PRICE FIVE CENTS

REPORT FROM Your Congressman

FRANK A. MATHEWS, JR.

While Congress is working out details of the budget, payments on account of the public debt and tax reduction, there is always in front of us the vital problem of housing and its accompanying difficulty of rents and rent control.

The brightest indication of improvement was the announcement recently made by the Foley-Creedon housing combination which stated that the objective of the 1947 program is to obtain the greatest possible number of dwelling units at moderate cost for veterans with emphasis on rental housing. There is nothing startling about this announcement in itself, because that has been the avowed and unachieved policy of the Administration since it first attempted to do something about the problem. What makes it important is the reversal of previous method. The two gentlemen, above named, have called attention to certain shortages in building materials, and propose to channel raw materials and do certain other things to actually increase production. The following quotation is from their statement: "We now urgently need not only to increase the volume of home building, but also speed the completion of homes and shorten the building time in order that construction costs may be reduced. Accordingly, the removal or modification of controls which no longer fit the current situation is essential. Controls as such are intricate and burdensome, both to builders and the government. In themselves they impose an added burden on producers, distributors, and builders and the government that add to the time and the cost of construction. Where the building and completion of homes will be speeded and made easier, controls are being relaxed." Furthermore, the statement also contains the following words: "We propose to offer every practicable aid to make it possible for the industry to achieve the volume of construction it has predicted."

In other words, these gentlemen are going to rely a good deal more on private industry, which has supplied our homes for the entire time this nation has been in existence. So finally, after arguing and pleading (including letters to the former O.P.A. Director and to the President himself) your Congressman sees the policy which he has advocated put into effect. Would that this had been done a year or eighteen months ago!

The Banking and Currency Committee of the House is intensely studying the involved problem of rent control, and before long will present legislation it is hoped will attain three main objectives:

Prevent rents from rising to the point of creating more suffering for people who are struggling to make incomes meet the increased cost of living.

At the same time correct injustices to landlords who also have small incomes and depend largely on what they get from the real estate in which they have invested their savings.

By the two above purposes, and encouragement for the belief that rent control will be finally eliminated when things get better, to entice people with capital to again invest in the building and financing of homes with a prospect of reasonable returns on their money.

As a sidelight on this whole problem, a news item from a Philadelphia paper is interesting. It seems that 900 employees of the Securities and Exchange Commission, now located in Philadelphia, have been notified that this Government Bureau probably will return to Washington by summer, and one of these employees is particularly concerned with this, as he is the father of quadruplets. With housing probably as acute in

LIONS FORM ORCHESTRA

At the last meeting of the Palmyra-Riverton Lions Club the newly formed club orchestra made its first appearance and the program was enthusiastically received by the members of the organization.

The band which is known as Grady's Grenadiers, is composed of the following: Dr. J. Rowland Dey, piano; John Grady, saxophone; William Hutchinson, trombone; Roland Harris, trumpet; Dr. Hayes B. Brady, violin; J. A. Chapman, cello; G. Woodbourne MacCord, bass, and Jack Mathews, drums.

The following were welcomed into membership of the club by President Harry K. Mansfield: Charles Bartholomew, Gerard Stead and Anthony D'Amato.

Tri-Borough League

At a meeting of the Tri-Borough League, held Monday evening, plans were formulated for their annual drive for funds.

The date for the opening of the drive, in early March, will be announced in this paper next week.

The Tri-Boro League is known all over the State for its outstanding work among the youth of the three boroughs, and much favorable comment has been heard, in various localities, reflecting great credit on Riverton, Cinnaminson and Palmyra. The reputation of the baseball league has spread to such an extent the league has been informed that during the coming season, their games will be scouted by a representative of organized baseball. This is very encouraging to our local citizens for only through the wonderful co-operation given by them has the league been able to be one of the most outstanding organizations in New Jersey.

While the officers and associates of the league are well pleased with the progress to date, they have always felt that they, in some way, should be able to provide organized recreation for the girls as well as for the boys of our community and this year a start will probably be made in that direction. When the drive for funds gets underway please give generously and be assured that all your contributions will be spent at home.

ENGAGED

Captain and Mrs. James B. Ryan, U.S.N., retired, of Palmyra, New Jersey, announce the engagement of their daughter, Peggy Ardella, to Mr. Howard A. Van Dine, Jr., of Forest Hills, New York.

Miss Ryan is a graduate of Bucknell University, where she was a member of Pi Beta Phi sorority. Mr. Van Dine served overseas as a Lieutenant with the Army Air Forces, and is at present attending Bucknell, where he is president of Lambda Chi Alpha fraternity.

Washington as in any city in the country, the S. E. C. is now going to add to that by bringing back here 900 employees and their families, including those quadruplets.

Next week, your Congressman will have something to say about things down here which particularly concern the New Jersey Delegation and its position in the House of Representatives in the 80th Congress.

Among the visitors to his Washington Office your Congressman was pleased to greet were Howard A. Taylor, Jr., of Riverton and Leon E. Abbott, of Trenton, and Mr. Warren Butler, Principal of Mount Holly High School, Mount Holly. And he was further honored by being able to spend some time with that genial and dynamic Chairman of the Burlington County Republican Committee, Honorable Leon Todd, who additionally, is the able Mayor of Medford Lakes. One always feels better after a visit from him.

HEAVY FIRE LOSS AT CAMPBELL FARM

Starting shortly after 11 p.m. Tuesday, fire destroyed the large barn located at the Campbell Soup Farm, Branch Pike, Cinnaminson, with a loss to building and contents of over \$100,000.

All livestock in the structure was led to safety, but among the items consumed by the fire were many tons of hay, seeds and feed, together with several pieces of farm machinery, including a large sprayer, tractors and trucks.

The blaze, which started in one wing of the huge building, was believed to have been caused by a short circuit in one of the trucks.

When the first fire apparatus arrived the flames were roaring through one wing, but firemen hoped to prevent the spread to the center portion of the barn and the other wing. They were unsuccessful in their efforts largely because of the shortage of water. One hydrant on Branch Pike failed to deliver the necessary volume and it became necessary to lay several hundred feet of hose to another on Riverton road. When this had been done the blaze was beyond control and the structure burned to the ground.

Firemen from Parry, Palmyra, Riverton, Moorestown and East Riverton fought the fire and the last companies did not leave until after daybreak.

The blaze was fought under most adverse conditions with a high wind and near zero temperature.

YACHT CLUB PLANS IMPROVEMENTS

The Riverton Yacht Club, one of the oldest on the Delaware River, was organized in 1865 and has been active as a non-profit, tax paying club and a civic asset to the surrounding communities for 82 years. Not only boat owners sailing the Delaware, but many others have found the club properties and facilities useful. A base for holiday activities such as Fourth of July fire works displays, water sports, regattas, social events and a relaxing spot on hot summer evenings for "sit down members" and "arm chair skippers." The Club also sponsors the Sea Scouts "Riverton Ship No. 1."

The club property at present is very much in need of major repairs to preserve, and to improve the facilities. To this end a "Contributing Membership" campaign is under way. All funds realized from this campaign will be used for preservation and improvements of the Riverton Yacht Club property and facilities so that both local and out-of-town members and visitors will continue to find the Club attractive. It is anticipated that representatives of the "Contributing Membership" campaign will meet with a deserving and generous response from those they contact.

PORCH CLUB

Save February 18th for the annual Library Bridge. An occasion is being planned—one to give pleasure to all—and to serve one of Riverton's most valued institutions—the library.

HARRY RICE

Harry Rice, 627 Lippincott avenue, Riverton, died Thursday, January 30, at his late residence.

Funeral services were held at the Snover Funeral Home, Palmyra, on Monday, February 3, at 11 a.m., the Rev. Robert B. Stewart officiating.

Mr. Rice is survived by his wife, Mary, and four daughters, Mrs. Anna Goodwin, Riverton; Miss Madeline Rice, Riverton; Mrs. Elsie Dougherty, Palmyra; and Mrs. Mary Stroup, Palmyra.

REV. W. E. FRIEMAN NEW RECTOR AT CHRIST CHURCH, PALMYRA

The Rev. Walter E. Frieman, Jr., has recently assumed the rectorship of Christ Episcopal Church, Palmyra, to succeed the Rev. John Crockett, present rector of Christ Church, Riverton. Rev. Crockett had been in charge of the Palmyra parish for the past three years.

Rev. Frieman is the son of Mr. and Mrs. Walter E. Frieman, Flushing, New York, and is a graduate of the School of Education, New York University, and General Theological Seminary, New York City.

LIBRARY OFFICERS

At the recent annual meeting of the Riverton Free Library Association the following officers were re-elected for the current year: Harry F. Jones, president; J. Carl DeLaCour, vice president; Mrs. W. W. Chalmers, secretary and Howard M. Rogers, treasurer.

Mr. Jones appointed the following committees: executive, Mayor John F. Ward, of Palmyra, Chairman; Howard M. Rogers and Mrs. Stuart Clark, Property; Mrs. Victor Ritschard, chairman; Mrs. John P. Abell and Mrs. Chalmers.

BOY SCOUT WEEK

Joining with the millions of Scouts throughout the country, Riverton Troop 50 will participate in a Scout Week Program which will highlight the activities of the year.

On Friday, February the 7th, the Troop will visit the Franklin Institute and Planetarium. Saturday the boys will assume the duties of the Borough Government under the direction of Councilman Albert Farrow. Sunday the Troop will attend Church Services at the Christ Episcopal Church in Riverton. Monday has been designated Father and Son Night, when each father is charged with the obligation of doing what his Son prescribes.

Tuesday the Scouts will participate in a progressive supper, going from one chosen house to another to collect one course of his dinner. Wednesday a swim Meet will be held at the Broadwood Pool. Thursday, the final event of Scout Week will be Old Timers Night. It is on this evening former members of Troop 50 as well as their many supporters will congregate for a reunion.

In a recent letter to the Scout Parents, Chairman A. T. Hewlett of the Troop Committee revealed that the Scouts had collected over 120,000 pounds of scrap paper during their regular Saturday collections during 1946. In this letter, many of the benefits derived from this income were outlined, pointing out that over \$400.00 had been expended for the various activities. The fact that the Borough truck had not been available to the Troop as in the past for these collections was reported as having reduced the troop income by about \$160.00 during the year.

P.T.A. CARD PARTY

The Riverton Parent-Teacher Association has planned a card party for Wednesday, February 26, at 1:30 o'clock.

The affair will be held in the kindergarten room of the public school. Tickets for the affair are 50 cents. Refreshments will be served.

MARY ANN MALLORY

Mrs. Mary Ann Mallory, 902 Highland avenue, Palmyra, died Monday, February 3rd.

