PRICE THREE CENTS.

Stage Set For Home Guards' Big Carnival

Affair Will Begin at 2 P. M.
Saturday; Big Events
In Evening

The program of the big Palmyra Home Guards' Carnival this Saturday is as follows:

2.00 p. m. Carnival begins on Broad street between Cinnaminson and Garfield avenues.

8.00 p. m. Parade will move, with George N. Wimer, Grand Marshal.

9.00 p. m. Address by State Senator Harold B. Wells.

9.30 to 10.30 p. m. Exhibition drill by Home Defense League of Haddon Heights.

All arrangements have been completed for the big event to be staged for the benefit of the Home Guards. Booths will be erected on Broad street for the sale of the many articles so generously donated by the citizens, as well as other articles always provided for carnivals and one merchant, Maurice Schwartz, has donated his whole store for the evening to the Home Guards and percentage of all sales made during that time will go to the Home Guards.

The Haddon Heights delegation will travel to Palmyra in thirty autos, bringing the Mayor, councilmen and 70 to 80 members of the Home Guard Company. Merchantville and Moorestown also are expected with big delegations. The Independence Fire Company, the Riverton Fire Company, the Boys' Brigade, and the Home Guard will parade, while a unit of the Red Cross will carry an American flag into which contributions for the Red Cross are to be tossed. These contributions will not be for the Guards.

All who have promised to deliver the articles donated to the Guards are requested to take them to the booths on Broad street at noon, Saturday, and any further contributions from persons not yet visited will be gratefully received.

All members of the Home Guards are requested to assemble for the parade in front of the Epworth church at 7.30.

NEW VISITING NURSE

Miss Giberson to Take Place Temporarily; New Office Located

It is with regret that we parted with Miss Mary O. Haffey, who has been with us since July 1st. Her illness in her family made it necessary for her to leave.

Miss Cora Giberson, whom many of you know, will take her place temporarily.

Our work has grown so that it is necessary for us to have an office. A house has been rented on Midway, which will serve as the nurse's home and an office for the use of the Visiting Nurse Committee. This house will be occupied the first of November.

Yearly subscriptions are now due. On behalf of the committee,
MARTHA McIL BIDDLE,
Chairman.

HIS BREATH COST HIM HIS LICENSE

TRENTON, Oct. 4.—Before Motor Vehicle Commissioner Dill yesterday Thomas O'Hara, of Freehold, was charged with driving while intoxicated. The Commissioner detected the odor of liquor on O'Hara's breath and his license was revoked. The license of Frank Thompson, of Red Bank, was also revoked because he was responsible for an accident, and Harry Brock, of Beverly, was fined \$5.75 for speeding. The Commissioner announced that after November 1st every automobile convicted of driving at a speed in excess of 40 miles an hour in this State will be fined \$25. The Commissioner said he is determined to break up speeding. Robert Simpson, of No. 1719 North Allison street, Philadelphia, charged with larceny and receiving a stolen automobile, was put on the New Jersey blacklist.

What women say causes more trouble than what men think.

PLAN NEW MILITARY UNIT FOR RIVERTON

Forty-five Men Signed Up And Appropriation Will Be Asked of Council

Phoenix-like, from the ashes of the Military Committee of the Riverton Security League, has arisen a new organization, to be known as the Military Training Organization of Riverton, composed of men between the probable new draft ages of 18 and 35 years.

Fifteen enthusiastic young men are canvassing for volunteers who will sign up for six months' training and agree to attend seven out of eight drills which will be held once a week. Forty-five men have already signed up. It is proposed to equip the members with uniforms including leggings, and hat, and arm them with regulation rifles. A rifle range will be opened at Hylton's gravel pit.

The money for equipment has been partly pledged by patriotic citizens, who have subscribed liberally, and a petition will be addressed to the Borough Council for an appropriation. This petition will be backed by a resolution signed by the property owners of Riverton asking that the appropriation be made. Every property owner in the borough will be given an opportunity to declare their attitude toward this movement by signing this petition or refusing to do so. Those who are circulating the petitions are meeting with a most favorable reception in almost every instance.

A meeting of the members of the committee will be held at the home of R. Biddle Frishmuth next Monday night to complete plans for laying the matter before the Borough Council at the October meeting on the 11th.

