his youthful owner, was walking along the bank and, prompted by some canine urge for exploration, ran out some distance on the ice that was piled up near the shore. When the return trip was attempted the ice had shifted so that the dog was marooned. Seeing her pet endangered, the child was about to attempt a rescue when she was dissuaded by passersby.

KNOW  
Are there any priorities  
in bank lending?

There are no government-imposed priorities, but we and other banks are voluntarily giving first call to the needs of national defense. This does not mean that other borrowers do not find a ready welcome and prompt service here. The normal non-defense phases of life must go on, and bank credit is essential to many of them. If you need funds for any purpose, come in and discuss your problem with us. You'll find that we are "lending as usual."

## ABOUT TOWN

Janet Whitney, author of the book "Elizabeth Fry, Quaker Heroine," will speak Sunday evening, February 22, at 7:30, in the Westfield Meeting House, Route 25. Her subject will be "On the Trail of John Woolman." All interested are welcome to attend.

Nearly 300 attended the country square dance held last week in the Parish House of Christ Church, Riverton. The affair was considered a tremendous success by those who were present.

Miss Beatrice Mathews, of 433 Thomas avenue, Riverton, a member of the junior class at New Jersey College for Women, New Brunswick, is enrolled in the new defense courses which the college is now providing. No academic credit is given for these courses, but the students are participating with great enthusiasm.

Burton Conway, of 627 Thomas avenue, Riverton, was tendered a birthday surprise party at his home, on Friday evening of last week. Thirteen couples attended the affair, guests being present from Haddonfield, Collingswood, Palmyra and Riverton.

The 7th Annual Riverton Yacht Club Banquet will be held at the Riverton Country Club Saturday evening, February 21, at 7:30. Season prizes will be awarded. There will be dancing to the music of Buddy De Laney and his men plus entertainment by some of the local talent. Tickets can be had from Ogden Matlis, William Shoemaker, 3rd, Giles Knight or Knute Hunn.

Buddy DeLaney and his orchestra, featuring Betty Parker, vocalist, will furnish the music for the dance given by Department 59, I.U.M. of S.W.A., for the soldiers benefit fund, to be held at the Local No. 1 Educational Center, Fairview, on Friday evening.

## GRADUATE GROUP

### DANCE SATURDAY

Defense Stamps will be released in a gigantic balloon barrage at the George Washington Birthday Dance to be presented Saturday night by the Palmyra High Graduate Group.

The dance, one of a series on the group's busy social schedule, will be held in the high school gymnasium. Several features will headline the affair. According to the committee in charge, there will be a blackout dance, a Paul Jones, and a rhumba session. There will be free La Conga lessons for anyone interested.

Proceeds will be turned over to the group's scholarship fund. The dance is being directed by the following committee: Evelyn Haines and Jane Craven, co-chairmen; Ruth Bagans, George Durgin, Anna Kessler, Fred Bauer, Thomas Lane and Emanuel Rothbaum.

## CAR INSPECTION PERIOD

### CLOSES FEBRUARY 28

Action leading to revocation of registration is being taken by the Motor Vehicle Department against motorists whose cars are overdue for the current motor vehicle inspection, Commissioner Arthur W. Magee announced this week. The inspection period closes on February 28.

Cars and trucks not bearing the current red, white and blue sticker should be presented for inspection without delay, the Commissioner warns, otherwise the owners of such vehicles will run into difficulties when they apply for their 1942 license plates.

The historic battleship Oregon is a naval museum in Portland, Oregon.

## Church Notices

### EPWORTH METHODIST CHURCH

Fifth Street and Morgan Avenue  
Palmyra, N. J.

Rev. D. Roe Haney, B.D., Minister

The Roll Call and Supper program in Epworth Church Wednesday evening was well represented by the constituency of the church. The address by Dr. Hammell P. Shipp was inspirational and gave to one a brighter outlook and inspired Church loyalty. The song service was led by Wallace McKeag and solos rendered by Miss Annie Yearington. The supper prepared under the direction of Mrs. Ezra Carhart, Mrs. Willard Bergey, and Mrs. Robert Snow, Sr., and served under the direction of Mrs. Harry Curry was most satisfactory.

Church School in various departments and classes will begin Sunday morning at 9:45. Church Worship will be at 10 o'clock and 7:45. Rev. Haney will preach in the morning on "Things Unshaken." The Junior Choir will sing "God Bless America." The Senior Choir will sing "Judge Me, O God" by Niedlinger. The Organ numbers will be "Prelude—'Hymn to the East' by Hindemith, Offertory—'Andante' by Mendelssohn, and Postlude—'March in A' by Battman.

The evening sermon topic will be "A Hidden Character." The Choir will sing "Give Me a Perfect Heart" by Stewart. Stella McCay and Eleanor Sauerwein will sing "Lord In This Sacred Hour" by Walter and Mildred Turnock, and Carolyn Haney will also sing "Faith Anchored" by Hall. Miriam Pike will render a piano solo. Mrs. Lord's organ numbers will be "Evening Prelude" by Rogers, and Postlude—"Canzonetta" by Von Wijn.

### CENTRAL BAPTIST CHURCH

Rev. S. Dan Morgan, pastor

Services, Sunday, February 22—Bible School, 10:00 a.m.—Strength, courage and faith, the three essentials of the present day, may be obtained by attending the bible school. In a very practical way, the teachings as are found in this "Great Book," the biggest seller of all time, are presented to all those who will avail themselves of this opportunity. "Central Baptist" endeavors to fill the need of the people and invites you to become a regular attendant.

Morning Worship, 11:15 a.m.—"Free Lancing Is Out," a thought-

provoking topic for everyone, will be the subject of the pastor's sermon. The soloist of the morning will be Edward N. Hoyt, tenor, who will sing "Plans of Peace" by D'Nuvigne Barnard. The choir's contribution will be "Unto Thee, O Lord, I Lift Up My Voice," by Henrich.

B.Y.P.U., 6:45 p.m.—The combined Senior and High School group will be addressed by Mrs. C. Horner in the Sunday School room. All young people within these ages are invited to attend. Following the church service, the group will enter into a hymn sing to which all persons who enjoy singing, are welcomed.

The newly organized Junior Group, which meets in the Junior room of the Sunday School, elected their officers at their meeting last Sunday evening. They are: President, Dan Morgan, Jr.; Vice President, Ruth Cooper; Secretary, Josephine Fountain; Treasurer, Mary Jane Abdill. This group comprises the ages of the upper grammar and the first grades of high school.

Evening Worship, 7:45 p.m.—Since the outbreak of hostilities, there are many who are anxious to serve in this time of crisis. To those the question will be answered in the sermon of the evening on "What You May Do," which will be delivered in his forceful way, by Pastor Morgan. Wolcott's "More Love to Thee" will be rendered by the choir. Come out and enjoy the season of enthusiastic congregational singing which precedes the sermon.

The regular monthly business meeting of the Board of Trustees will be held on this Tuesday evening at eight o'clock.

Wednesday evening, 8:00 p.m.—Midweek Prayer Service. The pastor will take up the study of the Book of Genesis which will prove of interest to all.

## SAVE LICENSE PLATES

Motor Vehicle Commissioner Arthur W. Magee today announced that his department has formulated plans for collecting old license plates from New Jersey car owners as a measure of salvaging metal for national defense.

