## LETTERS WANTED

The importance of keeping in touch with our men in uniform was emphasized in a rather unique way at the weekly meeting of the local Rotary Club held last Thursday evening. Corporal Harry J. Crowther, home on leave, was asked to say a few words, and in the course of his remarks he emphasized in no uncertain way how much he counted on letters from his fellow-Rotarians. A few minutes later a letter was read from Rotarian Dr. LeFavor, at present somewhere in Africa, and the popular doctor also majored on the same theme, indicating how much it meant to all men in uniform to be remembered consistently and regularly by those who have remained at home. It was rather interesting to note that all three members of the local Rotary Club at present in uniform were represented at the meeting, two of them, Captain Ryan and Corporal Crowther, in person, and Captain LeFavor by letter.

In a few carefully and well-chosen words, Past-District Governor Paul Engel inducted the fiftieth active member into the Palmyra-Riverton Rotary Club. The new Rotarian is Mr. Paul Schneider, who was later welcomed individually by each member. Mr. Engel, in the course of his induction address, emphasized the Rotary motto, "He profits most who serves best," and described the four lanes of service through which this motto can be actualized in practice by each member of the worldwide Rotary movement.

### Pastor Speaks

An exceptionally fine and memorable address was presented by the speaker of the evening, the Reverend Elwood Harrar, pastor of the First Baptist Church of Camden, and member of the Camden Rotary Club. In a searching analysis of Rotary motives, ideals, practices and potentialities, Mr. Harrar pointed by a few illustrations to the importance of good beginnings and the impossibility of ever finishing completely the work that must be done. "No one can say anything better than this, I have finished the work that God gave me to do. Only One, on a cross, was ever able to say, 'It is finished'."

The speaker placed special emphasis upon the desirability of unity as a prerequisite for the accomplishment of any worthy goal, and suggested that unity was one constructive value that we all expected to obtain from the present military conflict. To achieve that end, either in international relations or in lesser fields of service, "we must be equipped with tools for the job, and we must be of one heart, and one mind."

### Two Prerequisites

Two prerequisites of unity are friendship and service. "Friendship," said Mr. Harrar, "is putting the other fellow in the place where you have the right to be, if it is for his best good." "Service," he suggested, "is doing something worth while for which you expect no monetary return."

Concluding, the speaker declared, "This world was planned to be run on love and brotherhood. If it is not run on these principles then it is hell, and we are living in the deadly fumes of that condition now." Of course there is no justification for hopelessness. "Rotary professes to have the machinery for tearing down social, economic, craft, religious, national and international barriers. Have we the courage to get the machinery going, and to keep it working?"

Next Thursday evening Rotarian John M. Wright will present a vocational address, his subject being, "Telephonic Communication."

### GAME SUNDAY

Mt. Holly will meet Riverton A. A. at Memorial Park this Sunday. The game will get under way at the usual hour.

## CONTRACT AWARDED

At a special meeting of the Cinnaminson Township Committee held on Tuesday night of this week, Gerald A. Barrett, of Trenton was awarded the contract for improvement of various roads in the township, his bid being the lowest of three in the amount of \$3,801.03. Other bidders were South Jersey Construction Co., of Riverside and the Tar Asphalt Service, Inc., of New Brunswick.

The variation in the various items was considerable, particularly so in the matter of removing dirt from the shoulders of certain streets and filling with gravel. One bid was 90c per foot for this while the low one was only 10 cents.

## K. OF C. OFFICERS

At a regular meeting of St. Joseph's Council Knights of Columbus held on August 1st, the following officers were elected for the ensuing year: Grand Knight, Christopher J. Davis; Dep. Grand Knight, Joseph Higgins; Chaplain, Father William J. Quinn; Chancellor, Joseph V. Landers; Warden, William J. Scully; Recorder, W. Otis Myers; Treasurer, Andrew J. Pfaff; Advocate, John J. Hallinan; Inside Guard, Anthony Prisco; Outside Guard, Augustus E. Conlow; Trustee, John J. Strohlein. The newly elected Grand Knight appointed Gerald T. Smythe as Lecturer, Robert J. Woods as Chairman of Ways and Means Committee, and Joseph V. Landers as Chairman of House committee.

The next meeting of the council will be held on September 8th.

## YMCA DAY CAMP

The YMCA Day Camp began on July 31 with headquarters at the Community Center.

After the boys had registered, they played games until lunch time. After lunch they went to Shibe Park where they saw the Phillies play the Chicago Cubs. The boys enjoyed this outing very much.

Wednesday they went swimming at Olympia Lakes and will go again on Friday.

Plans have been made to make this summer's Day Camp one that will be remembered by the boys.

Boys may still register at the Community Center any morning at 9:30 a.m. Each week the cost is reduced according to the program completed.

Those who have registered are: Ronald Farrell, James Adair, Arthur Hamelman, Rodger Wagner, Donald Miller, Harold Walter, Richard Little, Frederick Meeks, William Hiltner, Jimmy Hughes, Charles Carite, Murray Bruff, Bernard Bruff, Charles Bruff, Rodney Coolbaugh, Kevin O'Keefe, Robert Hamlin, George Rotenbury, Jimmy Westworth, and Kenneth Koelle.

## BERNARD A. MARTIN

Bernard A. Martin, a former resident of Palmyra, died in Philadelphia General Hospital, Wednesday, July 26, after a short illness.

A High Requiem Mass was said in the Church of the Holy Name, Philadelphia, on Saturday, July 29. Interment was in Morgan Cemetery, Palmyra.

The deceased is survived by his widow, Mrs. Lillian R. Martin, of Riverton and a son, Pvt. Bernard C. Martin, who is with the U. S. Army in France.

## JOSEPHINE SCHNEIDER

Mrs. Josephine Schneider, wife of Robert Schneider, 43 Henry street, Palmyra, died last week.

Funeral services were held in the Snover Funeral home on Tuesday of this week at 2 o'clock, the Rev. W. Neal Raver, pastor of Epworth Methodist Church, officiating.

Interment was in Northwood Cemetery, Philadelphia.

In addition to her husband the deceased is survived by a son, Fred, of Palmyra.

## Honor Roll Progresses

Clearing away of the various problems concerning the purchase of the site for the Riverton Honor Roll has resulted in quick action in starting the construction of the Honor Roll and laying out the park adjacent to the project. All concrete work will be completed before the end of the week and the masonry work should be under way in a short time.

In addition to the donations, acknowledged previously the joint committee of citizens and members of the Riverton Memorial Post wish to thank the following citizens for their gifts: P. E. Good, H. McIlvaine Biddle, P. A. Ransome, Gorham P. Sargent, Mr. and Mrs. John W. Carhart, Sr., Mr. and Mrs. A. J. Reeves, V. T. Weller, Mrs. Helen C. C. Biddle, Jesse M. Coddington, and R. G. Andrews.

To date a total of 142 contributions totalling \$536.50 have been received by the treasurer, Herbert Evans, of 619 Elm terrace. Many other citizens have promised donations, but so far they have not been received due to vacations and other causes. However, in order that there may be no delay in the progress of the work, every citizen of Riverton who has not, as yet, made a contribution is requested to help honor their sons and neighbors' sons by sending in their check at the earliest possible date.

## WILLIAM M. FREED

William M. Freed, 73, a former resident of Palmyra for many years, died July 27, in Chester, Pa.

Funeral services were held on Monday of this week at 2 p.m. in the Snover Funeral Home, Palmyra, the Rev. Robert B. Stewart, pastor of Calvary Presbyterian Church, Riverton, officiating.

Interment was in Morgan Cemetery.

The deceased, who was a member of Covenant Lodge F. and A. M. of Palmyra, is survived by his wife, Clara A. Freed; a daughter, Mrs. Beatrice Natch, of Chester and a son, James, of Palmyra.

## WAC DRIVE

The opportunity to serve in the Army "at a post near your home" is among the advantages of being a WAC stationed at Camp Kilmer, N. J., which will be stressed by a WAC recruiting team from Camp Kilmer that will conduct a six-day drive in Burlington County next week (August 7-12).

The Camp Kilmer recruiting team will have its headquarters, Monday through Saturday, in Mount Holly at Washington House.

During their stay in Burlington County, the Camp Kilmer WACs will endeavor to enlist a large number of women from this area for duty at that installation of the New York Port of Embarkation to replace male soldiers who are being transferred to units destined for overseas assignment.

There are several hundred WACs now stationed at Camp Kilmer, and many more are urgently needed to take the place of men in operational and administrative positions.

"Many women feel that they want to become members of the Army, but they are reluctant about leaving their homes," Lieutenant Katherine Wagner of Absecon, director of WAC recruiting at Camp Kilmer, said today. "Perhaps their husbands or loved ones are in military service, and there is a possibility that they will be coming home on leave and they want to be there to greet them. Or perhaps a woman's husband is still home engaged in some vital war work and she wants to be close to him."

"These and a dozen other personal reasons have kept many women from wearing the Army uniform."

"But now women may enlist in the Women's Army Corps and be sent, upon their request, to nearby Camp

## CASE OF INFANTILE PARALYSIS HERE

The many friends of Edward Hoyt, son of Mr. and Mrs. Arthur Hoyt, Second street, Riverton, will be glad to learn that his condition is improving after being stricken with infantile paralysis last week.

He was taken to West Jersey Hospital late Thursday and later removed to Camden Municipal Hospital.

According to reports the attack was a mild one and physicians expect there will be no permanent ill effects.

## KNIGHT HOME

John D. Knight, WT 1-c, of the U. S. Navy, is spending a furlough at the home of his father, Councilman Robert W. Knight, of Riverton.

Knight, who has been in the Service since 1940, has seen much action in the Pacific theatre of operations and this is his first visit home in more than a year.

## MARY WEST MILLER

Miss Mary West Miller, a resident of Riverton for the past 22 years, died on Friday of last week. She had celebrated her 86th birthday one week previously.

Funeral services were held Tuesday at 10 a.m. in Christ Church, Riverton, the Rector, The Rev. John Crockett officiating.

Interment was in Woodland Cemetery, Philadelphia.

The deceased is survived by a brother, Charles C. Miller, of Riverton.

Kilmer, and they may also select the job they wish to perform."

Camp Kilmer WACs have been doing more than 65 different types of work, earnestly and efficiently. Many are holding down positions of great responsibility.

Among the positions for which WACs are urgently needed at Camp Kilmer are motion picture projectionists, stenographers, light truck drivers and chauffeurs, dispatchers, ambulance drivers, clerk typists, statistical clerks, stock record clerks, photographers, hospital orderlies, tailors, auto service mechanics, financial clerks and supply clerks.

Women 20 to 49 years old, except those with dependents under the age of 14, may join the WAC. Since the WACs are now part of the Army they are given the same benefits as service men as far as dependency allotments and insurance are concerned.

## CAR POOLS URGED

A rigid program to require all home-to-work automobile drivers to carry "full car clubs" was announced today by T. Curtis Flynn, chairman of the Palmyra War Price and Rationing Board.

The plan is effective August 1 and is part of a nation-wide program to save gasoline and tires by stepping up the efficiency of car pooling, the Palmyra Board was advised by the national OPA Office.

With inauguration of the new plan Local War Price and Rationing Boards will be expected to refuse full supplemental gasoline rations to home-to-work drivers who have not yet completed full car clubs.

Under the mileage Rationing Regulations, Mr. Flynn pointed out, home-to-work drivers are required to carry three riders in addition to the driver, in order to qualify for supplemental mileage.

### To Full Strength

With inauguration of the new program, local boards will issue only enough gasoline for 30 days to those who do not have full ride-sharing arrangements. During the 30-day period, the board chairman said, all applicants who lack sufficient drivers will be expected to recruit their car clubs to full strength, then they may return their applications to the board showing signatures of three or more riders, and the board will issue supplemental rations for the normal three-month period.

If alternative means of transportation exist, local boards, under the new program, "Will be expected to refuse supplemental rations to drivers who do not meet the car-sharing requirements," said Mr. Flynn.

"A more efficient car-sharing program is necessary to conserve vital gasoline and tires," the Board Chairman continued. "The local board is anxious to cooperate in every way to insure every driver his fair share. But we must recognize that OPA is requiring full car-sharing, is acting only to protect every driver's share."

OPA is seeking to encourage the rotation of cars by members of car clubs, Mr. Flynn continued.

By riding together, members of such car pool can use each car only one day out of four or five. Thus each driver can help reduce their total gasoline consumption by as much as 80 percent, increase the operating life of each car five-fold, and materially prolong the life of his tires, he said.

### Form Club

Drivers can also satisfy the ride-sharing requirements by forming a club of neighbors who do not have cars. "Thus by making it unnecessary for these riders to crowd into buses and street cars, the car club will relieve the strain on the public transportation system."

Mr. Flynn emphasized that either type of ride-sharing arrangement must be a definite agreement regularly carried out, and that each applicant, under OPA mileage regulations, must submit the signatures of his riders with his application.

"It may be necessary for some drivers to change their driving habits even to the extent of looking for car-sharers among perfect strangers, and adjusting their home-to-work driving schedules to accommodate them, but we feel sure that all drivers, when they fully understand the necessity or conserving essential gasoline and tires, will be glad to cooperate with the government in this vital wartime program, Mr. Flynn concluded.

are interested in bringing, Tanager, one can logically expect that those who aren't blowing their horns, may have nothing to bring about.

Two municipalities which during the past few weeks dined the cobblestone local operating records picture of their townships, a high-wood and Ridgeland Park, is reported by the New Jersey Tanager Association. Their reports to the Tanager Association, however, both have the same object in mind: "Tell it to the Tanager." Both reports give a clearly worded description of municipal functions and accomplishments during the preceding year. They tell how the money has been spent, and why. They tell how the money has been spent, and why. They tell how the money has been spent, and why.

But the trend is clear. Public officials are going to have to "tell it to the Tanager" in early-understand reports, or the taxpayers will tell it to the officials. And in early-understand terms.

Although many police departments still continue to detail two policemen to each squad, there appears to be a definite trend toward assigning a single policeman to each car, according to the New Jersey Tanager Association. O. W. Wilson, for many years police chief of Wichita, Kansas, believes that a policeman operating by himself in an automobile is more efficient than when a brother officer is with him.

## YMCA BRIEFS

Registrations for Camps Ockanickon and Matolionequay, part of the program of the YMCA of Burlington, Camden, Gloucester and Monmouth Counties, has now been filled for the entire season of eight weeks. These camps which are located near Medford, New Jersey, started the sixth week Wednesday, with William H. Douglas, Executive Director and Anne Troth as Director of Matolionequay.

Roger Conant of the Philadelphia Zoo visited Camp last week and brought with him many snakes common to this region to display to the campers. The Zoo, which is part of the Nature Program now includes a possum, sparrow hawk, monkey, blue owl, quail, pheasant and Tom Crow.

Rev. William Allen, Pastor of the Mt. Holly Baptist Church, spoke to the camps at Ockanickon Sunday on the "Importance of Youth" and last week Old Joe Lorraine, a YMCA entertainer in World War I visited the camp and entertained with banjo, story and jokes.

"Look Who's Laughing," featuring Edgar Bergen and Charlie McCarthy was the motion picture Saturday evening and last week the Ockanickon campers defeated the Matolionequay campers in the Swimming Meet reversing the results on last year's contest. In the Navy Week program the Nickons defeated the Ockons in several contests on the lake.

Rev. R. J. Beasley of Jobstown spoke at Camp Matolionequay Sunday, on the topic "Tolerance."

