## CAPT. BETTY GETS HIT-RUN DRIVER AFTER LONG CHASE

A Philadelphia hit-run suspect, at the wheel of an ancient panel-bodied truck without lights or license plates, led police of five communities a wild 70-mile-an-hour chase from Philadelphia into South Jersey last Thursday night. He was captured after police bullets had flattened both rear tires of his vehicle and he had sent two of his pursuers into a ditch.

The suspect, identified as Edward Haubert, 37, of Orthodox street near Trenton avenue, Philadelphia, a brick-pointer, was captured by Palmyra Police Captain Lawrence Betty on Haddonfield road between Chapel avenue and Route 38 in Delaware township.

He was subdued after he had lost control of his truck and had run into the yard of a house in turning around to avoid a roadblock Betty had set up.

After first-aid treatment at the Palmyra police station by Dr. Dean H. LeFavor, Haubert was admitted to Zurburg Memorial Hospital, Riverside, with a fractured skull, a bullet wound of the left foot, and cuts and bruises.

Philadelphia police reported Haubert was suspected of being involved earlier in a hit-run traffic accident. The driver had gotten away before he was spotted a mile from the scene.

Patrolmen Nathan Smith and James Gallo, of the Philadelphia Motor Safety Patrol, said they first noted the truck when it went through a red light and gave chase. The truck tore across the Tacony-Palmyra bridge, its driver ignoring the toll gates.

At the New Jersey end of the bridge, Captain Betty's attention was drawn by the sound of approaching sirens. When the truck came into view with the police motorcycle close behind it, he gave chase. His car soon outdistanced the motorcycle as the chase sped to Route 25, and into Haddonfield road.

The cavalcade was joined by police of Pennsauken, Maple Shade and Delaware township.

Captain Betty, held his lead, drew abreast of the truck on Haddonfield road, and tried to force it to the curb. The driver kept going. Betty put on a burst of speed and got far enough ahead to turn and park his police car across the highway.

Confronted by this roadblock, Haubert jammed on his brakes, swerved, and doubled back toward Palmyra—just as Smith and Gallo came up. Heading straight for them, the truck plowed into their motorcycle and hurled it across a ditch into an adjoining field. The patrolmen jumped to safety.

As the Philadelphia patrolmen got up, Betty drew even with the truck again and put a pistol shot through the door, then forced his quarry off the road and into the yard of a house. Once halted, the driver got out and fled on foot, but was soon overtaken and brought back to Palmyra under police guard.

Gallo and Smith said they fired 34 shots in the long chase. The rear of the truck was peppered with bullet holes when police caught up with it.

Haubert has been held in \$1,000 bail for the grand jury.

## CHURCH TO OBSERVE CHARTER NIGHT

On Tuesday, October 11, the members of Calvary Presbyterian Church will observe the 75th anniversary of the granting of the corporate charter.

### CALVARY CHURCH "CHARTER NIGHT"

On Tuesday evening, October 11, at 8:00, the members of Calvary Presbyterian Church of Riverton will hold a Charter Night observance to commemorate the granting of a corporate charter in 1874 to "The Trustees of Calvary Presbyterian Church at Riverton, New Jersey."

The Reverend Charles L. Candee, D.D., the only living former pastor of the church (1901-1907) has been invited to speak at this service which will be conducted by the Reverend Robert B. Stewart who has been pastor of the church since October, 1942. A social period to follow the commemorative service has been planned.

It is interesting to note that the original Christian group who elected Joseph Campbell, Charles W. Leavitt, Lewis Ourt, Edward Lippincott, John Fraser, William F. Dreer, and Lemuel H. Davis to the first Board of Trustees named in the charter, held their meetings for the public worship of God in the Public School House of Riverton.

Even though the congregation con-

tinued to worship regularly after the granting of the charter, it was not until October 11, 1877 that the group was constituted a member of the Presbyterian Church by the Presbytery of Monmouth. The first regular pastor was the Reverend John R. Samson who faithfully served the congregation until 1886. It is of interest that the Reverend Edward B. Hodge, a former pastor of the Burlington Presbyterian Church served on the committee appointed by the Presbytery to organize the Riverton Church.

Since it was not until 1877 that the Church was organized under the government of the Presbyterian Church in the United States of America, the congregation plans to observe the Seventy-Fifth Anniversary of the Church in 1952.

The original church building was dedicated on July 2, 1879 and continued in use until the present edifice was constructed in 1926.

It is planned that George T. Dold, president of the present board of trustees will bring to the congregation's attention during the social period some interesting facts regarding the history of the Riverton Church.

## SEWAGE PROBLEMS ARE DISCUSSED

The Tri-Boro Town Meeting held an interesting and informative meeting Thursday evening, Sept. 29 in Palmyra Borough Hall. Its purpose was to acquaint the public with the sewage problem shared by Palmyra and Riverton. The speakers were L. W. Morrell from the Division of Engineering, State Board of Health, Harold Marshall, Palmyra Borough Council and Charles Coward, Riverton Borough Council.

Mr. Morrell explained the Incodes Act (1939), which was the outcome of a four state compact — New York, New Jersey, Pennsylvania and Delaware — established to clear up pollution and impurities from the Delaware River. Mr. Morrell pointed out that from Trenton to Gloucester, all communities have made progress in correcting the pollution discharges and that Palmyra and Riverton are the last to take any action.

Councilman Marshall gave a brief history of the sewage disposal problem in the two communities. The affluent of the Palmyra plant is not pure enough to meet the standard and Riverton does not process sewage. The Health Commissioner has been urging Palmyra and Riverton to remedy these conditions and the Town Meeting program was part of the Boro Council's response to acquaint the residents with the problem. He explained the Sewage Authority Ordinance, which will have its first reading before both councils in October, as a legal means to combine Palmyra and Riverton in a joint sewage disposal effort. Members of the Authority would be appointed by both councils for a definite term of office as established by the proposed Ordinance, three members to represent Palmyra and two to represent Riverton.

Councilman Coward outlined the estimated costs and savings to both municipalities if the proposed plan is adopted. The Palmyra Disposal Plant would be modernized at an estimated cost of \$240,000. The joint Sewage Authority would issue bonds to finance the modernization and collect rents to pay the costs of operation, payment of interest and retirement of bonds. In addition, it would be necessary that Riverton build a pumping station and force main at an estimated cost of between \$85,000 and \$90,000.

Many interesting questions were directed at the speakers from the audience. A number of these queries were relative to the possibility of relocating the disposal plant and the resulting cost to the tax-payers. No engineering studies of re-location have been made, therefore no figures were available.

## Competitor Denounces Suit Against A&P

THE BOLD three-column advertisement in the current issue of the Waynesboro True Citizen catches the reader's eye. We quote it in full.

To our notion that advertisement by C. Whit Blount states the economic and governmental aspects of the case against A&P with a clarity and forcefulness that most of the editorial comment has lacked.

Also it strikes us as a fine example of sportsmanship in business.

Incidentally, it is about as effective an advertisement as could have been written for Mr. Blount's "Groceteria".

Makes you sort of wish you were in Waynesboro to trade with him, doesn't it?

## A Word For Our Competitor The Great Atlantic & Pacific Tea Co.

There has been a move by the anti-trust department of the Federal Government to destroy our leading competitor, the A&P Food Store.

It may seem odd, but we are opposed to this move.

The A&P Co., is definitely our strongest competitor - they keep us hopping. But, we are still in business - And Expanding. We do it by selling quality merchandise, buying at a close margin and selling at CLOSER margin.

It's so called "trust-busters" charge that the A&P Co. control some of the production and processing ends of the food business. As a result, they hold the cost price down on foods.

WELL, WHAT'S WRONG WITH THIS??

If A&P holds the costs down, it makes our suppliers hold their costs down to the same competitive level. They can sell cheaper, AND SO CAN WE.

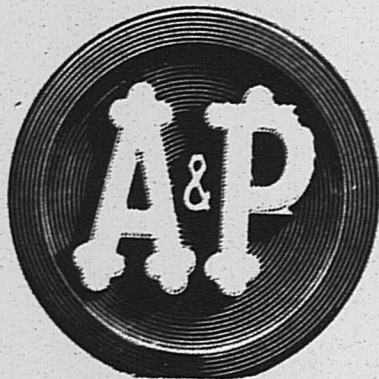

We intend to continue to try to sell better merchandise than A&P; We also will continue to have competitive prices.

BUT, We don't believe the government, or any individual should try to break up a firm that is doing a good, clean, efficient job of serving the people of this country.

James version of the Bible include:

saved. How long shall they vain  
thoughts lodge within thee? (Jer.  
4:14)

Correlative passages from "Science  
and Health with Key to the Scrip-  
tures" by Mary Baker Eddy include:  
"If mortals would keep proper  
ward over mortal mind, the brood  
of evils which infect it would be  
cleared out. . . Sin and disease  
must be thought before they can be  
manifested. You must control evil  
thoughts in the first instance, or they

**MECHANICAL DEFECTS  
IN CARS CAUSE  
MAJOR ACCIDENTS**

One car out of every six contains  
some defective part that could con-  
tribute to a death and one out of  
three motor vehicles would fail to  
pass inspection in any state that has  
compulsory inspection laws, accord-  
ing to Carvel Sparks, chairman of  
the local committee planning the ob-  
servance of "Know Your Automobile  
Dealer Week," October 21 to No-  
vember 5.

"This sounds like a rather sad  
commentary on traffic conditions in this  
country but the only possible error  
in these facts are that they may be  
understatements," he said. "For ex-  
ample, when Washington State went  
in for state inspection stations two  
years ago, it was found that 71 per-

referred to as the property, will be sold  
upon the following terms:

(1) Each property will be sold to the  
highest bidder, but not for less than the  
minimum price herebefore mentioned, and  
no bid for less than such minimum price will  
be received.

(2) The purchaser shall, immediately  
upon the acceptance of the bid, pay 20%  
of the amount thereof in cash to the Town-

ty of Burlington.

cent of inspected vehicles had me-  
chanical faults. In the District of  
Columbia, six out of ten cars in 1947  
failed to pass inspection. In North  
Carolina, the rejections were 59 per-  
cent. Moreover, a police traffic check  
of 3,000,000 vehicles in 1946 revealed  
1,000,000 were unsafe.

"The possibility that one car out  
of every six could be a death car is  
based on reports of state traffic  
authorities that faulty vehicles were a  
contributing factor in 16 percent or  
one-sixth of all fatal traffic accidents  
in this country in 1947. There were  
over 32,000 traffic deaths that year  
so defective parts were responsible  
in part for 5,000 deaths as well as  
200,000 accidents.

"I am confident that if all the car  
owners of Riverton and vicinity real-  
ized these facts, each one would make  
certain that his car has no defective  
parts, particularly brakes, lights, tires,  
steering mechanism, windshield  
wiper, muffler and horn. 'Know  
Your Automobile Dealer Week' is a  
good time for every motorist to have  
his motor vehicle checked to be cer-  
tain that it is in a safe operating  
condition and also to resolve to have  
periodic inspections made that will

assure that it is kept that way in the  
future."

