THE NEW ERA, THURSDAY, MAY 6, 1948

PRICE FIVE CENTS

Report from Your Congressman

FRANK A. MATHEWS, JR.

On April 28th the House passed the bill to remove the federal taxes from oleomargarine. Your Congressman was actively in favor of this bill. He is convinced that the passage of the bill will do no harm to the dairy farmers of New Jersey, and at the same time will eliminate unwarranted taxes on a particular article of food. So far as your Congressman can learn the opposition to the removal of these taxes is chiefly among the large butter processors and the consolidated midwestern dairy interests. It is his belief that pushing the price of butter up to almost a dollar a pound under the protection of these interests has not been good for the dairy farmer. It has increased the sale of oleomargarine regardless of the taxes, thus losing many customers for butter. In the long run, this is not in the interest of either dairy farmers or the public.

Your Congressman, however, voted for amendments to provide for clear distinctions between butter and oleomargarine on the market and on the table in restaurants, hotels and other public eating places. He does not feel that the dairy farmer and the consumer should be offered colored oleomargarine as if it were butter. People have a right to know what they are getting and paying for and the dairy farmer has a right to have something which is not butter distinctly marked.

But let no one be deceived into believing that the removal of these taxes on colored oleomargarine will automatically reduce the price of that product. If the price is not reduced after the Act becomes effective, it will be no fault of your Congress, but will be the fault of the oleomargarine interests. Therefore, if this should take place, you will know where the blame belongs.

NEW HOMES WILL BE ERECTED IN PALMYRA

Thirty-two Borough lots were sold to the Bernard Holding Company for \$3200 at the regular meeting of Palmyra Borough Council held in the council chambers, Borough Hall, Tuesday evening, with the understanding that nearly 30 houses would be erected on them this year.

Three residents of the Leconey Circle section voiced some disapproval of the plan and George Schuster, of Morgan avenue, was present to ask Borough Council to consider requesting a Surety Bond of the purchaser with regard to building the houses promised for these locations. Solicitor McCay advised the members that the Bond procedure was not usual. Following a lengthy discussion it was decided not to ask for the Bond.

Palmyra School Board Entertains

The Palmyra Board of Education was host to members of the sending boards of education and principals, the Palmyra Borough Council, ministers, and officers of the various school organizations at its annual dinner on Friday evening. One hundred eighty-five people attended.

The meal was served in the high school cafeteria under the direction of Mrs. Mary G. Weir, cafeteria manager. Mrs. Dorothea W. Holder and a number of high school girls were in charge of the service for the meal. Decorations for the table were prepared by the boys of the agriculture department and John Perry, instructor.

During the meal the guests were entertained by ensemble music by a group of students composed of the following: violins, Kenneth Blanc, Lois Weikman; viola, Dorothy Ryan; bass, Kenneth Anderson; piano, Jane Erikson; cello, Emma DeViney and Mr. Pew, instrumental instructor, arranged the musical program.

At the conclusion of the meal the entire group were guests of the Palmyra Board of Education at the 6th annual Band Concert held in the auditorium.

TO HOUSE PUMPER

Plans for the celebration to house the new 750 gallon per minute pumper, recently acquired by the Palmyra fire department, are progressing favorably according to E. J. Werrbach, general committee chairman. The affair will be held Saturday, May 15, at 2:00 p.m., featuring a large parade.

During the past week the new truck was given a severe pumping and performance test by the Board of Fire Underwriters and passed with flying colors. The pumper has been put into service and the old one is being held in reserve until its final disposition is decided by the Borough Council.

The following route of the parade has been temporarily set up by the committee. Beginning at Public road it will march east on Spring Garden street to Cinnaminson avenue, north on Cinnaminson to the south side of Broad street, east on South Broad street to Elm avenue, to the north side of Broad and west on Broad to Public road, to Spring Garden, east on Spring Garden to Park avenue and disband. After disbandment, citizens and firemen will continue to the firehouse for ceremonies.

Business men and residents along the route of the parade are requested to decorate their places of business and homes and help make the celebration a gala affair.

Many citizens have expressed a desire to assist with the celebration. A patrons' list is being prepared and anyone may contribute by contacting the firemen or by phoning Riverton 9-0020.

GIRL SCOUTS GIVE MAY BASKETS

The friendly tradition of May Day was observed by the Girl Scouts of Riverton who made and filled May baskets last Saturday and took them to the patients of the Cinnaminson Home. Each bouquet was personally presented and a brief visit paid to each patient.

This thoughtfulness was in keeping with the customs of the Girl Scouts, and expresses the interest of the community in the Cinnaminson Home, which receives part of its support from the local Community Chest.

Many People Underfed

"Of the two billion people in this world; two thirds of them are underfed." With this arresting statement Dr. George Smith, who heads the soil research for the Campbell Soup Company, opened a thought provoking talk before the local Rotary Club last week. Dr. Smith then developed the significance of soils to mankind and the influence on geopolitics they exert.

Russia he said now controls an area of the world's best soils four times that of our own. It also controls 85% of all the fertilizer resources of Germany and all the nitrogen resources of Korea. At the same time erosion in the United States is taking out sixty times as much plant food as we put in while half a million tons of top soil flows past New Orleans every year.

A north and south line drawn from border to border and passing through Kansas separates this country into two grades of soil. In general the Western half with less rainfall has a high percentage of minerals in its topsoil compared to the area east where more abundant rainfall has leached away the minerals. In similar fashion the northern area of both sections is richer than the southern where the long crop seasons of the warmer climates have exhausted the minerals.

Dr. Smith traced the effects on animals grazing on impoverished soils and hence on humans using them as food and gave illustrations from records of drafted men for different areas which appeared to support his hypothesis.

MEN'S SHOP OPENS

There was a large attendance at the opening of Durgin's Men's Shop, 4 East Broad street, Palmyra, on Friday and Saturday of last week. Many floral tributes were received as well as numerous congratulatory comments from friends and local business men.

ALUMNI DANCE MAY 8

Medford Lakes Lodge will be the scene of the dance reunion to be held by the Alumni of Palmyra High School on May 8, at 9 p.m.

Also mark the 13th of May on your calendar for that is the monthly meeting of the Alumni Association and any graduate of Palmyra High School is welcome and urged to attend.

Perhaps you have some question or suggestion to confront the Association, and if so, make it a point to attend and bring that particular issue to public attention.