Funeral services were held at the Snover Funeral Home, Palmyra, on Thursday, February 5, at 9:00 p.m., the Rev. W. Neal Raver officiating.

Mrs. Mallory is survived by two sons and a daughter, John C. Mallory, Palmyra, Joseph S. Mallory, Abington, Penna., and Miss Mary McMahon, Louisville, Kentucky.

COMMUNITY CENTER ENTERS 8th YEAR

The Tri-Borough Community Center, now legally, the Tri-Borough Community Center, Incorporated, has completed its seventh year of successful operation for the young people of this community. Founded February 28, 1940, it recently became a legal organization for the purpose of insuring its permanence and purchasing the building in which it has been housed since its founding. At the present writing "The Center" belongs to the three communities, having been purchased recently from the Cinnaminson Bank and Trust Company by the trustees of the organization.

The trustees, Robert J. Finney, William F. Engle, John F. Ward, Henry G. Naisby, Maurice Conrow, Paul R. Jones and Clifton P. Mayfield, most of whom have been active in the center since the inception of the idea in 1940, and a group of incorporators, announce the completion of the transaction as of Jan. 1, 1947. Signing the incorporation papers were: Robert J. Finney, Roy S. Austin, William F. Engle, Herbert A. Bracey and John F. Ward.

Starting in the depression year of 1940, long before the youth center movement became general throughout the country, this organization has grown steadily offering a multitude of activities ranging from unprepared art exhibits and rehearsed talent shows. At first the center was operated largely by W.P.A. and voluntary personnel; now, it is operated by two trained directors who keep it open six evenings a week. William Lukens and Roy Austin, both teachers in the local high school, are the present directors.

Some of the ways in which the center has served during the past seven years include: the teaching of crafts in their relation to hobbies, providing housing for a hospital unit during the war years and housing for various Red Cross courses, the providing of weekly dances for young people, the sponsoring of various sports and tournaments and, of course, the provision of various reading and game facilities. Probably its principal function has been its constancy in giving the youth a place to go during their leisure time for healthful and happy social relationships, where they may participate if and when they choose to come for a few minutes or for an entire evening.

HOBBY NIGHT

Monday, February 3, was set aside as Hobby Night for the Palmyra Junior Woman's Club. Included among the exhibits were fanciful work of all kinds; collections of match covers, angel cards and post cards; displays of ceramics and shell jewelry; oil and textile painting. One of our photography fiends kindly showed a portion of her numerous colored slides.

Many members are adept with the needle and thread in the making of their own clothes. A Fashion Show with the girls wearing their own creations followed. Styles included a Mother and Daughter outfit, sports suits, casual and afternoon dresses, and dinner gowns.

The serving of light refreshments closed an enjoyable evening.

Vanishing Footsteps

People are taking fewer and fewer bill-paying steps these days, thanks to their convenient checking accounts. Why should anyone run around paying bills with cash, wasting time, risking loss and bothering with receipted bills, when a checking account does the job by mail more quickly, safely and with less effort? Cancelled checks are your receipts—evidence of payment that

the courts recognize, and you receive them in a neat package when you get your bank statement. How much does a checking account cost? Perhaps nothing, depending on the amount of your bank balance and how many checks you draw. But even if it does cost you something, you'll be getting full value for every penny of cost. NATIONAL DUSTER MEETING

By Ralph N. Hunn

The National Duster Association held its annual meeting Saturday, January 18, at the Lack-a-Noo Boat Club, Burlington. As this type of boat was originated in Riverton and expanded by such local clubs as Lack-a-Noo, and Cooper River Y. C., many local people will be glad to hear of their rapid spread.

The evening was well filled, first by a short business meeting, with the main topic under consideration being that of "Plywood construction." This feature has been included in the "Duster" By-Laws, to aid those who cannot obtain the normal woods necessary for building these boats. At the same time it opens up tremendous possibilities for the expansion of the class. Second on the program was a series of Technicolor movies showing Plywood construction on various types of boats already using Plywood. Other short movies were shown including color pictures of the National Duster Races held last fall in Riverton. The visiting yachtsmen of Riverton and Cooper River were pleasantly surprised by the buffet dinner served by the host club of the evening. The evening was concluded by a dance, and various door prizes were presented through the courtesy of many local merchants.

During the meeting, the same association officials were reelected for one year. Namely, President, E. J. Hunn, R.Y.C.; Vice President, A. Turner, Cooper River Y. C.; Secretary, E. Shivelhood, R. Y. C.; Treasurer, H. A. Thomson, R. Y. C.; Class Measurer, O. P. Merrill, Red Dragon Canoe Club; Executives at Large, G. R. Coe, Cooper River Y. C. Clifford LaBar, Lack-a-Noo Boat Club, and Gardner Crowell, R. Y. C. The official plans for the "Duster," owned by O. P. Merrill, were officially presented to the National Duster Association, by Mr. Merrill at this meeting. In view of this generous gift, the members unanimously voted Mr. Merrill an honorary life member of this organization.

Many of the national and local "Duster" perpetual trophies were on hand for members to see and know what they are racing for. Among these were the Fleet Admiral William F. Halsey National Championship Trophy, and the "Butts Cup" for the National Teen-age Champion. Other members and guests when not attending the movies or dancing were found discussing the plywood Duster on display at the club, displayed through the courtesy of the Cherabini Boat Works of Bristol.

NEW JERSEY LAOS IN EDUCATIONAL AID

Although fourth in the total amount of money spent on education each year, New Jersey is the 34th state when it comes to state aid, Eric Groezinger, Supervising Principal of Pemberton Schools, told Palmyra-Riverton Rotarians last Thursday. The speaker, who is also a member of the Legislative Committee of the State Teachers' Association, emphasized the need for a complete re-examination of the state's tax structure, so that public education might be adequately financed.

Closely tied up with the finance problem said Mr. Groezinger, is the teacher shortage. The most urgent need is at the primary level, where the pressure is acute because of a birth-rate that has almost doubled since 1939. If every graduate of the New Jersey teacher training institutions were to become a successful instructor next fall, there would still be 200 unfilled jobs.

In connection with state aid for education, Mr. Groezinger called attention to the fact that local real estate bears a disproportionate share of the tax burden. It is at the saturation point, in his judgement, in many sections. Income from this source varies greatly; the less wealthy sections have little to spend on their children. A range of \$716.00 to \$236,000.00 of taxable wealth per child exists, as do taxes that run from 5c to \$100.00 to \$5.60 per \$100.00. Naturally the amount spent per child for education is also uneven and goes \$56.00 to \$300.00.

The New Jersey system of giving state aid to local school districts is antiquated, Mr. Groezinger stated, in that it makes no attempt to equalize educational opportunity. Actually, in some cases the richer the district the more it gets. A recently passed bill,

though inadequate, is a step in the right direction.

The tax principle needs revision, said Mr. Groezinger, and new forms of taxes should be created to ease the burden on real estate. New York, for instance, has excise, income and sales taxes to increase its revenue. The solution belongs to the legislature, but there is a crying need for money to support education. School boards everywhere have been forced to raise their budgets, particularly for teachers' salaries.

KATHARINE G. STORICKS 25 YEARS WITH LOCAL BELL TELEPHONE COMPANY

Mrs. Katherine G. Storicks, 107 Memorial avenue, Palmyra, reached the twenty-five year mark this month in her career at the switchboard, at the Riverton exchange of the New Jersey Bell Telephone Company. She was honored at a luncheon January 6 marking her anniversary. The affair was held at Tim's Dining Room, Cinnaminson Township. C. S. Babbitt, division traffic employment supervisor, presented Mrs. Storicks with her twenty-five year service emblem before luncheon guests who included Mrs. Theodora S. McDorman, chief operator; Mrs. Mary R. McDermott, operator; Mrs. E. Frances Reidenbaker, evening chief operator; Mrs. Elizabeth K. Wallace, operator; W. W. Richman, district traffic superintendent; Mrs. Hazel D. Woolford, operator; Mrs. Elizabeth W. Steinbach, operator, and David H. Allen, traffic superintendent.

P.T.A. MEETS

The regular monthly meeting of the Phyllis Wheatley P.T.A. was held in the auditorium of Westfield School No. 4. The business session was conducted by Mrs. Malinda Ransom, President. Reports showed that both the Turkey Dinner and the Christmas Donation Sale were highly successful. Plans were made to obtain more equipment for the school kitchen. Ruth Hammond was crowned the queen as winner of the Popularity Contest recently sponsored.

IN CHANCERY OF NEW JERSEY

To the defendants Lillian R. Sockum and James Padgett, executors of the last will and testament of Joseph Rochester, deceased: By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof, in a certain cause wherein the Township of Cinnaminson in the County of Burlington is complainant and Albert McCombs and others are defendants, you are required to appear and answer the bill of said complainant on or before the seventh day of March, 1947, or the said bill will be taken as confessed against you.

Said bill of complaint was filed to foreclose three tax sale certificates made by Joseph E. Keating, Collector of Taxes, to said Township of Cinnaminson on or about September 24, 1932, one dated November 18, 1935, and one dated December 8, 1934, covering lands on the southwest side of Pear Street, southeast of Rowland Street, in the Township of Cinnaminson, in the County of Burlington and State of New Jersey.

And you, Lillian R. Sockum and James Padgett, executors of the last will and testament of Joseph Rochester, deceased, are made parties defendant because on December 13, 1939, Joseph Rochester recovered a judgment in the New Jersey Supreme Court against said Albert McCombs (the former owner of said lands) in the New Jersey Supreme Court for \$2885.25, which judgment has not been discharged of record and appears to be a lien against said lands, and said judgment appears to be now vested in you as executors of the last will and testament of said Joseph Rochester, now deceased, and you are also made parties defendant because it is charged in said bill of complaint that any interest you may have in said lands is subject to complainant's tax sale certificates and to subsequent municipal liens.

Dated, January 6, 1947.

WALTER CARSON,
Collector of complainant,
Wilson Building,
Broadway and Cooper Street,
Camden, New Jersey.

We are sorry to announce that Miss Mildred Seagraves, the Third Grade teacher has resigned to take another position.

Miss Virginia Hurff, from Merchantville, has come to be the new Third Grade teacher. We hope she will like our school very much.

Mary Ermyr Eberly, Reporter.

Fourth Grade

The Fourth Grade is having interesting lessons in history and geography. In history they have been studying about the ancient Romans and Greeks. The geography lessons are about Central America. Nancy Garwood, Reporter.

Social Studies

The Eighth Grade is having old fashioned trapping classes in spelling once a week now.