Various activities were held at Matolionequay among them an Alphabet Scavenger Hunt and a Crazy Hat Party. Calendar Stunt night was held depicting some stunt for each month of the year. Last Friday was Backward Day in which the morning started with "taps" and ended with "Good Morning." A Land Competition was held when the camp was divided into a White Team and a Green Team and the losing team had to clean the camp.

## A TRIBUTE TO THE SONS OF NEW JERSEY

I sit by the window, the sun is sinking in the West.  
I'm weary and tired; day is almost done.  
Oh well, I'll take a little rest.  
My eyes are growing dim but through the mist I see.  
Yea! It's a foxhole by the sea.  
I creep a little closer, I get no vacation.  
Do I hear something? Yea! A con-

versation.

Shake old pal, you're from the garden state I see.  
We're fighting for New Jersey and for liberty.

We're the sons of New Jersey, the state we left behind.  
We came to meet the foe with Victory in our mind.

It's fight, fight, fight and rid this world of greed and hate,  
So we can all return to our beloved garden state.

Do I see a tear in one boy's eye?  
He bites his lips and grips his gun.  
He stands firm for he is a native son.

He left his loved ones without a sigh  
And made up his mind he will not cry.  
For it's the garden state he's standing by.

We're proud of the sons of New Jersey State.  
They're fighting side by side with other sons and bear no hate.  
Deep in their hearts they're keeping a date.

For the day of Victory when they'll all return to the garden state.  
Daylight is breaking and these boys all fade away it seems.  
Alas! I awake and this was only a dream.

Only a dream, but let's all do our part.  
And help keep that date the boys have in their heart.

Onward to Victory before it is too late.  
So that the sons of New Jersey may return to their beloved garden state.

EMMA KAHNI SMITH,

## BRIEF ITEMS from ABOUT TOWN

Richard M. Caldwell, son of Mr. and Mrs. Porter B. Caldwell, Elm terrace, Riverport, has enlisted in the Navy and was sworn in last Friday. He will leave in the near future for training in V-6, U.S.N.R. His brother, Porter B. Caldwell, Jr., is also in the Navy, serving on an LST in the European area.

The Ladies Auxiliary of the Delaware Fire Co. No. 2, of East Riverport, will hold a covered dish supper in the firehouse on Saturday evening, August 5, from 5:30 until 7:30. Bring a covered dish and 35 cents. All are welcome.

According to the Ocean City Sentinel-Ledger two Palmyra residents recently rode bicycles between the two communities making very good time en route. Freeman Hunter, of Riverport, also performed the same feat this summer.

## CHRISTIAN SCIENCE CHURCH BROADCAST

On Sunday, August 6, from 1:00 to 1:30 p.m., the Columbia "Church of the Air" will broadcast a Christian Science program. This will originate in Denver, Colorado, and may be heard in New Jersey over Station WABC and affiliated stations.

## STAMP OUT GAS BLACK MARKET

The low level of gasoline in dealers' tanks along the Atlantic seaboard has given American motorists another reason to stamp out the black market in gasoline coupons, declared A. Clarke Bedford, chairman of the Petroleum Industry War Council's committee on rationing in District One, here today. He noted that military demands in support of invasion thrusts are skyrocketing gasoline needs.

Mr. Bedford said that reports from the seventeen Atlantic states and the District of Columbia, which comprise the District One area, indicated that dealers' supplies were lower than they have been for many months, with the likelihood that further cuts will probably be effected as war-front needs are stepped up.

Rationing officials have estimated that black market operations in gasoline have daily drained 2,500,000 gallons from the nation's available supplies.

"The current tight supply situation," said Mr. Bedford, "offers an-

other compelling reason for motorists to eliminate the Black Market. It is the duty of every American to see that the war worker has gas enough to get to his place on the production line, that everybody gets his fair share, and that the game is played 'on the square.' That means getting behind the industry's four-point program to kill the Black Market once and for all," concluded Mr. Bedford.

The four points direct motorists to:

1. Apply for only the rations needed for essential driving.
2. Endorse in ink license plate registration number and state on the face of each ration coupon.
3. Refuse gasoline without surrendering coupons.
4. Refuse to buy or accept gasoline coupons from others.

He that resolves upon any great and good end, has, by that very resolution, scaled the chief barrier to it. —Tryon Edwards.

## THE STALKING WOLF

One major worry at a time is sufficient unto any man or any nation. This single full-bodied worry takes precedence over the myriad of smaller worries that beset men and governments.

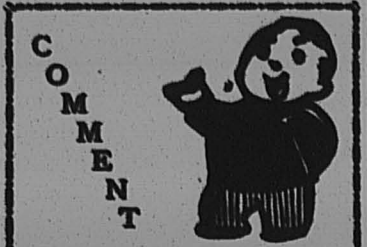

Winning the war is the No. 1 task to which the people of the United States are now devoting their energies with marked singleness of purpose. With the war won, Bib Task No. 2 will unfold—providing employment for the country's vast labor force in the post-war era. Full employment can only be established if private enterprise is encouraged to assume the risks of new and mighty production projects and techniques for peacetime markets.

Here is where the question of taxation is the controlling factor. In his report on the post-war adjustment program, Bernard Baruch, the nation's patriarchal advisor in two

world wars, keynotes the issue by advocating: "Reduce taxes from war to peacetime levels, thereby providing necessary incentive for initiative and enterprise and stimulating employment." There is wide agreement with this view. William Green, president of the American Federation of Labor, calls on Congress to undertake immediate studies for drastic revision of the tax structure to permit business and industry to finance the expansion of civilian production.

It is estimated that 35 million American workers will want jobs after the war, compared to a working force of 46 millions in 1940, the highest peacetime employment in our history. Thus, nine million more people will want jobs after the war than were employed in 1940.

This tells the story of the stupendous problem facing industry in post-war America. Alleviation of the tax burden and rigorous retrenchment in public spending are the open sesame to a new era of national well-being, the New Jersey Taxpayers Association has repeatedly pointed out. In doing so, the Association emphasizes that New Jersey has a particularly large stake in reconversion of indus-

Standing at the bridge plaza at Camden Sunday night, it was hard to realize that gas rationing was still in effect, the stream of cars resembling that of pre-war days. On the highways, too, the war speed of 35 miles per hour is observed by very few.

Where the people get the gasoline is the \$64 question.

The fact that Ocean City residents are seriously working to get a direct highway from Somers Point to the Black Horse Pike is good news to local residents who hope some day to be able to motor to that resort. The present road from Cape May Court House to Somers Point is a disgrace.

**FIRE AT DUMP**  
Shortly after midnight Saturday, the Riverport Fire Department responded to an alarm for a fire at the dump off Main street, near the borough line. The blaze was a stubborn one and the men remained at the scene for an hour and a half.

Today's greatest danger may be a blessing in disguise if we meet it with intelligence and conviction.

# MOTORISTS URGED "TO ACT AGE"

With no prospect of new cars until a year after war's end—and even then very likely on a rationed basis—Keynote Automobile Club believes motorists ought to "act their age" with respect to car use. "It just isn't possible," the Club says, "for the old cars now on the road to outlast the war unless their owners stop operating on a pre-war basis."

The Club calls attention to a recent survey conducted by the Public Roads Administration and 23 State highway departments and the District of Columbia which showed that 53 percent of the vehicles in those states are now six or more years old and that 17 percent of them are ten years old, or older.

From the analysis of information submitted in the study, it appears that 49 percent of cars are owned by workers in four industry groups essential to the war effort—agriculture, mineral extraction, manufacturing, and producing, and transportation. Another 18 percent are owned by workers in construction and government industry groups essential to prosecution of the war.

"In recent months," the Club statement adds, "car use has increased enormously, although rationing restrictions have not been relaxed. There appears only one answer: Black market gas, the sale of which has reached scandalous proportions."

I must stand with anybody that stands right, stand with him while he is right, and part with him when he goes wrong.

—Abraham Lincoln.

## WARNING

The Police Department has received several complaints of raids on local Victory Gardens.

The New Jersey State Legislature passed a law at the last session of Legislature, and signed by the Governor, in regards to trespassing on Victory Gardens. It is as follows:

### CHAPTER 136

An Act concerning disorderly persons, and supplementing Subtitle fifteen of Title 2 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey.

1. Any person unlawfully entering or being in or upon lands being cultivated as a vegetable garden, commonly known as a "VICTORY GARDEN," shall be adjudged a disorderly person and punished by a fine not exceeding twenty-five dollars (\$25.00) or imprisonment for a term not exceeding thirty days.

2. This act shall take effect immediately, and continue during the present war emergency.

There will positively be no leniency shown to these trespassers by the Police Recorders Court regardless of whom the trespasser may be.

WILLIAM GOOTEE,  
Chief of Police.

## TELEPHONE TALK

The importance of the telephone in our everyday life and some of the problems in supplying that need was presented to the Palmyra-Riverton Rotary Club last Thursday evening by John M. Wright, a member of the club.

The speaker emphasized the fact that the telephone was a daily occurrence in practically everyone's life.

The policy of the Bell Telephone System as stated by the president, Mr. Gifford, is "To furnish the best possible service at the lowest possible cost consistent with fair treatment to employees and stockholders."

One means of finding out how they are meeting their obligation to the public is to take two offices of approximately the same size, in different areas, and measure the service given by both.

The company is particularly interested in having the public know that the employees understand what their—the public's—problems are. This is particularly true in telling why service can or cannot be given at the present time.

All employees of the business office are given a five weeks training course.

In March 1942 the Government issued its first restraining order and since that time facilities have been curtailed. The result of this is that many requests for service have had to be deferred for several months. There has been a tremendous gain in communication during this war. In 1943 there was a gain of 82,000 telephones in the Pennsylvania area. There are 1,250,000 now waiting for service in the United States. One of the great advances in communication has been the telephone between ships which has greatly simplified and speeded up signaling between ships in a convoy.

The speaker stated that there has been more money expended on communication equipment by the Army and Navy during this war than is invested in the entire Bell System.

The speaker emphasized that all urgent war needs have been and will be met.

The following members celebrated their birthdays during the week, Secretary Joseph G. Seal, George Friday, Jr., and Jere G. White.

Next Thursday evening Rotarian Harry R. Gall will give a vocational talk on the subject of Electronics.

### TO ESTABLISH POST OF V.F.W. HERE

At a meeting held recently, the Tri-Boro Post, Veterans of Foreign Wars of the United States was organized by a group of Veterans residing in Cinnaminson, Riverton and Palmyra to serve the Veterans, their dependents and the communities, in which they are residents.

The membership of the new Post includes men that have served in three wars and have had active service with the armed forces of the United States, in which a medal has been awarded, the Spanish American War, service in Cuba, the Philippines, the Moro campaign, Mindanao, China, Nicaragua, Mexico, Italy, France, Germany, and Alaska including Kiska.

The Post is organized under the Department of New Jersey, V.F.W. of the United States, and will be instituted in the near future by the Chief of Staff, 7th District, V.F.W. The Charter will remain open for a period of ninety days from the date of institution, so as to give all veterans who are eligible for membership in the Post, and residing in this area the opportunity to become Charter Members.

Membership in the V.F.W. means unity of effort in behalf of the nation's disabled veterans—and their loved ones.

Means affiliation with an organization which believes the four freedoms must guarantee to the war veterans freedom from want through

### RESERVE BAND

Over 100 residents of the tri-borough communities enjoyed the outdoor concert given in the Palmyra grove last Friday evening by the Reserve Band.

During intermission Mrs. Kenneth Davis, president of the Band Parents Club awarded the band pins to the following members: Neal Austin, Millard Bauer, Lorraine Davis, Hubert Hauch, Elmer Mattingly, Betty Pack, George Rotenbury and Joan Smith.

Following the concert the Band Members were treated to ice cream by the executive committee of the Band Parents Club.

## Restaurant Prices

Local restaurant patrons will soon be able to see and check the ceiling prices of the meals and food items they buy. Mr. T. Curtis Flynn, chairman of the War Price and Rationing Board, said today.

In cooperation with national restaurant industry advisory council, OPA has issued a restaurant ceiling price regulation which will become effective on July 31, 1944, requiring every public eating and drinking establishment to post prominently the prices of 40 basic food items. The items will be selected by the OPA and the District Restaurant Advisory Council. The posters for displaying the prices will be provided by the War Price and Rationing Board. Each proprietor must list the 40 items selected in clearly legible letters.

Posters must be displayed by August 16, 1944, Mr. Flynn said, and three copies of the prices listed on the poster must be filed with the Board by August 23.

Establishments which do not serve all of the 40 selected items must post the prices of those they do sell and add other commonly sold items until the poster is filled, Mr. Flynn explained.

The Federal government has extended over \$9 billion of agricultural credit through agencies of the Farm Credit Administration since 1933. More than one-fourth of this amount remained outstanding at the end of 1943, according to the New Jersey Taxpayers Association.

employment priority. Supports a creed which states America should "honor the dead by helping the living."

"Symbolizes brotherhood in action based on the spirit of comradeship which exists only among war veterans of overseas service."

Provides the opportunity to help the orphans of war veterans through the support of the V.F.W. National Home, Eaton Rapids, Michigan. Guarantees the companionship of War Veterans—young and old—who speak the language of overseas service.

Means association with an organization that has either initiated or supported every piece of veteran legislation enacted by Congress since 1899.

Offers the privilege of belonging to a veterans organization which practices the principles of democracy in the conduct of its own affairs.

Means endorsement of a veterans organization that is non partisan and non sectarian in policy and principle.

Carries the peacetime privilege of wearing an emblem which speaks eloquently of patriotic citizenship and military service overseas in time of war.

Any veterans that are eligible for membership and desire information should apply in Cinnaminson to: Erich Veitenheimer or Robert W. Dauter.

In Palmyra, Albert S. Dilks, 735 Highland avenue; Henry Bailey, 822 Morgan avenue; Albee B. Donaghy, Public Road.

Respectfully submitted,  
Marcus W. Newcomb, M.D.,  
Superintendent and  
Medical Director.

On August 4, 1944, I completed twenty-five years of service as your Superintendent or Medical Director. When I took up this work, the capacity of the Sanatorium was 30, and there were four patients in the Institution. Since then, the capacity has been increased to 120. One year we averaged 118.6 patients per day.

When I assumed charge, there were no records and no equipment, with the exception of one thermometer. The porch floor was six inches below the floor of the wards; there was no roof over the porches except the awning and there were no screens. The lawn was weeds up to your neck.

One of the first things we did was to put in new floors on a level with the ward floors; another was to plow and seed the lawn. It would take too long to enumerate all of the additions and improvements since that time; therefore, I shall name only a few of them: recreation room; fully equipped up-to-date x-ray department; fully equipped laboratory; up-to-date diet kitchen; steam kitchen equipment; nurses' home; employees' building; garages for employees' cars; alteration and addition of the old Alms House hospital; enlargement of the business offices; linoleum on nearly all floors; cubicles in the entire Sanatorium. The cubicles were especially important, as they made the work much easier for the nurses. We have enlarged our farm, added irrigation and employed a real farmer, Mr. Frank Thomas.

During the twenty-five years, we have admitted 2,078 patients. Of this number 135 were arrested; 65 apparently arrested; 54 quiescent; 246 improved; 533 unimproved; 922 died (some of these patients lived from three minutes up to several years) and 598 left against medical advice.

