TRI-BOROUGH YOUTH CAMPAIGN

Launching a cooperative movement which has the active sponsorship of a committee of 100 persons in Riverton, Palmyra and Cinnaminson, the Boy Scouts, the YMCA and the Community Center for the first time will combine in a single fund raising campaign this month under the leadership of Paul R. Jones, Supervising Principal of Schools in Palmyra. The "Tri-Borough Youth Fund" campaign will be launched April 20 and until May 4 will occupy the interest of one hundred and sixty solicitors who have been enlisted in the project.

For some years past the activities of the three organizations have been increasingly cooperative. Each served a Youth need which supplemented the work of the others. Closer contacts between those sponsoring the local organizations logically resulted in this forward step which will have wide public acceptance. The announcement of one financial approach instead of three has met with general approval.

Mr. Jones has not only created an organization of working committees recruited from men and women most active in their civic interests, but has coordinated the enterprise with unusual skill. The activities of the three Youth organizations will be presented to residents of the three communities by men well acquainted with the scope of the work and fully convinced of the special importance it has at this critical period in the lives of our young people.

All three organizations are dedicated to character building. Each one reaches that objective, however, from a somewhat different approach. In general the Boy Scouts reach it through outdoor activities. In general the YMCA reaches it through indoor activities. By the very nature of the volunteer leadership in these two organizations, their activities are periodic. To bridge the intervals and to provide also for healthy recreational facilities for girls, the Community Center came into being.

Thus we have serving in our three communities, three distinct types of Youth work, all performing excellently in their special fields—all co-operating completely to realize for our young people healthy, normal opportunities for physical and spiritual growth under character building guidance—and realizing it without overlapping or duplication of effort.

Newspaper readers, no less than social workers and teachers, are conscious of the adverse psychological impact of war conditions upon our young people—the laxity of standards which are apparent. Fortunate is the community which can provide three such institutions, active within its borders, to offset these influences. Far-sighted citizens will unite in their moral and financial support.

BLOOD DONOR BULLETIN

There were twenty men in Joe's gun crew when the Jap bomber dived. Seventeen never knew what hit them. Only Joe and two other shattered men showed a faint, brief breath of life.

In any other war, Joe would have been the eighteenth telegram to next-of-kin. But there's a new medical miracle fighting death today! A miracle called "blood plasma."

Quick, skillful Navy doctors pumped liquid plasma into Joe's limp veins—and pulled him back from the shadows. Forty-two more infusions carried him through the long days of patching that followed.

Joe's nearly as good as new now—and deeply grateful to the forty-three unknown people whose blood saved his life. He's paying his debt the practical way—by giving blood back, to be dried and stored for the future needs of other fighting men.

THE AMERICAN RED CROSS ASKS you to give a LITTLE of yourself to help to save ALL of a boy like Joe. Not just once, but again and again—remembering how many pints of plasma he had to have!

Healthy people can safely and comfortably donate blood every two months. The process is painless and takes only about an hour, including rest and refreshment. ISN'T THAT A SMALL PRICE TO PAY FOR A MIRACLE?

Call Riverton 0398.

OPEN LETTER TO TEEN AGE BOYS

This is an open letter to the teen age boys of Riverton and Cinnaminson. That means we want every boy in these two communities from 12 to 17 to read this as if it were addressed to him personally. It comes from the members of the Riverton Memorial Post—men who were in either the last World War or the present war. We men are residents of Riverton and Cinnaminson just like you are. And it hasn't been too long since we were fellows like you for us to forget how we thought and what we wanted. Now, because we didn't get what we wanted, we hope to be able to get some of those things for you fellows.

It may be that here in Riverton you want a place where you can meet and have something like a clubhouse for yourselves. It may be that you want some other kind of a club—a junior baseball team, or a baseball league—a basketball league, or something else. Maybe you want Sea Scouts with plenty of activity on the river. We don't exactly know what you do want.

But we do know that you want something to keep you busy and occupied. You don't want to hang around a corner somewhere doing nothing because there's nothing to do. You don't want to find yourself—particularly in summer time—with so little to do that you go out looking for trouble just for something to do.

Meeting Friday

Because of that, this Riverton Memorial Post of ours is calling a meeting of you fellows for Friday evening, April 14, at eight o'clock in the firehouse. There are some other important things for us coming up that night, but we've decided there's nothing quite so important as you. That's why we're going to drop everything else to invite every last one of you, if you live in Riverton or Cinnaminson, to come to the Riverton Fire House at 8 o'clock on Friday evening, April 14. We want you to come ready to talk—ready to tell us what you want to make life more enjoyable for you. Honestly and truly, we haven't got a thing to sell to you. We don't want to try to get you to do anything. Instead, we want to find out what you want to

WORKERS NEEDED

The War Manpower Commission's search for thousands of workers critically needed for war production in the Camden area is to be carried into numerous outlying communities next week when War Job Headquarters will be opened at Palmyra, Maple Shade, Moorestown and Collingswood. The offices will be open on a part time basis and staffed with expert interviewers from the Camden office, it was announced today by Ira C. Yeager, WMC Area Director.

The office at Palmyra, located at OPA headquarters for the convenience of feminine residents, will be open every Monday from 10:00 a.m. to 4:00 p.m.

The trained interviewers on duty at the four War Job Headquarters will have complete information concerning all kinds of employment and will issue referral cards to new workers, directing them to jobs where they are most critically needed in the war effort. Printed material, urging Maple Shade, Collingswood, Palmyra and Moorestown residents to enter essential war employment and listing types of jobs for which they are needed, will be distributed throughout the municipalities by members of the Office of Civilian Defense and other cooperating agencies.

Yeager, in his declaration that the need for workers is critical, said the citizenry against complacency and said the labor shortage in the Camden area is more critical now than at any time during the war.

POWERS FILES

Congressman D. Lane Powers has filed his petitions for renomination on the Republican Ticket as Representative of the Fourth Congressional District of New Jersey, which includes Burlington and Mercer Counties. The Congressman submitted petitions bearing several thousand signatures. They were filed with the Secretary of State yesterday.

During his years of service in Washington as Congressman from the Fourth District, Mr. Powers has won his way into the important position of ranking minority member of the War Department Appropriations Committee. He also is a member of the Deficiencies Committee of Appropriations and the Committee on Executive Expenditures.

Congressman Powers was first elected in the Democratic landslide of 1932 and has subsequently been elected, always by comfortable majorities. The New Jersey representative, who is intimately popular in his own District, is also popular with his fellow Members of the House. He is Trustee of the Military Academy at West Point and is also Trustee of Pennsylvania Military College, from which institution he holds three degrees, one of which is Master of Military Science. The Congressman is an authority on military matters and it has made him especially valuable to the people of the country in his membership on the War Department Appropriations Committee. He is a veteran of the First World War, a member of the American Legion and the Veterans of Foreign Wars and many other organizations.

Mr. and Mrs. John Holtzapfel, of Cinnaminson, had as their guest the past week the former's sister-in-law, Mrs. Cora Beck, of York, Penna.

Pvt. Harry J. Crowther has returned to his station at Fort Ord, California, after spending a brief furlough at home.

SOLDIERS TO VOTE

Governor Edge of New Jersey has directed the members of the Civilian Defense Organization to canvass all homes in their districts and to list the names of all men and women in the Armed Forces of the United States, the Red Cross and other services.

A card is to be filled out for everyone in the service regardless of age. The state offices will check the age of each one and will inform local election boards of the names of persons who are to receive ballots.

The card printed in black type is to be filled in at once, the card in red type is to be kept in the home until there has been a change of address on the part of the service man.

The canvasser will carry his identification card and will wear his armband.

All this information will be treated as confidential.

The complete cooperation of every citizen is urgently requested to help make this canvass as quick and as efficient as possible.

TO A CARDINAL

How gay you are, how brightly hued!

Your plumage red with black subdued,

And your song, still gayer, seems ended

With brightness from the sky.

On the topmost branch of a maple tree

My cardinal sings right joyously

For all the world to hear and see—

Lifts voice and heart on high.

Oh, beautiful bird, oh, thrilling song,

You cheer us as we go along

Our varied paths; to you belong

Our grateful, loving thanks.

YWCA NOTES

Summer program possibilities in Mount Holly were discussed at a meeting of the Mount Holly Youth Welfare Coordinating Committee held Friday evening in the Mount Holly Junior High School, with Ernest Saul, chairman, presiding.

