## CITIZENS BACK BOROUGH PLAN

### Chamber Commerce Brings Out Advantages in Change of Government

The Palmyra Chamber of Commerce at its meeting Tuesday evening discussed the proposed change of municipal government from the Township to the Borough form.

George N. Wimer said he had originally been in favor of the Commission plan, but that with our present population the Commission would be limited to three members, the same as the Township Committee, and he was convinced that with the town's rapidly growing population there should be more members on its governing body. Consequently he now favors the Borough form which will provide six councilmen and a Mayor to run the affairs of the town.

Mr. Wimer said the vote at the general election in November on the Borough question is what will appear on the ballot would have no legal effect in creating the change, but would be merely a formal expression of the voters' opinion. In case the majority favor the Borough plan, Assemblyman Powell and Senator Roberts have agreed to introduce the necessary bill in the Legislature and they believe it will carry without difficulty on the strength of the town's vote.

The only other method of changing to a Borough would be to have the bill passed before a vote was taken, and in that case, a referendum clause would be attached which would require a vote at a later date, which would further delay the change.

Albert N. Stewart, who has had many years experience with Township affairs, both as clerk and as Township committeeman, said he had always thought three men were too few to attend properly to the town's business.

S. M. Fox mentioned that now two members of the committee could decide questions, while in a council of six, it would require at least four members to pass a measure, and that the opinion of four men would more likely be correct than that of two.

The Borough form would not add expense to the town in any way. All the present laws and ordinances would be made effective in the act creating the Borough and no change would need be made in salaries of the various officers, such as clerk, collector, assessor, etc.

It was emphasized that the Council would provide representation for all parts of town and that the greater number of members would mean that a greater number of neighborhoods and of different opinions would be directly represented in the governing body. The councilmen would be better able to keep in touch with the needs of various sections and would also have more time to give attention to neighborhood needs than is now the case.

J. Horace Finney, Republican candidate for Township Committee, said he was heartily in favor of the Borough plan, because it would more adequately represent the different parts of town and promote more efficient management. He suggested that a public meeting be held at which speakers acquainted with Borough laws and procedure could explain the whole proposition in detail. Mr. Finney said he understood that the large majority of citizens were anxious for the change.

Some one asked what had become of the building code which had been presented to the Township Committee nearly a year and a half ago and which has not been passed yet.

Riverton, it was declared, felt the need of a building code, after the Penn Motor Company fire, and the Council there passed the measure within a short time afterward. Building and real estate men present at the Chamber meeting said that as a result buildings now being erected in Riverton were much better constructed, being carefully inspected by Building Inspector Smith, but that in Palmyra houses were being put up in "any old way."

"It's a shame" what kind of material and workmanship is going into some Palmyra buildings, said one man. Similar houses in Riverton, he declared, would last years longer because they had to be kept up to standard.

A motion was passed that the Chamber demand definite information from the township committee as to what it was going to do with the building code.

Two new members were elected to the Chamber, H. C. Schwering, Jr., and H. B. Morris.

### Rummage Sale

A rummage sale for the Visiting Nurse Society and Home Service Committee will be held at Collins' Hall, Riverton, Saturday, October the fourteenth, at 9:30 a. m.

We need your cooperation and hearty support in this work. Your overflow may prove another need. Articles may be sent to Collins' Hall Friday, the thirteenth, or will be called for before October fourteenth, if notification is sent to Miss Martha McI. Biddle, 207 Bank avenue, Phone 103.

On behalf of the committee, MARTHA McI. BIDDLE, Chairman.

To Play Organ Masterpiece Horace C. Hustler, organist at the Liberty theatre, Tacony, will play the famous masterpiece, "The Storm," the first three evenings of next week in addition to the theatre's regular movie program. The Liberty is noted for its organ and is only a short distance from the ferry landing. See announcement elsewhere in this issue.

### Borough Laws

Assemblyman Clifford Powell has given the following information to the Chamber of Commerce concerning the Borough form of government:

The governing body consists by law of Mayor and six councilmen, all of whom shall serve without pay. Other officers are solicitor, collector, treasurer, clerk, overseer of poor, superintendent of highways, engineer, assessor and constables.

The Mayor's term is two years. Councilmen serve three years. In the first election in Palmyra, two councilmen would be chosen for one year, two for two years, and two for three years, in order to start the rotation, so that afterwards two can be elected each year.

The collector, who also serves as treasurer, and the assessor are elected as at present. The following appointments are made by the Mayor subject to the Council's approval: borough clerk, solicitor, engineer, superintendent of highways, overseer of poor, chief of police and constables. The salaries of all these are fixed by Council.

The Mayor has certain veto powers in specific cases, provided by law. Council may elect its own presiding officer.

Since the law provides that the Mayor and Council shall serve without pay, the only expense involved in the change will be for the purchase of new stationery, and a possible special election. There will be no change in the school district.

No expense is attached to getting the Borough bill passed through the Legislature. Mr. Powell will draw the bill without charge.

One item of saving will be the salaries now paid the Township Committee.

The Chamber of Commerce approves an equitable distribution of the councilmen and goes on record as favoring representatives for West Palmyra and other sections not now represented.

### DELAIR

J. E. Eicholtz, the Delair station agent, is back at work after a week's vacation. During that time he visited Pittsburgh, Delaware Water Gap, and Atlantic City. No wonder he would like to have another week to rest up.

Mr. and Mrs. Joseph McGarry and Mrs. Finkbner, all of Philadelphia, were guests of Joseph Miller, Jr., on his birthday, October 1.

Mrs. John Bagans entertained at a tea party Tuesday afternoon.

Mrs. C. E. Rowland entertained on Wednesday Dr. W. J. Hopkins and Miss E. Corner, of Philadelphia.

Mr. and Mrs. Charles E. Rowland were guests of Mr. and Mrs. Mark Rowland, of Camden, over the weekend.

Mr. and Mrs. Blair Githens, of Philadelphia, spent the weekend with Mr. and Mrs. A. H. Wonderly, of Velde avenue. On Sunday Mrs. Githens and Mrs. Wonderly motored to Ocean City to visit Mrs. Githens' mother.

Mr. and Mrs. T. W. Murphy and family motored to Moorestown Sunday.

Mrs. Edwin Bagans entertained, on Wednesday, Mrs. S. Reynolds and Miss Helen Halpak, both of West Philadelphia.

At the regular monthly meeting of the Delair Parent-Teacher Association last week a total membership of 141 was reported. Announcement was made that they have recently purchased a large book case and three beautiful pictures which have been placed in the school. Arrangements are now being made for a supper to be held in the school November 11.

