Purchasing Report

Louis T. Klauder, chairman of the purchasing committee of the Burlington County Board of Freeholders, has issued the following report for 1946:

During the past two years the purchasing activities have been expanded to cover all purchasing, except food and medical supplies. This has resulted in a number of benefits to the County as follows:

It provides the mechanism by which the County can take bids and place contracts for the entire year's needs of the items which are used by more than one department. This enabled the County to save approximately \$15,000.00 in 1946, and also, to comply with the requirements of the law.

It provides the specialized personnel to efficiently handle the County purchasing, to locate hard to get items, and to expedite their delivery. The Committee's staff has built up a very valuable file of source of supply and prices of the commodities which the County must buy. This file not only assists the Committee in finding vendors, but also gives a constant check on prices, and indicates when it will be necessary to secure bids and place contracts. We estimate that this system saves the County at least \$10,000.00 in addition to the savings due to contracts, making a total savings of \$25,000.00.

The system provides the necessary double check on all purchasing to prevent a repetition of our recent experience with Mr. MacFarland's purchasing in the Road Department. Under the present system, both the Department head and the Purchasing Committee must be satisfied that the prices and quality are reasonable. In over two years of operation there has not been a single complaint, concerning the price or quality of the thousands of items which have been purchased by the Committee. In view of the difficulties in obtaining materials, during this period, we are extremely proud of this record.

CENTRAL BAPTIST CHURCH

Rev. S. Dan Morgan, Pastor
Palmyra, N. J.

While a resolution may be made at any time, the New Year seems to be the most appropriate. As we turn over the last page of the Old Year we are faced with a clear slate for the New. What will be recorded on that slate at the close of 1947 will be the result, in a large measure, of our resolutions adopted at the beginning. Whether in our business, social, private or church life, to be successful, there must be an objective. And to reach that objective one has to be determined or resolute. So it is the resoluteness in a person's make-up that prompts resolutions. Without resolutions our lives may float around like a boat without a rudder. Therefore, it behooves all of us to make resolutions if we are determined that our New Year will be happy. True happiness comes only when one betters himself by bettering the lives of others. "Central Baptist" suggests that good resolutions are better kept by receiving that courage and stamina that church attendance offers, and invites you to its services every Sunday throughout the year.

Bible School, 10:00 a.m.—Resolve now to be a "regular" at the school. Adult Men's Bible Class, 10:00 a.m.—Meeting in the church auditorium. Morning Worship, 11:15 a.m.—This will be the first Communion of the New Year. All members and friends in the Christian service are most cordially invited to participate in the sacred ordinance. The Pastor will have a short message on "Forward Into the Future." The choir's contribution in music to the service will be "Gloria in Excelsis," by Mozart.

B.Y.F., 6:45 p.m.—This group of young people meet for real inspiring Christian fellowship in the Sunday School auditorium.

Evening Worship, 7:45 p.m.—This service will mark the beginning of the week of Prayer and will be held in the Calvary Presbyterian church. Dr. Andrew W. Blackwood, Professor of Homiletics of Princeton Seminary, will bring the message. Every member of the communities is invited.

CALVARY PRESBYTERIAN CHURCH

The Rev. R. B. Stewart, Pastor

"Standing at the portal of the opening year,
Words of comfort meet us, hushing every fear;
Spoken through the silence by our Father's voice,
Tender, strong, and faithful, making us rejoice.

"He will never fail us, He will not forsake:
His eternal covenant He will never break;
Resting on His promise what have we to fear?
God is all-sufficient for the coming year."

It is with this strong assurance of the all-sufficiency of God for every human need and circumstance that we extend to all His children in the Calvary Church family and in our communities our best wishes for a happy and spiritually prosperous New Year.

Riverton A.A. Plans

In continuing its efforts to reorganize in the coming year, in order to attempt to build sports at Memorial Park in Riverton, the second meeting of the Riverton Athletic Association has been called for this Sunday. It is listed to start at 2 o'clock at the Riverton Fire House with a large number of Riverton civic and sport figures present.

An invitation is extended to all sport fans in Riverton to be present to aid in playing their own part, to build up sports once again at Memorial Park. In the summer months, crowds have always gathered to watch the clubs representing Riverton. It is with this thought in mind, that the committee and sports enthusiasts in Riverton, are helping the Riverton A.A. to reorganize its association. For it should be highly important to Rivertonians to get behind this movement.

The Riverton Baseball team is now planning for the future, in order to achieve another championship and have a successful season in the coming year.

A new manager will be at the head of the Riverton outfit during the coming baseball season, to Al Thomas. The first conference, several weeks ago as a result of movement by many sport fans in Riverton to build interest in sports at Memorial Park only. Through this funds will be raised to aid the local baseball team in sports at Memorial Park, N. J. Officers of the soft ball league operated so successfully in Riverton some ten years ago, along with many Riverton tennis fans were present at the last meeting.