PALMYRA BOY WRITES HOME FROM HOUSTON

Arthur P. Smyth Tells of Experiences As First Class Private At Camp Logan

Dear Editor:

I will now take the pleasure of writing you a few lines in regard to the time I spent in the United States Army. Q. M. C. August 7th I enlisted at Philadelphia and was sent to Fort Slocum, N.Y., as a baker and on August 28th was sent to Fort Sam Houston, Texas, for schooling as a baker but I was transferred to the carpenter's department there and was later sent to Camp Logan and was there signed over as a first-class private as carpenter and which I say to the friends of mine in Palmyra that I am very well satisfied with the life in the army as it does one good to be in the open air as it is real warm in the day time and nice and cool for sleeping at night and my boys are treated fine, but of course, some do not like the life of a soldier, but it is how one makes it for himself. So boys do your bit for the good old U. S. A., and join the army. Good help to my friends.

I remain as ever, a private in Uncle Sam's Army.

ARTHUR P. SMYTH,
Q. M. C., Remount No. 325, Camp Logan, Houston, Texas.

W. C. T. U.

The work among soldiers and sailors has for years been very successfully carried on by our organization. During the year ending September 30, 1916, 5,122 comfort bags, 647,627 pages of literature, 67,263 magazines, 35,157 bouquets, 10,296 Red, White and Blue songsters and 14,693 Bibles and Testaments were given out and this gives an idea of the work accomplished.

The National Superintendent, Mrs. Ella Hoover Thacher, devotes her whole time to the work and during the year addressed more than 10,000 soldiers and sailors and visited hospitals, forts, barracks, and navy yards.

All invited to attend our mothers' meeting in charge of Mrs. Bowker, next Tuesday afternoon. Any one needing a comfort bag or to help fill one can apply to Mrs. Morton or Mrs. Mason.

What women say causes more trouble than what men think.

Palmyra Notes

Mrs. M. J. Quinn continues to improve slowly.

Mr. and Mrs. Samuel Plumly were visitors at Camp Dix on Sunday.

Miss Anna Van Baun spent the week end with her parents here.

T. W. Land lost a valuable cow last Sunday, the animal dying suddenly.

Mr. and Mrs. John Van Baun left for Philadelphia Monday to spend the winter.

James Given, of West Fifth street, has returned to his business after two weeks' illness.

Mrs. Frank Cloud, of Woodbury, is spending a week at the home of her sister, Mrs. M. J. Quinn.

Mr. and Mrs. Howard Cherry, of Philadelphia, were guests of Mr. and Mrs. Joseph Davis, on Sunday.

Mrs. Charles Stackhouse has moved to the home of her son, Howard Stackhouse, Sixth and Market streets.

Mrs. Joseph Justice, of Woodbury, has returned home after spending two weeks with her sister, Mrs. M. J. Quinn.

Mr. and Mrs. W. H. Randolph, Jr., and Mr. and Mrs. A. H. Zayoff have returned from a week's auto tour to Rahway and Newark.

Ensign Edwin Durgin and his brother, George Durgin, were both home over the week end. George is in the medical service and is now stationed at Camp Meade.

Township Committeeman C. H. Hill was brought home from the Samaritan hospital last Sunday and is much improved, although he needs absolute quiet and rest for some time longer.

High prices blanked the Independence Fire Company's plan to buy uniforms. It was learned that the suits would cost a total of \$900.

Instead, each man will provide himself with a cap, blue shirt, white tie and blue serge trousers. The whole company will be out Saturday night in the Home Guards parade with all their apparatus. Dick Furman's twins, dressed as firemen, will be a feature.

The Independence Company will spend part of the proceeds of its recent carnival for a dozen more rubber coats and fire helmets.

E. Percival Howell and W. Russell Smith, of Riverton, have just opened an art novelty shop in the store room next to the Broadway Palace theatre. Sonora talking machines and Victor records also will be sold. The new store is attractive and there are many hand-painted samples of its wares on hand.

The venture of Messrs. Howell and Smith represents a brand new idea for Palmyra and will fulfill a long felt need for those who have had to go to town to buy their party favors and talking machine records, as well as other artistic goods.

