FOOT FOR THOUGHT.

Those who accomplish little or nothing themselves are not safe advisers for others.

BLACK POKERY.

Sun rises, 6:05; sets 6:12.

We understand that Mr. Clayton Corrow, and others, have offered to "compromise" by giving the town the lights, if we would not oppose stone walls, but we do not think it would be to our advantage.

There is no reason why the division of the township should not be settled amicably and satisfactorily to both sides. There is no animosity between the sections, and we hope that none will be engendered. The cause of the division is not a personal one, it is because of the fact, which has become more and more apparent year after year, that the interest of the rural district was not satisfied with its share of the taxes, and Riverton and Palmyra claimed it was injustice not to give them back approximately the taxes they paid and the separation must have come before long and it had far better come now, before any loaded indebtedness is saddled upon us, and while many in the old township are favorable to the change.

It has been suggested that the old part of the township be called Pomon and that the name of Cinnaminson be retained by the new, for the following reasons: first, because there is no other name that would give satisfaction to both Riverton and Palmyra. It would not be proper to name the new township after either of them. They each have local pride, and well they should, in their names. But the best reason is in the fact that the Indian name, Cinnaminson, means sweet water, and tradition tells us that in those olden times the Indians came from far back in the country to this shore of the Delaware and tapped the rock maples that grew along its edge and obtained the sap or cinnaminson (sweet water). And this shore was known as the sweet water shore, and therefore the name would be appropriate for the township bordering on this shore only.

THE movement to form a new township is not a new thing, it has been agitated and considered for several years, and the most conservative admit it must come sooner or later. Now the rural district has forced the issue on us by refusing to give the towns of Riverton and Palmyra their just proportion of the tax, thereby depriving them of many improvements that would attract new residents and retain old ones. The issue is forced upon us and gladly accepted.

As was to be expected, the croakers (there are some in every locality), shake their heads and shout, and fume, at the division of the township, but they are the ones that are always stirring up strife and discord, and so what they say, has no weight. When the respectable and taxpaying members of the community rise up and demand this thing, as the have done in this case, it is evident it must come.

SOME of the citizens of Riverton are so well pleased with the proposed division of the township that they have offered to subscribe to a fund for such a purpose if necessary. One man will give \$200.00. It is probable that nothing has ever occurred in this township which meets with such hearty approval as this proposed action.

Those who signed the application for stone roads may withdraw their names by sending a notice to the person who presented the paper for their signature. Every resident of Riverton and Palmyra should have their names taken off that application.

The bill introduced by Senator Perkins, placing the second election district of Cinnaminson township, in the first Assembly district, has passed the legislature.

To the Editor of the News:

We would like the people who are so much positive, that "a company could not have afforded to establish an electric light and power plant here, to furnish 40 arc lights for \$62.50 per lamp, per year, with 1000 incandescent burners guaranteed" to read the March number of Annals of the American Academy of Political and Social Science. They will then see it stated that electric lights of 2000 candle power, cost the city of Chicago \$68 per lamp and that when the electric plants are completed it will then cost them only \$50 per lamp.

They will also see that Denver is

lighted at an average expense of \$58.46 per lamp.

It also states the cost per candle power will be one dollar, while with arc lights four cents.

We feel that had not a company offered to come here and invest thirty to forty thousand dollars in a plant and offer lights at the figures offered, we would have found no difficulty in securing the interest of the same liberal citizens, who established the Water Company, if they could have secured a vote to have given them one hundred or one hundred and twenty-five dollars per lamp.

These water stocks have not paid a cent in cash to them because they have spent its earnings in extension of plant—yet not a share of it can be bought at fifteen per cent. above its cost or par value.

This is a Philadelphia bi-monthly, which every one can refer to and verify the above. Yours,

CITIZEN.

To the Editor of the News:

If a township tax of thirty cents on the hundred dollars gave to our township over six thousand dollars—then a tax of twenty and a half cents on the hundred dollars would have made the twenty-five hundred dollars needed for lights. A man whose assessment is one thousand dollars would have paid but one dollar and twenty-five cents and a man whose assessment is ten thousand dollars would have paid ten dollars and fifty cents—about what it cost to burn one coal oil street lamp. Our villages would have been better lighted than any of the surrounding villages. Our property would have improved in value—the social advantages of this section would have advanced and the poor man would have enjoyed light rather than darkness. Our country brothers have for years had much more from us than their portion would have amounted to—besides the lions share of the ten cents on the hundred dollars they will get which would more than offset all they would pay. What poor man is there that would not pay one dollar a year and what wealthy man that should not pay all it would cost him? We do not think it would cost the richest man on the duplicate twenty dollars per year.

LIGHT.

To the Editor of the News:

It certainly was quite a gratification to our rural townsmen to find from the report of the township committee that the \$892 more had been spent on stone roads than was authorized, and \$106 less than was appropriated for street crossings for Palmyra, and no effort made to have the sewer for our town constructed.

After hearing this, at the request of Dr. Janney they voted a "rousing" vote for all appropriations benefiting Palmyra. This shows gross injustice, or, it is where the "brains" come in?

RESIDENT.

To the Editor of the News:

It having been reported around town, that I desired to sell out my business, I wish to inform my friends and patrons, that this is altogether a mistake, as I am doing well, and never expressed any such desire.

Respectfully yours,

DAVID M. STEELMAN.

A verbatim copy of the first minutes of the first town meeting held in the township of Chester, of which Cinnaminson township formed a part, at that date:

"Whereas the inhabitants of the Township of Chester, Allias Ponsok have thought fit and mutually agreed upon that if any householder or residents within the sd. Township doth neglect his services attending of roads and Highways within our Township having a Lawfull Sumons shall pay or cause to be paid three shillings per day for defect: May 26, 1832."

It appears, also, by other record, that "John Rodderow" was "town clerk" although he did not sign the above minutes. Copied from the old records by Clayton Corrow.

The Rev. I. N. Steele, of Trinity Church, N. Y., will preach at Christ Church on Friday evening, March 18th, at 8 o'clock.

Mr. S. J. Coddington has sold Mr. Ogden Mattie's house on Thomas Ave., to Mrs. Charles Leek, instead of William Leek as stated last week.

Rev. Paul A. Houghtaling, pastor of Calvary Presbyterian church, sailed from New York this week for a tour through the Holy Land. Rev. C. W. Nevins will fill his pulpit in his absence.

Don't forget the school meeting at the school house on Tuesday evening. There is a proposition to build a \$5,000 new school house and other important matters will come up, which will effect every taxpayer.

With such representative men as J. C. S. Lewis, Joseph Campbell, S. Robinson Coale, Wm. M. Thomas, Chas. A. Wright, Joo. B. M. Shovel, Dr. Hall, E. H. Pancoast and many other heavy tax-payers are heartily in favor of the new township it is likely the measure will succeed.

On Sunday evening last Bishop Scarborough preached an sermon from the text "What lack I yet?" at the close of which a class of 5 were confirmed among whom were Geo. W. L. Klester, Edw. J. Lewis, Jr. It is also understood that other interesting alliances will take place about that time.

A number of interesting weddings are being arranged for to take place after Easter, when Mr. Theodore Reath, a prominent member of the Phila. city troop will lead Miss Augusta Roberts to the marriage altar. Mr. Charles Miller will also wed Miss Klester. Edw. J. Lewis, Jr. It is also understood that other interesting alliances will take place about that time.

THE "hired man" was out in full force and voiced the behests of his farmer employer in high C pitch.

The member from Riverton was in a very uncomfortable position when trying to explain the annual report.

NOTES.