A report on the operating cost of the Baseball team will be made by William Wittmeyer, treasurer of the Riverton A.A. The athletic association feels that there is excellent baseball talent in this area, during the season many of the youth are among the crowd. Instead of aiding the Riverton club in its victories. A good example is the number of baseball championships taken by Palmyra High School.

Some 30 sport fans and civic figures are assisting the club in its organization, headed by Albert C. Farrow. The Riverton Borough Council, and other civic organizations are invited to attend this meeting.

Earl Rotenbury, William McDermott, J. S. Bartley, George Bishop, Edson Carhart, C. W. Coward, Dunbar Hilton, Sidney Reynolds, Herbert Evans, William Gootee, and Councilman J. F. Jamison have been added to the committee to aid in the project. Hal Wagner and Sherman L. Stockton, president of the Burlington County Baseball League will be present.

TAXPAYER PROBLEMS

Citizens will have an unparalleled opportunity to "iron out" their taxpayer problems involving government and taxation at the "Taxpayers Clinic" which will feature the afternoon session of the 16th Annual Meeting of the New Jersey Taxpayers Association.

This was announced today by Walter T. Margette, Jr., President of the Association. The meeting is to be held Friday, January 10, at the Newark Athletic Club, afternoon and evening. Reservations point to capacity attendance at the Annual Banquet which will precede the evening program featuring principal addresses by Senator Chapman Revercomb of West Virginia, and Dr. George S. Benson of Harding College, said Mr. Margette, who will preside at the evening meeting.

In addition to the Taxpayers Clinic in the afternoon, Herbert J. Miller, Associate Director of Citizens National Committee, will report to taxpayers on the picture at the Nation's Capitol. A. R. Everson, Executive Vice President of the Taxpayers Association, will tell of "Citizens in Action," the story of organized taxpayer activity at the State and local levels of government.

Providing a unique "refresher" course for organized local taxpayer activity in the post-war period, the "Taxpayers Clinic" will include a panel discussion of such subjects as "Teachers Pension and Annuity Funds," "Costs of Public School Education," "Teachers Salaries," "Federal Bureaucracy and the Budget," and "Proposed State Legislation." Individual organization and taxpayer problems will be brought up for discussion during the period.

The Association's business meeting will open the afternoon session. This will include adoption of the 1947 Platform, the election of directors and presentation of the President's report. Donald R. Stevens, of Ridgewood, Past President of the Taxpayers Association, will preside during the afternoon.

ers Association, will preside during the afternoon.

SAVINGS AND LOAN ASSOCIATION REPORT

Total savings placed with New Jersey savings and loan associations during 1946 approximated 150 million dollars exceeding the 1945 record by 50 million dollars, Emil A. Gallman, Executive Vice President of the New Jersey Savings and Loan League, reported in a year end summary of association activities. This increase in savings activity brought with it a corresponding expansion of total assets of these institutions which at the year end are slightly in excess of 400 million dollars. On the basis of this record, Gallman reported, total savings and loan assets of half a billion dollars can be anticipated by the end of 1947.

The lending side of the business was equally as active with an estimated 25,000 loans for a total amount of 125 million dollars made to finance home purchase and home building in New Jersey. This lending volume is 53 million dollars greater than for the year 1945 and at the highest level since 1929.

Repayments on mortgage loans were also heavy during the year, totaling almost 70 million dollars as compared with 55 million for 1945. These repayments represent monthly payments in reducing the outstanding debt against the homes of the 75,000 home owners that are being financed by New Jersey savings and loan associations as well as complete repayments in advance of contracted term.

Trials teach mortals not to lean on a material staff, a broken reed, which pierces the heart. We do not half remember this in the sunshine of joy and prosperity.

—Mary Baker Eddy.

"I'VE ALWAYS LOVED YOU" AT BROADWAY

Friday and Saturday, January 3-4, the Broadway happily presents one of the most glorious and outstanding features of the year, "I've Always Loved You," starring the new and sensationally beautiful, Catherine McLeod, with Philip Dorn. They are romantically cast as the great lovers in this charming love story which is enhanced by music of the masters and artistically recorded by that eminent pianist, Artur Schnabel.

MILK IS A VALUABLE FOOD

MILK is Nature's own food. It is a complete food since it contains all of the food elements except iron. It is our cheapest good food. For most persons it is most easily digested. The excretion of the wastes which it leaves irritates the kidneys less than that of any other protein food.

Milk is the best source of the life-giving vitamins. It contains more lime than lime water and so it is a good bone and tooth builder. It has the effect of purifying the bowel and driving out harmful bacteria. Its use overcomes the tendency to harmful acid formation in the body.

Milk is used in the preparation of the serving of more foods than any other ingredient except water and salt. Since it is largely made up of water it will, in large measure, take the place of the five to eight glasses of water that we are told to drink daily. It is the basis of a great number of special diets for malnutrition, tuberculosis, gastric ulcer, Bright's

PRELUDE TO ACCIDENT—
Injury ---- Death!

Every violation of the center line of safety is a potential prelude to accident.