A special meeting will be held at the home of Mrs. J. D. Silber on next Monday, October 16, to arrange for final details.

Services at Holly Trinity Church every Sunday. Sunday School at 9 a. m. and evening prayer at 4 p. m. Mr. and Mrs. A. C. Armstrong and family visited relatives in Salem over the weekend.

We are assured by good authority that River road will be a good macadam road in a very short time. Work will be started soon so as to be able to open same by spring.

Mrs. Mark Reeve entertained at a luncheon and card party at her home on Wednesday afternoon. The guests were Mrs. Tucker, of Merchantville, Mrs. Creeley and Mrs. Carlsen, of Delair, and Mrs. Hollingshead, of Camden.

### Wesleyan News

Everything is in readiness for the visit of the members of the Wesleyan Class and their friends to Bridesburg Sunday. Our friends over there have made extra arrangements to take care of us, and from information we have received, those who go will have a treat in store for them. So don't miss this trip.

Incidentally a large crowd from Palmyra will be an inspiration to the boys at Bridesburg.

Autos will leave at 1:45 p. m. Brother Kershner gave another of his splendid talks last Sunday. The orchestra has been augmented by the addition of several pieces, and rendered an excellent program. Brother Leon Harris favored with a violin solo.

Riverton fell a little behind in the attendance honors last Sunday. No doubt matters will be evened up this week.

### Injured in Football

Carl Lutz's shoulder blade was broken in Palmyra high school's first football game of the season, played at Princeton last Friday afternoon. Carl, who is tall and slender, tackled a heavy player who fell on him, causing the injury. The doctor at the game bandaged the shoulder and sent him home where Dr. Tull set the bone Saturday. Carl broke his wrist in one of the first games last year and was out of the game the rest of the season.

### Accidentally Shot

Lawson Hemingway was accidentally shot through the wrist last Friday night when he dropped his revolver while getting out of his automobile at his home on Rowland street. Fortunately the bullet missed the bones and only inflicted a flesh wound.

### Who Drank It?

Three soldiers out for a lark on Saturday night attempted to purchase all the bay rum on sale in Woolworth's 5-and-10. Each soldier secured a bottle before the saleslady became wise to their motive and drank the contents.—Mt. Holly Herald.

## P.H.S. DEFEATS HADDON HTS.

### Locals Wallop Husky Rivals in Hard Fought Game 12-9

Last Tuesday Palmyra High went to Haddon Heights with the Princeton defeat fresh on their minds, but the spirit of P.H.S. is fight to the last and they did.

In size the Haddon Heights team would have made two Palmyra teams. To bystanders it would seem as though Haddon Heights would have an easy time of it. The home team also was feeling confident over their recent victory over Burlington, our greatest rivals.

At the start Palmyra made four fumbles in succession, but they soon settled down to good steady playing. The two teams sea-sawed back and forth until H. H. managed to get near enough to their goal to make a field goal, which gave them three points.

This woke our team up and it was not long before Kersey plunged over the line for six points. Our line played a good game and the work of Kersey and Raphael in the backfield was sensational. A few minutes later Palmyra blocked a kick and Warner fell on it over our line, making our score twelve. The first half ended with the score 12-3 in favor of Palmyra.

The third quarter was bitterly contested and ended without either side scoring.

The last quarter was almost like the one preceding, but Spotts, the big H. H. full back made a touchdown in the last few minutes of the game. Thus the game ended 12-9.

Miller, of Haddon Heights, suffered a broken finger and Kersey, the Palmyra star, was injured about the leg.

Palmyra left end tackle Miller, Palmyra left guard Reidel, Palmyra center Dill, Palmyra right guard Ludwig, Palmyra right tackle Demphsey, Palmyra right end Norris, Palmyra left half-back Smith, Palmyra right half-back Anderson, Palmyra full-back Spotts.

Substitutions—Nice for Miller, C. Meyers for Reidel, Lewis for Spotts, Sullivan for Becton, Wagner for Warner, Referee—H. H. Umpire—F. J. Time of quarters—8 and 10 min. Halftime—10 min. Goals from field—Norris.

### Parry Notes

The Men's Bible class of the Moravian Church, under the leadership of the pastor, is making rapid progress, both in numbers and spirit.

Don't forget the chicken supper given by the Willing Workers in the church, October 25th.

Mr. and Mrs. Carl Wallin, who have sold their property on Main street to Morris Krackee, of Five Points, will spend the winter in Baltimore with their son.

### A Surprise

On Saturday last a delightful surprise party was given to Mrs. Ernest Mueller, of Morgan avenue, by her husband and a coterie of gentlemen from the Philadelphia Saving Fund Society upon the occasion of their crystal wedding.

Through the kindly ministrations of their neighbors, Mrs. and Miss Haven, the table decoration and supper were characteristic of the event and making the affair one long to be remembered. Mrs. Mueller was the recipient of a shower of beautiful gifts.

Among the guests were Mr. Bendig, of Philadelphia, Mr. Graham, of Oak Lane, Mr. Raively, of Germantown, Mr. Craig, of Fort Washington, Mr. Stevenson, of Collingswood, Mr. Hill and Mr. Flait, of Philadelphia, and Mr. Wire, of Beverly. After an evening of pleasure and song, the jolly faction skidded home in their motors with feelings of a successful surprise.

### BURIED BY GRAVEL

Cambridge Youth Badly Hurt at Sand Pits in East Riverton

Luke Edge, 21 years old, of near Cambridge, was caught by falling gravel at the sand pits back of the ice plant in East Riverton last Saturday morning and suffered severe injuries.

Edge started running at the first warning and was caught by the heavy gravel with his legs outstretched in such a manner as to almost tear his body apart.

The Palmyra Ambulance answered the call quickly and men from the ice plant also went to the victim's aid. George Truman, P. G. McMahon, Chief Beck, Nelson Wallace and others assisted Dr. Marcy in giving first aid treatment, after which Edge was taken to the Riverside hospital, where he is reported to be doing nicely.

### Card of Thanks

Mrs. Mary E. Warthman and family are deeply appreciative of the many acts of kindness and sympathy shown by neighbors and friends in their recent bereavement.

## SEWER PLANT NOW AT WORK

### Public Inspection and Demonstration to Be Held This Saturday Afternoon

This Saturday afternoon at three there will be a public demonstration and inspection at the sewer pumping station and disposal plant and all citizens are invited to be present.

The exhibition will begin at the pumping station at the foot of Berkeley avenue at three o'clock. The Township officials, the engineers and the contractors will be present to show the people how the new system works.