Combining of Boy Scout, YMCA and YWCA plans for summer activities into an integrated whole was suggested at the meeting, so that all of the young people of the community may be offered a varied recreational program.

Mrs. Charles Wright, Jr., of Moorestown, chairman of the YWCA camp committee; Mrs. Frank Smith, of Ramcoas; Mrs. James Hitchcock, of Beverly, and Miss Martha J. Berry, county YWCA secretary, were among YWCA representatives present at the meeting.

Miss Beatrice Shadell, president of the Mount Holly YWCA board of directors, was named to serve on the future planning committee.

F. G. and tax note sales were \$819,771.

"We have reason to be well pleased with our County's accomplishment, which was made possible only by the splendid cooperation of our Committee, and I want to express to you my personal appreciation."

THE NEW ERA, THURSDAY, APRIL 6, 1944

NO CAUSE FOR

ALARM WHEN
GUN FIRED HERE

Mayor John F. Ward and Councilman T. Curtis Flynn, of Palmyra, conferred with Colonel Greenall and Major Monaghan of the Ordnance Department of the U.S.A. at the Frankford Arsenal and the following statement is the result of the conference.

"Residents living near the New Jersey end of the Palmyra Bridge have naturally noted firing of guns at that point during the past few months. This firing is being conducted by the Frankford Arsenal in connection with the improvement of weapons supplied our soldiers.

"It is very probable that some may feel alarmed at the effect of this firing, and some have already commented upon this.

"Conduct of this work at a point near the Arsenal has greatly expedited its progress. The Arsenal has been very reluctant to disturb the quiet of this vicinity, but felt compelled to do so for the above reason, and in view of the valuable results which may be attained.

"The Commanding Officer of the Frankford Arsenal, Col. John B. Rose, wishes to assure the residents of this vicinity that no alarm whatever need be felt. The firing of guns much larger than any of those here involved has been conducted for many years in the vicinity of residences on military posts without danger to persons or damage to property. The firing to be done, of course, makes some noise. It therefore need not be feared that the shock of this firing will damage windows or light construction in the vicinity.

FOX-GALA EASTER SUNDAY HIT

Scene from "The Fighting Seabees" starting John Wayne and Susan Hayward at the Fox Theatre Easter Sunday and Monday.

"It is thought that the residents of this vicinity will be willing to accept some disturbance of their quiet for the period necessary for this work, which will not be indefinite. In doing so they may feel that they have in this way made a personal contribution to our effort to win this war, which is of such serious importance to all of us."

Public Relations Officer,
Frankford Arsenal,

TRAFFIC DEATHS
 New Jersey traffic accidents were responsible for 105 deaths during the first two months of the year and 68, or two in every three were pedestrians, Motor Vehicle Commissioner Arthur W. Magee reported today. Total fatalities during the same period last year were 103, of which 71 were pedestrians.

Twenty-four pedestrians were killed while crossing unlighted intersections, two while crossing with the signal and one while walking against the red light. Eighteen violated the driver's right of way when they crossed between intersections, 10 were walking with instead of facing traffic and 8 stepped from behind parked cars. Two were walking in the roadway facing traffic, two were working in the roadway when struck and one while playing in the street.

"The record establishes," said Commissioner Magee, "the need for a change in the pattern of highway behavior on the part of pedestrians in that of the peak hours to one conforming to the age of rapid transit." Such a change in pattern would be extremely helpful in reducing pedestrian accidents.

Commissioner Magee also reported that 16 of the 105 persons killed this year were war workers.

Following is a comparative two months record of total fatalities by counties:

County	1944	1933
Atlantic	1	2
Bergen	10	10
Burlington	6	6
Camden	11	6
Cape May	0	0

You Can Serve No-Point Meals

Home-canned foods are ready for "no-point" meals.

THRIFTY homemakers who canned last summer now have "no-point" fruits and vegetables on the pantry shelf ready to be made into "no-point" meals. Others must plan meals from the "no-point" items sold in stores. These include seasonal vegetables, potatoes, cereals, eggs and many other foods.

We offer these recipes as examples of the interesting dishes that can be made by the combination of "no-point" foods. The stuffed cabbage is prepared from our present seasonal vegetable with the addition of leftover meat or vegetables.

The mustard sauce gives it a spicy tang. Try the Spinach Souffle. It is high in flavor, color and nutritive value.

ture. Pour into well-greased casserole. Place casserole in a pan containing hot water and bake in a moderate oven, 350° F. for 45-50 minutes or until firm and nicely browned. Serves 6.

Crunchy Potatoes
 Pierce six medium-sized white peeled potatoes with fork. Rub with margarine or fat, sprinkle with salt. Roll in crumbs which have been coated with melted margarine or fat. Place in greased, covered casserole. Bake at 350° F. for 1 hour. Serves 6.

Fried Oatmeal
 Put leftover cooked oatmeal in a bread pan and place in refrigerator to chill. When cold and firm, cut in slices and fry in bacon fat. Serve with honey.

Stuffed Cabbage
 1 medium head cabbage
 1 cup left-over vegetables or meat, chopped
 1/2 cup salt
 1 cup medium white sauce

Wash cabbage carefully and cook until partially tender, 15-20 minutes, in boiling salted water. Use a covered pan. Turn cooked cabbage upside-down to drain. Mix vegetables or meat, white sauce, bread crumbs and seasonings. Turn back leaves of cabbage carefully and arrange filling between leaves. Straighten leaves and tie with string or wrap in cheesecloth and cook slowly (in same saucepan) with filling side up, until tender, about 15 minutes. Serve with Mustard Sauce. Serves 6.

Mustard Sauce
 3 slices enriched white bread
 1 cup milk
 2 tsp. margarine
 1 tsp. salt
 1/2 tsp. prepared mustard

Put bread into tiny cubes and add to heated milk. Cook, stirring constantly, until smooth. Add fat, salt, cayenne pepper, and remove from heat. Stir in egg, vinegar and mustard. Reheat and serve over Stuffed Cabbage. Serves 6.

AMERICAN RED CROSS

National Headquarters
Washington, D. C.

Date: March 13, 1944
To: Production and Surgical Dressings Chairmen and to all Surgical Dressings Workers
From: Director, Volunteer Special Service.

This message is intended for ALL Surgical Dressings workers and is an attempt to clarify and explain the changes and fluctuations in the surgical dressings program.

In June, 1942, at the request of the Surgeon General's office, the Red Cross agreed to make all dressings needed by the Army over and above those made by commercial manufacturers. This constitutes a large majority of all dressings needed. Red Cross accepted this great responsibility because commercial firms were and still are unable to procure sufficient machinery and labor to fulfill the vast requirements of the Army.

The over-all quota given to Red Cross by the Army changes frequently and unexpectedly according to the progress of the war. Sometimes it is increased over the original figure, sometimes it is decreased. This is reflected in the quotas received by chapters.

Gause is supplied and the contracts for it are placed by the War Department. Shipments of gauze are slow because of LABOR SHORTAGE.

These are factors which the Red Cross CANNOT CONTROL, and which make it impossible for Surgical Dressings Chairmen and workers to count on an even and steady flow

of work.

It is a difficult situation for everyone concerned in the Surgical Dressings program but it must be understood as a war time condition for which there is no immediate remedy and accepted with patience and fortitude. Up to date it has been possible to deliver the number of dressings asked for per month. This schedule CAN and WILL be maintained PROVIDED prompt, complete shipments of gauze are maintained.

The total number of dressings shipped to the Army during the calendar year 1943 was just under ONE BILLION. The steadfastness and devotion of surgical dressings workers is beyond praise. They are fulfilling one of the greatest of all the obligations of the Red Cross to the Army.

This is written for them, not only as an explanation of certain difficulties, but as a reassurance that their work is NECESSARY and of VITAL IMPORTANCE.

Signed: MARIE T. BISSELL
Mrs. Richard M. Bissell,
Director,
Volunteer Special Services

THE CHALLENGE OF THE CRUCIFIED

"There is a green hill far away,
without a city wall,
Where the dear Lord was crucified,
who died to save us all.

We may not know, we cannot tell,
what pains he had to bear;
But we believe it was for us,
He hung and suffered there."