"Recognizing the desire of many people to contribute to the war effort, arrangements have been made to accept old license plates at the 28 state motor vehicle inspection stations," said Mr. Magee. "It is hoped that by this means considerable tonnage of steel, which otherwise would be destroyed, will be recovered for war purposes."

"Many motorists have accumulations of old plates around their garages. All of this scrap steel will be welcome and the sooner the better." Issuance of the 1942 plates will begin March 1 and they can be attached to the vehicle immediately. The new tags must be displayed on all vehicles after midnight, March 31.

"During the year 1941, millions of cars were stalled on highways and required emergency road service. Of these, 12,500,000 were of such nature as to require use of towing equipment. The remainder, 24,000,000 represent disabilities from mechanical failure which troubleshooters from garages and service stations were able to repair or adjust temporarily at the scene of the breakdown, but which required mobile equipment to take the mechanics to and from the breakdown."

"These are national figures, based on reports to the A.A.A. from the 10,000 garages throughout the country that are under contract to render emergency road service to members of its affiliated clubs. "With rationing of new tires, most motorists are unable to get them at all for the present at least, and with the manufacture of new cars completely halted, it is logical to assume that the number of calls requiring service vehicles will increase as the average age of automobiles and tires on the roads increases."

ONLY 16 DAYS  
On a basis of our normal budget for the year—leaving out the billions for the war—if every income above \$100,000 a year were confiscated (and that includes the duPonts, the Rockefellers, the Mellons and all the other fat ones), the amount collected would run the government only 16 days. If every income above \$10,000 were confiscated—110 days. —Cleveland Press.

## EMERGENCY VEHICLES ON ELIGIBILITY LIST

Tow trucks and other emergency vehicles maintained to render road service to motorists in distress will be included on eligibility lists to receive rationed tires.

### PRAYER FOR COUNTRY AND CHURCH

Pray for the prosperity of our country, and for her victory under arms; that justice, mercy, and peace continue to characterize her government, and that they shall rule all nations. Pray that the divine presence may still guide and bless our chief magistrate, those associated with his executive trust, and our national judiciary; give to our congress wisdom, and uphold our nation with the right arm of His righteousness. In your peaceful homes remember our brave soldiers, whether in camp or in battle. Oh, may their love of country, and their faithful service thereof, be unto them life-preservers! May the divine Love succor and protect them, as at Manila, where brave men, led by the dauntless Dewey, and shielded by the power that saved them, sailed victoriously through the jaws of death and blotted out the Spanish squadron.

Great occasion have we to rejoice that our nation, which fed her starving foe—already murdering millions of her money—will be as formidable in war as she has been compassionate in peace. May our Father-Mother God, who in times past hath spread for us a table in the wilderness and "in the midst of our enemies," establish us in the most holy faith, plant our feet firmly on Truth, the rock of Christ, the "substance of things hoped for," and fill us with the life and understanding of God, and good will towards men.

"Mind" is the Lesson-Sermon subject for Sunday, February 22, in all Christian Science Churches and Societies throughout the world.  
The Golden Text is: "The Lord is a God of knowledge, and by him actions are weighed." (I Samuel 2:3).  
Among the Lesson-Sermon cita-

tions is the following from the Bible: "Who is a wise man and endowed with knowledge among you? let him shew out of a good conversation his works with meekness of wisdom." (James 3:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "According to Christian Science, the only real senses of man are spiritual, emanating from divine Mind." (p. 284).

### CARD OF THANKS

May we express our sincere appreciation for the many acts of kindness shown during our recent bereavement, especially to those who sent cars and flowers to the funeral.  
DeWitt Morris and Family.

### A PROCLAMATION

The spiritual life of our people and morale in its broadest concept will play a great part in fighting and winning the war, and all religious groups in this great Metropolitan Area are potent forces in developing spirituality and public opinion. To this end the ministers, pastors and other religious leaders with their congregations and parishes, have a great contribution to make in establishing and maintaining the lines of civilian defense. Faith in God, conviction in the justice of our cause, patience born of confidence in our leaders and in the agencies for our protection, and a high resolve to work and sacrifice together are necessary to give us victory.

Therefore I, Bernard Samuel, Coordinator of Civilian Defense for the Metropolitan Philadelphia Area, do hereby proclaim Sunday, February 22, 1942, as Civilian Defense Sunday, and trust that its observance will do much toward clarifying and solidifying our sense of responsibility and a better understanding of the interdependence most necessary for ultimate victory.

BERNARD SAMUEL,  
Coordinator  
U. S. Office of Civilian Defense  
Metropolitan Philadelphia Area  
Dated—February 13, 1942.

ASKS THAT RED CROSS  
DRIVE SURPASS QUOTAS

Chairman Norman H. Davis today appealed to the American people for a generous over subscription of the Red Cross services to the nation's rapidly expanding Armed Forces. He asked that the previously announced minimum goal of \$50,000,000 be over subscribed so that at least \$55,000,000 be raised in this campaign.

Chairman Davis pointed out that

in the proclamation initiating the present War Fund Campaign, the President asked for "A minimum sum of \$50,000,000." Since the campaign was launched on December 8th, the day after Pearl Harbor, not only has the war program greatly expanded but also the resulting needs of the Red Cross have become more specific. Chairman Davis was able to state, therefore, that it is the increased amount is reached, and having a major disaster, that no further War Fund appeal will be necessary during 1942.

"The Red Cross must keep pace with military and industrial mobilization," said Mr. Davis. "Our fighting forces are being sent to an increasing number of fronts throughout the world, and the Red Cross must go with them. On the home front it must serve the families of our service men. It must help in training our civilian population to meet the threat of bombings, sabotage and industrial accidents. These tasks require not only great sums of money, but also a tremendous amount of volunteer service. For this reason we must raise our money quickly and be in a position to give added attention and energy to the actual work of relief."

"Up to this time \$42,000,000 has been subscribed. I am happy to say that 1,533 chapters out of 3,742 have reached or exceeded their quotas. This gives us real hope that the generous response already made will be further increased and that we can bring the present campaign to a prompt and successful conclusion."

## ANNIVERSARY DINNER

The Sacred Heart P.T.A. celebrated its 10th anniversary last Thursday evening by holding a dinner at Newlin's in Moorestown.

The principal speaker was Don Rose, who writes the column "Stuff and Nonsense" for the Bulletin.

Mr. Fitts, from Bordentown, was the vocalist.

Over one hundred members and friends attended.

Father Quinn reviewed the work of the P.T.A. and asked for its continued cooperation.

All past presidents of the group attended. Mrs. Herbert Kemmerle is now head of the organization.

**TIRE RATIONING AS APPLIED TO FARMERS**  
The office of Robert W. Johnson, State Rationing Administrator, today issued a bulletin interpreting the tire and tube rationing regulations as they apply to farmers, in an effort to assist them in meeting agricultural war production goals.

According to the bulletin, all farmers may apply to local rationing boards for certificates to purchase new tires or tubes to be used on farm tractors or other agricultural implements for the operation of which new tires and tubes are essential.

Tires and tubes may also be secured for trucks used exclusively to transport farm products and foods, including milk. However, this does not apply to trucks used to deliver foods, such as garden produce, eggs, and milk, to the ultimate consumer; neither do farmers' personal passenger

cars come within the eligible class.