The plant is already actually in operation, some houses having been connected with the sewer and are using it.

Township chairman John M. Davies announces that connections can now be made to all parts of the sewer, although a permit from the township clerk must be obtained.

### MERRICK TO RUN

Democratic Candidate to Enter Race for Township Committee

George Merrick, of Horace avenue, who received the highest number of Democratic votes cast for Township Committeeman at the primary, has accepted the nomination and will make a fight for the office.

With a split in Republican ranks, caused by the independent candidacy of Mr. Davies, Mr. Merrick figures he ought to have a chance of winning in a field of three.

### League of Women Voters

On Thursday afternoon of last week the League of Women Voters held a meeting at the home of Mrs. J. Herman Ferry, in Edgewater Park.

Plans are being made to organize Leagues in every town in this vicinity. Mrs. Winfield Smith, field director, of San Francisco, gave an address on the work being done by the Leagues in the Western States.

On Thursday afternoon of this week a meeting was held at the home of Mrs. Sherman L. Warren, on Thomas avenue, when the local annual election of officers took place. Mrs. Charles H. Stillwagon was elected chairman, Mrs. Harry Kenney secretary, and Mrs. J. A. Larkin, treasurer.

### TAX SALE HELD

Only Twenty-two of Originally Advertised Properties Go Under the Hammer

When the tax sale came off last Saturday, all but 22 out of the 52 properties originally advertised had had the taxes and costs paid.

A few of the remainder were cried off to the Township Committee and the majority were purchased by local buyers, the price being limited to the taxes due and the costs. Something over \$1200 was realized for the township funds.

The original owners have the privilege of redemption by payment of taxes and costs within two and a half years.

### Tour of Inspection of County Schools

It has been suggested that a better knowledge of the schools of our extensive county would add to the interest of the County School Board Association. An auto tour has been arranged by the executive committee of the Association and Superintendent Louis J. Kaser, to visit several of the representative types of rural schools throughout the county on Thursday, October 19th.

The tour will start from the Springside School, one mile south of Burlington, on the Mount Holly road, at 9 a. m. It is planned to reach Vincentown school by noon.

It is hoped that as many members will make this trip as can do so, and that every Board of Education will be represented. Members of the Home and School Associations are especially invited and all those interested in education will be welcome. Those who can send cars with room for others are asked to kindly advise County Superintendent Louis J. Kaser, Mount Holly, how many they have room for. Likewise those who wish to have seats should get in touch with Mr. Kaser's office. Take basket lunch.

### New YMCA Group

The opening meeting of a new YMCA group was held in the parish house of Christ Church, Palmyra, Tuesday, October 10, with nine fellows present. The following officers were elected: president, Arthur Hartley; vice president, Gussie Probst; secretary, William Baker; treasurer, William Kersey.

This group is open to boys 12 to 15 years of age. Next week is "games night," and each fellow is going to bring another buddy. Any boys who are interested may come around next Tuesday at 7:30 p. m.

### KICK ON TUITION

Riverside and Delanco seek to have  
Reduction from Palmyra High  
School

Riverside and Delanco School authorities are protesting against the \$900 tuition charge to Palmyra High School. Beverly is making a similar kick against Burlington.

School Board President James T. West and other members of the Board took up the matter with the State Board at Trenton last Saturday, and showed that the cost per pupil was \$97.

His argument made a favorable impression with the State authorities, who remarked that he had facts and figures, while Riverside and Delanco presented only generalities. A decision will be made later.

Y. W. C. A.

The County Y. W. C. A. supper given in the Porch Club on Tuesday evening was a great success. Representatives from each district were present to welcome the new secretaries and discuss new ventures with them for the coming year.

The local club will meet at the Porch Club next Tuesday evening at 8:45. The social committee is planning a good time for everyone, so come out and bring your friends. An opportunity to register in classes in millinery, needle construction and physical training will be given at this meeting. All desiring these courses be sure to attend, as the classes will start on Tuesday, October 24th, at 7:30 p. m.

### County Committee Holds Public

The newly organized Burlington County Republican Committee held a meeting, to which the public was invited, and presided over by Mrs. Nellie Russell, of Springdale, first vice chairman of the county organization, at the court house, Mount Holly, on Monday evening. While the attendance, outside of the members of the committee was not large, those who did attend heard two splendid addresses, one by Mrs. O. A. Nickerson, of Plainfield, who is working throughout the State organizing local units of the Women's State Republican Club, and another by Mrs. Russell, who said there are now three hundred and fifty clubs in the State with a membership of 11,000. The other speaker, J. Trumbull Wood, a prominent lawyer of Trenton, gave some very interesting facts and figures concerning the tremendous National debt which has been saddled on the taxpayers of the United States, and which he said would take fifteen years to liquidate.

Both speakers urged the members of the committee and all others present to use their utmost endeavor to make sure the election of Runyon and Frelinghuysen, in order that New Jersey might enjoy a law abiding and business-like State administration, and that the representation in the United States Senate might not be lost. During the evening Mrs. Russell urged the members of the committee to keep alive their interest in political affairs the year round, and not to feel that their job was ended as soon as the November election was over. She said that there was very valuable and necessary work to be done throughout the whole twelve months, and that the chairman would need the advice of every member of the committee.

After the meeting one of the old line Republicans, who has been in political affairs for over a decade, said, "I believe that the Republican County Committee is better organized today than it has ever been within my recollection."

### EXECUTOR'S SALE OF REAL ESTATE

The subscriber, executor of the last will and testament of Ellen A. Wilson, deceased, will sell at public sale, on Tuesday, October 31st, 1922, at the hour of 2 o'clock in the afternoon, on the premises, all that certain lot or tract of land, with the dwelling house thereon erected, situated on the easterly side of Parry avenue, in Palmyra, in the County of Burlington and State of New Jersey, known as No. 816 Parry Avenue, owned and occupied by Ellen A. Wilson in her life time, bounded and described, by a deed made in 1908, as follows, viz:

"Beginning in the Easterly line of Parry Avenue, Two hundred feet South of the Southern line of Wallace Street, thence extending Southward along the Easterly line of said Parry Avenue, fifty feet to the corner of said Parry Avenue, thence extending Easterly of that frontage between parallel lines at right angles to said Parry Avenue, thirty feet to be building line; thence continuing on in the same direction One hundred and twenty feet more to the rear of lots fronting on Garfield Avenue."