This is a very serious condition which faces each and every county in our State. We spend thousands of dollars to treat and prevent the spread of tuberculosis. Then we have low patients with a positive sputum to leave the sanatorium and return to their homes to infect their children and the children of other people. They are a distinct menace to their family and to the public health of the community in which they live. As one doctor in California states it, "We have been bailing out the boat long enough, we should call the leak."

We need legislation similar to that in West Virginia and Los Angeles, where they require isolation either in their homes or in the sanatorium. If we had a similar law in our State, I think it would go a long way toward hospitalizing these patients. If we take these patients out of their homes, or have the children removed

## OASES CLOSED

Due to a tremendous influx of thirty individuals from the arid regions of Philadelphia, it became advisable to close all package stores and taprooms in Palmyra at 10 p.m. Saturday of last week.

Police officials report that large numbers of motorists invaded the town and that buses were swamped with passengers. In order to cope with the situation, the oases were barred to customers.

Rumor had it that they would return Tuesday morning, but this proved to be false and local patrons suffered with the imbibers from the City of Brotherly Love.

According to local authorities the taprooms and retail dispensing stores will remain closed until Philadelphia opens similar establishments again. When this will take place is uncertain.

The cubicles were especially important, as they made the work much easier for the nurses. We have enlarged our farm, added irrigation and employed a real farmer, Mr. Frank Thomas.

During the twenty-five years, we have admitted 2,078 patients. Of this number 135 were arrested; 65 apparently arrested; 54 quiescent; 246 improved; 533 unimproved; 922 died (some of these patients lived from three minutes up to several years) and 598 left against medical advice.

This is a very serious condition which faces each and every county in our State. We spend thousands of dollars to treat and prevent the spread of tuberculosis. Then we have low patients with a positive sputum to leave the sanatorium and return to their homes to infect their children and the children of other people. They are a distinct menace to their family and to the public health of the community in which they live. As one doctor in California states it, "We have been bailing out the boat long enough, we should call the leak."

We need legislation similar to that in West Virginia and Los Angeles, where they require isolation either in their homes or in the sanatorium. If we had a similar law in our State, I think it would go a long way toward hospitalizing these patients. If we take these patients out of their homes, or have the children removed

## PARRY GETS WINGS

The right to wear a pair of coveted "Silver Wings" and fly one of Uncle Sam's swift and deadly fighter planes against our Axis enemies has been won by 2nd Lieut. Thomas M. Parry, Jr., son of Mr. and Mrs. Thomas M. Parry, Riverton, who was commissioned a second lieutenant this week at Craig Field, Selma, Alabama.

The awarding of the wings and commission came after the new flying officer had completed his advanced flight training at the Fighter School in Selma.

During the many months of training he had to undergo before he received his wings and certificate, he was given all types of instruction. He was toughened mentally and physically and learned to drill, just as any soldier.

He was also given every phase of combat instruction, including fighter formation, ground and aerial gunnery, night flying and high altitude missions which equip him to become a vital member of the United States' still rapidly increasing air arm, which daily is carrying the war across waters to the very heart of our enemies' strongholds.

Assignment to his next station followed the exercises.

## STABBED WITH PICK

Richard Bailey, of Wrightsville, is still at large on the charge of allegedly stabbing Ishman Coffin, Lenora road, five times with an ice pick recently.

Edith Moses and Frank Bradley are being held as material witnesses of the fracas.

Chief Erich Veitenheimer, of the Cinnaminson police is in charge of the investigation.

### SPEED LIMITS TO BE ENFORCED

Joseph Rodgers, chief of Palmyra police, has posted signs throughout the borough indicating the speed limit of 20 miles per hour.

Chief Rodgers stated that there have been few accidents in Palmyra of late, but that many motorists are becoming careless about their driving to the center, and after the first day of the strike, auxiliary police and air raid wardens assisted in finding transportation.

Since a total of about 5500 donors is needed this week, officials urge that all those within walking distance of the center make a special effort to volunteer; and that persons living in outlying neighborhoods pool their driving resources to make up the necessary number of volunteers. Call Riverton 0398 for an appointment.

Total Number of Admissions, 2,078. On the whole, I have enjoyed the work during the entire twenty-five years, and I have tried to give the patients the very best care and attention. With very few exceptions, I have always had the loyal support of the Board Members and the Boards of Chosen Freeholders. I cannot tell what the future holds for me, but I hope to live long enough to see a new up-to-date institution built and running smoothly. Then, whenever the Board of Managers desire me to retire I shall be ready. As long as I am your Superintendent and Medical Director, I shall continue to give the best that is in me for the patients and for the interest of the Institution.

Medical Director.

On August 4, 1944, I completed twenty-five years of service as your Superintendent or Medical Director. When I took up this work, the capacity of the Sanatorium was 30, and there were four patients in the Institution. Since then, the capacity has been increased to 120. One year we averaged 118.6 patients per day.

When I assumed charge, there were no records and no equipment, with the exception of one thermometer. The porch floor was six inches below the floor of the wards; there

"Soul" is the Lesson Sermon subject for Sunday, August 13. Golden Text: "My soul, wait thou only upon God; for my expectation is from him." (Ps. 62:5)

Sermon. Passages from the King James version of the Bible include: "O Lord, thou hast pleaded the causes of my soul; thou hast redeemed my life." (Lam. 3:58) Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony. Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul." (p. 390)

"Central Baptist" through the Liaison Committee is urging all its members to write their service men and women of the week. They certainly need word from the home front NOW. ## MORAVIAN CHURCH

Palmyra, N. J.  
The Rev. Albert J. Harke, B. D.  
Pastor

After an absence of four weeks the pastor will again be in the pulpit next Sunday morning, August 13 in a memorial day in our church, commemorating the great spiritual awakening of 1727, which marked the renewal of the Unitas Fratrum or the Moravian church. The pastor's theme for the message will be "To Live Is Christ." The Memorial Holy Communion service will follow the message.

During the pastor's absence on vacation the services were ably conducted by students of our Theological Seminary at Bethlehem, Pa. On July 16 and August 6 the pastor's son, Albert F. Harke was in charge. Mr. John Mormon of Philadelphia, Pa., was the speaker on July 23, and

Mr. Wilfred Deger of Edmonton, Alberta, Canada, conducted the service on July 30.

The Union Grove service will be in charge of the Bethany Lutheran church with the Rev. George T. Miller the pastor bringing the message.

## LEEWEER—FRANK

On Saturday, August 12, at 7:30 p.m., the marriage of Miss Marie Louise Frank to Lieutenant William G. Leewer will be solemnized in Central Baptist Church, Palmyra, the Rev. Earle Marcus officiating.

The bride is the daughter of Mr. and Mrs. Karl G. Frank, 811 Washington avenue, Palmyra, and the groom is the son of Mrs. Ann Leewer, 423 N. 40th street, Camden.

Miss Frank will be attended by Miss Bettie Zinn, of Glen Olden, Pa., while the best man will be Lawrence Scheff, of Palmyra.

Lieutenant Leewer, who is a pilot in the U. S. Army, has just returned from combat duty overseas.

## OBITUARIES

### MARY W. HAMILTON

Mrs. Mary W. Hamilton, widow of the late Harold R. Hamilton, died at Bordentown Friday, August 4, following a long illness. The deceased formerly resided at 821 Garfield avenue, Palmyra.

Funeral services were held Tuesday morning at 11 o'clock in the Earnest Funeral Home, Bordentown. Interment was in Bordentown Cemetery.

Mrs. Hamilton is survived by four sisters and two brothers, all of

whom reside in Bordentown. Prior to her illness, Mrs. Hamilton was, for a period of several months, a valued member of The New Era staff.

### H. K. FRANKENFIELD

While on vacation the Rev. and Mrs. Albert J. Harke received word of the sudden death of Mrs. Harke's father, H. K. Frankenfield, which occurred July 28, at Lakewood Ohio, while visiting his daughter, Mrs. Myrtle Tschudy.

Funeral services were conducted at Bethlehem, Pa., August 2, with interment in family lot there.

### GIFT TO CANNING CENTER

Herman Danneler of Riverton kindly offered the Palmyra High School Canning Center 45 bushels of surplus apples for canning by the ladies of the community.

Figuring at the rate of 20 quart jars from a bushel this means that approximately 900 quarts of produce for next winter's use.

This generous gesture on the part of Mr. Danneler deserves great commendation and he well deserves the gratitude of the canning center.

What men want is not talent, it is purpose; in other words, not the power to achieve, but will to labor.

The fact is, the telephone system is so fully in use today, following several years of heavy demands for service and few additions to facilities for civilian use, that we cannot transfer service from one telephone central office area to another, in all cases. Transfers can usually be made, how-

SEND IN DONATIONS  
FOR HONOR ROLL

Construction of the Riverton Honor Roll is continuing at a steady pace with the joint Citizens and Veterans Committee expecting the completion of the structure to be accomplished within the next few weeks. In the meantime, with the base of the Honor Roll already completed and the brickwork begun, the final structure is beginning to take shape on the plot adjoining the Riverton Station.

Donations received during the past week were headed by the Cinnamonson Bank and Trust Company and

included others from Mr. and Mrs. A. Hopkins, John L. Stroblein, Dr. C. B. Munn, Mr. and Mrs. C. S. DeLaney, Clara L. Bishop, Jean P. Pauson, Mr. and Mrs. Milton Murphy, Jr., Charles Shannon and family, E. K. Merrill, and J. Carl DeLacour.

In addition, since actual construction has started, several other residents have indicated their desire to donate to the fund and there has been a growing approval expressed of the selection of the site for the Honor Roll, with several agreeing that the center of the town is more

desirable than the alternate proposal of Memorial Park which was originally suggested at a meeting of some twenty local organizations last winter where the present location was voted upon as most desirable.

Send in Contributions  
The construction is under the direction of a Committee of citizens and members of the Riverton Memorial Post with Herbert Evans of 611 Elm avenue, acting as citizen treasurer of the committee. Residents who have not, as yet, sent in their contribution are requested to forward theirs to Mr. Evans in the near future in order that there may be no delay in construction.

At the last meeting of the Riverton Memorial Post it was voted to postpone the election of permanent officers of the Post for the following year until the Incorporation Committee had an opportunity to make its report at the next meeting of the Post to be held on the third Friday of this month.

CAROLINE L. RIANHARD  
Mrs. Caroline L. Rianhard, died on August 4th, at the home of her son, Henry Rianhard, 609 4th street,

Riverton. Services were held in Christ Church, Riverton, on Monday, August 7th, at 11:45 a.m., the Reverend John Crockett officiating. Interment was in Woodland Cemetery, Philadelphia.

Mrs. Rianhard is survived by her son.

KAREN M. JUSTESON  
Mrs. Karen M. Justeson died at her home, 109 Pear street, Palmyra, on Saturday, August 5.

Services were held in Snover Funeral Home on Tuesday, August 8, Reverend Randall of Presbyterian

Church, Beverly, officiated, with interment in Morgan Cemetery.

The deceased is survived by her husband, Knute C. Justeson, and one daughter and one son.

ROADS DISCUSSED  
At the meeting of the Cinnamonson Township Committee held on Tuesday night of this week, residents of East Riverton were again present

to discuss the road situation. With the exception of this, only routine business was transacted before the governing body went into executive session.

I heard a bird at break of day  
Sing from the autumn trees  
A song so mystical and calm,  
So full of certainties.

### ARTICLE 1 OF THE

# Revised Constitution

FOR THE STATE OF NEW JERSEY

To Be Voted Upon as a Whole by  
the Voters of New Jersey at the  
General Election, Nov. 7, 1944

Preamble.—We, the people of the State of New Jersey, grateful to Almighty God for the civil and religious liberty which He hath so long permitted us to enjoy, and looking to Him for a blessing upon our endeavors to secure and transmit the same unimpaired to succeeding generations, do ordain and establish this Constitution.

#### ARTICLE 1 RIGHTS AND PRIVILEGES

**Rights of individuals and of the people (1, 2)**  
rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and of pursuing and obtaining safety and happiness.

2. All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people, and they have the right at all times to alter or reform the same, whenever the public good may require it.

**Freedom of religion (3, 4)**  
3. No person shall be deprived of the inestimable privilege of worshipping Almighty God in a manner agreeable to the dictates of his own conscience; nor under any pretense whatever be compelled to attend any place of worship contrary to his faith and judgment; nor shall any person be obliged to pay tithes, taxes, or other rates for building or repairing any church or churches, place or places of worship, or for the maintenance of any minister or ministry, contrary to what he believes to be right, or has deliberately and voluntarily engaged to perform.

4. There shall be no establishment of one religious sect in preference to another; no religious test shall be required as a qualification for any office or public trust; and no person shall be denied the enjoyment of any civil right merely on account of his religious principles.

**Freedom of speech and of the press**  
5. Every person may freely speak, write, and publish his sentiments on all subjects, being responsible for the abuse of that right. No law shall be passed to restrain or abridge the liberty of speech or of the press. In all prosecu-

tions or indictments for libel, the truth may be given in evidence to the jury; and if it shall appear to the jury that the matter charged as libelous is true, and was published with good motives and for justifiable ends, the party shall be acquitted; and the jury shall have the right to determine the law and the fact.

**Freedom from unreasonable search and seizure**  
6. The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated; and no warrant shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched and the persons and things to be seized.

**Trial by jury**  
7. The right of trial by jury shall remain inviolate; but the Legislature may authorize the trial of civil suits, when the matter in dispute does not exceed fifty dollars, by a jury of six men.

**Rights of persons accused of crime (8, 9)**  
8. In all criminal prosecutions the accused shall have the right to a speedy and public trial by an impartial jury; to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel in his defense.

9. No person shall be held to answer for a criminal offense, unless on the presentment or indictment of a grand jury, except in cases of impeachment, or in cases cognizable by justices of the peace, or arising in the army or navy, or in the militia, when in actual service in time of war or public danger.

**Double jeopardy**  
10. No person shall, after acquittal, be tried for the same offense. All persons shall, before conviction, be bailable by sufficient sureties, except for capital offenses, when the proof is evident or presumption great.

**Habeas corpus**  
11. The privilege of the writ of habeas corpus shall not be suspended, unless in case of rebellion or invasion the public safety may require it.

**Military subordination; quartering of soldiers (12, 13)**  
12. The military shall be in strict subordination to the civil power.

13. No soldier shall, in time of peace, be quartered in any house without the consent of the owner; nor in time of war except in a manner prescribed by law.

**Treason**  
14. Treason against the State shall consist only in levying war against it, or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open court.

**Bail and punishment**  
15. Excessive bail shall not be required, excessive fines shall not be imposed, and cruel and unusual punishments shall not be inflicted.

**Condemnation**  
16. Private property shall not be taken for public use without just compensation; but land may be taken for public highways as heretofore until the Legislature shall direct compensation to be made.

**Imprisonment for debt; military fines**  
17. No person shall be imprisoned for debt in any action, or on any judgment founded upon contract, unless in cases of fraud; nor shall any person be imprisoned for a militia fine in time of peace.

**Freedom of assembly and of petition**  
18. The people have the right freely to assemble together, to consult for the common good, to make known their opinions to their representatives, and to petition for redress of grievances.

**Donation of public money and property (19, 20)**  
19. No county, city, borough, town, township, or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association, or corporation, or become security for or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association, or corporation whatever.

**Rights and privileges retained**  
21. This enumeration of rights and privileges shall not be construed to impair or deny others retained by the people.

