THE NEW ERA, THURSDAY, MARCH 4, 1948

PRICE FIVE CENTS

Report from Your Congressman

FRANK A. MATHEWS, JR.

Two things have recently happened which are of grave importance to the American people. By the time you read this more things will have happened. Events are moving rapidly.

The first thing to which your Congressman refers is the taking over of Czechoslovakia by the Communists. This was a shock to Congress and the American people generally.

In view of the attitude of the present Administration adopted long ago of spending money in Europe allegedly to stop Communism, it might be well to review the situation as to Czechoslovakia.

The figures I am about to give you are taken from remarks of another Member of the House appearing in the Congressional Record for Thursday, February 26th.

After World War I our government loaned nearly 180 million dollars to Czechoslovakia. 165 million dollars of the principal remains unpaid.

When the country was liberated during World War II the Czechs received \$246,145,000 from UNRRA. The United States put up about 73% of all UNRRA funds. Lend-lease assistance was given to Czechoslovakia in the amount of \$503,000. Direct, or guaranteed loans to Czechoslovakia through the Export-Import Bank amounted to \$21,797,518.00 as of June 30, 1947. Our government through the Office of the Foreign Liquidation Commissioner of the State Department has made available a property credit of 50 million dollars to Czechoslovakia to enable her to purchase surplus government owned property, of which amount more than seven million dollars has been utilized.

But all of it did not prevent the Communists from taking over Czechoslovakia. Nor, apparently, does much fault lie with that little nation. The point is, that this event, with other past history of merely spending money, and nothing more, demonstrates that Communism cannot be stopped by a pocketbook.

The second event is that the Secretary of State announced in the public press of February 27th, that he is asking Congress to appropriate an additional 275 millions of dollars for military aid for Greece and Turkey. He wants it by April 1st. You will recall that 400 million has been already given to Greece and Turkey under the so-called Truman Doctrine. The Secretary of State contends that if this had not been given "a foreign power" would have swallowed Greece and been astride the Dardanelles by now. While there is a debatable question as to whether or not this would have happened, let us take it for granted for the moment.

With the 400 million already given and the 275 million now asked for, we can well ask how much longer this sort of thing must be kept up and how much more money must be paid if Greece is to be saved from Communist domination.

But there is another side of the picture. Your Congressman pointed out in a previous report that in talking to one of the highest ranking military men in the United States, it was his opinion that Greece and Turkey could be taken over in approximately 48 hours by Russia, if the latter decided to go into military operations. The original 400 million dollars was to be used for the construction of roads, bridges, docks, hospitals and other improvements in Greece. Why then should Russia take over Greece now by force or any other means if we are going to build more nice roads, bridges, docks and other valuable military and commercial facilities? The time for Russia to do that is after much more of our money has been spent and more permanent improvements made.

LEGION DANCE

Plans are being made for the first annual spring dance to be sponsored by Frederick M. Rodgers American Legion Post to be held Saturday, April 24th, in Medford Lakes Lodge.

This is the first social event of the year to be sponsored by the Legion Post. John Parker, of Palmyra, is chairman of a committee making arrangements for the event. Others assisting Mr. Parker, are J. R. Musser, Clarence Lehner, George Schill, Al Sacca, August H. Weber, Jr., Charles Durborow, Bob DeGothser, Maurice Allen.

Several top notch bands are being considered for the event with an announcement to be made next week. In the meantime Clarence Lehner was selected ticket chairman. Tickets will be distributed to all members of the American Legion Post with \$3 per couple covering the cost.

ROTARY PRESIDENT

S. KENDRICK GUERNSEY

The twenty-second anniversary of the founding of the local Rotary Club and the forty-third anniversary of the founding of Rotary International were observed last week by the Annual Ladies' Night of the Palmyra-Riverton Club.

One hundred and nine Club members and their wives sat down to dinner at the anniversary celebration and enjoyed entertainment provided by a committee headed by Donald M. Patterson. Other members of the committee were Robert J. Finney, Charles F. Stewart, Robert W. Morrison, E. Clifford Johnson and Herbert Blean.

The Porch Club was decorated with posters and other mementos of South America — the stage set with flags of those countries with a great map of the Western Hemisphere in black and gold as the central motif — all in deference to the International Convention at Rio de Janeiro, Brazil to be held in May.

With Gus Swartz as master of ceremonies, musical features and South American dances featured the program. Arnold the Magician followed and the program was wound up with a "bull fight" in which matadors and toreadors were impersonated by Albert D. McFall, Herbert H. Parsons and Maurice Joyce in ludicrous costumes. Paul J. Schneider and Herbert Blean took the bovine part of the skit.

Guest prizes for the ladies were compacts and a great hamper of fruit on each table was awarded by lot. Winners were Mrs. Robinet Cole, Mrs. Albert McFall, Mrs. Edgar Shaner, Mrs. Harry Scherwing, Mrs. Walter Hansen, Mrs. George Luce, Mrs. James Banks, Mrs. Howard Conover, Mrs. Dewees Showell, Mrs. E. Clifford Johnson, Mrs. William Seither and Mrs. Harold Zayotti.

From the single club launched in Chicago in 1905 the Rotary organization on this forty-third anniversary has grown to include more than six thousand clubs in seventy-nine countries and geographical regions with a total membership well in excess of three hundred thousand.

First of the "Service Clubs," Rotary has consistently maintained its

Red Cross Campaign

A world appeal has been voiced to help relieve the "large scale distress in the countries of Europe and Asia which were ravaged by war."

According to the International Committee of the Red Cross, which is transmitting the appeal throughout the world, necessity for private generosity is imperative because all urgent needs cannot be met even though responsible governments are making every effort to do so. The statement says: "Even the smallest gift may save a life. Therefore everyone, according to his means, should make his contribution to this common purpose—to bring assistance to all who suffer."