What is the township attorney paid for? To expound the latest division of the township into two townships, committee to suit them.

Charles Parry thinks Riverton, Palmyra, Buzards, Glory, should be lit up by electric lights.

Town meeting rivald Bill McMullen's famous Phila. Fourth Ward meetings.

Town meeting was equal to a circus, including the clown and acrobat.

Dr. Janney did not like being sat upon as the meeting did very forcibly. He should confine himself to less extravagant statements in the future and then he won't need to be called to "order."

THE PUBLIC MEETING.

The public meeting, which was called to consider the advisability of applying to the legislature to divide the township into two townships, was held on Tuesday night, and was largely attended, many having to stand. An organization was effected by the election of Frederick Blackburn as chairman, and Alfred Briggs as secretary.

The chairman stated, the meeting had been called to consider the advisability of applying to the legislature to divide the township into two townships, and he thought it was the duty of the township committee to give the people an opportunity to be heard on the subject. After some other remarks he said the meeting was open for discussion of the subject. Dr. Hall was called for and said, it was unquestionably evinced from the exhibit this afternoon, that the township committee had not given the people an opportunity to be heard on the subject of the tax, would get the attention they deserve. He had long considered the question which now confronted us, but had not arrived at a satisfactory solution of the problem. He called attention to the Borough government, but said it did not afford the opportunity we wished. He spoke of a city government, which could be formed here, as we now have more than the 3000 citizens, which a city of the third class has to have. He was in favor of such a system, but he was sorry to say, there were several good citizens in Riverton who would oppose it. He said, if the large gathering here had attended the meeting in the afternoon, he believed they could have received what they wanted.

Mr. George Stachhouse said there was a good representation of Palmyra people there in the afternoon, but they were not accustomed to the township meeting, and the rural population, and as they would not lower themselves to use questionable practices, they could not get what they deserved.

On motion of Dr. Hall, a committee of ten from Riverton and ten from Palmyra, to which the chairman of the meeting was added. This committee was instructed to prepare a bill, to be presented to the legislature, separating the township. A rough draft of a bill was then read, which bounded the proposed new township by the river, between the two creeks, extending from J. E. Hall's line in a north easterly direction to East Riverton and Pompton creek.

Upon the subject of a name, Dr. Hall gave a history of the name Cinnaminson and hoped that it would be retained as it did not apply to the part of the township which would be cut off. He believed the people of the river would prefer to adopt a new name. Dr. Hall also questioned the advisability of too much haste, and thought there would be better and more satisfactory results if we wait and present a bill for separation to the next legal session, which would have to act now, to prevent the proposed bonding of the township for \$25,000. At the same time he called attention to the large tax rate at Merchantville which was caused by a bonded debt.

C. P. Walters said, we have waited and waited, and we have asked for, and asked, what had we for our asking? He thought the best thing for us to do, was to act for ourselves.

Mr. Stachhouse said the lack of lights and sidewalks was a great detriment to our town. Only a few roads, and if a friend could see us, we walk from the depot, and our friends ask if we have no pavement. We take our visitor back to the train, and it is so dark he cannot see where to go. And such people drop our town out of consideration for a future home, and set up with some of the Pennsylvania towns with better lighted and paved walks.

After some remarks by others, it was decided by vote to apply for a separation of the township and a committee of five were appointed to put the application in proper form.

NOTICE.

Notice is hereby given to the legal voters of school district No. 22 in the county of Burlington, that the annual school meeting will be held at the school house on Tuesday of the week following town meeting, being the 15th day of March, 1892, at 8 o'clock in the evening, for the purpose of electing one school trustee.

To authorize the trustees to sell or dispose of the old building, as they in their judgement think best. Also to decide what disposition shall be made of the proceeds.

To adopt a plan for a new school building and to authorize the trustees to erect the same upon the site of the old school building.

To submit the question of ordering a district school tax to build a new school house.

To submit the question of issuing bonds of the district in the Corporate name of the district of such amount as may be thought necessary to pay for the building of a new school house, the bonds to be of such denomination and to run for such term of years as the meeting may determine.

The amount thought to be necessary for this purpose is Five Thousand Dollars (\$5,000).

Dated this 34 day of March, 1892.

PHILADELPHIA, March 7, 1892.

New Yorkers say the Women's Ready-made Dress business has never yet been done in Philadelphia. Hasn't it? Perhaps not. Maybe the Ready-made Dresses of the seasons gone have not been of a style to attract Philadelphia women. But never mind the past. It is now and to-morrow

and the days after that we are thinking of. Neither New Yorkers nor any one else shall truthfully say hereafter that Philadelphia is not in the lead in Women's Ready-made Dresses.

There has lately been a long step ahead in this whole Ready-made Dress business. The haphazard, easy-going way with sloppy styles and poor work has given place in the leading manufactures to the very finest work on the very latest styles.

Since the first of December we have been giving the closest study to the matter. Our Paris house has gathered the newest Dress thought. Makers at home have been stimulated to outdo themselves. The result is here to-day in the most complete collection of Women's Spring Dresses that has ever been made in America.

Whether high priced or low priced the fashions are correct. Take the cheapest Dress we have (\$6); the Bell Skirt is as melodiously in tune as the one that chimes in with the other fashion music of the \$75 Suit.

At \$6—Homespun Tailor-made Suits with Outing Coat.

At \$6.50—Ladies' Habit Cloth Suits, bell-shaped skirt, suited bodice, 34-inch Outing Coat.

At \$8—Fine Cheviot Twill Cloth Suit, half satin lined, silk cord girdle, tailor finish.

At \$8.50—Suit of soft All-wool Homespun Serge, 34-inch Outing Coat, half satin lined, full shawl collar, bell skirt, pointed bodice.

At \$9—Suit of Ladies' Cloth, full length Outing Coat, bell skirt, tailor finish, navy and black.

At \$12—Suit of Mixed Twilled Cheviots with edging of silk cord on bodice and outer coat.

At \$13.50—Suit of English wide ribbed Serge with an Outer Coat, full shawl collar, bell-shaped skirt, entirely tailor made.

At \$14—Suit of fine English Serge, broad seams, shawl collar, bell skirt, India Silk vest.

At \$14.75—Suit of three styles Ladies' Cloth; some with Roman block, others with silk passementerie trimming and embroidery.

At \$15—Homespun Suit with an outing Coat trimmed with 4 silk cord ornaments.

We are just as ready with Women's Wraps. The very latest styles that anybody can show and in addition a great variety that no other store has or will have.

In Women's Coats we are showing hundreds of styles—English Box and Top Coats, Russian Moujik Coats, Paris tight-fitting Coats, Loose and Half-fitting Reefers.

At \$4—Cheviot English Box Coat, tailor made, slash side pockets, rolling collar.

Mixed gray and tan Cheviot Box Coat, 30 inches long, rolling collar.

At \$4.50—Gray and tan Cheviot Box Coat, 4 silk loops, a novelty in every way.

At \$5—Double-breasted Cheviot Box Coat; 4 cord loop ornaments, half silk lining.

At \$6.50—English Box Shooting Coat, strapped-seam front with point collar; 5 rows stitching on cuff, pearl buttons, tailor made.

At \$7.50—Convert Cloth Jacket, pearl buttons, square collar, light and dark tan. Extremely London.

At \$9—Cheviot Jacket with Vicuna finish, half silk lined, large pearl buttons.

Imported Cheviot Box Coat, Ottoman Silk Reverse.

At \$11—Tan Kersey Jacket, strap seam, pearl buttons, fronts half silk lined, tailor made.