Also a vacant lot adjoining the above, bounded and described as follows, viz:

"Beginning in the Easterly line of Parry Avenue, One hundred and fifty feet South of the Southern line of Wallace Street, thence extending Southward along the Easterly line of said Parry Avenue, fifty feet in front or width to the corner of Ellen A. Wilson's lot; thence Easterly at right angles to said Parry Avenue, between parallel lines, thirty feet to the building line; thence continuing on in the same direction One hundred and twenty feet more to the rear of lots fronting on Garfield Avenue."

The above lots will be sold separately or together as may seem best. The dwelling house, located on the first lot contains nine rooms, bath, and other improvements. The lot has a frontage of fifty feet on Parry Avenue. The whole property is in excellent condition, is well located and is a very desirable home. The property is being offered for sale to close an estate. A mortgage for six per cent of the purchase money will be allowed to remain on the property.

For further particulars apply to BURLINGTON COUNTY TRUST COMPANY, Executor of the last will and testament of Ellen A. Wilson, deceased, or 828 Parry Avenue, Palmyra, N. J., By Clement Hopkins, President, Moorestown, N. J., September 28th, 1922.

W. Elison Warthman

W. Elison Warthman, son of Mrs. Mary E. Warthman, 520 Garfield avenue, died early last Saturday morning at the West Jersey hospital from blood poisoning caused by infection of boils which developed on his head during the summer.

Mr. Warthman was 42 years old. He had many friends in Palmyra and was teacher of the boys Sunday School class at the Methodist Church. Despite an almost lifelong struggle against disease, he was known everywhere for his cheerful, hearty manner.

As a young man he developed tuberculosis, but made a brave fight against it and was discharged from the Glen Gardner Sanatorium sixteen years ago as cured. Previously he had been a bookkeeper, but he then took up salesmanship in order to be in the open and was for many years connected with the George Uetz Company, dealers in lace and embroidery. All of the employees of the company came to pay their respects before the funeral.

Mr. Warthman was the son of the late Rev. John Warthman, a member of the New Jersey Methodist Conference. He was a member of the P. O. S. of A., the Knights of Pythias, the Odd Fellows and the Eagles.

His mother and one sister, Mrs. A. R. Bradley, of Palmyra, survive him. The funeral was held Tuesday afternoon, the Rev. Samuel Sargent, a former pastor here, and the Rev. E. A. Robinson, officiating, with interment in Harleigh cemetery, Camden.

Mrs. John Stratton

Mrs. John Stratton, of East Riverton, died at the home of her son, Charles, in Lock Haven, Pa., last week. Mrs. Stratton was the mother of Mrs. Nelson Wallace, of Palmyra, who died Sunday morning a week ago. The mother, who had been in poor health for some time, and had been making her home with her son, came here to attend the funeral of her daughter. She became too ill to be present at the services and returned to Lock Haven, dying two days later.

Aid for Smyrna

At the request of the State committee the needs of the Smyrna Emergency Relief were presented to the congregation of Christ Church, Palmyra, last Sunday. Contributions were received and forwarded on Tuesday.

Others desiring to do so may send their contributions to the rectory, D. A. Parce, 610 Parry avenue, who will receive and forward them. The next Porch Club day will be Tuesday, October seventeenth, when motor trip to the Lenox Potteries in Trenton, has been arranged. All members who desire to go are asked to take a box lunch and be at the Riverton station promptly at 10:30 a. m. But all who wish to be included must notify Mrs. C. H. Roll on Saturday, the fourteenth, or room will not be provided.

## THE VOICE WITH THE SMILE

When your Bell telephone operator answers your call, she says

"Number, please?"

She says it with the pleasant rising inflection which expresses better than words her desire to serve you.

She was chosen for her ability and intelligence.

She was trained to be quick, careful and accurate.

She has all of these qualities.

And in addition, she has "the voice with the smile."

It's not just a part of her "stock in trade."

The desire to serve her neighbors and friends is in her very nature.

So she says "Number, please?"

That little word "please" takes a lot of time when thousands of calls are considered.

But its worth all the time it takes.

For the telephone operator knows that courtesy pays

### "Ice Saints"

In many parts of continental Europe the idea has prevailed since the Middle Ages that the days dedicated to Sts. Marcellus, Pancras and Servatius—May 11, 12 and 13—according to another version, to Sts. Pancras, Servatius and Vitellus—May 12, 13 and 14—generally bring destructive frosts. On account of this belief, which has been the subject of much scientific discussion, both the saints in question and their days in the calendar were regularly known as the "ice saints."

### Where First New Yorker Lived.

An old Dutch office building of the old days, covers the site of the first structure erected by a white man on Manhattan island. A tablet to this effect is on the present building. At No. 11 Broadway, Capt. Adrian Block built four huts. This settlement predated the Dutch colony, who came to establish a trading post in the new world. The present building is the house of the United States shipping board.

## "It swings like a Winchester"

The seasoned woodsman is an exacting judge of what makes a good axe.

A Winchester axe with its carefully shaped contours, weight centered below the eye, bit of high-grade crucible steel—makes a deep, smooth cut with every blow. The man who swings an axe all day finds that a "Winchester" saves his muscles and nerves.

Winchester axes are made in many popular patterns and weights in single and double bit axes—for the lumberman and the householder.

Winchester cross-cut saws are designed for rough, rapid cutting. They bite their way quickly through the log saving the strength of the users.

## MOTHERS HOLD FALL MEETING

The fall meeting of the Burlington City Council of the New Jersey Congress of Mothers and Teachers Association was held at Bordertown on Wednesday, October 18, at which time the council was in quest of the Bordertown Home School Association. Community Home in which the meeting was held, was attractively decorated with prize daisies, autumn leaves and flowers.

The morning session was opened with devotions by Rev. Swain Goss. Mrs. Walter L. Bowen, co-chairman, presided.

Mrs. Orson Brown welcomed the guests on behalf of the Bordertown Home and School, and Robert O. Brown, chairman of the school, extended a welcome on behalf of the teachers.

with a program of music by pupils of the Bordentown School.

Mrs. Stillman, of the State Department of Agriculture, spoke briefly of the Home Demonstration Department, and of the millinery project now put in operation in Burlington county in the fall.

Miss Ella Frances Lynch, of Elm Mawr, founder of the School of Individual Instruction, and the National League of Teacher Mothers, spoke of the methods helpful in the training

Miss Lynch said in part that the child's future was made or marred in his first seven years' training. She declared that if he has no book to read is seven, it will increase his power four-fold. She thereupon advocated not sending a child to school until he has reached the age of seven or eight or even ten years. She emphasized the fact he should be taught at home nothing of a scholastic nature, but that he should learn basic entering school five things: the habit of ready obedience, of reverence, of work, of observation, and that he should be helped to give a good

This same spirit of progress that replaced the horse with the automobile, has replaced temporary, inflammable buildings with permanent fire-proof structures. One man has done much toward this change—your building material dealer—his judgment in favor of permanence is vindicated by its nation-wide acceptance. His judgment on individual material is equally good. He calls it the Standard by which all other makes are measured.

