Drug Manufacturing

Palmyra-Riverton Rotarians heard a stimulating talk on modern drugs and their manufacture at their meeting Thursday night.

Donald M. Patterson, recent Rotarian, whose classification is "Drugs Manufacturing," was the speaker and gave his clubmates an interesting picture of his vocation. An unexpected part of the program were the impromptu remarks of Technical Sergeant William Holmes of Riverton who spoke briefly about his experiences in the South Pacific.

Drug manufacturer, said Mr. Patterson, are in business to eliminate pain and suffering. Their raw materials come from everywhere, the land, the sea and the air. Trees, leaves, vegetable garden products, weeds, flowers, fish, animals, even men and women are the sources of health giving remedies upon which years of research and huge sums of money are spent in development.

Mr. Patterson described how a remedy might be developed through a trial and error method and then carried on to a step of greater usefulness through great efforts by a pharmaceutical company. It is in these trials that animals are used for test purposes. They are not, said the speaker, ever made to suffer and without their use many of our important medical developments would never have come into being. Strict government control oversees the making of any drug, and control numbers are placed on every product for the purposes of purity, and checking back in case of wrong dosage. The exacting sterilization of ampule containers in which the fluoroscope was utilized to detect glass splinters was called to the attention of the audience who again learned that government inspection governs even this step in any process.

New Drugs

Looking into the future Mr. Patterson believes that there will be much more medication by the hypodermic needle, which introduces drugs directly into the blood stream. Glandulars are also increasing in importance and are being prepared in increasing numbers. Other examples of new drugs that are filling vital roles in our present day civilization are the vitamin extracts, sulpha drugs, and penicillin. Research of the future, said the speaker, will undoubtedly disclose new products to bring health problems under better control.

Sergeant Bill Holmes described an attack on a convoy, and emphasized that McArthur's men are often short of equipment and supplies. He adds to the general impression given by men who come back from the South Pacific theatre that the Japanese will not be easy to deal with and will fight to the last man. Sergeant Holmes took part in three major battles in the Southwest Pacific and his squadron was cited three times by the commanding officer, Lieutenant General Kent who wrote a personal letter to the Sergeant's parents telling of his bravery. In addition to distinctions for personal bravery, Sergeant Holmes wears the Purple Heart.

PALMYRA TAX RATE SHOWS SHARP JUMP

Along with the general increase in the cost of things, due to the war, Palmyra taxes will take a sharp jump this year.

The Borough's budget, adopted on first reading January 20, indicates an increase in the local purpose tax from \$1.25 to \$1.52. Since the County rate is also up 30 cents or more, the total 1944 Palmyra tax rate will be about \$5.30, the Palmyra school district tax showing a decrease of 3c.

A hearing on the borough budget will be held February 18.

Detailed figures are printed elsewhere in this issue.

RIVERTON AIR GUNNER DECORATED 3RD TIME

Technical Sergeant William W. Holmes, 22, of Riverton, was decorated for the third time recently when Lieutenant General George C. Kenney pinned the Air Medal on him somewhere in New Guinea.

With over 41 combat missions to his credit, Holmes, a gunner on a medium bomber, received the medal for his first 25 missions. He has seen action in the Bismark Sea, Salamua, Buna, Lae and New Britain, and holds the Silver Star and Purple Heart. Holmes is a son of Mr. and Mrs. W. S. Wooten, 611 Thomas avenue, Riverton.

Army-Navy Speakers

The Army and Navy provided the speakers at the meeting of the local Business and Professional Men's Club on Tuesday of this week when Technical Sergeant William W. Holmes, of Riverton, told about his experiences in the U. S. Army Air Force and Christopher N. Peditto, a member of the club, discoursed about his boot training in the Navy.

The members learned with regret that the secretary, Herbert Bracey, is confined to his home by illness.

Sergeant Holmes, who is the son of Mr. and Mrs. W. S. Wooten, of Thomas avenue, Riverton, is here on a rest leave after completing 43 missions in the Pacific war theatre. He served as top gunner on a Flying Fortress and has been decorated 3 times, having received the Air Medal, Silver Star and Purple Heart, the latter for a wound sustained in action.

The speaker told briefly of his experiences when his plane was forced down on the water after one engine had been shot away and the ship had been set on fire. As a result of the skill of the pilot, however, the crew all escaped.

Long War

Sergeant Holmes also said that the men in the Pacific are all eager to fight the Japs, but feel that the war there may be a long one because of the tenacity of the enemy and the fact that supplies have to be transported such long distances. In addition jungle fighting is especially difficult, since it often takes a man 10 hours to cut a narrow path a distance of 10 yards.

On his return here, the Sergeant was flown from Brisbane, Australia, to San Francisco, a distance of 7,140 miles in 44 hours.

In conclusion, the speaker said that all the men feel that they are fighting for the greatest country in the world and are anxious to get the war over as soon as possible so that they can get back home.

In reference to strikes he stated that the men on the fighting fronts would gladly exchange places with men here regardless of what wages they are receiving. The Japs, he asserted lose no opportunity to broadcast labor troubles here.

With Younger Men

Seaman Peditto's talk dealt with his preliminary training at Newport, Rhode Island. He is now on leave before going to Bainbridge, Maryland.

At Newport he was quartered in an "igloo" with a group of 18-19 year old trainees and Chris, who is 35, was at once given the affectionate name of "junior." His training experiences with the younger men who want to fight the enemy at once without further ado were greatly appreciated by the club members.

Mr. Peditto, who was an attorney before his induction, is a limited service man because of eyesight. He said that, while the Army has numerous positions that can be filled by men who are in such a category, the Navy has not progressed that far and are at a loss to know where to

NEW LIFE

You can make no nobler contribution towards victory than by offering the priceless gift of new life to some fallen soldier, sailor or flyer in his hour of greatest need.

That is what you are doing when you offer a pint of your blood to be transferred into miracle-working blood plasma and rushed to one of our fighting fronts.

To visit your Blood Donor Center and give a little of your blood is to give some wounded American boy his chance to live and fight again—his chance to enjoy the brighter future for which he is risking so much more than you. Phone Riverton 0398 for appointment today.

MOOD—HULSE

Miss Eleanor M. Hulse, daughter of Dr. and Mrs. P. Conner Hulse, of 600 Highland avenue, Palmyra, will be married on Saturday afternoon, February 5, at 4 o'clock, to Sergeant Thomas Wallace Mood, Jr., son of Mr. and Mrs. Thomas Wallace Mood, Sr., of Burlington Pike, Riverton.

The affair will be a home wedding with Rev. S. Dan Morgan, pastor of Central Baptist Church performing the ceremony. Miss Jane Hulse will act as maid of honor for her sister, and Mr. Richard Mood will be best man for his brother. Sgt. Mood is chief medical clerk of the 135th General Hospital at Fort Benning, Ga. Both Miss Hulse and Sgt. Mood are graduates of Palmyra High School.

TRIBUTE TO TERRELL

The New Era has received the following communication from the public relations officer of the 332nd Fighter Squadron, Santa Anna, California:

"We have in our squadron a member of your locality who is doing a fine job in the athletic department as well as the physical fitness section.

This man, Sgt. Arthur Terrell, is a well known Palmyra, New Jersey, athlete. Before entering the Air Corps he was a member of the coaching staff of the high school of the above town.

Our squadron, one of the leading training outfits on the west coast, is proud of the record he has achieved and feel that the home front should be aware of the same.

At the present time we have a basketball team in the Santa Anna Air Base League and are eagerly looking forward to a fine baseball team to represent us on the West Coast.

Our outfit is located only a few miles from Anaheim, the old training town of the pre-war White Elephants."

Sergeant Terrell's many friends in this section will no doubt be glad to learn of his fine record with the Air Force.

LEGION MEETING

The next meeting of the Riverton Memorial Post (to affiliate with the American Legion) will be held this Friday evening—February 4th, in the Riverton Fire House.

At that time a final roundup of charter members will be completed in order to have their names on the proper papers regarding the creation of a permanent post.

All veterans of the past and present war who are not affiliated with a local veterans' organization are cordially invited to attend this meeting.

ANTICIPATE 30-CENT
JUMP IN TAX RATE
FOR BURLINGTON COUNTY

Increase of 30 cents in Burlington county's tax rate is expected as result of the 1944 budget which was approved on first reading by the freeholders at Mount Holly. Reduced revenues, combined with increased costs of operation, plus preliminary steps toward financing a postwar program, were listed as causes for advancing the rate from \$1.15 to \$1.45. Public hearing on the budget is scheduled February 9.

The complete budget is published in this issue of The New Era. State revenues, as well as receipts from fees of various county offices and from institutions, have combined to reduce the county's anticipated revenues this year, Director LeRoy Church, of Bordentown, said.

Total appropriations for 1944 amount to \$190,693.51 more than last year, being \$1,755,807.34, compared with \$1,565,113.83.

The amount to be raised by taxation has similarly increased by \$187,362.45. This includes \$65,000 in postwar program funds, of which \$50,000

will be held for postwar construction and \$16,000 used if needed this year for costs of engineering and plans.

An increase in appropriations of \$61,756 for salaries also is provided in the budget. Of this amount, at least "one half to one third" was made necessary by civil service regulations, according to Freeholder Louis T. Klauder, Moorestown, director of finance. Klauder said that in many employees' cases minimum salaries had to be provided. The civil service setup was approved by the voters in the 1942 election, and Klauder said that some increases were mandatory according to classification of employees.

Tax Money for Roads

For the first time in several years, the budget provides for raising a sum from taxation for roads and bridges. Church said that while in the past no tax funds have been appropriated for roads or bridges, these moneys coming from state motor vehicle funds, the state funds have gradually decreased in recent years. The sum of \$83,548 was appropriated for roads and bridges.

"Appropriations from tax moneys will in the long run be practical,"

Church added. "In the past, state specifications have at times forced the county to build bridges bigger and more expensive than was necessary, in light of the location and amount of use of the proposed bridge. Use of tax money will allow the county to build some of the smaller bridges much more economically than could be done under state specifications."

No Blanket Increase

Referring to the salary increases, Church pointed out that last year total salaries amounted to \$519,601 and have been raised to \$681,357. This was approximately \$30,000 less than the total of \$702,765 asked for employees by department heads this year. A proposed blanket increase of 10 percent, which was also rejected, would have amounted to approximately \$716,000, Church asserted.