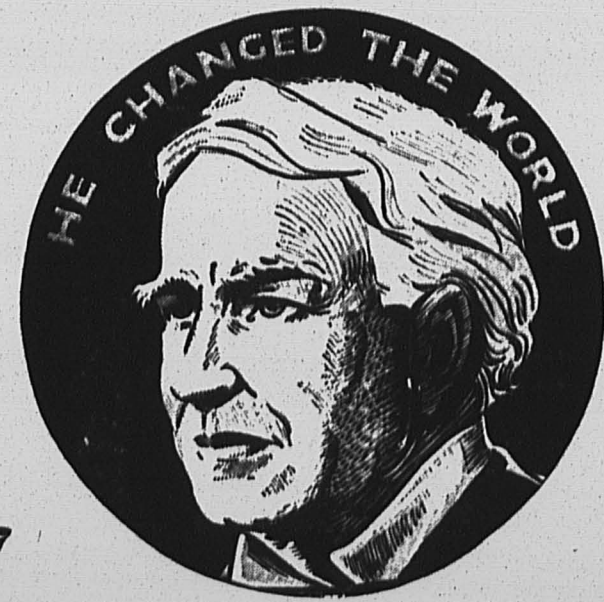

They are taking down the things on their bulletin board to put up textile painted place mats of Pennsylvania Dutch design.

They are also putting up Mexican paintings made by the Seventh Grade.

THOMAS A. EDISON CENTENNIAL

FEBRUARY THE ELEVENTH, the one hundredth anniversary of Edison's birth is to be observed nationally. His genius created a new way of living. His inventions have speeded our work, removed drudgery from countless tasks and created new and diversified recreations. We are all his beneficiaries. Look around you at home, in your office, or store or factory, in school or church or theatre, and you will see at work the products of his inventive genius.

The Rev. R. B. Stewart, Pastor

In his introduction to the Fourth
Gospel, the Apostle John tells us
with mingled pride and wonder that
"the light shone in darkness, and the
darkness did not master it."

Today, after 20 centuries of Christian
endeavor and influence we are
prepared to go a step further and
declare with deep certitude that the
light still shines and darkness never
will master it. Though we listen
with patience to our contemporary
prophets of fear and doom we know

CLOSED WEDNESDAYS

in our hearts that the real problem

of our day is not the problem of
staving off impending annihilation.

It is rather the problem of harnessing
the indestructible "Light of the
Gospel" to the hearts and minds
of men that the large areas of darkness
that still exist may be dissolved.

We have faith in that light. We
know it is the source of New Life,
and we labor on, praying only that
the Divine Plan may not have to
await the birth of future generations.

God has planned that in the world
of men there shall be light.

That Light is with us. We need
only consecrated personalities to reflect
it and to have it transformed into
the kind of power for which the
whole human race waits in expectation.

Next Sunday morning we shall
propose a second question relative
to the "New Life Movement." The
sermon topic will be, "Has the
Church Lost Something?" The Calvary
Choir will render the anthem,
"The Lord Is My Light," by Parker.

The Junior and Senior C. E.
Morning worship is at 4 o'clock.
Groups will meet Sunday at 6 and
at 7:15 p.m. The Junior Choir rehearsal
will be at 6:30 o'clock.

The regular monthly meeting of
the Women's Society will be held
Wednesday afternoon, February 12,
at 2:30 p.m. An interesting program
has been arranged. The speaker will
be Mrs. C. M. DeBoe. Tea will be
served and all ladies of the Calvary
family are cordially invited to attend.

The Calvary Church School convenes
each Sunday at 9:45 a.m.

REPORT FROM Your Congressman

FRANK A. MATHEWS, JR.

The Committee on Education and Labor of the House of Representatives headed by New Jersey's own Congressman Fred A. Hartley, Jr., of the 10th District, is now busily engaged in hearings on proposed legislation affecting one of the most important aspects of our nation and one which undoubtedly had considerable influence on the last election.

Various proposals to modify or amend the laws relative to industrial relations concern the process of collective bargaining, imposing legal obligations and responsibilities on unions, designating "unfair labor practices" of unions, eliminating certain union practices, outlawing certain types of strikes, imposing requirements for internal management of unions, and designed to create modifications with respect to employers.

The basic law under which present conditions have been reached is popularly known as the Wagner National Labor Relations Act, and its alleged purposes were to expedite interstate commerce by minimizing disputes between management and labor, or, more accurately, between the men responsible for the management of industries and the men who have somehow obtained authority to speak for all people belonging to particular trade unions, which means practically all employees in industry employing union members.

The Wagner Act was passed in 1935. Between 1933 and 1937 the number of strikes and lockouts grew each year, a large proportion of them being caused by efforts at the unionization rather than efforts to improve wage and working conditions. Although in 1937 and 1938 the total number of strikes declined, they still remain at a relatively high level. One of the reasons for the decline appeared to be due to an upswing of business in 1938 because of the defense program and the European war, which began in 1939. But in spite of this, the number of workers involved and the man-days lost in 1939 are among the highest of the period between 1935 and the present. In fact in 1941, when we were producing large quantities of war goods, strikes increased to the high level.

A resumé of the whole situation shows that instead of substantially decreasing strikes, the administration of the Wagner Act by the National Labor Relations Board and as interpreted by the Supreme Court increased them, and the critical railway, coal and maritime strikes in 1946 and 1946 are so vivid and recent as to need no reminder.

Unfortunately, there are people who disregard the long period during which these conditions have fastened themselves upon us, and think that Congress, by snapping its fingers, can remedy all the evils at once and establish a condition of permanent industrial peace. But the thinking person knows that things have reached a point where care must be exercised, study given, debate had, and a general screening process followed, if we are to produce what the American people desire and deserve—something really constructive and reasonably fair to both sides, with protection to the public at large.

Next week, I shall give you further phases of this problem.

ELM AVENUE FIRE

Riverton and Palmyra Fire Companies answered an alarm shortly after 2 p.m. on Wednesday of this week for a fire at the Pfaff residence, 215 Elm avenue, Riverton.

The blaze which originated in a bed on the second floor was extinguished promptly before the flames spread to the room. Two beds were ruined and there was also some damage from smoke and water. Two booster lines were used on the fire.

RIVERTON REPUBLICAN CLUB MEETS FEB. 19

The first 1947 meeting of the Riverton Republican Club will be held in the Riverton Fire House, Wednesday, February 19, at 8 p.m. At this time the program for the year will be planned and President Donald M. Patterson will outline the aims of the organization.

In view of the large number of ladies in the club, one of the speakers at the meeting will talk especially to them. This speaker is Mrs. Pearl M. Bridgegum, member of the Republican State Committee.

The other speaker will be State Senator Arthur W. Lewis, of Riverton, who will have an important message of timely interest to all Republicans.

DAY OF PRAYER

The women of the various churches in Palmyra and Riverton will participate in "A World Day of Prayer" on Friday, February 21, in Christ Church, Riverton, at 2:30 p.m. The theme of the service will be "Make Level in the Desert a Highway for Our God." This unusual World Day of Prayer service has been written by a talented Indian woman, Mrs. Isabel Cate, an instructor on the staff of Ewing Christian College, Allentown.

Mrs. Stanley Lippincott, of Christ Church, Palmyra will be the soloist accompanied by Mrs. Rachel Lord of the Epworth Methodist Church who will be the organist for the service.

The first meditation will be "Deserts," the second, "Confession," the third, "Thanksgiving," and the last "Intercession." All women of both communities are cordially invited to attend, and are urged to participate in this world wide endeavor of unity by prayer. The World Day of Prayer will be observed first in the Fiji Islands and New Zealand, since Friday dawned there while we are sleeping Thursday night. As the sun moves eastward, new groups in many countries will join in the same universal service of worship—dusky women from distant coral strands and steaming jungle trails; peasant women from the fields; East Indian believers in picturesque saris; veiled sisters from harems; Chinese in blue trousers; Germans, Norwegians, Hollanders now joining publicly instead of secretly; until late in the night when the final reverent observance will be held by Eskimos on St. Lawrence Island off the coast of Alaska—the whole family of the whole Church in the whole world remembering one another with love; interacially, interdenominationally!

The dates for the campaign are March 1 to 15. The captains of the various districts will be announced next week at the meeting which will be held in the Palmyra Borough Hall, Monday at 8:30 p.m.

The largest group searching for homes, so we incorrectly call it the Veterans' Problem.

The State Housing Authority has been established many years. A survey in 1939 found 350,000 substandard homes in the state. If we add the 100,000 who were searching for homes we have a shortage of 450,000 units then. This is now aggravated by the fact that we imported 350,000 war workers who have remained in the state and we have 400,000 discharged service men of whom fully 100,000 want homes.

SCHOOL ELECTIONS

School elections were held in Riverton, Palmyra and Cinnaminson on Tuesday night of this week with light voting in all three districts.

In Cinnaminson, Charles E. Dorworth and H. W. Jeffries were elected members of the Board of Education, receiving 126 and 115 votes respectively. Francis Brennan was the unsuccessful candidate.

All the budget items were approved by substantial majorities with the exception of the item of salary increases for teachers in the total amount of \$3,500. This was approved by the narrow majority of 80-75.

In Palmyra, where there were three vacancies for the Board of Education, four candidates for the vote were as follows: A. R. Gilmore 130, Marian Mallory 103, James B. Ryan 123, Alan Sinclair 66.

All items concerning appropriations were passed with only a few negative votes.

A huge throng of 26 residents of Riverton voted and elected the following to the Board of Education without opposition: Dewees F. Showell, Mrs. W. T. McAllister and Robert F. Strahan.

The budget items were all approved.

TRI-BOROUGH LEAGUE

CAMPAIGN DATES
An enthusiastic meeting to further the Tri-Borough Baseball League campaign was held on Monday of this week with W. H. Thorn, chairman, presiding. Representatives were present from Palmyra, Riverton and Cinnaminson and pledged their whole-hearted support. F. J. Hammelman, Jr. was appointed secretary and Edwin A. Griscom, treasurer.

Mrs. Thorn briefly outlined the League's activities, pointing out that the organization provides supervised baseball for over 300 boys without one cent of cost to those participating. In the winter two basketball leagues are sponsored. The League also maintains a trust fund to pay for any medical attention required. Those present were unanimous in the opinion that the League deserves the full support of every local resident in its drive to obtain \$2,000 to carry on the work this year.

The dates for the campaign are March 1 to 15. The captains of the various districts will be announced next week at the meeting which will be held in the Palmyra Borough Hall, Monday at 8:30 p.m.

The largest group searching for homes, so we incorrectly call it the Veterans' Problem.