RIVERTON SCHOOL NEWS

Projector Club

The Projector Club showed a movie to grades fifth to eighth, in the school auditorium on Monday, April 19. This movie was called "Quicker Than You Think."

It showed how to prepare nutritional meals for a family of two. The information from this movie will be used in preparing a dinner later.

On April 23rd the kindergarten, fifth, sixth, seventh, and eighth grades assembled in the auditorium to see a movie entitled, "The Story of Human Energy."

It is a report on what foods the body needs to help children in their play, athletics and games.

Suzanne Gilfillan, Reporters' Club

Seventh Grade

The seventh grade had a movie entitled "The Magic of Coal" for social study class Friday morning April 23, in the auditorium.

It showed how coal was formed through the process of millions of

years. Then it told how coal was mined. It also showed us, to our great amazement, the many products that are made from coal.

We not only enjoyed this movie but it was very educational as well as entertaining.

June DeMaris, Reporters' Club

Home Economics

The eighth grade girls, in conjunction with their home economics class work, prepared a dinner under the direction of Mrs. Doris Curtis for members of the Riverton School Board.

The delightful dinner with all trimmings was served to the Board members in the kindergarten room on Tuesday, April 27th. Other guests present were Dr. and Mrs. John B. Geissinger, Mr. and Mrs. Roland Harris, president of the P. T. A., and Mr. and Mrs. Frank E. Goff.

One out of every ten persons in the United States is a veteran of World War II.

TALKS ABOUT LIFE
OF AARON BURR

Melvin H. Burr, of Riverton, and a member of the Camden Rotary Club gave a very interesting talk on April 15th to the Palmyra-Riverton Rotary Club on the subject of Aaron Burr. Mr. Burr wishes to straighten out the fact that he is not a direct descendant of Aaron Burr, because it so happens that Aaron Burr had no sons. Mr. Burr spoke as follows:

"Aaron Burr was born in 1756 in New Jersey. Both his father and grandfather were ministers, his father being the first president of Princeton University. Aaron took the usual private tutoring of his day, was an excellent student and at age 11 was ready to enter Princeton, but was not accepted on account of his age. He was admitted at the age of 13 and graduated at 16. He studied theology for about a year and then changed to law, but after about six months the Revolutionary War broke out and with a letter of recommendation from John Hancock went to Cambridge, Mass., and enlisted with George Washington as a Gentleman Privateer. He served with distinction fighting at Quebec, where he was given the commission of a Major. He later served with George Washington as an aide, but he preferred the active field fighting. His plan to burn New York to prevent the British from using it as a base was rejected, and we know now that the British used this city as their main base.

"He was in the Intelligence Department with Washington during Valley Forge days, and due to his frail body resigned his commission at age 23 as the youngest Lt. Colonel in the Army.

"Following the war he re-entered law study and after six months was allowed to take the bar examination. Due to his war record, he did not have to wait the usual five years.

He married Theodosia Prevost and practiced Law in New York City.

"Alexander Hamilton, also an attorney was a strong Federalist while Burr just as strong as an Anti-Federalist. During the time of the war and as attorneys and politicians these two men seemed always to be on opposite sides and for quite a period Burr seemed to have the advantage. Burr served in the New York Assembly, was Attorney-General of that state, U. S. Senator at age 35, defeating James Schuyler for this position who was Hamilton's father-in-law and became vice president with Thomas Jefferson.

This election was a tie of the electoral vote and it seems Hamilton threw his strength to Jefferson although he strongly disliked Jefferson and Burr. Burr refused to trade with the Federalists to become elected.

"Near the end of his six year term as vice president, Burr was induced to run for Governor of New York. He was defeated by Alexander Hamilton because Hamilton was allegedly undermining him politically and in secret meetings was making unfair charges against Burr's character.

"Hamilton accused Burr of being a dangerous character and he went on to say more despicable things about Burr. One of the men who was present at this secret meeting, Charles D. Cooper, told the newspapers about these accusations. Burr immediately asked for a denial of the accusations or an answer that Hamilton had made them. Hamilton tried to placate Burr by delay and long rambling letters. It must be remembered that in these days personal accusations were settled by duel. Hamilton answered that he had made these remarks, but that Burr should not consider them too seriously as they were made in the heat of an election.

"On June 27th, 1804, Burr challenged Hamilton. He gave Hamilton the two weeks respite requested in order to allow Hamilton to straighten out his affairs (he was heavily in debt at this time). In this interim period the principals saw each other many times, and to most people seemed friendly. On July 11th Burr shot Hamilton. This ended Hamilton's life, but from that time on Burr was dead politically and socially.

Kindergarten News
The kindergarten children have just completed cigar box gardens. Both the morning and afternoon children have lettuce that has started to sprout and they are looking forward to the time when they will be able to eat it with their crackers and milk.

The band has been practicing quite a bit lately and hope that soon they will be able to entertain other children and classes in the school.

The nature table is growing in the number of things which are brought in such as butterfly wings, sweet potatoes, tadpoles, picture books, terrarium and even a microscope.

Ruth Williams, Reporters' Club
Projector Club
The Projector Club presented a movie to the upper school assembly in the school auditorium on Thursday, April 15th. This movie was called, "The Search for Security."

It showed the origin and development of life insurance from the insurance of ship captains against death during a voyage or capture by pirates. It explained the operation of modern life insurance, showing what happens to policy holders' premium payments. Dramatizations showed the versatility of life insurance in meeting various individual and family needs.

LEAGUE OF WOMEN VOTERS

A round table discussion was held at last week's meeting of the League of Women Voters. Mrs. S. Robinson Coale gave a very explicit description of local taxes with the aid of a chart, showing how much the borough needs to operate, how much is raised locally and how much is contributed by the State.

The members present decided in favor of the new beer, cigarette and pari-mutuel taxes suggested by the Governor's tax program, but were against the gross receipts tax.

RED CROSS

Report from Your Congressman

FRANK A. MATHEWS, JR.

There appears to be a movement on foot to bolster up the United Nations by eliminating the veto power and providing an international police force. It certainly appears to be true that the United Nations is not doing the job the people of the United States hoped it would do. But, again, let no one be deceived that these proposed changes will necessarily correct conditions in the United Nations. It is impossible to understand how either the elimination of the veto or the existence of an international police force could have in any way changed the bungling of the United States representation in handling the Palestine issue. Furthermore, even if these changes were made, and as is likely, the United Nations still appears ineffective. You will then see movements on foot to establish a super international government. Always we will be getting into a tighter straight jacket so far as our foreign affairs are concerned without improving the situation, and with the international police force American troops will be used in matters which have no immediate concern with the interests of the United States. This whole matter is important enough to justify further discussion in later reports from your Congressman.