**Y.M.C.A. DAY CAMP**

The Y Day Camp has gone into its third week. The campers have employed many outings and swims, some of which was a day spent in the Robinson State Forest. This past weekend the boys worked on crafts, and played a table tennis tournament, and went to a swim, and on Friday they went to a picnic. On Saturday the boys are going down to River Beach on the Wilson Line. The campers have been asked to pack a picnic basket and go along. Next week the boys will wind up their camp by spending Thursday and Friday at the Robinson State Forest.

### BRIEF ITEMS from ABOUT TOWN

Seaman Arthur Hoyt, U. S. Navy, son of Mr. and Mrs. L. Arthur Hoyt, Second street, Riverton, spent a 72-hour furlough with his parents over the week-end. While here he visited his brother, Edward Hoyt, who is recovering from an attack of infantile paralysis in Camden Municipal Hospital.

Miss Mary L. King, of Riverton, Moorestown road, entertained last Saturday evening for a group of her friends in celebration of her 19th birthday. Guests were Dorothy Bell, Marie Kooker, Alice Stier, Jug Schroeffer, Wally Staub, Phyllis Kraus, Frank Ealy, Joe Friday, Al King and Aubrey King.

Miss Virginia L. Gould, 804 Main street, will leave Thursday for Beverly, Mass., where she will visit her paternal grandmother for two weeks.

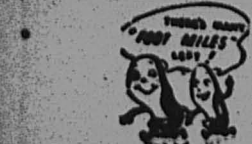

Miss Eleanor Snyder of York, Penna., spent the weekend with Miss Marilyn Yost, of Thomas avenue. Miss Snyder and Miss Yost are classmates at Beaver College.

Mr. and Mrs. James Higgins and son, of Thomas avenue, have returned home from Ocean City where they spent their vacation. The Higgins family recently purchased the property formerly the residence of Mr. Perkins.

Mrs. J. J. Karins, of Montclair, N. J., is visiting her daughter, Mrs. Frank Hamlin, of Second Street, Riverton.

Mrs. J. P. Roney, of Lippincott avenue, Riverton, is spending the summer at Surf City, N. J.

Fire losses in 478 United States cities in 1943 totaled \$134,886,337. This was an average loss of \$2.40 per person, but the loss did not include the tax costs of financing fire departments, points out the New Jersey Taxpayers Association.

### POLIO SITUATION

There has been no abnormal increase in the number of infantile paralysis cases in New Jersey, but parents should maintain their vigilance according to Dr. J. Lynn Mahaffey, Director of the State Board of Health.

Up to August 11 the statistics bureau of the board had on file reports of 56 cases, distributed thus by months: January, 3; February, April and May, 1 each; June, 4; July, 19 and August, 27. For all of 1943 there were 85 cases in this state.

Mahaffey pointed out that North Carolina and Kentucky are experiencing unusually high incident rates for the disease. Nearly 300 cases had occurred in North Carolina to the first of this month. Health authorities there believe the peak has been reached and the number of new cases will decline slowly through October, said Mahaffey.

Mahaffey explained that infantile paralysis is caused by a virus so small that it can be seen only by an electron microscope. The virus attacks certain nerve cells of the spinal cord which control muscles. If large numbers of these nerve cells are completely destroyed by the virus permanent paralysis always results.

"Luckily, this doesn't happen in many cases," said Mahaffey. "Usually the nerve cells are only damaged temporarily or only a few are destroyed. When the acute form of the disease subsides, the patient's muscles must be re-educated and his power of movement is regained either completely or partly."

Some Adults  
Mahaffey said five per cent of the total victims in North Carolina are adults, but the highest prevalence is in the group up through four years of age. The group from five to twelve showed the next highest incidence. In different epidemics, the

distribution of cases by age groups varies.

The most widely accepted belief is that the disease is transmitted through coughing, sneezing, talking and through intestinal excretions, Mahaffey said. It is possible the virus may be spread through food contaminated by a diseased patient or a carrier, someone so lightly affected there are no signs of illness.

"It is particularly important that all be familiar with the symptoms of infantile paralysis," said Mahaffey. "Certain indefinite symptoms appear suddenly. Parents frequently mistake them for the early stages of less serious illnesses."

"Perhaps there is a sore throat, a head cold or a slight fever. Perhaps there is nausea or diarrhea or even constipation."

Mahaffey included among the symptoms fatigue, listlessness, irritability or apprehension. Arms and legs may tremble if extended without support. Stiffness of the neck or spine is an alarming system, he warned.

"Don't be alarmed if these symptoms appear in a child but report the matter to your doctor immediately and he will make a positive diagnosis."

### BURLINGTON COUNTY ORPHANS' COURT

In the matter of the Estate of JAMES L. JAMES, Deceased.  
On Petition for Sale of Lands to Pay Debts.

ORDER TO SHOW CAUSE  
Lilmon H. Ransom, Jr., and Frank H. James, administrators of the estate of James L. James, deceased, having exhibited under oath a true and correct account of the personal estate and debts of said intestate, whereby it appears that the personal estate of the said James L. James, deceased, is insufficient to pay his debts and requesting the aid of the court in the premises.

It is thereupon on this 10th day of July, 1944, ORDERED that all persons interested in the lands, tenements, hereditaments and real estate of the said James L. James, deceased, appear before this court at the Court House in Mt. Holly on the 20th day of September 1944, at 10 A.M., local time, to show cause why so much of the said lands, tenements, hereditaments and real estate of the said James L. James, deceased, should not be sold as will be sufficient to pay his debts.

It is further ordered that this order be published in The New Era, one of the newspapers of this state, for six weeks at least once in each week.

## Completely Air Conditioned

Especially in weather such as we are experiencing this summer, is the air conditioning in The Snaver Funeral Home most appreciated.

The cool, comfortable interior of our funeral parlors is just one of the advantages offered by this modern establishment, and yet the expense is no greater than desired.

ARTICLE II, and Sections I and II of ARTICLE III (with part of Schedule\*)

# Revised Constitution

FOR THE STATE OF NEW JERSEY

To Be Voted Upon as a Whole by  
the Voters of New Jersey at the  
General Election, Nov. 7, 1944

### ARTICLE II DISTRIBUTION OF THE POWERS OF GOVERNMENT

**Legislative, executive and judicial**  
1. The powers of the government shall be divided among three distinct branches, the legislative, executive, and judicial. No person or persons belonging to or constituting one of these branches shall exercise any of the powers properly belonging to either of the others, except as expressly provided in this Constitution.

### ARTICLE III LEGISLATIVE SECTION I

**Legislative power**  
1. The legislative power shall be vested in a Senate and General Assembly.

**Qualifications of legislators**  
2. No person shall be a member of the Senate who shall not have attained the age of thirty years, and have been a citizen and resident of the State for four years, and of the county for which he shall be chosen one year next before his election; and no person shall be a member of the General Assembly who shall not have attained the age of twenty-one years, and have been a citizen and resident of the State for two years, and of the county for which he shall be chosen one year next before his election; but no person shall be eligible as a member of either house of the Legislature who shall not be entitled to the right of suffrage.

**Sessions of Legislature (3, 4)**  
3. The two houses shall meet separately, in regular session, annually on the second Tuesday in January and shall adjourn sine die within ninety days thereafter; the two houses shall meet separately, in special session, whenever called by the Governor and shall adjourn sine die within fifteen days thereafter; but no limitation on duration of a regular or special session shall prevent the continuance of any such session until six weeks after the date of transmittal of an executive order or its approval, whichever is sooner. The Senate shall meet at other times only at the call of its President or of the Governor to receive or act upon nominations, or at the call of its President to try impeachments. The General Assembly shall meet at

other times only at the call of its Speaker to consider impeachments.

4. Special sessions of the Legislature shall be called by the Governor upon petition of a majority of all the members of each house and may be called by the Governor at such other times as in his opinion the public interest may require. In either event, the call for a special session shall specify the matter or matters to be considered, and no other matter shall be considered at such session which is not specified in such call or in any other message from the Governor delivered during such session.

**Legislative committees**  
5. Legislative Committees, created by joint or concurrent resolution of the Legislature or created by resolution of either house thereof, shall continue with all powers delegated to them, notwithstanding any adjournment of the Legislature, unless restricted by the Legislature or house creating them.

### SECTION II

1. The Senate shall be composed of one Senator from each county in the State elected by the legally qualified voters of the counties, respectively, for a term beginning at noon on the second Tuesday in January next following his election and ending at noon on the second Tuesday in January four years thereafter.

**Composition of Legislature (1, 2, 3)**  
2. The members of the Senate shall be elected in two classes so that, as nearly as may be, one-half of the total number shall be elected biennially.

3. The General Assembly shall be composed of members elected biennially by the legally qualified voters of the counties, respectively, for a term beginning at noon on the second Tuesday in January next following his election and ending at noon on the second Tuesday in January two years thereafter. The members of the General Assembly shall be apportioned among the said counties as nearly as may be according to the number of their inhabitants. The present apportionment shall continue until the next census of the United States shall have been taken, and an apportionment of members of the General Assembly shall be made by the Legislature at its first session after the next and every subsequent census, and when made, shall remain unaltered until another census shall have been taken; provided that each county shall at all times be entitled to one member; and

the whole number of members shall never exceed sixty.

**Vacancies**  
4. Vacancies in the office of Senator or Assemblyman shall be filled by election for the unexpired terms only, as may be provided by law.

### ARTICLE XI—SCHEDULE\*—SECTION II

\*The "Schedule" provides for orderly transition from the old to the new Constitution. In the official text it appears as a single Article (XI) at the end of the Revised Constitution. For ready reference, however, the Schedule is being printed in appropriate parts with the Articles to which it relates.

1. The first session of the Legislature under this Constitution shall meet in regular session on the second Tuesday in January in the year one thousand nine hundred and forty-five.

2. Special sessions of the Legislature may be called by the Governor in the year one thousand nine hundred and forty-five for the enactment of laws necessary to make this Constitution fully effective, and such special sessions shall not be subject to the provisions of this Constitution limiting their duration or the subject matter which may be considered thereat.

3. Each member of the General Assembly, elected at the election in the year one thousand nine hundred and forty-four, shall hold office for a term beginning at noon on the second Tuesday in January in the year one thousand nine hundred and forty-five and ending at noon on the second Tuesday in January in the year one thousand nine hundred and forty-seven. Each member of the General Assembly elected thereafter shall hold office for the term provided by this Constitution.

4. Each member of the Senate elected in the years one thousand nine hundred and forty-two, one thousand nine hundred and forty-three, and one thousand nine hundred and forty-four, shall hold office for the term for which he was elected, except as follows:

The terms of the incumbents of those seats in the Senate that would become elective in the year one thousand nine hundred and forty-five, had this Constitution not been adopted, shall be extended for an additional year, and of such seats, two seats, as chosen by the Senate in the year one thousand nine hundred and forty-five, shall be filled by election in the year one thousand nine hundred and forty-six for a two-year term, and the balance of such seats shall be filled by election in the year one thousand nine hundred and forty-six for a four-year term. Seats in the Senate that would be filled by election in the year one thousand nine hundred and forty-five, had this Constitution not been adopted, shall be filled by election in that year and every fourth year thereafter. The terms of the incumbents of those seats in the Senate that would become elective in the year one thousand nine hundred and forty-five, had this Constitution not been adopted, shall be extended for an additional year, and such seats, together with the two seats filled for a two-year term by election in one thousand nine hundred and forty-six, shall be filled by election in the year one thousand nine hundred and forty-eight and every fourth year thereafter.

The run-in side headings are not in the official text of the Revised Constitution. They appear above for your convenience.

## GASOLINE "DOPES"

Inquiries continue to reach the Keystone Automobile Club about "dopes" and gadgets "guaranteed" to give more miles per gallon of rationed gasoline.  
It is replied the Club points to the statement of the United States Bureau of Standards that none of the hundreds of "gas savers" examined scientifically by the Bureau has been of any measurable value in increasing mileage.

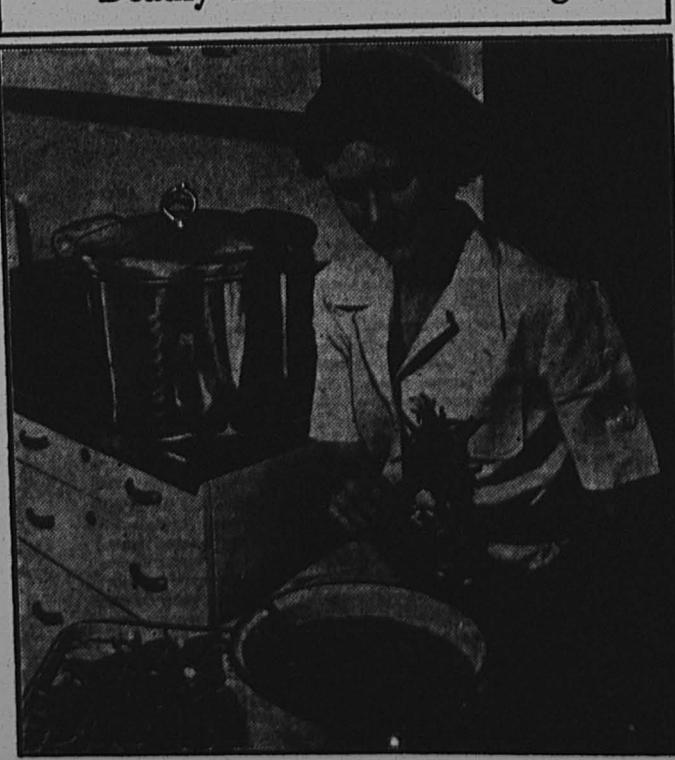

"The same goes for mechanical gadgets," says a Club bulletin. "The answer here is that if such appliances were of any value in bettering car performance the manufacturers of automobiles would have incorporated them in the motor mechanism. The gadget of today, it should be noted, is a warmed over or dressed up gadget of yesterday."

"It will be well for motor car owners to look with suspicion on any contrivance trotted out now to catch the dollars of motorists anxious to stretch their mileage. It is significant that motor club magazines never carry the advertising of these products."

He that has the truth at his heart need never fear the want of persuasion on his tongue.—John Ruskin.

Man cannot be satisfied with mere success. He is concerned with the terms upon which success comes to him.—Charles A. Bennett.

## Home Canners Advised How to Avoid Deadly Botulinus Poisoning

"THERE is vital need to can as many vegetables as possible as well as fruit; but the only safe way to can any vegetables, except tomatoes, is by correct use of the pressure cooker," advises Katharine Fisher, Director of Good Housekeeping Institute. "This method is the only one which provides the hotter-than-boiling heat that's necessary to kill botulinus germs which may be on any non-acid food you can—and that means all vegetables except tomatoes. When botulinus germs are not killed in the canning process, they thrive in sealed jars and create a powerful poison."

"This botulinus poisoning comes from bacteria that live in the soil and cling to vegetables. Although rare, this poison is particularly dangerous because it usually does not change the food's appearance, odor or taste. Analyses of soil indicate that there is a chance that botulinus spores may be found almost anywhere. Fortunately, they are harmless until they get in airtight jars of canned food."

Use Pressure Cooker  
"Correct use of the pressure cooker also protects against other types of spoilage," Miss Fisher said. "A recent national survey showed that home canners who put up non-acid vegetables by the hot water bath method reported a hundred per cent greater rate of spoilage than those who used the pressure cooker method."

"Never taste to discover spoilage," Good Housekeeping advises. "All home canned products should be examined carefully when opened and, if there is any evidence of spoilage, the food should not be used."