"Increased living costs make it necessary to raise salaries, particularly in the lower brackets," Church said. "Higher costs of food and operational expenses of institutions and appropriations also provide sizeable increases."

"It would have been possible to keep the rate down a few cents by appropriating surplus funds from last year, which has been done in the past. This doubtful expedient is often used to meet increasing costs, but the board does not feel that this is a wise move and has not touched the county's surplus funds."

"Through this method, the county may close the end of the year with

nearly \$200,000 on hand for a postwar program," he added. "We have actually appropriated \$28,000 for postwar work this year. Of this sum, only \$16,000 can be used at present, to finance engineering costs and planning. The balance of \$30,000 will be held for the post-war program."

Promises Surplus Funds

"It is possible that surplus funds will be increased by \$100,000 this year, from uncollected accounts due the county and not now in the treas-

ury. This, with the \$30,000 we did not use to provide a synthetic cut in the rate this year, along with the \$50,000 appropriation, will give the county a good-sized sum ready for postwar work, which is inevitable."

"State finance officials have advised us to appropriate funds for a postwar program, and Freeholder Klauder has been appointed to make plans for public improvements and jobs for returning soldiers."

ROBERT A. SNOVER
COMMENDED FOR
SALERNO ACTION

Robert A. Snover, son of Mr. and Mrs. Frank A. Snover, of Lincoln avenue, Palmyra, was home on an 8-day leave this week, having returned to the Norfolk Naval Base after several months service in the Mediterranean. He is a Boatswain's Mate, second class, in the U. S. Coast Guard Reserve.

In addition to many interesting experiences on the northern coast of Africa, Snover was in command of a landing barge in the assault on Gela, Sicily, where he witnessed the heavy German tank attack on American landing forces which was repulsed by the guns of the American Navy supporting the invasion.

A more thrilling experience was when he steered another landing barge ashore in the second wave of the attack in the bloody battle of Salerno, in which American losses were so heavy. He received a special commendation for his good judgment on this occasion.

As he approached the beach, Snover saw German tracer bullets coming directly toward his barge, indicating that a machine gun nest was located on the beach for which he was heading. He turned his boat and made for another part of the beach where his men landed without loss.

The commendation, which was secret and confidential and cannot be used in full reads in part as follows:

"During amphibious operations against Italy, September 6-9, 1943, Snover, Robert A., B.M. 2c, U. S. Coast Guard Reserve, was coxswain of a landing craft in the initial assault on a beach in the Salerno Bay area. This coxswain skillfully handled his boat in formation on the right side of the line of the second wave. Just before landing his boat on the beach he saw that his boat would land directly in front of a machine gun that was firing directly at the boat; instinctively with coolness of action and excellent seamanship he swung the boat to the left, passed in back of several other boats in the wave and landed on the beach in the left flank of the wave. As far as could be observed, the boat team crossed the beach without casualties. He retracted his boat and returned to his ship without casualty to his boat or crew. His devotion to duty, initiative and outstanding example contributed materially to the success of the landing operations and is in keeping with the best traditions of the Naval Service."

"The Commander considers your conduct and performance of duty as set forth in the foregoing to have been most praiseworthy and hereby takes pleasure in commending you highly therefor."

\$60,195 IN BUILDINGS

New building in Palmyra last year, as shown by Inspector King's report at the council meeting Tuesday evening, included \$30,000 new dwellings, \$1200 new garages, \$500 chicken houses and \$28,495 repairs and alterations. The total was \$60,195.

Section 1
LOCAL BUDGET NOTICE OF THE COUNTY OF BURLINGTON
FOR THE FISCAL YEAR 1944

BE IT RESOLVED by the Board of Chosen Freeholders of the County of Burlington that the following statement of revenues and appropriations shall constitute the local budget for the year 1944, and BE IT FURTHER RESOLVED that said budget be published in the New Era and in all other local newspapers published in the County of Burlington once prior to February 9th, 1944.

Notice is hereby given that the budget and tax resolution was approved by the Board of Chosen Freeholders of the County of Burlington on January 22nd, 1944.

A hearing on the budget and tax resolution will be held at the Court House, Mount Holly, N. J., on February 9th, 1944, at 2 o'clock (P.M.) at which time and place objections to said budget and tax resolution of the County of Burlington for the year 1944 may be presented by any taxpayer of said County.

EXPLANATORY STATEMENT

The budget for 1944 is the result of many days of conference between department heads and members of the Board of Chosen Freeholders. The increased cost of operation, maintenance and food, and the justified requests for salary increases at a time when revenues are decreasing, present a difficult problem. The Board does not feel that this is a wise move and has not touched the county's surplus funds. The Board of Chosen Freeholders feels that it has accomplished much in keeping the tax rate increasing consistent with the advance cost of operating county government and the cost of post-war activities.

(John 4:24) Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "We worship spiritually, only as we cease to worship materially. Spiritual devoutness is the soul of Christianity. Worshipping through the medium of matter is paganism. . . . The true worshippers shall worship the Father in spirit and in truth." (p. 140)

A PROGRAM OF PRAYER

A renowned bishop of the Methodist Church in England, Sir Henry Lull, said recently, "Prayer is no longer a practice, it's a problem." It is indeed a sad picture of mankind which finds him with prayer as a problem rather than have the problems of life removed or faced more courageously because of prayer. Is it true that our prayer life is not very definitely planned? It certainly is true for many of us. "To pray without ceasing means that the constant bent and drift of the soul is toward God." So every soul might be helped if he could adopt for his constant prayer program the plan suggested here or a similar plan. Is it asking too much of any of us to follow these six suggestions?

1. Prayers on arising and retiring.
2. Prayers at meals.
3. Family Prayers.
4. Prayers in Church.
5. Prayers in the public liturgy.
6. Prayers in the extraordinary occasions of life.

Our prayers morning and evening ought to include thanksgiving, for new opportunities, for rest, for forgiveness and newness of life. Prayer at meals is the giving of thanks for all the blessings God includes in "our daily bread." Family prayers should breathe the spirit of fellowship of the family as it seeks the inner fellowship of the Father and the Son. Prayers in church include the habit which many have of using the church as a place where one can be alone with himself and yet aware of the presence of God. More use should be made of our churches for this purpose. We should join sincerely in prayer when the liturgy of our church invites us. Our participation in worship should not be simply physical. Before a difficult event or task in life one can be helped if he will take the time and effort to pray.

We forsake so often the very source of strength and help which we need in a crisis hour. Try prayer as a training-ground for character.

CENTRAL BAPTIST CHURCH

Rev. S. Dan Morgan, Pastor
Sunday, February 6, 1944

"Forward march" is the command to advance, to press onward. A soldier marching thus does not turn to look back, no matter what may be the attraction. To do so

would be cause for punishment. His line of duty lies ahead and he must accomplish it.

Paul wrote, "Forgetting the things which are behind and reaching forth unto those things which are before." That can be explained very simply by an expression much used today, "Forget it." Looking back, generally means going back. What is done is done. The past cannot be recovered. Look ahead and live the best you know how today. Know you are right and then don't turn back. Don't be content with your second best. Press forward to the high calling of Jesus Christ.

Sunday Services
Church School, 10:00 a.m. How often has a little child instilled in his parents the interest in church and church school?

Morning Worship, 11:15 a.m. The sermon by Pastor Morgan will be, "The Mission of the Church." The anthem by the choir, conducted by Mr. C. Y. Barto, will be, "The King of Love My Shepherd Is," by Shelley.

Immediately following the sermon, the Holy Ordinance of Communion will be observed. All members and confessing Christians are invited to partake.

Jr. and Sr. B.Y.P.U., 7:00 p.m.—"One on God's side is a majority." Four is even better. Can you make it 12 or more? What is your attendance and how are you trying to increase it? The work of God advances. Keep to the front in all things.

Evening Worship, 7:45 p.m.—"When God is not, peace cannot come." Let God come to you in this hour of worship. The pastor's topic will be, "We Are Builders." The Choir will sing, "Sun of My Soul," by Turlier.

Wednesday, 8 p.m.—Mid-Week prayer and praise service.

Thursday, 8 p.m.—Choir rehearsal. All members please be present.

RANSOME—STINGEL

Miss Barbara Jane Ransome acted as maid of honor and only attendant at the marriage of her brother to Miss Martha Elaine Stingel, daughter of Mr. and Mrs. George L. Stingel, of Melrose, Mass., to Private Percy Allen Ransome, Jr., U.S.A., A.S.T.P. Engineers, son of Mr. and Mrs. P. A. Ransome, of Riverton, which took place Tuesday, February 1 at 4 p.m., in Christ Episcopal Church, Riverton. The rector, the Rev. John Crockett, performed the double ring and candlelight ceremony.

Mr. Ransome served as best man for his son. The bride was given in marriage by her father, Mr. George L. Stingel. The ushers were Mr. Ernest L. Ransome, 3rd, brother of the groom, Riverton, N. J., Mr. Nicholas N. Sheble, Jr., Riverton, N. J., Private John Bernard, Wellesley, Mass., and Mr. Oliver G. Willets, Philadelphia, Pa.

The bride's gown was white skiner satin, sweetheart neckline, princess style. At the back was a shirred bodice. On each sleeve and scattered throughout her long train were white satin half blown roses appliqued on the gown. Her long white net veil, the length of the train, was topped with a high seeded pearl tiara.

On her prayer book she carried gardenias and bouvardia trailing down in streamers.

The maid of honor's gown was Nile green with a hoop skirt and she wore a net hat of the same color adorned with olive green plumes. She carried a bouquet of yellow scabiosa, pansies and copper red euphorbia, and blue iris.

The bride's mother wore a grey crepe gown with fuchsia and orchid roses appliqued on the panels of the skirt and carried out on the shoulder. Her corsage was of deep purple orchids. Her off-the-face hat was grey crepe with fuchsia and orchid flowers at the top.

The groom's mother was gowned in a tailored chatriuse crepe dress. She wore a pheasant hat and a corsage of green orchids.

A reception for the immediate family and a few friends at the home of the groom's parents, Golf Road, Riverton, N. J., will follow the ceremony.