Crossing into the danger zone can occur at the approach to the top of a hill—on a curve—going into an underpass, or even on the straight highway. That's reckless, dangerous driving! Accident records show that about one half of all fatal traffic accidents result from bad driving habits such as these.

It's your responsibility to yourself, your family and to others who share the road to avoid these "Pass-Poachers" where lurk injury—and death.

Don't let impatient driving tag your conscience with being one of those who contributed to the maiming or death of the hundreds of thousands who will be auto accident victims this year.

You can be a safe driver if you will. It's up to you.

SAFETY CAMPAIGN

In a New Year's message to the membership, J. Maxwell Smith, president of Keystone Automobile Club, strongly urges a "campaign by example" in the interest of highway safety.

"I would like," he said, "to make

a frank statement on a subject I think we all can agree upon in principle and which I most sincerely hope we can agree upon in practice. It is simply this:

"Regard the Keystone emblem on your car as a badge of honor and drive at all times with such close observance of traffic rules and good safety practices that the Keystone emblem and highway safety will be synonymous."

"Think what a tremendous impetus could be given to safe driving with upward of 100,000 cars bearing the Club emblem blazing the trail. It is a great opportunity. As a 21-year member said to us recently: 'We've

got to personalize safety—bring it right to the individual driver, instead of generalizing, and there is no better way to do this than by appealing directly to every Keystone member to show such respect for the emblem that the public will come to regard Keystone as the outstanding exponent of highway safety in the nation.

"We share his hopes and enthusiasm. Keystone members can make a dent—and a mighty one—on the public consciousness by giving leg-

ions in road courtesy to their fellow motorists."

DELAY AND FEAR: CANCER'S ALLIES

THOUSANDS of persons die annually from cancer who would have been saved were it not for delay, fear, superstition, quackery or ignorance. Actually, cases of cancer are being cured every day of the year.

Cure rests on early recognition of symptoms. Better suspect you have cancer and be assured that you don't than to be told that you are beyond help because you have delayed too long.

The most common cancer is that of the stomach. About one half of all cases of cancer in men and one third of all cases in women involve cancer of the stomach. One fourth of all the cancer deaths reported results from growth in this organ.

Because of the relatively few symptoms in the early stage, diagnosis is often a difficult one. If the malignant tumor is high, the symptoms may be minor for many months. Persistent digestive symptoms without apparent cause in anyone beyond the age of 40 should be investigated. However, the disease can and does occur at any age. Loss of appetite, gas, belching, and perhaps very mild abdominal pain may be the only signs. Unexplained weight loss may be the chief complaint. Later, nausea becomes a common complaint, and as the tumor grows, it begins to bleed inwardly and often a profound anemia results. This very often may be the only clue to a malignancy of the stomach, and must always be considered during the examination of a patient with an anemia and unexplained weight loss. Later, vomiting may occur because of the obstruction caused by the tumor mass. Severe pain is usually a late symptom. Cancer of the stomach, like all cancers, can be cured, but it must

be diagnosed early. Any vague digestive complaint should be quickly reported to a competent physician, and a thorough investigation conducted. The large bowel, which consists of the colon and rectum, is also a frequent site of cancer. Approximately 10 per cent of all deaths from cancer result from this lesion. The presence of cancer in the colon gives rise to signs and symptoms comparatively early, but these are also of a minor nature and may not lead the patient to a physician immediately. These tumors tend to spread rather late in their course, and about one third of them may cause death by their local effects before they have spread beyond the point of surgical removal. The results of surgical treatment in cancer of the large bowel are better than those for any other type of cancer of the digestive tract. Although the lesion may occur anywhere in the large bowel, the left colon is the most common site.

Our hopes of increasing the percentage of cures in cancer rest with the patient. Many people would be alive today had they heeded the early signs of their disease. Surgical technique has been greatly improved. However, a physician can do nothing with a patient who presents himself too late.

PHONE COMPANY
ASKS RATE INCREASE

For the first time in 21 years the New Jersey Bell Telephone Company on January 6 gave notice to the Board of Public Utility Commissioners of New Jersey of a general increase in telephone rates to meet increased costs of providing service and to expand and improve the system. The increase in gross revenues will total approximately 12 per cent or \$10,700,000 annually.

All toll charges will be eliminated between points in New Jersey where at present a five-cent toll charge applies. This broadening of the local calling area recognizes the widespread community of interest which has developed as a result of improved transportation facilities. Over one-half of the Company's customers now have this extended scope service.

In its application the company states that during the war years and since, its earnings have declined despite the largest volume of business in its history, averaging a little over 4½ percent in the war years and dropping below 4 percent in 1946. While revenues have risen about 80 percent since 1939, the cost of furnishing service has more than doubled. Payroll, principal item of telephone expense, has risen in the same period of years two and a half times, the company reports; building costs have increased 50 per cent, and prices of materials and equipment to furnish service are up proportionately.