The State Housing Authority has been established many years. A survey in 1939 found 350,000 substandard homes in the state. If we add the 100,000 who were searching for homes we have a shortage of 450,000 units then. This is now aggravated by the fact that we imported 350,000 war workers who have remained in the state and we have 400,000 discharged service men of whom fully 100,000 want homes.

BUDGET ADOPTED

At the meeting of the Cinnaminson Township Committee held on Tuesday night of this week the 1947 budget was adopted by a unanimous vote. No one was present at the public hearing to speak on the question.

In view of the reported deficiency in water pressure at the recent fire at Campbell's it was decided to confer with officials of the water company in regard to the situation.

THE PORCH CLUB

ANNUAL LIBRARY BRIDGE AT PORCH CLUB

In the Riverton Porch Club on Tuesday, February 18, at 2:00 p.m., a card party will be held, the proceeds of which will go to the Riverton Public Library. This is an annual affair sponsored by the Porch Club and the bridge committee, under the chairmanship of Mrs. Donald M. Patterson, has planned an interesting afternoon with a door prize, table prizes and refreshments.

The tickets are 50 cents and for reservations call Mrs. Arthur W. Lewis, Riverton 9-0664. Bring your cards and a recent book, to be used as a prize or donation to the Library. Make up your table early.

WILEY-HEMPHILL

Mr. and Mrs. C. Lawrence Peterson, 209 Lippincott avenue, Riverton, announce the marriage of their daughter, Florence P. Hemphill, to William G. Wiley, of Philadelphia, on Saturday, February 8, in Calvary Presbyterian Church, Riverton. The Rev. Robert B. Stewart performed the ceremony.

FOOTBALL TEAM PETED

On Thursday night of last week a banquet was tendered the championship 1946 football team of Palmyra High School in the Hotel Watt Whitman, Camden. Over 200 attended the affair.

Congressman Frank A. Mathews, Jr., of Riverton, was toastmaster and Coach William Murray of the University of Delaware was the guest speaker.

Members of the coaching staff and several players also spoke briefly at the banquet. Dr. Frank Kreutzberg of Delanco, chairman of the committee in charge of the banquet.

The entire squad was presented gold footballs which were purchased as a result of the generosity of local businessmen and others.

THANKS VOTERS

May I take this opportunity of expressing my sincere appreciation to the voters who supported my candidacy for member of the Cinnaminson Board of Education at the election on Tuesday.

Charles E. Dorworth.

Mr. and Mrs. Raymond M. Haines, Sr., 914 Cinnaminson avenue, Palmyra, left Sunday evening for an indefinite visit with their son and daughter-in-law, Mr. and Mrs. Wilbur C. Haines in Dallas, Texas.

P.T.A. Founders' Day

Mrs. Walter L. Bowen, of Riverton, a past President of the New Jersey Congress of Parents and Teachers, will be the guest speaker Wednesday afternoon, February 19, at 3 p.m., when the Riverton Parent-Teachers Association will meet in the school auditorium, to observe Founders Day and Talent Day.

Mrs. Bowen has spent many years in P.T.A. work and has held offices in local as well as state associations. She was the second president of the Riverton P.T.A. and in the years of 1935 to 1939 held the office of State President. Mrs. Bowen has also been active in publicity work and for three years she edited the magazine called the "New Jersey Parent-Teacher."

All of the Past Presidents of the Riverton P.T.A. have been invited to attend this Founders Day meeting. Mrs. W. E. Phillips, chairman of the Founders Day program, reports that eleven of the Past Presidents will be present on February 19.

The Annual Food Sale, another feature of the program, will be held in the Kindergarten room immediately after the meeting. Mrs. Charles Stewart and her committee of room mothers are busy with plans for this sale. We ask your earnest support in making it a success. There promises to be a large variety of food. Come out and make your selection.

The Parent Education Group will meet in the Library at 2 p.m. to discuss as their topic "The Family Is Your Future." All are invited to attend and enter into the discussion under the leadership of Mrs. George Walsh.

Bring your small children along as there will be attendants for them.

PALMYRA WOMAN'S CLUB

Members of the Palmyra Woman's Club will have as their guests at a meeting Monday February 17th at 8 p.m. in the club room, Junior members and the Evening Department. The speaker will be Johannes U. Hoerber of Philadelphia, whose topic will be "Problems of the Forthcoming Peace in Europe."

Dr. Hoerber was born in Switzerland and educated in Germany and London. He was one of the younger leaders of the democratic labor movement in South Germany, stood in the forefront of the fight against the Nazis and was imprisoned by the Gestapo one week after Hitler came to power. He escaped to the United States in 1938.

Since coming to Philadelphia, he worked for the Institute of Local and State Government at the University of Pennsylvania, and is now Staff Executive of an important war-time community agency.

Dr. Hoerber belongs to that younger group of democratic Europeans who have, from personal experience, an intimate knowledge of the international problems now confronting the United Nations.

Mrs. Charles Whitmore, chairman of the American Home Department has charge of the evening's program.

THE CRUCIBLE OF SPEED

At the meeting of the Palmyra-Riverton Lions Club held on Thursday of last week the members were shown a technicolor film entitled "The Crucible of Speed," through the courtesy of the Palmyra Home and Auto Supply, local Firestone dealer. The picture showed several of the races at the Indianapolis Speedway and related how many auto improvements had their origin there. Firestone tires are used exclusively by the drivers in the 500-mile racing classic and it has been estimated that the half-thousand mile grind is equivalent to ordinary wear on a car and tires of at least 50,000 miles.

Walter T. McAllister was welcomed as a new member of the club. On Thursday, February 20, the members of the local organization will journey to Collingswood, where a joint meeting will be held with the Lions Club of that community.

Vanishing Footsteps

People are taking fewer and fewer bill-paying steps these days, thanks to their convenient checking accounts. Why should anyone run around paying bills with cash, wasting time, risking loss and bothering with receipted bills, when a checking account does the job by mail more quickly, safely and with less effort? Cancelled checks are your receipts—evidence of payment that the courts recognize, and you receive them in a neat package when you get your bank statement. How much does a checking account cost? Perhaps nothing, depending on the amount of your bank balance and how many checks you draw. But even if it does cost you something, you'll be getting full value for every penny of cost. Enjoy the modern convenience of a checking account with us.

RIVERTON A.A. PLANS FOR COMING SEASON

A sports program for the coming season was mapped out by a committee of the Riverton Athletic Association, at a meeting of Riverton sports and civic figures held at the Fire house, Riverton, last Sunday. William Wittmeyer was named president of the organization with Robert May as secretary. With the idea in mind to build up interest once again in all sports at Memorial Park, Riverton, a sports program will be planned to take in interest in tennis, softball, and the baseball team. In order to obtain another championship club before the season it will take funds to purchase uniforms and other athletic equipment, a committee will be named later to consider such means. To field a club each year it costs a large sum of money for this equipment. A committee of villian life, once again it is anticipated that they too will take part in the club's activities. With good talent in Palmyra, Riverton and Cinnaminson, in all sports, the Riverton Baseball team plans once again to solve its problems for the coming baseball season.

think that the peace of the world
depends upon the spreading of the
gospel of Jesus Christ in every coun-
try... upon the sympathetic attitude
of those of the Christian faith to-
wards those who are in need... and
upon the practical Christianity of
actually alleviating pain and suffering,
then you are in accord with this
great World Movement which is be-
ing entered into by every denomina-
tion in these United States.

When called upon to give — you
will not hesitate. You will give, and
sacrificially so. All members are be-
ing asked to be at home this Sunday
afternoon when they will be called
upon by a worker in the Crusade
whose mission it will be to obtain
their subscriptions.

Bible School, 10:00 a.m. There
are classes for every member.

Adult Men's Bible Class, 10:00 a.m.
This class meets in the Church audi-
torium. Pastor Morgan presents
the lesson. Come out and enjoy a
good sing—a good lesson—a good
discussion—and a fine mental airing.

Morning Worship, 11:15 a.m. The
Pastor will have, as his subject,
"Life's Anchorage." The choir will
sing a selection and Mrs. Russell
Guldin, soprano, will be the soloist
for the service.

B. Y. F., 6:45 p.m. "The
Road to True Glory" will be the
soul inspiring message by the Pastor.
Mr. Claude Y. Barto, due to illness
was unable to be present last Sun-
day evening, so he will contribute
to this service of worship his violin
solo. He has for his selection,
"Chanson du Berceuse," by
Borowski.

Church Calendar for the Week
Wednesday, February 19 — Mid-
week Prayer and Praise service
which is held in the Sunday School
auditorium at 8 p.m.

Thursday, February 20 — Choir
rehearsal held in the church at 8 p.m.

Kindergarten
Today we have big plans, much to
do, much to think of, and only four
days to do it. This week we have
to make valentines as well as re-
membering Mr. Lincoln's birthday
on Wednesday. This will be a play
day for us, no school. We hope our
valentine box will be very pretty.
Come in and look at it.

We miss Billy Trauger who has
the Chick-Pox. Hurry up and get
the Billy!

Now making their graduation dresses.
The Seventh Grade is now cooking.
Dolores Watson, Reporter.
Safety Patrol
The members of the Safety Patrol
are really doing a good job these
cold mornings. They are very im-
portant to our safety. We hope you
will help every one of them by ob-
eying them instantly.

RED CROSS CAMPAIGN

Former State Senator Emmor
Roberts of Vincentown will be the
general chairman of the Burlington
County 1947 Red Cross Fund Cam-
paign to be held during the month
of March.

Announcement of Mr. Roberts'
appointment was made yesterday by
Miss Alice Jones of Mount Holly,
chairman of Burlington County
Chapter, American Red Cross.

Miss Jones stated that the county
quota in this year's drive would be
\$45,400, a reduction from the 1946
goal.

Stressing the special responsibility
of the Burlington County Red Cross
Chapter to continue various services
to disabled veterans at Fort Dix,
Roberts issued an appeal to the pub-
lic to be generous as possible when
the drive opens on March 1.

Roberts said that the County Red
Cross Fund Campaign would be con-
ducted by seven zone chairmen as-
sisting him. Mrs. Nathan Lane, of
Riverton is chairman for this area.

Now... make savings galore.
It's A&P's famous annual event
—Founder's Week. Every de-
partment in your A&P joins
in with fine foods for your table
—at prices that make your food

Week is our way of honoring
our founder's simple, straight-
forward way of doing business:
"The highest quality foods—
at low prices for everyone."
That's the rule we follow day-in,
day-out all year long. And we
think you'll agree there's no
better tribute to our founder's
memory than the great money-
saving values on this page.

"We went places in '46..."