Apply to Board

Outlining the procedure to be followed by a farmer in need of new tires or tubes, the bulletin advised him to apply to his local rationing board for an application form. If the board's official inspector certifies that the applicant requires the new tire or tube, he will be given a certificate authorizing him to purchase the tires or tubes from any dealer he may select.

The bulletin listed obsolete types new tires which are not subject to quota restrictions, but whose purchase can be made only with an official certificate.

Farmers were reminded by the State Rationing Administrator that local rationing boards have no authority to extend the list of eligible vehicles, but that farmers applying for new tires would be given every consideration, in view of the importance of agricultural production in the war effort.

## RESERVE FIREMEN NEEDED URGENTLY

In Riverton, as in every other community, there is an urgent need for volunteer reserve firemen who will augment the regular members of the fire fighting organizations in the event of an emergency.

It is the duty of the local Civil Defense Council to organize and train such a group of reserves so that when they are needed they will be able to function promptly and efficiently.

For the past several weeks, Lawrence Downs, assistant chief of the Riverton Fire Company and member of the local Civil Defense Council has been holding a school of instruction for reserve firemen.

The response to date of those who signified their desire to participate in such defense work on the questionnaire has been most disappointing, only a small number being present at each session of the school.

### Your Help Needed

The next meeting scheduled for the reserve firemen is to be held in the fire house on Monday, March 7, at 7:30 p.m. and all those who are physically able to do fire fighting work are urged to be present and report to Mr. Downs. A group of at least 50 members is the minimum requirement for this community.

This is a real opportunity for public-spirited citizens to assist in performing a most worthwhile service and the Defense Council is hopeful that the new number of volunteers will be sufficient to cope with any emergency.

The time to enroll and be trained is now, don't wait until after the emergency comes and it's too late.

## The Porch Club

The monthly business meeting for March will be held on Tuesday, the 3rd, at 2:30 p.m.

Polls will be open at 2 p.m. for the election of officers for the coming year, and closed at 3 p.m. Bring your ballot with you.

At the end of the business meeting the Art Department, aided by Mrs. Edward W. J. Hunn, will present a series of tableaux, representing copies of pictures hung in the 1942 exhibition at the Pennsylvania Academy of Fine Arts. Included in this group will be, My Better Half, Bucks County Farmer, Mills and Rickety, The Mirror, Self-Portrait, Girl Putting Out Cigarette, Figure Composition, Listening, Ann Carol in Yellow, Lunch Counter and Finale.

Mrs. Hunn will do the announcing and Mrs. Harry Jeffcott, Jr., chairman of the art department will furnish the musical accompaniment.

The proceeds of the bridge held last week for the benefit of the Riverton Free Library amounted to \$166.60. A large number of club members and guests attended the affair.

**PALMYRA WOMAN'S CLUB**  
The Woman's Club of Palmyra will hold its March 2nd meeting at 2:30 p.m. in the Community Center. After the business meeting, Mrs. Roy Hardy, chairman, will conduct a panel discussion with Mrs. William Miller, Mrs. Powell Thatcher and Mrs. James M. Weart participating. Mrs. George Shaner will act as mediator. A program similar to this was conducted last year and it proved so popular and interesting that many of the club members requested that such a discussion be included in the schedule this year.

Mrs. Hardy requests that the Time Quiz contests be returned at the same meeting and anyone who does not care to sign her name may use an identification mark in order that the proper person may claim the highest average. The book to be awarded

will be given to the library at Fort Dix, instead of to the club member receiving it.

Postmaster Mervil E. Haas of Riverton has made this arrangement for the convenience of local taxpayers.

At the meeting of the Riverton Civil Defense Council held on Wednesday night of last week, Edward K. Merrill was elected chairman of the organization by a unanimous vote.

The members of the Council feel that, under the leadership of Mr. Merrill, Riverton will soon have one of the most efficient organizations in this part of the state.

### RAMS TOLL BOOTH

John Penston, Wildwood, N. J., found that the brakes on his car would not work as he was approaching the toll booth at the Tacony-Palmyra Bridge early Monday morning and the result was that the machine jumped the curb and damaged fittings of the booth extensively.

The cash register on the outside was demolished, iron posts were bent and some of the brickwork broken. The car was damaged extensively, but the driver escaped with minor cuts.

Palmyra police, who investigated, released Penston after ascertaining that he was covered by insurance.

The machine was going south at the time of the crash.

## MERRILL HEADS DEFENSE GROUP

At the meeting of the Riverton Civil Defense Council held on Wednesday night of last week, Edward K. Merrill was elected chairman of the organization by a unanimous vote.

The members of the Council feel that, under the leadership of Mr. Merrill, Riverton will soon have one of the most efficient organizations in this part of the state.

The new chairman has long been prominently identified with numerous civic activities and was a member of the Riverton Borough Council for a long term.

Other officers of the Council are Colonel Frank Mathews, vice chairman and F. W. Metzger, secretary.

**SHRADER TO INSTRUCT AT DEFENSE SCHOOL**

New Jersey Defense Council will sponsor a Chemical Warfare School for a representative from each of the 129 local Defense Councils in Burlington, Camden, Gloucester and Salem Counties in the Naval Militia Academy in Camden. The representatives will be encouraged to start similar schools in their municipalities. Morris Westcott, 412 Linden avenue, is the Riverton representative.

The school, which was arranged by the Camden branch office of the State Defense Council, will include three courses. The first course will start February 24 and continue February 27 and March 3. The second course will run February 25, March 4 and 6, and the final one will be held February 26, March 5 and 10. Classes will be held from 7:30 to 10 p.m. on the designated dates.

Captain Earl A. Shrader, of Riverton, a member of the Chemical Warfare Reserves of the United States Army and the faculty of Temple University, will instruct the classes assisted by another Army officer to be assigned later.

Courses will include lectures and demonstrations on incendiary bombs, principles of gas warfare, use of gas masks, construction and handling of other bombs.

Arrangements for the courses were made by W. Rex McCrosson, director of the Camden office of the State Defense Council, and Lowell B. Hipple, deputy director.

**WILL ASSIST RESIDENTS ON INCOME TAX FILING**

Deputy Collector Milton Musick of the Camden office, Collector Internal Revenue, will be at the Riverton Post Office on Monday, March 2, between the hours of 9 a.m. and 5 p.m. to assist residents of this section in filing their income tax returns.

Postmaster Mervil E. Haas of Riverton has made this arrangement for the convenience of local taxpayers.

At the meeting of the Riverton Civil Defense Council held on Wednesday night of last week, Edward K. Merrill was elected chairman of the organization by a unanimous vote.

The members of the Council feel that, under the leadership of Mr. Merrill, Riverton will soon have one of the most efficient organizations in this part of the state.

The test held Tuesday evening in Riverton concerning the air raid warden service only and was not part of a general mobilization of the civil defense facilities.

The test, which was a surprise affair, was completely successful.

## Statement Concerning School Budget In Cinnaminson

On the occasion of the annual Cinnaminson School Board election held on February 9th the budget for the coming year was defeated by the voters.

The same budget will be re-submitted to the voters at a special election to be held on the night of March 3rd.

"For the information of all voters please be advised that a board meeting held on February 16th, the budget was thoroughly reviewed by the members and the majority decided that to cut the budget figures in any item would result in a weakening and possible disintegration of the school system, a possibility of which the members of the board do not care to assume responsibility under existing upsets conditions."