The proposed rates will increase revenues from local service and supplemental facilities about 17 per cent for residence customers and about 27 per cent for business, and add 5 cents to toll rates for many calls up to 45 miles within the State and 10 cents to the rate for toll calls to points within New Jersey over 45 miles. Rates for toll calls to points outside the State will not be affected. "The responsibility of furnishing telephone service in New Jersey carries with it the obligation so see to it that the service shall be adequate and dependable," Chester I. Barnard, president of the company said in a statement accompanying the announcement. "Since 1925, the cost of service to users has not been increased, and in many respects has been reduced. Now the time has come when, in order to fulfill our obligation, we find it necessary to ask for approval to charge more for telephone service. The increase we ask is moderate in view of rising costs and the lowest we can ask to carry on the business as telephone users would wish it carried on."

The effect on individual customers of the rate increases sought will vary considerably, depending on the amount of equipment used and the exchanges in which they are located. Many exchanges have grown so rapidly that rates now being charged for local service, which were established in 1925, do not reflect the larger number of telephones that can be reached, and the increases in these areas will be proportionately greater.

Proposed rates for local service in this area follow:

RESIDENCE			
Unlimited Calling			
Ind'l 2-Party 4-Party			
Line Line	Line	Rural	
Riv'ton \$4.50	2.75	3.00	3.00
BUSINESS			
Unlimited Calling			
Ind'l 2-Party		Meas.	
Line Line	Rural	2-Party	
Riv'ton \$7.00	5.50	3.75	4.00

The areas in which calls would be toll-free under the above rates are: Merchantville, Moorestown, Riverside, Riverton.

No wind makes for him that hath no intended port to sail into. —Montaigne.

MANY OPPOSE INCREASE
IN TEACHERS' SALARIES

At a public meeting of the citizens of Cinnaminson Township held last week at the Westfield Public School, three questions were voted upon regarding teachers' salaries.

The vote was unofficial and the affair was held to obtain public opinion on the subject prior to the school election in February.

The first question, "I am in favor of the 1947-48 school budget to include sufficient monies for teacher salary increases, as per their request. This received 12 votes.

Question 2—"I am in favor of an increase in 1947-48 school budget if additional monies are available without additional local tax rate increases," received 10 votes.

The third question—"I am not in favor of any additional tax rate increase for school purposes," received 15 votes.

CONROW HEADS
COMMITTEE

At the organization meeting of the Cinnaminson Township Committee held on Friday night of last week, Maurice Conrow was reelected chairman of the governing body.

Committee member Earle Harder was sworn into office for another term by the clerk, Harold R. West, who also administered the oath to other officials who were reappointed. There were no changes in the various positions.

Among those appointed were William F. Schriener, finance officer and treasurer; William F. Kennard, building inspector; Erich Veitenheimer, overseer of the poor, constable and police officer; Thomas Adams, police officer; Mrs. Joseph L. Thomas and Charles Evans, members of the local assistance board.

Attendance at the meeting was curtailed because of the thick fog which made driving exceedingly hazardous.

RIVERTON P.T.A.
FATHERS' NIGHT

The Annual Fathers' Night Meeting of the Riverton Parent Teachers Association will be held Wednesday, January 15, at 8 p.m. in the school auditorium.

Mr. Thomas L. Huselton will be the guest speaker for the evening. Mr. Huselton, who was former Commander of the Coast Guard Radio School in Atlantic City, has chosen as his subject, "What the War Taught Me About Our Schools." Since Mr. Huselton commanded the "chosen group" for the entire duration of our past war, we feel that he is an authority on this subject and look forward with great anticipation to this meeting.

We heartily invite and encourage all members and friends to attend. After the program has been completed refreshments will be served. —Publicity.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. L. Watson Hampton, 731 Morgan avenue, Palmyra, announce the engagement of their daughter, Doris R. Hampton, to Mr. James E. Bentley, of Collingswood, N. J. No date has been set for the wedding.

PALMYRA COUNCIL ORGANIZED FOR 1947

Palmyra Borough Council reorganized for 1947 last Thursday evening, January 2, at the Borough Hall. Mayor John F. Ward in his opening speech praised the services and the devotion to duty of all the town's officials. He gave due warning of tax increases to be faced this year because of the nationwide rise in costs, but added that every worthwhile municipal service must be paid for.

The Mayor also spoke of the intangible things available for the citizens of the town, in the way of ambulance services and police courtesies, which are free.

Review of 12 Years

Retiring Councilman Arthur P. Wright made his farewell speech, reviewing the great progress made by the town during his 12 years in office. Palmyra's municipal advance in that period is unequalled in South Jersey, he said.

The newly elected Councilman, Paul M. Heisler, was then called to take his oath.

In his remarks Councilman Heisler emphasized that whatever he should do as a member of Council, it would

be of his own decision and he would be ready to shoulder all responsibility for his actions.

T. Curtis Flynn was reelected President of the Council and he praised Mr. Heisler for being ready to stand on his own feet and do his own thinking.