Light-weight Coat, Cheviot Camel's-Hair effect, lined throughout with shot silk, pearl buttons, nothing better last season at \$25.

Kersey Box Reefer, strap seams, dark navy blue, lined throughout with changeable shot silk.

At \$12—Diagonal Cheviot Box Coat, lined with best silk serge.

Cheviot Box Coat with Camel's-Hair finish, lined throughout with satin.

We have imported a special line of Coats, sizes 42 to 46, for ladies who heretofore have had difficulty in being fitted. An equally choice assortment for

very small-sized ladies.

Ulsters, Newmarket, Raglans and Long Circulars for evening wear are in all the desirable styles and stuffs. This morning fifty Coaching Newmarkets in a variety of choice Spring fabrics, with West Point Military Capes, half lined with the fashionable short silk, shall go at \$12.75.

Never had a better at \$18.

Spring fashions in Capes are strikingly beautiful. More than one hundred styles, running up to the finest imported. The Capes at \$8, \$9 and \$12 are already making a stir.

Ladies' Dresses to Order.

For the past eight months we have been steadily reorganizing the Dressmaking. The destruction and construction are now complete. We are ready with perfect appointments to make to-order Dresses and Costumes adapted to all occasions. The attention will be prompt, the artistic and design-skills will be of the highest sort, the mechanical execution will be the best and neatest. If the prices are right you can demand no more—and the prices will be right.

Our great Silk Stock. The chief of the Silk puts the vernacular through the wildest gymnastics in description of the stock its vastness and its beauty. There is enthusiasm in the Transcript. And there should be. No reasonable or unreasonable demand can be made on our Dress Silks that the stock will not satisfy. Absurdity only might be disappointed.

And his explains why the 300 feet of Silk counter space is insufficient to accommodate the throngs of buyers and why the sales show has some per cents of gains every day. A casual review shows 114 sorts of Silks for Full Dress Evening Wear; of Blacks and Blacks with white figures, 382 pieces; of India Silks, sixty designs, some with sixteen colorings to a design, which gives a choice of at least six hundred varieties. Then, too, there are novelties of every proper sort. The prices go from 50c for cheapest India to \$10 for the richest, bullion Damase. As a whole, absolute completeness; in detail just the shade, quality or sort for every want.

Upholstery. There are great stories to tell of lace curtains—and we'll tell them, too, but not to-day. Just now a touch upon the cheaper Nottingham goods with which the stock is amply filled. What think you of a decent pair of curtains for 90 cents? After them others at \$1.10, \$1.30, \$1.50, \$1.75, \$2, \$2.25, \$2.50, \$2.75, \$3, \$3.25, \$3.50, \$4, \$4.50, \$5, \$5.50 and \$6.

We have had prepared in England an illustrated catalogue of the principal styles at these prices. Ask for a copy at the upholstery store or ask by mail. In either case we'll be glad to give it to you. The goods or the catalogue or both, will tell the story better than newspaper types.

FOOD FOR THOUGHT.

"Never do anything you do not fully endorse in others." —BUCK POMEROY.

Sun rises 6:05; sets 6:12.

It has been stated that many of those who want electric light for Riverton and Palmyra do not care how much the taxes are increased.

Let such croakers inquire who are working hardest to bond the township for \$25,000 for a road, for which the ridiculous claim is made that it will never wear out or keep in proper repair. [What wisdom!] Does it make no difference what it costs to keep that repair up? The simple fact is, the citizens of Riverton and Palmyra, almost as a whole, do care what the tax rate is, and will resist in every honorable way any future attempt to pack a meeting for the purpose of adding such a large sum to their burdens.

The sum desired for electric lights is \$2500. \$4700 was spent on the road last year, and those who had this larger part now want \$25,000! Anyone who will seriously say that those who ask for lights are less careful of the tax rate than those who spent \$4700 last year and want to spend \$25,000 this year, are not worthy a hearing. Such distorters of facts appear never to have heard, or at least do not know, that consistency is a virtue.

Who pays this tax? Who should honestly and justly have the benefit of them? A truthful reply must be the citizens of Palmyra and Riverton should have the larger part of the money spent in their midst.

THE communication signed "Countryman," in this issue, was written by one of the wealthy and prosperous farmers of the back district and is, therefore, important in showing that the division of the township is desired by both sections. The same gentleman was also one of the chief movers, about a year ago, in proposing to cut off Palmyra alone, by itself, into Palmyra township, and for very much the same reason that is potent now—because Palmyra desires and is determined to have, her share of the taxes she pays—but then the line proposed was to divide the amicable relations existing between Palmyra and Riverton, and leave Riverton with the back district, to still furnish them with funds to fix up their roads, although the Palmyra cow "kicked" against supplying milk without getting adequate return, yet the farmers hoped still to have the Riverton tax to suck upon. Happily such a division was defeated and the people of Riverton now see that their interests are best served by uniting with Palmyra against the "grab all" policy of the farmers.

SOME of our country brethren are already trying to sow seeds of discord between Riverton and Palmyra, as was to be expected. They say that Palmyra, having the larger number of voters, will control everything to the detriment of Riverton; but where are any facts to warrant such an assertion? There are none! The editor of this journal probably knows personally as many people in Palmyra as any other man, and also has listened down to nothing every such statement, and is warranted in stating that no such feeling exists, except among a few croakers and malcontents that pay little or no tax, and would not be satisfied with anything. The fact that Palmyra has borne with the unjust discrimination of the present townshiping methods for so long a time as they have is, in itself, a direct contradiction of the assertion. Palmyra does not want any discrimination but only a proportionate return in improvements of the money she contributes. Is not that fair and just?

It is no wonder that many in the back district, acquiesce, or even aid the formation of the new township. They see their power to rule the present township broken by the sudden, but unanimous uprising of a too confiding, and long suffering people. They fear they might be repaid in their own coin, and therefore, they think they would be compelled, so near or later, to cut off by themselves for self preservation, as the rural district of Stockton township has done in forming Pensacola township.

Those who are opposed to the division of the township are trying to raise a scare by saying the tax rate will be increased. The duplicate will show about one million dollars within the proposed new township, if no properties are skipped by the assessor. The

present rate of assessment will give, including the poll and other taxes, and the \$475 from the liquor license, over \$4000 to be spent in Riverton and Palmyra. What proportion of that amount did we receive last year?

DR. HALL has suggested that the Act to divide the township should contain provision empowering the township committee to lay sidewalks if the property owners pay a proportion of the cost, say one-third. This is an excellent suggestion, and we hope will be incorporated in the new bill to the legislature, as there then would be no question as to the legality of such work which is now questionable.

To the Editor of the News:

As we have better roads in Cinnaminson township than anywhere else as near Philadelphia, it is earnestly hoped the project to build \$25,000 worth of stone roads, and bond the township for the same, will fail, if the matter comes to vote. Good roads are not the only thing our citizens need. The only class benefited by the farmers and a few in our town who keep horses. The roads we have are good enough, and inasmuch as over two-thirds of the residents of the two towns never use them, and pay over three-fourths of the taxes to make and repair them, we think it about time the township funds were spent for our benefit. The stone road that was made last year cost the people of Riverton and Palmyra over \$3,000, and nearly \$2,000 of this went into the pockets of the farmers and laboring people in the rural district for hauling and labor (see township report). The farmers and laborers who voted against additional crossings for our streets and electric lights are very anxious to have the job of building roads, so that a large share of the \$25,000 will get into their coffers, and a chance afforded them to invest their superfluous cash. Some think the country element want all these expenditures made before the township is divided so that they won't be under much expense for roads thereafter.

Let us be on the alert hereafter, and vote in favor of our own interests and against bonding the township of allowing our money to be spent other than for our own good.