In the home of a friend to whom Christ means much there is displayed in a place that all may see, a cross. On the base are the words, "This have I done for thee. What hast thou done for me?" This Holy Week when the sacrifice of Calvary looms large before our eyes we do not question what God did for us. No man looking at our world of sin and strife fails to see the need for pardoning love. "We have erred and strayed from Thy ways like lost

sheep. We have followed too much the devices and desires of our own hearts. We have offended against Thy Holy laws . . . But Thou, O Lord, have mercy upon us. Spare those who confess their faults." We know it was for us, our sins, He hung and suffered there.

But true penitence is without value unless it be accompanied with a desire "to lead a new life following the commandments of God and walking henceforth in His holy ways." That Man on His cross challenges us with a new life for ourselves and for our world. He calls us to give up our selfish ambitions; our racial and religious prejudices; our false pride; our love of self; our belief in the power of force and wealth; our pagan philosophy that denies our Sonship with God; and our indifference to the Supreme Being. God, in Christ, cannot grant the grace of pardoning love for our sins until we become conscious of our need of Him and are desirous of leading a new life. Then it is that we must give answer to the challenge of the Crucified, "What hast thou done for me?"

"O dearly, dearly has He loved,
and we must love Him too,
And trust in His redeeming blood,
and try His works to do."

P.T.A. COUNTY COUNCIL MEETING

A very interesting and inspiring meeting of the Burlington County Council of Parents and Teachers was held in the Robert Stacey Junior School in Burlington on Wednesday, March 29, 1944.

Mrs. Theron Foote, Vice President of the County Council, presided in the absence of the President, Mrs. Winfield Crossley, because of the loss of her son in action over Burma. Mrs. Mary Krupnick opened the meeting with a beautiful prayer. Mrs. Foote presented the following State Officers: Mrs. L. B. Stiles, Chairman of Parent Education Mrs. Richard Burtis, Chairman of School Lunches; Mrs. Herbert Adams, Chairman of Founder's Day and Mrs. Morris Foulke, 2nd Vice Pres.

ident. The latter gave the School of Instruction to the members who gathered much material from her exact and detailed discussion. Mrs. LeRoy Van Alstyne, of Delanco, rendered the following excellent Soprano Solos: "The Star," "Because," "The Rosary," and "I Heard a Forest Praying." She was accompanied by Mrs. Edwin S. Gernant.

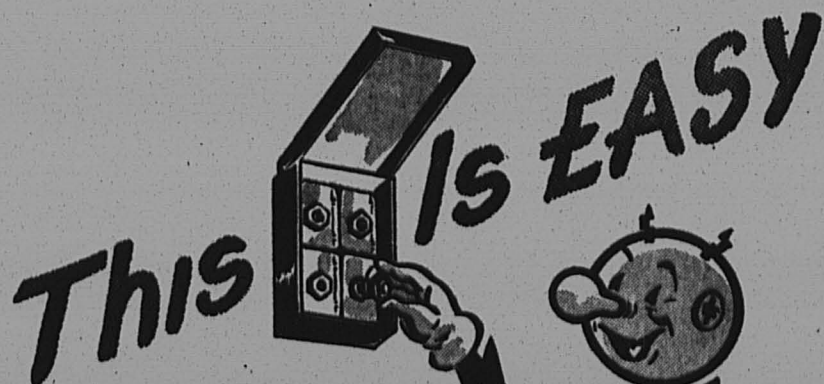

After Luncheon in the High School Cafeteria we reconvened and had Recreation led by Mrs. Samuel McGaw, Jr. Mrs. Harvey Busby, County Parent Education Chairman, presented three young mothers who put on a short skit on Parent Education Beginnings. Then Mrs. Busby introduced Mrs. L. B. Stiles, who spoke on Parent Education and answered the questions of the Day.

ONCE you've seen it done, you won't have a bit of trouble changing a fuse. We can't answer calls for help any more, because of lack of manpower and the need to conserve gasoline and rubber. You have to be your own handy-man.

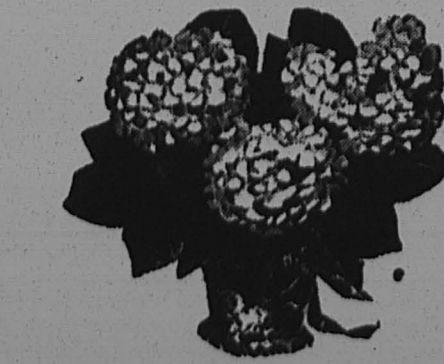

Now follow me. First of all, open the main switch to shut off electricity, then open the fuse box and replace the blown fuse. (It's usually blackened.) Next, close the fuse box and then close the main switch to restore electricity. Simple, isn't it? You can save yourself a lot of inconvenience by having extra fuses on hand.

moderate oven (350°F.) for 40 minutes. One-dish meals are a wartime favorite. They require less work and less fuel than any other type of meal. Put all ingredients in one pot and cook slowly for a long time until the flavors blend together. Cook more than you need for one meal. Left-overs make an excellent luncheon dish or may be included in the supper menu for the following day. Here are a number of recipes for good one-dish meals:

TO ASK CHARTER

This Friday, April 14th, the Riverton Memorial Post, after six months of temporary organization, will make formal application for a permanent charter through the County Headquarters of the American Legion, and in honor of a Riverton resident, Harry V. Groome, who is the Burlington County Commander of the American Legion, the Post has specified Mr. Groome as the local resident to whom its charter should be delivered.

During its six months of temporary organization, the Post has shown a remarkable record for so young a group. In its application for a charter, all the 35 spaces required for names of members have been filled—and if more spaces had been provided, the Post would have been prepared to submit more names of still other service men who have signified their intention of joining the Post when its permanent organization has been effected.

In addition to this growth in membership, the Post has established a Citizens' Committee to guide in the erection of an Honor Roll for the men and women now residing in Riverton who are at present in the service, and extremely gratifying progress has been made in this movement.

The Post has established a Life-time Membership plan which has attracted a great deal of interest in other circles and which provides the foundation for funds to relieve future distress among returning veterans and their families.

The Riverton Good Citizenship Award has been created by the Post to be given annually to that citizen of the community who has made the greatest voluntary contribution to the welfare of the neighborhood.

And even while its application for a permanent charter is being considered by the County organization this Friday evening, the membership of the Post will be engaged in an activity which promises to be of benefit to the community. On that same evening, the Post will play hosts to the boys of Riverton in an attempt to learn what these boys want in the line of healthful activities in order that they may be given the facilities for clean living which are so vital in every neighborhood.

With a record like this during its first six months, the Riverton Memorial Post indeed seems justified in making its application for a permanent charter and promises to become one of the best of Burlington County's many community-minded Posts of the Legion.

In commenting on the six month interval between its organization and application for a charter, one of the Post officers said "When we organized this Post there was some doubt in our minds as to whether or not there was a definite need in Riverton and Cinnaminson for a Veterans' Post. We were advised of what had happened to the old Bradley Post which was organized directly after the World War and which survived for only a few years. In addition we were warned that 'anything Riverton starts is never a success.' So that made us move carefully."

"However, when Colonel Franklin D'Olier indicated his desire to become a member of the Riverton Post we felt that perhaps we were on the right track. And by the way, Colonel D'Olier, you know, was one of the founders of the American Legion when it held its first meetings in Paris just twenty-five years ago. "In addition, as we went along, we attempted to profit by the errors made in the past. We decided to name the Post after the community, rather than after any one individual and therefore took the name of the Riverton Memorial Post to prevent any local jealousies or hard feelings. We also wrote into our minutes the clause that no holder of any political office could be an officer of the Post."

"We have also endeavored to stress the fact that this Post is being organized for the veterans of Riverton and Cinnaminson who are now in the service and that as soon as they return home, the entire Post organization will be turned over to them by our present members who want nothing more than to see today's veterans avoid all the heartaches and errors we went through during the early days of the Legion. In other words, we want to give them a Post which is ready to function and to help them find employment, get their various claims adjusted, and in general help them settle down into a happy civilian life."

"This was done to prevent any outside differences of opinion from reducing the effectiveness of our membership. Tri-Boro Drive Starts

"Next to active military service itself, there is no higher opportunity for serving our country than helping Youth to carry on in their efforts to make themselves physically fit, mentally awake, and morally straight and prepared to help their country to the full in time of war as well as in time of peace." So spoke the President of the United States recently.