Mr. Flynn called attention to the fact that the borough had been ordered by the state board of health to make improvements to the sewage disposal plant within six months after the end of hostilities, which had just been proclaimed by President Truman. The cost will be about \$30,000, Mr. Flynn said, and will have to be financed by a bond issue.

Cahill Appointed

Thomas Cahill was appointed to the Board of Health to succeed Horace Houder, who recently re-

Money Management

There is an old saying that it is easier to make money than it is to

hold it. And that saying is true. On every side, are hundreds of invitations to spend your money for every one that bids you lay it away. Money slips through fingers like quick-silver, especially in these days of high living costs. To know where your money goes is a good first

step toward sound money management. By depositing all you earn in a checking account, and making accurate entries on the stubs, you will have a complete record. Then you can weed out the wasteful expenditures and plug future leaks. This is only one advantage a checking account affords. It will also save you time, trouble and trips.

Why we are asking for Higher Telephone Rates

A STATEMENT

BY CHESTER I. BARNARD, PRESIDENT
NEW JERSEY BELL TELEPHONE COMPANY

THE responsibility of furnishing telephone service in New Jersey carries with it the obligation to see to it that the service shall be adequate and dependable. Since 1925, the cost of service generally has not been increased, and in many respects has been reduced. Now the time has come when, in order to fulfill our obligation, we find it necessary to give notice to the Board of Public Utility Commissioners of New Jersey of increases in charges for intrastate telephone service. I would like to tell you why.

NOT SEEKING LARGE PROFITS

In asking our customers to pay more for service we are not seeking large profits. The telephone policy with respect to earnings as well as service is: "To furnish a telephone service more and more free from imperfections, errors or delays, and always at a cost as low as is consistent with financial safety."

BETTER SERVICE—GREATER VALUE

Since the Company started statewide operation in 1927 this policy has led to many savings to users through reduced charges for toll and long distance calls, extensions, handsets and various other special services. It has also led to continuous improvement of speed, accuracy and range of service in every peacetime year and has been a prime factor in doubling the number of telephones you can call and which can call you.

PRESENT EARNINGS LOWEST IN HISTORY

In the war years and since, despite the largest volume of business we have ever handled, the Company's return on the investment in the business has steadily decreased, averaging 4.62% in the four years, 1942-45, and dropping in 1946 for the first time in our history to under 4%.

OUR PRE-WAR COSTS MORE THAN DOUBLED

The reason why telephone earnings are less is the sharp increase in costs that has affected us just as it has affected you in your home and business. The cost of furnishing telephone service has more than doubled since 1939.

WAGE PAYMENTS UP

Telephone service is instruments, lines, exchanges—but mostly it is people, and payroll is over half of our expense. Our payroll this year is more than two and a half times higher than in 1939, due to wage adjustments comparable to those made in other industries for similar skills, and to necessary employment of thousands of additional people.

PRICES ARE HIGHER

The prices of materials and equipment we must have to give service are much higher. Our building costs have gone up 50% since 1939 and other costs have increased proportionately.

WHAT WE ARE ASKING FOR

The proposed new rates would increase our total revenue by approximately 12% and are required to offset rising costs and provide earnings sufficient to assure sound operation of the business.

WIDE AREA CALLING BENEFITS MANY CUSTOMERS

All toll charges will be eliminated between points in New Jersey where at present a five-cent toll charge applies. This broadening of the local calling area recognizes the widespread community of interest which has developed as a result of improved transportation facilities. Over one-half of our customers now have extended scope service.

CHARGES FOR TOLL CALLS

Basic rates for many toll calls within the State of New Jersey would be increased by 5% for calls up to 45 miles and 10% for calls to points over 45 miles. Rates for toll calls to points outside of New Jersey are not affected.

LOCAL SERVICE RATES

Revenue for local service and facilities from residence customers would be increased by about 17%, revenue from business customers by about 27%. The effect on individual customers would vary considerably and would depend on the amount of equipment they have and the exchange in which they are located. Since present rates were established in 1925, many exchanges have grown so rapidly that the present rates for local service do not reflect the larger number of telephones that can be reached and the rate increases will be proportionately larger in those areas.

A BIG JOB AHEAD

We've a big job still ahead of us before there is enough telephone service for everyone in New Jersey. We have scores of buildings to erect and enlarge; hundreds of thousands of miles of circuits to build. To do all the things we have to do will require an outlay over the next five years of \$200,000,000, of which \$150,000,000 will need to be new money brought into the business.

ADEQUATE EARNINGS ESSENTIAL

The increase in total revenue we ask is moderate in view of rising costs and the lowest we can ask to carry on the business as you would wish it carried on. We believe our request is in the public interest and that we would fail in our responsibility if we allowed further time to elapse before making it.

Chester I. Barnard.

CALVARY PRESBYTERIAN CHURCHThe Rev. R. B. Stewart, Pastor
Fourth and Lippincott Aves.