"Apparently the budget was defeated mainly because an item of \$2,000 bonus money was included for the purpose of bolstering salaries of all teachers, cafeteria employees, clerks and janitors to the extent of \$100 each."

"Some voters may feel that the school employees are not entitled to more money at this time, but the fact remains that most of them are underpaid and are feeling the impact of increased living costs just the same as everyone else."

### Must Maintain Standards

"Without entering into any argument regarding the merits of this bonus the board must remind the voters that we are charged with the responsibility of administering the school system and of keeping it functioning up to the standards imposed by the State Board of Education."

"In the last analysis the teachers and other employees of the school system will themselves decide whether they as individuals will continue to work for us, or whether they will take better jobs elsewhere—and better jobs are plentiful at the present time."

"It is well for the voters to remember that these employees are free slaves, on the contrary they are free to stay or go. The bonus is an effort on our part to have them stay. If it is again defeated we are apprehensive that many of them will go."

"For everyone that goes the board must find another to fill the vacancy since every teacher, janitor, etc., fills a key job which cannot remain vacant."

"For the past several years the board has had ample material to choose from in hiring new teachers, etc., but that condition no longer prevails and it will undoubtedly tighten up to a much greater extent. It means that every school board will be competing with each other for an inadequate supply of possible employees of a lower grade of efficiency and we will have to bid higher to get them. It seems foolish to let a good teacher go and then have to pay more for one not so good."

"Our present employees are every one first class. If \$2,000 will hold them intact, or even delay the day when they begin to leave, then the board considers the money well spent and vitally necessary."

"The chief sufferers from lowered efficiency of our school personnel will be the children, a fact which all parents will do well to bear in mind to the extent of coming out to the school on March 3rd and casting an important and deciding vote."

### WARDEN TEST

The test held Tuesday evening in Riverton concerning the air raid warden service only and was not part of a general mobilization of the civil defense facilities.

The test, which was a surprise affair, was completely successful.

### SERIAL NUMBERS

Officials of local Draft Board No. 1, of Palmyra, announce that serial numbers will not be assigned to recent registrants until March 9. The numbers will be placed on the cards after a careful shuffling so that the designation will be entirely by chance.

These serial numbers have no significance as to the order in which men will be called, since this will be determined by the national drawing which takes place on Tuesday, March 17.

## LOCAL COUNCIL PASSES BUDGET

At the meeting of Riverton Borough Council held on Thursday night of last week, the 1942 budget for the municipality was adopted by a unanimous vote, there being no one present at the hearing to speak on the ordinance.

Before being adopted by Council, the budget had already received the approval of Walter L. Darby, State Commissioner of Local Government. Council also passed on first reading an ordinance governing the sale and fixing the price of certain vacant lots owned by the borough. This ordinance is printed in full in this week's issue of The New Era.

### On Defense Matters

The governing body also considered various matters pertaining to recommendations submitted by the local Civil Defense Council, among them being the repair of the sluice gate at the lily pond in the rear of Memorial Park. When this is done, it will permit fire apparatus to pump from the pond regardless of the stage of the tide.

Such a source of water would be extremely valuable in the event of an emergency, since neither the river or Pompton Creek would be available in the event of a low tide.

**Salvage Depot**  
Archibald Bush, council member and chairman of the salvage committee of the Defense Council, was authorized to have a small building (donated for this purpose) placed on the corner of the municipal parking lot, Broad and Main streets, wherein articles for salvage can be deposited by local residents.

When any considerable quantity of material has been accumulated it will then be stored under the grand stand at Memorial Park before being hauled away for reprocessing.

**CHIEF AIR RAID WARDEN SPEAKS AT LOCAL CLUB**  
James T. Weart, former mayor of Palmyra and now chief air raid warden in that community was the speaker at the meeting of the local Business and Professional Men's Club on Tuesday of this week.

Mr. Weart, in telling of the organization of the wardens, said that he had been affiliated with many civic enterprises in Palmyra, but never in his wide experience had he received such fine cooperation as was accorded by the citizens when the air raid service was inaugurated.

He said that we, as residents of this section of the country have been particularly fortunate down through the years. We have suffered no devastating floods, hurricanes, conflagrations or other disasters and thus have had no experience in dealing with such emergencies. He concluded by asserting that we are preparing to meet any situation and expressed confidence that our citizens will be able to carry through to win, despite the many sacrifices that may have to be made by all.

William Koerner was welcomed as a member of the organization.

"Doc" Dougherty was present as the guest of Thomas Shorten.

The date for the second annual banquet has been set for Tuesday, March 24, and will be held at the Riverton Country Club.

Several morning trains on the local line were late Wednesday morning because of a delay near Trenton, it was reported. The railroad chartered several special buses to transport passengers who travel on the bridge trains to Broad street.

United States Marines introduced the western art of boxing to the Chinese.

## MARCH, APRIL ROTARY PROGRAM

A number of what promise to be outstanding programs have been arranged for the local Rotary Club during the months of March and April, according to an announcement made this week by Robert G. Adams, chairman of the program committee of that organization.

The features listed for next month are as follows:

March 5. The Palmyra High School Orchestra of 30 pieces, under the direction of Walter Pew, will give its second annual Rotary concert. Mr. Pew, a member of the faculty at the local high school, himself a talented musician, has organized a student orchestra which ranks among the leaders in scholastic circles.

March 12. Palmyra Junior Chamber of Commerce Night. The local organization will be presented its charter by John McCabe, representative of the New Jersey Junior Chamber of Commerce and James Connell, state president of the Junior Chamber of Commerce. ## AS I SEE IT

Every once in a while the store of valuable knowledge we have accumulated over the years must find outlet or burst the container—the container not being too sturdy to begin with, of course. So in clearing the shelves periodically, we not only make room for fresh merchandise but offer a bargain sale to the customers as well.

The loss leader in this week's sale arises from the current interest in the conservation of tires. Most of us know by now that wheels a bit out of kilter, in any of the several ways they get out of kilter, wear out rubber much faster than we realize. One of these ways has to do with an invention which made the automobile possible. It is an interesting story.

Sterling Elliott, founder of the great Elliott Addressing Machine Company, back in 1887, invented a four wheel cycle. In 1888 he built a large hall in which people could learn to ride his quadricycle. Then one night the employees gave a dance—waxed the floor. Next day as the hard-tired quadricycles made the turns, there was an unearthly screeching. Study of the cause of this noise led to the invention which contributed so much to the automotive age.

House drawn vehicles had a front axle which turned in the direction the horse turned. The quadricycle had a rigid axle and was steered by turning the wheels. Elliott proved by experiment that when he turned left the right front wheel slipped on the floor—when he turned right the left one slipped. This caused the screech.

In other words the wheel on the outside of the curve had to travel on a curve with a longer radius than the wheel on the inside of the curve. But as it was fixed parallel to the other wheel it could only roll the same distance and had to slip the rest of the way.

Struggling with this problem, he tied a cord from door knob to door knob of two doors set parallel and the same distance apart as his wheels. When he opened one door, the other swung open exactly the same distance. But when he shortened the cord and brought the knob sides of the door closer together than the hinge sides, he found that one door would open much further than the other.

The outer edge of the doors in opening traced the same curves that his wheel had to make in turning, yet by giving them this "toe-in" the one would trace a longer path than the other. If he could fasten his wheels together by the same principle, his problem would be solved, and solve it he did. His patent for setting the steering knuckle at an angle to the wheel is the secret of the success of the automobile.