Your Congressman has before him a communication from an organization which is apparently sincerely trying to bring about better international conditions without war. One of the proposals is that our people should press for a greater concentration on positive programs of an economic, social, political and moral character. I take it that this organization was wholly in favor of the European Recovery Program. But in relation to that program, it might be pointed out that it has been used not wholly as a recovery program but in a different sort of way so far as the recent Italian elections were concerned.

Just think about this "moral" aspect in connection with the last week's report of your Congressman regarding the Italian election.

GIRL SCOUT PLAY DAY PROGRAM

Play Day for Riverton and Palmyra Girl Scouts and Brownies will be on Saturday, May 15, (rain date Saturday, June 5) from 11 a.m. to 2 p.m., at Riverton Memorial Park under the sponsorship of Tri-Boro Girl Scout committee. The program: 11:05 Peanut Scramble, 11:20 Flag Ceremony and official opening by Mayors Coale of Riverton and Dickinson of Palmyra, 12:00 Lunch, bring box lunch, 12:30 Singing, 1:00 Games and Races, 2:00 Closing Circle.

The committee chairman and overseer for the day is Mrs. Gerry K. Gilpin, assisted by Mrs. B. Bowers, refreshments, Mrs. Edwin Candy, Mrs. Walter Phillips; publicity, Miss Irene Anders; singing, Mrs. Lawrence Schweizer; intermediate games, Mrs. S. R. Dutky; Brownie games, Mrs. M. C. Milled; lost and found, Mrs. W. Phillips.

MATURING SHARES PAID

The Fifty-eighth series of stock of Cinnaminson Building and Loan Association, of Riverton, New Jersey, was matured at a meeting held May 10. The total amount of the series is \$62,950.00. The sum of \$45,200.00 was paid in cash to Shareholders and the balance, \$17,750.00 is pledged against mortgages given by Shareholders for properties in this community.

Checks in payment of free shares, numbering 225 were distributed to the Shareholders at the meeting. Any one desiring to give a mortgage to repair their property, making additions, or purchase a new property, should make application to any one of the Directors, and the attention will be given immediate attention and consideration, as the Association has available funds for such purpose.

Big Parade Saturday

The new fire truck recently acquired by Independence Fire Company, Palmyra, will be formally housed with appropriate ceremonies this Saturday afternoon.

A huge parade will be the main feature of the day's program and at disbandment onlookers and paraders will proceed to the Palmyra firehouse where ceremonies will be continued. The parade will start at 2 p.m.

According to E. J. Werbach, chairman of the general committee in charge of arrangements, plans for the big occasion are now complete. The route of the parade has been set up by the committee as follows: beginning at Public road it will march east on Spring Garden street to Cinnaminson avenue, north on Cinnaminson to the south side of Broad street, east on South Broad street to Elm avenue, to the north side of Broad and west on Broad to Spring Garden to Park avenue and disband.

Many business men and residents along the route have already decorated their homes and stores to give a gala aspect to the streets. The committee expects that about 50 fire companies will be represented with hundreds of members, over 100 pieces of apparatus, a number of bands and drum and bugle corps.

RIVERTON SCHOOL BOARD

At the May meeting of the Riverton Board of Education the vacancy in third grade was filled by the election of Mrs. Myra Alcott, of 604 Pennsylvania avenue, Palmyra. Mrs. Alcott is at present teaching third grade in Moorestown. She is a graduate of Burlington High School and Trenton State Teachers College and has taught in Florence, Camden and Moorestown.

Elwood Johnson of Palmyra, was low bidder on the job of painting the auditorium ceiling. This work was authorized to be done at once to be completed before this year's graduation exercises. Bids have been asked for installing black curtains over windows in the third floor classroom now being used as a visual education room. The American Heating Company was awarded the contract for repairing the furnaces and installing defective and broken parts.

Bids are being solicited for general supplies for school use, contracts to be awarded at the June meeting. Hans Kjar was re-elected as school janitor with an expression of appreciation by all members present at the efficiency and personal interest with which his duties have been discharged in the past.

TOWN MEETING

Speaking on "The Mechanism of a National Convention," Harry K. Butcher, director and secretary of The Committee of 70, will address the final meeting of the season at the Town Meeting, May 18th. Mr. Butcher's talk will be preceded by several selections by the Riverton School Choir and a film, "This Is America."

Mr. Butcher will discuss the general layout of the coming national conventions as well as the part the people have had in choosing the delegates. His talk is timely in that the national conventions are scheduled shortly to be held in Philadelphia, and their functioning as well as results will be of considerable interest to all.

A well known speaker, Mr. Butcher is Director of the Committee of 70 whose aim is to aid in securing good government. The Committee has accomplished much toward its aim by promoting public interest in voting, in civic improvement, and in education of the people as to their responsibilities in government.

The Riverton School Choir under the leadership of Miss Velma Comeggs will start the Town Meeting "promptly at eight" with several choral selections. The selections will be followed by a film on American life.

The film, "This Is America," is known throughout the United States for its interesting presentation of life in America. Familiar to many of the Riverton residents, it was produced by the Chrysler Corporation, and has found its way into many schools and communities where it has been unanimously acclaimed an excellent film.

The May Meeting concludes the program of Town Meeting till next October.

COUNTY BANKERS RE-ORGANIZE

On Monday evening, May 3rd, a re-organization meeting of the Burlington County Bankers Association was held at the Fireside Restaurant, Mt. Holly. Representatives from all the Banks in Burlington county were present. The vice president of the Association, Barkley Allen, presided and Stewart S. Bush, secretary of the Association, stated that the purpose of the meeting was to re-organize the Association after a lapse of over four years.

New officers were elected as follows: president, Stewart S. Bush, treasurer, Riverside Trust Co., Riverton; vice president, Nelson Morton, cashier and trust officer, Peoples National Bank & Trust Co., Pemberton; secretary, Harold V. Holmes, secretary, Burlington Savings Institution, Burlington; treasurer, Paul H. Burk, president, First National Bank, Riverside.