Messrs. Keim and Taylor attended a meeting of the Republican County Committee at Mount Holly last Saturday and helped make plans for a vigorous campaign. The committee will tour the county in the interest of all the G. O. P. candidates. The Republicans expect to capture the Board of Freeholders and it is planned to adopt the English system of caring for the roads.

According to this system, as explained by George W. Rogers, Republican candidate for Freeholder, all the county roads will be divided into sections and each section be put under the supervision of one man who will patrol it carefully and see that every foot of it is kept in repair.

The Field Club opening Tuesday evening was a marked success. The newly redecorated quarters were thronged with visitors all evening and several announced their intention of becoming members. The card and pool tables were kept busy and every indication points to a prosperous season.

The members of the Board of Education and their wives last night gave a surprise party to Frank S. Day on the occasion of his seventieth birthday anniversary. Mr. Day has been a member of the school board since March 18, 1884 and has been secretary for eighteen years. The other members of the board gathered at the home of James T. Weart, president, and donated fanciful costumes. Then they proceeded to Mr. Day's home and presented him with a wig in honor of his many years. A fine Morocco purse also was presented. Mr. Day was really surprised by the celebration and was eloquent in appreciation of the pleasure afforded by his fellow board members.

Moorestown Wins First Of Series With Field Club

Pitching Duel Results In Defeat of Locals By 1-0 Score

Moorestown on Saturday defeated the Field Club in the first of a three game series to the tune of 1 to 0.

It was a pitcher's duel throughout and an error by Fichter let in the deciding run for Moorestown.

The Field Club staged several rallies that brought the spectators up on their toes, but luck seemed against them. The eighth was our best inning. MacMullin drew a base on balls. Harkness drove one over third and an error by the visiting sacker then allowed Babe to make that way station safely. Hark then stole second. Foulke, however, struck. Polts lifted a long fly to center field where Helmeck staged a sensational catch and doubled Harkness, ending our chances.

Moorestown scored in the fifth. Gibbs hit to Fichter at second, but Ott fumbled and then threw wild to third. Pitcher Scott proceeded to win his own game with a pretty single to centre.

Moorestown looked dangerous again in the ninth. Helmeck got to second, while Fichter fanned six men. Scott snapped the ball to Joe Stack who did the stalling game from short and nabbed the runner. Evans then got on through Polts' error, Gibbs went by Fichter's ball and Scott singled, filling the bases. Pitcher Tanker proved his steadiness by fanning the next man and ending the game.

Two-bagger by Foulke in the fourth was a feature and in the seventh Kemmerle came near tying the score. Herbie hit to right field, Fichter sacrificed him to second, but Tanker fanned. Joe Stack came through with a hit to left and Kemmerle was caught at the plate when he tried to make it count.

Pitching honors were about even. Fichter made six hits, Moorestown seven. Tanker fanned six men, Scott fanned eight, but the Field Club (wrecker was most effective with men on bases.

MacMullin's great running catch in the seventh inning was a feature, while Powell at second starred for the visitors. The game this Saturday will be played at Moorestown.

The score:

FIELD CLUB

OWN YOUR HOME

Cinnaminson Building and Loan Association Will Lead the Way

The Cinnaminson Building and Loan Association of Riverton offers to help you in owning a home. On Monday afternoon and evening, October 8th, they will issue their fortieth series of stock at the Cinnaminson National Bank. New members may become borrowers at once as the association has \$10,000 to loan monthly.

Ask for one of the new reports after the 8th and compare it with the reports of other associations; then subscribe for one or more shares of stock, and become your own landlord, paying your rent money into the association. In about 126 months your house will be clear.

J. Otto Thillow, President.
Adv. Joseph H. Smith, Secretary.

Huge Apple Shipments From Jersey

TRENTON, Oct. 2.—New Jersey is shipping more apples just now than any other State in the Union. During one week in September, forty-seven carloads were sent out of the State besides thousands of packages in less than carlots. Up to the present time more than 1000 carloads have left the State. The crop is reported to be short, but the quality is excellent and growers are receiving satisfactory prices. Bushel hampers are bringing \$2 and barrels of good stock are selling for \$5 and \$6 in the wholesale markets. New Jersey growers consider cabbage one of the poorest crops this year.