### GOVERNOR EDWARDS AND

THOSE 3000 STILL

The Mount Holly News says that the grand jury, after several days of deliberation, returned 64 bills of indictment last Thursday, of which 31 were for violations of the liquor prohibition enforcement act. This is a very small percentage of the number of violators that Governor Edwards said the Burlington county has within its borders. He stated in speeches made here that he had evidence in his office of the existence of 3,000 stills in this county. It has been suggested that the grand jury should summon him to appear and present that evidence. The chief executive of the state certainly should not hesitate to assist in bringing the criminals to justice. That is his sworn duty.

Governor Edwards' ideal of performance of the Democratic party is restore drunken revelries—wine, women and song—which he says will be possible if the party comes to its own in the state and nation. Here are his words, spoken at a public meeting in Hudson county on October 9th:

"It is an old saying that no party is complete without wine, women and song. Tonight, to all intents and purposes, we have only two-thirds of the entertainment—women and sweet song. When the Democratic Union comes into its own in state and nation, let us hope that we'll have wine also to complete the festivity."

His ideals of woman, whose voice he seeks, must be very low indeed. How do the respectable women of the state appreciate his gross insults?

Every virtuous woman must resent this man's vulgarities and should re- lude him by voting for Joseph S. Fre- lnhuyssen for United States Senator.

Other Editorial Comments  
Lucius T. Russell, a Democrat, editor of the Newark Ledger, which is not a prohibition journal, in an open letter to his friend, Governor Edwards, recommends change in the vulgar and profane antics of the Democratic candidate for United States Senator, and uses plain and outspoken lan- guage in urging the change of tactics. The letter follows:

"The women voters of New Jersey are going to determine the fate of the Democratic Union for United States Senator, and so far, you neither look good, sound good, nor smell good to the women. Your bad man stuff is a bad thing of Don Quixote's kind. Those ladies who like a bad man, like a real bad man and not a caricature. The women sur- venge psychology of New Jersey is running strong, almost un-bridled, against you. You are selling against you."

The women re-nominated Sen- ator Frelinhuysen and the women are going to re-elect him, un- less you quit about face and your bar-room, comedies and show indication of a morality and men- tally above the 'hum' element in our civic and political life."

Editor Russell also points out the imbecility and foolishness of Ed- wards' light wines and beer and other proposals, as follows:

"There is no such animal as light wines, for there is no wine that can be preserved unless it has sufficient alcohol to violate the spirit of the Eighteenth Amendment."  
"The Eighteenth Amendment is as unreplicable as is the Pre-amble to the Constitution itself, and the man who talks about re- pealing the Eighteenth Amend- ment convicts himself of being either a common faker or an un- common fool."

Not 3 per cent of the voters of the United States today could be secured in favor of the repeal of the Eighteenth Amendment. The greatest menace today to a modification of the Volstead Act is to be found in the wet- backed fakery and hypocrites and political crooks who contin- ually harp on the repeal of the Eighteenth Amendment."

Leaving out the morals of the question and looking at it only from the point of view of political expediency, you are committing political suicide by continually harping on the wet question."

Edwards Breeds Anarchy  
Prohibition would have been en- forced in New Jersey in fair measure at least, if there had been a man in the Governor's office who was think- ing more about the good of the State than about his own ambitions and the political machine that has backed his aspirations. It would have been enforced in fair measure if there had been at the head of the State a man who had due respect for the relation- ship of the State to the will of the people of the Nation, the Constitution and the good name of New Jersey.

There was no question about it. The present Governor of New Jersey more than any other individual of influence, is responsible for the pres- ent evil lawless bootlegging and general disrespect for law. His ex- ample has been a breeder of anarchy.

### UNCOMMON

Sense

JOHN BLAKE

### ENERGY IS CAPITAL

A LAKE cannot turn a turbine, though it contains more water than a cataract. All the knowledge you can accumu- late in a lifetime will do you no good unless it can be translated into energy. The difference between doers and wishers in this life is a difference of energy.

The wishers want things. The doers get them. It is hard work getting them, but energy is the force that can accomplish hard work.

The reason you see so many men succeed whom you know to be no bet- ter fitted mentally than failures of your acquaintance is because the suc- cessful men are energetic.

Energy is the driving force behind everything that is done. If we could not live, we could not do anything. If we have some of it, or we could not live.

Those who have a great deal usually get along, unless they constantly misdirect it.

There are, of course, energetic peo- ple who are of no value, and you will get farther than they would if they were content to sit still.

If the man, "Everything comes to him who waits," were amended to read "Nothing comes to him who waits" it would be true.

As it stands it is one of the most misleading and dangerous falsehoods in existence.

Your energy is your capital. Use it wisely and economically and it will pay you an almost unvarious rate of interest.

Half use it, or waste it on things that are of no value, and you will just about make a living, which is a thing no man of ambition wants to do.

Education teaches us to use our en- ergy profitably. An educated man can, or should, get more out of the same amount of energy than an un- educated man, exactly as a turbine gets more out of a column of falling water than the old-fashioned over- wheel.

Yet the energy must be there, or the direction must be useless. There must be driving force which will apply what you have learned to your problems. Nothing is accomplished by education alone.

If you haven't got energy, cultivate it. But your health in good condition and your physical energy will im- prove, and with physical energy you will gain mental energy.

Be careful how you use both. You can't settle a business tangle if you have been playing tennis all the morn- ing. The exercise will use up the en- ergy that ought to be expended on the job. Your brains can't use what your muscles have used already.

Energy is always capital, but it must be used and prudently invest- ed. Take care of your. Add to it by care of your health, and by abundant mental exercise. Then expend it on important matters, and don't be afraid to expend it liberally. It is one thing of which the more you spend the more you will have provided, of course, it is not foolishly wasted.

### BOOTLEGGER'S PREMISES

RAIDED

After Harry J. Lord, of Burlington, had pleaded guilty before Judge Wells on Thursday to having assaulted an officer while under the influence of liquor, he informed the officials where he had obtained the freewheel that had made him so cantankerous. William A. Slaughter, Supreme court commis- sioner, who was in the court room, soon prepared the papers necessary for making a search of the bootleg- ger's premises and also a warrant for the man's arrest. It was John Coumbe, residing near Centerton.