We want our country neighbors to remember it takes money, solid cash, to run the township, that brains are all very well in their proper place but "money makes the mare go."

Palmyra, N. J., Mar. 14, 1892.

To the Editor of the News:

Last week's Era contains a communication headed "Victory," and signed "Farmer," in which the citizens of this township are congratulated on the signal victory obtained, at our town meeting, by the tax-grabbing, selfish, country contingent in voting down reasonable and just appropriations asked for by Riverton and Palmyra for much needed improvements. Comparatively little money is expended in our towns, where more than three-fourths of the tax is levied and paid. Nearly three times as much money was used for the country district as was expended in the two chief villages. Any one who examines the report made at town meeting will find this to be the truth. This has been the case for years, the rural district getting the lion's share always. Of course "Farmer" and others felt jubilant over these acts of injustice, and went home gloating over their victory over the "Riverton nabobs" and the "Palmyra squatters." Before retiring "Farmer" doubtless felt so good over the victory he could not forbear writing his article for the "compendium of brains" published at Riverton. We think "Farmer" is in error when he claims the "better class" from Riverton and Palmyra voted with the country croakers, as only a few dumbheads and fossils, who pay little or no tax, voted on that side. These surely are not the "better class" in any sense you can put it.

Not one-half who voted "No" each time paid any property tax, and were not in any way benefited by voting the appropriations down. Many of the "No" crowd have been on the delinquent tax list for years. Leaving out a few farmers and business men who live out in the vicinity of Westfield, it was a tough old crowd composed of (not honest yeomen), but toughs from Sheetztown and Rooterville, rag tag, colored and other tax delinquents, and many who have quarters in the "Continental" and "Girard House" near Parry's nursery—men without a status, birds of passage, irresponsible visitors, transients, etc.

We think it time that Cinnaminson township was divided. The almost incessant and outrageous, exorbitant and selfish demands of these country croakers will ruin us if we remain in their odious company. Let them be set off by themselves, let them be set off by sucking and pilfering from the wealthy and honest in Riverton and Palmyra. Let them subsist on "brains" or whatever else they can obtain honestly. Yes, let them live and die by themselves, and be buried at Bonair's Glory, and may the Lord have mercy on their souls.

Riverton, Mar. 16th, 1892.

To the Editor of the News:

The Cinnaminson Building and Loan Association of Palmyra, N. J., has over Seven Thousand Dollars to loan. Monday, March 14th, 1892, money sold at five per cent.—the premium being deducted from face of loan and is the same as a premium of eight and one-third cents a share—the premium being paid monthly as per "new plan" in the Riverton Association (old plan), you would pay on a loan of one thousand dollars, ten dollars per month and receive one thousand dollars.

If you paid under the "new plan" thirty cents a share for the loan of one thousand dollars net; you would pay \$11.50 each month until maturity. Now to pay \$11.50 in the Riverton Association (old plan), you could have six shares and borrow on eleven

hundred dollars at nine per cent. and you would get one thousand and one dollars cash, in addition at maturity of loan you would get one hundred dollars in cash. In both cases your monthly payment being \$11.50. The other words "new plan" one thousand dollars at time of loan—old plan, one thousand and one dollar at time of loan and one hundred dollar at maturity.

The above assumption is that under either plan the association's series is to mature in ten years—if it did not then you are paying your premium monthly until maturity—you would pay that much more under the new plan of working than under the old. The association at Riverton made \$342 profit on each share beside paying interest on all older shares.

To the Editor of the News:

Who pays the taxes? Do not the renters pay them? When a property owner rents out his house does he not ask enough to cover the taxes on them?

The reason I am prompted to make this query is because at the town meeting, one of our citizens (who I believe had more sense), was asked to know "who was going to vote on this electric light business," the property owners, or those who owned no property and only paid \$1.00 tax.

His claim was that none but property owners should vote on the question, ignoring the fact that the man who rents his house really pays the taxes on it.

This man depends on the citizens of Riverton and Palmyra to support his business, located in the latter town, and yet he liberally insults every man in the two towns, who does not own the house he lives in.

Were the men he so boldly insulted to retaliate by refusing to patronize this loud mouthed but ignorant claimant for English aristocracy methods, we think he would retire once more to the farming life, which is surely more congenial to his nature.

Yours respectfully, A. Renter.

TOWNSHIP DIVISION.

In the last number of the News, in a statement that the country district would consent to electric lights if the township were bonded for roads. This is a mistake. No one was ever authorized to make such a statement, nor would it be even considered.

The movement to divide the township is a step in the right direction. The readers of the News will remember that a movement was made in this direction, some time ago, but such a wall of despair, went up from Palmyra at that time, that out of pity the parties desisted. Now that the citizens seem to be ready, they can rest assured of all the help from the country districts that they need. Assistance, advice and money will be freely furnished, to aid them in their undertaking. The thought of such a thing seems almost too joyful to be true. We are fearful of awakening and find that it was only a dream.

To be permanently free from the swarm of cranks, visionaries, and fault finders that annually turn our town meetings into a pandemonium, and experience that joy that the quiet that reigns before their advent, would seem to be an elysium to be hoped for, rather than acquired. All we can say, however, is God speed the day.

COUNTRYMAN.

RIVERTON.

The school meeting on Tuesday evening last was very largely attended, about 140 voters being present.

Mr. E. H. Ogden was called to the chair and Mr. O. H. Mattie elected secretary of the meeting. After the reading of the report of trustees, etc., by Mr. E. H. Pancoast, which was adopted, voting for a new trustees took place. Only two were nominated, Messrs. Pancoast and O. H. Mattie. The latter was elected by a small majority.

The question of erecting a new frame school on the present site was then passed by a unanimous vote, as was also the question of raising the \$5000 for such purpose by issuing five \$1000 bonds, one of which is to be paid off by the year.

A suggestion was made by Dr. Hall to collect all the sum at once so as to do away with the extra expense of assessing and collecting, which would make an increased expense of about \$400. This was not acted upon.

The motion was carried to empower the trustees to dispose of the present school to the best advantage, proceeds to be used for the furnishing of the new school. All motions were harmonious and carried without a dissenting vote.

As the question now stands the sentiment of the meeting was undoubtedly in favor of a brick instead of a frame school, as such would now be of very slight extra cost, and would cost no much less to keep in repair and last so much longer. This point should be gained at once by a special meeting of the sum made up by subscriptions from our wealthy and public spirited citizens. The objectors are Messrs. Cowperthwaite and Bortie.

Mr. and Mrs. Edward Priestley were given a home coming on Saturday evening last.

Mr. and Mrs. Charles L. Flanagan have taken a cottage at Atlantic City for the fashionable Spring season. It is expected that Mrs. Cornelius and Miss Wiggins will participate in their hospitality there.

Mr. Stephen Flanagan is confined to his home in the city by illness.

Mr. Joseph B. Smith is a delegate to the Lay Electoral Conference held at New Brunswick, representing the Palmyra M. E. Church.

Rev. C. H. Vibbard, of St. Mary's, Burlington, will preach in Christ Church on Friday evening, March 25.

The board of school trustees organized on Wednesday evening and elected Mr. Bortie district clerk.

The Lenten services at Christ Church are well attended and interesting.

We are informed that several of our wealthy residents representing over \$75,000 worth of property, have withdrawn their signatures from the petition for stone roads. While this is probably a quiescent for the project it may be only temporary and will need vigilant watching.

Stackhouse & Co. have added a big bulk show window to their store.

WASHINGTON LETTER.

From our Regular Correspondent.