12 MILLION MILES in all"

Last year was a busy one for the 3,500
drivers of telephone cars and trucks
throughout New Jersey. They traveled
12,000,000 miles and played an im-
portant part in making 1946 a record
year—a year in which we added 175,000
telephones and provided more service
for more people than ever before.

This year our motor force will travel
even farther to help bring you greater
and better telephone service.

This safety seal on a telephone
car or truck shows the number
of years the driver has gone
without an accident. Our safe
driving records range from 1 to
19 years. Careful driving plus good main-
tenance keeps our vehicles traveling millions of
miles each year—safely.

CALVARY PRESBYTERIAN CHURCH
The Rev. R. B. Stewart, Pastor
Fourth and Lippincott Ave.
Jesus said, "Ye shall know the
truth, and the truth shall make you
free." The Calvary Church School
is dedicated and committed to the
task of teaching the truth of God as
that truth is perfectly revealed in the
Scriptures of the Old and New Test-

ament. It is Truth that has endured,
and it is Truth that has a meaning
for all age groups. Come to the
Men's or Ladies' Bible Class; bring
your children and leave them in the
care of competent teachers. All de-
partments of the Calvary School, for
little tots, children, young people and
adults convene at 9:45 a.m. each
Sunday.

Sunday-morning worship at eleven
o'clock. The Calvary Choir will sing
the prayer meditation, "Ivory Pal-
aces," and the anthem, "Sing Alle-
luia Forth," by Buck. Thinking in
terms of the Master's declaration of
submission in the garden of Gethse-
mane, "Nevertheless, not my will but
thine be done" we shall consider as
our morning message the question,
Do We Really Want Christianity?
Sunday, at 6 p.m. the Junior C.E.
group will meet in the Junior De-
partment room. Junior choir rehar-
sal at 6:30 p.m. The Senior C.E.
group will meet at 7:15 p.m. The
subject of the evening program and
discussion will be "We Would Be
Building," Miss Mary Hamelman,
leader.

An important meeting of the Stew-
ardship Committee and all District
Captains will be held at the Manse
on Monday February 17, at 8 p.m.
This meeting will be in preparation
for the annual Every Member Visi-
tation to be held on Sunday after-

Another speaker was Mrs. Charles Gibson, wife of a well-known Burlington physician, who talked about the work done in New Jersey by the wives of colored doctors. This group, known as the Auxiliary to the New Jersey Medical Society, has been very active in civic affairs.

PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. What educational benefits do I get under the GI Bill of Rights?

A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.

Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.

Q. What about family allowances?

A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. What are my chances of going overseas?

A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. Can I still choose the branch of service I want to serve in?

A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. Is there any way I can reenlist in my old grade?

A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. Is there any other way I can reenlist in grade?

A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

REPORT FROM Your Congressman

FRANK A. MATHEWS, JR.

Your Congressman received a request from a senior in one of the high schools in the District for some information on a subject of international importance.

He furnished same, and had the pleasure of receiving word from the high school student that the information furnished enabled the student to turn in a complete paper with extra credit for it. This student received a mark of 100 with the comment, "An excellent piece of work." Sometimes the extra-curricular activities of a Congressman have results which are quite pleasing to him. He doesn't remember receiving that kind of mark himself when in high school.

Your Congressman is pleased to tell you that he has been selected as Chairman of the Sub-committee on Compensation and Pensions of the House Committee on Veterans' Affairs. The honor of this appointment brings with it a serious realization of responsibility involved, as compensation covers legislation with regard to all payments to disabled veterans and the dependents of deceased veterans. It is a subject in which your Congressman has been interested for over a quarter of a century, and to which he devoted a great deal of time from his private life before he even thought of running for any public office.

For the information of veterans, particularly those of World War II, the House recently passed an Act designed to allow the Administrator of the V. A. to extend, by order, the time for reinstating lapsed insurance beyond February 1, 1947, without physical examination. As soon as the Senate passes this Act and it is signed by the President, it is believed the Administrator will extend the time to July 1 or even August 1, 1947. Take advantage of this, veterans.

Following further the last report of your Congressman on "Labor legislation," the decisions of the National Labor Relations Board have demonstrated that the Board did not proceed upon any theory of equity or justice to both sides, but upon the philosophy that it was created to give to "labor" advantages over "management" to make up for advantages which "management" had taken over "labor" in the past. It appeared to be little interested in the ultimate welfare of the workingman, but greatly interested in building up the size and power of the large trades unions. In this it was quite successful, as we all know. The final result of such effort was bound to be what has been. Large trades unions have grown larger, and in their race to do so, came the inevitable wave of jurisdictional strikes (having nothing to do with wages, hours, or working conditions), sympathy strikes at a secondary boycotts, while control of these unions grew further and further away from the rank and file members, and more and more into the hands of a few "leaders." Finally these "leaders" practically held the economic welfare of not only the members of the unions, but of the entire country in their hands, and at times challenged even the Government itself. These things are not opinions; they are historical facts.

Next week we will consider several fundamental principles which are involved in this problem, and, therefore, in any attempts to solve it.

The farmers of America not only supplied all the food sent abroad, but an amount for ourselves which available information shows is greater than ever before. There is no finer illustration of the strength and vitality of free enterprise than the American farmer.

Senator Byrd, of Virginia, who has made considerable study of expenditures of the United States Government, tells us that before December 31, 1945, materials declared surplus in this country amounted to \$1,026,000,000 in reported cost, and that these had been sold for \$488,000,000 or a loss of 52 per cent on this cost; that between then and March 31, 1946, it took a loss of 63 per cent; and that between July 1 and September 30, it took a loss of 66 per cent. And these losses do not include administrative expenses, which as of August 31, total \$268,775,921. These figures do not include what has happened to surplus sold in foreign countries.

Representative Buffett of Nebraska has ascertained that 17 million of the 140 million persons in the United States, in one way or another are on the Federal payroll. This is almost one out of every eight persons.

EVERT AGAIN HEADS BOARD OF EDUCATION

At the organization meeting of the Riverton Board of Education held on Monday night of this week, W. Brooks Evert was re-elected president and Dewees F. Showell vice president.

William F. Botter was reappointed District Clerk and Ralph H. Taylor was named custodian of school funds.

Since all three vacancies were filled by incumbents at the recent election there is no change in the personnel of the board from that of the previous year.

FIRE DAMAGES BARCLAY HOME

Prompt and efficient work on the part of Riverton and Palmyra firemen prevented serious damage to the Barclay residence, 203 Lippincott avenue, Riverton shortly after one o'clock on Monday afternoon of this week.

The blaze, which was started by sparks from a fireplace chimney, was burning briskly on the roof of the two and one-half story home when firemen arrived and a considerable area covered by wooden shingles was ablaze.

Two booster lines and a line of two and one-half inch hose were quickly brought into action and the flames were confined to a limited section of the roof, although a hole had burned through near the chimney at the north end of the building. Water damage on the third floor was reduced by the prompt use of tarpaulins. There was no damage to the lower floors.

With a brisk wind blowing at the time the fire was discovered had it not been for the timely work of the firemen the entire roof probably would have been consumed in a comparatively short time.

THANKS FIREMEN

I should like to take this opportunity to express our appreciation to the members of the Riverton and Palmyra Fire Companies for their prompt and efficient work in our behalf.

We put in an alarm on Monday at one o'clock, when sparks from a chimney set the shingle roof on fire. A stiff breeze spread the flames rapidly. By 2:15 the two fire companies had left the premises. They had extinguished the blaze, covered the damaged roof with temporary protection and cleaned up and removed all debris. A bad fire had been averted.

Our towns are indeed fortunate to be protected by volunteers who are both skilled and thoughtful in performance. We want to add our thanks to that of many others who have benefited by the Fire Companies' unselfish service.

Mrs. Richard D. Barclay.

RIVERTON SCHOOL NEWS

First Grade
On the week of February 10th, 1947 the First Grade read and studied about Abraham Lincoln.

They had a valentine box that was packed with cards.

Second Grade
The children are drawing pictures of rabbits and squirrels in art.

They are learning to add three rows of numbers in arithmetic. It is something new and they like it very much.

Barbara Walls, Reporter
Fourth Grade
The Fourth Grade is trying very hard not to have any tardy marks.

In January they had three late marks.

In their art class they are starting to make models of Mexican plays. These plays are made of clay.

Nancy Garwood, Reporter
Eighth Grade
Lincoln's Birthday was appropriately observed in our social study classes.

The discussions included incidents in the life of the "Great Emancipator" as well as a review of historical data from his many biographers. The two examples of masterpieces of literature, the Gettysburg Speech and Mrs. Bixby's Letter were read to help us appreciate the thoughtfulness of the writer's expression in plain short words.

A review, The Lincoln Reader, was read to the class.

Sixth Grade
On Friday, February 14th, the Sixth Grade entertained at assembly. Their selection was a short sketch entitled "The February Hall of Fame." Those participating were: Washington, Ronny Watkins; Lincoln, Harold Walter; Dickens, Lewis Bell; Longfellow, Clarence Bell; Edison, Raymond Walters; Lindbergh, Emerson Morhouse; February, Sarah Guerrier.

In the sketch the six famous men born in February reveal delightful human prejudices. The "statues" were prepared by Janet Lundstedt, Kay Fritz and Jeannette Lowe in Oil Painting Class.

Lawrence J. Downs, chief of the Riverton Fire Company was appointed fire marshal and will make an inspection of existing fire hazards.

With the passage of a special resolution, the last legal step was taken to grant a license to the Riverton Country Club for the sale of alcoholic beverages.

Anthony Spinuzzi was given permission to operate a taxi service.

HENRY LEROY RANDALL

Henry Leroy Randall, President of The Riverside Metal Company, died at The Zurburg Memorial Hospital, Riverside, New Jersey, February 18th.

Mr. Randall, a native of New Milford, Connecticut, was born in 1891 and educated at the New Milford High School, Phillips Academy, Andover, Massachusetts, and Yale University, Sheffield Scientific School. Immediately after graduation, he assumed a position with the American Brass Company and until 1916, worked in different capacities for the Torrington and Kenosha Branches.

In 1916, he came to The Riverside Metal Company as Assistant Works Manager in which capacity he served until 1918 when he became Works Manager. He became President of The Riverside Metal Company in November of 1920 and held that position until 1942 when by merger of The Riverside Metal Company and the Keystone Watch Case Corporation, he became President of both concerns.

Among the societies of which Mr. Randall was a member are the American Society for Testing Materials, American Institute of Mining and Metallurgical Engineers, The Wire Association, and British Institute of Metals. He was also a Director of The Riverside Metal Company and the Cinnaminson Bank and Trust Company of Riverton, and was very active in the Copper Brass Research Association.