It is pointed out that hundreds of thousands of war-disabled are in a pitiable condition; innumerable children are orphaned; there are never enough beds and hospital equipment for the sick.

The Red Cross Fund Drive collector will call at your home in the near future. Captains and workers are:

RIVERTON LEAGUE OF WOMEN VOTERS MEETS

State aid to schools is very necessary if we are to give equal educational opportunity to all, stated Mrs. John de Vries at last week's meeting of the League of Women Voters.

Although some New Jersey schools are adequately financed by their communities, others suffer because the local property taxes are not sufficient to support them. 37 states give from 25% to 90% of the costs of education. New Jersey ranks fourth lowest, giving only 13% to its schools. The proposed bill for state aid recommends that school funds be appropriated by taxes on cigarettes, gasoline, amusements, soft drinks and cosmetics. This additional money will provide more and better teachers, repair school buildings and replace outworn supplies and text-books.

Mrs. de Vries, who is the State Education Chairman of the League of Women Voters, also suggested ways and means of increasing citizen participation in the vital matter of our children's education.

The Riverton League is planning many interesting talks and discussions for their meetings on the last Wednesday of each month. The time will be 1:30 p.m., the place designated at a later date. Those desiring to attend are cordially invited.

The East Riverton Fire Company will run a game night Thursday, March 4, at 8 p.m. in the East Riverton Fire House.

District 7: Mrs. Raymond Hull, captain; Mrs. Robert Biddle, Miss Mary Freeland, Mrs. John Fuller, Mrs. F. C. Langenberg, Mrs. George Walsh, Mrs. Robert F. White, Mrs. James Watson, Mrs. W. J. Zaun.

District 8: Peel Poindexter, captain; Mrs. Louise Hilliard.

District 9: Mrs. Everett C. Dyer, captain; Mrs. John Q. Cannon, Mrs. Charles M. Biddle, III, Mrs. C. Singleton Mears, Mrs. Raul R. Betcourt, Mrs. Charles F. Allen, Mrs. Elwood Wurster, Mrs. Sara Hill.

District 10: Mrs. Malinda Ransom, captain; Mrs. Amy Morris, Mrs. Inez Green, Mrs. Beulah Jackson, Mrs. Betty Banks, Mrs. Lulu Mae Jackson, Mrs. Ethel Turner, Mrs. Pearl Morton.

Canning

A Flourishing
"Agricultural"
Industry

Guess who started

canning? None other than Napoleon, they say. He wanted a way to preserve food for his great armies, so a Frenchman obligingly worked out a process.

When the idea spread to these shores, it was used to preserve shellfish, but later it was applied to fruits and vegetables. After the development of a satisfactory method by which tin cans could be manufactured cheaply, the industry boomed, and, with the impetus given by the First World War, the total value of products multiplied itself many times over.

The canning industry in New Jersey absorbs much of the agricultural produce of the state, and it is constantly improving the quality of that produce, as experimental farms and agricultural laboratories are maintained.

Electricity is called upon to do the work of countless human hands and Gas performs many operations.

Look for the next advertisement in this series regarding New Jersey. Copies may be obtained by writing to Room 8208, 80 Park Place, Newark, N. J. A-99-48

CINNAMINSON SCHOOL NEWS

Miss Charlotte Anderson and her fourth grade class entertained the lower cycle with an assembly featuring two short movies. The assembly was opened with the recitation of the 100th Psalm by a speaking choir. In the choir were Phyllis Sims, Gail Goodenough, Mary Jane Reeves, Joan Ann Reeves, James Ashmore, Joan Seroggy and Reva Vest.

In beginning their study of Africa the sixth and seventh grades visited the University of Pennsylvania Museum. The boys and girls were particularly interested in the movies and mummies they were able to see.

A representative from the Milton Bradley Co. visited the school recently to demonstrate finger painting. She left the pictures at the school and they have been displayed in the lunch room to help make it more attractive.

In an effort to make the lunch menus better a committee of teachers and interested mothers have met to offer suggestions and plan menus. A box has been placed in the hall for suggestions for menus and recipes. The students and faculty would welcome any economical recipes that would be usable in our lunch room for about 140 persons.

Cinnaminson children responded whole heartedly to the March of Dimes drive. A total of \$22.20 was collected for the worthy cause.

A study of handwriting has just been completed by the teachers of both schools No. 2 and No. 4. In order to make the study more meaningful a sample of handwritings from each grade were displayed. Mrs. Ethel T. Parker and Mrs. Eleanor Phillips were in charge of this discussion. The next unit to be studied by the group will be arithmetic.

We are sorry to lose our 6th grade teacher Mrs. E. Hallock who has left our school to be a teaching principal at Pemberton, but have been very lucky to have James Liparulo, of Olyphant, Pa., to fill this position. Mr. Liparulo is an ex-G.I. who served 3 years with the infantry abroad.

DR. GEISSINGER ADDRESSES
PHYLIS WHEATLEY P.T.A.

Last Friday evening, Dr. John B. Geissinger, supervising principal of the Palmyra Schools, spoke to a group of parents, teachers and upper grade pupils at the Phyllis Wheatley P.T.A. meeting held in School No. 4. Dr. Geissinger spoke of how the 3's which refers to reading, 'riting and 'rithmetic were stressed in former days, but educators today see the real need and value of the fourth "s" — relationship with others. In speaking to the group, Dr. Geissinger pointed out the necessity of everyone acquiring the ability to get along with other people.

He spoke of the teacher's duties in civic affairs and emphasized the importance of taking an active part in the community. He said that the

child thereby gaining his confidence and creating a desire within him to put forth his best effort.

He admonished the parents about their criticisms of the teachers in the presence of children and explained that the proper procedure to take, in case of a misunderstanding, is to visit the school and discuss the matter privately with the teacher.

Throughout the address, it was evident that Dr. Geissinger has a far-seeing conception of results that can be obtained by people learning to respect each other and work agreeably with each other.