"Physically fit, mentally awake and morally straight" are among the significant pledges in the Scout Oath of the Boy Scouts of America. The president used them in appealing to adults to support the Scout movement. Today in our home area the appeal is being used by the Tri-Borough Youth Fund on behalf of the Scouts, the Y.M.C.A. and the Community Center—three local character building organizations dealing with our Youth which have combined to further one fund-raising effort for the benefit of all three.

During the period April 20 to May 4, 160 workers, backed by a committee of one hundred persons now actively interested in one or more of the organizations, will conduct this campaign under the leadership of Paul R. Jones, Supervising Principal of Palmyra Schools. Announcement of this pooling of interest has been widely approved as relieving the public, as well as the workers, from the separate fund-raising campaigns heretofore necessary.

Of the three organizations involved, the Y.M.C.A. is the oldest in this community. Its cooperation in the current project of the Tri-Borough Youth Fund is coincident with the world wide celebration of the 100th anniversary of the founding of the movement. The Y has seven organized groups operating in the area which are in a general way comparable with the seven scout troops of that organization.

If a distinction must be made between the two movements it may probably be best defined by the fact that Scouting exerts character building influences through supervised, constructive outdoor activities, while the Y.M.C.A. exerts it through similarly organized indoor activities which is not to say that Scouts do not have many worthwhile indoor activities or that the Y does not take excellent advantage of camping and other outdoor activities.

Youngest of the three organizations is the Community Center, purely local in its field of interest but sponsored by a large group of civic minded citizens of Riverton, Cinnaminson and Palmyra who recognized that young people of both sexes need a week-long day and evening place where, under proper supervision, healthy recreation could be enjoyed.

With this as its objective, the Community Center has met a long felt need in a particularly satisfying way. Adult activities have found a place in its programs at times when curtailment of Youth service were not involved. Now in its fifth year of operation, the Center has won a place in the Community affairs of our Youth which is unique in its contributions to the good citizenship sought by its founders.

Operating on modest budgets, the Boy Scouts, the Y.M.C.A. and the Community Center merit the support of everyone in the three communities they serve.

PUBLIC SERVICE

ROTARIANS HEAR DISTRICT GOVERNOR

Last Thursday evening the program, at the meeting of the Palmyra-Riverton Rotary Club, was instructive and interesting.

The International Committee, of which Nathan Lane is Chairman, commemorated the second anniversary of the fall of Bataan by reading excerpts of the history of this battle and the heroic stand made by the American and Philippine troops against overwhelming odds. The anniversary of this capitulation was April 9th.

The main feature of the program was a talk by Marvin E. Porch, Governor of the 184 District of Rotary International, on the Rotarian Magazine.

Among other things the speaker said "that Rotary International publishes two magazines, the Rotarian and Revista Rotaria, which is the Spanish edition. The Rotarian is not a house organ, it is a magazine highly recognized and contains items telling what makes Rotary go and what is happening in the world.

The magazine gives Rotary an opportunity to express our views and is open to any Rotarian who has something of interest to say. It carries features of general interest and current events.

New Committee

This year a new committee has been added to the list of standing committees in each Rotary Club which is known as the Rotarian Committee.

There are 138 districts in Rotary International and 16 of these districts are known as 100 percent districts. This means that every member in every club in each of these 16 districts receives a copy of the Rotarian and also subscribes for one or more copies which go to libraries, institutions, schools, hospitals or service mens clubs.

Every member of Rotary International does not automatically receive the Rotarian as a part of his membership. This is only true for clubs in the United States, Canada, Newfoundland and New Brunswick.

YOUTH FUND

Committee Chairmen and key men in the organization of two hundred persons set up by Chairman Paul R. Jones to conduct the combined financial campaign of the Boy Scouts, Community Center and Y.M.C.A., met in the Palmyra Borough Hall last evening to open the Tri-Borough Youth Fund.

Included in this group, in addition to Chairman Jones were: Roy Aus- chairman of the Publicity Com- mittee; Taylor Kirby, Chairman of the Finance Committee; A. T. Hew- Chairman Literature Circulation; Robert Finney, Chairman for Organi- zation Contact; Robert Adams, Chairman Finance Committee and a number of Captains and workers of the various teams.

Among the by-products of this plan to finance all three organizations through a single appeal is the out- look for even greater coordination of the Youth activities of these foremost Youth organizations. Increased co- operation in the adult leadership has been noted for some time and the Tri-Borough Youth Fund partici- pants have been drawn closer by the common financial interest.

Folders briefly outlining the activi- ties of the three Youth organizations distributed yesterday to each member in the area. The neces- sity of these outlines will be pointed out by the solicitors in contributors wish to have more of the work of one of the or- ganizations.

One of the questions frequently raised by those not close to the needs of Youth is: "Why is it necessary to provide costly recreation for young people—we found our own amuse- ments when we were young and seemed to get along all right."

Speaking to his Tri-Borough Youth Fund organization recently Chairman Jones said: "This question presupposes our Youth projects are costly. It presupposes that amuse- ment is the purpose of the activities. It presupposes that conditions today are the same as a generation ago, and it presupposes that everything should be in the days of our era. All of these supposi- tions are in error.

Under the cost as a business could—on the basis of a unit returned or sold—and you will find the cost per young person per week is very small in these times. Then turn to the real question: Why serve recreation and amusement as such, for enter- tainment? Not rather for the charac- ter building opportunities these things afford. Youth can find its own amusements and will. We are sure they are healthy ones when they are organized and supervised by men interested in using those vehicles as opportunities for Christian character building—constructive opportunities, planned and directed.

Furthermore the tempo of life for people has tremendously in- creased—and under changed condi- tions—since father was a boy. To cup it all a long period of depression has been followed by the impact of war. Few people realize the psy- chological effects of these calamities or how widespread they are among our young people.

"Finally, while most of us seem to have 'gotten along all right' with- out benefit of organized and super- vised Youth activities—and in fact did—what social toll was paid in lives of the many who did not 'get all right' and who have died from our sight and memory? By Scouts, the Y.M.C.A. and community Center will reduce it in our home area, I am sure—and it's worth all it costs."

There is much satisfaction in work done; praise is sweet; but there can be no happiness equal to the joy of finding a heart that understands. —Victor Robinson.

NURSE'S AIDES GRADUATE

As the shortage of graduate nurses increases, the work of the Nurse's Aide becomes more and more necessary and important.

Capping exercises for the recent- ly graduated class will be held at the Moorestown Community House on Friday, April 21st at 8:30 p.m.

The class of 19 is the largest one graduated in Burlington County so far. A new class, numbering 15, will begin its training at the Mount Hol- ly Hospital on Monday evening, April 24th.

HARMONY TICKET

A slate of candidates for the Re- publican primary election May 16, was selected by the GOP Harmony Group at a meeting held last week at the Moorestown Field Club. A full ticket, including candidates for U. S. Senate, Congress, the General Assembly, county clerk, sheriff and freeholder, was selected.

Republican leaders and workers from all parts of the county attended the meeting, called to hear H. Alex- ander Smith, Republican candidate for the U. S. Senate, speak. Smith was endorsed by the group, follow- ing his remarks.

Following selection of the slate, State Sen. Howard Eastwood, of Burlington, and Dr. S. Enlen Stokes, of Moorestown, leaders of the group, gave full endorsement of the candi- dates.

"The Harmony Group ticket con- tains a list of outstanding men," Sen- Eastwood said. "The voters of Bur- lington county have the opportunity to select men successful in public af- fairs and in private business, and I am sure that the candidates will re- ceive support in the primary elec- tion."

Dr. Stokes, commenting on the ticket, added "The Republican party is fortunate to be able to select good business men and successful public administrators to fill the responsible positions this year."

Congressman D. Lane Powers, of Trenton, was selected for re-nom- ination. The Harmony Group's county ticket was slated with Assemblyman Arthur W. Lewis, of Riverton, for re-nomination; Sheriff Raymond Johnson, of Riverside, for county clerk; Royce D. Engle, of Willing- boro township, for sheriff; and Eugene E. Beyer, of Mt. Holly, for Freeholder. All had previously an- nounced their candidacy.

CAPTAIN HEMPHILL REPORTED KILLED

According to word received last week by his wife, Floraine Peter- son Hemphill, Captain James Allen Hemphill, 32, of 209 Lippincott ave- nue, Riverton, died in Greenland, April 10, as a result of a fractured skull. No further details have been released by Army officials.