During the War, Mr. Randall served as a member of the Brass Mill Advisory Committee of the War Production Board whose policies were responsible for the operation of the entire industry, of which The Riverside Metal Company is a member.

Always active in the functions of his adopted community of Riverton, Mr. Randall served as borough councilman and participated as much as possible in those things which were constructive to the development of the town.

Among clubs of which he was a member are the Union League, Yale Club, Riverton Country Club, and Lake Waramaug Country Club, Lake Waramaug, Connecticut.

He is survived by his wife, the former Elizabeth Troxell, and daughter, Mrs. Charles B. Allen of New Preston, Connecticut.

Friends wishing to call may do so at the Snover Funeral Home at Palmyra, between the hours of 7:00 and 9:00 p.m. Thursday, February 20. Funeral services will be held at Christ Episcopal Church, Riverton, Friday, February 21st, at 11:00 a.m.

RIVERTON TO HAVE POLICE RADIO

At the meeting of Riverton Borough Council held on Thursday night of last week the 1947 budget was passed by unanimous vote. No one was present at the public hearing to speak on the question.

Council authorized the police committee to make necessary arrangements to join Palmyra in the installation of a police radio system. Councilman S. Robinson Coale pointed out that the proposed system would greatly benefit both communities and that the cost of joint operation would be much less than if both operated separate systems.

According to the present plan, Riverton's share of the rented equipment would be \$534 per year plus half of the installation costs, about \$82.00.

Lawrence J. Downs, chief of the Riverton Fire Company was appointed fire marshal and will make an inspection of existing fire hazards.

With the passage of a special resolution, the last legal step was taken to grant a license to the Riverton Country Club for the sale of alcoholic beverages.

Anthony Spinuzzi was given permission to operate a taxi service.

Lions Entertain Scouts

Members of Troop 5, Boy Scouts of Palmyra, were guests of the Palmyra-Riverton Lions Club last Thursday evening, the occasion being the 37th Anniversary of Scouting in the United States.

Scoutmaster A. B. Branson, club member, introduced those present who served as borough officials in Palmyra as part of the local observation of the anniversary. He paid high tribute to the boys who acted as officials.

The guest speaker was Gerald Pontius, of Moorestown, Scout Executive of Burlington County. Mr. Pontius traced the development of Scouting in this country during the period of its existence and stated that at present there are over 2,500,000 Scouts. During the 37 years, over 32,000,000 boys have been enrolled in the ranks of the organization. There are 5,000,000 volunteer Scout officials and 2,000 paid members.

Mr. Pontius commended Mr. Branson for his 17 years of service in the Boy Scout movement. He stated that a recent survey showed that there is an urgent need for at least six new units to be organized locally.

During the discussion which followed the talk of Mr. Pontius it was learned that seven members of the Lions Club have served as Scoutmasters and that nearly every member was at one time a Boy Scout.

Dr. C. Cione, of Palmyra, was welcomed into membership of the club.

PARISH CLUB ACTIVITIES

Card Party Successful
Last Friday evening the Parish Club of the Episcopal Church, Riverton, held one of its regular card parties and the event was most successful, due to hard working committee headed by Mr. and Mrs. James A. Watson. More than 60 prizes were donated by Philadelphia and local business houses and individuals around Riverton. The gifts were greatly appreciated by the Parish Club members and helped them to increase their treasury by \$175.

This money will be used to further improve the church school. New tables have been ordered and work will start immediately in painting the second floor of the Parish House.

The price of admission to the Valentine card party was 75c, in the future we will return to the old 50c price and serve the usual good refreshments.

The next Parish Club event will be the annual dinner after Easter. The committee will announce the date as soon as arrangements are made. All Parish Club members will remember the unusually fine dinners served by the club and we urge you to attend this year and bring your friends that you would like to introduce as new fellow members.

WOMAN'S CLUB PROGRAM

The Evening Membership Department of the Palmyra Woman's Club will present for Husband's Night, a group from the International Institute of Philadelphia. This program will be held on Monday evening, February 24, at 8:30, in the Community Center.

The Group, under the direction of Mrs. S. Fereshtian, Community Relations Chairman of the Institute, will conduct a program of songs and folk dances from their native lands.

Mrs. Joseph Headman, Program Chairman, has arranged for representatives of the International Institute to lead the club members in folk dances.

Mr. and Mrs. Harry J. Crowther are receiving congratulations on the birth of son, Harry Dean, on Friday, January 31, at the Cooper Hospital.

He proposes to have his stand on Broad street near Main and will provide a waiting room for patrons.

RIVERTON YACHT CLUB

By Knute Hunn

The monthly meeting of the Riverton Yacht Club will be held Thursday evening, February 20, at the Riverton Fire House. This particular meeting will be given over to the "Duster" class, and will be known as "Duster night." It is the policy of the club to set aside for each class of boat one meeting night to discuss their problems and the furthering of that class in the R.Y.C.

Along with the general meeting and the election of one member to the board of directors, there will be technical movies of the first "Duster" National Regatta held at the Riverton Y.C. last fall. Refreshments will be served through the kindness of the "Riverton Yacht Club Sail Bags."

THANKS FIREMAN

I wish to thank our local Fireman for their quick response to the recent fire in my home on Elm Avenue, Riverton. Also to express my appreciation of the careful manner that they handled the whole affair and kept my loss to a minimum.

I also wish to thank my neighbors and friends who gave their assistance to my wife and family on account of the fire.

As the "Duster" class and the Riverton Yacht Club go hand in hand because of the class' origination at Riverton, it will interest many people to learn that the "Duster" organization has expanded 100 per cent to date, and the Riverton Duster fleet will number at least 25 boats this summer. Many local men and their sons are constructing new "Dusters" this winter.

This meeting will be of great importance to the Riverton Yacht Club as they are now campaigning for funds to improve the physical condition of the club, and these plans will be given great consideration.

Due to the added interest and new members forthcoming from these winter meetings the Riverton Yacht Club is looking forward to a great summer season during 1947.

Vanishing Footsteps

People are taking fewer and fewer bill-paying steps these days, thanks to their convenient checking accounts. Why should anyone run around paying bills with cash, wasting time, risking loss and bothering with receipted bills, when a checking account does the job by mail more quickly, safely and with less effort? Cancelled checks are your receipts—evidence of payment that the courts recognize, and you receive them in a neat package when you get your bank statement. How much does a checking account cost? Perhaps nothing, depending on the amount of your bank balance and how many checks you draw. But even if it does cost you something, you'll be getting full value for every penny of cost. Enjoy the modern convenience of a checking account with us.

ROTARY CLUB

"The British Empire has chosen one American to symbolize the spirit of this Country," said Rev. Lynn H. Corson of Princeton in addressing the Rotarians last week. "He is Abraham Lincoln, whose statue is placed, with those of Disraeli and Cromwell, in front of Britain's greatest shrine, Westminster Abbey."

In analyzing the characteristics that made Lincoln great, Mr. Corson said they were more elusive than those which gave rise to greatness in some figures of history because they did not arise from family background, schooling, physical qualities, early experiences or reputation as a lawyer and office holder.

Tracing his ancestry back to 1638 when his grandfather emigrated from Norwich, England to Massachusetts, it is apparent that Lincoln came from most humble stock. His own father was the least successful of all the Lincolns in that ancestral role. Lincoln himself, quoting from Gray's Elegy, said his early life was summed up in the lines: "The short and simple annals of the poor."

Schooling obviously had a small part in determining his greatness for he had but twelve months of formal schooling in all his life. His appearance gave him prestige—quite the contrary. He was not dedicated in early life to singleness of purpose, as was for instance Woodrow Wilson. Like his father he flitted restlessly from job to job—riverman, farmer, surveyor, storekeeper, postmaster. Even his legal career and his experience in the legislature and in Congress

was not started by great success.

What then were the causes underlying this greatness which enabled him to write undying words and enshrine himself in hearts the world over? Mr. Corson summed it up in a sentence: "He was recognized as the servant of great principles with which he so identified himself as to personify the great truths in which Americans believed then and now."

These principles are three in number: First, the belief in sovereignty of God—the religious principle he reflected even in his darkest days. Second, the political principle of the Divine destiny of his country—the preservation of which guided his every action. He believed sincerely that here stood "the last great hope of earth." Third, the social principle of the equality of men. On this principle he led his countrymen to a war he abhorred but which he felt worthy of the sacrifice in the name of that principle which he personified.

It is not enough to have great qualities, one must make good use of them.—La Rochefoucauld.

standard deduction. A blanket al-
lowance is made in lieu of such deduc-
tions.

When using Form 1040, all sums
paid during the taxable year in the
form of registration fees, driver's li-
cense fee and personal property tax
may be deducted from the car own-
er's gross income. However, Federal
gasoline tax and other Federal ex-
cise taxes are not deductible.
Mr. Bugbee further disclosed that
the owner of a car used entirely for
business may deduct maintenance
expenses and depreciation. In the
event the car is used for both busi-
ness and pleasure, only a proportion-
ate part of the maintenance cost
and depreciation based on business
use may be deducted. Also deduct-
ible is the interest on money bor-
rowed for the purchase of an auto-

"Other deductions permitted the
motorist," Mr. Bugbee said, "may
include a casualty loss sustained by
damage to a passenger car not cov-
ered by insurance and damages paid
for injury to a pedestrian when a
car was being used for business at
the time of the accident." The club
president warned that no deductions
are permitted in any instance for
fines paid.

Morning worship at 11 o'clock.
Next Sunday the fourth of a series
of "Reflections on the New Life"
will be presented. The sermon topic
will be "Living on Life's Highest
Level." The Calvary Choir will
render as the anthem, "Festival Te
Deum in E." by Buck.

Sunday evening the Junior C. E.
group will meet at 6 p.m. Junior
Choir rehearsal will be from 6:30 to
7 o'clock. The Senior C. E. group
will meet at 7:15 in the Ladies Par-
lor. Raymond Richards will be the
leader and the program will be "One
Hundred Questions on The Bible."
On Sunday, March 2, all members
of the Stewardship Committee, Dis-
trict Captains and members of the
various stewardship teams will meet
in the Church School auditorium at
three o'clock. The Every Member
Visitation will be held Sunday,
March 9, from 2 to 6 p.m.

For the evening of Wednesday,
March 5, an exceptionally fine pro-
gram has been arranged by the of-
ficers of the Women's Missionary
Society. Dr. Edward J. Jurji, of the
faculty of Princeton Theological
Seminary, will be the guest speaker.
Dr. Jurji is a noted authority on the
Arab-Jewish-Christian question. For
the convenience of the men who will
want to hear Dr. Jurji, and who are
cordially invited to attend, the ladies
have changed the meeting from after-
noon to evening. Other details will
be announced next week.