WASHINGTON, March 14, 1892.

President Harrison has not been able to let the matter rest, and he has not allowed his name to go before the next National convention of his party, although a few days ago prominent United States senators were quoted as saying that such a letter would shortly be written.

The general opinion here seems to be that this story originated in the wishes of those senators to assist Mr. Harrison, the president, in getting the support of the anti-Harrison strength up a man—about as difficult a political job as was ever undertaken.

Senator Hill is said to be very much embarrassed by the efforts of the Cleveland democrats to force him to state his position on the free coinage of silver, and it is stated he would very gladly have postponed his trip down south had it been possible, because of his fear that he will be roped into a declaration of opinion on the same subject.

Some of the free coinage bill supporters, in deference to the sentiment of the state, vote against it when it reaches the senate, after being passed by the house, as it certainly will be.

They add, however, that they are willing to promise that they will not vote for free coinage bill should it be elected president, and it is as a result of the fifty-third congress. It should be remembered, in considering this, that Mr. Hill, himself, has said nothing on the subject further than his now famous, "I'll not cross that bridge until I get to it."

Mr. Blaine's continued illness has again started the rumor of his early retirement from office, but at his age it is said that he contemplates going south for a short while as soon as he gets well enough to travel, but expects to resume his duties a little later on.

The Alliance congressmen have held several conferences concerning the necessary steps to be taken to see that Alliance interests are properly looked after in the campaign which will precede the congressional election. It is probable that they will follow the example of the old parties to the extent of appointing a congressional campaign committee to look after the distribution of documents, etc., in all the districts where there is any probability of electing Alliance men. Three gentlemen all deny the rumor of a probable split between the western and northern Alliancemen, which has been current here since the St. Louis conference.

The inventors of this country have not only paid the expenses of the United States patent office, but \$40,000 of their money is now lying idle in the treasury, where it has yearly accumulated as the surplus earnings of that office. And yet, if one of these inventors, or anybody else, has need of a printed copy of a patent granted he cannot get it. Why? Because lack of room to store and arrange these copies has compelled the commissioner of patents to stop furnishing them. Congress really is the culprit in this case, for it has neglected to authorize the patent office to spend a portion of the money to its credit in getting room to store its enormous and constantly increasing business.

More than one hundred congressmen representing northern, western and central states, have signed a letter addressed to the house committee on rivers and harbors, requesting that the proposed 21 foot ship channel through the Great Lakes be incorporated in the river and harbor bill, and that a proper initial appropriation be made therefor.

A noticeable feature of the tariff debate now going on in the house is the absence of undisputed facts in the speeches on both sides. The democratic speaker will tell his hearers that the McKinley law is carrying the country to destruction, and the republican speaker will tell his hearers that the McKinley law is carrying the country to ruin, and nothing but the election of a democratic president and congress can save it, but the facts he presents as proof are very meagre. The Republican speaker replies by stating that it is the McKinley law that gives the country its present prosperity, which can only be maintained by the election of a Republican president and congress, but the facts he presents are about as meagre as those of his opponent. A distinguished United States senator, now dead, once said, privately, that there was not ten men in the United States who thoroughly understood the tariff in all its branches, and your correspondent is inclined to think that he was right, and that the number has not been greatly increased since he said so.

No answer has been received from Lord Salisbury to the dispatch sent him last week protesting against his refusal to rescind the media vivendi, and no other move is expected until he is heard from. The talk in official circles is of peaceable settlement, but it is known that arrangements are being made to concentrate a sufficient naval force in Behring Sea to prevent poaching, whatever Lord Salisbury may decide to do.

STATE NEWS.

The election in Pleasantville last week is said to be illegal owing to the fact that the winning caucus ticket used ballots signed on the back by the borough clerk, contrary to the provisions of the ballot reform law. Dr. J. H. North, the Citizen's candidate for Mayor, it is said, will make a claim for the office.

The black measles are so prevalent at Wilton, Camden county, that the schools there are closed on account of it.

John Bernhardt, Treasurer of the town of Union, absconded in 1871, leaving a large deficiency. Haunted some land on which the town had a lien for unpaid taxes. The property was divided and sold to Lever Harris. Thomas R. Hays bought the mortgage on the property and filed a bill in chancery to obtain an order to redeem. Vice-Chancellor Pitney decided that the owner of the mortgage has a right to redeem on paying the purchase money and interest.

On Monday evening the Atlantic city council appointed a bench patrol of twenty men for the summer season. As the body is Democratic the list accepted gave the Democratic police men and the Republican eight.

THIS PAPER is published weekly, except on Sundays and public holidays, at the office of the publisher, No. 1002 Park Ave., Palmyra, N. J.

CHAS. TILDEN, Democrat, has elected

Justice to succeed John G. Gaulty. Tomorrow evening the new court will organize with the installation of Dr. William Wright, Democrat, as clerk.

Report of State Prison Keeper Parsons shows that the State Prison is a polyglot institution. Twenty-eight states are represented and twenty-four foreign countries. Out of the 881 prisoners in the institution, 284 were born in New Jersey, 139 in New York and 73 in Pennsylvania. One of the prisoners was born on the Atlantic Ocean on shipboard, and one of them "on the Irish coast." Seventy-seven were born in Germany, 65 in Ireland, 30 in England, 33 in Italy, 1 in India and 1 in Poland. It is curious to note that 804 prisoners are serving their first commitment, 128 their second, 40 their third, 11 their fourth, 3 their fifth, 1 the seventh and 1 the ninth. 785 of the prisoners are white males, 21 females, 175 colored males and 8 colored females.

Wanamaker's.

PHILADELPHIA, March 14, 1892.

Do Gingham interest you? Yes? Then there's a Gingham object lesson here that you won't care to miss. More Gingham and more styles of Gingham, probably, than you ever saw in one gathering. And every day dozens of new styles are trooping in. Just now more of the Glasgows wheeling into line—first to the Invoice, then the counter-march. Crack commands, companions of the 42d Highlanders. Bedford Cord Gingham in stripes, cluster stripes, alternating stripes, 37 1-2 and 40c.

Crazy Crepons from the quaint Croco file to the welled Plisse and crinkly cords like withered Bedfords, 45c, 50c and 60c.

Fine Gingham with dainty Damasc designs in silk, 75c.

Bordered Gingham—dots, spots, cords, curly-cues and lace work, 60c and 65c.

All-over polka dots, like magnified water drops and squirmers, 50 and 60c.

Ombre—striped Chevron Gingham, wavy, wedgy, plain, 45c.

And that mountain range of 25c Yankee Gingham, reflecting the softest sunlight of Scotch skill.

All the other Cotton Dress stuffs are in chime. Such saucy Sailor Suits as Cunard [35c], or Galatea [30c] make possible!

Madras and Cheviot, too—more than 250 styles. You wonder where the wiles that wove them came from. Madras, 30 and 40c, Cheviots 30c.

Forty shades of lovely Lansdowns! Exquisite stuff, exquisitely tinted. You hear of imitation Lansdowns, but you never of a rival. No room for rivalry. Light one of the dainty folds, eye it closely. How can silk and wool be put together more delicately? How can the dyer do more for it? Imitation Lansdowns is the top notch of rival possibility. Latest shades—modes, tans, grays, blues, reds, browns, greens, pinks, lavender, creams and yellows, 40 inches, \$1.25.

Simple Serges are prime dress stuffs with plenty of people. Have you noticed how we have heaped them up? Navy blues and all the wanted tans and grays. 50 to 55 inches, \$1.12, \$1.50.

A very pretty effect—Serge Diagonals, narrow and wide wale. 50 inches, \$1 and \$1.25.