## FORMER MAYOR'S SON IS REPORTED MISSING IN ACTION

Word has been received here that John Hahn, younger son of Mr. and Mrs. J. Elmer Hahn, of Metuchen, has been reported missing in action over Germany. Mr. Hahn was formerly Mayor of Riverton.

The younger Hahn, who was a waist gunner on a flying fortress, has been in the U. S. Army for about two years. He had been in foreign service for some time and was sent to the European theatre about a month ago.

He was a student at the University of North Carolina at the time he entered the armed forces. Prior to that he had attended Westfield High School and had been a student at Bordentown Military Institute.

The missing boy has an older brother, Robert, who is a Second Lt. in the Air Corps, stationed in Alabama.

## FORMER HURLER KILLED

Staff Sergeant Daniel Hamlin, Jr., son of Mr. and Mrs. Daniel Hamlin, of Delanco, was reported killed in action last Thursday. A member of

the Ninth Division, Sergeant Hamlin had been in the Army for four years. He participated in the North African and Sicilian campaigns.

The deceased, who is a cousin of Frank Hamlin, of Riverton, was a star hurler on the Riverton A. A. baseball team a few years ago.

## STUDY REVISION

The importance of every citizen of New Jersey making a study of the proposed revised Constitution was stressed today in a statement issued by the New Jersey Committee for Constitutional Revision. The Committee, pointing out that the traditional "Bill of Rights" in the Constitution is unchanged in the proposed revision and that the new charter will establish a modern system of state government, urged New Jersey citizens to vote approval of the revised Constitution November 7.

The Committee for Constitutional Revision warned that indifference to and ignorance of the fundamental principles of American democracy is dangerous in a time of world-wide social, economic and political upheaval.

The statement, made by Kirk

Brown, well-known Montclair resident, a director of the New Jersey Taxpayers Association, and for years an analyst of the Federal and New Jersey Constitutions and the charters of other states, points out the vital necessity for citizen interest in the proposed revised basic law.

Brown calls attention to a recent survey of the National Opinion Research Center which disclosed that only 23 per cent of the individuals interviewed knew what the "Bill of Rights" is. This situation can be rectified through close study of the proposed revision by New Jersey citizens, soon to be called upon to vote on a new Constitution, which embodies in full the historic and traditional "Bill of Rights" of the 1844 Constitution.

## PHONE WORKERS BUY MANY BONDS

Men and women of the New Jersey Bell Telephone Company's organization in the Camden district, which includes Camden, Gloucester, Salem, Cumberland and part of Burlington counties, invested approximately \$46,500 to buy 1,967 war bonds in the 5th War Loan Drive

recently completed, toward a company-wide total of \$9,877 bonds costing \$752,342 worth at maturity nearly \$1,000,000, the telephone labor-management drive committee's final report discloses. Heads of the four telephone unions and of management in notices to all employees this week, commended them for again making an excellent showing.

Approximately 1,200 of the com-

pany's 15,000 employees work in this district, in the plant, traffic and commercial departments and the telephone accounting center for this section of the State at Camden.

Total number of Federal employees in New Jersey in 1943 was 75,500, compared to 11,834 State employees, the New Jersey Taxpayers Association says, referring to figures of the Department of Labor.

### STORM WARNING

A cloud no bigger than a man's hand looming up on the distant sky may result in a bad weather change, often for the good. A long spell of drought causing withering crops may come to an end by such a benevolent process of nature's workings. Contrariwise, a small flock of far away black cloud may be the herald of a cataclysmic weather upheaval resulting in loss of life and great damage to property.

From small beginnings in the far-distant past, tax exemptions in New Jersey have been mounting at a swiftly increasing pace over the last quarter century. Today, nearly one-fifth of the evaluated property in the state has been retired from the tax rolls through exemptions, whether imposed by the State or the national governments, as shown by a recent survey made by the New Jersey Taxpayers Association.

With one-fifth of the tax ratables of the 21 counties rendered useless for taxing purposes by exemptions, the chief sufferers are the taxpayers of the local taxing districts who are annually called upon for an extra shovelful of funds to sustain their local governments against the drain of these huge tax losses. This constantly increasing depletion of the taxpayers' resources is a cruel hardship. The taxables upon which local governments depend for their proper functioning are being stripped from them. Tax exemptions on New Jersey property now amount to about a billion and a quarter dollars as compared to taxable property valuations totalling about five and a half billions. There is too much water in the milk, too much froth on the beer to make a palatable potion for the individual taxpayer.

The tax sterilization of evaluated property in this state has been greatly increased since the declaration of the war emergency in 1939 and the consequent acquisition of millions of dollars worth of taxable realty for war purposes. In some municipalities, as much as 15 to 20 percent of the total land area has been Federally acquired. In one New Jersey municipality, the Federal government purchased 85 percent of its total land area. By the operation and impact of this vast network of Federally-caused tax exemptions, the taxpayer has become the step-child and also the patsy of government.

In order to remove this unfair burden riding the backs of local taxpayers, the New Jersey Taxpayers Association over a year ago inaugurated a nation-wide campaign for legislation requiring the national government to make full compensation to municipalities for tax losses suffered through Federal purchases of realty for war purposes. This campaign has resulted in the introduction by Senator Hawkes of a Senate bill embodying this Federal compensation plan which has also been endorsed by 250 New Jersey municipalities.

The extreme gravity of this tax-exemption situation, as caused by wholesale Federal realty purchases for war purposes, has been strongly voiced by Governor Edge. Having particularly in mind his state's plight, but also knowing that this tax exemption toll weevil is sapping the financial vitality of hundreds of municipalities across the breadth of the nation, Mr. Edge urges the passage of remedial national legislation for country-wide taxpayer relief.

The cloud flock that represented tax exemption in the far distant past now threatens to become the engulfing storm that endangers the structure of local governments in many states. It is a storm warning that can no longer go unheeded lest the advent of peace will leave many localities with large areas of sterile lands on their hands. From such a misfortune, a likely post-war development will be bankrupt local governments and a crop of ghost towns.

The gross public debt of the United States Government at the end of 1944, was \$201,000,387, according to the New York Times.

## About Town

Assemblyman Arthur W. Lewis, Republican nominee for re-election, has been discharged from the West Jersey Hospital, where he was a patient for a period of two weeks. Late reports indicate steady progress towards convalescence; and he will spend the summer at Medford Lakes, having leased a cottage at the inland resort.

crop will help hold the soil.  
But it is not usually advisable to seed down flower beds. Munch them instead. If Narcissus and Madonna Lilies (Lilium candidum) are on your fall planting list, they can be set out as soon as you can obtain the bulbs. They both do better if they are not kept out of the soil too long, and they need fall root growth if they are to thrive next year. Crocus, Scillas and those other small bulbs that are the garden's first harbingers of spring should also be planted without much delay. Early planting gives them an opportunity to become well rooted before cold weather sets in. Then, too, they deteriorate if they are out of the ground for too long a time.

Since most perennial peonies are only dormant during August, that is the ideal time to divide and move them or to purchase new plants for setting out immediately.

Bearded Iris, too, should be divided and replanted before the first of September. Siberian and Japanese Iris make their bloom buds on the following spring's growth, and it is not advisable to move them too soon. They can be moved and set out to much better advantage a little later, in September, and they will still have time to become established before winter. The same thing is true of peonies.

Early spring-blooming perennials that need resetting can also be divided this month. If these jobs are done when time permits late in the summer, there will be less of a rush to finish all the other work that lines up in the garden in late fall and early spring. The gardener who budgets his time and does his garden chores when they need to be done generally works in the best accord with the cycle his plants follow, and, naturally enough, gets the best results from them.

The ratio of federal employees to state workers is six to one in New Jersey according to the New Jersey Taxpayers Association. Uncle Sam's civilian employees increased more than 1,000 per month during part of 1943, when the number of state employees dropped an average of 97 per month.

## ABOUT REVISION

Opponents of the revised State Constitution, who a year ago used the plea "Let's wait for the boys to come home" from the war, this year have changed their cry to "Let's wait for the girls," according to Miss Marion E. C. Walls, of Elizabeth, vice chairman on legislation of the New Jersey League of Women Voters.

Referring to the women's rights issue brought up by opponents of the new Constitution, which will be voted on at the general election next November 7, Miss Walls said that "certain professional women, lawyers notably, who should know better, are being used to cloud and befuddle the clear issue of constitution revision." These women, she added, "do their sex and profession very great disservice in stating that women's rights will be jeopardized under the new Constitution."

In a statement made public today by the New Jersey Committee for Constitutional Revision, Miss Walls said:

### Veteran's Situation

"Last year New Jersey newspapers were flooded with statements issued from hastily formed organizations purporting to register veterans' opposition to the rights of voters to decide whether or not they wanted to have their state Constitution revised. 'Let's wait for the boys to come home,' they chorused. This spurious emotional appeal was aimed at wives, mothers, sisters and sweethearts of service men, but voters rejected this brand of pseudo-patriotism by a substantial majority who favored doing their jobs on the home front. In effect, they were agreed that we should make every possible preparation for returning service men."

"This year the pattern is beginning to repeat itself. The master hand is now at work scaring wives, mothers and business women. The hastily formed organizations are beginning to spring up again. Misleading statements are beginning to issue from last year's opposition camp, but this time the theme seems to be 'Let's wait for the girls.' Certain professional women, lawyers notably, who should know better, are being used to cloud and befuddle the clear issue of constitutional revision. Whatever their motives or commitments, they do their sex and profession a very great disservice in stating that women's rights will be jeopardized under the new constitution. A careful examination will show that such a statement is not borne out by the facts. The broad declaration contained in Article I, the Bill of Rights, in our present Constitution has always been interpreted legally to include women. Very few state Constitutions express specific provisions concerning women. The New Jersey statutes enacted by legislation now in effect pertaining to women exclusively, remain not only secure, but by reason of the schedule included in the new document, their retention is beyond question."

### Equal Rights

"There is in this state a sincere and honest group of women who have been advocating a special equal rights amendment. Such an amendment, if included in a state Constitution, properly belongs in its Bill of Rights. Voters agreed last November on retaining our present Bill of Rights, and while the subject of a special equal rights provision was raised during public hearings on the proposed revision then pending before the Legislature, a very great majority of the 81 legislators wisely and quite properly agreed that the Foller Bill enjoined them from making additions to our present Bill of Rights. It is to their credit that they resisted pressure from special groups of all kinds.

"Now the honest proponents of an equal rights amendment are being put 'on the spot' by those who are

### NAMED CHAIRMAN

Harry F. Jones, of Riverton, has been named one of the nine regional chairmen in Burlington county for the National War Fund campaign, according to an announcement made last week.

The group will develop campaign leadership in the 40 communities of the county.

### Permanent Registration

According to Daniel M. Clifton, Riverton Borough Clerk, a considerable number of voters in the community have not been permanently registered.

Mr. Clifton states that, according to law, those not already permanently registered must do so by October 10 in order to vote at the General Election in November. He urges that this be done as soon as possible at his office, 504 Main street, Riverton.

### BLOOD FLOWN TO EUROPE TO SUPPLEMENT PLASMA

On the 80th birthday of the founding of the Red Cross, and in response to an urgent request from the Army and Navy, the American Red Cross now is providing whole blood for shipment by air to Europe to supplement the use of plasma, it was announced today by Basil O'Connor, Red Cross national chairman.

The first shipment was made one week after receipt of a letter from Major General Norman T. Kirk, surgeon general of the Navy, requesting that 1,000 pints of whole blood a day be procured in addition to the 100,000 pints a week already required for plasma.

With blood so urgently needed as well as blood plasma, will all of the readers going into Philadelphia for business, shopping or pleasure make an effort to visit the Red Cross Blood Donor base at 1424 Walnut Street and take the time to donate their blood for this vital service.

### SCHOOL REGISTRATION

All new pupils who wish to register for high school please do so on Friday, September 1, from 9 to 4 p.m.

Re-Examinations  
Re-examinations will be given in the high school on Friday, September 1st at 9 a.m.

A pupil who received "D" in a subject is eligible for a re-examination, provided he presents written evidence from an approved tutor, of having done twenty hours of work during the summer.

V. M. BROWER,  
High School Principal.

### GAS SHORTAGE HERE

At least three local stations were without gasoline early this week, while others still had a supply. The situation is expected to get worse before the end of the month.

The same situation prevails throughout the South Jersey and Philadelphia areas.

Government statistics show that there is one Federal employee for every 41 individuals in the country, according to the New Jersey Taxpayers Association.

Misleading the facts. These proponents also know full well that the new Constitution provides an easier amendment method. When sufficient interest and demand for action among women is secured, such an amendment will be far easier to obtain under the proposed Constitution than under the present one.

"Substantial non-partisan organizations, such as the League of Women Voters, have taken steps to clarify the issue to members and will go all out to debunk this new theme which looks suspiciously like 'Let's wait for the girls.'"

### NAMED JUDGE

Howard Eastwood

Governor Walter E. Edge announced last week that he has called a special session of the New Jersey Senate for Tuesday to receive and confirm his nomination of Senator Howard Eastwood of Burlington as a circuit court judge, to fill the vacancy created last September by the death of V. Claude Palmer of Moorestown.

This session convened on Tuesday and confirmed the appointment of Mr. Eastwood.

Eastwood, who has served three times as acting governor in the past few months during the absence of Governor Edge, will be forced to resign from the Senate in order to qualify for the judgeship. Governor Edge indicated yesterday that he called the special session of the Senate for the sole purpose of confirming Eastwood's nomination.

The appointment to the circuit court bench is for a seven-year term, and provides for a salary of \$16,000 annually. Confirmation of Eastwood's nomination is considered a foregone conclusion.

### Recognition

Eastwood's elevation to the bench comes as a reward for his outstanding accomplishments and leadership in the legislature. He was admitted to the Bar of New Jersey as an attorney at law in June, 1908, and as a counselor at law in June, 1911. He is a Supreme Court Commissioner and a Special Master in Chancery. For several years he served as a member of Common Council and the Board of Education in Burlington. He served two terms as Prosecutor of the Pleas for Burlington county from April 7, 1930, to April 7, 1940. He is now serving his second term in the Senate.

### Stimulus to Race

The appointment of Senator Eastwood to the judgeship comes as no surprise to his many friends in Burlington county. His elevation to the bench has been considered a certainty for many months, and the only doubtful factor was when it would take place.

Eastwood's resignation from the Senate just at this time will create an unusual situation in the coming General Election. It will be necessary for the Republican County Committee to select a candidate to seek election to his unexpired term in the Senate. According to the most reliable reports, Assemblyman Arthur W. Lewis, of Riverton, will be selected as the candidate.

### Second Vacancy

Lewis' resignation as assemblyman will leave another opening on the ballot for the County Committee to fill.

### TRUCK HITS CAR

Early Sunday morning of this week, a truck driven by Robert Fitzgerald, of Parkville, Md., and owned by the Brooks Transportation Co., Richmond, Va., hit a car driven by Howard Forsythe, of Moorestown. The crash occurred at Five Points and both vehicles were going in the same direction on Route 25 at the time.

Bertha Forsythe was taken to the Zurburg Memorial Hospital in the Palmyra ambulance for treatment. Chief Erich Veitenheimer, of Cinnaminson conducted an investigation.

## SECOND BLAZE

The second house to be destroyed on Monday of this week was located on Snowden avenue, East Riverton, the middle of three frame bungalows on the west side of the street and occupied by the Gale and Morton families. The alarm came in for this fire shortly after 3 o'clock and was answered by the East Riverton and Riverton companies.