After the address, the Cinnaminson Choir was presented by Mrs. Phillips. One a capella number was rendered being directed by Marietta Williams.

Mrs. Malinda Ransom, president, presided at the meeting.

Telephone Service
grows in usefulness

TEN YEARS AGO, here in New Jersey, we handled an average of 2,900,000 telephone calls a day. Now the average is more than 5,500,000—and on December 26, the day of the big storm, we reached an all time high of 8,845,000 calls.

Many of these additional calls are due to the increased number of telephones in use, but another reason is this: Telephone service is growing more useful and more convenient to each individual user. And, of course, that's our objective.

GOOD POLICE WORK

About 9:00 p.m., last Monday evening, Officer Pierce, of the Riverton Police Force, was advised by phone that a colored man was begging and acting suspiciously in the neighborhood of Broad and Lippincott. Driving to that location immediately, Pierce picked up the suspect and took him to Police Headquarters for questioning. After securing the name, age, present address and an admission of previous arrest in Philadelphia, Officer Pierce made a thorough search of police files for further information. The facts revealed that the man had been arrested for the following crimes: Assault and battery, auto theft, chicken theft, escape from Camden County Prison Farm, arrested in Baltimore, tried for murder in Philadelphia and sentenced to 10 years for second degree murder. At present the suspect was just starting a 10 year parole period following his release from prison in December, 1947.

This man had been going about Riverton ringing door bells and asking if "the man of the house was at home," also soliciting alms from door to door.

The matter was settled in a trial before Police Recorder Bottger and the suspect sentenced to 30 days on charges of vagrancy, soliciting alms and no visible means of support.

Officer Pierce is to be commended for his alertness to duty and the residents who telephoned the police for their prompt reporting of suspicious characters. Citizens will be doing themselves and their neighbors a genuine service, if they will call the police immediately, when ever anyone solicits money from them or in any way arouse their suspicion. We do not want this type of individual in Riverton and prompt handling of those who do attempt to molest our citizens will keep a great many more from visiting our town.

CHURCH
Fourth and Lippincott Ave.
Riverton, N. J.

The Rev. R. B. Stewart, Pastor
All classes and departments of the
Calvary Church School meet at 9:45
a.m., each Sunday for instruction in
the Word of God. Classes for adults
are held in the Trustees' Room and
in the Men's Bible Class room. The
instructors of the adults' classes are
Miss Clara Bishop and A. D. Mc-
Fall. Bring your children to Church
School and remain to study and dis-
cuss the Christian way of life.

Morning worship begins at eleven
o'clock. Next Sunday the morning
message will be a presentation of the
basic tenets of our faith as these are
gathered together by the Master in
what many Christians regard as the
greatest text in the Bible, John 3:16.
The subject of the morning sermon
will be, "This Is Our Faith." The
Calvary Choir will render the an-
them, "Hark, Hark, My Soul," by
Scott.

For the convenience of parents of
small children, and that they may
worship together in the Sanctuary,
the little ones will be cared for in
the Church Nursery during the wor-
ship hour.

At four o'clock Sunday afternoon
the Young Communicants' Class will
be conducted by the pastor in the
Manse.

On Sunday evening the three
youth groups will meet at the regu-
larly scheduled hours. The Juniors
will come together in the Church
School room at 6 o'clock. Juniors
and Intermediates will join for the
choir rehearsal at 6:30. The Inter-
mediates will meet at 7 o'clock. Mr.

McCAY FIGHTS FOR
STATE SCHOOL AID

With the passage by the Assembly
last week of Assemblyman Albert
McCay's bill to amend the Regional
School State Aid Law, another of
McCay's activities in his fight for
better distribution of state aid for
local schools came into the limelight.
The 58-0 vote by the Assembly was
not only a recognition of the merit
of the bill, but a vote of confidence
in the integrity of the Burlington
County Assemblyman. As a mem-
ber of the State School Aid Com-
mission, McCay, State Senatorial Can-
didate, has been in the forefront of
the fight for a program of equalization
of educational opportunities and state
aid for the program. McCay has re-
peatedly said "Since our constitution
requires the Legislature to provide
for the maintenance and support of a
thorough and efficient system of free
public schools, it is self-evident that
sufficient state aid should be given to
accomplish this purpose. Inas-
much as the present system of finan-
cing educational costs is entirely in-
adequate, the Legislature has not
performed its constitutional duty.
The importance of public schools
cannot be over-emphasized. To a
greater extent than any other state
agency, they mold our social order
by preparing children for citizenship.
Public schools have progressively
enlarged their programs to meet the
educational needs of children in a
modern world. The state has set up
many standards and encouraged ex-
pansion of the educational system to
a point where local real estate taxes
can no longer carry the entire bur-
den of the local school system. This
expansion resulted, of course, from a
realization of the diversified educa-
tional needs of children, increased
enrollments and the need for better
facilities."

NOTES

Assembly Program

At the Senior Assembly on Friday,
February 27th, we had Miss Evelyn
Houtz from the National Dairy
Council entertain us with a health
educational show. Miss Houtz was
a magician and her show was en-
titled "A Magic Touch."

Miss Houtz selected several of the
students to assist her in the magic
acts. They were Woody MacCord,
Cilia Brown, Pat Welsh and John
deHoll.

Earlier in the afternoon, Miss
Houtz presented a program for the
Junior Assembly which was called,
"A Surprise for Suzy." This was a
story type of program.

Those present at the assembly
thought the program one of the best
of the year and are grateful to Miss
Houtz.

Literature Quiz

The seventh grade room had a
literature quiz in the literature period
on February 25th.

The quiz was based on the poem
"How the Old Horse Won the Bet,"
by Oliver Wendell Holmes. Each
boy and girl wrote a question and
someone in the class tried to answer
it. There was a tie among Harold
Walter, Dorothy Cantner and Sara
Guerrier. We all enjoyed the quiz.