An Armure Diagonal in blue only, is \$1.25. Remarkably handsome.

Fancy weaves, too. Here's a Serge Covered with wavy, tremulous welts in chevron design—very striking and stylish. Gray, tan, cardinal, reseda, navy blue, 50 inches, \$1.25.

An oddly attractive saw-toothed Chevron Serge is \$1—width 50 inches.

Como Batiste.

Of course you haven't seen it—unless you have been here. It isn't anywhere else in town—not likely to be soon.

They say no new Dress Stuff ever before set yard sticks flying so fast the first day. Blood tells; style tells—the Como Batistes only add new mountains of proof.

As dainty a Batiste as you care for; that's the beginning. Free-hand sketches—strokes, waves, splashes, dashes, leaflets, scrolls, rings, spots, dots, twirls, curls, whirls—a dream of designs with the master touch showing through all. Fifty patterns—

• white on red

• white on navy blue

• white on black

• turquoise on black

25 cents a yard.

Maybe you don't care for a

Ready-made Dress.

Most women think they don't—and no wonder, in the light of experience. Try and forget anything you've ever known of Ready-made Dresses. Or just come on an inspecting tour. If you don't care to buy, all right. You are welcome to look. In that one great Suit Room you can see in half an hour the brightest Dress ideas of the whole civilized world. Aren't there hints there worth your getting?

Custom Tailoring for Men.

The Spring Cloths are here. When you give the order we will with ee's transform the cloths to clothes. The artist tailors and the artisan tailors will produce clothing both graceful and good fine clothing. There are also some special things now going. Suits from excellent Cheviots at \$30. Trousers of best English Cassimere at \$8 that would usually be \$12.

It's a good Custom Tailoring store. Try it and you will say so too.

Men's Spring Overcoats.

You may not need one today. But how about tomorrow? Who knows? Before many days everbody will know. If you are not fixed with a Spring Overcoat you'll regret it the first balmy morning. There are some broken sizes at broken prices—badly broken, but if you want the newest, neatest, nattiest count on spending \$3 to \$5 for Meltons, Kerseys, Worsted, or \$15 or \$20 for nobby Homespuas.

A very well Overcoat is of genuine Scotch Bannockburn Cheviot, cut baggy, wide sleeves, \$28 and \$30. You'd say a best merchant tailor handled them.

No man need hesitate longer over the proper Hat style. The season's fashion has been set. Knox in Silk and Derby as well as the best Philadelphia makes in Derby, Silk and Soft are as ready as they ever will be. Our \$5 Silk and the \$3.50 Bertel Derby are famous for quality at the prices.

A misunderstanding between the maker and the retailer brings us 25 dozen superior Black Derby Hats that would ordinarily be \$3 to \$5.50; we make the price \$2.50. A fairly good Derby at \$2. Full lines for the boys, of course.

Book News for March, 64 pages, has an excellent portrait of Mrs. Humphry Ward and a very discriminating sketch of that just now most-talked-of novelist. All the other features of Book News are up to the highest level—illustrations, reviews, miscellany. The critical list of new Books contains one hundred and sixty-one titles! Think of that! Books of the month, everyone of them. Wouldn't you count it happiness to have a book—wise friend, who, every month, would advise you of even twenty of the new Books? And Book News is but fifty cents a year.

Mr. G. Doudner's new house on Delaware avenue below Fourth, is about completed and makes a very convenient and comfortable residence.

Mr. Mathews, of Cinnaminson avenue, expects to remove to the city next week.

Mr. J. W. Smyth, of Horace avenue will occupy the house thus vacated.

Mrs. John Langham, jr., of Cinnaminson avenue, has been very ill at her residence in Philadelphia, but through the skillful attendance of Dr. Hall is now rapidly recovering.

Rev. M. Boston, rector of Christ church, has decided to more thoroughly enjoy his life by taking a wife. It is stated the better half will come from Boston some time in May.

The township met and organized at J. Wallace's hotel last Saturday afternoon. The bonds of the collector and other fiscal officers were presented and other routine business done.

Mr. Harvey Clymer will have a fine large house, similar to Mr. J. C. Hires' on Cinnaminson avenue, built on his lot on Leconey avenue, near Broad street. Mr. Joseph Bishop has the contract.

Andrew Jackson De Voe, of Hackensack, the well known weather prophet, while sawing in his mill at Fairmount, met with a painful accident. A piece of the wood struck him and broke his nose.

When our constables have their uniforms we want electric lights to show them off and good sidewalks so they won't get their shoes muddy. If we are going to do the thing let us have grit enough to do it right.

Mrs. Sarah A. Barry, mother of H. W. Barry, died, on March 11th, at the residence of her son-in-law, W. H. Hires, in Delaware. She was buried in Palmyra cemetery by undertaker Helton, on Monday 14th.

Rev. J. H. Hutchinson completed packing up his goods on Monday and left for the Conference at New Brunswick on Tuesday morning. Mrs. Hutchinson and her sister Mrs. Heiler went to their old home at Heilerville, to stay till after conference.

Our esteemed townsman, Mr. Frank Hootner, of Horace avenue, has been detached from his station at League Island, and ordered to the navy yard at Norfolk, Virginia. After the selling of his property, his family will shortly join him and reside at Norfolk, Va.

The experience with the stone road put down last year, is not a good recommendation for any more of that kind. Not long since a heavily loaded wagon cut through the new road and many who have had occasion to use it say it is the most unsatisfactory road in the township.

A correspondent asks where in Loonerville. It is on the border line between there and nowhere. Many brainy men live near it who induce its inhabitants to vote for anything they want. The barn stormers however have decided to teach these would be monarchs that individual opinion is true Americanism.

Sevens & Son, of Burlington, have the contract for the mill work for a large house in Mullica Hill, N. J. All material to be delivered by team a distance of about 40 miles. This shows that people are beginning to appreciate a strictly No. 1 article. Persons about to build should insist on having the best, which is the cheapest.

Milkman W. H. Sowden has sold his route to Antonio Beckwith, Jr., of Cramer Hill. Mr. Beckwith has been ten years in the business and will give it his undivided attention. He has taken Mr. Sowden's house, corner of Parry avenue and Wallace street, where a milk depot will also be maintained. Mr. Sowden has secured a good position at Cramer Hill and will move there shortly.

Jennie W. Toy had a birthday party on March 11th. Among those present were Georgia Humphreys, Jennie R. Aides, Katie Ward, Mamie Bonnell, Carrie Clyde, Bertha Day, Bessie Smith Smith, Addie Barry, Bessie Ruddock, Helen Shode, Pearl Bowling, Lydia Toy, Elsie Marter, Victoria Lawrence, Jennie Toy, Mary Smith, Willie Ruddock, Forest Ruddock, B. Smith and E. Toy.

Mr. Hugh McNinch, who will address the men's meeting of the Y. M. C. A. on Sunday afternoon is a prominent member of the Princeton class foot ball team, and also became quite well known as an expert lacrosse player. Those who attend the meeting will doubtless be pleased, as he has won several oratorical prizes and is highly commended by Mr. Casaberry, who addressed the meeting last Sunday.

Mr. Hugh McNinch, formerly of Lawrence and recently well known as one of the players on the famous Princeton Foot Ball Team, is announced as the speaker at the Y. M. C. A. men's meeting to-morrow afternoon. Mr. McNinch is also said to be an eloquent speaker. We take the liberty of inviting all men to hear him. There is no formality in these meetings. Every man is made to feel at home. Spirited singing is also a feature of these meetings.