It should be easy to see that, if the setting on your car has for any reason gotten out of whack, your tires are going to be sliding around curves as the one on the outside tries to keep up with the one on the inside which does not have near so far to go. This is no time to be smearing your rubber on the highways—but that is just what you will be doing.

This bargain sale of useful information does not include an explanation of how the rear wheels get around without having the same difficulty—or more, since they may not be turned in the direction they are to go. We know the answer, but anyone who would attempt to make it clear simply by stringing words together end to end has more of a job on hand than we would elect.

## HOLY NAME SOCIETY

## MEMBERSHIP DRIVE

Frank L. Stroblein was named chairman of the membership drive to be held by the Holy Name Society of the Riverton Sacred Heart Parish, which will be conducted Sunday, March 1.

A membership campaign for the Society is being conducted by each parish throughout the entire Trenton diocese under the direction of Rev. James O'Sullivan, of Belmar, and in the county under the auspices of Fr. Konopka, of All Saints Church, Burlington.

The attendance and membership committee for the ensuing year as appointed by the president, William L. Colsey, composes Stroblein as

chairman, assisted by Harry Stack, Albert Schuler, Arthur Terrell, Harry Williams, Lawrence Duff, Otis Myers, Horace Richman, Herbert Schneider, William McDermott, Sr., William Scully, and Andrew Brennan.

Entertainment will be under the direction of Gladys Loreaux, assisted by Elwood Bradshaw, Adolph Stroblein, Thomas Shorten, and Xavier Waiter. Robert May will be in charge of publicity. Edward Collar, Jr., is chairman of the refreshment committee assisted by Thomas Lane, Herbert Schneider, Herbert Kemmerle, Jr., John Goodwin, Joseph Prisco and Thomas Haynes.

The officers of the association will act as hosts at the meetings.

A business meeting of the local group will be held Tuesday night at 8:30 p.m. in the Sacred Heart School.

The Most Reverend Bishop William A. Griffin, Bishop of Trenton, has designated Sunday, March 8, as Communion Sunday for all the Holy Name Societies in the entire Trenton Diocese.

## ALL-STAR GAME

The Burlington County Sports Federation will conduct an all-star tilt for the members of the American Division of the Burlington County Basketball League, Wednesday, March 11, at the Riverton Public School. The club leading the American Division on the night of the contest will play the entire game against star members of clubs from the rest of the division. The Riverton-Maple Shade contest scheduled for the night of the affair will take place as the preliminary contest.

This all-star contest came about as the result of a meeting of the basketball division clubs of the Federation held recently at Moorestown Community House. The Riverton Public School was selected as the site of such an all-star tilt due to the interest created by the number of teams entered in the county leagues from this area. Three clubs, Riverton, Sacred Heart and Palmyra, Adonis are entered in the National Division with two outfits, Riverton and Sacred Heart, in the American Division. Arrangements for the contest are under the direction of the Rothbaum, member of the Riverton club of the American Division. Basketball fans from all sections of the county are expected to attend.

Should interest be developed by the managers of the National league clubs in regard to an all-star tilt, such a contest may be played.

To a sailor, cheap liberty is a look from ship to shore by spyglass.

It should be easy to see that, if the setting on your car has for any reason gotten out of whack, your tires are going to be sliding around curves as the one on the outside tries to keep up with the one on the inside which does not have near so far to go. ## FIRST AID CLASSES

The Sacred Heart Parish, in endeavoring to cooperate with the Civilian Defense Councils in Palmyra, Riverton and Cinnaminson, will start to train members of the parish for emergencies, by conducting classes in First Aid starting this coming week. Instruction will be under the direction of Raymond Fichter, Sr., member of the parish, who has had much experience in this work.

Present arrangements call for classes to be held for the eight Sisters, members of the Order of Sisters of Charity St. Vincent De Paul, the Boy Scouts, Girl Scouts and the women of the parish. Classes will be held for these groups on different evenings.

Such classes in First Aid, will be maintained as aids to the local defense councils.

## JOINS AIR CORPS

Robert H. Bottger, son of Mr. and Mrs. William H. Bottger of Riverton, has enlisted as a flying sergeant in the Army Air Corps and is now located at Camp Wheeler, Macon, Georgia, where he is undergoing a 10 weeks training course in the basic infantry division.

He is a member of Company C, 9th Battalion, U.S.A. Replacement Center.

In his last letter on February 17, he said the weather was springlike.

## PALMYRA WINS EASILY

The Palmyra High court outfit took a one-sided decision from Riverside, Friday night of last week on the local court, the tally being 53-26 in favor of the Dimondmen.

Tex Henson had a busy evening, getting eight field goals and sinking seven out of eight free tosses to give him a total of 23 points.

The Rams made a real game out of the fracas during the first half, trailing only by four points at intermission.

When hostilities were resumed, however, the Red and White sharpshooters went to work in earnest and

## MANY EXPRESSIONS ARE FALLACIES

Speaking on the subject "Ae-Saps Fables," Richard L. Robinson, vice principal of Junior High School No. 4, of Trenton, laid the ghost of a number of popular fallacies in a talk before the local Rotary Club last week. Mr. Robinson, who is the author of well known text books in English and in Guidance was introduced by J. W. Van Horn.

Among the common expressions which have no basis in fact, according to Mr. Robinson, are: "Salesmen are born, not made;" "He inherited criminal tendencies;" and "wealthy men became wealthy through selfishness."

Practically all the qualities which distinguish the successful salesman are acquired. He is born an introvert and essentially selfish—must acquire the love of people and the ability to think first of their desires and needs which is essential to the successful salesman. Those of us who are unable to subordinate our inherent selfishness are candidates for inclusion among those mental maladjustments for which 65 per cent of all hospital treatments are expended.

## The James Family

To illustrate the fallacy of inherited criminal tendencies, Mr. Robinson traced the ancestry of Jesse James and those following him in the family. Among the former not a single delinquent is to be found and among the latter are included a minister, a sheriff and several who were conspicuous in church work. Mr. Robinson used J. P. Morgan as an illustration of the false belief that wealthy men became so by selfishness, showing the many ways by which Mr. Morgan made friends and established the confidence which enabled him to be successful. Most wealthy men are far too smart to allow so fundamental an avenue of success to escape them—train themselves early to think of others.

## Axioms

Speaking of the axioms that "knowledge is power;" "A Little Knowledge is a Dangerous Thing;" and "To Err is Human, To Forgive is Divine," Mr. Robinson traced the emotional and spiritual sequence of growth experienced by a great many young people of college age: First, skepticism. Then cynicism. Next, agnosticism and finally, if normal, a reversion to early religious beliefs. A wide psychological study indicates an amazing frequency of mental disorders among those who have not completed this normal cycle. The study further indicated that a remarkably low percentage of persons who were actively interested in church work fell victims of mental ills. "If man is put together right," concluded Mr. Robinson, "the world will take care of itself."

Visitors to the Club included Harry Pratt, Trenton; C. T. Jones and Ralph G. Higgins, Pemberton; Theodore Hughes, Collingswood; and J. J. Barr, Oxford.

Justice, honesty, cannot be abjured; their vitality involves Life—calm, irresistible, eternal—Mary Baker Eddy.