## BURR

Miss Phyllis Ann Burr, daughter  
of Mr. and Mrs. Melvin H. Burr,  
400 Eighth street, Riverton, became  
the bride of Mr. and Mrs. George  
M. Durgin, Sr., 718 Lincoln avenue,  
Palmyra, Saturday, October 1, at  
2:30 p.m. in the Calvary Presby-  
terian Church, Riverton. The Rev.  
Robert B. Stewart performed the  
ceremony.

Mrs. Rachel Lord played the wed-  
ding march and vocal solos were  
rendered by Robert Witte, 8 year  
old nephew of the groom.

Given in marriage by her father,  
the bride wore a white satin gown  
with an illusion neckline, trimmed  
with shirred satin. Her veil of lace  
applied flowers on illusion, was held  
in place by a full length Juliet cap  
of satin and illusion. She carried a  
bouquet of gladioli.

Mrs. Brinton C. Pier, of Philadel-  
phia sister of the bride, was matron  
of honor and wore a peach blue  
gown. Her bouquet was of pink dot  
chrysanthemums with ivy and she  
wore the same flowers in her hair.

The bridesmaids were Mrs. Wil-  
liam S. Wartel, Hollis, Long Island,  
cousin of the bride; Mrs. Edgar R.  
Barnes, Jr., Scranton, Pa., and Miss  
Miriam Dennis, Delaware. They all  
wore American Beauty rose gowns  
and pink dot chrysanthemums with  
ivy made up their bouquets, with  
matching flowers in their hair.

Richard T. Durgin, brother of the  
groom was best man. The ushers  
were Richard K. Burr, brother of  
the bride, William Carson, Warren  
H. Lamont and Edgar Lamont, all of  
Palmyra.

The bride's mother chose a gray  
crepe gown, with black accessories  
and the groom's mother wore a  
thistle crepe gown.

A reception was held at the Riv-  
erton Country Club.

After a wedding trip to Bedford  
Springs, Pa., they will reside at 425  
Thomas avenue, Riverton. Miss Burr  
attended Western Mary-  
land College and Purdue University.  
Mr. Durgin attended Vanderbilt  
University and Drexel Institute of  
Technology. He served in the United  
States Air Corps during World War  
II and was discharged with the rank  
of Lieutenant. He is a member of  
the Palmyra-Riverton Lions Club.

**BRIDGE IMPROVEMENTS**  
A modern toll collection system has  
been installed on the Burlington-  
Bristol bridge.

The new system was put into effect  
to speed up traffic on the span, How-  
ard R. Yocum, chairman of the Bur-  
lington County Bridge Commission,  
said today.

In the first 10 months the Burling-  
ton bridge has been operated by the  
commission, Yocum said, traffic in-  
creased 18 percent over the same  
period a year ago when the span was  
privately owned.

"To facilitate travel over the bridge  
and make it more convenient for  
motorists," Yocum said, "we installed  
the new system."

The system includes electric indi-  
cators which show the motorist the  
exact toll paid. They also record  
the tolls on an automatic printer so  
that the bridge can keep an accurate  
record of every toll taken in.

The new equipment, Yocum ex-  
plained, replaces machinery which  
has been in use for more than 15  
years. It enables toll collectors to  
handle more cars per hour during  
peak traffic periods, he added.

"Traffic and revenue marks this  
year on the Burlington bridge should  
be the highest in the span's history,"  
Yocum said. "During the first 10  
months, 689,386 automobiles, trucks  
and buses traveled over the span, an  
increase of 19,639 over the same  
period last year."

"Despite a reduction of tolls from  
35 cents to 25 cents, one of the first  
official acts of the commission, the  
Burlington bridge produced \$185,695  
in revenues during this period."

Yocum said the commission's poli-  
cy is to furnish the Burlington-Bristol  
bridge and the Tacony-Palmyra span  
with the most modern equipment to  
better serve the traveling public.

The commission already has in-  
stalled a new lighting system on the  
Burlington span, he added, and a new  
\$75,000 open-grid roadway on the Pal-  
myra bridge. The cost of the road-  
way, he said, was provided for by

the private owners before the bridge  
commission acquired the span for the  
county.

**BLOOD TYPE CARD  
FOR EVERY DONOR**

The blood-type card given to each  
person contributing blood to the Red  
Cross National Blood Program can  
prove to be a priceless reward in time  
of need.

Dr. E. Vernon Davis, presi-  
dent of the Burlington County Medi-  
cal Society pointed out this week  
that each donor's blood type is noted  
for him on a card that should be car-  
ried at all times. "In case he himself  
needs emergency transfusions, pre-  
cious minutes will not have to be wasted  
in typing or finding suitable donors."

Explaining that each donor's indi-  
vidual card lists, in addition to his  
type, his Rh factor, the medical  
spokesman went on to point out that  
in case of emergency calling for a  
transfusion approximately 30 minutes  
are required to type the patient and  
find a type and Rh factor to match  
him. If, however, physicians know  
the accident victim's blood type it  
can be matched in a matter of mo-  
ments from blood already typed and  
stored for such emergencies.

"When residents of this county  
contribute their blood they are not  
only helping their neighbors," the  
medical society head said, "but they

also obtain a small blood-type card  
that may save their own lives some  
day."

Dr. Davis pointed out that the  
bloodmobile will visit Burlington  
county 28 times a year and urged all  
to make appointments to give their  
blood when the bloodmobile visits  
their community.

**PALMYRA PLAYS HADDON

will be out for the first win of the

Coach Beers has spent the past  
two weeks in ironing out the weak-  
nesses shown in the Wilson game  
which the Red and White lost by the  
score of 18-0. He is confident that  
his charges are greatly improved and  
predicts a close contest.

A & P COMPETITOR  
SUPPORTS CHAIN  
IN TRUST SUIT

An independent grocer's paid advertisement condemning the anti-trust suit to dissolve The Great Atlantic & Pacific Tea Co., is being reprinted this week in A & P ads in more than 2,000 newspapers throughout the country.

The A & P competitor, C. Whit Blount of the Waynesboro (Ga.) Groceries, upholds the food chain, and voices opposition to the anti-trust charges in a message published by the Waynesboro True Citizen.

Meanwhile, other competitors expressed support of A & P in newspaper advertisements in New York, Massachusetts and Louisiana.

Blount's three-column ad admits that "The A & P Co. is definitely our strongest competitor," that its operations "hold the cost price down on foods," but in so doing "makes our suppliers hold their costs down to the same competitive level."

"Well, what's wrong with this?" Blount asks.

He adds, "we don't believe the government, or any individual should try to break up a firm that is doing a good, clean, efficient job of serving the people of this country."

An editorial in the Atlanta Journal in praise of Blount's stand, also is being reprinted in this week's A & P advertisement.

The Journal remarks that "Blount states the economic and governmental aspects of the case against A & P."

with a charity and forcefulness that most of the editorial comment has lacked. Also it strikes us as a fine example of sportsmanship in business." ENTRIES ARRIVING FOR  
LANGHORNE RACE

The first two entries received for the 100-mile national championship big car auto races at Langhorne Speedway on Sunday, October 16, are from two drivers who have cut quite a figure in the annual 500-mile speed classic at Indianapolis.

They are Lee Wallard, of Altamont, N. Y., and Walt Brown, of Massapequa, L. I., N. Y. First to file with Sam Huns, foremost director of auto racing in the east, the initial entries are expected to be joined by championship drivers from every section of the nation.

The 100-mile title test at Langhorne is being resumed after a lapse of more than a year. It will be restricted to Indianapolis Speedway cars and drivers.

Wallard gave a pulsating performance in the last Memorial Day 500-mile classic at Indianapolis. Driving the car that the late Ted Horn previously piloted, Wallard led the pack for more than 100 miles. He might have been the winner if he had not encountered mechanical difficulty. As it was, Bill Holland, Reading, went on to win a popular triumph.

Brown, driving relief for Emil Andres, also was prominent in the Indianapolis grind, taking down ninth money. Incidentally, Brown won the 100-mile national championship race staged at Langhorne in 1948.

MORE ABOUT HISTORY  
OF CHRIST CHURCH

Delving deeply and digging dust, a searching party in pursuit of more of the history of Riverton and Christ Church, by its senior warden, William P. Ellison. And here, your writer must pause to pay tribute to this very quiet and modest gentleman. No one will ever be able to tell all that Mr. Ellison did for his church. Time and time again the old minutes

It was about 1866 when the growing parish realized that it would soon need larger quarters and a gift of a parcel of ground was made to the church by its senior warden, William P. Ellison. And here, your writer must pause to pay tribute to this very quiet and modest gentleman. No one will ever be able to tell all that Mr. Ellison did for his church. Time and time again the old minutes

of vestry meetings reveal a gift made by this very great gentleman with the one provision that no public mention be made of his generosity. And so, with his help, the present plot of ground on Fourth street, between Main and Howard was slowly accumulated. In 1871, the little church across from the railroad station was moved to this new location, on which a rectory had already been erected. And in 1875 a Sunday School building which seems to have stood near where the present parish house is located, was constructed. In the meantime, the original church structure had been enlarged.

On July 4th, 1876, the first Fourth of July service was held on the Riverbank — and the recent search party found a printed copy of the program of 1876! But that was only one of the interesting old documents uncovered. Among others were the original deeds to the properties at 4th and Main including an original of the Riverton Improvement Company.

And still the parish continued to flourish! In 1880, they began to talk about a new stone church, in 1882 a circular letter was sent out asking for contributions, in 1883, the little original Church was temporarily moved across Fourth street to what is now the site of the School playground, and the cornerstone of the new Church was laid by Bishop Scarborough on Thursday, June 7, 1883. And on October 6, 1884, the original church was presented to the church people of Palmyra, provided they would move it and maintain it. On October 20, 1884, a meeting was held at Palmyra at which 28 residents of Palmyra were present. The pencil minutes of that meeting are among the records of the Riverton parish.

In order to move the structure to its present location, W. F. Morgan donated a lot and \$400.00 was subscribed. The work of removal was begun on December the tenth, 1884, but the building was not placed on its new foundations until January 23, 1885. One historian of the times complains somewhat bitterly that "in all these 40 days only 16 were clear enough for outdoor labour!" Thus, Christ Church, Riverton, became Christ Church, Palmyra. It was re-opened by the Bishop on May 8, 1885.

And that brings us up to the present building of Christ Church at Fourth and Main streets. It is now 65 years old — and many an interesting event has taken place within its walls. We'll have something to say about a few of these occurrences next week.

But coming up to day, the Parish, under the leadership of its new rector, the Reverend Mr. Quentin Ferguson, is fast settling down to a season of worship and activity. Each week, the Church School at 9:45 is attracting new students; the Junior Choir has joined forces with the Seniors under the direction of Mr. Amos Sanscrit was the ancient sacred language of the learned Hindus.