Constables Samuel J. Taylor and Charles E. Gilbert, at once went to Coumbe's home and made a search. Two barrels of wine were found in the cellar and some quart bottles and demijohns filled with liquor were lo- cated in a field about fifty yards from the house. All the stuff was seized and together with Coumbe was brought to the court house.

The prisoner pleaded guilty to hav- ing illegal possession of the liquor and wine, but said he would not be charged with having made any sale. He was placed under \$1,000 bail for appear- ance next Thursday, when the case will be heard. His father, Robert Coumbe, became bondsman for the defendant.

### HIS FAMILY PAYS THE PENALTY

No man suffers any himself by failing to make a Will, but when he dies his family does suffer from his neglect.

Added expense, delay in settling his es- tate, and arbitrary distribution of the property are experiences from which every family suffers when there is no Will.

Now is the time to safeguard your family's future by having an attorney draw your Will and by naming the Cinnaminson National Bank as executor and trustee.

Its continued life, and financial responsi- bility are compelling reasons for choosing this bank as executor and trustee of your estate.

### Smells Spread Devastation.

On the coast of Oryon quite lately a plague of smalls occurred. Millions of smalls were to be found every- where, and some of them were reported to weigh a pound each. They began by feeding on and destroying young fish, and then went on to feed on the adults.

The government took prompt action and managed to stop the devastation.

### A Poor Combination.

A brief combination story is told about the governor of Maine, who, while addressing the students at Bowdoin college, said: "Your spacious campus with its beautiful park of green." etc. Evidently he started to say "campus" then switched off onto "herbage," but the combination that resulted was hardly a happy one.

Highway Bond Issue Indorsed by Farmers—State Grange and County Boards of Agriculture Ask Support for Bill.

Trenton.—The Morris Canal Com- mission has requested the Lehigh Valley Railroad to furnish details of the method by which the road reach- ed a valuation of \$12,500,000 in the sale of its water rights in the Morris Canal. Before the commission gets a report on the matter, it will be asked to arrange, if possible, transfer of title to the canal to the state so that the waterway may be abandoned and the water rights sold to the state.

At the same time the commission has requested the East Jersey Water Company and its allied interests to furnish proof of their claim that the water rights in the Passaic River watershed. When the commission started its hearing two months ago the water company, through its vice president, John H. Cook, served no- tices that it disputed the Lehigh's claim to ownership of water rights in the watershed where the East Jersey oper- ates.

Under the act which empowered the commission to negotiate for the state, its members, Frank H. Sommer, president; Edward L. Young, of Jersey City, and Louis A. Koch, of Trenton, were directed to report to the Legislature December 1 whether it made a bargain with the Lehigh and its allies for extra aid in exchange for the water rights. As there is considerable work to be done still in the negotiations, Mr. Sommer has requested the Lehigh and the East Jersey to submit their proofs as soon as possible and he expects them to be in the hands of the commission next week.

Lehigh Terms Staked.  
The Lehigh Valley, as lessee of the canal, has stated frequently that it wants the waterway abandoned and is willing to bargain with the Lehigh and its allies for extra aid in exchange for the water rights. The railroad company, in its offer to dispose of the canal to the state, has outlined the terms of the bargain. In the fourth terminal properties, which the railroad wants to retain. ### SHALL PALMYRA TAXES

Be Higher Next Year?

Mr. and Mrs. Voter that is a question for you to decide at the polls next Election Day, November 7th, 1922.

Your vote can prevent any increase in the already heavy taxation.

Use your own judgment. Don't let acquaintanceship or friendship interfere with personal protection.

Further, you can help to reduce taxes by inducing desirable prospects to locate and build homes in our township when rates are at reasonable figures.

Mr. Finney has issued a circular on this subject and we quote the fol- lowing passage from his political platform:

"Our streets need paving. Garbage, and ashes should be collected, etc."

This means an additional expense of many thousands of dollars and the residents of Palmyra must pay.

Mr. John M. Davies is unalterably opposed to any increase in taxes and believes with proper care and supervision in the expenditures of our present tax income the township can enjoy the benefits of modern service.

Mr. John M. Davies has always been for the peoples' best interests and consistently refused to identify himself with any organizations who had selfish or personal interests to advance.

He cannot be controlled by any click or gang rule and a vote for him will mean advancement for honest and efficient government.

### Mr. Hinchman automatically becomes Chairman of the Township Committee in the event of Mr. Davies' defeat.

## October is the Great Painting Month

In setting the house in order for the Winter  
there are always important bits of painting to be  
done. Radiators need touching up, roofs need a  
coating, outside ironwork must be protected against  
Winter rust, stovepipes need blackening.

All varieties of Sherwin-Williams paints, shel-  
lacs, enamels, varnishes, etc., are here. They are  
the purest and best paint products made.

## ATLAS PORTLAND CEMENT

This same spirit of progress that replaced  
the horse with the automobile, the  
replaced temporary, inflammable buildings  
with permanent fireproof structures.  
One man has done much toward this  
change—your building material dealer—  
by heavy personal investment in slow  
moving, low profit stock—building materials.  
His judgment in favor of permanence is  
vindicated by its nation wide acceptance.  
His judgment in favor of permanence is  
equally good. He calls Atlas "the Standard  
by which all other makes are measured."

"The Standard by which  
all other makes are measured"

Governor Edwards and  
those 3000 stills  
The Mount Holly News Says  
thoroughly This Week:

The grand jury, after several days  
deliberation, returned 64 bills of in-  
dignity last Thursday, of which 34  
were for violations of the Hobart pro-  
hibition enforcement act. This is a  
very small percentage of the number  
of violations that Governor Edwards  
said Burlington county has within its  
borders. He stated in speeches made  
here that he had evidence in his office  
of the existence of 3,000 stills in this  
county. It has been suggested that  
the grand jury should summon him to  
appear and present that evidence.  
The chief executive of the state cer-  
tainly should not hesitate to assist in  
bringing the criminals to justice. That  
is his sworn duty.

Governor Edwards' ideal of per-  
formance of the Democratic party is  
drunken, revenue consuming, and  
women and song—which he says will  
be possible if the party comes into its  
own in the state and nation. Here  
are his words, spoken at a public  
meeting in Hudson county on Octo-  
ber 9th:

"It is an old saying that no party  
is complete without wine, women and  
song. Tonight, to all intents and  
purposes, we have only two-thirds of  
the entertainment—the women and  
song. When the Democratic party  
comes into its own in state and na-  
tion, let us hope that we'll have wine  
also to complete the feast."  
His ideals of woman, whose vote he  
seeks, must be very low indeed. How  
do the respectable women of the state  
appreciate his gross insult?