Despite a quick run by the apparatus, the entire rear portion of the dwelling was a roaring mass of flames when the firemen arrived. A line of 2½ inch hose was brought to play in quick order and two booster lines were also used. Due to the efficient work of the firemen the blaze was checked before the homes closely adjacent on either side were damaged. A backdraft was blowing at the time. All the houses in this section are of light frame construction.

### Started in Kitchen

The fire evidently started in the kitchen on the south side of the home and had been in progress for some time before being discovered by neighbors. None of the occupants were present.

It was after 4 o'clock before the firemen had extinguished the last embers.

Practically everything in the Morton side of the residence was a total loss and the entire rear portion was burned away.

The cause has not been determined but some sort of kitchen appliance is suspected.

### ORAM COMMISSIONED

Norman E. Oram, Navy Aviation Cadet, received his wings and commission as a Lieutenant recently at Selman Field, La.

Lt. Oram's home is in Cinnaminson.

### GAME HERE

The league leading Riverton A. A. Baseball team will play Medford at Memorial Park this Sunday afternoon at 2:45 o'clock.

Come out and support the boys who have made such a fine record this year.

Elm avenue, both sides R. R.  
Cross streets.

Trenton has been the seat of state government since November 25, 1790, when it was designated by an act of the Legislature, according to the New Jersey Taxpayers Association.

The Democrats have Stanley Ryba as their assembly candidate and it is a certainty that they will pick another party member for the senate slot on the ticket.

Friends are endeavoring to talk Former Judge Frank A. Hendrickson into the senatorial race but he is reported to be unimpressed with the idea although he may have a change of heart.

Regardless of the selections made by the two parties, this new development is certain to stimulate interest in the county campaign this fall.

## WRECKED BY FIRE

Six pieces of apparatus from Parry, Riverton and Palmyra sped to the scene of a fire shortly after 11 o'clock on Monday morning of this week. The blaze completely destroyed a two story dwelling located in Wrightsville, between Branch Pike and Church road.

The residence, which was occupied by the Fraser family and owned by Cinnaminson Township was completely burned out, with only portions of the wall and roof left standing. Practically all the furniture was lost.

The blaze, which is reported to have started from a defective chimney, had gained considerable headway before being discovered. The first firemen found the structure on fire from top to bottom.

### Spread Prevented

The Parry company had a line of 2½ inch hose from a nearby hydrant, but other pumps could not be used because of the fact that no other plugs were available. Booster lines augmented the Parry stream.

Effective work on the part of the firefighters prevented the flames from spreading to another dwelling nearby.

It was after noon before the blaze was finally extinguished.

### MATHEWS PLACED ON INACTIVE RESERVE

A change in policy of the War Department as set forth in Circular No. 206, dated May 24, 1944, has brought considerable satisfaction to at least one resident of Riverton.

Lieutenant Colonel Frank A. Mathews, Jr., of Bank avenue, a veteran of World War I, after having served almost fifteen years in the National Guard for almost fifteen years, was inducted with the 44th Division into the Federal Service in September of 1940. At the time Mathews was doing three jobs. He was Division Judge Advocate, Division Recruiting Officer and Division Public Relations officer. Then, suddenly, he was doing nothing. In fact he was out of the Army—completely out. He was retired without benefit of clergy or any other benefits. And, under the then existing regulations, he could never officially wear the uniform of the United States Army again.

Colonel Mathews went to Philadelphia Naval Hospital for a thirty day complete examination and observation. After receiving the final report from the Hospital he demanded a re-examination by the Army. He got it. But it did no good. He was still out. And so were thousands of other trained officers, relieved for similar and other minor physical disqualifications. By the then existing regulations (formulated during peace time for peace time purposes and not revised for war, these officers, physically unqualified for strenuous front line service, could not be used for any service for which they were otherwise physically, mentally and professionally qualified.

Now, under the new regulation, almost four years later, Mathews has just been again appointed and commissioned in the Army of the United States, effective August 14, 1944, as a Lieutenant Colonel, in the Inactive Reserve.

But, the Colonel says, anyhow it is a new start, and he might yet have the opportunity to serve his country after his many years of training.

The plain civilian sometimes finds it difficult to understand the ways of the Army.

### ALL-STAR GAME

Next Wednesday at 6 p.m. on the Palmyra field, the champion Unity outfit recruited from the other seven shoe team will oppose an All-Star team in the league.

An exceptional treat seems to be in store for the fans.

War Food Administration has been requested by War Production Board to accept a minimum of a million and a half pounds of flax from the common milkweed this year. This amount of material is needed to meet the requirements of the armed services for life jackets and other flotation equipment. He also stated that hawk flax, which has been used as a filler in life saving equipment, was formerly imported from the Dutch East Indies, and our source of supply has been cut off since the enemy occupation. Milkweed flax has been found to be the most satisfactory substitute.

Keynote Automobile Club, which has opposed the use in principle but which has consistently urged motorists to comply with the law's provisions, graciously issued statements classifying some of the problems which have arisen in connection with present sale of "new" stamps.

The Club said that when a motorist receives a summons for driving without the "new" stamps, he will

FOR THE STATE OF NEW JERSEY

## APPENDIX III LEGISLATIVE

**Section V**

1. The law of this State **Enacting Clause** shall begin in the following style: "Be it enacted by the Senate and General Assembly of the State of New Jersey,"

2. All bills for raising revenues shall originate in the General Assembly; but the Senate may propose or concur with amendments, as on other bills.

3. All bills and joint resolutions **Enactment** shall be read three times in each house, before the final passage thereof; and no bill or joint resolution shall pass unless there be a majority of all the members of each house present.

4. To avoid improper inferences which may result from intermingling in one and the same act such things as have no proper relation to each other, every law shall embrace but one object and that shall be expressed in its title. This paragraph, however, shall not be given effect to invalidate any law adopting or enacting a compilation, consolidation, re-arrangement or re-enactment of all or part of the statutory law.

5. No law shall be revived or amended by reference to its title only, but the act revived, or the section or sections amended, shall be inserted at length.

6. No act shall be passed which shall provide that any existing law, or any part thereof, shall be made or deemed a part of the act, or which shall enact that any existing law, or any part thereof, shall be applicable, except by inserting it in such act.

7. The statutory law shall be continuously revised by enactment, from time to time, of portions of such part thereof as need appear in a new act, and shall determine the law.

Legislative committee, designed to give all members law revision authority to examine all of the statutory bills recommended to the Legislature by the Legislative Council, as the Legislature, from time to time to the end as needed, the relationship shall be completely revised the relationship, upon recommendation of such where needed, at least once every twenty years.

**ARTICLE XI—SCHEMATA—Section 13**

{ "The Legislature, for every session from the year 1900 to 1920, shall have the right to make or to make, (1) in the case of the Federal Government, any amendments, laws, and the articles to make in relation to the articles

## WAR VETERAN ON HIGH SCHOOL STAFF

In September the following new teachers will begin their work in the Palmyra Public Schools:  
Harry W. Mills, Captain, United States Army, retired, of Abington, Pa., graduated from Penn Charter High School and Bucknell University, but due to there being so many ability. Mr. Mills was instructor in the Army Staff Schools after he had completed 26 months of combat service in Egypt, North Africa, and Italy. He was retired because of wounds received at Salerno. Mr. Mills was a 3 letter man at Bucknell, tucked away in a pocket, filled with better and encouragement how much All-Star team that played the Chicago Bears and Green Bay Packers. He also held the inter-collegiate championship for the discus. He will be so teach Problems of American Democracy, Sociology, and assist in coaching.

Wm. S. Lukens, of Doylestown, Pa., graduated from West Chester State Teachers College and has done graduate work at the University of Pennsylvania. Mr. Lukens' experience has been in Center Square, Pa., and Lansdowne, Pa. Mr. Lukens was very active in college. He was a member of the Student Government, Treasurer of the class, President of the Dramatic Group, Treasurer of the Student Activities Association, Varsity Soccer, and Varsity Club. His subjects will be Chemistry, Physics, and Photography.

Mrs. Margaret W. Weikert, of Haddonfield, N. J., graduated from Westmont High School, Johnstown, Pa., and Beaver College. She has done graduate work at the French Institute, Pennsylvania State College. Her experience has been in Abington Friends School and Jenkintown, Pa. Mrs. Weikert graduated with honors from Beaver College. She was President of the Dormitory Council, Member of the College Choir and Glee Club, and Dramatics Club, and worked as Assistant to the Dean of Students. Mrs. Weikert will teach French and English.

## ACTIVITIES OF ARMY NURSES' CORPS

Following are excerpts from a letter recently received by Mr. and Mrs. C. C. Seemuller, of Palmyra, from their daughter, Lieutenant Carlette S. Seemuller, a member of the U. S. Army Nurses' Corps:

Dear Mother and Dad:  
Well, I am still on detached service and working with patients when we have them. Yesterday we had an increase during the night and started the day with a bang. We filled their hungry mouths with food then started scraping off the dirt.

Next the whiskers came off and the dressings went on. In between, you find time to run around with a quart of pills and the hypodermic, while the Red Cross passes out tooth brushes, etc. We fed them again, recorded, tagged and shipped them off again. Then the work began to clean the ward, plus 50 beds to make. I must admit I had to leave some work for the night crew.

It has all been worth it. If nothing else, I have learned most certainly that a yank is a true soldier and has something of which no others can boast. He has a basic moral, infectious light humor and unfailing consideration for his neighbor. In so many patients you find a few lemons, of course, but I can truthfully say that I can't even place one clearly, even though I have run into a few.

Recently I learned another trick. "Alec," but just feed them, get them clean, take off the band and you have an angel. Can you imagine a soldier as an angel? Neither can I, but you get the general idea. When the girls came yesterday, I took them over to my ward. It includes a hospital ward and two hos-

**N.A.A.C.P. FORMS**  
YOUTH COUNCIL

On last Wednesday a group of forty young men and women met at the home of Mr. and Mrs. Andrew Wise, in East Riverton to lay the ground work for a County Youth Council. Mr. Wise, the president of the parent N.A.A.C.P., explained the work of the association and the particular work of the council.

The vacancies were caused when State Senator Howard Eastwood resigned to accept a judgeship. McCay, an attorney, with law offices in Mt. Holly, has been prominently identified with various municipal and county civic affairs. He had been borough attorney for Palmyra for a considerable period of time.

## DEWEY-BRICKER CLUB ORGANIZED

A Palmyra Dewey-Bricker Club was organized last Friday evening in a meeting of Republicans held at the Borough Hall.

Mayor John F. Ward opened the meeting as temporary chairman and expressed confidence of a Republican victory at the November election.

Officers were elected as follows: chairman, George N. Wimer; Mrs. John F. Ward and Mrs. Charles Stickney, vice-chairmen; Mrs. Edith Murray, secretary; and Edward Fry, treasurer.

Committees were appointed for each election district to encourage the registration of voters and prepare for an active campaign.

A meeting will be held in Palmyra Borough Hall on Friday evening of this week at 8 o'clock.

The speakers will be Assemblyman Arthur W. Lewis, of Riverton and Albert McCay.

## CINNAMINSON SCHOOL OPENS TUESDAY, SEPTEMBER 5TH

The Cinnaminson Township Public Schools will open Tuesday, September 5, at 9:00 o'clock. There will be a half-day session on Tuesday. Lunch may be purchased in the cafeteria, Wednesday, September 6th.

pit tents. As we went into the one tent there were four men in it. In 10 seconds the beds were nearly all full. The fellows came in under the sides which were rolled up and dove on their beds saying "Nurse, oh nurse, my stomach, etc. etc." There is no doubt that they were glad to see American women. They all started to talk and it was all we could do to get away. The men were the first patients the nurses had seen since they joined the unit at Camp Lee, Virginia.

McCAY FOR ASSEMBLY  
According to reliable information, Albert McCay, of Palmyra, will be the Republican candidate for member of the General Assembly at the coming November election. The same sources are confident that Arthur W. Lewis, of Riverton, will be the G.O.P. candidate for the State Senate. Final action will be taken, however, when the County Committee meets.

The vacancies were caused when State Senator Howard Eastwood resigned to accept a judgeship. McCay, an attorney, with law offices in Mt. Holly, has been prominently identified with various municipal and county civic affairs. He had been borough attorney for Palmyra for a considerable period of time.

PRICE FIVE CENTS

Prospective Labor Day train and stercity bus travelers had better cancel their plans unless their trips are directly connected with the war, Colonel J. Monroe Johnson, Director of the Office of Defense Transportation said this week.  
Extra Labor Day traffic, the ODT Director said, would swamp railroad facilities and subject all travelers to the ordeal of standing in closely packed aisles or waiting on station platforms while trains pull out without even space to stand in.

The very fruit of the gospel is aspiration. It is to the heart what spring is to the earth, making every root, and bud, and tough desire to be more.—H. W. Beecher.

## NO TIRES FOR TRUCK

The seriousness of the tire situation in respect to trucks is well exemplified by an example in Riverton, where one of the fire company pumps has been out of service for some time because of a blowout. It has been impossible to secure a replacement for this tire, which cannot be repaired.

Realizing that the rubber on this piece of equipment was in bad shape, the fire committee of borough council has endeavored to secure new tires for several months, but has been unsuccessful.

It is indeed fortunate that the fire company has another pumper, otherwise the community would be in bad shape in case of a blaze.

The Riverton Public School will open September 11th. New pupils may enroll Wednesday, Thursday and Friday, September 6, 7, and 8, between the hours of 10 and 3. Birth certificates and vaccination certificates must be presented when children are enrolled in school for the first time.

A child to enter kindergarten must be five years of age on or before October 1st, and must be enrolled during the first two weeks of school. No child will be admitted to the kindergarten after September 25th. We urge that new pupils enroll the week previous to the opening of school to avoid inconvenience and delay for parents.

**CAROLINE M. STAMAN,**  
Supervising Principal.

**LEWIS PROMOTED**  
John R. Lewis, 28 years old, 301 Park avenue, Riverton, a B-17 Flying Fortress pilot, has been promoted from Second Lieutenant to First Lieutenant.

Lt. Lewis attended George High School, Pennsylvania, Oberlin College, Ohio, and the University of Southern California. He was employed in Animation Movies in Hollywood, California.

He entered the Army May 19, 1942, and was commissioned a 2nd Lt. upon completion of pilot training at Fort Sumner, New Mexico, October 1, 1943. He was promoted to 1st Lt. July 24, 1944. He has completed 11 combat missions over enemy occupied territory.

He is the son of Mr. and Mrs. Clement B. Lewis of Riverton.

**KINSEY A MAJOR**  
William P. Kinsey, son of Mr. and Mrs. E. M. Kinsey, Moorestown, formerly of Riverton, has been promoted from Captain to the rank of Major in the U. S. Army Air Force.

Major Kinsey, who is stationed in England, is the executive officer of a squadron in a troop carrier group. He entered the Army three and a half years ago as a private.

All the strength and force of man comes from his faith in things unseen. He who believes is strong; he who doubts is weak.

WAR VETERAN ON  
HIGH SCHOOL STAFF

In September the following new teachers will begin their work in the Palmyra Public Schools.  
Harry W. Mills, Captain, United States Army, retired, of Abington, Pa., graduated from Penn Charter High School and Bucknell University. Mr. Mills was instructor in the Army Staff Schools after he had completed 26 months of combat service in Egypt, North Africa, and Italy. He was retired because of wounds received at Salerno. Mr. Mills was a 3 letter man at Bucknell. He was also a member of the Army All-Star team that played the Chicago Bears and Green Bay Packers. He also held the inter-collegiate championship for the discus. He will teach Problems of American Democracy, Sociology, and assist in coaching.