Executive committee: Robert J. Rogers, treasurer, Burlington Co. Trust Co., Moorestown; Stanley Coville, president, Farmers Trust Co., Holly; Morris H. DeCoursey, assistant secretary, Cinnaminson Bank & Trust Co., Riverton.

The speaker of the evening was James M. Brines, former Professor of Psychology at Rutgers University, and the well known song leader of the Graduate School of Banking at Rutgers. Mr. Brines gave a pep talk, and in his inimitable way led the bankers in singing.

It was decided to hold four meetings each year and the meeting adjourned with a marked degree of enthusiasm for a live County Association for the future.

ENGAGED

Mr. and Mrs. William H. Rowan, of Thomas avenue, Riverton, announce the engagement of their daughter, Helen Therese, to Warren Hosking Schryer, son of Mr. and Mrs. J. W. Schryer, of Philadelphia. No date has been set for the wedding.

NOTICE

The Triborough Community Center is very badly in need of three ping pong tables that are in good condition. The present tables that are at the Center have been there for eight years and are in almost constant use, and as a result, have come almost to the point of not being of any value.

The board of directors would appreciate it if any one in the communities having a ping pong table in good condition which they might wish to donate to the Center would contact Roy Austin at Riverton 9-1225.

RIVERTON P. T. A.

The last P. T. A. meeting of the current season will be held Wednesday, May 13, at 3 p.m., in the Riverton School auditorium.

The program will consist of giving annual reports. The Highlights of 1947-48 will be discussed as a cross section of opinion.

The Parent Education Group will meet at 2 p.m. in the school library, with Mrs. William Zaun in charge.

Annual Field Day

Field Day will be held in Memorial Park, May 25th. Will you be good enough to look among your possessions and see if you have anything that you would care to donate for our White Elephant Table?

We would also be grateful for anything that could be used for fish pond prizes.

Someone will call at your door for donations.

ROTARY SONS PRESIDE

Rotarians had the unusual experience of having their sons preside over them at the recent club meeting. Officers for the night were Ed Gilmore, president; Earl Harder, vice president; Roger Luce, secretary, and Jeff Thompson, treasurer. Leon Shulman and Carl Thomas led the club in a hearty songfest, and Bob Gilmore introduced James Parker and Melvin Kreps as visiting Rotarians.

Paul Schneider, chairman of the Youth Service committee, spoke to the fine group of Rotary sons, reminding them of what is being done for youth in our three communities. He encouraged the boys to support the programs presented in the interest of youth by the churches, community agencies; and the schools.

He reminded the teen-agers that Rotarians are friends of youth and have contributed time and wealth to the support of every good effort in behalf of youth. The speaker felt that every young man who had benefited from the youth programs offered in the communities should seek to enlist boys who were not participating in these activities.

Miss Stadler, actress, author and director of a theatre group, has appeared widely throughout the United States in her original character sketches and has also toured Europe for the U.S.O. Camp shows.

She has been heard on the major radio networks, and had the honor of entertaining at the White House for the late President and Mrs. Roosevelt. 55th ANNIVERSARY

Washington Camp 23, P.O.S. of A., will celebrate its 55th Anniversary with two very important events.

Sunday, May 16, camp members will attend Divine Service in the Central Baptist Church at 7:45 p.m. Members will assemble at 7:30 p.m. at the P.O.S. of A. Hall and proceed to the church in a body.

Monday, May 17, regular meeting will be held at 6:30 p.m., followed by a banquet to be served at 7:00 p.m., by the ladies of the Lutheran Church.

Following the banquet, a very interesting program has been arranged to which the public is cordially invited. The main feature of the entertainment is the showing on the screen of the beautiful picture "Pennsylvania," in technicolor, through the courtesy of the Standard Oil Company of New Jersey. Admission at 8:30 p.m. is free to all who care to come and enjoy an evening of entertainment and good neighborly fellowship.

To the fisherman of South Jersey, the sea gull is the outstanding symbol of good luck, and to kill one is considered equivalent to committing suicide. An injured gull that alights on a ship is royally treated; when the bird recovers it is set free, always over the starboard side.

Eighth Grade News
The eighth grade took a test on a Gallup Poll called "Can You Pass This Map Test?" Copies of the test and the result were given in the daily newspaper. As our grade had studied the geography of the United States we were anxious to know how we rated with other grade school pupils. The average score for grammar school trained pupils in location and placement of the states of the United States was 41%. Our eighth grade result on the same test was 90.7%. The eighth grade decided to test their knowledge of the names of the states and capitals. Our score for this work was 90.7% with twelve pupils who had perfect papers.

RAILROAD IMPROVEMENTS
ASKED BY TOWN MEETING

The Pennsylvania Railroad recently announced its plans to arrange the "spotting" of freight cars to provide a better view of the railroad tracks for automobile drivers crossing at Thomas avenue, and to consider the possibility of cutting back the roof eaves on the railroad station to improve traffic conditions. The roadbed was oiled last week.

These plans are a result of meetings held between railroad representatives and the Riverton Town Meeting Executive Committee. In a letter to the Riverton Town Meeting, P. W. Triplett, superintendent of the New York Division of the Pennsylvania Railroad, promised that "these items will be followed up to a satisfactory completion." The Town Meeting requested consideration of these changes in an effort to remove accident hazards and the dust from the roadbed.

Many of the Riverton residents living along the track had asked that the roadbed be oiled to prevent dust caused by speeding trains passing through Riverton. The oiling has aided materially in preventing dust.

In consideration that negotiations several years ago to move the railroad station had failed to accomplish the move, the Town Meeting executive committee had requested that the possibility of cutting back not only the roof eaves of the station but also the cement platform be considered. Such improvements would widen Broad street at that point and make possible a more even flow of traffic through Riverton. Although the railroad has only promised consideration on this project, it is hoped that this can be eventually accomplished.

By arranging to move the clearance sign on the freight house by Thomas avenue and thus preventing freight cars from being spotted closer than 90 feet from the crossing, the railroad will have provided a better view of the railroad tracks to automobile drivers. The Town Meeting executive committee is still negotiating to have the gap between the road crossing and the walk crossing at Thomas avenue paved

to prevent automobiles from getting caught in the gap any more. Publicity.

PALMYRA HOUSES
NEW FIRE TRUCK

The Independence Fire Company of Palmyra housed a new Mack fire truck with appropriate ceremonies last Saturday afternoon.