Captain Hemphill was a son of Mr. and Mrs. Fred F. Hemphill, of 405 Lippincott avenue. His father is a former mayor of Riverton and mem- ber of the board of education and for 37 years has been chief clerk of the Department of State, Trenton.

The telegram gave no details of the manner in which Captain Hemphill was killed. His wife received a letter from him, dated April 3, in which he said he was well.

A graduate of Palmyra High school in 1929, he also was graduated from Haverford College in 1933 and the Medical College of the University of Pennsylvania in 1937. He served his internship at the Jersey City Medical Center and was resident sur- geon at the Burlington county hospi- tal from 1940 to 1942, when he en- listed. He served at the Aberdeen Proving Grounds hospital before leaving for Greenland. He had been there since October, 1943.

His widow and 15-month-old son, James A., Jr., are living with her parents, Mr. and Mrs. C. Lawrence Peterson, 209 Lippincott ave- nue. He also is survived by a brother, Wesley L. Hemphill.

The Burlington County League will open this season about May 21, with 6 teams, namely, Beverly, Med- ford, Mt. Holly, Palmyra, Riverton, and Roebeling.

Roebeling has re-entered after 9 years absence and takes the place of Riverside Metal.

The Riverton team will be man- aged by George (Jake) Gotta, who has piloted the outfit so successfully the last 2 seasons.

All ballplayers, young or old, are invited to first practice this Saturday, April 22, at 2 p.m.

MEMORIAL TO ROBERT W. KNIGHT

The local Red Cross Branch, through the Camp and Hospital Council of which Mrs. H. L. Unland is chairman, has completely furnish- ed a lounge at Fort Dix together with the Bordentown Branch. Riv- erton's share will be designated by a plaque and is given in memory of Pfc. Robert W. Knight, of Riverton, a member of the United States Army, who died in a Japanese prison camp in 1943 and who was Riverton's first loss of the present war.

Good Government

The Good Government Republican Group, which is leading the fight against the 30-cent increase in the county tax rate, announced its ticket of candidates at a meeting held in Riverside Monday evening.

Heading the Good Government ticket of candidates for county office and also first on the ballot in a field of seven is Irvin R. Worthington, of Riverside, for Sheriff.

Mr. Worthington has been town- ship Recorder for Riverside a num- ber of years. He also served several years on the Riverside board of education and was formerly supervisor of the county bridge department.

For County Clerk the Good Gov- ernment group has endorsed Palmer L. Adams, of Cinnaminson, to suc- ceed himself. Mr. Adams has been a leader of the Good Government group since its organization and has been an outstanding champion of honest and economical county gov- ernment.

For the Republican Freeholder nomination the group endorsed Free- holder Clarence G. Price, of Beverly. Mr. Price is now finishing his second term as freeholder, and previously served several years as clerk of the board of freeholders.

Until the first of this year, when his political enemies on the board took away all his important duties, Freeholder Price was head of the finance department of the board, a position for which he was well fitted by education and ability.

Up to that time Price had been the only freeholder in recent years to devote all his time to the work of his political office.

The whole Good Government ticket is pledged to carry on the taxpay- ers' fight for economical administra- tion and to promote honesty and ef- ficiency in all political matters.

FIRE DAMAGES DIVINE PROPERTY

A stubborn fire caused damage amounting to several hundred dol- lars Sunday evening in the home re- cently purchased in Cinnaminson by the followers of Rev. M. J. Divine (better known as Father Divine).

The blaze was discovered by care- takers who were at dinner. Smell- ing smoke, they made an investiga- tion and found that the fire was lo- cated in partitions near a chimney that ran up the wall near the south- east corner of the structure. While they fought the fire with a garden hose a call was sent in for assistance. Apparatus from Riverton, Palmyra and Parry responded and the firemen remained at the scene until nearly midnight.

The fire was confined entirely to partitions on the first, second and third floors in the vicinity of the chimney, a defect in which is be- lieved to have been responsible for the damage.

At no time were flames visible, but dense clouds of smoke coming through the walls and the heat of the walls themselves indicated that considerable fire was contained with- in.

Several booster lines were used with good effect and damage was confined to a limited area of the large building. From the appear- ance of charred beams near the chimney it was evident that the blaze had been going for some time before smoke seeped through the solidly constructed walls.

A tremendous crowd gathered at the scene and fire police had a diffi- cult job in keeping traffic moving on Riverton road.

The Porch Club

A contemporary sale will be held at the Porch Club on Wednesday and Thursday, May 4 and 5, from 9:30 a.m. to 2:30 p.m.

Save all the outgrown children's clothing, toys, etc., that are in good condition and saleable, and bring them to the Porch Club on Tuesday, May 2, the day of the annual meet- ing. Mr. and Mrs. Coe will be before accept them or if unable to bring them to the Porch Club that day, call Mrs. Gilbert Coe, 0523 and she will make arrangements for them to be called for.

The recital will begin at 8 o'clock and the public is invited to attend.

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist

"Probation After Death" is the Lesson-Sermon subject for Sunday, April 23.

Golden Text: "The last enemy that shall be destroyed is death." (I. Cor. 15:26)

Sermon. Passages from the King James version of the Bible include:

"If in this life only we have hope in Christ we are of all men most miserable. But now is Christ risen from the dead, and become the first-fruits of them that sleep. (I. Cor. 15:20) Correlative passages from 'Science and Health with Key to the Scriptures' by Mary Baker Eddy include:

"If man is never to overcome death, why do the Scriptures say, 'The last enemy that shall be destroyed is death'? The tenor of the Word shows that we shall obtain the victory over death in proportion as we overcome sin. The great difficulty lies in ignorance of what God is, God, Life, Truth, and Love make man undying." (p. 427)

CENTRAL BAPTIST CHURCH

Fifth Street and Maple Avenue
Palmyra

Rev. S. Dan Morgan, Pastor

Christian influence and direction of the Chaplains of our Army and Navy were again brought to the fore at "Central Baptist" last Sunday morning, when Charles Taylor, of the U. S. Navy, presented a written statement of public confession and acknowledgment and a Certificate of Baptism by immersion, issued by a Navy Chaplain of the Methodist denomination, in New York. In a short, but most impressive ceremony, Charles Taylor was received into full membership of the church and was extended the right hand of fellowship by the Pastor.

We at the home front should take an example from our young men and women of our armed forces, for it seems that they are experiencing the true value of spiritual guidance as they realize that this war has been the result of indifference on the part of the world to the Christian way of life.

There should be no absenteeism in the Christian churches today, for only through the desire to rectify our past errors, can there be any warranty for a successful conclusion

to the present conflict. The doors of "Central Baptist" are open from 10 a.m. until 9 p.m. every Sunday where you are always welcomed.

Services, Sunday, April 23
Bible School, 10:00 a.m.
Morning worship, 11:15 a.m.—Dr. R. B. Deer, the newly elected Executive Secretary of the New Jersey Baptist Convention will make his first official visit to the church and will occupy the pulpit. The choir's anthem will be "Rejoice, The Lord Is King" by W. R. Spence. Miss Anne McConnell, soprano, will be the soloist of the morning and will sing "O Divine Redeemer."

Jr. and Sr. B.Y.P.U., 6:45 p.m.—In case you do not know, the Senior group, under the councilorship of Mrs. James M. Weart, meet in the Sunday School auditorium. The Junior group meet in the Jr. Department room under the direction of the Pastor.

Evening Worship, 7:45 p.m.—While "Central Baptist" enjoys fair attendances at the evening service, the feeling by those who attend is that there are a lot who are missing the fine sermons presented by the Pastor, so invite your friends to come with you next Sunday. Pastor Morgan's subject for the evening sermon will be "We See Jesus." The usual selection by the choir and the organist.

A number of the young people from the church will attend the Executive Committee meeting of the Youth Federation of Burlington County to be held this Thursday evening in the First Baptist Church of Mt. Holly.

The Liaison Committee will meet this Monday evening at the home of Mr. Harry Hough of Henry street. If there are any changes in addresses to our boys and girls in the service, you are asked to see that the committee receive them on or before this meeting.

The Board of Trustees will meet on Tuesday evening at 8 o'clock in the church. Members will kindly take note.