Wm. S. Lukens, of Doylestown, Pa., graduated from West Chester State Teachers College and has done graduate work at the University of Pennsylvania. Mr. Lukens' experience has been in Center Square, Pa., and Lansdowne, Pa. Mr. Lukens was very active in college. He was a member of the Student Government, Treasurer of the class, President of the Dramatic Group, Treasurer of Student Activities Association, Varsity Soccer, and Varsity Club. His subjects will be Chemistry, Physics, and Photography.

Mrs. Margaret W. Weikert, of Haddonfield, N. J., graduated from Westmont High School, Johnstown, Pa., and Beaver College. She has done graduate work at the French Institute, Pennsylvania State College. Her experience has been in Abington Friends School and Jenkintown, Pa. Mrs. Weikert graduated with honors from Beaver College. She was President of the Dormitory Council, Member of the College Choir and Glee Club, and Dramatics Club, and worked as Assistant to the Dean of Students. Mrs. Weikert will teach French and English.

ACTIVITIES OF  
ARMY NURSES' CORPS

Following are excerpts from a letter recently received by Mr. and Mrs. C. C. Seemuller, of Palmyra, from their daughter, Lieutenant Carlette S. Seemuller, a member of the U. S. Army Nurses' Corps:

Dear Mother and Dad:  
Well, I am still on detached service and working with patients when we have them. Yesterday we had an increase during the night and started the day with a bang. We filled their hungry mouths with food then started scraping off the dirt. Next the whistlers came off and the dressings went on. In between, you find time to run around with a quart of pills and the hypos, while the Red Cross passes out tooth brushes, etc. We fed them again, recorded, tagged and shipped them off again. Then the work began to clean the ward, plus 50 beds to make. I must admit I had to leave some work for the night crew.

It has all been worth it. If nothing else, I have learned most certainly that a yank is a true soldier and has something of which no others can boast. He has a basic moral, infectious light humor and unflinching consideration for his neighbor.

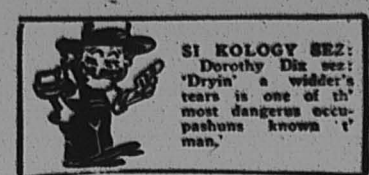

In so many patients you find a few lemons, of course, but I can truthfully say that I can't even place one clearly, even though I have run into a few.

Recently I learned another trick. "Alec," but just feed them, get them clean, take off the band and you have an angel. Can you imagine a soldier as an angel? Neither can I, but you get the general idea.

(When the girls came yesterday, I took them over to my ward. It includes a hospital ward and two hos-

## McCAY FOR ASSEMBLY

According to reliable information, Albert McCay, of Palmyra, will be the Republican candidate for member of the General Assembly at the coming November election. The same sources are confident that Arthur W. Lewis, of Riverton, will be the G.O.P. candidate for the State Senate. Final action will be taken, however, when the County Committee meets.

The vacancies were caused when State Senator Howard Eastwood resigned to accept a judgeship. McCay, an attorney, with law offices in Mt. Holly, has been prominently identified with various municipal and county civic affairs. He had been borough attorney for Palmyra for a considerable period of time.

## NO TIRES FOR TRUCK

The seriousness of the tire situation in respect to trucks is well exemplified by an example in Riverton, where one of the fire company pumpers has been out of service for some time because of a blowout. It has been impossible to secure a replacement for this tire, which cannot be repaired.

Realizing that the rubber on this piece of equipment was in bad shape, the fire committee of borough council has endeavored to secure new tires for several months, but has been unsuccessful.

It is indeed fortunate that the fire company has another pumper, otherwise the community would be in bad shape in case of a blaze.

## DEWEY-BRICKER CLUB ORGANIZED

A Palmyra Dewey-Bricker Club was organized last Friday evening in a meeting of Republicans held at the Borough Hall.

Mayor John F. Ward opened the meeting as temporary chairman and expressed confidence of a Republican victory at the November election.

Officers were elected as follows: chairman, George N. Wimer; Mrs. John F. Ward and Mrs. Charles Stickney, vice-chairmen; Mrs. Edith Murray, secretary; and Edward Fry, treasurer.

Committees were appointed for each election district to encourage the registration of voters and prepare for an active campaign.

A meeting will be held in Palmyra Borough Hall on Friday evening of this week at 8 o'clock.

The speakers will be Assemblyman Arthur W. Lewis, of Riverton and Albert McCay.

CINNAMINSON SCHOOL  
OPENS TUESDAY,  
SEPTEMBER 5TH

The Cinnaminson Township Public Schools will open Tuesday, September 5, at 9:00 o'clock.

There will be a half-day session on Tuesday. Lunch may be purchased in the cafeteria, Wednesday, September 6th.

pit tents. As we went into the one tent there were four men in it. In 10 seconds the beds were nearly all full. The fellows came in under the sides which were rolled up and dove on their beds saying "Nurse, oh nurse, my stomach, etc. etc." There is no doubt that they were glad to see American women. They all started to talk and it was all we could do to get away. The men were the first patients the nurses had seen since they joined the unit at Camp Lee, Virginia.

The marriage of Miss Katherine Elwell, daughter of Mr. and Mrs. Francis Bolton Elwell, of New York City, formerly of Riverton, and Lt. Haskell Noyes, Jr., USMCR, son of Mr. and Mrs. Noyes, of Milwaukee, Wis., will take place this Saturday, September 2, at 6 p.m., in Calvary Presbyterian Church, Riverton with the Rev. Robert B. Stewart, pastor of the church, officiating. A reception at Riverton Country Club will follow the ceremony.

The Elwells, who now reside in New York City during the winter months, will come here from their summer home at Branford, Connecticut for the ceremony, having opened their Riverton residence on Main street last week.

## NO DATE SET

Although steady progress has been made on the construction of the Riverton Honor Roll, no date has yet been set for the dedication ceremonies due to the fact that the arrival of the granite globe which dominates the central portion of the structure is still uncertain.

Appropriate exercises are being planned when the project is completed.

RIVERTON SCHOOL  
OPENS SEPTEMBER 11

The Riverton Public School will open September 11th.

New pupils may enroll Wednesday, Thursday and Friday, September 6, 7, and 8, between the hours of 10 and 3. Birth certificates and vaccination certificates must be presented when children are enrolled in school for the first time.

A child to enter kindergarten must be five years of age on or before October 1st, and must be enrolled during the first two weeks of school. No child will be admitted to the kindergarten after September 25th.

We urge that new pupils enroll the week previous to the opening of school to avoid inconvenience and delay for parents.

CAROLINE M. STAMAN,  
Supervising Principal.

## LEWIS PROMOTED

John R. Lewis, 28 years old, 301 Park avenue, Riverton, a B-17 Flying Fortress pilot, has been promoted from Second Lieutenant to First Lieutenant.

Lt. Lewis attended George High School, Pennsylvania, Oberlin College, Ohio, and the University of Southern California. He was employed in Animation Movies in Hollywood, California.

He entered the Army May 19, 1942, and was commissioned a 2nd Lt. upon completion of pilot training at Fort Sumner, New Mexico, October 1, 1943. He was promoted to 1st Lt. July 24, 1944. He has completed 11 combat missions over enemy occupied territory.

He is the son of Mr. and Mrs. Clement B. Lewis of Riverton.

## KINSEY A MAJOR

William P. Kinsey, son of Mr. and Mrs. E. M. Kinsey, Moorestown, formerly of Riverton, has been promoted from Captain to the rank of Major in the U. S. Army Air Force.

Major Kinsey, who is stationed in England, is the executive officer of a squadron in a troop carrier group. He entered the Army three and a half years ago as a private.

All the strength and force of man comes from his faith in things unseen. He who believes is strong; he who doubts is weak.

### OBITUARY

**MRS. PAUL P. ACKERMAN**  
Mrs. Paul P. Ackerman passed away on Wednesday, August 23rd, at Wyncote, Pa., after a long illness. Mrs. Ackerman spent the past few years with her daughter, Mrs. Mollet, but most of her friends remember her as having lived with her sister, Mrs. Wm. H. Taplin here in Riverton. Her cheerful spirit and friendliness endeared her to all who knew her.

Always interested in Church work she was active in the Missionary and Ladies Aid Societies of Calvary Presbyterian Church. She also taught in the Sunday School and was pianist for the Ladies Aid.

Mrs. Ackerman was especially interested in the young people and was a great help in the support and encouragement of the Christian Endeavor Society.

She was also a member of the Porch Club in Riverton.

Besides her daughter, Mrs. Mollet, Mrs. Ackerman is survived by a son in Rochester, N. Y.

### JOHN FREDERICK BAUER

Services were held Wednesday, August 30, at 2 p.m. for John Frederick Bauer, who died at his home, Burlington Pike, Cinnaminson, on August 27th.

Interment was in Morgan Cemetery, with Rev. Harke officiating. Mr. Bauer was for many years a resident of Cinnaminson and a charter member of the Moravian Church. He is survived by three children, John G. Bauer, of Cinnaminson, Walter W. of Burlington and Gertrude M. Choyce, of Parry; also nineteen grandchildren and eleven great grandchildren.

### TWO WOUNDED

According to a War Department report issued on Monday of this week, two Palmyra men have been wounded in action.

They are Pfc. Joseph E. Fitzpatrick, 305 W. Broad street and Corporal E. B. Shaner, of Lincoln avenue.

The employe list of the War Manpower Commission numbered 25,615 civilians on March 31, 1944, says the New Jersey Taxpayers Association.

### SAVE MORE PAPER

Citing reports of the seriousness of the waste paper shortage, State Defense Director William A. Wachenfeld today appealed for greater cooperation on the part of the public in the collection of waste paper.

"Although the Army and Navy are making increased demands for supplies that are shipped in paper containers, several of the country's largest mills, manufacturing these containers, located here in New Jersey, were forced to shut down because their stocks of waste paper were depleted," he said.

He called attention to the report of a trade paper that "waste paper is so scarce in the East that for the first time during the tight conditions in waste paper for many months past mills have been unable to secure stock to keep operating. Despite reports to the contrary, the fact remains that waste paper stocks are now scarcer in the East than at any time in recent months."

Supplies, many of which are packaged in paper containers, must reach the men fighting in the front lines, vance nearer to Germany and Japan, Wachenfeld said. As the armies add the demand for supplies increases and consequently the need for waste

paper grows more pressing.

Besides appealing to the public to salvage every scrap of paper, he urged Defense Councils and Salvage chairmen to redouble their efforts to collect it. He pointed out that many communities are doing a "swell job" and are to be commended. There are others, however, that have failed to put forth as great an effort as they should.

"Waste paper is the No. 1 critical

**TOLL-TAX**  
Atlantic City's Planning Board proposal to penalize by a toll-tax the millions of motorists from this and other states whose patronage is essential to its continued prosperity

and greatness is assailed by the Keystone Automobile Club as a "psychological boomerang."

"The great resort," says a Club statement, "has achieved its popularity through the power of advertising—good advertising. It would indeed be unfortunate if the title 'World's Playground' were changed in the public mind to 'Only Toll City in the World.'"

"Even the pious promise of the Planning Board that the revenue from automobile tolls would be used for municipal improvements and public works can scarcely be expected to popularize the idea of paying a 25-cent toll before entering the city. Motorists are long-suffering and submit to a lot of pushing around without undue grumbling, but we believe they would show bitter resentment toward any toll charge for the privilege of entering a city which can't remain a successful resort without their patronage."

"The Planning Board obviously overlooked advertising counsel in making its proposal. Psychologically, it has hurled a boomerang."

Confidence imparts a wondrous inspiration to its possessor.—It bears him on in security either to meet no danger, or to find matter of glorious trial.—Milton.

### BRIEF ITEMS from ABOUT TOWN

William Rodney Sims, 1-c, son of Mr. and Mrs. Charles Sims, of Riverton, has completed the course of training in the Aviation Radioman School at Memphis, Tennessee.

J. Dawson Ransome, son of Mr. and Mrs. P. A. Ransome, Golf Rd., Riverton, will graduate September 6 from Blythe Field, Ark., as Flight Officer in the Air Transport Command.

Before entering this special service Ransome was civilian instructor for several months.

He obtained some of his early training and experience at the Palmyra Air Field.

Miss Marilyn Yost is the guest of her sister-in-law, Mrs. John Yost, at Buck Hill Falls, Pa.

2-Lieut. Yost, U. S. Navy, is on active duty in the South Pacific.

Word has been received that James T. Wilson, 26-year-old son of Mr. and Mrs. Winfield Wilson, of Golf Road, has been promoted to the rank of Lieut. Colonel.

Lt. Col. Wilson, who is in command of a bomber squadron, has been overseas many months, having completed some 70 missions. He has received the Distinguished Service Medal and the Oak Leaf Cluster. This young man is one of four brothers, all of whom are in the service.

Ernest L. Ransome III, youngest son of Mr. and Mrs. P. A. Ransome, of Golf Road, has enlisted in the U. S. Marine Corps and is awaiting orders.

Mr. Raymond Jenkins of Prince Edward Island, Canada, is the guest of Mrs. Joseph Siddall, of Lippincott avenue, Riverton.

Mr. Howard Kilborn and Mrs. Alice Collins Paulus announce their marriage which took place August 4th in the Presbyterian Church, Rev.

erty, the Rev. James Hawley Randall officiating at the ceremony.  
Mr. and Mrs. Kilborn are now residing in Southport, Conn.

### YOUR GARDEN THIS WEEK By A. C. McLean

Aside from the division and transplanting of early blooming hardy perennials, garden chores at the present time consist mainly of maintenance work.

One of the most important of these maintenance jobs is removing all weeds to prevent the formation of seeds—and more weeds next season.

Close adherence to the garden's spraying schedule is also essential these late summer days. Keep your will keep down fungus diseases. Late summer spraying pays good dividends in the reduction of the following year's growth of fungus.

Fungi are parasitical plants, living on other plants, and their further propagation depends upon their perfecting their seeds and spores. Continuous spraying keeps fungi from developing, particularly such fungi as mildew and black spot of roses.

Where black spot has invaded rose beds, the infestation can be greatly reduced by thoroughly spraying or dusting for one season, and by destroying all leaves which show any spots.

If this is done with due care, additional treatment will probably not be necessary in subsequent seasons. Spraying is a preventive program, however, and once plant diseases make any headway in a plant they seldom can be cured. Two of the most important factors in plant disease control are garden sanitation, including the burning of leaves, and preventive measures such as the spraying and dusting just discussed.

**LEADERS LOSE**  
The two leading contenders for the Burlington County League championship, Riverton A. A. and Beverly A. C., felt the stink of defeat in games Sunday afternoon.

Riverton, in first place, dropped a close 4-3 verdict to Medford, at Riverton, while Beverly went under to Roebbing, 9-7, in the first game of the afternoon.

In another tussle, Palmyra and Mt. Holly traveled 11 innings before the former scored three times in the second overtime frame to triumph, 6-5, at the loser's field.

After a shaky start Eddie Durand settled down and held Riverton scoreless for eight rounds. His mates solved "Whitey" Benbow for three tallies in the fifth to merit a one-run advantage which proved the winning advantage.

It was the ninth loss against 19 wins for Riverton, which leads Beverly by a full game.

Roebbing outlasted Beverly in the opener, tabbing nine runs on 14 safeties, but the latter came back in the nightcap, tabbing ten runs in the opening three rounds, to turn the battle into a romp.