## REPORT CAMPAIGN PROGRESS

An encouraging report on Republican advancement in Burlington County was given Governor Alfred E. Driscoll on Saturday at a special conference. The Governor stopped off at the home of C. William Haines of Masonville, Nominee for Assembly, while en route to a series of engagements in Ocean County. Arvid J. Jonsson, of Riverton, Chairman Republican County Committee, stated that "conservative reports indicate an outstanding Republican victory for all County and State offices on November 8." His factual outline was supported by individual views of the several candidates. Jonsson said the "forthright discussion by Governor Driscoll of all issues and problems confronting the State continues to make a favorable County-wide impression. "Driscoll's policy is highlighted by the reluctance of his opponent to discuss in detail whatever views he entertains concerning the future of New Jersey." Participating in the conference were, from left to right: Louis M. Parker of Bordentown and John Middleton of Lumberton, Candidates for Freeholder; Mr. Haines, Governor Driscoll, Raymond Johnson of Riverside, Candidate for County Clerk, and Mr. Jonsson.

## DEMOCRATIC PLATFORM

At a meeting of the county Democratic candidates and members of the Burlington County Democratic Campaign Committee held recently in Mt. Holly, the 1949 Democratic Platform for Burlington county was completed. Mayor Edwin L. Davis, of Wrightstown, Democratic county committee chairman states that this is a fine platform and the Democratic candidates in sponsoring this platform deserve the support of all the voters of Burlington county at the general election Tuesday, November 8th.

Mayor Davis urged all Democratic leaders in the various municipalities throughout Burlington county to rally behind their county campaign chairman, Charles Fellner, and assist him in the election of Senator Elmer H. Wene for Governor, to re-elect John B. Atkinson to the Assembly, the election of John Mustard for county clerk, Franklin L. Tallman and Joseph F. Claus for Freeholders.

Senator Wene, a farm boy, born in Hunterdon county who made good in business and politics the hard way, needs no introduction to the voters of Burlington county. His record in public office as three times U. S. Congressman and as State Senator from Cumberland county is well known to our Burlington county citizens.

Assemblyman John B. Atkinson, a farmer of Vincentown has been Burlington county's friend in the New Jersey Assembly for the past year. Every bill that affected the citizens of Burlington county, including the Milk Control Bill and Teachers Salary Bill were vigorously supported by Assemblyman Atkinson. He owns and operates a large dairy farm in Southampton Township and is a member of the Southampton Township Committee.

John H. Mustard, candidate for county clerk, is highly qualified for this office. After graduating from high school, he studied advanced accounting and was Office Manager for Swift and Company and Comptroller and Manager of the Atlantic City Ambassador Hotel before moving to Riverton in 1937, at which time he went in business for himself.

Joseph F. Claus, chairman of the Riverside Township Committee, is one of the two Democratic candidates for freeholder. Claus, while chairman of the Riverside Township Committee has instituted the new Tax Equalization Program at Riverside and formed the Sports Federation at Riverside to assure facilities for recreation to everyone in his community. His experience in his present

Public office will be very valuable to him as a freeholder.

Franklin L. Tallman, the other Democratic candidate for freeholder resides in Columbus where he operates a 137 acre dairy farm with 50 cows. He is also associated with Harry Rupp in the operation of the weekly Public Sale at Columbus every Thursday. Tallman has been a successful farmer and will see to it that the freeholders office is run in a successful manner.

The highlights of the 1949 Democratic Platform for Burlington county are: elimination of the caucus rule, upholding of rights of all civil service employees, continued efforts toward further reduction of the county tax rate, investigation of roads before absorbing them in the county road system, continued support of a stable milk industry, submission of Bingo referendum to the people, continued efforts for better railroad transportation and transaction of county business in county buildings.

## CINNAMINSON HOME NEWS

The improvements to the house of the Cinnaminson Home, begun last spring, have been completed, and the board of managers takes great pride in calling attention to them. The change which is most conspicuous from the outside is the enclosing and screening of part of the porch, turning it into a sun porch where patients may enjoy their violet rays the year round.

Inside, the dividing of several double bedrooms into singles brings the Home up to date in providing personal privacy for each patient, a considerable factor in morale. The welfare of the staff has also been promoted by the installation of fluorescent lighting in the kitchen.

Visitors who would like to see the Home are welcome at any time. The managers hope the community will become well acquainted with the facilities which the Home offers.

## FASHION SHOW

A fashion show sponsored by the Shining Hour Class of the Epworth Methodist Church will be presented Tuesday, October 18, at 8:30 p.m., in the Sunday School Temple. Admission 50 cents. Phone Riverton 9-0040-W for tickets.

The Lions will roar over the wide open spaces of the Riverton Country Club on October 20, when the Palmyra-Riverton Lions Club will hold its annual outing and Governor's week celebration.

Par shooters, if such there be, and duffers will tee off between 12:30 and 1:30 with worthwhile prizes in the offing.

The club will hold their dinner meeting at the club dining room at 6:45 p.m., with Dave Rowan, former nationally known distance swimmer as the principal speaker. Harry Eastlack, Governor of District 166 and John Kurkian, Deputy District Governor will attend the meeting.

## Red Cross Meeting

The executive board of the Riverton Branch, American Red Cross, met last Wednesday at the home of the chairman, Mrs. Thomas A. Cash. Reports were given by chairmen of the various committees.

Outstanding work this summer was done by Mrs. Roland Gilpin, chairman of the water safety program, who instructed about 50 children from Riverton each week in swimming and water safety measures. Two Gray Ladies, Mrs. John Werner and Mrs. George Lorenz, continued their work at Fort Dix during the spring and summer.

A mobile unit from Philadelphia for blood donors is expected to be in this section in January, the time and place to be announced later. Mrs. Richard Moore, chairman of the blood donor committee, is working in cooperation with Palmyra on this project.

If you are planning to donate soon, wait until the unit arrives here so that Riverton may be able to give its full quota of 100 pints. If this quota is filled any local resident can have a transfusion free if needed, except for the laboratory charge. Those from 18 to 59 years of age are urged to donate.

The annual meeting of the Riverton Branch will be held in the Porch Club on November 8.

## CANCER SOCIETY MEETS

The annual meeting of the Burlington County Chapter of the American Cancer Society, N. J. Division, Inc., was held on October 5, in Burlington.

A review of the work done by the county chapter showed that much had been accomplished. Dr. William E. Bray, chairman of the executive committee, explained to the chapter members that a vigorous cancer control program had been established in the county with an efficient and active clinic, an energetic educational program, and a competent service department. Plans were made to further improve these services for the ensuing year. "Under this program," said Dr. Bray, "no one needing assistance in Burlington county, need go without the proper care."

Herbert L. Worth, campaign chairman for the past year, gave his final report which showed that \$18,000.00 had been collected for use in the cancer program this year.

The following officers were elected for the ensuing year: president, Alexander Denbo, Burlington; vice president, Herbert L. Worth, Riverside; secretary, Mrs. Stacia I. Bean, Browns Mills; treasurer, Clyde Freehaver, Edgewater Park.

**TRAFFIC LIGHT NOW IN OPERATION**  
Motorists who cross Route 25 via the Riverton-Moorestown road are greatly appreciative of the traffic control signal that was placed in operation at that intersection on Friday of last week.

The light is actuated by trip plates on both sides of Route 25 so that a red signal is flashed on the main road whenever a driver desires to cross. At the meeting of the Cinnaminson Township Committee held on Tuesday night of this week it was reported that the light changed too rapidly from green to red on Route 25. This condition will be reported to the State Highway Department and correction, made.

## LECTURE-RECITAL OCTOBER 26

"Brotherhood Through Music" is the title of the lecture-recital to be given by Guy Mariner, noted pianist, in the auditorium of the Riverton Public School on Wednesday, October 26, at 8:15 p.m. The affair is being sponsored by the Riverton Free Library Association and tickets are \$1.00, tax included. They can be obtained at the Library or from members of the board of trustees, included among whom are Harry F. Jones, Mrs. W. W. Chalmers, Mrs. Stuart B. Clark, Mrs. Victor Ritschard, Mrs. John Abel, Howard Rogers, Dr. John B. Geissinger, John F. Ward, Blaine Capehart, Mrs. C. W. Lueder, Nathan Lane, Henry C. Parrish and E. W. Metzger.

The Library Association feels most fortunate in securing him for the recital here.

The capacity of the auditorium is limited so an early purchase of tickets is advised by those in charge.

## HALLOWEEN COMMITTEE SEEKS CONTRIBUTIONS IN HOUSE-TO-HOUSE CANVASS

As usual, the financing of this year's Halloween parade presents the biggest problem. Returns by mail have been discouragingly slow. As it is necessary for the committee to know how much to spend, it was decided that a house-to-house canvass would be made. This step has been taken largely due to the results of a spot check made to determine the exact reason for the poor returns.

A number of homes were visited and in almost every case a donation was very readily made. Collectors have been assigned and have already started in the drive to secure necessary funds. When you are approached on this subject, please bear in mind that this is your parade; and, it is up to you how big a success it is! No house-to-house collecting is being done in Riverton, however, and residents in that community are urged to mail their contributions promptly. Unless the necessary funds are secured quickly the lighting on Broad street will be seriously curtailed.

Russell Rivers has announced a growing interest in the special float section. To date, however, it looks like everyone with a little ingenuity and scrap materials might easily win the big cash award. Call Mr. Rivers today! Incidentally, if you wish to enter a float, but do not wish to compete for the big prizes, don't forget there is the regular float section for the smaller awards.

As has already been announced, the parade will form in Riverton and proceed west on Broad to Race street and into the Palmyra High School stadium, where the bands will drill and the prizes will be awarded.

**LOCAL COUPLE CELEBRATES 50th WEDDING ANNIVERSARY**  
Mr. and Mrs. Robert F. White, of 101 Main street, Riverton, were the guests of honor at a reception given last Saturday evening by Mr. and Mrs. Gardiner Crowell upon the celebration of their Golden Wedding Anniversary. Among the guests in attendance were the Reverend Francis Yarnell and Mr. Edward B. Halsey, both uncles of Mrs. White, and both among those who attended the wedding 50 years ago.

One of the most remarkable events regarding the celebration of their Golden Wedding Anniversary by Mr. and Mrs. White, is the fact that Mrs. White is the fourth daughter in direct succession to be able to celebrate such an event.

In 1871 Mrs. White's great grandparents on her maternal side, Dr. and Mrs. George Rose, marked their 50th Anniversary together, and in turn their daughter, Sarah F. Rose, celebrated her Golden Anniversary in 1897 in the company of her husband, the Reverend Thomas Yarnell, who was Rector of St. Mary's Church in West Philadelphia, for 53 years.

Next in line, Helen Marie Yarnell, their oldest daughter, celebrated the 50th anniversary of her wedding to Mr. William W. Ken, with this anniversary taking place in 1922.

Among the many friends and relatives attending the reception was Mr. and Mrs. White's daughter, Sister Helen of All Saints Community, Catonsville, Maryland.

Mr. White is widely known in woele business circles in Philadelphia. Originally a Bostonian, Mr. White came to Philadelphia as a young man and together with his wife has lived in Riverton since 1907. Ever since taking up their residence in Riverton, Mr. and Mrs. White have taken an active part in the growth of Christ Church. Mr. White has served as both a vestryman and the president of the Choir Mothers' Guild.

## LOCALS PLAY 6-6 DEADLOCK SATURDAY

Palmyra and Haddon Heights battled to a 6-6 stalemate last Saturday afternoon in the local stadium in a game played under summer temperature.