F. C. TENNIS STARS BEAT MERCHANTVILLE

Win First Sets By Score of Five to One After Shift in Lineup

The Field Club tennis team accompanied by a small band of rooters from among the fair sex, motored to Merchantville last Saturday afternoon and "brought home the bacon."

Owing to Charley Kelton receiving his call to join the Naval Cadets in which he enlisted some time back, it required a shifting of the Field Club lineup. George Durkin was on from Camp Meade and filled in the gap to a nicety. George and Tony Boehme in the doubles, were closely contested and required eighteen games before the Merchantville men were subdued.

Walter Gibbon in playing first singles met a worthy opponent in Levy. The match was closely contested and registered the lone victory obtained by Merchantville, due to his careful playing and steadiness. Incidentally this was the one contest that required the third and deciding set.

George Bonal took the opposite side of the net from our old friend Harvey Bell in the second singles. Their match was nip and tuck and two double sets were necessary before "youth" conquered.

Stanley Green and Russell Gibbon each won his match in singles in good shape and helped swell the score.

The final result of the match was Field Club 5 points; Merchantville 1. This Saturday afternoon, October 6th, another attempt will be made to play the many times postponed match with the Chester Pike Country Club (Norwood), at the Field Club courts.

FLAGG FOR SHERIFF

THREE YEARS HENCE

Defeated Candidate Announces Fall Support of Nominee A. Engle Haines

RIVERTON, September 29, 1917. TO THE REPUBLICAN VOTERS OF BURLINGTON COUNTY

My Esteemed Friends:

Having been a candidate for the nomination as Sheriff at the recent Primary Election, held Tuesday, September 25th, and having met with defeat, I beg to assure you that I willingly accept the verdict so given, but with pardonable regret at the outcome.

I shall support the successful candidate A. Engle Haines, to the fullest extent at the General Election, and sincerely urge my many friends to do likewise.

Permit me to extend my heartfelt thanks for the support given me and to express the hope that I may become your candidate three years hence.

With kind regards, I am
EDWARD H. FLAGG, JR.

RIVERTON SCHOOL BOARD

Reception for Teachers and Directors on October 18th

At the meeting of the Riverton Board of Education Monday night the medical committee presented a report from the medical inspector, stating that the physical examination of the pupils had been completed. The committee reported unfavorably on a proposition to increase the janitor's salary. The supervisor's report showed twenty cases of tardiness the past month.

The clerk read an invitation to the members of the Board to be present at a reception to be given to the teachers and Board of Education on October 18.

Supervisor L. R. Turner was requested to attend the meeting of supervisors, superintendents and supervising principals, held at Trenton on Tuesday.

Bills for supplies, salaries, etc., amounting to \$342.69 were ordered paid.

Call Of Men To Camp Dix Is Postponed

Lack of Accommodations Delay Departure of Second 40 Per Cent.

Owing to the lack of accommodations at Camp Dix, the drafted men who were expected to be called to Wrightstown on October 3rd, will have a few more days or weeks of civilian life before entering training.

Judge Huppert, chairman of the local exemption board, announced this week that the next call to camp would be considerably delayed and might not be made until November. The board is unable to give the date exactly now but will endeavor to give the men as much notice in advance as possible.

The local board has more than filled its quota. Judge Huppert announced, having certified 161 men to the District Board at Trenton, but the discharge of men by the District Board at Trenton may cut down this number.

Of the sixty-three men called to Riverside last Saturday, there are only ten thus far who were taken into the service. Others either failed to pass the physical examination or have filed exemption claims. Among the ten are the following local men:

Maurice Kraacke, Riverton; Walter E. Pike, Palmyra; Lawton J. Steele, Riverton; Raymond McGivney, Riverton; and Wesley W. Davies, Palmyra.

The others are: Giuseppe Pinai, Joseph Labucki, James Howard Johnston, Victor J. Yanick and Frank W. A. Prons.

In case not all the men examined are needed to complete the quota at Camp Dix, the local board announces that the last men will be taken in the order drawn and those falling outside the quota will not have to go until the next draft.