The ceremony was performed here due to the short leave of the groom.

T. Curtis Flynn, Chairman of the

Local Rationing Board, Palmyra, N. J., regrets very much to announce the resignation of Mrs. Hester W. Morris, who has been with the Board since it opened in 1942. Mrs. Morris has accepted a position with Solid Fuel Administration, Camden, New Jersey.

CHILDREN OF SACRED HEART SCHOOL SURPASS PAST SUCCESS IN CAMPAIGN

Urged by the determination to exceed their splendid totals of past years, the students of Sacred Heart School, Riverton, carried on the annual campaign for the National Foundation for Infantile Paralysis with characteristic enthusiasm. The children eagerly awaited their turns to solicit contributions for the "March of Dimes," while competition ran high among the grades, each coveting first place for the largest total. Consequently, keen satisfaction was experienced when the final day disclosed a total of \$164.25.

The students and teachers of Sacred Heart School wish to express sincere gratitude to all who encouraged the children by receiving them kindly, but especially, to those whose generous contributions made the campaign such an outstanding success.

CALVARY PRESBYTERIAN CHURCH

Fourth and Lippincott Ave.
Riverton, N. J.

The Rev. R. B. Stewart, Pastor

The service of preparation for the observance of the Sacrament of the Lord's Supper will be held on Friday evening, February 4, in the Sanctuary at eight o'clock. All communicant members are urged to take advantage of this opportunity to prepare themselves to appropriate the blessings of the Communion.

The Sacrament of the Lord's Supper will be celebrated on Sunday morning, February 6, as part of the morning service. The service commences at eleven o'clock. The Lord's Table is set for all who have professed Him before men, irrespective of denomination, and any who are church members and do not have a church home in this community are cordially invited and encouraged to partake of the Sacrament.

As part of morning worship the Choir will render two special numbers, an anthem, "Prayer of the Penitent" by Matthews, and a soprano solo, "O Lamb of God" by Bizet, with violin obligato. During the hour of worship children will be cared for in the Church Nursery. The Nursery will be in charge of Mrs. James Wright, assisted by the Misses Ruth Mason and Elaine Friday.

Church School will convene at 9:55 a.m. Sunday morning, with Bible study classes for all ages. It is much more profitable to bring our children than to send them. Parents may attend either the Semper Fidelis Ladies Bible Class, which meets in the Director's room, or the Men's Bible Class, which meets downstairs in the gymnasium. Mr. J. T. Kirk will teach the Men's Bible Class.

On Sunday evening at 7:15 the Christian Endeavor groups will hold their Consecration Meeting. The Consecration program is being arranged by a worship committee under the chairmanship of Miss Jean MacDaid. Members of the Junior C. E. are reminded that this service should be as sacred and necessary to them as the Sacrament of the Lord's Supper is to their parents.

The February meeting of the Women's Society will be held on the afternoon of Wednesday, February 9, at 2:30 p.m. in the Church School auditorium. In order to carry out the program arranged for the meeting, each member is requested to bring a hat, carefully wrapped in a bag, and twenty-five cents. Each member will have the privilege of purchasing and wearing a "new hat" at the meeting.

WESLEYAN MEN'S BIBLE CLASS**EPWORTH METHODIST CHURCH**

Men of the community are invited every Sunday morning at 9:45 and for only one hour. The teaching staff comprises men of various faiths. The speaker at this Wesleyan Men's Bible Class this Sunday will be Christian J. Ulrich. Their guest talent will be a young ladies' quartette from the Methodist Choir.

NO RELIEF OUTLAY

The month of December was the first month since the Family Service Council of Riverton and Cinnaminson took over the administration of relief in Riverton, in which no expenditure for relief was made in the borough, according to the report made by Mrs. Eleanor Smith, Executive secretary of the Council and Director of Relief for both Riverton and Cinnaminson.

Authorities in this field of service work, however, caution against undue optimism over the current situation and state officials warn that local organizations must be prepared to meet conditions which may rapidly change in this respect—pointing out that just as fire fighting facilities must be maintained in high efficiency regardless of the fire record of a community, so must social agencies be ever ready to meet changing conditions in their field.

Fortunately it is widely recognized that the primary and most important work of the Council is in the preventative work in which they have been so long engaged—anticipating those mental, moral, physical and economic maladjustments which uncorrected lead to the necessity of relief and other social measures of correction.

Special Work

Reduced emphasis on relief has made it possible for Mrs. Smith, the Executive Secretary of the Council, to devote time to special work for the local draft board which has been of substantial aid to the equitable handling of many cases. This offers a typical illustration of the cooperation which the Council has given to numerous community matters to which it has freely extended the services of its Executive Secretary.

Mrs. Smith's report stresses the valuable aid extended by the junior section of the Palmyra Woman's Club at Christmas time when the Council was instrumental in brightening the holiday season for twenty families.

The Porch Club

The nominating committee selected for the election of officers and directors for the coming year, is: Mrs. Roland Michener, Chairman; Mrs. Edward K. Merrill; Mrs. Charles E. Sims; Mrs. Wallace S. Wooten; Mrs. John M. Wright. The election committee is: Mrs. Myron J. Edwards, Judge; Mrs. G. W. Ritter; Mrs. T. F. Kerns. The report of the nominating committee is:

Mrs. Lucy Shreve
Recording Secretary
Mrs. William Shoemaker, Jr.
Board of Directors
Mrs. Dewees Showell
Mrs. George Bornet
Mrs. Raymond R. Hull

The annual Library Bridge will be held at the Porch Club Tuesday afternoon, February 15th, at 2 p.m.

As all know this affair is held to raise money for the Riverton Free Library which surely deserves support. So come out and make this year's party an outstanding success. The usual contribution of books attractively wrapped is requested. Please bring them to the club when you come to the bridge. Mrs. William Thatcher and her committee is in charge.

The use of history is to give value to the present hour and its duty—Emerson.

THE NEW ERA

RIVERTON :: PALMYRA :: CINNAMINSON

THE NEW ERA, THURSDAY, FEBRUARY 10, 1944

The Groves Estate Situation

Out of a mass of reports, rumors, conjectures and the like, regarding the sale of the former Groves estate, Riverton road, Cinnaminson Township, which took place last week. One point still in doubt is whether or not the entire property was sold, or, according to some reliable authorities, only 10 acres on which the not located near properties owned by R. M. Hollingshead, Jr., E. G. Borer, Mrs. Edgar Lippincott and others as reported in metropolitan papers.

We Quote

The following appears to establish the exact status of the sale. We quote from "The New Day," a commercial weekly paper, issue of February 3, 1944. The article is an excerpt from a message of the Rev. M. J. Divine (better known as Father Divine) delivered while at the Holy Communion Table, Circle Mission Church of Philadelphia, February 1, commencing at 2:40 a.m.

"Now I would like to say, I AM happy again to say, I AM not a buyer nor owner of real property, but through the Cooperative System, under the Peace Mission Movement, MY followers have unlimited purchasing power and they are continuing to purchase increase and multiply their holdings because we believe it is constructive and profitable and good for the general public to invest in real property.

"I would like to say, the latest acquisition of property purchased by MY followers is the Retired Teachers' Home purchased today, right over here in Riverton, New Jersey, about twelve miles and a half from door to door. I think it is between sixty and seventy acres of land with a nice little mansion and other surrounding buildings.

"I believe the Retired Teachers of the Peace Mission Movement will have a chance to relax out there, if they desire to, but they will also do as others do, share their Blessings. Yes, they will share their blessings with others; therefore, no doubt you all will hear of it or see it sometime not very far hence."

Sunday afternoon, a representative of The New Era interviewed three people who were taking pictures of the property. They stated that the residence would be remodeled and refurbished but did not know when the work would be completed. When final preparations are made, the home will be dedicated with a big ceremony and it is expected that Father Divine will attend. It is understood that title was taken on Monday of this week in the names of Helen Young and Gladys Graham.

BUDGET APPROVED

At the meeting of the Cinnaminson Township Committee held on Tuesday of this week, the 1944 budget was approved by a unanimous vote. The public hearing on the matter will be held Tuesday evening, February 29, at 7:30 o'clock, in the auditorium of the public school. The budget is published in full in this issue of the New Era.

The explanatory statement is as follows:

Explanatory Statement
The estimated tax rate for 1944 is \$3.75 which is 37 cents less than 1943. It allows for a reduction of \$6,347.00 in School Taxes but only allows for the same amount of County and State taxes as in 1943.

The operating Budget or in other words the one for which the Township Committee is responsible for is about \$6,083.00 more than 1943 which is caused by a new appropriation of \$2,000.00 for Tax Map which is needed very much as we do not have one now; \$1,871.85 for Emergency Appropriation in 1943 and Aid-Memorial to Service Men, in the amount of \$300.00; also an increase of \$1,661.96 in Municipal Share State Aid Dirt Road Project.

Of course if the State and County rate is increased it will effect the above rate accordingly.

PARENT-TEACHER ASSOCIATION HISTORY

"The love of childhood is the tie which binds us in holiest purpose," said Mrs. Theodore Birney, through whose vision and inspiration the parent-Teacher Association was founded.

Feeling there was such a neglect and misunderstanding of children by so many adults, Mrs. Birney, a Georgia woman living in Washington at the end of the last century, had a burning desire to do something about it.

Discussing the subject with a friend, Mrs. Phoebe Hurst, a woman

of great wealth and a prominent philanthropist, they decided to send out a call to people all over the country who were interested in child training to meet in Washington February 17, 1897, Mrs. Hurst undertaking to finance the entire project.

Both of these women had reached the conclusion that the foundation of civic and social betterment could be reached by more intelligent, comprehensive care of children.

The faith in their project was justified, and the response to that first meeting exceeded their highest hopes. Every state and territory in the union was represented by groups which included not only mothers, but also fathers, educators, clergymen and people from all walks of life who were interested in a better understanding and training of children. There were no barriers of color, race or religion.

National Congress
It was decided to hold a meeting each year out of which has grown the National Congress of Parents and Teachers.

Mrs. Edwin Grice of Riverton attended those first meetings and came back so filled with the worthiness of the purpose that through her efforts the New Jersey State Congress was formed in Riverton in 1900.