The locals scored in the third period on a 75-yard jaunt by Pratt. The all-important conversion was a placement that went astray.

With only a minute to play the opposition knotted the count, but fortunately for Palmyra, their attempt for the extra point was also a failure.

This Saturday the Red and White will meet Haddonfield on the latter's gridiron.

## Needlework Guild Ingathering

The Riverton Branch of the Needlework Guild of America will hold its annual Ingathering on Wednesday, November 2, at the Porch Club. Members desiring to help in sorting and packaging, are reminded to bring their own sandwiches. Coffee and dessert will be served by the committee at 12:30, followed by the business meeting at 1:00 o'clock.

This "Charity that helps other Charities" contributes to many local organizations, among which are the Visiting Nurse, Cinnaminson Home, Zurbrugg and Cooper hospitals and the Family Service Council of Riverton and Cinnaminson.

To be a contributing member means donating only 2 new articles of clothing or bedding a year. These organizations look to us for help and new members are urgently needed. If you are not a member and would like to contribute to this worthwhile cause, please call Mrs. J. Vincent Hackel, Riverton 9-0760, for further information.

The characterization of Bella Manningham, the confused and frightened victim of her husband's diabolical schemes, is skillfully interpreted by Ruth Strahan while the part of Jack Manningham, Bella's suitor and mysterious husband who plans to torture his wife into insanity under the guise of kindness, is exceptionally well enacted by Arthur Gowell.

The portrayal of the attractive, young and designing maid Nancy, who has encouraged Mr. Manningham's attentions in order to further her desire to take over the position of her mistress in the house as well as in the affections of her husband, is very competently handled by Jane Watson, who is beginning her first season with the group.

Douglas Bott, another newcomer to the group is doing an excellent job in the role of Rough, a Scotland Yard lieutenant, who in process of investigating an old unsolved murder at the house now occupied by the Manninghams, develops an interest in Bella that is beyond his call of duty.

Dorothy Parker, familiar to Footlight Player audiences has been cast in, and very effectively handles, the part of Elizabeth the Manningham housekeeper who remains loyal to Mrs. Manningham through her difficulties.

The presentation of "Angel Street" will take place at the Riverton School auditorium, Fifth and Howard streets, Riverton, 8:30 p.m., on October 21st and 22nd.

## GOVERNOR DRISCOLL TO SPEAK HERE

Arvid Jonsson, County GOP Chairman announced this week that Governor Alfred E. Driscoll will be the principal speaker and the county and local slate will be introduced at Palmyra High School auditorium, Monday, October 17, at 8:15 p.m.

According to Chairman Jonsson, a large turnout can be expected to meet the Governor, as well as see William Haines, candidate for the Assembly; Raymond Johnson, candidate for County Clerk; John Middleton and Lewis M. Parker, candidates for Freeholder; Robert C. Smires, candidate for County Coroner; as well as Palmyra Mayor Charles V. Dickinson, Riverton Mayor Robinson Coale, Cinnaminson Township Chairman Maurice Conrow and Council candidates Paul M. Heister and Joseph L. Stack.

The rally will be a Tri-Boro rally for Palmyra, Riverton and Cinnaminson and arrangements are being coordinated by Walter Lamon of Palmyra, Ward Tolan of Riverton and Maurice Conrow of Cinnaminson Township, though the Palmyra Republican Club will actually be hosts for the evening.

## FOOTLIGHT PLAYERS TO PRESENT "ANGEL STREET"

Observations at recent rehearsals of the Footlight Players current production "Angel Street," better known by the movie title "Gaslight," with Charles Boyer and Ingrid Bergman, gives promise of a performance high in entertainment value and one that will rate among the group's finest efforts.

The characterization of Bella Manningham, the confused and frightened victim of her husband's diabolical schemes, is skillfully interpreted by Ruth Strahan while the part of Jack Manningham, Bella's suitor and mysterious husband who plans to torture his wife into insanity under the guise of kindness, is exceptionally well enacted by Arthur Gowell.

**INSURANCE COMPANIES CRACKING DOWN ON YOUTHFUL DRIVERS**

A definite trend is now apparent among insurance companies to crack down on youthful drivers unless they mend their ways and soon. This was pointed out today by Carvel Sparks, general chairman of the local "Know Your Automobile Dealer Week" committee, who said:

"Automobile insurance rates in New York have just been raised 15 and 20 per cent for cars operated by drivers under 25 years of age. In the same state, the insurance department warned that unless there is a quick change in the driving practices of youngsters, the companies will refuse to insure any car in a family where there is a young driver."

"As a matter of fact, many companies even now will not write insurance coverage for car-owners under 25 years of age."

"Traffic records indicate that juvenile delinquency at the wheel rapidly is growing worse. In 1947, 27 percent of drivers involved in accidents were 25 years of age or younger. By the next year, the percentage of juvenile involvements in accidents had risen to 31 per cent. Safety authorities state that the growing number of accidents caused by young drivers is due to their driving too fast and their weird show-off practices."

## AMERICAN BANKING IN ACTION

AMERICANS KNOW HOW TO  
BANK THEIR MONEY

There are almost 50,000,000 thrift accounts in this country. In a single year, Americans added 1 billion, 100 million dollars to these accounts. This is future spending power in reserve. Meanwhile, these funds help provide new tools, new plants, new and better machinery — more jobs and greater opportunities for all. When you deposit regularly at the bank, you not only help yourself and your family — you help to make the American way of life even better than it is.

On Saturday, October 8, at 11 a.m., a quiet wedding was solemnized in Calvary Presbyterian Church, when Miss Edith Crawford became the bride of Mr. Alexander Johnston, of Atlantic City, N. J.

The Rev. Robert Stewart, pastor, performed the ceremony.

The bride wore a dress of teal blue satin, with large black hat, and carried an arm bouquet of white chrysanthemums. Her attendant, Miss Grace E. Davis, of Riverton, wore a matching dress of copper colored satin, with black accessories, and carried an arm bouquet of rust colored chrysanthemums.

John M. Crawford, of Trenton, a cousin of the bride, served as best man.

After a short wedding trip, the couple will reside at 339 Elm avenue, Riverton.

LEAGUE OF WOMEN  
VOTERS NAMES OFFICERS

Spurred on by concerted action on the State and Federal Levels the League of Women Voters of Riverton announces its plans for the year 1949-1950. As the coming elections are primary in the minds of citizens able to vote the Voters Service Committee under the chairmanship of Mrs. R. W. Bretthauer plans to publish non-partisan voting information and to distribute this information for the benefit of Rivertonians. The committee is working jointly with the Moorestown league under plans formulated at the first board meeting on Wednesday, October 12.

As most readers know the League's largest project of last year was to collect information which is to be published under the title of "Know Your Town." Under the able guidance of Mrs. C. W. Lueders and Mrs. Raymond Hull this information about Riverton has been completely mimeographed and is now ready to be published. Citizens as well as businesses in Riverton will be asked to contribute or to subscribe to this worthwhile booklet which will contain not only pertinent facts on education, unemployment, health, government and businesses of Riverton, but also a history of the town.

In direct connection with this, the League of Women Voters has also volunteered to assist the City Planning Commission of Riverton in completing a survey which will aid the commission in advocating certain measures for the improvement of Riverton's future.

The League of Women Voters of Riverton now boasts a membership of 35, but the board is more than anxious to encourage new membership throughout the town. The board of directors has been supplemented

Why would you put A & P out of business?

Not our customers. Many thousands of them are writing and phoning us and telling our clerks and managers that they want to continue to enjoy quality A & P foods at low A & P prices.

Not our suppliers. Farmers and manufacturers alike are telling us that they want to produce their goods in an efficient outlet for their products.

Not our 110,000 employees. They want to keep the high wages, good working conditions and security they enjoy with A & P.

Not labor. Union leaders are writing us to ask what they can do to defeat this threat to labor's living standards.

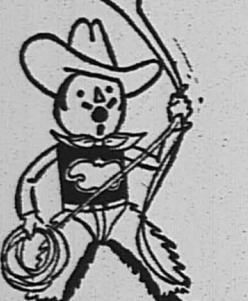

All these people are telling us they don't want the anti-trust lawyers to put A & P out of business.

### CHURCH CORNERSTONE LAID IN 1888

Did you ever know that the present Riverton Station stands on part of the ground once owned by Christ Church? It does — and in the 1870's it was sold to the Pennsylvania Railroad by the church Vestry and for \$2,000! That money came from the railroad and was supplemented by another \$50 raised by the residents of Riverton who wanted a station at Main street. Right after that Rail Way avenue (Broad street) was cut through and the town began to grow. Summer visitors who came to the old Lawn House — a big hotel at the corner of Penn street and Bank avenue — began buying rear-round homes, and many new houses went up.

It was this growth which started the people of Christ Church talking about "a new stone church" in 1880. In 1882, a circular letter was sent out asking for contributions, and in 1888, the cornerstone was laid by Bishop Scarborough on Thursday, June 7th. That's what the old records say — but we haven't yet found the cornerstone!

When work was begun on the church, it was agreed that the entire structure was not to exceed a cost of \$15,000. Yet, when on July 10th, 1884, the new church was consecrated by the Bishop, its cost, practically as it stands today had risen to something in excess of \$31,000. And in the archives of the church is an itemized and receipted bill, almost two feet long, for everything which went into the new building. And incidentally, hidden 'way back in one corner of the cellars, we found the Bishop's Certificate of Consecration! It was about this time that Mr. Ellison purchased the lot on the corner of Fourth and Main streets, measuring 50 x 100 feet, moved the house on it to Third and Howard streets and presented the lot to the Church, thus completing its present real estate holdings.

So many interesting stories regarding the memorials in the "new stone church" have come up that they will be made the subject of a special article next week — and then the story won't be told completely!

Incidentally, since these articles have appeared, the Rector has heard so many interesting comments regarding Riverton's early days, that the committee would like to hear from any of the "old timers" who might care to write in regarding the town's earlier days. Where was the first fire house? And when was the fire company organized? Does any one recall the organization of the Porch Club which first met in the Parish House? Is it a fact that the rector of the church at that time, the Reverend Mr. R. Bowden Shepherd, was elected an honorary member of the Porch Club in appreciation of his interested assistance? When was the first public school built? Is it a fact that America's first Parent-Teacher Association was organized in the school? Is it a fact that the church-wide Girls' Tidy Society was founded in Riverton? Do you know that the present Free Library was organized in the Parish House of Christ Church and occupied part

of the first floor several years? Do you know of old branches of old call? Won't you address them to Historical Committee, Reverend Mr. C. present rector? any old photographs or records of the church be willing to lend for an historical exhibition? We tell us about what

## PARRY-GOULD

Miss Virginia Lee Gould, daughter of Mr. and Mrs. David F. Gould, of Riverton, became the bride of Mr. Howard Parry, 2nd, son of Mr. and Mrs. T. Morrell Parry, of Cinaminson, on Saturday, October 15, at 2:30, in a ceremony performed according to the manner of Friends at the Westfield Friends Meeting House.