Wednesday evening at eight o'clock. Mid-week Prayer and Praise Service to which a cordial invitation is extended to all to attend.

MANY BOYS ATTEND
MEMORIAL POST AFFAIR

With all the famous 57 varieties represented, last week's meeting of the boys of Riverton and Cinnaminson proved to be a far greater success than the members of The Riverton Memorial Post ever dared hope for. By actual count, exactly 57 boys were present—little boys and big boys, fat boys and skinny boys—and they all came ready to talk, ready to express their opinions as to the help they needed from adults in order that the younger generation could get more out of life. Many of their suggestions have been passed on to the proper authorities for action and others are being held pending the next meeting of the Riverton Memorial Post to be held in the Riverton Fire House next Friday night.

After the boys had gotten their various opinions of their minds, C. Kenneth Davis operated a projector and movies furnished by Arthur W. Lewis were shown. The evening wound up with plenty of soft drinks and eats. More than one boy in Riverton and Cinnaminson is now of the opinion that The Riverton Memorial Post is a pretty swell organization, while the Post members are unanimous in their opinion that the two communities have a mighty grand bunch of kids within their borders.

The Post's application for a permanent charter was submitted last Friday evening at a meeting of the Burlington County Committee of the American Legion, but so far no acknowledgment has been received by the local organization.

All unaffiliated veterans living in Riverton and Cinnaminson and who are interested in joining an organization dedicated to true Americanism both nationally and locally, are cordially invited to attend the next meeting of the Riverton Post on Friday evening of this week at the Riverton Fire House.

COMMUNITY CENTER

Increased interest in ping-pong and billiards at the Community Center largely accounts for the influx of young people that has occurred lately. The talent show which will be presented on April 26 at 8:00 p.m. promises to be a drawing card.

The ping-pong tournament is expected to be completed during the week. At present Charles Haynes

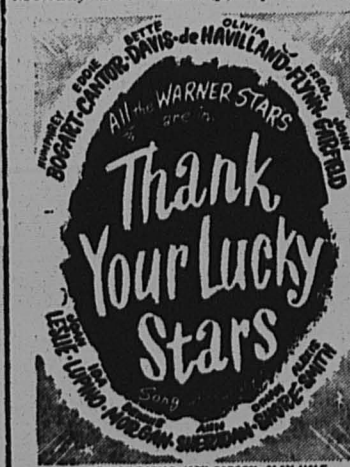

and Dick Edwards are in the lead. The talent show is one of a series of three entertainments to be presented at the Center. The young people themselves will present an evening of acrobatics, singing, comedy stunts, monologues, tap dancing, etc. Taking part are such popular entertainers as Belle Taylor, Doris Hopkins, Doris Jones, James Seither, Gloria Bohner, Jack Lavery, Shirley Stoops, Joseph Jackson, James Marshall, Doris Massey, Herbert Lefferts, Jane Leroux, Pat Hall, Marty Williams, Viola Nociti and Louis Wence. Admission of 35 cents will be charged to help defray expenses of three entertainments including the fees paid for two programs to be presented on May 24 and June 21 respectively. NEW BOND BREAD

The new soft Bond Bread is ready for the breakfast table and for every other meal. Bond Bakers announced today. The new loaf has an even more appetizing flavor and is baked to stay fresh and soft longer than ever.

The reasons back of the added qualities of new soft Bond is a superior blending of the finest flours plus improved processes in baking to retain softness for many hours after the wrapper first is removed. Months of experimental research preceded introduction of the new product. Hundreds of tests among housewives and others confirmed Bond Bakers' judgement of the final result.

While soft, the new Bond Bread has just the right firmness for butter or other spreads now being widely used. Used for sandwiches the bread remains soft and appetizing even after being packed in a lunchbox. It's easy to toast. On each wrapper marked "New Soft Bond Bread," is the usual Bond guarantee of top-quality ingredients and extra nourishment.

CANNING PROJECT

The Palmyra Board of Education at their regular meeting Tuesday evening, April 11, elected Miss Mary Helen Beck and Mrs. Roy S. Austin as instructors in a summer Food Conservation Program to be held in the local high school. Miss Beck will supervise the Canning Center from June 19 to August 11; and Mrs. Austin from August 14 to September 1. Mr. John F. Perry, instructor of the Agricultural Department, will supervise the project. This canning project is made possible by a special grant from the Department of Agriculture to the Palmyra Board of Education.

The Canning Center is a new development in this community and will have the following advantages for all people interested:

- (1) The facilities of the school may be used for summertime canning.
- (2) Instruction and supervision will be provided.
- (3) Pressure cookers and other necessary equipment will be made available.
- (4) The women of the community can process their foods at the school

and thus save themselves considerable inconveniences at home.

Each person will provide her jars and food to be canned. There is no expense attached to using the Center. Anyone in the community may register.

Any person interested in the Canning Center should send her name and address on a penny post card to Mr. John F. Perry, Palmyra High School. This will be one of the few canning centers in the state of New Jersey. It will offer a real opportunity to the women of this community.

SALVAGE COLLECTED

John Reinhardt, in charge of the Riverton Salvage Depot, has received the following letter from the Salvation Army:

Dear Mr. Reinhardt:
Recent collections from your Bin were as follows:
Books and Magazines—445 lb.
Newspapers—2105 lb.
Tin Cans—2670 lb.

This Bin seems to be quite popular with your townsfolk; whoever selected the location for this Bin had an

eye to a good spot for results. We thank you ever so much Mr. Reinhardt for your good work in collecting these vital war salvages; to encourage you please know that all our material is shipped direct to the mills 24 to 48 hours after receipt. We are equipped to handle much more paper from your city and your fellow townsmen can be assured that they are performing their full patriotic duty when they select the Salvation Army as the channel of delivery for their salvage. For over fifty years we have been collecting waste papers, etc., and this is our only means of support at all times, war and peace.

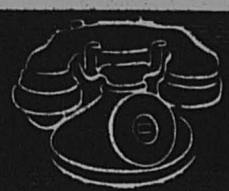

With thanks and best personal wishes.
Cordially yours,
Paul Vaughn

GIRLS DRUM & BUGLE CORPS PRESENTED FLAG BY AMERICAN LEGION

In continuance of its manifold patriotic services to the communities of Palmyra, Cinnaminson and Riverton, the Girls Drum and Bugle Corps of the American Legion presented the flag to the students of the Palmyra High School at the assembly of the students on Wednesday, April 19th.

Acting on behalf of the Post, the chairman of the Americanization Committee, Mr. R. Musser, offered the Stars and Stripes to the Corps in memory of the students who have made the supreme sacrifice for our country and in honor of those who are still serving. Acceptance of the flag was made by Miss Norma Schwick, Drum Major of the Corps.

The Corps is fully established as an indispensable unit in our patriotic life and the organizers, Miss Fern Cable and Miss Dorothy Hutchinson, are to be complimented for the improvement of the girls' natural instincts and development of a fine understanding of the meaning of martial duty.

The Corps is proud of the patriotic zeal of the school as exemplified by this group of girls and the Corps is justly deserving of praise and co-operation, due to their self-sacrificial devotion to the tasks assigned them, to enter and brighten communal celebrations.

LEGION MEETING

The regular monthly meeting of the Frederick M. Rodgers Post will be held in the Legion Home on Tuesday, May 2, at 8 p.m.

Among other subjects to be discussed will be the application of a group of veterans in Riverton for a charter from the American Legion, enabling them to become a duly recognized post. Due to the fact that the charter of the Frederick M. Rodgers Post includes Riverton in its membership and consequently has jurisdiction for this locality, the Burlington County Internal Affairs Committee has submitted the application to the members of the Post for an expression of thoughts and sentiments in regard to Riverton having a legal separate post. Some

other important matters will be on the roster of business for the evening and the officers urge that all members attend.

OKULICZ-SIM

Mr. and Mrs. Harry C. Sim, 401 Thomas avenue, Riverton, announce the marriage of their daughter, Miss Elizabeth R. Sim, and Lieut. Stanley P. Okulicz, U.S.N., son of Mr. and Mrs. John P. Okulicz, Camden, N. J., on Thursday, April 20th, at Sacred Heart Church, Riverton, the Rev. William F. Quinn, pastor of the church officiating.