CENTRAL BAPTIST CHURCH

The Rev. S. Dan Morgan
Pastor

"If there was a universal effort made to understand the word of God, the world would emerge from its present dilemma in a surprisingly short space of time. If there was a conscientious effort to live according to God's laws, we would not have to make an effort to understand one another." These are the words of Bernard Samuel, Mayor of the City of Brotherly Love, in an address marking the opening of Bible Week. He is expressing the growing opinion of men of industry and affairs who are sensing the reality and practicability of Christianity as the only way of solving individual and world problems.

He further states — "Put first things first and try the word of God." This is taught in the churches

of the several denominations in our communities, and "Central Baptist" most cordially invites you to make it your church home if you do not at present have other affiliations.

RIVERTON CHAMPIONS IN HI-Y LEAGUE

The fast basketball team of the Stags Hi-Y of Riverton managed to defeat the Ironsides Hi-Y of the Bordentown Manual Training School in an exciting game Saturday morn-

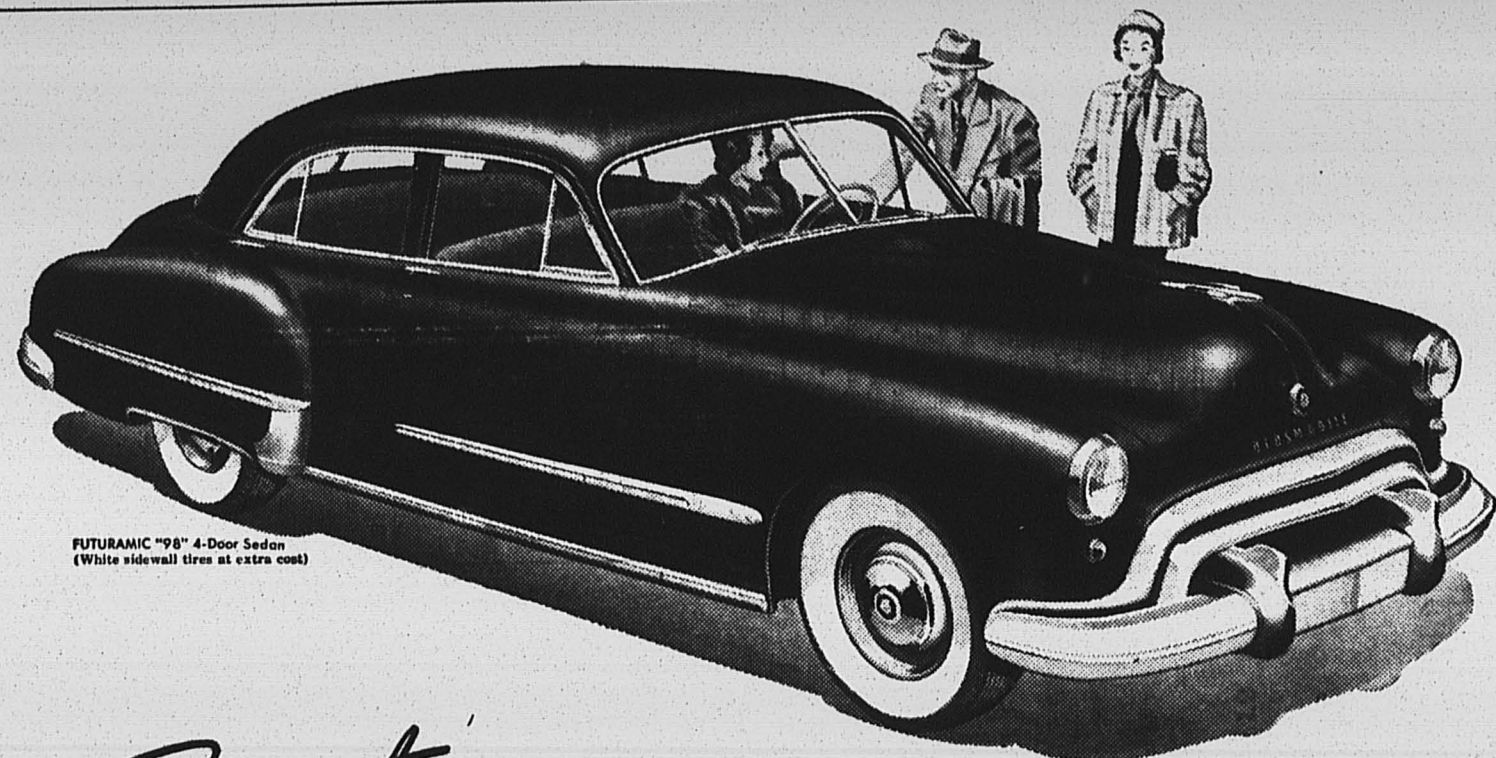

ing, March 6, in the Riverside High School Gym. This was the decisive game in the Hi-Y League sponsored this season by the Burlington County YMCA. The League was composed of twelve teams divided into two divisions, northern and southern. Two weeks ago Riverton and Bordentown had eliminated two other

almost equally strong teams, Florence and Delanco. Then on Saturday the 6th the Riverton and Bordentown teams, winners in their own divisions met and by a 51 to 43 score the Stags proved to be the top team in both divisions and for the entire league.

YMCA BRIEFS

The Palmyra-Riverton Y M C A Board has had a very successful year thus far. The work of the "Y" has been very active in the communities and big things are planned for the remainder of 1948. This year the communities have been very fortunate in having one of the county's assistant secretaries, Paul Rotermund, located in Palmyra, and he has been doing an excellent job.

There are at present six active "Y" groups in the communities and they are carrying out a very extensive program with great success. The "Stags Hi-Y" group have been very fortunate in having a psychologist, Dr. Davis, talk to them at different times which has created a great deal of interest. The Stags have also had a successful basketball season in the county.