Among the events arranged for this celebration was a parade approximately two miles long in which 44 companies from many neighboring communities participated, accompanied by 12 musical units distributed throughout the line of march.

Appropriately the Palmyra Fire Company dedicated the housing ceremonies to the memory of Edwin Redfield, Jr. who gave his life in the line of duty several years ago while attempting to save a child's life in a local fire.

The new Mack fire truck, with a pumping capacity of 750 gallons per minute, replaces the old Sea-

graves pumper which has served the local firemen faithfully for the past 26 years.

The Program

Following the parade, ceremonies were held at the Palmyra Fire House with the following program:

The Riverside Drum and Bugle Corps opened the program with the playing of America.

Rev. Dan S. Morgan, Chaplain for the Palmyra Fire Company, and pastor of Central Baptist Church, made the invocation.

George N. Wimer, as master of ceremonies, introduced James Weart, one of the oldest ex-chiefs of the local fire organization, who gave a short history of the Palmyra Fire Company.

The master of ceremonies then introduced Mayor Charles V. Dickenson, who officially turned the new piece of fire fighting equipment over to the members of Independence Fire Company.

New Truck Officially Housed

The new apparatus was then housed by the Honor Company, the Riverton Fire Company, whose members actually placed the new truck in its permanent home.

Benediction was pronounced by the Rev. Richard A. Ewing, of Sacred Heart Church, Riverton.

Refreshments were served to the visiting firemen and others who participated in the parade and other ceremonies.

In the evening the Palmyra String Band played for dancing at the Palmyra Fire House.

Many Prizes Awarded

Prizes for parade entries were awarded as follows:

Best appearing uniformed company with apparatus and band: First—Westmont, \$100.

Second—Goodwill Fire Company, of Woodbury, \$75.

Third—Riverside, \$50.

Best appearing uniformed company with apparatus but without band: First—Beverly, \$50.

Second—Brooklawn, \$25.

Best appearing Ladies' Auxiliary—Goodwill Fire Company, of Woodbury, \$25.

The Sewell Fire Company received \$20 prize in the company section.

Along the parade route this was met with enthusiasm by the spectators and received many compliments for their part in the festivities.

Riverside Park Fire Company received the prizes of \$5, each for having the tallest and shortest men in the parade line.

A handsome trophy was awarded the Pitman Fire Company for having come the longest distance.

Wimer Oldest Man in Line

Hon. George N. Wimer, former Mayor of Palmyra and for many years an active member of the Palmyra Fire Company, had the unique distinction of being the oldest person in the line of march. Mr. Wimer is now 83 years of age.

Judges for the parade were: Deputy Chief John J. Laughlin and

BOY SCOUTS SPONSOR
BAND CONCERT

The Riverfront District of the Burlington County Council, Boy Scouts of America, sponsored a band concert on Thursday evening, May 13th at the Palmyra High School auditorium. The concert was given by the Philco Band, of the Philco Corporation, under the leadership of Herbert N. Johnson, conductor.

Harry J. Baldwin, Jr., Riverside, Chairman of the Riverfront District Boy Scout Committee, stated that it was an excellent concert, and that several hundred dollars was cleared on this affair, which will be used by Boy Scouts in financing their way to the Lenape Boy Scout Reservation this summer. The Scouts also sold candy at the concert, the receipts from which are being used for the camp fund. The income from the advertisements in the printed program is also being used to finance Scouts going to the Scout Camp.

Mr. Baldwin stated further that he is planning to have this band make a return engagement in the spring of 1949.

Captain Joseph F. Miskill, of the Philadelphia Fire Department Headquarters, and Richard Oliver, of East Riverton.

Edward J. Werrbach, chairman of the committee for this celebration, in speaking of the success of the affair stated that the local fire company and the committee appreciated the splendid spirit of cooperation received from the local citizenry of Riverton, Cinnaminson and Palmyra, especially the business men who gave their support in advertising in the program for the event.

MORAVIAN CHURCH

The 85th anniversary of the Palmyra Moravian congregation was observed at the 10:45 a.m. Holy Communion and 3:00 p.m. Lovefeast. The speaker at these services on May 16, was the Rev. Albert J. Harke, formerly pastor of this congregation for 19 years.

NEW PRESIDENT OPPOSES
UNIVERSAL MILITARY
TRAINING

The New Jersey Federation of Business and Professional Women's Clubs went on record as favoring universal military training at its 30th annual convention last week. However, the newly elected president, Miss Margaret Warner, of Burlington, voted opposition to the measure, as did many other leaders.

Following her installation, Miss Warner called upon the business and professional women to "have the common sense to know that the only weapon that will destroy the totalitarian ideologies we so fear, we have in our own hands—democracy."

and NEW JERSEY Does it Well!

The twentieth century has seen the cosmetic industry in America become one of the most fascinating, scientific and remunerative of businesses. In the past ten years it has doubled itself, reaching a peak in 1946. A recent survey for that year sets the national consumption at \$477,872,425 retail value. New Jersey's share at wholesale figures is approximately \$70,000,000.

The use of cosmetics was known in ancient times but their substance and application seem strangely crude to us today. The American Medical Association has conducted extensive studies of the contents of modern cosmetics. Chemists are responsible for the purity of these products and they are manufactured under scrupulously clean and attractive conditions.

Electricity and Gas play an important part in the manufacture and packaging of cosmetics, as well as in maintaining favorable working conditions in the factories and plants.

PALMYRA BOARD OF EDUCATION NEWS

At the May meeting of the Palmyra Board of Education, three resignations were received from teachers. Mrs. Reba Schuck, High School English teacher resigned effective April 30 because of ill health; Miss Evelyn Kindred, High School Mathematics teacher resigned effective the end of the school term; and Miss Mary Egan, for 33 years a teacher in the Palmyra Junior School, and until this year principal of the Junior School, resigned because of ill health. Miss Egan's resignation was received by the Board with unanimous expression of appreciation of her faithful service and regrets at the illness which has forced her to resign.

C. J. Merkle, instructor in general science this year will be transferred to the mathematics department, and will teach the subjects previously taught by Miss Kindred. John B. Everitt of Blackwood, New Jersey, was elected to teach general science in the High School beginning in September. Mr. Everitt was a graduate of Springfield College in Massachusetts, and took additional work in the field of science at Temple University.

The Board approved the appointments as substitutes for the rest of the term of Mrs. Sydia Harrison of Philadelphia, a graduate of Temple University, to teach 7th and 8th grade English, and William Liebknecht of Pennsauken Township, a graduate of Gettysburg College, to fill the English position formerly held by Mrs. Schuck.