Victims to Camp Dix find the approaches to the cantonment jammed with automobiles for miles around. Upon reaching Camp Dix, a whole city of barracks with electric lights and other facilities, is observed. Colored troops have been guarding the streets and directing traffic.

Thus far the men have been only partly uniformed and their rifles had not arrived the first of the week.

The following exemptions are allowed after having been held up by the board for some further introduction. They will be on hand:

Harry Mansfield, Palmyra; Walter Gibbon, Palmyra; and John S. Miller, Riverton.

EPWORTH SUNDAY SCHOOL

Resumes Afternoon Session With Big Rally Day Program

The Epworth Methodist Sunday School will begin its afternoon session this Sunday, October 7th, at 2.30 p. m. sharp. The splendid orchestra under the direction of Thomas Griffithberg requires no further introduction. They will be on hand.

This being Rally Day every department is supposed to be represented, from the Cradle Roll to the Home Department inclusive. Can we not break last year's record, which was the largest in the history of the school. It all depends on you.

J. R. RYCKMAN,
Gen'l Supt.

DEATHS

Mrs. Susan Wyman, mother of Mrs. J. B. M. Showell, and Dr. H. P. Showell, died at the home of Mrs. Showell on Sunday, in her 84th year. The funeral services were held on Wednesday, conducted by the Rev. John Higg, and interment was made in West Laurel Hill Cemetery.

Hannah Ellis, daughter of the late Levi and Mary Ellis, of Moorestown, died at the home of William Eval Tuesday night after an illness of but a few minutes. The funeral services will be held in the First Baptist Church, Moorestown, on Saturday, and interment will be made in the Baptist Cemetery.

Have You Bought Your Liberty Bond?

THE practice of saving never had a greater incentive or a more inspiring opportunity than now.

Never has good to oneself been linked up stronger with good to one's country than it is in a Liberty Bond.

You lend Uncle Sam \$50. You pay it in a lump sum or part at a time just as you choose.

That \$50 bond (or as many more as you want to purchase) pays you 4 per cent. interest, and is the soundest possible investment for your future use.

Should you spend a life-time looking for the wisest way to store up your savings you could not find a safer than Liberty Bonds with the United States Government standing behind every one.

And every Bond you purchase, every dollar you save and invest now, helps your country—more than you know—in its great undertaking across the sea.

The citizens of Palmyra and Riverton must do their share. Everyone must question himself at this time whether he cannot help in this work.

Call at the Cinnaminson National Bank, Main Street, Riverton, whether you have a bank account there or not—they will gladly tell you how to invest in Liberty Bonds.

GROW POTATOES FROM SEED

In an effort to restore the old-fashioned potato seed, an experiment is being made in the garden of the University of Washington. The white fruited berry of the potato, which was found everywhere a generation ago and has now almost disappeared, was used to plant a patch, and the fruiting potato plants are being raised.

With them have been planted a number of potato tubers in the usual way, and the latter have grown much more rapidly than the plants which have developed from the seeds. The object in seeking to produce potato seed again is that crossing of strains can be secured in this way, leading to a more wholesome condition of the plant. When propagation is only by

the roots there is no chance for cross-fertilization, and the same strain of potato will in time give out.

The experiment is being conducted under the direction of Assistant Prof. John W. Hutson of the department of botany.

The Wife
Reads the advertisements in the new Daily Enterprise and knows where to get the best bargains by reading them. She often carries the pocketbook for the family, and does all the buying both for herself and her husband.

She watches the men's furnishings and clothing advertisements as carefully as she does the dry goods and groceries. Address your daily advertising talks to her through the new Daily Enterprise, it's her paper.

BEETLE IS "GRAVE DIGGER"

When an animal dies in a garden or in the woods and decomposition begins, carrion bugs come from far and near. A dead bird, a mouse or a harmless snake wantonly killed by some wanderer provides a banquet for hundreds of insects. Among these "grave diggers" are found, embracing 42 species, 12 of which are found in Europe, the rest in America.

You can identify these beetles, says Popular Science, by the two jagged, yellowish red or reddish transverse bands upon their black wing covers. Their scientific names (Necrophorus) means no more than "buriers of the dead." As undertakers, the insects have legs especially adapted for digging.