Every virtuous woman must resent  
this man's vulgarities and should re-  
frain him by voting for Joseph S. Fre-  
chigny for United States Senator.

Other Editorial Comments  
Lucius T. Russell, a Democrat, editor  
of the Newark Ledger, which is not  
a prohibition journal, in an open  
letter to his friend, Governor Edwards,  
recommends a change in the vulgar  
and profane antics of the Democratic  
candidate for United States Senator,  
and uses plain and outspoken lan-  
guage in urging the change of tactics.  
The letter follows:

"The women voters of New  
Jersey are going to determine  
who will be the next United  
States Senator, and so far, you  
have looked good enough to do,  
not small good to the women.  
Your 'bad man' stuff is a com-  
icaping of Don Quixote."  
Those ladies who like a bad  
man, like a real bad man and not  
a counterfeit. The women suf-  
frage psychology of New Jersey  
is running strong, almost univer-  
sally against you.

The women re-nominated Sen-  
ator Frechigny and the women  
are going to reject him. You  
are going to right about face on your  
bar-room, comedies and show  
some indication of a morality and  
mentality above the 'bum' element  
in our civic and political life."

Editor Russell also points out the  
insincerity and foolishness of Ed-  
wards' high wines and beer and other  
proposals, as follows:

"There is no such animal as  
light wines, for there is no wine  
that can be preserved unless it  
has sufficient alcohol to violate  
the spirit of the Eighteenth  
Amendment."  
"The Eighteenth Amendment  
is as unreplicable as it is perma-  
nent. It is the Constitution itself,  
and the man who talks about re-  
pealing the Eighteenth Amend-  
ment convicts himself of being  
either a common faker or an un-  
common fool."

Not 5 per cent. of the voters of  
the United States today could be  
secured in favor of the repeal of  
the Eighteenth Amendment.  
"The greatest menace today to  
the maintenance of the Voluntary  
Act is to be found in the wet  
bonhead fakers and hypocrites  
and political charlatans who con-  
tinually harp on the repeal of the  
Eighteenth Amendment."

"Leaving out the morals of the  
question and looking at it only  
from the point of view of political  
expediency, you are committing  
political suicide by continually  
harping on the wet question."

Edwards Breeds Anarchy  
Prohibition would have been en-  
forced in New Jersey in fair measure  
at least, if there had been a man in  
the Governor's office who was think-  
ing more about the good of the State  
than about his own ambitions and the  
political machine that has backed  
his aspirations. It would have been  
enforced in fair measure if there had  
been at the head of the State a man  
who had due respect for the relation  
of the State to the will of the people  
of the Nation, the Constitution and  
the good name of New Jersey.

There was no question about it. The  
present Governor of New Jersey, more  
than any other individual or or-  
ganization, is responsible for the pre-  
sent reign of lawless bootlegging and  
general disrespect for law. His ex-  
ample has been a breeder of anarchy  
in the State.

Runyon Will Show How  
If the Prohibition law can not  
be enforced, it ought to be re-  
pealed or amended. Runyon  
on the statute books only brings  
contempt on the other laws—  
Judge Siler.

Uncommon  
Sense  
ENERGY IS CAPITAL

A LAKE cannot turn a turbine,  
though it contains more water  
than a cataract.  
All the knowledge you can accumu-  
late is a lifetime will do you no good  
unless it can be translated into energy.  
The difference between doers and  
dreamers in this life is a difference of  
energy.

The wisest men are those who do  
them. It is hard work getting  
them, but energy is the force that can  
accomplish hard work.  
The reason you see so many men  
succeed when you know to be no bet-  
ter fitted mentally than failures of  
your acquaintance is because the suc-  
cessful men are energetic.  
Energy is the driving force behind  
everything that is done.  
All of us have some of it, or we  
could not live.  
Those who have a great deal usu-  
ally get along, unless they constantly  
misdirect it.  
There are, of course, energetic peo-  
ple who never get very far. But even  
they get farther than they would if  
they were content to sit still.  
If the maxim, 'Everything comes to  
him who waits,' were amended to  
read, 'Nothing comes to him who  
waits,' it would be true.  
As it stands it is one of the most  
misleading and dangerous falsehoods  
in existence.

Your energy is your capital. Use  
it wisely and economically and it will  
pay you an almost fabulous rate of  
interest.  
Fail to use it, or waste it on things  
that are of no value, and you will just  
about make a living, which is a thing  
no man of ambition wants to do.  
Education teaches us to use our en-  
ergy profitably. An educated man  
gets more out of a column of falling  
water than the old-fashioned overcoat  
wheel.  
The energy must be there, or the  
wheel must be useless. There must  
be driving force which will ap-  
ply what you have learned to your  
problems. Nothing important was  
ever accomplished by education alone.  
If you haven't got energy, education  
and your physical energy will im-  
prove, and together with Combe  
you will gain mental energy.

Be careful how you use both. You  
will settle a business tangle if the  
morning. The exercise will use up the  
energy that you have learned to your  
job. Your brains can't use what  
your muscles have used already.  
Energy is always capital. Use it  
wisely and prudently invested.  
Take care of yours. Add to it by  
care of your health, and by absti-  
nence from the things that drain  
mental exercise. Then expend it on  
important matters, and don't be afraid  
to expend liberally. It is the only  
way in which the more you spend the  
more you will have, provided, of  
course, it is not foolishly given.

BOOTLEGGER'S PREMISES  
RAIDED  
After Harry J. Lord, of Burlington,  
had pleaded guilty before Judge Wells  
Thursday to having assaulted an  
officer while under the influence of  
liquor, he informed the officials where  
he had obtained the freewheel that had  
made him so cautious. William A.  
Slaughter, Supreme court commis-  
sioner, who was in the court room,  
soon prepared the papers necessary  
for making a search of the bootleg-  
ger's premises and also a warrant for  
the man's arrest. It was John  
Combe, residing near Centerton.

Constables Samuel J. Taylor and  
Charles E. Gilbert at once went to  
Combe's home and made a search.  
Two barrels of wine were found in  
the cellar and some quart bottles and  
demijohns filled with liquor were lo-  
cated in a field about fifty yards from  
the house. All the stuff was seized  
and together with Combe was  
brought to the court house.  
The prisoner pleaded guilty to hav-  
ing illegal possession of the liquor  
and wine, but said he was not guilty  
of having made any sales. He was  
placed under \$1000 bail for appear-  
ance next Thursday, when the case  
will be heard. His father, Robert  
Combe, became bondsmen for the  
defendant.