A new activity of the "Y" is a formation of an Indian Guide in the community. This group will be in age group of 5 to 8 years. This activity will need the support of the parents and it is hoped that the parents will get a great deal of enjoyment out of this activity with the boys.

It is also getting near time for plans of the summer camps. This is always an important activity of the YMCA and the plans are made for a very successful camping program. The YMCA is planning an inter-racial camp this summer in the Pocono mountains and it is hoped that this experiment in camping will be very successful.

YMCA work is spreading more and more and with the support of the people in the communities it will be able to do a better job for the youth in this area.

FIRE ON PIKE

Last Friday afternoon the Parry and East Riverton Fire Companies answered a call for a fire in the Bonatelli residence, Route 25 and New Albany road. The blaze is believed to have been started by a defective fireplace and the flames work-

ed their way into the cellar. Prompt work on the part of the firemen prevented the fire from spreading to the upper floors of the dwelling and damage was confined chiefly to the basement.

There's a lot going on behind the ting-a-ling of your telephone.

For one thing, there are more than 37,000 neighbors of yours from New Jersey who have played an important part in making your telephone service possible. They're busy turning out receivers and relays and switch-boards and all the other equipment which is needed before the operator rings your bell.

The first local experimental broadcast took place on May 17, 1877, when a musical program was telephoned from New Brunswick to New York. During the years which followed, the manufacture of telephone equipment in New Jersey has been of major importance.

Today's production is valued at more than \$220,000,000 a year, and annual payrolls total more than \$110,000,000. Electricity and gas have played important roles in the growth of this industry.

Public Service Electric and Gas Company,
public servant of a great state, congratulates
the telephone equipment industry on its
accomplishments and its plans for future growth.

Golden Text: "Love not the world,
neither the things that are in the

the love of the Father is not in him."
(1 John 2:15)

Sermon: Passages from the King
James version of the Bible include:
"All things are full of labour; man
cannot utter it; the eye is not sat-
isfied with seeing, nor the ear filled
with hearing." (Eccl. 1:8)
Correlative passages from "Science
and Health with Key to the Scrip-
tures" by Mary Baker Eddy include:
"When mortal man blends his
thoughts of existence with the spiri-
tual and works only as God works, he
will no longer grope in the dark and
cling to earth because he has not
tasted heaven. Carnal beliefs de-
fraud us." (p. 263)

STRING BAND NEWS

Did you ever stand on the station platform, or somewhere along Broad street watching one of the local parades and when the drum and bagpipe corps, or the high school band passed by, that little lump of pride comes up in your throat, and you just burst out with applause, because they not only play good music, but they represent Palmyra, and surrounding communities.

Well folks, there is another band that you are going to be just as proud of. The Palmyra String Band, which now consists of 63 men who are working very hard to give Palmyra the best band around these parts.

The band is very anxious to be uniformed, so folks, don't forget their drawing Saturday, April 10. First prize, RCA Television Set, table model completely installed; second, RCA Radio, table model; third, Hot Point portable ironer. Donation tickets are available from any member of the band, or at Tony's Beauty Salon.

The String Band Dances at the P. S. O. of A. Hall on Saturday nights have been well attended, but we would like to see more of you there. Something new has been added in the way of door prizes.

For an evening of fun, good dancing, and music, come out, and trip the light fantastic to the music of the String Band.

Here's a little tip, if you would like just a preview of the full band, come out Friday night, and hear it playing in front of Tony's Beauty Salon (weather permitting).

We still need more musicians. If you play a violin, saxophone, bring your instrument, and come to the Community Center Thursday night or any Thursday night following.

WOMAN'S CLUB PROGRAM

Miss Francis Tencate, retired missionary to India and organizer of mission groups will address the evening department of the Palmyra Woman's Club, Monday, March 22, at 8:15 in the club rooms.

Doctor John B. Geissinger, supervising principal of Palmyra Schools will present pictures and statistics depicting the vital need for new school buildings.

Hostesses are Mrs. Paul Musso, chairman; Mrs. Nicholas Beitz, Mrs. Edward Beitz, Mrs. Samuel Wentworth and Mrs. Harry Conley.

RIVERTON SCHOOL NOTES

The fourth and sixth grades went to the University of Pennsylvania. They saw Egyptian Mummies. The guide took us around and showed us many different things that were dug out of the tombs in Egypt. Some were carvings of "The Book of the Dead," and carvings of lions and huge animals over ten tons. They had big pillars of stone and statues of the kings. The guide read some Egyptian words and described the things that the kings took to the next world with them.

There were weapons that they

used to fight with. The guide explained how tomb robbers broke into the tombs and tried to rob them. We also saw some Greek carvings and statues.

We had a very nice time and learned many things about these early nations.

Spring Comes to the Kindergarten
Pussy willows and forsythia make the kindergarten room interesting. We have hopes of having some real goldfish. We are getting an aquarium ready with plant life and goldfish in it. We call this "balancing an aquarium."

We made big kites out of heavy paper, and they really worked! Now we are planning several gifts for

Easter. These gifts will be for people in our family.
Seeds are our interest right now. We plan that very soon each one of us will have our own "cigar box garden."

Projector Club
On March 11, 1945, the Projector Club showed a movie entitled "The 26 Old Characters." This movie was produced by W. A. Schaeffer Pen Company.

The story showed the history of the making of the alphabet. We learned that the Phoenicians were the ones who gave us our final alphabet.

What's behind a Telephone Installation?

Last year we added 130,000 telephones, bringing the total in service in New Jersey up to 1,310,000.

It's a big job to enlarge the telephone system—and the addition of these telephones indicates the progress we're making. For the telephone instrument our installer places in your home or office is only 6% of what it takes to serve you. The remaining 94% includes—switchboards, lines and cables—all of which must be installed and in use—ready for your calls.