## TWO-PIANO CONCERT

Last season, Miss Marjorie Chloé Wilson presented for the first time this section, a two-piano recital by her students. This was so well received by both the students and their friends, that Miss Wilson has again arranged for such a recital in her Winter Concert, Friday evening at 8:30, February 27, at the Riverton Porch Club.

Artiste students taking part are: Virginia Therese Miles, Mary Van Sant, Jeanne Dalton, Dorothy Black-ebly, Jane Evald, Jean Stickney, Carol Ward and Sally Wonderland. Miss Miles and Miss Wonderland will contribute solo groups. The programme will include well-known classic compositions and light classics, and will conclude with a group of three waltzes, played by Miss Miles and Miss Wilson.

Music lovers are cordially invited to attend this concert. Programmes admitting two may be obtained from students or from the Studio, 706 Morgan Ave., Palmyra.

Plans are being made for an offering from the whole parish to be given to the work of the Chaplains with the Army and Navy. This offering is to be presented at a special patriotic service at 11:00 o'clock on Sunday the eighth. This is part of a national effort of the whole Episcopal Church and will be used to print special prayer books for the service men, for discretionary funds for the chaplains to use for the men, to provide literature and to keep all the sacraments and services of the church constantly available to the men in the camps and at the fighting fronts.

Special envelopes are being mailed for the use of the congregation, and it is expected that all the members of the church as a whole will want to have a share in this which is one of the most important works which the church is doing in these days of national stress.

This is distinctly for religious purposes alone and in no way overlaps the splendid work being done by the United Service Organizations which is recreational work.

**SACRED HEART CHURCH TO HOLD ANNUAL CARD PARTY**  
The annual card party conducted by the Sacred Heart Parish, will be held this year on Saint Patrick's Night, March 17, at the Sacred Heart School. This year's affair is being sponsored by Knights of Columbus.

Many fine prizes will be awarded, including a \$50.00 U. S. Defense Bond and two \$25.00 U. S. Defense Bonds.

The members of the various committees are striving to make this the finest annual affair ever conducted. Tickets may be purchased from any member of the Sacred Heart Parish.

The first nutrition class sponsored by the Red Cross will have its organization meeting Monday, March 2, 1:30 p.m., at the Porch Club. Those who registered for this work will please come promptly so final arrangements can be made.

Further suggestions on Conservation and Thrift have been received from headquarters. Many useful things can be made from articles of discarded clothing.

Following are suggestions for Conservation Layettes:  
The baby's dress may be made from any warm, clean, second-hand material, such as outing flannel, chamois, albatross, etc., if light in color.

There is no objection to wholly cotton material if it is sufficiently warm and such cotton material may be used for the Insular Layettes. The jacket may be made from outing flannel or any warm material and may be pieced. A seam in the back in no way harms it.  
The booties may be knitted or crocheted or made of any material that is soft and warm. They may be pieced.  
Shirts may be made of underwear. Flannel binders may be cut from the leg of undershirts.  
The bonnet may be crocheted, knit or made of pieces.  
The blanket may be crocheted, knit or made of odds and ends. Pieces of old sweaters, when nicely put together, make not only a warm blanket but an attractive one.  
Diapers may be made from old outing flannel nightgowns and pajamas, pieces of cotton flannel or any absorbent material that will wash.

The sundry bag may be made of odds and ends of any material and may contain only a cake of soap and two wash clothes. Other things may be added.  
A bag may be made of any material, even of pieces of several, into which the layette may be slipped. A drawstring holds it secure, and then the mother has something in which to keep the baby's clothes.  
Other suggestions for conservation of old clothing will appear in this column from time to time. Keep them for reference.

These things should be made at home and brought to the Red Cross Sewing Class completed. The Branch workers have all they can do at the present time to complete the quota of new sewing.

Be sure to mark your calendar for the regular Red Cross sewing days and spend as many hours as possible sewing at the school. The regular sewing days are the second and fourth Mondays in each month.

## "Win The War and Save for Peace"

Not Merely a Passing Phrase, But a Patriotic Duty for Everyone

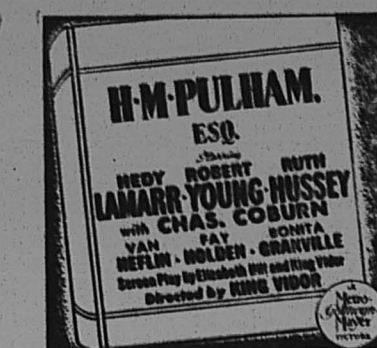

By B. Thrifty

The first duty devolved upon every true American is to win this war. But, no less, it is our obligation to see to it that our homes are protected. Next to the destruction of the physical properties of the home, the

financial structure should receive our careful attention to see that this part of the great "American Institution" is kept intact.

There is no question, and nearly every far-seeing citizen agrees, that the post-war period will be difficult for everyone. But the extent of the problems and their solution will be in direct proportion to the amount one puts aside from his or her income now, to meet those financial needs.

Our government calls for us to save, and those in authority probably are more informed as to the future conditions than we are. Hence, we should act upon their admonition and save, now.

But one asks the question: "Where may I place my savings so that I can have them when I need them?" and, "If, in the case I do not have to use them, will they bear a profitable interest?"

One Answer  
These two questions may be answered in one, namely, the Palmyra Building and Loan Association, of Palmyra, N. J. This Association has never failed to pay a maturity and has been instrumental in actually "Saving the financial life" of many homes—even through the depression. Only this week, \$22,092.40 was matured. Of this amount, \$3,600.00 was

cancelled mortgage and share loans, while \$18,492.40 was paid in actual cash. The series matured in 149 months, the usual time, but paid \$200.84 per share, thus earning 84 cents per share above the regular schedule.

Then, too, this Association has been earning and paying on Income Shares, a yearly dividend rate of 3 1/2 per cent. This is paid semi-annually to Income Shareholders. A fine investment for anyone having a few hundred dollars on which they would like to earn good interest returns.

To make this available to a larger group, particularly the younger people, the Association is issuing Income Shares in denominations of \$100.00 for 1/2 share.

The Palmyra Building & Loan Association has enabled thousands, over a period of 55 years, to wage a war against financial problems and its facilities are at the disposal of everyone who becomes a shareholder.

Their 75th Series will be opened for subscriptions this Monday afternoon and evening, from 3 until 9 o'clock in P.O.S. of A. Hall, Palmyra.

So, if you really want to "Win the War, You should Save for Peace." The small courtesies sweeten life; the greater, enable it.—Bovee.

## CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist  
Thomas Ave. at Seventh St.  
Riverton, N. J.

Sunday School, 9:30 a.m.  
Sunday Services, 11:30 a.m.  
Wednesday, 8:00 p.m.  
Reading Room in Church Building,  
Thomas Avenue and Seventh  
Street, Riverton, open Tuesday and  
Friday, 2:30 to 4:30 p.m.

"Christ Jesus" is the Lesson-Sermon  
subject for Sunday, March 1, in  
all Christian Science Churches and  
Societies throughout the world.  
The Golden Text is: "God shall  
supply all your need according to  
his riches in glory by Christ Jesus."  
(Philippians 4:19).

Among the Lesson-Sermon cita-  
tions is the following from the Chris-  
tian Science textbook, "Science and  
Health with Key to the Scriptures":  
"By Mary Baker Eddy: 'Jesus estab-  
lished his church and maintained his  
mission on a spiritual foundation of  
Christ-healing. He taught his fol-  
lowers that his religion had a divine  
Principle, which would cast out er-  
ror and heal both the sick and the  
sinning.'" (p. 136).