A grave-digger beetle has a most extraordinary sense of smell. He can detect the peculiar odor of decomposition a long distance away and flies to the dead thing as straight as an arrow. His remarkably keen nose is situated in his club like feelers.

As a rule several grave diggers are found near a dead body. They crawl under it and scratch the supporting earth away, so that the body soon lies in a hollow. Gradually the body is lowered until it sinks below the surface. Then it is covered with earth. The female lays her eggs around the interred form, thus insuring for the newly hatched larvae a plentiful food supply.

Lost in the Hub
Mr. Penn—They say the streets in Boston are frightfully crooked.
Mr. Hubb—They are. Why, do you know when I first went there I could hardly find my way around.
Mr. Penn—That must have been embarrassing.

Mr. Hubb—It was. The first week I was there I wanted to get rid of an old cat we had, and my wife got me to take it to the river, a mile away.

Mr. Penn—And you lost the cat all right?

Mr. Hubb—Lost nothing! I never would have found my way home if I hadn't found the cat!

Japanned English
A prominent merchant in Osaka, Japan, sent the following to an English firm:

Messrs.—We have much pleasure in requesting your latest catalogue of your products, price list and discount sheets. If it turns satisfactory we shall consider the question of the large orders. Now, our aim doing in this case is our first attempt to prepare ourselves to purchase of the products directory from makers instead of the broker of each side. We must beg your kind co-operation on this new movement. We are of opinion as well as our customers here that will probably obliged us to follow this new principle. Trusting that the result will be encouraging the further business, and remain, etc.

Creed of Epicureans
When St. Paul addressed "epicureans and stoics" (Acts xvii, 18) at Athens the philosophy of life was practically reduced to the teaching of these two antagonistic schools.

Pleasure and not absolute truth was the end at which Epicureans aimed. His system degenerated into mere materialism and in this form epicureanism was the popular philosophy at the beginning of the Christian era.

Our sons can't smash Germany with mere good wishes. Give them the guns and shells to make a quick job of it!

IT PAYS TO ORGANIZE

A planter down in Kentucky had just employed a strange negro as a mule driver. He handed him a brand new blacksnake whip, climbed upon a seat behind a pair of mules and asked the darkey if he could use the whip. Without a word the mule driver drew the black lash between his fingers, swung it over his head and flicked a butterfly from a clover blossom alongside the road over which they were traveling.

"That ain't so bad," remarked the planter. "Can you hit that honey bee over there?"

Again the negro swung the whip and the honey bee fell dead.

Noting a pair of bumble bees on still another blossom, the negro switched them out of existence with the cracker of his new blacksnake and drew further admiration from his new employer.

A little farther along the planter spied a hornet's nest in a bush beside the highway. Two or three hornets were assembled at the entrance to the nest.

"Can you hit them, Sam?" he inquired.

"Yes, sah; I kin," replied the negro. "But I ain't going to; dey's organized."

Her Old Glove
"It is made out of the upper part of a long, white kid glove," the little manicure explained when I noticed the case from which she took her file, scissors and orange wood sticks. It was a very dainty affair, made simply by stitching a glove arm and turning one piece of the kid back on the other. The pockets were made by graduated rows of machine stitching, which made them any size you liked.

"I find this a very convenient little case to carry my tools when I am called from one room to another or go out to a private customer. It would be nice for traveling, too, as it is so flat and easy to make. My buffer, you notice, is covered with the white kid. I find it much better than the chamois, as it is softer and more like the palm of the hand."—New York Press.

The Perfect Blockade
Carl W. Juch, a millionaire dyer, said in Cincinnati:

"Now we've cut off the neutrals, Germany is bound to fare as sparsely as the Schmidt family."

"Mrs. Schmidt, you know, took her large family of children to the city one day, and when lunch time came she led them into a restaurant."

"Waiter," she said, "one sirloin steak and seven plates."

"The waiter gave a start. Then he bent over Mrs. Schmidt and whispered, respectfully:

"Beg pardon, madam, but if you and your family was to take that there table by the kitchen door and sniff hard I think you'd get more of a meal."

An Equally Extensive View
A literal interpretation of a common-place remark is sometimes amusing. In "Midsummer Motoring in Europe" De Courey W. Thom tells of an old traveler who said to a very small boy then making his first voyage, who had climbed upon the bulwark and was gazing across the ocean to the war horizon, "My boy, did you ever before see such a glorious stretch of ocean—as far as you can see only ocean?"