The bride is a graduate of Mt. St. Joseph's Academy and the College of Chestnut Hill. Lieut. Okulicz is a graduate of the University of Pennsylvania and Hahnemann Medical College. He has but recently returned after eight months service in the South Pacific with the Marine Corps, and has been assigned as flight surgeon at the Pensacola, Florida, Naval Air Base.

Following a reception at the Walt Whitman Hotel, Camden, N. J., Lt. Okulicz and his bride left for a brief honeymoon, after which they will return to Pensacola, Florida, where they will reside.

POWERS ENDORSED

Congressman D. Lane Powers has been endorsed for re-election by the Brotherhood of Railway and Steamship Clerks, according to advice the Congressman received from George M. Harrison, Grand President of the Brotherhood.

The Congressman, who represents Burlington and Mercer Counties, has been endorsed by the Brotherhood each time he has been a candidate for re-election. The endorsement from President Harrison was contained in a copy of letter written to the recording secretaries of all Lodges or Brotherhoods in New Jersey. In advising the Secretaries, the support that is to be recorded Congressman Powers, Mr. Harrison says, "Careful consideration has been given to the political situation in the State of New Jersey and I am writing to advise you of the attitude being assumed by our Brotherhood with respect to the Senatorial and Congressional candidates to be voted for in the Primary Election to be held May

16, 1944. We respectfully submit your name and I earnestly urge that each and every member of our Brotherhood take an active part and personal interest in the present political campaign to the end that all members, their families and friends will go to the polls on May 16th and vote for the Congressman, whom our Brotherhood has endorsed."

SUMMER CANNING COURSE

Applications are now being received for the summer Canning Course. A class of 10 people have already signed up with Mr. John F. Perry, Supervisor of the course. Any other people interested should send their name and address on a penny post card to Mr. Perry, in care of the High School.

Applicants will be notified when the first meeting will be held. The meeting will be arranged to make plans for the summer program. All people interested in the course should attend this meeting. Due to limited facilities we urge people to sign up as early as possible because each class will have to be scheduled for a definite time.

The course will run from June 19 to September. Miss Mary Helen Beck will conduct the course from June 19 to August 11; Mrs. Roy S. Austin from August 14 to September 1.

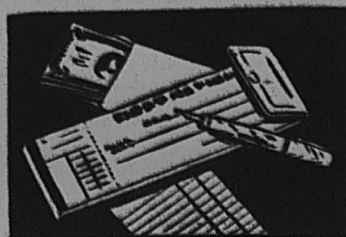

God often comforts us. Not by changing the circumstances of our lives, but by changing our attitude toward them.—S. H. B. Masterman.

MAIN STREET, NEW JERSEY

It doesn't matter—Main Street, New Jersey, or Main Street, in any other State. The boys who after work or school bought sodas or went to the movies are all of the same make-up. Americans. And where are they now? Africa, Solomons, Iceland, Italy, England or India.

They have gone forth to protect the way they want to live—the way YOU want to

live. Life without regimentation; freedom to come and go as you please; freedom to speak your mind; freedom to worship as you desire.

Don't let these boys down! When they come home let them find that the thing they fight for is still an American ideal—Freedom.

MARGARET O'BRIEN

FIRST CHILD STAR

SINCE TEMPLE DAYS
Of all jobs she has performed in her six years, Margaret O'Brien is up against her toughest one now as a child prodigy.

She can't tell you what a paradox is, but knows that a prodigy is something she doesn't want to be.

At six Margaret is starring in M-G-M's "Lost Angel" at the Fox-Riverside this Friday and Saturday. James Craig and Marsha Hunt play the romantic leads.

A year ago Margaret was an unknown among Hollywood's legion of juveniles. The title role in W. L. White's "Journey for Margaret" carried her to heights reached by Shirley Temple ten years ago in "Little Miss Marker."

In her new role, Margaret portrays a founding reared by a group of scientists according to their joint theories. She lives by formula, speaks several languages, reads philosophy, discusses the fourth dimension and delves into the nebular hypothesis. Her food is practically predigested. She paints, sculpts, plays the harp and eats, if she chooses, with chopsticks.

In real life Margaret is certainly not a prodigy. She can't even read. Her mother, Mrs. Maxine O'Brien, a widow, has decided to keep her out of regular school classrooms until she is older.

So Margaret commits her scripts to memory. Adult stars may read the lines just before they go on—sometimes they get them from a blackboard conveniently placed off the set—but Margaret does it the way Sarah Bernhardt did.

This life is a life of ideas. The
war has greatly emphasized this fact.
One is either on the side of the Al-

position today. To be indifferent in
these times means helping the en-
emy. That is being told to us every
day. And it is a recognized truth.
The Church is endeavoring to fight
the evil forces today as always.

AGRICULTURE FARM SHOP
The Palmyra Board of Education
has rented the former Liberty Palmyra
Ornamental Iron Works, to be
used for an Agriculture Farm Shop.
Mr. Perry, Instructor in Agriculture,
for the repair of farm machinery and
equipment, Auto-Mechanics, etc. The
boys in the high school classes, as a
part of their project work, are mak-
ing certain alterations and repairs in
the shop.

It is expected that a very complete
Agriculture Shop will be developed
within a few months. There has
long been a need for this type of in-
struction in the Agriculture Depart-

ment. This is especially true now in
time of war, when it is difficult for
farmers to buy new equipment or
keep their old equipment in repair.

AEROPLANE ENGINE TO BE FURNISHED BY GOVERNMENT
A large aeroplane engine will be
furnished to the Palmyra High
School by the United States Govern-
ment. This engine will be used for
instructional purposes in the Aero-
nautics and Mechanics Courses.

The engine, although complete, is
an obsolete type which will be loaned
to the Palmyra Board of Education
for training purposes. The engine it-
self weighs 3,500 pounds.
It is expected that this addition
to the Aeronautics Course will prove
to be a very practical piece of equip-
ment to be used to supplement the
present course since it will give the
students an opportunity to work on
a real aeroplane engine.

Public Notice is hereby given
that the foregoing Ordinance was finally
passed and adopted by the Township Com-
mittee of the Township of Cinnamon-
son in the County of Burlington, State of New
Jersey, at a meeting thereof held on the
twenty-fifth day of April, 1944.

HOUSEWIVES URGED TO USE MORE EGGS
Housewives of this area can make
an important contribution to the war
effort and save ration points by using
more fresh eggs in daily meals, an
official of the nation's largest food
distributor said today.
"Our company is glad to cooperate
with other retailers and governmen-
tal agencies in the nation-wide cam-
paign to move surplus eggs into
consumers' hands to avoid waste of
this essential food," said V. G. Per-
rin, A & P Food Stores' sales man-
ager for this area. "Housewives can
help conserve less plentiful foods by
using more of the nutritious, non-ra-
tioned fresh eggs at this time."

The company official reported a
seasonal surplus had resulted from
the patriotic response of poultrymen,
who despite manpower and feed
shortages stepped up egg production
to all-time records. "The company is
aiding the egg merchandising drive
through newspaper advertising and
store posters which call attention to
the fact that eggs are abundant in
supply, of fine quality and an eco-
nomical food."

COOPERATION NEEDED IN PAPER SALVAGE
Merchants, leaders in women's or-
ganizations, school officials and lead-
ers of service clubs and civic and frat-
ernal organizations were urged to-
day to stress the need for salvaging
waste paper.

State Defense Director William A.
Wachenfeld said waste paper collec-
tions in New Jersey are showing an
increase but the total tonnage col-
lected during the past month was far
from the mark that can be attained
if "every citizen, children and adults,
will cooperate in the scrap paper
campaign."

"Too many people fail to realize
the seriousness of the paper short-
age," he added. "Too many continue
to burn paper. Every pound of it is
lost—Gold breast pin. Return
to 408 Howard street, Riverton or
call Riverton 0084.

needed to produce the containers in
which vital war supplies are pack-
aged and shipped to all the fighting
fronts and to the thousands of men
awaiting invasion hour. Waste paper
is the No. 1 priority on the salvage
list."

Wachenfeld asked officials of
clubs and all organizations to remind
their members of the necessity for
salvaging paper and urge them to
bundle it for regular salvage collec-
tion or take to a waste paper dealer
themselves. He urged merchants to
post notices throughout their stores
asking patrons to save paper and to
stress it in their regular advertising.
At the same time he reiterated his
appeal to Defense Council and Sa-
vage Chairmen to make regular and
frequent collections so that a steady
flow of waste paper will reach the
mills manufacturing containers for
the Armed Services.