The organization through the missionary efforts of the early founders has grown to phenomenal proportions. Many worthwhile projects have been accomplished through the efforts of the National, State, County and local units.

It was the New Jersey Congress which, in 1908, secured legislation requiring Domestic Science and Domestic Arts to be taught in the Normal Schools of the State, and in 1910 had women appointed on the Boards of Managers of all state and county institutions where women and children were inmates, and had women placed in charge of such institutions.

During the first World War the New Jersey Congress raised enough money to buy an ambulance and had

RIVERTON P.T.A. TO CELEBRATE FOUNDERS DAY

Founders Day will be celebrated by the Riverton P.T.A. on Wednesday, February 16, at 3 p.m. in the school auditorium.

Mrs. C. P. Mayfield will be the speaker and will have as her topic "The Founding and History of the P.T.A. of New Jersey."

The Child Study Group will meet at 2 p.m. and will be conducted by Mrs. Melvin Burr.

A food Sale will be held immediately after the meeting.

SCHOOL ELECTIONS

School elections took place in three local communities on Tuesday night of this week, but few took the trouble to vote except in Cinnaminson, where four candidates were out for two vacancies. Maurice F. Joyce and Frances D. Shaw were elected. Both are incumbents.

The vote was as follows:
Maurice F. Joyce—159
B. R. Leach—60
E. Carleton Robinson—53
Frances D. Shaw—122
Current expenses, Yes—105, No—10

Repairs and replacements, Yes—111, No—7
Manual training, Yes—112, No—11

In Riverton 48 votes were cast, the distribution being as follows:
Eric Binderwald—44
Carol B. Mathews—43
Dewees Showell—48
Messrs. Showell and Binderwald are newcomers to the board.

All appropriations were approved. Palmyra

The vote in Palmyra corresponded in number very closely with that in Riverton. There the tally was:
A. R. Gilmore—47
Marion L. Mallory—46
James B. Ryan—49

A few scattering votes opposed the various appropriations.

\$500.00 in excess which was given for the relief of suffering Belgium children.

The State Congress also raised \$500.00 toward founding the New Jersey College for Women which is the women's unit of Rutgers University.

Soon there was a need for county units of the Association and the Burlington County Council, after its organization, began to work on County needs.

This Council raised \$1,000.00 to maintain a bed in Burlington County Hospital for needy children in the county.

Dental Clinic

The Burlington County Council was the first to introduce and maintain a travelling Dental Clinic and a travelling library, and started the first County Educational Newspaper, all of which projects have been copied by many counties all over the country.

Women from Burlington county have been prominent in furthering the work of the Congress.

Mrs. Augustus H. Reeves, a former Moorestown woman served as president of the county council, state president, national president, and was the first president of an International Congress representing 32 foreign countries.

There have been three women from Riverton who have served as state presidents: Mrs. Edwin C. Grice, Mrs. Alexander Marcy and Mrs. Walter Bowen, and others who have served the State in lesser capacities.

No less important among Riverton women was the work of our own Dr. Frances S. Janney-Stoddart, who served as state chairman of the Child Hygiene Committee, delivering lectures on Mental Hygiene and travelling many miles at personal expense and inconvenience to insure

WAR BOND SHOW

One of the most notable tri-community events ever conducted in the history of Palmyra, Cinnaminson or Riverton will be held this (Thursday) evening, at the Fourth War Loan Bond Motion Picture Premiere at the Broadway theatre in Palmyra. No bond sales will be solicited here at night. Admission will be by special ticket given to purchasers of War Bonds during the campaign.

American Legion Medal of Honor and Citation will be given to the leading contestant; second, silver medal, and two special awards donated by the Broadway theatre management.

The identity of the winners will not be known until the announcement is made.

A feature of the program will be short talks by Sergeant William W. Holmes, of Riverton, Flying Fortress gunner who recently returned here on leave after completing 43 combat missions in the South Pacific and two of his companions who also served in that area.

The feature picture for the evening, will be "The Gang's All Here," starring Alice Faye, Carmen Miranda, Phil Baker, and Benny Goodman's Orchestra.

The theatre doors will open at 7:30 and the show will begin at 8:15 p.m.

ZONING ORDINANCE WILL BE CONSIDERED

At the meeting of the Cinnaminson Township Committee held this week the subject of a zoning ordinance for the community was discussed at some length. This matter was brought up two years ago and some work accomplished, but no definite action taken.

A special committee will meet in the near future to formulate preliminary plans.

The following constitution was adopted by the Eighth Grade Civic Club in their regular weekly meeting January 26, 1944. Each year the club, after seeing the need of character guides for good citizenship, discuss plans for a set of laws. The president, George Pack, appointed a committee to draw up constitutional laws pertaining to citizenship. The committee presented the constitution to the group for its approval and adoption.

In their meeting, February 2, it was decided to use this as a penmanship lesson so that each member may make, keep and observe these citizenship guides.

CONCERNING "VITAPLUS"
In response to many inquiries, Keystone Automobile Club has made an investigation of "Vitaplus," a radio-advertised gasoline additive which purports to give greatly increased car mileage.

The Club is in receipt of a report from the National Bureau of Standards which says the product consists chiefly of naphthalene, "a chemical familiar to everyone in the form of moth balls." The Bureau also discredited a "test run of 274 miles,

mileage of 22.5 per cent, pointing out which apparently gave an increased that the run on untreated gas was made with a cold motor and two additional runs over the course were made after the motor had warmed up.

"Had Vitaplus been run first and untreated gasoline last," the Bureau's report to the Club says, "the conclusion that Vitaplus decreased the mileage would undoubtedly have been reached."

Regarding the chemical makeup of the product, the report says: "The Vita-Power Products Company, Inc., sent us a copy of a chemical analysis of Vitaplus. This analysis listed naphthalene (moth balls) as one constituent of Vitaplus. Our examination showed that it was chiefly naphthalene, the other constituents being present only in small amounts or traces."

Regarding gas "does" in general, the Bureau has this to say: "In the testing of more than 150 such dopes at the National Bureau of Standards, exclusive of the well-known knock suppressors, not a single instance of any important improvement has been observed in any feature of engine performance."

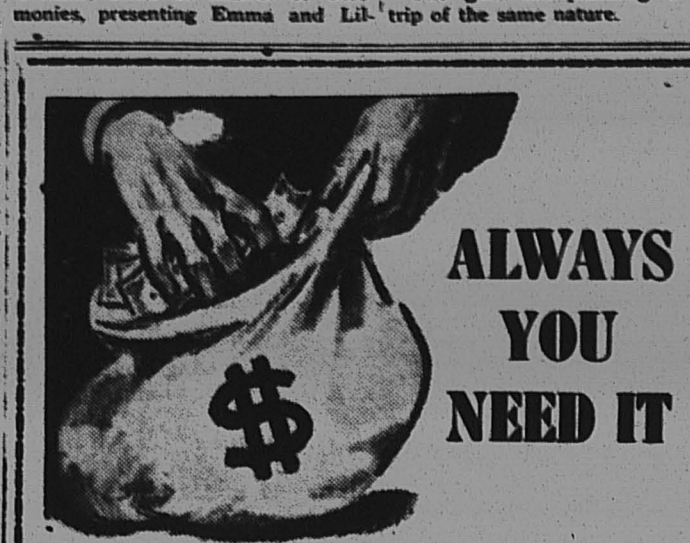

SODALITY MEMBERS VISIT FORT DIX
The girls of the USO NCSS Sodalities Committee, of Burlington County, New Jersey, active in social activities in the Fort Dix area for the past two years, opened a new phase of their activity when one hun-

dered girls visited the soldiers at Fort General Hospital.
This visit, January 30th, was arranged with the Red Cross at the Hospital. During the early afternoon, soldiers and girls played cards, checkers, and ping pong. After serving refreshments, the girls presented a program of music and dancing.
Leroy Miller, KVV's Musical Cocker, acted as Master of Ceremonies, presenting Emma and Lil-

ian Tomassetti, guitar and vocalist, who sang "I'm Thinking Tonight of My Blue Eyes," "Yellow Rose of Texas," and "La Romina"; Irene Wargo, tap dancer; Cathleen McCheyney, pianist, playing Tchaikovsky's "Concerto in B Flat Minor," and "La Sorrellia"; and Marie McAdams singing "I'll See You Again," and "My Hero."
The girls are planning a return trip of the same nature.

	1944	1943	1942
Totals	\$ 5,373.00	\$ 5,373.00	\$ 5,373.00

EXPLANATORY STATEMENT
The estimated tax rate for 1944 is \$2.75 which is 37 cents less than 1943. It allows for a reduction of \$2,850.00 in School Taxes but only allows for the same amount of County and State taxes as in 1943.

The operating budget for 1944 is \$11,300.00 more than 1943 which is caused by a new appropriation of \$2,000.00 for Tax Map which is needed very much as we do not have one now; \$2,871.85 for Emergency Appropriation in 1943 and Aid-Memorial to Service Men, in the amount of \$200.00; also an increase of \$1,681.96 in Municipal Share State Aid Road Project.
Of course if the State and County rate is increased it will effect the above rate accordingly.

Can You Drive a Car?

WHEN YOU were a kid, did you always pester to "go along" on every ride? And now, do you get a kick out of handling the wheel like a man?

Women with mechanical ability are needed in the WAC at once. Other skills are needed too. And untrained women can learn skills that will be useful all their lives. 239 types of Army jobs need Wacs to fill them.

PRAYER HARNESS POWER
The church is a rather complicated institution today. It is interested in saving souls, in healing bodies, and in educating minds, young and old. It has offices, buildings, schools, colleges, hospitals, and printing presses; it has an unnumbered array of agencies and organizations.

All of these things are good insofar as they serve as channels through which the Gospel and the fruits of the Gospel may be mediated to men and women. But a comparatively small number of people support them, and some are asking, why not cut down the machinery so that all of it may be used to capacity in harmony with the support available?

Perhaps there is a better answer. There is a disparity between the machinery and the motive power of the church, but why not equalize the two by increasing the power? Why not use to a greater degree the power of God, and trust less in the power of man?