"Yes," answered the boy.

"Hardly," said the man. "Where do you think you saw it?"

"On the other side of the ship," replied the youngster.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

CEMENT WORK

Am prepared to do all kinds of Cement work. Furnish foundation or building blocks. Experienced in paving, curbing, driveway cement construction. I can point to my work in these two towns as a guarantee that what I do will be satisfactory.

JOSEPH A. DAVIS

Gas Ranges Will Soon Cost 35 Cents More on the Dollar

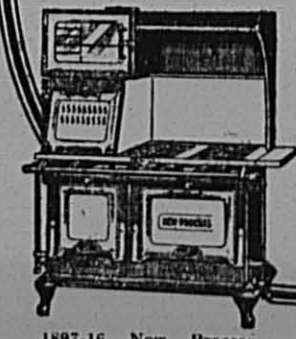

Note the present selling prices of these Cabinet Gas Ranges. Note what they will be when our present stock is sold, which, we estimate, will be not later than November 1st. See the advantage of placing your order at once?

We offer you this saving of more than one-third because our present stock was bought almost a year ago. Since then prices have advanced from 35% to 47%. We must pay the advanced prices to renew stock.

While the ranges illustrated are for large homes, we have smaller types at equally good bargains.

You can save \$4.50 by ordering a Boiler Water Heater now.

Telephone or write. It is to your advantage to make a selection to-day.

1897-16 New Process Cabinet Range—Present price, \$73.25; will soon be \$98.75. Terms, \$10 with order, \$7.50 monthly. Buy now and save \$25.50.

NOTICE OF REGISTRY AND ELECTIONS.

In conformity with the provisions of an Act entitled, "An Act to Regulate Elections (Revision of 1898)," approved April 4, 1898, and the amendments thereof, notice is hereby given that the Boards of Registry and Election in the

TOWNSHIP OF PALMYRA
in the County of Burlington, will meet on the date and at the place hereinafter designated for the purpose of adding to and revising the registry list:

Tuesday, October 30, 1917, between the hours of one o'clock and nine o'clock P. M.

At
District No. 1, Society Hall.
District No. 2, House of Independence Fire Co., No. 1.
District No. 3, Y. M. C. A. Hall.

And Notice is further given that a General Election will be held in said Township at the places of registration on

Tuesday, the 6th Day of November, A. D. 1917, for the purpose of electing the following:

Member of Assembly.
Sheriff.
County Auditor.
Coroner.
Freeholder.

Two members of Township Committee.
Two Constables.
Two Surveyors of Highways.

Also for adopting the several appropriations for the ensuing year.

ALBERT N. STEWART,
Clerk of the Township of Palmyra.
Dated September 7, 1917.

TROLLEY SCHEDULE
Subject to change without notice.

Palmyra for Camden—8:21 a. m., 5:21, then half hourly till 10:21 p. m., then hourly till 12:21.

Palmyra for Trenton—4:39 a. m., 5:29, 6:39, then half hourly till 8:39 p. m., then hourly till 11:39. Cars at 9:09, 10:09, 11:09, 12:39, 1:39, 2:39 end trip at Riverside.

Difference of time at Riverton, two minutes.

It is obvious that the blind man should it might difficult to get up stairs.

In proposing to a girl don't take no for an answer. Just say: "Will you, or will you knott?"

The Telephone's Part

Scattered all over the country are great camps where officers are being trained, recruits whipped into fighting shape, aviators and artillerymen schooled in their special arts, and non-combatant forces instructed.

Along the coasts and on the lakes the forces of the Navy are just as busy, preparing to throw the Nation's full strength against the foe.

In the foreground of all this activity is the Bell Telephone, linking even the farthest outposts with headquarters and bringing all under direct central control. Thousands of miles of new lines have been constructed, hundreds of switchboards installed, and unheard-of volumes of traffic, both from Government and private sources, are being handled.

Only by the most conservative use of every available resource can these great demands for telephone service be adequately met. And the public is reminded that real patriotism at this time should prompt a use of the service that is free from extravagance and wastefulness.