"The salvage program is not just
a one-day affair," he said. "It must
be a continuing program as long as
the war lasts."

It is wonderful what strength and
boldness of purpose and energy can
come from the feeling that we are
in the way of duty.—John Foster.

"Everlasting Punishment" is the
Lesson-Sermon subject for Sunday,

Golden Text: "Cast away from
you all transgressions, whereby ye
have transgressed; and make you a
new heart and a new spirit: for why
will ye die, O house of Israel?"
(Ezekiel 18:31)
Sermon. Passages from the King
James version of the Bible include:
"Let us search and try our ways,
and turn again to the Lord." (Lam.
3:40)
Correlative passages from "Science
and Health with Key to the Scrip-
tures" by Mary Baker Eddy include:
"It were better to be exposed to
every plague on earth than to endure
the cumulative effects of a guilty
conscience. The abiding conscious-
ness of wrongdoing tends to destroy
the ability to do right. . . . You are
conquered by the moral penalties you
incur and the ill they bring." (p.

Rev. S. Dan Morgan, Pastor
This life is a life of sides. The
war has greatly emphasized this fact.
One is either on the side of the Al-
lies or on the side of the Axis Pow-
ers. There seems to be no middle
position today. To be indifferent in
these times means helping the en-
emy. That is being told to us every
day. And it is a recognized truth.
The Church is endeavoring to fight
the evil forces today as always.

Golden Text: "Cast away from
you all transgressions, whereby ye
have transgressed; and make you a
new heart and a new spirit: for why
will ye die, O house of Israel?"

AGRICULTURE FARM SHOP

The Palmyra Board of Education
has rented the former Liberi Palmyra
Ornamental Iron Works, to be
used for an Agriculture Farm Shop.
Mr. Perry, Instructor in Agriculture,
is now making plans to use the shop
for the repair of farm machinery and
equipment, Auto-Mechanics, etc. The
boys in the high school classes, as a
part of their project work, are mak-
ing certain alterations and repairs in
the shop.

It is expected that a very complete
Agriculture Shop will be developed
within a few months. There has
long been a need for this type of in-
struction in the Agriculture Depart-

ment. This is especially true now in
time of war, when it is difficult for
farmers to buy new equipment or
keep their old equipment in repair.

AEROPLANE ENGINE TO BE FURNISHED BY GOVERNMENT

A large aeroplane engine will be
furnished to the Palmyra High
School by the United States Govern-
ment. This engine will be used for
instructional purposes in the Aero-
nautics and Mechanics Courses.

The engine, although complete, is
an obsolete type which will be loaned
to the Palmyra Board of Education
for training purposes. The engine it-
self weighs 3,500 pounds.

It is expected that this addition
to the Aeronautics Course will prove
to be a very practical piece of equip-
ment to be used to supplement the
present course since it will give the
students an opportunity to work on
a real aeroplane engine.

subjects the owner and driver to
prosecution.

HOUSEWIVES URGED TO USE MORE EGGS

Housewives of this area can make
an important contribution to the war
effort and save ration points by using
more fresh eggs in daily meals, an
official of the nation's largest food
distributor said today.

"Our company is glad to cooperate
with other retailers and governmen-
tal agencies in the nation-wide cam-
paign to move surplus eggs into con-
sumers' hands to avoid waste of this
essential food," said V. G. Per-
rin, A & P Food Stores' sales man-
ager for this area. "Housewives can
help conserve less plentiful foods by
using more of the nutritious, non-ra-
tioned fresh eggs at this time."

The company official reported a
seasonal surplus had resulted from
the patriotic response of poultrymen,
who despite manpower and feed
shortages stepped up egg production
to all-time records. The company is
aiding the egg merchandising drive
through newspaper advertising and
store posters which call attention to
the fact that eggs are abundant in
supply, of fine quality and an eco-
nomical food.

COOPERATION NEEDED IN PAPER SALVAGE

Merchants, leaders in women's or-
ganizations, school officials and lead-
ers of service clubs and civic and frat-
ernal organizations were urged to-
day to stress the need for salvaging
waste paper.

State Defense Director William A.
Wachenfeld said waste paper collec-
tions in New Jersey are showing an
increase but the total tonnage col-
lected during the past month was far
from the mark that can be attained
if "every citizen, children and adults,
will cooperate in the scrap paper
campaign."

"Too many people fail to realize
the seriousness of the paper short-
age," he added, "Too many continue
to burn paper. Every pound of it is

needed to produce the containers in
which vital war supplies are pack-
aged and shipped to all the fighting
fronts and to the thousands of men
awaiting "invasion" hour. Waste paper
is the No. 1 priority on the salvage
list."

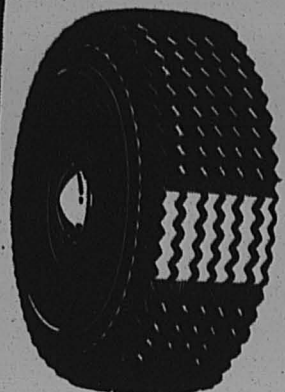

Wachenfeld asked officials of
clubs and all organizations to remind
their members of the necessity for
salvaging paper and urge them to
donate or take to a waste paper dealer

BEGLEY DEBATES BUDGET WITH PALMER ADAMS

Members of the Board of Freeholders when they drew up the county's 1944 budget, "had the courage to do the right thing, if not the popular and political action," County Solicitor Thomas D. Begley told over 200 municipal officials representing 24 municipalities at a meeting held Friday night at Pemberton Grange Hall.

Challenged because of a 30-cent rise in the county tax rate, Solicitor Begley explained the budget in a debate with County Clerk Palmer L. Adams, candidate for re-nomination, and critic of the 1944 budget.

"Members of the Burlington county Board of Freeholders are high-type, honest citizens," Begley told the municipal officers. "They had the courage to do what should be done, in the face of criticism. They could strip the county expenditures to the bone, and return to the days of 1936, when Adams was director of the board, and when roads and bridges went to pieces for lack of attention."

Begley pointed out that Adams, in contending that highway appropria-

tions could be reduced, would cut them below the 1936 appropriation, when "roads were not properly maintained." The county solicitor showed photographs depicting the poor condition of many county roads and shoulders under Adams' directorship of the board.

Adams, who preceded Begley in the debate, had charged that the county's proposed \$1.45 tax rate "can be kept as low or lower than last year." He claimed that the budget was improperly prepared and that the budget statement "falsified the records." He added that the statement says that surplus revenues have not been touched, but Adams claimed that in three instances they have been.

"I cannot tolerate a rise in county taxes when it is less needed than in any year since I have been in Mt. Holly," the county clerk said.

The candidate added that he could reduce the budget by eliminating \$191,548, including approximately \$129,000 in money appropriated for roads and bridges.

Begley, answering this statement, pointed out that materials for coun-

ty roads can be obtained, despite war-time restrictions. He cited three letters from suppliers of asphalt, stone and tar, saying that the county's needs can be supplied this year.

"This is a poor time to let the roads and bridges go to ruin," Begley asserted. "Motor vehicle funds received from the state are \$19,000 less this year than they were in 1938. We cannot allow the roads and bridges to return to the condition they were back in 1936."

Begley, displaying charts to show the varying trends in the tax rate, appropriations, surpluses and other budgetary items during the past few years, compared the record when Adams was in control of the Board of Freeholders, to previous and past boards. He pointed out that while in one year the rate was low, appropriations for that year were higher than in others.

"The reason that the tax rate dropped was because of the rise in miscellaneous revenues, over which the Board of Freeholders had no control," Begley forcefully asserted. "In these revenues was the \$600,000 Dorrance estate tax. The county was just coming out of a period in which

municipalities had gone behind on their tax payments to the county. Large payments, some with considerable interest, were paid into the miscellaneous revenues account. In some cases, the county received as high as 150 percent of the levy in one year."

"The money that the municipal officers sent over to Mt. Holly helped to pay the county tax revenue and anticipation notes—and keep the rate down."

Begley pointed out that wages and the cost of materials are higher than in previous years, but that despite this fact both county wages and material costs are less than the national level.

"Any housewife or business man knows that you can't operate anything in 1944 at the price it cost in 1936," Begley added.