It is a long time since Solomon undertook to advise the parents of the earth how to bring up their children, but his advice is not yet out of date. "Train up a child in the way he should go," he wrote, "and when he is old he will not depart from it." Such training, of course, could hardly be complete with out provision being made for some kind of regular instruction in religious truth, and it could hardly be satisfactory unless part of that instruction came from the parents themselves.

The Church School endeavors to bear its part of the responsibility, but the parent must also be equipped to lay and build the spiritual foundation in the home. So in Church School there are classes for children, and there are classes for their parents, and for all of mature years who influence the minds of children.

The Calvary Church School meets at 9:45 a.m. each Sunday for the instruction in spiritual and religious truth of all who need such instruction.

Morning worship at 11 a.m. The subject of the morning message will be, "Are You a Neighbor?" The Calvary Choir will render the anthem, "The Lord Is Exalted," by West. A vocal duet, "The Lord Is My Shepherd," by Smart, will be rendered by Mr. and Mrs. Pennock L. Cooper.

Sunday afternoon at 4 p.m. the Young Communicant's Class will meet at the Manse.

Junior Christian Endeavor meeting Sunday evening at six o'clock. Junior choir rehearsal from 6:30 to 7:00 o'clock, under the direction of Mr. Albert Farrow and Mrs. Frank Bell. The Senior Christian Endeavor group meets in the Ladies' Parlor at 7:15 o'clock. The leader Sunday is Edgar DeMaris.

The regular monthly meeting of the Women's Society will be held on Wednesday, January 15, at 2:30 p.m. All ladies of the Church family are cordially invited to attend. Please remember to bring a baby picture of yourself, mounted on a piece of cardboard. Tea will be served.

On Wednesday the monthly meeting of the Church School Council will be held in the Ladies' Parlor, at 7:45 p.m. All officers, teachers, members of Session's Committee on Religious Education, and substitute teachers are cordially invited to attend this important meeting.

D.A.R. PROGRAM
AT VALLEY FORGE

Members of the New Jersey Society, Daughters of the American Revolution, will play a prominent part in the ceremonies connected with the observance of New Jersey Sunday, to be held in the Chapel at Valley Forge on January 19th.

Dr. John Robbins Hart, rector of the Chapel, announces that the services will be held at three o'clock. Mrs. Edward F. Randolph, of Pennington, State Regent, Mrs. C. Edward Murray, of Trenton, second vice president general, and Mrs. Raymond C. Goodfellow of South Orange, organizing secretary general, are among the members of the New Jersey society who are planning to attend.

The Washington Memorial Chapel is especially close to the hearts of New Jersey D.A.R. members since so many of their ancestors were among the men who suffered with Washington during the terrible months that the Continental Army was encamped there.

The building of the Memorial Bell Tower, close by the Chapel, was presented to the Daughters of the American Revolution in April 1945 as one of their national projects. The tower will be dedicated to the Revolutionary patriots who established the American Way of Life, and to the men and women of World Wars I and II who have preserved that precious heritage. The beautiful stone structure will house the magnificent carillon, and the rolls of honor will pay tribute to our American heroes.

The Annis Stockton Chapter, Daughters of the American Revolution will meet Saturday, January 18, at the home of Mrs. Paul E. Good, 407 Linden avenue, Riverton. The

Regent, Mrs. Charlotte B. Unland, of Riverton, will preside at this meeting which has been changed from the usual meeting day of the second Monday of each month to January 18 to permit some members who are busy during the week to attend. It is hoped many members will be present.

CALVARY PRESBYTERIAN CHURCH

The Rev. R. B. Stewart, Pastor
Fourth and Lippincott Ave.

Although the new year is still young, it is not too early to extend a warm word of commendation to those who regard this Church as their church home.

The 1947 attendance, both at morning worship and in the Church School has so far been the best of any year in the present pastorate. Of course there is still room for improvement, and as part of the "New Life Movement" that began in the Presbyterian Church in the U.S.A. on New Year's Day and will continue for a period of three years, it might be well to form the habit of calling a friend or neighbor on Sunday morning, particularly one who is not in the custom of attending any church.

Invite him or her to attend morning worship and Church School, or better still, invite your friend or neighbor to worship with you.

Church School begins at 9:45 a.m. Come with your children and bring a friend. Ladies should go to the Semper Fidelis Bible Class in the Ladies' Parlor; men will find a cordial welcome in the Men's Bible Class.

Morning worship at eleven o'clock. The subject of the morning message will be, "The Way to the Kingdom." The Calvary Choir will render the

anthem, "Unfold Ye Portals," by Gounod. A soprano solo, "My Soul Is Awaiting for God," by Sticks, will be rendered by Mrs. Howard Schuck. The Sacrament of Infant Baptism will be administered.

Members of the Young Communicants' Class will meet at the Manse at 10 a.m. Following morning worship the Session and the Young Communicants' Class will meet in the Ladies' Parlor.

On Sunday evening the Junior Christian Endeavor will meet at six o'clock. At 6:30 p.m. Junior Choir rehearsal. All members of the choir should be present for final rehearsal of the anthem to be rendered Sunday morning, January 26.