Latest reports from the Presby-
terian Restoration Fund headquarters
indicate that to date the sum of \$25-
000,000 has been contributed towards
the national goal of twenty-seven
million dollars. To date the Calvary
Church has forwarded ninety-one
per cent of our quota, and we are
quite sure that by Easter we shall
have reached our goal of \$5,747.

Let us labor for the larger com-
prehension of truth, and that more
thorough repudiation of error, which
shall make the history of mankind
a series of ascending developments.

the convenience of the men who will
want to hear Dr. Jurji, and who are
cordially invited to attend, the ladies
have changed the meeting from after-
noon to evening. Other details will
be announced next week.

Latest reports from the Presby-
terian Restoration Fund headquarters
indicate that to date the sum of \$20-
000,000 has been contributed towards
the national goal of twenty-seven
million dollars. To date the Calvary
Church has forwarded ninety-one
per cent of our quota, and we are
quite sure that by Easter we shall
have reached our goal of \$6,747.

Let us labor for the larger com-
prehension of truth, and that more
thorough repudiation of error, which
shall make the history of mankind
a series of ascending developments.

PALMYRA SCHOOL NOTES

"KNOW YOUR SCHOOLS"

The Board of Education has decided to refer to the voters of Palmyra the question of the installation of a floodlight system on the high school athletic field. This election will be held on Friday, February 22. In order to prepare for submitting this matter to the voters the Board has taken several preliminary steps.

First of all, a survey was made of the experiences of several schools which have installed lights. Most of these lighting systems are used exclusively for football. The schools which were consulted were Ambler and Morrisville, Pa., Penns Grove Regional, Pleasantville, Trenton, Riverside and Vineland, N. J., Dover, Massillon, Akron, Toledo and Zanesville, Ohio; and Kingston, N. Y. All reported far better attendance and higher gate receipts at football games and greater enthusiasm during the football season. All reported that conduct at the games was no different from that during afternoon games, although some reported greater difficulty in policing the fences and outlying parts of the field from youngsters who wanted to enter the field without paying. Other replies were the following: The community is given a greater opportunity to share in the activities of the school through playing of football at night when local business men could attend; night football is more spectacular and appeals to the crowd; band and cheer leading drills with lights are crowd-pleasing; and the revenue is usually about double that from daytime games.

A very interesting and somewhat sensible comment was made by one of the schools to the effect that injuries to players were much reduced since the early season games were played at night. This school contended that injuries are most prevalent when players are tired and that

they tire much more rapidly in the heat of the September and October sun than in the cooler temperatures prevailing after dark.

As a result of this survey the Board felt that night football has some advantages over daytime games and that it might be advisable to look into the matter of the cost of installation of a good system. The temporary system rented last fall by the local football association for its night games was admittedly inadequate and undesirable. The Board decided to invite a competent electrical engineering concern, the Wickes Engineering and Construction Company, of Camden, to prepare a set of plans and specifications. After these specifications were submitted, the Board called for bids on the complete job of installation. The low bidder was the Beck Electric Company of Riverside. Certain alterations and improvements must also be made to the track this spring. For some years cinders have not been available and the condition of the track has become steadily worse. A survey will be made in the near future to ascertain the existing grade and improvements will be planned accordingly. The total estimate of this entire project, including the floodlighting system and the work on the track is in the neighborhood of \$25,000.

This cannot be paid for from current funds, for, as pointed out in a previous issue of this column, the balance in the treasury has been practically exhausted through the inroads of higher costs in every department of the operation of the school.

Therefore, the Board of Education proposes to poll the voters and be guided by their decision on February 28. It was felt that this is the fairest and best way to handle the matter, since in this manner the voters' attention can be directed to this problem alone and not be confused by other issues appearing on the ballot at the regular school election.

It might be pointed out, too, that the Board feels that this bond issue can be easily absorbed through a share in the anticipated increase in gate receipts or through an appropri-

ation in future school budgets. The total bonded indebtedness of the district will be paid off this year. This new bond issue should easily be repaid within a few years. The charge of commercialism may be raised against this project, but admittedly football finances most of the other school activities. Added revenue from football will help finance these other activities in which more and more students participate every year. A good floodlighting system will be of value to the community in making possible greater use of the school facilities at night. It will make possible holding night track meets, band concerts, music festivals, and public gatherings of all sorts. It will be a good advertisement to Palmyra and may help attract people to come to Palmyra to live. Finally, it will make possible the supervision of school pupils in clean, safe, healthy and wholesome surroundings for at least one night in the week. It will also make it possible for the entire family to attend community gatherings with their children, whether at football games, band concerts, or other similar affairs.

It has been stated that there is much need for improving the building facilities both in high school and grade school. The Board recognizes this fact and for over a year has been at work planning for a building program. A leading school architect, Trenton, has been engaged to draw up plans and specifications for a six room annex to the Spring Garden Street building and for a wing to the high school building which will include a gymnasium, locker rooms, mechanical drawing, woodworking, metal shop, nurse's clinic, agriculture class and laboratory rooms. The cost of this preliminary planning has been paid in full by the federal government and the New Jersey State Commission on Economic Development. Costs of school construction are at present three times the normal figure and the Board feels that it will be best to wait for a year before submitting this proposal to the voters. It is hoped that by the summer of 1948 prices will have stabilized at a lower level and that the voters will

then consent to have this proposed building program begun. Meanwhile, it is felt that the stadium lights, if approved by the voters, will have been installed, used for a year, and partly paid for. More detailed information about the proposed building program will be submitted in a future "Know Your Schools" column.

REPORT FROM Your Congressman

FRANK A. MATHEWS, JR.

Over 500 people have written to me about S-332, which makes it impossible for me to answer all of them individually. But I can do so by means of this report.

An examination of the bill shows that it is not a measure designed to control traffic in firearms for safety, but to provide some more bureaucrats to collect more money from an already tax-harassed public.

Don't worry anymore about that bill. Senator Wiley has withdrawn it.

Continuing a discussion we have had for several weeks about the so-called "labor" problem, this week I want to set forth a few fundamental principles and questions.

First of all, there would seem to be the fundamental right of a man to work, and that should carry with it, a right to quit working. The growing complexity of economic conditions gave rise to unions (organizations of workers) and strikes (mass quittings by the organization members). When carried out by the free will of the workers, I regard these things as generally right and proper.

Gradually there grew up certain practices in carrying out the purposes of unions and strikes, among which were compelling membership in unions, or certain unions, picketing, and combinations of unions into larger organizations, national and even international. These led to simultaneous strikes of large numbers of men over greater and greater areas of industry, thus putting more power behind the efforts to compel union membership and prevent so-called "scab" activities.

As a result the National Labor Relations Act was passed. Some of the effects of this Act have been pointed out in previous reports. Among them were the still greater growth and power of unions and more official actions by union leaders rather than by the members. Unions are private organizations. In solving the problems which have arisen, we must ask ourselves some questions.

Is the right of a man to work in the United States to be dependent upon his joining and paying dues to a private organization?

Is a man to be legally responsible for his own support and that of his wife and family, and at the same time be prevented from performing this duty by (a) an organization to which he does not belong, or (b) an organization to which he does belong, through the decision of a bare majority of his fellow members?

Is the right not to be a subject of forced, or "slave," labor any more important than not to be a subject of forced, or "slave," idleness?

Is the health, safety and welfare of the public to be subservient to the desires of a small group in an industry or industries to suspend public services such as transportation, lighting, heating, and etc.?

Are the rights of the majority of the members of one organization which wants to strike superior to the rights of the workers in other affected industries who are thus unwillingly thrown out of work?

Upon what theory do citizens who are employed by other citizens have greater rights than the citizens who employ them?

What fundamental right does a citizen who is a member of a private organization have that one not a member of such organization, or in other words, under our form of government, what special privilege, if any, can a citizen rightfully gain over his fellow citizen merely by becoming a member of a private organization?

What "rights" does "labor" have

BANK CLOSED SATURDAY

In conformity with the new bill just signed by Governor Alfred Driscoll, the Cinnaminson Bank & Trust Co., of Riverton, announces that, effective immediately, the bank will be closed Saturday throughout the year.

LADIES' NIGHT AT ROTARY CLUB

One hundred and ten Rotarians with their wives and friends sat down last Thursday to the Annual Ladies' Night Dinner and entertainment. It marked the twenty-first anniversary of the founding of the Club. President Walter Lammon welcomed the guests.

Porter Caldwell, Chairman, Raymond Bailey, Paul Schneider, Robert Morrison and James Allison with their wives constituted the committee responsible for an outstanding program which included both professional and local talent. Dr. Dean LeFavor entertained throughout the evening at the piano.

Three of the six charter members of the Club now on its roster were present and were photographed together on the stage of the Rotary Club where the dinner was held. They were Luke Eberly, Joseph Low and Harry Williams.

The professional show with Frank Richardson as master of ceremonies was entertaining from start to finish. Joe Reed, humorist who simultaneously played harmonica and guitar, but operated the former entirely with lips and jaw motion, offered an unusual act. Helen O'Brien, a talented young soprano sang a number of pieces that displayed pleasing ability. "Dancing Dave," a fifty-nine year old star of vaudeville days, who has lost none of his agility, gave characterization of Bill Robinson in an unusual display of tap dancing. "Regini," a juggler of exceptional skill was well received as was Frank Richardson himself in his impersonation of George Cohan in song hits.

Table prizes by lot were awarded to Mrs. Allison, Mrs. Ryan, Mrs. Conover, Mrs. Williams, Miss Harris, Mrs. Hansen, Mrs. Harder and Mrs. Walter Lammon, Jr.

High spot of the evening was a spring style show put on by Donald Patterson in which everything from night gowns and bathing suits to dinner and wedding gowns were modeled by club members impersonating women. Participants in this amusing skit were: Robert Morrison, William Moore, Walter Lammon, Albert McFall and Rev. Neal Raver, who took the part of bridegroom in the showing of the "wedding gown."

Concluding the evening a quartette, expanded to seven members, rendered a popular selection accompanied by Mrs. Robert Morrison. The group included Robert Morrison, Robert Finney, Albert McFall, Robin Cole, Carl Thomas, Maurice Joyce and Donald Patterson.

If any speak ill of thee, fly home to thy own conscience and examine thine heart. If thou art guilty, it is a just correction; if not guilty, it is a just instruction.

—George Herbert.