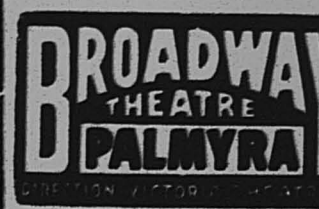

God's power can be harnessed through prayer. Paul harnessed it, and so can anyone else who is willing to "work at prayer." There is quite enough power to match all the machinery we have, and to keep it working to capacity for the spiritual welfare of all people.

Why not permit that power to flow into our lives daily? Why not permit it to flow through our lives into the larger life of our churches as that life reaches out from our community to the ends of the earth? The strength of the church need not be less than the strength of God.

PRINCIPAL ADDRESSES
WHEATLEY P.T.A.

Highlight of the January meeting of the Phyllis Wheatley Parent-Teachers Association, was the showing of a movie entitled "The Negro in Wartime." This movie is one of several being shown throughout the county by the Burlington County Tuberculosis League.

The P.T.A. meeting was held at Palmyra High School on Thursday, January 27, at the invitation of Paul R. Jones, principal. The business session was conducted by the president, Mrs. Malinda Ransom. Plans were made for the annual Exhibition Night to be held in April this year. Mrs. Ida Williams gave the Dental Report for the current year.

The program presented by Mrs. Eleanor J. Young, Principal of School No. 4, was as follows:

1. Group Singing—"Negro National Anthem."
 2. Glee Club Selections—"Sleepy Hollow Tune," "I Hear America Singing," "Steel Away."
 3. Selections by Community Orchestra—"After Hours," "When The Lights Go On Again."
 4. Film—"The Negro in Wartime."
- After the movie Mr. Jones addressed the parents and emphasized the importance of closer contact and understanding between the parents and the school. He also spoke of the importance of homework to high school students. He then conducted

a tour of the building to show parents the various educational facilities afforded there.

This rating was given by the N. J. State Department of Civilian Defense.

Mayor Ward commented that this is a fine rating but 100 per cent would be better.

"Soul" in the Lesson-Sermon subject for Sunday, February 13.

Golden text: "I will greatly rejoice in the Lord, my soul shall be joyful in my God." (Isaiah 61:10)

Sermon. Passages from the King James version of the Bible include: "And my soul shall be joyful in the Lord: it shall rejoice in his salvation." (Psalm 33:9)

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"We cannot deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony. Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul." (page 390)

CLASSES TO BEGIN

At a near date, to be announced later, a nutrition and canteen class will be started. Only those who have had a certificate of 20 hours in nutrition will be eligible to begin the canteen course. All interested in starting either course please contact Mrs. Edward K. Merrill, telephone Riverton 0657-J.

PLAN HONOR ROLL

Last Friday evening's meeting of the Riverton Memorial Post (No. 41) with the American Legion saw final plans completed for the organization to submit its application for a permanent charter. The necessary papers will be presented to the County Commander this week.

A greater part of the meeting was devoted to a discussion of the proposed Riverton Honor Roll. The

secondary embellishments for the Honor Roll have been contributed by a post member while other volunteers have offered either their services in constructing the Memorial or have offered to donate necessary materials.

In order that everyone in Riverton may have an interest in the Honor Roll it was decided to invite every church, club and other organizations in the town to participate in the erection of the Honor Roll through the action of a joint citizens' committee to be represented by a member on the Committee.

Commander Cook was presented with an inscribed gavel by Comrade Herring.

However learned or eloquent, man knows nothing truly that he has not learned from experience.—Wieland.

ABRAHAM LINCOLN was a clear sighted, practical man. HIS DUTY, as he performed it, was to consistently reject and fight against deceit and selfish greed; to uphold our democracy's doctrine of freedom. AS A SOLDIER, as president later, Lincoln knew the real horror of warfare. HIS enemies again ravish peace-loving peoples today. LET US HONOR Abraham Lincoln's name by "doing our DUTY" as we understand it.

CENTRAL BAPTIST CHURCH
Fifth Street and Maple Avenue
Palmyra

Rev. S. Dan Morgan, Pastor

Sunday, February 13th

There is much to do! This seems to be the cry of everyone. Time is precious. There doesn't seem to be enough hours in a day, in a week to accomplish all the things we'd like to do. We fly from one thing to another in a hurry and get nowhere. Something is off balance. A disc is placed on a revolving plate, if not turned up or exactly centered, will wobble, be useless and often cause harm if not brought into position.

A life without a purpose, one that wanders without a goal may be wasted, always going but never getting there. There is need in life if the heart is turned up to the teachings of Christ.

Sunday Services

Church School, 10:00 a.m.—The church school is a family affair. There are classes for all ages. Let a new week start revolving about the time spent here.

Morning Worship, 11:15 a.m.—A welcome is extended to all members, friends, and visitors to attend the services at Central Baptist. A home-like atmosphere prevails. Pastor Morgan will have for his morning topic, "Spiritual Foundations."

The choir will render, Randegger's "Praise the Lord." Mrs. Elsie Hughes and Mrs. Ruth Schweizer will sing a duet entitled, "My Redeemer Liveth," by Mendelssohn.

Jr. and Sr. B.Y.P.U., 7:00 p.m. These groups will meet in the Jr. room and Main school room respectively.

Evening Worship, 7:45 p.m. The pastor's theme will be, "According to Your Faith" preceded by the selection by the choir which will be the anthem, "The Heaven's are Telling" by Beethoven. Solo by Mrs. V. Seither.

Wednesday, 8 p.m.—Mid-Week prayer and praise service "Call unto Me and I will answer thee."

Thursday, 8:00 p.m.—Choir rehearsal in the church.

CALVARY PRESBYTERIAN CHURCH
Fourth and Lippincott Ave.
Riverton, N. J.

The Rev. R. B. Stewart, Pastor

"For a' that, and a' that,"

It's coming yet for a' that,
That man to man the world o'er
Shall brothers be for a' that."

Scotland's national bard believed, more than a century ago, that the "one increasing purpose" of God would eventually express itself in the universal brotherhood of man. Today, in spite of the many wars that have marred the beauty of the intervening years, we can still believe that, not because Burns said so, but because it is the unwavering and unvarying testimony of Scripture, "God hath made of one blood all nations of men for to dwell on all the face of the earth"—God created one majority, we ourselves have made the minorities. At a time when we seem to be too small to maintain harmony even among the white peoples of the earth it may seem presumptuous to

hope, in the larger sense, for harmony, "race relations" but such a hope must be our consistent ideal and goal if we would be true to our larger vision and command of our Christ. In the development of better race relations the burden is upon the church to assume the leadership and keep it.

Sunday, February 13, will be observed as "Race Relations Sunday" at the Calvary Church, and all worship and study will be centered around the thought of a larger brotherhood of men.

Church School will convene at 9:55 when there will be Bible study classes for all ages from nursery age to Men's and Women's Bible Classes. In the Men's Bible Class, which meets in the gymnasium, an open discussion will be carried on under the leadership of Mr. William Mac-Cord.

The service of Divine worship begins at eleven o'clock. The sermon will be the second of a series on the general theme "Idols We Worship," the first of which was presented a few weeks ago. The idol to be examined is one for which many people indicate a deep affection, in actual practice—"Truth Is What We Want To Be True."

As part of the morning worship service the choir will render an anthem by Andrews, "Build Thee More Stately Mansions." The Church Nursery, to care for babies and children during the worship hour will be in charge of Mrs. Oscar Wagny and Miss Claire Burke.

The junior and senior Christian Endeavor groups will meet as usual

on Sunday evening at 7:15. A program and discussion on the theme of "World Brotherhood and Race Relations" will be shared by the senior group led by Jack Kirk.

The February meeting of the Good Fellowship will be held on the evening of Friday, February 18, in the Women's Club room on Broad Street, Palmyra. Please note that owing to fuel shortage the place of meeting has been changed for this month. The program will consist of a "White Elephant Party and Game Night," and each person is requested to "bring something you don't want." Refreshments will be served.

TALK ON LINCOLN

Lincoln's Birthday was observed in the local Rotary Club last Thursday evening. In a quiet and thoughtful atmosphere, created by his opening remarks, Rev. K. Palmer Miller, a member of the Palmyra-Riverton Rotary Club, spoke on the less familiar side of the Great Emancipator.

Because of Lincoln's great appreciation and understanding, he was able to accomplish many things without too greatly antagonizing his opponents. His appreciation of human frailties was of inestimable benefit to him in his dealings with all with whom he came in contact.

When he was being contacted by the leaders of the Republican Party in Illinois, to see if he was acceptable as a candidate for the Presidency, he was urged to go to New York and have a conference with the great leaders of the East. He refused to go and become obligated to them.

During the Civil War he received a telegram telling of the loss of 110 horses and a Brigadier General. When asked what he was going to do about it he said, "I can easily replace the Brigadier General but where can I get 110 horses?"

Lincoln was constantly studying, either people or books. He insisted that he never read a book, but was studying.

Lincoln in his early days asked what kind of a preacher he liked and he replied that he liked one who flayed his arms like a windmill. When he finally came to the point of attending a church regularly he chose one where there was little dramatics.

Great Understanding

In his dealing with people, his understanding was great. This was shown when he presented the Emancipation Proclamation to his cabinet. At that time he stated that this was final and without any discussion Mr. Lincoln made it. A few days later Secretary Seward suggested another change and Mr. Lincoln asked why he had not spoken of it at the time of the first change and Seward said that he did not think Lincoln would accept two changes. Secretary Seward was the one member of the Cabinet that caused Mr. Lincoln the most trouble.

Mr. Lincoln's forgiving nature is exemplified by his visit to the home of General George Pickett, in Richmond, after the war. When he arrived there and had knocked on the door he was met by a lady with a baby in her arms. He asked: "Is my friend George Pickett at home?" Upon being told that he was not he said, "Please tell him that his friend, Abe Lincoln, was here to see him."

Great Political Sense

That Lincoln had great political sense is evidenced by the fact that he served one term in the Illinois Legislature and refused a second term because he did not want to be stamped as a state man.

Stephen A. Douglas and Abraham Lincoln were not only political rivals but were also rivals in the courtship of Mary Todd. Mr. Lincoln felt his lack of polish of a gentleman so much that after he had finally won Mary Todd he failed to appear at the time set for their wedding and a second date had to be set.