The Senior Christian Endeavor will meet Sunday evening at 7:15 o'clock. The program leader will be Miss Elsie Custer.

The Stewardship Committee (including Session's and Trustees' Finance Committees) will meet at the home of Robert Morrison on Wednesday, January 22, at 8 p.m.

The January dinner meeting of the Good Fellowship Club will be held in the Social Hall on Friday evening, January 17. Dinner will be served at seven. An interesting program will follow.

Payroll—our biggest expense—has more than doubled!

Telephone service is made up of many things: instruments, lines, switchboards—but mostly it's people. Here in New Jersey more than 23,000 men and women—7,000 more than a year ago—make up the telephone family. Payroll is 60% of our total expense.

Our wages are in line with those paid for similar skills in other industries and were over two and a half times as much in 1946 as in prewar 1939.

GOOD FELLOWSHIP CLUB

Featuring a dinner of sauer kraut
and pork the Good Fellowship Club
held their January meeting in the
Presbyterian Church on Friday night
of last week.

"Nations United" was the theme
selected for the affair with the tables
being decorated with the flags of
various countries. Singing was led
by Fred Hall and Howard Schuck-
er. Following the report a movie was
shown of a trip by air over Central
and South America and the West In-
dies with numerous stopovers en-
route showing various points of
interest. The committee had ar-
ranged for another film but this was
delayed in transit between New York
and Riverton.

The committee in charge of this
month's meeting was composed of
Bob and Betty Adams, Chairmen
Ray and Betty Bailey, Treasurer
Flach, George and Emma Friday
Bob and Bernice Bradel, Taylor and
Elise Kirby, Ed and Mary Walther.

JUNIORS ENTERTAIN

When the Palmyra Juniors entertained their fathers and husbands last Monday evening 55 men and women were assembled in the Woman's Club rooms for a gala evening of entertainment.

Members of the Hospitality Committee greeted guests at the door and presented each with a boutonniere of white Chrysanthemums. After signing the Guest Book each was invited to enjoy a Television show furnished by Raymond Mulliken of the Electronic Center, Palmyra.

Mrs. Arthur Gowell, member of the Junior Club, opened the program by singing "Bells of Saint Mary's" and "Make Believe." Mrs. Gowell was accompanied by Miss Ruth Fry.

The speaker of the evening, Corporal John P. Galvin, of the New Jersey State Police, Safety Patrol, then showed a very interesting sound color film showing the training of our State Police. All who saw the film were made to realize the extensive training these men have makes them a great help to all of us in time of trouble or danger, as well as teaching them to keep our highways safe for us to travel.

Mr. Mulliken said a few words to the entire group about Television and Television Operation while all were enjoying the broadcast of boxing bouts.

The Refreshment Committee served apple pie a la mode and coffee to the entire group as they met informally about small tables. The color scheme used throughout the evening was blue and gold in keeping with our guest, Corporal Galvin.

ROD AND GUN CLUB

ELECTS NEW OFFICERS

Bennett Bowers turned over the gavel to the newly elected officers of the Twin City Rod and Gun Club, and with it the most prosperous financial year the club has had since its existence.

The following sportsmen were elected to office. President, Arthur Wolfshmidt; vice president, R. Townsend; secretary, F. Wolf; treasurer, Dr. H. Brady.

The following sportsmen were elected to the Board of Trustees: B. Dieroff, R. Snover, L. Markee, R. Fowles and H. Crabtree.

President Wolfshmidt's first order of business was to appoint two committees; one to purchase land and building for a new club house. The other committee to start work on a banquet.

It is urgent that members be present at all meetings to carry out the work the club has set aside this year. A new committee for entertainment will furnish the club with something new and unusual.

The next regular meeting of the club will be held Thursday, February 6. The main topic to be discussed will be the location, plans, and cost of a new club house.

SALVAGE DRIVE FRIDAY, FEBRUARY 7, 1947

Cinnaminson School No. 2 will have another salvage drive Friday morning, February 7. The truck will leave the school at 9 a.m. Have your papers and rags tied in bundles and on the curb by that time. It is our plan to have collections on the third Friday of each month.

GUARANTEED REPAIR SERVICE

For the first time in **21 years** we're asking for a general increase in telephone rates

We seek only enough revenue to enable us to give the kind of service you want—and we want to give.

Present basic telephone rates were established in 1925. Since then the cost of service to telephone users generally has not been increased and in many respects has been reduced.

The number of New Jersey telephones you can call and which can call you, have more than doubled and there have been many improvements.

Since our expenses have increased so much faster than revenue, we now find it necessary to ask for a general increase in rates—our first in 21 years.

The Second Grade on Friday, January 24th, gave a program about the months of the year. Each child was dressed as a month and each said a verse to go with the month they portrayed. After the play, half of the children sang a song they had composed.

Lois Clifton went to the Masonic Temple in Camden, on Thursday.

After the show the best roller skater in the country took Lois around the stage.