Rev. J. H. Hutchinson preached two very acceptable sermons last Sunday, closing up his very successful pastorate of three years at the M. E. Church. During his ministry here he has made over 1500 pastoral visits.

preached 240 sermons and over 100 converts have been made, leaving the present membership 293, including 34 preachers, a net gain of 81. The financial report for the year was read by treasurer E. H. Hancock after the morning service and made a very nice showing. All expenses had been met and some indebtedness that had been standing for years settled. The following are the amounts given for the year for the various benevolent purposes: missions, \$202; church extension, \$45; S. S. missions, \$5; tract society, \$5; freedmans aid, \$32; educational fund, \$23; Bible society, \$9; women's foreign mission, \$25; women's home mission, \$4; preachers aid, \$7; bishops, \$18; conference claimants, \$30; general conference, \$8; total, \$383.

The annual school meeting of Palmyra district, No. 23, was held Tuesday night at the school house. There were 42 men present, a larger number than has attended for several years, and more interest in the details of the schools and finances was shown. Mr. W. F. Morgan was called to the chair and Mr. Isaac Ewald, clerk of the district, acted as secretary. The minutes of the last meeting and the annual report were read and approved.

The report showed the finances in good condition and sufficient money on hand to meet the bonds due July 1st, which will reduce the indebtedness to \$1750. Owing to the rate being reduced last year it was ordered that a 25c tax rate be levied for the present year. The balloting for trustees resulted in the unanimous choice of Mr. F. S. Day, for the 3 year term, and after a close but friendly contest in the choice of Mr. William Ruddock, over Mr. Geo. Wenzell and Mr. C. F. Slater.

The bell will be rung for the daily Lenten services at Christ Church, Palmyra, half an hour before each service, and again immediately before the service begins. The old arrangement, however, with regard to Sunday will be continued. The following is a list of the Lenten services:

MOORESTOWN.

On Sunday, March 6th, a colored couple made their way from Camden to the A. M. E. parsonage in search of a minister to marry them. Rev. Mr. Huff was at home and signified his willingness to accommodate them. They were evidently in a hurry for the groom in order to inspire greater speed paid over the fee in advance. The application was barely made when a man in a great hurry darted into the room, and it was apparent at once that he was well acquainted with the startled groom, and demanded an explanation. The stranger informed the minister the girl was his daughter and that she was under age and he would not consent to her marrying. Bill, he said, was just as good flesh and blood as he was, but he did not admire such great contrast in their complexions, as he was as black as ink and she was a bright mulatto. The old man said he did not like Bill's preliminary "modus operandi." A short conference ensued, after which the meeting adjourned "till die."

Elwood Wat-on is again appointed Chief of Police in Chester township, as his record in the past has been a favorable one and deserving of commendation.

Many of our citizens have already signed the petition asking for a union mail, and all who are interested in securing better mail facilities for our town should do so at once. The petition will most likely make a special trip to Washington to lay the matter before the postal authorities.

The school meeting held at the town hall on Tuesday evening was a notable one. A large number of ladies were present and the room was filled to the doors. The chief interest centered in the vote for trustee. The total number of votes cast were 403.

One of Miss Mary Wilson received 127 and Harry D. Dougherty 126. Mr. Dougherty was elected by a majority of 149.

Mr. Starkey, of Philadelphia, has come to take up his residence with her son, Harry D. Dougherty.

Trustee-elect Dougherty is to be congratulated on his election, and condoled with because he will be expected to keep up the standard adopted by his predecessor. Miss Wilson made some enemies by her conscientious devotion to duty, but she gave an amount of attention to the actual working of our school system which few men have either time or patience for, and was one of the best trustees who ever held the position here.

Rev. W. W. Ferris, late of Tacoma, who several weeks ago underwent a very dangerous surgical operation in the Jefferson Hospital, and who, it was thought, could not possibly recover, has left the hospital, and is now residing with his son-in-law, John Makin, at Tacoma. Mr. Ferris, some years ago, married Mrs. Weston, who, for a number of years, carried on the millinery business next to Esli's bakery, on Main street.

The Rev. John E. Adams, of the Morristown Methodist Episcopal church (New York Conference) will preach on Sunday, March 20th, in the Moorestown Meth. dist. Episcopal church, both morning and evening. Those desiring to hear this talented preacher will doubtless embrace this opportunity.

Rev. James H. Lamb D. D., preached, on Wednesday evening of last week, in St. Stephen's church, Denville.

This week were taken down the last of the fences enclosing the old Zelly farm, but what is now the Standard Land Company's lot. About all the old landmarks on this property are now gone.

Miss Sarah Carter is spending some time at Brown's Mills-in the Pines.

Rev. James S. Stone, D. D. rector of Grace church, Philadelphia, will preach in Trinity church this evening. Dr. Stone was previously ministered in Philadelphia, one day last week.

75 at last Sunday meeting. You attend this next meeting to-morrow afternoon at 4.15 for Men only in the Association rooms and hear Mr. Hugh McNinch of Princeton College.

The Athletic department will endeavor to secure suitable grounds near Palmyra and Riverton, where young men in summer can get health, exercise and recreation under the same wholesome influence as prevails in our rooms in winter.

Ladies auxiliary meeting, Monday evening. Very important business in connection with the grand entertainment, Easter Monday, April 18th. All members please be present.

We want all our friends to take an interest in the coming Entertainment, which promises not only to be a social event, but a novel one in this vicinity.

Our Library needs new books of a character interesting to young-men. It is being used freely, but the amount is limited, we shall be thankful for a donation of books.

It is not unusual to see 50 to 60 young men in our Gymnasium during class hours.

Average attendance at Men's Sunday meetings for February, 50.

Messrs. W. W. Casaberry and S. C. Huston, of Princeton college, delivered excellent addresses at the meeting last Sunday afternoon. We have the promise of more good speakers from Princeton for these meetings. All men should hear these bright young men who come here from the interest they have in Y. M. C. A. work and love for their fellow men.

The subscription for the 11, corner Broad and Garfield avenues, \$1,534.00, of this amount \$357.00 has been received and \$300.00 paid on account of the purchase money. We have promised another payment in the near future, and request all unpaid subscriptions be placed in the hands of the treasurer as soon as possible.

Concerning Salt.

There is no article of household use in the preparation of food so universally used, and so necessary, and at the same time so cheap, as salt. These very facts have a tendency to make many otherwise careful housekeepers somewhat indifferent to the quality of salt they use. Salt is salt, they say, and so long as it has the desired effect on food with which we use it that is all we care about. It is so cheap that adulteration, practical in so many food products, would hardly pay you to think, and you use it constantly without concern. Now the very fact of the cheapness of salt is one reason why there is so little care exercised generally in its manufacture and preparation, and whether there be much or little dirt in connection with it makes but little difference to the manufacturer as a rule.

It is our business to bring to your notice the best that we can in our line of business, in the cheaper articles of food as well as more expensive, and for this reason we call your attention to the "Worcester Salt," an article which we think is the finest of its kind and seems absolutely pure—special attention is paid to its purity. The have it in 2 1/2 pound bags at 5c per bag.

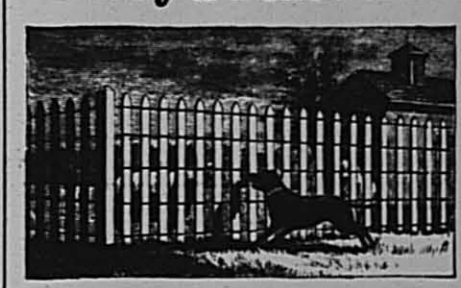

We have the ordinary salt, both coarse and fine, in the same size bags which we sell at 2 1/2c per bag.