MOUNT HOLLY  
The township committee, at its  
meeting on Thursday night, appointed  
Joseph C. Kinsman, recorder, to fill  
the vacancy caused by the death  
of Richard J. B. Slack. Mr. Kinsman  
will assume the duties of the office on  
November 1st.

There was some excitement at the  
hall on Wednesday night when an  
ironing board was used in the  
woman's wing was set on fire by an  
iron that had been overheated. Night  
watchman, John Collier, extinguished  
the flames before much damage had been  
done.

the premises, all that certain lot or  
tract of land, with the dwelling house  
thereon erected, situated on the easterly  
side of Parry Avenue, in Palmyra,  
in the County of Burlington and State  
of New Jersey, known as No. 816 Parry  
Avenue, owned and occupied by  
Ellen A. Wilson in her life time, and  
bounded and described, by a deed  
dated 1908, as follows:

"BEGINNING in the Easterly line  
of Parry Avenue, Two hundred feet  
South of the Southerly line of Wal-  
lace Street, thence extending South-  
ward along the Easterly line of said  
Parry Avenue, Fifty feet to the corner  
of E. Louis Paulin's lot; thence ex-  
tending Eastward of that frontage  
between parallel lines at right angles  
to said Parry Avenue, thirty feet to  
the building line; thence continuing on  
in the same direction One hundred  
and twenty feet more to the rear of  
lots fronting on Garfield Avenue."

Also a vacant lot, adjoining the  
above, bounded and described as fol-  
lows:

"Beginning in the Easterly line  
of Parry Avenue, One hundred and  
fifty feet South of the Southerly line  
of Wallace Street; thence extending  
Southward along the Easterly line of  
said Parry Avenue, Fifty feet in front  
of width to the corner of E. Louis  
Wilson's lot; thence Eastward, at  
right angles to said Parry Avenue, be-  
tween parallel lines, thirty feet to the

Abandonment Commission Wants  
to Know How Figures of Trans-  
fer Offer Were Reached.

QUERY ALSO ON EAST JERSEY

Highway Bond Issue Indorsed by  
Farmers—State Orange and  
County Boards of Agriculture  
Ask Support for Bill.

Trenton.—The Morris Canal Com-  
mission has requested the Leigh  
Valley Railroad to furnish details of  
the method by which the road reach-  
ed a valuation of \$12,500,000. It placed  
its water rights in the Morris  
Canal. Before the commission gets  
to conferences with the railroad to  
transfer the water rights to the  
waterway may be abandoned, it  
wants to know how the Leigh claim  
to ownership of water rights in the  
waterhed where the East Jersey op-  
erates.

Under the act which empowered the  
commission to negotiate for the state,  
its members Frank H. Somers, pres-  
ident; Edward L. Young, of Jersey  
City, and Louis A. Focht, of Tren-  
ton, were directed to report to the  
Legislature December 1 whether it  
was in their opinion a desirable meth-  
od to bargain with the Leigh or  
not. As there is considerable doubt  
to be done still in the negotiations,  
the commission has requested the Le-  
igh to furnish information about its  
high and the East Jersey to submit  
their proofs as soon as possible and  
be able to do so in the hands  
of the commission next week.

Leigh Terms Stated.  
The Leigh Valley, as lessee of the  
canal, has stated other possible meth-  
ods the waterway abandoned and  
proposed to transfer it to the state,  
provided the road is abandoned. It  
wants to know how the Leigh claim  
to ownership of water rights in the  
waterhed where the East Jersey op-  
erates.

Building in New Jersey  
Newark's building valuation for  
September was more than \$1,000,000  
above the construction in any other  
city in the country, according to the  
official monthly report of the American  
Contractor. Building in Newark was  
placed at \$2,041,081 for September, as  
compared with \$3,390,262 for the cor-  
responding month last year. It is  
noted that the building boom was  
started in September, while only 300  
were issued for the much larger total  
valuation of September a year ago.  
Building in cities other than Newark  
for the last month is shown in the  
following table:

| Cities.      | 1922.     | 1921.     |
|--------------|-----------|-----------|
| Bayonne      | \$264,685 | \$121,450 |
| Camden       | 253,815   | 114,079   |
| East Orange  | 182,302   | 354,033   |
| Elizabeth    | 74,600    | 683,291   |
| Hoboken      | 43,700    | 77,600    |
| Orange       | 109,705   | 30,000    |
| Pateron      | 275,450   | 280,000   |
| Plainfield   | 112,025   | 107,710   |
| West Hoboken | 265,722   | 865,110   |
| Newark       | 70,080    | 198,242   |

Newark appears for the first time  
in the list of cities leading in construction. Its  
building valuation for the first nine  
months of the year is placed at \$18-  
686,200.

Shall Palmyra Taxes  
Be Higher Next Year?

Mr. and Mrs. Voter that is a question for you to decide at the polls  
next Election Day, November 7th, 1922.

Your vote can prevent any increase in the already heavy taxation.

Use your own judgment. Don't let acquaintanceship or friendship  
interfere with personal protection.

Further, you can help to reduce taxes by inducing desirable prospects  
to locate and build homes in our township when rates are at reasonable  
figures.

Mr. Finney has issued a circular on this subject and we quote the fol-  
lowing passage from his political platform:

"Our streets need paving. Garbage  
and ashes should be collected, etc."

This means an additional expense of many thousands of dollars and  
the residents of Palmyra must pay.

Mr. John M. Davies is unalterably opposed to any increase in taxes  
and believes with proper care and supervision in the expenditures of our  
present tax income the township can enjoy the benefits of modern service.

Mr. John M. Davies has always been for the peoples' best interests and  
consistently refused to identify himself with any organizations who had  
selfish or personal interests to advance.

He cannot be controlled by any click or gang rule and a vote for him  
will mean advancement for honest and efficient government.

Mr. Hinchman automatically becomes Chairman  
of the Township Committee in the event of Mr. Davies'  
defeat.

PRIVILEGES OF AGE

THESE are some other men and  
women who seem to think that  
just because they are full of years, as  
the expression is, that they are  
exempt from many of the demands  
of good manners. Now this is true in  
some measure. For most of the old  
age has made it difficult to stand  
in the street car he should certainly  
not go up for any old lady  
unless obviously she is feebler  
than he.

But these people are not privileged  
and they should remember that they  
are not privileged to be brutally frank,  
that the expression is, that they are  
exempt from many of the demands