Mr. and Mrs. Evan Stover, Mrs. Francis E. Baker, all of Riverton, and Mrs. Joseph L. Thomas, of Cinaminson, were over-seers of the wedding and Miss Susannah Parry, cousin of the groom, read the certificate. Mrs. C. V. Devery, of Riverton, played the wedding march. As the guests gathered prior to the ceremony, she contributed several beautiful and appropriate selections.

The bride's gown, of ivory satin with the traditional train, had a form-fitted bodice and was yoked with shadow lace. Long gauntlets met the short puff sleeves and the illusion net veil was held by a band of orange blossoms. She carried a bouquet of white gladioli, bachelors and ivy.

The maid of honor, Miss Constance Brewer, of Beverly, Mass., wore rose taffeta and carried a bouquet of pink and white chrysanthemums tied with loops of blue velvet. The bridesmaids were Miss Joan Bailey and Miss Virginia Collar, of Riverton, who wore blue taffeta, and Miss Elaine Friday, also of Riverton, who wore rose taffeta, all carried matching bouquets.

Mr. T. Morrell Parry, Jr., brother of the groom, acted as best man. Mr. Philip Hancock, of Springfield, Pa.; Mr. Albertson Seaman, of Roslyn, Long Island, and Mr. John R. Parry, another brother of the groom, were ushers.

After a reception at the Porch Club the couple left for a wedding trip in the South. On their return they will reside in Cinaminson.

## WANT NO MORE APARTMENTS IN SECTION OF RIVERTON

At the recent meeting of Riverton Borough Council, Miss Martha McI. Biddle presented a petition to the governing body asking for a revision in the present zoning ordinance.

The petition seeks to prevent the erection of two family houses or apartments in the area from Bank avenue to Fourth street on Lippincott, Thomas and Linden avenue. It would also prohibit the conversion of any existing dwelling into either of the categories mentioned above.

Miss Biddle stated that she and the petitioners, all of whom live in the area in question, felt that such a revision would do much to keep the section a more desirable one in which to live.

Council referred the matter to the Planning Commission for investigation.

## NOTICE

The office of Dr. T. Bruce Dickson, Main street, Riverton, will be closed October 24 to 27 inclusive.

## RIVERTON COUNCIL COMMENDS GOVERNOR ALFRED E. DRISCOLL

At the meeting of Riverton Borough Council held on Thursday night of last week a resolution was passed commending Governor Alfred E. Driscoll for securing a traffic control signal at the intersection of Riverton-Moorestown road.

The members of the governing body stated that many comments of appreciation had been received since the light had been placed in operation, particularly from school officials who stated that bus drivers are now able to negotiate the crossings without the hazards that existed previously.

All agree that the Governor's action has been a decided help to the many local motorists who go to and from Moorestown daily.

## HALLOWE'EN PLANS

The Tri-Borough Halloween Committee met Monday, October 17. A financial report made by the treasurer, F. J. Hamelman, coupled with a breakdown of proposed expenses disclosed insufficient funds on hand. Collections are still incomplete and by the time this article goes to press further efforts will have been made to procure the necessary funds.

This will take a considerable amount of work, and the committee is working shorthanded. With just \$1000 dollars yet to go, alternate plans for cutting expenses have been arranged. Unless the goal is reached by Friday night, October 21, it will be impossible to arrange with Public Service for installation of the special lighting along Broad street. Contributions may be mailed to Mr. Hamelman, 415 Cinaminson avenue, Palmyra.

The music committee has again secured eight top notch bands. These are the Palmyra High School Band, Palmyra High School Drum and Bugle Corps, Riverside Jersey Joes, Audubon Girls Drum and Bugle Corps, Palmyra String Band, Kensington String Band, Riverside String Band, and last but not least, the popular Pitman Hobo Band.

If you enjoy good music and like to watch snappy drilling, don't forget a splendid program will be presented at the high school stadium. Several bands will put on abbreviated, but spectacular drills, prize winners will be announced in rapid order (detailed announcement later).

The kiddies participating in the parade will receive free refreshments and a gigantic fireworks display will bring the evening's events to a glorious close. Please note: Admission to the field is free, seats are on sale at 10 and 25 cents.

The committee wishes to thank everyone for the most gracious manner shown toward the collectors. A generous donation and a pleasant word is a good indication that the Halloween parade is a desired event in these communities.

The committee will meet Monday, October 24, 8:30 p.m., at Palmyra Borough Hall. All members are urged to attend.

## SEWERAGE AUTHORITY ORDINANCE PASSES FIRST READING

At the meeting of Riverton Borough Council held on Thursday of last week an ordinance creating the Palmyra-Riverton Sewerage Authority passed first reading by a unanimous vote.

The proposed ordinance will be published at a later date and the time set for a public hearing on the subject will be announced.

## STEELE WINS MEN'S GOLF CHAMPIONSHIP

Last Sunday Bruce Steele defeated LeRoy Klippe 4 and 3 in the final round for the 1949 championship at the Riverton Country Club.

Mrs. Margaret Shipman defeated Mrs. P. William Thacher, Jr., 2 up, in a match played last week for the Women's championship of the club.

## DRISCOLL RALLY IS WELL ATTENDED

Nearly 500 local residents heard Governor Alfred E. Driscoll speak on Monday night of this week in the auditorium of Palmyra High School at a rally sponsored by the Republican Clubs of Palmyra and Riverton.

Governor Driscoll, who is a candidate for re-election, was introduced by former Assemblyman Albert McCay, of Palmyra. The various Republican county candidates were also introduced to the assemblage.

Following the rally, the Governor and Mrs. Driscoll attended an informal reception at the home of Mr. and Mrs. Walter D. Lamon, Jr., of Palmyra. This was attended by county committee members and municipal officials from Riverton, Palmyra and Cinaminson.

## SQUARE DANCE TO BE SPONSORED BY LEGION AUXILIARY

On Tuesday, November 15, at 8:15 p.m., the local Community Center promises to be the scene of lively dancing. Gingham-gowned ladies and their blue-jeaned gents will take over the hall as Bill McIlwain, of Ranococas, gives the call, "Honor your partner!"

Bill is well-known to square dancing enthusiasts throughout South Jersey and is caller for various clubs. A cordial invitation is extended to members of these clubs to attend.

If you know nothing about it, and are interested, this would be a good time to get acquainted with square dancing. Those who know a little about it and would like to know more are urged to come, too. Bill can give you some tips enabling you to swing your partner with greater ease. There will be cider and cookies to refresh you between squares.

The setting for the dance will be as cozy as the committee sees fit. The committee for the dance includes: Mrs. Ruth Gibson, chairman; Mrs. Margaret Hubbs, Mrs. Betty Lehner, Mrs. Ethel Hubbs and Mrs. Jeannie Sandoz. Admission tickets may be obtained from any of the above-mentioned ladies.

The Legion Auxiliary is starting its third year, as of October 4, and the newly-elected officers are hoping that the first event on the calendar will be a successful one.

## PALMYRA DROPS ANOTHER

Haddonfield proved too tough for Palmyra last Saturday afternoon and the locals dropped a 20-6 decision on the winner's field.

Both teams scored in the initial period, but the victors tallied another in the second quarter and again in the final. Pratt was responsible for the Palmyra score.

The Red and White journey to Burlington this Saturday and will make another attempt to break into the win column after a record of one tie and two reverses to date.

## NEEDLEWORK GUILD

If you are wondering what to give to the Needlework Guild, articles seldom received but desirable are women's apparel in large sizes and anything for boys.

## SNIPES-TAYLOR

The marriage of Miss Barbara Stokes Taylor, daughter of Mr. and Mrs. Howard C. Taylor, Jr., of Riverton, to Mr. Samuel Moon Snipes, son of Mr. and Mrs. Edgar T. Snipes, of Morrisville, took place in the Friends Meeting House, Moorestown, October 8.

Palmyra String Band has a very busy week ahead, participating in the following Halloween parades: October 25, Maple Shade; October 26, Woodbury; October 29, Medford, and October 31, Palmyra-Riverton.

## SACRED HEART P.T.A. MEMBERSHIP DRIVE

The Sacred Heart P.T.A. membership drive is on. Dues are 50 cents for each member.

Mrs. John Markle, chairlady urges everyone to cooperate with the local collector, so that a complete report can be turned in within the next two weeks. If a solicitor has not called on you please feel free to contact any of the committee members namely: L. J. Downs, Mrs. E. G. Miller, of Riverton; Mrs. J. J. Start and Mrs. J. Markle, of Palmyra.

## Population Survey

Within the next few weeks, Riverton residents will be contacted in a community-wide population survey. This survey, to be carried on under the guidance of the Riverton Planning Commission, is being made as part of the program the commission has been attempting to better establish a basis for future planning. The survey is largely determined by the number of people and the kind of people, the purpose of the project is to obtain a more accurate analysis of the population.

Riverton has been divided into four areas with sub-divisions. Russell M. Bigelow has accepted the job of coordinating the area leaders. The area leaders in turn will be responsible for the sub-divisions in their area. The area leaders are: Mrs. Joseph J. Joyce, Mrs. R. D. Wilder, Mrs. Huston D. Crippen, and Mrs. F. W. Tolan.

Organization of the survey has been accomplished by Mrs. Carvel Sparks and Peter O. Sykora, both members of the Planning Commission. Morton Lustig, advisor to the Planning Commission from the Pennsylvania Institute for Local and State Government, has aided materially in the project.

The Planning Commission asks the full cooperation of all residents in the fulfillment of this task. There is nothing compulsory about answering the questions, but every completed form means a more accurate basis for future planning.

The information and statistics which the survey will yield will be used in planning for school facilities, need of playground areas, as a basis for approaching the safety and transportation problems and many other programs. The information will be further supplemented by that already obtained from other type surveys which the Planning Commission is completing, such as a survey of businesses.

## HISTORY OF LOCAL ORGANIZATIONS

In last week's article on old Riverton and the early days of Christ Church, you were told that this week's article would speak of the memorials which have been presented to the Parish. It can't be done—at least, right now. There are too many of them, and to mention a few without referring to all would not be fair to the donors. Old records will have to be searched; other sources of information found, and a complete catalog made up before that project will be ready for publication.

But in the meantime, a lot of other interesting records have been found. Riverton's first street lights, fueled by oil, were installed in 1880 and maintained by public subscription.

The matter has been referred to the borough solicitor, Albert McCay, by Council for the preparation of the necessary ordinance.

## COUNTY CANDIDATES TO SPEAK HERE

Burlington county candidates of both the Republican and Democratic parties will be presented together at the Tri-Borough Town Meeting to be held at the Riverton School auditorium on Tuesday, October 25. Acceptance of the invitations extended were confirmed recently to Dr. Frank Huber, president of the Tri-Borough Town Meeting, by the county chairman of both parties.

For several years it has been the aim of the Town Meeting to present all candidates at elections to the Riverton people so that they may best judge them and the platforms they stand for. This will be the first year that attendance of all candidates has been assured.

Those who will be present are: C. William Haines (R.), of Masonville, and John B. Atkinson (D), of Vincentown, both candidates for State Assembly. Franklin L. Tallman (D), of Columbus, Joseph F. Claus (D), of Riverside; Lewis M. Parker (R), of Bordentown, and John Middleton (R), of Lumberton, all candidates for the two vacancies in the Burlington County Freeholders. Raymond Johnson (R), of Riverside, and John Mustard (D), of Riverton, both candidates for the position of County Clerk. Robert C. Smires (R), of Mount Holly, candidate for Coroner.