ABOUT TOWN

Students of Palmyra High School who recently appeared on the Junior Town Meeting of the Air, a program over radio station KYW, will present a panel discussion at the Women's Club Meeting on Monday afternoon, February 3. They will discuss the same topic they discussed on the air, "Juvenile Delinquency." This feature will begin promptly at 2:30 and will precede the regular business meeting.

Mrs. Sedric W. Lamont of New York was a week end guest at the home of Mr. and Mrs. Prentice Reeves of Riverton.

Miss Jean Walter of 306 Seventh street, and Miss Gladys Good, of 407 Linden avenue, both of Riverton, attended a formal dance at the Benjamin Franklin Hotel, Friday evening, January 24. The dance was sponsored by the Panhellenic Association of the University of Pennsylvania. Their escorts were Edward Erickson of 107 Lecony Circle, Palmyra, and Ewing Miller of Toledo, Ohio.

Miss Jane Loreaux of 828 Highland avenue, Palmyra, is recuperating nicely at her home following an emergency appendix operation.

The marriage of Miss Mary Whitner Rogers, daughter of Dr. and Mrs. Harry L. Rogers, of Riverton, to Augustus W. Soule, Jr., son of Mr. and Mrs. Soule, of Brookline, Mass., will take place at 4 o'clock Saturday afternoon, April 26, in Christ Church, Riverton. A reception at the home of the bride's parents will follow the ceremony.

Mrs. George Baker, 709 Main street, Riverton, left Monday by plane for Natchez, Mississippi, where she will spend some time with her mother, who is ill.

REPORT FROM Your Congressman

FRANK A. MATHEWS, JR.

Right now from here it looks as if:

Luxury taxes will be continued and proposed action along that line may come before the House next week. There will be tax reductions, including income tax, which will be determined sometime later in the session, at which time questions about reductions, exemptions, and other changes in the luxury taxes may be considered.

General Marshall says that he refuses to be "drafted" for any elective office. So that's that. Many a potential private in the last war wished he could have refused to be drafted, and thus have ended the matter. But there is considerable difference in these two kinds of draft, which may give food for thought to those who considered that F.D.R. could not refuse to be drafted for a third of fourth term.

People of the United States cheered and are still cheering for the United Nations Organization to accomplish something that will minimize the possibilities of future war. Any feeling that not enough progress has been made does not take into consideration the enormity of the task, and we should not become discouraged because we cannot remedy overnight an evil from which mankind has suffered from himself since the beginning of recorded history. What bothers me is the number of side shows, many of which have only a remote and theoretical connection with the fundamental purpose which the people want accomplished by the U.N.O. I have spoken of these on the floor of the House, and shall continue to watch them, because I believe they constitute no benefit in the efforts to maintain peace, but are likely to develop into stumbling blocks.

A newspaper report tells us that the Social Commission of the U. N. has recommended among other things, that the U. N. plan a campaign against obscene books, magazines, and other publications. This commission is a subsidiary of the U. N. Economic and Social Council. But last year we joined an impressive organization known as the United Nations Educational, Social and Cultural Organization. Just where this fits in with or overlaps the Social Commission above referred to, and just how far either or both of them are going to regulate the literary taste (and other matters) of not only each of us but of every citizen of every country throughout the world, is a little difficult to predict at the present time.

Let us take a look at some of the eminent gentlemen who will take care of the world's educational, social, and cultural welfare. One of them is Mr. William Benton, formerly the senior partner of the advertising firm of Benton and Bowles.

Another of them is the junior partner, Mr. Chester Bowles, who will probably be remembered more for his questionable administration of the practically defunct O.P.A. An interesting feature is that these two former partners seem to differ in their views as to just how and to what extent everybody in the world shall come under the cultural regulations of UNESCO.

Another U. S. representative on UNESCO is Mr. Archibald MacLeish. Remember him? Still another is Mr. Francis Biddle, a man you no doubt also remember, not necessarily for his wholly constructive works.

Now folks, these are specimens of the individuals who, through this side show of the United Nations Organization known as UNESCO, may determine whether you can read "For- ever Amber" or look at "Dick Tracy" or "Li'l Abner." I am hoping that UNESCO will not attempt to censor the Congressional Record.

Your Congressman had the pleasure of attending the inaugural ceremonies of our new governor, Alfred E. Driscoll, on January 21st. The new governor has a comprehensive and constructive program, which we

hope can be carried out. For one thing, he has instituted a policy of closer cooperation between the officials of our State and the Congressional Delegation therefrom, which we hope will be of all around benefit.

During the last week your congressman had the pleasure of receiving calls here at his office from Mrs. I. C. Rednor, of Trenton; Messrs. Joseph M. Williams, Jr., of Riverton; Joseph V. Conlow, of Palmyra, now living in Tucson, Arizona; E. Leroy Grant, of Beverly; Charles H. Michaelson, of Trenton; Lester Block, of Trenton; and Ralph D'Olivio, Jr., of Moorestown.

Good, the more communicated, the more abundant grows.—Milton.