Three single a walk and a fielder's choice netted the "Pala" their three runs in the eleventh as Mike Yansick and O'Brien shared hill honors to outlast Berry and Scott, the latter taking the hill in the tenth.

It is wonderful what strength of purpose and boldness and energy of will are caused by the assurance that we are doing our duty.—Scott.

### BURLINGTON COUNTY ORPHANS' COURT

In the matter of the Estate of JAMES L. JAMES, Deceased.  
On Petition for Sale of Lands Under a Will.

ORDER TO SHOW CAUSE  
Lilmon H. Ransome, Jr. and Frank R. James, administrators of the estate of James L. James, deceased, having caused to be filed in the Orphans' Court of the County of Burlington, a petition for the sale of the real estate and debts of said intestate, whereby it appears that the personal estate of said James L. James, deceased, is insufficient to pay his debts and requesting the aid of the court in the premises.

It is thereupon on this 20th day of July, 1944, ORDERED that all persons interested in the lands, tenements, hereditaments and real estate of the said James L. James, deceased, appear before this court at the Court House in Mt. Holly on the 28th day of September 1944, at 10 A.M. next, to show cause why so much of the said lands, tenements, hereditaments and real estate of the said James L. James, deceased, should not be sold as will be sufficient to pay his debts.

It is further ordered that this order be published in The New Era, one of the newspapers of the state, for six weeks at least once in each week.

According to Daniel M. Clifton, Riverton Borough Clerk, a considerable number of voters in the community have not been permanently registered.

Mr. Clifton states that, according to law, those not already permanently registered must do so by October 10 in order to vote at the General Election in November. He urges that this be done as soon as possible at his office, 504 Main street, Riverton.

### EASTWOOD TO BE SWORN AS JUDGE

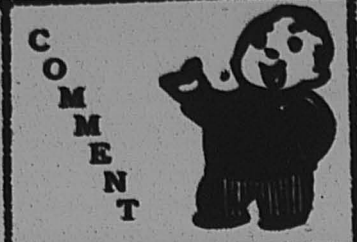

Former Senator Howard Eastwood, of Burlington, will be sworn in as Circuit Court Judge this Thursday afternoon in the Court House at Mount Holly.

The ceremony will be held at 3:00 o'clock.

A large number of Judge Eastwood's friends are expected to be on hand to honor him on this occasion.

There are two more Circuit Court Judges in South Jersey, Judge Albert Burling and Judge Samuel Shay. A decision will be made later as to counties over which each will preside.

Faith marches at the head of the army of progress.—It is found beside the most refined life, the freest government, the profoundest philosophy, the noblest poetry, the purest humanity.—T. T. Munger.

The stuff put out daily by Hitler's propagandists is almost too sickening to be even funny. The Germans never lose anywhere—ever.

For example, on Monday of this week when the Allies were sweeping on every front, the daily German communique read in part:

"The Allied attacks collapsed everywhere (Rouen)—renewed enemy attacks were frustrated (Elbeuf)—enemy attacks were checked in a counter-attack (near Paris)—counter-attacks were making good progress (Hungary)—Soviet attacks were foiled, etc., etc."

29,000 PASSENGER  
AUTOMOBILES  
SCRAPPED WEEKLY

The country's private passenger cars are moving into the scrap heaps at a rate which demands the strictest observance of every type of conservation measure to prevent disruption of essential local wartime transportation, the Office of Defense Transportation reported this week.

No new cars have been produced for over two years and it is estimated that 1,500,000 will be returned this year, the ODT said.

#### NO ENCROACHMENT ON LOCAL GOVERNMENT

A policeman without a weapon, or a surgeon without a sharp knife, are likened to a governor without sufficient power to administer the state government, by Walter J. Bider, prominent Newark lawyer, in a statement released today by the New Jersey Committee for Constitutional Revision.

New powers and responsibilities given the governor of New Jersey by the proposed revised Constitution, will not encroach on powers of local governments, but will make the governor the real captain of the Ship of State, Bider pointed out.

"New responsibility and powers which the proposed revised Constitution will give the governor of New Jersey do not increase the total power which the State government has at present, but merely reallocate a portion of that power in such a way as to enable the government to function more adequately, more efficiently and more responsibly," said Bider.

## ARTICLE III—Sections VI and VII (with part of Schedule\*)

# Revised Constitution

## FOR THE STATE OF NEW JERSEY

To Be Voted Upon as a Whole by the Voters of New Jersey at the General Election, Nov. 7, 1944

ARTICLE III  
LEGISLATIVE  
SECTION VI

**Legislative Appointments** 1. Neither the Legislature nor either house thereof shall elect or appoint any executive, administrative, or judicial officer, except as expressly provided in this Constitution.

**Divorce** 2. No divorce shall be granted by the Legislature.

**Laws Prohibited** 3. The Legislature shall not pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts, or depriving a party of any remedy for enforcing a contract which existed when the contract was made.

**Parimutuel Betting** 4. It shall be lawful to hold, carry on, and operate in this State race meetings whereat the trotting, running or steeplechase racing of horses only may be conducted between the hours of sunrise and sunset on week days only and in duly legalized race tracks, at which the parimutuel system of betting shall be permitted. No lottery, roulette, or game of chance of any form shall be authorized by the Legislature in this State, and no ticket in any lottery shall be bought or sold within this State, or offered for sale; nor shall pool-selling, bookmaking, or gambling of any kind be authorized or allowed within this State, except parimutuel betting on the results of the racing of horses only, from which the State shall derive a reasonable revenue for the support of government; nor shall any gambling device, practice, or game of chance, or parimutuel betting thereon now prohibited by law, except as herein stated and otherwise provided, be legalized, or the remedy, penalty, or punishment now provided therefor be in any way diminished.

**Zoning** 5. The Legislature may enact general laws under which municipalities, other than counties, may adopt zoning ordinances limiting and restricting to specified districts and regulating therein, buildings and structures according to their construction, and the nature and extent of their use and the nature and extent of the uses of land. The exercise of such authority shall be deemed to be within the police power of the State and such laws shall be subject to repeal or alteration by the Legislature.

**Protection of Public Improvements** 6. Any agency or political subdivision of the State or any agency of a political subdivision thereof, which is

empowered to take or otherwise acquire private property for any public highway, parkway, place, improvement, or use, may be authorized by law to take or otherwise acquire the fee or any lesser interest, and may be authorized by law to take or otherwise acquire a fee in, easements upon, or the benefit of restrictions upon, abutting property to preserve and protect the public highway, parkway, place, improvement, or use; but such taking shall be with just compensation.

**Education** 7. The Legislature shall provide for the maintenance and support of a thorough and efficient system of public free schools for the instruction of all children in this State between the ages of five and eighteen years. The fund for the support of public free schools, and all money, stock and other property, which may hereafter be appropriated for that purpose, or received into the treasury under the provision of any law heretofore passed to augment the said fund, shall be securely invested, and remain a perpetual fund; and the income thereof, except so much as it may be judged expedient to apply to an increase of the capital, shall be annually appropriated to the support of public free schools, for the equal benefit of all the people of the State; and it shall not be competent for the Legislature to borrow, appropriate, or use the said fund or any part thereof, for any other purpose, under any pretense whatever.

**Private, Special and Local Laws** 8. No general law shall embrace any provision of a private, special, or local character. The Legislature shall not pass any private, special, or local laws:

- (1) Authorizing the sale of any lands belonging in whole or in part to a minor or minors or other persons who may at the time be under any legal disability to act for themselves.
- (2) Creating, increasing, or decreasing the emoluments, term, tenure or pension rights of public officers or employees.
- (3) Relating to taxation or exemption therefrom except as expressly provided in this Constitution.
- (4) Laying out, opening, altering, and working roads or highways.
- (5) Vacating any road, town plot, street, alley or public grounds.
- (6) Regulating the internal affairs of municipal corporations, formed for local government, and counties; appointing

local officers or commissions to regulate municipal affairs.

- (7) Selecting, drawing, summoning, or impaneling grand or petit jurors.
- (8) Changing the law of descent.
- (9) Granting to any corporation, association or individual any exclusive privilege, immunity or franchise whatever.
- (10) Granting to any corporation, association or individual the right to lay down railroad tracks.

- (11) Providing for changes of venue in civil or criminal cases.
- (12) Providing for the management and support of public free schools.

The Legislature shall pass general laws providing for the cases enumerated in this paragraph, and for all other cases which, in its judgment, may be provided for by general laws. The Legislature shall pass no special act conferring corporate powers, but shall pass general laws under which corporations may be organized and corporate powers of every nature obtained, subject, nevertheless, to repeal or alteration at the will of the Legislature.

**Notice of Private Laws** 9. No private, special, or local bill shall be passed, unless public notice of the intention to apply therefor, and of the general object thereof, shall have been previously given. Such public notice shall be given at such time and in such mode and shall be so evidenced and the evidence thereof shall be so preserved as may be provided by law.

**Payment for Property Taken** 10. Individuals or private corporations shall not be authorized to take private property for public use, without just compensation first made to the owners.

## SECTION VII

**State Militia** 1. The Legislature may provide by law respecting the enrolling, organizing, and arming of the militia, the appointment, terms of service, qualifications, and removal of its officers other than its commander-in-chief, and all other matters relating to the militia.

## ARTICLE XI—SCHEDULES—SECTION I

\*The "Schedule" provides for orderly transition from the old to the new Constitution. In the official text it appears as a single Article (XI) at the end of the Revised Constitution. For ready reference, however, the Schedule is being printed in appropriate parts with the Articles to which it relates.

2. All militia officers in office when this Constitution takes effect shall continue to exercise their respective commissions and powers until otherwise provided by law.

## Know Your Government

Eight New Jersey counties have decreased their total budget appropriations in 1944, compared to 1942, while total increases for the 21 counties amounted to \$889,365.27, according to a survey announced today by the New Jersey Taxpayers Association. The 21 counties appropriated \$30,905,694.16 this year, the survey disclosed.

Total budget appropriations represent the entire sum needed to conduct the county governments for the fiscal year, the Taxpayers Association pointed out. These budget appropriations include not only current operating costs, but debt service, such as interest and payment on principal of bonds and current loans and contingent appropriations. "A survey of the financial picture of the 21 counties discloses that while debt is being reduced, county governments generally have increased their operating expenses. Pay-

ments to reduce debt, combined with rising operating costs, are the factors causing increased total budget appropriations, and consequently tax rates have generally been increased. Two Views Offered

"The counties' financial picture offers two views. One, considerable progress toward lower taxation through reduction of debt; two, a failure, at the same time, to provide the greatest tax benefit to the citizens by reducing operating expenses and thereby lowering total appropriations.

"When reductions in debt are coupled with reductions in operating expenses tax rates will be brought to a lower level," the Taxpayers Association pointed out.

Only three of the state's nine largest counties show appropriation decreases. These are Hudson, \$1,092,630.44; Monmouth, \$132,733.30; Bergen, \$6,197.33. Essex County, with the biggest population, showed the greatest increase, \$982,325.49. Camden with an increase of \$227,404.38 and Union, \$189,962.37, followed.

Of the eight counties that made decreases in their appropriations in 1944, five have populations of less

than 150,000. Of these, Cape May showed the greatest drop, \$44,327.52, while Burlington was next, \$125,580.29. Others that reduced appropriations were Warren, \$58,936.85; Sussex, \$20,115.08; and Somerset, \$9,042.35.

Other county increases were Huntington, \$469,667.15; Mercer, \$155,614.59; Morris, \$146,689.20; Salem, \$97,652.31; Atlantic, \$67,002.84; Passaic, \$62,612.08; Gloucester, \$46,921.35; Ocean, \$37,733.84; Cumberland, \$21,364.71; Middlesex, \$18,095.25.

## ENGAGED

Commander Stuart Benson Clark, U.S.N.R., and Mrs. Clark, of Riverton, announce the engagement of their daughter, Miss Anne Glendinning Clark, to Ensign Gordon V. Brooks, U.S.N.R., son of the late Mr. and Mrs. Henry Stanford Brooks, of Hudson, N. Y.

Miss Clark, who is a graduate of the Agnes Irwin School, is a member of the Junior League. She made her debut in 1936. Ensign Brooks, who is a graduate of Phillips Academy, Andover, attended Yale University, class of 1940, and was grad-

uated from Middlebury College in 1941.

## ODT ANNOUNCES CHANGE IN METHOD OF HANDLING COAL SHORTAGES

The Office of Defense Transportation has announced that its district and local Solid Fuel Industry Advisory Committees will no longer estimate and report on coal shortages.

This work, it is said, will hereafter be performed by advisory committees set up by the Solid Fuel Administration for War.

This change is effected by an agreement between ODT and SFANY which relieves ODT committees of their emergency duties and permits them to devote full time to their normal function, which is concerned with the transportation of solid fuels.

## ABOUT TOWN

Harry Stack genial station-master at Riverton, is enjoying a two-weeks vacation with his family at the shore.

Lieut. and Mrs. J. G. Seemuller arrived home on a surprise 15-day leave. The bride is the former Miss Elizabeth McKeown.

Lt. Seemuller, pilot of a B-17 bomber, is the son of Mr. and Mrs. Charles C. Seemuller, 4th street, Riverton.

The leave having expired, the couple will leave Wednesday to return to Laredo, Texas.

Miss Clara L. Bishop has returned to her home on Thomas avenue, Riverton, after spending the month of August at Point Pleasant, Pa.

Mr. and Mrs. Harry E. Kenny, Thomas avenue, Riverton, and their two grandsons, Robert and Richard Smith, of Palmyra, returned on Sunday from Seaside.

A number of local residents who have been away for the summer will return this week-end to attend the Noyes-Elwell wedding, which will be one of the prominent social events of the summer season.

Mr. and Mrs. Victor Jensen, of E. Riverton, received a surprise phone call from their son, Ensign Earl Jensen, U. S. N., telling of his arrival in the United States on August 22.

Ensign Jensen is a fighter pilot and has seen action in the South Pacific for nearly a year, having completed sixty-five missions, with three zeros to his credit. He has been within 250 miles of Tokyo. He saved much of his 30-day leave by flying east, arriving here Friday, August 25, and home never looked so good. Happiness was complete last week-end for the Jensens when their sec-

ond son, Warren Jensen, F 1-c, arrived home from New London where he is attached to a submarine base.

Mr. and Mrs. Oscar F. Berger are receiving congratulations on the birth of a son, Robert Lawrence, at Zabrugg Memorial Hospital, August 20.

Second Lieutenant Thomas M. Parry, son of Mr. and Mrs. T. M. Parry, Riverton, has reported to Randolph Field as one of the expert pilots selected for training in AAF Central Instructors School.

Upon completion of a month's specialized training here, he will go to another field of the AAF Training Command to be an instructor of aviation cadets.

### WAGNER INDUCTED

Hal Wagner, of Riverton, catcher for the Boston Red Sox, was inducted into the Army on Monday of this week at Fort Devens, Mass.

He played in the first game of a double-header in Philadelphia Sunday and got two hits out of four trips to the plate. His batting average had gone up considerably since joining the Boston outfit.

## Studying a New World

Unsurpassed by any era in our history, the younger generations will find untold opportunities in the years to come.

The pre-requisite to a world at peace—a better understanding between individuals and nations—and an economically successful life for the individual, is

## Education

The youngster of today will be the oldster of the future. Therefore, parents should see—and that right early—that a fund is set up for the future education of their children so they may accept their share of the opportunities.