The meeting, scheduled to start at 8 p.m., will be addressed by several of the candidates from both parties. All the candidates will be introduced and all have expressed their interest in answering the many anticipated questions from the floor which will follow the addresses. Dr. Huber, who will act as moderator for the evening, has requested that all questions be submitted in writing. Cards will be provided for this purpose.

The Riverton Town Meeting executive committee has extended invitations to all the Burlington county residents to attend since the meeting is of countywide interest. It has been anticipated that a large audience will be present due to the great interest already expressed in the planned meeting.

## SKATING RINK PROPOSED

At the suggestion of the Riverton Parent-Teacher Association, Riverton Borough Council is having the borough engineer investigate the possibility of making a skating rink out of the old lily ponds that border Compton creek near Memorial Park.

As soon as the engineer's report is available the governing body will determine whether it is feasible to go ahead with the project.

## CHANGE IN MAIN STREET PARKING PROPOSED

The Riverton Planning Commission has recommended to Riverton Borough Council that parking rules on Main street, near Broad on the north side of the railroad be changed.

The Commission recommends that parking be permitted at a 60 degree angle on the east side of Main from Broad to a point north of the Esso station and that parking be prohibited on the west side for the same distance. This procedure will provide more space, the recommendation stated.

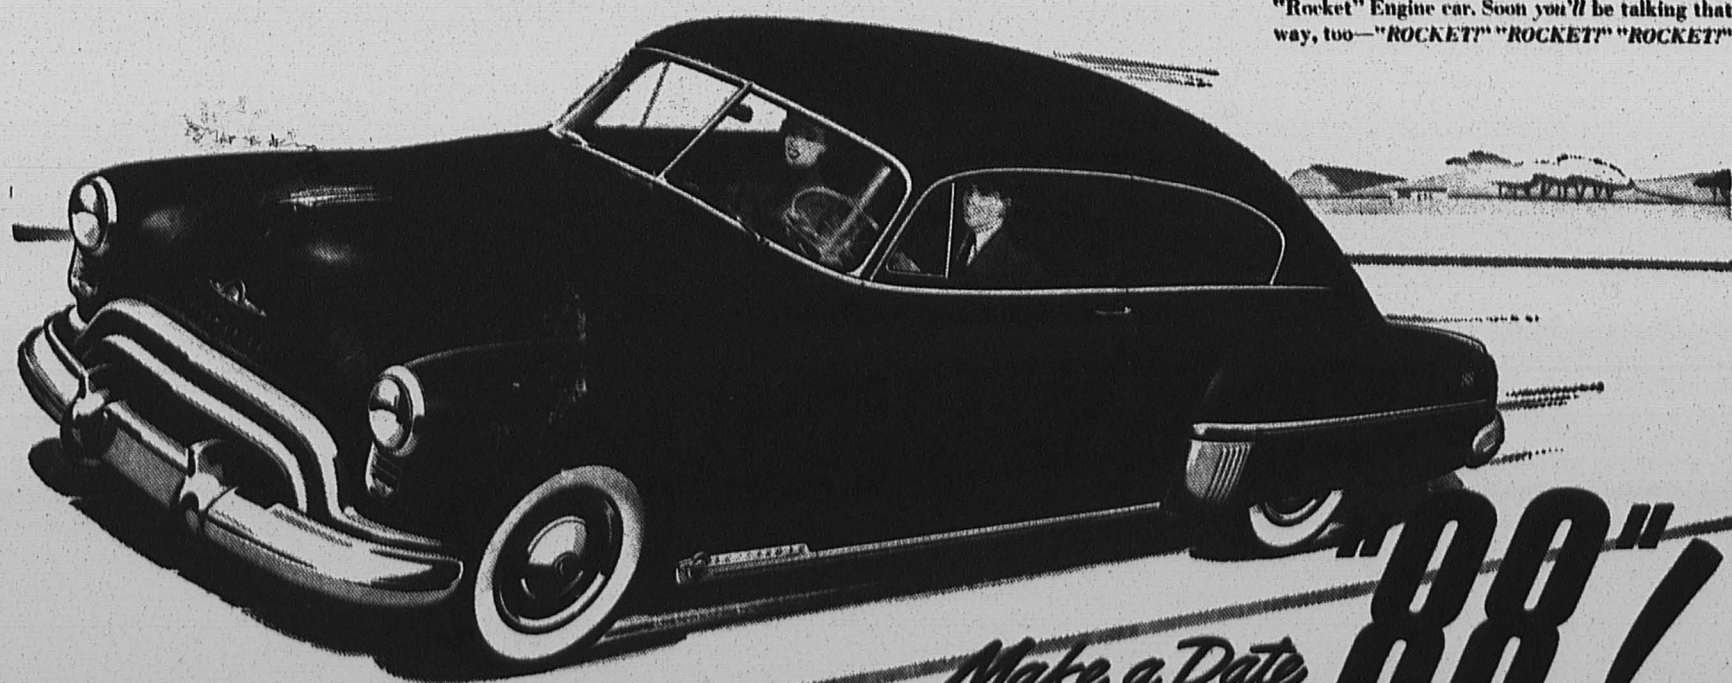

The matter has been referred to the borough solicitor, Albert McCay, by Council for the preparation of the necessary ordinance.

## BOYS BREAK WINDOWS

A number of local boys with a desire to break things satisfied this longing recently, but their parents are paying for their actions.

The youths made a target of windows on the J. S. Collins property and smashed 39 panes of glass. Prompt police action rounded up the culprits and the parents agreed to foot the bill.

CONGRESSMAN HOWELL  
REPORTS FROM  
WASHINGTON

The new Social Security bill, one of the most important pieces of legislation to be before the House this session, came to the floor on Tuesday. Prepared by the Ways and Means Committee, the bill was reported to the House on August 22nd, after many, many months of extensive research and thorough analysis. It is a good bill, and one I was glad to support. Extension of coverage and increase of social security benefits was one of the chief planks of my

campaign platform, and I was very happy to see it achieved during my very first session in Congress.

Some of the chief provisions of the new bill are:

1. Extension of coverage: Old-age and survivors insurance coverage will be extended to 11,000,000 persons in addition to the 35,000,000 now covered each week. Included will be non-farm self-employed persons (other than several professional categories); domestic servants in private homes; employees of non-profit organizations other than ministers and members of religious orders; agricultural processing workers off the farm; Federal employees not covered under any retirement system; and salesmen.

2. Liberalization of benefits: Monthly benefits will be increased by about 70 per cent for about 2.6 million persons currently receiving old-age and survivors insurance. Increases range from 50 per cent for highest benefit groups to as much as 150 per cent for lowest benefit groups. The present average primary benefit of approximately \$26 per month will be raised to about \$44. The minimum benefit under existing law of \$10 will be increased to \$150. Lump-sum death payments will be made for all insured deaths instead of only for deaths with respect to which immediate monthly survivors benefits are not payable, as limited by present law. The amount a beneficiary may earn in covered employment without loss of benefits will be increased from \$14.99 per month to \$50. After age 75, benefits will be payable regardless of amount of earnings.

3. Permanent and total disability insurance: All persons covered by Social Security will have protection against the hazard of enforced retirement caused by permanent and total disability of more than 6 months duration. Such workers will have their benefits and average wage computed on the same basis as for old-age benefits.

4. Public assistance and welfare services: Makes permanently and totally disabled persons eligible for State-Federal Assistance and the mother or other adult relative with whom an eligible dependent child is living becomes eligible as a recipient under Old Age Assistance Programs.

## AMERICAN BANKING IN ACTION.

## MORE OF LIFE'S GOOD THINGS

Americans own more radios, more television sets, more washing machines, ironers, refrigerators — than the people of any other nation. Why? Because our American enterprise system is based on the productive teamwork of workers and management, business and banks. In some countries these comforts can't be had by many people at any price. In America, bank loans help many people to get things they want. If you wish to borrow to buy some of the better things of life, see us about a low-cost loan.

HAINES ADVOCATES  
BETTER TRANSPORTATION

Belief that "Burlington county people are entitled to better transportation facilities than are now available to them" was expressed today in a statement issued by C. William Haines, of Masonville. Republican candidate for election to the Assembly. Haines pledged himself to work for better transportation for them in the Assembly.

"The question of high speed transportation is a real and vital issue with the people of Burlington county and it is a matter of utmost importance to me — a matter on which I will work in the interests of the people of this county when I am a member of the State Assembly," Haines said.

"The people of South Jersey are entitled to and are demanding satisfactory transportation into Philadelphia. I hope they will keep up their insistence on this issue because I believe that 'where there is a will there is a way.' They want frequent service in comfortable coaches on a fast and direct schedule and I believe they should have it."

"North Jersey, Connecticut and Long Island have high speed transportation into New York. It has never hindered the development of those areas. Likewise high speed transportation from towns along the Main Line into Philadelphia has never been a handicap to them. I cannot understand why South Jersey has been so backward and when I am in the Assembly I will do everything in my power to remedy this condition. Just as the people of South Jersey helped to finance the tube trains to New York from North Jersey, I believe that means must be developed to have the same state financing of high speed trains over the Delaware River Bridge from South Jersey to Philadelphia. To that end I pledge my efforts."

## MISS HERR WRITES ABOUT FOREIGN TRIP

The following are excerpts from a letter received by Miss Helen Lippincott, of Riverton, from Miss Alice Herr, also of Riverton, who is on a trip through Europe. The letter is dated September 21, and was written on board the S. S. Oranienstein, in the Red Sea.

My dear Friend:

May this be a sort of a composite letter? I should like to write to each of my good friends as I thought of them, while I'm writing the journey.

First, Capetown, such a lovely spot, scenery and climate, and the whole of that south coast equally so — it ought to be a land of peace and contentment, but the racial question does intrude itself — Africa too has its burning questions!

Then several days motor trip along the south shore, called "The Garden Route" and next the plane to Johannesburg — that big bustling city grown by leaps and bounds, they say it is a city in a city!

A trip next of several days into Kruger National Park and what a thrill that was seeing so many of our friends in the zoos! To our sorrow we missed lion and elephant, but that lack was made up later here in South Africa Coast at Mozambique, where I went on a real safari of three days in a ton truck (4 of us) plus driver, guide and two advisers, armed with rifles, call it overhunting, in that everything up to young lions, that sleeping and hunting, wrapped in blankets and never even took a trip!

For a while I thought I'd never be the same again, but I'm now in my stride and OK, we did see lion, elephant and herds and herds of so many animals.

A four-day visit to Victoria Falls will be an unforgettable experience. When we got to it drops down a great shelf of rock one and a quarter miles long. Saw hippo and crocodile in the river above when in a launch.

Then over Cecil Rhodes grave and the country in Rhodesia to Beira to the ship.

Now after stops at many East African parts (Zanzibar the most romantic) we left Mozambique and across the Indian Ocean to Red Sea. It is a beautiful sea, but it is so hot, we had for two or three days. It is a great disappointment that we are not to leave the ship to get a peep at Cairo (my \$7.50 for visa etc. a total loss) but it seems tension is pretty high. This a.m. all passengers had to leave their religion. I had never heard of. Another week and I expect to reach Genoa and back to the States by the ship.