Presentation of Raincoats

In assembly Thursday, March 11, 1945, John Robinson, President of Student Council, presented four raincoats to the Safety Patrol. The four raincoats are to be used by the captain and the two lieutenants and the person who is on duty at the railroad tracks. They hope to raise more money to provide more raincoats for the use of the patrol members.

Herbert Knight,

Mittens for Children's Home

Fifth, sixth, seventh and eighth grades contributed money for wool to make mittens for the Children's Home in Mt. Holly.

Mrs. Murgatroyd has spent much of her leisure time to make these mittens. We think that Mrs. Murgatroyd should have much credit for this worthwhile project.

HEALTH HINTS

"Health Hints" is a regular contribution to this paper by The Medical Society of New Jersey. Questions should be addressed to the Office of the Society, 315 West State Street, Trenton 2, N. J.

DAT OLE DEBBIL—RHEUMATISM

OLD fashioned rheumatism has been with us since time immemorial as is testified by skeletons unearthed in ancient Egypt, dating back to pre-dynastic times. The stiffening joints of our own grandparents as they approached old age give ample testimony of its universal prevalence. Significantly, the National Health Survey revealed rheumatism as the most prevalent disease in America today, the second most important cause of disability and chronic invalidism and the fourteenth cause of death in this country.

Unfortunately, rheumatism has no glamorous side to stimulate or capture public interest to the point where national foundations are formed to direct research into the cause, prevention and cure of this prosaic but most disabling disease. But there are more remedies for rheumatism than most other ailments, which indicates the stubbornness of the condition and its elusiveness to corrective measures.

For a better understanding of rheumatism it is well to divide the condition into two general classes: the first, called Rheumatoid Arthritis, affecting people in the ages of 30-50, and the more common type called Osteoarthritis, usually affecting persons in middle life and older.

The first type, Rheumatoid Arthritis, often begins in the fairly young adult, affecting the first knuckles of the fingers and other smaller joints, also affecting the entire spine. The onset is slow and often insidious, but soon there is noted stiffness and atrophy of the adjacent parts. Infection, lowered resistance and poor health play an important part in causing this condition and much may be done to arrest the condition if the patient seeks assistance and takes the necessary steps to remove focal infection such as teeth, tonsils and other diseased tissue and build up the general health and resistance of

the body to the infectious agent responsible for the condition. Neglect of this type of rheumatism may lead to severe crippling at a very early age and cause lasting invalidism.

The second type of rheumatism, Osteoarthritis, is the result of ordinary wear and tear on the larger joints, including the spine, hips and knees and it also affects the terminal finger joints. A lifetime of hard toil predisposes to this condition. It is usually less crippling than the first type, but early recognition of the first stages of the condition should lead to a change of occupation to less laborious work in order to avoid the more severe stages.

Both types of rheumatism are likely to lead to considerable disability and eventually prevent earning a livelihood unless the early symptoms are recognized and prompt steps taken to arrest the progress of the disease. Unfortunately, the local joint changes are irreversible and once the damage is done, little can be done to restore normal function to the damaged or destroyed joints.

Much can be done, however, to alleviate the symptoms and to add to the comfort of the rheumatic patient. Often it is possible to adjust his life to new usefulness and new satisfaction. The disease is gradually yielding its secrets to medical investigators, and consequently the prospect for the victims of rheumatism is ever brightening.

This week the Ping Pong Tournament in Riverton School is in full swing. The tournament is being sponsored by the Student Council. Any person in the fifth, sixth, seventh and eighth grades may enter. The schedule was made out by Mr. Groff, our principal, but the time the games will be played is decided on by the players. These games can be played in the auditorium either between 8:45 and 9:00 a.m., 12:45 and 1:15 p.m., or 3:30 and 4:30 p.m. Any day of the school week. The pupils are allowed to watch the games as long as they remain orderly.

The schedule is worked out so that the girls and boys play each other and the winner on each side will play a championship game.

The leading players so far are Susan Beaton for the girls and Earl Bishop and Rodman Zwirner for the boys.

The games have been very interesting and the future matches promise to be equally exciting.

TEN VETERANS
ACCEPTED FOR
HOUSING PROJECT

The Palmyra Emergency Housing Screening Committee through the Chairman of the Housing Authority, Councilman W. Paul VanSant, has submitted the following letter for publication, announcing publicly, for the first time, the names of the ten applicants accepted for housing project No. 1:

The Palmyra Emergency Housing Screening Committee submits to you the following report on the selection of applicants for Palmyra Emergency Housing Project No. 1. The committee received a total of 56 applications for Project No. 1.

Forty-nine of these 56 applicants were interviewed in their present living quarters by a member of the Committee, in order that the Committee, before attempting to evaluate the applications, would have before it eye-witness information as to applicant's present living conditions, and a complete and correct application from which to work.

During the interview and inspection, each applicant's type of discharge, serial number, date of entry into active World War II service and date of discharge were verified direct from applicant's discharge papers or photostat copy thereof. Any necessary corrections were made on the original application

and initiated by the Committee member making the interview. All 49 discharges were found to be honorable.

The applications of the seven applicants not personally interviewed were given full consideration along with the 49 interviewed applicants. It was assumed that the information given in these seven applications was correct and accurate and they were evaluated on that basis.

Each application received was thoroughly reviewed in Committee and carefully evaluated in accord with the instructions and rules governing the selection of applicants for Project No. 1. Each application was considered on its own merit in terms of the major

distress factors outlined in the instructions and graded accordingly. Eliminated applications were then carefully reviewed and checked for points which may have escaped the attention of the Committee on the previous review.

The following ten applicants are recommended as being the most worthy of acceptance into the ten houses in Project No. 1:

Coates, Frank K.
Dietz, Herman Joseph
LeCates, Robert James
Mohrmann, Alfred Morton
Murphy, Howard W., Sr.
Senior, Ernest H., Jr.
Snow, Marvin Earl
Stackley, Calvin William
Young, Oliver F.

Report from Your
Congressman

FRANK A. MATHEWS, JR.