Lincoln was noted for his simplicity of statement. He practiced this by taking long, complicated documents and books and restating them in simple language. A young boy was sent by his father to ask Mr. Lincoln about a certain point in a case in which he was interested. The boy met Mr. Lincoln on the street and stopped him to ask the question. Lincoln took some papers from his pocket and sitting down on the curb with the boy, explained the case so thoroughly and simply, that the boy returned home and astounded his father with a complete review of the entire case.

THE NEW ERA
RIVERTON :: PALMYRA :: CINNAMINSON

THE NEW ERA, THURSDAY, FEBRUARY 17, 1944

PRICE FIVE CENTS

FATHER O'DEA LEAVES
FOR NEW PARISH

The Rev. Thomas J. O'Dea, assistant pastor of Sacred Heart Church, Riverton, has been transferred to the S.S. Peter and James Church, in Phillipsburg, N. J., where he will be one of the three assistant pastors of the large parish there. There is also a Catholic High School in the community.

Father O'Dea, who has been in Riverton eight months left for his new assignment on Friday of last week. Although here only a comparatively brief period, he was held in high esteem not only by his parishioners, but throughout the community in general. Due to the suddenness of the transfer it was impossible to arrange a farewell party for him, but such an affair is being planned for next week.

According to Father William F. Quinn, pastor of Sacred Heart Church, no successor to Father O'Dea can be appointed until June, since, with so many priests serving as chaplains in the armed forces, an assistant will not be available until new priests are ordained at that time. There is a serious shortage of priests throughout the diocese, Father Quinn said.

BUDGET ADOPTED

By a unanimous vote, Riverton Borough Council adopted the 1944 budget at a meeting held last Thursday. As usual, the only ones present at the hearing were the Mayor and members of council, the borough collector and a representative of The New Era.

With the exception of routine business, the only other matter brought up (if the usual sewage disposal plant project discussion is excepted) was the tabling of a resolution protesting the Philadelphia wage tax imposed upon residents of New Jersey. An association has been formed to attempt to abolish the tax, but council declined to endorse the move. A similar resolution was unanimously passed by the Cinnaminson Township Committee last week and Congressman D. Lane Powers is supporting the action.

FIELD FIRE

Shortly after noon on Thursday of last week, the Palmyra and Riverton Fire Departments were called for a bad field fire north of the former Palmyra Airport which is now being used as a testing ground for certain types of ammunition.

The location of the blaze was such that the local trucks were not permitted to go within the testing area and could do little except with Indian pumps.

A fire truck from the Frankford Arsenal arrived on the scene and wet down the area near the enclosure. There was no damage although a considerable area of brush was burned over.

NO ACCIDENTS

A considerable number of the younger generation were engaged last week in the hazardous practice of hitching their sleds on autos. It is fortunate, indeed, that no accidents were reported.

Motorists are reminded that this practice is in violation of motor vehicle laws and they are the ones responsible in case injury occurs to those riding on sleds.

MARCH OF DIMES

The schools did a very satisfactory job on the "March of Dimes" with a total of \$133.02, broken down as follows: \$50.40 collected in the community by the Junior School; \$26.92 collected in the Spring Garden Street and Cinnaminson Avenue buildings; \$39.60 collected in the High School.

More Paper Needed

The Riverton Boy Scouts under the direction of Albert C. Farrow, are doing fine work in the paper salvage campaign, collecting on the average about 3,000 pounds each week. Local residents have cooperated nicely in the project by placing their paper at the curb and this has enabled the workers to cover the allotted territory each week.

Mr. Farrow asks that bundles be put out by 9 a.m. as the boys start at that time and because so few are available for the work, it is not possible to go over the route more than once.

This Saturday collections will be made the entire length of Main street on both sides of the railroad.

Waste paper salvage must be increased at least five pounds a person per month in New Jersey if the perboard mills in the State are to produce at capacity to meet the requirements of the armed services.

This was disclosed by Charles A. Eaton, Jr., Chairman of the State Salvage Committee, as he urged every citizen to save waste paper and local salvage chairmen to increase collection efforts.

There are more than 700,000 items for the armed services requiring paper packaging, he pointed out. At least 8,000,000 tons of salvaged waste paper will be needed this year to permit the mills of the country to produce the paperboard and wrappings for these items which include blood plasma, medicines, food and many others.

The New Jersey mills produce approximately one-third of all the paperboard manufactured in the Eastern Atlantic States. Most of these mills at the present time are operating below capacity due to the shortage of waste paper salvage and the lack of pulpwood.

The importance of salvaging waste paper cannot be too strongly impressed upon the citizens of New Jersey," Eaton said. "It is vital to the war effort. Unless these mills can turn out the paperboard necessary for packaging and shipping war supplies and equipment, the men on the fighting fronts will be seriously handicapped."

Local salvage chairmen who have been maintaining a continuous collection program were urged to increase their efforts if possible while those who have failed to realize the importance of the task assigned to them were asked to "do something about it."

The shortage can be overcome if each citizen will do his part, Eaton declared. He asked housewives, school children, Boy Scouts and civic groups to cooperate in the salvage effort. If no provision has been made for curbside collection, he asked that a waste paper dealer be called or the waste paper taken to a dealer.

TAYLOR PRESIDENT

At the meeting of the Cinnaminson Board of Education held on Monday night of this week, Howard Taylor and Maurice Joyce were re-elected president and vice president respectively.

The personnel of the board remains the same as last year.

PALMYRA WOMAN'S CLUB

On Monday evening, February 21, the Senior Woman's Club will entertain the evening session and the juniors at the club rooms. Mrs. Conrad Friday, chairman of the American Home Department, will be in charge and expects to start the meeting promptly at 8:15.

Mrs. Dorothy Nugent, of Philadelphia, will speak on "Hats Created and Not Dated." Mrs. Nugent has recently published a book under this title. She has a radio program and has made motion picture shorts for national relief.

RED CROSS ROLL CALL
AND WAR FUND DRIVE

The Annual Roll Call Red Cross Drive plus the War Fund Drive starts March 1st. The quota for Riverton this year is \$10,000. This will be the only call of the year from the Red Cross.

Mrs. Richard Lippincott will act as general chairman with Mrs. Edward Hughes as vice chairman. Herbert Kieckhefer will be chairman of Special Gifts and Everett Smalley will be treasurer.

The usual generous and hearty response is anticipated from the residents of Riverton.

CULT MOVES HERE

On Friday of last week a number of truckloads of furniture arrived from New York at the former Groves estate, Riverton road, and it appears evident that the place will soon be occupied by members of the Retired Teachers of the Peace Mission Movement, one of the branches of the Father Divine organization.

Several of those engaged in unloading the furnishings remained at the home all night, the heat being supplied by oil stoves since the oil burner had not yet been put into operation.

The trucks all bore the familiar slogan of Father Divine, "Peace."

SCRAP COLLECTIONS

John Reinhardt, member of the salvage committee of the Riverton Civil Defense Council reports that the following amounts of material have been collected from the local salvage depot:

Tin—3185 pounds

Iron—565 pounds

Newspaper—2105 pounds

Cardboard—715 pounds

BUILDING REMODELED

Tony D'Amato the owner of Tony's Beauty Salon, has purchased the property at 11 and 13 E. Broad street, Palmyra, formerly occupied by the Fox Cleaners and the Tak-A-Boost shop.

Work is already underway to convert the present structure into three modern apartments on the second floor and the beauty salon on the first.

The general contractor in charge of the work is Albert Brewster, of Leconey avenue. The building is expected to be ready for occupancy by early summer.

The improvement will add much to the appearance of the central business section of the community.

MISS SCHOCKCOR LEAVES

Miss Margaret Schockcor, R. N., daughter of Mr. and Mrs. J. H. Schockcor of 635 Linden avenue, Riverton, left Tuesday morning for Atlantic City, where she will receive her basic training for a nurse with the Army Air Force in the England Hospital.

Miss Schockcor, before her enlistment was the nurse at the Palmyra High School.

TAYLOR ELECTED

At the organization meeting of the Riverton Board of Education held on Monday night of this week, Thomas R. Taylor was elected president for the third successive year. W. Brooks Evert was named vice president.

Prior to the election, J. W. Van Horn served as temporary chairman and Mrs. Ezra M. Carhart, Jr., was temporary secretary.

William H. Bottger was named district clerk for the year beginning July 1, 1944 and C. Kenneth Davis was appointed custodian for the same period.

President Taylor announced that he would name the committees in the near future.

The meeting was the first for two new members, Dewees Showell and Eric Bindervald.

FOURTH WAR

LOAN EXTENDED

Burlington County is failing to meet its quota: Why?

To date subscriptions by individuals are far short of the mark. Ask yourself this question: How much of this failure to back up the men on the fighting front is my fault? The answer is the difference between what I have bought and what I can buy.

Idle money is lazy money, if any of yours is idle put it to work.

Savings deposits in many banks are higher today than they were when the drive opened January 18. That is an indication of indifference and cannot be blamed on income taxes or pay roll deductions.

In time of peace saving for a rainy day is commendable; in time of war when your country needs your support an idle dollar is a shirker and should be put to work if only until such time as you need it.

Let's get this job finished and carry on our County's reputation for doing its part. The time for subscriptions by individuals is extended until the end of the month. Don't wait for some patriotic man or woman who is probably overworked to come to you for your subscription, go to your bank or post office and buy all you can now.

OBITUARIES

WILLIAM D. LIPPINCOTT
Former Judge William D. Lippincott, 72, of Moorestown, widely-known lawyer and secretary and general counsel of the Campbell Soup Company, died Sunday in the Pennsylvania Hospital, Philadelphia, where he had been a patient since January 1.

A practicing lawyer since 1894, Judge Lippincott from 1914 to 1919 was judge of the Burlington County Common Pleas Court and was president of the bar association in that county in 1940.

Handling of the Dorrance estate as proctor required most of Judge Lippincott's time during the last five years.

He was born in Cinnaminson on Jan. 5, 1871. In 1899 he married Anna W. Heulings, member of an old Colonial family in Moorestown. In addition to his widow he is survived by a daughter, Helen, and a brother, Howard, of Florida.

Judge Lippincott was a past master of the Moorestown Masonic Lodge. He was a thirty-second de-

gree Mason, a member of the Excelsior Consistory, Scottist Rite, and of Crescent Temple Shriners, at Trenton.