NOTE—Another letter dated Genoa stated that 36 letters awaited her there.

During these years, Christ Church was not been standing still. The present building was consecrated on July 10th, 1894, and ten years later, the records of Christ Church are remarkably complete and filled with interesting items of the past. Would you like to read more of them? Have you any to contribute? Then won't you write to the Historical Committee in care of The Reverend Mr. McFarland, who is now the parish priest. The address is Fourth and Main streets, Riverton.

The Mount Zion A.M.E. Church had its beginning in February, 1896, at a meeting held in Robert's Hall by the Mt. Zion A.M.E. Church, and the present church building was erected at Third and Pine streets, and dedicated on Sunday morning at 11. For those who care to attend, Holy Communion is celebrated each Sunday morning at 8 o'clock and the Church School conducts its sessions at 9:45, in the Parish House. You'll find that the known neighbors soon become new friends at Christ Church.

You ought to be driving a 49 PONTIAC

Here's Where the Best Begins!

Most people look no further after they've had a good look at a 1949 Pontiac—they know that the best begins here! Here in the best in beauty—with a "silver streak" personality all its own. Here in the best in performance—thanks to Pontiac's great engine, straight right on its nose. Here in the best in comfort, luxurious detail and appointments. And here in the best in real economy—a sensible price to begin with and the famous Pontiac record of rolling out miles and miles and miles with only routine servicing. The best begins right in our showrooms—come in and see!

THERE'S MORE COMFORT IN A PONTIAC

It's so much more to ride in a Pontiac—there's loads of comfort and roominess the more you ride for your money.

And yet, there's no more comfort and roominess.

## CALVARY PRESBYTERIAN CHURCH

Fourth and Lippincott Avenue  
The Rev. R. B. Stewart, Pastor  
The study theme for all departments of the Calvary Church School this year is "The Bible—the Word of God." Classes convene at 9:45 for all age groups. Practically all of our children and young people are already in Church School, but there is still room, and a warm welcome for parents and remain to study the Word of God in one of the classes that have been arranged for you.

Morning worship begins at 11 o'clock. Next Sunday morning, during the sermon period we shall be thinking together about "Life's Most Important Question," and every professing Christian knows exactly the nature of that particular question. Our ministry of music will render as the morning anthem, "Fear Not, O Israel," by Spicker, and the solo, "It Was For Me," by Blount.

On Sunday evening the Junior choir will meet for rehearsal at 6:30. At 7:00 o'clock the Junior Westminster Fellowship.

The Senior Westminster Fellowship group will meet at the church on Sunday evening at 7:30. The group will continue the interesting "Bible Workshop."

The teen age choir will meet for rehearsal at the church on Monday evening at 7 o'clock.

The Good Fellowship Club meets this Friday evening at 8:15, in the social hall.

A special meeting of the congregation has been called for Sunday, October 30, in the Sanctuary immediately following morning worship.

ANTIQUE DEALER RETURNS GOODS "PURCHASED"

An antique dealer from Philadelphia made a good buy here recently when he persuaded an elderly local resident to sell an article to him for \$5.00. It soon turned out that the item was worth about \$150 and that the dealer had misrepresented the facts to the seller.

Police Chief John Robinson went into action and soon had the dealer return his bargain to the original owner.

## OPPOSE MOVING COUNTY SCHOOL SUPERINTENDENT'S OFFICE TO BURLINGTON

The Burlington County Supervisors' Association, at a special meeting held on Monday, October 17, passed the following resolution:

"Whereas, the Board of Chosen Freeholders of the County of Burlington has served notice on the county superintendent of schools that on October 22nd the present office in Mount Holly is to be vacated and the office is to be moved to the city of Burlington.

"Whereas, this action is to be condemned as illegal since the law specifically states that the Board of Chosen Freeholders must provide an office for the county superintendent of schools in the county seat.

"Whereas, this action is bound to cause extreme inconvenience to the largest area of Burlington county which is served directly by the county superintendent's office.

"Whereas, it will seriously affect the efficiency of the county library as related to the public school system. "Therefore be it resolved that the County School Supervisors' Association goes on record as being opposed to this illegal, arbitrary action and respectfully requests the Board of Chosen Freeholders to rescind this unwise and hasty action."

## "GOD OF CREATION" AT CENTRAL BAPTIST

Vivid full-color scenes from astronomy and natural science are featured in "God of Creation," sound motion picture to be shown in Central Baptist Church, Wednesday, October 25, at 8:00 p.m.

"God of Creation," produced by Dr. Irwin A. Moon, in the Los Angeles laboratories of Moody Institute of Science, is one of a series of evangelistic films which also includes "God of the Atom," "Voice of the Deep," and "Dust or Destiny."

The character guidance program recently set up by the armed forces is making use of these films as keynote of the program in the U. S. Air Force, General Hoyt Vandenberg, Chief of Staff of the U. S. Air Force, has commented, "In my opinion, these films and the story they tell are the best instruments to accomplish the character building program for the service."

In the opening section of "God of Creation," the audience travels to the stars to view the complexities of our solar system. The astronomical photographs were taken through the giant 100-inch telescope of Mount Wilson Observatory in southern California.

Lapse-time photography is utilized to demonstrate the beauties of natural science, as flower buds develop into full-bloom blossoms in a few seconds on the screen. The metamorphosis of a caterpillar from worm to butterfly and the pollination of flowers are also shown.

Through photomicroscopy the audience peers into the microscopic world of a drop of water and observes the complexity of tiny organisms, enlarged more than a million times.

The public is cordially invited to see this unusual phenomenon of our world. It is interesting, instructive and inspirational.

Some of the better known varieties grown in this State include the Stayman, Red and Golden Delicious, Mackintosh, and Rome Beauty. The earliest variety in the State maturing in July — the last to be harvested is the Rome Beauty in October.

Mr. Pine's film portrays the complete apple growing cycle from first tree planting to final harvest and packing of the crop, and also shows the most modern mechanized methods used in pruning, spraying and packing.

## OLD CLOTHING NEEDED

Those who would like to make good use of old clothing are invited to contribute it to the American Friends Service Committee.

Three locations will receive clothing: in Riverton, the Coles, 100 Lippincott avenue; in Palmyra, A. D. Hoadley, 701 Lincoln avenue, and in

Cinnaminson, the Westfield Friends School.

If possible, clothing should be clean and mended. Men's and children's shoes are especially needed for relief, as well as overalls and galoshes. Women's shoes for overseas should be at least three inches wide with heels not over 1½ inches and should need no repair.

Bed clothing, sewing materials, and soap are also greatly welcomed by the Service Committee in its efforts to aid the many homeless refugees who have come into Germany, Arab refugees living in the open in Palestine and Israel, and in addition the needy in Austria, France, India, Pakistan, and in Japan, where clothing needs are the greatest in years.

American Indians and some others in need in the United States also receive the clothing gifts of Americans of many faiths who wish to work through the Quaker program.

A special assembly period was held in the auditorium on Columbus Day, October 13. Exercises were held commemorating the discovery of America. Grade Six was in charge of the program and presented a very fine choral speaking play.

Last week was Fire Prevention Week. Proper safety measures were explained and gone over thoroughly in the classrooms.

# Thank You, Mr. & Mrs. N. M. Davies OF CONGERS, NEW YORK

## We're Sure that Millions of Farmers and Consumers Feel Just as You Do!

One of the wonderful things about Americans is their great sense of fair play.

Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. and Mrs. N. M. Davies of Congers, New York, have deluged us with letters, wires and phone calls. These people are telling us, as Mr. and Mrs. N. M. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

### DOCTOR DAVIES' FARM DOCTOR DAVIES' LANE CONGERS, NEW YORK

NILES M. DAVIES, OWNER

TEL. CONGERS 370

Sept. 20th, '49

FRUITS & VEGETABLES

Gentlemen:

The Great Atlantic and Pacific Tea Co.,  
New York City, New York

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,

*Niles M. Davies*  
*Eileen Davies*

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products.

It is heartening to know that the public approves of the job we have done... to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers.

We will always be grateful to all our good friends who have offered us their help.

We are proud to live in a country where such things can happen.

## LIONS VARIETY SHOW NEXT WEEK

Clever dance routines, hilarious skits, talented soloists, and many other novelties comprise the program of the Varieties of 1949 which will be presented by the Palmyra-Riverton Lions Club on Friday and Saturday of next week in the auditorium of Palmyra High School. The curtain will be at 8:15 on both nights.

The program will open with an overture by the orchestra, followed by a waltz clog number with a cast of six. Howard Schuck is the soloist. Then follows a skit entitled, "Salt and Battery," with such characters as Amos, Andy, etc., portrayed by Lions Club members. The well-known Bristol Male Quartette and the Bristol Girls' Trio will render several selections.

Other features include "A Pretty Girl," dance number with a chorus of 10 with Mr. Murphy as the soloist; "Top Kick," a skit with a star-studded cast; a Ukelele Band and the grand finale, the Lions Gambol. The soloists for the various parts of this act include Anne Schuck, Betty Lou Lundstedt, Ruth Knepp, Don Makin, Kay Fritz and Ray Schill. Ed Walther is caller for the Square Dance. Jean Morrison is the pianist.

The seating capacity of the auditorium is limited, so an early purchase of tickets is advised by those in charge of the show.

A collection of carefully hand-fashioned aprons and other arts and handicrafts by the women of the town will be shown and sold. Gaily decorated booths and game rooms will bring cheer and gaiety to one of the most unusual events of the fall and winter season.

Members of the club are being urged to get in touch with the Women's Committee of the club so that all may join in this grand country fair for members and their guests. Save the date, December 3, for the Riverton Country Fair.

Mrs. Nethey, West Collingswood, will speak to the Women's Society of the Calvary Presbyterian Church, Riverton, on Wednesday, November 9. She will talk about her cherished experiences in Europe.

# THE NEW ERA

THE NEW ERA, THURSDAY, OCTOBER 27, 1949

AUTO ACCIDENTS ARE  
INCREASING — DRIVE  
CAREFULLY

PRICE FIVE CENTS

## RIVERTON-CINNAMINSON

### Community Chest

Drive Begins October 27---Ends November 24, 1949

Every year you have the opportunity to make your donation to the local institutions which contribute to the welfare of your community. This support is essential and benefits our citizens.

The following statements give a brief idea of what these organizations are trying to accomplish. With your wholehearted support they may continue to serve.

### THE VISITING NURSE SOCIETY

The Visiting Nurse Society of Riverton, Cinnaminson and Palmyra, stands ready and willing at all times to furnish nursing care to our communities for a nominal fee. Over 3,000 visits were made last year. The fees charged only partially pay expenses. May we now ask your generous help to share in this drive.

### THE FAMILY SERVICE COUNCIL OF RIVERTON AND CINNAMINSON

The past years have shown an increase in those coming to the Family Service Council for Help.