## SACRED HEART CHURCH

Fourth and Linden Avenues  
Riverton, N. J.

Rev. William F. Quinn, Pastor  
Rev. Francis J. Coan, Assistant  
Pastor

Sunday Masses, 7, 8, 9, and 10:30  
o'clock.

Daily Masses, 7 and 8 a.m.  
Confessions, 3:45 to 5:45 and 7:30  
to 9 p.m.

Confessions, 3:45 to 5:45 and 7:30  
to 9 p.m.

Novena devotions are held each  
Monday night at 7:45 in honor of  
Our Lady of the Miraculous Medal.

This Sunday, the first Sunday of  
the month, will ordinarily be the  
monthly Holy Communion Sunday  
for the members of the Holy Name  
Society of the parish. In conjunc-  
tion with all Holy Name Societies  
throughout the United States and  
the entire Trenton diocese Sunday,  
March 8th, has been selected as the  
Holy Communion Sunday for the  
Holy Name Society.

The Holy Communion will be re-  
ceived by the Holy Name Societies  
in this diocese for his Excellency,  
Our Most Reverend Bishop William  
A. Griffin. A spiritual bouquet of  
these communions will be presented  
to the Bishop of the diocese on Easter  
Sunday morning. The contri-  
bution of each parish will be noted  
as a token of regard and apprecia-  
tion on the part of the members of  
the Holy Name Society.

In preparation of this general  
Communion, each parish in the dioc-  
ese will conduct a drive for new  
members between now and March 8.  
Such a drive will be held for this  
parish Sunday, March 1st, under the  
direction of Frank L. Strohm. It  
is generally understood that all men  
of the parish belong to the Holy  
Name Society. This drive, however,  
will result in the formal reception of  
the men of the parish as members at  
a special ceremony to be conducted  
at the 7 o'clock mass on Sunday,  
March 8.

In order that the 7:00 Mass, March  
8, may be as attractive as possible,  
a priest of the Redemptorist Fathers  
of Philadelphia will conduct the cer-  
emony of induction into the Society

and preach a special sermon to the  
men. The senior Choir will also  
sing at this Mass. Plans for the  
drive were completed at a meeting  
held Tuesday of this week in the  
school of the parish Holy Name So-  
ciety.

Tonight (Thursday) a meeting of  
all the members of the Holy Name  
Societies throughout Burlington  
County will be held at St. Peter's  
School auditorium, Riverside. Mem-  
bers of the parish Holy Name So-  
ciety have been invited to attend. All  
are requested to gather at the local  
school grounds at 8 p.m. then leave  
by auto for Riverside.

Stations of the Cross Friday after-  
noon during Lent at 3:00 for the  
children and at 7:45 in the evening.  
Benediction of the Blessed Sacrament  
will follow the service.

Girl Scouts meet Thursday night  
with the Boy Scouts meeting Friday  
nights at the school.

## BETHANY EVANGELICAL

## LUTHERAN CHURCH

Broad Street and Morgan Avenue  
The Rev. Harold Lee Rowe, Pastor

Sunday, March 1, 1942—Reminis-  
cence—The Second Sunday in Lent.

Bethany's program begins at 9:30  
with the Junior Church Service.

At 10:00 a.m. The Church School  
meets in its regular sessions.

At 11:00 a.m. The Service, with a  
sermon by the pastor on the theme,  
"Could You Not Watch One Hour?"  
the second in the series of Questions  
Which Jesus Asks. It is encourag-  
ing to see the sustained attendance  
which our morning services have en-  
joyed. Part of your Christian privi-  
lege is the opportunity for regular  
worship. Do not neglect it.

The Intermediate Luther League  
will meet at 6:30 at the church.

At 8:00 Pastor Rowe will speak on  
the theme, "Lord Is It I?" the second  
of a series of "Questions Which the  
World Asks."

At 9:00 the Senior Luther League  
Fire-side Hour will be held at the  
parsonage, 303 Morgan Avenue. The  
topic, "The Strategic Hour Missions  
in America" will be led by Mr. Wil-  
lard Frank. All are invited.

Tuesday, March 3—The monthly  
meeting of the Ladies Guild, 8:00 at  
the church.

Wednesday, 3:45—The Children of  
the Church.

8:00. Lenten Vespers. Guest pas-  
tor will be The Rev. Harry S. Bow-  
man, of Trinity Lutheran Church,  
Runnemede. He will speak on the  
theme, "The Cross in the Home."  
Pastor Rowe will speak on that even-  
ing in Bethany Lutheran Church,  
Gloucester City, N. J. The soloist  
at Bethany Church, Palmyra, will be  
Miss Virginia Miles. She will sing,  
"The Lord Is My Light," by Allis-  
sen.

Church—11:00 a.m.

In the pulpit, Mr. Robert J. La-

mont, from Olney Presbyterian

Church, Philadelphia, a student of

Princeton Seminary.

The Church School Council will

meet in the Ladies' Parlor on Mon-

day, March 2, at 8:00 p.m.

Notice is hereby given, by the Ses-

sion of the Calvary Presbyterian

Church of the Congregational meet-

ing of the said Church, on Thursday,

March 5, 1942, at 8:00 p.m. in the

Church School Auditorium for the

purpose of electing a Pastor-finding

Committee by the Congregation, and

for attending to any other matters

related to that purpose which may

properly be brought before the meet-

ing.

H. P. Landis,  
Clerk of Session.

## CENTRAL BAPTIST CHURCH

Rev. S. Dan Morgan, Pastor

Services, Sunday, March 1st—

Bible School, 10:00 a.m.—The

school was glad to welcome back

last week, Superintendent David

Wood, who has been confined to his

home due to illness. We are also

glad to note that Mr. S. J. Reilly

is now assisting in the Secretary's

room, filling a need, and rendering

a good service. A growing school is

constantly in need of additional

workers to keep up its efficiency and

render the fine work it is doing in

the Community. Are you enjoying

"Central Baptist" school?

Morning Service, 11:15 a.m.—As

this is the Communion Service, the

Pastor will have as his subject, "Our

Covenant." Befitting the service,  
also, the choir will render "Christ,  
Our Passover" by Chapple. Mem-  
bers of the church should avail them-  
selves of this service and enter into  
this sacred ordinance which follows  
immediately after the sermon. An  
invitation is extended to all Christians  
to join in the Communion service.

B.Y.P.U., 6:45 p.m.—The Junior  
Group, meeting in the Junior Depart-  
ment and the Senior and High School  
groups, meeting in the Main Sunday  
School room. All young people are  
invited to these services which are  
always interesting and certainly most  
instructive.

Evening Service, 7:45 p.m.—Money  
could not begin to pay for the help  
one receives through the evening  
service. You are always left with a  
thought which gives you inspiration  
and direction for the work of the  
week. Try it this Sunday. Bring  
out your neighbor and friend. "Three  
Great Words" is the sermon subject.  
The choir will sing "My God, My

Father, While I Stray," by Thomp-  
son.

Wednesday evening, 8:00 p.m.—  
Pastor Morgan will conduct the mid-  
week prayer service. The study of  
the book of Genesis is found very  
interesting by the goodly numbers  
who attend this service. Are you  
one of them?