That the rest of the citizens do not have? Does not the present complex character of our economic society (which is the very reason unions, strikes, and collective bargaining are justified as a protection to the employee) equally demand that these things do not operate or be not operated to the damage of that society?

Why should anyone run
around paying bills with
cash, wasting time, risk-
ing loss and bothering
with receipted bills, when
a checking account does
the job by mail more
quickly, safely and with
less effort? Cancelled
checks are your receipts—

**ADMIRAL DURGIN
TAKES NEW POST**

Rear Adm. Calvin T. Durgin, a native of Palmyra, recently relieved Vice Adm. J. B. Oldendorf as commandant of the 11th Naval District. Adm. Durgin will serve as district commandant pending arrival of Vice Adm. Oscar C. Badger, expected

next month. Durgin also will continue to serve as commander of Naval Air Base, 11th Naval District.

If one lives right, every effort to hurt one will only help that one; for God will give the ability to overcome whatever tends to impede progress.

**PALMYRA SCHOOL.
BOARD OFFICERS**

At the annual reorganization meeting of the Palmyra Board of Education Monday evening, February 17, Leonard R. Baker was reelected President and Mrs. J. Charles Mallory was reelected Vice President. The newly elected members, A. R. Gilmore, Mrs. J. Charles Mallory and Capt. James B. Ryan, presented their credentials for election.

After the reorganization meeting the regular monthly meeting was held. Permission was granted for the vice principal, Melvin H. Kreps, to serve on the Berwyn High School Evaluation Committee, March 10, 11 and 12; for Sheldon W. Ehringer, head of the mathematics department, to serve on the Burlington High School Evaluation Committee, March 24, 25 and 26; and the supervising principal to serve as Chairman of the Belvidere High School Evaluation Committee, March 17 and 18.

The Board authorized the printing of a new edition of the high school handbook in time for distribution to the members of the Eighth Grade in Palmyra and the sending districts. It was reported that word has been received authorizing the payment of \$600 from the state treasury for the Related Training Courses for Veteran Apprentices. This course started February 24, under the direction of Mr. Kreps.

DRUNKEN DRIVER ARRESTED BY RIVERTON POLICE

Early Tuesday morning of this week Sergeant John Robinson and

Officer Albert Pierce, of the Riverton police noticed a car being driven in an erratic manner on Broad street, near Main. The driver, Ralph Corabi, 28, 2431 Percy street, Philadelphia, stated that he was lost. Upon being directed by the officers he drove off at a high rate of speed and narrowly missed colliding with another car near Linden avenue. They pursued, but were unable to overtake him due to bad driving conditions, until he had reached Route 25 and turned down the wrong lane of the dual highway.

At this point he just missed a car containing two state troopers, who assisted in the arrest. On the way back to Riverton, Corabi became a-

busive and suddenly hit Robinson, causing a deep cut on his mouth. So violent was the offender that it took all four officers to get him into the police station.

He was examined by Dr. John Whitaker, of Riverton, and pronounced to be under the influence of intoxicating liquor and unfit to

drive a car. He pleaded guilty to this charge and to assault and battery on an officer at a hearing before Recorder William H. Bottger and was assessed a fine of \$200 on the drunken driving charge and \$50 for assault, in addition to costs in the amount of \$27.50. His fine was paid by a friend.

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist
Thomas Ave., at Seventh St.
Riverton, N. J.

"Christ Jesus" is the Lesson-Sermon subject for Sunday, March 2. Golden Text: "Unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful, Counselor, The mighty God, The everlasting Father, The Prince of Peace." (Isa. 9:6) Sermon: Passages from the King James version of the Bible include: "And these signs shall follow them that believe: In my name shall they cast out devils; . . . They shall take up serpents; and if they drink any deadly thing, it shall not hurt them;" (Mark 16:17, 18). Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"It is possible,—yes, it is the duty and privilege of every child, man, and woman,—to follow in some degree the example of the Master by the demonstrations of Truth and Life, of health and holiness." (p. 37)

MRS. BOWEN SPEAKS ON P.T.A. FOUNDING

"Fifty years ago Mrs. Alice McClellan Binney and Mrs. Phoebe Apperson Hearst had an inspiration. Out of that inspiration was born in Washington, D. C., on February 17, 1897, an organization known as the Mothers Congress," said Mrs. Walter L. Bowen when speaking to the Riverton Parent Teachers Association Wednesday, February 19, at the Founders Day meeting.

Mrs. Bowen, who was President of the New Jersey Congress of Parents and Teachers and also is a past president of the local P.T.A., presented a clear and most interesting picture of the founding and growth of the National Congress of Parents and Teachers.

"Founded on the firm rock of high ideals and principles, this organization has stood the test of time, growing steadily through the years until the membership has reached over four millions. The road was not entirely smooth. There were many ruts and detours in early days.

"From the beginning the organization has been non-commercial, non-partisan and non-sectarian—always cooperating, but never interfering with school administrations. A parent-teacher association is not an auxiliary to any other organization, entering into membership with congress groups only."

When honoring the Founders, Mrs. Bowen stated that she liked to pay tribute to the Founders of the New Jersey Congress, which was organized October 20, 1900, in Riverton.

Mrs. Edwin C. Grice, of Riverton, was the New Jersey organizer and first President of the State Congress. "Beside Mrs. Grice," said the speaker, "I should like to pay tribute to Mrs. Alexander Marcy, Jr., Mrs. Howard Sharp, Mrs. Edward S. Wood, Mrs. Charles A. Wright, Mrs. Charles C. Miller and Mrs. O. J. Scott, all of Riverton."

Riverton has every reason to be proud of the part it has played in the organization and growth of the New Jersey Congress. The gavel used by the New Jersey Congress was presented to the State by Mr. O. J. Scott in 1906. It has a silver band with the name and date of the organization.

"Burlington county has been first in many of the new projects such as school lunches, dental clinics, traveling library, endowment of hospital bed and others," Mrs. Bowen pointed out.

We were further honored by having as our guests ten past presidents of the Riverton P. T. A. As each guest was introduced by Mrs. William Burton, President, she was presented with a lovely corsage of sweet peas by Mrs. Walter Phillips, the Founders Day chairman. The past presidents were: Mrs. Walter Bowen, Riverton; Mrs. George W. Smith, Jr., Greenwich, Conn.; Mrs. Clifton Mayfield, Riverton; Mrs. Harold Baker, Riverton; Mrs. Francis Elwell, New York; Mrs. Howard Coe, Riverton; Mrs. Charles Yost, Riverton; Mrs. John Abell, Riverton; Mrs. Richard Hooper, Paoli, Pa.; Mrs. R. J. Andrews, Riverton. Honor guests included Mrs. Theron Foote, Burlington County President, Birmingham, N. J., Mrs.

Clifford Richmond, District Chairman, Delanco, N. J., Mrs. W. Crossley, Narcotic Chairman, Moorestown, N. J.

The food sale which followed the meeting was a huge success. Mrs. Charles Stewart and her committee are to be highly commended for their work.

Qualified Teachers

A competent, experienced faculty is a necessary part of any school system, and of concern to parents of children that are going to school. The competence of any teacher is directly influenced by a number of factors—education, experience, personal, rather than vicarious experience, such as traveling.

Cinnaminson schools have a capable and experienced staff. There are 17 teachers in the Cinnaminson school system. Of these 17 teachers 2 are men and 15 are women. Four of these seventeen have Masters degrees, and a fifth is to receive her M.S. degree in June 1947. Five have Bachelor degrees; six are normal school graduates, while one has no degree or normal school diploma.

To obtain a Bachelor's degree it requires a minimum of 120 semester hours of study in college. For a Master's degree, it necessitates an additional 30 semester hours or more of study in a university and a thesis must be written.

The average amount of all teaching service of the Cinnaminson staff is 14 years. Of these 14 years the range of teaching experience in Cinnaminson is from one year to 24 years. One teacher has taught here 24 years and two have taught here 23 years. The average year's teaching in Cinnaminson is 8.3 years. The salaries of these 17 teachers are not governed by a salary schedule, but are granted as the Board of Education decides. Three of the teachers teach in the system two days a week only. These teachers receive an average salary of \$880.

The other 14 receive an average salary of \$1,045.

The stability of the faculty is one factor in making a better school. After working several years together teachers form their philosophies, have better understanding of each other, the children, and the community.

Such a background of experience,

education, and understanding, should enlist the respect and cooperation of the Board of Education, parents, as well as the community.

We should strive to reach the Horeb height where God is revealed; and the corner-stone of all spiritual building is purity.

—Mary Baker Eddy.

It is the old lesson—a worthy purpose, patient energy for its accomplishment, a resoluteness undaunted by difficulties, and then success.

The devotion of thought to an honest achievement makes the achievement possible.

—Mary Baker Eddy.

"These days we're greeting many new faces!"

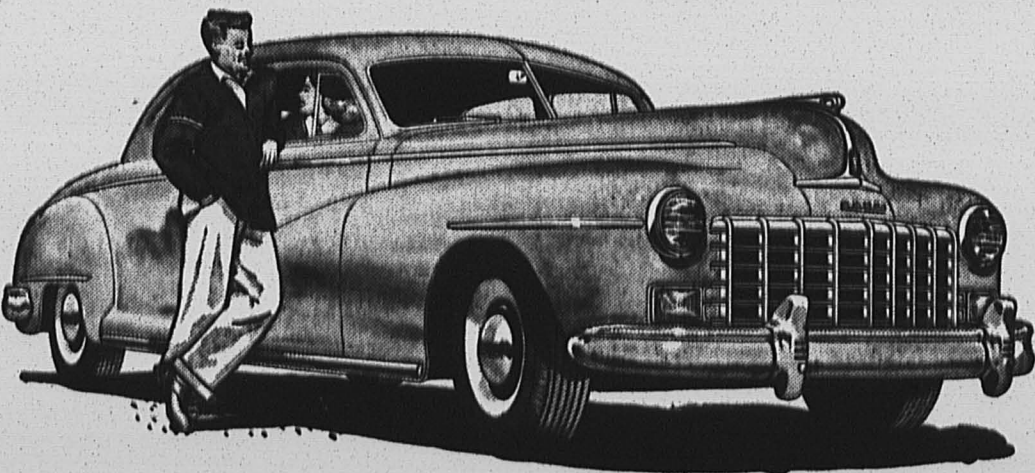

Every day more and more new "faces" appear on our switchboards here in New Jersey—joining the hundreds of thousands we are now serving. These are busy days at the switchboards, but we are glad to say that most calls go through promptly.

Our \$200,000,000 expansion program is going ahead rapidly. We are looking forward to the time when we can greet all who are now waiting for telephones, and provide everyone with better service than ever before.