The following Commencement awards were approved: Harry T. Johnston Memorial, Alumni Association, Lions' Club, Women's Club, Rotary Club, American Legion, P.T.A., Borough Council, Band Parents.

An offer of awards by the Palmyra High School Graduate Group was refused by the Board since the only Alumni Association organization recognized by the Board is the Palmyra High School Alumni Association which is operating under a charter granted by the State. The two organizations were asked to merge several months ago and the Board of Education at that time stated to both groups that it would recognize only a group bearing the name of Alumni Association regardless of the matter of membership or officers.

The attention of the Board was called to the fact that the State Legislature has recently appropriated an additional \$9,429,476, of which the amount apportioned to Palmyra is \$12,355.97. Of this sum, \$9,423.58 must be used for reduction of local taxes, leaving a net increase in state aid for use by the Board of Education for current expenses of only \$2,932.39.

STATE FEDERATION CONVENTION

When the New Jersey State Federation of Woman's Clubs held its 21st Annual Convention in Atlantic City last weekend, the Palmyra Juniors were awarded first prize for their responsible for helping to organize the greatest number of new clubs, and "for the best all around work accomplished by a club through its Garden Department." Palmyra received honorable mention for collection of seeds which were sent abroad.

Miss Natalie Elms, past president of the Palmyra Club was elected to the office of Recording Secretary of the State Federation for the coming year.

Besides Mrs. Elms, Mrs. Richard Price, Mrs. Herbert Bleam, Miss Eleanor Friday, and Miss Alice Baker

attended the Convention as representatives from Palmyra's Club.

The proudest moment of the banquet came when the Women's Clubs of New Jersey presented the National Society for Crippled Children and Adults with a check for \$10,550 for the establishment of the first Curative Workshop in the State of New Jersey.

YWCA CAMP WILL OPEN FRIDAY, JULY 9

Burlington County girls between the ages of nine and fourteen years will again enjoy the pleasures of a Day Camp program sponsored by the Burlington County Y. W. C. A. when Camp Shining Arrow, New Lisbon opens July 9th. Mrs. Charles Doehert, Pemberton and Mrs. Edwin Forsythe, Moorestown are co-chairmen of the Camp Committee. They announce that Mary Ann Lippincott will be Camp Director for the 1948 season. Miss Lippincott graduates from Earlham College this June and has been counselor at Camp Shining Arrow for two years.

Parents of young daughters, with limited means who are constantly perplexed about safe, well supervised summer activities for girls, find that Day Camp Shining Arrow meets their needs. The program is offered for a fee of \$4.00 per week.

Organizations and community service groups interested in seeing that the number of campers from their area is extended this year, are asked to contact Mrs. Wm. Krusen, R. D., Bordertown. She is working particularly with publicity through P. T. A. groups.

One of the earliest recorded strikes and first recorded sympathy strike in America occurred in the Paterson Textile Mills in 1828.

(ret.), Palmyra, chairman of the Council Camping Activities Committee, announced. There is over 200% increase in the number of camp reservations in the Scout Office as compared to a year ago, representing approximately 90% of the total camper weeks of the 1947 camping season. The Boy Scout Camp will open its sixth season on Sunday, June 27th, and will run for three two-week periods, closing Sunday, August 8th.

son on Sunday, June 27th, and will run for three two-week periods, closing Sunday, August 8th.

Captain Ryan stated that J. Holland Heck, Edgewater Park, will again serve as Camp Director. This will be Mr. Heck's third season in this capacity.

A number of improvements are being made at the Lenape Scout Reservation in preparation for the 1948 camping season, including: A new swimming beach; several new row boats; a gas stove for the kitchen; new tent platforms; etc.

The camp fees for the Scout Camp vary from \$11 to \$13 per week per camper. Scout Troops coming to camp under their own leadership come under the cheaper camp fees.

STRING BAND NEWS

The Band wishes to thank the public for the enthusiastic applause which was given them all along the line in the parade on Saturday. It was very encouraging to us. With such encouragement and a little financial support we are determined to give you the finest string band in these parts.

At this time we wish to make an apology for the notice in last week's news concerning the carnival to be held this week at Park avenue and Broad street in Palmyra. Through a mix up in dates on the part of the carnival owner the carnival was postponed until further notice.

Due to the unfavorable weather the Band did not parade last Thursday night. However, with the weather permitting we will parade this Thursday evening.

The Band is in need of funds to purchase their uniforms. If you would like to make a contribution drop it in to Tony's Beauty Salon or call Riverton 9-0413 or 9-0387-R.

Violin, mandolin, accordion players also drummers are still needed. Come out Thursday evening for rehearsal at Community Center, Palmyra.

EXPLORER SCOUTS GO UP A CREEK

Last Saturday and Sunday the Explorers of Post 50, Riverton, went on a canoe trip up the Rancocas Creek as far as Birmingham.

They went to Mt. Holly by car, where the canoes were launched into the creek and the duffle loaded aboard.

After much splashing and churning of water the little fleet pulled away from shore and started upstream.

A safe landing operation was carried out at Smithville and the portage around the dam made. During a brief rest period there, the gang worked and ate their noon meal.

They pulled out shortly afterward and again headed upstream, arriving at Birmingham late in the afternoon. Camp was immediately set up and supper started soon afterward. That is after some comments on how certain people in the stern of a canoe don't know their job too well.

Before turning in the Explorers did a good turn for an unhappy motorist. Everyone slept well that night, paddling a canoe all the day before is a great help towards a sound sleep.

The next morning everyone was up bright and early, or were they? Anyhow a good hefty breakfast was served.

Then except for time out for dinner the day was spent in and along the creek. The group started for home early in the evening.

The Explorers decided that some of the highlights of the trip were Jack Oliver's demonstration of the

J-strokes with a paddle; Dick Burr's fancy trick of dropping things (ask him what), and also how he lights a gasoline lantern; Bucky Wagner's new tent with zippers that go up and down during the night; Dick Adams learning if you lean too far out of a canoe something happens; Jack Lundstedt digging holes with a tin cup (ask him why), and also that he learned not to flip pancakes from past experience.

Hostesses for the evening include: Mrs. Helen Lightcap, Chairman, Mrs. John Giffenberg, Mrs. Jos. McLaughlin, Mrs. Edward Fort and Mrs. Owen Bottger.