## ENGAGED

Mr. and Mrs. William M. Shoe-  
maker, Jr. of Riverton, have an-  
nounced the engagement of their  
daughter, Abby Earle and Mr. Ron-  
ald Clarke Badger, son of Mr. and  
Mrs. Merton B. Badger, of Ridge-  
wood, N. J.

## THANKS

I sincerely appreciate all cards,  
flowers, and kindnesses shown me  
during my recent illness.  
Very truly yours,  
Mrs. George Carnie.

you years of service. You will have  
that good service, if you give the range  
reasonable care. We will be glad to  
tell you how to do this, as well as how  
to do any kind of cooking.

## About Town

William B. Haas enlisted last week in the U. S. Army Signal Corps and Clement A. Haas enlisted in the infantry for preliminary training before being assigned to the parachute troops. Both are sons of Mr. and Mrs. C. A. Haas of Broad street, Riverton.

The Sewing group of the K. of C. Auxiliary met in the home of Mrs. Adolph Stroheim, Washington avenue, Palmyra, on Tuesday of this week to sew for the Zurbrugg and Burlington County Hospitals.

The Riverton Boy Scouts collected waste paper on Washington's Birthday and arrangements are being made whereby it is hoped that a regular collection schedule can be announced in the near future.

Richard Hollerith has been named an additional member of the Salvage Committee of the Riverton Civil Defense Council.

Lewin W. Wickes, Jr., son of Mrs. Lewin Wickes, of Riverton, and Chestertown, Maryland, recently passed the Maryland bar examination, ranking second in a large class of candidates. The new lawyer, it is reported, intends to practice in Chestertown, where his late father, Judge Wickes was so well known prior to being named a judge.

W. W. Chalmers, Riverton resident, a national executive of the Appraisers' Institute and past president of the New Jersey State Association of Real Estate Boards, addressed the members of the Camden County Chapter, Society of Residential Appraisers at a dinner meeting held Wednesday in the Walt Whitman Hotel, Camden.

Clayton Schontz, of Garfield avenue, has re-enlisted in the U.S. Marines.

AN ORDINANCE OF THE BOROUGH OF RIVERTON IN THE COUNTY OF BURLINGTON AUTHORIZING THE PRIVATE SALE AND CONVEYANCE OF CERTAIN PARCELS OF LAND, WITH THE IMPROVEMENTS AND APPURTENANCES, NOT NEEDED FOR PUBLIC USE, AND FIXING FOR A LIMITED PERIOD OF TIME, THE MINIMUM SALE PRICES THEREFOR.

BE IT ORDAINED by the Borough Council of the Borough of Riverton in the County of Burlington, State of New Jersey: SECTION 1. That it is hereby determined and declared that the several parcels of land mentioned in the Schedule contained in Section 2 hereof, the title to which became vested in the said Borough by virtue of the foreclosure of sundry tax sale certificates or by deeds of conveyance in lieu of such foreclosure, are not needed by the said Borough for public use.

SECTION 2. That the private sale and conveyance by the said Borough of each and every parcel of land mentioned and designated in the following Schedule be and the same are hereby authorized to be made, in accordance with the terms and provisions hereinafter set forth, at any time between the date when this Ordinance shall take effect and the thirty-first day of December, 1942; and that the respective prices specified in the following Schedule for the said parcels of land be and the same are hereby fixed as the minimum prices therefor at private sale, (all the said parcels of land being particularly shown on the official tax or assessment map of the said Borough and being marked and indicated thereon by the respective block numbers and lot numbers hereinafter in the said Schedule mentioned):

SCHEDULE  
Block 9, Lot 1, (403 Bank Avenue), \$1500.00; Block 9, Lot 2, (405 Bank Avenue), \$1200.00; Block 22, Lot 1, (301 Penn Street), \$1000.00; Block 20, Lot 3, (204 Main Street), \$1500.00; Block 26, Lots 24 and 25, (514-516 Main Street), \$900.00; Block 35, Lot 1, (601A Cinnaminson Avenue), \$250.00; Block 44, Lot 2, (601 Thomas Avenue), \$700.00.

SECTION 3: That all private sales of land effected by virtue of the authority of this Ordinance shall be made in the following manner and shall be subject to the following terms and conditions: (a) every offer to purchase any of the said parcels of land shall be in writing, addressed to the Borough of Riverton, signed by the person or persons making such offer, and shall be delivered to the Borough Clerk, together with a down payment of not less than fifteen per cent of the minimum price hereinbefore in said Schedule fixed for the parcel of land mentioned in the offer; (b) every such offer shall be submitted by the Borough Clerk to the Borough Council of the said Borough and shall be accepted or rejected by it in its sole discretion, and, if the offer be accepted, the Borough Council shall forthwith ratify the private sale of the parcel of land mentioned in such offer at the price therein stated, and the person or persons making such offer shall be notified by the Borough Clerk, and such offer and the Resolution of the Borough Council accepting the same and ratifying the private sale therein contemplated shall constitute a contract of sale between the said Borough and the person or persons making such offer; (c) immediately after the acceptance of every such offer the Borough Clerk shall deliver the down payment to the Borough Treasurer, and the purchaser shall, within thirty days next after notice of the acceptance of such offer, pay the balance of the purchase price to the Borough Treasurer, and the Borough shall thereupon deliver to the purchaser a properly executed deed of bargain and sale conveying the property to the purchaser in fee simple, free and clear of all taxes and principal liens down to the date of the sale of the property pursuant to this Ordinance; but if the purchaser should fail or refuse to pay the balance of the purchase price within said period of thirty days, the contract of sale between the Borough and the purchaser shall, at the option of the Borough, be terminated, and in the event of such termination, the Borough shall retain the down payment as and for its liquidated damages.

SECTION 4: That any duly licensed real estate broker who shall effect the sale of any one or more of the said parcels of land shall be entitled to receive from the said Borough a commission of five per cent of the sale price of each parcel so sold, which commission shall be paid by the Borough to such real estate broker upon receipt by the Borough of the full amount of the purchase price.

SECTION 5: That the term parcel of land, as used in this Ordinance, shall be construed to include any and all improvements on, and the appurtenances to, the respective parcels; and that all improvements upon, and appurtenances to, the respective parcels of land mentioned in the said Schedule shall be included in the sale and conveyance thereof.

SECTION 6: That this Ordinance shall take effect immediately upon its final passage and adoption, approval and publication as provided by law.

NOTICE is hereby given that an Ordinance, of which the foregoing is a copy, was duly introduced and passed upon first reading by the Borough Council of the Borough of Riverton in the County of Burlington, State of New Jersey, at a meeting thereof held on the nineteenth day of February, 1942, and that the final passage and adoption of the said Ordinance will be considered by the said Borough Council at a meeting thereof to be held in the Council Room of the said Borough, on the second floor of the Fire House, situate on the Northeastly side of Howard Street, between Main Street and Fifth Street, in the Borough of Riverton, Burlington County, New Jersey, on the twelfth day of March, 1942, at eight o'clock in the evening (Eastern War Time), at which place and time a hearing concerning the said Ordinance will be afforded by the said Borough Council to all persons interested therein.

By Order of the Borough Council of The Borough of Riverton in the County of Burlington.  
Dated February 25, 1942  
DANIEL M. CLIFTON,  
Borough Clerk.