For those who are using salt in larger quantities we have a larger bag which we sell at 15c per bag.

SHREDDED CODFISH is so superior to the old-fashioned kind, whether it be in bricks or the whole fish, that a single trial is sufficient to demonstrate the fact. We are assured that no one to whom we have recommended it would ever use the other fish again. The objectionable odor and the trouble of preparing are both removed and at the same time the article is really no more costly than the old kind. 20c pkg.

We wish them abundant success.

The Methodist Conference closed on Tuesday. Rev. J. H. Hutchinson, who has had so successful a ministry here, is stationed at Cedarville, and in his place we are given Rev. Geo. H. Neal, Jr., who has been at Greer Hill, N. C. Neal is a young man having a small family, and is said to be a forcible speaker. He is expected to preach at both services on Sunday, and also in the Sunday school, and no doubt large crowds will be out to hear him.

The prayer meeting on Tuesday evening, in the Methodist Church, was specially interesting. Revs. Hutchinson and Masey were present and a large audience. Just before the close of the service Mr. Joseph H. Smith presented a fine study jacket to Mr. Hutchinson, on behalf of the pastor's Bible class, which was feelingly responded to by the recipient. Rev. and Mrs. Hutchinson have many warm friends in this church.

Mr. and Mrs. T. V. McCurdy, of Cinnamon avenue, above 4th street, had Miss Maggie Beck, of Lewisburg, Pa., visiting them for several weeks. On the evening of the 17th [St. Pat-

rick's day] a number of friends from Philadelphia and this town were invited there on her account. Among those present from Philadelphia: Mrs. Ebbell and her daughter Julia, Mrs. Kessel, Mrs. Arndt, Mr. Horn, Miss Remington, Miss Dodge, Mrs. Webbman and niece, Misses Tillie and Katie Horn, Mrs. Mieskier, Mr. Herman Hoan, Mr. Chas. Felix, Mr. Herman Felix, Mr. Fred Horn and Mr. James Wethman. Mr. and Mrs. E. A. Meyer were among those from Palmyra. The evening was very pleasantly passed in dancing, games, music, etc. Before the guests departed for their homes in the snow they partook of an elegant supper.

His many friends and admirers and 6.50 club in particular have combined finances and made the genial and popular conductor of the 2nd train. Mr. Edward Prevost, a handsome present, to wit, an "Imported Duck," weighing eighty pounds. The said duck was imported at great cost from Cuba, especially for Mr. Prevost, by Mr. Charles Atkinson, who has his pet in full. The presentation speech being made by Mr. Frank Walters, who did the occasion credit in the manner in which he performed the name. This Duck has a record of going a long distance in a long time and the 6.50 club congratulates Mr. Prevost on his acquisition.

The bell will be rung for the daily Lenten services at Christ Church, Palmyra, half an hour before each service, and again immediately before the service begins. The old arrangement, however, with regard to Sunday will be continued. The following is a list of the Lenten services:

Captain Charles W. Hoye, of Bridgeport, while standing in the rounds of the Atlantic hotel, on Monday, removed his shoes and stockings, and rolling up his trousers nearly to his knees, surprised the onlookers by starting out of the doorway towards the street. When asked where he was going he replied that he was about to take his annual snow walk for his health. With that he stepped quickly into the snow-covered street, walked rapidly out the old Stratford road for over a mile and then returned. He says he has done this regularly for over thirty years, and that it is the greatest cure for chilblains and corns known.

Southern fruit and vegetables are coming into market in increased quantities. Our farmers will have small chance of selling their produce for some time to come judging from present weather outlook.

MARRIED.

KEEN—SUTLER.—At the Baptist parsonage, Palmyra, N. J., March 28, 1892, by Rev. C. S. Powelson, Chas. M. Keen, of Woodstown, N. J., to Miss Fannie C. Suplee, of Palatine, N. J.

The subject for next Thursday will be, Righteousness. The first week in April will be observed as a week of prayer by the Union. All Christian women are earnestly invited to unite with the members of the Union at all the meetings held during that week.

A FRATERNAL VISITATION.

It was a jolly party of English that went down on the 7.19 train, last Monday evening, to visit Waverly Castle, No. 13 of West hill-Philadelphia. They arrived at the hall of the latter Castle, at 40th and Market sts., about 8.45 and witnessed the conferring of the 1st degree on two candidates. After the degree work came "word of the order" and the visitors let themselves loose. But it was not until a recess was declared and the visitors were led to the upper room that the true greatness of Palmyra Castle was realized by the hosts. Tables that were loaded with the good things of this life were removed off with cyclonic rapidity, and the first member of Palmyra Castle called upon to speak when the Castle re-convened, declared he was "too full for utterance," and his associates echoed the remarks. The travellers returned on the 11.45 train after one of the most enjoyable visits ever made. Among those participating were Gibbons, Forrester, Winzer, Harnshead, Ely, Smith, Lloyd, Major, Vander Smith, W. Lloyd, Anderson, King, Thompson, W. Franks, Chascoe, Perkins, Keil, Eastwood, F. Blackburn, Day and Shinn.

The true gallantry of Palmyra Eagles was never so well exemplified when one of the past chiefs got up in the Market street car and gave his seat to a gentleman of color. The past chief, however, won more notoriety by the marvelous tale he told the brothers of Waverly Castle of how he shot an eagle. The brother repeated the story so frequently that he finally really believed it himself.

Meeting for men only tomorrow afternoon, at 4.15, in the Association rooms. You miss a great deal by not attending these meetings. Come tomorrow and bring your friends.

Trenton's new building will be a magnificent affair, costing about \$100,000 dollars. It will be pushed to completion during the spring and coming summer. The business men are subscribing large sums towards its erection.

Mrs. Wright, a Western woman, has given \$25,000 for the work among college men. Mrs. Wiltsch, of Philadelphia, bequeathed \$10,000, recently to the Central, 15th and Chestnut sts. The women of the country appreciate the work being done as well as the men and give largely out of their abundance.

Finest Butter and Freshest Eggs.

The reputation secured by the "Creamery Roll" butter, of which we make a specialty, is second to none. We court comparison with the finest prints used in the place. We feel very sure that such a comparison will result favorably to the "CREAMERY ROLL" particularly when the price is considered. The price at present is 35 CENTS PER POUND.

We have an excellent butter at 32 cents lb., and a good one at 30 cents per pound.

The Finest, Freshest Country Eggs, with a guarantee, if necessary with every egg we can sell you at 20 CENTS PER DOZEN.

We also have eggs, good reliable eggs, at 18 cents per dozen. There is no getting away from the fact that "Shredded Codfish" is a vast improvement on the old fashioned kind. Besides the fact of the ease with which it is prepared and the entire absence of objectionable odor through the house, it is no more costly than the whole fish 20 CENTS PER PACKAGE.

The special articles advertised from time to time are simply specimens of what we can do for you in the most complete stock of groceries in the community.

Don't put too early in the Spring. Don't put too late in the Fall. Don't paint over a wet or damp surface. Don't try to mix your own paints. Don't buy a paint that has water or benzine in it. Don't use any but a pure Linseed Oil paint.

There is a good reason for everyone of these "don'ts," and we will give them to you if you will call upon our agent, who will also give you a color card, or you can send your address to "Chilton Paints," New York or Boston, and we will send you colors by mail.

Don't put on the second coat until the first is dry. Don't put on a thick coat of paint. Don't buy a paint because it is cheap. Don't try to mix your own paints. Don't buy a paint that has water or benzine in it. Don't use any but a pure Linseed Oil paint.