Your Congressman will postpone until later further discussion of his own political predicament. It is insignificant compared to what is happening throughout the world.

On March 17th, as you now know, the President again appeared before a Joint Session of Congress. Some new important announcement was anticipated. No such thing happened.

The President recommended three things, two of which he has been pounding for sometime. The third, to revive Selective Service, apparently was solely for the purpose of filling up the ranks of the Armed Services, which voluntary enlistments have not done. The other two things were the European Recovery Program and what he called "Universal Training." Whether the omission of the word "Military" between these two words had any particular significance was not clear from the President's speech.

Your Congressman for years has been an advocate for adequate military defense preparedness at all times. He was, therefore, not only puzzled but disappointed at the failure of the President to recommend increases in the Air Force, particularly in view of the report of the Air Policy Board. Your Congressman also does not understand why, if Selective Service is to be revived and if "universal training" is an immediate necessity, it cannot be revived for general military training instead of adopting some new, untried and possibly more expensive UMT setup. There is precedent for peacetime Selective Service. It was put into operation in the Fall of 1940, a year ago, and before we got into the last war. The machinery is already available, people have had experience with it and it will probably be more economical, efficient and rapid than some other experimental method.

The President said that he was before the Congress "to report to you on the critical nature of the situation in Europe and to recommend action for your consideration." He said that it was of vital importance that we act now, that almost three (continued on center page)

Four numbers each were sung by the boys' quartette and by a mixed octette while a mixed duet and a girls' double duet each rendered a number. Betty Shipp, accompanist, was complimented both by Mrs. Laird and Miss Davis for her substantial contribution to the excellence of the Choir's work.

RIVERTON P. T. A.

Miss Dorothy Waddo was the guest speaker at the March meeting of the Riverton Parent Teacher Association, last Wednesday. Miss Waddo, who is a Professor of Psychology at New Jersey College for Women, New Brunswick, gave a most interesting talk on "Living With Our Children."

"We are living in a world of change today and must live in it and bring up our children," said Miss Waddo. Our children must have a better chance in this world than we did. It is a far different world today than what we grew up in. Most parents are asking how we are going to train our children? What makes a good home? The home with the most things in it does not always make the one with the most successful children.

"Parents must live with their children, understand them, know them

better and understand that children have problems and no matter how small they may seem to the parents. Teach our children to share, that they cannot have everything they want and that at times they must go without. Help them to choose between things. Children must learn that they are needed and wanted in the home. So many children want to know this.

"Train the children to be independent human beings and to take responsibility. Train them to live in today's world and that we have a place for them and that the home would not be home without them. We will not have fine schools until teachers, children and parents work together. Parents without thinking block their children in so many ways. Playing favorite among children is hard not to do, but harder to overcome. The child must feel that there is security. They must learn

to go out to face people and to live with courage. Preceding Miss Waddo's talk the P.T.A. held its regular business meeting, conducted by the President, Mrs. Roland Harris. Following this meeting the association was favored with several musical selections by a group of the Riverton students.

Mrs. Thomas Cashin introduced Miss Jane Watson and Miss Janet Boechum who gave a short skit on the doings of the Red Cross based on the Burlington County Chapter. Announcement was made of a Dessert Card Party to be given by the P.T.A. on April 13, at 1:30 p.m., in the school auditorium. There will be table and door prizes. Donation is 50 cents.

You can hear the regular dance bands any time on your radio, but string band music is something different. It is gaining in popularity

all the time, so come one, come all, listen and dance to the old tunes as well as the new, next Saturday at the P. O. S. of A. Hall, 9 until 12. Door prizes too.

Due to bad weather conditions last Friday evening, we were unable to carry on the regular show and entertainment that we had planned for you, so watch for our next announcement, in a week or so.

Don't forget our drawing Saturday, April 10th, for three grand prizes. If you haven't purchased your tickets, please hurry.

TWIN CITY ROD AND GUN CLUB

The Twin City Rod and Gun Club is making great progress towards becoming the ideal sportsmen's club, having secured possession of a hundred acre farm in Mount Laurel Township, including its lovely brown sand stone home dating from 1779.

During the winter the members have completely renovated the building to their activities. Now they have turned to the outside, with plans under way for a sheet shooting field, archery and many other activities of interest to sportsmen.

The regular meeting is held the first Thursday of each month, and a fine program is planned for April. The short business meeting will include a discussion of pending State legislation regarding hunting and fishing bills that are of interest to all sportsmen.

This month we will have as our guest Herman Denner, well known Burlington county farmer-sportsman. Mr. Denner will talk about his recent hunting

trip to Canada and Maine. This should be of interest to all, and the club extends a welcome to our friends and those interested in our activities.

William Wolfenbush, Secretary.

The wedding of Miss Patricia G. Nash, daughter of Mr. and Mrs. William F. Nash, 815 Washington avenue, Palmyra, and Donald Taylor, son of Mr. and Mrs. Thomas R. Taylor, 233 Elm avenue, Riverton, took place Friday evening, March 12, at 7:30 o'clock in the Central Baptist Church, Palmyra. The Rev. S. Dan Morgan, pastor, performed the ceremony. Mrs. A. E. Lilley, Riverton, organist, accompanied Mrs. David Smith, Palmyra, in vocal selections.

The bride, who was given in marriage by her father, wore a white satin gown with an illusion neckline, puffed sleeves to the elbow, fitted bodice and a long train. Her fingertip length veil was held in place with a tiara of seed pearls and she carried a bouquet of white roses and sweet peas.

The bridesmaids, Miss Alciatha Younkin, Bristol, Pa., and Miss Marjorie Taylor, Riverton, sister of the bridegroom, wore similar gowns of blue taffeta faille and blue gloves.

They carried pink sweet peas with matching headpieces.

The bride's mother was attired in a print dress with a black hat and white gloves. The bridegroom's mother also chose a print with a black hat and black gloves. Both wore corsages of white carnations.