The story of "Hans Brinker or the Silver Skates," which has delighted children in foreign lands as well as in the United States, was written by Mrs. Mary Mapes Dodge for her two small boys in a tiny farmhouse on the outskirts of Newark.

EXPLORER SCOUTS GUEST OF NEW JERSEY STATE POLICE

Last Saturday the Explorer Scouts of Post 50, Riverton, were the guest of the New Jersey State Police.

The members of the post were invited to visit the Headquarters of Troop "C", the New Jersey State Police Academy, and the Criminal Identification Department.

On arrival at West Trenton the Explorers were taken in hand by Sgt. Sawyer who had been assigned by headquarters to be their guide.

The trip started with a tour through the police academy, class rooms, barracks, swimming pool, gymnasium, etc.

After this they were shown the special emergency vehicles, radio base station, radio repair facilities, weapons, police cars and many other things pertaining to police work. Last but by far the most interesting was the trip through the Criminal

Identification Department.

Here the explorers saw the fingerprint files, photographic laboratories, chemical laboratories and ballistics laboratories. Lt. Griffin who is in command was our guide for this part of the trip.

The members of the post want to thank the New Jersey State Police for the opportunity of the visit, and feel that after this trip they have a much better understanding of their State Police System.

A SAFETY MEASURE

"Walk facing traffic", the Keystone Automobile Club urges in a bulletin asking pedestrians to co-operate with motorists for their own safety.

The walker who is facing traffic can avoid danger by simple expedient of stepping off the roadway. The walker with his back to approaching headlights literally bets his life that the motorist will see him in time to avoid running him down."

CALVARY PRESBYTERIAN CHURCH
Fourth and Lippincott Ave.
Riverton, N. J.
The Rev. R. B. Stewart, Pastor

We are often told in these days that the world is becoming too small to permit us to live in harmony. We are told that in these times we can merely "squeeze our way" through life, and that a certain amount of jostling, resulting in war or the threat of war is inevitable. Perhaps there is another answer. Perhaps the real truth is not that the planet is too small, but that we are too small to enjoy it and to use it as it ought to be used for the glory of God and for our own welfare, material and spiritual. It is this possibility that we shall explore when we meet for worship next Sunday morning.

The topic of the morning message will be "Rehearsal," which being interpreted means, "there is room enough."

Morning worship begins at eleven o'clock. As part of morning worship next Sunday the Calvary Choir will render the anthem, "Lead, Kindly Light," by Buck. Church Nursery will be conducted as usual during the worship hour. You are cordially invited to join us in the worship of God and in Christian fellowship.

The Calvary Church School convenes at 9:45 each Sunday morning with Bible study classes for every age group. The Semper Fidelis Bible Class and the Men's Bible Class also meet at 9:45. Bring your children to Church School and remain for the study of the Word.

On Sunday evening the Westminster Fellowship groups will meet as follows: Juniors at 6, Intermediates at 7, Seniors at 7:30, and Junior Choir at 8:30.

The Goodfellowship Club meets on Friday evening, May 21 in the Social Hall at 7 o'clock, when supper will be served. An interesting program will follow.

CHRISTIAN SCIENCE CHURCH

"Soul and Body" is the subject for Sunday, May 23.
Golden Text: "What agreement hath the temple of God with idols? for ye are the temple of the living God." (II Cor. 6:16)

Sermon: Passage from the King James version of the Bible include: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" (I Cor. 3:16)

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "To divest thought of false trust and material evidences in order that the spiritual facts of being may appear,—this is the great attainment by means of which we shall sweep away the false and give place to the truth. Thus we may establish in truth the temple, or body, 'whose builder and maker is God' (p.428)

Report from Your Congressman

FRANK A. MATHEWS, JR.

On May 19th, the House of Representatives passed the Mundt-Nixon Bill. This bill has to do with the registration of certain organizations and making it unlawful for any person to attempt under certain circumstances to establish in the United States a totalitarian dictatorship, the direction and control of which is to be vested in, or exercised by, or under the domination or control of any foreign government, foreign organization or foreign individual.

The bill was vehemently opposed by "liberals" on the ground that it would unconstitutionally deprive citizens of the right of free speech or freedom of the press. Your Congressman received a great deal of telegrams and letters which in effect told him that if he voted for this bill he would pull down the Statue of Liberty, burn up the Bill of Rights, trample upon the American flag and deal a death blow to democracy. But from your Congressman's reading of the bill and his understanding of it, he cannot come to the conclusion that any provision of this bill is unconstitutional. If he is mistaken, the Supreme Court will have an opportunity to pass upon the matter.

As always, there were several features in the bill which your Congressman did not like. That same thing has occurred in almost every bill before the House with most of the members. In fact, your Congressman can recall off hand only one bill with not a single provision in it with which he disagreed, and that bill was to repeal over 100 existing laws.

The day before the Mundt-Nixon Bill came to a vote, your Congressman received a most interesting letter from which he desires to give you three quotations. The writer of this letter says: "I, myself, am a Communist." That is certainly honest, and if everyone who believed in and sympathized with the Communist ideology would be equally honest, we would not have much of the trouble we are now having.

The second quotation is: "I know your sharp hostility to the Communists." For this statement, your Congressman is grateful. Now he does not have to tell people that he is opposed to Communism and ask them to take his own word for it. Here is an admitted Communist who knows of your Congressman's hostility to the Communists.

The third quotation is: "Should the bill pass, the Communist Party will not debate itself by compliance with its provisions." This, you see, the Communists have no intent to comply with a law duly passed by this Congress, even if it be wholly constitutional.

There was considerable argument about whether or not the bill "outlawed" the Communist Party. Your Congressman does not believe that it does. If he did so believe, he would have voted against it because, for one thing, he thinks that any party has the right to advocate by ballot any changes in the form of government it sees fit, and has been for years opposed to outlawing the Communist Party, much as he detests and opposes Communists and Communism. Your Congressman voted for the bill.

In this connection, I quote from a syndicated columnist who has never been known to have reactionary tendencies: "It is silly to pretend that either Stassen or Dewey is a 'liberal,' as both fashionably claim. But with all their enmity, Dewey and Stassen jointly promise a rebirth of intelligence."

And there, folks, you have it.