He also was a member of the Camden County Bar Association, the American Bar Association and the American Law Institute. Services were held Wednesday at Trinity Episcopal Church. Burial was in the Trinity Church Grounds.

MRS. ISABEL P. ZEMAN
Mrs. Isabel P. Zeman, formerly of 107 Station avenue, Haddon Heights, N. J., died on Monday, February 14, at the home of her sister, Mrs. E. S. Faunce, 411 Seventh street, Riverton. Services will be held on Thursday morning, February 17th, at 9 o'clock from her home and at ten o'clock with High Mass at the Sacred Heart Church of Riverton.

Interment will be in Mt. Carmel cemetery, Moorestown, under the direction of the Snover Funeral Home. The deceased is survived by her husband, Lt. Walter Zeman, of the U. S. Navy, and three children, Patricia, Anne and Barbara J. Zeman. She is also survived by four sisters, Mrs. E. S. Faunce of Riverton, Mrs. Francis Cain of England, Mrs. Hugh O'Donnell of Philadelphia and Mrs.

Peter Bybee of Greenville, South Carolina.

ARTICLES NEEDED FOR SERVICE MEN
The Camp and Hospital Council of the American Red Cross in Philadelphia has sent out a call for various articles to be used as comfort necessities by the service men when leaving on ships from Philadelphia.

These items consist of: tablets of paper, envelopes, cross word puzzles, (late series), calendars, harmonicas, English and foreign dictionaries, new atlases or maps, new black shoe laces, metal mirrors, paper bound books, games of any kind, cards, etc.

Mrs. Charlotte Unland, 416 Lippincott avenue, as chairman of the Riverton branch of the Council, will be glad to forward any article of this nature. Phone Riverton 1498.

SEEMULLER-MCKEOWN
A very pretty wedding took place Saturday afternoon, at four o'clock in Central Baptist Church when Miss Clara Elizabeth McKee, daughter of Mr. and Mrs. Alexander McKee, of 1721 47th street, McKeeville, N. J., became the bride of Lt. John G. Seemuller of 1 Fourth street, Riverton.

Miss Carlette Seemuller, sister of the groom was maid of honor, and Mrs. Helen Green and Mrs. Marion Lovelace of North Merchantville, were bridesmaids.

Mr. Charles C. Seemuller acted as best man for his son, and the ushers were Roger Lovelace and Dan Morgan, Jr.

The Rev. S. Dan Morgan, pastor of the church, performed the ceremony. After the wedding, the couple had an open reception in the social hall of the church, followed by a wedding supper for the immediate families at the home of the bride.

Lt. Seemuller and his bride are spending a short honeymoon in New York and will leave shortly for Florida where Lt. Seemuller is stationed.

BIRTH
Mr. and Mrs. Robert L. Lippincott, of 303 Main street, Riverton, are receiving congratulations on the birth of a son, Richard Washington Lippincott, born on Friday, February 11, at the Lying-In Hospital, in Philadelphia.

ABOUT TOWN

Due to the fact that the dining room at the Riverton Golf and Country Club is undergoing alterations the local Business and Professional Men's Club met this week at The Kitchen. The speaker was Edwin Perry of the International Printing Ink Co., whose topic dealt with the various types of ink used in the printing industry.

DISORDERLY CONDUCT
An alert citizen of Riverton who noticed a colored man peering into unlighted stores and acting suspiciously Tuesday evening notified the Riverton police. Officer John Robinson, who arrested the suspect near the bank building, found that he had an open knife concealed up his sleeve.

The man, one George W. Harris, 49, formerly of Felton, Del., but with no permanent address at present, was given a hearing Wednesday evening before Recorder William H. Botger on the charge of disorderly conduct. Harris is alleged to have a police record and he appeared to be in town for no good reason.

Experience is victor, never the vanquished; and out of defeat comes the secret of victory. That tomorrow starts from today and is one day beyond it, robs the future with hope's rainbow hues.

DEEPENING THE SPIRITUAL LIFE

One of the very greatest needs of modern Christianity is the deepening of the spiritual life of the members of the Church. This is one of the greatest needs of our Christian friends, and this includes our preachers and our church officers, as well as the rank and file of people.

Deepening the spiritual life means putting spiritual things first, rather than selfish and material things. What are spiritual things? The answer is love, unselfish good-will, devotion to God and the practice of communion with Him—prayer; beauty, truth and goodness; putting human personality and character ahead of physical and material things which have a tendency toward greed and selfishness.

Prayer is absolutely essential for the deepening of the spiritual life. Prayer is communion and fellowship with God and with our Saviour, Jesus Christ.

Practicing the presence of God will enrich and develop the spiritual life. Much needs to be said on this subject. The ideal prayer is, "Thy Kingdom come. Thy will be done on earth as it is in Heaven." Such a prayer rules out self-seeking and greed, and assures devotion to Christ and His cause—that is, if these words are used reverently and sincerely. Let each individual get closer to

God and form the daily habit of practicing the presence of God, and then in groups and churches let us pray and work. "If My people, who are called by My name, shall humble themselves, and pray, and seek My face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin and will heal their land." This text offers a sure foundation for the building of a "New World," but it must be followed in sincerity and truth—actually, and not just quoted.

The Rev. R. B. Stewart, Pastor

In times of war and of national emergency our government agencies and rationing boards decide to a large extent what we shall wear. We accept that restriction gladly, for after all clothes matter very little when compared with the cherished values that we are striving to preserve. In times of crisis the kind of clothes that cover our bodies is of very little consequence, but it is tremendously important then that we should be clothed in the proper and fitting "garments of the soul." For these are the times when we need warmth and comfort and assurance, and all these other qualities that the "garments of the soul" alone can provide. What are these "garments of the soul?" How are they described in the Word of God, and how can we obtain them in these times of spiritual stress? We shall think of these things when we meet for worship next Sunday morning, as we permit the light of God's revelation to shine upon our hearts. Our sermon topic will be, "Garments of the Soul." The morning service of worship commences at eleven o'clock.

As part of this service of Divine worship the choir will render two anthems, "The Silent Sea" by Meidlinger, and "How Long With Thou Forget Me," by Plueger. Children will be cared for in the Church Nursery during the hour of worship. Mrs. Melvin Kreps and Miss Ethel Cummings will be in charge.

The Church School assembly will convene at 9:55 a.m., with Bible study classes following for children and adults. Mr. A. D. McFall will teach the Men's Bible Class which meets at the same hour in the gymnasium. Make the Church School one of your Christian imperatives!

For young people the Christian Endeavor meeting at 7:15 each Sunday evening, offers an excellent opportunity for fellowship and growth in Christian leadership. Devotional exercises next Sunday evening will be in charge of the Junior C. E., while Miss Ann Magowan will be in charge of the Senior C. E. discussion program.

The Good Fellowship Club meets Friday evening (February 18) in the Women's Club on Broad street, Palmyra. A "White Elephant Party and Games Night" will constitute the program. Refreshments will be served.

Please remember the Pre-Lenten Union Service to be held on Sunday evening at 7:45 in the Lutheran Church in Palmyra. The Rev. Frank

WET DRIVING

Drunken driving convictions in New Jersey dropped from 1,208 in 1942 to 633 last year, a decrease of 48 percent. Motor Vehicle Commissioner Arthur W. Magee reported today.

While curtailment in motor vehicle travel and less alcoholic consumption were undoubtedly elements contributing to the reduction in convictions, Commissioner Magee believes that safety education and police enforcement figure most prominently in the picture.

"The prospect of a \$200 fine and loss of the driving privilege for two years has been, unquestionably, a sobering influence upon drivers," said the Commissioner. "Today, when motor vehicles play such an important part in the national economy, it is a serious matter for a worker to be deprived of his driver's license and I am inclined to believe that operators are thinking twice before hazarding the risk of losing this privilege. Tighter police enforcement is also helping to bring this problem under better control."

The absence of 400,000 New Jersey men and women in the armed forces has been but a minor factor in the drunken driving reduction, Commissioner Magee pointed out that the record of previous years reveals over three-fourths of the offenders to be over 30 years old or, generally speaking, above military age.

Driver license revocations for all causes during the year totaled 10,954 as against 15,591 in the previous year, a decrease of 30 per cent. Conflicts with the Financial Responsibility Law resulted in 6,192 revocations, 844 habitual violators lost out and there were 762 drivers on the list twice convicted of speeding. A total of 210 drivers found to be "physically or mentally unfit" were also deprived of their licenses.

Four of last year's council were re-elected: Joe Lane, Jim McNulty, Elsie Weber and Norma Stechley. Kirk, Herb Lefferts, Patricia Hall, Jean Smith, Elaine Cole, Janet Smalley and Doris Massey.

Plans are already underway for a series of entertainments including a talent show and an adult dance at which each young couple must be accompanied by an adult couple. More information will be released after the next meeting of the council. Regular meetings are held at 7:00 p.m. the first Saturday of each month.

STATE GAME COMMISSION PICTURES

Palmyra-Riverton Rotary saw pictures in technicolor last Thursday at their weekly dinner meeting. Edward Fry and Charles Stickney had charge of the very unusual presentation and exhibited three reels of telescopic pictures of wild life photographed for the Pennsylvania Game Commission. Of great interest were the pictures of starving deer in the snowbound areas where all vegetation was matted in snow and ice. Other photographs gave vivid and true to life record of the efforts of sportsmen to rid the farmers of the pest of black crows. The hunters dressed in solid white

for disguise in the snowy hills, gave the decoy call in imitation of the crow, then waited for them to come, which they did.

Plans for the annual Ladies' Night to be held February 24th were announced. The Ladies' Night speaker, Rev. Robert M. McElroy of Collingswood, was a guest of last week's meeting.

Guest visitors were, Lieutenant Lester L. Phelps, U. S. Marine Corps, and Thomas Shorten, introduced as guests of Willy Vetterman.

POLICE REPORT

During the year, the State Police made 27,731 arrests, spent 440,101 hours on traffic patrol and 7,256 hours investigating 2,483 accidents, in which 151 persons were killed and 1,720 injured. Fines resulting from

Traditions in wartime

as seen by an Oldtimer

IT'S BEEN a telephone man for nearly thirty years. Time and again he's been called out to rebuild lines wrecked by wind storms, blizzards and floods—tackling the job with one thought uppermost: "Get those lines back—fast!"