Richard G. Taylor, Riverton, served as best man for his brother, while Walland Lippincott and David Smith, Palmyra, were ushers.

A reception followed the ceremony at the Palmyra Woman's Club after which the couple left for a wedding trip to New York City.

Know Your School

GUIDANCE DEPARTMENT
By Robert Patchel

Your child is in a continuous state of development. His early years are so important that his guidance remains in the hands of you, his parents. Here, in the home, he is a member of the family as a social unit. His next nine years are spent in school, where the grade school teacher shares the responsibility of the parent in the child's development. Here, in school, he is a part of a new social unit, the class.

Upon completion of grade school, he is about to embark upon a new part of his development, that part which will lead him to the verge of manhood. This stage is no less important than the earlier two stages. These are to be years of rapid development, so rapid that your child becomes perplexed at the many problems that he has to face. Physical changes within himself occur which he does not understand. About him social changes occur so rapidly that it is difficult to cope with them, much less survey them beforehand, and so be ready to meet their challenge. His formal education is speeded up. His social, his

educational, his physical responsibilities, all become very exacting. He is reaching out to manhood.

So important is this stage in his development that your high school has set up a special department to take care of your child. The Guidance Department of your high school reaches down into the grammar school to help your child find himself even before he reaches its doors. It first gives him some standardized tests to see where he stands in relation to his fellow students. These tests cannot be studied for, nor do they affect his graduation from grade school.

The guidance department gives these tests merely to find out the amount of growth your child has made in relation to the rest of the pupils entering high school. With the aid of these tests and a personal interview with the pupil and parents, the guidance department tries to select the course best suited to your child's needs and aspirations. Nine courses are offered in the Palmyra High School. This choice of course of study is new to your child. In grammar school he is used to one standardized course offered to all alike. Specialization is about to begin for him.

To be sure that he will understand the location of classrooms, and meet his teachers, a Visiting Day is set

aside in the spring. On this day, your child goes to the high school and follows his contemplated schedule for his first year. On this day he passes from class to class, meets his teachers, goes to assembly, eats in the school cafeteria and begins to learn his part in the new school unit. Thus, in the fall, when he enters his freshman year he feels that he "belongs."

On his schedule he finds a subject, one not dealing with the three R's, but one that helps him determine where he is going and how he is to reach there. Some students are going to college, some out into the business world; each to his own place in society. Both require education. In this class he is taught what education is necessary to reach each goal. The College Guidance teacher, Taylor Kirby, deals primarily with those students who are going on to college. The commercial department under Lester A. Harker deals with those going into the business world. The Director of Guidance, Robert Patchel, sees to it that your child is properly adjusted to his new course of study and that he accepts his responsibilities in it. Should the course of study be too difficult, a change is recommended and completed only with the sanction of you, the parents.

The recommendation of new courses of study to be added to the schedule, or the removal of unsatisfactory ones is made upon recommendation of the Guidance Department. Many pupils are advised through personal interviews of any social adjustments that they must make. Special agents such as physicians, dentists, psychiatrists, school nurses, visiting teachers, and social

agencies are called upon that your child may get the most out of high school. Efforts are made to see that the child, the teacher, the home and the school act as a unit — all must help one another help the child himself. Standardized testing is continued throughout your child's high school career. These tests are never used as scholastic grades. They are a check on your child's as well as your school's development. The development of both must be progressive.

Your child is the school. His growth is the school's growth, his development is the school's development. The Guidance Department is the coordinator. It must keep the home, the child and the school working as a unit.

UNCLE WIP COMING TO PALMYRA IN PERSON

Uncle Wip in person and his talented group of radio and television starlets are coming to Palmyra. For over 20 years the Uncle Wip radio program for children has been an outstanding feature over station WIP in Philadelphia.

The program has been sponsored by Gimbel Brothers throughout this entire period, and today the Uncle WIP program at 6:45 p.m. every week day is a must in over a million households in this area. Since 1936 when Wayne Cody took the nom de plume of Uncle Wip he has been constantly developing youngsters for the theatrical profession. Such radio, movie and television starlets as Kitty Kallen, Ruth Sterling, Janet Blair, Claire Ward and Evelyn Keyes all are graduates of the Uncle Wip radio workshop. Uncle Wip's show which he pre-

sents in Palmyra High School on April 16 and 17, will include such future stars as Kathryn Welker, who though now only 12, was judged by Paul Whiteman last summer to be one of the future accordion stars of this country. This group also includes Dorothy Lee, sensational 9 year old songstress. Also to be seen with Uncle Wip and his starlets will be Helen Sontoro who won the Pennsylvania state championship for acrobatics in 1946. She is only 10 years of age. Other starlets will include George Schiller, 12 year old magician, Bucky Clarke who is the 7 year old star of Uncle Wip's weekly television show and Yvonne Lovitt, juvenile dancing star. There are many more in this year's group of starlets which Uncle Wip will bring with him.

Uncle Wip is the master of ceremonies in presenting the starlets and it is a full evening's entertainment which will long be remembered.

You've heard him hundred's of times on the radio, so here is your chance to see him in person.

Uncle Wip is appearing here through the auspices of Palmyra Girl Scouts, Troop 6, who are selling tickets for the affair.

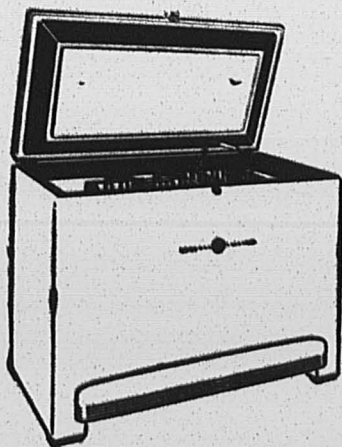

EXPLORER SCOUTS TO HOLD SCRAP DRIVE