This increase may be attributed, in a large part, to the growing confidence the people of the Community feel in the Council. Its ability to get medical attention, employment, clothing, food and other necessary help for these people is becoming more widely realized as more ask for and receive help. In a less tangible, but very real form, the Council's most valuable service comes in its efforts to help with family social problems in a skilled, professional and yet warmly personal manner.

Now is the time to put into concrete form our appreciation of a service that has become an essential part of the community.

### BURLINGTON COUNTY HOSPITAL

A grateful patient has designated the Burlington County Hospital as the "House of Hope." This modern, well-equipped institution is ranked by the American College of Surgeons as one of the four best in New Jersey. During the last year 4,500 patients were admitted. There were 483 major and 652 minor operations, 1,079 births, 29,509 patient days, and 4,255 clinic visits.

In spite of rising costs and labor complications, the high standard of service has been maintained. New Equipment has been added in the laboratory department, but repairs, additions and improved equipment are still among the pressing needs of the hospital. It is important to the lives and health of all the people in your community that we keep this fine institution sound and strong.

### CINNAMINSON HOME

The Cinnaminson Home has continued to maintain its fine record of valuable service in our community for the past 56 years. The cheerful and wholesome atmosphere of the Home provides convalescent care for women and girls (average 18 patients each day) who will return to their homes physically strengthened and mentally and spiritually stimulated. Many hospitals and social agencies, as well as doctors and ministers, have recognized the fine work of this institution. It is vitally important that this organization continue its service and that we contribute generously to its support.

### ZURBRUGG HOSPITAL

Zurbrugg Memorial Hospital is the nearest one to Riverton and Cinnaminson. Those who have received treatment there will testify to the high quality of its service. The Community Chest funds every year help the hospital to maintain this fine standard of efficiency, so remember to contribute generously to this institution that it may continue to function as in the past.

### U. S. O.

This year the U.S.O. has been added to the organizations sharing in the Community Chest. It serves our 73 Veterans Hospitals with regular shows, maintaining recreation centers for 1,600,000 soldiers. The latest figures reveal that there are approximately 49,000 serving from this state, the highest per capita rate of the Nation; 2,000 of which are from Burlington County. We sincerely hope that with your efforts that this drive will be successful.

These institutions help maintain health and happiness in your towns, caring for the ill and unfortunate. Only through your willingness to contribute are they able to carry on.

Higher costs of operation have forced them to ask for additional help and this additional help can only come from you. Please give generously so that they may carry on their good work and make your town a better place in which to live.

### QUOTA THIS YEAR \$8,000

After the drive starts a solicitor will make a personal call upon you for your contribution. If by chance you are missed it will not be intentional and your contribution can be made by check payable to Joseph C. Tyler, Treasurer, and mailed to the Chairman.

JAMES H. COE,  
Chairman.

## Hallowe'en Parade Monday Night

The Tri-Borough Hallowe'en Committee met Monday, October 24. The financial report disclosed that although the collectors are still meeting with success, returns by mail have been exceedingly slow. The deadline for installation of lights has past and it was definitely decided that the funds on hand were insufficient to cover this expense. The fact is, there is still a shortage of \$700. This shortage can and will be overcome with your support. Collections will be continued in Palmyra and Riverton up to and including the day of the parade. If you are not approached by one of these collectors and wish to help in this enterprise, mail your donation to F. Hamelman, treasurer, 415 Cinnaminson avenue, Palmyra, N. J.

Parade participants must register, either at the Riverton Fire House or Palmyra Borough Hall on Friday, October 28, between the hours of 3:30 to 5 p.m. and 7 to 9 p.m. Saturday, registrars will be on duty from 9 a.m. to 5:30 p.m. Professional float registrations will be handled by R. Rivers as advertised.

Final plans have been completed for the festivities at the stadium. Although admission to the field is free, seats in the stands will be sold at 10 and 25 cents. ### RIVERTON PARENT-TEACHER ASSOCIATION NEWS

On Wednesday evening in the Riverton School auditorium, the thirty-third annual reception for the teachers was held. Robert Strahan introduced the faculty to the parents.

The program was a movie entitled, "Miracle of Paradise Valley." Howard F. Keller, safety supervisor of Public Service Electric and Gas Company of New Jersey, spoke on safety.

The projects for the next two years of the Association will be helping to build a library of strip films, additional choir robes and a portable phonograph. To achieve these aims the support of the parents will be needed.

Refreshments were served by the hospitality committee, mothers of children in the second and eighth grades.

### PALMYRA WINS FIRST GAME OF SEASON

Palmyra High's grid team crashed into the win column last Saturday afternoon by the narrow margin of a safety, defeating Burlington on the latter's field by the score of 2-0. The lone score came in the third period as a Burlington player was tackled behind his own goal line when a play from the 2-yard marker did not click. The Red and White thoroughly

outplayed the opposition and threatened to score on numerous occasions but lacked the necessary punch at crucial times.

Palmyra entertains Merchantville this Saturday afternoon in the local stadium and the second win of the season for the locals appears to be in the offing.

### "MISCHIEF NIGHT"

So-Called "Mischievous Night" falls on Sunday this year. Surely this will be a good time to encourage active children to use their energies in other ways than in making mischief.

The Riverton Police Department offers the following suggestions to all parents:

1. Be responsible for the proper conduct of your own children. Plan activities in the home for them and their friends.
2. Keep small children off the streets unless accompanied by an adult.

3. Keep milk bottles, rubbish and all movable equipment indoors.
4. Do not leave parked cars on the street to invite mischief.

First steps to be taken in the coming Population Survey of Riverton began at a meeting of 30 Riverton ladies last Wednesday. It is important for the members of the Riverton Planning Commission to have accurate, up-to-date information regarding the population trend in the Borough.

Clarence N. Hubbs, Jr., presented door prizes to the following winners, as a result of a drawing of the names of those in attendance: Mrs. Harry Sterling, 220 N. Lenola road,

## TROOP 50, B.S.A. BEING REORGANIZED

A complete reorganization of the Riverton Scout Troop 50, B.S.A. of Burlington County Council, is now well under way, with a special meeting of the boys and their parents planned for Friday evening, November 4th, in the Parish House of Christ Church, at 8 o'clock.

Notices of this meeting have been sent to all of the members of Troop 50 while the Committee is making every effort to reach all the boys of Riverton between the ages of 11 and 14 to be sure that they are invited to become members of the reorganized Troop. In this connection, the committee expects in a very short time to announce the appointment of a new Scoutmaster who will come to the Riverton Troop with years of experience behind him.

Reorganization of Troop 50 assures Riverton of the continuation of one of the oldest Boy Scout movements in the United States. With just a few brief lapses, the history goes back to 1914 when the first Riverton Troop was organized. All boys and their parents who are interested in the Troop are cordially invited to attend the meeting on Friday evening, November 4.

## MUSICAL "EXTRAVAGANZA"

Fun and music were the order of the day at the weekly meeting of the Palmyra-Riverton Rotary Club held last Thursday. The fun was provided by Albert D. McFall who appeared as Professor Bornheiser of Curtis Institute and was promptly booed from the stage by some previously appointed hecklers. The eminent "professor" had intended to present a cello selection, but for some reason the cello refused to produce the right kind of instrumental music.

Music of the right kind, both instrumental and vocal, was produced in abundance by the other stars and artists, under the direction of Robert W. Morrison, chairman of Rotary's music committee. An instrumental trio (two violins and clarinet) was introduced as the "Lover Boys Trio," and it was made clear that the name was derived from the type of music they would play and not

from any personal characteristics or practices.

Following a summary of the story of Rogers and Hammerstein's musical comedy "South Pacific" several numbers, including "Bloody Mary" and "There Is Nothing Like a Dame" were rendered by a male double quartette. Scouts who may be seeking real talent will be interested in the names of this accomplished galaxy. They are (second names only): Joyce, Thomas, Adams, Vetterman, Woolston, Bleam, McFall and Morrison. "Herb" Vetterman, noted baritone, sang "Some Enchanted Evening" in his usual accomplished manner.

A rising young artist, Miss Peggy Hughes was the guest soloist. Miss Hughes, who has just scored a triumph in the Paul Whiteman radio show, sang several numbers from "South Pacific" including "Bali Ha'i," "I'm Gonna Wash That Man

Right Outa My Hair," and "That Wonderful Guy." Mrs. Jean Morrison, again demonstrated her ability and skill as a first-class accompanist.

The "Overture" was played by Dr. Dean LeFavor, and the catchy number "President of Rotary," a parody on the "Pirates of Penzance" was rendered by President "Lem" Burhoe and the double quartette.

Another highlight of the evening was the presentation of a bouquet to Robert Cole, who began as office boy with the Welsbach Company exactly 50 years ago, and is now vice president of the company.

Traffic accidents are even more destructive of human lives than war. Carvel Sparks, general chairman of the local observance of "Know Your Automobile Week," said recently,

"That may seem hard to believe but the facts prove my point," he explained. "Since our first World War, which began in 1917, official records show that more than 800,000 persons have met death in traffic accidents. This terrific toll is far greater than the harvest of death in the two World Wars. Those listed as 'killed or died' in all services, including deaths as prisoners of war and missing in action, numbered 240,000 in World War I and 126,000 in World War II, a total of 366,000 in our two World Wars.

"Every 15 minutes someone is killed in traffic and every 20 seconds there is a traffic accident. We are spending billions of dollars, directly and indirectly, in this country to prevent another war and manifestly we must do more to end the slaughter on our streets and highways.

"That's where you and I and all our fellow citizens come in. Although as individuals we can't do much to prevent another war, we can and should do a lot to promote highway safety and to prevent the disgraceful monotony of 30,000 roadside deaths and a million and a quarter accidents every year.

"Your automobile dealers have long been active in promoting highway safety in many ways but they need the cooperation of all drivers in this important life-saving crusade. Suggestions of how individual drivers can do their part in this program will be featured by dealers during the local 'Know Your Automobile Dealer Week,' October 31 to November 5."

## AMERICAN BANKING IN ACTION.

## MORE OF LIFE'S GOOD THINGS

Americans own more radios, more television sets, more washing machines, ironers, refrigerators — than the people of any other nation. Why? Because our American enterprise system is based on the productive teamwork of workers and management, business and banks. In some countries these comforts can't be had by many people at any price. In America, bank loans help many people to get things they want. If you wish to borrow to buy some of the better things of life, see us about a low-cost loan.

subject for Sunday, October 30.

Golden Text: "The Lord is far  
from the wicked; but he heareth the  
prayer of the righteous." (Prov.  
15:29)

Sermon: Passages from the King  
James version of the Bible include:  
"Behold, happy is the man whom  
God correcteth; therefore despise  
not thou the chastening of the Al-  
mighty; . . . Submit yourselves there-  
fore to God. Resist the devil, and he  
will flee from you." (Job 5:17 & Jas.  
4:7)

Correlative passages from "Science  
and Health with Key to the Scrip-  
tures" by Mary Baker Eddy include:  
"Divine Science reveals the neces-  
sity of sufficient suffering, either be-  
fore or after death, to quench the  
love of sin. To remit the penalty  
due to sin, would be for Truth to  
pardon error . . . Truth bestows no  
pardon upon error, but wipes it out  
in the most effectual manner." (p.p.  
36,11)