* * *

Today his part in the effort to meet the wartime needs for telephone service is the testing of telephone cables, to keep them free from trouble. The men at his test bureau are responsible for over 40,000 lines which carry many thousands of calls every day.

"All through our business—and it must be the same in others"—he says, "the tra-

ditions of the job and the organization are laid right on the line when the going is tough. At such times something makes you say to yourself, 'Bill, you've got to come through!'—and somehow you do.

"It's the same with the girls at the switchboards when more calls pour in than they can handle with the equipment they've got. The old tradition, 'Get the Message Through!', helps them keep trying their hardest.

"Yes, sir!—traditions are solid rocks of support when the chips are down. That's one big reason why I know this country of ours will keep its sleeves rolled up doing the job that must be done—at home—to win this war."

WOMEN WARNED ABOUT HIRING STRANGE SERVANTS

The following article was sent to a local man this week in the hope that The New Era would give publicity to it and in this way warn local residents, particularly housewives, to thoroughly investigate all persons who come to them asking for day's work:

Housewives... Beware!

A New-Old-Racket

Friday—Housecleaning day—No help—Sickness in the house—Company coming—what housewife would not welcome an offer to do "a few hours work"?

Careful now, before you accept that "offer." It cost a Frankford housewife exactly \$5 a minute, for 9 minutes! I listen to her story as to how the racket works:

"Friday about 11:30, I was right in the midst of housecleaning, sick husband, company for weekend, etc., when the door bell rang. A most attractive girl asked could I use her for a few hours. I was ready to say 'No' when she added: 'I worked for Mrs. B around the corner this morning, but she could not use me the whole day, so she sent me to your neighbor Mrs. A, who has just been sick. Mrs. A's work was finished, so she suggested I ring your bell.' I called Mrs. A who said 'Yes, she knew Mrs. B around the corner. O.K., I let the girl in, put her to work, and... went upstairs to give the sick man a glass of milk. I was down in 3 minutes. The girl then asked: 'Mrs. X, would you put a chicken in your ice box?' I stared... 'A what?' 'Mrs. B for whom I worked is getting me a chicken for

my mother, from her father. She said to call for it at 11:30. I will get it if you will put it in your refrigerator.' I agreed, and she went.

I waited a half hour, no girl; getting impatient, I called Mrs. B to find out what the girl was doing there. After being silent for a minute, Mrs. B said: 'What are you talking about? What girl?'... etc. I explained, and OF COURSE, found out that she did not know her, except that she was using other neighbors' names.

I immediately realized I had been "the goat" and suspected theft. My pocketbook had been put safely away, and I found nothing missing. That evening, upon being told the story, the sick husband said: 'Keep looking, you'll find the missing link!'

At 9 the next morning, hubby put on his coat, and opened his wallet... to find it EMPTY! He had planned to buy a war bond that day, but the girl got the chicken, and what a whoopee!

She was here less than 10 minutes and alone about nine minutes at \$5 equals...?

Moral—Next time, call Mrs. B before letting the girl in; in other words lock the stable before the horse is gone!

Local police are anxious to have housewives in this section cooperate with them by reporting any and all suspicious characters as soon as they make their appearance in the town. The girl applying for day's work in the preceding story answered to the following description: light colored, well spoken in a soft voice, about twenty-five years old, five feet tall, weighed about 110 pounds. She wore no hat, nor did she carry a hand bag.

RED CROSS NEWS

Rescued Seamen Get Red Cross Clothing

Oil-soaked, tattered seamen rescued by American ships in Atlantic and Pacific waters after hours or even weeks of exhausting exposure, receive their first supply of warm, clean clothing in Red Cross emergency survivors' kits.

The kits, supplied by the Disaster Relief Service of the American Red Cross to American patrol, escort, and convoy vessels, contain underwear, slacks, sandals, sweaters, and toilet articles. Available also to Allied ships whose stocks have been depleted before arrival in American ports, they provide necessities which have helped materially to relieve the sufferings of victims of enemy action and harrowing experiences in life rafts and atop floating debris.

Since inauguration of the service—a wartime imprint on the pattern of disaster relief work—more than 60,000 kits have been distributed to naval stations in this country and at outlying defense posts.

Sen. Lodge Praises ARC

Women Abroad

Senator Henry Cabot Lodge of Massachusetts, member of a Senate Military Affairs sub-committee which visited the war theatres, termed the work which American women have done abroad as "priceless."

"The Red Cross workers have done more for the happiness and good spirits of our soldiers than I can describe," he said. "They endure the heat and dust of Africa and the cold of Iceland. They work long hours and are always cheerful. The accomplishment of our Army and Navy nurses, too, should always be remembered. They have saved many lives and unselfishly and tirelessly perform their errands of mercy."

WASTE!

HOT WATER, automatically heated by gas, is a great convenience in housekeeping, but don't keep it running all the time you're washing dishes. That's a waste of fuel...

In order to manufacture and distribute gas, there must be manpower and critical materials, fuel and transportation. Won't you help to conserve them by using only the gas you need?

WESLEYAN MEN'S BIBLE CLASS

Jeanette Darby Stokes
Soprano Soloist

February 27, being the first Sunday in the Lenten season, this organization will have a most appropriate service beginning at 9:50. The speaker will be Charles S. Drain, Jr., a prominent Philadelphia layman and business man, teacher of two large Bible Classes in Philadelphia, also an officer of the State Christian Endeavor Union which absorbs a great amount of his time.

Mr. Drain made his first acquaintance with our Class November 28 and a unanimous invitation was extended him to return on his next open date.

Those attending will be pleased with his manner and benefitted by his sincere message.

In addition to Mr. Drain, the guest soloist is Mrs. Jeanette Darby Stokes of Ocean City. Those who have visited Ocean City during the summer season and attended the Music Pier will feel acquainted with Mrs. Stokes. She is also soloist in the Presbyterian and Lutheran Churches of Ocean City and called upon for many other engagements. Members of the Artisans Order of Mutual Protection are planning to attend the service.

"We have still a big job to do." "The most crucial test of our combined strength is before us." "The toughest job is still ahead." "They must be ready." "Carelessness on the part of the worker may cause the death of many." These slogans are true when applied to the efforts of the United Nations in this world war. They are also true in any line of endeavor we may undertake and especially applicable to the life and work of Christians and their churches. Every moment, every small task, every prayer can be a stepping stone up to the Kingdom of God. The victory may depend on you!

Morning Worship, 11:15 p.m. Everyone is welcome to attend these services. Think with Pastor Morgan as he speaks on, "The Last Promise." The choir will sing, "Thine Is The Kingdom," by Gaul. Mrs. Elva Dunlap will sing, "How Beautiful Upon The Mountains," by Harker.

Senior B.Y.P.U., 6:45 p.m.—Attendance is on the up-grade. Bring in more friends. They will enjoy the hymn-sing and group discussions. Junior B.Y.P.U.—This group will resume its meetings on the first Sunday evening in March.

Evening Worship, 7:45 p.m.—It is good to come to a quiet place, to collect one's thoughts and to listen to good music and enjoy an hour of worship. "Radicals" will be the sermon by Mr. Morgan. "I Will Give You Rest," by West, will be sung by the choir.

THIS FIGHTER WEIGHS IN AT

8 TONS
ON OUR SCALES

AS YOU would see him on a scale, he would weigh 180 pounds of bone, muscle and fighting energy—a fine specimen of American manhood. But on the scales of the Army—and the Railroads—his "fighting weight" is...8 tons.

This is why: the equipment, supplies, ammunition, food and other items required for every man going overseas average close to 8 tons. What is more, he needs a ton a month of all these things as long as he is over there. Or, just twice as much a day as the soldier in World War I.

So, you see, the railroad's job isn't only moving troops—but all they require, too. Therefore, if you should find travel not all that it used to be, the Pennsylvania Railroad asks you kindly to remember the above facts. We are doing our best to serve you. But military needs must come first, as all Americans would have it.

LENTEN OPPORTUNITIES

What will we do with Lent? Here is the season in the year that affords us the opportunity for spiritual enrichment. Consider the possibilities it offers. Lent can be a time of self examination. Even as our Lord spent 40 days in the wilderness to look within himself, so may we. What are the temptations which are seeking to make us victims? Ever so subtly they are attempting to do their work. No man ever falls into evil before he is led down a long path that terminates in the pitfall. "Sin is a creature of so foul a mien to be hated is but to be seen. Seen too oft familiar with her face, we first endure—then pity—then embrace."

And Lent affords us the opportunity for greater fellowship with God. Here is the answer to the overcoming of our temptations even as

Joe E. Yearly, Mgr.

Christ found strength in God to withstand the power of evil. We then shall be able to say "Get thee hence Satan: for it is written, Thou shalt worship the Lord thy God and Him only shalt thou serve." We too shall know the joy of conquering temptation and behold angels will come and minister unto us.

Lent also offers us the opportunity of closer companionship with Christ, our Saviour. With him we can never be alone; with Him our despair becomes hope; our doubt, faith; our hatred, compassion; and our lives are lost in him for eternity. Greet him each morning as an objective reality; a friend in your home; a commuter by you on your way to work; a business associate; your Lord and Master and your God. Phillips Brooks was once asked, "Is conscious personal fellowship with Christ a part of Christianity?" Quick was the reply, "Conscious personal fellowship with Christ is Christianity."

Let us not miss these opportunities which this holy season affords.

The Porch Club

On March 7th, the Coca Cola Company will present an interesting color movie entitled, "Tulip Time in Holland—Michigan," and "Flower Arrangements" which have been such an attractive part of Coca Cola advertisements.

The Porch Club is very fortunate to be able to present these movies to the members so remember the date and be there.

The annual election of officers will take place at the business meeting, preceding the lecture. The polls will remain open one hour for voting.

WORLD DAY OF PRAYER

Representatives from the churches of the two communities will share parts in the service. There will be special music under the direction of Mrs. Rachel Lord.

This service by its very nature and

A heap of ill-chosen erudition is

but the luggage of antiquity.—Balzac.

To know the laws of God in nature and revelation, and then to fashion the affections and will into harmony with those laws—this is education.—S. F. Scovel.