YACHT CLUB OPENS SEASON MONDAY

On Decoration Day, Monday, May 31st, the Riverton Yacht Club will formally open the 1948 racing season. At 1:00 p.m. a brief flag-raising ceremony will be held with greetings from Mayor S. R. Coale and an invocation by Reverend William H. Cumpston. This will be followed by a parade of the fleet past the end of the club pier and the races will start at 2:00 p.m.

A box supper, all members and guests to provide their own, has been planned to follow the races, around 5:00 p.m. The Sail-Bags will have coffee available for all who want it.

The Yacht Club cordially invites all residents of the three communities to join in the opening of some of the best small-boat racing along the Eastern Seaboard.

The Riverton Country Club is very proud of its First Team women golfers. Not only did they win the Third Cup, in which they played this season, but after a challenge match with the Philadelphia Country Club Team, which they won 5 to 2, have now moved up the 2nd Cup.

This cup is just one below the Philadelphia Golf Association Championship Cup, and is the highest cup the Riverton Country Club women golfers have ever achieved.

Much credit deservedly goes to the team for their competitive spirit and enthusiasm. Members of the team were the Mrs. Hendrickson, Lippincott, Shipman, Kieckhefer, Connell, Ransome and Sheble (captain).

gent American conservatism, which is already something to be grateful for after the past 16 years." So we see, in this columnist's opinion, that neither Stassen or Dewey is a liberal, that both claim to be so because it is fashionable, and yet, not actually being liberals, according to this columnist, they want a rebirth of intelligent American conservatism.

This ought to clarify in the minds of thinking Americans that liberalism and intelligent American conservatism are entirely different things, although it may further confuse people who want both liberalism and intelligent American conservatism at the same time. And, also, it will be noted that this columnist thinks that the rebirth of intelligent American conservatism is something to be grateful for after the past 16 years.

What can I do
to help bring
prices down?

You can do plenty. For instance, you can refuse to pay extra bonuses for scarce articles. You can postpone buying things you don't actually need. You can add to your bank account and thus help provide credit so business can finance the production of more needed goods. Why not start today? Open an account here and make deposits regularly.

ABOUT TOWN

The piano students of Mrs. V. Thorne, 622 Garfield street, Palmyra, will present their second annual recital at the Epworth Methodist Temple, 5th and Morgan avenues, Palmyra, Friday, May 28, at 8:30 p.m. Friends are invited.

PALMYRA ALUMNI ENTERTAIN SENIORS
The Palmyra High School Alumni Association announced plans this week to entertain the Senior Class and their guests at an Orchestra Dance Tuesday evening, June 8th, at 8:30 p.m., in Palmyra High School. The dance featuring Col. Wayne's orchestra has been planned by a committee of the Alumni Association.

Mr. and Mrs. John F. Hackett, Elm street, Kewton, left on Tuesday of this week for Hot Springs, Va., where Mr. Hackett will attend the annual meeting of the Copper and Brass Manufacturers Association at Hot Springs.

As each class graduates they automatically become a member of the Alumni Association. Plans are in progress to present each member of the graduating class with a membership card. In an earlier report it was stated that there is a place held on the board of trustees of the Association for a new member who has been elected by his class to represent them on the board.

Mr. E. L. Williams returned Tuesday after spending two weeks at Ocean City.

Since reading, speaking and writing are basic tools for all learning, our boys and girls spend much of their school time learning how to use these tools more effectively. The first three grades deal almost exclusively with the mastery of reading. The other elementary grades emphasize other techniques such as writing, speaking, and thinking. In high school, more time is devoted to technical language than in the lower grades; that is, to oral speaking, theme writing, dramatics, free reading and literature.

We're making every circuit count!

● New Jersey people are making more calls than ever these days...and more are going to out-of-town points. We're glad to say most of them go through promptly.
● The main reason is the fact that more circuits have been added during the past two years than in any equal period...and others are being installed as fast as cable can be secured. But another big reason is this: while planning additional circuits, telephone engineers are making sure that every existing circuit is doing its full job, through careful routing and planning.
● You can be certain that everything is being done—not only to handle the increased calls of the future—but to provide prompt service today.

RIVERTON SCHOOL NEWS

Assembly Program

The upper school had an assembly program on Friday, May 14, in the school auditorium. One of the highlights of the program was the presentation of the "Student Council Pins" by John Robinson, president of Student Council. These pins had the school colors on a gold pin with the letters R.P.S. on them and also a guard with the year '48 on it.

The seventh grade showed and explained slides which they made in art class in conjunction with their social studies work. The Projector Club showed a movie entitled, "Bicycle Safety." The theme of the movie was how to correctly ride a bicycle in town.

Last, but not least, Mr. Groff congratulated and awarded certificates to the pupils who made the Honor Roll during the fifth report period. They were: Elizabeth Dutky, Nancy Garwood and Dolores Watson of

the eighth grade; Jeannette Lowe and Sara Guertler of the seventh grade; Marion Stuart and Christine Pew of the fifth grade; Sandra Lowe and Jeanne Smith of the fourth grade.

Suzanne Gillilan,
Reporters' Club

Art

The eighth grade has a very attractive bulletin board entitled "Our Trees." We sketched a tree that we liked from our own yard and called it, "Our Own Tree." Then in our art period we painted them with sponges. Next we mounted them on bright colored paper and put them on our bulletin board. They look very nice.

The eighth grade also have been making metal disks with designs on them. Some of the children made bracelets, small trays and ash trays. They are also on display in our home room.

FLEET OF THE FUTURE!

FUTURAMIC
OLDSMOBILE

Here's that terrific trio of smart new Oldsmobiles you've heard so much about! The Futuramic Convertible—with its racy, youthful look and all its automatic features. The Futuramic Club Sedan—so low, broad and gracefully tapered in style. And the Futuramic 4-Door Sedan—the car with comfort and visibility beyond anything you've known.

Every one of these new Series "98" Futuramic Oldsmobiles is ahead of the times in performance, too. A new high-compression head adds horsepower to the engine—makes Hydra-Matic Drive* even more notable for its "no-clutch, no-shift" smoothness. CENTRAL BAPTIST CHURCH
Fifth and Maple Avenue
Palmyra
The Rev. S. Dan Morgan
Pastor

What is remembrance? Just a thought,
A blossom or a falling tear
On one brief morning of the year:
Or is it something finer, caught
From hero lives
Which long survives
To hearten, strengthen and inspire
When hearts grow faint and bodies tire?

—Edgar A. Guest
